SUNK BY GUNS OF CONSTANTINOPLE

Vessel With Austrian Flag and Italian Soldiers HOLY WAR URGED

Pressure Brought on the Sultan—Serious for Italians in Turkey, and Powers May Be Brought In—Conditions at Tripoli

(Canadian Press) London, Oct. 9.—A startling item of war news today comes from Constantinople to the effect that the Turkish government of St. Jean de Medua on the Albanian coast has informed the port that a vessel flying the Austrian flag, and carrying an Italian officer and Italian soldiers, has been sunk by the forts, all on board perishing.

An Italian warship then came up and bombarded the town, doing much damage to property.

Italian reports tell of the sinking of two Turkish torpedo boats with a loss of 300 Turks at Saint Jean De Medua.

From all parts of the Turkish empire, messages are arriving in Constantinople, urging the Sultan to declare a holy war.

Turkey has sent another note to the powers asking for intervention and offering to grant every reasonable concession to Italy.

The Turkish forces in Tripoli have been withdrawn to the interior, where they will either await the Italians or, if possible, return to the attack. Rumor has it, however, that they are already short of provisions and may be forced to surrender.

A Grave Fear (Chicago, Oct. 9)—This morning's news is gravest from Turkey, where Italians are threatened with expulsion. If a massacre occurs, war in that quarter will again burst forth, as it would be impossible to prevent an attack on Albania, lying as it does only a few hours sail from the Italian coast. That event would mean the intervention of the other powers.

Home, Oct. 9—via the Frontier.—The Italian authorities at Tripoli yesterday issued a proclamation suppressing slavery among the Semitic tribes and have them on the coast of Africa where slavery still prevailed, notwithstanding the efforts of Great Britain on one side, and France on the other to prevent the traffic.

Advices from Tripoli say that groups of Turkish soldiers are coming at various times to surrender. The Arabs, armed at the last moment, by the garrison with machine rifles, landed by the steamer Derna, are gradually returning to Tripoli and offering their submission. Their only condition is that the Italian commander purchase their rifles for a few francs. This seems to them for not only are the Arabs—those at least in the vicinity of Tripoli—not ready to fight for Turkey, but also that a condition of starvation prevails among the natives.

It is not known here how the Turkish soldiers comprising the garrison, are off for supplies, but it is believed that they are near to the minimum. It is possible, however, that they may proceed into the interior for the purpose of arousing the Semitic tribes and have them proclaim a holy war against the invaders.

The attitude of the Turkish government with regard to the Italians in the Ottoman empire is viewed with some concern, and the order of expulsion and the abolition of the capitulations, if carried into effect, may be the cause of serious complications. It is expected that Germany, which now has the Italian interests in Turkey under her protection, would raise an objection to such action.

There are various reports of anti-Italian riots, particularly in Saloniki, where the Italian consuls are said to have been threatened with a revolver in his own house.

Berlin, Oct. 9.—A circular note from the Turkish government asking the powers whether they consider that the time has arrived to seek a basis for negotiations looking to peace between Turkey and Italy, and under what conditions, was presented to the German foreign office today. The note contemplates the cessation of Tripoli to Italy under certain conditions.

It is probable that the communication from Constantinople will be discussed by the other powers before the Italian government is approached.

Forecast—Moderate westerly winds, fine today and on Tuesday, higher temperature.

Synopsis—Very fine weather prevails. Immediate indication

GIRL KILLED; INDIAN IS A PRISONER

Escapes From Mob Bent on Putting Lynch Law Into Effect—He Makes Partial Confession

Asheville, N. C., Oct. 9.—Ross French, 21, an Indian, living on the town, Swaine county, reservation, is safely locked in the county jail here charged with the murder of Ethel Schuler, a Hayesville farmer's daughter. His arrival here was effected after an exciting escape from a mob of 100 men bent on lynching the prisoner. The body of the dead girl was found Friday in the woods near the town, with her throat cut. No trace of her assailant was found until yesterday morning, when Deputy Sheriff Beck arrested Ross French, near Sylva. Beck made the arrest on the strength of blood stained finger prints on the Indian's hat.

The news of French's capture spread quickly to the neighboring towns and a mob of 100 men followed the deputy sheriff to Waynesville, where French was lodged in jail. As the mob continued to grow Beck took his prisoner through the back door of the jail and brought him to Asheville.

The Indian made a partial confession but would not give full details of the crime.

WILLIAM PETERS' WILL

Disposition of His Estate—Herman Althorn Left Bequest to Home for Incurables

In the probate court the will of William Peters, merchant was proved. He gives to his executors and trustees all his real and personal estate, trust for his wife, Mary Jane Peters, for life, and after her death to convey the real estate in Union street to his son, George B. Peters, the rest of his estate to be divided among his children, including his said son—The share of the estate to be as follows: J. Peters, 1/3; to G. B. Peters, 1/3; to H. E. Peters, 1/3.

In the matter of the estate of Herman Althorn, executor presented a claim to pass the accounts of R. W. Walker Frink, the executor. The accounts were approved of the court. A claim was put in by Barbara Ellen Galbraith, widow, for \$50, for one month's support of her husband, deceased, in 1907, before he went to the Home for Incurables. It was left to the judgment of the court.

More than \$500,000 in value of the estate, is reported, will be forced by hunger to return to the town.

It is not known here how the Turkish soldiers comprising the garrison, are off for supplies, but it is believed that they are near to the minimum. It is possible, however, that they may proceed into the interior for the purpose of arousing the Semitic tribes and have them proclaim a holy war against the invaders.

PROMOTION HINTED FOR BRIGADIER

Salvation Army Head in This Division Does Not Know Next Post

LEAVES FOR TORONTO

Congress of Forces of Canada to be Held There This Week—Convention for This Division is Then to be Held in St. John

Having received an intimation from the dominion headquarters that he would be promoted in November to another post, Brigadier Adby accompanied by Mrs. Adby, left on Saturday for Toronto to attend the dominion congress of the Salvation Army. Staff Captain Holman, matron of the Evangeline Home also left on Saturday and Captain and Mrs. Buntion of No. 1 corps and Capt. McLean left today.

Brig Adby has held his present position as chief commanding officer of the division, including New Brunswick, Prince Edward Island, northern Nova Scotia and the Bermudas, for a period of two years and has made himself very popular. He came out from the old country and conducted an evangelistic tour throughout Canada before accepting his present command. He has been informed of his future command.

The dominion congress will open in Toronto this week and the sessions will be held in this city commencing on October 28. On the opening day the soldiers and ex-soldiers' council will be held at 8 p. m. Sunday afternoon and evening in the Opera House. Commissioner Rees chief commanding officer of Canada, with headquarters in Toronto, will speak on the army's work among the prisoners of Canada. His workshop Mayor Frink, supported by representative citizens will preside. Three sessions of the council will be held on Monday. The commissioner will go directly from this city to Halifax to conduct a similar council for Nova Scotia.

When is a Sermon Long? The fact that the length of a sermon cannot be judged by the exact number of minutes it occupies in delivery was illustrated yesterday morning in Parkdale Church, when Rev. R. J. Cooke, D. D. of New York, preached for fifty-five minutes and scarcely anybody thought or spoke of it as a long sermon, so exceedingly interesting and eloquent did it prove to be.

Other discourses, which we have all heard, occupying but twenty minutes in delivery, have seemed long. At the same time if the pastors of our Canadian churches undertake to follow the example of these ecclesiastical preachers and give

whole they were a rather poor lot, judged by present day standards of royal conduct. Perhaps they agreed according to their lights, and perhaps we should not judge with harshness. I am sure they never realized the John D. Rockefeller would be descended from them, and would be haunted by his kingly pedicors before the world would be their. We must not blame them for it. They did not know. And if some of them were alive today they would send a few

GRIMMER ON THE INSIDE TRACK

NOMINATION DAY IN THE PARISHES

At Least Five New Members of County Council After the Elections of Next Tuesday

There will be at least five new members of the county council after next Tuesday's election and possibly more. Five of the present councillors will not be candidates and in every parish there will be stiff opposition to those who do run.

Today is nomination day but as the nominations do not close until 6 o'clock it is impossible to say just who the candidates will be but they are generally not officially known.

In the parish of Lancaster all three present members, W. F. Barnhill, Wm. Fox and Dr. L. M. Curran will retire. Those who are spoken of as candidates are James E. Bryant, grocer; Wm. Golding, foreman in the pulp mill; Joseph O'Brien, bookkeeper in Reilly's brewery; John Sims, contractor and ex-councillor John Long.

In Simonds Councillors F. K. Adams and Robert G. Stewart will not offer for re-election, but Councillor Jeremiah Donovan will again be in the field. The other candidates are ex-councillors Henry Shillington, farmer and Thomas B. Carson, lumberman, G. Fred Stephenson, farmer and Samuel J. Poole, potter.

The present representatives from the parish of St. Martins, Warden Robert J. Connelly, F. M. Cochrane and C. Fred Black will all be nominated again and in addition there will be Wm. Smith, merchant, and F. Howard, farmer.

Councillors Wm. J. Dean and James K. Conceden will again be in the field in Musquash and will be opposed by Wm. J. McHarg, fireman, and Edward Harrison, farmer.

WAR GIANT FOR GREAT BRITAIN IS LAUNCHED TODAY

Portsmouth, Eng., Oct. 9.—Great Britain's largest and best armored battleship, King George V, was launched successfully today. It was christened by His Majesty's aunt, Princess Christian of Schleswig-Holstein. The King George V has been on the stocks two weeks less than the average dreadnought, having been laid down on January 16 last.

The vessel has a displacement of 23,000 length 335 feet, beam 80, draft 27 1/2. Her armament consists of ten 13.5 inch guns and twenty four 4 inch guns. Engines of 31,000 horsepower are expected to furnish a speed of 21 knots an hour.

NOT FOR C. N. R. SAYS SIR DONALD MANN

Toronto, Ont., Oct. 9.—Sir Donald Mann, when asked regarding reports that St. James Methodist church, Montreal, had been purchased for a site for the Canadian Northern Railway depot in Montreal, said: "This purchase is not for the Canadian Northern. I heard the rumor that the church had been bought, but I can neither confirm it, nor deny it."

BOY ACCIDENTALLY SHOT BY PLAYMATE

Gloversville, N. Y., Oct. 9.—Shot by a bullet—a large rifle in the hands of his playmate, Ralph Spencer, 15 years old, died yesterday at his home in North Broadbain near here. James Knight, his playmate, also 15, is under arrest. Knight's relatives say the shooting was an accident.

DAVID RUSSELL CASE

Montreal, Oct. 9.—This morning's session of the Russell case consisted of a protracted examination of accounts, vouchers and the Pinkerton method bookkeeping. Mr. McNamara again took the stand and his examination as to the bill rendered Mr. Russell was continued.

Frederick Hears That He Will Be The Premier

A POST FOR SLIPP

Story That He Will Go Into Government as Solicitor General—Tur. Down of Crockett Makes Friends Angry; Blame Placed on Hazen

(Special to Times) Fredericton, Oct. 9.—The atmosphere here is heavily charged with political rumors and it looks as if there would be something going on before the week closes. It seems to be settled that Hon. W. C. H. Grimmer will become premier and attorney-general and that Solicitor-General McLeod will succeed to the portfolio of surveyor general. The vacant solicitor generalship may then be filled by the promotion of A. R. Slipp, member for Queens.

The turn down of O. S. Crockett by Mr. Borden has made the Conservatives of York very angry. They are inclined to lay the blame at the door of Premier Hazen and that gentleman is assured a warm time when he visits Fredericton.

J. W. McCready, acting for Luther B. Smith, this morning made application for a recount of the ballots cast in the Sunday and Queens election. He is supported in the application with affidavits of Luther Smith, Duff Mitchell, Elbridge Bunker and Murray Patterson. The order was granted returnable at Gasqueton on Friday next.

Rev. Dr. McLeod, editor of the Maritime Baptist has been spending a few days here and this has given rise to a report that in case a berth is found for O. S. Crockett that Rev. Dr. McLeod will be the government candidate in York. He has twice contested this county unsuccessfully against Alex. Gibson.

Mrs. Isabella Dwyer, formerly of Woodstock, died on Sunday at the home of her son-in-law, A. A. R. Kitchin. The body was taken to Mars Hill, Maine, for burial.

Miss Julia Smith, an aged lady, died this morning at her home in Brunswick street. She leaves one brother and two sisters, Jeremiah Cavanaugh died in Burton on Sunday aged ninety-six years. William Cavanaugh of St. John is a son.

Mrs. John Coomber died at her home here this morning after a lingering illness. She leaves her husband, three sons and three daughters. One daughter is Mrs. Patterson, wife of Conductor Paterson of Fairville.

MUNICIPALITIES MEETING MAKES NO STIR AT CITY HALL

The annual meeting of the union of New Brunswick Municipalities, to be held in Newcastle on Wednesday and Thursday of this week, does not seem to be arousing great interest in local civic circles. Inquiries made at City Hall this morning regarding the delegates who will represent St. John were rewarded with but little information and, as a matter of fact, the city officials were not sure whether the meeting had been held this year or not.

Ald. Potts who is a member of the executive of the Union was next asked. Owing to the fact that he has been one of the city for some weeks he was not in touch with what had been done, but he knew of no delegates being appointed. He will attend as a member of the executive and he said that the matter would be brought up at the special meeting of the common council on Tuesday afternoon. Those who have attended these gatherings, he said, have found them extremely profitable. He hoped the city chamberlain would also be able to attend.

At the last meeting of the union, Ald. Potts was appointed as a representative to the Nova Scotia Union which met in Halifax and he addressed the latter body on the land tax which had been introduced at the New Brunswick gathering.

ONTARIO POLITICS

St. Catharines, Ont., Oct. 9.—Lincoln Conservatives on Saturday renominated Dr. E. Jessup for the legislature. Frank H. Lowrey and Dr. W. H. Merritt, contested the ballot, but Dr. Jessup had a majority of 125 out of 178 votes. A resolution criticising the collection of a percentage of bar receipts was referred to the executive.

HEAVY STORMS PLAYED SAD HAVOC WITH FISHERMEN

Two Schooners Pile Up on St. Pierre, 25 More Put in Damaged

St. Pierre, Min., Oct. 9.—Unable to weather a terrific gale which raged off this port for several days, the fishing schooners Xenophon and Adventure were abandoned on Saturday. Both vessels, heavily loaded with fish, went ashore at the entrance of this harbor, and all efforts to float them were without result. The crews were brought to St. Pierre and will return to France.

Damaged considerably by the storm, twenty-five local fishing vessels arrived here on Saturday. A large portion of these schooners lost their anchors during the gale, while others were minus some of their rigging. Their catches were generally poor.

WHALE STRANDED AT OCEAN CITY; DIES

Got in Too Near and Could Not Get Free—Fifty-Eight Feet Long

Ocean City, N. J., Oct. 9.—Joseph Norton, a man of the Ocean City life saving station, while patrolling the beach before daybreak yesterday, discovered a huge white whale, yards from shore, evidently striking bottom.

Unable to turn around, it gradually worked its way ashore, where it died during the forenoon. It measured fifty-eight feet in length and was about twenty feet broad. It is of the sperm species, rarely seen in this vicinity.

ST. JOHN TO LOSE?

Porter, Manzer Ltd. to Ship Via Boston Because of Shutoff of Cold Storage Warehouse Here

It is understood that Saint John is likely to lose the export business of Porter, Manzer Ltd., a big potato shipping firm of Andover, on account of the city being unable to furnish facilities for the business. Some time ago the firm applied to the common council for the privilege of using the frost proof warehouses here in common with the other shippers.

It was said today that they expected reply that the matter was still open and later received word that the council had decided in favor of the shippers. Porter, Manzer Ltd. and their associates were in possession of a lot of potatoes which they had shipped to Boston and a reply to this effect was sent to Porter, Manzer Ltd. by the council.

It was said today that they should take the matter up with their competitors who were in possession of a lot of potatoes which they had shipped to Boston and a reply to this effect was sent to Porter, Manzer Ltd. by the council.

IS NOW A CIGAR MAN

Roy F. Potts of this city is now a partner in a prosperous retail cigar business in Davenport, Iowa, formerly conducted by his late uncle, Howard C. Potts. When Davenport in connection with the settlement of his brother's estate he wished to continue the business for the benefit of the estate but as the other executors were not willing he made arrangements for its purchase. A partnership was formed between his son and Herbert Schultz and the business will be carried on under the name of Potts and Schultz. Mr. Schultz, who was formerly chief clerk, will be the manager. Mr. Potts has no intention at present, at any rate, of removing to Iowa to look after his new investment.

AN ASTRONOMICAL TRUST

Philadelphia, Oct. 8.—An astronomical trust with a central body making observations for the world and spending the money now expended in various observatories, is proposed by Professor C. J. Bonstetter of the University of Pennsylvania.

He declared that by the year 3,000 astronomy will be a more exact science and that the distance of the earth from the stars will be more accurately calculated.

HINTS FOR NEW BRUNSWICK

How can the output of the average farm be doubled, or at least largely increased? Not the farm of the scientific farmer who pursues right methods, but the farm whose owner lacks scientific knowledge and is perhaps suspicious of it, or disposed to ridicule; but who is making no progress with his own farming methods.

MONEY IN ORCHARDS

The Portland Evening Express tells a story about apples that is worth noting in New Brunswick. Here it is: "Maine boasts one apple grower who with his six thousand trees last year received six per cent on fifty thousand dollars and this year will realize the same per cent on one hundred and fifty thousand dollars. This is an orchard cared for by a man who is all the time seeking for more light into the best orchard methods, who does not know it all, who is not buried so deep in the rut of habit as to require a lantern to find his way.

Records of Athletics and Giants For This Season - Gate Receipts of \$300,000 For Series.

(Canadian Press.) Philadelphia, Pa., Oct. 9.-An interesting comparison of the relative strength of the New York Nationals and the Philadelphia Athletics, who will begin their battle for the world's championship on next Saturday, is made by the unofficial records of the teams for the present season. In battling the Giants have a team average of .272 for 146 games, while the Athletics show .294 for 150 games. In fielding, the Giants average .961 and the Athletics .922. McGraw's men have stolen 328 bases, while the Athletics have a total of 228 bases. The Athletics have made 856 runs and the Giants 729. In safe hits the Athletics give the Athletics 1568 and the Giants 1298.

DEMAND FOR NEW MARRIAGE LAW FOR WHOLE DOMINION

Movement Launched in Toronto Promises to Give Mr. Borden Some Uneasy Moments

Toronto, Oct. 7.-With the church courts of every denomination body in Canada committed to a policy of opposition to the Ne Temere decree, a new and powerful movement has been started by the Evangelical Alliance of Canada. At a meeting held in Toronto today every leading church of Canadian Protestantism was represented. Ten thousand documents will be issued at once setting forth a case against the decree. A public educational campaign, by means of a large mass meeting, will be at once inaugurated.

KING COLE TEA. What's life like without the flavor.

ONE THING TO FEAR

There is one thing I fear - Not death, nor sharp disease, Nor loss of friends I hold most dear, Nor pain, nor want - not these.

But the life of which men say: "The world has given him bread; And what gives he to the world as pay? For the crust on which he fed?"

I would pour out strength, and then When I have no strength to give. No use, no share in the lives of men Who toil, and fight, and live -

Then let the end come fast. Whatever my past success: That I may not cumber the ground at last. Nor linger in uselessness. - Anna Louise Strong.

A PARABLE

A mountain loomed upon the landscape, Tossing on high its giant head. - And o'er the scene majestic splendor spread.

Oh! beauty must be always beauty! Though such grandeur, the too full heart May feel the whole and only grasp a part.

The mountain's voice was ever praying, "To thee, oh, God, I bow submission," And close as snow a woman clasped to listen.

"To God, I too shall bow the will, No earthly voice shouldst say, "thou must." And lo! the mountain crumbled into dust! EWYEN BRUCE MACKINNON.

IN LIGHTER VEIN

Mr. Scrapper - We're going to have another stormy day.

Mrs. Scrapper - How do you know? Mr. Scrapper - This paper says so. Mrs. Scrapper - So our domestic affairs are getting into the newspapers are they?

NOW HE KNOWS

"Mildred, I take it for granted that your father objects to my coming to see you."

"You do him an injustice, Mr. Snoodle. He's perfectly willing for you to come. I am the one that objects. Awfully disagreeable weather, isn't it? Good-day."

TAKING HIM AT HIS WORD

Employer - What do you mean by taking a day off? I only gave you a half holiday.

Clerk - You told me myself never to do anything by halves.

UNFORTUNATE WOMAN. Farmer - "I thought ez much 'ot that dog ez my wife."

Motorist - "Well, I'm sorry I killed him - how much do you value him at?" Farmer - "Oh, about 20 cents."

THE APPLE SHOW

The second annual provincial show which will be held in the St. Andrew's Rink, St. John, will be formally opened by Premier Hazen, Hon. Dr. Landry and others at 8 p. m. Monday, Oct. 30, and will run for the following three days.

The apple crop is exceptionally good this year in the province and a marked improvement in quality over last year's exhibits is assured. Upwards of \$800 is being offered in prizes.

Several new features will also be introduced, the aim of the management being to place before the public of St. John and the fruit growers of New Brunswick, a display of apples hitherto unsurpassed in Canada. Leading authorities on apple culture from Ontario and Nova Scotia have been engaged to judge the exhibits and deliver addresses. Return tickets from any point on the Canadian Pacific and Intercolonial railway will be issued on standard certificate plan, for single fare. The Fruit Growers' Association will meet in convention on the same dates. For complete prize list, containing particulars and programme, write to A. G. Turney, Fredericton (N. B.).

DEMAND FOR NEW MARRIAGE LAW FOR WHOLE DOMINION

Movement Launched in Toronto Promises to Give Mr. Borden Some Uneasy Moments

Toronto, Oct. 7.-With the church courts of every denomination body in Canada committed to a policy of opposition to the Ne Temere decree, a new and powerful movement has been started by the Evangelical Alliance of Canada. At a meeting held in Toronto today every leading church of Canadian Protestantism was represented. Ten thousand documents will be issued at once setting forth a case against the decree. A public educational campaign, by means of a large mass meeting, will be at once inaugurated.

Finally, a monster petition will be taken by a deputation to the Borden government, and a demand will be made that the marriage laws of Canada be placed beyond church interference.

Premier Borden and his cabinet will, in effect, be asked to set aside the Ne Temere decree as an invasion of the rights of the Canadian parliament and those of certain of the provinces.

Petitions will also be laid before every provincial government in the dominion. As British Columbia and New Brunswick control their own marriage laws and retain the privilege of granting divorces, separate requests will be made of them.

The government of Ontario will be asked to take steps at the earliest possible moment to have the court of appeal determine the extent and jurisdiction of the province and of the parliament of Canada on the subject of marriage laws.

The sum of \$2,000,000 has been offered by the Canadian Northern Railway for St. James' church, Montreal, the largest home of Methodism in the world. The church and its site cost \$850,000, a large part of which was subscribed by other Methodist churches all over Canada. The site is wanted by the railway company for new terminal facilities. The approval of the Montreal conference as well as the consent of the trustee board will have to be secured before the sale could be made.

Conservatives Turn on Ruler Because of Alsace and Lorraine Legislatures

A MODERN BATTLEFIELD.

Strategists Figure That an Area of 150,000 Square Miles Would be Required to Fight 20th Century Battle Between Two Great Powers

(Times Special Correspondent.)

Berlin, Sept. 26.—One of the features of the summer in Germany has been a series of more or less veiled attacks on the emperor, not by the socialists or other democratic elements, but by the extreme reactionary conservatives, who represent in politics the interests of the great Prussian land-owners.

The conservatives in Germany are not merely opposed to every kind of political and social progress, but they are actually retrograde in their tendencies, inasmuch as it is their desire to abolish manhood suffrage, whereby the deputies of the imperial legislature are now elected, and to sweep away such slight traces of constitutional government as already exist. They hold about seventy seats in the Reichstag, out of a total of 397, but their numerical strength does not adequately represent their real power in the country.

The ruling caste is predominantly conservative, and conservatives hold the most important administrative posts in the government service, so that their influence is enormous. As a rule, they make a great parade of their loyalty to the Kaiser and of their devotion to the crown, but just now they are bitterly discontented with the trend of affairs and are venting their displeasure on the emperor.

An innovation introduced by the imperial government has incurred their hostile criticism. The recent bestowal of constitutional government on the provinces of Alsace and Lorraine, which were conquered from France in the great war of 1870 and which, since their acquisition by Germany have been administered as crown lands, meaning that they have had no voice in the control of their own affairs, is what started all the trouble.

WAR IN THE EAST.

and a quarter soldiers would be a comparatively small one in up-to-date warfare, for forces of this numerical strength took the field so long ago as the Franco-German campaign in 1870, since when marvelous developments in military matters have ensued.

In a struggle between two European military powers, it is quite possible and, indeed, probable, that each of the opposing forces would number something like three million troops, for Germany, France, Russia, and Austria-Hungary are all capable of sending such armies to the front without touching their respective last lines of reserves. If two such mighty armies were engaged in battle the field of their operations would number something like three million troops, for Germany, France, Russia, and Austria-Hungary are all capable of sending such armies to the front without touching their respective last lines of reserves. If two such mighty armies were engaged in battle the field of their operations would number something like three million troops, for Germany, France, Russia, and Austria-Hungary are all capable of sending such armies to the front without touching their respective last lines of reserves.

When Frederick the Great fought his battles in the eighteenth century the field of operations never exchanged more than four miles from side to side, and in the Russo-Japanese war, when, owing to the great distance from the respective bases, there were never more than three or four hundred thousand troops simultaneously in action, the battlefields remained limited in extent.

Will the generals of the future be equal to the almost superhuman task of directing operations extending over such immense areas? Every army must have a commander in chief and that generalissimo must control the movements of all the troops under his orders. He will have all the latest technical devices at his disposal. Hundreds of miles of telegraph and telephone wires will be rapidly laid in order that he may exchange orders and communications with his auxiliary officers.

There will be motor cars and flying machines, steerable balloons and spherical balloons, bicycles, and apparatus for wire less telegraphy and telephony, besides other mechanical contrivances for signalling. Will these suffice to surmount the purely technical difficulties involved in establishing effective communication over such vast areas, especially as they will have to be installed and equipped for service in a very short space of time? And if they furnish a perfect communicating machine will there be any human brain capable of mentally digesting the information supplied him with bewildering speed from so many different sources and of working out its mind the profoundly complex problems connected with the movements of such legions of human engines of war?

Would Molke, the greatest strategist of modern times, if he were alive, be able to handle modern armies of millions with the ease and celerity necessary to success? Are the great armies created by the leading countries of Europe really efficient in the instruments of war, or would the complicated machinery break down under the stress of actual hostilities?

All these questions are occupying the minds of German experts, but only a very small number of them are actually being asked. There is, however, a strong inclination among many competent judges to regard the countless legions of the great powers as inefficient because it is thought that they are too big and unwieldy to be handled with facility, and because of the brain cent nervous difficulties of directing their movements with precision.

Figures at the Ecumenical Conference: On the left, Rev. J. H. Morgan, chairman of the conference, and a regular old-time Methodist.

(By Rev. A. C. Crews, D. D.) Toronto, Oct. 7.—Anent discussion on religious training in the Canadian Empire, one of the most popular speakers was Rev. J. H. Morgan, of London, chaplain in the British army, who has appeared upon the platform as a missionary in India. He was first a missionary in India, then became secretary of the Army Temperance Association in that country. This society began its work in India, there was a large proportion of soldiers in India are total abstainers, many of them are consistent vegetarians.

When we are willing to take commercial failure rather than to rob our fellows in God's good time there will come to the world many a priceless idea and the labor world is listening for a message to the underworld of unrequited labor and spoliation.

BORDEN'S CABINET WAS NOT COMPLETE LAST NIGHT

Hon. Mr. Hazen Left for Ottawa to Take Place in Government—New Men Probably Sworn in Tomorrow

A Sunday night Ottawa despatch to The Telegraph says: The alleged official announcement of the cabinet, as sent out from Ottawa on Saturday, is without authority from the premier, who declared tonight that his cabinet selections would not be definitely decided upon until tomorrow. It is known, however, that the only uncertainty now is with regard to the Ontario and Quebec representatives.

THE QUEBEC MEN

For the Quebec ministers, the most reliable information available tonight names the following: E. D. Monk, Hon. L. P. Pelletier, George H. Perley and C. J. Doherty. There is still a possibility, however, that in addition to these Mr. Forget and Mr. Ames may be brought in without portfolio. Mr. Nantel is also suggested as an additional sop to the Nationalists, but there is little to substantiate the report that he would be taken into the cabinet.

ANT MORE RELIGION IN BUSINESS

Canadian Press. Toronto, Oct. 7.—Papers on Christianity and Social Problems by two members of the English parliament and by a former president of the United States were among those which today proved to be of social interest to the delegates attending a session of the Ecumenical Methodist conference in this city.

PURIFIED HIS BLOOD

Dr. Morse's Indian Root Pills Healed Mr. Wilson's Sores. When the sewers of the body—bowels, kidneys and skin ducts—get clogged up, the blood quickly becomes impure and frequently sores break out over the body. The way to heal them, as Mr. Richard Wilson, who has had them for years, Ontario, is to purify the blood. He tried for some time but he was in a low, roused condition. My appetite left and I could not sleep for the itching and itching of small sores which formed all over my skin. I tried medicine for the food and used many kinds of ointments, but without satisfactory results. What was wanted was a thorough cleansing of the blood, and I looked about in vain for the medicine that would accomplish this.

At last Dr. Morse's Indian Root Pills were brought to my notice, and they are the most wonderful medicines I have ever known. My blood was purified in a very short time, sores healed up, indigestion vanished. They always have a place in my home and are looked upon as the family remedy.

Dr. Morse's Indian Root Pills cleanse the system thoroughly. Sold by all druggists at 25c a box.

SERVANT GIRLS SEND CASE TO GOVERNMENT

Being Driven Out of Places by Employment of Blacks and They Protest

Melbourne, Oct. 9.—The increasing use of black labor in the kitchen is greatly agitating the members of the New Zealand Domestic Servants' Union. Mistresses, finding that many "boys" can be imported from the islands under a three years' engagement and at a fourth of the cost of white servant girls, are employing the former in preference.

Saves Lives by Heroic Act in Time of Danger—Another Example of Muscular Christianity

Paris, Oct. 8.—Two fine examples of muscular Christianity are reported. There was a fair at Rodez the other day. Started by the music of a merry-go-round, a horse took fright. In the little dog-cart behind it were a woman and two children. The frightened horse, with the dog-cart, dashed away from the merry-go-round and through the streets of the town, scattering the pedestrians. The woman in the dog-cart lost all control of the horse and was shrieking for help.

WORSE THAN SHYLOCK SAYS JUDGE; CHARGE MADE AGAINST HIM

New York, Oct. 9.—Charges have been filed with the Bar Association against Judge Leonard A. Smith, of the municipal court. They are contained in a petition by P. Benson, an East Side landlord, who declares that Judge Smith pronounced him "worse than a Shylock" in open court. The incident occurred during the trial of dispossessed proceedings brought by Benson against a woman tenant.

SEA CAPTAIN HAD INDIGESTION. Calls Morrissy's No. 11 Tablets Magic Remedy.

FORBES PORTER, JR., S. July 1910. "Previous to my using your No. 11 Dyspepsia Tablets I had been a sufferer from indigestion for three months, and at an expense of about \$100. I was never so badly that I could not sleep. Fortunately for me a friend secured for me your No. 11 Dyspepsia Tablets and after the first dose I felt much better, and that very night I slept soundly, and it was the first time in months that I was able to sleep. I used altogether 3 boxes of the remedy, and am entirely cured. Needless to say I think No. 11 Dyspepsia Tablets are great, and anyone suffering from Dyspepsia, or indigestion should try these Tablets by all means, as I consider them a magic remedy.

REORGANIZE CATHOLIC CHURCH IN ENGLAND

Rome, Oct. 8.—An important reorganization of the Catholic church in England has been decided upon, and a papal bull will shortly be issued dividing England into three ecclesiastical provinces with archiepiscopal sees at Liverpool, Birmingham and Westminster. Two new dioceses will also be formed, one out of a portion of Liverpool and the other out of the actual diocese of Northampton, with its see in Cambridge. Thus the great see of Westminster will be considerably reduced in dignity, as instead of having fourteen suffragan sees, as now, it will have only four.

BOY SCOUTS TO CHURCH

All the Boy Scout troops in the city assembled at Market Square yesterday morning where they formed in order and headed by the Artillery Band, marched to the Cathedral. Rev. Dr. Flinders preached a special sermon. The scouts began to assemble about 10 o'clock, and by 10:45 were ready to march. The band played martial music on the way to the church, and the boys, of whom about 150 were present, entered the church and took their places in perfect order and without the least hitch.

Twice in Misfortune. In his history has St. John been dealt staggering blows, first in the complete loss of the wooden shipbuilding industry and later by devastation by fire. But neither of these catastrophes could eliminate the port's natural advantages as a water terminal for trans-Atlantic traffic. This fact, fifteen years of increasing business, is pressing upon transportation companies. The New Brunswick metropolitan is about to come into its own and if plans and decisions of the trans-Atlantic railway do not go entirely astray, the port will within a very few years be the best-equipped and busiest port of steamers east of the country since St. John.

On its merits as a residential and business center, St. John's real estate has increased in value over three and one-half millions in ten years. In 1901 the assessed valuation of buildings and land was \$93,292,000. In 1911 it is \$106,516,000. This does not indicate by any means improvements made throughout the city, for millions of dollars have been expended in improving it. C. P. R., and other railway properties, which are not included in the assessment. Furthermore, the Grand Trunk Pacific interests have acquired 80 acres of splendid shorelands for winter terminals at the eastern harbor of the city and there have been numerous churches, schools and other exempted properties erected, all of which have influenced the value of assessable real estate.

A Bright Prospect. Singularly enough the sudden turn in the political tide of the country finds St. John, in a most unexpected, though not disappointed mood. The natural advantages of the port for winter traffic forced her very much into the transportation schemes of the late Liberal government. Minister Pugsley of the public works department, sitting for St. John city constituency, was energetic in placing his people's claims, quite aside from the realm of politics, the Grand Trunk people acquired large holdings in the undeveloped eastern harbor of the city, and the lowest tenders for the proposed new navy had also selected St. John as a suitable site for establishing their yards and plant. Leaders for the preparation of Courtney Bay to allow of all this expansion were asked, handed in, and Norton Griffiths & Co., Ltd. of London, it is expected, will receive orders to build the \$7,500,000 contract.

The finished work—dredging, wharves, 1,000-foot dry dock, ship repair plant, etc., will amount to over \$14,000,000. The construction should consume over three years, the men employed should exceed 3,000. A distribution of wages alone should amount to close upon \$7,000,000 per day.

Anticipating Realty Activity. So St. John awaits its really boom. That the projected terminal facilities will be built, citizens of all political stripe confidently believe. The purchase of a large block of expensive water frontage this year by the C. P. R. and its conversion into increased facilities, matters of a million-dollar-dealing of the aforementioned property to the C. P. R., the nearby conveyance down along the St. John river; the building of MacKenzie & Mann's C. N. R. other "straws" which tell the direction of the wind, indicate the almost certain harbors on the Atlantic coast in Canada, and Norton Griffiths & Co., Ltd. of London, it is expected, will receive orders to build the \$7,500,000 contract.

The Conservative party is pledged to no monument of the long-delayed Valley Railway down along the St. John river; the building of MacKenzie & Mann's C. N. Values Advanced in Ten Years. Operations of real estate speculators and transactions of a private nature in St. John during the last ten years have disclosed some sharp advances in values. Among the properties having appreciated greatly because of demand are the Oak Hill business corner, Germain and King streets, said to be eventually the central office of the C. P. R.; some Irish church property on King Square, lately acquired by the Keith interests, New York, for a modern theatre, to be built next spring; the Chubb's corner building on Prince William street, syndicated for speculative purposes during a boom in banking locations, and several other structures that were bought outright during the trough of new banking branches about two years ago.

Minor purchases in the strictly "inside" locality were made at fancy figures. Herbert Guernsey, an English agent, has acquired the Park Hotel property on King Street, and is now in possession of the acquisition of a group of city and municipal buildings—court house, jail, police station, etc.—said to be required as a site for a hotel of the "Chalet" type, such as Montreal, Quebec, Ottawa and other booming cities are getting.

Residential Values. Residential lots are also living up. This is a department of real estate over which St. John people have never been excited, as in other cities, but it looks as if the idea was getting hold of the rich and the moderately-well-to-do. Even the speculative "speculator" has commenced his work. In the locality of the proposed terminal works sub-divisions of acreage have been made and numbers of standard sized lots sold. Properties that have heretofore been considered of indifferent quality—particularly upon the highways eastward towards Courtney Bay—are still selling up in price most appreciably. A great deal of quiet buying has been done within the last six months in these sections, a considerable amount of which has been done by Jewish residents of modest means.

Another factor certain to cause a flurry in values immediately the purity of the increased population and inflow of money commences, is the carrying out of the plan of the St. John Railway Company, which has permission to extend its lines into the most important suburbs. A few weeks ago the St. John, N. B., shows an actual increase of 20 per cent., but even that figure, which is a considerable one, in view of its being merely the assessed value and much less than the real value, is thought to be a conservative estimate when the dirt starts flying on the monstrous site of the new ocean W. PRESENTS BRIGHT PICTURE FOR REAL ESTATE IN ST. JOHN

Letter to Financial Journal in Toronto Dealing With Some History and With Conditions in This City—Outlook Declared Good

The following letter on real estate in St. John, written by W. H. Golding, appears in the Financial Post of Canada, Toronto, Oct. 7.

St. John, N. B.—A decade of realty transactions in the hub of the maritime provinces, while showing a substantial progress will not measure up to the phenomenal advance of the manufacturing center of Ontario and Quebec. On the other hand there is certainly no city in the Canadian federation that stands upon the threshold of development with such alluring prospects.

Twice in Misfortune. In his history has St. John been dealt staggering blows, first in the complete loss of the wooden shipbuilding industry and later by devastation by fire. But neither of these catastrophes could eliminate the port's natural advantages as a water terminal for trans-Atlantic traffic. This fact, fifteen years of increasing business, is pressing upon transportation companies. The New Brunswick metropolitan is about to come into its own and if plans and decisions of the trans-Atlantic railway do not go entirely astray, the port will within a very few years be the best-equipped and busiest port of steamers east of the country since St. John.

A Bright Prospect. Singularly enough the sudden turn in the political tide of the country finds St. John, in a most unexpected, though not disappointed mood. The natural advantages of the port for winter traffic forced her very much into the transportation schemes of the late Liberal government. Minister Pugsley of the public works department, sitting for St. John city constituency, was energetic in placing his people's claims, quite aside from the realm of politics, the Grand Trunk people acquired large holdings in the undeveloped eastern harbor of the city, and the lowest tenders for the proposed new navy had also selected St. John as a suitable site for establishing their yards and plant. Leaders for the preparation of Courtney Bay to allow of all this expansion were asked, handed in, and Norton Griffiths & Co., Ltd. of London, it is expected, will receive orders to build the \$7,500,000 contract.

The finished work—dredging, wharves, 1,000-foot dry dock, ship repair plant, etc., will amount to over \$14,000,000. The construction should consume over three years, the men employed should exceed 3,000. A distribution of wages alone should amount to close upon \$7,000,000 per day.

Anticipating Realty Activity. So St. John awaits its really boom. That the projected terminal facilities will be built, citizens of all political stripe confidently believe. The purchase of a large block of expensive water frontage this year by the C. P. R. and its conversion into increased facilities, matters of a million-dollar-dealing of the aforementioned property to the C. P. R., the nearby conveyance down along the St. John river; the building of MacKenzie & Mann's C. N. R. other "straws" which tell the direction of the wind, indicate the almost certain harbors on the Atlantic coast in Canada, and Norton Griffiths & Co., Ltd. of London, it is expected, will receive orders to build the \$7,500,000 contract.

The Conservative party is pledged to no monument of the long-delayed Valley Railway down along the St. John river; the building of MacKenzie & Mann's C. N. R. other "straws" which tell the direction of the wind, indicate the almost certain harbors on the Atlantic coast in Canada, and Norton Griffiths & Co., Ltd. of London, it is expected, will receive orders to build the \$7,500,000 contract.

AMUSEMENTS IN ST. JOHN; WHAT THE PLAYHOUSES OFFER

LYRIC.

The programme for the first three days of the week at the Lyric, the management say, should not go unnoticed by amusement seekers. Foremost in an attractive bill are two new comedies, and two other novelty singing, yodling and dancing, embracing some excellent character changes.

UNIQUE.

The Unique Theatre programme today will contain four excellent products, it is announced. The most popular manufacturer, The Artist Finisher shows the traditional impetuous artist develops a bit of commercial strategy that captivates his unwilling prospective father-in-law. His Royal Highness, a surprisingly funny story. Views of Hot Springs, Arkansas, and a series of comedy events, filmed weekly, are also included. Ralph Fischer in picture ballads.

THE GEM.

The management of the Gem picture Theatre has announced that the feature picture for the opening bill this week, The pictures are His Terrible Lesson, A Melodrama, and The Man Who Shot His Way Out, a comedy. The first picture has to do with the life of a young man who is supported by his sister, who gets mixed up in a drunken brawl and is accused of killing a companion. Although innocent, he flees from the country, leaving his sister alone. Several years elapse before he returns. This wonderful story is as fresh and as powerful in its temperance lesson as it was when first published and the Selig Co. has produced a picture, which is their best actor and actresses, also their clearest attention to scenic detail. The management has no parent should prevent their boys and girls seeing this highly original story. There will be comedy film as well as Louise Dittus in picture ballads. If not possible to see this show tonight people are asked to visit The Star on Tuesday evening.

THE STAR.

The Star Theatre in Union Hall, North End, has been for several days announcing its great feature "Ten Nights in a Bar-Room", which will be shown tonight for the first time. Inviting patrons are asked to be early in getting their seats as the show will be nearly a whole hour long. This wonderful story is as fresh and as powerful in its temperance lesson as it was when first published and the Selig Co. has produced a picture, which is their best actor and actresses, also their clearest attention to scenic detail. ACCIDENT AT AVIATION MEET IN MONTREAL.

Montreal, Que., Oct. 9.—Montreal's second aviation meet at Delmore park, came to a temporary halt yesterday afternoon and the managers postponed the event a week, when Romania Greaser, in his aerobically crashed into the fence which runs along on one side of the track, smashing the machine and himself. Greaser escaped unhurt, but as Charles King smashed his machine yesterday and as none of the other entries had failed to take the air, the meet was postponed until King and Greaser could make repairs.

"WHY BE SO THIN?"

Thinness is Embarrassing, Unhealthy and Not Natural—Formula Now Used Which Adds From One To Three Pounds a Week

Every one who has to have extra flesh on the bony structure of the body, both for the sake of health and self-esteem. Most thin people are sensitive to the harsh, unfeeling criticisms which are constantly being hurled at them by the more fortunate well-fleshed persons.

Every one who is thin, bony, horse, but whose do not know it—whom thin people are both patted and rebuffed. It ought not to be, but it is.

A well rounded figure, be it man or woman, exerts an attraction, not only for the heart but for the eyes. Pink cheeks, red lips and vigorous carriage, which accompany a well rounded body, strengthen the self-confidence and self-reliance, if the blood and nerves get enough nourishment out of the nature; helps absorption, digestion and assimilation; helps distribute the food and nerve elements which make round flesh. Get the ingredients and make it at home, and see how very fast you gain in weight.

In a half-pint bottle, obtain three ounces of essence of pepsin, three ounces syrup of rhubarb. Then add one ounce compound essence cardui, shake and let stand two hours; then add one ounce tincture cadomene compound (not cardamom). Shake well and take a teaspoonful before meals and one after meals. Also drink plenty of water between meals and when retiring. Weigh yourself before beginning.

THE FRIGHTENED CHILD. A little girl of four years of age was walking with her mother beside a lake. Her mother proposed to go out boat riding. The child held back in terror as the man in charge of the boat called out, "Ten cents for adults, children thrown in."—Hannah B. White, New York.

PREPARED. White—"Got all equipments for your car."—Yes;—Yes; an extra tire, an alias, and enough cash for ball.

DISQUALIFIED. "I'm afraid," she said, "that I never can learn to be a real Bohemian."

"Why?" he asked. "I can never eat in a dirty place with any real gusto."—Chicago Record-Herald.

WOODLOT INSPECTION BY THE GOVERNMENT. Increasing difficulty is being found in obtaining an adequate supply of hardwood lumber for the industries of Canada. The hardwood tracts of the eastern province for a long time have not been able to meet the demand, and in 1910, 60 per cent of the hardwood used in Canada was imported from the United States. The United States, although with a much larger supply of hardwood on hand, is also seeing that the annual consumption far exceeds the annual growth and that the young supply is being rapidly reduced. By practical demonstration it has been proven that waste land if planted in young hardwoods, will prove a profitable investment at the end of twenty-five years or more, and will improve the productivity of the surrounding farm land. In the eastern provinces of Canada and in Ontario particularly, are large tracts of such land covered at present with an unproductive tree growth, which through being a dry, stony or low lying, cannot be treated as agricultural lands. The forestry branch of the department of the interior, Ottawa, is taking a practical interest in the farmer's woodlots of Ontario, in an effort to make otherwise useless land supply hardwood lumber to an eager market, with profitable returns to the wood lot owner. Parties interested in this matter should correspond with the department at Ottawa, which is already giving practical assistance on important tracts. Foresters will be supplied by the department to look over tracts of timbered land, estimate the quantity of timber, advise as to what species to encourage or plant according to the locality and general conditions, and suggest a general working plan. Such scientific knowledge, the result of former investigations, will be of great benefit to private owners and should be sought after at once.

Mr. and Mrs. Smith left for Panama where he has a lucrative position on the engineering staff.

J. G. SHEWAN DIES IN WEST

Former Chief Clerk to C. P. R. Superintendent Here Passes Away in Winnipeg

Many St. John friends of J. G. Shewan, formerly chief clerk in the C. P. R. offices here, will regret to hear of his death in Winnipeg. Word reached here in the form of a telegram to Dr. Frank E. Smith, a brother-in-law. As chief clerk to Wm. Downie, general superintendent of the Atlantic division and purchasing agent, Mr. Shewan made many friends, his genial disposition and ready talking manner making him exceedingly popular. Mr. Shewan left St. John two or three years ago, going to Cobalt and from there he went to Winnipeg where he entered the service of the Canadian Northern.

The message received here gives no details. Mrs. Shewan, who was Miss Fales of Nova Scotia and two small children survive him. He also left four sisters and three brothers. The sisters are Mrs. Smith, wife of Dr. F. E. Smith of St. John, Mrs. E. P. Romerill of Toronto, and Miss Jessie, of Montreal, and Lily of Winnipeg. The brothers are Dr. Douglas Shewan of Vancouver, Alexander Shewan of Winnipeg, and Gordon W. Shewan of Montreal. Mr. Shewan's parents Mr. and Mrs. A. R. Shewan, also survive, residing in Montreal.

ANDREW DAVIS, FORMER ST. JOHN MAN, DIES SUDDENLY IN MONCTON

Was Prominent in Masonic Circles—Father Duke Re-organizes Catholic Young Men's Club

(Special to Times)

Moncton, Oct. 9.—Death came with shocking suddenness about 1 o'clock this morning to Andrew Davis, a highly respected citizen of Bridge street. About 8 o'clock Sunday evening he was taken ill with pains in chest and medical aid was summoned, he rallied and in a short time was soon chatting with members of his family apparently as well as ever. About 1 o'clock this morning, however, he had a return attack and expired almost immediately. Heart trouble is supposed to have been the cause.

He was a native of St. John, but had lived in Moncton for some twenty-five years. He had been employed in the I. C. R. shops as machinist up to four or five years ago, at which time he retired under the provident fund act. He was a prominent member of the Masonic fraternity as well as the International Association of Machinists. He was especially active in masonry, being high up in the work of all orders. He was well known by the citizens generally and highly respected.

He was in the 70th year of his age, and is survived by his wife a son and a daughter. The daughter is Miss Wynne Davis of the P. & M. S. Co. staff and the son resides in Victoria, B. C. Three sisters, Mrs. S. B. Evans of St. John, Mrs. D. Olive of Boston, and Mrs. Thomas J. Magee of Roxbury, Mass., also survive.

The Young Men's Catholic Club of this city was reorganized last week by Father Duke. The club intends to go into hockey and all other branches of sport. A meeting will be held this week.

Groveling in the dirt, biting, kicking and screaming "Tiddy" Coma, a local character created excitement last evening in Main street among citizens returning from church. He has been drinking. He created quite a panic as he ran into a crowd and people scattered in all directions. A policeman took him to the lock-up.

SCHOOL CENSUS DOES NOT SHOW UP WELL

Results Will be Laid Before Trustees Tonight—Medical Inspection, Too

The report of Trustee Officer McManis on the school census of the children of school age in the city will be presented to the board of school trustees at their monthly meeting this evening. It is understood that, owing to the fact that the census was taken during the summer when many families were absent from the city, and also because of the suspicion with which census-takers are viewed in some parts of the city, the information gathered is not as complete as the members of the board would like.

Another important matter which may come before the board is the appointment of a medical officer for the schools which was asked for by a delegation which appeared before the board at the last meeting.

The proposal to inaugurate the system of penny savings banks in the schools has been receiving attention at the hands of a sub-committee and it is probable that a report on this matter will be submitted this evening.

WAS THE CORAL LEAF

Schooner on Mattinock a Fine Parrsboro Three Master

A three masted schooner ashore at Mattinock, L. I. is the Parrsboro, N. S. schooner Coral Leaf, Captain G. D. Spicer. Word to this effect came here today. The vessel was a fine one of about 300 tons. She was built by Johnston Spicer at Parrsboro, and Messrs. J. P. Whitney & Co. are understood to have been interested in her also. The Coral Leaf was bound from Spencer's Island for New York with piling.

A New York dispatch dated the 7th was to the effect that it was a three masted schooner in which Messrs. Whitney were interested, but name unknown.

WORD OF THE SCOWS?

The tug Edward P. went down to the wrecked dredge New Brunswick this morning but as there was a heavy sea running she was unable to land the crew of men. The dredge has been dismantled and a large quantity of the material was brought to the city Saturday. The department are still looking for the scows that were abandoned with the dredge. Word has been received that there is a scow ashore at Hampton, N. S., and enquiries are being made with the hope that it is one of those missing. Another report is that a motor boat was seen off McQuarrie's Head some days ago with two scows in tow.

MAY BE CANDIDATES FOR LOCAL LEGISLATURE

With a provincial election looming up in the near future numerous aspirants for legislative honors are coming to the front. The campaign just closed has brought out not a few debutants among the Conservative ranks. One of those most prominent mentioned is Ald. Rupert W. Wigmore, the president of the Conservative Association. I. P. D. Tilley is also said to be desirous of entering the provincial arena and there are those who say that his friends are urging him to enter the lists. Then Miles E. Azar and Daniel Mullin are credited with having ideas along the same lines and generally speaking matters are decidedly looking up.

In the Men's Tailoring Shop

The fabrics—foreign and domestic—are more comprehensive in variety than those carried by the average tailor shop. That is effect, the cause is merely merit. Every yard of these woollens carries the Oak Hall warranty. Printer's ink can give them no higher praise.

But printer's ink might induce you to look them over, to feel them well, to take away patterns and have them tested, perhaps, or to compare them with others; in any, or all, of which events we will be satisfied, but only because we are pretty sure you will be, and this shop thrives on the satisfaction of its patrons.

For \$24.00 to \$30.00 we will make you a Suit to measure that will give you a new experience of Clothing satisfaction, and Oak Hall a permanent customer, supposing you are not one now.

MEN'S BUSINESS SUITS TO MEASURE	\$18.00 to \$30.00
MEN'S EVENING DRESS SUITS TO MEASURE	\$30.00 to \$35.00
