Tremendous Attack Coming on West Front; The Austrian Disaster Constantly Growing

A CAPTAIN IS BLAMED FOR JESUIT RAID

Militia Department Says MacAuley, Man Transferred, Was At Fault.

JESUITS SAY YOUNG MEN NOT ELIGIBLE

Col. Machin, M. L. A., Anglican, Attacks the Militia Dept's Methods.

IS DIRECTOR OF THE M. S. A. DEPARTMENT

He Blames Methodists of Ontario For Much of Trouble There.

Ottawa, June 24.—The militia department has received a telegram from the rector of the Novitiate at Joseph declaring that John O'Halloran, one of the young men referred to in a former statement as being liable for service under the Military Service Act, is an American citizen and is in possession of his United States registration papers. John Holland, the other young man said to be liable for service, was a tonsured cleric before the Military Service Act was issued.

Investigation shows that these two young men were apparently the only members of the Novitiate liable for service under the statement of facts. The rector's statement, however, exempts them from service. It was stated at the department that Captain MacAuley who led the raid on the Novitiate, and who has since been transferred to Winnipeg, was at fault, not in wishing to find out whether there were any defaulters domiciled there, but in the method in doing it. He was acting under the authority of the department in investigating conditions in the Novitiate, but he should have chosen a more suitable time and a less offensive method of procedure.

Montreal, June 24.—Criticism of the method under which the Military Service Act is being carried out by the militia department under Major General Newburn, and of the Methodist church was made by Lieutenant Col. H. A. Machin, today.

Colonel Machin is a director of the Military Service Act branch of the minister of justice and a member of the Ontario legislature for Kenora. He said he realized that he would probably lose his job over the declaration, but he felt bound to express his opinion in view of what had recently been taking place.

"My business here is not in connection with the entertainment of the Blue Devils," declared Col. Machin. "It is of far more importance."

Calling of Men
It is an endeavor to devise a means whereby the militia department will be able to handle more recruits than they have been able to do. At the present time there are over 11,000 eligible for call in this district, they have not been called because the militia department has not been able to take them. In the meantime only those who have been requested to be called by the G. O. C. of Montreal and Quebec districts have been taken. This has resulted in only 8,000 under the M. S. A., being called in the province of Quebec. The fact that Ontario has called 23,000 against 8,000 in Quebec was given out by the militia department last week.

His Job in Danger
Immediately the government became concerned and on Friday last I was plainly told by Messrs Sifton and Meverson that unless I produced the proper quota for Quebec I could look for another job. I reminded those gentlemen that recruits had been called in the province of Quebec, as fast as the militia department could take care of them. I now purpose to try to arrange with the G. O. C. of the Montreal district to take care of the 11,000 at present in this district if he can do so.

I do not care anything about retaining my job; that is not an important matter, but the important business is to carry on this war for humanity. The Minister of Justice

THE ITALIANS TO GET ALL THEIR OLD TERRITORY

Washington, June 24.—The Germans are said to be thoroughly sick to the stomach at the probability of a complete collapse of the Austro-Hungarian government, already struggling with a half starved and riotous people, in the event of a complete Austrian rout at the hands of the Italians. Realization of this fact, Rome believed, has caused the German general staff practically to suspend, if not to abandon its great offensive in France as has been evidenced by the comparative quiet there for the past week. German soldiers are being rushed by rail to the northern end of the Austro-Italian battle lines with the purpose of restoring the Austrian morale and not only checking the Italian counter-attack, but by force of numbers, breaking through the mountain passes into the plains of Venetia.

With such help as the Entente armies can give immediately, supplemented as rapidly as transportation can be had by troops directly from America, and even more important, by ample military supplies and food for the army, the Italian general staff is reported to be convinced that the victorious sweep of the Italian army will traverse the famous Bainsizza Plateau, the scene of the great battles of last fall, and will not stop until the Italians have reclaimed all of their country up to the right bank of the Isonzo, which marked the extreme of General Cadorna's advance.

LIUET. J. C. READE GIVEN APPOINTMENT

Won His Commission on Field—Gen. Macdonnell At Camp Sussex Today—Capt. Logan, D. A. A. G.

Special to The Standard.
Camp Sussex, N. B., June 24.—Lieut. Joseph C. Reade has been temporarily appointed deputy assistant provost marshal at Sussex. This officer is on the strength of the 1st Depot Battalion and enlisted for overseas on August 6, 1914. Lieut. Reade served first as a private, then as an N. C. O., and won his commission on the field. He was severely gassed at Passchendaele and on his return to Canada was appointed to this unit. His recent appointment is well merited. General Macdonnell will visit this camp tomorrow afternoon, accompanied by the general staff officer, Capt. Herron.

Capt. G. Earle Logan, who has been acting as A. G. at Camp Sussex in the absence of Major T. Hamilton, who has since reported, now assumes the duties of D. A. A. G.

Big Corporation and Men Expected to Settle Differences Today.

Sydney, N. S., June 24.—The Dominion Steel Corporation labor dispute here is expected to be settled tomorrow and the Nova Scotia Steel and Coal Company dispute in Sydney Mines is expected to be settled Wednesday, according to J. C. Watters, who is here on behalf of the government. Officials and employees of the steel company met this afternoon and will hold another meeting tomorrow morning. AUSTRIAN DISASTER DECISIVE

Vienna War Office Admits Emperor Charles's Army Forced To Evacuate.

CITY OF VENICE IS ONCE MORE SAFE

Italians Press Back the Invaders All Along the Piave River.

RETREATING ENEMY FLEES IN DISORDER

Upwards of 50,000 Austrians Have Been Made Prisoners.

The defeat of the Austrian armies on the western bank of the Piave River is complete. Admission is made by the Austrian war office that the army of Emperor Charles has been forced to evacuate the Montello Plateau over which they had hoped to press their way and strike Venetian plains, and "some sectors" on the positions they attained last week on the bank of the river between the plateau and the point where the stream empties into the Adriatic.

Bad weather and the rising of the Piave under the heavy rain falls are assigned as the reasons for the withdrawal of the Austrians, but the home war office asserts that it was the impetuous attacks of the Italians that brought about the failure of an operation which was started with the intention of crushing the armies of General Diaz and forcing the Italians, like the Russians, to accept a Teutonic Allied peace.

Italians Harass Foe.
All along the river the Italians have pressed back the invaders of their territory until only small units remain on the western bank, and across the stream King Victor Emmanuel's men are keeping wolf on the heels of the retreating enemy who is fleeing in disorder. Again the cavalry has been thrown into the fighting and is sorely harassing the enemy, while machine guns from the ground and from aircraft, some of the latter operated by American aviators, are working havoc among the fleeing Austrian columns.

Losses Enormous.
The losses to the enemy are described as enormous, both in men killed, wounded or made prisoners. An official statement from Rome to the Italian embassy in Washington asserts that the Austrians have lost 45,000 men in prisoners alone. The Italian war office communication mentions only 40,000 Austrians as having been captured, but it is probable that this communication antedated that sent to the embassy and that the captives in the hands of the Italians greatly exceed this figure.

The probability that this is true is enhanced by the fact that the river was swollen out of bounds and most of the few bridges that had not been carried away by the freshet had been shot to pieces by the Italian guns, compelling the enemy either to surrender or take his chances of being able to swim the turbulent stream.

Abandon Guns.
So hurried was the retrograde movement of the Austrians at some points that they did not take time even to attempt to save their guns and stores, great quantities of which are now in Italian hands.

As yet there has been no sign that the enemy purpose again to renew at an early date another offensive in the mountain region, notwithstanding the fact that reports coming from Switzerland have said that he was bringing up large reinforcements and great quantities of supplies along the front behind the lines from the Swiss border to the upper reaches of the Piave.

ON WEST FRONT

On the front in France and Flanders the operations continue. An minor German attack near Badoonville was repulsed. The Italian army has de-occupied the sector, inflicting heavy casualties on them and taking a number of prisoners.

In the same region the Americans at last have succeeded in clearing the Belleau Wood, northwest of Chateau Thierry, of the Germans who had been clinging stubbornly to positions which

U. S. TRANSPORT IS SUBMARINED

No Troops on Board When Ship Goes Down 700 Miles East of Delaware Capes.

Washington, June 24.—Sinking of an allied transport under American charter on June 18 about 700 miles east of Delaware Capes, was reported today by the navy department.

The transport had no troops aboard and was westward bound.

The reports indicate that the submarine was not seen until after the torpedo struck the ship. The crew took to the boats, the vessel settled and it was futile to use the guns. The U-boat appeared on the surface and fired nineteen shots into the ship.

SUSSEX CITIZENS ARE WARNED BY COL. McAVITY

People There Must Stop Sale of Intoxicants to Soldiers—First Bootleggers Caught By Sgt. Black—Two Merchants To Appear in Court Today.

Special to The Standard.
Col. McAvity, formerly commanding in France the "Fighting 26th" and now Camp Commandant, has issued the following statement to the citizens of Sussex: "Canada is at war. The department has set aside this camp as a mobilizing and training centre for New Brunswick. At the outset I want to state that if any of the troops were intoxicated I would place the stores from which they received the liquor out of bounds. I now appeal to all citizens to support me in this measure and drive bootleggers out of the town. Unless I receive a fair measure of support I shall be compelled to make certain recommendations to the Department which may necessitate in drastic action being taken."

"My men must be protected and I will stop at nothing to see that this is done." Col. McAvity stated that he was receiving the greatest measure of support from Mayor McKenna and the chief of police.

PREMIER CAN SEE ANXIOUS DAYS COMING

David Lloyd George Expects Germans To Deliver Great Blow Shortly.

IT MAY COME IN NEXT FEW HOURS

Premier Anticipates It Certainly in the Next Few Days.

ENTENTE WAS NEVER BETTER PREPARED

The Allied General Feels Confident of Outcome of the Struggle.

(By Reuter's Limited.)
London, June 24.—Premier Lloyd George announced today that the next couple of months would be anxious ones. There might be a great blow coming in the next few hours, he said, and certainly in the next few days and on this blow the issue of the campaign might depend. The Entente Allies, he added, never felt better prepared to meet it.

Premier Lloyd George said the Austro-Hungarians were in full retreat. The question now was, he added, whether they would be able to affect a retreat.

The premier, who made his announcement in the house of commons, referred to the amazing organization which was bringing American troops to France.

"Enough Americans have arrived to satisfy the allies and to disappoint and ultimately defeat our foe."

Russian Problem Difficult.
Lloyd George emphasized the difficulty and almost impossibility of dealing with Russia, with her many differing and changing governments. He agreed, however, that it would be to the interest of the British people, and also just and equitable, if Russia wanted it, that Great Britain stand by Russia.

It was possible that within a short time, the premier said, the allies would be stronger than Germany. The answer, he declared, had no further response to call upon after another offensive except by drastic coming out of all the essential industries which he already had started.

American Accomplishment.
Replying to criticism of the military policy and to suggestions that the cabinet had over-ruled military advice, Premier Lloyd George said he thought that Mr. Bonar Law last week had given all the information that could be furnished at the present moment consistent with military prudence. Naturally questions about the distribution and numbers of troops could not be answered.

Concerning the American troops, the numbers arriving since March 21, he said, had been more than satisfactory, and he added: "It is an amazing piece of organization which has enabled the bringing of such vast numbers of first rate American troops to France."

An Alliteration
In declining to give figures as to the numbers of American troops, the premier said they were quite enough to encourage the allies and disappoint and ultimately defeat the Central Powers, and many were already on the firing line. He hoped that soon very many more would be there.

A breezy alliteration arose between Mr. Hogge, Liberal East Edinburgh, and the premier on a reference to something said during a secret session. Mr. Lloyd George warmly protesting against Mr. Hogge committing a breach of faith in referring to a secret session. The incident was provoked by the premier defending his earlier statement that at the opening of the German offensive in March the consulting forces were as nearly as possible equal.

Dealing with the happenings since then, the premier said that the Germans had enormously exaggerated the losses they had inflicted on the allies.

ENEMY CORPSES LITTER GROUND ON THE PIAVE

Washington, June 24.—Austrian losses in the retreat across the Piave, included an "appalling number" of troops killed, more than 40,000 made prisoners and an enormous amount of war booty, said a report from General Diaz, the Italian commander, which was cabled from Rome tonight to the Italian embassy.

"Yesterday we obtained a great victory," said Gen. Diaz's message. "Owing to the extreme pressure of our troops and the continuous fire of our artillery and airships, the enemy, after having desperately clung for eight days at the cost of appalling losses to the right bank of the Piave, on the night of the 23rd began to retreat to the left bank under our terrible fire."

"The retreat continued during the entire day, protected by strong machine gun contingents and rear guard units, which, after opposing obstinate resistance, were successfully overpowered by the impetus of our troops, which enveloped Montello and swept over on the entire Piave line with the exception of a short section at Mutila, where the fight continues."

"Thus far forty thousand prisoners have been counted and an enormous amount of booty captured. An appalling number of Austrian corpses litter the ground bearing witness of the unfortunate bravery and of the crushing defeat of the enemy."

JUDGE BENNETT IS SWORN IN

James C. Farthing, Formerly of St. Stephen, Honored—Abram Bourque of Meadow Brook Dead.

Special to The Standard.
Moncton, June 24.—A. W. Bennett of Sackville, who was recently appointed judge of the County Court for Westmorland and Kent, was sworn in here today by Mr. Justice Chandler and this afternoon presided at a meeting of the Moncton Police Commission, this being his first official act.

The appointment of officers was the only business before the commission. James C. Farthing, former physical instructor in the local Y. M. C. Tonight he was entertained by the Y. M. C. A. and School Board. During the evening Mr. Farthing was presented with a valuable travelling bag, accompanied by an address. Ald. Myles read the address on behalf of the Y. M. C. A., and the presentation was made by J. F. Edgett in behalf of the School Board. Mr. Farthing has filled the position of physical instructor at the Y. M. C. A. eight years and was the most popular official occupying that position. He came here from St. Stephen.

THE CAPTURE OF MONTELO MIGHTY FEAT

Italians Dealt Austrians a Fatal Blow When They Took Strategic Height.

AUSTRIANS SUSTAIN FEARFUL LOSSES

General Retreat Becomes a Rout and Is Still In Progress.

ITALIAN CAVALRY CUTS UP ENEMY

The Austrian Disaster Parallels That of Russia at Masurian Lakes.

Special Cable to The New York Tribune and The St. John Standard. By Arthur S. Draper

London, June 24.—The Austrians have taken a momentous decision. The choice has been left to them, either to continue the defensive under disastrous conditions or to retreat, this means the sacrifice of that part of their forces across the Piave.

General Diaz, taking full advantage of the situation, is launching attack after attack against the retreating foe, who is desperately fighting rear-guard actions, while his troops are trying to make good their escape. The Italian cavalry is in action wherever possible, cutting up Austrian detachments with a mountain torrent behind them and a victorious foe in front. The Austrian position parallels that of the Russians at the disaster of the Masurian Lakes. What price the Austrians must pay before reaching safety is still uncertain.

Numerous Prisoners
The Italians report numerous prisoners and much war material, including seventy-two guns previously lost. Few of the Austrians own guns ever succeeded in crossing the river. The tragedy of the offensive was the successful throwing over of the first waves of storm troops by the Austrians, but their inability to transport guns, munitions and reinforcements. Sudden rains turned the drying waters of the Piave back into a winter torrent, which snapped many of the Austrian bridges with loud reports which were heard above the din of the battle.

Italian and Allied airmen and guns continually bombarded and bombed the remaining bridges, while other aviators enfiladed the crossing troops by machine, gunning them from the air.

American Aiding
American airmen are now aiding in the Austrian debacle. The greatest Italian feat has been the recapture of the whole Montello Ridge. This was strongly and desperately held by the Austrians for the loss of the Montello meant the final shattering of their hopes.

Having decided upon retreat, Austria cannot now resume the offensive without starting all over again.

If they decide to attack once more, it will probably be in the mountains, where according to recent reports the bulk of the Austrian reserves have been concentrated.

Comparative quiet still reigns on the French front but it is expected that the Austrian disaster will hasten the resumption of German attacks there.

Italian Statement
Rome, June 24.—Extremely heavy losses in men and material has been suffered by the Austro-Hungarians in the defeat which the Italians have administered to them on the Piave front, the war office announced today. The enemy has been driven from the entire west bank of the Piave, except at one point, and was able to cross the river only under the deadly fire of the Italian artillery.

The number of prisoners actually counted up to today exceeded four thousand. The Austrian dead over the ground of battle in extraordinary numbers. The text of the statement reads: "Yesterday gave us the crowning results of victory. Pushed up against the bank of the Piave, in a strip of ground ever becoming narrower, bombarded without pause by artiller-

THE AUSTRIAN OFFENSIVE IN ITALY ENDS IN ROUT

ARMY OF ITALY TAKES NEARLY 50,000 AUSTRIAN PRISONERS

Enemy Leaves Two Thousand Men To Defend the Montello When He Begins Disastrous Retreat, But These Fall Into Hands of Victorious Italians and Are Also Made Prisoners — Italians Clearing the Country of Invaders.

London, June 24—From the Montello southeast to the Adriatic the Austrians have been cleared from the entire west bank of the Piave with the exception of a small section in the vicinity of Musile, nearly opposite San Dona Di Piave, where the struggle is continuing. The Italians have nearly 50,000 prisoners.

According to early despatches received in London this morning the Austrians had left two thousand men to defend the Montello spur and these fell into the hands of the victors.

It was not expected that there would be great captures of Austrian guns, as because of the flooded river the enemy has not been able to transfer many of his big pieces across the stream.

The Pursuit. Between Montello and Zenson, the Italians are on the river for the entire distance. They are sending over cavalry between the Conegliano and Oderzo, in order to clear the country. "Victory is Ours." Italian Army Headquarters, June 23 (Sunday)—An artillery staff officer arriving from the fighting zone on the Piave river exclaimed as he ran into the Italian army headquarters: "Victory is ours. We have put the enemy across the Piave all the way." The present victory of the Italian army is considered by military officials to be greater than that of the Austrians on the Bainsizza Plateau last fall. The Austrian retreat was made more difficult by a violent thunder storm. The Italian attack began at dawn on Sunday. With the Montello on the left flank, the attack was carried out all along the line through Candela to San Dona Di Piave. The Austrian retreat, which began in an orderly manner, soon became wildly disorganized and confused. Many thousands of Austro-Hungarians surrendered at the first opportunity when overtaken by their pursuers.

A CAPTAIN IS BLAMED FOR JESUIT RAID

Continued from page 1. has rigidly enforced the military service act ever since I have had the honor of serving under him. There has been no favoritism, no one could have administered the act any better than the minister of justice had done, because the act is an inviolable exemption rather than conscription. "There is a strong desire on the part of the militia department to take over the work of the military service act, and the officers who have heretofore been connected with it as a part of that department. It has been openly stated, and I have been informed from private sources, that it would be accomplished before July first. The only reason that I can ascribe for any such desire is the personal ambition of the entourage of the minister of militia. And as a Canadian citizen with eight months' experience in the government department I would suggest to the militia department that they clean their own house before tackling anything new.

Jesuit College Raid. "There is evidence that a powerful cabal exists at Ottawa against the minister of justice, which showed its hand last week in the disgraceful and brutal raid of the Jesuit College at Guelph. The fact that the minister's son was at college, points rather to personal spite than public necessity. Having already obtained control of the Dominion police, the entourage now proposes controlling the operation of the military service act and its officials.

INDIAN BOY IS DROWNED IN THE MAGAGUADAVIC

Joseph Moore, Jr., of Pleasant Point, Me., Falls From Logs — Brother Killed in France.

Special to The Standard. St. George, June 24.—A drowning accident occurred in the Magaguadavic River, two miles from town, at 2.30 o'clock this afternoon when an Indian boy, Joseph Moore, Jr., lost his life. The boy, who was 17 years of age, was with his father, Joseph Moore, Sr. He was employed by the St. George Pulp and Paper Co., pulling logs from the shore. In some way not quite clear the boy slipped from a raft. The accident was not known until his father, who was on the opposite side, happened to see the boy's feet floating in the water. The father was too late to save his son. A crowd of men recovered the body two hours later in thirty feet of water two hundred yards from the scene. The body will be taken to Pleasant Point, Me., the Indian village of the Passamaquoddy, to which tribe the Moores belong. The family was bereaved a year ago when another son gave up his life in France. A third son is at the front.

PREMIER CAN SEE ANXIOUS DAYS AHEAD

Continued from page 1. and it was just as possible that the allies might be exaggerating the losses inflicted on the Germans. What was certain, however, was that there had been a great drain on the enemy reserves.

No Computation. It was impossible, continued the premier to make a computation of the relative strength of the forces at the present date. The American troops were arriving at a great rate and he should be very much surprised if in a comparatively short time the allied strength on the western front was not greater than the Germans. The Germans were in the position of having to throw in their last reserves within the next two months, and lacking further reserves except by the most drastic combing from essential industries. There were indications that they were already resorting to such a course, which proved that the allies had inflicted heavy losses in the course of this campaign.

In the next couple of months, said the premier, the position would naturally be an anxious one, but the allied position was gradually improving and he could say without boasting, which would be folly, that the allied general felt confident of the issue.

Russian Situation. With regard to Russia, that country was in a perfectly chaotic condition. One could hardly find the same government in any two villages. It was useless talking about the Russian government, as if there were one government for the whole country. That was one of the difficulties that had to be dealt with. There was a defect government in Moscow, but also in almost every other place and conditions were changing daily.

"I quite agree that it is to our interest and just and equitable to stand by Russia, if Russia wants us to," said the premier. "Russia has been brutally treated by Germany. She has been dismembered, and the treaties which Germany concluded have not been respected in any two villages. It was such a defeat for Germany that she had to be dealt with. There was a defect government in Moscow, but also in almost every other place and conditions were changing daily.

LYNCH HONORED

London, June 24.—Arthur Lynch, nationalist member of parliament for West Clare, has been offered and accepted a commission as Colonel in the British army. It is understood he is going to Ireland to assist in the recruiting campaign.

Colonel Lynch was a Colonel in the Boer army in the South African war. For this he was convicted of high treason, but was pardoned by King Edward.

ROME THINKS THE WAR MAY BE BROUGHT TO CLOSE THIS YEAR

If Allies Give Italians Full Measure of Support in Offensive Which Has Been Launched Against Austrians, Further Successes Can Be Attained — Defeat Will Have Wonderful Effect on Dissatisfied Population of Dual Monarchy.

Washington, June 24.—Confidence at Rome that the war may be brought to a victorious close this year, if the Allies give the Italians a full measure of support in the offensive which has been launched against the Austrians, is reflected in official wireless despatches received today from the Italian capital.

These messages say the Austrian retreat across the Piave, in which the Italians already have taken 45,000 prisoners, has become a veritable rout, but that information from secret sources shows that many divisions of German troops have been despatched from the front in France and are being rushed to the aid of the Austrian army.

London, June 24—All but one of the bridges left for the Austrian retreat across the Piave have been destroyed by the Italian artillery, according to advices received here this afternoon. It is added that enormous booty has been taken by the Italians.

Violent Storm. Italian Army Headquarters, Sunday, June 23.—Rain, which had been falling for eight days broke forth more violently about daylight today at a time when Italian artillery and machine guns began to open upon the retreating Austrians who were struggling knee-deep in mire. The Austrian retreat, which began in an orderly manner, soon became wildly disorganized and confused. Many thousands of Austro-Hungarians surrendered at the first opportunity when overtaken by their pursuers.

The Italian cavalry took part in the pursuit, harrying the fugitives. As the Austrians were pressed by the Italians they threw away their guns and equipment. They even left on the Montello stacks of bread, canned meat and preserves which Austrian aviators had succeeded in bringing down. The minor operation carried out last night in the neighborhood of Metzeren was completely successful; all our objectives were gained and our lines advanced. In addition to the prisoners reported ten machine guns were taken. A few prisoners were captured last night in a raid by the French troops in the Loire sector.

HAIG'S STATEMENT

London, June 24.—Field Marshal Haig's report from British headquarters in France tonight says: "The minor operation carried out last night in the neighborhood of Metzeren was completely successful; all our objectives were gained and our lines advanced. In addition to the prisoners reported ten machine guns were taken. A few prisoners were captured last night in a raid by the French troops in the Loire sector."

Palpitation of the Heart and Nerve Troubles WERE CURED BY Milburn's Heart and Nerve Pills

When the heart begins to beat irregularly or intermittently, palpitate and throb, skip beats, beat fast for a time, then so slow as to seem almost to stop, it causes great anxiety and alarm and the least excitement or exertion seems to affect it. Many people are kept in a state of morbid fear of death, become weak, worn and miserable through this unnatural action of the heart. To all sufferers from heart troubles we would advise the use of Milburn's Heart and Nerve Pills, which by their action in strengthening the heart and regulating the beat remove all the distressing conditions, and impart vigor and vitality to the system. Mrs. Thomas Davidson, Mount Brydges, Ont., writes: "I have been a great sufferer in the past with nerve troubles and palpitation of the heart. I tried several remedies, but without any good results. My son came in one day and advised me to take Milburn's Heart and Nerve Pills. After using one and a half boxes, I am fully recovered and am in a perfect state of health, thanks to your valuable medicine." Price 50c. a box at all dealers, or mailed on receipt of price by The T. THE CAPTURE OF MONTELO MIGHTY FEAT

Continued from page 1. lery and airplanes, the enemy, after having maintained himself desperately for eight days, at the price of enormous sacrifices on the right bank of the river, began on the night of June 23-24 his withdrawal to the left bank of the river. "The crossing of the river under the deadly fire of our artillery continued yesterday, protected by a strong array of machine guns and covering troops, which, after stubborn resistance were successfully driven back, with our troops at their heels." "The Montello and all the right bank of the Piave, with the exception of a small portion of the bank at Musile, where the struggle is continuing, have returned into our hands. So far more than four thousand prisoners have been counted. A great quantity of arms and materials of all kinds has fallen into our hands. An extraordinary number of Austrian dead covers the ground of the struggle. This proves the unfortunate valor and the great defeat of the enemy."

THE U. S. RAILROADS GET AN EXTENSION

Washington, June 24.—The Interstate Commerce Commission today granted railroads an additional thirty days in which to file schedules of increased freight rates ordered by Director General McAdoo and effective tomorrow. Under a previous ruling of the commission the roads were required to file the new schedules on or before June 27.

Prepare for The Holiday

No matter where you are going —back to see the folks at home, to have a little trip, to parade the avenue, or simply smoke a cigar, your summer suit will be very prominent and you want it to look right. HA BRAND OLEOMARGARINE

As Fresh as A Spring Morning

"H.A." Brand Oleomargarine is always fresh and uniform in flavor when it reaches you. Because it is made in Canada, grocers and butchers obtain it in small quantities shipped frequently. It is never long in transit.

So fresh and inviting is this "spread for bread," it is difficult to realize that it is an economy food. But it is. To-day one pound of "H.A." Brand Oleomargarine costs quite one-third less than Creamery Butter.

"H.A." Brand Oleomargarine provides appetizing and substantial nourishment, due to these pure and wholesome ingredients—rich pasteurized milk, Oleo Oil—pressed from the choicest fat of Government Inspected Beef, Vegetable Oil—of selected oil quality; snow-white Neutral; and finest Creamery Butter.

"H.A." Brand Oleomargarine is rapidly taking the place of butter for kitchen use, as well as table use. Creamery Butter itself could not improve the good things "H.A." Brand will make.

Buy a pound and try it.

HOME EFFICIENCY CLUBS HOLD EXHIBIT

Over 2,000 Articles Made For the Red Cross By This Department of Household Science in City Schools—Very Creditable Showing Made by Young Girls.

Those who pay a visit to the exhibit by the Home Efficiency Clubs in the Congregational Church on Union street, today and Wednesday, will be well repaid and will go away feeling that a splendid work is being done in our midst by instructors and pupils of the St. John clubs.

The rooms are prettily decorated with flags and wild flowers, and over the tables, whereon are shown the articles made by the girls, are festoons of some of the pieces of work. Not only is the display most creditable, but it will be of very great value, as the results, some two thousand useful articles, go to the Red Cross for the comfort of the soldiers.

Miss Kate Bartlett and Miss Ida Northrup are teachers of these classes. Miss Bartlett is instructing eight and Miss Northrup ten classes, representing at the beginning of the term about 400 girls.

The meetings of the classes begin with the ceremonies proper for an official meeting of the society and thus instruction in the way to conduct a meeting is given. The president, secretary and treasurer are elected from the club.

Many of the girls earned the money to fill the Comfort Bags which cost \$2.50 each. The member handing in \$4.00 talent money. Another class, that of grade 8, No. 9, Victoria school, had a party sale and thus raised sufficient to fill 25 kit bags. The enthusiasm of the girls is an example to members of older societies and workers in homes.

Some of the things made by the girls are socks, amputation bandages, eye and chin bandages, handkerchiefs, wash cloths, hospital shirts, neck ties, T bandages, comfort bags and kit bags.

No. 9, grade 8, of Victoria school has on exhibition a very warm afghan knit in squares of bright colored wool. It will be used to wrap up convalescents in the wheel chairs on cool evenings. In the centre square of this very nice quilt is a red cross knitted into the pattern. The squares were crocheted together by one of the club members.

Miss Esterbrook's class has the smallest number of members, but

PATRIOTIC WORKERS IN GRAND MANN

Miss Gladys Baxter Finds Much Good Red Cross and Soldiers' Comforts Work Being Done on the Island—Home Efficiency Clubs To Take Up Collecting of Sphagnum Moss.

Miss Gladys Baxter left yesterday evening for a tour of St. Stephen, St. George, St. Andrews and Milltown where she will give talks before the Home Efficiency Clubs on food conservation and the work of Collecting Sphagnum Moss. She will organize these clubs in towns where they are not already established, and expects to spend the summer months traveling through the province.

Miss Baxter has recently returned from a visit to Grand Mann where she established three Home Efficiency Clubs. At Seal Cove Miss Baxter found a Red Cross Circle with Mrs. Julia A. Daggett as president and splendid work. There are thirty members and they were most interested in the new idea of collecting the sphagnum moss which it is thought will be found in great quantities on Grand Mann.

At North Head much of the patriotic work is done by members of the Rebecca Lodge, with Mrs. Kent at the head. They have recently packed to send off to the Grand Mann boys overseas, a number of very nicely wrapped boxes. Here great interest was shown in the moss work and promises of assistance were given.

The Women's Institute of the Island are also very active in the work. Mrs. Trevelyan, president of the institute, has been carrying on the gathering of the much needed material for surgical dressings.

The men singers and comedians also made good, and the audience was in an uproar from the rise to the fall of the curtain.

"Sunshine Nan" proved to be no other than the novel "Calvary Alley" and with Ann Pennington, the dancing not-able, in the star role, ably supported by well-known players the piece ran its five reels smoothly and most interestingly.

The popular Bowersky music played by the orchestra and occasional contrasts such as church organ chords made the picture play especially realistic. The eighth section of Pathe's History of the Great War showed British people mobilizing and also interesting aliens. There were Welsh and English travel views and comedies by Mutt and Jeff and Mr. and Mrs. Drew. A charmingly diversified programme, all will admit.

Tomorrow Constance Talmadge plays the leading role in the French play "La Gamme," pictured as "The Studio Girl" and on Friday Mary Pickford is to be seen in "Amarilly of Clothesline Alley."

THE LYRIC SHOW A REAL SUCCESS

Pretty Girls and Well Dressed Ones, Singers, Dancers and Comedians in the New Show.

The Lyric is fortunate in having secured so excellent a company for the mid-summer season as that which opened at the Lyric last evening. It is an indefinite engagement. Notwithstanding the fine weather and band concert the Lyric was crowded to capacity at both shows, last evening and the patrons received a real surprise, as they saw probably one of the very best tabloid musical companies that has played St. John for some time, and very many such shows have been here during the past few years.

Every member of the company is a performer, all are well dressed, and have the correct professional appearance. In singing and dancing the show is really immense, and their stay in St. John should be a lengthy one.

Miss Leslie, the clever leading woman for Jere McCallife, is a member of the new company, and she received a glad welcome, and a well deserved one, as few are more popular than this lady-like little person, whose strong personality enables her to put over character songs in a manner

AN ECHO OF REGISTRATION DAY. One dear old lady well over sixty was signing her card. She did not seem to understand very clearly what it all meant, so the official explained to her that it was only a matter of telling the government what you could do for them.

"I can't do much," said the old lady, "but I can do without lots of things." It seems as if she had a pretty clear grasp of the situation after all.

SPORTING NEWS AND GOSSIP THE BIG LEAGUES

WEST SIDE LEAGUE HAS GOOD OPENING

Commissioners McLellan and Hilyard Official Openers—Former Donates a Cup—Courtenays 7, Victors 6.

It looked last evening on the Queen Square diamond, West Side, as if "the old sports" had not yet succumbed to fate, and need of play grounds.

The whole West Side was there "great ones, small ones, tall ones, all, and in addition many from the East Side went over to witness the opening game of the West End League.

Commissioners McLellan and Hilyard were on deck also and their presence caused some cheers. Commissioner McLellan gave a short speech on the game of baseball and added he would put up a "cup" as the trophy for the winning team in the league.

Commissioner Hilyard next followed and promised that the council would see that the grounds were fixed up in good shape. These remarks caused some applause.

Commissioner Hilyard then stepped on the "awful" and slipped over three balls, followed by Commissioner McLellan who "struck the batter out."

The league was then declared open and the diamond hustlers commenced in earnest the opening game between the Courtenays and Victors. The teams lined up as follows:

Courtenays: Doherty Catcher, Dalton Pitcher, Knudson Pitcher, Beatley 1st base, McLaughlin 2nd base, Sechey 3rd base, Duffy S. Stop, W. Mosher W. Mosher R. F., A. Mosher A. Mosher L. Field, Maxwell C. Field, Fitzgerald

The game was for seven innings, this being the league requirement.

The victors put up a good battle the first few innings but the Courtenays came back with "pop" in the sixth and seventh, the score ending at 7, Victors 6.

Beatley of the Courtenays did wonderful work, at one time he belted his support lacking and piled over the pill in good fashion, striking out his batters. Towards the end of his crowd came up he had good support from the out.

Knudson for the losers is a south paw and he caught a few nappers, but in the end, the boys had sized up near what was coming.

Both teams played good ball and made it interesting for the onlookers. If the games in future are as good as last night's the citizens may enjoy some real time sport.

Teasight at 7:20 the Consolidated Rubber Co. va Glants on the same diamond. This is expected to be a good game also.

BILLY LASKEY WINS AT MONTREAL SHOW

Fredericton Dog Fancier Scores With Scottish Terrier Pup—Three Firsts and Wins.

Another member of the New Brunswick Kennel Club has achieved success at an Upper Canadian dog show. W. W. Laskey, of Fredericton, who, last year, at the local show, scored first with his English bulldog "Pickled Peaches," had a young Scottish terrier pup entered in the Ladies Dog Show held in Montreal on Saturday last and was successful in annexing three firsts and winners for the breed. The pup was entered in puppy, novice, and Canadian bred classes, and won in all three, also securing winners for the best of the breed in the show. As this was the first show in which the Laskey entry participated his success augurs oil for his future. With the Laskey dog running into good shape for the N. B. Kennel Club show in the autumn and with other known good ones which have not been shown before, competition between the De Hards should be keen at the next show here.

Four Year Old Colt Is Owned By Commander J. K. L. Ross, Canadian Naval Officer—Just One Second Behind Track Record.

New York, June 24.—Cudgel, the four year old colt by Broomstick-Eugenia Burch, owned by Commander J. K. L. Ross, the Canadian naval officer, and cleverly ridden by Jockey Lake, won the Brooklyn handicap one mile and a furlong, over the Queen's County Jockey Club's race track today. The winner, which was the public favorite, carried the top impost of 129 pounds past the judges' stand ahead of Andrew Miller's aged gelding, Roamer, with John Sanford's five year old George Smith third, four lengths away.

The time of the race, 1:50 1/5 is just one second behind the track record for this distance, made by H. P. Whitney's Borrow in this event last year. The winning owner's portion of the stake was \$4,850.

THE WAR NEWS.

The Italian victory is even more important than first statements would indicate. Vienna now admits that the Austrian troops were compelled to evacuate Montello and fall back to the left bank of the Piave River but places the responsibility for this on the swollen condition of that stream which made it impossible for supplies and supports to reach the advanced lines of the Austrian army.

UNION'S FIRST QUARTER.

The Round Table, published in London, in its June issue devotes considerable space to a discussion of Union Government in Canada, basing its conclusions upon the result of the first three months of that Government's administration. It declares that the formation of Union Government found the two national political parties in Canada "in conflict on a vital fundamental issue" for the first time since Confederation, previous differences being, in the view of the Round Table's editor, merely a contest between the "ins" and "outs."

THE ONTARIO FARMERS USED BY LAURIERITES

Donald Sutherland, M. P. of South Oxford, Explains Situation — Delegation Did Not Represent the Agricultural Industry.

Ingersoll, Ont., June 24.—At the annual meeting of the South Oxford Conservative Association, held at Mount Elgin, Donald Sutherland, M. P., made the declaration that the organizers of the United Farmers of Ontario, who were behind the recent demonstration against the Military Service Act, did not represent the whole agricultural industry of Ontario. The farmers of the country had a right to resent the use that had been made of the delegation which went to Ottawa. The delegation had been formed for the purpose of appealing to the government for relief in cases of extreme hardship. When they got to Ottawa they found it was being used by Laurier Liberals and those who sought justice for Quebec's attitude by pointing to this gathering from Ontario.

There would have been no need for conscription in Canada, said Mr. Sutherland, if the province of Quebec had done its duty under the voluntary system.

VISITORS TO CANADA NEEDN'T REGISTER

They May Need To Show Authorities They Are Not British Subjects.

Ottawa, June 24.—A positive statement has been issued by the registration board that visitors to Canada will not be required to register. It is requested to show a registration certificate that they are not British subjects. The board expects that this is all that will be necessary and unless unexpected difficulties develop it is not proposed to draft more definite regulations.

The death of Cecelia Watters, wife of John Watters, took place at her home 65 St. Patrick street. Mrs. Watters was well known and will be missed by a large circle of friends. She is survived by her husband, three sons, James and Frederick of this city and John overseas, and two daughters, Mrs. Sarah Kane and Mrs. M. J. McCarthy, both of this city.

Notice of the funeral will be given later.

Mrs. E. Atherton Smith, president of the New Brunswick Auxiliary for the Maritime School for the Blind, acknowledges the following amount for the work of that institution:—Walsford W. L., per Mrs. P. E. McKenzie, \$33.55; Salmon Beach W. L., per Mrs. A. Smith, \$27.00; Glassville W. L., per Mrs. J. D. Hood, \$10; Lower Millstream W. L., per Mrs. Charles Stewart, \$11.50; Point de la Pêche W. L., per Miss Daisy Bowser, \$6.50; South Tilley W. L., per Mrs. Florence M. Britt, \$6.

The greater part of the Walsford contribution noted above was collected by a member of the Institute who has been blind since childhood.

"BLUE DEVILS" HONOR ST. JOHN BAPTIST

Two Hundred Thousand Persons Attend Solemn High Mass in Montreal.

Montreal, June 24.—A wonderful vista of color and festivity was unfolded today at the foot of the mountain near this city when St. Jean Baptiste Day was celebrated by solemn high mass, at which the "Blue Devils" participated. A throng estimated at 200,000 people took part and the presence of scores of Canadian and Imperial officers in khaki, a few American officers in uniform, combined to make the occasion one of the most stirring ever held in Montreal.

The "Blue Devils" were the feature of every moment. They were escorted by guards of honor in front and rear from the second Quebec Depot Battalion, and veterans from the local regiments, including Lt.-Col. Le Fleck, U. S. O. Mr. Gauthier, auxiliary Bishop of Montreal, was the celebrant of the mass.

The "Blue Devils" later adjourned for the civic luncheon tendered them on the top of the mountain.

TO SUFFER FROM HEADACHE Makes Life Miserable

Headaches seems to be habitual with many people. Some are seldom, if ever, free from it, suffering continually with the dull throbbings, the intense pain, sometimes in one part, sometimes in another, and then over the whole head, varying in its severity by the cause which brings it on.

The varieties of headache most common are sick or bilious headache, nervous headache, headache from constipation, debility or indigestion and spasmodic headache, and undoubtedly the cause must be removed before permanent relief can be had. Burdock Blood Bitters, that has been on the market for over forty years, removes the cause of the headache, and not only does this but also restores the entire system to healthy action and buoyant vigor.

Miss Emily Smith, 204 Bellwoods Ave., Toronto, Ont., writes: "I cannot speak too highly of Burdock Blood Bitters. For two years I was greatly troubled with violent headaches, particularly in the morning. I tried everything to cure me until a friend recommended B.B.B. I tried it, and now I am completely cured."

LIGHTNING STRIKES CAPITAL DWELLING

Maid Stunned in Home of A. M. Staples and Eight Chickens Killed.

Fredericton, June 24.—The residence of Dr. Philip Cox, St. John street, was struck by lightning on Sunday afternoon. The bolt struck a chimney and entered the attic of the house where it did considerable damage to plaster and lathing. No one in the house was seriously affected.

The same discharge stunned Miss Ellen Flaney, a maid in the home of A. M. Staples, who lives next to Dr. Cox. The young woman was affected for some time, but finally recovered.

Eight chickens in a coop, at the residence of Robert McMurtrie, Union street, were killed instantly.

The discharge played havoc with the electric lighting and telephone service in that part of the city.

The electric storm followed a heavy and prolonged rain and seemed to pass down the St. John Valley. Damage is reported from Burton, where the barn owned by Loque Bros. was struck.

A PORTAGE VALE K. C. GIVES UP HIS LIFE FOR HIS COUNTRY

Talmadge Dewitt Teakles, Son of Mr. and Mrs. Hugh Teakles, Dies of Wounds.

Special to The Standard.
Portage Vale, Kings County, June 24.—Another hero in this locality has fallen in the great war. A message arrived at the home of Mr. and Mrs. Hugh Teakles from Ottawa informing them that their son, Talmadge Dewitt Teakles, had died of wounds. A message came previously stating that the young man had been seriously wounded and his friends were hoping that he would recover. He went to England with the 104th Battalion and was among the first of that battalion to be drafted to France. At Vimy Ridge he was severely wounded and was out of the trenches for several months. He had written many interesting letters to home and friends here.

He leaves to mourn a father, mother, one sister, five brothers and a large circle of relatives and friends. They realize that he died for others and now belongs to the great army of Canada's noble dead. The sympathy of all goes out to those who are now passing through the dark, hard hours of sorrow. He was about 25 years old.

Chatham, June 24.—The towing steamer Grande Ligne had a narrow escape from destruction by fire on her run down the coast from Dalhousie. Fire caught in the coal bunkers off Carleton and spread quickly to the galley, where four members of the crew were sleeping. The men had a narrow escape. The steamer was delayed two or three days in consequence of the blaze and was obliged to put into Burnt Church.

Polarine

FRICITION REDUCING MOTOR OIL

"Makes a good car better"

For Crankshaft Bearings

EFFECTIVE lubrication of the crankshaft and the connecting rod bearings keeps down vibration. Unless these bearings are protected against excessive wear by a film of oil of correct body and lubricating quality, "play" soon develops.

KEEP BEARING WEAR DOWN AND CAR VALUE UP

The actual value of your car, whether in daily use or in the market for sale or exchange, is mainly a question of engine value. A car is no better than its engine. And engine upkeep is largely a matter of proper lubrication.

Polarine

has the right body to adequately lubricate every wearing part in your motor. It keeps your engine running smoothly with a wear-reducing film of oil that does not break down and run thin under the intense heat developed at high speed operation. It flows freely in low or high temperatures—insures full delivery of power the year round.

Polarine is made in two grades—Polarine and Polarine Heavy. It is supplied in one-half, one and four gallon sealers, cans, also in 12½ gallon steel kegs, barrels and half-barrels. There are also Polarine oils and greases for effective transmission and differential lubrication.

Buy Polarine where you get Premier Gasoline—at the sign of the "Red Ball."

CONTINUES TODAY AND ALL WEEK

Semi-Ready Summer Sale of Suits and Pants.

Golden savings for Men who Buy
Just Before the Dominion Day and
the Warm Weather.

Besides the suits for small men and
youths in size from 32-inch breast to
36-inch there are bargains for big
men and average physique types in
the Semi-Ready store at King and
Germain streets.

"This Sale affords a golden saving
opportunity for men who buy just be-
fore the holiday of the year," said
Mr. Fraser, who outlined his reduc-
tions as follows:
320 Suits for small men and youths
who are wearing long trousers will
be sold for \$14.75.
\$25.50 label in-the-pocket suits will
be sold for 18.00.
\$35 suits reduced to \$30
\$40 suits reduced to \$34
\$35 suits reduced to \$28
\$40 suits reduced to \$32
\$45 suits reduced to \$38
\$50 suits reduced to \$40

"People no longer express surprise
at Semi-Ready suits at \$45 and \$50,"
said Mr. Fraser, "for one must pay
that price for the pure worsteds and
fine woolsens, indeed we have suits
as high as \$65 and \$80, and if the
British government takes over the
whole Australian wool product, as the
cable despatches indicate, I look for
the finest cloths to go to \$75 for a
suit. We will have overcoats at that
price for next Fall."

"Our company buys direct from the
Wool Exchange in Bradford, and our
wholesale price is admittedly \$2 to
\$3 a suit less than other makers by
reason of this and other economies
we practice. We have done all we
can to keep prices within reason, but
one cannot combat the fact that cloth
which formerly cost us \$2.10 a yard
now costs \$2 to \$4 per yard."

"This sale coming just before mid-
summer is in line with our desire to
give the best service we know how
to our customers," concluded Mr.
Fraser.

Possibility of Providing a Roadway By Removing Rock—Vehicle Tax Question Still Hanging—Complaint From Military Authorities.

The common council yesterday decided to take up with the C. P. R. the possibility of removing certain rock and in this way providing entrance from Union to Germain street west, the vehicle tax was again up for discussion but nothing was done and some suggestions for playgrounds were referred to the commissioner of public works.

Dr. Baxter, city solicitor, presented a draft of the proposed vehicle law. After some discussion about the tax on the possibility of removing a roadway was deferred.

A complaint from the military authorities about a fishing weir on Partridge Island was referred to the commissioner of harbors.

Commissioner Fisher moved that the C. P. R. be required to carry out its agreement to remove the tracks on Germain street west, or to propose a date when this would be done, this not to be contingent on any work done by the government.

Commissioner McLellan moved in amendment that the city enter into correspondence with the railway as to the possibility of providing a roadway by the removal of some rock. The amendment carried.

The commissioner of public works was asked to prepare a report on playgrounds for the North and West Ends. Commissioner Hilyard was given authority to engage an inspector on the work of the Lock Joint Company who are to lay the new 42-inch main at Lake Fitzgerald.

WELL PLEASSED WITH SHIPBUILDING HERE

E. E. Malone of Ottawa Says Grant & Horne Vessel Well Advanced—Compares Favorably With Any Other Yard.

E. E. Malone, of Ottawa, arrived in the city yesterday and is registered at the Royal. Mr. Malone was formerly attached to the engineering staff of the Imperial Munitions board, but has resigned from that service and is spending a few days' holidays in the maritime provinces.

While connected with the Munitions Board Mr. Malone made many trips to shipyards all over Canada, and is thoroughly familiar with the progress being made in the building of wooden steamers.

Yesterday afternoon he visited the shipyard of Grant & Horne and last night he stated to The Standard that their work was well advanced with their work and the progress made would compare favorably with that of any yard building for the board.

Mr. Malone will leave this morning for Nova Scotia to spend a few days. The result of the entertainment given by the principal, teachers and scholars of Albert school on June 12th showed the amount of \$150.00, which has been donated to the Association fund, and a vote of thanks was tendered to Principal McDiarmid of the school, the teachers and scholars, also to S. Herbert Mayes, for their excellent work in putting on the concert.

It was announced that Miss Ruby Isaacs had kindly given the sum of \$55.00, which she had collected, and a beautiful cushion to the Association for their benevolent fund, and the Association will lottery the cushion. It was decided to enter a veteran's team in the Patriotic Baseball League and the veterans will immediately commence practice.

The following returns from the "Earn and Give" Campaign have been received and show above the boys who lined up on the side of those who are fighting the battles of their country.

LAY IN SUPPLY OF SOFT COAL AND WOOD

J. H. Frink, Fuel Administrator, Sends Forth Good News To Dealers—Pending Charges For Coal From States Are Allowed.

J. H. Frink, fuel administrator for New Brunswick, made the following statement to the Standard last night with regard to cargoes of hard coal coming from the United States to this province.

"The report that the chartering committee of the United States Shipping Board had forbidden vessels to call for Maritime Province ports laden with anthracite was correct, but upon explanation and review of the whole situation from the Fuel Controller's office, the matter was adjusted and all pending charters for cargoes of coal to the Maritime Provinces were allowed, and that which promised to make the situation more serious has been dissolved.

Mr. Frink has sent word to all the dealers to this effect, which notice they no doubt will be glad to receive. The fuel administrator pointed out however that even with this relief the situation was still serious and the probability that enough hard coal would reach the city to supply all demand were very remote and everybody should lay in a supply of soft coal and wood.

TEN NEW MEMBERS JOIN VETERANS' ASSN.

Meeting of Association Held Last Evening—Resolution To Family of Late John Keefe—Votes of Thanks To Albert School For Assistance.

A meeting of the Great War Veterans' Association was held last evening, when ten new members were elected, and this brings the total active membership of the branch up to 57.

A letter was received from Mrs. Margaret Lawrence asking that a representative be present at the Red Cross meeting to be held in the Board of Trade rooms, and Private Frame was appointed a delegate.

There was nomination by ballot for representatives to attend the Dominion Convention to be held in Ottawa on July 29th, and the delegation chosen were, Capt. H. Paschall, H. Allingham, C. Bishop, J. J. Barbour and J. G. Dryden.

Touching reference was made on the death of John Keefe, the honorary secretary, and a resolution of condolence will be sent to the bereaved family.

It was decided to ask Dr. W. W. Broderick to take the position of honorary secretary.

The result of the entertainment given by the principal, teachers and scholars of Albert school on June 12th showed the amount of \$150.00, which has been donated to the Association fund, and a vote of thanks was tendered to Principal McDiarmid of the school, the teachers and scholars, also to S. Herbert Mayes, for their excellent work in putting on the concert.

It was announced that Miss Ruby Isaacs had kindly given the sum of \$55.00, which she had collected, and a beautiful cushion to the Association for their benevolent fund, and the Association will lottery the cushion. It was decided to enter a veteran's team in the Patriotic Baseball League and the veterans will immediately commence practice.

The following returns from the "Earn and Give" Campaign have been received and show above the boys who lined up on the side of those who are fighting the battles of their country.

The National Committee, realizing the part the patriotic motive played in making the campaign such a magnificent success, decided to ask the boys to observe July 1st by contributing 40 per cent. of their pledges. In view, however, of conditions prevailing in New Brunswick, the Provincial Committee has decided to ask the boys to make at least one payment, (one dollar) by that date.

SPECIAL MEETING OF SCHOOL BOARD HELD YESTERDAY

King Edward School Building Claims Considered—Decided That All Claims Should Be Settled.

A special meeting of the School Board was held yesterday afternoon to consider the claims regarding the building of the King Edward School. There were present R. B. Emerson, who was in the chair; Mrs. Dever, Mrs. Taylor, M. Coll, George E. Day, Thos. Nagle, E. R. W. Ingraham, A. Gordon Leavitt, H. S. Bridges and F. Nell Brodie.

The meeting opened with the reading from the minutes of the meeting held on June 17th, the resolution passed at that time that all the claims in connection with the King Edward School should be settled by the building committee. The chairman then stated that a special meeting had been called to deal with this question and proceeded to read a letter from R. C. Hury regarding his claim of \$3,346.

After some discussion M. Coll moved and Thomas Nagle seconded a motion that the resolution of the meeting of June 17th directing that all claims should be settled be carried out, and that the chairman and secretary be authorized to sign checks for these amounts—the bills to be certified by the chairman of the committee. George Day added that it should be stated that the board got full and legal discharge of all claims.

It was advised that in future a cash deposit should be called for instead of a bond.

It was stated that the legal advisor of the School Board said the Board could not be protected any more than it was at present.

The statements made by George Day were as follows: Claims to date \$7,716.65. Amount retained from contract 4,906.00. Payments to be made 2,810.65.

GRAND CHANCE FOR SKILLED MECHANICS

Capt. Hay Says Men of This Class Needed For Royal Flying Corps—Class B Men Allowed in Branch.

Captain Hay, chief recruiting officer in the city, for the Royal Flying Corps, told The Standard yesterday that men skilled as mechanics are urgently needed for this part of the service. These men must possess necessary qualifications, however, being mechanics, of the first order, as the work required good men. Class "B" men are allowed in this branch, so should any young men liable for the service have a mechanical training here is a grand opportunity to follow their trades, even when a soldier.

Cadets may be signed on for the Air Service, but these men must be of age, but not resting under call. Again these signed up as cadets now will not be called into actual service until early winter or late autumn.

Men are required for the first class, and wanted in large numbers also. It is an opportunity for those who are mechanically inclined.

POLICE COURT CASES YESTERDAY

Four men arrested Saturday evening on a charge of drunkenness were before the police magistrate yesterday morning. All were remanded. Meanwhile an endeavor will be made to find where the joy-ride came from. O'Flaherty, charged with leaving his auto on Sydney street, near Union, without having lights on the car, was up before the court again. He stated the car had broken down. He was fined \$10.00.

J. Hopkins, charged with defying traffic laws when stalled by a traffic officer, was again in court. Several witnesses were examined. Judgment will be given today.

Three boys, now held on the suspicion of stealing from the store of McPherson Bros. and J. Cullinan, also stealing some money from the same store, will be brought before the court this morning to answer the charge. Some of the stolen property was found on the lads when arrested.
