AAA SYSTEM TO BE REVAMPED ... ??

Perinbaum visits UNB Speaks to Students

Lewis Perinbaum, Toronto, executive secretary of the World University Service of Canada, has been visiting the University of New Brunswick for the past two days in order to co-ordinate the work of the local committee with that of other universities across the country.

Mr. Perinbaum, native of Malaya arrived in the city Thursday and spoke to a general meeting of students yesterday to acquaint them with the three-point programme being undertaken by WUSC this year.

Thirty Canadian students, one from each university in the country will attend seminars this summer in Japan, West Africa and the West Indies. This is an annual item in the organization's activities, and last year Miss Joanne Corbin of UNB was the provincial university's representative at European seminars.

These trips are financed through provincial and university grants, contributions from business and the students going.

A \$20,000 material aid program for universities in Asia, the Middle East and Africa is the second item in the WUSC undertakings. Already \$4,000 of this has been raised by the Universities of Alberta and Western Ontario, and UNB will begin its campaign for funds sometime in February.

THIRD PROJECT

The third project of the year is the setting up of overseas scholarships for students from such countries as India, Malaya, Indonesia, Turkey, Germany, Ceylon and Nigeria to attend Canadian universities. Already 12 scholarships have been set up by UBC, U of T, U of Alta, the University of Saskatchewan and Carleton College, Ottawa. Some of these scholarships will be on an exchange basis, with Canadian students going to foreign countries to study.

This is the first Maritime university Mr. Perinbaum has visited on his present lecture tour which will take him across the country. Miss Beth Cattley is chairman of the local committee at UNB.

In stressing the importance of WUSC's work, Mr. Perinbaum told students that the contributions made by Canadians to progress in these foreign countries was greatly appreciated, because Canada today holds a prestige in the international world out of all proportion to her population.

The importance of the work in Asia and Africa could not be over-estimated, he said, for in helping to develop leaders in these countries of poor educational facilities, Canadian students were investing in their own future in a practical and constructive way.

The aims of the WUSC are to promote international understanding, through the universities in mutual service, material aid and research of international problems.

NEWS BRIEFS

RED 'N BLACK

The dates for the Red 'n' Black revue have been decided upon as March 9, 10, 11 producer Bill Barwick has announced. Rehearsals got under way last Sunday and many interested students turned out to indicate that a good revue can be expected this year. Anyone who feels that he can contribute is asked to get in contact with Mr. Barwick at the Mens' Residence.

YEAR BOOK

Bill Barwick, editor of the year book has announced that 70 pages of the book have gone to press so far. The closing date for Hodge pictures is February fifteenth and all students are asked to contribute at least one snap shot of themselves or friends. The photo editor announced that Wednesday, Thursday and Friday of this week are the days for group pictures to be taken.

DEBATE

UNB Debating society has been promised \$63.80 by the S.R.C. to finance a debating team (Hugh Peacock and Norm Pert) to go to McGill to take part in a competition to be held in Montreal in conjunction with the McGill Winter Carnival.

PYNE

Old Boy Don Pyne was on the campus last week scrounging-up senior interest in employment with the Ontario Hydro Commission.

BAND

Lord Beaverbrook has offered the students a band leader and complete set of instruments if there is sufficient interest shown in forming a band on the campus.

LEWIS PERINBAUM

Overseas Beaverbrook Close Feb. 7

Applications for Post-graduate scholarships set up by the Beaverbrook Foundation are now being received in Fredericton.

Ten to fifteen of the valuable awards will be made for study at any university in England, Wales and Scotland, and they may be received for a year's study in post graduate work, or for degree courses up to a three year maximum.

Application forms for scholarships which must be in the hands of the committee secretary not later than Feb. 7, 1955, are available from: R. A. Tweedie, secretary, Lord Beaverbrook Scholarships, Selection Committee, P.O. Box 638, Fredericton, N.B.

Students who are graduates of recognized universities in New Brunswick are eligible for the scholarships, which will provide travelling expenses to Britain and return, tuition and living expenses overseas, including a vacation travel allowance within the United Kingdom.

Men or women students, married or single, will be considered eligible for the scholarships, but no provision is made in the scholarships for the families of married men. In addition, the selection committee will consider the age of applicants, "keeping in mind that the scholarships are primarily intended for young men and women who have recently graduated from university and who seek further education and better equipment for their careers in life."

Candidates will be interviewed by the selection committee and funds will be provided to defray the applicant's travelling expenses within the province for interview purposes.

For the year 1955-56 only, the scholarships will be tenable at the University of London with the exception of one scholarship which may be held at St. Andrews University, St. Andrews, Scotland. In subsequent years, scholarships will be tenable at any university in England, Wales or Scotland.

CUP CONFERENCE HELD IN OTTAWA

The 1954 Canadian University Press Conference was, in the opinion of most of the delegates, one of the most successful held in the last few years. Students from as far east as Halifax and as far west as Vancouver met to discuss their various problems and to attempt to find solutions for them.

One of the more important questions discussed at the conference was that of the relationship between CUP and the National Federation of Canadian University Students. On the first day of the three-day conference, delegates were addressed by Peter Martin, vice-president of NFCUS for Ontario region. In a twenty minute talk, he pointed out that the conference was held in the last few years. Students from as far east as Halifax and as far west as Vancouver met to discuss their various problems and to attempt to find solutions for them.

Another high point of the conference was the refusal by CUP of the Ryersonian's application for affiliate membership. The reasons given for this were that the Ryersonian is not a college or a university, in that it does not grant degrees, and that the Ryersonian is not an amateur paper, as the staff receives expert advice from the school of journalism at the Institute. However, members of CUP were urged to exchange papers with Ryerson, as it is felt that a lot can be learned from the paper.

The first business on Wednesday was the hearing of the Eastern Regional Conference report. Following this St. Mary's Journal was accepted as an affiliate member of CUP for the third consecutive year. Editors of The McGill Daily and The Varsity then gave reports to the assembly, the former on his investigation of the possibility of using BUP services for the relaying of news, the latter on the IUS conference which he attended in Moscow last fall.

The wire service committee revamped and simplified the wire service system, and the Ontario was mandated to prepare a brief explaining the new system to all

Members of the Lady Beaverbrook Residence stamped their feet, banded their hands on the table to the rhythm of "Tea for Two" during the evening meal last Sunday in protest of the dietician's refusal to put cups and saucers on the tables.

RESIDENCE LODGES PROTEST

The demonstration heralded an impromptu meeting later the same evening after which a complaint was drawn up outlining the grievances of those living in residence regarding the recent meal situation. The "Tea Cup Incident" was the last in a series of minor slights which the dietician has employed in the dining room.

The complaint was forwarded to U.N.B. President, Colin B. Mackay by four Residence spokesmen who conferred with the president in his office for over an hour last Monday morning.

The outcome of the meeting is not known at press time, but it is expected that some action will be taken in the near future to alleviate what one residence member has termed, "the appalling conditions" in the dining room.

It is the second such complaint to be registered in as many years, and the residence spokesmen were most anxious to see some action taken immediately.

FORESTRY ASSOC. SPONSORS WATER SAFETY COURSE

The Forestry Association of U.N.B. has announced the opening of an eight week course in swimming, water safety and canoeing. The first class will be held on Thursday, January 20, between 7:30 and 8:30 p.m. at the pool in the Lady Beaverbrook Residence.

Each session will be divided into approximately three sections. One part for learning swimming strokes, the second for water safety, and the third for canoeing.

The Red Cross Intermediate Swimming Test has been proposed as the standard course and will be given to students at the end of eight weeks. If a student feels he or she can pass the Senior Red Cross test it will be given.

SRC Amendments

Art. III Sect. (2)
Amend to read: The managers and assistant managers of all varsity teams should be appointed by the A.A.A. The managers for Canadian Football, Soccer and Tennis should be appointed by Nov. 20 of the school year previous to the year in which the positions are held. The managers for track, hockey, swimming, badminton, skiing and men's and ladies' basketball shall be appointed by Mar. 15, of the school year previous to the year in which the positions are held.

PRE-MED SOCIETY

The UNB Pre-Med Society reorganized Thursday evening, January 13 at a meeting held in Ladies Reading Room.

A slate of officers consisting of Warwick Gilbert, pres., Hub. Fillmore, vice-pres., Ted Atkinson, secretary-treasurer; and Ian Watson, publicity manager was elected.

The object of the society was outlined for new members and introduced them to the responsibilities of the Medical profession.

ADMINISTRATION TO BE BY UNIVERSITY MACAULAY SPEAKS TO SRC TONIGHT FINANCE IS STUMBLING BLOCK

Mr. Beverly Macaulay, the university Business Manager, will speak to the Students' Representative Council meeting tonight in Room 106 Forestry Building and will present to the S.R.C. a proposal from the university administration which, if accepted, would put the finances of university athletics under the administration. The S.R.C. would lose all connection with athletics and the present organization involving financing by the S.R.C. and administration by the Amateur Athletic Association would be abolished.

The proposed plan, it is expected would involve an extra sum to be added on to the present tuition. The S.R.C. fee would be lowered equivalently. The reasons given by the advocates of the plan is that athletics could be organized as a department of the university and budgeted by the university. It would then be possible to know months beforehand the sums available for the various sports on the campus. It would remove the uncertainty of the present system.

The proposal will have to be approved by the Students' Representative Council, the Faculty and the University Administration, and lastly, the University Senate. To be included in the budgets for 1955-56, which are being drawn up now, the approval of the senate would have to be received at the

EMPLOYMENT INTERVIEWS

Interviewing teams from various industries and organizations will be visiting the campus of the University of New Brunswick this month for the purpose of meeting students who might be interested in permanent employment following graduation, or summer employment.

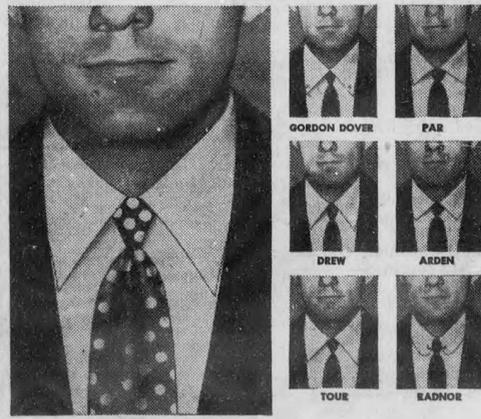

Following is a list of known visits to the campus:

Friday, Jan. 21—Defence Research Board.
Monday, Jan. 24—Simpson Sears Ltd.

Wednesday, Jan. 26—The Colonial Service.
Thursday, Feb. 17—Proctor & Gamble Co. Ltd.

All students interested in any one or more of these visits, who wish to be interviewed for employment, are asked to leave their names with A. A. Tunis, Public Relations Office, Old Entomology Building.

VOL. 86 FREDERICTON, N.B., JANUARY 19, 1955 No. 9

A Short Message . . .

Yes, you are seeing correctly, there are only four pages this week. We have recently suffered the loss of our business manager and have had a bit of trouble organizing our advertising. Consequently, it was financially impossible to put out six pages this week, but we shall be back in proper form soon. We ask you to bear with us in reading this rather "hacked-up" edition of the Brunswickan.

The Editors.

Are You Interested?

Students, if we could have your always-hard-to-acquire attention for a few moments. Something of concern to you is going to happen at the S.R.C. meeting this evening. A very vital student activity is in the process of undergoing some radical changes. It has been proposed by members of the administration that the Amateur Athletic Association budget directly to the University for its funds, instead of to the S.R.C. as has been the practice in the past.

The system presently in existence requires the S.R.C. to grant each year to the A.A.A. a sum of money not less than 40% and not more than 60% of the annual S.R.C. income from student levies. From this sum the respective athletic organizations receive what is supposed to be enough to finance their teams. In short, the set-up is entirely in the hands of the students.

The proposed system will require that the money for athletic purposes, which normally comes to the S.R.C. in the form of a levy, be given to the University administration; and the A.A.A. will receive their funds from an Athletic Board. In short, the allocation of funds for athletic purposes will be entirely in the hands of the Board and one more little piece of student government will go, as it were, "by the Board".

When the S.R.C. meets this evening Mr. Macaulay, Business Manager of the University, will be on hand to state the case in favor of setting up the Board. He has some convincing arguments. It would be to your advantage to hear them and consider them.

S.R.C. PRELIMINARY BUDGETS RELEASED

S.R.C. Treasurer, Greg Hayter, has released his pre-budget estimates, including preliminary budgets, for the spring term of 1955. The final budget meeting is to be held sometime in the near future.

Financial Standing of S.R.C.	
Total Credits for the year 1954-55	\$28,130.00
Total Debits (including fall budgets)	16,384.44
Disposable Revenue	\$11,745.56
Brunswickan Deficit	1,169.89
Total spring budgets	\$10,575.67
Estimated Surplus	\$ 564.02
Preliminary Spring Budgets	
S.R.C. General	\$ 185.00
Requested grant	5,155.00
NFCUS levies	197.50
NFCUS Maritime Conference	14.10
Social Committee—	
(1) Con	470.00
(2) Encaenia	330.00
Brunswickan	1,260.00
Radio Club	76.45
Year Book	2,250.00
Debating Society	63.60
P.A. System	10.00
Total Spring Budgets	\$10,011.65

Water Polo Activity

Carrying on the regular Saturday afternoon schedule into the third week, Foresters 45's won by default in the first game, while Bus. Admin. took Fresh. Eng. 5-3. The latter game exemplified unco-

ordinated play but some promising men emerged from the foam. With experience and a touch of competition against organized teams the league should take on a much more formidable aspect.

DEVILS DOWNED 5-4 BY FLYERS

After coming alive on the 9th to take the league leading merchants 5-5, the UNB Red Devils went down last week-end to the tune of 5-4 at the hands of the Flyers. Playing their regular date in the Commercial league the UNB squad went to town in the first period to rack up a 3-0 lead. Play was fast and rugged as both teams pushed opportunities. Still clicking in the second period the Hillmen were up 4-1 at the end of that frame as the Flyers squad started to press with Richard and Yeomens leading the attack.

UNB did all their scoring in the first 6 minutes of the third period as the UNB defence was caught up ice and off balance. Three fast goals were poured past Brown in the UNB nets coming at 2:39, 3:38, and 5:33 to tie up the game at 4-4. rom then on the game see-sawed with the Flyers movin' gin strongly. The winning goal came at 17:44 as a three man rush swept past Sears.

The above-mentioned UNB goal getters starred but the line of Kennedy, H. Mockler, and Auger provided the play making set-ups for the Red and Black squad. Ross had Ketch and Sears in with him on his goal to provide top-notch assistance. Picture goal by Cr-bell, saw the UNB defenceman take the puck at his own blue line and go in unassisted to score.

As the university defence let down Brown in the nets turned in a good performance, stopping 22 shots. Next week the schedule will be juggled slightly with the Commercial League game coming on Monday evening and the opening of M.I.A.U. series on Saturday night as UNB takes on St. Thomas at the York Arena. Opinion is that our school has a good chance to take NB-PEI championships and all are requested to keep the date in mind. Let's all back hockey the way we backed football and soccer with good spectator turnout on Saturday, January 22nd. Take St. Thomas in hockey.

INTRAMURAL HOCKEY

Junior Eng. 4 — Sen. Civils 3

The game started slowly with the shifting from end to end and both teams missing several good opportunities to score. The Juniors started the ball rolling on two fast goals by D'Amour and Fitzmaurice. Lord for the Civils tailed on a solo effort, only to have Wright make it 3-1. Wright scored to give the Juniors a wide margin but in the last ten minutes the Civils poured on the steam and netted two goals on Triles by Landers and Bliss.

Science 5 — Arts 2

Science started at a fast clip scoring three unanswered goals in the first ten minutes. Early in the second frame Auger potted a pair to put the Artsmen back in the game. The play see-sawed with both teams playing first class hockey.

Goals — MacFarlane (Sc.); W. Morrell (Sc); Auger (A) 2; Prime (Sc); Burns (Sc).

Soph. Eng. 5 — For 123's 2

The third game of the day saw the league leading Sophs. whip the fightin' Foresters by a 5-2 score. Our apologies to the Sophs for stating on page 4 that the Senior Civils are on top. Although the game was fast and well fought, the clicking passes and teamwork of the Sophs, along with excellent skating, overpowered the Foresters. The second period shoyed a better brand of hockey from the losers, but too late in the game.

Goals—Sophs. — Laviolette, 3; Guay, 1; Goguen, 1.

Foresters — Butler, 1; Ernst, 1

Eng. 4&5 —6, For. 4&5-3.

Due to the lack of manpower on the part of both teams in the final set-to, the play proved a good deal slower than the preceding game. The For. picked up two quickies at the end, but too late to help the cause. Goals—Eng. — O'Blenis, 2; Guay, 1; Saunders, 1; Manson, 1; Benwell, 1.

For.—Lindsay, 2; Lyons, 1.

AS EYE SEE IT

The UNB campus can look forward to an exciting display of varsity sports in the second term. The first term brought championships to the campus in the form of soccer and football. Up to now the varsity basketball and hockey teams have not played any intercollegiate competition but they have displayed a growing improvement in their game by playing in various other leagues.

The city commercial hockey league, while not top grade hockey, has provided the Red Devils with a type of hockey training and practice that should put them in top form when the intercollegiate hockey starts. The Northeastern Conference League has steadily improved the varsity basketball team to a point where they can hit their intercollegiate league with confidence.

With an eye to the future, we can look briefly at the chances of the varsity swim team. For the past number of years the UNB swim teams have successfully defended their intercollegiate championship. However, as happens to all championship clubs, the men's varsity swim team lost a good many of their experienced swimmers when graduation rolled around last May. Only two men, Viv Stewart and Jeff Starr remain from last years team. Able coach, Amby Legere has had the tough job this year of recruiting a whole new team, putting them in shape and training them for competition from. The team at the present is in the process of building up to the future. The first test the team has is on Jan. 29th when they compete against Saint John All Stars. The co-ed varsity team is also in training for this meet. Their chances for a win are unknown, but the material on the team is good, as proved by their taking the Maritime Open last year. However, unfortunately for UNB, it is not overly stocked with co-eds and there is just not much swimming material to choose from to make a championship team. The only varsity sport not heard from very often is the varsity track team. The track and field competition takes place on May 14th this year. This is about one week after graduation is over and the result, very little student participation. This sorry situation usually leaves UNB teams at the bottom after the races are over. But this is not a result of lack of potential track and field material. On the campus at the moment are a number of students who could win glory for themselves and for UNB in track and field. Bill Russel has the N.B. high school track record in the 100 yard dash. Bob Harris, Hugh Auger and Rod Clark of football fame are all top track and field men. Guy Dorion and Will Morell can pole vault well over 10 feet and there is one chap from Nigeria who can pole vault over 11 feet and high jump over six feet, all better than the existing intercollegiate records.

However, the track team would have to start their training in early March and continue it through the May exams and at least a week beyond. Those interested in track and field can see Amby Legere at the Gym, and the students on the campus can give this varsity sport more thought and support. The University could easily pay the boarding bill of the track and field team for the week after the exams and thus insure a team that will bring a final sport honour to the UNB campus.

With an eye to the future, we can look briefly at the chances of the varsity swim team. For the past number of years the UNB swim teams have successfully defended their intercollegiate championship. However, as happens to all championship clubs, the men's varsity swim team lost a good many of their experienced swimmers when graduation rolled around last May. Only two men, Viv Stewart and Jeff Starr remain from last years team. Able coach, Amby Legere has had the tough job this year of recruiting a whole new team, putting them in shape and training them for competition from. The team at the present is in the process of building up to the future. The first test the team has is on Jan. 29th when they compete against Saint John All Stars. The co-ed varsity team is also in training for this meet. Their chances for a win are unknown, but the material on the team is good, as proved by their taking the Maritime Open last year. However, unfortunately for UNB, it is not overly stocked with co-eds and there is just not much swimming material to choose from to make a championship team. The only varsity sport not heard from very often is the varsity track team. The track and field competition takes place on May 14th this year. This is about one week after graduation is over and the result, very little student participation. This sorry situation usually leaves UNB teams at the bottom after the races are over. But this is not a result of lack of potential track and field material. On the campus at the moment are a number of students who could win glory for themselves and for UNB in track and field. Bill Russel has the N.B. high school track record in the 100 yard dash. Bob Harris, Hugh Auger and Rod Clark of football fame are all top track and field men. Guy Dorion and Will Morell can pole vault well over 10 feet and there is one chap from Nigeria who can pole vault over 11 feet and high jump over six feet, all better than the existing intercollegiate records.

RAIDERS DROP TWO; MILLIGAN STARS AT WASHINGTON

Last week-end the Red Raiders took on a two-game road trip visiting Husson and Washington State.

FIRST GAME U.N.B. vs HUSSON

The game started as a see-saw battle with Husson gradually pulling ahead. Dawes sunk several fine shots for Husson with Brannen leading the way for U.N.B. The small floor hampered play of the Raiders, and combined with poor shooting to tell the story. The half ended with Husson leading 36-27.

Although the Varsity squad fought much harder during the second stanza, the winners retained their lead mainly through U.N.B.'s inability to score.

The big guns for the Raiders were John Gorman and Brandy, while Dawes, Everett and Jordan pulled he lead for Husson.

Lineups: U.N.B. — Milligan 3; Forbes 0; Whitman 0; Gorman 19; McLeod 0; Brannen 15; Dorion 0; Patterson 8; O'Blenis 0; Cheesman 0; T. Gorman 8.

Husson — Dawes 19; Yeazie 0; Moore 0; Richard 2; McInnis 5; Falvey 2; Everett 16; Jordan 16; Quinn 0; Kuchinski 5; Stanchfield 0.

Second game U.N.B. vs W.S.T.C.

A small floor and poor shooting once again hindered the Varsity squad, as they dropped a close 70-67 decision to W.S.T.C. The game was close all the way, Brannen and Johnnie Gorman again leading the Raiders against a near one-man team of Morrison for W.S.T.C.

Morrison was by far the star of the contest scoring 44 points, 16 from the foul line. Milligan for U.N.B. excelled in rebounding as he retrieved a good percentage from the backboards, while ranking up 15 hard-earned points.

Lineups: U.N.B. — Milligan 15; Forbes 0; Whitman 2; J. Gorman 17; T. Gorman 14; McLeod 14; McLeod 0; Brannen 14; Dorion 0; Patterson 5; O'Blenis 0; Cheesman 0.

W.S.T.C. — Whitney 9; Schoppe 0; Morrison 44; Gould 0; Merritt 7; Tracy 2; Cooks 2; Sternberg 3; Dunn.

This Friday the 21st, the U.N.B. squad entertains Madawaska Training School. Keep your eyes on the notice board for the time and back the boys "from the Hill". For all lusty souls interested in travel, the squad goes to St. Dunstan's for the M.I.A.U. Opening on January 29th.

Did You Know

That the A.A.A., your student athletic association, is preparing to change the sports award system. As it is now, an athlete wins his or her letter in any one sport by playing a certain time in each intercollegiate and non-intercollegiate game in one season, or by winning a first place in sports such as track, tennis and swimming. The proposed change would put forth certain conditions which an athlete must meet. Having met these qualifications a student would gain a certain number of points. By piling up points an athlete would become eligible for a letter. The system, if adopted, would make it harder for a student athlete to win his or her letter in one sport. More than one grade of award would be given, and under the proposed system a participant in intramural sports could become eligible to win an intramural letter.

Also, did you know that there is a proposed move afoot to change the administration for the spending of moneys on athletics. By this move the athletic department would come more closely under the overall administration of the university. As this writer sees it, this would be a step in the proper direction. The overall cost to you would be about equal to that at the present.

Confidentially

We consider it only fair to warn all male students that Co-Ed Week will be held from January 30 to February 5. It should be most exciting—so, be nice to the girls, men!

From all reports, one and all seem to have had a fabulous time during the holidays. One co-ed in particular seems to have developed quite an addiction for pink-ladies.

Any contribution to the food shortage will be gratefully accepted. Even bread from the Deltas would be appreciated.

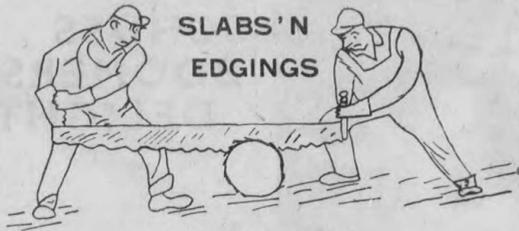

"We got a hippopotamus for Christmas". What else could we want?

Iris and Diane J. were so impressed by the muscular powers of the men shovelling snow outside the residence that they invited them to call this week-end-bearing gifts, of course. For sentimental reasons, Mary Jo Elson has been nominated "girl of the week!"

For a Light Smoke and a Pleasing Taste

Call for PHILIP MORRIS

SLABS 'N EDGINGS

by Jack, Jim and Paul

I once heard someone say that the Foresters had no interest in the Finer Arts. This statement is not true since here are two poems at Xmas by two Foresters:

THE NITE BEFORE XMAS

'Twas the night before Xmas, when all through the house, Not a creature was stirring, not even a mouse. When all of a sudden I felt I must go, I sprang out of bed and I didn't take it slow; I fled down the hall as quick as a flash, Made straight for the bathroom, threw open the sash; When what to my sleepy eyes should appear, But a miniature sleigh and eight tiny reindeer, With a little old driver so lively and quick; I knew in a moment it must be St. Nick. It seemed the old boy was in kind of a dither; He sprang from his sleigh and ran hither and thither. It wasn't the chimney or fireplace he sought, To unload the pack his reindeer had brought, For the next thing I knew he was pounding like sin, "Come on, hurry up, I just gotta get in." But I laughed when I heard him and said to myself, "This is one time I beat you, you jolly old elf— Control yourself Santa, like kids have to do, When the night before Xmas they're waiting on you." Then he stuck up his thumb to the side of his nose, And he gave me a wave as through the chimney he rose. He sprang to his sleigh, to his team gave a whistle, And away they all flew like a guided missile. But I heard him exclaim ere he drove out of sight, "Merry Xmas, aw nuts with me in this plight, If I don't make it soon, it sure will be 'Good Night'."

Here's one for the Senior Foresters, who, after taking the Management course, will understand the significance of this poem. For the rest of the Forestry undergrads it might be wise to save this poem, for though it may never be placed in the Hall of Fame, and you may never hear "Hundeslagen's Lament" again, you will certainly hear Hundeshagen's Formula.

HUNDESHAGEN'S FORMULA

Godfrey Gleditsch, as most of us know, Was a Forester bred long, long ago, One day late in March, or it may be later, Old Godfrey went forth with his technical datur. "I'll cut me a switsch," said Godfrey Gleditsch, A seedling, a sucker, or a coppicing sprout, If I can find where one ought to come out, "Now what shall it be," said Godfrey to me, "A small Jujube or a Zizyphus tree, Tho I'm really loath," he mused with an oath, "To take the young life of either or both." "But here's a rank weed, its copious seed Has clustered the earth with its thorny breed. A misguided bum, this Zanchoxylum, But it's good low shade," and he smiled as he said; "As sure as my name is Godfrey Gleditsch I can't quite convince me to cut down this switsch." So into the night he strolled with a light To find the right tree scientificalee, But Godfrey Gleditsch, the sonofabitsch, Would cut nary a switsch nor a Fishuddle tree Without full justification silviculturallee.

WE CLAIM THE BRIDGE

One hundred and forty-two years ago, the College of New Brunswick was granted the exclusive right to operate a ferry "in, upon, and over, the Saint John River."

It seems that the worthy institution was in dire need of funds. In spite of a legislative grant, and the revenues from the College's five thousand, nine hundred and fifty acres of land, the available moneys were insufficient for the support of the college.

Funds were needed (and we have heard echos of this ever since) to enlarge the quarters of the college and to raise the meagre salaries of its professors. Consequently the authorities were forced to cast about for additional sources. As there seemed to be no willing contributors, the authorities made an appeal to the government—their strategy has since been repeated.

As a result, on April 27, 1813, King George III granted to "the Governor and Trustees of the College of New Brunswick and their Successors", the exclusive right to operate a ferry "in, upon and over the River Saint John between the two parishes of Fredericton and St. Mary's . . . from side to side, and from either to the other side, together with all fares, toll rights, liberties, profits and advantages to the said ferry."

When University of New Brunswick students affix their signs to the Canadian National Railway bridge, which stretches over the area where the ferry was to run, around Encaenia time each year, they should not, therefore be called "pranksters" by irate citizens and city employees. They are merely reasserting their rights.

Attention Engineers! This column is for you. We are determined to bring you the best, and make "this" column, "The Brunswickan."

In this, our first column, we will report on our last two engineering Society meetings.

The first was held on Friday, November 30th, in the I.O.O.F. Hall. Our speaker for the evening was U.N.B.'s Business Manager, Mr. B. F. Macauley, who spoke on Administration and Investment "Up the Hill."

Among other things Mr. Macauley stated that student fees amounted to only 24% of the University's income. The remainder is made up of 54% from the Provincial Government, 12% from the Federal Government and 10% from miscellaneous grants.

The last Society meeting was held in the Civil building on January 10th. During the meeting, co-ordinator Jack Dean, a senior mechanical student, stated that he was well underway with plans for open house which is to be held on February 9th, during Engineering Week.

Engineering Week (which will be held from February 6-11) was further discussed and the following elections were held. Bill McNamara was elected as editor of the Engineering Brunswickan and Ken Bartlett will chair a committee organizing the Engineers' Ball. The latter election was rather close with Ken winning by two votes over "Scottish mist". More details on this classic event—Engineers' Week, will follow in the next few weeks.

Following the meeting, a film, "The Big Track" was shown. Tracing the history of the caterpillar tractor from 1896 until the present day, it proved to be both interesting and amusing. It is hoped that the society will continue having speakers and films of the high calibre we have experienced in our last two meetings.

Now we come to a portion on "Get to Know Engineering." This week:—How come the Civil Engineers are called Civil Engineers?

It was 1785 when the famous Gurley roamed the wild west. His job was the construction of a railroad across the prairies. One sunny afternoon, while looking at a luscious mirage through the transit (his own invention) hundreds of Indians swarmed down upon him. He was captured and brought back to the Indian village. It was here that the great Indian chief, Situm-on-Foresters, noticed that Gurley had "Injun cars." "But", snapped the medicine men, "he's civilized." So from that day on they called Gurley "Civil Injun cars", later changed to Civil Engineers.

Guest: (To an Engineer in his new home) Well, how do you find it here old man?
Engineer: Walk up stairs and to your right.

Writer's Workshop Reflections

by "LIZ"

She was a funny woman. Having changed from the lavender dress with the holes under the arms to her Sunday black, it seemed she had also altered her personality. Gone was the farm woman; here was a small town woman. She mimed down the cracked and hole-filled walk. She never noticed the cracked and hole-filled walk. It seemed that her obviously holy thoughts had pulled her ponderous weight to an equally high plane. She nodded deferentially to the venerable Mr. Murray, then proceeded to her seat in the choir without glancing either to right or left. She felt very proud of her place in the choir. Why, her father and his father and his father before him had sung in this choir. Of course the musical ability had stopped with her father.

She put on her rimless glasses. Her glance plainly asked "Why doesn't she realize she can't sing! All she ever does is put me off key." The choir, the whole five sopranos, burst into a shrill crescendo of praise. The congregation stood in mute admiration, moving their lips in silent supplication to the Lord. Mrs. Hill sat down, a purposeful sigh of satisfaction escaping when the hymn was over. The priest intoned "Let us pray." Mrs. Hill, with an awkward grace born of many years practice, leaned against the Prayer rail in the position that she thought a reverent kneeling. After all, she couldn't risk getting a run in her only nylons. As the priest prayed, "We do not presume—" I imagined her meditating, "Don't know why we keep him here, can't preach worth a damn. Bringing in all that 'high church' tomfoolery, crosses himself as if he were a Roman Bishop; putting in that fool boy, whatever they call them, so they can bow and scrape to one another. He won't last long. Mrs. Allen will get rid of him like she did the Canon." The service followed its—usual dull procedure, meanwhile Mrs. Hill ticked off the members of the congregation and their faults like beads on a rosary. Collection time came and she put in her envelope gingerly so everyone would think it contained bills. She beaded off a few more members during the sermon, and finally the service was ended. She pattered in her pocket-book while the members were gathering up their things to leave. When she saw she could go down without having to speak to the pregnant Miss Black, she joined the line. She couldn't stand women who made such fools of themselves. Of course she herself had only been married six months before having Florence, but she had her engagement ring. She smiled coyly as the Priest thanked her for singing. She replied modestly, "Oh, I just try to do my Christian duties."

It seems to me that entertainment facilities in Fredericton, on Saturday night at least, are becoming fewer and fewer—or perhaps I am just getting older and older (and less appreciative).

Of course, there are movies, but everyone sees them on Thursday or Fri., so that is out. Then there is sometimes a basketball game, but that's over at 10:30 or 11, which may be the deadline for freshettes in the residence, but certainly isn't for most of us. . . .

When these activities fail to arouse our interest, we can always turn to the Beaverbrook dances—that is, if we want to risk being kicked, stepped on, or lost in the crowd. Somehow, this just doesn't seem to appeal to me.

Anyone for a game of mumble-pegg—or even a few class socials. Guess what! I think this little part of Eastern Canada has actually beaten the nation's fashion centres to the draw. In the December issue of a leading Canadian magazine is a picture of, and a pattern for, Campus Socks—those knee-length "things" which first appeared on our campus last winter.

We have all heard, in this noble establishment of learning and enlightenment, of the Renaissance. What most of us haven't realized is that there is on this campus, in a minor way it must be admitted, a Renaissance twice every year. For some strange reason, the time of this "revival of learning" seems to coincide with the last three days before exams!

Evidently men are, and will become, more clothes conscious. There seem to be a few stray bits of evidence pointing to less severe fashions for men. For example, at a meeting of the International Federation of Master Tailors, held recently in Rome, the masculine garb of 2000 AD was predicted as "dandified and non-functional". Can you imagine some of our Foresters, in forty-five years' time, in "dandified" clothes?

In the field of women's fashion hair-tinting is becoming more popular. Two out of every five women in U.S. are now reported as tinting their hair. The latest shade—"lustrous brown mink".

Apparently the interests of Pakistani Teen-age girls are not so different from those of Canadians. The Pakistani girls were urged by their UN Children's Fund Supervisor to select a movie that would be "helpful in their cultural development". Although none of them had ever seen a movie, they chose, unanimously and unerringly, "How to Marry a Millionaire".

BY DIOGENES

ON LIVING ON THE THIRD FLOOR

We hear no footsteps in our beds; Come on upstairs and try it; For only God lives overhead; He's busy but He's quiet.

TV OR NOT TV, that is the question. Individually, all residents seem to be in favour of having a set installed but when it comes to a collective decision, there is considerable controversy. The chief problem is a location. The lounge, it is contended, would be monopolized by those who were watching to the exclusion of others who would be unable to read as a result of the dim light. If the bright general lighting were replaced by floor lamps, the room could be used for the dual purposes as the local lighting from the floor lamps would not interfere with TV watching. Also, as the custodians of the folding doors know, there is rarely anyone in the lounge after seven.

THE ELUSIVE FORMAL. At a house meeting held two weeks ago, the date for the residence formal was set at January 28. Since that time there has been so little interest shown that at a meeting called last week, provisions were made for cancelling it. Why is it that the residence formal, formerly one of the major events on the campus, has been received with such apathy? It is significant perhaps that only 12% of the Freshmen in the house have signified their intention of attending, (as of last Thursday, the time of writing). When the house is about half Freshmen and this situation exists, it is understandable that possibly there is no further need for the house formal.

Red Raiders Rip Wash. Lose Closely to A.S.T.C.

Playing on two consecutive nights U.N.B. Red Raiders won one game and lost another. They were their victory over Washington State Teachers' College of Machias, 75-47, on the night of January 7th but lost on playing host to Aroostook State Normal School by a narrow score of 85-83. Both features were regular scheduled games of the North Eastern College Conference and now brings U.N.B. Raiders to a standing of two wins and four losses in the Conference.

The Red Raiders, in the first game in spite of the fact that ace Don Brennan was missing through pressure of studies, played much improved ball with fine shooting, passing and rebounding. All but two of the boys hit the score sheet. The winners started off bad when Washington State pined up an edge of 11-3 in the first five minutes but soon the Raiders rallied to a lead which they kept throughout the game. At the end of the first half the score was 37-21 for the winners.

J. Gorman picked up 15 of the 37 point total in the first half for U.N.B. on some deadly set shots while Jim McLeod came up with nine points on lay-ups.

Throughout the game the referees called a total of 40 rule infractions, 22 against U.N.B. and 18 against Washington State. U.N.B. picked up 15 points out of a possible 27 foul shots while Washington State got 17 out of 34 free throws.

Jim Milligan was fouled off before the intermission while Morrison and Bill Merritt of Washington State finished the game with four each and five U.N.B. players each had three.

Lineups: U.N.B. — Milligan 7, Wightman 7, J. Gorman 21, Forbes, McLeod 11, T. Gorman 8, Patterson 13, Cheesman 2, Dolron 6, O'Blenis. Referees:—Dave Stone, Conway Lyons.

The other game with Aroostook was described as one of the finest basketball games ever to be played on the Lady Beaverbrook Gymnasium wood.

The Aroostook quintet with fine shot-blocking held on to a 47-43 lead time after time but early in the second half U.N.B. tied the count. It was not until late in the contest that Aroostook broke ahead for good.

Cahill and Michaul led the scoring of the Aroostook team with 24 points each and were followed by Moran with 20.

The top scorer of the game was John Gorman of U.N.B. with 25 points, picking up 10 field goals and 5 foul shots. Next to Gorman in scoring for U.N.B. was his brother Tom Gorman with 14 points.

On foul shots Aroostook made 19 of 27 and U.N.B. made 18 out of a possible 30.

Milligan and Patterson of U.N.B. were fouled out of the game in the last quarter and White of the visitors also left the game with five fouls.

Lineups: —Aroostook — Cahill, 24; Moran, 20; White, 5; Michaul, 24; Marx, 11; Tompkins, 1; K. Moran, Watts, Ross, Robinson.

U.N.B.—Milligan, 4; J. Gorman, 24; T. Gorman, 14; Patterson, 11; Wightman, 2; Forbes, McLeod, 5; O'Blenis, Dolron, 8; Cheesman. Referees, Ritchie, MacDougall.

Intramural Hockey

SOPHOMORE ENGINEERS 5 JUNIOR ENGINEERS 4

The sophomores started the New Year's intramural league off with four unanswered goals. Halfway through the game D'Amour sparked the juniors with two fast drives. With Soney off for roughing, Wright put the juniors back in the game with another pair of goals. In the dying moments of the game and a four-four deadlock, Pickard for the Juniors was tabbed for holding. Robinson fired a scramble shot in front of the net and potted the winner for the Sophs, and his second goal of the game.

Goals: Robinson (S) 2, Arsenault (S), Goguen (S), Lavolette (S), D'Amours (J) 2, Wright (J) 2.

ENGINEER 45'S 1 ARTS AND BUSINESS ADMIN. 1

Both teams played good hockey and the goalies turned in excellent performances, thwarting several attempts. The 45's, playing their rough brand of hockey, were given three penalties while the Artsmen received two. MacNamara tallied early in the second half to give the Engineers a slim lead, but Murph Cam bounded right back to tie it up.

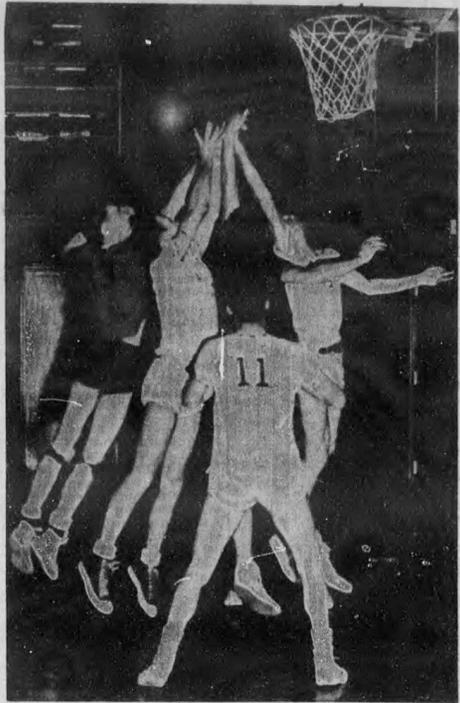

ORESTERS 123'S 12 SCIENCE 5

The third game of the day opened with a snap as the Foresters scored at the three second mark. This quick opening set the pace for the rest of the game, as the score indicates. Fairly fast play was the short-handed Science men who were overpowered by strong attacks from the Foresters. As the game progressed the Science defence lapsed, leaving little protection for their hard-pressed goalies. Burrows, in the Foresters' nets turned in a good job, stopping Science goal bids many times. The close of the game was limelighted by a terrific drive on the part of the relatively fresh Foresters.

FORESTER 45'S 9 CIVIL ENGINEERS 4

The Forestry men made it a perfect day with the 45's upset win over the league leaders. After a quick 4-1 lead both teams settled down to a fairly rough, fast brand of hockey. The lowly Axemen led the play through the entire game, overpowering the Engineers' defence. The fact that the Axemen are on the bottom of the league did not seem to phase them, as they proceeded to trim the Glory Boys. Perhaps this is a warm-up for the annual grudge game between the Engineers and Foresters which characterizes each season. As Bowes of the Civils later said, "We are just too old."

Man who fall in vat of molten optical glass make spectacle of himself. Proverb.

Rebounders: In the above action shot we see two UNB cagers and three Aroostook men leaping high for a rebound. Number 13 UNB's Tom Gorman and Aroostook's Tom Cahill Number 11 were in the thick of both scoring and recovering.

INTRAMURAL BASKETBALL

Science—50; Arts and Business Administration—54

The first game of the night saw the Arts and Business Ad team come from behind a third quarter twelve point deficit to win 54-50 in two overtime periods. The Science men, after a close first half, led the pace with a fast third quarter. In the final stanza, the winners came from behind to tie the score at the end of the game. In two overtime periods the Artsmen took advantage of the fouling abilities of the Science crew to come out with a four point lead at the final whistle. This exciting game was climaxed by the fact that each team had only three players on the floor at the end of play, most of the Science men having been fouled off.

Top Scorers: Science—Crockett 13; Maxwell 13; Arts & Business Ad—Thorpe 22; MacAlary 13.

Engineers 3 & 4—112; Foresters 45's—21

In the second game of the evening, the fast moving Engineering squad swamped the Foresters by the record score of 112-21. Perhaps this was in revenge for the cellar dwelling 45's hockey squad trouncing "the Glory Boys" (Senior Civils) last Sunday by the humiliating score of 9-4.

Top Scorers: Fitzmaurice, 31; Whalen, 18; Taylor, 28; 45's Sellers, 6.

Chemists—56; Fresh. Engineers—37

This fast moving game saw a very close half with the score tied at 20-20. The Engineers were able to hold down the highly rated Chemists till late in the third quarter when the line of Little, Valenta, Simpson and Ayr started clicking. The final frame saw a badly disorganized Frosh defence ripped apart by the smart passing plays of the Valenta coached squad. Although the Frosh were soundly trimmed, possible future talent is noted in the team.

Top Scorers: Little 17; Ayr 10; Frosh: Campbell 10; Austin 7.

Senior Engineers—35; Junior Engineers—38

The final contest was tight all the way with Juniors edging out the Seniors by three points. After a fast first half by the Juniors who led by 23-18, the Seniors outscored the winners in the second half. The Juniors points were well spread out but Ronan did most of the scoring in the overtime Arts-Science game.

Top Scorers—Juniors: Wright, 11; Brooks, 9. Seniors: Ronan 20; Bartlett and MacKenzie, 4.

CAREER OPPORTUNITIES

for SCIENTISTS and ENGINEERS

with the

Defence Research Board

• JOIN A VITAL, GROWING RESEARCH AND DEVELOPMENT ORGANIZATION!

• CANADA'S DEFENCE RESEARCH PROGRAM OFFERS GRADUATES AT THE BACHELOR'S, MASTER'S, AND DOCTOR'S LEVEL INTERESTING FULL-TIME POSITIONS WITH AMPLE OPPORTUNITY FOR ADVANCEMENT.

REPRESENTATIVES OF THE BOARD WILL BE AT YOUR UNIVERSITY ON: JANUARY 21st

IF YOU ARE INTERESTED IN DISCUSSING EMPLOYMENT WITH THEM, OBTAIN AN APPLICATION FORM FROM YOUR UNIVERSITY PLACEMENT OFFICER. WHEN COMPLETED, THE FORMS SHOULD BE RETURNED TO THE PLACEMENT OFFICER WHO WILL THEN ARRANGE AN INTERVIEW FOR YOU WITH OUR REPRESENTATIVES.

COME IN AND LET US TELL YOU ABOUT CANADA'S DEFENCE RESEARCH PROGRAM

MERCHANTS DOWNED; DEVILS HOLD SECOND

The upsurging U.N.B. Red Devils finally broke the winning streak of the City Commercial League leaders, the Merchants, with an 8-5 win Saturday 8th.

SCHUSS BOOMERS DELIGHT

This promises to be the winter of the big snows, so the UNB Ski Club has begun an ambitious program for the season, including buses, instruction, intramural racing, and intercollegiate racing. Each Saturday and Sunday buses will be running to the ski hill at Royal Roads, and judging from the turnout on the first weekend there should be lots of skiers and skiing throughout the winter. Complete information on these buses may be found on the college notice boards.

The ski hill itself has never been in better shape, especially on the top of the Downhill. This year the Ski Shack will be restricted to members only because of the increased number of skiers at the hill. Membership may be obtained on the buses or from secretary, Diana Drew.

Instruction is being given by members of the Ski Club on Saturday mornings both at Royal Roads and on the Arts Building Terrace, so that beginners may learn and others may advance.

It is hoped that these instructions will promote interest both among students and among other members of the community.

Each Sunday races will be run, and in February there will be an Intercollegiate and Open Meet with skiers from the Maritimes and it is hoped, from some Maine universities. It almost recalls the Golden Age of UNB skiing of several years ago.

LADDER TOURNAMENT

Ladder competitions in the following sports will commence immediately and all students are invited to enter one or more and compete at their own convenience. Please register immediately at the physical education office.

TABLE TENNIS & HANDBALL

The top four players will play semifinals and finals to decide the intramural championship.

SQUASH

This will be a combined student faculty competition. Requests are available on loan and instruction sessions will be organized.

Doug Levison opened the first frame with a quickie at the six second mark on a pass from Boyce and Farris. Ketch tied the score at the 11:18 mark on a perfect pass from Ross, who had missed the open net after drawing out goalie MacTavish. Batty scored two quick goals at 12:13 and 14:11 on passes from O'Ree and Murph Allen. McIntyre finished the stanza with a marker at 19:21 on a pass-out from Pike.

O'Ree received the only penalty of the period for tripping. During this period, the Merchants proved up to form showing their well known drive and shooting ability by a 4-1 lead.

The second period of play saw the U.N.B. squad pick up one goal on the leaders in a fast-moving hard fought battle. Bud Kennedy's shot at 9:22 on Hubert Mookler's pass made the score 4-2. Boyce from Allen and Levison for the Merchants, and Coombes from Ketch for U.N.B. ended the goal making for the period at 12:24 and 13:14 respectively. Farris and Levison received the only two penalties of the stanza.

Play broke wide open in the final canto as the U.N.B. squad opened up a fast driving attack, out scoring the losers 5-0. Ross for the "hill boys" really rolled as he fired three hard drives at the hard working MacTavish. His first came at 4:06 from Ketch, the second at 4:51 again from Ketch, and his hat-trick goal in the one period at 9:25 from MacElman and a Merchant defenseman. Ketch from MacElman and MacElman from Mookler and Coombes gathered the insurance goals to end the period and game at an 8-5 score.

Although outscored, MacTavish made 29 saves while Dave Griffiths did the chore for U.N.B., knocking down 17 drives.

Lineup. U. N. B.— Goal, Griffiths; defence, Baker, Goodfellow, Corbett, Tod; forwards, Ketch, Benson, P. Mookler, H. Mookler, Coombes, MacElman, Kennedy, Hersey, Ross, Rankine.

Merchants — Goal, MacTavish; defence, Farris, O'Ree, Thorpe; forwards, Boyce, Allen, Levison, McLeod, Dunphy, Pike, McIntyre, Bennett, Batty.

Bloomers Up! Bloomers Down! !

The UNB Girls' Basketball Team defeated Fredericton City Girls 36-33 in an exhibition tilt on Friday, January 7th.

The UNB team was minus the help of their sharp-shooting forward, Lois Lange. The play was fast with the two teams being evenly matched. The City girls broke the rules eleven times, but sunk only one of their foul shots. UNB collected seven fouls sinking two. UNB swished 17 field goals while the City girls followed closely with 16. Iris Bliss was the high scorer for UNB with 20 points while Jackie Vey led the City girls with 13 points.

U.N.B.—Iris Bliss, 20; Jane Ogilvie, 4; Janet Hornbrook, 10; Sally Drew; Di Jonstone, 2; Dot McDade; Sally Scovill; Diana Edwards; Sheila Caughey; Pat Miller; Connie Trearton; Margie MacNaughton.

City—Jackie Vey, 13; Betty O'Ree, 2; Marg Pringle; Hazel Hopkins, 4; Jean McNutt, 10; Kay Broom; Mary George, 4; Grace Sewell; Joan Perry Boles; Burne.

The U.N.B. girls basketball team played host to the St. John Rotarians on Saturday, January 8th. The game began with fast passes and clean shots but after the first quarter it was rough and sloppy.

U.N.B. led 11-9 at half time but were beaten in the latter half as the game ended 26-21 for the Rotarians. The Rotarians collected 10 fouls while U.N.B. were close behind with 8. The visitors sunk 5 while the home girls sank only 1. Lois Lange topped the losers with 11 points while Jean Sawyer was high for the winners with 9.

U.N.B. — Jane Ogilvie; Sally Drew; Iris Bliss, 6; Di Jonstone, 4; Janet Hornbrook; Lois Lange, 11; Sally Scovill; Pat Miller; Mary MacNaughton; Connie Trearton; Diana Edwards; Sheila Caughey. St. John — Helen McCullum, 5; Jean Balsey; Joan Goss, 1; Betty McMachin, 7; Jean Sawyer, 9; Carol Appley, 4; Marlene Thomas; Glenna Young; Marg Sears; Ruth Donovan.

The U.N.B. girls team have lost the services of three players, one forward and two guards. Captain Jane Ogilvie, Marg MacNaughton and Barb Fisher will not play intercollegiate. The team started out with 15 players but are now left with only 11. However, Coach Jean Morrison still has high hopes for an Intercollegiate Championship. The first intercollegiate game will be played on Saturday, January 22 at 7 o'clock against Dalhousie. Iris Bliss will succeed Jane Ogilvie as captain for U.N.B.

TRACK TRIAL

All eligible students who wish to train and are willing to remain to compete in the MIAU Track and Field championships to be held at Acadia University on May 14, 1955, are requested to register with Coach Amby Legere before Jan. 31, 1955.

The interest indicated will decide whether UNB will or will not field a team and it is important for student and administration to get settled on the issue.
