The American Pligrims to Rome—
Description of the Voyage.

The N. Y. Tribuae publishes an interesting letter from Havre describing the voyage thither of the American Pigrims to Rome and Paray-le-Monial, in the steamer Pereire. The voyage was in every sense a pleasant one, and the pilgrims plicity, sought the fashions of the clever grimage had thus far been beset by no special hardships. Bishop Dwenger, of Fort Wayne, was, perhaps, the meriest soul on board the steamer, and with his endless good nature he did much to relieve the monotony of the voyage. Judge Theard, of New Orleans, a tall, iron-gray-haire | Frenchman, was another notable member of the band. From Richmond were Mrs. Fitzgerald and Mrs. Ives, two cousins of Raphael Semmes, of the rebell navy, who watched with interest the passage by Cherbourg, the scene of his fall. They are accompanied by two sons of the latter, young students at the Jesu t College and presented to the Pligrims. The religious services on boand were extremely, simple in character. The most ungodly acts have been perpetrated in the name of God, and the most irreligious customs fostered by religious organizations. Among the most shameful practices that ever sprang up in connection with any Church is that of buying and selling livings—putting up the pulpits of "the houses of God" at auction, the highest bidder taking the parsonage, the glebe, the salary, and the souls of the congregation appertaining thereto. Leaving out the tortures inflicted for "heresy," and the massacres perpetrated "for the spreading of the Gospel," no more objectionable, shameless, and infidel-creating practice ever existed than has become general in the established churches of England and Scotland under the system of patroless, and infidel-creating practice ever existed than has become general in the established churches of England and Scotland under the system of patronage. Those livings in the gift of the Crown, church dignitaries and wealthy members of the aristocracy, when not given for political, personal or family reasons, are awarded to those whose merits deserve them; but a great many livings are in the gift of people whose poverty or greed leads them to make merchandize of them. Advertisements offering livings, or the reversion to livings, for sale, frequently create scandal. Some of these describe the age and feebleness of the occupant, the lightness of the dutility of the fishing and shooting in the vicinity. It is most astonishing that political considerations, national self-respict, or common decency has not interfered to stop the churches from making so scandalous an exhibition of themselves. To do the politicians and the general public justice it must be said that the churches have never expressed any desire to be relieved of the cause of the scandal that attaches to them. All the persons implicated in the burning of the alleged sorceress in Jacobo, Mexico, are in prison. None of them can read except one, who is a willage school-master, who says the outrage would not have been perpetrated had not the prefect sent orders to hurry the execution. Several of the accused are Indians.

The other day a London artist found a model in a beggar with a splendid long beard, dirty and unkempt, just such as he wanted for some venerable, saintly person to canvas in the old master style. The man called the act morning, and had cut off his beard to make himself tidy and fit for the artist's society.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly fight the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of Vinegar Bitters?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of Vinegar Bitters in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

The properties of Dr. Walker's Vinegar Bitters are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretie, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious. Dr. J. Walker's California Vin-

MRS. LESTER—Dear Madam, I have been troubled for the last fifteen years with Biliousness, and have tried many of the different kinds of medicines recommended for the cure of the above complaint, but received no material benefit until I commenced using your DINNER. PILES, (now about eight months since.) I continued their use according to directions for about three nonths, and must say that I have enjoyed better ac lth since taking the Pills than I have for the last fifteen vears, and would recommend them, with all confidence, to any-person similarly troubled.
