A NEW BRUNSWICK MAN WHO RECEIVES LETTERS FROM A KING

King Boatchie, of the Gold Coast, Pleads With Dr. MacLean to Come and Attend to His Teeth—He Is Unable to Visit the Dentist.

It is not every New Brunswick man who includes a king among his correspondents, nor every dentist who practices his profession on royalty. But Dr. E. G. MacLean, formerly of Milltown, N. B., who is now residing at Lagos, West Africa, has experiences which do not fall to the lot of ordinary mortals. Dr. MacLean is doing well in the Gold Coast Colony, filling and extracting the teeth of the native luminaries and attending to the dental requirements of the few white people who are resident there. A year or so ago he was called upon to pull a tooth for a certain chief, and performed the operation while surrounded by the spear points of the chief's body guard.

In a letter received today from Dr. MacLean he encloses one sent to him by King Kwamir Boatchie, who evidently had a bad pain in his jaw. Dr. MacLean's letter, which is dated from Cape Coast Castle, Gold Coast Colony, West Africa, June 15th, 1903, reads as follows:

"Perhaps your readers would be interested in the enclosed letter of King Boatchie. It gives some idea of the petty native kingdoms of which this colony is composed. He wished me to visit him professionally. I wrote that he must come to me and this is his reply to my letter."

"It has been the policy of the British Government to interfere as little as possible with native rule and these kings still have considerable power in civil cases. If two natives agree to have their case tried before the king his decision is binding but I understand that they usually prefer the District Commissioner's Court. Evidently this chief has more influence with the people than their native royalty. Aguna, a near Kumasi, the hinterland of the Gold Coast but now a part of this colony."

Yours, E. G. MacLean.

The letter from the King, signed by the name of the King, J. Weibek, reads:

Aguna, 28th April, 1903. E. G. MacLean, D. D. S., Tokondri. Dear Sir—I am in receipt of yours dated 15th April with many thanks that I will not get chance to come there present the reason is my subjects have rebelled against me which is the case is taking to Chief Commissioner at Kumasi, and the case is not yet decided. It was three days before I received your letter the Chief Commissioner wrote me that is coming to Aguna to decide the case, therefore as the case is not yet decided there is no chance for me to travel as I am always waiting on Chief Commissioner's coming, also he did not show real time is coming only says in his letter he will be here short time therefore on the receipt this try your very best and come and if you come I will pay your railway expenses which is \$1.50 and also will trade there any goods men here who wish to have new teeth as I told them to you. I hope you may see for me the state and try to come, as I am very anxious to have new teeth and if not in account of my case I might have come with pleasure.

I remain Dear Sir Yours truly King Kwamir Boatchie.

MONTREAL ITALIANS MADE

FREE USE OF REVOLVERS

Two of Them Were Shot as Result of a Dispute at a Picnic.

MONTREAL, July 15.—Two men were shot tonight at an Italian picnic in Electric Park. The wounded are Antonio Monetti, who runs a labor bureau at 508 St. James street. He was shot in the left leg and side and his son, aged fourteen, was also shot in the leg from a revolver in the hands of Chas. Primrose. About 500 Italians were holding a Sunday picnic and Primrose, because engaged in an argument with Monetti, telling him it was a fraud to charge fifty cents for every Italian he sent to the Grand Trunk Railway. The men separated and later while waiting for a street car, about eight p. m., Primrose declared he was attacked by Monetti and his friends and after receiving several blows, one of which broke his arm, and falling to the floor from a knock on the head, he drew his revolver and fired in self-defence. None of the wounds are serious. Primrose was arrested and locked up for the night.

This morning at Indiantown strawberries were selling at eight cents per box and a drop of one cent is looked for this afternoon. It is expected that this will be the biggest berry day of the season as all the river boats come down today.

The game scheduled for this evening on the Victoria grounds is between the P. M. A. and St. Joseph's teams.

TANTON LOSES HIS CASE AGAINST CH-TOWN COUNCIL.

He Had Brought Action Against Them for Alleged Improper Use of Civic Funds.

CHARLOTTETOWN, P. E. I., July 15.—In the case of L. B. Tanton, the city councillors for Charlottetown for 1904-1906, judgment was given on Saturday in the supreme court by Justice Hodgson, master of the rolls, in favor of the defendants. Tanton had requested to pay civic taxes on the ground that the assessment had been improperly levied, because the councillors, going beyond the powers granted by the city charter, had expended over \$7,000 without authority in grants for exhibition associations, band music, funerals, refreshments, etc. The action was taken by Tanton to have the council pay the above amount out of their own pockets into the city treasury. The objection was taken by the city by way of demurrer on the ground that the attorney general only could bring such an action. The judge sustained the demurrer, dismissing Tanton's suit with costs. Great interest had been taken in the case which is now settled so far as past payments of the councillors are concerned.

SIX THOUSAND FEET OF LUMBER STOLEN

Crawford Bros. Have Lost Heavily This Summer—Drifting Deals Should be Allowed to Drift.

Magistrate Ritchie while speaking on a recent case where deals were picked up by boys in the harbor, said in court this morning that persons who pick this lumber up in the harbor are liable to an expensive offence and the penalty for the same is three years in Dorchester. A member of the firm of Crawford Bros., who are sawing lumber at Loch Lomond, has been a severe loser this summer of lumber that has been hauled to the city from Loch Lomond. In the vicinity of 6,000 feet of deals have been missed during the summer and he has been informed that a number of small boys have been making rats with his lumber and peddling about the Marsh Creek. It is thought the boys never replaced the lumber when through with it, but have taken it to the city. Crawford between \$14 and \$15 per thousand feet.

It is a general custom for persons working about the harbor to pick up lumber that is floating about, but according to the law they are not allowed to allow the lumber to drift and not take a chance of getting into trouble.

ACTION OF ROBERT STRAIN IN KEEPING HIS STORE OPEN WILL NOT AFFECT HALF HOLIDAY

There appears to be some feeling among the proprietors and clerks of many of the dry goods stores of the city over the fact that Robert Strain on Charlotte street kept his establishment open for business last Saturday afternoon and evening.

Mr. Strain, when asked by the Star this morning, stated that it was his intention to keep open Saturdays throughout the summer. He had concluded that he could afford the luxuries of a half holiday. When there were other stores open all day Saturday that carried nearly all his lines it would simply be running away from business for him to close up. He had found Saturday afternoon and evening the best times of the week for business. Up till noon last Saturday he had only taken in \$21, and from noon till 10 o'clock at night he took in five times as much. He had received every encouragement from his customers, many of whom expressed their pleasure at seeing his store open, since they were unable for various reasons to get out to do their trading earlier in the day. While he admitted it was very nice for the clerks who wished to spend Sunday off of town to be able to get away at noon Saturday, he felt that he was not called upon to close up his establishment and see the trade passing his door. He had only been a short time in business for himself and he was endeavoring to make a success of it.

P. V. Daniel in talking to the Star said that as far as he was concerned he did not think the fact of Mr. Strain's keeping open would change his attitude in any respect regarding the half holiday.

DIAMOND KING ENTERS THE PEARLY GATES.

Alfred Beit, of South African Fame, Died Today.

Had Been in Poor Health for Some Time—Was One of the Wealthiest Men in the Empire.

LONDON, July 16.—Alfred Beit, the well-known South African financier, died today. He had been in bad health for some time. Mr. Beit, who was born in 1853 at Hamburg, was a life governor of the De Beers consolidated mines, a partner in the firm of Wessels, Beit & Co., and a director of the Rand mines, Rhodesia, railways, Bechuanaland railway trust, Consolidated Company, Balfour's mine, and British Chartered South African Company. He was reported to have been hospitalized in the Johannesburg, and testified before the Jameson commission, and resigned from the board of directors of the British Chartered South African Company, but his resignation was not accepted at the time. Later a suit was brought against Mr. Beit on the ground of complicity in the raid, and his prosecution was demanded by Dr. Leyd, the representative of the Transvaal in Europe, and in 1898 his resignation from the board of directors of the British Chartered South African Company was accepted. When Cecil Rhodes died in 1902, it was said that Mr. Beit was appointed one of his executors, and he thereupon returned to the board of directors of the British Chartered South African Company. Early in 1903, Mr. Beit had an apopleptic stroke while at Johannesburg, and it appears that he never fully regained his health. Since that time he had lived in London. Mr. Beit was said to have been the richest man in London, and who controlled the output of gold in South Africa, was at one time alleged to be forming a "gold trust," in which the names of prominent American financiers were mentioned. Mr. Beit gave large sums of money to the Red Cross and other institutions, and recently donated \$500,000 to found a university at Hamburg.

SCHOONER MAGGIE TODD STRUCK BY LIGHTNING.

VINEYARD HAVEN, Mass., July 15.—Schr. Maggie Todd, St. George, S. I., for Eastport, at this port, reported that on the 10th instant, while between Eastons Neck and Captains Island during a thunder squall, the vessel was struck by lightning and seriously badly burned.

Schooner William Mason, of Boston, bound for New York, carried away mizen topmast and parted flying flibstap off Chatham in the rough sea last night.

Schooner Edith McIntyre, St. George, S. I., for Frankfort, Me., is detained at port, having landed her captain, Amos Pickham, at the Marine Hospital.

This morning the board of works committee held a secret meeting, and as has been the custom since the new council was formed the members would not divulge any of the business which was transacted. This afternoon at 3:30 o'clock the council will meet and take up the question of the dry dock subsidy. At four o'clock the business of the general committee will be considered.

JUDGE RITCHIE SAW A GIRL HUGGING HER FELLOW

BODY OF YOUNG BOY FOUND IN THE WOODS.

John Streub, Missing for a Week, Evidently Met With Foul Play.

GREAT BARRINGTON, Mass., July 15.—Carefully covered with boughs of hemlock, the body of John Streub, a twelve year old boy of Housatonic, was found under a tree in the woods ground last night about 10 o'clock. Policeman Lucas who made the arrest said that Mackin and others were acting disorderly and that Mackin was profane. He was fined \$8.

The case brought forth remarks from the magistrate who said that he frequently walked through the grounds when going to his home on Elliott Row and the actions of the boys and girls in this public place at night are disgraceful. They are so bad in fact that ladies prefer not going through the walks.

Last night after ten o'clock, he said, he saw a young man and woman sitting on one of the seats. The girl apparently would not allow the young man to leave for she held on to him with both her arms about his neck. "The girls are worse than the boys," said His Honor, "and had there been a policeman near at the time I would have had him arrest the girl." Such disgraceful actions within a stone's throw of the police station are not to be put up with, said he, and probably if an example is made of one of these girls these scenes in the graveyard may cease.

THREE WERE KILLED IN CROSSING ACCIDENT.

Family While Driving Were Struck by an Express Train.

NEW YORK, July 15.—Three persons were killed today in a grade crossing accident on the Long Island Railway's Manhattan Beach line at Yesta and New Lots Avenues, East New York. The dead are Samuel Meanley, 37 years of age, hotelkeeper of Brooklyn; Samuel Meanley, Jr., his fourteen year old son, and Annie Meanley, a nine year old daughter. Mr. Meanley and his children, accompanied by Max Rubin, twelve years of age, were driving when struck by a Manhattan Beach express. The father and son were instantly killed and the girl died within a few hours. The Rubin boy may be fatally injured. Piles of dirt thrown up from excavations near the crossing obscured the view of the tracks, although a flagman declares he signalled for Meanley to stop.

SUICIDED RATHER THAN FACE DISGRACE

PATERSON, N. J., July 15.—To avoid the disgrace of arrest on the charge of defalcation, Albert O'Brien, tax collector of the Borough of Totowa, shot himself last night while working on his house. He died instantly. O'Brien's accounts had been involved for some time but owing to his personal popularity every opportunity was given him to make good the deficiency, believed to be about \$4,000. After O'Brien's father had failed in an effort to raise this sum, it was decided last night to arrest the collector and a warrant was issued.

And Thought It Disgraceful—The Girls are Worse Than the Men, He Says—He Would Have Arrests Made and This Sort of Thing Stopped.

There were but two prisoners on the police bench this morning. Harvey Stackhouse for being drunk and swearing Saturday afternoon was fined \$8.

James Mackin, aged 15 years of age, was arrested in the old burying ground last night about 10 o'clock. Policeman Lucas who made the arrest said that Mackin and others were acting disorderly and that Mackin was profane. He was fined \$8.

The case brought forth remarks from the magistrate who said that he frequently walked through the grounds when going to his home on Elliott Row and the actions of the boys and girls in this public place at night are disgraceful. They are so bad in fact that ladies prefer not going through the walks.

Last night after ten o'clock, he said, he saw a young man and woman sitting on one of the seats. The girl apparently would not allow the young man to leave for she held on to him with both her arms about his neck. "The girls are worse than the boys," said His Honor, "and had there been a policeman near at the time I would have had him arrest the girl." Such disgraceful actions within a stone's throw of the police station are not to be put up with, said he, and probably if an example is made of one of these girls these scenes in the graveyard may cease.

MAGISTRATE RESPONSIBLE, BUT IT NEED NOT BE RECORDED

He Scores Out Endorsements Made by Chief Clerk on the Police Court Sheet.

When the police sheet was put in front of Magistrate Ritchie this morning the names of three persons appeared on it Isaac Thumthim and John Jentson, charged by Policemen Marshall and Merrick with acting disorderly by singing and shouting in Gilbert's Lane, and Martin Bowles, arrested by Policeman Finley for being drunk and acting indecently on the North side of King Square. Under the charges were written, in red ink, "Let go by R. J. Ritchie, Esq., police magistrate, who is responsible for the deposit of each."

The police sheet is made out by the chief of police, the men arrested were not in court this morning and the magistrate in speaking of the sheet said that he noticed some writing on it in red ink, which he had taken occasion to blot out as it was not necessary for the entry to have been made. He hoped that his blotting out of the same might result in it not being done again.

VERY LITTLE CONTAGIOUS DISEASE IN THE PROVINCE

Dr. Fisher, of the Board of Health, Talks on Conditions at Fredericton.

Dr. Fisher of Fredericton, Chairman of the Provincial Board of Health, arrived in the city this morning to attend a meeting of the board to be held here this evening. Dr. Fisher states that this present time the province is fairly free from contagious diseases. He has heard of no cases of smallpox lately, with the exception of a few light cases reported in Westmorland county, which are under the charge of Dr. McDonald. There have been no severe epidemics of any kind during the summer so far. Referring to the number of contagious diseases yearly contracted in the city of Fredericton, Dr. Fisher said he had long held that Fredericton must look for these diseases until the outlet of the hospital sewer is changed. The fact that the contents of this sewer find their way largely into the river, he held accountable for a large amount of the disease in that city. He was glad, however, that some improvements were being made of late in that respect. A new sewerage system was now being put in throughout the city, and it was one of the questions which would come before the Provincial Board of Health in the near future whether or not they would allow this system to have an outlet in the river. This matter might come up for discussion at this evening's meeting, but a separate meeting would be called later to consider the question and decide on the matter.

The St. Peter's baseball team played two games of ball at Amherst on Saturday. In the afternoon the St. John team was defeated by a score of 19 to 7, and in the evening game they won by a score of 8 to 2.

WONDERFULLY MADE.
A joke is the breath of his nostrils to ex-Gov. Bob Taylor of Tennessee, and in every canvass he points his remarks with such humor as seems suitable. In speaking of his adherence to democracy, both party and principle, Bob is wont to say that as a good old elder of his Sunday school days followed the Bible from "kiver to kiver," so he took democracy to his bosom, mistakes and all. And then he explains that a small boy was once so wicked as to paste together two leaves just where the good elder's Bible reading was due next, hence the elder gave up this astonishing statement: "When Noah was 120 years old, he took upon himself a wife, who was—and here the glared pages were turned—140 cubits long, 40 cubits wide, built of gopher wood and covered with pitch inside and out." The elder read it again, verified it, and remarked solemnly: "My boys, this is the first time I have ever met with this in the Bible, but I accept it, boys, its evidence of the assertion that we are fearfully and wonderfully made."

SHOULD EXTEND THE COURSE.
The Rev. Silas G. Swallow said the other day:
"I remember, when I was a student at Wyoming Seminary, a farmer came to Kingston to visit his nephew, whom he was educating.
"The farmer had no urban polish. His tea, when it was brought, was very hot, and he poured it in the saucer, to his nephew's great mortification.
"Finally, unable to restrain himself, the nephew was so rude as to say: 'Uncle, why do you pour your tea in the saucer?'
"The old farmer looked up in surprise. Then he said, in a loud, heavy voice:
"To cool it, to be sure. The more air surface you give it the quicker it cools. These here modern seminaries don't teach much science, do they?"

Hair Gone?
Suppose your hair should all leave you! Then what? Weak hair is the kind that falls out; not strong hair! Just learn a lesson from this.
If your hair is falling out, strengthen it. Give it food, hair-food—Ayer's Hair Vigor. It checks falling hair, cures dandruff, and makes the hair soft and smooth. Sold for over half a century.

THE ANNUAL EXODUS.

Within three or four weeks the rush to the west will begin and at the end the Maritime Provinces will have suffered the permanent loss of not less than two thousand young men. The great wheat crops in the west are almost ripe for the harvest, and cannot be saved without assistance from the east. The farmers there demand twenty-five or thirty thousand men and these will be furnished by the older provinces, New Brunswick, Nova Scotia and Prince Edward Island each contributing large numbers. The men who go to the west will be of the best in the provinces, the strong young men who are most wanted at home, but who, failing to realize what the future has in store for them here, determine to seek better fortunes in the west. The majority of them will not come back.

Every year sees the citizenship of the east weakened by this exodus, and no one may say what the end will be. These young men are not lost to Canada, but they are lost to the Maritime Provinces, and the result is almost as serious to the people here. For years we have been giving of our best to build up the new country, but the territories have developed from the state of infancy to that of sturdy youth, and the drain on the older members of the family is becoming too great. It is difficult for the Maritime Provinces to develop, to expand industrially, when the best of the young men are going away, and nothing but some well defined and systematically conducted policy will ever stop the exodus. There have been from time to time suggestions of a provincial organization to deal with this and other matters but nothing has ever been done. The time is now ripe for the calling into existence of such an organization. There are many questions which are of the utmost importance to the Maritime Provinces and which can be successfully handled only by united effort. The emigration to the west is one of these, and there are others connected with the different leading industries of the provinces, with shipping, and with public works, which should receive the careful attention of all thinking men. Political union need not be the main object, but mutual interests should receive joint consideration.

CANADA'S EXPANSION.
The progress of Canada in its material industries is strikingly set forth in a recent report of the department of trade and commerce. Some of the figures show a remarkable growth, and one very satisfactory feature is the change which seems to be taking place in the attitude of the United States in commerce between Canada and the United States. Formerly Canadians bought very largely and sold small lots of goods to the adjoining republic. The advantage was all the one way, but lately a difference is being noticed, for Canadian exports to the United States are increasing far more rapidly than are imports from that country. For the nine months ending March 31st, 1906, the increase in Canadian exports to the United States over the corresponding period of the previous year was \$12,221,365, or 22.2 per cent., while the increase in imports from that country to Canada in the same time was \$4,191,575 or only 5.2 per cent.

During this same period of nine months, imports from Great Britain showed the somewhat unusual increase of \$6,811,370 or 15.8 per cent., while exports advanced 29.4 per cent., or \$23,287,728. In spite of these changes the United States still furnishes 55.4 per cent. of Canada's total imports, and purchases 25.35 per cent. of the exports, while the figures for Britain and the colonies are 29.35 per cent. of the imports and 19.68 per cent. of the exports. Canada's purchases from the rest of the world amounted, in the ten months, ending April 30th, to \$230,345,257, while her sales were \$206,397,698, the total trade being \$436,742,955. Of these amounts Great Britain and the colonies sold to Canada \$66,977,922, and the United States \$137,985,237 in the last year, while the empire bought \$115,019,558 and the United States \$74,921,739. The rapid increase in Canadian exports to the United States is very gratifying. For the twelve months, ending April 30th, the trade of Canada was imports, \$282,704,877, exports \$246,524,973, and total \$529,229,850. This is an increase of no less than \$66,615,517 over the previous year, and of \$6,215,735 over the year ending April 30, 1904, which was the best on record.

The tragedy at John O. Vanwart's will cast a shadow over the pleasures of the yachtsmen now on their annual cruise.
INCREDIBLE.
Clara—That man Grace married is old enough to be her father.
Myrtle—Oh, I think he is age has been exaggerated; very few people live to be that old!
All members of No. 3 Company, 3rd R. C. A., who will be able to go to camp, will meet at eight o'clock this evening at the main drill shed for drill.

GHOSTS.
And ever as the daylight dies
And night's dark curtain falls,
We hear the laughs of other days,
The whistles and the calls;
We feel hand pressures we have known,
And eyes are all alight
That in old days looked in our eyes,
When day fades into night.
They troop from gloomy corners, too,
And the dim portico,
And little ones now grown and wed,
Or dead, dash to and fro
Across the lawn, and laughter clear
Comes as the daylight dies,
From where the ghosts of those we loved
Are chasing fire-flies.

When darkness hides the scar of time,
And day's broad banners furled,
Then comes a little bit of boy,
And comes a laughing girl,
To play with us and laugh with us,
And comes the old delight.
We knew of yore, and pleasure romps
Through all the halls of night.
—Houston Post.

NO BAD RISKS FOR HIM.
I heard of an insurance agent who approached a gentleman who had indicated his intention of taking a \$50,000 policy. The agent was all in a tremble to write such a large amount of insurance. He began his questions: "Are you an automobilist?" "No, sir, I am not." "Are you a motor cyclist?" "No, sir, I am not." The agent shook his head sadly and closed his book. "Folded again," he said, "my company no longer insures pedestrians."

AN ERRAND OF MERCY.
Deeply impressed recently by an address given at Brighton on the evils of smoking, a young Baptist minister rose and said that that morning he had had a present of 100 cigars, one of them he had smoked, but he now determined to go home and throw the rest into the fire. Thereupon an older minister arose and said that he meant to accompany his reverend brother. "My attention," he added, "is to rescue the ninety and nine."

NO, SIR!
There is a story told by Senator Pettus of Alabama, on himself about what happened to him when he was a little chap attending church services. "I was only ten years old," said the veteran of the Senate chamber, "and had been sent to attend Sunday school alone. I always accompanied my mother, but on this particular Sunday she was slightly indisposed and thereby forced to remain at home. "I was occupying a seat very near the pulpit and the theme of the divine was, 'Am I my brother's keeper?' "After preaching about fifteen minutes he reached the climax of his remarks with the words of his subject, and his gaze seemed to rest directly on me. I commenced to fidget a little, but he didn't turn his eyes from mine for a second, and after a short pause burst forth again: 'Am I my brother's keeper?' "I couldn't stand it no longer, and I answered in a meek voice, 'No, sir.'"

LOST NO TIME.
Clement W. Andrews of Chicago, in course of the convention of the American Library Association at St. Louis, visited a number of St. Louis factories. In one of these inspections noon struck in the cardroom of a certain mill, and all the cardroom boys put by their work and disappeared as if by magic. "Do all the boys," said Mr. Andrews, smiling, "drop their tools the instant the whistle blows?" "Oh, no, not all of them," said the cardroom boss. The more orderly ones have their tools put away before that time."

HORSE THAT KILLED FOUR MEN.
(From the Greensburg Star.)
John Evans of Blair station was killed to death by a horse Tuesday morning, and he is the fourth victim of that animal.
The horse is to be shot now, because the widow of Evans will not risk selling him to some other party to increase the list of victims. Evans bought the horse at a bargain in Monessen several weeks ago. He was warned of the animal's bad habit of kicking but laughed and said he guessed he could manage it. He was told it had already killed three men. Jokingly he said: "I'll make a good fourth."

RHEUMATISM CURE.
Two farmers driving in opposite direction met in the roadway a few weeks ago, according to the Buffalo Times, and saluted each other as follows:
"Morning, Sir!"
"How-dee Hank!"
"Say, Si, what'd you give your hoos for the rheumatism?"
"Turpentine."
"That so?"
"Git ap!"
"Yep, git ap!"
And they both drove on.
A few days after they encountered each other driving again, and, after passing the time of day, Hank said: "Say, Si, I thought you told me you gave your hoos turpentine for the rheumatism."
"I did," Si answered.
"That's funny. I gave mine turpentine an' he died."
"So did mine; git ap!"
"Hull-up!" Hank answered.
Both again drove their respective ways.

AN INFANT INDUSTRY.
(From the Wallula Gateway.)
There have been quite a number of coyotes' progeny dug out of the ground recently; in fact, some of the natives have secured as many as nine cubs in one burrow, and, as their scalps are worth \$1 each, there is money in the biz.

INDIANS SHOULD NOT PAY FOR LICENSES.
Chief Sark, who is here again
Selling Pictures,
Say the Braves are Complaining of What
They Consider Unfair
Treatment.

Chief Sark, of the Micmacs, is with us again, and was a striking figure on the streets today. Clad in his official uniform, with the feathers in his hat, and the medals on his breast, his towering form was an object of interest to many. The chief came across from P. E. Island on Friday last, and his mission at this time is a financial one. He is selling photos of himself for the purpose of raising funds for the Micmac celebration next week.

Once every year the Indians under Chief Sark's rule, who live on Lennox Island, the reservation on the North Shore of P. E. Island, hold a pow-wow, and about the same time observe St. Ann's day. On Monday next they should have to pay for game license. His people, he says, kill only the animals they require for food, but strangers come to the woods, shoot many moose and deer, cut off the horns and leave the meat to spoil. They should be made to pay heavily for this privilege, but the Indians who kill only for food ought to be allowed to do so for nothing. This feeling, says Chief Sark, is general. The chief will leave this evening for Norton, if his deliberate and steady mode of locomotion enables him to reach the depot in time to catch the train, and will return to P. E. Island tomorrow. He has many friends in St. John now, he says, "Gai'n well a lin'."

Great preparations are being made for Father Byrne's picnic at Norton next Tuesday, 17th inst. The Hampton band will be present. The I. C. R. will grant excursion tickets between St. John and Annapolis to return the following day.

The regular monthly meeting of the W. C. T. U. will be held on Tuesday afternoon at three o'clock in their rooms on German street.

No. 2 Co., 3rd Regt. C. A., will meet at their drill shed this evening for return of rifles at 7 o'clock. Plain clothes.

Advertising is an older institution than most people believe. It is first mentioned in the book of Ruth.—Chevalier Caspar Augustus Harston, m. Passenger and Freight Agt. London and Northwestern Railway of England, Australia.

PATRICK EGAN DROWNED FROM ONE OF THE R. K. Y. C. BOATS

Tragedy Early This Morning at John O. Vanwart's—The Body Recovered at Five O'clock and Brought to the City This Afternoon.

Patrick Egan, the rigger, well known only in St. John, and who was used, but as they were not very serviceable it was thought best to send to the city for a proper equipment. This, however, was not necessary, as at five o'clock the body was located near where the tragedy occurred, and was drawn to the surface by Malcolm McAvity.
Dr. March who was there at the time saw that life was not very serviceable it was thought best to send to the city for a proper equipment. This, however, was not necessary, as at five o'clock the body was located near where the tragedy occurred, and was drawn to the surface by Malcolm McAvity.
The late Mr. Egan was a native of Ireland, and had for a time been sailing to this port. Some twenty years ago he came here to live, and his since became widely known and generally respected. He was of an even temper, always good natured, and ready for a joke. But in August, 1904, his wife died, and since that time he has never been the same, caring little how things went or what happened to him. Mr. Egan leaves an adopted son, Robert, who lived with him at 287 Charlotte street.

Very Evident.
Mrs. Hayde—"Why, John, I heard that you lost \$25 last night playing bridge."
Mr. Hayde—"What? I don't know how to play that game."
Mrs. Hayde—"So I was informed by the party who won the money from you."
—Stray Stories.

A Harried Trip.
"Did you see much of Washington?"
"No. Our time was limited. We only went to the top of the monument, through the Capitol, and around Bill Tate's."
—The Reader.

PERSONALS

Mr. and Mrs. John R. McCloskey left on the Calvin Austin Saturday for Barabara, where Mr. McCloskey will attend the A. O. H. convention as a delegate from N. B. and N. S.

Ottawa Journal: C. H. Eason, manager of the Bank of Nova Scotia in St. John, formerly manager of the bank in Ottawa, is spending a few days in town, stopping at the Windsor.

Mrs. Charles Henderson, who has been visiting her mother, Mrs. Elliott, High street, left Saturday for Dawson to join her husband.

Miss Florence Ferguson of Chicago is visiting friends in the city.

Miss Elsie Matthews, of New York, is visiting her aunt, Mrs. Nelson, at Renforth.

Miss Connor, of Boston, arrived on the steamer Calvin Austin on Friday and is visiting Mrs. James Gerow, Garden street.

Mrs. Cole, of Moncton, is visiting her daughter, Mrs. George Ellis, Douglas avenue.

Miss Bessie Kilburn, who has been visiting her friend, Miss Elsie Estabrook, has returned to her home, Kilburn, N. B.

Mr. and Mrs. T. S. Simms and family have gone to camp out at Ormocro for a few weeks.

Mrs. Cushing has gone to Halifax to visit her sister, Mrs. Beer. She was accompanied by her little daughter.

Rev. Arthur Dunn and his fiancée, Miss Hunter, who have been visiting his sister, Mrs. Dicker, have returned to their home in Quebec.

Mrs. Lewis Cronk (nee McFarlane), will be at home Wednesday and Thursday, July 18 and 19, afternoon and evening at 111 St. David street.

Mrs. John Curr (nee Pyle) will receive her friends on Wednesday and Thursday afternoon and evening, July 18th and 19th, at her home, No. 225 Brussels street.

Mrs. William N. Martin (nee Parlee) will receive her friends on Wednesday afternoon and evening of this week at 82 Harrison street.

Mrs. Herbert Stedie (nee Parlee) will receive her friends on Tuesday and Wednesday afternoon and Tuesday evening at 92 Spring street.

Mrs. W. W. Hay of Woodstock arrived in the city this morning and is a guest at the Royal.

Dr. J. D. Maher and Mrs. Maher came in from Boston this morning.

Dr. Sprague of Woodstock arrived in the city this morning.

Dr. Barbour and wife of Fredericton are in the city.

Judge Forbes, accompanied by his son, Homer D. Forbes, and a party of friends from Chicago, left this morning for Morris's Pond, P. E. I., where they will spend a week fishing.

M. G. Teed left for Dorchester this morning.

J. H. Barry of Fredericton arrived in the city this morning.

Dr. Fisher, chairman of the provincial board of health, arrived in the city this forenoon to attend a meeting of the board, which takes place today.

P. E. Blackner and wife of Fredericton are in the city.

Mrs. Joe Henderson and Miss Myrtle Henderson left last Friday for New London, Newport and New York on their vacation to visit relatives.

REMARKABLE DEMONSTRATION IN CHAMBERLAIN'S HONOR

Came to an End Last Week—He Has
One More Speech to Deliver.

LONDON, July 15.—Chamberlain is decidedly better. He came well through the most remarkable series of demonstrations ever given a public man in this country. It is all the more regretted that an attack of gout prevented the fulfilment of the desire of colonial delegates to give a final colonial touch to the week by a united tribute to the indomitable spirit with which Chamberlain has made imperial reciprocity the great practical question of the hour.

A joint Canadian, Australian, New Zealand, and South African committee had been formed to arrange a luncheon on Saturday in Chamberlain's honor, and this was only postponed at the last moment. Now the delegates have dispersed through Europe, but it is hoped that Chamberlain will find an early opportunity to deliver his intended speech on colonial aspects of the movement.

HAD HER PURSE STOLEN ON THE BOSTON TRAIN

A woman who came in on the Boston train this morning on her way to Prince Edward Island, lost a purse containing her ticket and a sum of money. The supposition was that the pocket book had been stolen.

When the train arrived in the depot this morning the lady left her purse in the Pullman car and assisted another lady, who is an invalid, from the Pullman car into the first class car. Upon returning to her seat in the Pullman she found that her purse was missing. A complaint to the police started an investigation, but nothing could be found concerning the lost purse.

It is probable that the C. P. R. will supply the lady with a ticket to continue her journey to P. E. Island.

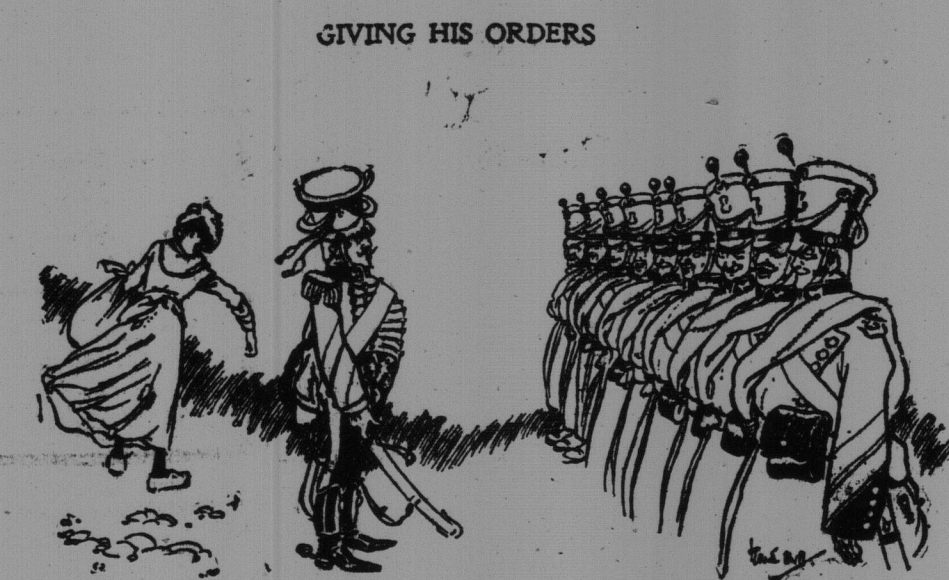

SLEPT IN THE RAIN TO ESCAPE A FLOOD.

TRINIDAD, Colo., July 15.—A hundred people who live in Rhodes Canon, 15 miles north of this city, slept last night in a drenching rain on the hills to escape a terrible flood that is raging in the canon. One man was drowned at Berwind. Seven houses and a general store have been washed away.

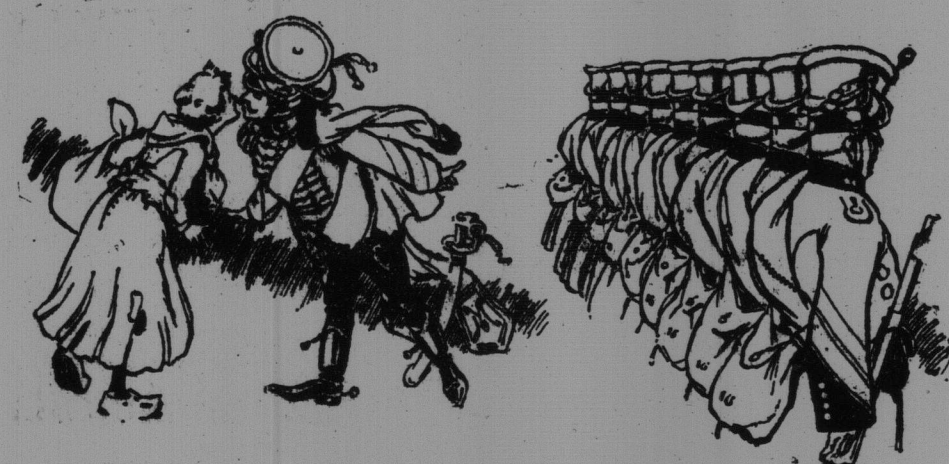

The water came down the arroyo carrying many cattle and horses with it. All bridges across the streams were carried out by the flood, and railroad traffic is badly delayed.

The Portland Methodist church will hold a strawberry festival in the schoolroom of that church tomorrow evening. A literary and musical program will also be carried out.

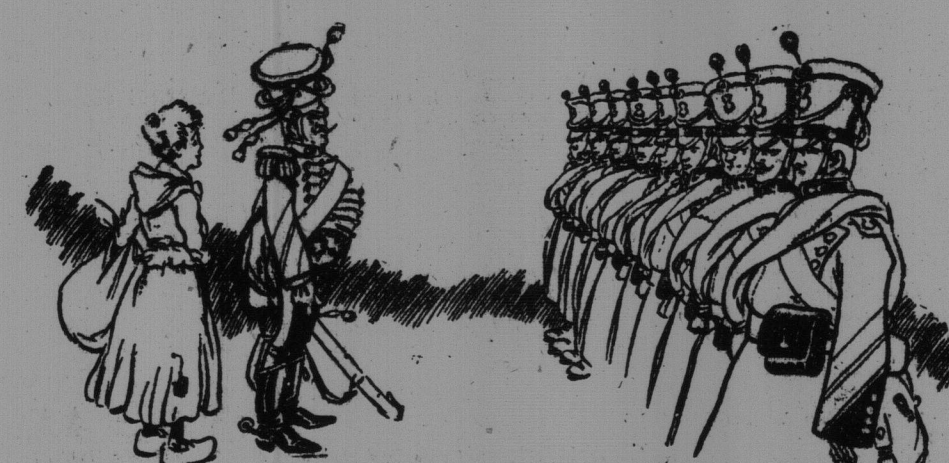

It seems to me that it would be a good plan for all firms, by judicious week-day advertising, to impress upon the people the fact that Monday is not the only bargain day—W. D. Williams, Jordan, Marsh & Co., Boston.

1—General Highball—(seeing a pretty maiden) Right about face!

2—Ah—yumi yumi yumi!

3—Front!

THE ST. JOHN RIVER.

Written for The Star by Rev. William A. Holbrook.

Filled to the brim with water of Heaven by angelic servants Bidden by Christ, are the beautiful lakes of Maine to the northward, Blue as the sky by day, and reflecting the stars in the night-time; There in the morning of time was baptised the river of St. John. Prattling a little child's rhyme, he began his wandering sea-ward. Soon like a boy out of school, he ran rushing headlong to Grand Falls. Over the rocks he leaped with shouts and light hearted laughter. More sedate by experience he moved past Fredericton City. There the Cathedral spire made the sign of the Cross on his bosom. Stronger and stouter he strides amid intervals covered with cattle. Feeding or chewing the cud in grass grown green by his coming. Leaving low banks well adorned by townships and flourishing farmsteads. Gratefully greeting the inwinding lakelets that serve him with plenty. Fearlessly forward he goes by the Devil's-back's ominous shadow. Reaching at length the beautiful bend where the Nepere enters. Welcomed by summer-day homes and the voices of holiday parties; Waving his arms aloft, he gaily salutes as he passes. Mounting the foaming crest of the tide he gallops o'er Grand Bay, Kennecobeac joins him in race and both speed together. Neck and neck through the Narrows they run, rushing down in the rapids; Over the fearful Falls they leap, swinging round to the harbor; Forging ahead, the St. John with his rival foaming behind him. Passes by "Partridge Light" and its fog horn salutes him victoriously. Borne on the billowy breast of the beautiful Bay of Fundy, Onward he goes, to the arms of old Ocean, his white bearded Father.

WILLIAM A. HOLBROOK, Boston, Mass.

The position a Newspaper holds in its own constituency is always apparent in its "WANT AD." PAGE. It is now accepted as one of the eternal verities in the world of advertising, that the newspaper which carries the greatest portion of the

ABSOLUTE FACTS!

"Want Ad." Business of its district, is assuredly THE BEST Result getter in that Section. The ST. JOHN STAR Prints More "Want Ads." than Any Other St. John Paper. It is the Unrivalled and Recognized "Want Ad." Medium of St. John.

MORE FIGHTING IN THE PHILIPPINES

MANILA, July 15.—Lieut. Costello, of the constabulary, reports that on July 15th he had a fight with Ladrones under Panieton Villafuerte at Casaguran, in the province of Abay, Lunzon. Villafuerte was killed during the fight, and four rifles, together with ammunition, were captured. The provincial treasurer was arrested and held prisoner at Casaguran, awaiting orders from insular authorities. Villafuerte was a brother of the Ladrones leader captured some time ago.

VACCINATION PREVENTS THE SPREAD OF CHOLERA

MANILA, July 15.—The cholera situation has greatly improved. Twelve cases and nine deaths were reported during the past 24 hours. The health bureau offers free vaccination to prevent the spread of the disease. A test made of the vaccine since the outbreak of the disease shows that it acts as an absolute preventative.

BOUND TO BE BURNED.

NEW YORK, July 15.—The fifth fire within a few weeks in the American Cotton Dock and Trust Company's plant, at Tomkinsville, broke out today from an unknown cause and destroyed the remaining storehouse with its contents of about 5,000 bales of cotton. The loss of \$50,000 will fall on the company as the underwriters some time ago cancelled policies on cotton on account of the recent fires.

DEATHS.

BELYEA.—In this city on the 15th inst., Caroline E., relict of the late D. Warren Belyea. Funeral from her late residence, 281 Princess street, Wednesday morning, at 9:15 o'clock. Interment at Westfield.

TOO LATE FOR CLASSIFICATION.

BAR HARBOR EXPRESS CRASHED INTO FREIGHT.

Accident at South Lawrence Which Fortunately Was Not Attended by Fatal Results.

LAWRENCE, Mass., July 15.—The Bar Harbor express, due here at 9:32 on its way to Boston, unexpectedly took a siding in the freight transfer yard, half a mile east of the South Lawrence station of the western division of the Boston and Maine railroad tonight, and crashed into a line of empty cars at full speed. None of the passengers were hurt, and though the engineer and fireman were somewhat scratched and bruised, their injuries were not severe enough to make medical attention necessary.

The engine, after ploughing its way through half a dozen freight cars, turned over on its side.

Fortunately the coach next to the engine was empty and locked. This received the full impact of the collision, and the full impact of the collision, and the seven coaches following it escaped injury, and the passengers had no worse experience than a severe shaking up, due to the sudden stop.

After less than an hour's delay, the train was sent on its way to Boston with a new locomotive.

MUST HUSTLE WORK ON FREDERICTON SEWERAGE.

Sandy Jones Fined for Supplying Liquor to an Indian.

FREDERICTON, N. B., July 15.—Sandy Jones, the well known colored man, pleaded guilty in the police court this morning to the charge of supplying liquor to an Indian. Col. Marsh levied a fine of \$50 and \$3.50 costs. The fine was allowed to stand on payment of costs.

Isaac Allen who was found guilty of stealing a watch from John Fulton received four months in jail.

Engineer Barbour arrived here this morning. He says that Contractor McManus will have to increase his force at once.

Contractor McManus says he expects sixty-five men from Millinocket, Me., shortly.

Word from Hyde & Webster has been received that they will accept the city's terms for cancelling their contract.

HELP SECURED--QUICK.

ST. JOHN STAR, MONDAY, JULY 16, 1906.

ART TREASURES LOST TO GERMAN MUSEUM.

Loudon Dealers Buy One of Most Famous Collections in the Fatherland.

Connoisseurs Alarmed at Number of Art Objects Being Taken from Country.

BERLIN, July 14.—There is something akin to consternation in Berlin art circles at a piece of news which leaked out, though nothing has as yet appeared about it in the press.

Messrs. Duven Bros., the London art dealers, have within the last few days bought the entire collection of works of art formed by the late Count von Hatzfeldt, a collection which is generally considered to be the finest of its kind in Germany.

It was not only himself a great connoisseur in all the varied manifestations of Renaissance art, but was helped by the advice of Dr. Wilhelm Bode, who is considered the greatest authority on art in this country, and, perhaps, on the entire continent.

APPRaised AT \$1,250,000.

When Herr Hatzfeldt died in 1894 he left some few exceedingly valuable pieces to the Berlin Museum, though the bulk of the collection passed into the possession of his widow.

Dr. Bode cherished the hope that the whole collection would eventually pass to the state, or be presented by some wealthy enthusiast, but apparently nobody felt inclined to pay the \$1,250,000 at which it was appraised by its owner, and for which it has now passed into the hands of Messrs. Duven.

Paintings and sculpture in marble, bronze, terra cotta, wood and ivory, tapestries and embroideries, furniture and stained glass, clocks, enamel, illuminated manuscripts, faience pottery, medals and church plate in the catalogue of the collection, which is to be shipped forthwith to England, and will probably be placed on exhibition at the Teyton galleries.

SOME OF THE WORKS.

Among the pictures are a portrait by Botticelli, a Madonna by Lippo Lippi and paintings by P. Polajacolo, Patinir, Mostaert, De Bles, Van der Meulen, Cima da Conegliano, P. Pol and many by many unknown masters, which includes many pieces of inestimable value.

Among the sculptures are a Madonna by Antonio Rossellino, Mino da Fiesole, Andrea della Robbia, Luca della Robbia, Antonio Pollaiuolo, F. Vischer, Andrea Baccio, Gian Bologna, and others of equal note.

This is the second important collection in Germany that has within the last few months been sold to foreign countries, and art lovers are seriously alarmed at this exodus of art treasures that can never again be replaced.

THE NEW PASTORS IN METHODIST CHURCHES

Occupied Their Pulpits for the First Time Yesterday.

The two new Methodist pastors preached their inaugural sermons to well filled houses last evening. Rev. J. Crisp, Zion church's new pastor, preached an eloquent sermon from the book of Exodus xxxviii: "The Lord's side." At the opening of his discourse Mr. Crisp, who was at one time pastor of Carmarthen street church, expressed his pleasure at receiving so warm a welcome from his many old friends in this city.

In his sermon the pastor pointed out that every living man must either be counted in the ranks of the Lord or in the ranks of the enemy. He was either for or against the Lord. He then showed that the Lord's side was the right side in the time of life and in the time of death, and in the time of eternity.

Rev. Neil McLaughlin, the newly appointed pastor of Portland Methodist church delivered a strong discourse last evening, taking as the central thought the words, "From everlasting to everlasting, thou art God."

Before beginning his sermon he spoke in terms of highest commendation of the work of his predecessor, the Rev. Samuel Howard, and expressed a thorough confidence in the new pastor. The preacher in his sermon by able argument attempted to prove that the reasoning of the atheist was all wrong, and that any rational being who would view calmly the grandeur of creation would be convinced that there was some omnipotent power behind it all.

Rev. Samuel Howard, the new pastor of Exmouth street Methodist preached his first sermon last evening to a large congregation.

INSECTS CAUSED THE WRECK OF STEAMER

They Swarmed on the Boat Around the Searchlight and the Officers Turned It Off.

LACROSSE, Wis., July 15.—A message from Trempealeau at 3.35 a. m., sent by the Burlington railroad agent, says that everyone who was on board the steamer Quincy, which ran ashore and burned near there last night, will be saved.

The desire of the officers of the Quincy to escape the myriad of insects which infested the vicinity of the searchlight when it was turned on caused the accident. To escape the insects the light was turned off, and the pilot, in the dark, mistook a landmark and ran the boat aground.

For the purpose of rescuing about fifty persons who are imprisoned on a swampy piece of ground which they cannot leave, the steamer Isaac Saples, a rafter, left Lacrosse early today. It is sixteen miles to the scene of the accident.

Rescue work was effectively done by the colored roustabouts of the craft when the Quincy ran ashore. When it became apparent that the boat would have to be abandoned the steamer was forced upon the bank by the powerful engines, the crew literally creeping up the steep bank. Tied to a tree the burning steamer was held while the roustabouts took people off the stern in boats.

Some of the passengers rescued stayed at Trempealeau, some went to Winona, Minn., and others came to Lacrosse.

WILL NOT FIGHT DUEL AND COURT APPLAUDS

Army Officers and Swordsmen Uphold Attitude of Anti-Duelling League.

VIENNA, July 14.—Herr Emil von Hoffmannthal has refused to fight a duel on the ground that he belongs to the Universal Anti-Duelling League.

He submitted the case to a jury of honor, composed of officers of the reserve and well-known swordsmen, who have decided that Herr von Hoffmannthal, as a member of the league, is bound to refuse satisfaction by arms, and that his refusal does not imply any reflection on his honor.

This decision marks a great advance in the anti-duelling crusade, and, it is believed, will go far to stamp out a practice which owes its continuance only to the fear of being branded a coward by public opinion.

KAFFIRS RECALLED BY CHIEFS

Danger of Fresh Outbreak of Revolt in Natal Colony.

PIETERMARITZBURG, July 15.—A commentary on the disturbed state of the colony is supplied by the renewed exodus of natives from the towns, turning to their kraals. The pretext is that they wish to protect their cattle and possessions, but in reality they have been recalled by their chiefs for a purpose which may readily be conjectured.

There is already a shortage of labor, especially in Durban, where domestic "boys" persist that numbers of them belong to the disturbed areas, but they are not permitted to travel by railway without express authority, and most of them are making their way across country.

The military position is marking time until strategic dispositions are completed for the routing of the rebels in the north of the colony. It is necessary to watch other portions of Natal as well.

PASSENGERS SMUGGLED.

Loss to Steamship Companies Going on for Many Years.

LISBON, July 15.—It is confirmed that the smuggling of passengers between Europe and South America on the royal mail steamers has been going on for years.

It is estimated that a loss of \$1,000 on each fortnightly voyage has been sustained in this way, making over \$60,000 a year. It has not yet been ascertained whether the irregularities have extended to the English traffic.

Rigorous investigations are being made at all the company's agencies, and more sensational discoveries are expected.

5200 WEDDING GUESTS.

Two Thousand Beggars Regaled on Remnants of Feast.

WILL CARRY WAR INTO Foe's CAMP

British Company to Start a Factory in United States.

Afraid of Future Dumping and Will Thus Head It Off—Statement by Mr. Chamberlain's Brother.

LONDON, July 15.—Walter Chamberlain, brother of Joseph Chamberlain, president at a meeting of the Avery Co., of Birmingham, said that, as the recent general election had postponed fiscal reform, the company had decided to open in the United States, and manufacture automatic weighing machines, which, it was expected, would soon be dumped in Great Britain under the cost price here.

He added that an American company had been formed to make Avery machines, which, it was expected, would soon be dumped in Great Britain under the cost price here. The directors had therefore decided to carry the war into the enemy's camp.

He intimated that this was the first of a number of such factories that would be built in countries having protective tariffs.

RICHEST MINES IN THE WORLD

Recent Discoveries in Lake St. John Reveal Untold Wealth.

QUEBEC, July 15.—Peter McKenna of Montreal, the original discoverer of the valuable mineral deposits in the Chibougamou district, near Lake St. John, has arrived from Chibougamou, and in his own words is as happy as a big sunflower.

He spoke in glowing terms of the Chibougamou mining, and says that the wealth was unbounded and inconceivable. He does not think any other part of the world up to the present worked would come up to the riches to be developed there.

Mr. McKenna said prospectors from every part of the world were flocking up north, and on his way from the district he met twelve prospecting parties going to the mines. His company recently sank a shaft down thirty-two feet and found gold quartz with a value of \$4 to the ton; then two forty-foot veins were traced two thousand feet without coming up an end, and emerged into eighty-foot veins rich in contact. He also discovered several other five-foot veins on his last trip containing pyrites with two to five per cent. silver and nickel running through them.

CIRCUS MENAGERIE

A BIG ONE THIS YEAR.

Crowds are Sure to Find it a Source of Much Interest.

While the circus menagerie is primarily intended for the smaller cities where zoological gardens are unknown, it is surprising how large a percentage of those who visit the Barnum & Bailey circus these days linger in the menagerie department even after the performance has begun in the great amphitheatre.

As a matter of fact Barnum & Bailey's zoo is notably complete and interesting this year. One of the latest additions is a bi-horned African rhinoceros. This is said to be one of the finest of the very few specimens of this strange animal now in captivity.

Although still young, its hide lies in great folds and ridges over its strong and massive frame, and its eyes twinkle suspiciously in cavities that are almost lost in the undulations of its great head. One horn is quite short, the other extends from the upper part of the snout, forming a strong, sharp and dangerous weapon of offense or defense. And well he knows how to use it. The keeper who dared to enter his cage during one of the unaccountable fits of bad humor that periodically seize upon this curio among beasts, was so much as to touch the rhinoceros with a leaden bullet will flatten against it, and yet, curious to say, a mosquito can annoy the rhinoceros and drive him into a furious temper, and in his wild state he often comes himself with mud to prevent the insects from stinging him. Another curious fact is the arrangement of the horns, which are not fastened to the skull, but held in place simply by the hide.

George Conklin, the superintendent of the Barnum & Bailey menagerie, considers the rhinoceros the most dangerous beast in the circus zoo. The hippopotamus is said to be the largest in America, the four giraffes represent a force of \$40,000 and there are enough lions and tigers and other cat animals to start an animal farm. One of the most interesting of the menagerie, though not especially valuable—is very curious. It is a sloth and was recently shown to St. John people when it was exhibited here Friday next, July 20.

There are many other notable animals in the circus zoo. The hippopotamus is said to be the largest in America, the four giraffes represent a force of \$40,000 and there are enough lions and tigers and other cat animals to start an animal farm. One of the most interesting of the menagerie, though not especially valuable—is very curious. It is a sloth and was recently shown to St. John people when it was exhibited here Friday next, July 20.

The menagerie will prove especially interesting to St. John people when it was exhibited here Friday next, July 20.

BRIDE'S CHILDREN SLAIN ON WEDDING DAY

Former Sweetheart of the Bridegroom Commits Terrible Act of Vengeance.

ROME, July 14.—A terrible tragedy marred the wedding yesterday of a young and beautiful widow, near Messina, Sicily. The bridegroom, who had just returned from church, and the bride had left the room for a moment to see her children by a former sweetheart, when a loud shriek was heard.

The bridegroom ran upstairs, followed by the guests, and found the two children, a boy and a girl, appeared to be playing, but close examination showed that they were both dead, their throats having been cut and the bodies placed in a natural position.

A former sweetheart of the bridegroom was arrested, and confessed that jealous hatred of the woman who had robbed her of her lover, had driven her to kill the children. It is feared the mother will lose her reason.

CRIPPLE LET TRAIN RUN OVER HIM.

SHERBROOKE, July 15.—Joseph Lafamme of Montreal, supported by two wooden legs and a pair of crutches, took his position on the railway track near East Angus, Wednesday, and deliberately resigned himself to the mercy of an approaching train. He was fatally injured and died a short time afterwards. The engineer asserts that ample warning had been given, and that the man was plainly aware of the train's approach, but made no effort to escape.

HEERMANN TONIGHT.

The Great Heermann, the renowned magician whose experience in magic stretches from childhood over many years and through many lands will appear at the Opera House tonight and all week. His reputation as a prestidigitator is world-wide, a perfect king of necromancy, he stands alone, unrivaled and supreme in all the great capitals of the world. Heermann the Great brings his entire company to St. John with the most elaborate, the most brilliant, and the most expensive stage setting ever put on in any magical entertainment. As an extra attraction for his engagement here he has at great expense secured the marvelous Sa-Hera. The press of Europe, Asia and Africa, seem to view with each other in praising the wonderful achievements of the remarkable "Sa-Hera." He has been one long triumphal tour of the civilized world, and no artist lives who has enjoyed the world-wide fame of this almost supernatural mystifier. He seems to read the inner soul, unveil the secrets of the most secretive mind, and at the same time provide a deeply interesting and mirth-provoking entertainment.

EXERCISE FOR BUSINESS MEN.

(World's Work.)

The average city business man without physical impediments to fight against can probably get along successfully on such an exercise schedule as the following:

1. Five minutes each day of purely muscular exercise, such as can be taken perfectly well in one's room, without any special apparatus.

2. Short intervals during the day of fresh air, brisk walking, deep breathing, out of doors, for playing games, etc. This is an essential. This is for both body and mind. A man who thinks he can get along without at least one vacation time a week simply proves his ignorance.

UNION MUST BE CARRIED OUT

Japanese Methodists Spring Surprise on Americans.

If Divisions Not Ended Will Discuss Their Independence.

(Toronto News.)

The Land of the Rising Sun might more appropriately be described as the Land of Surprises, for certainly this century has witnessed more shocks given to her complacency of western nations by Japan than were dreamed of by her most sanguine admirers. The latest surprise from the island empire is a notice the Methodist church that present divisions will not be tolerated, and that differences of policy or creed must yield to the demand for union. The matter has been discussed by the Canadian and United States churches, carrying on work in Japan, but differences on points that must seem futile to people viewing the question "dispassionately" prevented serious progress from being made. The American Methodist Episcopal wish to retain their bishops, while the Canadians do not favor bishops. Other difficulties of no greater value also exist. The Methodists of Japan now insist that these shall be smoothed over without delay, and this means that if their wishes are not complied with they will assert their own independence and carry out a Japanese scheme of union. No threat has been made, and none is intended, but there can be no other meaning to the representations made by Japanese Methodists to the churches in America.

The visit of Dr. Carman and Dr. Sutherland to Washington to attend a meeting of the committee on Methodist union in Japan was solely to discuss this momentous question. Both gentlemen are thoroughly seized of the present state of feeling in Japan, and his abhorrence of anything like foreign tutelage, and that it is reasonable to suppose that means of meeting the wishes of their fellow Methodists in Japan will be promptly devised and carried out.

HILL TALKS OF HIS NEW CANAL

Explains the Plans for Its Construction and the Route to be Followed.

'CHICAGO, Ill., July 15.—As "Hill" proposed water route is through the Winnipeg river and Lake Winnipeg, his purpose in making it is to establish the eastern terminal of his new Canadian continental line instead of some point on Lake Superior is explained. Hill, in conversation with friends in St. Paul, declared that the route is feasible and its building would be as cheap as railroad construction. He said there is nothing in the way of the construction of the canal and the route already has been decided upon. It is proposed to have the canal start from some place on Lake Superior, pass northward through Rainy River and the Lake of the Woods to the Winnipeg River, and pass the city of Winnipeg to Lake Winnipeg. From there it would be necessary only to dredge out a channel into Hudson Bay, thus connecting the Great Lakes with the bay and the Atlantic ocean.

FALLS 2000 FEET IN ALPINE PEAKS

Terrible Death of a Swiss Cyclist in the Darkness of Night.

GENEVA, July 15.—A terrible accident occurred yesterday at the Gorge of An, a favorite excursion rendezvous, near Sarren, the Capital of Gland. A Swiss, named Rothlin, delayed his return journey to Sarren from the Moirial Valley, where he had been visiting on his bicycle, and was overtaken by the night. In the darkness he lost his way, and rode out on the road which leads to the gorge and ended abruptly at a precipice nearly 2,000 feet in depth.

Rothlin, who must have been going a good pace, crashed through the wooden barrier at the end of the road, and was flung with his machine into space. Next morning the body, which was unrecognizable, was recovered from the gorge. The victim leaves a widow and large family.

MAY HAVE TARIFF WAR

Danger of Disturbance of Relations With Switzerland and Spain.

PARIS, July 15.—There is imminent danger of a serious tariff war breaking out between France and Switzerland and between France and Spain. The French protectionists have succeeded in inducing the government to increase the import duties on pure silk from Switzerland, and the Federal Government threatens to retaliate by doubling and trebling the duty on all French commodities. Similar measures in 1892 reduced French exports into Switzerland from \$50,000,000 to \$20,000,000.

In the case of France and Spain all hope of arriving at a friendly settlement is now at an end. The Spanish Government, acting on the agitation of Spanish manufacturers, has decided to increase heavily the duty on all French goods entering Spain, and as the French government has announced its intention of retaliating, it is certain that practically all commerce between France and Spain will soon be suspended.

RHEUMATISM

Price 25c. Myer's Rheumatism Cure will relieve you in a few days. It does not put the disease to sleep, but drives it from the system.

A public reception will be held in Zion church tomorrow night to give Rev. Jas. Crisp an opportunity to meet the members of the congregation and to give his former friends a chance to welcome him back to the city.

ST. JOHN, N. B., MONDAY JULY 16 1906

THIS IS BIG NEWS! GREAT ORGANIZATION SALE!

Every Garment in our Wholesale and Retail Stocks to be Sold at a Reduction of From 25 to 50 Per Cent. on Former Lowest Prices.....

Why do we do it? Under ordinary circumstances we would hold a Summer Clearance Sale during the month of August, but at an Organization meeting held Saturday last, at which were present James M. Scovil, William G. Scovil, Frank C. Smith, James M. Scovil, Jr., and Sydney C. Young, the applicants for incorporation as Scovil Brothers, Limited, and to whom Letters Patent have been granted, it was deemed advisable to hold an Organization Sale as our first important business move, and following this decision, we announce this Sale to take place, beginning Thursday, July 19, and to continue until, and including Saturday, July 28—during which time you can buy our unequalled ready-to-put-on Suits, Overcoats, Trousers and Furnishings for both men and boys, at less than the usual wholesale cost—which means that you can buy them at about **Half or Less than the Prevailing Retail Prices.** It seems hardly necessary to add that they're all this season's productions and that they're made in the newest and most popular style—the fact that they're Oak Hall Clothing means that they're all the most particular could ask for.

Men's Suits

LOCAL NEWS.

Those Heney Carriages are here, rubber and steel tires. A. A. Price, Price & Shaw's old stand, Main St.

The Jungle (a work on political economy) written in fiction form, shows the evils of trustification and the havoc wrought upon society, portraying conditions which do exist in the slums of our great cities. Get it at Hall's.

Just to keep up the shopping excitement at M. R. A.'s, Ltd., there will be a sale of imported and domestic cloth remnants for men and boys clothing in the cloth department commencing in the morning. The advt. explains fully.

Edward Olive and Wm. Gilson have been reported by Policeman Lucas with assaulting and beating Andrew Patterson on Charlotte street about one o'clock Sunday morning. The policeman says that the two men reported asked Patterson if he had been responsible for the arrest of a young man last spring, and on his replying that he had, they committed the assault.

W. J. LaPlante, representing R. Sullivan & Co., has just returned from Petit Rocher, where he was called to the burial of his father, who died Sunday, the 8th inst., at the age of 68 years. Mr. LaPlante leaves to mourn his loss his wife and eight children, four sons and four daughters. Of the sons John B. manager for a timber firm at Cariboo, Me., J. A., is clerking for S. Dis Brice at Petit Rocher, and Joseph is at the old homestead.

Mrs. Caroline E. Belyea, widow of D. Warren Belyea, died early this morning at the residence of her son-in-law, R. M. Barch, 281 Princess street. Mrs. Belyea, who was well advanced in years, had been ill for only a few days. She was a daughter of the late Thomas Cunard, of Indianapolis, and leaves one daughter, Mrs. Barch, and one sister, Mrs. D. Davis, now residing in Boston. The funeral will be held at 8.15 a. m. on Wednesday, interment at Westfield.

A request having been made to the management of St. Andrew's Roller Rink by a number of ladies who wish to enjoy a ladies' night with band, it has been decided to set aside tomorrow evening as a night for ladies or ladies and their escorts only. No fast skating will be permitted. The City Cornet Band will furnish music. Gentlemen unaccompanied by ladies will not be permitted to skate but will be admitted to the promenade. Saturday afternoon and evening very large crowds were in attendance and thoroughly enjoyed themselves. The City Cornet Band furnished the music on both occasions.

TWO COULD NOT HOLD A RUNAWAY HORSE

One of R. T. Worden's Drivers Had an Exciting Time on the Bridge Yesterday

Inspector Burns reported R. T. Worden for allowing a horse to run across the Suspension bridge yesterday morning. Mr. Worden was in court this morning and said that one of his drivers named Murphy could explain matters. Murphy said that he was driving Mr. and Mrs. W. A. Ewing to the Bay Shore and when about opposite the Murray and Gregory mill the horse slipped back over the horse's head and the animal ran away. He could not bring the horse under control and called to Mr. Ewing for assistance. Each took a rein and tugged on it for all they were worth but could not check the frightened animal which dashed over the bridge at a furious rate. On reaching the western side of the bridge the horse was driven into one of the abutments and this was the only manner in which it could be stopped on its wild run. The explanation was considered satisfactory by the court and the case was dismissed.

SCOVILL BROS., LTD., ORGANIZE.

At an organization meeting of Scovill Bros. Ltd., held at the office of Scovill Bros. Co., Oak Hall, on Saturday afternoon, the following were elected directors: J. M. Scovill, W. G. Scovill, P. C. Smith, J. M. Scovill, Jr., and S. C. Young, and at a meeting of the directors held immediately afterwards, J. M. Scovill was elected president, W. G. Scovill, vice president, and P. C. Smith, secy. treas. The company announces in a half page ad. in this evening's Star a grand organization sale during which their entire stock will be offered to the public at great price reductions. Their store will be closed all day Wednesday in preparation for the sale which begins Thursday morning, Aug. 16th.

THIS EVENING.

Meeting of Hod Carriers' and Building Laborers' Union in Sutherland's Hall, Union street. Rev. Edgerton B. D. Breken and Arthur Ozawa will speak in Queen square Methodist church. Hermann the Great in Opera House.

CHILDREN GO TO MATINEE INSTEAD OF SEASIDE PARK

New Rule Made by the Street Railway Sends Many Little Ones to the Opera House.

The new rule made by the street railway which went into force on Saturday and under which all children occupying seats in the cars are compelled to pay fares, had a very peculiar effect. The Opera House was well filled on Saturday afternoon and fully three-quarters of those present were children, while formerly little ones comprised not more than fifteen or twenty per cent. of the attendance. Mr. Dockrill, the manager, has no doubt but the change made in the railway company resulted in the parents sending the children to the matinee.

To Seaside Park and back costs ten cents and each child usually has five or ten cents to spend out there. For the same amount of money the children can go to the matinee and many of them prefer to do so. It was different when they could ride on the cars for nothing. The scarcity of children on the cars yesterday was distinctly noticeable. Usually half the seats are taken up by little ones who accompany their parents, but yesterday the traffic was lighter than on most Sundays.

ROBERT TENNANT WAS VERY SERIOUSLY HURT

Thrown Under a Horse's Feet, He Had Both Legs Broken and Was Otherwise Injured.

A serious accident occurred in the North End about nine o'clock this morning, when Robert Tennant had both of his legs broken and sustained other injuries. Mr. Tennant, who is a teamster for John Labatt and Company, was going along Bridge street with a sledge load of barrels, when the horse, which is a spirited animal, took fright at the noise caused by the rattling of the barrels, made a jump, and fell between the shafts of the sledge and the horse. The animal started kicking and hitting Mr. Tennant on the legs, broke both of them. The unfortunate man also received several blows about the breast.

The ambulance was at once summoned and Mr. Tennant was taken to the hospital. Upon examination the doctors found that both legs were broken below the knee. The right leg receiving a very bad fracture. It is also feared that he may be internally injured, as he received a number of blows around the breast.

Mr. Tennant, who resides at 69 Church street, has a wife and six children.

GOLDSTEIN ASSAULT CASE ENDED AT LAST

The Prisoner was Fined \$20, But His Brother Loses the Same Amount.

The case against the young Hebrew Goldstein, charged with striking Harry O'Donnell with a stone, and which has been several times before the police court, was resumed and finished this morning.

Mrs. O'Donnell, mother of Harry O'Donnell, the boy who was injured by a stone supposed to have been thrown by young Goldstein, testified that her son when he came home with his face cut gave her the jagged stone which she produced in court, and said it was the one the young Jew hit him with. She said her boy went away. He had had fifty cents to her knowledge. She did not know where he had gone and that was breaking her heart. He promised to write but had not done so. The magistrate said that it looked as if O'Donnell had been spirited away. He would treat the matter, however, as a breach of the peace and fined Goldstein \$20 which was paid. The \$20 deposited by Mr. Kelly which was forfeited by O'Donnell, was put up by Goldstein's brother. This statement was made by J. J. M. Baxter, who represented Goldstein in court this morning. Mr. Baxter said the prisoner's brother said he put the money up and at the time hardly knew what he was doing.

As it now stands the affair has cost Goldstein \$40, not counting the lawyer's fees.

CRUISING YACHTSMEN SAILED FOR GAGETOWN

Spent Last Night at John O's and Continued Their Journey This Forenoon.

The R. K. Y. Club fleet, after a very enjoyable run on Saturday afternoon reached Carter's Point and anchored for the night. On Sunday forenoon the cruise was resumed by the majority of the yachts, but there was very little wind and it was not until five o'clock that the first of the boats reached John O. Vancouver's. They came straggling in until dark, and seventeen yachts anchored there for the night. The members of the crews enjoyed a walk on the shore, and later in the evening had some music on board their boats. The boys were greatly cast down by this morning's tragedy and for a time were uncertain about what to do, but finally decided to continue the cruise, and set sail at ten o'clock this forenoon for Gagetown.

ANOTHER POSITION.
