BISHOP KINGDON HAD A WEAK TURN

He Was Stricken Last Night But is Considerably Better Today

St. John Man Given Twelve Hours to Leave Fredericton and Accepts the Offer Rather Than Pay a Fine.

FREDERICTON, May 13 (Special)—Bishop Kingdon, who has been in delicate health for some months, had a bad turn last night, and was unconscious for over three hours. His many friends will be glad to learn, however, that his condition this morning is considerably improved.

Col. Marsh took occasion today to deny the statements made by Judge Wilton from the bench a few days ago in regard to the condition of the cell at the police station. He claimed that the judge had not read the evidence taken by the coroner's jury in the Hickey case, otherwise he would not have used the language attributed to him.

PROTESTANT ORPHAN ASYLUM HAS HAD A SUCCESSFUL YEAR

Annual Meeting Being Held This Afternoon—Forty-one Children Now in the Home.

This annual meeting of the St. John Protestant Orphan Asylum is being held this afternoon in the mayor's office, Geo. S. Fairweather, vice-president. During the year the organization suffered the loss of its president, the late Thomas A. Rankine.

Treasurer's Report table with columns for Personal subscriptions, Church collections, and other financial details.

EXPENDITURES table listing Maintenance, Salaries, Fuel, Taxes, Printing, Insurance, and other expenses.

TOTAL INVESTMENTS table listing Bonds and debentures, City of Winnipeg bonds, and other investments.

LOST THEIR OILSKINS

Carleton fishermen complain of missing seven suits of oil clothing from their boats on Saturday last, and up to the time of writing there is little or nothing to indicate by whom they were taken.

FUNERALS

The funeral of the late William Callaghan was held this afternoon at 2:30 o'clock from his son's residence, 270 Green street, to the Church of St. John the Baptist, where service was read by Rev. W. C. Gaynor.

PREMIER PUGSLEY BACK FROM OTTAWA

He Says Surveyors Will Start in a Week on St. John Valley Railroad.

Premier Pugsley returned home today from Montreal and Ottawa. Asked with reference to the surveys to be made by Mackenzie and Mann for the proposed St. John valley railroad, the premier said he was informed that survey parties would commence work to about a week. No date has yet been set for the federal bye-election in St. John city and county.

MINISTERS MEETINGS

The Baptist ministers met this morning in weekly session. Rev. A. B. Cohoe presiding. There were present Reverends F. C. Bishop, E. C. Jenkins, David Hutchinson, W. Camp, Gideon Swin, A. B. Cohoe, Dr. Manning, W. W. McMaster.

The regular monthly meeting of the Presbyterian ministers was held this morning. There were present Reverends Mr. Reid, Mac'Omron, of Moncton; Hill, Dickie, Dr. Fotheringham, McLean, and Graham.

ST. JOHN SHRINERS WERE NOT ON WRECKED TRAIN

Anxiety Concerning George Blake, W. E. Raymond and E. J. Everett Allayed by News That They Were Not On Mystic Shrine Train Which Was Wrecked—Later Details of the Disaster.

D. C. Dawson, superintendent of the Western Union Telegraph Company, received a telegram this morning from the company's agent at Los Angeles, saying that no St. John men were on the Mystic Shrine train which was wrecked.

A Railroad Man's View

H. Thornion, the head of a large party of shriners from Meriden, Miss., who came through from Los Angeles on the wrecked special is at a hotel here. He is a railroad man of many years experience and is not satisfied that the disaster was caused by a defective switch.

The Most Pathetic Incident

Dr. W. W. of Cincinnati, who was the first physician to reach the scene arrived last night and told a graphic story of the terrible scene. The most pathetic incident was the death of a bride and groom as almost the same instant, each believing that the other still lived.

Thought It Was a Joke

LOS ANGELES, Cal., May 13—A dispatch received here discloses how the first news of the accident at Honda reached the railroad officials. It is said that after the accident, Conductor Jones climbed the nearest telegraph pole and with a telegraph instrument provided for such purposes tapped one of the dispatch wires with a connection with the San Luis Obispo division office and told of the wreck. The men at the other end of the line doubted

THE WHEEL CAME BACK

How R. D. Coles Recovered a Bicycle He Loaned Last September—Police Court Session.

R. D. Coles, who in September last loaned a bicycle that was never returned, came into possession of the wheel a short time ago under peculiar circumstances.

A Trick of Fate

The train which carried the shriners doomed to death in the wreck, left Los Angeles ten minutes after the Islam Temple special. By some unaccountable working of fate the first train, containing the party that arrived yesterday, passed safely, at a mile a minute clip, over the very spot at which the following train was wrecked.

Big Steamer Goes Aground.

NEW YORK, May 10—Passengers bound for Europe on the White Star line steamship Baltic are spending a dismal day, for although four tugs have strained to pull the ship from where her bow is buried in the mud off Sandy Hook, they were unable to move the big liner but a few feet.

THE TIMES NEW REPORTER

BIRDIE IN TEARS. The beautiful and accomplished Miss Birdie McWhart has been quite put out of late by the senseless pranks of the weather.

THIS EXPLAINS IT.

Times New Reporter: Sir—I see you bin writin about them water pipes piled on Queen square.

The new reporter is glad to be able to give this explanation. It will tend to allay the jealousy of King Square people, who have been asking why some water pipe was not piled on their square, to attract tourists and lovers of nature and kill the grass.

PROBATE COURT

The will of the late Michael Hogan was today admitted to probate and letters testamentary were granted to his widow, Julia Hogan, his brother James E. Hogan, and Wm. H. Hogan, the executors and trustees named in the will.

NOT ENOUGH NEW CAPITAL IN THE WORLD TODAY

Industrial Nations Going Ahead too Swiftly--Deutsche Bank Declares Economy and Retrenchment Are Imperative-- Does Not Look for Maintenance of Prosperity.

(N. Y. Journal of Commerce.)

"As the causes which have given rise to the present strained position of the money markets of the world are not of a temporary nature, but can be removed only gradually by economy and retrenchment, we can scarcely hope for a continuance during the current year of the present prosperity, notwithstanding the absence so far of excessive speculation," says the Deutsche Bank of Berlin in its annual report to the shareholders...

THEATRES FIVE NEW PICTURES AT THE NICKEL TODAY

Whale fishing is one of five new pictures to be shown at the Nickel for the first three days of this week and it is one of those wonderful and exciting moving picture reproductions which became, in a way, a monument to the industry and world-wide search of those engaged in the business of providing for a moving picture loving public sights and sensations...

And when it is remembered that these series, dramas and sketches, costing individually thousands of dollars, can be seen in exchange for the small fee indicated in the name, no wonder the picture show is a popular one today.

For the best printing at the price you want to pay and prompt delivery, TRY 'PHONE 31a

The Telegraph Job Dept. The Daily Telegraph Building.

NEW RECTOR AT TRINITY

Rev. R. A. Armstrong Preached Eloquent Sermons at Both Services Yesterday.

Rev. R. A. Armstrong, Trinity's new rector, preached his first sermon at yesterday morning's service to a large congregation.

terday morning's service to a large congregation. The discourse, which was brief but interesting, was based on St. Mark xv: 19: "After the Lord had spoken unto them, he was received up into Heaven, and set on the right hand of God." The preacher, after referring briefly to the service of the day, drew attention to the text and spoke of teachings of the Ascension and the reference made to it in the creeds of the church, and declared that the confession of faith was not sufficient if the belief was not carried out in daily life. He referred also to Christ's sympathy for the young man and his influence on St. Peter, when he told him that Satan desired to have him, but He had prayed for him. He pointed to instances where Christ had helped others and should teach them, now he had ascended, to seek help for daily needs. After speaking of Christ's exaltation, he reminded his hearers of the necessity of praying for the clergy, their own rector, especially. At the evening service Rev. Mr. Armstrong preached an eloquent sermon on "Christ, the Foundation of the Church," taking as his text, I Corinthians, iii: 5 and 6: "For other foundation can no man lay than that is laid, which is Jesus Christ." The sermon, although not very long, was interesting and instructive. The service for the institution and induction of Rev. Mr. Armstrong as rector of Trinity will be held tomorrow evening at 8 o'clock. His Lordship Bishop Richardson will conduct the institution ceremony. The proceedings in the church will be followed by an informal reception in the Sunday school at which the new rector will meet as many of his congregation as possible. This evening at 6 o'clock the local Brotherhood of St. Andrew will tender Rev. Mr. Armstrong an informal luncheon in Seammell's restaurant. An address of welcome will be presented.

Washington Greet Japanese Visitors.

Washington, D. C., May 9.—Three big red automobiles, carrying three times as many Japanese visitors, have been the centre of attraction in Washington since 8.30 o'clock this morning. They have been the centre also of the most painstaking official courtesy. General Baron Komuro, accompanied by nine officers of the Mikado's imperial army, and escorted by Lieutenant-General Arthur MacArthur and his staff, with four Japanese orderlies, two privates and two swordsmen, arrived at that hour. They were met at the railroad station by General G. Franklin Bell, chief of staff of the army, and his aide, Captain William M. Wright, and two battalions of cavalry, which led the way from the station to the New Willard hotel, where the officers alighted for a brief rest and a light breakfast.

MYSTIC SHRINERS SPECIAL TRAIN PILED IN A HEAP

Thirty-one Shriners Returning From Los Angeles Killed by Impact of Collision or Roasted to Death--Train While Running at Top Speed Struck Defective Switch--Engine Turned Over and Dining Car Filled With Passengers Fell on Top of it.

Santa Barbara, Cal., May 12.—Thirty-one dead and a score injured, tonight comprise the casualties of the wreck at Honda yesterday of the Iahmalia special train of New York and Pennsylvania of the Mystic Shriners who were returning home from the annual meeting of the imperial council of the Ancient Arabic Order of the Nobles of the Mystic Shrine at Los Angeles. The train carrying 145 Shriners and friends from Iahmalia Temple, Buffalo; Rajah Temple, Reading (Pa.), and neighboring cities, was rushing northward fifty miles an hour on the Southern Pacific Coast line when the locomotive struck a defective switch at the siding at Honda. The locomotive turned a somersault into the sand. The forward coaches were evicted by the fact that it covered the flames were soon extinguished by uninjured persons from two rear coaches. The bodies of twenty-five victims now lie at Santa Barbara, and four more at San Luis Obispo. The injured, many of whom are terribly hurt and some of whom may die, are in two sanitariums at San Luis Obispo. The wreck occurred at 2.35 o'clock, an hour and forty minutes after the train had left Santa Barbara. The statement that the train was making high speed when it struck the defective track is borne out by the fact that it covered the sixty-one miles of crooked track from Santa Barbara to Honda in one hundred minutes. The locomotive in leaving the siding tore up the track, twisting the rails into fish-hooks. The baggage car half buried itself in the sand on the right side of the locomotive. It was smashed almost to kindling-wood. The dining car, in which were thirty-two persons eating luncheon, fell directly on the demolished locomotive. Nearly every person in the dining car was killed. Scores were scalded by steam escaping from disconnected pipes. The rear coaches jammed against the first wreckage, pinning in those who might otherwise have escaped. Several imprisoned in the debris were roasted alive. Engineer Frank Champlain was pitched with the cab 25 feet beyond the engine. He got up and ran a mile, seeking help. He discovered his arm was broken and that he was severely scalded. Only two of the nine men of the dining car crew are numbered among the dead. The remainder, though cooped up in the narrow kitchen and pantry, sustained only cuts and bruises.

TO GIVE ATLANTIC STEAMERS ACCESS TO FORT WILLIAM

By the Completion of Georgian Bay Canal Fort William Would Become Ocean Port.

Ottawa, May 12.—The Georgian Bay canal commission has practically completed a cost of some \$600,000 a thorough survey of the proposed twenty-one foot waterway from Georgian Bay to Montreal via the French River, Lake Nipissing and the Ottawa River. The report of the commission, giving full and reliable details as to the whole cost of the completed canal, the location and character of the structural work required, the water-power available, etc., is now in course of preparation, and will be presented to parliament early next session. For the first time the country will then have reliable and adequate information as to the cost and feasibility of this great project which has now been before the public for half a century. The engineers of the commission have not yet compiled a final estimate as to the whole cost of the canal, but from the information now available it is safe to say that the total expenditure required for timber, the Ottawa valley would doubtless become one of the greatest manufacturing centres of the continent. Referring to the early construction of the canal, Laurier recently said that if he had the money to do so he would begin work tomorrow.

NOTABLE ADDRESSES AT A LONDON BANQUET

What Lord Strathcona, Sir Wilfrid Laurier and Hon. L. P. Brodeur Said Concerning Canada and the Empire.

The following cable gives a fuller report of what was said at the banquet of the Canadian Club in London on April 30th, which has been in existence somewhere about 100 years, a large company assembled at Prince's Restaurant, Piccadilly, to meet Sir Wilfrid Laurier and the colonial premiers. "Lord Strathcona, in proposing the Conference, said the Canada Club during the 100 years of its existence had seen the inception of the colonial empire, the grant of self-government to the colonies, the federation of Canada and Australia, and it was looking forward to the confederation of South Africa, and to the gradual drawing together of the bonds of union between the dominions beyond the seas and the motherland. The colonial conference was an epoch-making event. It seemed to him that many people had a prejudice against the word 'empire.' There had been empires which represented tyranny without and aggression without, and to some extent the word 'empire' was associated with that policy, but our empire stood for justice, liberty and peace, and for the sake of that great cause they fervently hoped in the ages to come it would maintain its strength, unity and love of freedom. The greatest danger they had to face was ignorance, the want of knowledge. Unless the feeling of essential unity grew there was always a danger of disruption. Such gatherings as the colonial conference would give the people greater regard, deeper affection and wider views, and, as a means to that end, he welcomed the conference. Sir Wilfrid Laurier, in acknowledging the toast, expressed his gratitude for the references of Lord Strathcona to Canada and to himself. He was especially gratified, as these statements were made in the presence of the Japanese ambassador. It was not too much to presume that Canada would in the future be a channel of communication between Britain and her powerful ally in the Orient. Three years ago in Ottawa he said that the nineteenth century was the century of the United States, and that the twentieth century would be the century of Canada, and he did not believe from anything that had since happened that he was on that occasion over-optimistic. Canada, he believed, would in a larger measure fill in the twentieth century the place that had in the last century been filled by the American republic. For more than 100 years the American nation had been the centre of attraction of the world. But in his humble judgment the Americans had made the great mistake of opening their doors altogether too wide—accepting everybody, no matter where he came from. At a later date they discovered their mistake, and now they would not admit anybody unless he could show that he was an honest man. They in Canada had adopted a similar course to the latter, and profited by the mistakes of their neighbors in the past. At the present time their chief

SERMON TO DEAF MUTES

First Service of the Deaf Mutes Association Held Yesterday.

The first service for the deaf mutes of the city, under the auspices of the newly formed association, was held yesterday afternoon at 2 o'clock in the Stockton building. There was a good attendance. After the meeting had been opened with prayer, S. J. Doherty, the president of the association, delivered an address of welcome. The scriptural address was given by R. W. W. Dryden. He dwelt on the events surrounding the birth and infancy of Christ. A hymn was given by one of the lady members and the meeting closed with prayer by Mr. Dryden. Mr. Doherty explained that the room was at the disposal of all the deaf mutes in the city. Next Sunday the address will be given by Mr. Prince. Contributions of books and pictures from any citizens who may take an interest in the movement will be welcomed. The president would be glad to have ministers satisfy themselves of the need of such an association.

LOUIS SMITH MISSING

Louis Smith, who conducted a clothing store at 271 Brasel street has been missing since Thursday evening and no trace of him has been discovered. His wife says she is without means of support for herself and her four or five children. The Smiths are Yiddish and in broken English and with tears streaming down her face Mrs. Smith declared to the police that she was afraid that something had happened to her husband and hoped that something would be done to find him. After his departure Smith's shop was found open by a passerby who notified the police. The religion that cannot mix with business has no business to meddle with anything.

IN THE WORLD OF SPORT

THE TURF
NEW YORK, May 11—Glorifier! Perfectly ridden, favored by fortune, in a sea of mud and water J. H. McCormick's overlooked Carter Handicap winner, runner up of the Excellence, with Garzar up, opened the real racing season of the east yesterday by winning the sixteenth running of the Metropolitan Handicap, at Belmont Park.

GLOBIFIER

DISASTROUS COLLISION

Smr. Edda and Schr. Sagamore Sunk in Nantucket Sound--The Edda Was Bound from Hillsboro.

HE HAS 10,400 ACRES UNDER CULTIVATION

HIGH RIVER, Alta., May 10--A Thompson eighteen miles east of High River, Alberta, has probably the largest number of acres under cultivation of any of the settlers of the west. He has a total of 10,400 acres of fall wheat in. All the breaking of the ground is done by steam plows. This is almost beyond imagination. If there was a man team and single binder placed in this field to cut this wheat, it would take them over three years to cut the grain. There would be probably fifty binders or so working at once.

After that comes a gap of two lengths to the position occupied by Dishabile, and on back to Bat Materson, last of the fifteen that started and who was thirty lengths back in the mire and mud, three lengths behind Sewell, who might have won "if" and that brings up all the argument and chance of the thoroughbred race.

When your character is gold you will not need any coins stamp to make it current. UNION BAKERY. GEO. J. SMITH, Prop., 122 Charlotte Street.

Considerable interest is being taken in the first senior base ball game which will be played tonight at 8 o'clock in Dawson's field, Fairville. Two independent teams, which may develop surprising strength, will meet in the afternoon.

The Steamer struck the Edda on the starboard side, about midships, and tore a twelve-foot hole abreast of the engine room, about nine feet below the deck. The bowsprit of the schooner carried away the smokestack of the steamer and the mainmast of the schooner, and nearly the captain was parted. The Sagamore swung up into the wind and sank within ten minutes, with head about northwest.

BASE BALL

Plans for the opening of the Inter-Society Base Ball League on the Chamrock grounds next Monday evening are completed and another successful season is predicted for the enterprising organization.

RELIEF AND AID SOCIETY Annual Meeting Held This Afternoon—Reports Submitted.

OBITUARY Mrs. Margaret Collins The death took place yesterday morning of Mrs. Margaret Collins, widow of the late Thomas Collins.

THE KNOCKER THE JOKE'S JOKE. The ferry steamer Joke went out on commission on Saturday and is now berthed at Sand Point while the Wun Lung, of odorous memory, is performing her duties until the Joke is able to go on the route again.

THE JOKE'S JOKE. The manner of the Joke's retirement was characteristic of her and her many admirers who were congregated on the east side floats about the time she departed to temporarily abdicate in Wun Lung's favor.

MR. HAM BACK FROM MEXICO The Only George Has Returned to Montreal After "a Six Weeks' Loaf."

George H. Ham, of the C. P. R. returned to the city this morning from a trip to Mexico City, undertaken in order to occupy after his recent operation.

When a Witness representative dropped in on him in his office, there he was leaning back in his chair, his feet doubled up and his arms extended, and his face elongated out of all recognition by a terrible yawn.

And then he went on to tell how he had done it. From what he said, it appeared that he set about loading with as much strenuousness as he and Roosevelt always set about everything.

Having got through a fine description of the scientific aspect of loading, Mr. Ham was subjected to the usual stock interview of the returned wanderer.
