## MACKENZIE KING LIBERALS ABANDON WESTERN FIELD TO CRERAR PROGRESSIVES

Further and More Convincing Proof That Secret Alliance Exists Between King and Crerar Causes Stir in Political Circles—Hill's Letter to Haydon Strongest Link in Chain of Convincing Evidence—King Deserts Laurier Liberals.

Special to The Standard. Ottawa, Ont., Nov. 2.—Publication of a copy of a message from the head of the Manitoba Norris Liberals (who are supporting Mr. Crerar) to Mr. Andrew Haydon, national organizer of the Mackenzie King Liberals, indicating that a secret alliance exists between Mr. King and Mr. Crerar has caused quite a stir in political circles. Mr. Haydon, interviewed today, denied knowledge of any "arrangement." He admitted, however, that "Mr. King has constantly advocated co-operation with the Progressives," but added that the latter had just as constantly rejected it. His statement follows:

"There is no arrangement of which I am aware between the Liberals and Progressives. Mr. King has constantly advocated co-operation with the progressives and with labor, but they have just as constantly rejected. The statement that there is an agreement to divide seats is pure Tory propaganda. On top of this guarded statement, and as if timed for its publication, comes the announcement that the Liberal candidate against Mr. Crerar in Marquette, Manitoba, was yesterday withdrawn. It was pointed out today, indeed, that in practically the whole of the West (excluding British Columbia where the Agrarians are non-existent) the Mackenzie King Liberals have practically abandoned the field to Mr. Crerar. A half dozen candidates have entered the contest in places where central authority could not exercise control, but even those are being rapidly withdrawn. Convincing Evidence. Mr. Hill's message to Mr. Haydon, it was pointed out, forms the strongest link yet adduced in the following chain of evidence of a Crerar-King understanding. 1.—The well known fact that Mr. Crerar tried to attend the National Liberal Convention and was only prevented from so doing by the representation of his advisers that his attendance would drive the Conservatives out of the Farmer movement. 2.—Mr. Charles Murphy's (Mr. Murphy was the organizer of the Liberal Convention) statement to Russell electors that Mr. Crerar would never speak in that riding against him. 3.—Mr. Crerar's studious failure to

NO ROOM HERE TO FIGURE GROWTH OF METHUSelah's \$1 Washington, D. C., Nov. 2.—Joseph B. McCoy, Government Auditor performed another stunt in mathematical wizardry today, to show how dollars will earn dollars if placed out at interest. He took Methuselah as an example. If Methuselah had invested \$1 at 6 per cent, compounded annually, which he was 1,900 years of age his wealth would have amounted to \$77,107,000,000,000,000,000 at the age of 9000 years. The interest on such a fortune for a fraction of a second would pay all of the world's war debts today.

## ARREST TWO MEN WANTED IN N. Y. MAIL ROBBERY

Taken Into Custody Yesterday and Are Held on \$5,000 Bail. New York, Nov. 2.—Arrests of two men wanted by post office authorities in connection with the \$20,000 mail truck robbery, the night of October 24, was announced today by the police of Jersey City. The men were taken in custody yesterday while driving a motor car along a city boulevard. They were recorded at Jersey City police headquarters as Michael Arbet, alias Rafael Derog, and Frank Calabro, both of Hoboken. They are being held in \$5,000 bail each on technical charges of being suspicious characters. Police Commissioner Bentley of Jersey City, said he knew of the connection the men were believed to have had with the robbery, but could not make it public.

## Provincial Gov't Members Attend Liberal Meeting

All Gov't Business Suspended to Talk Over Money Affairs for Federal Campaign.

Special to The Standard. Fredericton, N. B., Nov. 2.—The United Farmers of New Brunswick are on a still hunt for a candidate by Saturday it is expected they will be able to announce who he is, according to the statement of Conn. D. H. Clarkson made at the meeting of the Progressive executive. Mr. Clarkson said that E. W. Stairs would not run and a number of names had been considered for the post, but he was not at liberty to mention them. He said that it was definite that Progressive candidate would be in the field. Don't Believe It. Many electors are sceptical concerning the Progressive candidate in this constituency. It is well known that Leader Crerar, when here last week, told his presumed followers that there should be just one opponent to the Government candidate here and as the Liberals have a man in the field the expectation is that nomination day will pass without a Progressive candidate being named. The Liberal Provincial gathering this afternoon for the purpose of considering the parties' chances in the Federal general election in this Province continued for some time at the local Liberal committee rooms. There was a fair representation with M. P.'s had been invited to the meeting, and the leading roles. Financial matters were discussed after the meeting was over. All that was talked to the press was that the meeting had been held and that there was no statement to give to the public. This gathering was so important that the members of the Provincial Government had to attend it, and, consequently, no session of the Government was held this afternoon. Vendorships in one of the houses to be considered at this Government meeting as all expired and are being continued merely pro tem.

## Bank Teller Falls Through Trap Door

Yarmouth, N. S., Nov. 2.—S. W. Wat. Ker, Fredrickton, teller of the Yarmouth branch of the Bank of Montreal, suffered a fracture of his leg, arm and severe bruises when he walked through a trap door in the bank building and fell on the concrete floor of the cellar.

## LLOYD GEORGE DEFERS TRIP TO UNITED STATES

Critical Stage Reached in Irish Negotiations Causes Premier to Change His Plans.

REGARDED, HOWEVER, AS FAVORABLE SIGN Believed Few Days' Delay in His Departure Will See Irish Settlement Reached. London, Nov. 2.—Prime Minister Lloyd George has definitely cancelled his passage on the steamer Aquitania, on which he was to have proceeded to the United States, November 3, to attend the Washington Disarmament Conference. This fact became official today, but it is believed that the Premier had been known for some days that the critical stage of the Irish negotiations had reached probably would prevent Mr. Lloyd George from sailing on Saturday. Owing to the grave turn in Irish affairs it is not even possible to fix a provisional date for the Prime Minister's sailing, but he is still expected to go to Washington at the earliest possible moment.

## COMMONS TO DISCUSS ARMS CONFERENCE

This Action to be Taken in Connection With Resolution Presented by Labor. London, Nov. 2.—A discussion of the Washington Conference on limitation of armaments and for Eastern problems will take place in the House of Commons next Friday, in connection with a resolution presented by the Labor members, "earnly approving of the conference." Austen Chamberlain, Government leader, announced today, Sir Francis Williams, Unionist member from Birmingham, protested against such a discussion at this time because of the adverse effect it might have in the United States and other countries. Mr. Chamberlain replied that this point had been given most serious consideration. In Complete Accord. Continuing the Government leader said: "We are in such complete accord in our desire to see the Washington Conference succeed that the Government, consulting the discretion of the House so as to conduct the discussion that it will not prejudice the success of the conference, agreed to the discussion." The Resolution. The motion will be presented by John Robert Clynes, Stephen Welsh, J. H. Thomas, Arthur Henderson and Thomas Clavin. It reads: "That this House warmly approves of the meeting of the International Conference at Washington, and trusts that a supreme effort will be made to arrive at such measures of agreement as will secure a substantial and Progressive reduction of the crushing burden of armaments, and prevent the exportation of munitions of war by private firms from one country to another. In the interest of unity with the labor party it was decided to express from the motion that portion reading, 'and prevent the exportation of munitions of war by private firms from one country to another.'"

## Attempt to Poison Family of Toronto Fruit Merchant

Toronto, Nov. 2.—The police are continuing an attempt to poison Sava Bostrov, fruit merchant, his wife and six young children. Milk left in a bottle in their doorway was supposed to be poisoned. The police dog, which drank a small quantity of the milk, died a few minutes afterwards, the three-month old baby would have been fed the poisonous food.

## Bank Teller Falls Through Trap Door

Yarmouth, N. S., Nov. 2.—S. W. Wat. Ker, Fredrickton, teller of the Yarmouth branch of the Bank of Montreal, suffered a fracture of his leg, arm and severe bruises when he walked through a trap door in the bank building and fell on the concrete floor of the cellar.

## CANADA'S LOT BETTER THAN ANY COUNTRY IN WORLD, SAVE U. S., SAYS PREMIER

Answer Tariff Question Positively and Unequivocally and There Will be Less Unemployment—King Supporting Any Platform That Will Give Votes—If Trickery and Perfidy in Public Life are Wanted, Vote for Liberals, Premier Tells Electors.

## MONTREAL PLANS FOR RECEPTION OF THE PREMIER

Will Arrive There Tomorrow and Address Two Meetings—Big Meeting in Evening. Montreal, Nov. 2.—Arrangements have been completed for the reception of Mr. Meighen when he will reach here Friday and will address two meetings before proceeding on a brief tour of the Metropolitan area. The first will be held under the auspices of the Women's Branch of the National Liberal and Conservative Party, in the afternoon at which Hon. Charles Monty will also speak. The second meeting will be in the evening and the Premier will be accompanied by Rt. Hon. C. J. Doherty, Hon. C. G. Bellamy, Hon. R. Monty and W. G. Ross, Conservative candidate in St. Antoine division, (Montreal). On Saturday the Premier will speak in Lachine and will then return to Ottawa, Monday night he will speak in Three Rivers. He will speak in Quebec Tuesday afternoon, Farabee Wednesday afternoon and Sherbrooke Wednesday night.

## To Offer Prayers For Success of Arms Conference

Ten Thousand Churches of England to Co-operate With American Churches Sunday. London, Nov. 2.—The National free church council of England, in cooperation with the federal council of the Churches of Christian America will offer prayers in all the 10,000 churches of the country next Sunday for the success of the Washington Conference on limitation of armaments and for eastern questions. Cardinal Bourne, Archbishop of Westminster, has issued instructions to the Catholic clergy of his diocese to offer up special prayers on Sunday. He also has appealed to all the Roman Catholic Bishops in Great Britain to do likewise.

## Ambassador Harvey Castigated By Am. Legion of Honor

Taken to Task for Speech Dealt With America in War. Kansas City, Mo., Nov. 2.—The National convention of the American Legion here today rejected a report of its committee on resolutions castigating Colonel George Harvey, American Ambassador to Great Britain and declaring him unfit to hold office in the American Government. The vote to table was 576 to 444, with fifty not voting. After the original Harvey resolution had been tabled, a sub-resolution was adopted. It was couched in less caustic terms and was adopted by unanimous vote. Col. Harvey was castigated for a speech made soon after his arrival in England which he discussed America's reason for entering the war.

## Heavily Fined For Transporting Prize Fight Films

Columbus, O., Nov. 2.—A fine of \$1,000 was imposed in federal court here today upon Frank Fiorano, of New York, an associate of Tex Rickard, for bringing into Ohio films of the Dempsey-Carpenter fight in violation of federal law. Fiorano pleaded guilty to the charges in the hope that films may be shown in Ohio.

## Answer Tariff Question Positively and Unequivocally and There Will be Less Unemployment—King Supporting Any Platform That Will Give Votes—If Trickery and Perfidy in Public Life are Wanted, Vote for Liberals, Premier Tells Electors.

Peterboro, Ont., Nov. 2.—(Canadian Press Staff correspondent)—"When is this country going to learn that it can make its way by one method and one only and that, is by a tariff made by Canada for Canadian people?" This was the question which Premier Meighen addressed to an audience of about 3,500 people who gathered in the armories here tonight. The prime minister presented all his arguments in support of a protective policy. Premier Meighen's meeting this evening concluded his Ontario campaign at any rate for the present. He left for Ottawa following his meeting here and will tour Quebec and the West before returning to this province. J. H. Burnham, candidate in West Peterboro, declared that he now wished to support Protection as they had it in England, for England was no longer a free trade country. "I do not think any government, Farmer, Unit or Tory, is responsible for present conditions in Canada," declared Mr. Burnham. "It is a result of the terrible conspiracy against the world led by Germany."

## Premier Reviews Conditions

Premier Meighen opened by referring to his visit to Peterboro when he spoke on behalf of Mr. Dennis at the by-election last February. He had not changed his views since his last visit, he declared. He went on to compare conditions in Canada today with those in other countries which had participated in the war. "Tried by any standard you care to apply, Canada has better conditions than any country in the world, save the United States alone," he insisted. "The per capita debt of the United States was not as large as that of Canada, but twice as many men were out of work in that country, its population to population as were unemployed in Canada."

## Locomotive Men Killed When Train Strikes Rock Slide

Train on C. N. R. in Accident—Passengers Escape Any Injuries. Vancouver, B. C., Nov. 2.—East-bound train, No. 3, which left Vancouver Monday night over the C. N. R. struck a rock slide one mile east of Kelke, and engineer Rheanote and fireman Thompson, both of Jasper, were killed. The point where the accident occurred is seven miles west of Jasper in a rocky country. J. H. Cameron, Assistant General Manager stated this morning that no one else suffered any injury and that little damage to rolling stock or track was sustained. He declared that passengers would be caused little delay. The train, which was an unusually long one, left here Monday night and carried both Canadian Pacific Railway and Canadian National Railway passengers from Vancouver to be transferred at points further along the line beyond the break.

## New York City Still Without Its Milk Distribution

Prospects of Early Settlement of Truck Drivers' Strike Has Vanished. New York, Nov. 2.—Prospects for early settlement of the strike of 10,000 milk wagon drivers, salesman and platform men vanished tonight when the Milk Conference Board, the employer's organization, voted against submitting matters in dispute to arbitration. The postponement is desired on account of election day and armistice day during the week of November 7.

## TURNING LOOSE OF PRISONERS PART OF IRISH PEACE AGREEMENT

Dublin, Nov. 2.—It is announced that ten prisoners in Ballykinter internment camp were liberated today. While no reason was assigned for the release of the men, it was considered here as indicating that a general release of prisoners is not distant and that their being turned loose might be a part of a general peace agreement.

## Palmer and Binet Freed on Charge of Murder

Alleged to Have Caused the Death of Young French Canadian Shop Girl. Quebec, Nov. 2.—William Frederick Palmer, alias Cole and Raoul Binet, alias Legault, were tonight acquitted of the charge of murder in connection with the death of Blanche Garsneau, a young French-Canadian shop girl, who was abused and murdered on the 22nd of July, 1920, in the elder bushes near Victoria Park, this city. After deliberating for twenty-five minutes the jury returned a verdict of "not guilty," which was received with applause by the crowded court room. The liberation of the two prisoners was immediately granted by Mr. Justice Gibson, but Raoul Binet was subsequently re-arrested on a charge of perjury. Binet is charged with perjury as it is alleged that at the preliminary investigation he swore that he had seen William Frederick Palmer abuse and murder Blanche Garsneau, and last week at the trial when he was placed in the witness stand, he swore that when he accused Palmer of having killed Blanche Garsneau, it was false, because he was not in Quebec at the time and had never met Palmer in that city.

## NATIONAL HOLIDAY

Washington, Nov. 2.—Armistice Day, November 11, will be declared a National holiday in honor of the inkless soldier of the United States to be held that day in Arlington.

## MANY RUSSIAN ORPHANS ON WAY TO ARGENTINA ARRIVE AT PARIS

Paris, Nov. 2.—Hundreds of Russian orphans who have been adopted by wealthy families in Argentina are beginning to arrive here from Poland on their way to South America. They are lodged in a big hall pending embarkation. Wealthy Parisian women are giving them toys and watching their transports of joy. The boys and girls show marks of fearful suffering. Great sympathy has been aroused, especially by those bearing wounds inflicted by the Bolsheviki. The first group of orphans will be sent on to Argentina next week.

## First Hanging in Northwest Territories

Fatal Drop for Indian Convicted of Murdering His Wife and Child. Edmonton, Alta., Nov. 2.—The first hanging in the history of the Northwest Territories was scheduled to take place at Fort Smith, 900 miles north of Edmonton yesterday, but definite information as to whether the sentence was carried out will not be available until the middle of December when the next mail comes out from the north country. Albert Lebeaux, Slavey Indian, convicted of the murder of his wife and child, Tuesday expired on the gallows his crime of ten months ago unless some unforeseen circumstances arose which delayed the carrying out of the death sentence. According to Major Jennings, superintendent of the Royal Canadian Mounted Police, all arrangements were completed and the sentence was to have been carried out Tuesday morning.

## Confident Good Will Come From Conference

New York, Nov. 1.—Confidence that much good will come out of the Washington Conference on the limitation of armaments was expressed by delegates from Italy, Great Britain and China on their arrival here today on the Olympic.

Sydney Miners Expect Injunction Proceedings

District 26 Outside U. S. Courts—Canadian Imitators May Start Something.

Sydney, N. S., Nov. 2.—I am rather surprised that they took the trouble to name District 26, declared J. R. McLachlan tonight, discussing the Anderson injunction against the United Mine Workers of America "check-off" system.

Opposition To Ban On Canadian Cattle Voiced

Action of Royal Agricultural Society of England Regarded as Unnecessary.

London, Nov. 2.—The Council of the Royal Agricultural Society of England at their meeting today discussed the report of the Royal Commission on the importation of store cattle from Canada, and expressed decided opposition to the findings of the commission.

Winnipeg Civic Elections Will Be Held Nov. 25

Mayor Farnell, Candidate for Second Term, Will Probably Be Unopposed.

Winnipeg, Nov. 2.—Winnipeg civic elections will be held November 25, with nomination day November 11, Mayor Edward Farnell will be a candidate for a second term and it is not expected that anyone will run against him.

Yarmouth, N. S., Nov. 2—Burglars early this morning entered the clothing store of William Starr, purloined quantities of drygoods, and started a fire beneath the counter. The fire burned itself out without spreading.

COMMUNISTS IN U. S. PLEAD FOR CONVICTED MEN

Mass Meetings in All Parts of Country to Reach Climax on November 20th.

New York, Nov. 1.—Mass demonstrations in all parts of the United States, similar to those held in European cities, to express indignation of the workers at the impending fate of Nicola Sacco and Bartolomeo Vanzetti, the two Italian labor organizers whose murder appeal will be decided by the Appeals Court of Massachusetts December 1st, are being planned by Communists and other radical organizations with headquarters in this city.

Announcement of the proposed plans was made tonight by the Workers' Defense Union, the Italian Committee for Defense of Political Prisoners, the American Labor Alliance, and other organizations, after a conference which was held at 201 West Thirtieth street.

The conference, which was called by the Labor Alliance, a new political organ which advocates the overthrow of the present form of government and the establishment of a soviet workers' republic, drafted plans of campaign, it was stated, that call for a protest, equaling those which were held in Paris, Rome and other cities, causing great disorders.

The announcement of the proposed demonstrations said that the climax of the campaign will come on November 20, when meetings will be held, probably in Madison Square Garden and similar centres in other parts of the country. Frank P. Walsh will be invited to address the Madison Square Garden meeting. It was stated, as well as speakers of all nationalities.

The committees in charge of the demonstration programme said that special invitations are being extended to the American Federation of Labor and Independent Union bodies, the Italian Chamber of Labor, the Industrial Workers of the World and the Socialist Party, to participate in the Garden meeting.

"This fight to save Sacco and Vanzetti is one of the most urgent tasks before the organized labor movement," said Art Shields, of the Workers' Defense Union, tonight. "The Sacco and Vanzetti case does not only put American justice on trial, it represents a savage attack on the labor movement. Some can be saved only by united action on the part of labor."

It is significant that the newspapers that are crying for their execution say very little about the evidence against them, but harp on the fact that they are radicals. They know that their case can rest only on appeals to anti-radical prejudice. It was the same way in the Mooney case. The hostile newspapers and phony Mooney's radicalism and fought shy of the evidence. Sacco and Vanzetti are innocent of the South Braintree murder as Mooney was of the Preparedness Day explosion at San Francisco.

"The organizations participating in this drive are hopeful that a new trial will be granted as a result of the European demonstrations of sympathy and solidarity."

Opposed by A. F. of L. Promoters of the demonstration movement said tonight that they had not as yet consulted the police department or federal authorities as to whether such mass demonstrations as planned would be permitted in this country.

Leaders of organized labor as represented by the American Federation of Labor said tonight that they would have no part in the radical movement, and pointed out that the promoters were organizations that were attempting to destroy the American labor movement.

They pointed out that the American Labor Alliance is advocating the Communist form of Government for the United States, and has openly declared its intention to wreck the American Federation of Labor by "boring from within."

The announcement of the proposed radical demonstration is believed to have been the result of the demonstration held in Rutgers Square on Saturday, at which time speakers under the auspices of the Workers' League, the local unit of the Alliance, critics of the radical organizations of the country for not doing something in behalf of Sacco and Vanzetti.

Communist and radical publicists have begun to make their appearance on the lower east side, it was learned tonight, containing appeals to the workers to arise in behalf of Sacco and Vanzetti.

Describing the demonstrations of European workers, one of these publicists said: "In the meantime, the workers of one country vigorously resist the brutal prosecution of workers in another country. There is something brewing, masters of America."

The paper adds, however, that "We do not believe that the slaying of Americans will secure the release of our unfortunate Italian fellow workers."

"All honor to the class-conscious workers of Europe, who do not forget their champions," declared another radical newspaper. "Shame upon the Gompers clique in the United States who are always eager to betray the real friends of the workers."

Reports in the press that bombs were used by the Communist demonstrators in Paris were declared to be a "cheap attempt to discredit Communism and the Sacco-Vanzetti case at one blow."

Dozens of other pamphlets and publications are being put in circulation throughout the country to arouse the workers. Speakers are also giving addresses almost every night on the east side, appealing for the workers to help comrades "Sacco and Vanzetti."

LAXA-LIVER PILLS and you will enjoy the best of health. Mrs. Frank Willey, R.R. 3, Belmont, Ont., writes: "I have been troubled with constipation for nearly two years. I had bad headaches, faint and dizzy spells, and would bleed terribly. I was nearly discouraged for I had tried so many things that gave me no relief. My mother got me a trial of Milburn's Laxa-Liver Pills and told me to give them a fair trial. After I had taken one trial I felt much better and continued their use. Now I have no faint and dizzy spells and am gaining nicely. I would not be without Milburn's Laxa-Liver Pills for the world." Price 25c, a trial at all dealers, or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.

Need of Stronger Laws To Quell Booze Traffic

Because of Restricted Jurisdiction Authorities Helpless to Prevent Rum Running.

Regina, Sask., Nov. 2.—It is because of their restricted jurisdiction that Canadian authorities are practically helpless to prevent rum-running from Canada across the international boundary into the United States, Rev. J. M. MacLaren, Inspector of Liquor Law enforcement for the Province of Manitoba, told delegates at an International Convention of prohibition officers here today. The delegates represented the Provinces of Ontario, the United States, State Legislatures and the Provinces of Canada.

R. E. A. Leach, of the Saskatchewan Commission, explained the conference was called as the result of the request of American authorities and the wish of liquor law enforcement officers of both Canada and the United States to secure stronger co-operation in their efforts to quell the booze traffic.

DIXIE LAND KINDER CRITIC OF HARDING

Washington, D. C., Nov. 1.—The White House is being deluged with expressions of opinion for and against the President's address in Birmingham on the race question in the United States.

The President is well pleased with the effect of his speech and its reception by some of the most prominent business and political men in the South. In talking with newspaper correspondents who accompanied him on the trip, the President indicated that while he did not believe the South is ready for an immediate action on the race problem as he outlined it, he believes it will be effective and that it is not fair to the South to put the Southern people up with which they have to deal. He has an earnest conviction that the South has been satisfied with this.

It is a peculiar analogy that most of the favorable comment on the speech is coming from the South and a large share of the unfavorable comment from the North. Radicals on both sides of the issue are displeased.

Leaders in the Republican party are not a unit upon the subject. There are many who believe the race issue and Republican votes in the South should be left alone. They are of the school which does not believe that dangerous feelings should be stirred up. The President is determined, however, to meet the issue for the good of the South, which he told anxious in several Southern States was the good of the nation.

A summary of the general reflex of speech shows it was better received in Dixie than many Republican politicians believed would be the case. Prominent citizens in every community visited by the President after the Birmingham speech were depressed, took occasion to tell the President that they stood with him and pledged their aid to a practical settlement of the problem.

CAN GREEKS HOLD ON IN ANATOLIA?

Prediction That Army Will Repeat Napoleon's Retreat from Moscow.

Bruce, Asia Minor, Nov. 2.—The problem of holding, throughout the autumn and winter, the large area in Anatolia the Greeks occupy since their advance on Angora which been checked appears to be a serious one. In the judgment of competent military critics it will not be possible unless the Greeks are able to erect bar racks or other shelters suitable for the rains and heavy snows which are bound to ensue.

A great part of this territory is devoid of living abodes of any kind. The troops in tents during the cold months will be out of the question. The making of earth dugouts might solve the problem, but the country furnishes absolutely no wood or other fuel.

Some observers go as far as to predict that if the Hellenic forces attempt to hold this vast area during the winter, they will repeat Napoleon's disastrous retreat from Moscow.

When the Greeks set themselves the task of reaching Angora through the hills and mountains which they had been made 25 years ago and which in many cases gave no indication of the mountainous character and physical obstacles of the country.

Once they drove the Turks east of the Sakaria, they believed their way would be relatively easy. But they found their adversaries strongly entrenched in commanding ridges of the hills and mountains which were all but impregnable. It was from these dominant positions that the Turks poured down upon the Greeks on the plain and valleys a withering machine-gun and artillery fire which only a superhuman effort could have overcome.

The Greek losses in dead and wounded are estimated at more than 15,000. The Turkish casualties are believed to be somewhat less. The number of prisoners taken by the Greeks numbered approximately 1,500.

The exhaustion of the Greek troops after their several hundreds of miles of marching and their 12-day battle was another vital reason that prompted the Greek general staff to halt the advance against the Kemalists. It was clear the Greek troops could not have gone on much longer. Not only were they greatly enervated by their long marches over desert-like land, but they had insufficient food, water and sleep.

It is also undeniable that some of them were badly shaken by the fierce, unrelenting fighting of their comrades and the heavy losses among their comrades and officers. In some instances they refused openly to go forward until assured of adequate protection of their flanks and proper artillery support. All this was perhaps perfectly natural in a struggle against an enemy in his own country and who had so many points in his favor.

The necessity of shortening their lines of communication, embracing hundreds of kilometers of sandy, hilly roads, constituted the fourth important factor which made it seem wise to stop the campaign. The Greeks had sufficient motor trucks and other vehicles, but it took days for munitions and supplies to reach the front. And their supply trains were constantly menaced by bands of Turkish irregulars which infested the mountain sides. It was from extremely difficult to move the heavy guns and to get adequate quantities of munitions to the front in time to be of use.

Both sides fought with great valor and determination. The Kemalists were conscious that their capital was in danger, and they put all their strength and spirit into the struggle. Their counterattacks were especially daring and brilliant. The work of their artillery, too, was of a high order.

The Greeks, flushed with their successes at Kutahia and Eski-Shehir, attacked with all the energy and confidence of victors. They bore without complaint the great hardships and privations incident to a campaign in a strange, difficult and inhospitable country. If they failed in their ambition of reaching Angora, it was not because of inherent weakness in themselves, but because they faced an opponent quite as brave and resolute as themselves and encountered physical strength that required a greater strength than theirs to overcome.

Medicine Hat, Alta., Nov. 2.—Representatives of Saskatchewan and Alberta cities at conference here today decided on reduction in the wages of civil employees for 1922, on a basis calling for a cut of thirty-two per cent on the increase of 1921 salaries over those of 1914.

"Shirker" Yelled At Member of House Commons

Made Insulting Remark Regarding Distribution of War Medals—Labor Member.

London, Nov. 2.—(Canadian Press Cable)—The Secretary of State for War, Rt. Hon. Sir L. Worthington-Evans, answering a complaint in the House of Commons today as to the tardy distribution of war medals, said that ten million medals had already been distributed.

J. B. Mills, a labor member, asked if the war office would buy up the thousands of medals now being pawned to buy food. Shouts of disapproval arose from all parts of the House and there were cries of "shirker" and "who did you lose in the war?" Mills worked in the Woolwich Arsenal during the war.

Sergt. Chambers Breaks Parachute Jumping Record

Kansas City, Mo., Nov. 1.—Sergeant Emil Chambers of Postfield, Fort Sill, Lawton, Okla., today broke what officials say is the record for high altitude parachute jumping when he leaped approximately 22,000 feet, 400 feet less than five miles, from an army plane. The stunt was performed in connection with the American Legion flying meet. The descent took seventy-eight minutes.

Sergeant Chambers' former record was 22,002 feet. This was later broken by Lieutenant Hamilton at Ranken, Ill., last summer when he made a jump at an altitude of 23,007 feet. Representatives of the aero club of America will send the sealed barograph to Washington to have it calibrated and the official altitude verified.

Both Chambers and his pilot, Wendell Brookley, were equipped with oxygen tanks and special fuel-lined clothing. The ascent, according to Lieutenant Brookley, took an hour and a half.

Intense cold was encountered during the flight and Chambers and Brookley commenced "smoking" their oxygen when they reached 22,000 feet. When the fliers had reached the "ceiling" Brookley gave the signal and Chambers climbed out on the fuselage. Then he divided head first into space. According to Chambers, he dropped fully 500 feet before his big silken parachute opened.

Chambers said he suffered intensely from the below zero temperature during the early minutes of the descent. He said he lighted a cigarette and smoked it during half of the downward journey.

Some guys must have an awful lot to do. I see in the paper that one of them has been calculating how much Methodist would have made if he had invested \$1 on his 31st birthday and left it to accumulate with interest till he died. Now what good is that knowledge to a fellow? Another guy has been figuring out how a man spends his life time, and he says that a man of 70 has spent in sleep, 25 years; in work, 18; in amusements, 9; in religious devotion, 1; eating, 2; travelling, 6; illness, 4; and dressing, 2. Well, one has got to do all these sort of things sometimes.

METHODISTS WOULD KILL BOOTLEGGERS
Better Dead Than Alive is Verdict Passed in Church's Dry Organ.

Washington, D. C., Nov. 2.—Washington was astonished tonight when the Board of Temperance, Prohibition and Public Morals of the Methodist Episcopal Church came out openly for the shooting to death of bootlegger.

The startling recommendation that enforcement officers be free with the use of firearms was contained in what is known as the weekly Clip Sheet issued by the organization and distributed among its members to further the cause of prohibition. The Rev. Clarence Trax Wilson is general secretary of the board and Deeds Pickett is research secretary.

The statement had the most important position in the Clip Sheet. It was headed "The Only Good Bootlegger is a Dead Bootlegger."

METHODISTS WOULD KILL BOOTLEGGERS

Better Dead Than Alive is Verdict Passed in Church's Dry Organ.

Washington, D. C., Nov. 2.—Washington was astonished tonight when the House of Representatives, Prohibition and Public Morals of the Methodist Episcopal Church came out openly for the shooting of bootleggers.

The startling recommendation that enforcement officers be free with the use of firearms was contained in what is known as the weekly Clip Sheet issued by the organization and distributed among newspapers to further the cause of prohibition.

The statement had the most important position in the Clip Sheet. It was headed "The Only Good Bootlegger is a Dead Bootlegger."

There is reason to believe that the surprising recommendation that officers take the law into their own hands in this manner will be discussed in Congress. The point has come up before, and more conservative Senators and Representatives declared it was extremely dangerous to give prohibition officers too much authority.

Here is the text of the Methodist proposal: "On several occasions recently prohibition and police officers in the discharge of their duty have been fired upon by bootleggers. Unfortunately some of these bootleggers have been taken and lodged in jail. They should have been lodged five feet under ground."

"In Washington recently police officers attempted to stop a car going through the streets at terrific speed and were ignored. They gave chase in another car and were being out-distanced when the bootlegger's machine ran into another automobile standing by the curb, injuring its occupants and causing down the street. Both bootleggers leaped from the car with drawn revolvers. Nevertheless the officers took them alive. This is not good policy. Such incidents should be dealt with according to the code of the Texas Ranger. We would be the last to advocate the unwarranted use of weapons by officers, but a bootlegger is worth a lot more to the country dead than alive."

"A few days ago a hard working colored woman, respectable and honest, said: 'If I do make me so mad, I has to work hard for my living and I only gets \$2 a day, while that ole Charlie Brown is tryin' round with a big automobile and now he done bought another car, all wid bootleg money.'"

"The same just comment could and would be made by hundreds of hard working white people in regard to independent, arduous and prosperous bootleggers, both white and black."

"One of the sure fire ways to locate bootleggers in any city is to watch the automobile registration. When a man registers a big, fine car without any apparent reason why he is able to afford such an automobile his case should be looked into. The Government should see that such cars are sold for the benefit of the taxpayers according to law. Treat 'em rough."

Police Court Cases Yesterday Witnesses Give Evidence in Case Against George Parker—Another Theft Charge.

The case against George V. Parker, charged with being the receiver of stolen goods knowing them to be stolen, was resumed in the police court yesterday afternoon. Inspector Stevens of the C. P. R. corroborated the evidence given by Detective Biddiscombe at a previous hearing as to the searching of the defendant's barber shop and residence, and of finding of several pieces of cloth and some shoes, which were produced in court and identified as stolen property.

C. P. R. Constable Costello also gave corroborative evidence, and Police-man Linton told of investigating a break reported to him in the shop of Edward Taylor, Union street, W. E., and of finding the front door open and the window in the rear showing signs of having been opened with a sharp instrument.

Detective Biddiscombe gave further evidence and the case was allowed to stand until Friday at 10:30.

Daniel Mullin, K. C., appeared for the defendant, and H. H. McLean, Jr., for the C. P. R.

In the case of Joseph Neves, charged with theft, W. Jacobson stated he found that his gent's furnishing store on Mill street had been broken into on the 20th of June and a quantity of goods stolen, amongst other articles, some suits, coats, and watches, to the value of \$150. He identified a suit produced in court as part of his stolen property and also a watch. The value of the suit he placed at \$15. Postponed.

In the morning Parker, while giving evidence in a case against Fred Gallant, who is charged with breaking and entering the store of S. R. Taylor, and stealing a quantity of cloth valued at \$400, fainting at the conclusion of his examination by J. A. Barry who appeared for Gallant.

Parker said he paid the accused \$25 for a quantity of cloth and some fur, which Gallant told him he had found under a wharf.

A case against Saul Aranzoff for selling liquor was postponed to Thursday at 2:15 in the afternoon, as the prosecution were unable to produce

Just Shook Like A Man With Palsy

Canadian Pacific Railroad Man Was Almost a Wreck from Stomach Trouble.

"When it comes to building a man up and making him feel fine, I don't think there's another medicine in the world in the same class with Tonic," said Stanley J. Smith, Lake Magalloway, P. Q., with the Canadian Pacific Railroad.

"There's an old saying that when a man's stomach goes wrong everything else goes wrong with him and my experience proves it. Several months ago I began to suffer from indigestion, and it wasn't long before I was so weak I could hardly board my train."

"Tonic made me feel like a brand new man in a short time. I never saw anything to equal the change it made in my condition and I'm strong for it."

Tonic is sold in St. John by Ross Drug Company, F. W. Munro and leading druggists.

Health Rules For Children

Dept. of Public Health, Toronto, Issues Folder of Interest to Children.

The following health rules for children of school age have been published by the Department of Public Health, Toronto:

Food Rules for Eating—Give no food between meals. Make every child eat slowly and chew his food well—do not wash it down with water or milk.

Urge children to drink water between meals but not at bedtime. Make every child wash his face and hands before meals.

Serve food warm and well cooked on clean dishes and with a clean table. Keep flies away from food.—Flies spread summer complaint.

Give at least one pint of milk each day to each child. Keep milk cold—keep on ice if possible.

Where possible, dinner for children should be at midday. Sleep Children should get all the sleep they will take—they should not be wakened in the morning. It is during sleep that nature makes up the waste of the previous day and piles up reserve for the next day—in other words, growth occurs not only in stature but in vitality.

Maximum sleep means maximum health. Younger children should be asleep at 7 or 7:30 p. m., older children not later than 8:30 p. m. The child of 6 needs 12 to 13 hours sleep when well and more if he is run down. The child of 14 needs 10 to 11 hours of sleep.

Fresh Air Fresh air is a necessity for health. When going to school the child can get only about two or three hours of outdoors, but he can get 10 to 12 hours of fresh air while asleep.

Keep the bedroom window always open during sleeping hours. There is also given lists of proper food for children of school age, the amount required, and rules for preparation with three degrees of cost. There is a table of average weights at various heights.

United States To Complete Alaskan R. R. House Authorizes \$4,000,000 to Carry on Work Upon Which \$52,000,000 Spent.

Washington, D. C., Nov. 2.—The House, by a vote of 198 to 76 today passed and sent to the Senate a bill authorizing an appropriation of \$4,000,000 to complete the construction of the Alaskan Railroad.

A total of \$52,000,000 has already been appropriated for construction of the road, which, when completed, will extend from Seward to Fairbanks, a distance of 539 miles. Work is now in progress on a final link of sixty-one miles.

one of their witnesses, J. A. Barry protested for the defense that it had been agreed that the case would be concluded on Wednesday, W. M. Ryan for the prosecution.

A fine of \$50 was struck against Ryan and a fine of \$10 against Paxton Fairweather for traffic violations.

Stuart Ritchie and J. Stanley Vail failed to appear although summoned.

Canadians Respond To Appeal For The Labrador Natives

Captain Living Returns to Province With Supplies and Contributions.

Ottawa, Ont., Nov. 2.—Captain Alfred Living, who came out of Labrador in the summer to appeal for food and clothing for 400 or 500 families in that bleak province, is returning to Labrador with enough food and clothes to keep the natives from death by famine this winter.

Captain Living is in charge of the Canadian Government's reindeer herd and is stationed at Lobster Bay, Labrador. In emergencies, he acts as a counsellor and physician for the natives. He carries on his return trip a supply of first-class remedies and simple medicines.

He was forced to leave Labrador and obtain outside aid because, he said, the Indians, half-Baskinnes and sprinkling of whites married to natives which constitute the population, had become utterly dependent upon outside relief.

Maximum difficulties began with an epidemic of influenza and pneumonia last spring, which left them in a weakened condition. This was followed by a season in which both deer and fur failed them and prices for fish dropped from \$8 to \$2 a barrel. The natives were unable to buy in their winter stores of provisions from the outside and Capt. Living found many families in a state of actual starvation.

Capt. Living when confronted with this situation hastened to Ottawa and laid the facts before Premier Taché, who placed at his disposal such quantities of flour, lard, molasses, and tea as will keep the natives alive until spring. In addition the Federal Government provided a steamer to carry the supplies back to the Labrador coast.

Bishop Williamson, of Quebec, promoted an appeal for clothes and, as a result, Capt. Living is carrying back a large supply for men, women and children.

For many weeks after his arrival he will be occupied in distributing these supplies by means of dog sleds.

One of the odd customs of the natives, described by Captain Living, deals with what happens to a man who becomes insane. Most of the natives wear a silver cross about their necks and, when one becomes crazed, it has been in the past the custom of the others to bind him, melt his cross into a silver bullet and shoot him. Captain Living says, however, that authorities have stamped out this practice.

Health Board And City Fathers Meet

Proposals Put to Remedy Present Conditions—Drainage Into Lake Found.

A conference between the city commissioners and members of the Board of Health in reference to the safeguarding of the purity of the city water supply was held yesterday morning at city hall. John Kelly, Dr. William Warwick and Chief Blake represented the Board of Health, and the city engineer was also present.

Commissioner Jones said he had signs prohibiting bathing, fishing and heating in the lakes prepared and had kept three men patrolling to see that this ruling was obeyed. Dr. Warwick expressed the opinion that the Eastern part of Canada will be permanently forbidden in waters from which the city supply was obtained.

Dr. Warwick said the greatest pollution was in Lake Lattimer and Commissioner Jones promised to bring in a report on the advisability of raising the screens there.

The board recommended the fencing of Lake Robertson to prevent cattle getting in there. Mr. Jones said he would look into this.

Regarding the diversion of the roadway and oiling the surface where it skirts the lake, Dr. Warwick said the dust from the road would cause pollution.

Commissioner Frink suggested that a spruce hedge would stop a lot of the dust.

Mr. Kelly thought diversion would solve the difficulty at a cost of \$400. Mr. Jones agreed to look into this feature.

Regarding the cess-pool at the caretaker's house, Dr. Warwick suggested that the overflow could be disposed of by running it into the subsoil.

Mr. Jones agreed to investigate. The board recommended the removal of the Barker House, barns and cess-pool.

Dr. Warwick said that the septic tank there was not working properly as it had been baled out twice a year. The overflow, Dr. Warwick said, went into Lake Robertson.

To the mayor, Dr. Warwick said that he did not think the tank could be made septic while a hotel was operated there. He thought that conditions would be suitable for a private house only. One remedy to prevent the conditions was to seek legislation to restrain the building of hotels on the lake.

As the city built the tank at the Barker House, Dr. Warwick was of the opinion that the city should remedy it.

Commissioner Frink said the health board had the right to make the owners stop the nuisance.

It was decided to make tests on the city lands below the Barker House to ascertain the amount of sewage in the soil.

Dr. drainage from the barns, Dr. Warwick said, ran into the lake through drains.

Mr. Kelly said there was a pile of sawdust on the side of the lake. The mayor said the sawdust matter was one for the health board to deal with.

Eastern Provinces To Benefit By Deep Waterway Route

Developments in St. Lawrence Project Not for Western Markets Alone.

Hamilton, Ont., Nov. 2.—Speaking at a meeting of the Canadian Deep Waterways and Power Association here today George A. Graham, of Port William, expressed the opinion that the Eastern part of Canada will be benefited by the project of deepening the St. Lawrence River almost as much as the western districts.

With the opening of the river channel new markets to the west would be opened for Nova Scotia coal, iron and steel products. Nova Scotia coal would displace Pennsylvania coal in Ontario and as far west as the head of the Great Lakes.

E. P. Coleman, Hamilton, said the project should not be viewed as one to take traffic away from the railroads, but one to create new business and relieve the rails of commodities which will not bear heavy transportation charges.

MORSE OWNER DEAD. James E. Hewitt, well-known turfman and owner of a large racing stable in New York, died last week after a day's illness from spinal meningitis. He was forty-four years old. Mr. Hewitt owned the racing horses Woodrup, St. Allan, Backbay, Sea Cove and several others.

Vladivostok Gov't Plans Expedition To Rich Kamchatka

Do Not Recognize Soviets Claim of Jurisdiction.

Vladivostok, Nov. 2.—An expedition to the rich country of Kamchatka is being prepared by the Vladivostok government, which does not recognize the claim of the Chita government that the peninsula has been overthrown to the jurisdiction of the Soviet.

A broad investigation of the industrial and general economic resources of the region is the object of the proposed expedition. The report is current that the Bolsheviks have secretly stored a large amount of gold and fur in Kamchatka.

The first landing will probably be Okhotsk. The situation in this part is at present peculiar. After the coup of April, when 200 armed partisans occupied the old town, the original residents were driven out to a place called Bulgin, 15 miles off, where they established themselves under the leadership of Mr. Sentyaoff, the political commissar of the maritime government.

The partisans consisting chiefly of refugees from Yakutsk, are working gold in the mines of Fogelman and Koltsoff. There are about 1,000 Koreans who are not participating in the political discord of the two Russian factions. Some of the employees of the fisheries in Okhotsk, who were unable to leave the region for the winter, as no ship arrived to take them, spent the season in Okhotsk, and left it when the partisans occupied the town. They are living in Tzank, 250 miles from Okhotsk.

At Petropavlovsk, on Kamchatka, the power is in the hands of a local Soviet headed by a certain engineer, Dobrovolzky, who does not recognize the existing government of Moscow, Chita or Vladivostok.

For the last three years fur and gold were not exported from Kamchatka in big quantities, and it is anticipated that big stocks can be found.

The expedition will undertake a march into the interior of the Okhotsk region towards Yakutsk after re-establishing the proper order in the port, town and its vicinity. The partisans occupying Okhotsk have only one way of retreat, towards Yakutsk. According to information the Tungusness of the Yakutsk region are strongly opposed to the partisans and commencing in case a connection with the Yakutsk region will be arranged, there are prospects of establishing trade relations.

The financing of the expedition is a rather difficult task. The Japanese, of course, know all about the expedition and have apparently placed no obstacles in the way. The coast of Kamchatka is patrolled by Japanese warships and many Russians fear that Japanese occupation of Saghalien Island may extend to Kamchatka.

Glass of Salts If Your Kidneys Hurt

Eat Less Meat if You Feel Backache or Have Bladder Trouble.

Meat forms uric acid which clogs and overworks the kidneys in their efforts to filter it from the system. Regular eating of most meat flushes the kidneys occasionally. You must relieve them, like you relieve your bowels, removing all the acids, wastes and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, distension, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush out the body's uric acid waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the finest of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take several times a day, thus avoiding serious kidney and bladder diseases.

Being the Reflections of a Bachelor Girl  
By HELEN ROWLAND  
The Modern Girl's Pronounced Color is Usually Pronounced "Rouge."

STRANGE as it may seem, the more speed a man exhibits in his love making, the more perfect his control in the matter of avoiding the temptation to commit himself.

Every married man is an inventor—of excuses; a manufacturer—of fibs; and a discoverer—of new alibis.

It takes a genius to throw a girl over so gently and gracefully, that she will land without shattering her vanity.

Every girl of sixteen secretly chooses her stage-name. "Just in case"—usually "Bobo Darling" or "Angel Delysia," or "Peach Souffle," or something equally descriptive of what she fondly pictures herself.

An imitator is an echo down the corridor of Fame.

Heaven: A nice, bright place, where there is a peep-hole, through which a girl can look down into the "other place" and watch all the confirmed bachelors eternally making buttons on their clothes with tack-hammers.

Love is always a loss. First, a man loses his heart, then his head, then his freedom—and last, his illusions.

When a little love has to last for a life-time, it spreads out awfully thin.

Before marriage, a girl thinks that she can never do enough to make the man she loves happy—after marriage, she KNOWS it!

The modern girl's pronounced color is usually pronounced "rouge."

It must be a cross to the profiteers, to feel that they can't water the Milky Way, and then skim it with the Big Dipper.

## POLITICS FOR WOMEN

By Marjory MacMurphy.

Women supporters of the Government devote themselves as a rule to presenting the case for the Melghen administration; the arguments at their disposal are by far the strongest which exist today in Canadian politics. It is necessary, however, at the same time to have a clear view of reasons why neither Mr. King, leader of the Liberal Party, or Mr. Crerar, representing the Agrarians, should be elected Prime Minister of Canada. That either of these gentlemen should be at the head of a group sufficiently large to hold a balance of power in the next House of Commons, is equally undesirable. The being the case, women of the National, Liberal and Conservative Party should take pains to understand clearly why we are justified in asking voters to cast their ballots for the Melghen candidate, and against these candidates who represent either Mr. King or Mr. Crerar.

In contrast to the Government's policy of Protection, Mr. King's trade policy is singularly vague and elusive. He is for "a general reduction of the tariff." He does not exactly deny the Liberal platform of 1919, but describes it as "a chart." In effect, his policy may be said to be, "Put me in power in Canada and I shall then determine what I shall do." Women electors have a serious responsibility to make certain that the Government's policy of wigs and properly administered Protection is continued for the good of Canada. We should make equally certain that Mr. King shall not have an opportunity to lessen seriously or destroy the great national development and stability of this country.

Additional reasons for voting against candidates endorsed by Mr. King are to be found in his lack of policies with regard to national security; his evasion of political questions; his vague and unsubstantiated accusations of wrongdoing. Just as one of our strongest arguments in favor of the Government is the character of the Liberal Party as a threat to the stability of the country, so one of our strongest arguments against candidates supporting the Liberal Party is that the Liberal Party is lacking in leadership.

Mr. Crerar is an avowed enemy of Protection and advocates Free Trade. Women supporters of the Government are fully justified in asking voters for Protection; they are fully justified in asking that ballots should be cast against any policy of Free Trade or approximately Free Trade. No class or occupation has a right to ask that it should be given sole responsibility for government in Canada. There are no more welcomed or honored representatives

## QUEER LITTLE OLD RICH LADY STARVES HERSELF

When Husband Died Six Years Ago She Drew Blinds and Never Left House.

New York, Nov. 2.—Six years ago when her husband, an official of a Manhattan insurance company, died, Mrs. Margaret Easton drew down the shades in their three-story frame dwelling at 30 Putnam avenue, Brooklyn, and never stepped outside the house. Food, what there was of it, came through a cautiously raised window in the basement, and dust settled thick and undisturbed in the home, for no one ever called.

Occasionally the children of the neighborhood, after hearing home gossip of "the queer little old lady," peeped under the edges of curtains in the basement windows. Now and then they would see Mrs. Easton, somewhere between 75 and 80 years of age, rocking herself—"queer little old lady," dressed like a figure in a woodcut print of forty years ago.

Out of all the mystery there came, of course, a neighborly conviction that Mrs. Easton was rich. But it was not until midnight on Saturday, when Mrs. Easton was found dead in the rocking chair, that the neighborhood knew how rich the house food bank books showing deposits of \$250,000, old-fashioned, heavy-stoned jewellery worth \$50,000, and in one drawer \$1,570 in cash, including twenty-seven \$50 notes.

One of the books showed that the first deposit in a Brooklyn commercial bank was made forty-five years ago, the date being early in 1876.

Last night the police were searching for relatives and, as no will was found, heirs to the \$300,000. For hours detectives Eugene Daly and Joseph DeLeon, of the Classen avenue station, went from house to house in the vicinity of Putnam avenue and Ormound Place, endeavoring to find kin or friends of the dead woman, and late last night they came to Manhattan to try and locate two nieces, reported to be living here.

One of the nieces, Mrs. Easton, had died was made by Otto Spita, proprietor of a delicatessen and grocery store at 107 Putnam avenue, East 10th street, near the T. M. Millburn Co., Limited, Toronto, Ont.

## NORWAY PINE SYRUP

It is pleasant and nice to take, and relieves the cough or cold in a very short time and thus prevents bronchitis, pneumonia, or perhaps even a heavy-stoned cold on their system.

Mrs. E. Smith, 288 Victoria, Ave., North, Hamilton, Ont., writes:—"I have three children who have had very bad colds, due to change of climate, but I seem to get best results from Dr. Wood's Norway Pine Syrup. I have no difficulty in giving it to them as they like it. I always have at least one bottle in the house."

Price 35c and 50c a bottle at all dealers. Put up only by The T. Millburn Co., Limited, Toronto, Ont.

## FROM HERE AND THERE.

The ruby tiara which Princess Anastasia presented the royal bride of her son, King George V, was originally owned by the Grand Duchess Vladimir and is of rubies set with diamonds and the centre ruby is the famous Beau-mont ruby, which once adorned the head of Napoleon's Empress, Josephine de Beauharnais.

Billie Burke will open next week in a new Tarkington play, "The Intimate Strangers," in which Alfred Lunt will be her leading man.

Some people are not satisfied to kill time unless it belongs to someone else.

The native negroes of Panama speak excellent Spanish.

Tuning forks are among the most important of acoustical instruments. They were invented in 1711 by John Shore, Handel's trumpeter.

A Chinese university has collected 170 varieties of silk worms for use in connection with a course in sericulture, believed to be the most complete collection ever made.

Clocks are said by some to have been invented by Pacifinus, a priest of Verona, in the ninth century. By others the invention is credited to Boethius in the sixth century.

## Refused To Eat.

Enforcing her rule not to permit anybody in the house, Mrs. Easton talked to the grocer's wife through the grate in the basement, and Mrs. Spita learned that the ten days Mrs. Easton had been under-going treatment from Dr. J. S. Baldwin of 483 Classen avenue.

"But I am not taking the medicine," the grocer's wife quoted the old woman as saying. "I take the prescription but I do not get them filled."

"Don't you want some food?" she was asked.

"No, I have no desire for food," Mrs. Easton replied. "I am not eating; my stomach won't let me."

Last Saturday night, when he was closing up his shop, Spita, who had been thinking about the aged woman in the lonely hour, decided to make a last effort to get food to her. He said he was positive no food had entered the house since a week ago Saturday.

"I went across the street," he said, "and looked in the window. There was no lamp burning, as there usually is at night, but I saw Mrs. Easton sitting in the rocking chair as she always used. I rapped on the window repeatedly and when I got no answer I rapped the window and got in. She was sitting in the chair with her eyes closed. I thought she was merely asleep or weak from lack of food, but when I touched her hand and forehead I found them cold."

That Mrs. Easton starved herself to death is the accepted theory.

## SONG IN AUTUMNTIDE.

The apple seeds are black at core;  
The Indian leaves, like fairy cre,  
Shed the effulgence of their gold,  
Paving the pathway green before.

More plaintive grows the thrush's pipe;  
The quail's check is yellow ripe;  
And the smooth pallor of the pear  
Reveals, like dawn, a crimson stripe.

The mistral wind behind the hill  
Above its strings is never still;  
Autumn through all the brooding land  
Works the rich wonder of her will.

As in a necromancer's glass  
We watch the radiant pageant pass,  
Wood waving banner back to wood  
Across the severing seas of grass.

Forgetful what the hours pressage,  
We feel that we have plucked a page  
From the untroubled Book of Dream—  
A leaf from out the Golden Age!

## CHILDREN'S COUGHS QUICKLY RELIEVED

It is hard to keep the children from taking cold, they will run out of doors in property wrapped, or have too much clothing on and get over-heated and cool off too suddenly, they get their feet wet, kick off the clothes at night; the mother cannot watch them all the time so what is she going to do?

Mothers should never neglect the children's coughs or colds, but on the first sign should procure a bottle of DR. WOOD'S

## Erement Gives Himself Up To U. S. Attorney

Wanted on Charge of Alleged Theft from Late Capt. Connolly—Goes to Jail.

Buffalo, Nov. 2.—Arthur W. Erement of Montreal, former member of Parliament for Parthier, Que., gave himself up to the District Attorney here on a charge of alleged theft from a late Capt. Connolly, a Montreal contractor, who claimed he was fleeced in a fake pool-room game here in 1918. Captain Connolly died since the proceedings against Erement, Charles Druker, of Cleveland, and others began, but District Attorney Moore said that evidence given by Connolly in the police court here could be used against Erement. The jury in the Druker case disagreed after a trial in which testimony was introduced to show that Montreal men lost more than \$500,000 to a fake pool-room gang.

Erement was unable to produce \$30,000 for bail today and was sent to jail.

## MINISTER IS SAVED FROM ARREST BY HIS "ANGEL"

London, Nov. 2.—With one clergyman contending that he became so chummy with a male angel that his scrupulous friend made and kept railway station and restaurant appointments; with another minister of the Gospel contending that through advice given him by "angelic" spirit voices he had been able for nine months to evade officers of the law who besieged his house and tried to arrest him for not paying taxes, and with a Bishop asserting strenuously that the prayer-book of the Church must be drastically revised because "it is thoroughly out of date, the burial service contains unnatural expressions, and the marriage service is painfully distressing"—this is the situation which is agitating old-line conservative members of the Church of England.

All three of those shocks came on the same day.

Speaking at a meeting in Norwich, the Rev. G. Maurice Elliott, rector of Snitterby, Lincolnshire, declared that recently his wife was seriously ill and that the attending physician urged an immediate and serious operation.

Continuing, Dr. Elliott said: "My wife and I prayed that an angel be sent to us to advise us whether an operation was necessary. Shortly afterward the angel arrived. He was of the male sex, bright and shining, and dressed in white."

"The Lord sent me to tell you that the specialist who advises an operation is wrong in his diagnosis and an operation would be fatal. Take your wife to Brighton. I will meet you at the railway station."

"He met us as we hurried and took us to a hotel, led us into the restaurant and told us that at the next table to ours was a famous Harley street specialist who would cure my wife. Then the angel left. I consulted the man the angel had indicated and he cured my wife without an operation."

The Rev. G. B. Borrill, curate at Islington, London, did not see his angelic advisers, but they talked to him. The clergyman declined to pay his taxes last Christmas on the ground that they were too high and a warrant was issued for his arrest.

While bailiffs surrounded his house to take him into custody he remained indoors, following the advice of the spiritual voices, going out only on Sunday, when the bailiffs had no legal right to arrest him, except on one occasion, when his parrot needed food, and on that occasion the spirits showed him how to slip out and in by a side door and evade the watchers.

Dr. Borrill declares that the spirits advised him so well that a few days ago the bailiffs got sick of the job and withdrew the warrant for his arrest.

Probably the greatest impression on ardent Church of England communions was created when Bishop Welton, speaking at Nottingham, ruthlessly attacked the Book of Common Prayer on the ground that it has not been modified since 1662, since which time all social and political conditions have changed.

"For instance," he said, "in the burial service we should omit the unnatural expression, 'We give hearty thanks that it hath pleased Thee to deliver this, our brother, out of the miseries of this sinful world,' and we should kill the preface to the wedding ceremony, 'matrimony should not be taken in hand unadvisedly, lightly or wantonly to satisfy men's carnal lusts and appetites like brute beasts that have no understanding,' which is painfully distressing to brides and bridegrooms who are going through the ceremony."

"Furthermore, there are too many prayers for the King and not enough for his people."

**MANY TURNED OUT**

A large attendance responded to the first call for senior football practice held yesterday at noon on the High School grounds. It looks as though competition for places on the team which will play next Monday will be keen. Practices will be held daily on back of the High School and a endeavor will be made to have a workout on a large scale on the All-son play grounds on Saturday afternoon. Anyone who would like to try for a place on the team is invited to attend the practices.

### Mike McTigue Trimmed Philadelphia Middleweight in Fourth Round.

Montreal, Nov. 2.—Mike McTigue of New York and Halifax, middleweight champion of Canada, knocked out Buck Crouse of Philadelphia in the fourth round of a scheduled ten round bout at the Mount Royal Arena here tonight.

Crouse who had the advantage of McTigue in the first round and a slight edge in the second began to show the effect of McTigue's heavy hitting in the third when he was knocked down twice and only saved from the count by the bell. In the fourth round after being knocked down for the count of nine by a right hook to the head he was, on rising, knocked out for the full count by a right uppercut to the body.

In the semi-windup Mickey Delmont, of New York, bantamweight, knocked out Spike Sullivan of Syracuse in the fourth round of a scheduled ten round fight.

After the feature night McTigue announced that he would be willing to fight Johnny Wilson, Mike Gibbons, Mike O'Dowd or Jeff Smith for a side bet of \$10,000, the proceeds of the bout apart from the beta, to go to a charitable institution.

## MURPHY BEHIND THIS YEAR'S FAST ONES ON GRAND CIRCUIT

### Drove Three, Including World's Champion, Peter Manning, 1.57 3/4, to Marks Under Two Minutes — Purses for 1921 Races Amounted to \$581,982.06.

The 48th renewal of the Grand Circuit at Atlanta on Oct. 22 attracted a run of 16 weeks. During July 4 and that date the 11 members gave 14 meetings at which 315 races were contested. Of that number 187 were for trotters, 127 for pacers, and one a mixed race, the latter being the special between Peter Manning and Single G. at Hartford.

Of the horses the races in 1921 amounted to \$581,982.06. Last year the figures were \$486,442.58 for 13 meetings and \$489,825 in 1918.

The series for 1921 raised the number of meetings given by members of the Grand Circuit since the Quadrangle Trotting Association was organized in 1873 to 430 at which the premiums amounted to \$1,940,026.93.

The Grand Circuit of 1921 was a duplicate of the one which preceded it. Each of the Ohio members, Cleveland, Toledo, and Columbus, gave two meetings, one of the stops at Columbus being for two weeks. Lexington also assigned two weeks while one week stands were made at Kalamazoo, Philadelphia, Bennington, Beaverville, Hartford, Syracuse and Atlanta.

Three new names were added to the two minute list this year, a gain of one over what the Louis Gray and Prince Lores paced in even time. This year's trio is composed of two trotters and one pacer, the leader being the American champion, Peter Manning 1.57 3/4. The others are Arion Guy, 1.59 1/4, and Sanardo, with a win time of 1.53 3/4. All of them were driven to their records by Thomas W. Murphy.

In the matter of races the honors are about evenly divided between Grayworthy and Jeanette Rankin. The San Francisco Billy was awarded the largest amount of money, while Grayworthy where McMahon gave him his record of 2:03 1/4. This figure is one second slower than the world's race record that he won while he was at Homberg Belle, another member of the Axworthy family. There are a few who are of the opinion that Grayworthy's record is the best he will ever do in 1922 when he may take the word with Periscope and Nedda in a series of championship events.

Periscope was the favorite of being raced out while Nedda showed that she would be ready for the fray next season by trotting in 2:01 at Lexington.

The temperamental daughter of Atlantic Express and Pleasant Thoughts had a run of hard luck this year. At Cleveland where she was distanced on account of a break in the first race she was close and the inevitable fatal stopped her at Hartford, where she was ready to take the word in the Charter Oak Park.

She was close and the inevitable fatal stopped her at Hartford, where she was ready to take the word in the Charter Oak Park.

## Young Ladies To Play Basketball

### Y.M.C.A. Team Will be in the Game When Girls' Senior City League is Formed.

Although it was previously reported through an error that the Young Ladies League of the Y. M. C. A. had decided not to play basketball this winter, the young ladies themselves assert with no uncertainty that they will be in the game, and very much so, when the Girls' Senior City Basketball League is organized.

The team did not decide that they would not play basketball, but that they would not play the girls game this season, but play the boys game with the end line rule prevailing.

The league will be composed of teams entered from the Y. M. C. A., the Y. W. C. A., and the Fairville Girls. It is understood that the Y. M. C. I. Girls will continue their playing to an inter-mediate league.

It is probable that there will be two teams entered from the Y.W.C.A. and it is hoped that the Y.M.C.A. Girls may also be able to put two teams into the game.

The Y. M. C. A. Girls held an organization meeting last night, and a further meeting is called for tonight when it is hoped that every available girl from the Y. M. C. A. League will turn out for a practise to be held at 6 o'clock in the Y.M.C.A. Gym.

## Matters In The Senior League

### Question if Alerts Will Play — Meeting Friday to Discuss Rearrangement of Discurs.

While it is hoped that all the teams which featured in the senior section of the City Basketball League last winter, will be again in the game this season, there is some question as to whether the Alerts will take the field as their line-up has become somewhat weakened. A meeting of the three Y. M. C. A. teams, the Seniors, Trojans, and Alerts, will be held at the Y. W. C. A. Cafeteria today to discuss the rearrangement of the players so as to bolster up the Alerts' line-up.

It should prove a great incentive to the game in the city if the teams in the league arrived at a more equitable disposition of their players as the interest of the fans in every game is proportionate to the amount of competition amongst the teams—and in basketball, as in baseball, the players in the city leagues seem to be centered too much in one aggregation so that the public interest is not developed to its fullest extent.

## Canadian Hockey Club Franchise

### Tom Duggan Breaks Off Negotiations and Club Goes to Cattarinch and Dundarand.

Montreal, Nov. 2.—It was announced this afternoon that the Canadian Hockey Club franchise was sold to Joe Cattarinch and Leo Dandurand, both well known local sportsmen. This follows an announced sporting interest. Tom Duggan, president of the Mount Royal Arena, had broken off negotiations with the Kendall estate for the late George Kendall's sporting interests. The price to be paid by Cattarinch and Dandurand was not disclosed.

## Al Lippe Will Take Up McTigue's Offer

### Is Ready to Send Jeff Smith Into Squared Circle Against Mike for \$10,000.

Montreal, Nov. 2.—Billy Moorehouse, local fight impresario, announced today that he has communicated with Al Lippe of Philadelphia relative to the \$10,000 that Mike McTigue is willing to give to any body that can prove that he is not the middleweight champion of Canada.

Moorehouse has been authorized to take up the doughty Michael's challenge and Lippe says further that he is willing to send Jeff Smith into the squared circle against McTigue and put up a side bet of \$10,000 that his man will "take" Mike. Lippe is willing to donate the proceeds of the bout to charity.

## Boxer Studies To Train For Bout

### Jimmie Kelly, Flashy Chicago Bantam, Attends College But Won't Quit Fighting.

**SPORT-K-BOXER STUDIES,...**  
Education and prize-fighting are strange bed-fellows.

It isn't often that you find a first-class resin shuffler who is acquainted with Aristotle and Blackstone. And it isn't often you find a man totting a college degree into the squared circle to be introduced as a contender for the bantamweight title.

But Jimmie Kelly, flashy Chicago bantam, who gave Pal Moore a run at Kenosha, Wis., last spring and who who has been licking the best of them around Chicago, has taken to studying books along with left hooks.

Jimmie has enrolled in the school of Journalism at the University of Notre Dame and intends to go four rounds for his degree.

"It's great stuff out here," says Kelly, as he hurries across the campus from his news editing class, "and I'm going to be in better condition this winter than I ever was. Regular study hours, regular training hours, and plenty of sleep.

"No, I'm not going to quit fighting. I'm in the game to stay. Just want to learn another game, so when some referee counts ten over me I can hop out of the ring into a job."

## Bill Brennan Beat Dan Dowd

### Fight Went Twelve Rounds and Decision Drew Division of Fans' Opinion.

Providence, R. I., Nov. 2.—Bill Brennan of New York, was given the decision over Dan Dowd, of Boston, in a twelve round heavyweight fight at the National A. C. at Marlville, where the fight was close and the decision drew a division of opinion among the fans. Brennan outweighed Dowd by 15 pounds and was in the fifth round of their scheduled 12-round bout for the Rhode Island championship of the light island.

The annual meeting of the Amateur Athletic Union of Canada will be held at Hart House, Toronto, on Friday and Saturday, December 9 and 10, next.

The maritime branch will be represented by the President, A. W. Cowley, of this city, and by vice-president, Gordon Thompson, of Halifax.

## Should Make Jess Show Some Ability

### The Kansan is Not Entitled to an Immediate Bout With Jack Dempsey.

Willard has been "wild-catted" for the last six months in Greenwood county, where he acquired 9,000 acres of leases. In the centre of this big tract he had the good luck to bring in a gas gusher, opening up a new oil field with the first well he drilled. Offers to buy acreage poured in, and he sold over \$500,000 worth of leases in four days. The offers are still pouring in.

"Bringing in of this gusher has made Willard's oil property worth \$2,000,000, and that is more money in six months than the combined amount of all the heavyweight champion purses in the history of boxing," said Forester, who made his millions by opening up the famous Peabody oil field. "Additional wells that he is now drilling will increase the value to several times that amount."

"Are you going to meet Dempsey next spring?" Willard was asked.

"In justice to my oil interests I cannot at this time give any attention to sport," was his reply.

## Lloyd Bertaud Won Aerial Derby Race

### Went Over 140-Mile Triangular Course in 60 Minutes 15 2/5 Seconds.

Kansas City, Mo., Nov. 2.—Lloyd Bertaud, of New York, won the American Legion aerial derby race here today. His time was 60 minutes 15 2/5 seconds. He won \$3,000 and the Kansas City Rotary Club trophy cup which to become a permanent possession, must be won twice in Legion events.

## Large Entry List For Armory Sports

At a meeting of the St. John Sports and Entertainment Association a program for the armory sports on Thanksgiving night was drawn up. There are about sixty contestants entered from the Y. M. C. A., Y. M. C. I., East End Improvement League, St. George's Athletic Club, St. Peter's Y. M. A., Sussex Athletic Association and the Garrison Sports Association.

The officials have been chosen as follows:—Referee, A. W. Covey; clerk of course, W. E. Stirling; assistants, Capt. W. V. R. Winter, Staff Sergeant A. W. Watson and Thomas K. Sweeney; starter, Maj. E. J. Mooney; timer, K. J. Maclellan, H. A. McLellan, Sergt. Major W. E. Ross and Frank White; referee tug-of-war, Capt. J. A. Larkin; measurers, Major A. G. Lawson; Capt. W. Bowie, Sergt. G. L. Landry, and Charles A. Owens; scorer, George Stubbs; announcer, William Case; wrestling referee, James Power; field doctor, Dr. D. A. Malcolm; finish judges, Capt. E. J. Cronin, D. P. C. Hilton, A. Belyea, Harry Ervin and Fred Coombs; inspectors, Dr. E. S. Bridges, Frank McCafferty, Charles Gorman and Sergt. Landry; reception committee, Brig-Gen. A. H. Macdonnell, C. M. G. D. S. O., Lt.-Col. A. H. H. Powell, Maj. C. J. Morgan and Maj. A. G. Ralmie.

MANY TURNED OUT.

A large attendance responded to the first call for senior football practice held yesterday at noon on the High School grounds. It looks as if competition for places on the team which will play next Monday will be keen. Practices will be held daily at noon back of the High School and an endeavor will be made to have a real workout on a large scale on the Allison play grounds on Saturday afternoon. Anyone who would like to try for a place on the team is invited to attend the practices.

## The Dog Derby Again Topic of Discussion

### Prospects of Large List of Entries in North Country Classic Assured.

The Pas, Man., Nov. 1.—Cold weather once again revives the Pas 200 mile dog derby as a topic of conversation in this northern country and prospects look for a record list of entries. While still many months away, February 28, 1922, being the date on which it will be run, enquiries have been received from many would-be entrants, and the line-up of eleven crack teams is practically assured, but many more contestants may yet be heard from.

Many of this year's drivers, including Gyome, Dupas, Billy Winterton, Morgan, Brancornt, Larry McKay, Sam Frantzen and Jack Hayes, have again entered. A new entrant will be Billy Rusick, of Lake Athapapuskow, but very little is known of his ability or of his team. Stuv, Blokman, of Gladstone, who enters annually but never shows up, is another likely entrant.

An invitation has been sent to the Nome Kennel Club by the Derby committee to send teams and the Fairbanks racing drivers have also announced their intention of sending a representative.

## 100 YARDS WOMEN'S RECORD.

Paris, Nov. 2.—Miss Lines of England today established a world record for women by running 100 yards in 11 4/5 seconds. Miss Beard of France ran the 1,000 metres in 3 minutes 17 1/2 seconds. The events were in connection with a meet between British and French women athletes.

DISPOSITION OF EX-EMPEROR STILL IN DOUBT

For Present He Will be Taken to Constantinople for Safe Keeping.

London, Oct. 31.—(Associated Press).—The Russian Commission of the Near East Relief today recommended to Herbert Hoover, head of the American Relief Administration, that the United States enter into a trade agreement with Soviet Russia along the lines of those made by Great Britain, Sweden and Italy.

Another recommendation was for formation under export trade acts of an association of American manufacturers of agricultural machinery to supply Russia with \$500,000 worth of such products as a commercial enterprise. Similar groups to furnish Russia with tractors, plows, and other machinery and steel required for rehabilitation also were advised.

Worthy Foe Found In Turks During Anatolia Drive

Stubbish Resistance Proves Surprise to Greeks.

Smyrna, Ana, Nov. 2.—Now that the Greek army has returned here after the conclusion of a summer campaign against the Turks in Anatolia, it is possible to make some estimate of the phase of the fighting not before available.

That Kemal's forces were able to fight so effectively is remarkable since the Greeks believe the Turks were lacking in many essentials of equipment while the Greeks were better organized and well equipped.

The Greeks had several thousand motor-trucks and automobiles, while the Turks had only a few. The Greeks enjoyed superiority also in the more vital matter of rifles, artillery and machine guns. As regards materiel the Greeks were in a better position than the Turks.

President Harding Celebrated His 56th Birthday

Was the Recipient of Congratulatory Message from King George.

Washington, Nov. 2.—President Harding celebrated his 56th birthday today quietly at the White House, a special programme having been arranged for the occasion. He received scores of congratulatory letters and telegrams.

URGES TRADE AGREEMENT WITH RUSSIA

Near East Relief Commission Makes Report to Hoover After Tour.

Washington, Oct. 31.—(Associated Press).—The Russian Commission of the Near East Relief today recommended to Herbert Hoover, head of the American Relief Administration, that the United States enter into a trade agreement with Soviet Russia along the lines of those made by Great Britain, Sweden and Italy.

Conclusions reached after extensive investigation were included in a voluminous report, which also recommended that a commission be empowered by Congress to deliver 1,445,000 tons of grain in concert with the Soviet Government, to give sufficient security for it to be used for food in the famine districts and the remainder for seed to guard against another famine.

Needs Agricultural Machinery

Another recommendation was for formation under export trade acts of an association of American manufacturers of agricultural machinery to supply Russia with \$500,000 worth of such products as a commercial enterprise.

"It is beyond question that the Soviet Government is today ready to grant concessions of development under whatever guarantees may be required by prudence and good business," said the report.

"There is a vast humanitarian element in Russia, a sober, industrious, fundamentally honest and intelligent people, numerically greater than the population of the United States, has suffered cruelly from the war and the after-effects of the war. In the creation of the circumstances which have brought about their suffering, the United States has not been altogether without fault."

Russia's Need in Detail. The report declared relief merely sufficient to tide the 20,000,000 inhabitants of the Volga basin areas over until next year would be worse than unless:

1. Food sufficient to enable the peasant farmers (constituting 85 per cent. of the total population) to plant to live on their farms until the next harvest is in, and to induce those who have left to return to their farms.

2. Seed sufficient to sow at least the minimum acreage of 1920 in the Volga region.

3. Agricultural implements sufficient to break the land, sow the seed and harvest the resulting crop in 1922.

4. Either draught animals to take the place of those taken from the farms during the last seven years for use in the army, or cast in the last

FOCH'S GENIUS BROUGHT HIM COMMAND OF TEN MILLION

Clemenceau's Vision Rescued Great Military Leader from Retirement at Age of 66 to Lead Allies to Victory.

"My right is crushed. My left is in retreat. I am attacking with my centre!"

In the hour of the deadly peril of the first Battle of the Marne, when the salvation of Paris and France seemed hopeless, Gen. Ferdinand Foch flashed this memorable message to Joffre—a message that gleams among the classics of military exposition.

He commanded the Twentieth Army Corps, 120,000 men. Opposing him was the Prussian Guard, flower of the German army, 200,000 men. They smote Foch fearfully, hammering, hammering, until it seemed the thin French line must burst open. Aides reported that right and left wings had been compelled to give way.

"In that case there is nothing left to do but smash them in the centre," Foch rejoined. "Order up the Moons!"

He smashed them. The Prussian Guard in wild confusion was driven back into the St. Gond marshes. Airplane reconnaissance told Foch there was a bad gap in the Prussian line near Vitry-le-Francoise. He instantly drove a huge wedge of French infantry into that gap. German panic, German retreat followed.

Subsequently this genius—events were to prove that this little man from the Pyrenees, scarce six inches over five feet tall, thin, ascetic, mathematician incarnate, was one of the greatest soldiers that Europe had ever known—aided the British in battering the Germans from Calais and the Channel ports. In 1918, he directed the French defence at Arras, outcoaching with inferior forces. The next year he participated in the advance on the Somme.

Retired from active service in April, 1917, at the age of 66, it was thought his career was ended, but Clemenceau saw with extraordinary vision that one man could save France. He made Foch commander-in-chief after others had failed at the superhuman task. Then came his command over all and the subordination of Haig, Pershing and Diaz and their forces, more than 10,000,000 fighting men to his authority, the most wonderful command that ever fell to a human being—and the most stupendous responsibility.

He is now 70 years of age—his

THE WEATHER

Toronto, Nov. 2.—The disturbance which was south of the Great Lakes last night has passed to the Atlantic, causing rain and strong winds in the Maritime Provinces. In all other parts of Canada the weather has been fine and in the West it has been warmer.

Table with weather forecasts for various locations including St. John, Victoria, Kamloops, Calgary, Edmonton, Battleford, Medicine Hat, Moose Jaw, Winnipeg, Port Arthur, White River, Parry Sound, London, Toronto, Ottawa, Montreal, Quebec, and Halifax.

AROUND THE CITY

ALL SOULS' DAY. The feast of All Souls was celebrated yesterday in Catholic churches throughout the world. Special masses were offered up in local churches in the morning.

WINTER PORT WORK. The city will complete, within the next ten days, repairs to the trouble leading to the potato warehouse at West St. John. A start has been made on the placing of new hangers on the doors of No. 4 shed.

SPORTSMAN'S FAIR. The fair which is being held by the St. John's Rowing Club continues to be a success and yesterday evening a very large crowd was again present. Music was furnished by the City Cornet Band. The prize winners last night were as follows: J. Stewart, \$10; Wm. Emmerson, excelsior; A. Pike, air gun; Roy Campbell, bean toss.

PROVINCIAL CONSTABLES. William J. Stephens, inspector, department of investigation, Thomas Philip Platon, investigator, St. John, Thomas G. Leggett, investigator, McAdam, and Gordon F. Coetello, department of investigation, St. John, of the C. P. R. service, have been appointed provincial constables.

POLICE LOOK COLD. The high wind and extreme coldness of yesterday kept the traffic cops busy keeping themselves warm. As yet Police Headquarters have not issued the winter greatcoats to the force but the men on duty certainly hope that it won't be long if the weather continues as it has been this week.

INTEREST IN POPPY DAY. Much interest is being taken in Poppy Day. Many of the Patriotic Societies are planning to purchase wreaths to place on graves of soldiers or to hang over memorial tablets on the walls of churches. In this way the memory of soldiers will be honored on Armistice Day, and the dependents of soldiers assisted by the funds placed at their disposal.

ST. DAVID'S Y. M. S. At yesterday's regular meeting of the St. David's Church Women's Missionary Society Mrs. R. C. Cruikshank, president, gave a report of the annual meeting of the Society in the Maritime Provinces held at North Sydney. The study hour, during which the book, "World Friendship," was considered was taken charge of by Miss Jessie Milligan.

WATCH FOR JACK FROST. Now that Jack Frost is on the job, the Express Traffic Association has impressed upon the boards of trade the necessity of better protective packing for fruits and vegetables, flowers, liquids and such perishable products. The express companies declare that they are not liable for any loss or damage to shipments caused by weather conditions which are beyond their control.

WILL ALLOW BOXING. A deputation interviewed the Mayor yesterday morning for the purpose of getting his sanction to amateur boxing exhibitions in the city. An understanding was reached and permission will be granted to hold such exhibitions on condition that they be under the direct control of Sgt. Detective Power, who is to be responsible to the Mayor for their being properly handled. The deputation consisted of Col. A. H. H. Frowell, Mayor Outhbert J. Morgan, A. W. Corey, C. L. Sterling and William Howie.

DE MONTHLY CHAPTER. The monthly meeting of De Month Chapter, I. O. O. F., was held yesterday morning. Mrs. W. B. Foster, the regent, presided. It was decided that the chapter co-operate in a business basis, the chapter decided to send subscriptions for their full membership of fifty. The annual ball of the chapter will be held in the Knights of Pythias' Castle on December 29. The sum of \$100 was voted toward the War Memorial, and \$100 toward the work of the Anti-Tuberculosis Society. A hot plate will be sent to the hospital, Mrs. G. E. Barbour asked for books for the use of the patients at the Lancaster Hospital.

Railway Bridge Receives Test

Twelve Cars, Dead Weight 900 Tons, Will Remain on Bridge for Two Weeks.

The new railway bridge of the C. P.R. over the Reversing Falls received its test yesterday afternoon when a gravel train of twelve cars with a dead weight of 900 tons, 1,500,000 pounds was run out on it and will be left there for a period of two weeks. Shortly after 2:30 the signal was given and the big train moved slowly out from Fairville yard and onto the new structure. Major Draper, resident engineer, testifying to its faith in its stability by proceeding the train on foot.

The idea behind leaving the train on the bridge for two weeks is to anchor the structure with the strain on it and concrete will be poured into the anchor piers and allowed to set.

The weight of the train now resting on the bridge is about 60 per cent more than the weight of the average passenger train, and is at least 20 per cent more than the weight of the heaviest freight train, so it will be soon there is a good margin of safety and no danger of the anchors having to bear more strain than they should.

Farmer's Home Was Totally Destroyed

Residence of Irwin W. Somerville, Sandy Point Road, Burned Yesterday Morning

Between 1:30 and 2:30 o'clock yesterday morning there was a great reflection from a fire and numerous telephone calls failed to give any information as to what was burning. Later on in the day it was learned that Irwin W. Somerville's residence, situated far out the Sandy Point Road had proved a victim to the flames.

The fire started in a wall near the chimney and the occupants of the house were awakened by the smoke. They had just time enough to escape from the dwelling taking what clothing they could quickly gather.

It was only a short time after the fire had been discovered when the building was a mass of flames and there was no chance to save hardly any of the furniture. The house and contents were totally destroyed and the loss to Mr. Somerville will prove heavy.

It is said that Mr. Somerville only recently purchased the property. The barn and contents were fortunately saved from destruction owing to the heavy rain storm and the wind not blowing in that direction.

The Canadian Club Luncheon

J. M. Stephen in An Address Told of the Dr. Bernardo Homes and Asked Support.

The Canadian Club gave a luncheon at Bond's last evening at which the guest of honor was J. M. Stephen, of the Dr. Bernardo Homes. The chairman was H. A. Porter, the president of the club, and a large number of the members heard Mr. Stephen speak.

The work that is being carried on and that which has been accomplished, was the subject of the talk on the Bernardo Homes. The speaker said that nearly 27,000 immigrants have been sent to Canada by the Homes, and of these 98 per cent. have done well, having been brought up by the Canadian homes of which there are three in Canada, which have about 4,000 children in them at present. There are altogether 60 homes which look after children, and although much of the work is being done by honorary workers, yet it costs \$10,000 a day to run them. An appeal for money to help run Dr. Bernardo's Homes was made. This is the first time money has been asked for and in conversation with the Premier and the Lieutenant Governor it was heartily endorsed by them and they commended it to the practical sympathy of the people of New Brunswick.

In connection with the war over 4,000 boys from the Homes enlisted and went overseas from Canada, a very excellent record. W. J. Ambrose, of the Bank of Montreal, had very kindly consented to be treasurer for the fund and all subscriptions should be sent to him.

Knights Welcome Imperial Prince

"Dokey" Head Given Great Reception in Castle Hall—Grand Ceremonial Tonight.

The St. John members of the Knights of Pythias gave a great reception last evening to Gus Meese, Imperial Prince of the Imperial Order of the Knights of Khorassan, and Fred L. Sylvester, past grand chancellor of the State of Maine, who are paying a visit to the Temple, No. 11, of the Grand Domain of the Maritime Provinces.

Last night these gentlemen with James S. Lord, grand chancellor of the Maritime Domain and Royal Visier of Adla Temple, were the guests of honor at a grand ceremonial at which a class of thirty will walk the burning road and quench their thirst with "Fier Blood." The evening will start with a banquet at 6:30 for the "Dokeys" and candidates after which the initiation will take place.

Entertainment. After Union Lodge had closed the members of the order adjourned to the large room up stairs for an entertainment. The first of the programme was a two reel film of Larry Simon, and it was a thriller.

Prince Welcomed. W. C. Peters, chancellor commander of Union Lodge, who acted as chairman, called on J. S. Lord for the first address. Mr. Lord extended a welcome to the Imperial Prince and Mr. Sylvester on behalf of the Maritime Grand Lodge and Adla Temple and assured them they would find just what warm hearts were here in the United States and Pythians would be found here as there acting up to the teaching of the order and preaching and practicing true fraternity.

Hon. J. B. M. Baxter. He was followed by Hon. J. B. M. Baxter, minister of customs and excise who referred to the fact that in coming to the city the visitors had crossed a bridge and a little bit of water, but had not anywhere seen the sign of a line between the two countries. The order of Knights of Pythias was the same in both countries and was doing much to show what could be done by the way of smooth out the asperities of life, for in the lodge room all met as brothers.

It sometimes thought the United States was as much a part of the British confederation as was Canada, and it was to these two great English speaking nations the world must look to for future peace, and he believed they would in some way bring to pass a happier and better understanding among the nations of the world.

Fred L. Sylvester. Fred L. Sylvester, past grand chancellor of Maine, thanked the brothers for the splendid welcome which had been extended to him. This was the first time he had been in this part of Canada, but he was sure it would not be the last. He conveyed the greetings of the Maine Domain and asked the St. John members to come to Bangor in May next and help them put on one of the biggest ceremonials ever staged in the east.

Imperial Prince. Gus Meese, Imperial Prince, expressed his appreciation of the way the lodge had put on the work in the first rank, and made a plea for more active support of the members in the lodge work, for a man could not get out of the lodge what he put into it. Dealing with the "Dokeys" he urged every member if at all possible, to get into this branch. It was more than a mere play order and taught lessons of value in every walk of life. Several choruses were sung with a right good will by the large number present, over three hundred knights being in attendance.

At the conclusion of the speeches light refreshments were served by an efficient committee.

Water And Sewerage Department Busy

Great Amount of Work Being Done During the Year—Renewals and New Mains.

This has been a busy season for the water and sewerage department and they have added much to the efficiency of the system by the renewals and new mains installed. A number of new sewers have also been installed and many new service pipes put in in advance of paving.

Following is a list of some of the work done: Spruce Lake Main between Manchester's corner and Spruce Lake, a distance of about four miles, a 36" reinforced concrete pipe; Newmarket Brook deepened and a concrete invert, all under the highway bridge, 500 feet in length.

New sewers have been laid in Clarence street, West, 300 feet; Germain street, West, 200 feet; Water street, West, 200 feet; Holly street, 50 feet; North Market street, 250 feet.

Water main renewals have been made as follows: Celebration street, 550 feet of 12" cast iron pipe, renewing an eight inch pipe laid fifty years ago; Winter street, 1,200 feet of cast iron pipe renewing a six inch pipe laid fifty-six years ago; Harrison street 800 feet of 10" cast iron pipe renewing a six inch pipe laid sixty-four years ago; Prince William street between King and Princess 600 feet of cast iron pipe renewing a 10" pipe laid eighty-three years ago.

In Douglas Avenue sixty-two new service pipes and sewer branches were laid in preparation for new paving. The total length of excavation was 3,350 feet of which one-fourth was in rock. About one hundred and fifty feet of 8" cast iron pipe and the same quantity of sewer pipe was laid at the proposed street intersections.

Thirty-eight new three-way fire hydrants were installed in Beaconsfield in the Parish of Lancaster. The cost of this work was born by the parish.

Three Appear On Serious Charge

Young Girl Unable to Appear in Court Against Saunders, Reynolds and Ketchum.

As the girl victim, Marguerite Josephson, the sixteen year old daughter of Mrs. Truostite, Marsh Road, was unable to appear in the police court yesterday morning. The formal charging of a statutory offense was merely read to the three defendants, Theodore Saunders and William Reynolds, of Goodfords Point, and Harry Ketchum, of Hammond Street, in the police court yesterday morning after which they were remanded.

Daniel Mullin, K. C., appeared for Reynolds, and J. A. Barry for Ketchum. The Magistrate said the charge was of so serious a nature that he could only give it a preliminary hearing. If the girl is able to appear Friday morning, the hearing will be resumed.

The case arises from alleged actions of the accused on a joy ride made on the night of the 13th of October, and on which it is alleged they took the girl against her will and did her serious injury, after which she was abandoned on the Marsh Road at a late hour, and in such a condition that she was obliged to undergo hospital treatment for a week, and is reported to be still in a serious condition.

Mayor Has Plans For The Newsies

Three Events for the Boy Runners Nov. 19—All Newsboys Will be Given a Treat.

The Mayor's News Boys' Race promise to be an annual affair, as His Worship has announced that the prizes are ready for the fleet footed newsies of 1921, and has left the arranging of the contest to A. W. Corey, president of the M. P. B. of the A. A. U. of C.

The race is to be held on Saturday the 19th, there will be three events and two prizes for each. The events will be a one mile race for ten-year olds and under, a two mile race for twelve-year olds and under, and a three mile race for fourteen-year olds and under.

It is proposed that the starting point in each event shall be at some spot on the Marsh Road, and the finishing line on the East End Grounds. As was the case last year, arrangements will be made to hold the Mayor's treat which is open to all the newsboys in the city, at the Y.M.C.A. and Y.M.C.I., respectively.

The boys had a great time last year and more than appreciated Mayor Schofield's goodness of heart, and look forward to the coming event with pleasure. Citizens are warned not to be alarmed at the sound of running feet along the sidewalks early in the mornings in future, it will only be the Standard's newsies working out on their rounds, and preparing to go in and lift the first and second prize in each event in the coming races.

Application For Overhead Crossing

Filed With Board of Railway Commissioners—C. P. R. and N. B. P. Co. Notified.

The city's application for a grade separation and overhead crossing of the railway at Douglas Avenue has been filed with the Board of Railway Commissioners, and the Canadian Pacific railway and the New Brunswick Power Co. have received notice to that effect. It is expected the hearing will take place in the near future and in all probability the request will be granted.

If the application is granted the expense of the undertaking will be borne by the city, the C. P. R., New Brunswick Power Co. and the Board of Railway Commissioners, the latter body having a sum of money out of which they pay a portion of the cost of going away with level crossings over railways.
