Court to Settle Claims of Britain and United States

INTERNATIONAL TRIBUNAL

Session to be Held in Washington Tomorrow—Sir Charles Fitzpatrick, Canada's Chief Justice, is a Member—Dominion Claims Among the Number

(Canadian Press)

Washington, May 12—Great Britain and the United States will begin to clean the diplomatic slate on Tuesday, when the international tribunal for the arbitration of outstanding claims between the two nations will hold its first meeting here under the presidency of Henri A. Prongnot, of France. This tribunal, created by a special agreement negotiated by former Ambassador James Bryce and former Secretary of State P. C. Knox, in 1910, will judicially settle claims of private persons of the two nations, some of them dating back to the war of 1812.

There has been no judicial settlement of any such claims since 1833. The settlement of the large number of accumulated cases will relieve the U. S. state department and the British foreign office of the necessity of presenting the demands which each is constantly being urged to press upon the other.

SMITH MILL BURNED

Owner and Insurance Man Arrive Only to Find it in Flames

Luther B. Smith's saw mill at Centre Ellsfield, Sumbury county, was destroyed by fire on last Friday. The mill, which was valued at \$13,000, was a total loss and \$4,000 worth of lumber which was left over from last season also was destroyed. The mill was a new one having been built to replace another which was also destroyed by fire.

The loss was partially covered by insurance to the extent of \$2,000 with the Royal and Union of Paris insurance companies, for which Maclean & Foster are agents.

Mr. Smith had recently put on some additional insurance to cover improvements to the mill and had arranged with the inspector for the company to visit the mill on Friday. The owner and the insurance man got off the train in time to see the mill in flames.

Married, Back to Prison

Paris, May 12—A man named Nolle, sentenced to twelve years' imprisonment for complicity in a murder, was married the other afternoon to his secretary, Mlle. Jeanne Bouillot.

The prisoner was taken handcuffed to the municipal offices, where his bride was waiting. Two detectives who accompanied him served as witnesses. After the ceremony Nolle kissed his wife and was taken back to prison.

Favors More Chinese

Vancouver, B. C., May 12—A provincial labor commission is now going from end to end of British Columbia securing evidence, and some unusual testimony is being given.

At Kelowna, Dr. B. D. Boyce, coroner told the commission that it had impressed him for years that there was not nearly enough Oriental labor in British Columbia. He thinks there should be eight Chinese to every one that is here now. Mr. Boyce also suggested that a limit might be placed on the maximum wages a Chinese could draw.

BODY IS FOUND ON THE BEACH NEAR CHATHAM

Wm. Sears of Sackville Probably Was Lost Through The Ice Two Months Ago

(Special To Times)

Chatham, N. B., May 12—The body of Wm. Sears, son of the late Charles Sears, of Sackville was discovered by Howard Lyons on the shore at Lyons' cove at 4 a.m. Sunday afternoon. Mr. Lyons went for assistance, and with his brother Andrew and Patrick Clark, succeeded in moving the body out of the reach of the tide. Chief of Police Coughlin with Corporal Benson examined the body. They found letters which proved him to be William Sears.

He was about forty-five years old, and as far as is known was unmarried. The last time he had been seen he was crossing the river on the ice about the latter part of March. The ice at that time was not safe.

James Cunningham of the Dominion Pulp mill, who saw him crossing, warned him to go back, and remembers that when he looked a few minutes later the man was nowhere in sight. Sears has been known around here for the last two or three years, having worked for James Russell at the pulp mill at Baribouque and for others. The body was taken in charge by Major Brothers, and is now at the morgue.

Fire early on Sunday destroyed an old building belonging to the the Common estate, for many years unoccupied. There was no insurance.

WILD TIME AT LONDON MEETING; MORE DESTRUCTION BY SUFFRAGETTES

(Canadian Press)

London, May 12—There was another hot time in Hyde Park yesterday afternoon at a suffragette meeting organized by the male suffragists. They had a wagon from which the chairman was allowed to talk. The police have prohibited the women from speaking at these meetings. After the chairman had made a short address, Lawrence Houseman started a riot. His speech was greeted with yells and other interruptions and only an occasional sentence was heard. Mr. Houseman's assertion that "Woman is a human being" was a retort from some one in the crowd that "a woman is a beast," at which the mob roared with laughter and cheered. The speaker is trying to illustrate the disabilities of the women said:

"I will give you an incident of what happened recently. This was taken up instantly with a shout of 'the bomb in St. Paul's cathedral.'"

The government is trying to overawe the crowd shouted: "You are a lot of hoodlums." The mob then rushed the wagon, which was overturned. Most of the speakers jumped clear of it, but one fat man went down with the carriage and was injured.

Other men in the party were hauled and chased by the mob. One man who waved a suffragette flag and fought to retain it, got some very rough handling. Many women tried to make speeches in the crowd, but were all badly handled. Some were pulled with turf, while others had their clothes torn. The police rescued them, but often had great difficulty in doing so and were kept especially busy in preventing the women from being pushed to the Serpentine into which the mob wanted to duck them.

One of the bands of militant suffragettes assigned to interfere with the pastimes of the men of the British Isles, celebrated their Monday which is a general holiday here, by burning down the headquarters of the Nottingham Boat Club on the banks of the River Trent. The structure, which contained many valuable racing and other vessels, was destroyed. The loss is \$10,000.

WORD FROM THE DRIVES IS BETTER

(Special To Times)

Fredericton, N. B., May 12—The latest word from the St. John headwaters is that the lumber drives of Kilburn, Morrison & Noble are coming along splendidly. The water is falling readily but they are making good progress and will probably get out.

John A. Morrison's son in Portland, Me. is considerably improved, although not yet out of danger.

MRS. DRYDEN IS DEAD AS RESULT OF FALL

Injured in Moncton in November—Visit of McGill Students

Moncton, N. B., May 12—Unable to recover from injuries received in a fall, Mrs. Joseph Dryden, aged seventy-three, died on the 10th of this month. She had been in bed for some time. She is survived by one daughter, Mrs. Cabot Hicks of New Scotland, a brother, Alfred Berry, and a sister, Mrs. William McLean, both of Albert county.

Professor J. Bonnell Porter of McGill and his class of eighteen young men for this year in mining and engineering will reach Moncton, N. B., this afternoon. They spent Saturday visiting the Bathurst iron deposits. They will visit the Albert county pits and "The Rocks" near Hopewell Cape. This afternoon they will be shown the natural gas in use at the I. C. R. shops, and tonight Professor Porter will lecture before the Canadian Club.

Figures show that 272,963 seals valued at \$40,400 were caught by the fleet of ninety ships manned by 3,608 men. Last season's catch was 175,128 seals divided among twenty-two ships and 4,176 men.

WIFE IS BURIED ON FRIDAY; HE MARRIES ON SATURDAY

But Russian Immigrant at Quebec Was in Serry Plight

Quebec, May 12—A man burying his wife on one day and taking another the next, is a rare occurrence, but such a case occurred at the immigration hospital here on Saturday and there are extraordinary circumstances. A Russian immigrant with his wife and two young children, bound for Montreal, arrived here the other day. The woman was ill on the trip, and on reaching here was taken to the immigration hospital, where she died. The husband found himself in a sorry plight, with no one to care for his helpless offspring. He was almost distracted.

MOLASSES STORAGE

A discussion of the rates charged for storing molasses on the platform in front of the Pettigall wharf again occupied the attention of the city commissioners today. A delegation representing the importers asked for further changes in the regulations. They want the time of free storage extended from ten to fourteen days to give them sufficient time for gauging, etc., and to compensate for this, they suggest a higher charge for the next few days and a still higher rate which would be practically prohibitive and which would force all the importers to clear away their molasses within a reasonable time. The matter was laid over for consideration.

PRACTICALLY NO HOPE FOR CONGRESS OF COLOUGHT

Third Operation Believed Necessary, But This is Regarded as Being a Physical Impossibility

(Canadian Press)

Toronto, May 12—A special London despatch to the Mail and Empire says:—There is practically no hope for the recovery of the Duchess of Connaught. The bulletins issued by the doctors are as optimistic as they can be made, but a third operation, which it is believed necessary, is a physical impossibility for her. She has already undergone two operations in a short space of time, for the intestinal trouble from which she is suffering.

PAINTS FEARFUL PICTURES OF SCENES IN CAPTURED FORTRESS

Turks in Dire Straits in Adrianople, Sick Lying Helpless With None to Care For Them

New York, May 12—A cable to the Tribune from London says:—A woman connected with the British Red Cross staff gives an appalling picture of the treatment of Turkish prisoners after the capture of Adrianople. She says the prisoners were left without food or shelter, to fend for themselves as best they could. They stripped the bark from trees to make tiny smoky fires, but an acute hunger grew on them and they were forced to make an attempt to eat the bark and do without fire.

They were all gaunt and weary, hopeless, miserable, hungry and cold, but the condition of the sick was worse. They had no situation of any kind; no one eyes to give them a drink of water or a piece of bread as they lay exposed to the sun in the day and to the cold at night. Some hoarsely begged for water, one or two prayed, some groaned or screamed in agony, but the majority lay in a dumb patience and silent misery, more touching than any words or music.

Their eyes were sunken in their heads, their cheeks fallen into great hollows, their bones protruding through their skin with jagged and their lips and tongues cracked, black and dry as leather. With the help of some missionaries, a soup kitchen was started for the suffering men.

One or two drank literally with their last breath. With only one man being in England, there would be another close before him, who would lick up the drops that fell, or try to put his finger in it, as if to do much for them and they had to die in a horrible way, of disease, exposure, hunger and thirst.

Sydney, N. S. W., May 12—About 300 members of St. Rita's (Italian) Society with the Polish and Hungarian societies of the city celebrated the Feast of St. Nicholas yesterday by a church parade. The foreigners assembled at St. Nicholas' church, which was dedicated on Thursday by His Lordship Bishop Morrison. Then proceeded by the city and Coronation bands, they paraded to Holy Redeemer church, where benediction was given. The societies then returned to St. Nicholas' church and attended solemn benediction. The procession was a gorgeous one.

TO MAKE LAND QUESTION IN ENGLAND NON-PARTY ONE

London, May 12—On the eve of the parliamentary holiday, the chancellor of the exchequer extended the olive branch to the Unionists with the proposal that the land question should be made a non-party issue. He expressed hopes of rendering agriculture more profitable by making attractive that the populations would flock back to the villages from the towns. There was no industry where the workers, he said, were so badly paid as the agricultural laborers. Their wages and housing conditions were a scandal in this great country. There was no economic reason why wages should be so low. There must be reasons of a social or political character.

THREE THOUSAND LEAVE GLASGOW FOR CANADA

London, May 12—Another record for Scottish emigration was established yesterday, when no fewer than 3,000 people embarked at Glasgow for Canada. The Allan liner Hesperian carries 1,600 and the Donaldson liner Letitia, 1,400 for Montreal and Quebec. For New York 700 left by the Anchor Line.

Though this grand total for one day has been several times exceeded, the total for Canadian ports alone is the biggest on record. The shipping companies report full bookings up to the end of June.

STORMY TIME AT A SOCIALIST MEETING

London, May 12—The annual conference of the British Socialist party at Blackpool on Saturday was marred by a storm of protest and most disappointing and most dispiriting congress that ever was held. He complained that there had been no progress and that the members showed no enthusiasm.

This comment was followed by an upsurge. The chairman called upon the delegates not to behave like blackguards. The delegates retorted by saying "We are comrades, not dogs." Mr. Irving threatened to leave the chair if the hubbub continued.

What Is the Use of Spring Without New Clothes?

By J. R. HAMILTON Former Advertising Manager, Wanamaker's, Philadelphia (Copyrighted)

IT ISN'T half as horrible to be "the last rose of summer" as it is to be "the last winter grape-fruit" in the spring.

There is no one so sour in soul and mind as a woman in furs when she should be wearing chiffons. There is nothing so uncomfortable looking as a heavy winter suit on a warm spring day. There is nothing so pitiful as a last season's hat on this season's girl.

Any woman whether she be fifteen or fifty has the spirit for new clothes when the spring comes. And if she keeps on wearing heavy top boots and an old drab suit and a 'Christmas-is-coming' hat till the middle of May, she isn't happy. That's all.

And what's worse, nobody else. At least not in her household.

Now there is no necessity for such a thing this year. Pretty clothes were never cheaper and cheap clothes were never prettier. Prices have been more modest and more moderate than in many years. Hats are simple and most charmingly effective and even shoes can be bought this season without mortgaging the farm.

All a woman has to do is to watch this paper and keep her eye on the advertising for a few days. She will find most glorious opportunities popping up all the time. She will be surprised how little money it requires for a shrewd woman to be well-dressed.

And this applies to you, Madam, whether your idea of a cheap suit be ten dollars or one hundred. Cheapness is comparative anyway. The woman who is used to a fifteen dollar suit can get it for about ten this season, and that is cheap. While the woman who is used to paying a hundred can get the same thing for seventy-five, and that also is cheap.

The same is true of everything that is necessary to make you as charming to look at and as pleasing to yourself as your neighbors are. Don't let "business" knock you out of your rightful joy in clothes. Just watch this advertising carefully beginning today and swoop down on your bargains like a hawk.

And before you know it you will be so well dressed and so happy that you will find yourself looking out of your window some bright morning and saying:

"I wonder if that darned bird thinks he can really sing."

SAVING THE GIRLS

Edmonton Has Woman Probation Officer and the Results Are Good

Edmonton, Alta., May 12.—Lack of home training, longing for pretty gowns and baubles and the insatiable desire for pleasure and excitement are the chief factors contributing to the delinquency of young girls coming to the attention of the provincial department of neglected children," said Miss Annie Jackson, a member of the police department of Edmonton who has the distinction of being the first probation officer appointed in Canada. "They are generally frivolous and flighty," she added, "and usually they can be saved."

Miss Jackson has to do only with girls under seventeen years of age, but she is a big sister to others as well.

"Though I have been in office since last October, when the department was organized," the probation officer said, "I have not found it necessary to make a single arrest. However, if I saw a girl out very late at night or acting in a giddy, suspicious sort of way I would not hesitate to take her in hand and place her in the shelter. The nearest I have come to making an arrest was in the case of a young girl who ran away from home in which she had been placed and was about to leave town with a man twice her age. I heard about the proposed elopement and went to the train and brought her back to the shelter. There was nothing spectacular about it."

Miss Jackson has taken scores of girls, principally newcomers, out of restaurants, fruit stores and shooting galleries and from other places, "where," she said, "the moral atmosphere was more or less contaminated, but my real work is giving the youngsters a steady hand and finding employment and good homes for them to make them independent of the assistance they may have been accepting from other sources."

Most of the girls go into good homes selected by Miss Jackson and the department where they are taught to be homemakers. Usually they are not proficient in any branch of business, in fact, they are generally unskilled and could not earn a livelihood in either a shop or an office. As Miss Jackson explains, "When they are in homes selected by us, we know they are not in cheap boarding houses and in danger of making disgraceful acquaintances. However, not all the girls who are brought into contact with Miss Jackson are delinquents. Many go to her for advice and assistance. They know she understands their peculiar view points and will give them good counsel. In numerous instances they want some one to sympathize and encourage them in continuing the fight and that is where Miss Jackson is at her best."

Another case brought to our attention was that of a young girl whose mother is a widow. It was the mother, herself, who asked our help. Her daughter was incorrigible. She would not work

and insisted upon loitering in the streets all hours. We went to see the little girl and had a talk with her. The outcome was that she persuaded her to go into a military shop. She was a good worker, and today she is happy, contented and is making rapid strides to advancement in her trade."

Miss Jackson said that ninety-nine out of 100 delinquent girls are made such on account of the lack of proper home training, saying: "Either the mother has no other aim for daughter, or is simply careless and permits the child to grow up as a wild." "We do not read pamphlets to them when they come under our care, but we scold them for their short comings. We treat them as we would our younger sisters. We are patient, but we insist on their confidence. The rest is easy and the result is we direct them in the way of leading lives of usefulness."

FORMER ST. JOHN PASTOR IN FAVOR OF VOTES FOR WOMEN

The Rev. Dr. Gordon, pastor of the First Baptist church, Montreal, in which the Ecological County Women's Convention was held, was in session last week, went on record as being favorable to the vote for women, declaring that he was absolutely no reason why an intelligent woman should not have her vote in matters pertaining to church and state. Doctor Gordon said that from accounts he was at a loss to know whether he was coming to a meeting, or simply to a meet and quiet meeting of the W. C. T. U.

"Let me make an apology for a man who lived a long time ago, the Apostle Paul, an old bachelor who grew gray and admired," he said, "Paul suffers a great deal of misrepresentation on the question of women's suffrage. He was not just one passage and interpret that with out reading any further. The Apostle Paul has given instructions to his churches that they should conduct themselves in public; but I have failed to find where he forbade them to take any part in public matters. "How are we to know that women are to be deprived of the ballot when there has been precedent set down by Paul, whereas I believe that I was one of the first members of our denomination to favor the ballot for women."

Doctor Gordon said that he did not wish to be quoted as endorsing certain courses of procedure which were a disgrace to the nation.

WOMAN'S HAIR REACHES TO KNEES

A Year Ago Was Threatened With Baldness. Tells How She Made Her Hair Grow

Mrs. Esther Emery, now visiting friends in the city, is the fortunate possessor of marvellously beautiful hair, which, when loosened from its coils, falls to her knees. Moreover, it is of soft, silky and fluffy gold. Yet just one year ago she was threatened with baldness. Urged to tell how she had obtained this wonderful growth in such a short time, she said: "Had anyone told me such marvelous results could be accomplished so quickly, I positively would not have believed it. Twelve months ago my hair, which then reached barely to my shoulders, was falling out at an alarming rate and growing very thin, actually exposing the bald scalp in several spots. It was dull and lifeless in color, turning gray in patches, and very dry and brittle. My head was covered with dandruff and itched like mad all the time. I tried fully a dozen different hair tonics, but they were all the same and never did me a bit of good. One day I chanced to read in my home paper of a simple home prescription to make the hair grow that was recommended by a well known physician. It said that by taking ordinary Lavone de Compose and mixing with Bay Rum and Menthol Crystals and applying to the scalp each night with the finger tips that new hair would grow very rapidly. I decided to try it and I had my druggist mix 3 oz. of Bay Rum and dr. of Menthol Crystals, and started to use it. My hair quickly my hair did grow. First the hair stopped falling, the itching ceased and the dandruff disappeared. Then tiny little hairs appeared all over my scalp. These grew and grew as though nothing would ever stop them. They are growing yet, and while, of course, I have used the treatment steadily and expect to continue it at least until my hair reaches the floor, I might have stopped and been perfectly satisfied at the end of three months, but I think that any woman can get long, thick, beautiful hair by using this prescription as I have recommended it to several friends and all are delighted with the result. The prescription is very inexpensive and any druggist can fill it. Those who use it should be careful not to get it on the face or where the hair is not desired."

LOCAL LABOR SITUATION. It is probable that the International Union will be asked to send a general organizer here to look into the strike situation as regards the carpenters and wood-workers. The matter of declaring a sympathy strike was under discussion on Saturday night but no definite action was taken. It was decided that there was not sufficient authority from the international to commence a sympathetic strike, and the local will wait for further instructions.

SWORD OF DAMOCLES SUSPENDED OVER ALL

Eminent European Physician Warns Against Inducing Arterio-Sclerosis

Vienna, May 12.—Lecturing on arterio-sclerosis, which he termed the Damocles sword suspended over the heads of all, Privy Councillor Professor Adolf von Struppel, an eminent physician and physiologist, gave some valuable suggestions to how this dread disease might be avoided. Most important it is, he said, to begin in time and carefully refrain from everything known to be injurious to the arterial system, such as over-physical strain, free indulgence in rich foods, alcohol and tobacco, especially the latter. For while it was difficult to tell precisely what ill-effects alcohol exerted on the blood, it was plain and evident that nicotine was much more injurious. With arterio-sclerosis patients from the Orient, where moderate cigarette smoking prevails, nicotine was the chief criminal. As for tea and coffee, there was much to be said. Strong black coffee certainly did produce nervous affections of the heart, but it had little effect upon the arteries, and tea was injurious only in excessive cases. With regard to meat, doctors were right when they spoke of its injurious effects, but, after all, perhaps it was more the rich sauces and gravies accompanying it which did the mischief. The idea that so-called white meats, were less harmful than dark meats was also probably only true in regard to the different ways of preparing and cooking them. Professor von Struppel said that arterio-sclerosis was the consequence of the wearing out of the system, and that the putted down to any one cause. It was the united result of the manifold injuries the body sustained during its life.

**NEXT WEEK'S CONCERTS**

Information Which Will Prevent any Misunderstandings — Seat Sale Saturday Morning at Nine O'Clock

Very often it is difficult to arouse interest in musical events here, but the announcement that singers from the Boston Opera Company would be heard here in concert and condensed versions of grand opera in costume, has certainly been one of brilliant exception. From the first intimation that these singers would be heard in St. John the management has been deluged with inquiries which evidenced interest. In some instances, however, there has been misunderstanding and to avoid anything of the sort, it is requested that all should understand fully that the attraction coming next week is not an opera company, but instead a group of members of the Boston Grand Opera Company, who, together with concert programmes, will give condensed versions of grand opera in costume, with piano accompaniment.

The company will be headed by Madame Evelyn Scotney, who for two years has been singing leading roles at the Boston Opera House. With her will appear Madame Maria di Gash, soprano; Madame Gauthier, contralto; Mlle Gertrude Dayton, contralto; Giovanni Gatti, tenor; Frederick Hidy, baritone; and Howard White, basso. John Craig Kelly, assistant conductor of the Boston Opera Company will accompany. The dates are next Tuesday and Wednesday, while the seat sale begins Saturday.

**CATHOLIC CHURCH NEWS**

First Communion in St. Peter's and Cathedral—Pentecost

At the 8 o'clock mass in St. Peter's church yesterday morning about 100 children received Holy Communion for the first time. Marshalled by the rector, Rev. Charles McCormick, C.S.B., who was their instructor during the several months in which they have been preparing, they formed a procession from the Chapel of the Holy Childhood to the main body of the church, where pews topped with lighted candles had been reserved for them. Rev. Simon Grogan, C.S.B., was the celebrant of the mass, assisted by Rev. J. H. Borgmann, C.S.B., and Rev. E. J. Holland, C.S.B., and there was a very large congregation.

The rector preached an impressive sermon. Over the altar railing was an arch festooned with greenery, and on this in white glazed letters was the inscription, "Suffer Little Children to Come Unto Me." Under this the little ones went through to the altar and received the Eucharist at a special rite. In the evening there was the renewal of the baptismal vows and another large gathering attended. Those of the other six churches who have been preparing will receive First Communion on Friday morning next at the 7:30 o'clock mass. Confirmation will be later. In other years First Communion and confirmation have been on the same day.

The Feast of Pentecost was observed yesterday. In the Cathedral His Lordship Bishop LeBlanc officiated at pontifical high mass, assisted by Revs. D. S. O'Neil, M. Howard, A. Poirier and Dr. A. W. Meslin. Rev. E. J. Conway preached a sermon appropriate to the day.

**THOS. E. SHEA TONIGHT; ALL THIS WEEK IN FINE SERIES OF NEW PLAYS**

The appearance of Thomas E. Shea at the Opera House this evening is regarded as a real dramatic treat. The popular character actor will present a new repertoire of plays during the week beginning with Marie Correll's famous story "The Vendetta" this evening. A complete and impressive scenic production is carried including the wonderful earthquake scene and eruption of Mount Vesuvius.

**BACKACHE A WARNING ALL SHOULD HEED**

It is one of the first signs of kidney troubles, if neglected, serious diseases follow.

No one can be well and healthy unless the kidneys work properly and keep the blood pure. When they become clogged up and inactive, nature has a way of warning you.

Backache is one of the first symptoms. You may also be troubled with disagreeable, annoying bladder disorders; have attacks of lumbago or rheumatism; become nervous, tired, and feel all worn out; puff swellings shown under the eyes or in the feet and ankles; and many other symptoms are noticed. If they are neglected, dropsy, diabetes, or Bright's disease, which so often prove fatal, may result.

It is not only dangerous, but needless for you to suffer and endure the tortures of these troubles, for the new discovery, Croxone, quickly and surely cures all such misery.

There is no more effective remedy known for the prompt cure of all such troubles than this new scientific preparation, because it removes the cause. It soaks right into the kidneys, through the walls and linings; cleans out the clogged up pores; neutralizes and dissolves the poisonous acid and waste matter that lodge in the joints and muscles and cause those terrible rheumatic pains, and makes the kidneys filter and sift the poison out of the blood and drive it from the system.

You will find Croxone different from all other remedies. It is so prepared that it is practically impossible to take it into the human system without results.

An original package of Croxone costs but a trifle, and all druggists are authorized to personally return the purchase price if Croxone should fail in a single case. Three doses a day for a few days is often all that is ever needed to cure the worst backache, relieve rheumatic pains, or overcome urinary diseases.

Remarkable Rescue of Crew of Sunken Submarine  
**TWENTY ON BOARD; ALL SAVED**

Emergency Buoy, Fitted With Telephone, Gave Warning and Rescue Vessel Came to Aid—Sixteen Men Unconscious When Reached But All Recovered

accident happened was only seven fathoms and also largely to the facilities for salvage work afforded by the emergency buoy. No time was lost in sweeping to discover the whereabouts of the sunken vessel, and it may be surmised that the means of communication by telephone with the surface helped not a little to keep up the hearts of the poor fellows downed, apparently, to a horrible death.

The cause of the accident has been ascertained to have been a defective ventilator. Before exercising, these ventilators, which are indispensable to the proper action of the accumulators, are screwed home from the inside. A ventilator in the forward part of the vessel was either defective or had not been properly screwed home. The latter might happen owing to the presence of some foreign body, a cleaning rag, for instance, which would suffice to prevent a proper watertight closing of the ventilator, while leaving the man who had charge of it under the impression that he had duly screwed it home.

Whatever the inquiry may show to have been the immediate cause of the defect it is known that the accident happened by water leaking in through the forward ventilator until the delicate trim of the submarine was affected and she plunged head foremost to the bottom. Water continued to enter until the air within the vessel was so far compressed as to resist the entrance of any more at a pressure of seven fathoms depth. On this air the crew of twenty survived, the captain and fifteen men in the body of the vessel suffering from the fumes of chlorine gas given off by the accumulators. The three men who crawled out unaided and the coxswain apparently were out of reach of the chlorine gas fumes, and the coxswain, in addition, appears to have had more and better air to breathe. All have recovered.

which was placed at about seven yards from the kral and tied with stout straps between two trees. Our position was on the roof of a mud hut, whose a ledge had been erected to conceal us from the lion.

**Grim Night Watch**  
We took our places at sundown, and it was as much as we could do to squelch ourselves, the guns, rugs and my camera into that small space. Provisions consisted of fresh milk and biscuits.

We passed what almost seemed a life-time waiting our eyes watching for the slightest movement. Then something really moved—from right to left and then back again to the right.

A moment later it made straight in one direction, running awkwardly within a few feet of the cow. Then it stopped and ran off in another direction. We had, however, recognized our animal as a hyena.

Another wait. We saw jackals fitting about like so many phantoms from bush to bush, and then again there was silence. Then he came. Slowly, cautiously, stopping every few seconds to listen, he seemed to grow out of a vague bush and moved in our direction. His great head and limbs were touched by the moonlight, and as we caught sight of him we knew it was the king of beasts.

When none to the cow he stopped, as if to make quite sure that all was well. Then he rubbed quickly, and with a low snarl fastened his great jaws upon the cow. There was a tremendous wrench, and the lion had torn the carcass from its strappings.

Yet another fraction of a second and the lion was gone. He had seen us—possibly heard some slight movement and was off. We waited until the moon waned and the darkness became too deep for shooting, but the lion did not return. We slept that night in the kral, a bundle of twigs serving as pillow.

The next morning we left the kral, Sir Thomas lamenting the loss of the lion, and I regretting the picture for I had determined to use the flashlight simultaneously with the pulling of the trigger.

ALBERT WYNDHAM.

**ST. PETERSBURG, May 11**—The result of an inquiry into the remarkable experience of a Russian submarine "Mingoa" ("Lamprey"), are partially available, but several matters of technical interest remain to be cleared up. The "Mingoa" is one of the submarine flotilla stationed at Liban. She was out for exercise in the neighborhood of the lighthouse off Liban with her full crew of nineteen men, under the command of Lieutenant Gerasov, and a tender was present during manoeuvres.

The "Mingoa," which was apparently proceeding either well on the surface or just awash, was suddenly observed by those on the tender to take a plunging in somewhat abnormal fashion, throwing her stern well into the air. For some time it was not supposed any accident had happened, and the return of the submarine to the surface was expected, but the appearance of the emergency buoy gave the alarm. These buoys not only serve precisely to locate the whereabouts of a sunken submarine, but are fitted with telephonic apparatus enabling the crew to communicate with the upper air. The moment the tender learned by these means what had happened she steamed off to the lighthouse, which telegraphed the news of the disaster to the dockyard headquarters at Liban.

The accident happened at three in the afternoon, but owing, it would seem, to the dispersal of the men on a Saturday, the message was not acted on for several hours, and it was not until nine at night that the salvage vessel reached the spot. The weather conditions remained happily favorable and, divers having fixed the lifting chains, the "Mingoa" was successfully brought to the surface by midnight, having been nine hours at the bottom of the sea.

**All Are Recovered**  
When the after hatch was opened three men staggered out, barely able to crawl. Fifteen of the crew and the captain were not out unconscious from the after part of the vessel. There remained upon the coxswain, who was in the coming tower amidships. It was necessary to raise the submarine well out of the water to get at the coming tower, and this took another three hours' work, but the coxswain, when released after twelve hours of confinement, was in the best condition of any of the crew. Thus the whole command of twenty men was saved and the submarine recovered after lying nine hours at the bottom of the sea.

This constitutes a record for submarine work. It is due chiefly to the fact that the depth of water at the spot where the

**James Porter Injured**

James Porter, a Telegraph printer, of St. David street, 70 years of age, was struck by an automobile owned and driven by W. C. Cross on Saturday afternoon about five o'clock. He fell beneath the car and received a fractured ankle, a cut on his forehead and some injury to his back. After receiving first aid treatment in E. C. Brown's drug store he was taken to the hospital in Mr. Crow's car. At the time of the accident the car was travelling very slowly, and it is said that Mr. Porter stopped to let it go by, and then, when it was too late, tried to cross in front of it.

**U. N. B. ENCAENIA**

Rev. A. B. Colcoe, of Halifax, preached the baccalaureate sermon at the Brunswick street Baptist church in Fredericton yesterday in connection with the encenia exercises of the U. N. B. There was a large attendance. The encenia exercises will take place on Thursday next. Dr. H. S. Bridges will be the alumni orator. Rev. Mr. Colcoe preached in George street church last evening.

"What is the worst thing about riches?" asked a school teacher of a pupil.

"Their security," replied the pupil, and was immediately rewarded full marks.

Riot Act is Read. Cleveland, Ohio, May 9 — The members of the Boston Red Sox were called together at 11 o'clock this morning by Acting Manager Wagner, who delivered a short, crisp address that was written for him late last night by President James A. McLaughlin.

Kid Graves, a Milwaukee 142 Pounder, Wants Welter Title

The welter-weight title discussion, which has been rather dead for some time, leaving Ray Bronson with the best claim to the honor, has opened up again with a new claimant in the person of Kid Graves, Milwaukee fighter who has done well through the east in the last six months and who is anxious for a crack at the championship. The Kid also gives some pretty good dope on the question. In a letter to the writer the Kid states: "I think that my claims to the welter-weight title are far better than any other man has yet shown. I have beaten the best men in the business at the weight. Even Ray Bronson's claims cannot be compared to mine, basing them upon records. Bronson is close to Tommy Howell three times, and I beat Howell easily. Young Ernie had also beaten Howell, so I beat Ernie. Since Myrtleton Billy Smith lost the title to Rube Fong in 1910, Fong, Mathews, Walnut Grove Kid, and Jimmy Gardner held the title, and in 1910 Jimmy Clabby claimed it, and it was generally conceded to him. Clabby going into the middle class, left it open, and Bronson claimed it in 1911. Tommy Howell beat Bronson, and both Ernie and I have beaten Howell, and I have beaten Ernie. That should surely entitle me to the championship. True, Mike Gibbons beat Howell also, but Ernie beat Gibbons. I think that my claim to the title is clearer than that of any one else, and I am prepared to defend it against the world at the weight."

BOARD OF TRADE

New letter headings in keeping with the new spirit of the Board of Trade have been printed and are now in use. The heading bears the names of the organization and its officers and the inscription: "St. John, the gateway of Canada that is never closed." In the margin, under a seal, with which is incorporated the sub-head, "When ships and railways meet," are set out facts about St. John.

WEEK, ACHING BACK Caused Her Much Misery. Kept Her From Sleeping Nights.

Weak back is caused by weak kidneys, and on the first approach or evidence of kidney trouble, Doan's Kidney Pills should be used, and serious trouble avoided. Doan's Kidney Pills go right to the seat of the trouble, cure the weak aching back, and prevent any further complications arising. Mrs. W. R. Hodge, Fielding, Sask., writes: "A few lines highly recommending Doan's Kidney Pills. For much the last year I have been troubled very much with my aching back, and a weak aching back which caused me much misery, for I could not work and had no ambition for anything. My kidneys were very badly out of order, and kept me from sleeping at nights. I tried many kinds of pills and medicines, but it seemed almost in vain. I began to give up in despair of ever being well and strong again, when a friend advised me to try Doan's Kidney Pills, which I did, and am thankful for the relief I obtained from them. For now I am never troubled with a sore back or sick headaches. I will always say Doan's Kidney Pills for mine and can highly recommend them to any sufferer."

THIRTY FRENCH WIVES

No wives, according to a French woman are so much the partners of their husbands as those of France. "You will often find in Paris," she said, "see elegantly dressed women, with apparently no thought in life but pleasure, who are managing their households down to the minutest details, and, without adding their husbands in their business cares, practice a hundred daily economies in the house, and put by the profits of their allowances against a rainy day. Thrift, in fact, is so deeply ingrained in the French wife that she is often ready to manage her husband's business as well as his household."

SPORT NEWS OF A DAY, HOME AND ABROAD

THE TURF

Two Horses Killed. At the trials at the Woodbine, Toronto, last week, Harry Giddin's two-year-old Sunloop dropped dead after breeding half a mile. Hearts of Oak, the favorite, for the King's Plate, did the best mile this year in 1:44 4/5. Topper, the Atkinson King's pacer, while covering the mile track fell and broke both forelegs. He was immediately destroyed.

On Drawing for Positions. The new American rule on drawing for positions is as follows: If only one man appears to draw for positions at the time specified, he gets the pole. If only two appear, they draw for first and second place, and the other positions are awarded by the judges. If only three appear, they draw for first, second and third.

This new rule was planned to prevent handing a favorite driver the pole or any other position desired, and the other positions are awarded by the judges. If only three appear, they draw for first, second and third.

Twenty minutes before the time for starting the first race of the day, positions will be drawn for all races that afternoon.

THE RIFLE

St. John Rifle Club. The members of the St. John Rifle Club had another successful day's shooting Saturday. The attendance was particularly good and the sport was greatly enjoyed. The results of the general shooting were as follows:

Table with 2 columns: Name and Score. C. G. West 75, J. W. Andrews 100, W. W. Grew 25, J. E. Boe 102, John Gillis 75, H. J. Mowatt 81, W. J. Hill 15, Mr. Allingham 40, Col. J. L. McAvity 59, J. There are two prizes for highest score. A match job is up for a handicap event for the highest score made out of 100 targets, twenty-five of these are to be shot at each Saturday. Saturday was the first day in this competition. The prize was offered by the Stevens Arms and Tool Co. The McGraw trophy was also in competition. This was offered for the best out of 400 targets. Besides these there is another McGraw prize for the best out of 100, twenty-five to be shot at each Saturday. The following was the result of this last event: (All shot at 25. The number after each name indicates the targets broken.) J. W. Andrews, 16; J. S. Boe, 22; H. J. Mowatt, 11; Mr. Allingham, 15; Col. J. L. McAvity, 14; J. LeLachur, 17; W. G. McIntyre, 20; R. A. McAvity, 10; McGoney, 16; Dr. Langstroff, 10; F. J. Shreve shot at 14 and hit 10. The competitions will be continued next Saturday.

FOOTBALL

Caledonians Won. The Caledonians defeated the Sugar Refinery association football team Saturday afternoon on the Harrows square by the score of 4 to 1. Both teams played good football. The weather was ideal for football. The next game will be between the Sugar Refinery and the St. John team.

MCGRAW'S REVIEW OF THE BIG LEAGUES By JOHN J. MCGRAW Manager of the Champion Giants

Two things in Big League baseball have impressed me during the last week. One is the unexpected strength of the Philadelphia National League club, and the other is the weakness of the western teams of the league as evidenced by their poor showing in the east so far. Chicago looks like the best club of the four westerners, but the Cubs are very shy of pitchers. The best pitching that the Giants have run into this year was met in Philadelphia during the recent series, and it surprised me and a lot of the New York better. My club is naturally a heavy hitting team, but the boys could not connect consistently with the pitching of Alexander, Chalmers and Boston. Doolin has three great twirlers in those men, and the club is going well behind the good staff. The Quakers should be a contender for the pennant. At least, they will make a lot of trouble for the twirlers hold up as they are traveling now.

Western Teams Weak. All the western teams look to be weak. Pittsburgh being a big disappointment to the followers of the Pirates. Before the season opened, Clarke's club was looked upon as one of the strongest contenders for the championship, and the pitching staff was advertised as unsurpassed. It did look like a tough bunch of pitchers, but they have not got into motion so far. They doubtless will later along and make the going very interesting, but the team receiving had pitching now and is furnishing weak hitting to the pitchers. It was supposed to be the hardest batting bunch in the department, however.

The absence of Wagner hurt the club. He is one of those players so invaluable to a ball team because he holds the boys together. His return to the game should help the Pirates immensely and is liable to put them on their feet again. The pitching staff is what needs repairing now. The fact that Boston took two extra inning games from the Pirates shows that the pitchers are weak, and it also demonstrates that Stallings is hitting up a nice little club for himself in Boston. The fact that the Boston team held together and pulled out two contests that ran into extra innings proves this. It is a hard thing to keep a young club going steady when the pastime runs over the nine inning mark because the strain increases with the idea that any crack will mean the decision in the battle.

Now do not think I am dismissing the Pirates from the race for the pennant, because I am not. I am only pointing out the weakness of the western teams, and the fact that the Boston team held together and pulled out two contests that ran into extra innings proves this. It is a hard thing to keep a young club going steady when the pastime runs over the nine inning mark because the strain increases with the idea that any crack will mean the decision in the battle.

In Woodstock. The baseball season in Woodstock is under way with a seven game between two teams of the league in that town. THE FAN'S SEVEN AGES. All the world's a ball. And all the men upon it merely players. They have their innings and their field chances. And each man in his time plays ever base.

His life being seven ages. At first the infant, Pitching and bawling in his nurse's arms, And then the shining schoolboy, with his "flocks" and scornful open face, playing "old cat" and far away from school. Then the reporter, Roasting like a furnace, with a woeful ballad. Made in his meter's high-brow. Then the umpire, Full of strange sounds and wordless as the wind. Jealous in judgment, sudden and quick in fine. Seeding a booby reputation. Straight from the player's mouth. And then the magnate, With wide-checked waistcoat and with check book lined, Full of league laws and ancient instances Of how he played his part. The next age shifts Into the lean and lippy bleacher-bird, With spectacles on nose and score in hand. His Wheeling's Pride, well chewed, a world too big For his loose lips and his big, booming voice. Turning again toward childish treble, Piping, And whistles as he roots. Last scene of all, Which ends this ballad and batty history, Fan's taste, fan's fall, fan's dope, fan's everything. —Edmund Vance Cooke.

Hard on Chase. In New York they are blaming Hal Chase largely for the miserable showing of the "Yankees." In the club's last game on their home grounds the crowd got after Chase, and the New York American has the following remarks to make about the incident: "Chase is the pivotal member of the Yankees as they are looked up today, and he certainly is the mystery of the age. Chase was not as good as Fred Tenney when Fred was nearly forty years old. He let two smashes go through him and he was as weak as a kitten as Mayor Gaynor trying to pick out the best thirty books ever published. Chase merely whiled away

the game, though Miller Shinn failed to free an easy assist from Detroit. "Who's to blame about the incident?" "Other strange things happened in this fare-you-of-the-Yankees. Among them was a most sinister award for Harold Chase, who got the hottest roast tendered a big league in the memory of friend writer. "Quit laying down! Get off the club!" yelled some hundreds, and while the average fan has a slender notion of what is what in a ball game the criticism appeared to be just in this instance."

Catcher Injured. Harry Bemis, the Toronto Leafs' mainstay in the bat, has water on the knee as the result of an injury sustained in sliding back to first base after being nearly caught in a somewhat stage of the play, on opening day. He will be unable to play for some days.

At Boston—Boston, 1; St. Louis, 1. (12 innings.) Batteries—Tyler and Wingo, Hardest, Perritt, Salee and McLean, and Kilfiter. International League Saturday. At Toronto—Toronto, 2; Jersey City, 1.

Now READY FOR OPENS IN THE N. B. & M. LEAGUE. The final meeting of the New Brunswick and Maine league before the opening of the season was held on Saturday afternoon in the office of D. B. Donald, Canterbury street, and practically everything is now in readiness for the opening games on Wednesday, May 21, when the St. Stephen—Calais team will meet the Marshalls in Calais and Fredrickton and Bangor will play in Bangor. Fredrickton will play the Marshalls two games here on the 24th.

At the meeting on Saturday were present John Russell, Jr., chairman, D. B. Donald, secretary, Frank J. Leonard, who had a commission from S. W. Doyle, manager of the St. Stephen-Calais team, to represent that club; James P. Forrest, of Bangor, representing the shareholders in the Bangor club, and Joe Page, who acted for Fredrickton, as the Fredrickton delegate could not make train connections. There was a cheerful tone to the meeting and all seemed well pleased that success had crowned their work and all confidence of a good baseball season.

It was decided to adopt the Spaulding ball as the official ball for the league. One of the most important matters determined on was that of game percentages and playing and rain guarantees. This was settled upon by vote as follows: The percentage of game receipts shall be 60 to the home club and 40 to the visiting club; the playing guarantee and the rain guarantee shall each be \$50, with the privilege of the game percentage if preferred. It was also definitely determined that each of the four clubs shall deposit with the League Trust Company a \$500 bond, double liability, not later than May 20. This bond is to be given as a surety that the clubs shall continue the season to the close and is a most important part of the arrangements. The date is set for May 20 as Bangor's organization meeting is to take place tomorrow evening.

The Bangor Commercial says: "The baseball club for Bangor in the Maine-New Brunswick league is practically assured." It is the statement made by F. J. Leonard, Friday afternoon. Enough money has already been subscribed, which together with the amounts that have been promised will make up the \$1,000 required to properly finance the Bangor team. The league of which Bangor is to be a part requires that each team shall start the season with a backing of at least \$1,000 to insure completing the season, and the delay in beginning has been occasioned by the time needed in procuring the subscriptions. As a further guarantee that the clubs will finish the season a bond must be filed by each association, amounting to \$500. The latter is a provision demanded by the national association of minor league clubs.

There will be a meeting of the stockholders Tuesday evening, May 13, at the Chamber of Commerce rooms, when local subscribers will form an organization and appoint a committee to take up the question of management.

AFTER TWO YEARS OF LIBERTY CONVICT IS RE-CAPTURED. Paris, May 12.—After a series of curious adventures a convict named Vergé, who escaped from the French penal settlement in Guiana, has been captured in Paris. In 1909 he was sentenced to eight years' penal servitude for theft, but after two years escaped from prison, and for some time wandered about the forest. He built a small boat and reached Dutch Guiana, where he shipped on a steamer for New York as stoker. In New York he became engaged to an English girl and secured employment as a detective in a private investigation agency. He made the mistake of assaulting and robbing a client of the firm, and had to flee. Being homesick he returned with his sweetheart to Paris, was recognized by the police and arrested.

NOW READY FOR OPENS IN THE N. B. & M. LEAGUE

The final meeting of the New Brunswick and Maine league before the opening of the season was held on Saturday afternoon in the office of D. B. Donald, Canterbury street, and practically everything is now in readiness for the opening games on Wednesday, May 21, when the St. Stephen—Calais team will meet the Marshalls in Calais and Fredrickton and Bangor will play in Bangor. Fredrickton will play the Marshalls two games here on the 24th.

At the meeting on Saturday were present John Russell, Jr., chairman, D. B. Donald, secretary, Frank J. Leonard, who had a commission from S. W. Doyle, manager of the St. Stephen-Calais team, to represent that club; James P. Forrest, of Bangor, representing the shareholders in the Bangor club, and Joe Page, who acted for Fredrickton, as the Fredrickton delegate could not make train connections. There was a cheerful tone to the meeting and all seemed well pleased that success had crowned their work and all confidence of a good baseball season.

It was decided to adopt the Spaulding ball as the official ball for the league. One of the most important matters determined on was that of game percentages and playing and rain guarantees. This was settled upon by vote as follows: The percentage of game receipts shall be 60 to the home club and 40 to the visiting club; the playing guarantee and the rain guarantee shall each be \$50, with the privilege of the game percentage if preferred.

It was also definitely determined that each of the four clubs shall deposit with the League Trust Company a \$500 bond, double liability, not later than May 20. This bond is to be given as a surety that the clubs shall continue the season to the close and is a most important part of the arrangements. The date is set for May 20 as Bangor's organization meeting is to take place tomorrow evening.

The Bangor Commercial says: "The baseball club for Bangor in the Maine-New Brunswick league is practically assured." It is the statement made by F. J. Leonard, Friday afternoon. Enough money has already been subscribed, which together with the amounts that have been promised will make up the \$1,000 required to properly finance the Bangor team. The league of which Bangor is to be a part requires that each team shall start the season with a backing of at least \$1,000 to insure completing the season, and the delay in beginning has been occasioned by the time needed in procuring the subscriptions. As a further guarantee that the clubs will finish the season a bond must be filed by each association, amounting to \$500. The latter is a provision demanded by the national association of minor league clubs.

There will be a meeting of the stockholders Tuesday evening, May 13, at the Chamber of Commerce rooms, when local subscribers will form an organization and appoint a committee to take up the question of management.

AFTER TWO YEARS OF LIBERTY CONVICT IS RE-CAPTURED. Paris, May 12.—After a series of curious adventures a convict named Vergé, who escaped from the French penal settlement in Guiana, has been captured in Paris. In 1909 he was sentenced to eight years' penal servitude for theft, but after two years escaped from prison, and for some time wandered about the forest. He built a small boat and reached Dutch Guiana, where he shipped on a steamer for New York as stoker. In New York he became engaged to an English girl and secured employment as a detective in a private investigation agency. He made the mistake of assaulting and robbing a client of the firm, and had to flee. Being homesick he returned with his sweetheart to Paris, was recognized by the police and arrested.

NATIONAL FORESTRY CONVENTION IN JULY

Ottawa, May 12.—The Canadian Forestry Association have announced July 7-9 as the date of the Dominion forestry convention to be held in Winnipeg. Arrangements are under way for what promises to be one of the most representative and successful gatherings ever held in the west. Delegates from all parts of Canada, and from many of the states of the union, will convene in the Industrial Bureau Hall as guests of the provincial government and the City of Winnipeg, to discuss the problems of the forest resources of Canada.

The farmer's plantation, windbreaks and every phase of prairie tree growing will naturally occupy a large share of the attention of the delegates, but the protection of forests from fire, and kindred topics, will also be taken up. The programme which is now in preparation, will be a most interesting one, and of this and of the convention railway rates to delegates, particulars may be had from James Lawler, Canadian Building, Ottawa.

**ON WAY TO ST. JOHN.**  
Furness liner Shenandoah arrived in Halifax last evening on her way to this port with general cargo, most of it for local consignees. After discharging she will load here for London.

**HOME TOMORROW.**  
Miss Florence McLaughlin of St. George is in the city and will return home tomorrow. Her purpose in coming here was to accompany to their home in the border town, her brother, Elmer P. McLaughlin, who has been ill for several weeks with appendicitis in the General Public Hospital. It will be good news to his friends to learn that he will be taken home tomorrow, greatly improved in health.

**MISS JANE PATTERSON.**  
The death of Miss Jane Patterson took place last night at the residence of Mrs. Scott, 188 Britain street. She was seventy-seven years of age and is survived by one brother, William H. watchmaker, of this city. The funeral will take place tomorrow at 2:30 o'clock from the residence of Mrs. Scott. Service will be in St. James' church.

**THEIR CHILD DEAD.**  
Ethel Marion, the two year old daughter of Mr. and Mrs. Bradford G. Allan, was buried this afternoon. She died at her parents' home, Church avenue, Fairville, after a brief illness from pneumonia. The little one was a bright child and their friends are sympathizing with her parents in their loss.

**DEATH OF FRANCIS RICHARDS.**  
Yesterday morning at St. Agathe des Monts, Francis Richards, beloved grandson of Mrs. Rainsford Balloch of Fredericton, N. B., and son of the late Rev. David Richards, passed away, in the twentieth year of his age. A young man of an unusually attractive and lovable nature, his death will be mourned by many. The funeral will take place on Wednesday at two o'clock from Christ's church cathedral, Fredericton. Interment will be at Spring Hill.

**BYE-LAW REPORTS.**  
William Williamson, charged with driving a hack without a license, was allowed to go. He told the court that he was not eighteen years of age and was instructed that he could not drive a coach until he was eighteen and if he was reported again he would have to answer to both charges, as well as a previous charge made about two weeks ago, which has been allowed to stand against him.

**LOCAL BASEBALL NEWS**

A week from this evening the East End Baseball League will be in full swing. The opening game is to be played by the Commercials and Alerts. The final meeting of the executive will be held this evening in the rooms at Marsh Bridge and matters relating to the schedule, etc., will be cleared up. Much interest is being displayed by the members of the opposing teams and the baseball fans and it is expected that large crowds will attend the evening games. All the teams in the league are now equipped with new uniforms.

The Fairville League will begin its season this evening.

Riley of the Marathons will leave for Boston this evening to join his team. There will be a lively contest on Victoria Square, Hintonville, this evening, when the first game in the lately formed North End league will be played, the Cougars and Ramblers opening the series.

Other teams in the league as known as the Doves. Some good material amongst the younger lads of North End is to be found in each nine and there should be some very brisk games played. The young fellows are taking keen interest in the game, and have been practicing almost since they know disappeared from the ground.

**JAMES READY LEFT \$651,300**

His Will Was Admitted To Probate Today.

REQUESTS ALL PERSONAL

Bulk of Fortune Goes to Wife—Amounts Left to Sons and Daughters and Grand Children—Other Estates in Probate

In the probate court today the will of James Ready, brewer, of Fairville, was probated. The estate is valued at \$737,000 real estate, personally \$614,000, a total of \$651,300.

By the will, Mr. Ready leaves to his wife Margaret and his daughter Mary Ready, as joint tenants, all his household effects, contents of carriage house and farming implements in and about the dwelling house, stable and premises occupied by him at the time of his death, and also all his real estate with buildings thereon, situate in Lancaster; to his daughter Mary Ready \$30,000; to his executors and trustees \$12,000 to pay the income to his daughter Helen Blanche O'Brien upon her death the principal to go to her children; \$10,000 in trust to pay the net income to his son Hugh James Ready upon his death to his children; \$12,500 in trust to pay the income to his son William Vincent Ready—on his death to his children; \$20,000 upon trust to pay the income to his son James Francis Ready—on his death to his children; \$10,000 in trust to pay the income to his son Edward Joseph Ready until he shall attain the age of forty years, and then to pay the principal to him, and if not alive then to his children; \$12,500 in trust for his son Frederick Arthur Ready until he attains the age of thirty-five years, the principal then to go to him if alive, otherwise to his children.

To his son Thomas Louis he gives \$45,000 absolutely; to each of his grandsons \$10,000; to each of his granddaughters \$7,500, each sum to be held by the trustee until the grandchild entitled thereto attains the age of twenty-five years, then to be paid over—interest in the meantime to be used for their support.

The rest and residue as to go to his wife—his legacies to be clear of execution tax, and he nominates the Eastern Trust Company of Halifax; his daughter Mary; his son Thomas Louis and his friend Alexander P. Barnhill executors and trustees. They were accordingly sworn in as such. William A. C. Knowles, K. C., is proctor.

In the matter of the estate of Catherine Murray, the hearing was adjourned until Monday next. K. G. Murray is proctor.

In the matter of the estate of Joseph Irving, Mr. Baxter, K. C., on behalf of one of the next of kin, applied for a writ to compel the administratrix to pass the accounts. Mr. Knowles, K. C., for the administratrix, appearing, undertook to do so.

In the matter of the estate of Benjamin H. Appleby, grantee merchant, there was return of citation for the accounts of Rev. G. F. Sewell and Allen Appleby. The accounts were again into and order for distribution will be made. G. Earle Logan is proctor for the executors. Mr. Baxter, K. C., for Frederick Appleby, a legatee, and Campbell for Mrs. Emily Appleby, widow, and specific legatee.

**TAG DAY BROUGHT THE SUM OF \$1,155**

This is Better Than Last Year—Some Who Gave Very Generously and Some Who Did Otherwise

The ladies interested in the Kindergarten are very well satisfied with the amount of money received on Saturday as a result of the tag day operations, for the sum of \$1,155 was realized. The committee in charge are very grateful to all who assisted. The amount received this year is better than that secured at the last Kindergarten tag day, when a little more than \$1,000 came in. While the sum realized through the efforts of the taggers is most encouraging, there is still considerable needed, for the increased expenditure required to carry on the kindergarten work is estimated at about \$2,600.

Some citizens paid a high price for a tag, from \$1 to \$5, but the majority received in silver. All donors did not respond in the coin of the realm, however, and there were several instances where persons were given tags without giving much in return. For instance in one box carried by a young girl some person, possibly imagining it a huge practical joke, stuffed in a piece of paper crumpled somewhat after the manner of a dollar bill. The box had to be broken open to get it in working order again. Numerous coins which were not passable for their stamped value were found. One was a P. E. Island copper, dated 1871, and there was also a Finland coin worth about one-third of a cent. However the general spirit was honest and generous, and the tagging appeal was answered to the satisfaction of all concerned.

**BAPTIST MINISTERS**

A thoughtful and able paper on "The Place of Christianity in Present Day Social Life" was read this morning at the conference of Baptist ministers by the secretary, Rev. M. F. McCutcheon. He was tendered a hearty vote of thanks for his capable handling of the subject. Those present at the meeting were Rev. F. H. Wentworth, who presided, and Rev. Doctors McIntyre and Hutchinson, and Messrs. Fortney, Archibald and McCutcheon. Rev. Mr. Love, a blind Baptist preacher from Scotland, was welcomed to the meeting.
