Dear Sir;-

Joseph Orchard of McDonald Township has been a continuous resident there for the past 13 years , living on deeded property from the Indian Department. He purchased another lot 1½ miles from where he lives some 6 years ago and has 5 acres cleared and under crop . As he is in actual residence on properly deeded land I think he should be entitled to his deed of this lot , and hope that you will see that it is sent to him. It is the S½ of the S W. ¼ of Sec. 13 Township of McDonald. Please attend to this right away and oblige.

Sir,

I beg to inform you that a letter has been received from A. R. Dyment, Esq., M.P., requesting the issue of Patent in the name of Joseph Orchard for the S½ of the S.W¼ of Section 13, Township of Macdonald, on the strength of improvements which Mr. Dyment states have been made upon another lot purchased by Mr. Orchard one and a half miles distant from the land above referred to. Mr. Dyment has, in reply, been informed that the S½ of the S.W¼ of Section 13 Macdonald, stands on the Books of the Department in Mr. Orchard's name and is paid for in full, but no requisition for Patent has been received from you. He has also been informed that the Department is not aware that Mr. Orchard has all the necessary improvements made upon any other property owned by him to entitle him, under the Regulations, to a Patent as requested.

You will, therefore, be good enough to look into this matter carefully and if possible, ascertain what other property, to which Mr. Dyment refers, stands in Mr. Orchard's name and whether he has sufficient improvements made thereon to entitle him to his Patent for the S½ of the S.W¼ of Section 13, Macdonald.

S-348

Referring to letter addressed you on the 10th Ultimo, as to the issue of Patent to Joseph Orchard, for the S½ of the S.W¼, of Section 13, Macdonald, I beg to infom you that a further communication in the matter has been received from Mr. Dyment, M.P., enclosing a letter from Mr. Orchard, in which he complains that his Patent is wrongfully withheld on the ground that the property on which he lives viz:- the N½ of the S.W¼ of Section 25, was patented to another person.

S.74

I may say that the Department is very much surprised at your giving Mr. Orchard such information, as the N½ of the S.W¼ of Lot 25, was patented to Mr. Joseph Orchard on the 18th April 1892 and as the two properties are situated sufficiently near to be worked as one farm, there would not appear to be any objection to grant Mr. Orchard his patent on the strength of improvements on the patented lot.

You will be good enough at once to make a special requisition for Patent in this case or report the reason, if any, why you consider the same should not be issued.

Dear Sir;--

On behalf of The John King Co., Limited, Catherine Matheson, Joseph Weiden of the Town of Fort William, Ont., and George H. Watson, Q. C. of Toronto, we beg to apply for a purchase of a tract of property being part of Mount McKay contiguous to the confines of the Corporation of the Town of Fort William, this property having formerly been set apart by the Government as Indian lands but has lately been opened for sale. We beg to enclose a sketch of the part of Mount McKay covered by the application of our clients, the interests of the above applicants being an undivided one-quarter interest each. Kindly acknowledge our application and advise us what will be required of us by the Government in order to secure a patent.

Yours truly,

Ottawa 9th November 1900-

Gentlemen-

I beg to acknowledge the receipt of your letter of the 3rd Instant,applying,on behalf of the John King Co., Limited,Catherine Matheson,Joseph Weiden and George H.Watson Q.C.,to purchase a tract of property,being part of Mount McKay,near Fort William,and in reply to say that only the surveyed portion of the Fort William Indian Reserve,which was surrendered by the Indians some years ago,has been placed in the market. The portion of the Reserve upon which is situate Mount McKay has not been surrendered by the Indians,under the provisions of the Indian Act,to be disposed of for their benefit and is,therefore,not in the market.

If you would be good enough to submit a Plan and description of the land desired sufficient for identification the Department would ascertain,through its local Agent, whether the Indians would be willing to surrender the portion applied for to be sold for their benefit.

Gentlemen-

I beg to acknowledge the receipt of your letter of the 26th Instant, applying on behalf of your clients for a portion of land, as shown on Sketch enclosed, situate on the Fort William Indian Reserve, on Loch Lomond, and in reply to state that the same is not in the market, not having been surrendered by the Indians to be disposed of for their benefit.

Upon your submitting a Plan showing the land desired, as well as right of way, the question of whether it would be in the interests of the Indians to ask them for a Surrender thereof to be sold for their benefit, can be ~~submitted to the Indians owning the Reserve~~ considered

As regards the water privileges referred to, I may say that under the judgment delivered by the Judicial Committee of the Privy Council in the Provincial Fisheries Case, water lots adjoining Indian Lands or Indian Reserves do not appear to belong to the Crown for the Indians and are not at the disposal of this Department unless they are situate in unnavigable waters, in which case the Crown has the rights which any other riparian owner in the like circumstances would have.

Honorable Sir. who have received charge to protect us

We, the Indians of the Fort Williams Band, humbly address ourselves to you to let you know how we pure Indians have heard with displeasure that the halfbreeds of this place have been asked to sell away, or to give away 400 acres of our Reserve situate on Mount McKay.

We are opposed to such transaction. In 1850 Wm. Benjamin Robinson came on the part of the Queen, that noble person, our mother, to set apart for us that Reserve — for us pure Indians exclusively, not for the halfbreeds.

We are unwilling to be cheated out of our property. We are alive yet, it was our Fathers that sold away to the Crown that large belt of land around the half of Lake Superior. — Our Fathers received the promise that the Reserve should never be sold or leased to any one as long as the sun rolled on its course.

All our lumber has disappeared, are we going to lose even our stones?

All the Ottawa ministers who were sitting where you sit have kept our rights sacred. We therefore beg of you to continue us your protection in your charity for us, and so to keep us from the dealings of the halfbreeds.

This is the request of children to their Father, who at the same time beg of you to answer soon.

The pure Indians
of Fort William.

Dear Sir;-- Re 227-950

You will remember our application for a portion of Mt. McKay on the Indian Reserve near Fort William, consisting of about 100 acres of table land and about 10 acres bordering on Loch Lomond, with a right of way extending from Mt. McKay to Loch Lomond. You advised us on the 3rd of January last that the Indians had refused to assent to a transfer of any portion of Mt. Dear Sir;-- No. 227 950

We are in receipt of your favor of the 17th instant advising us that no application has been received by the Department from Messrs Mackenzie & Mann for the Fort William Indian Reserve and thank you for your prompt reply.

We understand it is very probable that in the near future the Indian Band of the Fort William Indian Reserve will be removed from this Reserve or may surrender the Reserve or parts of it to the Government, and on behalf of Mr. C. W. Jarvis of Fort William, Mrs. W. A. Matheson of the same place and Mr. S. C. Smoke, we now beg to apply for the purchase from your Department of the water front on Thunder Bay and 1000 acres, part of the Indian Reserve as shewn on the sketch herewith enclosed. The part which the applicants are desirous of purchasing is enclosed by the red line. If by any chance this property is for sale at the present time, we will be glad to hear from you to that effect and immediate steps will be taken to close the purchase. If on the contrary the Government has no power or does not intend to make sale of the property until after the removal of the Indian Band from the Reserve or their surrender of the

Gentlemen-

In reply to your letter of the 19th Instant making application for the purchase of water front on Thunder Bay and 1000 acres of land part of the Fort William Indian Reserve, I beg to say that as the land has not been surrendered by the Indians, the Department is not in a position to entertain your application, but, as requested, it has been placed on File.

As regards the water front, I might point out that, under the decision in the Fisheries Case, it would not appear to be under the control of this Department.

matter, we have had an interview with the officers of the Crown Lands Department at the Parliament Buildings here and they advise us that on a sale by you to the parties for whom we are acting of the part of the Indian Reserve covered by our application, there will be no objection on their part to the sale to the applicants of the water lots and we have to-day written to the Crown Lands Department of Ontario enclosing duplicate survey and applying on behalf of the above mentioned parties for the land covered by water in front of blocks "B" and "C" as shewn on the said survey.

We understand that the land in question is of no practical value to the Indians and that they are quite prepared to release their rights and we would request you therefore to be good enough to lay the matter before the Indians of the Band at as early a date as possible and to obtain whatever concurrence may be necessary on their part to the sale. We will be glad to hear from you as soon as possible with full particulars of the price, etc.

To The Secretary,

Department of Indian Affairs,

Dear Sir:-

Re No. 227 950, Application of John King & Coy. Lts., Catherine Matheson Joseph Weiden and George H. Watson for part of Mt. McKay, Fort William Ont.

On the 3rd of November 1900 we made application on behalf of the John King Company, Limited, Catherine Matheson, Joseph Weiden, all of the Town of Fort William, Ont., and George H. Watson, K. C., of Toronto for the purchase of a tract of property, being part of Mount McKay and lying contiguous to the confines of the Corporation of the Town of Fort William. The area applied for by our clients consisted of about 100 acres of the tableland and about 10 acres bordering on Loch Lomond, with a right of way extending from Mount McKay to Loch Lomond. This property formed part of the lands set apart by the Government as Indian Lands but which were opened for sale a short time previous to the time of our application.

In your letter of the 3rd of January 1901 in reference to our application you advised us that the Indians had refused to assent to a transfer of a portion of Mount McKay at that time,but our application we understood was placed on file in case a surrender should be permitted

later, there being no other application adverse to ours or at least prior to ours at that time. Since that time we have had no communication from you in reference to the matter and we are anxious to know how the matter stands. Will you therefore be good enough to advise us of the prospects of a sale of this property to our clients and also advise us whether our application is the first application and prior to other applications, as we understand it, so that we will receive the first consideration of the Department in case the sale becomes possible.

We wrote to you on the 19th of January, 1902 and again on the 10th February of that year applying for the purchase from your Department of the water front on Thunder Bay and 1717 acres, part of the Indian Reserve as shewn on sketch enclosed in our letter of the 19th January and on survey enclosed in our letter of the 10th February, the property being Blocks "B" and "C" on the survey consisting of 1717 acres of land and 2095 acres of land under water. The parties for whom we applied for the property were mentioned in our letter of the 10th of February of that year.

We have written to you several times since in the matter and have received several letters in answer from your Department. We have been advised throughout that our application is the first received by you and is entitled to priority and that the only obstacle in the way was the refusal on the part of the Indians to surrender the property. We are now in receipt of advice from Fort William that the Indian Band have consented to surrender the property and that a resolution of surrender is to be

We write now to bring the matter once more to your attention and to ask you to let us hear from you as soon as you receive word from your agent at Fort William. We are anxious to know as soon as possible what price has been put upon the property and how much our clients will be called upon to pay. We understand that the land in question is of very little practical value.

Dear Sir,

You see by the enclosed articles published in the Times-Journal of Fort William that some parties therein mentioned are making application to the municipality Council or the Legislative Assembly of the province of Ontario to build a railway, summer resort, etc. on Mount McKay or Loch Lomond that are a part of the Indian Reserve of Fort William, but we protest against such action, and we would like our Great Chief to tell these people that we will not allow them to use a great part of our Reserve for that purpose. We find our living in extracting the stone from the mountain and we do not want the white people to work on the Reserve.

Hoping that our Great Chief will help us to preserve our rights.

TUESDAY ..... NOVEMBER 8, 1904.

Recently an advertisement of an "application to parliament" has appeared in these columns signed by Watson, Smoke and Smith, solicitors for applicants, Toronto. The application relates to certain rights that are wanted on Lock Lomond and in the vicinity. The application is to be made to the Legislative Assembly at its next session, and is sweeping in its character so far as it relates to the power asked for. The ostensible purpose seems to be to turn Lock Lomond and Mount McKay into a pleasure resort. The Legislature will be asked for an act of incorporation for the Fort William, Loch Lomond and Mount McKay Incline Railway and Tourist Resort Co. The application recites that the purpose of the company will be the "constructing and operating of an incline railway from a point on the Kaministikwia river near the base of Mount McKay in the district of Thunder Bay, up the said mountain, and for the purpose of establishing a summer resort on the said mountain and at or near Loch Lomond, and for the purpose also of constructing and operating an electric railway, stage line or other means of conveyance to and from the said summer resort to Loch Lomond, and for the purpose also of acquiring, constructing and operating steam and other vessels and to carry on the business of navibation on the said Loch Lomond, and for the purpose of acquiring, constructing and operating docks, elevators and water powers for generation of electricity and electrical works for the use and transmission of power necessary for its railway and branches, and for the purpose of heating and lighting and disposing of the power not required for its own undertaking and for the purpose of buying and selling real estate."

As there is no intimation in the application as to who the real applicants are, it is not known whether it is local parties or some speculators who have an eye on the growing possibilities of the town and see in the sweeping application a chance to tie us up. It is well known that the town must look, and soon, too, for a different water supply from the present one and that naturally our eyes turn toward Loch Lomond. That application, if allowed, might interfere seriously in the future with the prospects of the town. The Times-Journal can see no real danger to the town in the government granting the right to construct an incline railway up Mount McKay and to establish a summer resort on the mountain, but when it comes to the right to control the water of the lake for power or electrical purposes the town should first be protected. The Town Council is the proper body to deal with this and we trust that it will see that the people are protected. It may be a most harmless application, and it may be loaded with many dangers.

For a Rainy Day.

Smith (newly married)—Don't you think we had better lay aside something for a rainy day? Young Wife—Charley, dear, I am so glad you said that. While I was out shopping this morning I bought two lovely silk umbrellas, one for you and one for me.

His Public Speech.

Mrs. Littlewit (proudly)—Only just think! Charles has gone to address a public gathering. Friend—I didn't know he was a speechmaker. Mrs. Littlewit—Nor I, but he's been called upon to make a statement before a meeting of his creditors.

His Recipe.

Long Haired Poet (singing)—There is no breeze that can cool the heat of love. Disappointed Benedict—Ever tried the marriage refrigerator, son?—New Orleans Picayune.

APPLICATION TO PARLIAMENT

Notice is hereby given that an application will be made to the Legislative Assembly of the province of Ontario at the next session thereof for a special act incorporating Fort William, Loch Lomond and Mount McKay Incline Railway and Tourist Resort company for the purpose of constructing and operating an incline railway from a point on the Kaministikwia river near the base of Mount McKay in the district of Thunder Bay up the said mountain and for the purpose of establisling a summer resort on the said mountain and at or near Loch Lomond and the the purpose also of constructing and operating an electric railway, stage line or other means of conveyance to and from the said summer resort to Loch Lomond and for the purpose also of acquiring, constructing and operating steam and other vessels and to carry on the business of navigation on the said Loch Lomond and for the purpose of acquiring, constructing and operating docks, elevators and water powers for generation of electricity and electrical works for the use and transmission of power necessary for its railway and branches and for the purpose of heating and lighting and disposing of the power not required for its own undertaking and for the purpose of buying and selling real estate.

More than eight years past we with our associate Geo H. Watson K. C. Barrister of Toronto, applied to your department for the right of way from a point on the Kaministiquia River up Mount McKay & to Loche Lomond for a proposed incline Railway & Tourists resort at or near Loche Lomond at the same time we filed plans of our proposed undertaking with your department, & were from time to time assured by your department that so soon as the Indian Band would consent to surrender such rights our application would as first applicants be favourably considered. We have gone to considerable expense in the way of surveys, plans, & estimates & other expense fees on the faith of such assurances from your department. We have recently been apprised of the fact that a bill is about to be presented to the Parliament of Canada at the present sessions which has for its principal object the usurping of our scheme as submitted to your department, & which will have the effect of over-riding our proposed incorporations about to be applied for to the Ontario Legislature & we fail to see how the application to the Dominion Parliament referred to can be considered for the general benefit of Canada.

We have every confidence that no rights will be granted under the application referred to conflicting in any manner with the rights sought for by us & from time to time assured by your department the proposed name of the adverse company is "The Fort William & Port Arthur terminal Railway & Bridge Coy".

Dear Sir,

Would it be possible to secure a quantity of land at the foot of the north side of Mount Mc Kay, by purchase or otherwise, for the purpose of establishing a quarry there. At present we have to go a long way for our building material, and if this quarry could be had at the foot of the mountain it would be a great boon to our town. If land could not be purchased there would it be possible to get the right to quarry stone by paying a reasonable rental or stated charge. Hoping to hear from you favourably re this request I am,

Dear Sir,

Some years ago - indeed in 1905 - we made application for a grant of land on the Fort William Reserve, and we were advised that the application was the first on record, but that it would be necessary to await some further arrangement with the Indians whereby provision for surrender would be made.

We have just been advised by parties at Fort William that the Chiefs of the Tribes of Indians have now completed arrangements for the surrender and in connection therewith are proposing to have transfer made by the Crown to other parties. In connection with this, we write to refer to our application as being the first one filed with the Department and to claim our priority.

If the surrender is accompanied with any conditions, we will be prepared at once to consider the same, and if reasonable and fair, we will, no doubt, agree to accept them, so that any conditions connected with the surrender will not, we think, affect our priority. We have received your repeated assurances in writing that our claim will be given full consideration as the first claim and that you will communicate with us and give us full notice of any and all pro-

Dear Sir,

On or about the 10th of February 1902, we sent in a formal application applying for the grant of 1000 acres of the Fort William Indian Reserve and received an acknowledgement from you that this was the first application. You will find it of record. Since then the Grand Trunk Pacific has been allowed a small portion of the land so applied for.

We write to ask your further early consideration of the application and of the grant in pursuance thereof. This matter is distinct from the Mount McKay application to which we referred in a recent letter to you.

Will you be kind enough to consider this and let us hear from you as soon as you can, and we respectfully ask for your favorable consideration. It is very important for us to have the grant made at an early date.

We remain,

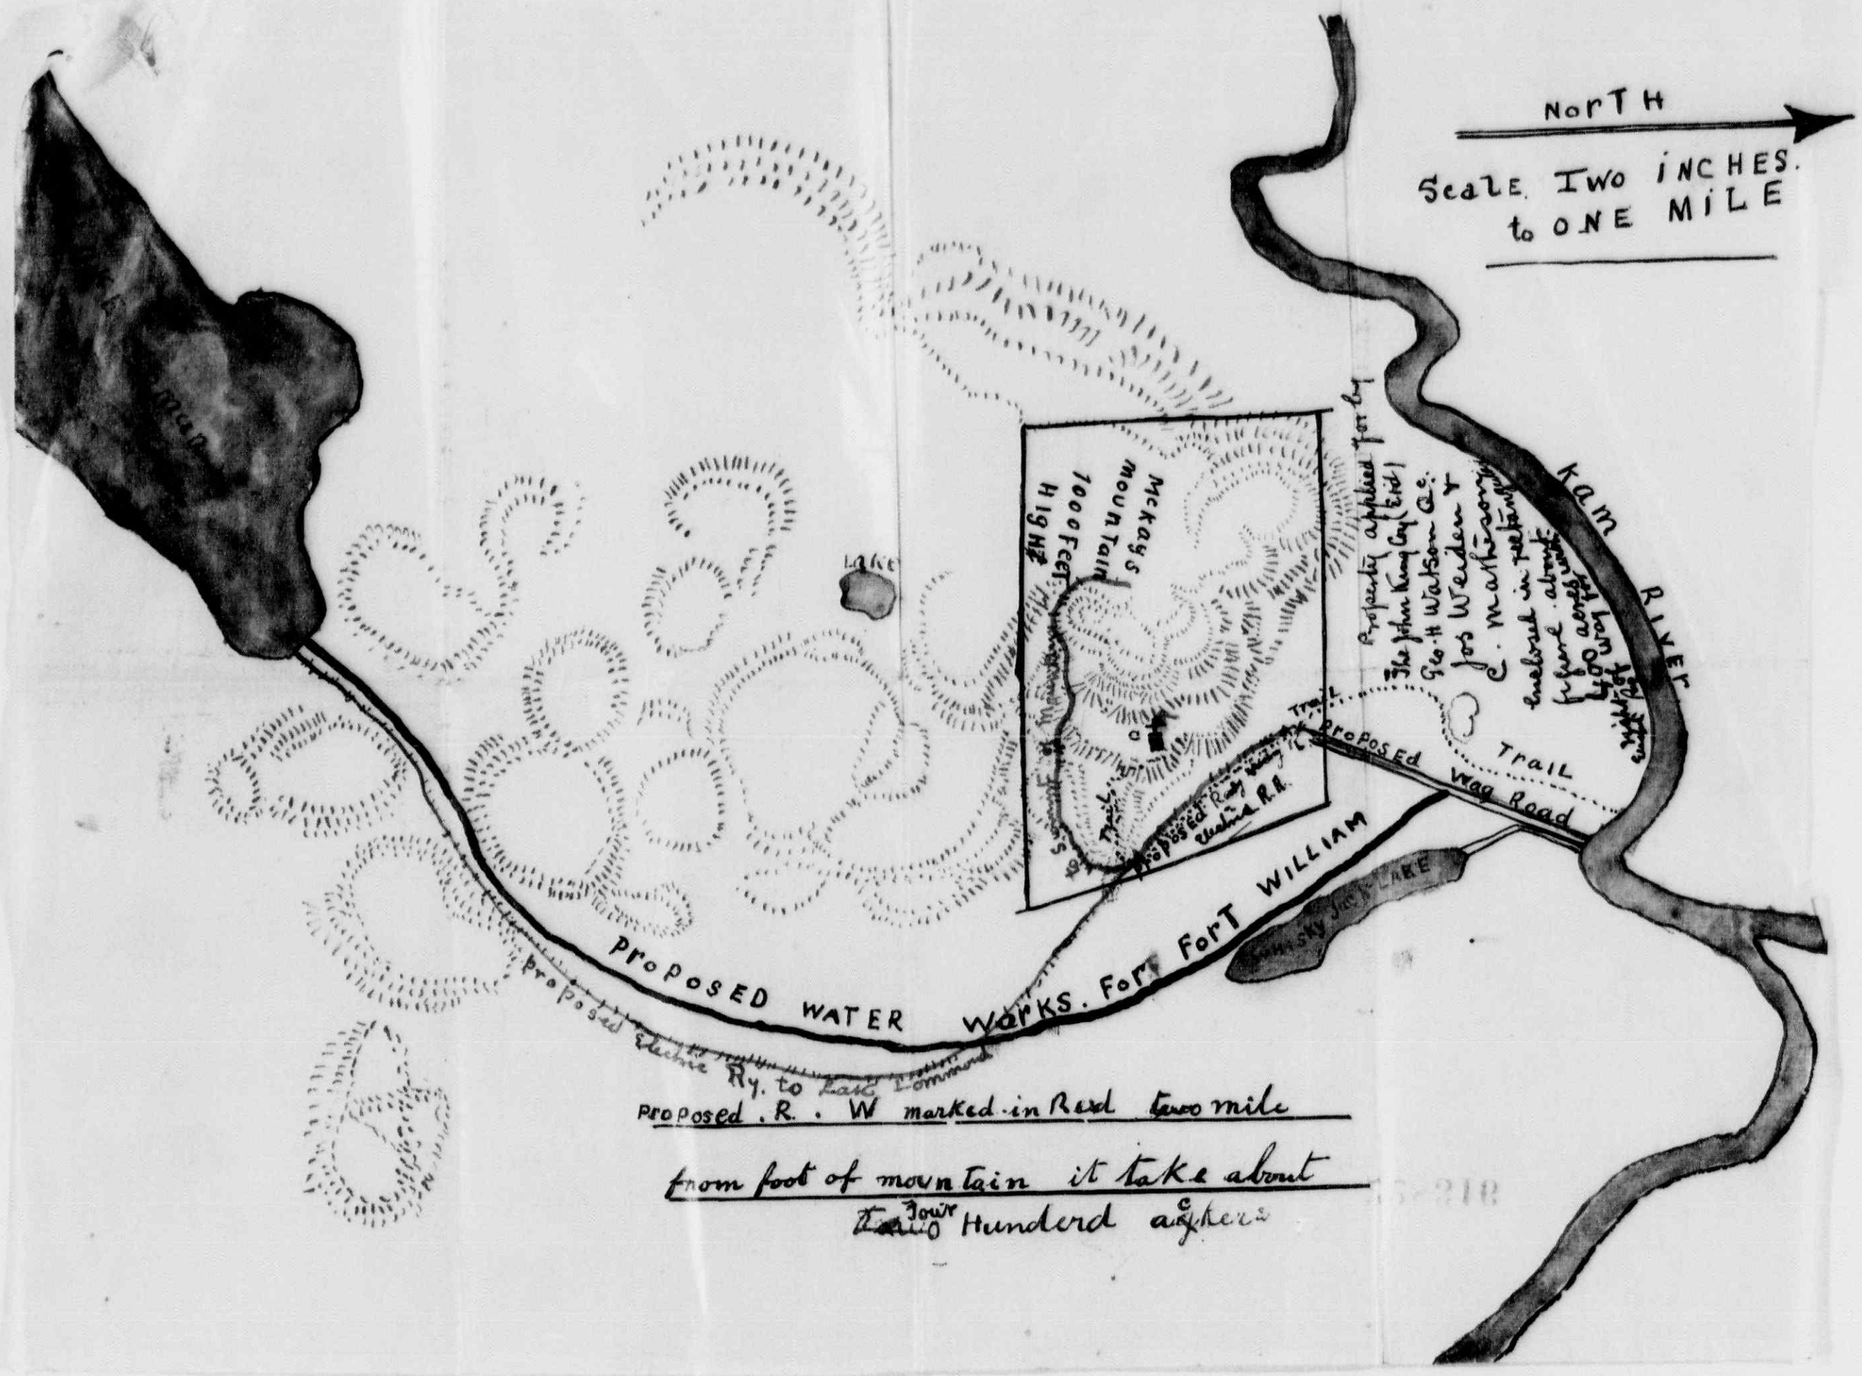

Yours very truly,

Referring to Official Letter No. 227 990 of the 29th, of April, informing me that there is no such Lot as A. Lecourt St. South, in the townplot of Manitowaning.

I have the honour to enclosed herewith a sketch of the portion of the town showing the Lot applied for by Mr Hamilton, marked X in red, and the Lot for which he asks the sale cancelled marked C in red. Those lots are not numbered on the plan in this office but as the lots on the south side of Meredith street [illegible] C. D. and ect, I thought they should number the same on Meredith St, North, Plummer St. North and South, and Lecourt st. South.

The Lot Mr Hamilton has applied for lies west of Lots 25 and 26, Bay St. South of Queen, and the one for which he asks the sale cancelled, west of Lots 27 and 28 Bay St. south of Queen.

Sir,

Referring to your letter of the 8th Instant, I have to draw your attention to the fact that the portion of ~~marsh~~ North of the N.E.¼ of Sec.17, Macdonald, would be that portion of the marsh West of the Broken S.E.¼ of Sec. 8. It would appear that you referred to the S.E.¼ of Sec.17, instead of the N.E. ¼, as stated in your letter.

The Department is willing to sell to Mr. Rush the portion of the marsh North of the 4 Acres he purchased in the N.W.¼ of Sec.17., This would be a piece 15 chains in length, from East to West, and the width of the marsh, which is about 10 chains, according to the Plan of record, being an area of about 15 Acres.

I shall feel obliged if you will inform me whether there would be any objection on the part of the Owner of the S.W.¼ of Sec.16, if the whole of the marsh in ~~S.E.¼~~ the S.E.¼ of Sec.17 is sold to Mr. Rush.

MEMORANDUM.

Ottawa, I7th April, I90I-

To Mr. Orr,

The Plan shewing the Marsh Lands in Sec.I7, Macdonald, forwarded with Mr. Van Abbott's letter of the I2th Inst. should be accepted as a correct Survey of these lands, as they now exist.

It is shewn that the N.W.¼ Sec.I7, contains 29½ Acres, with a frontage on the Marsh Land of the whole quarter section, whereas according to the Plan of record, the purchaser of this quarter section had only I5 chains of frontage, with an area of only 4 Acres.

I think the purchasers of the S.W, S.E & N.E quarter Secs. of Sec.I7 should be accorded the right of purchasing the Marsh Lands in front of the lands they supposed they were purchasing as shewn on the Plan of record, or should state that they have no objections to allow Mr. Rush to purchase these Marsh Lands. The same ruling applies to the S.W.¼ Sec.I6, because the Plan of record shews that an inlet of Echo Bay goes up into that Quarter Section.

The whole of the foregoing is on the principle that the purchasers of the main land should not be cut off from their access to the water, without at least being allowed the privilege of purchasing the Marsh or other Lands between the mainland and the water. It should be remembered that Mr. Rush padd for only 4 Acres of the 29½ shewn on the Plan.

Sir-

In reply to your letter of the 12th Instant as to application of Mr.Rush to purchase a portion of marsh land in the Township of Macdonald,I beg to inform you that it is shown that the North West ¼ of Section 17 contains 29½ acres,with a frontage on the marsh land of the whole quarter Section,whereas according to the Plan of record,the purchaser of this Quarter Section had only fifteen chains of frontage with an area of only four acres.

It would appear that the owners of the S.W. ¼,S.E.¼ and N.E.¼ of Section 17 should be accorded the right of purchasing the marsh lands in front of the lands they supposed they were purchasing,as shown on the Plan of record in the Department,or should state that they have no objection to Mr.Rush purchasing these marsh lands. The above should also ~~Apply~~ apply to the S.W.¼ of Section 16,as the Plan of record shows that an inlet of Echo Bay extends into that quarter Section.

LAND BRANCH MAY 3 1901

My Dear McLean,-

One Robert Rush of Echo Bay made application to your Department through Mr. VanAbbott for some marsh land near Echo Bay in the township of McDonald. It is perfectly useless for agricultural purposes, but he sowed some wild rice in it, and wants to put a lot more there for feed for wild duck. He is one of our most respectable citizens in the district, and every one in the locality would like to see him to get the land.

I think it is immediately west of the west half of the south-west quarter of section 16 in McDonald township.

You will likely have Mr. Rush's application in the Department. Mr. VanAbbott can give you particulars.

I wish you would make this a personal matter and would have it put through as he is an old friend of mine, and there cannot be any objection raised.

Dear Mr.Dyment,

In reply to your letter of the 1st Instant, with reference to an application by Mr.Robert Rush,of Echo Bay,for the purchase of some marsh lands in the Township of Macdonald,I beg to state that the matter has been the subject of correspondence for some time past.

I may say that the Department has just received a letter from the Indian Agent,Mr.William Van Abbott, enclosing one from Mr.Rush,together with the written consent of three of the purchasers,of mainland lots in front of which a part of the marsh lands desired by Mr. Rush, lies,to a sale to Mr.Rush.

The Agent is again being written to in the matter,as the custom of the Department is to accord all purchasers of mainland lots,the right of purchasing the marsh lands in front of their lots, should they so desire,or state that they have no objection to the marsh lands being otherwise disposed of.

Dear Sir,-

In reply to your letter of recent date in regard to my application for water front I beg to state as follows:-

Mr. Brash, a former owner of a portion of section [illegible] died some years ago, and afterwards Daniel Alton became the owner thereof. To get Alton's consent would cost more than that portion of the land applied for and in which he is interested is worth. I will therefore abandon my applica[tion] for that portion of land lying north of the Brash or Al[ton] lands which is 20 chains from East to West.

In regard to the consent of William Saunders, I say he sold to his Father Frank Saunders who has fence[d] and taken possession of the four acres of which I hav[e] Patent and which is described as the broken North-[west] of Sec. 17 in the Township of McDonald, described [as] slip of land bounded on the North and East by the [shore] lying along the South shore of Echo Bay, on the [West] broken section number 18, and on the South by [the] west quarter of the said section number 17, an[d] compelled to issue a Writ of Ejectment again[st] will therefore not consent to anything.

Although the Patent in my opinion entitles me to apply for all of the water front lying north of the broken South-west quarter of Sec. 17 without Saunders' consent, yet rather than have any trouble I will abandon my application for that portion which you state requires Saunders' consent, viz. 5 chains immediately North of the Saunders' lot. This with the 20 chains immediately North of the Brash lot makes 25 chains in all abandoned.

I enclose you plan shewing the portion which I hereby abandon.

I now apply for the water front of the East half of the South-east quarter of Sec. 17, colored pink or red on the plan enclosed, the consent of Mr. Robert Currie having been already filed with you.

Sir,

In reply to your letter of the 13th Instant, with further reference to Mr.Robert Rush's application to purchase certain marsh lands at Echo Bay in the Township of Macdonald, I beg to enclose herewith a Plan prepared by the Department shewing in red the marsh lands and in green,the accretions to the mainland,all South and East of Echo Bay. It will be seen that the accretions shown are in Sections 16 and 17, as follows:- in Section 16,in the N.W¼,1/3 of an acre,and in the S.W¼,22 acres. In Section 17,in the N.E¼,57 acres and 5 acs. in the S.E¼,106 acres,in the S.W¼,21 acres,and in the N.W¼ 25½ acres. The Marsh lands in the N E/4 Sec. 17 are 51 acres and in the N W/4 39 acres also 2 acres in the SE/4- I may say that these lands are in the hands of the Department for disposal at the rate of 50¢ per acre and the custom is,in such cases,to allow owners of the mainlands the first chance of purchasing the accretions and marsh in front of their holdings. You will,therefore, be good enough to notify all such purchasers,at as early a date as possible,that they will be allowed one month

Robert Currie, the 22 acres in the W½ of S.W¼ of Section 16.

W.F.Sanders, owner of the N½ of S.W¼ of Section 17, the 21 acres in the N.E.corner thereof, also the Easterly 14 acres immediately North as shewn by the sketch enclosed herewith.

Sale 393

Robert Rush, owner of the 4 acres in the S.W. corner of the N.W¼ of Section 17, the 11½ acres immediately North thereof as also shewn by sketch enclosed.

In addition to the above, you will also advise these property owners that they will be given the same time to purchase at 50¢ per acre the portions of marsh land in front of the accretions which they are [redacted] hereby given the option of purchasing.

I may say, however, with regard to the marsh land in the N.E¼ of Section 17, that it will be necessary to inform Mr.Alton and Mr.Rush, the latter having obtained Mr.Lloyd's consent to purchase, that they should decide between themselves, and within the time, as to what portion of this piece of marsh land each should acquire. In the event, however, of their not being able to agree, the Department may find it necessary to call for tenders and sell the marsh to the one who will give the most therefor over and above the upset price of 50¢ per acre.

Sir,

In reply to your letter of the 14th Instant, with further reference to the question of selling the marsh lands and accretions to the mainland in the vicinity of Echo Bay, Township of Macdonald, I have to inform you that, in view of the changed circumstances since the new plan of this locality was compiled, shewing the accretions and marsh, it is considered advisable now to give all the owners of mainlands in the neighbouring Sections an opportunity of purchasing the accretions and marsh in front of their holdings. You will, therefore, be good enough to at once notify the ~~adjoining~~ owners that one month will be allowed them in which to acquire by purchase at 50¢ per acre the following accretions viz:-

Sale 394

William Lloyd the 57 acres in the N.E¼ of Section 17.

Sale 394

The owner of the W½ of N.W¼ of Section 16, the 1/3 of an acre in the S.W.corner thereof.

Daniel Alton, owner of the South part of S.E¼ of Section 17, the 106 acres in that quarter Section, and the 5 acres immediately North thereof, also the 2 acres of marsh shewn in the North East corner.

Ottawa, 15th May, 1906.

Sir,-

I beg to enclose herewith the plan and description made by Thos. Byrne, O.L.S., according to a survey of marsh land lying in front of the Northeast quarter section 18, Township of McDonald, Ont. Please request the surveyor to revise his plan and description, as the area shown thereon appears to be nearly double of that shown to be enclosed by the survey.

Sir,-

With further reference to your land return for May, 1906, including a sale of marsh lands lying to the north of broken section 18, Macdonald, west of C. P. R., to Sarah Rush, of Echo Bay, I have to direct your attention to letter to you of the 16th of November last, File 228,055, in which you are advised after considerable correspondence as to whether Mrs. Rush was the owner of the mainland, to sell the land to her at $10.00, cash. As the sale already referred to as included in your land return for May, 1906, was not accepted by the Department and only $6.00 was remitted as the purchase price, you will be good enough to make a new return of this marsh land under Sale 468, and for $10.00, as stated in letter of 16th November last, giving credit for the $6.00 already paid by Mrs. Rush I might add that Mrs. Rush should be given one month in which to complete her purchase as above stated, failing which you should report the matter to the Department.

Dear Sir.

Wm. Williams Lloyd in his lifetime was entitled according to a letter which I have from Mr. Robert Rush to a patent of Fifty Seven acres or there about being accretions to the North East quarter Section Seven in Township of Meredith.

Wanted an application for this patent-have to be made through your department at Algoma. There is no widow as you are aware from a letter I have from you to her (Mrs Elizabeth Jane Hauldenby). I would rather have any information which you can give me respecting the procedure for securing this patent-

it would be quite proper for the Department to issue the Patent to Mrs Shedenly as the Administratrix. As you will see by the letter of the Official Guardian he approves of the sale of the Administratrix of the real estate under the usual terms of his department and this accretion if you issue the Patent as suggested would be sold by her under the same Consent and terms.
It will simplify matters to do so and cannot prejudice as above indicated the interests of the infants.

Dear Sir:

RE PORTION N.E. ¼ SECTION 17 TOWNSHIP OF MACDONALD CONSISTING OF ACCRETIONS TO ORIGINAL TRACTS IN SAID SECTION 17, 51 ACRES MOREOR LESS.

A client of mine, Mr. Jos. J. Hurley, who has purchased the above lands from the Estate of the late Robert Rush, has consulted me in connection therewith and asked me to search the title thereto.

On searching the title to this land , I find that by Patent bearing date the 4th day of October, 1905, the Crown Conveyed what is known as "part of the N.E. ¼ section 17, Township of MacDonald Which may be more particularly described as all the marsh land in the said ¼ section in front of the accretion to the original tracts of land in the said section 17 containing an area of 51 acres be the same more or less." This is the description as given in the Patent to the late Robert Rush and this is apparently the portion the has been conveyed by his Estate to my client Jos. J. Hurley, although the deed recites this land as the accretion to section 17. In this Patent the late Mr. Rush is described as the Assignee of William Lloyd who, as original purchaser contracted and agreed with the Crown to purchase the said land for the sum of $25.50 and the Patnet then goes on to say that the land is conveyed and assured to Robert Rush, etc. The only arable land in this ¼ section at

that time consisted of a portion known as the N.E. part containing 38 acres more or less which was conveyed by the Corwn to Mr. Lloyd some time prior to the above Patent to Mr. Rush. This,as I see it, would make approximately 89 acres in this ¼ section which had been allotted and sold by the Corwn up to the 4th of October 1905,

It further appears however, that the department on September 30th, 1908, granted and conveyed a portion of the N.E. ¼ also known as the accretion to the original land, according to the abstract in the Registry office and containing 51 acres more or less, to Eliza J. Haldenby, which land it now appears, so far as I can gather, is one and the same property as that conveyed to Mr. Rush in 1905. Eliza J. Haldenby, I am informed at that date was the surviving widow of William Lloyd, the owner of the above mentioned 38 acres and the Assignee who sold his interest in this accretion to Mr. Rush. In both cases the Patents themselves were not registered but only the return thereof as is usual in a great many cases and there is nothing on this return to show the description of the land sold Mrs. Haldenby whatever. The only light I can gather is from the abstract of title which recites the land as the accretion. Unfortunately two people now claim this land, Jos. J. Hurley, who claims that he bought it from the Rush Estate and who has registered his deed,and Eliza J. Haldenby who has apparently given a verbal lease of the same to a party by the name of John Jackson. After securing his deed from the Rush Estate, Mr. Hurley had the Ontario Land Surveyor go down and stake the land out using the original shore line as shown on the map as the basis for the work. On surveying this out and checking back on his measurement it was found that the land between the old shore line and that of the present one, the water having gone down considerably during

the last eight or ten years, comprised approximately 51 acres, the [redacted]unt called for by Mr. Hurley's deed.

What I am desirous of knowing in the circumstances, is whether or not the land conveyed to Hurley is one and the same parcel as that previously conveyed to Rush. The records on file here would indicate when read along with the map that that is the case. If it is not contrary to your regulations I would be glad if you would forward me certified copy of the description in Mrs. Haldenby's Patent, for whichI will forward the necessary fee, if any. There is, at any rate, apparently some discrepancy in the dealings between the successors of the original Patentees, which I am desirous of straightening out at my earliest convenience.

Trusting to hear from you when the matter has received your consideration, I beg to remain,

Attention Mr. W. A. Orr.

Dear Sir: RE: North East ¼, Section 17, Township of MacDonald, Algoma.

INDIAN BRANCH
JAN 26 1920

I beg to acknowledge with thanks, the receipt of your letter of the 10th inst. herein, with enclosures.

The descriptions of the various patents which you forwarded me seem to indicate that there is some mistake with reference to the patenting of the land in this quarter section. The three patents out call for approximately 146 acres of land including the marsh land bought by the late Robert Rush. My client Mr. J. Hurley, who bought from the Estate of the late Robert Rush, has had a survey made endeavouring to adjust matters with Mrs. Eliza J. Haldenby, the holder of the other patent. According to the measurements made by Mr. G. L. Ramsey, O.L.S., which are all computed from the original shore line as a basis, there is only approximately 61 acres of land, marsh and otherwise, in this quarter section in addition to the 38 acres patented to William Lloyd. From this survey, sketch of which I herewith enclose, it would appear that there is apparently some error with regard to the describing of the various parcels sold these respective people.

I would be glad therefore, if you would give the matter your careful attention and see if there is any way in which the apparent irregularity can be explained. Yours truly,

Sir,-

With reference to your letter of the 22nd instant I beg to enclose herewith a copy of the plan of Section 17, Township of MacDonald, Province of Ontario, on which are shown the three tracts in the North-East quarter of the said section covered by the patents issued by this Department.

You will note the tracts consist of,-

(1) mainland.....38 acres
(2) accretion... ...57 acres
(3) marsh.....51 acres
146

This sketch probably affords the explanation which you desire. It is of course to be remembered that the limits of accretion and marsh will differ somewhat from their position fifteen years ago.

In accordance with your request the plan forwarded with your letter is enclosed herewith.

The Honourable, the Superintendent General
of Indian Affairs,
Ottawa, Canada.

Dear Sir:-

We are acting for Joseph J. Hurley, of Echo Bay, who purchased from the estate of the late Robert Rush and Albert S. Rogers, the following land:

"All the marsh land between the accretion and the waters of Echo Bay, in the Northeast quarter of Sec. 17, in the Township of MacDonald, containing by admeasurement 51 acres, be the same more or less."

DEPT OF INDIAN AFFAIRS
JUL 6 1920
SURVEYS

These lands were patented to Robert Rush by patent dated the 4th of October, 1905, a return of which was made to the Registry Office here on the 5th day of February, 1906.

On the 30th day of September, 1908, a Crown patent was issued to Eliza J. Haldenby described as the accretion in the NE¼ of Sec. 17, in the Township of MacDonald containing 57 acres.

We have had a Surveyor's description made of the lands patented to Robert Rush and we enclose the same to you herewith, by which you will see that the part colored red on plan contains 57 acres, and are the lands covered by his patent. Mrs. Haldenby is claiming the same lands and we are of the opinion that the issuing to her of a patent in 1908 was a mistake and that if overlapped and is the same land described in the patent of Robert Rush.

Mr. Hurley is clearly entitled to these lands as the patent to them was issued to Mr. Rush prior to the patent issued to Eliza J. Haldenby. Will you kindly look into this matter and see if this

mistake cannot be rectified.

The immediate trouble now is that both parties claim these lands and both are claiming the hay crop thereon.

We would be glad to hear from your Department so that this dispute as to the ownership of the hay may be settled right away.

Gentlemen,-

I have to acknowledge the receipt of your letter of the 3rd instant and would draw your attention to the copies of the descriptions in the three patents issued for portions of the N.E.¼ Sec.17, Township of MacDonald. enclosed.

You will note that the patent to Robert Rush was for the marsh land only, in front of the accretions, containing an area of 51 acres; the patent to Eliza Jane Haldenby was for all the accretion between the mainland and the marsh land, containing 57 acres and the patent to Wm. Lloyd was for the main land containing 38 acres. A plan is enclosed showing these areas of land. Your surveyor evidently surveyed the accretion between the marsh land and the mainland which was patented to Eliza Jane Haldenby, 30th Sept. 1908.

Dear Sir:-

Re No; 228055, re Joseph J. Hurley.

We beg to acknowledge receipt of your letter of the 8th instant in the above matter enclosing a blueprint and description of the lands in question, and we have now gone over the same with Mr. Hurley. We have not yet had an opportunity of seeing the Surveyor who made the survey for Mr. Hurley, but we shall endeavor to see him at this week-end and will then get his explanation of the matter.

LANDS BRANCH
JUL 16 1920

It appears to us, however, that the Department has in this instance sold land under Deed of September 30th, 1908 to Eliza J. Haldenby which had already been conveyed to Robert Rush under Deed of October 4th, 1905. As a matter of fact, there is not land there sufficient to cover the land described in the three conveyances. An examination of the 38 acre tract conveyed to Mr. Lloyd shows that it is in part accretions and is not main land. Consequently, the land was bought by our client upon the under-

standing that the most easterly boundary of his land was the most westerly boundary of the 38 acres. We have had an examination made of the locality immediately in front of the 38 acres and we find that it is marsh land and cannot be, by any interpretation of the word, called accretions. West of the 57 acres is Echo Bay, and there is no marsh there at all; the ground is covered with water.

From our information, there appears to be only 57 acres of marsh land. The marsh on your blueprint sent us would cover a considerable portion of Echo Bay, and at the present time there is a considerable growth of hay upon this land.

The parties claiming through the Deeds of 4th October 1905 and September 30th, 1908, are disputing as to their rights. Perhaps it is possible to have a party investigate the matter. We have, as above stated, not yet interviewed the Engineer who made the Survey, but we shall see him on Saturday next and will then write you again.

Yours truly,

Dear Sir:-

RE No. 228055 Re Joseph J. Hurley and Haldenby.

Following up our letter of the 13th ult., we have now had an opportunity of consulting with the Surveyor who made the survey referred to in our letter of the 3rd ult.

DEPT. OF INDIAN AFFAIRS
AUG 6 1920
SURVEYS

He advises us that if the land described in the Patent to Eliza Jane Haldenby, dated 30th of September, 1908 is immediately to the southwest of the 38 acres conveyed to William Lloyd, then the land which the Department purported to convey under the patent of 4th October, 1915 to Robert Rush, does not exist.

The shore line is correctly indicated upon the plan made by him and all to the west of that line is covered with water, in fact we are advised that practically the whole 51 acres would be part of Echo Bay. This is not the land that Mr. Rush bought at all and Mr. Rush and all his successors in title believe that the 51 acres was immediately to the west of the 38 acres designated in the Departmental sketch as mainland.

In the circumstances it seems to us that there must be some mistake in the issuing of the patent to Mrs. Haldenby on the 30th of September, 1908. The property covered by that

(2) Sec. Dept. of Indian Affairs,

Patent is marsh land and is not of the quality known in that vicinity as accretion.

The successors in title to Mr. Rush and Mrs. Haldenby are now parties to a suit in the Supreme Court of Ontario; Mrs Haldenby claiming that she owns the land immediately to the west of the mainland, while Hurley claims that this property is covered by the patent to Mr. Rush. These proceedings are very expensive to the litigants and we have no doubt that each of them in good faith believes in the correctness of their contentions.

Would it not be possible, as we understand was done on a prior occasion in connection with a dispute in this vicinity , to send some representative of the Department who would settle the matter definitely. Our Surveyor could confer with the person so sent and we are quite sure that the litigants would be willing to abide the result of their decision.

We shall be pleased to hear from you at your early convenience.

Gentlemen,-

In reply to your letter of the 4th instant I have to say that apparently there is very little further to state in connection with the purchase of marsh land in the N.E.¼ Sec.17, Township of Maddonald than as previously advised.

The quarter section was sold in three portions, mainland, accretion and marsh. The marsh was sold to Mr.Robt. Rush and described as being bounded on the East by the accretion. Mr/Rush appears to have been well aware of what he was purchasing, as there was forwarded with his application, a plan made by Jos.Cozens, O.L.S., dated 20th March 1901, a copy of which is enclosed. You will note that the shore line as indicated thereon is practically the present shore line indicated on the plan you forwarded made by Mr.Ramsey, dated 20th June 1920. Further, Mr.Rush applied for this tract of marsh for the purpose of planting wild rice thereon. It is evident that he could not plant wild rice on the accretion.

There should be no trouble if your surveyor will be guided by the plan which was sent with our letter of the 8th ultimo. I may add that the Department is not disposed to incur the expense of sending a surveyor to look further into this matter.

Hurley v. Haldenby & Cliffe.

This is an action brought on by Joseph John Hurley, in respect to part of the North-east Quarter of Section 17, MacDonald Township.

As we understand it, the original sales in this Quarter Section were, as follows:-

38 acres of land to William Lloyd;
57 acres of land, being accretions, to William Lloyd; and
51 acres of marsh land to Robert Rush.

Hurley claims through Robert Rush and to the 51 acres above referred to. His contention is that the 51 acres is really part of the 57 acres above referred to.

S 394

Would you be good enough to send us a copy of the description of the marsh land in the North-east Quarter of Section 17 patented to Robert Rush, comprising 51 acres.

S 394

We would also be glad if you would write us a letter giving the dates of the sales of lands or marsh land in this Quarter Section, the names of the purchasers, the dates of the patents and the descriptions in the patents.

If there are any filings in your office relating to this Quarter Section, or any records containing any information which would be of service in connection with the elucidation of this dispute, will you kindly advise us thereof.

In reply to your letter of the 5th instant, with reference to land, accretion and marsh, in the N. E. ¼ of sec. 17, Macdonald township, I have to state that the land portion in the northeast part of this quarter section, containing 38 acres, was sold on the 5th of August, 1895, to William Lloyd, and patent issued to him on the 19th of October, 1906. The description in this patent is as follows:-

"Commencing at high water mark on the north boundary "of the said section; thence east along the said boundary "twenty chains more or less to the east boundary thereof; "thence south along the said east boundary thirty-eight "chains more or less to high water mark; thence north- "westerly following the said high water mark to the point "of commencement."

The portions in this quarter section known as marsh, containing 51 acres, and accretion, containing 57 acres, were sold together on the 6th of July, 1901, to William Lloyd. The marsh land under this sale was, however, assigned on the 2nd of August, 1901, to Robert Rush, and was patented to him on the 14th of October, 1905. The description in this patent is as follows:-

"Composed of part of the Northeast quarter of "section seventeen in the said township, and which may be "descriped as follows, that is to say, all the marsh land "in the said quarter section in front of the accretions to "the original tracts of land in the said section 17, contain- "ing an area of 51 acres be the same more or less."

The portion under this sale known as the accretion was patented to Eliza Jane Haldenby, administratrix of the estate of the late owner, William Lloyd, on the 30th Sept., 1908, and the description in the patent is as follows:-

"All the accretion in the northeast quarter of section seventeen "in the said township, and which may be described as an "irregular strip of land bounded on the north by the north "boundary of the said quarter section, on the south by the "south boundary of the said quarter section, on the east by "xy the westerly limit of the mainland in the said quarter "section and on the west by the east limit of the marsh land "heretofore patented to Robert Rush, excepting thereout five "per cent of the said area for roads and the right of the "Crown to lay out roads where necessary. Sir,-

With reference to land, accretion and marsh, in the N. E. ¼ of sec. 17, Macdonald township, I have to state that the land portion in the northeast part of this quarter section, containing 38 acres, was sold on the 5th of August, 1895, to William Lloyd, and patent issued to him on the 19th of October, 1906. The description in this patent is as follows,-

Dear Sir:-

RE JOSEPH JOHN HURLEY.

We had some correspondence with the Department in the latter part of last year in connection with certain patents issued by the Department, which covered or purported to cover certain lands in the vicinity of Echo Bay in the District of Algoma.

Under patent dated the 21st of May, 1903, the Crown granted to Isaac Curry the W½ of the SW¼ of Section 16, in the Township of McDonald, containing 68 acres more or less, and under patent bearing date the 3rd day of October, 1905, the Crown granted to Robert Rush 22 1/3 acres, which were described as all the accretion in Echo Bay to the W½ of said Section 16.

It appears that after the patent was issued to Curry it was discovered that the description contained in his patent was erroneous and that only 56 acres should be conveyed, although his patent showed 68 acres; the Department refunding to Curry 50¢ an acre for the difference of 12 acres.

On the 3rd of August, 1905, Robert Rush deeded to Albert S. Rogers a 1/3 estate or interest in the lands described in the patent dated October 3rd, 1905.

Robert Rush died on the 27th day of June, 1910, leaving a will devising and bequeathing all his real and personal estate unto Mary Elizabeth Appleton absolutely and appointed her sole executrix.

On the 1st day of December, 1919, Albert S. Rogers above named, and Mary E. Appleton conveyed to our client Joseph John Hurley, the lands covered by the patent to Mr. Rush and above described.

Our client naturally thought when he perused the patent to Rush that the Government had the right to convey to Rush the lands described therein. Relying upon the description in the patent to his predecessor in title, Mr. Rush, Mr. Hurley on the 29th day of July brought an action against John Jackson, to whom Isaac Curry had conveyed the W½ of the SW¼ of Section 16, for a Declaration that he, Jackson, had no estate or interest in the lands covered by Rush's patent, and the action was tried before Judge Stone in the District Court of the District of Algoma.

The Judge in a lengthy judgment held that the Department was in error in issuing a patent to Rush when they had previously conveyed the identical lands by patent to Isaac Curry, and not only did he dismiss Mr. Hurley's action but he held that Jackson was entitled to the lands under the Curry patent.

We were not satisfied with this and carried the case to the Appellate Division, but we were unsuccessful in the appeal. The Judges of the Appellate Division held that the patent having issued to Curry of the W½ of the SW¼ of Sec. 16, such patent would cover the entire 80 acres, and the Court intimated that under the circumstances the Government should cancel the original patent to

Curry and issue in lieu thereof a patent for 56 acres. We endeavored to get the Court to withhold their judgment until we had further taken up the matter with the Department but they declined to do so. The Court also expressed the opinion that the trouble was caused wholly by a mistake of the Department, but so long as the patent was in existence the Court was bound by the Authorities to hold that the entire 80 acres passed to Curry, and they suggested that an application should be made to your Department for relief.

We wish to point out that our investigation of the whole matter shows that the unfortunate position in which our client is now placed was caused, as the Court of Appeal suggests, wholly through the mistake of the Department and that it appears to us to be only right that adequate compensation should be made to him for the damages he has suffered and the expenses to which he has been put by reason thereof.

Had the Department, when they discovered that the first patent was issued in error, cancelled the same and substituted therefor a patent covering the proper amount of land which they doubtless intended to convey to Rush no damages could have been caused to anyone, or had the Department taken a reconveyance from Curry of the difference between the 56 acres and the 80 acres described in the original patent then Rush would have known just what he was getting, and it would have been quite apparent to anyone searching the records that 56 acres was all the lands conveyed to Isaac Curry.

Our client, relying upon the validity of the Government's patent, paid $150.00 for the 22 1/3 acres and has rendered himself liable for the costs of the litigation so far.

At the time of trial in the District Court here Mr. Orr, from your Department, attended as a witness and produced and proved to the Court the refund to Isaac Curry for 12 acres above mentioned, so that there can be no dispute as to the actual facts in the case, that is to say, the Government instead of issuing a patent to Curry for the W½ of the SW¼ of Sec. 16, should have only issued a patent to him of 56 acres, which would not have interferred at all with the lands covered by the patent to Rush.

In these circumstances we think the Department should sufficiently reimburse Mr. Hurley the actual money he has paid for these lands, and the expenses of the litigation, and we would be very glad if you would take this matter into consideration and advise us at your early convenience.

DEPARTMENT OF INDIAN AFFAIRS

CANADA Ottawa, April 5, 1921.

MEMORANDUM.

Departmental Solicitor,-

In discussing further Messrs. McFadden & McMillan's letter of the 28th ultimo with Mr. Orr, he points out that possibly under section 72, sub-section 1 of the Indian Act, the judgment of the Appellate Court, being a superior court in the Province of Ontario, might be considered as cancelling the patent issued to Isaac Curry for the W. ½ of the S. W. ¼ of sec. 16 in the township of Macdonald, and if this be so, the Department could then re-issue a correct patent for 56 acres in the W. ½ of the S. W. ¼ of sec. 16, to Curry's assignee, leaving intact the patent issued to Robert Rush of the westerly 22 1/3 acres.
This, of course, would leave Mr. Hurley, who acquired the interest of Robert Rush, in possession of the 22 1/3 acres patented to Rush, but he would still be out his costs of litigation.

Will you kindly review the facts and advise in the matter.

Hurley vs. Rush
Patent West half south west quarter section 16 township of McDonald to Isaac Curry dated 21 May 1903.
Patent accretions to west half south west quarter of sec. 16 to Robt. Rush dated 3 August, 1905.

Sir:-

I have the honour to inform you that I have been requested by Messrs. McFadden & McMillan to write you in regard to the judgment recently delivered by the Appellate Division of the Supreme Court of Ontario, in which the Appellate Division held that the accretions sought to be granted by the patent of the 3 August 1905 being situate within the boundaries of the west half of the south west quarter of Sec. 16 did not pass to Robert Rush under the patent as they had already been granted to Isaac Curry under patent of 21 May 1903.

I may mention that in the patent to Isaac Curry the lands were described as the west half of the south west quarter of Section 16 in the Township of McDonald containing sixty-eight (68) acres more or less and in the patent to Rush the lands were described as twenty-two and one-third (22 1/3) acres being all the accretions to the west half of the said section 16. At the trial of the action one of the officials from the Department explained that it was not intended to convey to Curry the lands to the line of the marsh and not the twenty-two and one-third acres of marsh lands, subsequently conveyed to Rush, however, as I have stated the Court held that they were

bound to hold under the authorities that the entire eighty (80) acres passed under the patent to Curry, notwithstanding that the west half of the south west quarter was stated in the patent to contain sixty-eight (68) acres more or less. See Stevens vs. Buck 43 Upper Canada Queens Bench Reports, page 1 Bradley vs. Sadler 16. Ontario Reports page 49 and 17 Ontario Appeal Reports 365.

The case was undoubtedly a very hard one upon Hurley who had acquired the interest of Robert Rush the original patentee and under the Judgment has not only lost his land, but is also liable for a very considerable sum for costs. Upon the argument, before the Appellate Division, I of course pointed out that there was no doubt whatever as to the intention of the Department to grant merely the area supposed to contain arable land which was fifty-six acres in extent and when the Department learned that Isaac Curry had paid for sixty-eight acres they made him a refund in respect of the excess. The Appellate Judges however, stated that it was quite clear under the authorities that the entire eighty acres passed as already stated to Curry under the patent and that the patent of the accretions to Rush was inoperative, and they intimated that perhaps the Department would see its way to grant relief, as it was quite clear that Hurley who had acquired title from the Rush heirs, had suffered an injustice.

I have the honour to remain,

Your obedient servant,

Gentlemen:

re Joseph John Hurley.

I beg to acknowledge the receipt of your letter of the 28th ultimo, in the above matter, and note the facts set forth therein, and your observations as to what the Department should do under the circumstances.

In reply I beg to say that the Department could not of course undertake to pay the expenses of the litigation which Mr. Hurley undertook on his own behalf but as soon as the judgment of the Appellate Court in this case appears in the Reports the question will be considered as to what action, if any, should properly be taken by the Department in respect of patent dated the 21st of May 1903, as referred to in your letter.

Re Joseph John Hurley.

Dear Sir:-

Messrs. McFadden and McMillan, solicitors at Sault Ste. Marie, have written me in connection with a claim which the above-named J.J. Hurley has against your Department, and have sent me a copy of a letter dated March 28th and addressed to you. This letter, apparently, sets out the case of Mr. Hurley very clearly, and it would appear to me, if the views contained in this letter are correct, that Mr. Hurley has been put to considerable expense as a result of a mistake on the part of your Department in the issue of the original patent covering the land in question; and if such is the case, I think that in all fairness the Department should reimburse Mr. Hurley for any legitimate expense he has been put to in connection with the case.

Hurley vs. Jackson accretions to
west half section 16 Township McDonald.

We have received a letter from Messrs. McFadden & McMillan stating that they had received a letter from you in which you stated that the Department were postponing consideration of their application for compensation until the Judgment of the Appellate Court appears in the Reports, and beg to advise you that as the Judgment was delivered on the spot the case will not be reported.

As advised in my letter to the Superintendent of Indian Affairs, dated April 7th, the Court were of opinion that the patent to Currie covered the entire west half of the south west quarter of Section 16, which would contain eighty acres notwithstanding the fact that the lands were stated in the patent to contain sixty-eight acres, in other words, the Court considered that under the authorities where the lands were described as "the west half of the south quarter of section sixteen" all the lands within the limits of such south west quarter would be included.

We may add that the writer went into the matter very carefully and in his opinion there is no question that the Court were bound to so hold by the authorities.

Superintendent General of Indian Affairs,
Ottawa, Ont.

Dear Sir,

re Joseph John Hurley.

We had some correspondence with the Department in the latter part of last year in connection with certain patents issued by the Department, which covered or purported to cover certain lands in the vicinity of Echo Bay in the District of Algoma.

Under patent dated the 21st of May, 1903, the Crown granted to Isaac Curry the W½ of the SW¼ of Section 16, in the Township of McDonald, containing 68 acres more or less, and under patent bearing date the 3rd day of October, 1905, the Crown granted to Robert Rush 22 1/3 acres, which were described as all the accretion in Echo Bay to the W½ of said Section 16.

It appears that after the patent was issued to Curry it was discovered that the description contained in his patent was erroneous and that only 56 acres should be conveyed, although his patent showed 68 acres; the Department refunding to Curry 50¢ an acre for the difference of 12 acres.

On the 3rd of August, 1905, Robert Rush deeded to Albert S.Rogers a 1/3 estate or interest in the lands described in the patent dated October 3rd, 1905.

Robert Rush died on the 27th day of June, 1910, leaving a will devising and bequeathing all his real and personal estate unto Mary Elizabeth Appleton absolutely and appointed her sole executrix.

On the 1st day of December, 1919, Albert S. Rogers above named, and Mary E. Appleton conveyed to our client Joseph John Hurley, the lands covered by the patent to Mr. Rush and above described.

Our client naturally thought when he perused the patent to Rush that the Government had the right to convey to Rush the lands described therein. Relying upon the description in the patent to his predecessor in title, Mr. Rush, Mr. Hurley on the 29th day of July brought an action against John Jackson, to whom Isaac Curry had conveyed the W½ of the SW¼ of Section 16, for a Declaration that he, Jackson, had no estate or interest in the lands covered by Rush's patent, and the action was tried before Judge Stone in the District Court of the District of Algoma.

The Judge in a lengthy judgment held that the Department was in error in issuing a patent to Rush when they had previously conveyed the identical lands by patent to Isaac Curry, and not only did he dismiss Mr. Hurley's actionbut he held that Jackson was entitled to the lands

under the Curry patent.

We were not satisfied with this and carried the case to the Appellate Division, but we were unsuccessful in the appeal. The Judges of the Appellate Division held that the patent having issued to Curry of the W½ of the SW¼ of Sec.16, such patent would cover the entire 80 acres, and the Court intimated that under the circumstances the Government should cancel the original patent to Curry and issue in lieu thereof a patent for 56 acres. We endeavored to get the Court to withhold their judgment until we had further taken up the matter with the Department but they declined to do so. The Court also expressed the opinion that the trouble was caused wholly by a mistake of the Department, but so long as the patent was in existence the Court was bound by the Authorities to hold that the entire 80 acres passed to Curry, and they suggested that an application should be made to your Department for relief.

We wish to point out that our investigation of the whole matter shows that the unfortunate position in which our Client is now placed was caused, as the Court of Appeal suggests, wholly through the mistake of the Department and that it appears to us to be only right that adequate compensation should be made to him for the damages he has suffered and the expenses to which he has been put by reason thereof.

Had the Department, when they discovered that the first patent was issued in error, cancelled the same and substituted therefor a patent covering the proper amount of land which they doubtless intended to convey to Rush no damages could have been causedto anyone, or had the Department taken a reconveyance from Curry of the difference between the 56 acres and the 80 acres described in the original patent then Rush would have known just what he was getting, and it would have been quite apparent to anyone searching the records that 56 acres was all the lands conveyed to Isaac Curry.

Our client, relying upon the validity of the Government's patent, paid $150.00 for the 22 1/3 acres and hasrendered himself liable for the costs of the litigation so far.

At the time of trial in the District Court here Mr. Orr, from your Department, attended as a witness and produced and proved to the Court the refund to Isaac Curry for 12 acres above mentioned, so that there can be no dispute as to the actual facts in the case, that is to say, the Government instead of issuing a patent to Curry for the W½ of the SW¼ of Sec.16, should have only issued a patent to him of 56 acres, which would not have inteferred at all with the lands covered by the patent to Rush.

Would you be good enough to advise this Department as to whether we could now properly cancel the original patent to Currey and issue in lieu thereof a patent for 56 acres, as intimated in Solicitors' letter of the 28th March above referred to. Dear Sirs,-

Hurley vs. Jackson.

This case was argued today before the Second Divisional Court, who dismissed our appeal. The court took the position that under the authorities the patent to Currie covered the whole of the west half of the south-west quarter and the entire acreage passed to Currie under the Patent.

The Court were of opinion that under the case of Bradey vs. Sadler 16 O. R.-49 and 17 O.A.R. 365, no other course was open. In answer to our contention under the Registry Act, Judge Riddell took the ground that if all the facts had been brought to the notice of the defendant, that is to say, the issue of the Patent to Rush and the re-payment of the excess purchase money, the position would not be altered, as a patent having issued to Currie of the west half of the southwest quarter, such patent would cover the entire eighty acres. The Court intimated that under the circumstances perhaps the Government would cancel the original patent to Currie and issue in lieu thereof a patent for the fifty-six acres. The writer pressed on the Court to withhold their judgment until we had an opporunity of bringing the matter further before the Department, but Judge Riddell stated that the Government had known the facts for many years and if they had not seen fit to act he did not think the Court should stay the delivery of their judgment.

The Court expressed the opinion that the trouble was caused by a mistake by the Department but so long as the Patent was in existence the Court were bound by the authorities to hold that the entire eighty acres passed to the grantee and as we have already stated the only way in which redress could be obtained was by an application to ratify the Patent.

Yours faithfully,

Dear Sir:-

Prior to April of 1914, application was made on behalf of Mrs. Sarah Rush of Echo Bay in the District of Algoma, for a patent of the marsh lands north of Broken Section "D" West of the C. P. R., Township of Macdonald in the District of Algoma.

At thattime, the Department had acknowledged the receipt of the full amount required from Mrs. Rush in payment of these lands and the Department also expressed that there was nothing in the way of a Patent being issued.

We have not yet received any patent or notification of its issue and Mrs. Rush is becoming a little anxious on account of the delay.

I would like, if possible, to have the patent issued to her, so soon as the convenience of the Department can be met.

The Judges of the Appellate Division held that the patent having issued to Curry of the W½ of the SW¼ of Sec.16, such patent would cover the entire 80 acres, and the Court intimated that under the circumstances the Government should cancel the original patent to Curry and issue in lieu thereof a patent for 56 acres. We endeavored to get the Court to withhold their judgment until we had further taken up the matter with the Department but they declined to do so. The Court also expressed the opinion that the trouble was caused wholly by a mistake of the Department, but so long as the patent was in existence the Court was bound by the Authorities to hold that the entire 80 acres passed to Curry, and they suggested that an application should be made to your Department for relief.

We wish to point out that our investigation of the whole matter shows that the unfortunate position in which our Client is now placed was caused, as the Court of Appeal suggests, wholly through the mistake of the Department and that it appears to us to be only right that adequate compensation should be made to him for the damages he has suffered and the expenses to which he has been put by reason thereof.

Had the Department, when they discovered that the first patent was issued in error, cancelled the same and substituted therefor a patent covering the proper amount of land which they doubtless intended to convey to Rush no damages could have been causedto anyone, or had the Department taken a reconveyance from Curry of the difference between the 56 acres and the 80 acres described in the original patent then Rush would have known just what he was getting, and it would have been quite apparent to anyone searching the records that 56 acres was all the lands conveyed to Isaac Curry.

Our client, relying upon the validity of the Government's patent, paid $150.00 for the 22 1/3 acres and has rendered himself liable for the costs of the litigation so far.

At the time of trial in the District Court here Mr. Orr, from your Department, attended as a witness and produced and proved to the Court the refund to Isaac Curry for 12 acres above mentioned, so that there can be no dispute as to the actual facts in the case, that is to say, the Government instead of issuing a patent to Curry for the W½ of the SW¼ of Sec.16, should have only issued a patent to him of 56 acres, which would not have inteferred at all with the lands covered by the patent to Rush.

In these circumstances we think the Department should sufficiently reimburse Mr. Hurley the actual money he has paid for these lands, and the expenses of the litigation, and we would be very glad if you would take this matter into consideration and advise us at your early convenience.

Yours truly,

McFadden & McMillan.

IN THE DISTRICT COURT OF ALGOMA.

B E T W E E N:

HURLEY

Plaintiff

v

JACKSON

Defendant.

J U D G M E N T.

The Plaintiff brings action to recover possession of part of the Southwest Quarter of Section Sixteen in the Township of MacDonald in the District of Algoma and claims to derive his title to same under patent granted by the Crown to Robert Rush bearing date the third day of October, 1905, wherein the land in question is described as being composed of part of Section Sixteen in the said Township described as follows, that is to say:

> "All the accretion in Echo Bay to the west half of the said Section Sixteen containing an area of twenty-two and one-third acres be the same more or less."

The Defendant claims also to be entitled to the land, and asserts as the basis of his title, patent from the Crown to Isaac Currie bearing date the second day of May, 1903, whereby the Crown granted to the said Isaac Currie that parcel or tract of land situate, lying and being in the Township of MacDonald aforesaid containing by admeasurement Sixty eight acres be the same more or less, composed of the West half of the Southwest quarter of Section Number Sixteen in the aforesaid Township of MacDonald, reserving thereout and therefrom Five (5%) per cent of the area of the land hereby granted for roads and the right of the Crown to lay out roads where necessary.

A Plan is produced from the Department of Indian Affairs bearing date the 9th day of December, 1863, which shows that this Quarter Section at that time consisted partly of land proper and partly of marsh land, while beyond the boundary of this lot there would appear to be an area covered with water in which

markings which would indicate that the line of demarkation between the marsh land and the solid land had been advanced towards the waters of Echo Bay. The Plan also gave every indication of having been amended, for instance inasmuch as the line of the Canadian Pacific Railway was delineated upon it which Railway was constructed long after the date of the map. A further plan said to have been compiled from the survey of Joseph Cozens (by whom the original plan of 1863 was prepared) and dated March 30th, 1901 and which is put in as Exhibit "8" on the trial hereof shows the 22 acres of the West half of the Southwest Quarter now in question described as 'accretion' to the lot, and no part of Lot Sixteen according to this Plan, reached the marsh areas of Echo Bay at the date of its preparation. At the time of the issue of the patent to Currie on the 2nd of May, 1903, so far as the plans of the Department show, no portion of this West half of the Southwest Quarter of Section Sixteen was marsh land or land covered with water.

The word 'accretion' as used in the patent to Rush does not seem to me to be the proper term to apply to the land in question. The waters of the St. Mary's River of which Echo Bay is an inlet, have gradually receded for many years. According to the witness Rivers, the water has gone down fifteen inches the last ten years, and two feet in the last twenty-five years; this appears to have been merely a continuation of a process of recession of the waters of Echo Bay for many years prior to that. This 22 acres therefore became available for use, not by reason of a technical accretion but rather as a reliction; the same principal however applies in regard to accretion and reliction considering the ownership of the land so created. The Department of Indian Affairs seems to have considered all the land shown as delimited in the old plan of 1863 as an accretion.

Indian Affairs. (RG 10, Volume 3025, File 228,055)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

This whole Section, however, at the time of the grant of the patent to Currie in 1903, was, according to the record of the Department, land and from its actual condition one would have been unable to discover at the time of the patent in question where the so-called 'accretion' started by reason of the similarity of the condition of the soil on each side of the supposed boundary line, while on the side of the 22 acres in question near the Bay, there would be at certain Seasons more or less bogginess.

The 22 acres in question is an irregular portion, being originally the east end of a small inlet of Echo Bay, which has no access to it from any road except across the remainder of the Southwest Quarter, otherwise than by boat.

Each party endeavours to show title by possession but I find that there has been no actual, continuous, uninterrupted occupation of the property by either party sufficient to entitle him to claim title by prescription.

The whole Quarter section contains 160 acres, the east half of which was patented to one Rush in the year 1878 as containing 80 acres.

There is no ambiguity or vagueness or anything of an indefinite character whatever (save in the reservation as to roads); in the description contained in the Currie patent of the land granted to Currie., It conveys the whole of the west half of the Southwest quarter which actually comprised eighty acres but mentions it as containing sixty-eight acres be the same more or less.

It is said by Parke J. in Doe v Galloway (1833) 5 B. & Ad. 51, "The rule is clearly settled that when there is sufficient "description set forth of premises by giving the particular name of a close or otherwise, we may reject a false demonstration."

This is followed in Jamieson v McCallum (1859) 18 U.C.R. 445 and in Gillen v Haynes (1873) - 33 U.C.R. 516. See also Huntsman v Lynd (1879) 30 U.C.C.P. 100.

Indian Affairs. (RG 10, Volume 3025, File 228,055)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

In Iler v Nolan (1861) 21 U.C.R. 309, the same rule was applied and it was held that nothing could pass under a second patent describing part of the lot granted by the first patent.

I am of the opinion therefore, that the words "containing 68 acres be the same more or less" may be rejected in construing the patent for the purpose of ascertaining what land was granted by it.

There is no doubt at all with these words rejected as to the meaning of the words of the description used in the Grant.

Having in view the subsequent patent to Rush of the land now in question, the words of the Honourable Chief Justice Richards on pages 384-385 in Davis v McPherson (1873) 33 U.C.R. 376, are very apt - they are as follows -

> "The question must always be, what did the deed cover when it was made - - - - Can then the issue of another patent by the Crown more than two years after the issue of the one under which he claims, make any difference as to his rights under the prior patent? I have not met with any authority which would justify us in coming to such a conclusion."

> "Upon a qneation as to the meaning of words the same rules of common sense and justice must apply whether the subject matter of construction be a grant from the Crown or from a subject; it is always a question of intention to be concluded from the language used with reference to the surrounding circumstances."

Lord v Commissioners of Sydney (1859) 12 Moore P.C. 473 at page 497 -

> "The patent is to be construed most favourably for the grantee."

Hyatt v Mills (1890) 20 O.R. 351.

From the plain ordinary meaning of the description contained in the patent to Currie considered in the light of the condition of the land at that date, I am of the opinion that the land in question was comprised within that Grant, and that in so granting and conveying it to Currie, the Crown had exhausted its title to the whole of the said West half of the Southwest Quarter and could not, and did not by the subsequent patent to Rush, grant or convey any title to the lands in question to Rush.

Indian Affairs. (RG 10, Volume 3025, File 228,055)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Some evidence was tendered by a representative of the Department of Indian Affairs, to the effect that in the year 1906, subsequent to the execution of the patent to Rush, a rebate of a few dollars was made to Currie because of the acreage of the Quarter Section (apart from what they called accretion to the west half of the quarter section) which they considered to be only 56 acres instead of 68 acres.

No record of this appears in the Registry Office; no reconveyance appears to have been asked or obtained from Currie, and so far as the Defendant is concerned, there would seem to be no evidence that he ever heard of any such transaction.

The subsequent admission or subsequent conduct of a party to or claiming under the deed, as to the true meaning of the deed, cannot be received to contradict, vary or add to the terms of this deed - Doe d Norton v Webster (1840) 12 A & E.442.

Elphinstone refers to Wyse v Leahey, Irish R. 9 C.L.384 (to which case I have not access) as holding that a map attached to but not referred to in a conveyance was not admissible to explain it. Neither the facts as to this rebate transaction nor the maps on file in the Department can be received in evidence to alter, vary or restrict the meaning of the language used in the Patent to Currie.

I am of the opinion for these reasons that the Plaintiff fails to establish any title to the lands in question; his claim to damages for trespass therefore also fails.

The Defendant counter-claims for damages to his lands by reason of the acts of the Plaintiff in removing a fence which the Defendant had constructed, as he thought, along a portion of the north boundary of his property, whereby cattle obtained access to his lands and destroyed crops and did damage. I do not think the damage amounts to a great deal in any event, and I doubt if this claim would have been set up had it not been for

Indian Affairs. (RG 10, Volume 3025, File 228,055)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

the suit that has been brought. It appears however that this fence which has been removed by the Plaintiff was some sixteen feet north of the northerly boundary of the Plaintiff's lands, as found by the Engineer, Mr. Ramsay, and that therefore there was no trespass, the land upon which the fence was really erected being a small triangular portion comprised in the same grant to Rush in the above mentioned Crown grant, to which the Defendant has no claim whatever. The counter-claim will be dismissed.

Counsel for the Plaintiff urges that at the time of his purchase, defendant had notice by registration of the Patent from the Crown to Rush, and that for that reason he must take subject to that patent. For reasons hereinbefore set out that contention must fail. Registration of the patent confers on it no efficacy as against the prior patent which was also registered.

The action and the counter-claim will each be dismissed with costs.

Dated at Sault Ste. Marie, this 13th day of December, A. D. 1920.

PLEASE ADDRESS
THE DEPUTY MINISTER OF JUSTICE

OTTAWA, February 2nd, 19 22.

Hurley v. Jackson.

Sir,-

Replying to your letter of the 4th of July last, asking to be advised whether the original patent to Currie could now properly be cancelled and another issued in lieu thereof for 56 acres, and, if not, if the patent issued to Robert Rush should be cancelled and the consideration paid by Mr. Hurley be remitted to him, I have the honour to state that the first mentioned grant cannot be cancelled if the present holder, Mr. Jackson, should object. If he consent it may be cancelled under the provisions of section 70 of the Indian Act - otherwise resort must be had to the courts under section 72 for the purpose of avoiding the grant, and in that case the Department must be prepared to establish that there was a misdescription of the lands. Apparently the patent on its face grants the whole of the W. ½ of the S.W. ¼ of section 16 in the Township of McDonald, notwithstanding the fact that the acreage stated, viz: 68 acres, is less than the said W. ½ contains.

As regards the second grant to Mr. Rush, it apparently was null and void, and there is no legal necessity, therefore, to cancel the same, although

Sirs:-

Re: Hurley Vs. Jackson.

This matter was recently submitted to the Department of Justice for decision, and we have just been advised that the original patent to Currie can not be cancelled by this Department if the present holder, Mr. Jackson, should object. It is assumed such objection would be made.

It would appear, therefore, that the only action the Department can now properly take, would be to return to Mr. Hurley the money paid to the Department by Mr. Rush provided Mr. Hurley consents to the cancellation of the Rush patent.

The blue print which you left with the Department sometime ago is returned herewith.

The Honourable The Superintendent General
of Indian Affairs,
Ottawa, Ontario.

Dear Sir:

Adverting to the interview the writer and Dr. Carruthers, M. P. had with the Deputy Minister, we have further information as to the improvements made by our client, John Joseph Hurley upon the lands conveyed in error under patent by the Crown to Robert Rush bearing date the third day of October 1905.

This land at the time of the Crown grant was in a state of nature but our client and his predecessors in title have had the same fenced, a part thereof cleared, and some cultivation made thereon. The fencing was not only put around the boundaries of the property but it was subdivided into fields and the whole, after being placed in shape for cultivation, was sown upon several occasions with grass seed. Part of it was later used for the cultivation of cranberries.

We have obtained estimates as to the amount expended by our client and his predecessors in title upon the improvement of this property and the estimate given to

Indian Affairs. (RG 10, Volume 3025, File 228,055)

us is as follows:

Costs of fencing property including posts and wire and labor	80.00
Cost of putting in subdivision fences, cutting brush and making clearing incurred by Hurley	90.00
Cost of seed used in sowing premises with grass seed upon two occasions	100.00
Making the total	$ 270.00

As a result of the work done by the predecessors in title of our client, the value of this property had increased from the price paid to the Crown at the time of patent to $300.00, and since its purchase by him in 1919, improvements have been made by our client which have been estimated to bring the value of the property up to $500.00 and this, owing to the judgment of the District Court Judge, affirmed by the Court of Appeal of Ontario, has been wholly lost to our client.

Beyond these items of expenditures for improvements, in connection with the litigation arising out of the matter and for the purchase price of the land Mr. Hurley has disbursed the sum of $1461.25. In connection with the whole matter we would particularly call your attention to the letter of the Assistant Secretary of the Department bearing date the 27th August 1907, in which it is stated that so far as Mr. Curry is concerned he only owns the fractional W½ of

Indian Affairs. (RG 10, Volume 3025, File 228,055)

PUBLIC ARCHIVES

this quarter section containing 56 acres, although his patent shows 68 acres which is incorrect. One would be inclined to rely upon not only the patent issued to the predecessors in title of our client and would, we think, take for granted that the departmental letter above quoted is correct. It appears to us that the whole trouble has arisen wholly through departmental error and while a search in the Registry Office would indicate that the title to the land in question was obscure, yet that obscurity is removed by the explanation contained in the letter of August 27th.

As we pointed out to the Deputy Minister, when this matter was argued before the Court of Appeal for Ontario, it was pointed out that although they could not give any relief to Hurley, the case was one in which the Department should, inasmuch as all the trouble was caused by its error, make compensation to Hurley.

The result of this action has been that this man has sustained very severe loss. He has not only lost the property in dispute but has been compelled to sacrifice his farm and is now working as a common labourer.

We shall be glad to hear from you at your early convenience that consideration has been given to the representations made on his behalf and that adequate compensation has been allowed him.

Yours very truly,

Dear Sir:

Re: 228,055 - Hurley vs. Jackson

We wrote you under date of the 12th April in the above matter and have reply from you under date of April 15 stating that the Deputy Superintendent General was then absent from the office through illness and that you expected him back in a few days when the matter would be brought to his attention for consideration.

We would be very glad indeed to have this matter disposed of in some way. Our client has been practically ruined by reason of the matters mentioned in our previous correspondence and we trust that the Department will consider it to be a case in which adequate compensation should be made to him for the losses he has sustained.

We shall be pleased to be advised at your early convenience what the Department intend to do.

Mr. Scott,

It does not appear that the Crown is under any legal obligation to pay the claim of Mr. Hurley, as set forth in the letter from Messrs. McFadden & McMillan, dated the 12th of April, hereunder. However, in the Horseshoe Island Case, on file No.87235-1A, in which the circumstances are similar, the claimant was reimbursed for the money actually paid by him in consequence of the issue of a patent in error.

Dear Sir:

Re: Hurley vs. Jackson - 228055.

Adverting to your letter of the 29th inst., we are enclosing herewith Statutory Declaration asked for therein. The amount expended by Mr. Hurley greatly exceeds the sum of $270.00 now asked for but it is impossible for him at this late date to give an estimate of what the costs of improvement were other than is contained in his declaration.

LANDS BRANCH
JUL 14 1922

The improvements by this man and his predecessors in title increased the value of the property to $500.00, so that the sum of $270.00, in our opinion, is a very moderate estimate indeed to place upon the work done and moneys expended by Hurley.

We note in the last paragraph of your letter that the Department, as you have already advised us, are willing to return to Mr. Hurley the amount paid to the Department by Mr. Rush. This amount is very small indeed and we think that in view of all the circumstances of the

Dear Sirs In regard to the above would say this case has been standing for about four years. I bought the land thinking the deeds from the brown could not be disputed or turned down by the law as it has been done also I stood them a Lawsuit on those grounds I lost my farm that I was living on my good home through it. So I have found the brown had given two deeds for the same land. So now I am left with a family to keep & have only been able to get an odd-days work. Had I been getting the intrest on this money I would of had it to help support my family. Hoping to get some returns [redacted] Soon. Yours respect

Dear Sir:

File No. 228, 055 - Hurley vs. Jackson

Mr. Hurley has brought us your letter to him of February 12, 1923, in which you say that you have issued cheque to us for $295.50 in settlement of his claim, resulting from the cancellation of the Rush patent. The only amount we appear to have received is cheque for $270.00.

If you will look at the correspondence, you will see that the sum of $270.00 is not paid in full settlement of all his claims against the Department but is paid for the improvements made to the property according to his declaration of 10th July, 1922. Mr. Hurley still has a very substantial claim against the Department for the expenses to which he was put by reason of the error of the Department in conveying to him land which had previously been conveyed.

Dear Sirs:-

For the last ten or twelve years I have been writing from time to time trying to get the Department of Indian Affairs to issue a patent to Mrs. Sarah Rush of Echo Bay for the marsh lands north of broken Section "D" West of the C. P. R. Township of Macdonald in the District of Algoma.

Away back in 1914, the Department wrote that everything was in order to issue this patent upon the receipt from the Indian Agent, Murdock MacLennan, of a requisition. I understand that Mr. A. D. McNabb, the present Agent, has put in requisitions for this patent and it has never come through.

We read stories from time to time of the Indians being dissatisfied, of wishing to become an independent people and not subject to any control by the present Dominion Government, but owing their allegiance direct to the King. When we review some of the delays that occur in the Department of Indian Affairs, I often think it a wonder that the Indians view things with as little agitation as they do. I guess Mrs. Rush will have to take her claim for patent to the foot of the Throne.

Yours truly.

I find that Mr. Andrew Noble is the owner of the South-East quarter of section 18 in the Township and is anxious to get the water lot in front of his property as the water has receded considerably in the last few years and a portion of the water lot could now be cultivated. Dear Sir:-

Andrew Noble of Echo Bay, P. O., is the owner of the broken southeast quarter (SE¼) of Section number eighteen (18) of the Township of Macdonald.

By a Patent dated the 28th. of December, 1923, the marsh lands northeast of his land in the same quarter section were deeded to Mrs. Sarah Rush, her application having been filed with your Department before she sold the original Southeast quarter section to Mr. Noble.

By a deed dated the 10th. day of October, 1924, Mrs. Sarah Rush conveyed the marsh lands to Mr. Noble, the present owner of the original Southeast quarter of Section eighteen (18), the marsh lands being the lands granted to her by the Patent above-mentioned.

The lowering of the water levels has uncovered more land attached to or belonging to the southeast quarter of Section eighteen (18). Mr. Noble would like to have a patent issued to these lands for him as he owns the balance of the land in that quarter section. Mr. Noble says that practically all the southeast quarter section of eighteen is now uncovered. He would be satisfied to have a patent of the remaining portion of the quarter section and hereby makes application to the Department for a patent.

Lands Branch,-

With reference to the application made by James McEwan on behalf of Andrew Noble for the purchase of certain lands which are now reported to be dry land as a result of water levels of the lake being lowered, I may say in view of the fact that the Department has no survey of this parcel and according to the Agent's report there is only a question of approximately fifteen acres involved, which on his valuation is only worth $1.00 per acre, it does not seem to me that the Department would be justified in endeavouring to effect a sale.

Could not Mr. Noble be informed that the Department is not disposed to consider sale at the present time but that should it later be decided to do so, the sale would not be made without giving the owner of the remainder of the quarter section an opportunity to purchase same?

I beg to advise that our Agent reports that the land referred to is not valuable for agricultural purposes and he has placed a valuation of one ($1.00) dollar an acre on what he estimates as approximately fifteen (15) acres.

In view of the fact that the Department has no survey of this parcel we are not now prepared to effect a sale of this land. However, I am pleased to advise that should it later be decided to sell the owner of the adjoining land would be afforded the first opportunity to purchase.

I submitted your letter to Mr. Noble.

It would seem from your letter that the costs of the survey would be more than the price of the land and that under those circumstances you are not encouraged to have the survey made or the patent issued.

Mr. Noble would be willing to pay a portion of the survey if he can get action from your Department now and I would be pleased to reopen the matter and see upon what terms it would be possible to have this accomplished. Mr. Noble says that of late there has been considerably more land exposed than the estimate mentioned in your letter.

Dear Sir:- re File # 228055

I wish to revert again to the subject matter discussed in your letters of January 8th. and February 21st. of this year and which were replies of your J. C. Caldwell of the Land and Timber Branch to inquiries I had sent the Department on behalf of Andrew Noble of Echo Bay, Ontario.

The correspondence related to a patent of certain lands lying in front of patented southeast quarter of Section eighteen Macdonald Township and is land left dry by the lowering of the lake level.

The letters of the Department state that the purchase price of the land would not warrant the Department going to the expense of having a survey made.

Mr. Noble was in and, on my suggestion, he consulted Messrs. Lang & Ross, who are both Ontario and Dominion Land Surveyors, as to what a survey for your Department would cost. If Messrs. Lang & Ross were allowed to do the work, Mr. Noble would pay for the survey in addition to the valuation placed upon the land. In this way the objection of the Department to the issuing of the patent might be overcome.

I would be pleased to hear from you.

Yours very truly,

James Mc Ewen

Sir,-

In reply to your letter of the 27th ultimo regarding the sale of the unpatented dry land in the S.E.¼ of Sec.18 in the Township of Macdonald to Mr.Noble, I may say that the Department is prepared to grant a title according to the following description,-

All that parcel of land situate in the Township of Macdonald in the District of Algoma, Province of Ontario and Dominion of Canada, being composed of all the dry land in the projected South East quarter of Section Eighteen which has not been previously patented, excepting thereout and therefrom the lands comprised within the right of way and station grounds of the Algoma Branch of the Canadian Pacific Railway, lying within the said quarter section and also excepting thereout and therefrom five per cent of the above area for roads and the right of the Crown to lay out roads where necessary.

If Mr.Noble will forward the sum of $46.00 in payment for the lands included in this description, patent may be prepared without a survey being made. If patent is desired according to these terms, kindly give Mr.Noble's full name, address and occupation and also an abstract of title from the Registrar to show that he already possesses the patented portion of the ¼ section outside of that granted to the Canadian Pacific Rwy.

It is noted that in the previous correspondence we have been informed that practically the whole of the quarter is now dry land and as it is considered preferable that the patent should convey lands within the definite boundaries of the ¼ section, we are asking Mr.Noble to forward payment for the whole of the remaining calculated area and he should distinctly understand that there will be no rebate in case the area of dry land, now or at any time in the future, is less than the area calculated.

ECHO BAY, ONT., June 5 1926

A. D. Mcnabe Esq.,
Sault Ste. Marie.

Dear Sir,-

I have five thousand ($000) cedar telephone poles which I cut in Chesley Additional Township, under Crown Timber licence from the Provincial Government. These poles are being brought down Echo River, across Echo Lake and Echo Bay to a place where they will be hauled out, peeled and left on skids for a time to dry out before loading on cars.

I find the only available place owing to the boggy nature of the shore is on the acretions formed by the lowering of the Lake levelon the North West quarterof section I7 MacDonald Township. I would like to lease this land in order to clean it up and protect my timber from fire, or if the Indian Department will not lease it I would buy it.

Will you kindly let me know their pleasure in this matter by early mail and oblige.

Yours truly.

SIR;

Inclosed please find letter from T. W. Trotter of Echo Bay for the purchase or lease of the Accretions in front of the North West Quarter of Section 17 in the Township of MX Macdonald in the District of Algoma.
Mr Trotter would like an early reply as his poles are not in a very secure place at present.

If this land is not already sold I would recommend it be sold or leased to Mr Trotter.

Dear Sirs
This Municipality sold a portion of the N.E.¼ sec. 17 MacDonald Twp for Tax arrears.
There is a record in the Lands Titles Office at Sault Ste Marie but it is so indefinite that the Master of Titles will not accept our Tax deed.
The survey of 1860 shows 38 ac., at a later date the accretion of 57 ac. was added making 95 ac.
The parcel in question is described as "all the waste land between the said accretion & the waters edge, containing 51 acres".
Would you kindly inform me as to date of surveys since 1860 & name of surveyors.
any information you can give me will be appreciated.
Also please let me know the acreage of patented land in the S.E.¼ sec. 17 MacDonald.

Sir,-

I have your letter of the 7th instant with regard to lands patented in the E.½ Sec.17, Township of Macdonald.

In connection with the N.E.¼ I beg to enclose two blueprints, one from our tracing No.319 which shows the three parcels of land patented, namely, 38, 57 and 51 acres.

2/

I am also enclosing a blueprint of the original plan by Joseph Cozens, dated March 30th 1901, showing the parcel of 51 acres. The original plan of the Township is dated 1863. The survey by Mr. Cozens in 1901 gave the shore line at that time and the edge of the marsh, thus permitting the Department to calculate the area of the accretions, 57 acres. These two surveys are all of which the Department has record in this ¼ section.

The area of the patented land in the S.E.¼ of Sec.17 is 55 acres.

The Department of Indian Affairs,

Dear Sirs:-

Norman Richard Haldenby of the Township of Macdonald is selling to Ellis S. Strachan the south half of the south half of Broken Section Eight of the Township of Macdonald.

There is a Patent for the broken sputheast quarter of Section eight containing about 67 acres, which was then the dry land. The north half of this is not in this transaction.

Since that time by the receding of the Echo River and Echo Bay there has been about 32 acres added, which has been in Mr. Haldenby's possession for about thirty years.

The deed heoffers to Mr. Strachan says there was a survey of this made by Joseph Cozens, O. L. S. on the 23rd. of January, 1903, and is now of record in your Department as Number 256548. No patent has ever been issued to Mr. Haldenby. I think it is the policy of your Department to issue patents for accretions to the abutting owners.

Mr. Haldenby was anxious to complete this sale as he needed the funds that he was getting for the lands very much, but he is held up pending this inquiry and your reply. This information is given to show you how much we would appreciate the most prompt reply that yoir Department can give us.

Sir,-

I have your enquiry of the 19th instant, with reference to the S.½ of the S.½ of Broken Section 8, Township of Macdonald, and advise that the S. E. ¼ of Section 8, containing 70 acres, was patented in December, 1901 to Alexander Findlay of Echo Bay. I note that there is a road reservation of 5% of the area granted, and the right of the Crown to lay out roads where necessary.

In March, 1910, this Department also patented to Mr. Findlay the marsh lying west of the S. E. ¼ of Section 8, Township of Macdonald, containing 85 acres.

For your information I enclose a blue print of the land under consideration.

Dear Mr McLean

Since I wrote you last I have had some reason to suspect the good faith of a man on the Manitoulin whom I thought a fit person to be interested in that land project in Dawson Township. Would it be asking too much to request you to instruct Mr J. H. Thorburn at Gore Bay to accept no applications for land in that township until I can get time to bring the whole project before Mr Sifton, which I can do at any time on his return? I do not want to be driven from that site, and I do not

There would be no unnecessary
delay so far as I am con-

Since talking the matter over
with you I have formed a lively
interest totem in the idea of pro-
pagating Moose for food purposes.
I have reason to believe the Ontario

with such an industry, and
it seems to good judges quite
feasible on a bush-covered ranch.
My theory is that the Moose is in

If not disturbed by dogs or fire-arms, and if supplied with salt near some pond they would "haunt" the place, or some of their own choosing. Over so large an area as we contemplate there would be no sense of confinement to promote restlessness. Hoping you will perpose way clear to aid me in these initial steps, and let me know of them I might get Mr Sifton's attention

I am in receipt of your letter of the 10th Instaht,relative to proposition to establish a Moose Ranche in the Township of Dawson,and asking that the local Indian Agent at Gore Bay may be instructed not to accept any applications for land until you can bring your project before the Minister.

In reply I would say that as the lands in the Township of Dawson,as well As in other Townships of the Manitoulin Island,have been placed in the market for sale to actual settlers,under authority of an Order of His Excellency in Council,the Department could not very well meet your wishes in the matter of withdrawal from sale.

Very few sales of land in this Township have been recently made and it is not at all likely that there will be any increased demand therefor until you are in a position to submit your proposition to the Minister.

As Mr. Sifton has not yet returned from the West

With reference to your verbal enquiry at the Department a few days ago as to the unsold Lots in the Western portion of the Township of Dawson, I beg to enclose a copy of the Plan showing the Lots which have been sold.

The undisposed of lands are in the hands of the local Agent, Mr. Jas. H. Thorburn, of Gore Bay, for sale at an upset price of mostly 50 cents per acre, subject to settlement.

I enclose also copy of the Regulations of the Department with the Sections marked bearing on the question of conditions of sale.

The whole of the Township of Dawson is under Timber License for the different kinds of timber, but as you will see from the Regulations, as soon as a Lot is sold for settlement it drops out of the License for all kinds of timber, except Pine and Spruce, which latter the Timber Licensee is entitled to cut and remove for three years from date of sale.

Where lands are reported unfit for settlement, the Department can dispose thereof under Section 6 of the Land Regulations, upon obtaining a sworn Report as to value, without any conditions as to settlement

Sir:-

On behalf of Colin G.Snider, Esquire, and myself I beg to apply for a grant of all the undisposed of lands in the Township of Dawson, Manitoulin Island, west of Lily Lake as shown on the plan in your Department. I notice that there is a row of lots running from Meldrum Bay on the south to the Lake on the south all of which are sold. Lily Lake projects into two of them. The property which we desire to purchase is all the unsold land west of this row of lots. This is the most accurate description I can give of it. We propose to pay 15 cents an acre, and I understand that there are about 9598 acres. Our application is made under section 6 of the regulations for the disposal of Indian lands as the lands are I am informed practically all unfit for cultivation. We desire to utilize these lands for ranching purposes.

Dear Sir,

Referring to my interview with you this morning, in reference to the application of the Manitoulin Ranch and Lumber Company, for the purchase of the lots referred to in previous communications, under sectn 6, I desire to say:

(1) We allege that most, if not all, of the said lands are really unfit for agricultural purposes. If you investigate this, we think you will find it to be true. We would request, therefore, that you notify your agent at Gore Bay to have an inspection made by his forest ranger, so that this question may be determined. We understand that it will be necessary for us to guarantee the costs of his work, and we therefore do so.

(2) In case part of the lands may be found to be fit for agricultural purposes, we will be prepared then to do the necessary improvements, in order to secure the patent,

which the original parties would have been required to do.

(3) We repeat that we have taken assignments from all the locatees, or settlers, and these can be shown at any time to the Department, if necessary.

(4) We want to impress upon the Departmemt that in purchasing these lands we propose to manufacture the timber on the island, and, of course, in this connection, will expend a great deal of money and employ a good many men.

75 Lots

I have to ask you to be good enough to have an examination made of each of the above named lots by the Forest Bailiff, upon receipt of cost of the same.

The sworn report of examination should show, as regards each Lot, the quantity of land thereon fit for settlement, the kind, quantity and value of timber and value of the land and where any improvements, the nature and extent thereof, also where a lot is not occupied or improved, it should be so specified.

Your obedient servant

FRANK PEDLEY

Deputy Superintendent General of Indian Affairs.

OTTAWA, 2nd April, 1906-

Sir-

I beg to acknowledge the receipt of your communication of the 29th Ultimo, in regard to application of the Manitoulin Ranch & Lumber Company, to purchase a number of lots in the Township of Dawson, under Section 6 of the Land Regulations of the Department, and in reply to say that in view of representations as to the unsuitability of the land for settlement, Mr. Agent Thorburn, of Gore Bay, has been instructed to have the lands applied for examined and valued under oath upon cost of such examination and valuation being deposited with him in the usual way.

Upon receipt by the Department of report of examination and valuation and upon being furnished with evidences of title from the parties in whose names the lots stand on the Books of the Department, of land found unfit for settlement it will be in a position to authorize sale, at an upset price, cash, based on such valuation, the land to be free from settlement duties and the timber free of dues.

W.H.D

Your obedient servant

FRANK PEDLEY

Ottawa, 30th October, 1906-

Sir,

In reply to your letter of the 8th Instant No. 688/19, and prior correspondence submitting Sworn Reports of examination and valuation of lands in Dawson Township, applied for by the Manitoulin Ranch and Lumber Co. under Section 6 of the Regulations, I beg to say that on the 2nd April last, Mr. E. A. Drake, Manager of the Company, at Windsor, Ont. was informed that upon receipt by the Department of report of examination and upon being furnished with satisfactory evidences of title, from the parties in whose names the Lots stood on the Books of the Department, it would be in a position to authorize sale of land found unfit for settlement, at an upset price, Cash, based on such valuation, the land to be free from settlement duties, and the Timber free of dues.

Before any thing further can be done in this matter, it will be necessary for Assignments as above, to be furnished, and you should so advise Mr. Drake.

Your obedient servant,

Robert Thorburn, Esq.

of Bruce. I am Geting This Lot for Taxes
and Started To emprove on it but find
out. it was never Cancelled and That it
is in The first owners' name yet and I have
Tried my best To find out Where he lives
The Last heard of him was in Wisconsin
in The United States. This Lot has never
been emproved on nor nothing done To it ~~but~~
by This man but Took all The good Salable
Timber of it it is now a burn. but There is
about 25 or 30 acres of Land on it. it has not
been occupyied by the owner or any one for
over 18 Years and There has never been any Taxes
Paid on it by any but what I am paying
but. as I have went so far I Would be willing

is it possibly to have it cancelled now as I would like to get it now as I went so far. I would ~~buy~~ the owner right to it if I could find him. but I cannot. and as he did not pay for the Lot in full and does not Live on it atall nor dont intend to I am sure for he would not Live on this rough country. and never built any buildings on it and paid no Taxes on it What ever. I think that a man that always Lives here. and likely to Live here. should have what Land he is willing to pay for should have it. I can make a very good home for my self and family on this Lot. as I said before there is about 25 or 30 acres of Land on it

Sir,

In reply to your letter of the 10th Instant, in regard to Lot 18,Con.5,W.B.R.,Lindsay,which you state you have obtained ✓ for taxes,and asking that the present Sale might be cancelled,I have to inform you that, upon your filing the Tax Deed with the Local Agent of the Department, Mr.Wm.Simpson, of Wiarton,who will forward the same to the Department,the question of transferring the property from the present owner to you will be considered..

I might add that,as the Valuators,Messrs Irwin and Elliott,recommended a reduction in the price of this lot from .75¢ per acre to .70¢ per acre,and which was approved by His Excellency in Council,the Department will allow you the benefit of this reduction should the Tax Deed,referred to above, be satisfactory.

Should you require any further information in connection with the matter,be good enough to apply to the Local Agent therefor.

INDIAN LANDS OFFICE,

Wiarton, Oct 6th, 1903

Sir:

Re Lot 18, Con. 5, W.B.R., Lindsay.

This Lot appears to have been bought on 8th Nov., 1880, by one John Rutherford at $75.00, on which he paid $63.00, at different times,-the last payment being, 13 March, 1882. The Valuators revalued the Lot at $70.00, so that there is a balance of ~~$7.00~~ $7.00, with $9.63 of interest, still owing, in all $16.73, or thereabouts.

LAND BRANCH OCT 9 1903

I have been offered $50.00 for the Lot, and it has been represented that it has depreciated in value, owing to its having been abandoned by Rutherford many years ago. He is said to have been in the North West for 12 or 15 years.

I recommend therefore that I be instructed to notify the purchaser Rutherford to pay the arrears within one month, failing which the Sale will be liable to be cancelled, and further, in case he does not pay the arrears, that I be authorized to sell the Lot $50.00, or more, if I can get it.

At the same time, please inform me of the address of John Rutherford, as returned, or the last known, because I do not seem to be able to find it here.

Re Lot 18, Con. 5, W.B.R. Lindsay. 266335

In accordance with instructions contained in your letter of 9th of October, 1903 to me, No. 238,134-, I sent notice on the 17 October, 1903, to Mr. Jno. Rutherford, Kincardine, Post Office, notifying him that the arrears of principal and interest due and owing on this Lot must be paid within one month from the date thereof, or the sale would be liable to be cancelled, and I have now to report that payment has not been made, and I recommend that the sale of the Lot be cancelled, and that I be authorized to re-sell the lot, either at the valuation fixed by the Valuators, $70.00, or at a price to be determined by you. In my letter to you of the 6th of October, I advised you that I had been offered $50.00. It may be that the lot is not as valuable now as it was and should be re-valued.

Ottawa,5th December,I903-

Sir,

I have to acknowledge the receipt of your letter of the 26th Ultimo,recommending the cancellation of the Sale of Lot I8,Con.5,W.B.R.Lindsay.

In reply I have to inform you that a letter dated the I0th November,I900,was received by the Department from Mr. Daniel Martin,of Miller Lake,stating that he had acquired this Lot for taxes,and was willing to pay the arrears due against it,if in that way he could obtain possession of the same.

He was advised in letter of the I9th November, I900,that he should file a Tax Deed with the local Agent, who would forward the same to the Department,when the question of transferring the property from the present owner to himself,would be considered.

To this letter no reply has been received,but before cancelling the Sale of this property,the Department wishes you to inform Mr.Martin that if he desires to obtain possession of the Lot he should file the Tax Deed with you, and pay the arrears due,which he then appeared anxious to do. You will be good enough to inform him that he will be given one month in which to do this,otherwise the Sale will be cancelled. At the expiration of that time,you will report what action has been taken.

Re Lot 18, Con. 5, W.B.R., Lindsay.

I have your letter of the 23rd inst., No. 228 134-, herein, and in reply I beg to report that on the receipt of your letter to me of Dec. 5th, 1903, I wrote to Mr. Daniel Martin, as therein instructed. On the 23rd Feb. 1905, he wrote me fully, informing me that the Lot had been bought for him at the Tax Sale in October, 1904, and that as soon as the year was up, and he could get his Tax Deed from the Co. Treasurer he would file it, and pay upthe balance on the Lot. I think that he will do so. I presume that when he advised you formerly that he had acquired the Lot for taxes it was not the fact, but rather an expression of his intention to do so.

The Lot, I believe, is of little value, and has been wholly abandoned by the original purchaser, and that Mr. Martin has the first claim on it. It is not a Lot which can be cultivated.

Yours obedient servant,

W B Hewson

Ottawa, October 21st, 1930.

Sir,-

I have your letter of the 10th instant, your File No. 23-1, with reference to certain lands in your Agency, and advise that the Department has no interest in Lot 26, East of Water Street, Bury Townplot, owing to patent having been issued therefor to John M. Reycraft in March, 1930. Prior to September, 1929, the date of sale, the Lot could not have been sold for taxes, as it was Indian Land.

In connection with Lot 18, Concession 5, W. B. R., Lindsay, I note Sale 5646, covering this Lot, standing in the name of John Rutherford, was cancelled on the 25th July, 1910. Since that date no tax sale could take place, as the land then reverted to the Department and has not since been disposed of. You might place a valuation on the Lot and report to the Department. If the price is considered satisfactory you will be so advised, and authorized to sell the Lot to Mr. Dignam.

Regarding the sale of land in your Agency, by the Municipality, under a tax sale, I would refer you, for your information and guidance in the matter, to Sections 61, 62 and 63 of the Indian Act.

I return Tax Deed, in favour of Mr. Dignam, as it cannot be accepted by the Department.

Enclosure

I, David Baker, of the township of Dundee, post-Master and assistant collecta of Her Majesty's Customs, do hereby solemnly declare, to the best of my Knowledge, remembrance and from the informations I have heretofore received, as follows, viz:

1st In or about the year 1853, one Donald Muchison, of Dundee aforesaid, farmer, departed this life intestate, leaving for his sole and only heir at law his only brother Murdoch Muchison, of Dundee aforesaid, farmer, to whom was thus transmitted by inheritance lot No 5 B, on the 3rd range of Dundee aforesaid.

1

2nd In the month of august 1862, Donald Fraser, of Dundee aforesaid, farmer, departed this life, after having bequeated all his property to Duncan Fraser, his son, of Dundee aforesaid, farmer, including said lot No 5 B, on the said 3rd range of Dundee, and lot No 8 A, on the 4th range

3rd The said lot No. 8 A. on the said 4th range of Dundee, was originally leased by the British Indian Chiefs of St Regis to one Daniel O'Hare, of Dundee aforesaid, farmer, in or about the year 1820.

And I make this solemn declaration conscientiously believing the same to be true, knowing that it has the same force, virtue and effect as if made under oath, under the Canada Evidence Act of 1893.

In testimony whereof, I have signed at Dundee aforesaid, this eighteenth day of October, in the year nineteen hundred.

Solemnly declared at Dundee aforesaid, this 18th day of October in the year 1900, before me, the undersigned.

Sir,

Referring to your letter of the 3rd instant, I return herewith Dr A. Bouillon's account amounting to $144.50 for medical services rendered to the late Widow Pierre Picard and family . This account appears excessive in view of the fact that only one family was attended , and the Department does not feel disposed to authorise you to certify thereto ,particularly as the attendance furnished seems to have been unauthorised.

As you are aware, the Medical Appropriation for Indians of Quebec is limited ,and it will not bear the payment of such large accounts .

Sir

Since writing to you on Dec 3rd in reference to Dr Bouillon account for attending sick Indians at Manicouagan in his professional capacity I have the honour to say that I have learnt more about the affair by Revd Father Boyer who happened to be at Manicouagan at the time. The priest says Dr Bouillon crossed from Matane to Manicouagan to give his professional care to a man named Frigault (a Catholic Forester) his expenses and fee being defrayed by the order of Catholic Foresters. Whilst at Manicouagan Dr Bouillon paid a visit to widow Picard an Indian woman about twenty minutes before she died he did not give her any remedies so he has no claims on the Dept either for fees or expences. I also enclose an account which Dr Bouillon made previous to the one I sent you on the 3rd Dec. As you will notice the first account of Dr Bouillon which I received only after I had forwarded the other or second account to the Dept are not alike as to the amount claimed by Dr Bouillon of Matane

Sir,

Although I have not the honour of knowing you nor of belonging to your County, permit me nevertheless to ask of you the favour of presenting this account to the Hon.Minister of the Interior so as to have it paid to me.

Last autumn during the season of tempests and icy cold, I did not hesitate to go to the relief of the poor sick people of Manicouagan, an isolated place in your County and the nearest medical station to which was Matane, in a straight line it is only from 33 to 35 miles, but I was obliged to make the journey by Indian sledge? or by a little boat (which came near to being my coffin) which awaited me. We nearly perished during the crossing, and I very nearly had to winter there on account of the cold and ice; I was 6 days on the trip, do you not think that it is necessary that I should be paid ? Permit me to beg of you to cause me to be paid and to yourself explain the details of the matter to the Minister so that you may succeed.

Believe me

The government is accustomed to have false reports from their employees; consequently, you come very easily to a false conclusion —

When shall we have faithfull employees?

I have presented 2 different accounts in this matter because I have come to the conclusion, at last, that the party, N. Brigot, poor french-canadian, would pay a part of the government the other.

Is it fair?

Of Course if it is not the custom to pay what it is fair & honest, I have knocked the wrong door —

But it would be quite ridiculous to attend poor french canadians, very poor affected with diseas communicated by indians & the government would

2 nd. That I found Pine Timber which will measure 2000 ft. which I value at $ 4.00 per M. — $ 8 00

3rd. That there is no other timber on said Lot of any commercial value.

$ 13 00

And I make this Solemn Declaration conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of "The Canada Evidence Act, 1893".

Declared before me at Silver Water in the District of Manitoulin this 24th. day of December, 1900.

Dear Sir;-

At the request of Mr. L. Duncanson, of Robinson Township, I, on the 29th April last, paid to the Indian Agent at Gore Bay, $20, the purchase price of Lot 16, Con. 6, Township of Robinson, District of Manitoulin. He informs me, that owing to the letter of instructions to him to sell having been destroyed in the recent fire, he did not feel free to give the receipt for payment.

Will you have the kindness to send him instructions in the matter,

And oblige

Yours very truly

MEMORANDUM.

Ottawa, 20th December, 1900-

To the Secretary.

Mr. Agent Thorburn submits Sworn Reports under Sec. 6 of examination and valuation of Lots 19 & 20, Con. 10, Burpee, containing together 319 Acres, upon which a value is placed of 10¢ per Acre, as the land is described as unfit for farming purposes, and nearly all rock, with no timber of any commercial value thereon. Altho ugh this value appears low, I do not think the De partment would be justified on the Sworn Report, to increase the rate per Acre to 20 ¢ which has been the custom in the past, and I would therefore recommend acceptance of the Forest Bailiff's valuation, as recommended by the Agent.

Ci-attachés deux comptes de charretiers pour voyages sur la Réserve. Voici les informations que j'ai à vous fournir à l'appui de ces comptes, dont j'en ai payé un, celui de Lapierre, tel que démontré par le reçu ci-inclus. Dans votre lettre du 24 juin dernier, No 11,971, 3, qui contenait ma nomination comme agent des sauvages, vous m'autorisiez à me faire remettre les livres de l'Agence par M. Donohue. Dès le lendemain, je me rendais à votre désir et M. Donohue devait venir me rencontrer à la Pointe-Blene pour me transférer la propriété du Département. Comme je devais le descendre à Roberval j'avais engagé un charretier pour ce faire, c'est le compte de Joseph Bilodeau, du 27 de juin. Pour une raison que je ne connais pas M. Donohue ne s'est pas rendu à la Pointe-Blene ce jour-là. Le dimanche suivant, le 29 du même mois, M. Donohue étant disposé à venir, j'ai engagé le charretier Lapierre pour nous y conduire. J'ai payé moi-même ce charretier comme le reçu inclus le démontre. Espérant que ces explications vous satisferont, croyez-moi,

Monsieur,

Votre très-humble serviteur,

Sir,-

Attached hereto are two accounts for livery on the reserve. The following is the information that I can furnish you in support of these accounts, one of which I have paid, that of Lapierre, as shown by the inclosed receipt. In your letter of the 24th June last, No. 11971/3, advising me of my appointment as Indian Agent, you authorized me to apply to Mr. Donohue for the agency books. The day after, I complied with your request, and Mr. Donohue was to meet me at Pointe Bleue to hand over to me the property of the Department. As I had to go down to Roberval, I engaged a livery to do this; this is the account of Joseph Bilodeau of the 27th June. For some reason that I do not know, Mr. Donohue did not go to Pointe Bleue that day. On the Sunday following, the 29th of the same month, Mr. Donohue being ready to come, I engaged the liveryman Lapierre to take us there. I myself paid this amount as the inclosed receipt shows.

Trusting that these explanations will be satisfactory to you,

Believe me, &c.,

Alphonse Marcoux,
Indian Agent.

Monsieur,

Ayant été autorisé par M. l'Inspecteur MacRae de descendre à Chicoutimi en même temps que lui relativement à l'affaire de Matthew Jannelain, accusé d'avoir laissé périr son enfant pendant qu'il était en boisson, je vous inclus le compte des dépenses occasionnées par ce voyage avec les pièces justificatives. Je n'ai pas obtenu de reçu de la compagnie du chemin de fer pour le prix de mes billets de passage. J'ai aussi fait un voyage à l'église de Ste-Anne pour y rencontrer M. le Curé, et pour lequel je n'ai pu obtenir du charretier qui m'avait conduit un reçu pour cinquante cents que je lui ai payées, parce que je suis arrivé juste à temps pour prendre le bateau de la traverse entre Ste-Anne et Chicoutimi. Comme j'étais autorisé par M. McRae à faire ce voyage, j'ai cru devoir lui adresser directement mon rapport et c'est ce que j'ai fait hier. Espérant que le tout vous conviendra, croyez-moi,

Sir,-

Having been authorized by Inspector Macrae to go down to Chicoutimi at the same time as himself in regard to the affair of Matthew Jourdain, charged with having allowed his child to perish while he was under the influence of liquor, I inclose herewith the account for expenses incurred in this trip, with vouchers. I did not obtain a receipt from the railway company for my tickets. I also made a trip to the church at Ste. Anne to meet the curé there. For this trip I was not able to obtain a receipt from the carter, who took me for 50 cents, which I paid him, because I arrived just in time to catch the ferry between Ste. Anne and Chicoutimi. As I was authorized by Mr. Macrae to make this trip, I thought it right to address my report to him direct, which I did yesterday.

Trusting that the whole will be satisfactory,

I have to acknowledge the receipt of your letter of the 17th Instant, enclosing the Forest Bailiff's report on and valuation of Lot 7, Con. 3, Mills, under Section 6 of the Land Regulations.

Sale 1647

In reply I have to inform you that it is not thought advisable to dispose of this Lot at a lower average rate than 20$ per Acre, and you may therefore sell it to Mr. Alexander M. Orford, the applicant therefor, for the sum of $20.00 Cash,

The land is to be sold without conditions as to settlement, and the timber free of dues.

Sir:-

With reference to sale No 1647 Lot 7 Con 3 Mills township to Alexander M. Orford. I beg to say that this lot is paid out for but patent has not been issued and the man is dead leaving no will but only a widow and one son, who is of age.

Will it be in order to have a assignment signed by the widow and son providing I send in a affidavit to the effect that they are the only heirs ?

They want to sell the lot and I would like to know if this would be alright,

Sir,-

I have your letter of the 14th instant with reference to Lot 7, in the Third Concession of the Township of Mills, which is entered on our records in the name of Alexander F. Orford and is paid for in full.

I think the better way to deal with this lot in order to enable the heirs to realize on the property is to furnish the Department with a statutory declaration, by some reliable person who knows the facts, showing that Alex. F. Orford is dead, the date of his death, that he died intestate, that the widow and one son are the only heirs and that they are of the full age of twenty-one years.

On receipt of the said document, properly executed, you will be further advised in the matter.

Your obedient servant,

Sirs/-

Would you kindly advise us when the Patent to Lot 11 on the south side of Bay Street, west of the river, in the Village of Port Credit in the County of Peel was taken out. The Lot contains about a quarter of an acre of vacant land near the lake, but back from the lake front. If our information is not correct that the Patent for this lot was issued, will you be good enough to advise us what steps it will be necessary to take to procure one. The lot is of little value and has been transferred at different times within the last ten years on the assurance that the patent had been issued. On looking the matter up we found that lot No. 12, which is the corner lot lying immediately to the West of this lot 11 was patented on the 23rd. of January 1892 to Henry H. Wilcox for $40.00 and there is evidence in the Registry Office that patent was granted for both these lots away back in the fifties, but the peculiar part is that a patent was afterwards granted of recent date of lot 12.

We will be much obliged for information in this matter

Yours very truly

MEMORANDUM.

Ottawa 23rd January 1901-

To the Secretary,

Sale No.435-

Lot 7,Con.6,Robinson,was sold on the 21st September 1885 to Thomas Witey.

100 acres at 30¢ per acre ---------- $30.00

Paid at date of sale ---------- 12.00

Balance Principal due ---------- $18.00

and Interest &c.,

Regular notices were sent for September 1890, one 93,and 94,also special notices were given,in February 1889 extending the time for payment for 6 months and the other in September 1889 extending the time for one year.

On the 28th November last, Mr.Agent Thorburn forwarded a sworn report by James Ainslie and Archibald Ainslie showing that there were no improvements on the lot. The Agent recommended cancellation of the sale but,in letter of the 3rd December last, he was requested to notify the owner of the lot that one month would be given in which to pay the arrears or a portion thereof otherwise the sale would be cancelled.

On the 8th Instant, the Agent wrote stating that he had notified the owner as requested but no money had been paid or improvements reported and he again recommended cancellation of the sale.

I would,in consequence,also recommend that the sale be cancelled.

Agent J. R. McGregor advises the Department that he has an application for the purchase of Lot 7, Concession 6, in the township of Robinson. The applicant is prepared to pay $150.00 for the lot, which contains 100 acres and is valued at fifty cents an acre.

As we have no other application on file I would recommend, subject to your approval, that this lot be sold to the applicant on the usual terms.

Referring to your letter of 26th ultimo I beg to advise that lot 7, Concession 6, Robinson is not fit for settlement, it is mostly rock and the only value is some small pine which is growing into money, if fire does not get it.

It cannot be sold under settlement conditions, unless someone could deed it on other improvements.

Will write Mr. Ainslie about price of lot 5, Con. 1, which is mostly beaver meadow and has very little timber on it and believe he has offered all it is worth for it and it is worth more to him than anyone else as he has lots beside it.

MEMORANDUM.

Ottawa 12th December 1900-

To the Secretary,

In regard to letter of the 6th Instant, from Dr.Wigle,asking to have the money forfeited on a cancelled sale of Lot 12,Con.5,E.B.R.,Albemarle,applied on the purchase price of the lot which he has re-purchased,I beg to state that this lot,containing 145 acres,was sold on the 7th May 1881 to Hiram Wigle,at the rate of $1.00 per acre,upon which he paid at date of sale $29.00 and on the 23rd April 1888,$29.00 Principal and $12.15 Interest,or a total amount of Principal and Interest of $70.15.

Messrs Irwin and Elliott examined this lot in 1897,reporting "No improvements. Most all Timber but badly culled. A burn on the East and West ends,middle swampy and wet,should be cancelled or made pay up."Value per acre $0.75"Balance Principal due $87.00 and Interest.

In accordance with Valuator's report the sale was cancelled on the 17th March 1898 and land again placed in the Agent's hands for sale at Valuators' price.

The lot was re-purchased on the 15th August 1898 by Dr.Wigle at 75¢ per acre and he has paid on account of the purchase money $71.20,leaving a balance of purchase money still due of $37.55.

As there is no question as to the right of the Department to have cancelled the original sale to Dr. Wigle, and as the practice of the Department in the past has been to forfeit money paid on cancelled sales,I do not see that Dr.Wigle's request can be acceded to.

~~Dear Doctor,~~ Sir,

I beg to acknowledge the receipt of your letter of the 6th Instant, asking to have the amount paid by you on account of the purchase of Lot 12, Con. 5, E.B.R., Albemarle, the Sale of which has been cancelled, applied on the purchase price of the lot, which has been re-purchased by you, and in reply to say that as the Sale of this lot was cancelled upon a report of Messrs Irwin and Elliott, which showed non-fulfilment of the conditions of sale as regards occupation and improvements, the purchase price having been largely unpaid and in arrear, the Department is unable to accede to your request.

I may say, in this connection, that the practice of the Department is to forfeit all moneys paid on sales of lots which have been cancelled for non-fulfilment of the conditions thereof.

Oct,12th, 1905,

The Secretary,
Of Indian Affairs,
Toronto,

Dear Sir:-

Re Lot 12 Con 1 E.B.R., Albermarle,

The entries under this sale number 6769 show the sale of 145 acres at 75c per.acre, amounting to $108.75, on which there have been paid on the 15th, August, 1898, $21.75, and on the 10th, of OCTOBER, 1898 $49.45, which would leave a balance of principal owing of $37.75 and interest thereon from date of sale.

12 6769

I sent notice to Mr. Joseph Campbell, the Assinee, of the Lot, demanding payment of principal &interest within ONE MONTH or otherwise the sale would be liable to be cancelled, In reply he and Doctor Wigle came in and told me the Lot has been paid up in full and that He, Doctor Wigle, has correspondence so stating.

I find on referring to the correspondence in the Office, this Lot, included in List'B' of the Cancellations of certain Lots, dated The 17th March, 1898, No. 172 271, on the strength of which MR. Simpson, the former agent,, sold it at 75c per acre, I presume.

I donot however find any correspondence makingg any further re reductionor cancellation. Kindly advise me in the matter and if therehas been such, please give me the entries, to make in my sales book, showing the Lot paid up in full.

I have the honor to be,

Your o'edient servant,

J.J. Simpson

Sir,

In reply to your letter of the 13th. instant, asking for information in regard to Lot 12, Con. 5, E. B. R., Albemarle, I have to inform you that this Lot was sold on the 15th. of August 1898, to Hiram Wigle, M. D., of Wiarton, and by him assigned to Joseph Campbell in whose name it stands as follows:

Sale 6769

145 Acs. @ 75¢ P. A. .....$108.75.
Paid at date of sale $21.75.
" 8th. Oct., 1898 $49.45 (int. 55¢)
" 30th. Nov., 1905, $20.17 ("$9.83) $ 91.37.

Balance Principal..... $ 17.38.

and interest thereon at 6% from date of sale to date of payment.

You will be good enough to advise Mr. Campbell that he should attend to the payment of these arrears at an early date as the sale is liable to cancellation, when all sums already paid, would be forfeited.

Sir,

Mr William Dennison has been a contractor on a small scale for the Dominion Government, & has been building a permanent fishing weir at Rice Lake, to replace old floating fishing weirs, under contract with the County of Peterborough —

He has applied to me for permission to cut timber off a small island in the narrows between Pigeon & Gold Lake opposite Park Lot 15 Con X111 Harvey, for which he is willing to pay $15. The timber & improvements are principally hemlock all burnt 4 years ago — The island was overlooked by the Crown Surveyor on Gold Lake & was located & taken as part of the mainland & the Crown Lot adjacent to it. Now Mr Dennison says that the island does not form part of mainland — as he has bought Crown Lots for taxes no difficulty is likely to arise in this connection — I recommend sale —

Sir,

On receipt of your letter of 21st Dec: 1900. Re 229.140 I wrote to Mr. Brennan offering to sell the Bunk timber on Island in the narrows of Rabb Lake for $15. to be removed by 1st July next; coupling my offer with the condition that he should assume all liability for damages in case the owner of adjoining lot claims that that is not an island formed part of the mainland & therefore of his property -

To this I have received no reply.

Mr. Brennan bought the lot as a tax sale but has not yet got a deed -

In reply to your letter of the 18th instant reporting that the Chiefs and other Indians of the Mud Lake,Skugog and Rice Lake Bands had passed a resolution requesting the Department to allow the sale of timber on island No.108 Stony Lake, I have to inform you that the policy of cutting and carrying away green timber from islands is not approved. The timber has remained safe for a great many years notwithstanding the danger from camp fires.

The natural beauty of islands becomes seriously impaired and the value of them greatly reduced by the removal of the timber,and for these reasons the Department is not disposed to comply with the request made in this instance.

Dear Sir

Re N. W. Part of Sec 36 west of the River in Township of Thessalon

Jas Charles Vassar has consulted me in reference to this lot - He in connection with his father took up this property in 1881 he was then a young man of 22 years of age - Mr John Day who was then Crown lands agent and as Vassar thinks was also Agent of Indian lands told them to go on the place and make their improvements - He says that Mr Day gave them a location ticket - which Vassar is at present unable to find although he says he had it for years - Ever since that time Vassar has been in possession of this property and cleared about 26 acres of the land some of which has grown up with underbrush since but there are at present 10 acres cleared and under cultivation - Vassar built a log house 18 by 24 on the premises in 1882 in 1883 he built a frame barn 16 by 20 and in 1896 he built a frame house 16 by 16 with an extension for a kitchen - He said

about Eight (8) ton of hay in the
farm this spring - Vassar had also
six fruit trees which he planted
which is bearing fruit for about
five years - Vassar had a tenant
Frank Boval who was working the
place for him on shares and who
left the place last spring without
notifying Vassar and while Vassar
was away sailing some stranger
came along and went to the Agent
And took up the land alleging that
there was no improvements as Vassar
has been informed - He (the present occupant)
has taken possession of Vassars House
And is living in the same and
he has torn down the log house
And has taken Vassars hay and
sold a portion of it And claims
that the Department told him everything

one thousand Dollars as he claims the work could not be done for less ~~that~~ he understands that the present tenant has paid to your department a payment of one third the price at $1.00 per acre - Vansan is willing to pay for the place one third down and go on with his payments and take out his deed - The present tenant or occupant should not be allowed through your department to take the improvements of Vansan & not pay for them. Of course Vansan can put the matter in Court against him for the Hay and for tearing down his building but the only way he can get his land back is through your department - Vansans Father died in 1882 and the improvements have all been done by my client - I attach a Statutory Declaration as to the truth of the statements in this letter - trusting you will look into this matter and give this man his rights

I beg leave to report as to the Sale of the N.W. pt of the Lands 36 west of River, This lot Sir, was on a Sheet which contained all the unsold land in the Township of Thessalon and I sold the lot to the first person who offered to purchase the same. I did not ask her nor did I say anything about Improvements, I certainly knew that there was a small house on a hill near the place and I made enquiry who put the house on there and I was told Bossare did it Bossare claimed to own the lot north of it which stood in the name of J.B Dobie Bossare says he gave Dobie the money to buy the lot for him and Mr Dobie had his own name put in the book instead of Bossare. but he always said that Bossare could have the place I always understood that the house was built on that lot by Mistake if I had ever known that Bossare wished to purchas the lot and had done Improvements on the lot I would have sent him word to come and purchas or I would sell to another, as new as I can learn there was some land cleared but it is newly all as lot 25 lately transfered by Mr Dobie to Mr Ansley who says the hay that was on McTaggarts place was cut and taken of his farm

I enclose two Declarations one by McTaggart and one by a young man who ought to know all about it and who is a Stranger to both McTaggart and Bossare

I am surprised that the young man (Bassare) should say he once had a location Ticket and that he and his father took up this lot; I cannot find anything in any of the Books that would lead me to believe that the lot was ever sold. Mr Bassare came to the office the other day to ask me about the hay, and he said in my presence he did not care for the place but he wanted the hay, McTaggart is a poor man and was not able to pay the first payment and he borrowed some of the money to make the first payment and gave an assignment of the place for security he is still on the lot and as soon as he pays the woman her money she will reasign the lot to him as far as the sale is concerned it was sold honestly and if Mr Bassare wanted the lot he should have bought it I have had it for sale since the 1st of April 1892 when I became agent for Indian lands

Sir,

In reply to your letters of the 3rd and 4th Instant, enclosing Declarations in regard to the improvements said to exist on the N.W part of Section 36, West of River, in the Township of Thessalon, I beg to state that the evidence submitted goes to show that improvements were made upon this property at the time you sold it to William McTaggart. Under these circumstances, and the fact that the sale was made by you without any specific instructions from the Department, you will, with as little delay as possible, proceed to the property and personally make a thorough investigation and report fully to the Department as to the extent and value of the improvements thereon at the time it was sold by you to Mr. McTaggart.

You will also report whether any improvements have been made upon the property subsequent to the date of the sale and if so, the extent and value of the same, and, at the same time, state what action you would recommend should be taken by the Department in the matter.

and I have not been able to find that there was any continuous claimant to the ownership of the Shanty

Charles Bassare the present claimant is the Captain of a Steam tug and I do not think is seeking the lot to purchase as a bonafide settler

Mr Bassare has his civil or other action in reference to the hay refered to in the papers relating to the Matter and I would leave him to his legal remedy in that regard

I would recommend the Department, under the circumstances to let the Sale of the land to William McTaggart stand; and although I do not think the Sale is any injustice whatever to Mr Bassare it might be a question for the Department to consider whether or not he should be allowed the outside value (ten Dollars) so appraised by several reputable adjoining residents and others

DEPARTMENT OF INDIAN AFFAIRS JAN 25 1901

No 229344 dated 9th January 1901

re N½ W½ part of Sec 36 west of River Thessalon

In compliance with your instruction contained in above letter. I yesterday proceeded to the property in question, accompanied by Mr B C Case The Town Clerk, and personally made a thorough examination of the same

From enquiries made I found that originally this was a pine forest, and all the timber had been taken off, after which an undergrowth of small trees & shrubs had grown up

I found that subsequently, and many years ago Some one had squatted on the land, and put up a small log house and cleared a few acres of the underbrush, and later on abandoned it, and all the clearing again became over grown with small trees and shrubs, The old house had gone to decay, and some squatter put up the semblance of a house and fenced in about one half acre with Posts and two boards nailed along for a fence, There is few boards set up and nailed to posts, and covered with Cedar bark this they call a barn

I saw no other Improvements on the place there is one stunted crabb Apple tree on the place but whether it would bear fruit or not I cannot say. I do not regard the improvements on the property as of more value than ten Dollars, as Mr Ansley and Mr Rae have already declared, and Mr Case who accompanied me

One confirms this view
Since Wm McTaggart went into possession
after his purchase he has put a new roof
+ door + windows in the delapidated
building that was there, and the improvements
he has made far exceed the value of
anything that was there at the time of
his purchase, and amount to the
value of at least $20.00
I beg leave to say that when I became
Indian Land agent, all Book, Plans, and
other Information, were sent to me, which
pertained to the Indian Land Office
one thing that my predecessor was very
particular about, which was, that whenever
a lot was with his consent by Sale or otherwise
occupied he invariably entered the name
of the occupant, Squatter or purchaser
on the lot. No name was ever entered
for this land in the Books or Maps of this
agency as being occupied or sold
and I am satisfied no sale or license
for occupancy was ever granted.
all the unsold lands as I understood were to
be sold by me to the first bonafide applicant
when I had no notice of any adverse claim
and I acted in this matter in that belief,
without knowing that any specific instructions
were necessary from the Department —
I find upon enquiry in the Neighbourhood
the shanty was deemed to be an abandoned
one for a number of years, liable to be
occupied by anyone

Department off Indian Affairs,
Ottawa 30th January 1901-

Sir,

In reply to your letter of the 24th Instant, with further reference to the N.W.part of Section 36, West of River,Township of Thessalon,which was recently sold by you to William McTaggart,I have to inform you that, in view of your report and recommendation,the Sale to Mr.McTaggart has been confirmed by the Department.

I may say,with reference to the so-called improvements which were made at the time the lot was sold to McTaggart,the Department is not disposed to make any allowance,under the circumstances,to the claimant, Charles Vassar,as he had evidently,no right whatever to occupy the property.

Memorandum:- The Deputy Minister.

The following is the expenditure in connection with the Restigouche Indian Reserve, County of Bonaventure:-

Jeremie Pitre, Agent, appointed 2nd April, 1898, at a salary of $200.00 per annum.

The Agent was authorized to employ a medical man when necessary and has since March, 1898, availed himself of the services of Dr. W. W. Doherty, who has been paid at the rate of $200.00 per annum. Dr. Doherty was also paid the additional sum of $113.08 during the past year for vaccinating Indians.

Miss Mary Isaac, School Teacher, appointed 4th July, 1895, salary $200.00 per annum.

A grant for the purchase of relief supplies amounting annually to about $125.00 is made to these Indians. The supplies for several years past have been purchased from Mr. Joseph Olscamp, of Mission Point.

An allowance of $100.00 is granted annually for the purchase of seed-grain. The seeds required for Spring of 1899 were purchased from Mr. Jas. Quinn, of Cross Point, and for 1900 from Mr. E. A. Wadleigh.

Blankets are supplied annually to the most needy of the Indians. These blankets are purchased under contract. Fourteen were sent to Mr. Agent Pitre on the 4th instant, the cost of same being $2.41 each.

Sir,

With reference to Messrs J.E. McDougall and Co's account amounting to $22.00 which you forwarded recently for payment, I have to request that you will kindly inform the Department who authorized the purchase of the lumber charged for ~~xxxxRailx~~ thereon, which was used for fencing the Fair grounds (temporarily) last Fall. You should also say why the account was not paid from the gate receipts of the fair. If the fence was only a temporary one, what disposition has since been made of the lumber. Kindly give this matter your early attention.

Sir.

I beg to acknowledge the receipt of your letter No 229,480. Date 15th Instant with Enquiries to the account of Messrs J. E. McDougall & Co for 2 M Feet Pine Sawing for the purpose of enclosing (temporarily) the Fair Grounds at Walpole Island last fall. and asking "who authorised the purchase of said Lumber.

In Reply to this I have to say "That I dont know who authorized it. and I never heard any thing about it till Just before the Business Meeting for March Quarter when I was looking up accounts that Required to be dealt with at the Business meeting. I asked Mr J. E. McDougall if they had any thing that Required to be dealt with by the Council. and if so to let me have it. He at first said there was not anything. but he after words looked over this account. which I told him was not any part of the actual Business of the Band or the Council. as it should have been Paid for out of the Moneys Collected at the Fair. as well as I can Recollect he said the Chief got the Lumber. And Guaranteed Payment.

I took the account with me to the Council Meeting on the 2nd March and

And laid it before the Council. through Capt W Brydall. That it Expected a Resolution of Council. and afterward the Consent of the Dept must before it could be paid.

"The Council put it in the account and Passed a Resolution wanting money to Pay the Whole amount. "Through in this case they undertook to Refund the Money at this Coming fall fair (the lumber is still on hand) and make the thing good.

I was made treasurer of the fair both years. and did my best to make the thing a success and had a surplus both years. the first year $66.25. And last year about $35.00

Which sums were in both cases handed to the manager ment of the fair after paying everything that was both up for Payment. and decided to be paid. But there was no single word said about this lumber being got at all and nothing said about paying for it. I had money enough left to pay for the lumber and would have done so before handing over the Balance if I had known it. but I did not know any thing about it.

When the Council decided at the business meeting to Pay it. they were unanimous in voting to Pay it. and as the fair has made a stand. and will be Continued I think there will be no doubt but what they will do as they proposed. "Pay or Refund the Money after the fall fair.

Ottawa, 22nd. April, 1901.

Sir,

In reply to your letter of the 18th. instant, with further reference to Messrs J.E. McDougall and Co's account for lumber supplied for temporary fencing at the Fair Grounds at Walpole Island, I have to inform you that, under the circumstances described by you, the Department cannot consent to pay the account from the funds of the Band. The account should be paid by those who incurred the debt, or who received the balance of the proceeds of the Fair.

It would have been better had you given an explanation when sending in the account instead of waiting to be asked for it.

It is observed that you state that "you don't know "who authorized it and never heard anything about it till "just before the business meeting in March Quarter", ~~since~~ Although attached to the account is a note dated September 24/1900 signed by the Chief and three others asking you to give an order for 2000 feet of lumber for use on the Fair grounds. On the back of this note appears the following:

"Messrs McDougall and Gordon, Please let him have "the lumber as within stated, and it will be all right, "sgd. A. McKelvey, Agent, Sept 25/1900".

Translation of a deed of sale.

Caughnawaga P.Q. January 1st 1899.

I sell a land situate at Caughnawaga, bearing number 224 and bounded on the East: by John Nikanatase and Joseph Tsoratwiens; on the South by the Canadian Pacific Railway line and on the south of this line, lies a portion of the land; on the West by Brian Atonnion and on the North by Joseph Montour and Leon Giasson. I Catherine Kahentoretha, widow of the late Mitchel Tehoniens, in his lifetime of Caughnawaga, sell the land to Peter Ohonwakenhen, also of Caughnawaga.

The reasons for my selling the land is that it has been neglected and covered over with a new growth of trees and has been gradually trespassed upon by several of my neighbors.

Instead of losing my land, I prefer to keep the money for my grand children who, when of age will receive their share.

Moreover, I am old, have nothing to eat, am poor, in winter have no fuel; my house is out of order and needs repairs.

Besides all my children have left, 19 years ago, to reside in the United States. So I am compelled to sell owing to my poverty.

I sell my land for $500.00 cts; $200.00 cash and $150.00 cts payable 1st January 1900 and $150.00 cts payable 1st January 1901.

Monsieur,

Permettez-moi de vous soumettre avec la présente, copie d'un contrat de vente pour un certain terrain sur la Réserve, lot 224, d'une grandeur de 51 Acres, qu'une veuve a vendu pour pourvoir à sa subsistance. Cette qu'elle est veuve depuis un grand nombre d'Années et que ses enfants pour la plupart l'ont laissée pour aller demeurer aux Etats-Unis; il n'y a pas eu d'inventaire à la mort de son mari et ses enfants ne lui ont jamais rien demandé cependant elle aurait désiré par son Acte de Vente de laisser quelque chose pour ses enfants; mais à present elle voit qu'elle a besoin de tout le prix de son terrain pour vivre et elle craint que ses enfants viennent faire du trouble à l'acquéreur, et l'acquéreur de son Côté est prêt à lui donner la balance qu'il lui doit: soit la somme de $150.00 si elle veut lui garantir tout trouble à l'Avenir, c'est pourquoi je crois devoir vous demander s'il ne serait pas juste que cette femme se serve du peu de bien qu'elle a pour vivre durant sa vieillesse, au lieu d'être soumise à la Charité publique.

Caughnawaga, 7th January, 1901.

Sir:-

I beg to submit you herewith copy of a Deed of Sale for a certain piece of land on the Reserve, lot 224, 54 acres in area, which a widow has sold to provide her with means for her subsistence, as she has been a widow for many years and her children for the most part have left her to go to live in the United States. There was no Will on the death of her husband and her children have never asked for anything, however, she desires by her Deed of Sale to leave something for her children, but at present she sees that she needs the whole price of her land for her living, and she fears that her children may come and make trouble with the purchaser of it, and the purchaser on his part is ready to give the balance he owes, namely, the sum of $150.00, if she will guarantee him against trouble in the future, this is why I think it my duty to ask you whether it is not just that this woman should have the little estate she has for her living during her old age instead of being thrown upon the charity of the public. Her children have been in the United States for over fifteen years continuously and those who are here are unable to assist her, she is more than seventy years old.

The Department approving this sale, the purchaser will make his payment without there being any difficulty.

I have, etc.,

Memorandum:

Lds 11/1/1901

Lot 224, Caughnawaga.

The Records of Walbank's Survey show that Catherine Kahentoretha has been in possession of the lot for 30 years; and it would appear that she was recognized by Mr. Walbank as the owner thereof; and if as stated in the deed her children left her 19years ago to reside in the United States they would have to establish a very strong title in order to divest ~~from~~ her or her purchaser of the property in their favour. Whether the sale is desirable in the interests of the woman is another matter. She is over 70 years of age; and, according to the deed, was to have received $200.00 in cash, 1st January, 1899, $150.00, 1st January, 1900 and $150.00 1st January, 1901. It would appear that it is not unlikely that the woman will be left entirely without means after the last payment; and if a lessee could have been obtained it would have been more desirable to lease the property for her benefit during her life time. If, however, the purchaser has complied with the conditions of the deed and possession has been given to him nothing should be done to disturb him.

Sir

Some of the Councillors and Indians of the Sarnia Reserve have spoken to me and expressed a desire to have a free circulating Library established on the Reserve for the mental improvement of the Young men and women of the Reserve and as a means of inducing them to spend their nights & spare time in reading at their homes.

A suitable place could be had for it in the Council House or Basement and the expense of managing it could be but trifling as it would not be necessary to keep it open beyond an hour or two on a Saturday or other week night and the Indian School Teacher or Secretary of the Band could be the distributer without salary. However, that is a matter of detail for subsequent attention.

I suggest that at first, it would probably be unnecessary or not advisable to have a large equipment of books or and no special grant of money from the Trust Funds needed to establish it.

KODAK SAFETY FILM

Possibly your department could make a suitable donation of reading matter and there are some sources available to me from which a respectable commencement towards equipping the library with books, periodicals & newspapers could be made and subsequently the Indian Council might probably recommend a grant for its more efficient work.

The Indians individually have very few books and take a very limited number of newspapers or periodicals and the Library may afford the young men and women especially, of the Reserve, a stimulus to mental and moral improvement and help to keep them from idle habits and wasting their time about town to no good purpose.

I am quite willing so far as I can, to aid in promoting the matter and I am sure your Resident Agent Mr English will give it his cordial support

Sir,

I beg to acknowledge the receipt of your letter of 15th Inst. Y.o 230,000, enclosing copy of a letter received from Mr. Joshua Adams, relative to the establishment of a free circulating library on Sarnia Reserve. In reply I have to say that Mr. Adams's idea is not a new one, the matter has been thought over for a considerable time, but I could never see a way wherein it could be managed satisfactorily, as I think it would be impossible to have the books brought in after they have been given out.

I think too that it will be a difficult matter to interest the Indians very much in reading, but I am going to try a plan of supplying the Indians with papers and magazines of different kinds, which I will distribute from my office. I have a quantity myself, and some friends have offered to give me a supply, and I will see if it will have the effect of cultivating a taste for reading, and if it has that effect we will see later on what we can do in the way of establishing a library. If Mr. Adams has any papers or magazines which he would like to give I will be very glad to get them.

To the Secretary,

Sale 1049-

Lot 24,Con.3,Barrie Island,was sold on the 30th July 1887 to Henrietta L.Canniff;—

190 acres at 30¢ per acre ---------- $57.00

Paid at date of sale ---------- $22.80

Balance Principal due ---------- $34.20

and Interest &c.

Regular notices were sent for July 1889,91, 93 and 94.

On the 12th January last, Mr.Agent Thorburn enclosed a sworn report by T.B.Greenman and Robert Greenman,showing that the lot was unoccupied and that a clearing of about three acres had been made but was grown over again,and that there were no other improvements upon the lot. The Agent recommended cancellation of the sale, but in reply,he was requested,in letter of the 23rd January last, to notify the owner that one month would be allowed in which to pay the arrears or a portion thereof,otherwise the sale would be cancelled.

On the 28th Ultimo, the Agent advised the Department that he had given the required notice as instructed,but no further payments had been made,nor improvements reported. He again recommended cancellation of the Sale.

In view of the above facts, I would also recommend that it be cancelled and the land resumed by the Department.

In the matter of Lot No 24 Cons^n 3 Barrie Island in the District of Manitoulin, Ontario.

I Wm Henry Farthing of the Township of Robinson in the District of Manitoulin, Forest Bailiff Do Solemnly Declare that I have examined Lot No 24 Cons^n 3 Barrie Island and that the land and timber thereon I value as follows.

1st. That this land is unfit for farming purposes, being nearly all Flat rock and I place the value at 5 cts Per Acre. 9 | 50

2nd. That I found Soft wood which will measure 35 Cords, which I value at 20¢ Per Cord. 7 | 00

3rd. That there is no other timber on said Lot of any commercial value.

16 | 50

And I make this Solemn Declaration conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of "The Canada Evidence Act, 1893."

Sir,

In reply to your letter of the 14th instant, No. 143781, I beg to enclose herewith, for your inspection, quit claim deed from W.H. Plummer et ux, to the Queen, of 15.1 acres of land in the township of Laird, in the district of Algoma, province of Ontario, acquired by this Department and referred to in your letter. You will be good enough to return the deed in question promptly to this Department for permanent filing.

With reference to the fact stated by you that no patent has been issued to Mr. Plummer, I have to enquire whether it will not be better to have an Order in Council passed transferring the 15.1 acres to this Department direct from the Indian Department.

Ottawa, 22nd January, 1901.

Sir:-

With reference to the application contained in your letter of the 17th instant from Mr. John Wilson, for a portion of Baschine Island in the Garden River Reserve, I have to say that before taking any steps in this matter it would be well to ascertain positively whether there ~~should be~~ any doubt as to the fact of Baschine Island forming a part of the reserve.

The original map of the reserve of record in the Department was made by John Stoughton Dennis in 1853. Baschine Island is shown thereon as a long and marshy point plainly attached to the main land. No action of any kind appears to have been required in connection with this tract of land until within recent years the Canadian Pacific Railway Company filed a plan of their right of way through the Garden River Indian Reserve in which the said tract of land is shown to be an island and named thereon 'Baschine Island'.

By reference to clause 14 of the Robinson-Huron Treaty you will observe that Squirrel Island is the only island mentioned as forming part of the Garden River Reserve to which the clause refers.

It, therefore, appears that if Baschine Island is actually an island there may be some doubt as to whether it pertains to the Indian Reserve. Again if it is now an island but was a peninsula at the time the treaty was made, that is in 1853, the island pertains to the reserve.

I shall feel obliged if you will ascertain from the best evidence available whether Baschine Island was a peninsula in former years and in any case whether the Indians have always considered this tract of land as being part of their reserve, together with any other information on the point that may be of assistance in deciding the question.

J. D. McLean.

I have the honor to forward you herewith a letter from Mr A G Duncan of Markville agency, wishing to get five acres of land on the place called Bushing. So far as I have been able to learn from the Indians, it belongs to the main land, and is part of the Garden River Indian Reserve and was used by them long ago as a burial ground. Some years ago I learned from the late Mr P Church who used to do a great deal of business with the Indian in the way of buying wood, that he had opened a channel through the Rushes as it made the distance shorter to Lake Huy where he then owned land in the Township of Macdonald, and I further think that on reference to Victoria Court or Church it will show that this land was Reserve Mr Duncan is very anxious to get the land to put up a Saw Mill on

Sir

I have the honor to draw your attention to the letter of my predecessor in office Mr Abbott dated 31st July 1901 dealing with this matter of Baxchine point in which from certain information given him Mr Abbott seemed satisfied that this portion of land had originally been a peninsula or point attached to the Main Land This would be supported by Bayfields chart made in 1825 a tracing of which Mr Abbott has furnished me and which I herewith enclose. This chart shows no arm or opening into Echo Bay.

The Indians of the Reserve also appear to take it for granted that this point forms part of the Reserve

I made a visit to the locality last week and it is certainly an Island at the present time being cut off by a clearly defined Channel from the Main Land.

I think that possibly I may be able to obtain testimony from some of the older members of the band regarding the reputed opening up of the Channel many years ago by the late Free Church but it will be attended with some delay and probably difficulty If necessary advise me if I must do so

I need a mill site as it is my intention to put up a mill to saw the timber from Sawyer's limit.

LAND BRANCH APR 11 1902

The old site is now inadequate as there is no storage ground, since the limits back of the Reserve have been sold.

There is a good site on the point of Echo Island opposite Squirrel Island just across from Sugar Island.

What course would I have to take in order to get it from the Indians?

Also kindly let me know, in what shape is the title of Squirrel Island.

Some of the older Indians claim that it was ceded to McCrae, Craig & Co. the same time as the Mill site & I understood the same from the late Dr. McDowell.

Amongst all the papers in my possession I cannot find any record of it.

I cannot recommend the intervention of the Government about the employment of Council in this matter, for there would be too many such requests and law suits, especially in such a case as that of Louis Canot, who has no proof of his boundary or any title.

I should like a reply in this sense from the Department in order to sustain my opinion on this point against Canot, who is a troublesome man but who will submit to your decision.

Mon cher Monsieur,

Le chef de mes sauvages me dit qu'il serait absolument nécessaire qu'une ligne fut tirée par un arpenteur entre la Réserve et les propriétés des blancs. On ne connait plus l'ancienne ligne & je crains que les blancs qui défrichent leurs terres n'empiètent sur la Réserve. Il n'en coûterait que $5. pour faire faire cet ouvrage par l'arpenteur & environ $12. pour faire enregistrer son procès-verbal. Pouriez-vous m'autoriser à la faire tirer de suite cet hiver? My dear Sir,-

The chief of my Indians tells me that it is absolutely necessary that a line should be run by a surveyor between the reserve and the properties of the white men. The old boundary is no longer known and I fear that the white men in clearing their land encroach upon the reserve .

It would cost only $5.00 to have this work done by a surveyor and about $2.00 to register his report. Will you authorize me to have the line run at once this winter? It is the best time.

Cher Monsieur,

En réponse à votre lettre du 29 janvier dernier N° 230,230, j'ai l'honneur de vous dire que Mr. David Moill, arpenteur, charge $6.00 par jour de travail. Il me dit que cet ouvrage prendra au moins trois jours, vu qu'il y a deux lignes à tirer, à l'est & à l'ouest. Il charge de plus $2.50 pour faire le procès-verbal d'une ligne; & comme il y a deux lignes, cela se montera à $5.00 pour les procès-verbaux. De plus, il me dit qu'il lui faudra 4 hommes tout le temps. Voici donc ce que coûtera l'ouvrage, d'après l'arpenteur:

3 jours de Mr. D. Moill @ $6.00	$18.00
12 " d'hommes à son service	12.00
Pour les 2 procès-verbaux	5.00
	$35.00

Sir,-

In reply to your letter of the 29th January last, No.230230, I have the honour to say that Mr. David Mill, surveyor, charges $6.00 a day for work. He tells me that this work will take at least three days, as there are two lines to be run to the east and to the west. He charges in addition $2.50 for making a report of ~~the~~ a line, and as there are two lines, that would be $5.00 for the reports. He told me also that he would require four men all the time. The following is what the work will cost according to the surveyor:—

3 days of Mr. D. Mill at $6.00	$18.00
12 days service of men	$12.00
For the two reports	$ 5.00
	$35.00

The other surveyors whom I know charge the same rate as Mr. D. Mill, I am told.

Sir.-

I have been asked by the Micmac Indians through their Agent the Rev. J. Fafré, of Maria, to make an estimate of the cost of running the outlines of their reserve situated in the Township of Maria Co. Bonaventure. In answer I told them that I would charge the ordinary rate accorded to Land Surveyors in this Province, viz:- $6.00 per day.

As to the time that it will take it is hard for me to say correctly, as just how matters stand at present, all traces of the original lines run by Mr. Surveyor McDonald, in the '40's I think, have disappeared and the Indians do not know of any post or stone boundary or any other mark to identify the old lines.

So, very probably the finding out of the starting point to the satisfaction of all interested parties might take up a full day's work. None of the parties in question have any deeds or documents of any kind - which makes this part of the work all the more difficult.

MEMORANDUM.

Ottawa, 12th March, 1901-

To the Secretary-

The Indians of the Maria Reserve, P.Q. have preferred a request, through their Agent, the Rev. J.Gagne, to have the boundaries of their Reserve surveyed, as the old boundaries have become completely obliterated.

The boundaries of this Res. have never been defined by this Dept. The request appears to be a very reasonable one. The cost has been estimated at $35.00, by Mr.D.Mill, P.L.S. of Maria.

The Accountant states there are funds available for the work.

Mr. Mill was asked to furnish the estimate by the Agent. As it is a very small piece of work, and Mr. Mill resides in the neighbourhood, it might be economical to employ him, if the Survey is ordered.

I beg to recommend that the work be authorized.

Sir,

Referring to your letter of the 4th Instant,I have now to request you to be good enough to make a re-Survey of the boundaries of the Indian Reserve at Maria,P.Q. The work may be done at any time that suits your convenience.

I regret to say that there appear to be no data of any kind in the Department that would be of any use to you in retracing the lines. You will require to be guided altogether by the facts that you may be able to obtain on the ground.

Please plant rough stone boundaries at the main angles of the Reserve. Each of these should have a cross deeply cut in them,on the top. The lines,as usual should be well cut out and blazed through the woods. Other posts or stones should be planted at definite points on the boundaries where you may consider them to be more convenient or useful.

You should forward with your report,and account, a plan on mounted paper measuring 24 inches by 30,drawn

To the.
Secretary Department of Indian Affairs,
Ottawa.

Sir,-

I have the honor to submit a preliminary report and plans of my proceedings and survey work, made in virtue of instructions from your department, dated the 30th of last March, relative to the resurvey of the boundaries of the Indian Reserve, situated in Maria. I also enclose a copy of a small plan sent me by C. E. Gaudet, Inspector of Surveys, Quebec, dated the 2nd May, 1833, probably drawn by W. Macdonald, P. L. S., but bearing no signature, which plan shows the original survey of said Reserve.

As I told you in my letter of March 4th, I found the task not an easy one by any means. I could find no traces of any old line or starting point and although my work does not differ to a great extent with the original survey, I find that there is a big difference with the official plan of the Township of Maria, and my own work.

I began work on the 6th inst. by running the East line of the Reserve (marked C D on annexed plan). My starting point was a big rock on the shore of the Bay Chaleur, claimed by the Indians and their East neighbor Francis Harper, Esq.re to be the starting point of Mr Wm Macdonald, P. L. S. I ran this line on the bearing N. 70° W. dists., Browsing from old land deeds I [illegible] their private surveys, drawn [illegible] by Mr W[illegible] and steep ascription at [illegible]

Indian Affairs. (RG 10, Volume 3[illegible], File [illegible],230)

was 20°. 15'. W. I prolonged it for the distance of 176 chains, accordig to the old plan (herewith annexed) and found that at the upper end I was 3 chains to the East of what was claimed by some of the neighbors to be the meeting point of the lines of the Reserve. (See plan) On the other hand the Indians claim this point is not right, having been moved over and over again.

In order to make sure, as I could find no traces of an old line in the neighborhood of mine, I proceeded to run the West line of the Reserve (marked AB on annexed plan). But here again the same difficulty appeared. There was no blaze or starting point of any kind except an old cedar stump, at about 60 chs. from the shore, which the Indians claimed was blazed by Mr. Macdonald, and the line to pass on the West side of it. To make sure still, I proceeded to measure the breadth of lots numbers 67 and 68 according to the deeds of the owners, and also according to the official plan of the Township of Maria, deposited in the Registry Office in Carleton, and I saw the line on the bearing N. 52°. 15' W. as from the shore to the rear 137.54 chains.

As you will see by comparing the two plans my West line seems correct: judging by the brook near the shore, it strikes exactly where the Indians claim it would, and also passes on the West side of the old stump mentioned above.

Towards the upper end I also found some old blazes which I am almost sure is the old line although the trees being fallen and decayed, it is hard to say so positively.

Now as to the probable old post which is still 1.00 chain to the West of this line, I believe that it has been moved, as I cannot see well move my line more Westerly without cutting

234129

lots numbers 67 and 68, and moreover this line being a meridian line all the side lines of lots in the two first ranges y Maria are now parallel to it. (Art. 4159. Revised Sta. P. Q.)

And again if I were to move this line I would take in a house and outbuildings on lot no. 68, owned by W. Boyd, Esq.re which no doubt would cause an endless amount of trouble between the whites and the Indians.

I therefore submit the whole thing to you for your consideration.

Now as to the East line (marked CD on annexed plan) my plan was to correct it such as the dotted line in black on my plan, the same as I have often done in surveys for the Provincial Government, when a line run on the official bearing did not strike the required point, but the Indians objected to this until I reported their case to your department. To make matters smooth I consented, but I think that this course is the best to be followed under the circumstances, to avoid trouble as the line such as it is now taken away from Mr. Harper a good piece of cleared land, to which he will not readily consent. Moreover by the old plan the Indians were given 416 acres, while according to my work they have some 435 acres. This is due to the difference in the base of the triangle, mine being 63.80 chs. while the old plan gives only 60 chains.

For your information I will give you the lengths of the lines of the Reserve, taken off the official plan of the Township:-

West line = 125.50 chains
East " = 165.70 "
Base = 59.25 "

A big difference as

Kindly give the matter your kind attention and I will await your further orders. I have not blazed nor posted any of the lines, as it being a very delicate task, and my one aim being to avoid friction between the whites and the Indians, I decided to wait and see what the opinion of your department was concerning this matter.

As to me I think that the best course to be followed under the circumstances is the one I have indicated above, that is to say correct the East line, and close the survey.

Sir,-

I beg to acknowledge the receipt of your letter of the 13th inst., together with a preliminary plan of your survey of the Maria Indian Reserve.

In reply to your inquiry I have to say that I understand from your report that you have ascertained satisfactorily the positions of the points A and B marked on your plan and that the point C is also known and undisputed. Obviously the points B and C should now be connected. This line was evidently intended to be straight in the original survey and you should apparently complete your survey by correcting your randum line. You should remember however that the original line as run on the ground may not have been straight, and that all marks of any nature that indicate the position of the original line should be carefully followed. This can apparently be done in the present case without any danger to the interests of the Indians as you point out that the actual area of the reserve is greater than the area mentioned in the official plan.

ACCOUNTANT'S BRANCH JUN 21 1901

Sir,- In reply to yours of the 12th inst. (N-230230) I herewith enclose my account in duplicate with the proper declaration thereunto certified.

I am pleased that you found my work satisfactory; and as to the account being larger than the estimate I beg to say that in my letter of the 12th March last I mentioned it would require a weeks' work to resurvey the Indian Reserve. The days I worked on the field were days of ten hours actual work, besides the distance of some 12 miles for the round trip from my residence and the expenses of my horse which I did not think proper to charge.

Trusting you will find everything Satisfactory,

I remain, Sir,
Your obedient Servant

Sir,-

As promised you when recently at the Department, I beg to inclose blue print copy of plan of the Maria Indian reserve.

I might say that, on subsequently looking into the matter, I found that there was an actual survey made of this reserve by the Department in 1901, which will serve your purpose very much better than the old plan which you saw when at the Department.

Your obedient Servant,

W A. Orr.

Sir,-

An Indian woman of Oka asks for information in the following matter:-

Her uncle, John Mohawks, died two years ago at Kingston, having resided at Renfriet, Dicker post office; and in the last place, it appears, he had a property; which property to his niece, Elene Tekanataken, daughter of one of the brothers of John Mohawks, and now it is four years since he went to Oka and gave to his little niece, Elene Tekanataken, his property referred, as he had no children. This woman now asks the Department to be kind enough to interest itself on her behalf in order to claim the said piece of land which was given her by her uncle, John Mohawks, as this piece of land is under the control of the Department.

The Honorable
The Minister of Interior,
Ottawa, Ont.

Dear Sir,-

We are acting for Malcolm Macleod and Joseph Eugene Serre who have obtained title from the Ontario Government to Lots 19,20,21 and 22 in the 21st Concession of the Township of Hardy in the District of Parry Sound and the water power known as the Chaudiere Rapids on French River. It is their intention to proceed with the necessary works for developing the power as soon as possible, and for this purpose will erect dams, etc., as they may be advised by their Engineer. It will be necessary for our clients to encroach to a greater or less extent on the lands of the Dokis Indian Reserve and will have to flood a portion of the bank on that side of the River. For all of this of course they are prepared to pay a reasonable sum as compensation. What we write particularly for at this time is for instructions as to how your department would ask us to proceed. We could have a Provincial Land Surveyor prepare a survey of that part of the Reserve which would be affected by our works, if you consider this advisable. Our clients desire to commence work within a short time and we would ask you to let us have your decision in the matter at as early a date as possible.

Yours truly,

DEPARTMENT OF INDIAN AFFAIRS CANADA.

Memo. Ottawa, 29th December, 1904.

The Deputy Supt. General,-

I beg to state that the land purchased by Messrs. Macleod and Serre is situated on the left bank of the French River, opposite the Indian Island of Okickindawt, a part of the Dokis Indian Reserve. This Island is largely covered with valuable pine.

The applicants, in order to develope the water power, would require to place one end of their dam on the Island, and should lease or purchase the land so occupied together with all the land which may be covered by the raising of the waters of the river. The area of this land and the probable value of the standi timber standing thereon can only be ascertained by a careful survey. If the application is to be entertained , this work should be done, as proposed by the applicants, before any other step can be definitely taken.

As this is a private enterprise the land cannot be taken for the desired purpose except it be surrendered by the Indians (Section 38, Indian Act). Dokis and his Band have repeatedly refused to surrender any portion of their reserve, in fact they will not even surrender the timber on it. I think,before the applicants are put to any expense in the way of survey or otherwise, the feeling of the Indians might be first ascertained, and in the meantime Messrs. Briggs & Frost, the Solicitors for the applicants might be informed and warned to the effect that the De-

Sir,

Application has been made by Messrs. Macleod & Serre who have obtained a title from the Ontario Government to Lots 19,20,21 & 22, Con. 21, Tp. Hardy, District of Parry Sound, and the water power known as the Chaudiere Rapids on the French River, to make use of part of the lands of the Dokis Indian Reserve. They state that in the development of the water power it will be necessary to flood a portion of the bank of the reserve side of the river, and for which they are prepared to pay a reasonable sum as compensation.

I would like you to look into this matter at once with a view of ascertaining how far the Indians would be willing to permit this encroachment. A description of the land to be so used is not filed and before taking any steps to secure such it is thought advisable to know how far the Indians will consent

I do not think that the members of the Band would raise any objection but the Chief has never been consulted to grant any privilege pertaining to this reserve.
He does not come over the lake in the winter months and if you wish me to see Him I could go over there.

OTTAWA, 6th February, 1905-

Gentlemen-

In further reference to your letter of the 24th Ultimo, regarding the proposed erection of dams &c., at the Chaudiers Rapids, on the French River, and the possible flooding of a portion of the Dokis Indian Reserve, I beg to say that before any action can be taken in the matter, the Department should be fully apprised as to the proposed works and Plans furnished showing what portion of the Reserve would be affected and whether any timber thereon.

I may say that the Dokis Band are very jealous of their rights, and have persistently refused, in the past, to surrender any portion of their Reserve.

No rights on the Reserve can be granted without a surrender from the Indians and if it is decided to submit the question of surrender, it will be necessary for the Department to have full information as asked for above.

TO THE KING'S MOST EXCELLENT MAJESTY

MOST GRACIOUS SOVEREIGN:

WE the Chiefs of the Band of Mohawk Indians of the Bay of Quinte, in Council assembled, approach Your Majesty to express our heartfelt grief in the deep sorrow which has befallen Your Majesty and the Nation, by the singular loss which, under the disposition of Divine Providence, Your Majesty has suffered, in the lamented death of your beloved mother, our late beloved Queen.

WE are well aware of Her devotion to the welfare of Her country and Her people, and Her wise and beneficent rule, during sixty four years of Her glorious reign, will ever be held in the affectionate memory of Her Loyal and devoted Indian subjects throughout the Dominion of Canada.

SHE has been a great instance of government by esteem and by love, and it is to Her tactful wisdom and imperturbable decision that the Empire she governed so wisely and so well, owes so much.

THERE can be no question, that all society has been the better because the Queen has reigned; that it has been a blessing to very, very many,who know not whence the blessing flowed. SHE was a religious woman, a good woman, who set up a true standard of such lives as Christians ought to live.

THROUGHOUT the whole of the Dominion there was not a Canadian heart which was not penetrated by gratitude that God had given us such a Queen, and we look forward and

and trust, that the influence she exercised, will not die in HER. WE trust and believe that Your Gracious Majesty will follow in her steps.

OUR sorrow at this moment seems stronger than any other feeling, but we are yet able to add to that sorrow, an expression of true loyalty to Your Majesty.
YOUR MAJESTY has ascended the Throne, having before you the greatest example that your Majesty could have had. YOU have been familiar with political and social life for more than a generation; you have enjoyed universal and enormous popularity, being loved in foreign Courts almost as much as the late Queen; and you have a profound knowledge of the working of the Constitution, and the conduct of public affairs, such as few of your subjects have, and this knowledge will, we are satisfied, conduce a happy and prosperous reign.

WE tender to Your Majesty our allegiance, with earnest sincerity, and hope that you will long adorn the Throne, and be not an unworthy successor, of the most illustrious Sovereign who has ever adorned the Throne of England.

TO HIS MOST GRACIOUS MAJESTY.

KING EDWARD VII.

By The

Grace of God King of Great Britain and Ireland, Emperor of India, King defender of the Faith, &c., &c., &c.

May it please your Most Gracious Majesty, We your Most Gracious Majesty's humble allies of the Six Nations Indians of the Grand River, Canada, desire to tender to you our brother and to the Royal Family our sincere and heartfelt sympathy in this the hour of our common bereavement. We deeply deplore the loss by death of Her Majesty who was our beloved Queen and Mother. We ever were conscious of the sure protection afforded us as Indians by Her late Majesty throughout her long reign, and we humbly trust that the same protection and assurance will continue throughout Your Most Gracious Majesty's reign,. We therefore humbly request that Your Majesty may be pleased to accept our humble condensed mode of condolence as hereon attached as has been ever our kind privilege to tender to the British Crown in time of bereavement.

I. We are aware that when a Ruler dies the family are brought to mourn, and in great darkness, tears will flow from their eyes so that they could not see what is going on around them, such has been Your Majesty's and the Royal Family's condition, your brother Chiefs of the Six Nations will therefore take the pure white linen, and wipe off the tears of sorrow from your eyes so that you may clearly see the

the things and objects that is going on around you and the Royal Family.

II. And when a person is brought to mourn his ears are stopped up so that he becomes so deaf that he cannot hear, such has become your Majesty's and the Royal Family's condition your brother Chiefs therefore now remove the obstructions from your ears so that when your family and your loyal subjects will speak to you, you may hear with distinctness.

III. And when a person is brought to grief by death his throat becomes choked so that he cannot speak, such has become your Majesty's and the Royal Family's condition, your brother Chiefs will therefore now remove the obstruction from your throat, so that you may once more be able to speak with clearness to your family and to your loyal subjects.

IV. And when a person is brought to grief by death, his heart is wrung in deep sadness and sorrow, and he feels that the grief is overpowering, and such has become Your Majesty's and the Royal Family's condition, your brother Chiefs will therefore now administer a potion of medicine to your Majesty and the Royal Family, so that the heart may be relieved from sorrow and grief, and that your heart may be set aright, and thus you may be able to resume your great responsibilities in the future

V. And when a person is suddenly cut off from life, blood stains are left in the usual seat, such is your Majesty's and the Royal Family's condition, now your brother Chiefs will wipe away all blood stains from your seat, so that you may resume your seat with comfort.

VI.

VI. And when a person is brought to grief his head is bowed down with sorrow and woe, and such is your Majesty's and Royal Family's condition, now your brother Chiefs will support your bowed head and will raise you up, and will remove the clouds of sorrow from your horizon, so that you may clearly see the sun rise in the morning and trace its course until midheaven when its bright effulgent rays will shine around you.

VII. And when a Ruler dies the Council fire is extinguished, and the fire logs are scattered, such is your Majesty's and the Royal Family's condition your brother Chiefs will now therefore gather up the fragments of the fire logs and rekindle your Great Council fire, so that the smoke from that fire will reach the heavens, so that all nations of the earth may behold it with reverence. This they do, so that perhaps for a few days you may enjoy the pleasure of life pleasantly.

VIII. And now we proceed to the grave of Her late Majesty our Mother the Queen, and we decorate her grave with wreaths, made of sweet grasses and forest flowers, and we cover it with a slab to shelter it from great storms, and excessive heat, so that in future her remains may quietly rest and securely protected.

Dear Sir:

re Canada Furniture Manufacturers, Limited

We are desirous of obtaining some information as to the extinguishment of the Indian title to the land upon which the Town of Wiarton now stands: also of the title to the lands comprised in the Townships of Lindsay, St. Edmunds and Eastnor, forming the Saugeen peninsula.

It appears from the volume of Indian Treaties and Surrenders, which you were good enough to furnish us with some time ago, that Treaty No. 72 with the Chippewas, surrendered the Saugeen peninsula: and Treaty No. 45½ appears to deal with the same lands. Certain reservations appear therein, which are referred to by local descriptions not traceable on the ordinary map.

May we ask you therefore to let us have a line assuring us that the Indian title to the lands in question has been surrendered, and that no part thereof is still maintained as a reservation for the Indians.

Does the Province of Ontario make any claim to these lands, as having been surrendered prior to Confederation, and therefore passing to the Province by reason of the B.N.A.Act?

Yours truly, Blake Lash Cassels

Gentlemen-

I beg to acknowledge the receipt of your letter of the 30th Ultimo, asking for information as to the extinguishment of the Indian title to the land upon which the Town of Wiarton now stands, as well as to the lands comprised in the Townships of Lindsay, St. Edmunds and Eastnor.

In reply, I beg to say that under Surrender No 72 the Chippewa Indians ceded to the Crown their interest in the land in question, excepting the reservations therein specified, which were subsequently changed and approved by His Excellency in Council on the 27th September 1855.

I enclose copy of a Plan showing the Indian Reservations in the Saugeen Peninsula, as existing at present, the Indian title in the remainder having been extinguished.

As far as I am aware no claim has been made by the Province of Ontario to the surrendered lands in the Saugeen Peninsula.

Ottawa 4th March 1901-

Sir-

I beg to acknowledge the receipt of your letters of the 28th Ultimo, enclosing Mr. Forest Bailiff Farthing's reports on and valuations of Lots 11 Con 2 and 9 Con 6, Robinson, in which you concur, and in reply have to inform you that you may sell these Lots for the sum of $20.00 each, the land without any conditions as to settlement and the timber free of dues.

It is considered that the price recommended in the case of Lot 9 Con 6, is too low ($17.00) and hence the increase to the price stated-viz $20.00.

Indian Office, Brantford.

February 1st. 1901.

Sir.

Messrs John Doyle and John Sovey and Mrs. A. Martin desires to purchase the land occupied by them respectively, on the West side of the Grand River, North of the Grand Trunk Railway, in the Townplot of Cayuga.

I enclose plan and description of the property occupied by each as prepared by Mr. John Fair. O.L.S.. The plan shows that John Doyle occupys 14 acres, John Sovey 5 1/5 acres and Mrs. Martin 45/100 acre, each owning the improvements on their land occupied by them.

LAND BRANCH. FEB 5 1901

I would recommend that the sum of $6.00 peracre be asked from John Sovey and John Doyle, and the sum of $5.00 for the 45/100 occupied by Mrs. Martin.

Mr. Thompson. M.P. who is acting for Mr. Doyle has offered the sum of $6.00 per acre, which I consider fair and reasonable price for the land as situated, and being within the corporation of the Village of Cayuga is subject to high taxes, and difficult to obtain purchasers. If not sold to those who are and have occupied the land for a great many years, will remain unsold. I beg to ask that I be furnished by the Department with a copy of the enclosed plan.

Ottawa, 8th February, 1901-

Sir,

Referring to your letter of the 1st Instant, in which you recommend that certain lands in Cayuga Townplot be sold to John Doyle, John Sovey and Mrs. Martin, I have to say that the Plan which you forwarded with that letter, does not correspond with the Plan filed by the Grand Trunk Railway Company.

The width of the Right of Way of the Railway is shewn on the Plan to be 200 feet [redacted], whereas on the Plan forwarded by you, it is shewn to be only 100 feet [redacted]. This discrepancy will make quite a difference in the area of land proposed to be sold to John Sovey.

The Plan is herewith enclosed, and I have to ask you to be good enough to request the Surveyor to look into the matter, and amend the Plan, if necessary. It is assumed that it will be necessary, as it may be inferred that the Railway Company has not made a mistake in the width of its Right of Way. Please also ask the Surveyor to put a light wash of red on the lands which it is proposed should be sold.

Sir,

With reference to your letter of the 13th Instant, and the letter from Mr. John Fair, O.L.S. of the 12th Instant, in which he states that the width of the G.T.R. Right of Way has nothing whatever to do with the area of the land in question, &c., I enclose herewith a Print of Mr. Fair's Plan, shewing the Right of Way of the said Railway plotted thereon, from the Plan filed by the Railway Company.

In the first Plan filed by Mr. Fair, the centre line practically coincides with the centre line as shewn drawn in red on the Print. Consequently the width of the Right of Way made a great difference in the area of the land in question.

In the new Plan forwarded by Mr. Fair, he appears to have simply moved the centre line further South, leaving the North boundary of the Right of Way in the same position as before. Either Mr. Fair is wrong, or the Railway Company's Plan is wrong. If Mr. Fair's Plan is made from actual Survey, please ask him to be good enough to

I find that new applications were made by Mr.Superintendent Cameron,as promised in his letter of the 17th February 1900,on the File which you had this morning,and such applications were placed on a new File,No 230 633,which I send herewith.

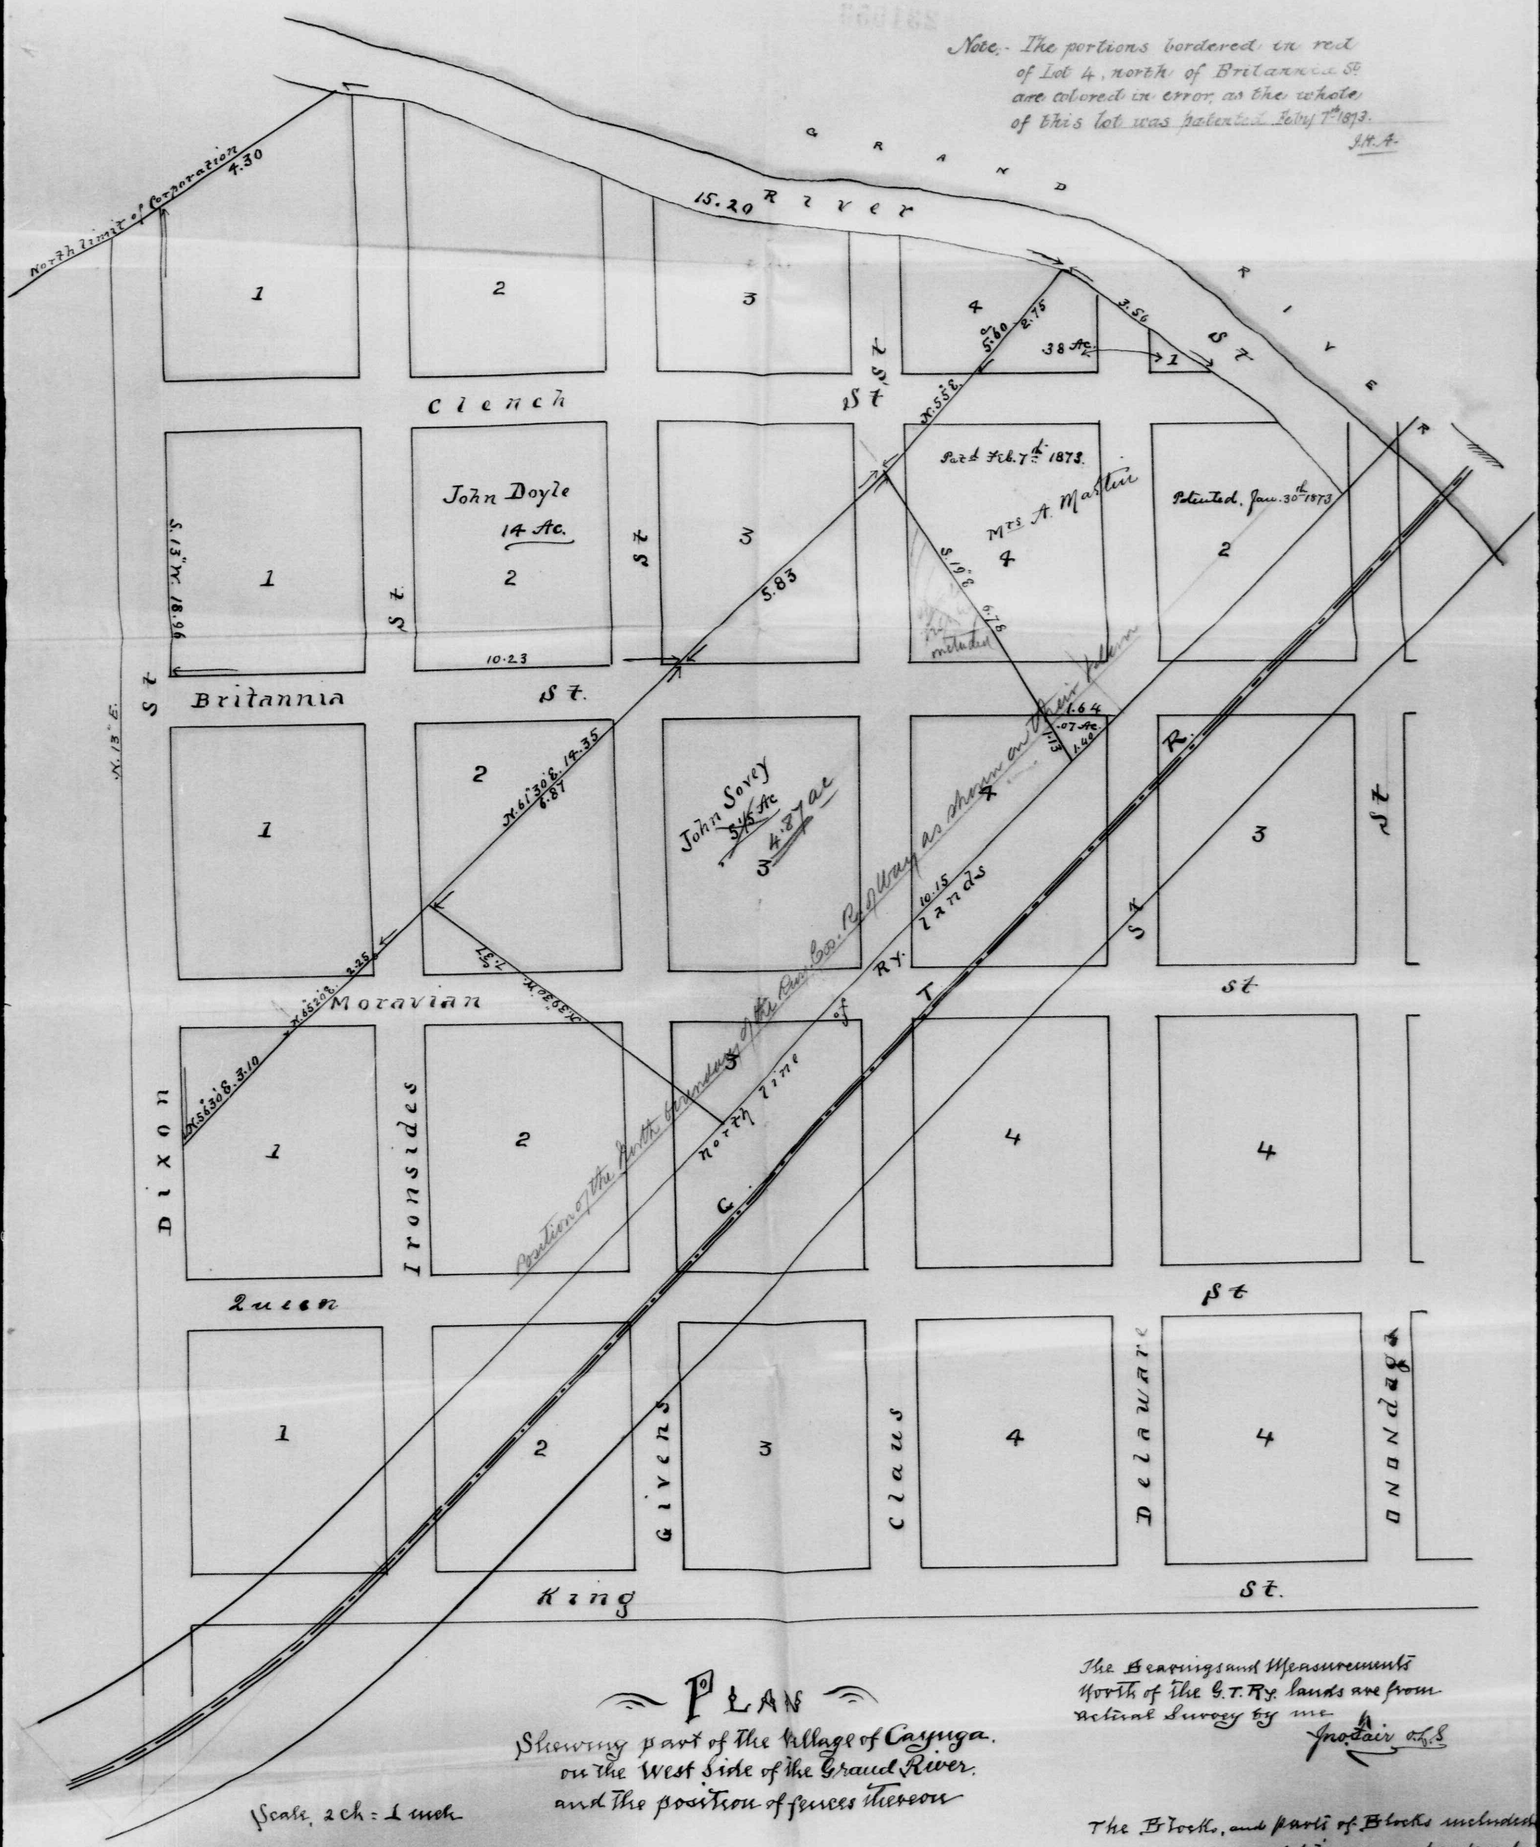

You will observe that a survey has been made by Mr.Fair,O.L.S.,shewing the portions applied for by John Doyle,John Sovey and Mrs.Martin,but owing to the fact that the right of way of the Grand Trunk Railway,as shown on his Plan,did not correspond with said right of way,as shown on Plan filed by the Company,the Department is in communication with Mr. Cameron in order to straighten out the matter.

As soon as Mr.Cameron replies to letter sent him on the 22nd Ultimo,the applications will receive immediate attention.

re. 230,633

Dear Sir

In answer to the letter from the Dep't of the 22nd ult: addressed to you and forwarded to me I repeat my former statement "the width of the G.T.R. Right of way has nothing whatever to do with the area of the lands in question". I think that the Dep't should have either accepted my statement or otherwise have examined the Plan. and by so doing would have saved me the time of preparing a New Plan, (as I do not feel like handing in an altered & mutilated Plan) and for this additional an unnecessary work I receive nothing, as the parties settled when I made my report.

Before making the Survey, the claimants pointed out to me their individual claims. which are all situated to the north of the G. T. Ry. lands. The northerly limit of the G T. Ry lands is a most clearly and definitely marked by a substantial fence

The Plans which I have submitted were based on an actual Survey by myself, and although, at the suggestion of the Dep^t. I located the South boundary of the G.T.Ry lands further South (making the Right-of-Way 200') the north boundary was never altered, as far as its position is concerned in relation to the lands in question. and consequently, even to the most casual observer the width of the G.T.Ry. lands can not possibly have any effect on the area of those lands.

I do hope that I have made the matter plain as well as Satisfactory. As requested I colored the margin of the Blocks (to be conveyed) pink. thus omitting the streets. although the invariable rule or custom is to make the colored margin correspond with the description

Yours truly,

I beg to acknowledge the receipt of your letter of the 8th Instant, together with an enclosure from Mr. John Pair, O.L.S. relating to the Survey of the North boundary of the Grand Trunk Railway, through certain lands in Cayuga.

Mr. Pair has completely ignored the fact that his Survey differs widely from the Plan submitted by the Grand Trunk Railway Company, which was also made by a duly authorized Surveyor, and this is the whole point at issue.

Mr.Thompson.M.P. is anxious to procure a Patent for Mr.Doyle with as little delay as possible.Mr. Doyle is in possession of 14 acres, owns the improvements and is entitled to purchase same. Ottawa 31st May 1901-

Sir,

In reply to your letter of the 23rd Instant, with further reference to applications by J.Sovey and Mrs.A.Martin for the purchase of the land occupied by them, West of the Grand River, in the Townplot of Cayuga, I have to inform you that, as the question of description of the land in each case has been arranged, you may now sell to Mrs.Martin the S.E part of Block 4, North of Clench Street, and the part of Block 1, East of Delaware Street, also the N.E part of Block 4, North of Moravian Street West of River, containing, together, 45/100 of an acre, for $5.00 cash.

Sale 2610

You may also sell to Mr.Sovey, the S.E part of Block 3, North of Britannia Street, Block 3, and parts of Blocks Nos.2 and 4, North side of Moravian Street, also parts of Blocks 2, and 3, North side of Queen Street, West of the River, at the rate of $6.00 per acre cash. The whole of Mr.Sovey's land contains 4.87 acres.

Sale 2609

When returning the sale, you will be careful to refer, in the margin of your Land Return, to this letter as your authority for the same.

Your obedient servant,

Sir,

Referring to your letter of the 23rd May last,I beg to inform you that I have received a Plan and Certificate from the General Assistant of the Grand Trunk Railway Co. and enclose herewith a copy of the Certificate.

You will note that the Surveyor,Mr.Angus Smith, certifies to the effect that the position of the Railway Company's land is correctly shewn on their Plan,as it affects the Townplot appearing on the said Plan.

By reference to Mr.Pair's Plan,you will see that the North boundary of the Railway Company's Right of Way is about 50 feet(or 76 links) North of where Mr. Pair shews it to be. Mr.Pair has also certified to the effect that his Plan is correct.

The discrepancy between the two Surveys is very great. I shall feel obliged if you will again bring the matter to the attention of Mr.Pair,with the view of endeavouring to ascertain which Plan is correct.

A copy of Mr.Pair's Plan is also enclosed herewith.

MEMORANDUM.

Ottawa 11th February 1901-

To the Secretary,

Sale 492-

Lot 17,Con.10,Robinson, was sold on the 10th January 1888,to Neil McGibbon,but now stands by assignment in the name of Henry Smyth,

100 acres at 50¢ per acre ---------- $50.00

Paid at date of sale ---------- $20.00

Balance Principal due ---------- $30.00

and Interest &c.

Regular notices were sent for January 1889,91, 94 and 95,and a special notice was given on File 86 131, extending the time for payment for one year from the 10th January 1889.

On the 7th Instant, Mr.Agent Thorburn forwarded to the Department a sworn report by Thomas Rumley and George J.Priddle,howing that there were no improvements on the lot. The Agent also forwarded a letter,dated the 4th Instant, by the owner,relinquishing the lot and stating that he did not intend to make any further payment thereon as he had found it unfit for farming purposes.

The Agent recommends cancellation of the sale, and, in view of the fact, I would also recommend that it be cancelled.

FEB 14 1901

Department of Indian Affairs,

OTTAWA, 11th February, 1901

The Secretary-

With reference to our conversation of to-day respecting the application of John Angus, an ex-pupil of the Shingwauk Home, for assistance to enable him to complete his course in plumbing and steam-fitting at the International Correspondence School of Scranton, Penn., I beg to say that, as you are aware, John Angus has been employed by Robert McAllan and his successors Messrs Blyth & Watt for nearly four years and is highly spoken of by his employers as an intelligent and careful workman. John is anxious to perfect himself in these branches of his trade and the system of education pursued by this school is of acknowledged excellence there being over five hundred students connected with it in this city alone.

John took up the course over a year ago and up to the time of the great fire in April was able to make his own payments. As, however, he lost everything in the fire he had to give it up for a time, and would under the institution's regulations, if strictly carried out, have to forfeit what he has already paid. The local representative of the school, whose card I enclose, informed me, however, that owing to John's loss the institution is willing to accept the balance and allow him to complete the course. This will amount to $35.00.

John was one of the fire suffers and lost all he had. He supports his widowed mother and is i in every way a credit to the system of industrial training he has received,and there is no doubt but that if he is afforded the further assistance he required,he will become a skilful mechanic.

Mr Scott tells me that should the Department approve of granting this assistance,the necessary funds could be taken from the Ontario and Quebec Genemal School Vote.

I do not see how a grant of $35 can be made to John Angus. I am afraid if we open the door to claims of this kind on the part of the Indians that the Department will get into a good deal of trouble, even though there may be only a limited number of such applications. I will be glad if you will let me know if such a thing has ever been done ~~xx~~ by the Department before.

The Secretary:-

I think that it is to be regretted that the Deputy Minister did not see his way clear to comply with your recommendation to pay the balance due by John Angus to enable him to complete his course in plumbing and steam-fitting with the International Correspondence School of Scranton, Penn. as his is a most exceptional case and not likely to create a precedent, as Angus is the only boy in my recollection who has passed through any of the Industrial schools and who has applied for assistance in obtaining a higher education and fitting himself to continue the trade he had taken up at the school. I cannot help thinking that it would be better if more of the ex-pupils of industrial schools, who have been taught trades while there, were desirous of fitting themselves to successfully follow their chosen calling, instead of returning to the reserves and reverting to the uncivilized habits of the rest of their tribe, and I do not see that the Department could do better than assist them in such laudable ambition, even if it entails a slight extra expense.

I see that in next year's estimates $3000 is provided to assist in establishing ex-pupils, in the Territories on their reserves. This is a move in

the right direction,and I think that where an Indian has sufficient ambition to live in a civilized community and adopt their habits and mode of life, and endeavor to earn his own living at the trade or calling he received instruction in at the school that the Department would be fully justified in assisting him to perfect himself in such occupation for it must be remembered that any of our ex-pupils no matter how well instructed,are treated as apprentices only when they are fortunate enough to obtain employment.

As before stated the Department has never had a similar application,although it has plenty of applicants for positions as civil servants and school teachers.

Dear Sir

Is there any probability of soon doing away with Stoney or Kettle Point Indian Reserve or both Reserves? These are in Lambton Co. Ont.

I find Stoney Point contains fifty-two people in ten families and three single individuals. They all speak English and are equal to average whites in self-support.

with Onehundred and thirty-five people all ages. They are likewise able to support themselves.

Of course I view their case from the Standpoint of religious instruction and it is my opinion they would make progress faster by being in competition with their white neighbors. In fact few pure bred Indians are left on these reserves.

I would be pleased to be favored with your confidence as to any policy that may be forming for their welfare

Ottawa 23rd February 1901-

Sir,

In reply to [redacted] letter of the 15th Instant, submitting an application on behalf of Mr.John Ashcroft, for the purchase of Lots 9,10 and 15,Con.5,also Lots 5, 7,8,9 and 10,Con.6,all W.B.R., Albemarle,at the valuation placed thereon by Messrs Irwin and Elliott,I have to inform you that as these lots are all shown by the Valuators to be unfit for farming purposes,you may sell the same to Mr.Ashcroft at the upset prices as given in that letter. The purchase money must,however,be all paid at the time of sale as the custom of the Department has been to accept only cash in full for all lands sold under Section 6.

Be good enough to advise Mr.Ashcroft accordingly and when returning the sale to the Department,refer to this letter as your authority for disposing of the lots as above indicated.

Sir,

Referring to Sales 7I9I and 7I92, the former reported in your Land Return for September last, and the latter in Land Return for October last, covering certain Lots in the 5th and 6th Concessions, West of the Bury Road, in the Township of Albemarle, having been sold by you to John Ashcroft, of Purple Valley, under Section 6, as the Lots are shewn by the Valuators Reports to be unfit for agricultural purposes.

In this connection I have to refer you to letter of the 23rd February, I90I, addressed to Acting Indian Agent P.J.'O'Connor, in which it is stated that the purchase money must be all paid at the time of Sale, as the custom of the Department has been to accept only Cash in full, for land sold under Section 6. You will, therefore, be good enough to advise Mr. Ashcroft that before these Sales can be entered in the Books of the Department, it will be necessary to remit, through you, at as early a date as possible, the balance of purchase money in each case, together with Interest thereon @ 6 % from date of sale, until paid.

Sir,

I have the honour to send you herewith a copy of a plan filed in this office some time ago by Dr. H. R. Herriman of Lindsay of a very large water lot fronting on the Indian Reserve in the Township of Billings, Manitoulin Island. No evidence of title to the lands on shore has been given, and I do not know whether they have been patented by your Department or not. The plan appears to shew a road reservation all along the shore. I presume this is in accordance with the original survey. Any information you can give I will be glad to receive, and I also desire to know whether you have any objection to the application being entertained.

I beg to acknowledge the receipt of your letter of the 22nd Ultimo, enclosing a tracing showing the water frontage in front of the Lots in the Indian Reserve in the Township of Billings, for which application has been made to your Department, and in reply to say that no disposition of the water frontage in question has been made by this Department.

The Field Notes of the portion of Billings in question are not of record in the Department, but the Plan shows a road allowance distinctly, and there appears to be no doubt that it was intended to make this road reservation in the original survey.

As to proposed disposition of the water front, I may say that, on behalf of the Indians, the Department certainly would object to any disposition thereof being made .

Dear Sir— 280495

I enclose you a clipping from a local paper by which I would judge that Mr Merriman has secured several more miles of water front on the north shore of the Manitoulin Island, and as he has already secured all the frontage around Honora Bay; and has put the settlers to a great deal of trouble and expense when dumping their timber there. I presume he is now in shape to Control all the shore in this section of the Island. It has always been a mystery to us why he was given so much frontage at Honora. And now that he has got hold of miles more of it the people are dumbfounded. would you kindly let me know by return mail if the Indian Department have given him this last portion of frontage or did he get it from the Ontario people at Toronto.

In regard to letter of the 7th Instant from the Secretary of the Department of Public Works as to water frontage at West Bay,I beg to refer to my report of the 11th Ultimo.

In view of the fact that the Crown Lands Department,Toronto,was informed that the Department of Public Works had no objection to grant of the water frontage in question to Mr.H.R.Herriman,of Lindsay,it would appear that if any grant has been made,it has been by the Crown Lands Department..

In view of report as contained in letter from Agent Thorburn of the 3rd June last,it is submitted whether the Crown Lands Department should not be asked, if such a grant has been made, to consider the question of revocation thereof,in view of the serious interference with the rights of the Indians.

FEB 22 1905

Toronto, February 21st, 1905.

Dear Sir,

I have to acknowledge your letter of the 17th inst., informing this Department that a complaint has been made to your Department by the Indians of the West Bay Reserve, Manitoulin Island, as to the disposition of the water frontage on Honora Bay, and you ask whether any grant of this water frontage has been made by this Department to Mr. Herriman of Lindsay, who, you say, claims the right to prosecute trespassers thereon and to charge for timber shipped out of the harbor. You further ask, if such a grant has been made, will this Department be disposed to take into consideration the question of its revocation in view of the serious interference with the rights of the Indians.

In connection with this matter I have to say that Dr. Herriman, the owner of a large sawmill on Honora Bay, made application to this Department to purchase the water lots in front of lots 9 in 7th con., 9 in 8th con., and 10, 11 and 12 in 9th con. Billings, for the purpose of erecting a sawmill and wharf on the west side of the Bay. It was represented that it would be in the interest of the settlers to have a wharf on the west side of the Bay. On the 22nd February, 1901, I caused to be transmitted to your Department a tracing shewing the water frontage applied for in front of the Indian Reserve in Billings and in due time received an acknowledgment from you in which it was stated that your

Department considered the frontage in question was under the control of the Dominion and not of the Province. On the 16th April, 1902, I again wrote your Department, calling your attention to the statement made in your letter that the frontage was under the control of the Dominion, and asked you to be good enough to state upon what your opinion was based. On the 21st April, 1902, I received a letter from your Department, which stated that its opinion that the water lots in question were under the control of the Dominion was based upon the fact that they were situated in a public harbor. I do not find in either of your letters any objection on the score of an interference with the rights of the Indians or anything that would lead this Department to think that there was any objection on the part of your Department from the point of the interests of the Indians. The next step we took was to communicate with the Department of Public Works, Ottawa, sending it a plan of the survey of the water lots and asking if there was any objection on the part of that Department to our granting the water lots. In reply to this we received a letter from the Public Works Department stating that with respect to the water lot in front of the Indian Reserve on Honora Bay, the matter had been considered by the Department of Public Works and it could see no objection to the granting of the water lot. The Department of Public Works did not return the plan and filed notes which we sent them and subsequently we wrote them again, asking

for the plan and notes sent for their inspection. The plan and field notes were returned without any objection being made. We therefore assumed that there was no reason why we should not go on and deal with the matter, having consulted the Indian Department and the Department of Public Works. Of course you are aware the bed of the Great Lakes and the disposition of water lots in them lies within the jurisdiction of the Province. We cut down the area applied for by one-half and allowed the patent to go. Under all the circumstances I do not think we are in a position to entertain the revocation of the patent as it was not granted improvidently nor were there any fraudulent representations made. I do not understand how the patentee can interfere with the free navigation of the water covering the land granted.

Yours very truly,

Thessalon, Feb. 24th. 1905

My dear Pedley,

It turns out that the Crown Lands Department at Toronto sold all the water front around the West Bay Reserve to Dr. Herriman of Lindsay who is now charging the settlers and others for piling ties and logs on the beach - a most unheardof procedure and one that is causing a great deal of dissatisfaction I cannot understand why the Crown Lands Department would make a sale of that kind, and I would like you to take it up as I do not believe they have the power to do this. Indian Agent Thor-burn at Gore Bay has been looking into the matter and can give you what information you need. Possibly the Marine Department would have power to annul a sale of that kind.

I will be glad to hear from you about this.

To the Deputy Minister-

OTTAWA,28th February,1905-

In regard to letter of the 21st Instant from Agent Thorburn as to the water frontage of the West Bay Reserve granted to Mr.Herriman,I beg to refer to copy of the grant hereunder by the Crown Lands Department,and to letter of the 21st Instant from Mr.Aubrey White and to say that a letter was prepared by the undersigned on the 1st March 1901,addressed to Mr. White,the last paragraph of which is as follows;-

> " As to proposed disposition of the water
> " front,I may say that on behalf of the
> " Indians,the Department certainly would
> " object to any disposition thereof being
> " made."

This draft was referred to the Law Clerk and on his advice the letter was not sent,but Mr.White was simply advised,on the 4th March 1901,that it was considered that the water frontage in question was under the control of the Dominion and not the Province.

In view of the position taken by Mr.White,I do not see what further the Department can do in the matter.

In view of the fact that notices had been sent to the Department and no reply made to them. the chief and council from time to time demanded that some action be taken to preserve that part of the reserve encroached on and claimed by Herreman. and at a general meeting of the Band the Council deal more fully with the matter. as authorized in Sect 128 page 39 chap 43 Indian act. and endorsed the posting of notices to enforce their rights as set forth Sect 21 page 7 chap 43 Indian act and to be able to get such remuneration if sold as would be justified under Sect 35 page 13 Chap 43 Indian act.

the land which has been made along the beach in every bay where a creek runs in lying between the present high water mark and the original survey is often quite a distance in the Village of Gore Bay some places there is a difference of 30 rods or more. and it is just the same more or less at west Bay.

Mr Herriman's title claims land underwater but starting from the original survey measuring out. so that the present marine allowance the road allowance and the roads that run into the water at right angles it is and are all included in the purchase. Setting aside this fact. the whole part of the grant is within the limits of the reserve. and if it was ever the intention to allow the Indians hunting and fishing privileges as per the Treaties how could they do it if the land and water in front of their reserves is sold. Not only is the sale opposed by the residents of Billings but by the Indians and is not to be encouraged into if any previous occupancy is in effect. whether the persons owning the land are willing or if the place is a Harbor or not.

That part situated in front of West Bay has been used as a shipping place for 20 years where vessels have anchored & loaded.

Dear Senator,

Regarding the question of water frontage of portion of the West Bay Indian Reserve referred to in letter addressed you by Mr.Stewart,which is herewith returned,I beg to say that communication was had in the matter with the local Agent,who advises that the Indians are very outspoken in their denunciation of the disposition of this property,which they claim as part of their Reserve,and protest at their being deprived thereby of the use of the fishing privileges granted them by treaty.

The local Agent,when written on the 13th Instant,was advised of the issue of Grant by the Crown Lands Department of Ontario,covering the water frontage of the West Bay Indian Reserve and informed that no interference with Mr.Herriman's rights,under such grant,by himself or the Indians could be permitted.

Dear Sir;- On the 15th April 1904 the Ontario Government granted a patent of the following lands to H. R. Herriman that is to say;- ALL that Parcel or Tract of Land covered with water situate, lying and being in the Township of Billings in the District of Manitoulin in the Province of Ontario, containing by admeasurement Seventy-one acres be the same more or less, which said Parcel or tract of Land covered with water, may be otherwise known as follows that is to say, being composed of Water lot on Honora Bay of Lake Huron in front of Lot number Nine in the Seventh Concession, Lots numbers nine and Ten in the Eighth Concession and Lots numbers Ten, eleven amd twelve in the Ninth Concession of the said Township of Billings on the Manitoulin Island more particularly described as follows;- Commenning at a point at high water mark at the South end of Honora Bay where the same is intersected by the Northerly production of the line between Numbers Eight and Nine in the Seventh Concession of the Township of Billings on the Manitoulin Island thence due North astronomically Three- hundred feet thence Nrotherly and North Westerly parallel to the high water mark along the West shore of said Honora Bay and always at the distance of Three hundred feet therefrom to the Easterly production of the North limit of Lot Number Twelve in the Ninth Concession

of the said Township ~~of~~ thence due west astronomically Three hundred feet to said high water mark thence South Easterly and Southerly along high water mark of Honora Bay to the place of beginning as shewn tinted red on an amended plan of survey by Ontario Land Surveyor T. J. Patten dated Thirteenth , July Eighteen hundred and Ninety-nine of record in the Department of Crown Lands a copy of which plan is attached to these Letter Patent.

And we understand this was done with the sanction ~~of~~ and consent of your Department if that was necessary. This parcel of land is bounded on the west and south by the West Bay Indian reserve and Mr. Herriman put up notices on same and advertised that parties piling timber on or shipping same over his property would be charged certain rates ~~and~~ as set out in the advertisement. This advertisement appeared in the local papers about the month of December 1904 and on the 9th of January 1905 your Indian Agent Robert Thorburn put up the following notice at said water-front and other places on the Island that is to say;-

PUBLIC NOTICE.

" All parties wishing to pile timber for shipment at West "Bay can do so free , anyone interferring with these rights wil "be prosecuted.

And acting on this the Indians piled their timber on Mr. Herriman's water-front and timber dealers bought timber and caused same to be piled there and they are now on Mr. Herriman's land in large quantities . Mr. Herriman wants to collect his dues for timber on these lands and for shipping over same and before taking action we want to know how far your Department feels bound by the act of your Agent here.

On talking to your Agent this morning he advised the writer that he acted on instructions from the Indians and that your Department and your Government had no right whatever to agree to the sale of this land to Mr. Herriman and that the Commissioners of Crown Lands for Ontario at that time had no right to grant a patent of these lands and that the indians were supreme with regard to the disposition of the land mentioned in the patent. we don't know who is running this country according to Agent here it is the indians and the said agent claims that he is acting on instructions not from you alone but partly from the indians and that that is part of his duties as set out in his commission. Mr. Herriman does not want to get into expensive litigation if the matter can be adjusted in any other way but having the land at the present time the holding of it is only of value in so far as he is able to collect tolls from parties using same . He claims rights similar to a dock owner in that respect.

Will you be good enough to advise us what interpretation

OTTAWA, 5th June, 1905-

Sir-

In reply to the portions of your communications of the 29th April last, and 30th Ultimo, regarding disposition of water-front at Honora Bay, I beg to say that a grant of water-frontage of the West Bay Indian Reserve in front of Lot No 9, in the 7th Concession, Lots Nos 9 and 10 in the 8th Concession and Lots Nos 10, 11 and 12 in the 9th Concession, of the Township of Billings, was granted by Letters Patent, issued on the 15th April 1904, by the Department of Crown Lands, for Ontario, to Mr. Herbert Russell Herrimman, and no interference with Mr. Herriman's rights, under such Grant, can be permitted.

I may say that the water front of Honora Bay does not form a portion of the West Bay Indian Reserve.

Sir,

In this matter of Mr McClurg. I have seen copies of the Circular sent out to each band. and so far as I can ascertain no remittances have been made by any of the bands in this agency excepting the West Bay band. they are very dissatisfied with the sale made to Herriman of their water front and as Herriman intimates that he had the sanction of the Indian department to back up his statement of claim when he applied to Crown land department the Indians have heard this report and as the result so far deprives them of a very valuable portion of their Reserve and the agent here & the band are to be included in a writ at next assizes for the dues of all Timber shipped over the water front this year. they have again subscribed to retain Mr McClurg to keep them informed of the matters that affect their welfare.

The agency here has instructed him that no good can be secured from his services.

Can you tell me if it was the intention of the Department. that the waters above mentioned should mean the high water limit. ?

I think in this vicinity the patents of water lots usually have been described to the high water line.

Dear Sir:

I am in receipt of 4th Inst. to hand in reply to mine &c. in regard to the Honora Wharf which I hope you were successful in getting a patent for:=

There is another matter of considerable importance to me at the present time in connection with the waterfront at Honora which was patented to my father in 1896, and which I wish you would endeavor to have adjusted for me:=

I enclose a copy of the water-lot patent and also a copy of the plan & description made by J. J. Patton D.L.S. which were submitted to the Department of Indian Lands:=

We have always presumed that the words "water's-edge" in the patent meant the "high-water-mark" of the original survey, or sixty six feet from the limit of our lots at the rear of the water-lot for if it were otherwise it would be impossible to know where the boundary of our water-lot is on account of the continual variation of the water level, and we would like

to have you obtain for me a ruling of the Department to the effect that the water lot Commences at the "high-water-mark" of the original survey which is undoubtedly the intention of the Department but the words "water's-edge" in the description has made it somewhat indefinate: —

Mr. Patten wrote to the Secretary of the Indian Department on 7th Oct. for information in regard to this matter and if you will be kind enough to take the trouble to see his letter you will notice that he entertains the view that the Department must of necessity meant that the water-lot patent should include all land and water in front of the road-allowance or sixty six foot reservation: —

This would naturally be inferred by the wording of the description in the patent of the water-lot where it says, "Commencing at a point where the South limit of Lot number 30 in the 12th Concession of Bidwell produced westerly across the road-allowance along the shore of Honora Bay."

The usual way such descriptions are worded in this vicinity is to say from "high-water mark" instead of "following the water's edge" which latter is a very uncertain point, and all we ask is for a definate ruling that the description in the water-lot patent meant from "the high-water-mark" of the original survey: —

Indian Affairs. (RG 10, Volume 3028, File 231,200)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

(3)

299283.

You will notice on Mr. Patten's plan & description that he excluded the sixty six foot reservation or road allowance along the shore and the variation from his description to that contained in the water-lot patent was evidently made by the Department in order to cease out the road-allowance but to include all else from the road-allowance out to the point described in the water. This appears positive as there is just the difference between six and seven chains or "one chain" less in size than Mr. Patten's description which excluded the road allowance which is exactly "one-chain" in width therefore the water-lot must begin at the road allowance, or in other words at the "original high-water-mark", which we desire to have corroborated by a definate letter from the Department: =

If this were not the case it would cause us an untold amount of trouble and the water-lot would be worthless and of no protection to us whatever: -

Trusting you will take this matter up with the Hon Minister at your earliest convenience,

I Remain as ever

Obediently Yours

Sir,-

Referring to your letter of the 9th ultimo, addressed to Mr. A.E. Dyment, M.P., I beg to inform you that it would appear that your water-lot is bounded by the water's edge, as it existed at the date of the issue of the patent, the 23rd October, 1896. This may be a question of law, the Department, however, takes the view that all accretions pertain to the mainland until the water-lot is disposed of; that is to say, the property of the owner of the mainland is bounded by the water's edge as it may exist, including accretions, if any, at the date of the sale of the water-lot. Reversely the same rule would apply if the mainland has been washed away, and thus it will have become land covered by water, and not pertain to the mainland.

In accordance with Mr. Dyment's request, the tracing, description and copy of patent are returned to you herewith.

Dear Sirs,

In March 1906, the West Bay Indians consulted me, while practicing in Gore Bay, with reference to getting back the title to some lands that had been granted to one H.R.Herriman, being the water front on their Reserve. I interviewed the Department in Toronto and got the correspondence of which Mr.Robert Thorburn will be able to advise you. Seeing they did not give me any further instructions the matter was dropped. I herewith enclose statement of my account amounting to $16.03, for the work done and wish your Department would see that I get paid.

I have the honor to enclose a communication from the Chief and Council of the West Bay band in reference to Mr McKessocks account for legal services it is very strange that this account should have been allowed to run if as alleged the solicitor was employed by the band. I am unable to find any correspondence on the matter.

A Mr Slater one of the partners and manager of the Company who made application for an oil lease of the West Bay Reserve employed as Solicitor Mr McKessock and; so the Indians inform me instructed him to search title of the water front in front of the Reservation. Which the Indians claimed and was alleged to have been sold to a Mr Herriman this is why they state Mr Slater should pay the account

Sir,-

With further reference to your letter of March 30th last, enclosing an account for $16.00, which you requested the Department to pay. I beg to say that the Department has just received a report from our agent, Mr. Thorburn with reference to the matter, in which he states that from inquiry it appears that a Mr. Slater, one of the partners and manager of a company, which made application for an oil lease of West Bay reserve, employed you as solicitor and instructed you to search the title of a portion of the water fr front of the reservation.

Enc. I am enclosing a copy of a letter from chief Peter Ace, Eli F. Debassige, Charles Nucles and Francis Bebamash, to our agent, Mr. Thorburn, with respect to this , which speaks for itself.

In view of these representations, it does not appear that the Department can entertain this claim.

Dear Sir, RE WEST BAY INDIAN ACCOUNT :

I received your letter of May 18th., and in reply beg to say I was not hired by Mr.Slater for any work charged herein nor for any other work in connection with the water front, nor for anything else in connection with the West Bay Indians. This was a matter about which the Indians came and consulted me personally and not through Mr.Slater and the Indian Agent at Gore Bay requested me to do what I could for them and he well knows this account should be paid by the West Bay band, or out of their monies. Slater had no interest in or connection with any water front. The Indians felt that the water front had been improperly taken away from them, or a large portion of it, and they wanted to get it back and have the Patent cancelled. I went to West Bay at another time in connection with getting a Lease of the Reserve for oil lands, but that had nothing to do with the water front, as the Indians came and consulted me at Gore Bay regarding the same. If your Department could see fit to investigate this account, you would find my

The Secretary,
of The Department of Indian Affairs,

Dear Sir;-

Mr. Harry L. Corbier of The West Bay Indian Reserve has called on me with reference to getting the privilege of using seven hundred acres of The West Bay Indian Reservation for ranching purposes.

Mr. Corbier now has ten head of cattle and four horses and intends increasing this number and is anxious to acquire a right , for the purpose of fencing off seven hundred acres, so that he may go extensively into the cattle raising business on the Reserve. H

He has selected seven- One hundred acre lots along the Westerm side of the Reserve; these seven lots are bordered on the West by the settlers in the Township of Billings and a fence extends along the western end of the seven lots and it is Mr. Corbier's intention to build a wire fence along the length of the lots and along the Eastern ends of the lots. This work will mean an expenditure by him of between Two and Three hundred Dollars for wire fencing. Mr. Corbier tells me that any timber,on the lots mentioned, is composed of small poplar and birch and small balsame and evergreens; that the land is shallow and,in any event, cannot be used for farming purposes.

Indian Affairs. (RG 10, Volume 3028, File 231,200)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

There are no Indians living within a mile and a half of this section of the reserve and none of the Indians have cleared or occupy any land for farming or other purposes within that distance of these lots, and so far as Mr. Corbier is aware, there is no immediate intention of any of the Indians taking up any portion of these lots.

In order to be assured that he may extend his prospective ranching business, he would like to have a Lease of these lots for ten or fifteen years, at a nominal rental of One Dollar as consideration for the Lease, as it would be unwise to go into a business of this kind unless he knew for a certainty that he could continue it for a considerable number of years.

I know Mr. Corbier quite well and am satisfied that this proposal is made in good faith and that he is in a financial position and intends to use the portion of the Rand Reserve mentioned for the purposes that I am stating herein, and believe that it will be in the interests of the indians on the Reserve to have something of this nature carried on there and that it may be in the nature of an inducement for them to follow the example of Mr. Corbier and put the land, of which the Reserve is comprised, to more practical use, as, at the present, there are not more than five hundred acres of the Eight thousand acres in the Reserve, used by the indians and, for this reason, the interests of the other members of the Band cannot be prejudicially affected in any way.

Thanking your Department in anticipation of a favorable consideration of this proposal, I am

Gentlemen:-

We the Indians of West Bay Band; have made a petition to prevent the second chief Henry L. Corbiere from taking Seven hundred acres of cattle pasture on West Bay Reserve which is for the most part on the reserve for pasturing our own cattle. and he did not make known to the Band.

We understand chief Peter Ace and J. Baptes the Indian Agent and Crown Attorney McRae and few of his friends. they granted him that previlege. and chief Peter Ace never put up any notice.

A farm of seven acres belonging to one of the Indians is eclosed in that 700 acres: the little farm will be shut up if Henry L Corbiere takes this pasture ground for his own cattle.

Thanking you in advance for the attention you will Kindly give to the matter. and Remain.

Dear Sir;-

I have a telephone message from H. L. Corbier asking me what, if any, decision the Department has come to relative to the leasing of the land, on the West Bay Indian Reserve, to him. He also states that, if he cannot get this, he will be forced to go off the Reserve to lease or buy land for pasturing purposes and his objection to this is that it will be some distance from his residence.

I have been in West Bay and have personally gone into this matter. I find that the chief objection has been raised by an indian who is jealous of Corbier and that this indian has persuaded some others to use their influence to have the Department refuse the Lease.

It seems to me that the position would be absurd if Corbier is forced to go off the Reserve to lease land in order to carry on cattle raising when there is at least six thousand acres of the Reserve not under cultivation, not fenced and not used by the indians. It also seems to me that Corbier should be encouraged in this matter by the Department immediately granting the Lease and if the Department refuses him the Lease, on the

Interior:

That with a view of preserving the remaining forests upon Dominion Lands and Indian Reserves from utter destruction by fires and other destructive agencies, and of encouraging the reproduction of forest trees, and as settlement is rapidly progressing in all parts of Manitoba and the North West Territories, with the view of having an immediate inspection made of the timbered portions of the country to ascertain what tract should be set apart for timber reserves before they are encroached upon by settlers, Mr. Elihu Stewart, of Collingwood, be appointed to undertake the work at a salary of $2500 per annum, with the title " Chief Inspector of Timber and Forestry " with headquarters at Ottawa, that the duties of the said officer be to inspect the timber reserves in Manitona and the North West Territories already defined by the Department of the Interior, to visit the timbered portions of Dominion Lands with the view of setting apart further reserves, to look into and report upon the cause and effect of fires and suggest the means whereby the destruction of the forests may be lessened, and also any other duties in connection with the timber resources of Dominion Lands and Indian Reserves he may be called upon by the Department of the Interior to perform.

I, Robert Shannon of the Township of Howland in the District of Manitoulin, Forest Bailiff, do solemnly declare:

That in accordance with instructions of C. L. D. Sims, Indian Agent, Manitowaning, I have examined Lot 1. 2. 3. Concession A Township of Allan. , and find on the said Lots 5

These Lots have all been run over with fire and no timber of any value remains on them.

There is no lands on them suitable for farming purpose but they will make fair grazing lots being near the lake.

I place a value of 20¢ per acre or a total value of $48.20 for the three Lots

Lot No 1 = 82 acres
" " 2 = 72 "
" " 3 = 87 "
241 " x 20 = $48.20

And I make the above declaration conscientiously believing the same to be true and knowing it to be of the same force and effect as if made under oath and by virtue of the "Canada Evidence Act 1893."

To the Secretary,

Sale 558-

Lot 2,Con.8,Dawson,was sold on 21st Nov.1892, to Thomas Falls,but now stands by assignment in the name of Wm.Waldie,

100 acres at 40¢ per acre ----------	$40.00
Paid at date of sale ----------	$16.00
Balance Principal due ----------	$24.00

and Interest thereon &c., &c.

Regular notices were sent for November 1893 and 1894.

On the 15th March last,Mr.Agent Thorburn forwarded to the Department a sworn report by James M. Chamberlin and J.J.Armstrong,shewing that there were no improvements made upon the lot. The Agent recommended cancellation of the sale,but,in letter of the 20th March last,he was requested to notify the owner that he would be allowed one month to pay the arrears,or a portion thereof, otherwise the sale would be cancelled,

On the 25th Instant, the Agent reported that he had duly notifed the owner as instructed,but no further payment had been made nor improvements reported to him, and he again recommended cancellation of the sale.

I would,in view of the above, also recommend cancellation.

DEPARTMENT OF INDIAN AFFAIRS. MAR 20 1907

Dear Sir:- Re Lots 14 & 15, Con. 9, Tp. of Assiginack.

I have been requested to draw your attention to what appears to be rather sharp practice on the part of purchasers of the above mentioned lots in dealing therein with the rights of my client Mr. Angus J. McLean of Manitowaning. I am instructed that Donald McDonald, who was the purchaser under section 6 of the Indian Act, transferred these lots to George A. Amer of Manitowaning, and that on the 12th of October 1906 Mr. Amer leased these lands for valuable consideration to Mr. McLean, giving him certain rights therein for the purpose of boring for oil, etc.. This lease is of course not registerable in the Land Office. On the 15th inst. Amer retransferred the lots to McDonald, the original purchaser, who filed his transfer in the office of the Land Agent at Manitowaning on the 16th inst., and on the same day gave an oil lease of these lands to some other parties. It appears to me that this retransfer and giving of the second lease was for the purpose of cutting out the lease held by my client Mr. McLean, and I have to request that in the meantime your Department would direct that the second transfer be not put on record or recognized by the Department until the rights of my client should be established. As matters now stand,

if Donald McDonald should request the issue of a patent and the second oil lease should be registered, my client would probably be without any remedy whatsoever. Under the circumstances above indicated I submit that the justice of the case calls for the interference of your Department for the purpose of preventing a fraud.

Yours truly,

Sir,-

I beg to acknowledge the receipt of your communication of the 18th instant, in regard to Lots 14 and 15, Con. 9, Township of Assiginack, and in reply beg to say that these lots were sold under Sec. 6 of the Land Regulations of the Department, on the 26th of December, 1901, to Mr. Donald McDonald, who paid the purchase price therefor in full and became entitled to the patent therefor, but which has not been applied for. The lots were subsequently assigned by Mr. McDonald to Mr. George A. Amer, and stand on the books of the Department in his name, so that if request is made by Mr. Amer for the issue of patent, the Department would be obliged to issue same.

It does not appear that the Department is in a position to assist you in the matter of the oil lease covering these lands, which you state was granted by Mr. McDonald to your client, Mr. Angus J. McLean.

I received a letter from Mr Thorburn at Cove Bay to the effect that I must commence improvements on Lots # 13 + 15 on Con 6. or my ~~lots~~ may be cancelled.

I may say that I have chopped + piled up ready for burning about two acres for these Lots. some time ago. I did all the work on Lot 13 as I understood from Mr Mauch the Forest Bailiff here that settlers were allowed to do all the improvements for three or four lots on one lot providing they were close together or within a reasonable distance of each other. I am perhaps a little ignorant as to the rules in this connection + I should like very much if you would inform me as to what should be done in this regard. as you will readily see that one man chopping up two or more Lots cannot reap the benefit more than one. I think I wrote you

previous to this that I had commenced chopping & improving for all my lots which I located last summer but on account of being a little late before I settled here I did not get time to put up any buildings before winter and I would ask the department that they give me some reasonable time in which to do the work, as it is my full intention to do all the improvements required by the regulations of the department.

Kindly advise me as to the same as early as possible & very much oblige.

Sir,

In reply to your letter of the 15th Instant, asking for information as to the improvements to be made in connection with your purchase of Lots 13 and 15, Con. 6, Cockburn, Island, I have to inform you that Section 3 of the Indian Land Regulations, provides that, "one condition of the purchase consists of actual occupation and improvements of the land, which must commence within six months from the date of Sale, and be continuous for a period of three years, within which time there shall be cleared and fenced at least five acres in over 100 acres, or in that proportion, also a dwelling house of not less than 18 by 24 feet, must be erected upon the land included in the Sale."

It will be seen by the above that improvements made upon any one lot included in a Sale of 4 lots, will be sufficient to cover all the lots provided, of course, that they are sufficiently near to each other to be worked as one farm and that a Settler has three years in which to Complete these improv[illegible]

Re Moravians of the Thames.

Mr Agent McDonald informs me that Henry Peters, consumptive, 27 years of age, has no one to look after him properly and fears that he is spreading the disease. He thinks it would be well to buy the old Mission School and keep it for the isolation of infectious diseases.

He says he could get an Indian woman to look after the buildings for very little. It is 20' by 25' and could, he says, be bought for $120. I recommend that he be asked to submit his plan to the Council of the band and that it should be carried out if adopted.

Duncan 5th April 1901

Sir

Referring to your letter No 146.900/11 of 26th March Re the buying of the Kwawiss School for the Isolation of Indians who are suffering from infectious diseases would say that my Idea is to buy the building move it about 20 rods and fit it up for a dwelling or so that we could use it for such. we would need to partition it off and build a small Kitchen to it. and employ some woman without any family to care for the real poor and those suffering from infectious diseases. In the Case of Henry Peters we want just such a place. he has no home. No one to Care for him and is dying of consumption and is now staying with his Brother in a small house with five little children. Is it any wonder they die of Consumption? living in this way. I think you will readily see the necessity of such a building and I enclose you a petition from the Indian council in reference to the matter

DEPARTMENT OF INDIAN AFFAIRS CANADA

MEMORANDUM:

For the Secretary.

I observe that the Resolution of the Moravians of the Thames merely states that the Council is of opinion that it would be wise to establish an hospital on the Reserve to isolate patients ill with contagious diseases. It does not state that the Band would be willing to bear the cost of such an institution, but I take it for granted that they are willing. Under these circumstances I think it would be advisable to authorize the Agent to ascertain for what amount he could purchase the old Mission school, and also ascertain what it would cost to put it in proper repair, furnish it, simply, for the purpose for which it is intended, what wages he would have to pay an Indian woman to take charge of the place, and whether he can obtain any suitable person for the work. These are necessary preliminaries.

Sir,

Referring to your letter of the 5th instant, and the copy of Resolution of Council therewith enclosed, I beg to inform you, by direction of the Deputy Superintendent General, that the Department does not at the present juncture deem it advisable to consider the question of the establishment of a contagious disease hospial at your Agency ;but as it seems desirable that something should be done in Henry Peters case,I shall be glad if you will kindly endeavour to ascertain whether he could be admitted into some Home or Hospital where he would be properly cared for,the cost of his maintenance in the said Institution to be paid by the Band. Kindly make enquiries in the matter, and report the result without delay.

Sir

Referring to your letter No 232164 of 29th April in regard to Henry Peters I may say that I know of no home or Hospital where He would be admitted and I have succeeded in getting his father to take him home and care for him in the meantime and the Indian Council has consented to help pay for his maintainance which I think will not be very long from present appearances. I hope we will be able to care for him in this way which is the only way I can see at present.

DearSir-

I enclose you an Abstract of the south half of lot number thirty four in the ninth concession of the township of Tyendinaga in the County of Hastings . As youwill see Mr Brandon has taken two mortgages thereon from Mary Cronin who is the widow of the late John Cronin. She seems to think she is the owner of the lands. I communicated with the Asst. Commissioner of Crown Lands Toronto and he informed me that this was Indian Lands and under your Control. Will you inform me who is the owner of the said lands and if the Patent has been issued In giving me the information will you please return me the enclosed Abstract.

Sir,

Referring to your Requisition for September, applying for Patent in the name of Rev. John Rennie, for Lots 3, 4 & 5, on the South side of Napier St., Manitowaning, covered by Sales 1750, 1751 and 1752, I have to direct your attention to letter to you of the 30th March, 1901, in which you were informed that the Department would issue a Patent for these Lots in the names of the then Trustees of the Presbyterian Church at Manitowaning, upon being furnished with the name in full, place of residence and occupation of each Trustee, together with satisfactory proof as to compliance with the conditions of sale.

I may say that if it is the desire of the Board of Trustees that Patent should now issue to the Rev. Mr. Rennie, it will be necessary for you to obtain and file in the Department, a proper Transfer of the Lots from the Board of Trustees to the Rev. Mr. Rennie.

The Department would, of course have no objection at the present time, to issue the Patent in the names of the present Trustees of the Church, upon the conditions stated in letter to you, referred to above.

139--2 Sir,

See Requisition for Patents for Sept 1902, on File 14[illegible]

Referring to Official letter dated 13th Instant with reference to Requisition for a Patent in the name of Rev John Rennie, for Lots 3,4,& 5 on the South side of Napier Street, Manitowaning, covered by sales 1750, 1751 and 1752.

I have the honor to report that the entry in the Requisition in the name of the Rev John Rennie was a clerical error as it was intended to apply for the Patent to issue in the names of the present Trustees, viz, Alexander Neilson of the village of Manitowaning, Merchant, Hugh McLaughlin of the village of Manitowaning, Merchant and Daniel McIntosh of the village of Manitowaning, Gentleman.

A Statutory Declaration made by the Rev John Rennie setting forth the names, occupations and residences of the Trustees was forwarded the Department under cover of the Requisition for Patents for September last and also Affidavit of settlement duties.

Trusting the foregoing explanation will be found satisfactory and that the Patent may issue as above, and regretting the error

Dear Sir,

I desire to be advised by the Dept, if I can lease my farm to a respectable good White farmer, as I am now eighty years old and cannot look after it my self,

I have tried some of my own people, that is my grand son, and others to work on shares for the last few years, but it was unsatisfactory.

That is why I would like to rent it to a white man for cash, I want to get a good honest White farmer, so that he might set a good example on farming to my neighbors,

Kindly advise

MEMORANDUM.

Ottawa 17th May 1901-

To the Secretary,

Sale 3080-

Lot 9,Con.17,Campbell,was sold on the 3rd April 1882 to Thomas Dean.

67 acres at 50¢ per acre ----------$33.50

Paid at date of sale ----------$13.40

Balance Princi pal due ----------$20.10

and Interest thereon &c., &c.

Regular notices were sent for April 1889,90, 91,93,94 and 95.

In letter of the 28th March last,Mr.Agent Sims forwarded sworn reports by Thomas Fawcett and Delancy Leatham,in regard to the non-performance of the conditions of sale,stating that the lot was not occupied nor improved. The Agent recommended that the owner be notified that one month be allowed to pay a reasonable portion of the arrears,or that the sale be cancelled. In reply,he was requested,in letter of the 3rd Ultimo, to carry out this suggestion and give the owner due notice.

On the 10th Instant, the Agent reported having notified the owner as instructed but had received no payment up to that time upon the lot. He recommended cancellation of the sale,and in view of the facts,I would also recommend that it be at once cancelled and the land resumed by the Department.

Ottawa, 5th April, 1901.

Mr McLean /-

It has been represented that there is an Indian Reserve in the County of Terrebonne (I think I sent you a memorandum in which I gave the name of the county as Bonaventure) which has not been occupied by any Indians for thirty years. I do not find in the schedule of Reserves published in the Report any reserve described as being in the County of Terrebonne. Would you kindly enquire and advise me as to whether we have a reserve there, and if so, whether there are any Indians upon it.

That Herbert called at this office to find out how Lots covered by sales 336 & 495 in the township of Robinson Sloop. He said that he and his brother Ed. (who was) drowned) - a few days) previously owned those lots.

They sold the cedar to Thomas Griffith for so much, an in addition to this, Griffith agreed to pay the dues, and the balance due on the lots, that Mr. Baxter had drawn out the agreement between them and Griffith.

I asked Herbert for the agreement, he said Baxter held it, that he and Griffith had agreed that Baxter should hold it. I sent Herbert to Baxter to get the agreement, since that time he has been to Baxter three times, but now Baxter claims he cannot find the document, If those

papers could be produced, and the statements made by Nesbitt are true - which I have no reason to doubt, - it would show direct collision between Bastin and Griffith.

Nesbitt claims that there was a fine lot of cedar timber on those lots, that the lots are now stripped, and that the timber which I had seized in this case, is the remnant only.

There has no money been paid, on those lots, since the first payment, and evidently no dues paid for all the timber taken. I am of the opinion that this case will prove to be, a fair index of a numerous number of cases.

In reply to your letter of 7th ulto., respecting Cedar cut on Lots in Township of Robinson I beg to inform you that a statutory declaration should be obtained, if possible, as to the facts of Cedar cut by Griffith since date of his purchase from Nesbitt, with a view to securing payment of value of same.

If Griffith's operations were confined to these lots the purchaser may be able to give such information as will enable you to formulate a demand for the value including trespass duty.

Mr. Baxter will also be communicated with direct on the subject.

Referring to yours of the 16th instant file no 165 013 I wish you attention of A-H Verkeri in this matter, which will explain itself.

The agreement referred to. Mr Verkeri says was drawn in the summer of 1891 or 1892, which he is not certain

It is evident that when Baxter reported on this lot (Sale 336 in 1892 (see letter of Sept. 5th 1892 from B.W. Ross Cockburn Island, inclosing Baxters report) he had this agreement, and must have been aware that Griffith who should have paid the balance due on sale 336, had not done so, and hence this sale was cancelled on Verkeri.

I am strongly of the belief that this is only one of a number of cases, of a similar kind. If probed, where developements in cases of this kind would end I, at present, cannot

Without such an examination, at a time when the limits can be properly located, I would not feel safe in making a final report.

In consequence I would ask that this matter be allowed to stand until the spring, when the snow leave the ground, I will then make a personal examination

I was in that section a few days ago but could not do anything in this case owing to the depth of the snow

Regular notices were sent for November 1890, 92,93,and 94,also special notices in February and November 1889,on File 86 131.

In September 1895 timber was cut by the owner but seized and sold by the Agent.

On the 6th April last,Mr.Agent Thorburn enclosed a sworn report by W.J.Burns and Thomas Griffith showing that there were no improvements on the lot and asking that the sale be cancelled. The Agent recommended cancellation,but,in letter of the 12th Ultimo,he was requested to notify the owner that one month would be allowed for payment of the arrears of purchase money or a portion thereof,otherwise the sale would be cancelled.

On the 23rd Instant,the Agent wrote stating that he had duly notified the owner as instructed but no money had been paid or improvements reported on the lot and he again recommended cancellation of the sale.

In view of the above I would also recommend that it be cancelled and the land resumed by the Department.

and Interest thereon &c., &c.

Regular notices were sent for October 1888, 90,91,93,and 94,also special notices in February 1889, and October 1882 on File 86 131.

On the 6th Ultimo,Mr.Agent Thorburn forwarded to the Department a sworn report by W.J.Burns and Thomas Griffith showing that there were no improvements made upon the lot and asking for cancellation of the sale.

The Agent recommended,in his letter,that it be cancelled,but,in letter of the 12th Ultimo,he was requested to notify the owner of this lot that one month would be allowed to pay the arrears against it or a portion thereof,otherwise the sale would be cancelled.

On the 23rd Instant,the Agent reported having duly notified the owner as requested,but no money had been made or improvements reported and he again recommended cancellation of the sale.

I would,in consequence,also recommend that it be cancelled and the land resumed by the Department.

MEMORANDUM.

Ottawa, 31st May, 1912

To the Deputy Minister,

With reference to the cancellation of the Sales of Lots 17, Con. 21, & 17, Con. 22, Robinson, which was carried out on the 21st February, 1910, in accordance with recommendation of Agent Thorburn, accompanied by a written relinquishment from the heirs of the late owner, Mary Trick, to all lands taken up by her and her husband in Robinson, I have to state that it now appears from letter of the 24th Instant, from Mr. Robert Thorburn, that the above mentioned lands, being paid for in full, were not intended to be included in those relinquished, and were not recorded as cancelled.

These Lots are now included in an Assignment forwarded from the Administrator of the Estate of the late Mary Trick to Robert Roswell Gamey, and the Agent states that his recommendation to cancel was a mistake, and that as the Lots are paid for in full, and have not been re-sold, he now recommends that the cancellation be revoked, and Assignment therefor, accepted.

E. F. H.

In view of the above I would also recommend that the cancellation be revoked, and the Assignment accepted.

SIR,—

I beg to enclose you herewith minute of a resolution passed by the Council of the Parry Island Band demanding payment of the sum of $20.00 for stowaage of a raft of logs belonging to the Wm Beatty Estate of Parry Sound, in what is known as James Walker's Bay or Yababurdongs Bay.

LAND BRANCH APR 12 1901

The logs in question have been stored in this Bay since last Fall & the end of the boom is anubbed on James Walkers farm which runs down to the shore of the Bay. The Bay is surrounded on three sides by the Parry Island Reserve & the Band claim control over the shores.

The party named in the resolution viz: Joseph Farrer Esq is the representative of the Wm Beatty Estate & before notifying him of the rental demanded by the Band for the use of the Bay I beg to request you to approve of the Resolution & to advise me of your decision in the matter.

I beg to acknowledge the receipt of your letter of the 9th Instant, enclosing a copy of Resolution passed by the Council of the Parry Island Band demanding payment of $20.00 for the placing of a raft of Logs belonging to Mr.Wm.Beatty Estate in a Bay between the Locations of Jas.Walker and Dan Tababundong, from last Summer to the present time.

In reply, I have to state that the Law Clerk of the Department does not think the Indians of Parry Island have any control over the waters of the Bay, although they have a common right to the use of the navigable water free from obstructions. If navigation is obstructed by the placing of logs in the Bay in question, the matter is one for complaint to the Department of Marine and Fisheries.

He is also of the opinion that no person has a right, without consent, to land upon the Island to snub the end of a boom upon the property of a Member of the Band.

As no consent appears to have been given by James Walker, on whose farm the end of the boom is said to have been snubbed, he would be justly entitled to claim a reasonable sum for this privilege

Parry Island June 17. 1901.

Our council causes me to reply to the letter from the Ind. Department dated 15th April. 1901. We understand that it states that Jas. Walker is the only person that has a right to get pay for fastening a boom of logs on his place. But the Ind. Act Sec. 16. makes us think that Jas. Walker has no right because he has not the Location ticket. The way that our Band stands at present, The Band has the right to get the payment for fastening a boom of logs on Parry Island.

I am sincerely yours,

Ottawa 30th July 1901-

Sir-

I beg to acknowledge the receipt of your letter of the 12th Instant, enclosing a communication addressed to the Department by Chief Peter Megus of Parry Island, relating to the claim of the Band against Mr. Joseph Farrer for $20.00 damages caused by his having placed a raft of Sawlogs in the Bay during the Summber of 1900, where it remained all Winter, and in reply to inform you that the point raised by the Chief namely, that Jas. Walker, on whose land the raft was snubbed, should not be paid as he had not been formally located thereon in the manner described by Section 16 of the Indian Act, and, therefore, the Band has the right to get the payment, is one that the Band may determine.

In his quality as occupant of the Location, apparently with the Band's consent, the Department considered that he would be fairly entitled to payment for damage done thereto, or use thereof. Will you have the goodness to report whether you succeeded in arranging a satisfactory settlement with Mr. Farrer, as you were instructed to do, and if so to give the particulars of same.

The Chief should be allowed to take communication of this letter.

With reference to your letter of the 27th ult. relative to an assignment from Amos Barclay to David Craig of the West ½ of Lot 44. Tobique River. I beg to inform you, that on the Seizure of Mr. Defendenschmidts Improvement with Settlers and Squatters on Tobique Indian Lands. the Lot. referred to was occupied prior to said Seizure by Hector Barclay as a Squatter the latter died prior to My Appointment. I on assuming My duties found this Lot - for a time by his Mother, Mrs. E. Barclay, as Squatter. Some seven or eight years ago this old woman also died - after which the said Lot. was Squatted upon by Amos Barclay. Son of Mrs E. Barclay deceased. Save as the Improvements on Lot is worth Somewhere in the Vicinity of $200.00 -. the Department must see the necessity of an assignment from A. Barclay to David Craig. Which was advised by me before a Transfer could be recognized by the Department -

This Lot. as shewn in the List of defaulters in this Office in the year 1888. appears in the Name of Hector Barclay as a Squatter -

Sir,

In reply to your letter of the 23rd Instant, and with further reference to previous correspondence in connection with the W.½ Lot 44, Tobique Reserve, which Lot has been applied for by Mr. Daniel Craig, who has furnished an Assignment of the Improvements thereon, I have to inform you that, as this half Lot was covered by the Order in Council of 1st July, 1896, fixing the date from which Interest is to be charged, as 1st January, 1885, you may sell the property to the applicant, Mr. Daniel Craig, at $1.00 per Acre, plus Interest @ 6 % from 1st January, 1885.

The land is to be sold, of course, subject to the Regulations of the Department as regards settlement and improvement, and, in accordance with your proposal as to the Sale of lands in Tobique, it is desirable that the Sale should be made for cash.

Be good enough when returning the Sale, to refer to this letter as your authority.

I am Satisfied that from the poverty that I have Witnessed time and again, When Seeking payments, that the same is as doubtful in the future as in the past. For the reasons Set forth and also as this Lot. has been Speculated on. and Moreover as it is the only farming Lot. unpaid for in this Section. I would urge that Department that if Mr. Craig will pay at the rate of One Dollar per acre Cash down. for the 51. acres. less the lands held by Tobique Valley Railway that it be accepted. Ottawa 3rd October 1902-

To the Secretary,

Sale 27

Lot 62,Block B,Tobique,was sold 17th June 1890 to Thomas Craig of Perth Centre.

100 acres at $1.00 per acre ----------$100.00

Paid at date of sale ----------$20.00

Balance principal due ----------$80.00 and interest &c.

On the 14th September 1894 a special notice was sent and again on the 12th December 1900 a notice was sent direct to the purchaser giving him six months to pay the arrears,

On the 24th July 1895 Mr.Agent Farrell forwarded a lengthy report on the position of lands held by squatters and settlers on the Tobique Reserve. In connection with the above lot he stated that he had written the owner several times but could make no impression. He advised that, if the second instalment were not paid within three months, the owner be ejected from the lot.

Again in September 1897 Mr.Farrell reported on the squatters and settlers and stated in reference to this lot "The owner,Thomas Craig, "makes no effort to pay for his land.Consequently "I would eject him from his holding."

In letter of the 8th September 1898 the Agent stated "This lot when sold had about two acres "cleared ready for farming.Mr.Craig has from that

time

"time to the present been planting these few acres
"and has made no effort to add thereto. Consequently
"as he has made only one payment on the lot, I would
"suggest that he be ejected."

On the 2nd August 1900, Mr. Farrell reported, "Thomas Craig has made no improvements on the lot. He farms a small piece that was cleared prior to purchase, has no intention of paying another dollar and should be ejected at once as he is only in the way of some other purchaser."

In report of August 29th 1901, Mr. Farrell stated in regard to this lot, "Thomas Craig has made " no effort to improve the land and, as I am more than " satisfied, that he has no intention to pay any further " amount on the lot I would advise cancellation of the " sale forthwith. Moreover there may be a chance of " selling the lot to another person who would improve " it. The land is good for farming purposes if cleared " and cultivated."

On the 18th July last, Mr. Agent Farrell reported "Cancel this sale at once as I have been "notified by above purchaser that he will not pay "any more. Moreover I think I can readily sell the lot perhaps for spot cash" File 107 222/3.

In view of the circumstances and the Agent's several recommendations to cancel the sale I would now recommend that it be cancelled immediately and the land resumed by the Department.

Sir,

Referring to Official Letter dated 20th Ultimo, in which you instructed me to notify the owner of Lot 17, North side of Blake Street in the Townplot of Shaftesbury to pay the arrears or a portion thereof due against the Lot in one month or that the sale would be cancelled.

I have the honor to report having duly notified the owner as instructed on the 25th Ultimo and a payment of $15.00 in reduction of the arrears was made on the 4th Instant.

In view of the above circumstances I would most respectfully recommend that the sale be allowed to stand as it now is as the owner informs me it is her intention to clear off the balance of arrears soon.

Sir:-

I beg to acknowledge the receipt of your letter of 19th instant and in reply to your inquiry to point out that reference to subsection "h" of section 2 of the Indian Act will show you that any woman married to any male person of Indian blood reputed to belong to a particular band is an Indian woman within the meaning of the Act and consequently subject to all its provisions.

This being so no one can lawfully furnish intoxicants to the white woman to whom you refer, and you are at perfect liberty to prosecute anyone for so doing, although in view of the probable ignorance of the hotel-keepers of the fact that the woman is an Indian within the meaning of the Act it might be well to warn them before proceeding to extreme measures.

Ottawa 29th May 1901-

To the Secretary,

Sales 3499 & 3517-

Lot 29, South side Vankoughnet Street, Shaftesbury was sold on the 20th October 1894 to Robert R.Gamey, but now stands by assignment in the name of George W.Angus.

½ an acre at $50.00 per acre ---------- $25.00

Paid at date of sale ---------- $10.00

Balance Principal due ---------- $15.00 and Interest thereon at 6% &c., &c.,

Lot 30, South side Vankoughnet Street, Shaftesbury was sold on the 1st April 1895 to Robert R.Gamey, but now stands by assignment in the name of George W.Angus.

¼ of an acre at $100.00 per acre ------ $25.00

Paid at date of sale ---------- $10.00

Balance Principal due ---------- $15.00 and Interest &c., &c.

On the 13th Ultimo, Mr.Agent Sims forwarded to the Department a sworn report by John G.Sims and Robert H.McMinn, shewing that no improvements of any kind were made on the lot. The Agent recommended in his letter that the owner be given one month to pay the arrears, failing which the sales to be cancelled. In reply, he was requested to carry out this suggestion and notify the owner accordingly.

On the 25th Inst., Mr.Sims reported having duly notified the owner of the lots as instructed, but no further payment had been received by him, and recommended cancellation of the sales, and, in view of the facts, I would also recommend cancellation.

Monsieur,

J'ai l'honneur de vous transmettre avec la présente, copie d'une assemblée spéciale du Conseil de la Réserve de ce jour à l'égard d'un chemin fermé sur la propriété de Mr Joseph Lavonde etc.

Résolution 1ère

Je crois devoir vous informer que le terrain vendu par Mr Delorimier à Mr Joseph Lavonde, qu'une partie du N°. 93 qui se trouve situé Nord Est du chemin de St Isidore autrefois le chemin de fer Vermont Central, n'était pas clôturé, que la famille Delorimier prétend qu'il n'y avait pas de chemin à cet endroit, seulement depuis que le chemin de fer n'existe plus, qu'il y a eu un chemin de tolérance vu qu'il n'y avait pas de clôture, Monsieur Lavonde en faisant la clôture autour du terrain acheté de Mr Delorimier, a fermé ce chemin, en mettant sa clôture droite a empiété à divers endroits sur la commune au moins 20 pieds de largeur et sur le chemin il a placé sa clôture un peu trop

Je suis d'opinion que des ordres du Département dans ce sens seront suivis par Mr Laronde, sans plus de trouble. Il y a animosité entre les Conseillers et Mr Laronde et cette résolution a été passée suivant la section 10 de l'acte des Sauvages subsection h.

Special meeting of the Council of the Caughnawaga Indian reserve April 22, 1901.

At a special meeting of the councillors of the Caughnawaga Indian reserve held this day, April 22, 1901, at 11 A.M. in my office at the village of Caughnawaga for the purpose of considering the report of the arbitrators appointed at the meeting of the councillors held on the 15th inst. for the settlement of the question in regard to the road closed by Mr. Joseph Laronde on the piece of land that he purchased on the reserve from the Messrs Delorimier, there were present, Francois Thires, Chief Councillor, John Simpson, Jean Bte. Oheroskon, John Sakowihe, Jean Bte. Delorimier and L.M. Jocks, Councillors.

The minutes of the previous meeting were read and approved after being interpreted by J.W Jocks.

Mr. Francois Thires, Mr.Jean Bte. Delorimier, the arbitrators above mentioned,made their report to the Council that it was not possible to come to an understanding with Mr. Laronde, and that the road is still closed.

Resolution 1, Mr. John Simpson, Councillor, moved, seconded by Mr. John Sakowihe, Councillor, that the road existing on the property of Mr. Joseph Laronde, No.93, of the common as far as the public road called the St. Isidore road and now closed by the said Joseph Laronde be opened and left vacant as usual, and that, in view of the refusal of the said Joseph Laronde to open the road as above described, request be made of the Honourable the Superintendent General of Indian Affairs to be kind enough to take or to authorize the necessary proceedings to cause the opening of the said road for a width of 24 feet immediately by the said Joseph Laronde and moreover to take measures to make him give up the land upon which he has encroached on

the Caughnawaga common by making his fence as well as on the public road called the St. Isidore road by placing his fence on the side of the road and that his fence be taken down and put back at least 8 feet from the side of the road. Carried unanimously.

Resolution 2, Mr. L.M. Jocks moved, seconded by Mr. John Sakowihe, that the same thing be done in regard to the encroachment by Moise Lefort on the riverside road in the village of Caughnawaga. Carried.

LAND BRANCH APR 27 1901

Sir,-

I have the honour to transmit herewith a copy of the minutes of a special meeting of the Council of the reserve held this day in regard to a closed road on the property of Mr. Joseph Laronde, etc.

Resolution 1, I beg to inform you that the piece of land sold by Mr. Delorimier to Mr. Joseph Laronde being a part of No. 93, which is situated northeast of the St. Isidore road, formerly the track of the Vermont Central Railway, was not fenced; that the Delorimier family assert that there was no road at this place except since the railway ceased to exist; that there was not even a road by tolerance, as there was no fence. Mr. Laronde in making the fence around the piece of land purchased from Mr. Delorimier closed up this road, by placing his ~~a right~~ fence straight he ~~on~~ has encroached at several places on the common at least twenty feet, and on the road he has placed his fence a little too near the road, it is not three feet from the side of the road. I have seen Mr. Laronde and he is quite ready to allow a road to be opened at the place asked for by the Council, but he is not willing to maintain either the fence or the road; he asks that the Council take upon itself to maintain the fence, which seems reasonable to me.

I believe that orders from the Department to this effect would be followed by Mr. Laronde without any further trouble. There is bad feeling between the councillors and Mr. Laronde and this resolution was passed in accordance with section 10 of the Indian Act, ~~and~~ sub-section h.

Resolution 2 is of a kind similar to that ~~of~~ in regard to Laronde.

MEMORANDUM.

Approved F.M. Law

Ottawa, 29th April, 1901-

To the Secretary,

Referring to the letters and enclosures from Mr Agent Brosseau, of the 22nd Inst., it would appear the facts are as follows:-

Mr. Joseph Laronde (Indian), bought a piece of property in the Caughnawaga Res. unfenced, and through which a supposed public road passed .

Mr. Laronde fenced his newly acquired property, thus closing, or practically closing, the road.

The Indian Council called upon him to open the road, and in view of the refusal to do so by the said Laronde, the Council has appealed to the Supt. Genl. to authorize the necessary proceedings to cause the said Laronde to open the road, and also to remove his fence from where he has encroached on another public road.

The Agent explains that Mr. Laronde is quite willing to open the said road, but he is not willing to maintain either the fence or the road, and thinks the Council should do this. Mr. Brosseau adds that he thinks this is reasonable.

It would appear that if the said road was practically a public road before the fencing in of the land, Mr. Laronde had no right to close it. Neither should he expect the Council to maintain the fences on each side of the road, unless there is some exceptional hardship

Indian Affairs. (RG 10, Volume 3030, File 233,350)

hardship in the matter.

If,on the other hand,it is a fact,as asserted by the former Owners of the said Lot,that the supposed road was never a public road,then if the Indian Council desires to establish a road through the said Lot,the Owner Mr.Laronde,should be fairly compensated for his loss of land,severance and construction and maintenance of fences. In any case Mr Laronde should be liable to do his share of work on the roads in the Reserve and no more.

I have received instructions to visit Caughnawaga,in connection with the proposed Survey and Surrender of the Doncaster Reserve. If approved,I will look into this matter while there,and endeavour to settle it.

MEMORANDUM.

Ottawa, 15th May, 1901-

To the Secretary-

During my recent visit at Caughnawaga, Mr. Brosseau and the Indian Council brought to my attention the two cases of trespass referred to in Mr. Brosseau's letter and the Resolutions of the Council of the 22nd April last.

The trespass of Moses Lefort was a small matter. He owns a Lot near the water's edge, which he had recently purchased from another party. He deliberately commenced to build a fence enclosing a portion of the already very narrow Road Allowance along the River Bank. The trespass was so palpable that I directed without hesitation, that he should place his fence as directed by the Indian Council.

The case of Mr. Joseph Laronde, the owner of Lot 93, a Farm Lot adjacent to the Common, is more important.

It

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

It is however,perfectly clear that Mr.Laronde has enclosed land within the new fences which he has recently erected, to which he has no right whatever.

The fence along the Isidore Road should have been erected by him on the former limit of the Right of Way. Instead,his fence is placed close to the travelled track. The Council simply ask that this fence be placed back eight feet further,instead of insisting ,as they might,that the fence be put on the limit of the Right of Way.

On the East or Commons side of the said Lot 93 Mr.Laronde has left a width of 66 feet,between his new fence and the Cemetery fence,instead of placing his fence on the original line of the property. Similarly to the North,he has encroached on the Commons,apparently with no reason for the action,but simply to enclose more land.

There appears to have been originally no road across this property. The Council now desire one or rather to continue to use the one that has been travelled within recent years.

I beg to recommend that Mr.Brosseau be instructed to inform the Indian Council that they may cause Laronde's fences to be put in their correct positions,after passing a resolution to that effect.

That they pass a resolution defining the position of the public road required across Laronde's land,and to tender to him the amount to be paid him in lieu of damages for the same. The amount of damages to be ascertained by the Indian Council appointing one Arbitrator,and Laronde the other. Should these fail to agree, the Indian Agent should appoint a third.

The Indian Council should maintain the fences on the Commons' side of the property in common with the other fences maintained by it around the Commons. The fences on each side of the new road should either be provided for in the damages to be paid Laronde or they should be maintained by the Council.

Sir,

I beg to inform you that when Mr.Bray returned from his trip to Caughnawaga,he reported to the Department on the case of Mr.Laronde,and advised that the Indian Council should be informed that they may cause Laronde's fences to be put in their correct positions after passing a Resolution to that effect.

The Law Clerk,however, has stated that when he was at Caughnawaga he spoke to you about Laronde's case and that he understood it would be settled under the new By-Law which you thought would practically dispose of all urgent questions between Laronde and the Council.

Under these circumstances,it has been considered advisable not to take any action on Mr.Bray's report.

Tp the Secretary of the Indians Affairs,
Ottawa.

Sir,

I wont to make you know about the farms I bout from the de Lorimier, last February. The Indians of Caughnawaga are asking, for years to the de Lorimier to leave the place and they sold to me their farms.

When I made the fence to prevent them to pass through my property, I did not wount to give them a free passage, but I was asking to them to pay me for that road. As I bout that property, I am noe willing to give the use of such to the whole Reserve. There was nwver a road where the are asking to pass. Since the Grand Trunk toke away is line, they were allowed to pass on its old site. But instead of passing there they ask to pass through my property and as it is to much trouble, I do not wont to let them do so.

I change the fence a few fett so to have a streighter fence I have the reight to take a few feet like anyone of the Iroquois as I am myself of the Reserve. Because everybody did it and some had more then five or six acreas. I paid every thing with my own money and I wount them to do the same. I have never asked to the government Reserve to give me a cent for for what I was asking, but I was working to make the money, why every one desn't do the same.

If you please, explaine this to the Agent at Caughnawaga.

I do not thing that I will be back before December next.

Sir,

Last year, late Agent A. Brosseau was called upon to examine, on the Reserve, a new road built by Mr Joseph Delaronde trader of Caughnawaga, which the latter offered in exchange for a short stretch of a public road running through his holding No 93 as per Walbank survey.

The new road, now more used by the public than the old one, is also an improvement and of greater convenience.

The offer was acceptable to the late Agent and to the majority of the Councillors; the one who made the greatest objection was Dr A.T. Patton, but his objection was based not on reason, but on spite against Mr Delaronde.

The new road being now solely used, Mr Delaronde intends to close the old disused road and for that purpose, prays for the confirmation by the Department of the exchange, which was commended by late Brosseau. I can state that I was with the latter when he examined the new and old roads, I also heard him commend the exchange.

An early answer will oblige.

A complaint made by Charles Beauvais,that Mr. Joseph de Laronde,his neighbour,has abstructed and closed a road required to reach his land and that of his neighbour while granting him,all the same,another road over his so-called property (Mr.de Laronde's) over marshy ground,unsuitable for loaded vehicles; that the property where this new road is established does not belong to the said Joseph de Laronde,or at least his title is contested.

Wherefore the said complainant asks that the former road be established at the same place,in order to make communication easier between the reserve and his property,and to put an end to the disadvantages to him, the said petitioner,caused by the present state of this new road.

The said council took into consideration this complaint and rendered justice in the matter by the following resolution.

Moved by Cr.M.Daillebout,sec. by Cr. Sir,-

Referring to the complaintof Charles Beauvais respecting the change of road made by his neighbour, Joseph deLaronde, which is dealt with by the Caughnawaga Indian Council, in the resolution mentioned in the letter of the 21st August last, signed by Chief Councillor Daillebout and yourself, I have to request you to send me your report thereon.

You will remember that you reported on the 15th April last to the effect that the new road opened by J. de Laronde was in your opinion better in all respects than the old road, and should be adopted and maintained as a public road, without expense to the reserve. The resolution of the Indian Council is to the effect that the old road should be re-established. Kindly look into this matter very carefully and report in full for the consideration of the Department.

DEPARTMENT OF INDIAN AFFAIRS MAY 5 1904

Immediate

Ottawa, 4th May, 1904.

Memorandum:

Mr. Bray, J.B.

Dr Patton called at the Department to-day, along with Councillor Daillebout, and left the accompanying declaration.

It appears that one Delaronde has succeeded in getting the new road shown on the accompanying sketch opened up in place of the old road which has been used for sixty years. It is stated that the new road, which follows the old Grand Trunk track between the portions marked by a X on the sketch, is poor bottom, being sand, and will take a large expenditure before it can be made for for travel. Delaronde has built the portion at the base of the triangle on his own property to connect with the old road. The Council yesterday passed the fourth resolution in favour of the old road, and they complain bitterly against being compelled to go all the way round by the new road instead of by the direct route. Moreover, they complain that Marcil Prejean has removed the fence and gate from the apex of the triangle about

150 feet out on the common, and this was done by the Agent's sanction and against the wishes of the Council and the band as a whole.

The Indians protest bitterly against the Agent , of his own authority, undertaking to remove the fence and gate out on the common and giving Delaronde land which belongs to the common.

If there is any information in the Department about this matter, the Agent had better be communicated with at once.

Sir,-

Dr. Patton called at the Department yesterday with Councillor Daillebout of the Caughnawaga Indian Reserve. They entered an urgent request to the effect that, in the matter of the new road opened by Mr. Delaronde, the ruling of the Council should be adopted.

You will remember that you were authorized on the 20th April last year to allow Mr. Joseph Delaronde to open the new road and to close the old one.

On a request from the Indian Council, it was decided to reconsider this decision, and you were requested on the 1st October last to again look into the matter very carefully, and report in full for the consideration of the Department. I shall feel obliged if you will be good enough to send this report as soon as possible.

In addition to the road question, Messrs. Patton and Daillebout complained that Marcil Prejean has removed the fence and gate from the apex of the triangle about 150 feet out on the Common, and that this was done with your sanction, and against the wishes of the Council and the Band as a whole. The Indiansprotest bitterly against your action,which they state consisted in removing the fence and gate out on the Common, thus giving Delaronde

In reply to your letter I have the honour to say:

(1) That I recollect having been authorized to permit Mr. J. de Lavonde to open the new road and close the old.

(2) That the ~~Dept~~ Council at its meeting of June 12, last, requested the Dept. to reconsider its decision, not because the council was opposed to the new road, but because many of those interested complained of the attitude of Mr. de Lavonde.

(3) That the Depts. letter of Oct. 1, last, did not relate to this question, but to another road, which interested particularly Charles Beaunais.

(4) That the old road at the time of my visit, being filled with bushes, was not frequented.

(5) That I have acted in this affair in a manner to profit the revenue to the extent of a good road in a more advantageous site than the old, and without cost. If I understood correctly the new road was made

(6) That by making the change in this road I have never understood that Mr. de Laronde took 150 feet of land from the Common. If the Dept. authorize me I shall have a measurement made at the cost of the party in default, and shall report to it.

My dear Mr. Pedley:-

Dr. Patton is here in my office from Caughnawaga, bringing a message from Chief D'Aillebout.

LAND BRANCH.
JUN 23 1904

When the Chiefs were in the other day, and when I wrote you last, the Chief himself could not speak English, and one of the Indians with him explained the matter to me, but it seems he did not give me the whole information.

It seems that this fence or enclosure which the Agent allowed Laronde to extend or build, had the effect of stopping up a road which had always been in existence. The Council ordered the gate opened and it was done. Laronde then closed it up with stones.

The Chiefs then took an action against him for obstructing this road, and when the matter came up before the Magistrate, Laronde turned up with the Agent and showed a permission from the Department authorizing the closing up of this road. The Chiefs then, of course, had to withdraw the case and pay the costs, and subsequently the Chiefs are threatened with an action for damages as well as costs.

Now, the Chiefs complain of this because they say that the order should not have been granted without consulting them, and neither by the Department nor the Agent were they notified, or had any knowledge that this was being done. If

If they had known it had been done they would not have taken an action and subjected themselves to damages.

From what Dr. Patton tells me, and from what I have heard before, it certainly appears to me that the Agent either does not know his business or is influenced by parties who represent but a very small portion of the Band.

Memo. Department of Indian Affairs,

Ottawa, 25th June, 1904.

The Deputy Supt. General,-

Mr. Jos. Delaronde bought a piece of unfenced, or only partly fenced, land in Caughnawaga from another Indian four or five years ago. It appears that a road had been in use across this land.

Mr. Delaronde when fencing in his land included, it appears, a portion of the Common to which he had no right, and closed the road mentioned. He, however, opened another, and apparently, in some respects, a better road than the one he had closed.

Complaint was made to the Department by the Council to the effect that Mr. Delaronde should re-open the old road. When on a visit to Caughnawaga, on another matter, I was instructed to look into this case and reported 15th May, 1901, that the Council should be allowed to place the road in the position they desired, but Mr. Delaronde should have the damages he might sustain thereby fairly assessed and paid him.

On the recommendation of the Law Clerk no action was taken, as he stated that the matter would be settled by the operation of a new By-law.

The new By-law referred to (File No. 207113, Reference 235392) deals only with the Common, encroachments on the same, and bridges and roads passing through it, etc., but there is no provision whatever to enable the Council to definitely open up a road, or to settle this question in particular.

On the 20th April, 1903, in accordance with a report made by Mr. J. Blain, the Indian Agent, to the effect that the new road was in all respects better than the

Indian Affairs. (RG 10, Volume 3030, File 233,350)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

the old one, the Department gave instructions that the old road should remain closed.

The Indian Council made request that the matter be reconsidered by the Department, and passed a resolution to the effect that the old road be re-established. On the 7th May last Agent Blain reported to the effect that the Department was requested to reconsider its decision, not because the Council was opposed to the new road, but because many of those interested complained of the attitude of Mr. Delaronde.

On the 25th May, Agent Blain was instructed to make an effort to have the matter satisfactorily adjusted.

Dr. Patton of Caughnawaga when on a visit to the Department urged that the desire of the Council should be acceded to. Mr. Leet states in his letter, hereunder, that Dr. Patton has called on him in relation to this matter also that the Chiefs entered a civil action against Mr. Delaronde which they lost, and now complain to the effect that they would not have taken any action if they had been duly consulted with regard to the opening of this road.

I beg to submit that my recommendation made in the first instance may possibly be, even now, the best solution of the difficulty. That is to say the Indian Council should define the limits of the road in question, and that the damages that may be sustained by Mr. Delaronde in consequence of their action be valued by a disinterested person, or persons, with the view of paying Mr. Delaronde the said damages from the Band funds. The whole procedure should be submitted for the approval of the Department. This action may apparently be taken under the provisions of Section 16 of the Indian Act.

As

Sir,-

An extract from your letter of the 26th May last is to the effect that the Delaronde road matter is settled. I have, however, to inform you that a letter has been received from S.P. Leet, Esq., Barrister of Montreal, in which he states that Dr. Patton has called on him on the part of Chief Daillebout. The Doctor said that this road question is till causing trouble.

I have to request you to instruct the Indian Council to define the limits of the said road. The damages that may be sustained by Mr. Delaronde are then to be assessed by a disinterested person, or persons. If one person can be found who is acceptable to both the Council and Mr. Delaronde let him assess the damages. If not, the Council should appoint one person and Mr. Delaronde another, and those two together should appoint another and thus endeavour to arrive at a reasonable sum to be paid to Mr. Delaronde. The result is then to be submitted to the Department for consideration and approval.

DEPT. OF INDIAN AFFAIRS
FEB 10 1905
SURVEYS.

Dear Sir :-

Mr. Joseph Delaronde, of Caughnawaga, desires that I should write to you about certain troubles to which he has been subjected in connection with his properties on the Reserve.

You, no doubt, know who and what this Mr. Delaronde is; I think it is not exagerating to say that he is one of the most thriving, industrious and law abiding member of the tribe. He is sober, moral and of good habits. In fact he is an improved indian that deserves credit and encouragement.

And because he is all that , the others, having less elevated ideas of civilization, are trying to persecute him and keep him down to their low level.

Delaronde is acquiring property to improve it. In fact, so far, he has improved all the lands he has possession of to the admiration of his fellow tribesmen. His business besides farming, is bead works. Every year, after having made a provision of all kinds of indian curiosities, he goes out to the States, British Columbia or to as far as the Yukon, to sell them. He keeps quite a large number of women of Caughnawaga working for him and he buys from others of the tribe all their bead works. The little savings he has by this calling made, and is making, he invests in property.

Some of those property he tills himself or is tilled by his sons or is leased to outside farmers.

Such a man is desirable for the good example he sets and the money he spends in any place and "a fortiori" in a place like Caughnawaga .

Still, when he goes abroad, the council or rather a certain Doctor Patton who inspires the council causes him all kinds of difficulties.

Since two or three years, as soon as he leaves, this brave fellow keeps brewing trouble against him; he does not dare do all this while he is home. This year Delaronde had to come back sooner than he expected to his great loss, on account of the annoyances he is put to. He cannot lease one of these properties he has under option, because Dr. Patton or the council threatens the tenants with all sorts of procedures and even threatens to do themselves justice by having recourse to acts of violence.and in fact they have gone to such acts of violence as I will explain later. Now Delaronde would like to have peace and asks the Department to kindly look unto these differences and give a final decision thereon. He wishes when he goes away from home to be assured that his family will not be put to any trouble.

To help to explain these differences, I enclose a rough sketch of the property in question about which the difficulties arise. This sketch is copied on the Government Surveyer's plan.

FIRST DIFFICULTY.

Road No 1 from point A to B was closed and Road No 2 opened from point C to D.

Before making and opening road No 2, Delaronde enquired from the Government through its agent, whether he could not close road No 1 from A to B, that it would be more convenient to the Villagers and public at large and less inconvenient to have the road No 1 changed; that road No 2 would be a better road. I understand that your department after examining the matter decided to have road No 1 closed from A to B and road No 2 opened from C to D. Your letter of the 20th April, 1903 ,bears this out. Copies of this letter were required in a criminal suit taken by a man name d'Aillebout at the instigation of Dr. Patton against Delaronde's son in law. On reading this letter Patton cause the suit to drop.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Since then Patton has gone to the Government and complained bitterly, it seems, of this decision. It is now stated by Patton that the Department had no business to order this road No 1 to be closed and that the matter is not finished. Of course since Delaronde's return the question is left in abeyance by Patton until he leaves again, but before leaving Delaronde wants to know, if your decision is final. You will at once understand the damages to which Delaronde will be put to, if road No 1 is re-opened and road No 2 is closed. Of course Patton and his friends have nothing else in view, but to cause Delaronde damages and that through pure malice. The new road is better and easier of access from the village by the old Grand Trunk Road than the other, and it is shorter to reach Patton's lot by road No 2.

SECOND DIFFICULTY.

Delaronde has a lot marked "X" on sketch containing about 15 acres. It is separated from Delaronde's main farm by Patton's lot and Bruce's Heirs 'lot. When these two last lot, Patton's and Bruce's were the property of old Jocks, the author of Patton and heirs Bruce who are the grand children of old Jocks , road No 5 from times immemorial existed to allow, naturally, the owners of Delaronde's property to have access to lot X. Later Old Jocks closed road No 5 by putting large stones in it. The de Lorimiers who own Delaronde's farm then, communicated for a great many years with their lot X by road No 4. Subsequently road No 5 was reopened and the de Lorimiers were asked by Baptiste Josks, Patton's uncle, to pass by it instead of by road No 4. Now, that Delaeonde has this property under option Patton wont allow him access at all to his lot X. Last year, Patton forbade Delaronde's tenant to pass by those roads to reach lot X and even threatened to use violence against him if he did. This is the reason the tenant left and that the property is now without a tenant and Delaronde cannot get a tenant on account of the constant trouble to which a tenant is put to by these people. It appears that the tenant lost his harvest on said lot last year.

Delaronde had to come back from the Yukon to have all this settled and is awaiting a decision of your department before he can lease this farm and return to the West

where he left all his goods.

There can be no doubt but that the owner of property X must have a passage or right of way to reach it. That right of way having always existed, it should be easy to arrive at a prompt decision.

The action of Patton is most unfair especially when we think that the whole of road No 1 is taken on Delaronde's property. He seems to claim rights of way all over ~~and~~ Delaronde 's property, but deny him the right of access to his lot X.

Messrs de Lorimier's property given under option to Delaronde is known on your plan as No 98, that of Patton's 99 and that of Bruce's 101.

Hoping that you will see that justice be given this man.

I am,

Yours truly,

Sir,

En reponse a votre lettre je dois vous dire que le chemin nouveau qui a été ouvert par Mr. de Lavonde dans la réserve de Caughnawaga, près de la presbytère, a été fait et dépensé et substitué a cet ancien chemin presque non pratiqué et le chemin le mieux situé et le mieux entretenu pour répondre aux besoins du public.

Que le Département a fait un acte de justice pour toute la réserve quand il m'a autorisé de fermer l'ancien chemin et d'ouvrir le nouveau chemin qui est pratiqué a la grande satisfaction du public.

Quant a la route a être ouverte et pratiquée pour communiquer a un autre petit lot qu'il possède dans la Réserve Mr. de Lavonde ne demande que ce qui est juste et qui doit lui être accordé par le Département.

In reply to your letter of the 15th inst., No. 23335-0, I beg to say that the new road which has been opened by Mr. de Lalonde on the Caughnawaga reserve near his property, at his own expense, and substituted for an old road hardly ever used, is the better situated and better maintained road for the use of the public.

The Dept. did an act of justice to all the reserve when it authorized me to close the old road and open the new, which is used to the great satisfaction of the public.

As to the road to be opened and used to communicate with another small lot that he owns on the reserve, Mr. de Lalonde asks only what is just and what ought to be granted him by the Dept.

Memo.

Department of Indian Affairs,
Ottawa, 20th February, 1905.

J.B.

The Deputy Supt. General:-

The dispute about the roads to Mr. Delaronde's lands in Caughnawaga has been one of long standing. Under instructions referring to this and other matters in Caughnawaga I reported in 1901 to the effect that the roads should be decided on by the Indian council, and whatever damages Mr. Delaronde should suffer in consequence of the action of the Council should be decided by arbitration and paid to Mr. Delaronde.

DEPT. OF INDIAN AFFAIRS,
FEB 21 1905
SURVEYS

With reference to the foregoing, our late Law Clerk, Mr. Rimmer, reported that he had spoken to the Indian Agent about Delaronde's case when he was at Caughnawaga, and said that it would be settled under the new by-laws which he thought would practically dispose of all urgent questions between Delaronde and the Indian Council. Consequently no action was taken on the memorandum. The by-laws referred to dealt only with the lands of the Common, and had no reference to the two roads in dispute.

In 1903, in accordance with the Agent's report he was instructed to take the necessary action to have the old road closed and the new road opened to take its place.

This action was contrary to the views of the Indian Council, and the Department was requested to re-consider its decision. Dr. Patton and the Chief Councillor came to Ottawa urging that the views of the Council should be sustained and the old road re-opened.

The Agent has again reported, under date of the 16th instant, that the new road opened by Delaronde is the better road for the public, and that the Department did an act of justice in closing the old road and confirming the new one. He also states that the road required by Delaronde

Indian Affairs. (RG 10, Volume 3030, File 233,350)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Delaronde to another piece of property should be granted to him. This road would really not be a grant, it would simply be compelling Dr. Patton to allow Delaronde to use one of the roads which has been continually in use, but which had been closed by Dr. Patton.

The Agent would appear to be correct in both cases. It is, however not in accordance with the usual policy of the Department to open a road against the wishes of the Indian Council, although the Superintendent General appears to have power to arrange the lands and roads within an Indian Reserve.

There appears to be great personal antagonism between Dr. Patton and Mr. Delaronde. Dr. Patton, I am informed, has great influence with the Indian council, and is thus able to keep up the agitation to open the old road, although the new one appears to be the better one.

I think it would be well for an officer of the Department to visit Caughnawaga in the spring with instructions to settle this matter definitely and finally.

SURVEYS.

Dear Sir :

I am informed by your agent, Mr. J. Blain, that an officer of your department will go to Caughnawaga in the spring, to settle the dispute between the Indian council Dr. Patton and Mr Delaronde, in respect to roads.

I am now instructed to say that as already stated in my previous letter, Mr. Delaronde will be put to great loss and damages by any delay in having your final decision in this matter .

I undrestood that as far as the matter of the substitution of one road for the other, it was decided and settled once for all.

As regards the right of way to communicate with his road containing about 12 or 18 acres of land, the law in my mind is clear, no one can be deprived of having access to his property.

I would therefore beg of you to be kind enough to give your decision as early as possible; if you delay too long, Dr. Patton and the council's aim shall have been obtained.

Their interest is so insignificant in the matter that what they want is to cause trouble to this man; what they want is to cause damages and losses to Delaronde .

Mr. Delaronde cannot afford to lose much time, as all his goods have been shipped West and he will have to leave very soon to follow them.

Yours truly,

A. E. de Lorimier

Referring to your letter of the 25th ultimo, I have to say that on account of the depth of snow, it would appear to be almost useless to attempt to finally arrange the disputes in connection with the roads through and to Mr. Delaronde's lands in Caughnawaga. As soon as the season will permit, an officer will visit the locality, as stated in my letter of the 21st ultimo. It is to be regretted that Mr. Delaronde's affairs will not allow him to wait until then. It is thought that he should appoint some person in his confidence with full power to act as his attorney to attend to his interests.

I have to request you to proceed to Caughnawaga, leaving here on the evening of the 21st instant, in order to be at your destination on the morning of the 22nd following. You will there meet Messrs. Agent J. Blain, A. E. Delorimier, and the members of the Indian council of Caughnawaga.

You will please proceed to the locality in which are situated the two short pieces of road in dispute, and inquire carefully into the matters in connection therewith.

You will please decide definitely and on their merits where these roads are to be located. Their general utility, and economy of construction and maintenance should have considerable weight in your decision. You should if possible meet the wishes of the Indian Council. This is, however, not imperative, especially if it is evident that the road desired by the Council is not as good as the one desired by Mr. Delorimier. Memo.

Department of Indian Affairs,

Ottawa, 23rd March, 1905.

The Deputy Supt. General,-

In accordance with your instructions of the 14th instant, I have visited Caughnawaga and beg to report in connection with the two roads in dispute.

The road dealt with in my meorandum of the 15th May, 1901, is a separate and distinct road from either of the two roads now in question.

The said two roads are shown on the blue print in the folder herewith, and numbered thereon I and 2.

Road No. 1 is a short piece of new road or deviation made by Mr. J. Delaronde from the old road running northerly through Lot No. 93. The said old road, which has been ~~requested~~ closed by Mr. Delaronde, appears to have been in use upwards of sixty years, and at one time, about twenty-five years ago, it was regularly defined by survey.

A Railway line was projected and built to the east of the old road, and runs parallel with it for a short distance. The new road or deviation built by Mr. Delaronde connects with the said Railway line, which has been abandoned by the Railway, and for many years has been used as a public road.

DEPT. OF INDIAN AFFAIRS
MAR 27 1905
SURVEYS

Mr. Delaronde built the said new road or deviation in good faith; with the consent of the Indian Agent and the subsequent approval of the Department. There appears to be no reason why this road should not be of equal benefit to the reserve as the portion of the old road closed by Mr. Delaronde, and taken by him in lieu of the new road.

I, therefore, recommend that the closing of the said portion of the old road be again approved by the Department, and the new road built by Mr. Delaronde con-

confirmed as a public road. It is understood that Mr. Delaronde is to construct this road in a good and proper manner once only; thereafter it is to be maintained by the Band as a public road, in a similar manner as other public roads in the reserve.

If the Indian Council should hereafter desire to re-open the old road and close the new one, Mr. Delaronde should be paid fair damages in connection with this proceeding. If the Indian Council cannot agree directly with Mr. Delaronde as to the amount of damages, the same is to be ascertained by arbitration; one arbitrator to be appointed by the Indian Council, one by Mr. Delaronde and one by the Indian Agent. n Dept B

In the event of the Indian Council passing a resolution to the above effect, and offering a fair amount by way of damages to Mr. Delaronde, which sum is to be paid from the Band funds, the Department will be disposed to approve of the proceeding of the Council. It is, however, understood that no action is to be taken towards carrying out the said resolution until the return of Mr. Delaronde to the reserve.

Road No. 2 is a private road or lane. It appears that the owners of Lot No. 100 have passed and repassed across Lot No. 99, owned by Thos. Patten for the past thirty years. Last year Patten prohibited Delaronde's tenant from crossing his land, and wished him to have access to the said Lot No. 100 over a supposed right of way which had been disused, and has been in the possession of a third party, for an indefinite length of time, probably fifty years.

There appeared to be no question that Patten was bound to give Delaronde a right of way across his lot.

Mr. Bray's report regarding the two roads in dispute in connection with Mr. T. Delaronde's lands, in the Caughnawaga Indian reserve, has been approved. The report is to the following effect:-

The short piece of new road or deviation built by Mr. Delaronde from the old road through Lot No. 93 to the abandoned Railway line was shown to have been constructed by Mr. Delarone in good faith; with the consent of the Indian Agent, and the subsequent approval of the Department. It is, however, understood that no action is to be taken towards carrying out the said resolution until the return of Mr. Delaronde to the reserve.

The second road, which is a private right of way, in dispute over Lot No. 99, owned by Thos. Patten, to Lot No. 100, owned by J. Delaronde, was arranged by mutual agreement, of which you are aware, and a copy of the grant then executed by Thos. Patten is herewith enclosed for record in your office.

388

I have the honor to report that an application has been received from Mr J. C Irving of Manitowaning to have Lot 9, (part of sale 388) Con 2, Assiginack valued under Section 6 of the Land Regulations.

Mr Irving states that the above mentioned Lot is totally unfit for farming purposes, that the original owners thereof have had to abandon it on this account. He further states that he is willing to pay the expense of a Forest Bailiff to examine and value the same and that if it is found to be unfit for farming purposes he wishes the Department to cancel the sale and re-sell to him at the value placed thereon by the Forest Bailiff.

I would most respectfully recommend that authority be given to have a Forest Bailiff make the examination as asked for and that if the Lot is as it is represented to be, for the greater part unfit for farming purposes that the sale be cancelled and a new sale thereof made to Mr Irving at the value placed thereon by the Forest Bailiff.

I have the honor to be

Sir

Sir,

In reply to your letter of the 22nd Instant, in regard to the question of a re-valuation of Lot 9, Con.2,Assiginack,with a view of a re-sale to the present owner,Mr.J.C.Irving,under Section 6 of the Regulations, I have to inform you that as this lot was sold originally at the very low rate of 50/ per acre,the Department is not disposed to consider the question of any reduction in the price thereof. If Mr.Irving,however, is willing to pay the arrears,Principal and Interest against the lot as it now stands,you may instruct the Forest Bailiff to examine the property as to whether it is fit for agricultural purposes,Mr.Irving to pay the cost of such examination in the usual way.

Upon receipt of the Forest Bailiff's sworn report,together with your ~~examination~~ recommendation, the Department will,if the lot is found unfit for farming purposes, consider the question of ~~cancelling the present Sale and entering a new sale~~ issue of Patent in Mr.Irving's name under Section 6 of the Regulations.

Sir,

I have to acknowledge the receipt of your letter of the 3rd Instant,recommending cancellation of the Sale,Part 388,of Lot 9 Con.2,Assiginack,and in reply have to state that this Part Sale has been cancelled,and the land resumed by the Department.

As,however,this Lot was not included in the list valudd by Mr.Robert Russell,you will be good enough to instruct Mr.Inspector Shaw to examine and value the property at the first convenient opportunity,and to submit a report thereon to the Dept. under Statutory Declaration ,shewing besides the value per Acre,whether the land is on the whole,or for the most part, unfit for agricultural purposes.

On receipt of this valuation,the question of selling the Lot to the applicant therefor,Mr.Frank Hall, will receive consideration by the Department.

Memo.

The Deputy Minister,-

On the 17th of March last the sale of lot 9, Con. 2, Assiginack, was duly cancelled, and on the 20th of March Mr. Agent Lewis was advised of cancellation and requested to instruct Inspector Shaw to examine and report as to the value of the lot. Mr. Shaw has furnished a sworn report establishing the fact that the lot is not fit for settlement and placing a value thereon of 30 cents per acre.
Mr. Agent Lewis reports an application for the lot by Mr. Frank Hall, of Hilly Grove, and I would beg to recommend that the Agent be authorized to carry out a sale to the applicant of the lot, which contains 121 acres, at the price placed thereon by Mr. Shaw, namely, 30 cents per acre, cash, under section 6 of the Land Regulations.

Ottawa, May 3rd, 1901. 189

Sir, 4/5/1901

A complaint was laid before me at St. Regis on Tuesday last by one David Sharrow in respect to a decision arrived at by the Chiefs on Monday. The letter he handed to me is enclosed. It appears that he has been in possession of a part of the house indicated by a rough diagram upon this letter for nine years. The Chiefs now propose to cut his living room in two and give one-half of it to an Indian named Peter Sugarbush who occupies a portion of the same building.

IND. BRANCH. MAY 4 1901

I believe the facts are as stated by Sharrow. He asks the Department to protect him in the enjoyment of that which was given to him nine years ago.

Sir,

In a confidential report addressed to the Deputy Superintendent General of the 3rd inst. which, I think, has become official, I referred to the necessity of doing something to assure the Indians of St. Regis that their estates were being properly administered for their benefit, and I have now the honor to submit the following recommendation:-

That steps be taken

1. To enquire closely into the use of all land within the St. Regis reserve which is at present not occupied by or in possession of Indians.

2. To closely scrutinize leases of islands or other portions of the reserve with a view to seeing whether they are all such as should properly be respected.

3. To indicate to the Indians any islands or other portions of the reserve not now occupied by them that they are at liberty to enter into possession of.

4. To consider and report upon the advisability of eliminating the Indian title in rented or other reserve lands and islands at present occupied by others than Indians of the b[illegible]

LAND BRANCH. MAY 10 1901

Sir,

With further reference to my letter of the 6th instant in which I had the honor to recommend that steps should be taken to look into certain matters connected with the lands of the St. Regis Indians I beg further to say that I have just read with care the valuable report of Mr. J. A. J. McKenna, dated 13th October, 1896, "respecting the claim of the Iroquois of St. Regis to "the islands in the St. Lawrence River known as the "Thousand Islands", and being impressed by some of the statements in that report would suggest that their claim in the Thousand Islands should also be looked into and, if possible, disposed of.

File 179631

Mr. McKenna shews clearly that the claim is an old one, may have something in it, and has never been thoroughly investigated. He gives evidence that the claim was asserted in the latter part of the eighteenth century, and there appears to have been a constant intention from time to time to deal with it, but this was never put into effect. He says in regard to the assertion of the claim in 1856, that there is apparently no record of any direct action being taken, and "but there the matter "seems to have rested", and

"There is nothing in the records a

Referring to your Memo of the 3rd Instant I beg to say that according as Leases, covering Islands in the River St.Lawrence, belonging to the St.Regis Indians, have expired, they have been allowed to place a Member of the Band in occupation thereof.

Leases of the following Islands have expired within the last few years and the Indians have taken possession thereof: viz-

Green Island
Hay Island
Maple Island
Outer Presquile Island

The following Islands, of which the Leases have expired, have not been located by the Indians, so far as the Department is aware;

Wintergreen Island
White Rock & Lame Squaw Islands
Spencer Island

The following are the Islands belonging to the St.Regis Indians and at present under Lease;

In 1888,a Commission was appointed to enquire into the Dundee Indian Land question,composed,of the Hon.Mr.Justice Burbidge,Hon.W.W.Lynch,Q.C.,and A.Dingman,Esq.,a report of which enquiry is hereto attached. It will be seen from this Report that the Commissioners decided as follows in regard to Indian Leases:

1st. That the leases are emphyteutic;

2nd. That those the term of which extends beyond ninety-nine years,must be limited to that period.

3rd. That under the leases,the tenants had a right to alienate,transfer and hypothecate the rights which they possessed;

4th. and lastly,that as the lessees took their respective lots of land in a state of nature and that as it is apparent from the terms of the leases that it was intended that the land was to be cleared,cultivated and built upon for farming purposes,they should be regarded as possessors in good faith;and under the provisions of art.582 of the Civil Code,taken in connection with art. 417,that they are entitled,in any settlement which may be made,to have the additional value which their improvements have given to their respective lots,taken into account.

As regards the question of ownership of Islands in the Thousand Island Group,I beg to point out that the Mississaguas of Alnwick have been the recognized owners,to whose credit the sums received for the sales of the Islands have been placed and,no doubt,any interference with past action in this matter would cause great dissatisfaction. The Special Commissioners appointed in 1856 to investigate Indian Affairs in Canada,reported that the claim of the Mississaguas of Alnwick to the Islands was,in their opinion,good,and that the acceptance of the Surrender from the Indians in 1856 by the Government was an acknowledgement that those Islands had never been ceded by them.

Memorandum for the Superintendent General.

When directions were given for initiation of proceedings for ejectment under Section 22 of the Indian Act, the case of trespass upon Colquhoun Island was before you in this way :

That Skin, the trespasser, was formerly proceeded against on the part of the lessees; that the Department, through Mr Macrae, intervened; that he withdrew as a result of an understanding with the Council; that his present trespass was maliciously in violation of the understanding; that the Chiefs were a party to it; and that from the representations on behalf of the lessees they were unable to effectively proceed without your consent.

Mr Macrae returned after taking the complaint and evidence as to the trespass during your absence. He saw me and stated that the matter was more serious than appeared on the surface; that when he intervened before and Skin removed from the island he told the Chiefs that if they wanted to have the question of title gone into they should proceed regularly and ask the Department to go into the question; that we might be able now to eject Skin, but that he would return; that the Indians were determined to assert what they believed to be their rights; that if we removed Skin, we would again have the same condition to meet, aggravated probably by the forcible resistance of 400 Indians; and that he was of the opinion that the solicitors for the

lessees were afraid to have the question of title tested by taking ordinary proceedings for the protection of the leasehold. I suggested that he make a full report in writing; and his verbal statement seemed to me so important that I spoke to Mr Smart, who then had the case before him, lest action might be taken merely on the formal complaint and evidence of trespass. Mr Macrae was then asked to report.

I do not think that in the face of what Mr Macrae has since written, it would be wise to proceed summarily to eject Skin.

I would recommend that the question of the validity of the leases be submitted with a full reference and all the documents to the Justice Department for advice; and further action should depend on that advice. The leaseholders have their own remedy, and if they wish to remove Skin in the meantime they should be left to proceed on their own responsibility.

It appears from the information before me that the Department hastaken the position (and it is not open to blame for that) that the leases were valid. I never heard of the question having been raised when the proceedings were taken against Skin a year ago, and I understand the Department had no intimation of it. In the early days the chiefs of St Regis leased lands belonging to the band. They gave leases of the tract known as the Township of Dundee as well as the islands referred to. In 1887 a commission was appointed with a view to effecting an arrangement between the settlers and the Indians whereby the lands were purchased from the Indians and out of the proceeds certain other lands were purchased for the Band.

The Department in dealing with all these St Regis leases acted in accordance with a letter of the I2th February I882 from the Secretary of Lord Dalhousie to the then Superintendent General, from which this is an extract:- "I am directed to "acquaint you that however consistent with a due "attention to the interest of the Indians His Lord- "ship might deem it not to confirm any leases that "may have been obtained under terms of disadvantage " to them, he is of opinion that there would be "some objection to too close an investigation of what "has already taken place in this particular". And it has taken the findings of the Commission in respect to the Dundee leases as in a manner confirmatory of the leases of the Islands.

Among the findings of the Commission were:
(I) that the Dundee leases are emphyteutic;
(2) that those the terms of which extend beyond 99 years must be limited to that period. The island leases were not before them.

The Department has since acted, except in one case, on the principle that when 99 years expires the lease of an island shall not be renewed, and in that way has come into possession of seven islands, four of which have been taken possession of by the Indians. There is nothing to show that the Indians have been advised that the other three are available. When the Indians are being again communicated with in regard to Colquhoun Island, they should be so advised.

1, Of the other leases, one will expire in
4, four years, four in fifteen years, one in seventeen
1, years, one in nineteen years, and one in twenty nine

2, years. In two cases the dates are not given and in
1. one case the lease was renewed in 1899.

If the reference to the Department of Justice is approved, it should in the event of the finding being that the leases are valid, be followed by departmental action with a view to effecting an agreement with the band and the leaseholders, either for the purchase of the leaseholds, or the convertin of them into freeholds on payment of a fixed amount which could be used as was done in the case of the Dundee lands, in the purchase of additional lands for the Indians. If an arrangement of this kind could not be effected, the leaseholders should be given to understand once for all that they must protect themselves without our intervention in any rights the leases give them.

If the Department of Justice find that the leases are invalid, then I think we should take action to restore the islands to the Indians and compensate the leaseholders for what they would in equity be entitled to in view of the official recognition of the leases for so many years. Any sum required for that purpose should I think be voted by Parliament and not taken from the funds of the Band..

If you agree with my view, an officer of the Department should go to St Regis, explain to the Indians the decision come to and the reasons which led up to it, with a view to showing them that the Department in its action is actuated by a regard for their interests; and after the reference to the Department of Justice has been dealt with, the other action I suggest could also be taken by an officer of the Department.

I have come to the conclusion that we will not have a satisfactory condition of affairs at St Regis unless we have a man to devote his whole time to the affairs of the Band. The present incumbent occupies the dual positions of Agent and Customs officer. We only pay a small part of his remuneration I do not think he is a man well qualified for the duties of Agent at St Regis, but at the same time I think he does as good work as we can expect to be done for the amount paid. The Accountant states that the ~~Band~~ Management Fund would stand a salary of $600.00. It might be possible to get a good man for that amount if he were provided a house. We own the present building and rent it to the Customs Department. It is a question for consideration after enquiry on the spot whether it would be better to take over this building or to provide a house and office for an agent. What is required is a man of tact, judgment and some strength of character. The clerical work of the agency is not heavy.

As to my memorandum respecting claim of St Regis Indians to Thousand Islands, to which Mr Macrae calls attention, it was made some years ago for the information of the Premier. The question so far as I know was not raised since. The present difficulty gives us enough to handle now. If the Indians bring up the question we can promise enquiry. Even if they do not, when opportunity offers the question might be further gone into for the Department's information. It would necessitate careful examination of records at Albany and enquiry as to what Indians, if any, the American Government recognized as owners of the islands on the United States side. I have

not referred to my memorandum. My recollection is that I was of the impression that their was not a good basis disclosed for the established recognition of the Mississaguas as owners, that if the St Regis Band had a claim, it was through the Oswehatchiefs, that the likelihood was that no particular Indians could establish a clim to them as hunting grounds, that the Indian use of them in the old days was a rather general one and was confined to camping on them when passing up and down the river.

Rec'd. 23677[illegible]

Ottawa, 24th June, 1901.

Memorandum:

Mr. Smart,-

I have carefully examined this file and I cannot agree with the recommendations of the officers.

The undisputed facts are as follows,-

There are two sets of leases - one comprised in the Dundee reference, and the other comprising the leased islands of the St. Regis Band in the River St. Lawrence.

The leases in no way differ in principle. The Dundee leases were before the Dundee Commission and the Commission found that the leases should be upheld, but that where provision for renewal beyond 99 years existed this provision should not be acted upon - in other words, that the leases should be held valid but should be held to expire at the end of 99 years in each case. There is not the least ground for distinguishing the island leases from the Dundee leases, and therefore there is no ground for suggesting that if the island leases had been before the Commission the finding in regard to them would have differed from the finding in regard to the Dundee leases.

The leases have now been in force for from 70 to 95 years. Seven have expired; others expire shortly. The last will expire in 29 years. Lessees during fifty years and over have been in practical undisputed possession, and valuable improvements

in some cases have been made. It would seem a most undesirable and unjustifiable thing to allow any interference with these leases now.

An officer should go down and meet the Indians in council - advise them that the validity of the leases will be upheld by the Department. The islands for which leases have already fallen in will be allowed to be located under the direction of the Council. The others, except Stanley Island, for which there was a special surrender, will be treated similarly as fast as they fall in; but no interference with the possession of the leases will be allowed. If Skin is not removed at once the Department will send the police officers and have him summarily ejected.

Sir,-

I am directed to send you file 233,800 of this Department containing papers regarding the trespass of Jake Skin,an Indian of the St.Regis Band,upon Colquhoun,or Lewis,Island,in the River St.Lawrence, and to request that you will be good enough to forward the papers to-day to your agent at Cornwall with instructions to hand the warrants for the removal of Skin and his family to Allan Cameron,the Chief of Police at that place.

I also enclose a copy of the Indian Act.

I have arranged with Chief Sherwood that a couple of the police who are employed in looking after the Cornwall canal shall accompany Chief Cameron and remain on Colquhoun Island to prevent any Indians returning after Skin and his wife are removed.

Mr.Rimmer the Law Clerk,left for Cornwall this morning and will remain over until to-morrow,and he has been asked to call upon your agent,Mr.Chisholm,and explain the position of matters.

Will you,therefore,kindly see that the papers are sent to your agent to-day,so that they may reach Cornwall by the evening train.

Dear Sir:-

In regard to the long Indian leases, say for 99 years with terms of renewal up to 999 years, I understand the Department has adopted a policy of not renewing these leases. We desire to prove this at our Court which sits here on the 4th day of October next, and I would feel obliged if you can let me know whether an Order in counsel has been passed on this subject, or in what form the action of the Department or the determination of the Department has been shaped. Kindly let me hear from you by return of mail as the time is short. If there is an Order under seal we would require a certified copy. I may mention that this evidence is required for the purpose of indicating what the value is of a lease for Louck's Island which expires next year. It has a term of renewal, but if that renewal is not carried out by the Department, then obviously the value of the lease is much less than it otherwise would be.

MEMORANDUM.

Ottawa, August 26, 1912.

To the Acting Deputy Minister-

Referring to letter of the 13th instant, from D. McMaster, Esq., M.P., England, applying for a renewal of his lease for McMaster Island, in the River St. Lawrence, I beg to state that this is one of the leases issued for 99 years, and renewable for 999 years. The 99 year term of this lease will expire on the 9th May, 1916.

When Hon. Mr. Sifton was Superintendent General of Indian Affairs he went thoroughly into the question of the leases providing for terms extending beyond 99 years, and arrived at the conclusion that all such leases must be limited to the 99 year period. The matter came up when the question of Jake Skin's trespass on Colquhoun Island was before the Department in 1901, and the Minister's decision was that the leases should be dealt with in the same manner as the Dundee Commission treated the leases of Dundee lands, namely, that they should be upheld but that where provision for renewal beyond 99 years existed, this provision should not be acted upon; in other words, that the leases should be held valid but should expire at the end of 99 years in each case.

The rental of Mr. McMaster's Island is, as he states, $10.00, per annum, and it has been paid up to 1st January, 1910, but in view of the above facts his lease will expire on the 9th May, 1916, when the island, according to

Dear Sir,-

If not inconsistent with the rules of your Department will you kindly furnish me with the following information concerning an island in the St Lawrence near Summerstown Ont known as "Hamilton's Island"

This island, I understand is held by the present occupant under a 99 year lease, expiring in 1917.

What is the Governments action likely to be on that occasion?

If it is decided to sell, will a price be fixed, and the present occupant be given the option to purchase at such price? or will it be sold at public auction?

If it is decided to lease, will persons other than the present occupant be given an opportunity to lease?

Is there any possibility of any person other than the present occupant, obtaining an option on the property at the present time?

Regular meeting of Indian Council held Monday November 2nd 1914. 457387

Present:- M. C. Jacobs, Jake Fire, Louis Jocko, John Thompson, Angus Patineau, Peter Boots, Peter Oak, John David, Jake Skin, Alex McDonald, Joe Semo, & Joe Som, Chiefs. Louis Pike Clerk and F. E. Taillon, agent, also about 40 Indians.

I. We wish to convey to the Dept our desire that the following islands Drummond, Duck, Hamiltons, Camerons and in fact all islands, shall upon the expir-ation of the present leases, revert to the band, so that we may give them to our own, who are anxious to secure them. We also include 200 acres under lease to Esterbrooks on Cornwall Island.

Draft

File

Sir.-

I beg to inclose file of correspondence No. 233800. dealing with the question of leases of land on the St. Regis Indian reserve. This reserve, which is situate near Cornwall, partly in the township of Dundee, in the county of Huntingdon, Quebec, and including islands in the river St. Lawrence, some in the province of Quebec and others in the province of Ontario, is held by the St. Regis band of Indians under the Royal Proclamation of 1763.

I inclose copy of a lease made by the St. Regis Indians on the 17th of May, 1817, covering St. Johns Big Island, now known as Thompson Island, in the river St. Lawrence, at an annual rental of two pounds ten shillings for a term of 99 years, renewable for further terms of 99 years up to the full end and term of 999 years, and which lease provides for a penalty of five thousand pounds sterling upon failure to renew.

A request has been made by Mr. Donald Macmaster of London, England, the present holder of the lease, for renewal thereof or payment of the penalty of five thousand pounds sterling, as provided in the lease.

In connection with the question of renewal of leases, I would beg to refer to report of the Dundee Indian Land Commission on file herewith, and also to a ruling of the 24th of June, 1901, by the then Superintendent General of Indian Affairs, that the leases should expire at the end of 99 years in each case. It will be observed that this Commission

Commission did not deal with the leases covering islands which were, however, in similar form to those issued for lands in the township of Dundee. I am inclosing also a copy of a lease covering an island in the River St. Lawrence, providing for renewal at the expiration of the term of 99 years, but which makes no provision for penalty in case of non-renewal.

I have to request that this Department may be advised as to its legal position in connection with renewal of lease held by Mr. Donald Macmaster, and also as to its position in regard to renewal of leases of islands in the St. Lawrence, situate within the province of Ontario, as well as those situate within the province of Quebec, where no penalty for failure to renew is contained in lease.

PLEASE ADDRESS
THE DEPUTY MINISTER OF JUSTICE

Ottawa, July 15th, 1915.

Papers returned

Sir,

470948

I have the honour to acknowledge the receipt of your letter of the 21st May last - F. 277,800 - in which you request to be advised as to the legal position of your Department in connection with renewals of leases of lands in the River St. Lawrence made by certain members of the St. Regis Band. One of the leases which Mr. Donald MacMaster has asked to have renewed is dated 17th May, 1917, and is for a term of 99 years with terms of renewal up to 999 years under a specified penalty. This lease expires on the 17th May next and Mr. MacMaster now requests a renewal or payment of the penalty provided by the lease.

In reply I beg to state that in my opinion the Crown is under no obligation to have the lease renewed, and I do not think the lessee can succeed in establishing a legal claim either to a renewal or to enforce the penalty against the Crown, and as to the Indians I suggest that the claimant be left to establish his claim. In expressing the above views I make no distinction between leases providing for a penalty and those without such a provision, and as to whether the lands leased are in the Province of Quebec or in the Province of Ontario. I may add, however, that in the Province of Quebec such leases are emphyteutic, and under a provision of the Code they end at the expiration of 99 years whether or not a longer term has been stipulated for, subject to a question as to whether the local legislature is intended to apply to existing leases.

I have the honour to be, Sir,
Your obedient servant,

Sir,-

With reference to resolution No. 1 of Council meeting of the 8th instant I beg to say that there does not appear to be any necessity for the action therein proposed at the present time. The Department shares the views and desires of the band that these leases should not be renewed and I have to say that the Department will see that the legal rights of the Indians in respect of this matter are asserted at the proper time.

Dear Mr Scott;

When I was in London lately I had a visit from Mr Donald Macmaster, K.C., with regard to a claim which he has for renewal of an Indian lease of an island in the St Lawrence above Valleyfield. As I understand this is a very old lease for 99 years which is just about expiring, and there is some question as to the right of renewal claimed by Mr Macmaster, who now holds, or represents the interests of the lessees. I told him that I would inquire into the matter and write him, and I should be very glad if you would let me have a statement of the case as soon as convenient.

Sir,-

I beg to call your attention to the fact that the first term of 99 years under the follcwing leases issued by the St. Regis Band of Indians almost one hundred years ago terminates this year, viz:-

Lease 239, of St. John or Big Island, held by Mr. D. McMaster.

Lease 257, of Drummond Island, held by Merritt A. Cleveland.

Lease 248, of Duck Island, held by Merritt A. Cleveland.

Lease 281, of Sheep Island, held by Price McKinney

Lease 260, of Snyder Island held by Mrs. Colquhoun.

As a claim has been made for renewal in accordance with the terms of leases, I have to request that no action be taken by the Band in regard to placing a member of the Band on these or any other islands held under lease in a similar way until such time as the question of the right of the lessees to obtain a renewal of the leases has been finally determined.

You will be good enough on the first occasion to explain this matter to the Indians.

As to #2, you are aware the Indians collectively and individually are very anxious to have the five Islands the leases for which become due this year, revert to them. They have placed implicit confidence in the Department, feeling you would protect them and fight for them if necessary; it will be a terrible misfortune to them should they not secure these Islands, as you are aware the band is certainly increasing and if these people are to remain upon the reservation they must have land.

Dear Mr. Scott;

I have had under further consideration the question of renewal of Mr. Macmaster's lease in view of the representations submitted, and I see that there is another island called Dorn's or Merkley's Island, the lease of which is held by Mr. Price McKinney, which seems to be very much in the same position. I do not suppose that there is any obligation imposed upon the Government to renew these leases, but I see that, according to the report of the Dundee Indian Commission, the occupancy of the Dundee Islands was vested in the Indians, that they were recognized as occupants by the Government of Canada; that at least since 1819 they have been considered the proprietors of these lands by the acquiescence of the Government, in becoming parties to, and approving of, the leases granted by the Indians, and by the acceptance for them of the rent therefor; that the legislature of Lower Canada and the Parliament, as well of the former Province of Canada as that of the Dominion of Canada, have at various times recognized the validity of their title thereto, and that it would be exceedingly impolitic and unwise, not to say unjust, at this day, to put in question, or to raise a doubt as to the validity of their ownership, except so far as by their own acts and consent they have parted with the same.

These leases were granted by certain Indian chiefs, and obviously it would be very inconvenient, if not impossible

possible, for the lessees to obtain renewals from the Indians executed in the manner in which the original leases were executed or by the like authority. The lessees are therefore looking to the Government for renewals, or perhaps because the Government is the only authority to which they can apply. It appears, moreover, as I understand the files, that your department has recognized the leases as subsisting conveyances affecting the title, and received the rents which presumably have gone to the benefit of the Indians, and I think it is very doubtful indeed, in so far as the lands are situated within Quebec, that the legislation of the province was intended to affect the rights of renewal which were vested at the time when the legislation was passed. I see, moreover, according to Mr. Sifton's memorandum of 24th June, 1901, that he directed that there should be no interference with the possession of the lessees, although it is not clear as to whether he would disturb them at the end of 99 years or not.

In these circumstances the question which I suggest is whether it would not be fair and just that, as to those lessees whose leases have been admitted or recognized, the Government should renew these leases according to their terms, subject of course to apt provision to exclude any implication of title to renew.

I do not know how it would affect your relations with the Indians, or what the objections may be, but it occurs to me, on looking over the papers, so far as I have had time to examine them, that renewal of the leases might be a fair and consistent proceeding on the part of the Government, having regard to all the circumstances of the case.

MEMORANDUM:

Mr. Smart,-

I have carefully examined this file and I cannot agree with the recommendations of the officers.

The undisputed facts are as follows,-

There are two sets of leases--one comprised in the Dundee reference, and the other comprising the leased islands of the St. Regis Band in the River St. Lawrence.

The leases in no way differ in principle. The Dundee leases were before the Dundee Commission and the Commission found that the leases should be upheld, but that where provision for renewal beyond 99 years existed, this provision should not be acted upon--in other words, that the leases should be held valid but should be held to expire at the end of 99 years in each case. There is not the least ground for distinguishing the island leases from the Dundee leases, and therefore there is no ground for suggesting that if the island leases had been before the Commission the finding in regard to them would have differed from the finding in regard to the Dundee leases.

The leases have now been in force for from 70 to 95 years. Seven have expired; others expire shortly. The last will expire in 29 years. Lessees during fifty years and over have been in practically undisputed possession, and valuable improvements in some cases have been made. It would seem a most un-

desirable and unjustifiable thing to allow any interference with these leases now.

An Officer should go down and meet the Indians in Council--advise them that the validity of the leases will be upheld by the Department. The islands for which leases have already fallen in will be allowed to be located under the direction of the Council. The others, except Stanley Island, for which there was a special surrender, will be treated similarly as fast as they fall in; but no interference with the possession of the leases will be allowed. If Skin is not removed at once the Department will send the police officers and have him summarily ejected.

THIS INDENTURE, made the 26th day of March, in the year of Our Lord one thousand eight hundred and thirty-five, between Henry Brant, Isaac Lewis, Jacob Martin, John Johnson, Oneida Joseph, Peter Green, Joseph Doxtater, Cornelius Shakokaeyas, Thomas Skanawatih, Jacob Johnson, Joseph Snow, Joseph Kironhgontye, William Alvis, Jacob Dewaenennote, Sachems or Chiefs and Principal Men of the Six Nations Indians possessing and residing on the tract of land commonly called the Ouse or Grand River tract, of the one part, and Our Sovereign Lord William the Fourth, of the United Kingdom of Great Britain and Ireland, King, Defender of the Faith, of the other part.

Whereas his late Majesty, King George the Third, of glorious memory, in consideration of the early attachment to his cause manifested by the Chief Warriors and people of the Mohawk Indians and of the loss of their settlement, which they thereby sustained, and being desirous of showing His royal approbration of the same and of recompensing the losses which they had sustained, was graciously pleased to authorize and permit the said Mohawk Indians and such other of the Six Nations of Indians as wished to settle in that quarter to take possession of and settle upon the banks of the river commonly called the Ouse or Grand River running into Lake Erie, allotting to them for that purpose six miles deep from each side of the river which they and their posterity were to enjoy for ever.

And whereas the late Captain Joseph Brant, is his lifetime as the agent for and on behalf of the said Six Nations Indians, executed divers leases and thereby granted or intended to grant certain parcels or tracts of land, parcel of the above-mentioned Grand River tract, to divers individuals for long terms of years.

And whereas the holders of such leases have no legal title to the lands therein comprised, and it hath been proposed and recommended to the said Indians at a meeting in Council of their Chiefs and Principal Men convened and held at the Mohawk Village, on the 29th day of January, 1835, aforesaid, that such persons as have obtained under fair and equitable circumstances the leases aforesaid shall receive from His Majesty free grants of the several tracts or parcels of land therein comprised as aforesaid, and that the said lands so leased or intended to be leased by the said Captain Joseph Brant, as aforesaid, shall be surrendered to His Majesty for the purpose of being so granted as aforesaid, to which proposal the said Six Nations Indians in Council, as aforesaid, have assented, and by articles of provisional agreement made and entered into at the said meeting in Council on the said 29th day of January, 1835, between James Winniett, Esquire, Superintendent of Indian Affairs, on the part and behalf of His Majesty King William the Fourth, of the one part, and the Chiefs and Principal Men of the said Six Nations Indians, residing on the said tract of land, on the other part, they the said Chiefs and Principal Men did resolve and agree, as well on their own behalf as on the behalf of the said Six Nations Indians, residing as aforesaid, to surrender to His said Majesty, His heirs and successors, all and singular such parcels or tracts of land so leased or intended to be leased by the said Captain Joseph Brant as aforesaid: In trust and for the purpose aforesaid.

NOW THIS INDENTURE WITNESSETH, that the said Henry Brant, Isaac Lewis, Jacob Martin, John Johnson, Oneida Joseph, Peter Green, Joseph Doxtater, Cornelius Shakokaeyas, Thomas Skanawatih, Jacob Johnson, Joseph Snow, Joseph Kironhgontye, William Alvis, Jacob Dewaenennote, Chiefs or Principal Men of the Mohawk or Six

CITY OF TORONTO, 28th April, 1835.

MY DEAR SIR,—I beg to hand you the accompanying deeds, recently executed by the Chiefs of the Six Nations Indians, which His Excellency was pleased to say at an interview I had with him yesterday he thought ought to be registered in the Secretary's office. The one is a deed surrendering to His Majesty 48,000 acres of land for the purpose of sale, for the benefit of the Indians, and the other is a surrender of all the lands included in the Brant leases to His, Majesty for the purpose of enabling patents to issue to such persons as may be found equitably entitled to receive them. Both the deeds are of such an important nature that I should recommend strongly their being recorded without delay. After this has been done, it would be well, perhaps, if they were returned to me, to be kept with the Indian papers, or deposited in the Indian Office.

I remain, my dear Sir,
Very faithfully yours,

Memo.

The Iroquois of St. Regis Band of Indians occupy a tract of land in the township of Dundee, in the county of Huntingdon, Quebec, and certain islands in the River St. Lawrence at Cornwall held under Royal Proclamation of 1763, as a part of the hunting grounds of the Iroquois which were in their possession at the time of the French rule in this country. In the year 1817, and afterwards, the Chiefs of the St. Regis Band issued leases to whites covering islands in the St. Lawrence for 99 year terms, renewable up to the full end and term of 999 years, at very small annual rentals.

I attach hereto a statement showing the leases in question, also a copy of lease of Thompson or MacMaster Island.

In view of the opinions given by the Department of Justice, it would not appear free from doubt that the lessees have a legal right to renewal of leases in accordance with the terms thereof. If a new lease were issued by the Department, it would require to be based on a surrender by the Indians under and in accordance with the provisions of the Indian Act. In regard to the leases which have fallen in or will fall in during the coming year or two, I think it might be advisable to have an examination thereof made as early as possible by some competent local valuator, accompanied by an Officer of the Department. This would give the Department knowledge as

as to the value of the islands in dealing with the question of re-leasing.

It might be considered well in the interest of the Indians to advise the lessees that the Department was not prepared to renew their leases in view of the very inadequate rental paid, and also the question as to legality of claim for renewal. The lessees might be asked to state what they would be willing to pay per annum for say a 30 year lease renewable, and advised that if offers satisfactory, the question of surrender would be submitted to the Indians to enable the Department to issue leases.

I might point out that the Indians are very much concerned about the renewing of these leases, and some little time ago passed the following resolution:-

"We have received with great alarm the news that the "owners of Cameron Island, Hamilton Island and Esterbrookes "Farm on Cornwall Island have engaged counsel with a "view of having the said leases renewed at the expiration "of the present first 99 years; we wish to place ourselves "of record as opposing with all our energies the renewal "of these leases, and desire to have these lands revert "to the Band, and later subdivide them among our people "who are in need of land. We also desire to engage counsel "to uphold the ruling of the Honourable Mr. Sifton, made "in the House some years ago, in order that we may fully "protect our rights and see that justice is done the Band."

I find in connection with some leases issued by Chief Brant under authority of the Six Nations Band of Indians early in 1800 that a surrender of the leased lands was obtained from the Indians in 1835, for the purpose of enabling patents to issue to such persons as might be found equitably entitled to receive them. Copy of surrender is hereto attached.

I also attach a copy of Mr. Sifton's ruling in 1901, dealing with the question of renewals.

Dear Sir,-

Referring to your communication of the 28th June, last, inclosing a memorandum in support of your application for renewal of lease covering Sir John's Big Island in Lake St. Francis, I have to inform you that it has been decided after full consideration not to renew this lease.

About 100 years ago the St. Regis band of Indians leased a number of their islands in the St. Lawrence and Lake St. Francis for 99-year terms, renewable up to 1,000 years, at a merely nominal rental, and, as several of these leases have fallen in, the lessees have applied for renewals. It has been decided that it is not in the best interest of these Indians to continue these leases, and, as there is no ground on which renewal can be legally claimed, there will be a uniform policy of non-renewal in dealing with such leases as they terminate.

As these islands have never been surrendered by the Indians either for sale or lease, a necessary preliminary to any disposal of the properties will be a surrender by the Indians, according to the provisions of the Indian Act. The Department is prepared to submit this question to the band.

As you have had enjoyment of this property at a nominal rental, it may be that you are willing to pay a fair rental at current values for a new lease for the term of 21 years, renewable at the expiration thereof for a further period of 21 years, upon such terms as might be then agreed upon. I should be glad to hear from you in this regard as soon as possible, and you might in your communication state the rental which you would be disposed to pay.

Let us hope that the Indians will agree to sur render the islands for leasing if they are shown that their revenues will be considerably increased and that ~~otherwise~~ it is in their interest to consent to the leasing of the property.

NOV 30 1916

Dear Mr Scott;

Referring to your letter of 20th instant, I return herewith your draft letter concerning the leases of the islands in the St Lawrence belonging to the St Regis Indians, in which, as you will observe, I have suggested a few changes, subject to which I think the form may be accepted.

As I have had several interviews with Mr Macmaster in London, and considerable correspondence, with regard to the matter, and as I understand this letter which you have drafted would go to him as representing one of the lessees, I would like to write him personally about the same time in order to explain the situation, so far as I can to his satisfaction, and I should be obliged if you would send me an answer to my letter of 28th September last, stating the objections from your departmental point of view to the suggestions which I made. I understood from you the other day that Mr Sifton had considered this matter in the time of his ministry and had notified the Indians that these leases would not be renewed, and that they would have the benefit of the property upon the expiry of the original terms. A statement of this character would possibly satisfy Mr Macmaster of the present difficulties connected with any reversal of that policy.

Dear Mr. Newcombe -

I must thank you for yours of the 28th instant, and the alteration you have made in the draft letter which I will adopt. The letter to Mr. Macmaster will be forwarded on Friday or Saturday of this week.

I have to acknowledge your letter of September 28th to which careful consideration has been given. It would not, however, I regret to say, be possible for the Department to renew these leases according to their terms.

In 1901 when Sir Clifford Sifton was Superintendent General of Indian Affairs, he decided that the leases would not be renewed and sent an officer of the Department on a special mission to explain the matter to the Indians. By his direction the Indians were promised that when the leases matured they would not be renewed and that the islands would be available for occupation by the Indians.

Since that date this has been the settled

purpose of this Department, and while, as you will see from the draft which I sent you on the 25th instant, it is our wish to treat the holders of the old leases with every consideration, much depends on the stand the Indians will take when the question of surrender is presented to them.

RECEIVED DEC 1 1916

Mr. Orr -

Herewith is a draft of letter which may be used in communicating with the lessees of islands in the St. Lawrence belonging to the St. Regis band of Indians. The Minister approves of the procedure in this matter. Upon receipt of a favourable answer from the locatees or any one of them, we are to discuss the question with the council of the band in Ottawa and explain to them that the Department is willing to purchase farm lands for them on the main land, and to advance money for this purpose which will be repaid from the increased rental of the islands. If this scheme falls through, and the Indians absolutely refuse to surrender the islands, we must give the matter further consideration.

January 27th, 1917.

Dear Sir -

Replying to your letter of the 25th instant, I have to say that the lessees of Islands in the St. Lawrence have been notified that their leases will not be renewed on the same terms. They have been asked to state what rental they would offer for a twenty-one year lease renewable for a further period of twenty-one years.

In the meantime I propose to have a valuation of these Islands made by a competent person with a view to determining what would constitute a fair rental.

Yours very truly,

Deputy Superintendent General.

Dear Sir,-

I have your letter of October 10th . The St.Regis Indians are again enquiring what has been done about the renewal of leases . I have been busy one way and another and have not put in any representations on behalf of the Indians, but have been intending to do so . Kindly let me know in the meantime if anything further has been done so I can report to the Indians .

Yours truly

No-1.

We have read a copy of letter dated at Ottawa, Ont., on Jan. 27th ultimo to Irwin Hilliard, K. C., of Morrisburg, Ont., and signed by Duncan C. Scott, Deputy Superintendent General, concerning a proposal to renewal of certain expired leases and we hereby express our disapproval of same; these Islands are the property of the St. Regis Indians and as such we demand that they shall not be renewed but revert to us. We have repeatedly asked this and believe it to be only our just rights.

May 19, 1917.

Sir,-

Your name has been suggested to the Department for the purpose of making an examination and valuation of a number of islands in the River St. Lawrence, forming part of the reserve of the St. Regis Band of Indians.

About one hundred years ago the Chiefs of the St. Regis Band issued leases for a number of islands at a very meager rental for ninety-nine years, renewable. It has been decided in the interest of the Indians not to renew these leases, but in lieu thereof to grant new leases with the consent of the Indians, for a fair annual rental, at current values, for a term of twenty-one years renewable at the expiration thereof for a further period of twenty-one years upon such terms as might be then agreed upon.

Indexing info on Dept Islands on file 101452

The islands which the Department desires you to examine and place a value thereon by way of annual rental for first term of twenty-one years are the following:- Drummond, Duck, Sheep, Snyder, Colonel Lewis, Hamilton, and Thompson, which are shown marked with a red cross on plan herewith inclosed.

You will be good enough to confer with Mr. Taillon, the local Indian Agent at St. Regis, who has been instructed to accompany and assist you in identifying the islands and in giving you all desired information.

It has been represented to the Department that on some of these islands there are a number of summer cottages, the owners of which are sub-lessees of the original lessee from the Indians, and the rental paid by these sub-lessees should be considered in determining rental to be paid for the whole island.

Kindly advise when you may be able to take this matter up, and what remundration you consider you should receive for your services.

Your obedient Servant,

Duncan C. Scott

Sir,-

I beg to inform you that the Department is instructing Mr. Arthur F. Merkley, of Morrisburg, to make an examination and valuation of the following islands belonging to the St. Regis Indians, which are covered by long leases, some of which have expired and others will expire in a short time:- Drummond, Duck, Sheep, Snyder, Colonel Lewis, Hamilton and Thompson. Mr. Merkley has been informed that you will accompany and assist him in identifying the islands in question, and that you will give him all information he may desire to enable him to deal with the matter.

You will be good enough, therefore, to assist in every possible way Mr. Merkley in making a valuation of these islands, giving him full information as to occupation thereof by any sub-lessees.

Dear Sir

I thank you for sending me the blue print of the Islands to be valued. I wish you would write to W. Scott and call his attention to Maple Islands just East of Morrisburg. I think it would be well to have these two valued at the same time they belong to the Indians. At least I have always understood so.

Sir,-

Referring to letter addressed you on the 25th instant, in regard to examination and valuation of Maple Islands I beg to say that, as these islands are held by an individual Indian, member of the St. Regis Band, under recognized title, and are at present under lease issued upon an agreement with the said Indian, it is not considered advisable at the present time to have an examination and valuation made of the islands.

Dear Sir,- F. 233/800 .

Mr. Hilliard, M.P.P. for Dundas, has asked me to forward to you my valuation of Sheeps Island as interim report . After giving the matter careful consideration, making enquiry considering the rental of islands in the locality and also considering the prices for which islands in the locality sold for, I beg leave to report :

1. The value of the island, if it were to be sold now, is $3300.00 .

2. That the rental value of this island is $66.00 a year .

All of which I humbly submit .

I have the honour to be,

Ottawa, June 14, 1917.

Dear Chief,-

In regard to enquiry made at the Department this day by yourself and Mr. Peter White as to islands in the River St. Lawrence, leased about one hundred years ago by the Chiefs of the St. Regis Band for ninety-nine year terms, renewable from time to time up to nine hundred and ninety-nine years, I beg to say that it has been decided not to renew these leases.

As some doubt exists as to the rights of the lessees, the Department considered it advisable in the interest of the Indians to lay before the lessees a proposition to adjust the matter by issue of a twenty-one year lease at a rental considered satisfactory at the present time, renewable for a further term of twenty-one years at a rental to be then determined.

In order to carry out this arrangement it was considered necessary to have an examination and valuation of the islands made by a competent valuator, which is now being done.

I may say that in dealing with this matter due regard must be given to the legal rights of the lessees, but the Department will use its utmost endeavour to protect as far as possibly can be done the interest of the Indians.

Representations have been made as to the desire of

Chief John Jacobs,

of the Indians to obtain more land, and this is a matter which will be taken up with them with an endeavour as far as possible to meet their wishes.

In accordance with instructions given your local Agent, some little time ago, the Indians cannot be allowed in any way to interfere with the islands by use or occupation thereof.

Rental Value,land & Bldgs.	600.00

REMARKS .

This island is beautifully situated in the St.Lawrence River with a bridge connecting it with the Main land and thus has the double advantage of being easyly of access for farming purposes and finely situated for camping purposes .

I did not put any value on the timber as I understood it could not be cut .

In placing a rental value on land and buildings, I had to consider the possibility of vacancies in one or more of the cottages, and the value and trouble of collecting the rent .

REMARKS

This island is far out in the River, and not easy of access, and quite a long distance from any large town or City, and not much value as Summer resort .

In estimating rental value of land only, I had to take into consideration that there are only 40 acres under cultivation and the trouble of taking cattle to pasture by scow is considerable.

EXD.

Dear Sir,- re - No. 233,800 .

Your letter of the 17th inst. to A.F.Merkley, Morrisburg , duly received with cheque . Mr.Merkley and I talked the matter over of what his charges would be before he entered upon his duties, and he wrote you it would be $10.00 a day and expenses . When your letter in answer to that, was received, he apparently did not notice the words " to include all expenses " . It is simply ridiculous to ask a man that is capable of valuing lands and buildings, to proceed up and down this River a distance of 50 or 60 miles, for $10.00 a day to cover his work and expenses . I am quite grieved about the matter. I return account and cheque, and ask you to send the full amount $71.90 The Railway Department, through the Justice Department, for which I act always pay $10.00 a day and expenses, and this is really fully as important or probably more important, because Mr.Merkley went into very great details . I have known the Railway Department to pay for three trips - $10.00 a trip - on one piece of land only .

Dear Sir:-- - Ancient leases made by Indians -
- St.Regis Band -

Some of the Chiefs have been over to see me. They wish to know if these ancient leases are valid. They make particular reference to a lease dated May 17th, 1817 of an island described as -

" A certain island in the River St.Lawrence
" commonly called and known by the name and descrip-
" tion of St.John's Big Island and lying wholly or
" in greater part opposite to the Township of Char-
" lottenburgh in the said Eastern District (Ontario).

This island is now commonly known as Cameron's Island. It is plainly within the St.Regis Indian Reserve, and is Indian land beyond question. The parties named as Lessors are Joseph Onanero and nine others described as -

" Chiefs and others of the tribe of Indians called
" St.Regis Indians or Iroquois.

The Lessee is David Thompson.

The copy I have shows that the lease has been signed by twelve Indians and also by David Thompson. I am unable to say that the Lessors or any of them actually signed this document; the signatories do not sign in the same names as those given the Lessors.

There is nothing on the copy I have to indicate that any Crown authority - Dominion or Provincial - ever approved of this transaction.

The lease, which is made in consideration of £20, reads for a term of ninety-nine years from its date at an annual rental of £2 10s. By it the parties of the First Part for themselves, their heirs, executors, administrators, assigns, and successors, agree with said David Thompson his heirs and assigns under a penalty of £5000 that the parties of the First Part their heirs or successors, at the expiration of the said term of ninety-nine years, will renew to said David Thompson his heirs, executors, administrators and assigns for a further period of ninety-nine years on the same terms. Then the lease

Sir,-

I have to acknowledge the receipt of your letter of the 21st instant, in regard to leases made by Indians of the St Regis Band many years ago.

In reply I may say that rental has been accepted by the Department on these leases for the first term of 99 years, but it is considered that there is no obligation on the Department to renew the leases at the expiration of the 99 year period, and the Department does not recognize as valid the leases after the expiration of the first 99 year term. If, however, any of the lessees are desirous of testing their right to obtain renewal of lease, it is open for them to take the necessary steps to determine same.

Dear Sir:-- - Your No.233,800 -
- Ancient leases made by Indians -
- St.Regis Band -

Received

This morning I have yours of 23rd inst. for which I thank you. This letter states the general principal and general rule, I take it.

Referring particularly to lease of St.John's Big Island - now commonly known as Cameron's Island - in the St.Lawrence River lying opposite Charlottenburgh Township in Glengarry County, Ontario, which I specially mentioned in mine of 21st inst., I assume that the Department does not recognize this lease as being valid since May 17th,1916 on which date the 99 year term expired. But, as mentioned in mine of 21st inst., I would like to know if this lease has been renewed in any way by the Department since that date or has the Department consented to any renewal of it.

I would also be obliged if you would inform me, if you can, if the question of the validity of any of these ancient leases and of the renewal clauses in them has been submitted to the Courts for determination and decision, and, if so, I would be very glad if you could tell me where I could find the case in which the point was decided.

The Chiefs who consulted me are intelligent and reasonable, and as I told them I would specially inquire from the Department on these points, I would like very much to hear from you before asking them to come over to see me to receive my report.

I propose to advise them that if they contemplate any action or proceeding in reference to this particular lease, or regarding any other lease, all necessary actions or proceedings will be taken by your Department on their behalf, and that your Department will fully protect their interests as it is bound to do; that your Department represents "His Majesty the King" and "The Faith of Ancient Treaties"; that your Department will protect their interests in regard to these leases without any individual expense to them, and that they should rely upon your Department rather than on any plausable agitators or alleged Indian societies.

Yours truly,
John A Chisholm

Ottawa, January 28, 1919.

Sir,-

In reply to your letter of the 25th instant, I beg to say that the lease which was issued many years ago, covering St. John's Big Island, has been held to have expired on the 17th of May, 1916, the end of the first ninety-nine year term, and no renewal of this lease has been granted by the Department.

There has been no submission as yet to the Courts of the question of the validity of the old leases issued by the Indians covering lands on the St. Regis reserve, or of the renewal clause

We had a meeting about the Islands. About the division of the Islands, to be given to the people that have not got a piece of land.

This is the way we agreed to divide equally! Each person should get ten (10) acres of land. And about the cottages of the white men on the island. These cottages will be left on the island. These cottages shall be under the control of the band and they shall rent the cottages and the rent money will go to the Department and shall be given out with the Interest money.

Now the Islands shall be divided like the Snye lands. A man from the Department shall survey the Islands and tickets shall be drawn. The lucky ones wins a piece of land.

And about the forest the person that wins a piece of land will be entitled to have the wood only for his own use.

And if a white man wishes to built a cottage. He shall pay for the piece of land to the band.

He shall make an Agreement with the band for the cost of the piece of land and the money will go to the Department to be given out with the interest money.

And if a person wins a piece of land with the cottage erected on, he shall be asked to pay some money for the cottage as much as he is able to pay.

Dear Sir :-- - Your No. 233,800-
Ancient Leases made by Indians -
St. Regis Band -

Referring to yours of January 23rd and January 28th last, I reported those letters to the Indians who had consulted me.

19th ult. the following members of St. Regis Band called on me, Louis W.David; Thomas Jack; Jesse Debo; Frank Jackson, and Louis Thompsom. They said that on Monday 17th ult. after the meeting had been announced at St. Regis' Church door on two previous Sundays,a general meeting of the Band had been held at which certain resolutions had been adopted relative to the Islands, the leases of which had expired, having particular reference to St. Johns Big Island, now known as Cameron's Island. They left the resolution which is in the Indian language and which is signed by the above named Indians, and also what purports to be a translation of it into English with me, directing that I should forward same to you, and on behalf of the St. Regis Band ask that your Department take possession of Cameron's Island, dispossess the present white occupants of it, and put the St. Regis Band of Indians in possession of it.

I read them the concluding paragraph of my letter of January 25th last to you and saw to it that Jesse Debo translated it to those gentlemen who were in my office as representatives of the Band.

I told them to not act hastily, and that I would keep the resolution for a while and until they would tell me later to forward it.

Louis W. David and Thomas Jack and another Indian, whose name I did not get, called on me this morning, and on behalf of the Band asked me to send you that resolution, which I now do. They again repeated their instructions to on their behalf request that you take possession of St.Johns Big Island in the St.Lawrence River (Cameron's Island) dispossess the present white occupants,

and put the St. Regis Band into possession.

I told these men who were in 19th ult., and I again repeated to-day that there was nothing more I could do for them, and that the proper authority to deal with the matter and take possession of the Island is your Department.

Let me add that I am satisfied that the entire Band is a unit on this subject and that the Band looks to your Department to give it possession of its property.

Yours respectfully,

Sir,-

In regard to request to proceed to St. Regis, in connection with the leases of certain islands in the St. Lawrence, I beg to advise as follows.

Over one hundred years ago the St. Regis Chiefs issued a number of leases covering islands in the St Lawrence, for periods of ninety-nine years, renewable from time to time to the full end and term of nine hundred and ninety-nine years. As regards some of these islands, the first ninety-nine year term has expired, and the Department ruled some years ago that the lessees were not entitled to a renewal. The lessees, however, claim the right of renewal as specified in leases. The inclosed statement gives full information as to the leases in question.

The Indians are, apparently, determined to exercise control over these islands, which the Department, of course, cannot allow at the present time.

If any island has been taken possession of, you will be good enough to notify the Indians that they must abandon same, otherwise stern action will be taken for their removal.

You will, therefore, be good enough to impress strongly upon the Indians that they will not be allowed to take possession of these islands, or in any way interfere with the present lessees until settlement of the lessees' claim.

Mr. F. E. Taillon is the local Agent at St. Regis, and it would be well to confer with him before taking any action.

WVD

You may impress upon the Indians that the Department will do everything in its power to protect their interests, but cannot tolerate any interference with the use or occupation of the islands pending settlement of the rights of the lessees, and then only after authority has been obtained from the Department.

Your obedient Servant,

Deputy Superintendent General.

Re Leases of Certain Islands in the St Lawrence River.

I beg to report that I proceeded to St Regis, on Monday March, 24th, and interviewed F.E.Taillon, Local Agent, and he informed me that the Indians had not made any attempt to take possession of any of the Islands, and was sure they would not make any attempt to do so, as he had explained fully the situation regarding the Islands, and he further stated that if any of them made an attempt to take possession that he would be the first to hear it, and he would notify the Department. Mr Taillon stated that some of them mentioned something about the leases being expired, but did not seem to be in any way determined to take possession of them.

Sir,

951-15

I have the honor to acknowledge the receipt of your letter of the 31st May last - F.233800 - in which you request to be advised as to the legal position of your Department in connection with renewals of leases of lands in the River St. Lawrence made by certain members of the St. Regis band. One of the leases which Mr. Donald MacMaster has asked to have renewed is dated 17th May, 1817, and is for a term of 99 years with terms of renewal up to 999 years under a specified penalty. This lease expires on the 17th May next and Mr. MacMaster now requests a renewal or payment of the penalty provided by the lease.

In reply I beg to state that in my opinion the Crown is under no obligation to have the lease renewed, and I do not think the lessee can succeed in establishing a legal claim either to a renewal or to enforce the penalty against the Crown, and as to the Indians I suggest that the claimant be left to establish his claim. In expressing the above views I make no distinction between leases providing for a penalty and those without such a provision, and as to whether the lands leased are in the Province of Quebec or in the Province of Ontario. I may add, however, that in the Province of Quebec such leases are emphyteutic, and under a provision of the Code they end at the expiration of 99 years whether or not a longer term has been stipulated for, subject to a question as to whether the local legislation is intended to apply to existing leases.

I have the honour to be, Sir,

Memorandum:

Hon. Mr. Meighen,

The Iroquois of St. Regis band of Indians occupy a tract of land in the Township of Dundee, in the County of Huntingdon, Quebec, and certain islands in the River St. Lawrence at Cornwall, some of which are in the Province of Ontario, held under Royal Proclamation of 1763, as a part of the hunting grounds of the Iroquois, which were in their possession at the time of French rule in this country.

In the year 1817 and subsequent years the Chiefs of the St. Regis band of Indians issued leases to whites covering Islands in the St. Lawrence, for ninety-nine year terms, renewable up to the full end and term of nine hundred and ninety-nine years, at very small annual rentals.

In the year 1887 a Commission consisting of the Hon. Mr. Justice Burbidge, the Hon. W.W.Lynch, M.P.P., and A.Dingman, Esq., was appointed with a view of determining and adjusting the respective rights of the Indians and settlers in lands in the said Township of Dundee occupied under leases which had then expired. In the report of the above Commissioners, it was submitted among other things that the said leases were emphyteutic; that those the term of which extended beyond ninety-nine years must be limited to that period, and that the lessees were entitled in any settlement which might be made to have the additional value which their improvements had given to their respective lots taken into account. The result was that the Indians surrendered their interest in these lands in consideration of the payment of a small sum per acre. The question of the leased Islands in the St. Lawrence coming to an issue in 1901, the then Superintendent General, Sir Clifford Sifton, directed as follows:-

Indian Affairs. (RG 10, Volume 3031, File 233,800)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

"There are two sets of leases - one comprised in the Dundee reference, and the other comprising the leased islands of the St. Regis band in the River St. Lawrence.

The leases in no way differ in principle. The Dundee leases were before the Dundee Commission and the Commission found that the leases should be upheld, but that where provision for renewal beyond 99 years existed, this provision should not be acted upon - in other words, that the leases should be held valid but should be held to expire at the end of 99 years in each case. There is not the least ground for distinguishing the island leases from the Dundee leases, and therefore there is no ground for suggesting that if the island leases had been before the Commission the finding in regard to them would have differed from the finding in regard to the Dundee leases. .. .. ..

The islands for which leases have already fallen in will be allowed to be located under the direction of the Council. The others, except Stanley Island, for which there was a special surrender, will be treated similarly as fast as they fall in."

Following this direction by the then Superintendent General, the Indians were advised by the Department that these leases would not be renewed but that the lands would be available for the Indians at the expiration of the original term of each lease.

I attach hereto a statement showing the leases in question the first ninety-nine year term of which has expired or will expire in the near future, and I also attach a copy of the lease issued for Thompson or St. John's Big Island, which lease is now held by Mr. McMaster, a member of the British House of Commons.

The question as to the liability of the Department to renew Mr. McMaster's lease according to their terms thereof, and the other similar leases, was referred to the Department of Justice for an opinion. Attached hereto will be found a copy of the opinion of the Department of Justice, dated the 15th July, 1915, and also a copy of an opinion in the same matter, dated the 28th September, 1916. It would appear from these opinions that the Department is under no obligation to renew these leases, but that in view of all the circumstances of the case it might be fair and consistent for the Department to do so.

Indian Affairs. (RG 10, Volume 3031, File 233,800)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

In pursuance of these opinions a letter was sent to each of the lessees, stating that we were advised that there was no obligation on the part of the Government to renew these leases but that the question of the issue of new leases to the various lessees for such rental and other terms, as might be considered satisfactory, would be submitted to the Indians, if the lessees were favourably disposed to such a course. With a view of this proposal being acted upon the Department had the various parcels of land valued and the present annual rental estimated, a statement as to which is attached hereto. The lessees of two parcels replied that they were favourably disposed to the proposition, two made offers which were considered altogether unsatisfactory, one made no reply, and the other, Mr. McMaster, absolutely refused to consider the proposal of the Department.

In view of the fact that the right of the Indian chiefs to grant these leases in the first place and the obligation of the Government to renew them, is doubtful, that the rental stated in the various leases is so small as to be out of all proportion to the present value and that the Indians are unalterably opposed to the granting of any renewals, I do not see how the Government could properly grant renewals, unless, and until such obligation is determined by a judgment of the Court. I therefore beg to submit the question as to whether we should take forcible possession of these lands which would no doubt result in some lessee bringing an action against the Government to have his rights determined, or whether the Department should refer the matter to the Exchequer Court as provided by Section 38, Chapter 140, R.S.C.

In view of the fact that the Government has recognized these leases and has consented to assignments of the same from time to time until nearing the end of the term of ninety-nine years, and then calls in question the right of the tenants to renewals according to the terms of the lease, I should think it would be proper for the Government to take the necessary proceedings rather than to expect or compel a tenant to bring action against the Government to have his rights determined.

Memo. Deputy Min.
Lands Branch,

With reference to the expired leases of Islands in the St. Lawrence, as referred to in the Deputy Minister's memorandum of the 7th ultimo, I would suggest that the Agent be instructed to take with him a reliable man, perhaps the Constable, and go on each of the Islands and take possession of the same in the name of the Superintendent General of Indian Affairs. Notice against trespassing should be sent to the Agent to post upon each of the Islands in question. If the former lessee or his agent should be living on any island, a demand should be made of such person for possession and the agent should make a note of the acceptance or refusal of the demand and a report as to the taking possession of each island should be immediately made to the Department.

When possession shall have been taken the Department should notify the various tenants and sub-tenants of the fact and to govern themselves accordingly.

Sir,-

In regard to the leases of islands in the River St. Lawrence issued many years ago by the Indian Chiefs, and which are as follows:-

Lease No.	Lessee.	Island.
239	Donald McMaster	Thompson
248	Merritt A. Cleveland	Duck
253	Thomas Jack	Hamilton's or Thomas
256	Edward Esterbrookes	Cornwall
257	Merritt A. Cleveland	Drummond
260 A	William Colquhoun	Lewis
260 B	Mrs. Walter Colquhoun	Snyder

I have to request that you will be good enough to take with you a reliable man, perhaps the constable, and go on each of the islands and take possession of the same in the name of the Superintendent General of Indian Affairs.

As regards Cornwall Island, the lease does not expire until the 10th of March next, and possession should not be taken of this island until after that date.
As regards Lewis Island, the lease will not expire until the 15th of March next, and possession of this island should not be taken until after that date.

I am inclosing a number of trespass notices, and you will be good enough to post one up on each of the islands as possession thereof is taken.

-Re Col. Lewis & Snyder Islands.-

Dear Sir : -

The first ninety-nine year term of our lease of Snyder Island expired, I think, in October 1916, and I believe the first term of Col. Lewis Island terminates next month. It is on the latter Island that the summer residences are located and the owners are very anxious regarding the fate of their property if by any means the Islands are allowed to revert to the Indians who made many threats last summer as to what would be done when they got control.

On September 18, 1917 we wrote you accepting your proposal regarding the renewal of these leases and the writer had the pleasure of at least two interviews with you, on the question, since that time.

As intimated to you personally we have been advised and have always felt that our leases were valid for the full term, and having completed the first period in accordance with all the conditions of same we thought we were entitled to a renewal for a further term of ninety-nine years. However in accepting your re-adjustment of the terms we felt that no advantage would be taken of our acceptance if it were afterwards held that the original leases were valid for the full term.

In your favor of September 24, 1917 you say "it will be necessary to submit the question of acceptance of proposed rental to the Indians, and if they consent the lease will be issued " ; If they do not consent, and they certainly will object to a renewal to the

the
Colquhoun Estate at any rental owing to their ejection from the Islands
[redacted] 1902 when they attempted forcible possession, what will be our position in the matter? Neither of these Islands can be cultivated and the only object the Indians have in obtaining possession is to strip them of the trees,as they did on every other Island on the St.Lawrence that is in possession of an Indian.

Both Mr. Colquhoun and his executors have been faithful to the trust,prosecuting Indians and Whites alike who have attempted mutilation of these beautiful Islands. Would it not now be a crime to allow your irresponsible wards to destroy,perhaps in a few weeks, the growth of a centuary? Will you please give this important matter your early attention,and greatly oblige,

I cannot understand why such a notice should be put up on my island, to which it certainly can have no application. As you are aware, I hold the island under the terms of a special Agreement and it is no fault of mine if a formal renewal of lease or Instrument of tenure has not been made to me for the period of 999 years as provided in the original lease.* My position has been made perfectly clear to the Department in

There is no danger of any person trespassing upon my property or destroying any of the trees etc., thereon.

I have to acknowledge the receipt of your letter of the 7th ultimo, in regard to St. John's Big Island, and asking to be advised as to taking possession thereof and as to any legal proceedings that it may be the intention of the Department to take.

In reply I beg to say that the Superintendent General of Indian Affairs held that leases should be considered extinguished at the expiration of the first term in each case, as per a decision of a former Superintendent General, and where continued possession was insisted upon by lessee, the Department should take possession, adopting legal process if necessary.

I may say that, on the 14th of July last, Mr. Hodge, executor of the Colquhoun Estate, along with his solicitor, Mr. Smith, called at the Department in connection with the lease covering Lewis and Snyder Islands, and it was arranged that a joint request would be submitted from all the lessees as to determining their rights as well as those of the Department by a reference to the Exchequer Court.

My dear Sir,

I have just received your letter of the 11th. September, which seems to have been delayed in transit as I find endorsed on the envelope "returned for postage". I am obliged to you for the information contained in that letter, but I must point out to you that you are mistaken in saying that I asked "to be advised as to taking possession" of my Island as I had no such idea in contemplation. I am in possession and, until the strong arm of the Law wrests that possession from me, I shall remain in possession. My letter was simply a protest against the putting up of an unwarranted notice on my property and, further, a request that in future any "further notices" affecting me should be sent to me at the address given. I also asked to be informed whether it was the intention of the Department to take any legal proceedings in the matter in order that I might have the opportunity of making proper defences.

I note that you say "it was arranged that a joint request would be submitted from all the Lessees as to determining their rights as well as those of the Department by a reference to the Exechequer Court."

I cannot understand how such an arrangement could be arrived at affecting all the Lessees when only two of them were represented and I wish distinctly to state that I decline to be affected by any arrangement to which I was not party myself.

At the sametime, I in no way presume to criticise or object to any course of proceedings that other Lessees may choose to adopt.

I am quite sure it is not necessary for me to repeat again, for possibly the sixth or seventh time, if not more, that I hold my property not merely in virtue of the original Lease, but of the special Agreement which was entered into between myself and the Department over thirty years ago in which, for good and valuable consideration paid by me, the terms of the original Lease were recognised in their entirety and consequently cannot be abridged or affected by any decision in respect of the continuance or termination of other leases.

I note that you say that the Superintendent General of Indian Affairs hold that leases should be considered extinguished on expiration of the first term in each case as

decision of a former Superintendent General.

With great submission I am unable to accept this view. That may have been the opinion of the Superintendent General, present or former, but that does not conclude the matter and I fail to see how any decision upon that point should affect the validity of a Special Contract entered into with the Department.

In justice to the former, as well as the present, Superintendent General I recognise that neither has rendered a decision in my case dealing with the effect of the Special Agreement.

I hope that you will kindly have this letter placed among the records so that, in the event of ~~legislation~~ affecting me, there may be nodoubt about my ~~action~~ attitude.

Dear Mr. McLean::

Re Islands In River St. Lawrence.

Litigation is about starting between your department and the lessees of said Islands. The trial of the action will probably take place in Cornwall because nearly all of the witnesses live near Cornwall. I presume your department have their own solicitors but, with all respect, I wish to sugest to you that your department engage the firm of McLennan & Cline of this town.

For many years this firm did work for your department and they are thoroughly conversant of the whole situation. Mr C. H. Cline of that firm is an excellent lawyer and would be in a position to give the department the very best service. Of course, he is on the ground and knows much about the Indians affairs.

You will remember when the late esteemed D. B. McLennan was the head of this firm and they always enjoyed a large practice.

I think the employment of this firm would mean considerable saving to your department. Of course, the employment of counsel would be a matter for your department to consider.

Kindly let me hear from you.

Memorandum:

Hon.Sir James Lougheed,

I beg to enclose herein a memorandum to the former Superintendent General of Indian Affairs with respect to the leases of certain islands in the River St. Lawrence near Cornwall, together with the enclosures referred to in the said memorandum. You will note the former Superintendent General's decision as set forth by him at the foot of this memorandum, which reads as follows:-

"We should consider leases extinguished at the expiration of the first term in each case as per decision of former Superintendent General, and where continued possession is insisted upon by lessee, we should take possession adopting legal process if necessary."

In pursuance of this decision the Department instructed the Indian Agent to take possession of the islands in question, and I am attaching hereto his report in the matter, which shows that the lessees are not disposed to give up possession and that litigation is inevitable.

In July last Mr. Hodge, executor of the Colquhoun estate, the lessees of two of the islands with his Solicitor, Colonel R.Smith, K.C., of Cornwall, called at the Department with reference to these leases, and it was suggested that a joint request should be submitted from all the lessees regarding the determination of their rights, as well as those of the Department, by reference to the Exchequer Court, but this suggestion has not yet been fully carried out. On the 19th ultimo the Department received a

communication from Mr. Gogo, Barrister of Cornwall, acting for Frank Easterbrook, one of the lessees, and on the 29th ultimo a letter from Mr. Stiles, Barrister of Cornwall, acting for Mr. Thomas Jack, another lessee, asking that the question as to the right to renewal of their respective leases be determined by a proceeding in the Exchequer Court to be tried before Sir Walter Cassels, the Crown acting as plaintiff and the various lessees defendants, and suggesting that the Crown, having recognized the leases for nearly one hundred years, pay the costs.

If the former Superintendent General's direction be carried out to take legal process, if necessary, to obtain possession of the said islands, such action it appears might properly be taken under the provisions of Section 37A of the Indian Act for the recovery of possession of reserves withheld or adversely occupied, and I beg to recommend that this matter be placed in the hands of the Department of Justice with instructions to take such proceedings as may be necessary to secure possession of the lands in question.

I infer from the communications received from Mr. Gogo and Mr. Stiles that the lessees which they and Col. R.Smith, K.C., represent, four in all, would undertake to be bound by the decision in a suit against any one of the said lessees and possibly the other tenants may take the same position especially if the Crown should agree to pay the costs of the suit. If the matter equld be disposed of in one suit I would be favourable to the payment of the costs.

Dear Sirs:--

re COLQUHOUN ISLANDS.

As suggested at the interview, which Mr. Hodge and myself had sometime ago I have seen Mr. G. I. Gogo, representing Mr. Easterbrooke, the Lessee on Cornwall Island, and Mr. G. A, Stiles representing Mr. Jack of Hamilton's Island; and we have agreed that so far as these 3 parties are concerned the matter be referred to Mr. Justice Cassels of the Exchequer Court. We think that an action might be commenced against the 3 parties and that all 3 could be decided together.

As I suggested when there I think the expenses should be born in any case by the Department because these parties are all occupying under the terms of Leases which if valid gives them a right to continue to occupy and under which they purchased in good faith.

Yours truly,

RS/ML.

Dear Sir;-

Referring to your letter of November the 12th, 1920, relative to Cornwall Island, we note what you say in reference to the joint request to be submitted by the Lessees, dealing with their rights as well as those of the Department to the Exchequer Court. If we can be of any assistance in the matter we are at the service of the Department, as we would very much like to have something to say in regard to the extraordinary nature of the Lease given by the Chiefs of the St. Regis Tribe many years ago.

Memorandum:

Hon.Sir James Lougheed,

I beg to enclose herein a memorandum to the former Superintendent General of Indian Affairs with respect to the leases of certain islands in the River St. Lawrence near Cornwall, together with the enclosures referred to in the said memorandum. You will note the former Superintendent General's decision as set forth by him at the foot of this memorandum, which reads as follows:-

"We should consider leases extinguished at the expiration of the first term in each case as per decision of former Superintendent General, and where continued possession is insisted upon by lessee, we should take possession adopting legal process if necessary."

In pursuance of this decision the Department instructed the Indian Agent to take possession of the islands in question, and I am attaching hereto his report in the matter, which shows that the lessees are not disposed to give up possession and that litigation is inevitable.

In July last Mr. Hodge, executor of the Colquhoun estate, the lessees of two of the islands with his Solicitor, Colonel R.Smith, K.C., of Cornwall, called at the Department with reference to these leases, and it was suggested that a joint request should be submitted from all the lessees regarding the determination of their rights, as well as those of the Department, by reference to the Exchequer Court, but this suggestion has not yet been fully carried out. On the 19th ultimo the Department received a

communication from Mr. Gogo, Barrister of Cornwall, acting for Frank Easterbrook, one of the lessees, and on the 29th ultimo a letter from Mr. Stiles, Barrister of Cornwall, acting for Mr. Thomas Jack, another lessee, asking that the question as to the right to renewal of their respective leases be determined by a proceeding in the Exchequer Court to be tried before Sir Walter Cassels, the Crown acting as plaintiff and the various lessees defendants, and suggesting that the Crown, having recognized the leases for nearly one hundred years, pay the costs.

Memorandum:

Hon. Mr. Meighen,

534815

The Iroquois of St. Regis band of Indians occupy a tract of land in the Township of Dundee, in the County of Huntingdon, Quebec, and certain islands in the River St. Lawrence at Cornwall, some of which are in the Province of Ontario, held under Royal Proclamation of 1763, as a part of the hunting grounds of the Iroquois, which were in their possession at the time of French rule in this country.

In the year 1817 and subsequent years the Chiefs of the St. Regis band of Indians issued leases to whites covering Islands in the St. Lawrence, for ninety-nine year terms, renewable up to the full end and term of nine hundred and ninety-nine years, at very small annual rentals.

In the year 1887 a Commission consisting of the Hon. Mr. Justice Burbidge, the Hon. W.W.Lynch, M.P.P., and A.Dingman, Esq., was appointed with a view of determining and adjusting the respective rights of the Indians and settlers in lands in the said Township of Dundee occupied under leases which had then expired. In the report of the above Commissioners, it was submitted among other things that the said leases were emphyteutic; that those the term of which extended beyond ninety-nine years must be limited to that period, and that the lessees were entitled in any settlement which might be made to have the additional value which their improvements had given to their respective lots taken into account. The result was that the Indians surrendered their interest in these lands in consideration of the payment of a small sum per acre. The question of the leased Islands in the St. Lawrence coming to an issue in 1901, the then Superintendent General, Sir Clifford Sifton, directed as follows:-

Indian Affairs. (RG 10, Volume 3031, File 233,800)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

"There are two sets of leases - one comprised in the Dundee reference, and the other comprising the leased islands of the St. Regis band in the River St. Lawrence.

The leases in no way differ in principle. The Dundee leases were before the Dundee Commission and the Commission found that the leases should be upheld, but that where provision for renewal beyond 99 years existed, this provision should not be acted upon - in other words, that the leases should be held valid but should be held to expire at the end of 99 years in each case. There is not the least ground for distinguishing the island leases from the Dundee leases, and therefore there is no ground for suggesting that if the island leases had been before the Commission the finding in regard to them would have differed from the finding in regard to the Dundee leases. .. .. ..

The islands for which leases have already fallen in will be allowed to be located under the direction of the Council. The others, except Stanley Island, for which there was a special surrender, will be treated similarly as fast as they fall in."

Following this direction by the then Superintendent General, the Indians were advised by the Department that these leases would not be renewed but that the lands would be available for the Indians at the expiration of the original term of each lease.

I attach hereto a statement showing the leases in question the first ninety-nine year term of which has expired or will expire in the near future, and I also attach a copy of the lease issued for Thompson or St. John's Big Island, which lease is now held by Mr. McMaster, a member of the British House of Commons.

The question as to the liability of the Department to renew Mr. McMaster's lease according to the terms thereof, and the other similar leases, was referred to the Department of Justice for an opinion. Attached hereto will be found a copy of the opinion of the Department of Justice, dated the 15th July, 1915, and also a copy of an opinion in the same matter, dated the 28th September, 1916. It would appear from these opinions that the Department is under no obligation to renew these leases, but that in view of all the circumstances of the case it might be fair and consistent for the Department to do so.

Indian Affairs. (RG 10, Volume 3031, File 233,800)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

In pursuance of these opinions a letter was sent to each of the lessees, stating that we were advised that there was no obligation on the part of the Government to renew these leases but that the question of the issue of new leases to the various lessees for such rental and other terms, as might be considered satisfactory, would be submitted to the Indians, if the lessees were favourably disposed to such a course. With a view of this proposal being acted upon the Department had the various parcels of land valued and the present annual rental estimated, a statement as to which is attached hereto. The lessees of two parcels replied that they were favourably disposed to the proposition, two made offers which were considered altogether unsatisfactory, one made no reply, and the other, Mr. McMaster, absolutely refused to consider the proposal of the Department.

In view of the fact that the right of the Indian chiefs to grant these leases in the first place and the obligation of the Government to renew them, is doubtful, that the rental stated in the various leases is so small as to be out of all proportion to the present value and that the Indians are unalterably opposed to the granting of any renewals, I do not see how the Government could properly grant renewals, unless, and until such obligation is determined by a judgment of the Court. I therefore beg to submit the question as to whether we should take forcible possession of these lands which would no doubt result in some lessee bringing an action against the Government to have his rights determined, or whether the Department should refer the matter to the Exchequer Court as provided by Section 38, Chapter 140, R.S.C.

In view of the fact that the Government has recognized these leases and has consented to assignments of the same from time to time until nearing the end of the term of ninety-nine years, and then calls in question the right of the tenants to renewals according to the terms of the lease, I should think it would be proper for the Government to take the necessary proceedings rather than to expect or compel a tenant to bring action against the Government to have his rights determined.

Ottawa, September 28th, 1916.

Dear Mr. Scott,

I have had under further consideration the question of renewal of Mr. Macmaster's lease in view of the representations submitted, and I see that there is another island called Dorn's or Merkley's Island, the lease of which is held by Mr. Price McKinney, which seems to be very much in the same position. I do not suppose that there is any obligation imposed upon the Government to renew these leases, but I see that, according to the report of the Dundee Indian Commission, the occupancy of the Dundee islands was vested in the Indians, that they were recognized as occupants by the Government of Canada; that at least since 1819 they have been considered the proprietors of these lands by the acquiescence of the Government, in becoming parties to, and approving of, the leases granted by the Indians, and by the acceptance for them of the rent therefor; that the legislature of Lower Canada and the Parliament, as well of the former Province of Canada as that of the Dominion of Canada, have at various times recognized the validity of their title thereto, and that it would be exceedingly impolitic and unwise, not to say unjust, at this day, to put in question, or to raise a doubt as to the validity of their ownership, except so far as by their own acts and consent they have parted with the same.

These leases were granted by certain Indian chiefs, and obviously it would be very inconvenient, if not impossible, for the lessees to obtain renewals from the Indians executed in the manner in which the original leases were executed or by the like authority. The lessees are therefore looking to the Government for renewals, or perhaps because the Government is the only authority to which they can apply. It appears, moreover, as I understand the files, that your department has recognized the leases as subsisting conveyances affecting the title, and received the rents which presumably have gone to the benefit of the Indians, and I think it is very doubtful indeed, in so far as the lands are situated within Quebec, that the legislation of the province was intended to affect the rights of renewal which were vested at the time when the legislation was passed. I see, moreover, according to Mr. Sifton's

memorandum of 24th June, 1901, that he directed that there should be no interference with the possession of the lessees, although it is not clear as to whether he would disturb them at the end of 99 years or not.

In these circumstances the question which I suggest is whether it would not be fair and just that, as to those lessees whose leases have been admitted or recognized, the Government should renew these leases according to their terms, subject of course to apt provision to exclude any implication of title to renew.

I do not know how it would affect your relations with the Indians, or what the objections may be, but it occurs to me, on looking over the papers, so far as I have had time to examine them, that renewal of the leases might be a fair and consistent proceeding on the part of the Government, having regard to all the circumstances of the case.

As you may wish to refer to your files when writing me in reply, I am sending them herewith.

Yours faithfully,

Ottawa,15th July,1915

Sir,

951-15

I have the honor to acknowledge the receipt of your letter of the 31st May last - F.233800 - in which you request to be advised as to the legal position of your Department in connection with renewals of leases of lands in the River St. Lawrence made by certain members of the St. Regis band. One of the leases which Mr. Donald MacMaster has asked to have renewed is dated 17th May, 1817, and is for a term of 99 years with terms of renewal up to 999 years under a specified penalty. This lease expires on the 17th May next and Mr. MacMaster now requests a renewal or payment of the penalty provided by the lease.

In reply I beg to state that in my opinion the Crown is under no obligation to have the lease renewed, and I do not think the lessee can succeed in establishing a legal claim either to a renewal or to enforce the penalty against the Crown, and as to the Indians I suggest that the claimant be left to establish his claim. In expressing the above views I make no distinction between leases providing for a penalty and those without such a provision, and as to whether the lands leased are in the Province of Quebec or in the Province of Ontario. I may add, however, that in the Province of Quebec such leases are emphyteutic, and under a provision of the Code they end at the expiration of 99 years whether or not a longer term has been stipulated for, subject to a question as to whether the local legislation is intended to apply to existing leases.

I have the honour to be, Sir,
Your obedient servant,

St. Regis, Que.,
July 13, 1920.

Sir,

Referring to yours of June 28th ultimo #233800, relative to certain leases of islands in the River St. Lawrence, I beg to report thereon as follows:-

Today accompanied by James Hemlock, we proceeded to Prescott, Ont., where we secured a motor and went, first, to Drummond then Duck Island.

Lease 257 Drummond Island - no person living there - on, placed trespass notice; there are cattle on this island but after asking three or four persons could not ascertain to whom they belonged.

Lease 248 Duck Island, no one living thereon, placed trespass notice.

On Friday July 9th, I visited the other islands.

Lease #239 Thompson Island found a family of Camerons, tenants of Donald McMaster, I told Leander Cameron, I was there to take possession of the island and he stated, "You will have to see him (Donald McMaster) about it." I then placed a trespass notice.

Lease #253 - Hamiltons Isle .

I explained my mission to Mr. Jack and he replied that possession would not be given until he was paid for the improvements. He forbid me to place a trespass notice therefore at this island, I did not put up a notice.

Lease 260A Lewis Isl. There I found a niece of Miss Colquhoun, to whom I explained my errand, she did not commit herself in any way, except to say she understood the Dept. was willing to renew lease on an increased rental and I think they are willing to come to some reasonable arrangement. I placed a trespass notice on the Island.

island, therefore, I could only place thereon a trespass notice.

Lease 256 - Cornwall Isl. I found Mrs. Easterbrooks at home, explained the purpose of my call and she stated I would have to see her husband, that he was in Cornwall and possibly would not return for some hours; I also placed a trespass notice on the farm.

My expense account will go forward by early mail.

Sirs,-

In reply to your inquiry this day regarding the islands claimed by your band and now held under leases which were granted many years ago, I beg to say that the Department of Justice has been instructed to take action in the courts to decide the question as to whether the present lessees can be compelled to give up the leases and the lands covered thereby restored to the Indians.

I may say that until the court decides this question the Indians should in no way interfere with the present occupants or endeavour in any way to take possession of the islands.

Re St. Lawrence Islands.

I have in my office in connection with the above Islands, Indian Department File 233800 on which there is a copy of a lease dated 4th October 1817 to Ezra Adams of Duck Island and also a copy of a lease dated 17th May 1917 to David Thompson of St. Johns Big Island (Thompson Island).

No copy of the leases for Hamilton, Drummond, Cornwall, Lewis or Snyder Islands are on the file, nor is there anything on the file to show the transfer of the original leases of these Islands to the present lessees.

I note on the back of the file the following references ;"see files Nos.9468 and 87659".I would be very much obliged indeed if you would be good enough to furnish me with all the files in the Department relating to these Islands.

You are probably aware that the Honourable Mr. MacMaster, who is the lessee of the Thompson Island, claims that he holds that Island under a special agreement with the Department entered into more than

The Honourable The Minister of the Interior,

Dear Honoured Sir;- Re St. Regis Indians.

We enclose you herewith a Resolution passed by the Indian Council of St. Regis, dealing especially with the Leases to white people on Cornwall Island. You will notice that apparently by the Resolution there has been more or less difficulty in dealing with the old Leases particularly a Lease to Easterbrook. This Lease was apparently originally given in 1821 to one, Solomon Y. Chesley, and they have assumed to convey the lands by will, and otherwise deal with the property as if they were the owner which has occasioned considerable disaffection to the Band. By some manner of means the present occupants and their predecessors under the document of Lease were able to get registration of the documents in the Registry Office at Cornwall, but all these registrations are in our opinion void.

Will you be good enough to advise us what action the Government will take with a view to carrying out the request of this Band?

Yours truly,

Enclosure.

ST. REGIS BAND OF INDIANS (CANADIAN)

A Special Meeting of the six Chiefs of the St. Regis Band of Indians (Canadian) being all the Chiefs of said band having Tribal Government over said St. Regis Band of Indians was duly convened and held at the Village of St. Regis in Huntingdon County in the Province of Quebec this Ninth day of May, One thousand nine hundred and twenty-one, and the following resolution was at such meeting unanimously adopted;-

In reference to alleged leases or rights of occupancy of any and all Islands, and real estate belonging to or held in trust for the benefit of said St. Regis Band or the members thereof, we again repudiate and denounce such leases and rights and alleged rights of occupancy to or by any person or persons who are not Indians.

We again affirm and declare that if any such leases or alleged rights of occupancy were ever at any time made or given, or attempted to be made or given by any Chief or Chiefs in the name or on behalf of the said St. Regis Band of Indians or the predecessors of such Band to any person or persons not Indians, that such leases or alleged rights of occupancy were made and given unlawfully and illegally and without any authority and were and at all times have been of no effect, and are now and of right should be of no effect; and this declaration applies equally to any renewal or renewals or attempted renewal or renewals of all such holdings or leases, they being made or attempted to be made - if any such were made as a fact - without any jurisdiction or authority on the part of those who made them.

And, without in any way recognizing any such alleged holdings or leases or any renewals of any of them, and affirming and asserting that the same are now and have always been void and of no effect, we the said six Chiefs, being all the Chiefs having Tribal Government over the lands and property of said St.

Regis Band hereby cancel and annul all such leases and holdings held by or made to any person who is not an Indian.

And, having carefully considered the questions involved, we are of the continued firm opinion and it is our re-affirmed judgment that in the interests of the said Band, and in the interests of all others who are not Indians, and in the interests of the public, and in the interest of the peace and welfare of the said Band and of the public, and in the interest of the Government of Canada that all leases or alleged leases or rights or alleged rights of occupancy heretofore made of any property, Islands, or real estate located within the territory of said St. Regis Band of Indians, or within any territory which is held by the Government of Canada in trust or for the benefit of said St. Regis Band of Indians, or the members of such Band, should be forthwith cancelled and annuled and such property, Islands and real estate vacated by any and all persons who are not Indians, and the same placed in the possession and occupancy of the St. Regis Band of Indians and the members thereof; we again affirm and declare that it is against and is detrimental to public policy to have any of such property, Islands or real estate in t he possession or occupancy of any person or persons other than said Band of Indians.

Further resolved that this resolution be forwarded to the Government of Canada.

Gentlemen,

I have your communication of the 12th. instant enclosing a resolution passed by the alleged chiefs of the St. Regis band regarding leases of certain portions of the reserve.

I wish to state for your information that the Indians who have signed this resolution are not recognized by the Department as chiefs as they have not been elected as provided for by the Indian Act.

These emphyteutic leases are now under consideration by the Department and it is proposed that we will seek a judicial decision in the matter.

CONDITIONS.—Approved by Board of Railway Commissioners for Canada, under Order 162, dated March 30, 1916.

It is agreed between the sender of the message on the face of this form and this Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of any unrepeated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.

To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate; and, in that case, the Company shall be liable for damages suffered by the sender to an extent not exceeding $200.00, due to the negligence of the Company in the transmission or delivery of the telegram.

Correctness in the transmission and delivery of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz.: one per cent. for any distance not exceeding one thousand miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

No employee of the Company shall vary the foregoing.

Dear Sir;-

The above noted ex-Canadian soldier has made enquiries through this Association concerning two Islands in the St. Lawrence River opposite Johnstown, Ontario. He informs me that a lease which has been held by another party on these Islands for a number of years, has expired.

Mr. Gray desires to know if his application for the leases of these Islands could be considered. He intends grazing beef-cattle on them. If you see fit to extend leasing privileges to him, your advice in this matter would be greatly appreciated.

In reply to your letter of the 13th instant, in regard to application of Benjamin Gray, an ex-Canadian soldier, for lease of islands in the River St. Lawrence, opposite Johnstown, Ont., I beg to say that the islands referred to belong to the St. Regis Band of Indians, and are not in the market for sale.

I may say that these islands are covered by leases issued many years ago; the question as to whether the lessees are entitled to renewal thereof has not as yet been determined.

In view of the above, the Department is not in a position to give favourable consideration to Mr. Gray's application.

Re- Benjamin Gray.

Dear Sir:-

In response to your letter of the 16th instant, regarding the application of the above noted ex-soldier for lease of islands in the River St. Lawrence, opposite Johnstown, Ont., I beg to point out that Mr. Gray does not desire to purchase the islands but wishes to undertake the lease of them. The lease until recently was held by a Mr. M.A. Cleveland, a Contractor on the St. Lawrence Canal. Up to two years ago, Cleveland used the land for pasturing cattle, taking the cattle on in the Spring and bringing them off in the Fall. During the past two years this has not been done and the farmers in the vicinity have been taking their own cattle on the islands and pasturing them without regard for any lease that may be held.

It would thus appear that Mr. Cleveland considers that his lease has terminated. If he is not making use of the islands in any way or paying rentals to the Department, I would ask that Mr. Gray's application be considered to cover any term of years that you may desire.

Gentlemen:

I am chairman of a commission authorized by the Legislature of the State of New York to inquire into and report the status of the American Indians residing in the State of New York

As you are aware there is a certain complication at St. Regis as that reservation extends into Canada. Quite frequently I hold meetings in St. Regis to discuss the affairs of the Indians and those residing in Canada attend the meetings. A few days ago, I was invited to discuss Indian affairs of the Indians residing in Canada. While there an Indian chief by the name of John David presented a claim against the Canadian government, growing out of his pasturing horses and cattele on an island known as Sky or Snyder's island located in St. Lawrence river and being part of the reservation.

On Feb. 27, 1918, your Mr. W. A. Orr wrote Chief David regarding a verbal inquiry as to Sky Island stating that the records of the Department do not show that there had been any lease or disposition made of this island. He, therefore, thinking that he had a perfect right to do so, placed his cattle and horses on the island. They were seized by government officials and placed in pound under the supervision and care of Levi Gadbois, Cornwall. Mr. Gadbois, in turn

notified G. A.Watson, township clerk of the township of Charlottenburgh town of Williamstown, who then notified Chief David.

This matter took sometime as the letter went astray and by the time Chief David had the notice of the impounding of his stock, the same had been sold. He informs me that this stock was worth upwards of a thousand dollars and that they brought a very small amount of money.

I am writing you as an official of the State of New York and do so for the purpose of attempting to adjust this affair without making it necessary for this Indian to go into a long line of litigation. Under these circumstances will would you cooperate with me in attempting to adjust this matter in a fair and equitable way?

The facts as stated above may be incorrect as I have taken the word of some of the interested people and the correspondence. However, there is no occasion for any serious difference as to the facts to arise. I realize that sometimes the Indians are troublesome and not acquainted with the manner in which white men do business. Am also aware of the fact that sometimes they are unjustly treated..

I am anxious to see to it that justice is done and that the Indians can have no complaint with the treatment that they receive.

Shall await with anxiety your reply.

Re St. Regis Indians, St. Lawrence Islands.

Sir,

In view of the voluminous files connected with this matter and the difficulty experienced in getting together the necessary information, Mr. Sinclair has been put to very work in connection with the preparation of the informations and has applied for a further advance of $150.00 on account. The informations have now been prepared and are ready to be filed at the end of the legal vacation, and from what I know of the work involved up to the present time I think Mr. Sinclair's request may reasonably be granted, and I should be glad, therefore, if you would let him have a further advance of $150.00, making $350.00 in all.

I have the honour to be,
Sir,
Your obedient s ervant,

W. Stuart Edwards

Sir,—

Replying to your of August 10th instant, #233,800 relative to cattle and horses belonging to John David which were sold at public auction some time ago, I have to inform you that this matter was handled through instructions given by the Depart- to Messrs Robertson and Grigon of the Royal Canadian Mounted Police.

The animals in question were placed upon Snyder Island held under Lease#260B in defiance of instructions given me by you, and which I not only made a public announcement in regard thereof but also advised David that there was to be no trespass or interference with any land held under lease until the question of the le -gality of the leases was settled: in face of these notices David placed his stock thereon and was instructed by the above named offi -cers to remove his cattle ,failing to do so the animals would be removed and empounded, to this David paid no attention, subsequently the animals were removed by the above named officers, empounded and following the statute for such cases, the stock was sold to the hig -est bidders, to pay for costs of removal and maintainence while empounded.

After the cattle were removed David and his wife called at the office regarding the removal of their cattle and I explained to them that they had on several occasions been notified to not place any cattle on the island in question, that the R.C.M.P. officer had also instructed them to remove their stock and that the only way for him to get his cattle was to pay the costs , he did not how -ever accept my suggestion, nor the advice offered him by lawyers or white men; he had decided to buck the Department and have his own way in the matter.

The only person to blame is David himself and if he is without these animals there should not be any assistance given him by the Department as he could have saved all this loss, had he act- upon the suggestions given him and not followed the advice of Gabriel of Oka, Que, Jocko of Cornwall Island and other Indian agi- tators who preach that the Department has no jurisdiction over the Indians and that they are anot amenable to the Law of the land.

It is to be regretted that David did not act otherwise and avoid this loss: as he is quite able to sustain the loss, I must recommend that no action be taken by the Department to recoup him for said loss.

For your own satisfaction and a more detailed report

I would suggest you secure from Messrs Robertson and Grigon their views of the matter.

You stated your communication came from the Hon. Edward A. Everett, Chairman of the New York State Indian Commission, I beg to inform you that from reports received from Hogansburg, N.Y. this Assemblyman is looked upon as an agitator and is playing the part of a great Deliver who will do things for them that neither the Canadian nor Amerivan Governments can do: I may say that only a few weeks ago he spent the greator part of the day among the Thunderwater element here. Personally I feel that the Department Of Indian Affairs at Ottawa is quite capable of attending to its Indian problem without interference by outsiders.

May I ask to be favored with a copy of the reply you send the Honorable Mr Everett.

One B. Grey of Prescott Ont called at this office today desiring to lease Drummond Island situate a few miles below Prescott, formerly under lease to M.A.Clevland.

Mr Gray is an exmember of the C.E.F. and is anxious to secure this Island for a term of years, not less than five but would rather have it for ten years i possible.

Unless you are able to negotiate a lease for this Island without the consent of the Band, it will be out of the question to secure their sanction, as they refuse to lease any more land until the validity of certain leases are disposed of by the courts.

I have just been informed that Drummond Island, formerly held under lease #257 and which has expired, is being used by farmers in that vicinity for pasture and that at the moment there are upon said island over one hundred head of cattle: such being the case, would it not be wise for the Department to have some one visit Prescott and secure pasturage from the owners for these cattle before their removal; if there are the number stated thereon, a nice revenue could be made for the Band.

Complying with instructions contained in your letter of September 16th ultimo #233,800 in regard to Drummond Island, I proceeded to Prescott and succeded in collecting pasturage fees from those who ha cattle on the Island, as follows:-

R.W.Scott	$5.00
T.A.Huton	$8.00
A. Grey	$18.00
J.Finnegan	$ 6.00
G.Henry	$$5.00
T.Burns	$ 5.00
L.Sutton	$ 6.00
F.Bowen	$27.00
F.Bowen	$12.50
T.Roche	$ 7.00
A.Millar	$31.00
E.Fisher	$ 3.00
	$133.50

which you will herein find enclosed.

There still remains unpaid by George Bass the sum of $15.00 which he has promised to transmit within a few days.

Drummond Island can for pasturage purposes yeild an annual income from $90.00 to $140.00 easily as all the farmers upon whom I called are anxious to place cattle there next season; I would recommend taht they should be allowed to do so as thereby I think a better income can be had for the Band that by renting the Island: kindly let me have your opinion so that I may notify some of those who made inquires for next yea

Herewith you will find my expense account.

In reply to your letter of the 5th instant, remitting $133.50 collected as pasturage fees for cattle on Drummond Island during the past season, I have to state that this sum has been placed to the credit of the Band.

In regard to your proposal that the owners of cattle should be allowed to pasture them on the island next season, and asking for advice in the matter as some farmers are now inquiring about pasture for next season, I have to request that you will be good enough to report as to what rate per head you would recommend should be charged for the privilege. ~~You will also advise as to whether the Indians are favourable to the proposition.~~

The Deputy Minister,-

With reference to letter of the 12th instant, from Mr. Agent F. E. Taillon, of St. Regis, Que., in regard to the question of farmers using Drummond Island in the River St. Lawrence for pasture, I beg to state that according to the Agent's letter of the 13th September last, there were then over 100 head of cattle on the island. The Agent was requested in letter of the 16th ultimo, to collect from the parties owning the cattle whatever he might consider fair for the pasturage. In reply, he forwarded $133.50, collected from twelve persons who had cattle on the island the past season, and stated that an annual income of from $90 to $140 might be realized for pasturage on this island, and recommended that the owners of cattle be allowed to pasture cattle there next year, as a better income could be had for the Indians this way than by renting the island. He further stated that the farmers were pressing for an answer now so as to be able to make arrangements for next season, and recommended that a charge be made for horses and colts of $5.00 each, and for cows and heifers of $3.00 each for the season.

OK
DCL

As this island is not now under lease, the Agent's proposal seems to be a good one, and I would respectfully recommend that his suggestions be acted upon.

In reply to your enquiry regarding the islands claimed by the St.Regis Band and now held under leases which were granted many years ago, I have to say that the Department of Justice has been instructed to take action in the courts to decide the question as to whether the present lessees can be compelled to give up the leases and the lands covered thereby restored to the Indians.

I may say that until the court decides this question the Indians should in no way interfere with the present occupants or endeavour in any way to take possession of the islands.

I beg to acknowledge receipt of your letter of 27th.ult. stating that the Department wishes to retain my services in the case, The King-v-Easterbrook as well as the others and also stating that notices changing solicitors herein were on same date deposited in the Exchequeur Court.

I have notified the solicitors for the defendants in each case of the change of solicitors.

I have carefully perused the files sent me and find, for a better understanding of the position taken by the Department of Indian Affairs, that it will be necessary for me to have all the files of the Department in any wise relating to the subject matter of these actions, particularly files Nos. 9335, 233800, 10367, 97659, 9468/1 and 4436/2 all of which are mentioned in the correspondence in the files sent me. Would you kindly instruct the Department of Indian Affairs to forward me these files at once, as this would be more advantageous than for me to inspect them at the Department.

As File No.10145-2 may contain information of import though not pertaining to the Islands in question in these c would like to have an opportunity of perusing this file, and might be sent to me with the others, and I will return it, if I will not further require it for the purpose of these cases.

If a copy of the Dundee Indian Commission is avail I would also like to have one sent me.

As there may be a question arise as to whether t Islands are wholly located in the Province of Ontario, I wou you to instruct the Marine Department to send me a copy of map of the River St.Lawrence, showing that portion of same a ing from Mille Roche Easterly to Lancaster, which, if I remem location aright, will take in all the Islands referred to in actions.

On the 6th.ult.I wrote you for certain Department Files, and a Copy of The Dundee Indian Commission report and a map of the St.Lawrence River showing location of the Islands in question.

I duly received the Files asked for,but as yet have not received either the said Report or map. I find on perusing the said Files that this Report is frequently referred to,and it will no doubt be of assistance in getting at the facts as to the tenure of the Islands. It is absolutely necessary to have correct information as to whether the Islands are wholly located in Ontario or whether some parts may be in Quebec,hence the necessity for a correct map. Please have the said Report and map sent me as soon as possible.

In same letter I asked for an advance of $250.00 on account of accountable costs but have had no reply as to this. Kindly have this matter attended to without delay.

Toronto, February 11th, 1916.

Dear Sirs;-

In pursuance of instructions from the respective Departments to which we are attached, we have made a survey of a portion of Lake St.Francis to determine the position of the Interprovincial Boundary between the Provinces of Ontario and Quebec, in the vicinity of Ross Crab Island, which is a very small island lying a short distance west of Ross Island in that lake.

The position of the boundary line is indicated by the Consolidated Statutes of Upper Canada, chapter 3, section 7, which in describing the limits of the townships in the county of Glengarry recites that they "shall extend to the middle of Lake St.Francis, and to the middle of the main channe; of the St.Lawrence River".

The Consolidated Statutes of Lower Canada 1861, chapter 75, section 62, describes the limits of the county of Huntingdon as being bounded on the north by the river St. Lawrence, including all islands nearest to the said county and wholly or in part opposite the same. From this it appears that the middle line of the lake is intended to be the boundary between the Provinces at the point in question.

In order to determine that line in the vicinity of Ross Crab Island we ran a traverse line for some distance along each shore of the lake; the traverse on the north shore was begun at the line between lots 11 and 12 in the township of Charlottenburg and extended easterly a distance of nearly 4 miles. The traverse on the south shore extends from Hopkins Point easterly a distance of over 5 miles. The astronomical meridian at the initial point was determined by solar observation and the azimuths of the traverse lines measured with a Surveyor's transit, and the distance measured with a twp chain steel tape.

A triangulation was made across the lake from the point of commencement on the north shore to Hopkins Point on the south shore, intermediate points being taken on Stanley, Hog and Renshaw islands, which lie in the lake between those points.

A similar triangulation connects the traverse lines across the lake at Kit Kit Island near the eastern end of the survey.

Indian Affairs. (RG 10, Volume 3031, File 233,800)

The shores of this lake are irregular being a succession of narrow points jutting out at irregular intervals, and forming a series of narrowbays. Owing to this indented shore line, there is room for some uncertainty as to how the centre line, of the lake is to be determined, that is whether the distance between points on the opposite shores of the lake is to be divided equally or whether an average shore line on each side of the lake should be adopted and the distances between those lines measured and divided. This at first sight would appear to be a simple and practicable method, but as the average shore lines will neither be straight nor parallel lines the selection of different points on them will give different results. However, in trying out these two methods separately in the case in question the results obtained do not differ grrat1y from each other.

From either method it is clear that the small island on which Senecal was arrested lying west of Ross Island and commonly known as Ross Crab Island is well within the Province of Ontario, and the same is true of the west end of Ross Island and of the small peninsula or island at the west end of Ross Island. A traverse of the shore of Ross Island was not made but a sight taken on the most southeasterly point of the island from Kit Kit Island indicates that the southeasterly part of Ross Island comes close to or possibly touches the centre line of the lake, but in any event only a very small fraction of the area of the island would lie south of that line and therefore the whole island should belong to Ontario.

Measuring from Frasers Point in Ontario to the low point near Traverse Station No. 20, on the Quebec shore, and dividing the distance we find that the centre of the main portion of Kit Kit Island is about two chains closer to the latter point than to the former.

If measurements are taken from a mean shore line on each side of the lake, the centre line so found at Kit Kit Island varies somewhat, but still passes through the island and appear to leave more of its area in Quebec than in Ontario. It therefore appears that this island should belong to the Province of Quebec.

In fixing the location of this portion of the boundary line between the Provinces, the practice followed in locating the International Boundary in the St.Lawrence River and other navigable rivers should be followed and the boundary line be fixed 300 feet from themshores of islands such as these.

We would therefore recommend, that one point on this Interprovincial Boundary line be fixed at a perpendicular distance of 300 feet northwesterly from ordinary high water mark on the northwesterly shore of Kit Kit Island, and that another point on the line be fixed at the perpendicular distance of 300 feet southeasterly from the said high water mark on the southeasterly point on Ross Island and that the straight line joining those two points be adopted as the boundary between the Provinces in the intervening portion of the lake. The locations of this line and of the several points referred are shown on the plan of survey which accompanies this report.

We have the honor to be Sirs,

Your obedient servants,

(Sgd) David W. Mill,
Inspector of Surveys for the Province of Quebec.

Sir,-

With further reference to your letter of the 2nd instant, I have to advise you that a copy of the report dated Feb.11th 1916,concerning the joint survey of a portion of the Interprovincial boundary made in 1916,has been received by the Department from the Department of Lands and Forests,Toronto.

This report and the plan accompanying it do not deal with that portion of the Interprovincial boundary in the vicinity of Thompson Island (McMaster),the survey apparently being made only to determine the position of the interprovincial boundary in the vicinity of Ross Crab Island,which is a very small island lying a short distance West of Ross Island in Lake St.Francis. The plan accompanying the report shows only the above portion of the boundary. It would appear,therefore that this report would not be of any assistance in determining the ~~vicinity~~ boundary of the ~~boundary~~ vicinity of Thompson Island.

The Department will supply Mr.McCarthy with a copy of the above report should he consider it would be of assistance to him and will make further inquiries of the Provincial Government should Mr.McCarthy consider this is not the report mentioned in the letter to you of the 31st ultimo. A copy of this letter is being supplied Mr.McCarthy for his information.

25th January, 1923.

Dear Sir Lomer Gouin,

In further reference to the condition of the leases of the St. Lawrence Islands, I beg to say that in Mr. Sifton's ruling of the 24th June, 1901, he directed that the Indians be advised that "the Islands for which leases have already fallen in will be allowed to be located under the direction of the Council. The others, except Stanley Island, for which there was a special surrender, will be treated similarly as fast as they fall in". The interpretation placed upon this ruling was that the leases in question would not be renewed and the Indians were so advised.

Mr. MacMaster, however, always claimed the legal right to have his lease renewed according to the terms thereof, and the question of his rights and those of similar lessees, having been referred to the Deputy Minister of Justice for an opinion, we were advised that the Crown was under no obligation to have these leases renewed. In a further opinion dated the 28th September, 1916, Mr. Newcombe states that while Mr. Sifton in the ruling above referred to directed that there should be no interference with the position of the lessees it is not clear as to whether Mr. Sifton would disturb them at the end of 99 years or not. I do not see, however, how these Islands could be "located under the direction of the Council" unless the leases ceased to exist. Mr. Newcombe suggested that it would be fair and just, in view of all the circumstances, for the Government to renew these leases according to their terms, but observed that he did not know how it would affect the Department's relations with the Indians. In view of the fact, however, that the Indians have been clamouring for these Islands, and have been for twenty years relying on the promises given that these leases would not be renewed, and of the fact that these leases were most improvident from the Indians' standpoint, it was considered impossible for the Department to renew them unless it should be determined by judicial decision that we are legally bound to do so.

Indian Affairs. (RG 10, Volume 3031, File 233,800)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

With a view of a possible compromise of the situation, as indicated by Mr. Newcombe, a letter was sent to each of the lessees stating that we were advised that there was no obligation on the part of the Government to renew these leases but that the question of the issue of new leases to the various lessees for such rental and other terms as might be considered satisfactory would be submitted to the Indians if the lessees were favourably disposed to such a course. In anticipation of this proposal being acted upon, the Department had the various parcels of land valued and the present annual rentals estimated. The lessees of two parcels replied that they were favourably disposed to the proposition; two made offers which were considered altogether unsatisfactory; one made no reply, and the other, Mr. MacMaster, absolutely refused to consider the proposal of the Department. We were accordingly prevented by the lessees from proceeding with a possible compromise. Those who accepted the offer of compromise stipulated that they were not to be bound to such compromise if it should subsequently be determined by the court in any case that these leases were valid.

In a letter to Mr. Newcombe, dated the 28th day of June, 1916, Mr. MacMaster suggested that if there should be any question as to the validity of his title, the matter should be determined by judicial decision which he would welcome, stipulating, however, that the Government should bear the expenses of the litigation. The lawyers representing the three lessees, Hodge, Esterbrooke and Jack, acquiesced in the suggestion that the matter be referred to the Exchequer Court and that all three be decided together. Proceedings were accordingly taken against all the lessees and the matter will be determined in one suit.

Indian Affairs. (RG 10, Volume 3031, File 233,800)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

I am of the opinion that the Government having challenged the validity of these leases, should bear the whole expense of the litigation and I am prepared to make that recommendation to my Minister. I think also that in case these leases may be declared to be invalid the lessees might properly be allowed the value of their improvements as was directed in the case of similar lessees in the Dundee Indian Land Inquiry, but I suppose this would be a matter for the Court to determine. If the matter is dealt with in this way, I do not think that the MacMaster heirs and the other lessees could have any real ground for complaint, nor do I see how the Department, in view of all the facts as herein set forth, can do otherwise than proceed with the action.

With respect to your suggestion that the Indians might be asked to consent to the renewal of the MacMaster Lease for a period of 60 or 70 years at a reasonable annual rental with the understanding that at the expiration thereof the Island to revert to the band absolutely, I have to say that after giving the matter the most careful consideration I am convinced that from the temper of the Indians regarding these leases it would be impossible at this stage to secure from them the necessary surrender and that such a suggestion to them would precipitate a hostility on their part which the Department has been called upon from time to time during the last twenty years to overcome.

Yours sincerely,

Deputy Superintendent General.

In your letter of the 18th July, 1922, you requested the issue of a cheque for $250.00 to Mr. W.C.McCarthy as an advance on account of fees and disbursements in connection with the St. Regis Indians. A cheque for the amount in question was forwarded to you on the 26th July. Dear Mr. Tremblay-.

With reference to your inquiry by phone in the MacMaster matter, I beg to enclose a letter from the Deputy Superintendent General to Sir Lomer Gouin dated January 25th last, setting forth fully the situation of the matter, and concluding that there appeared to be no alternative but to proceed with the action.

When Sir Lomer sent for me some time ago, I took with me a draft of this letter for Sir Lomer's perusal and discussion. As the information contained in this draft appeared to be satisfactory I said I would send the original letter but Sir Lomer replied that it would not be necessary, that this draft was sufficient for his purpose. There was nothing further asked of me by Sir Lomer and it is presumed that the case is being proceeded with by our Solicitor for the matter, Mr. McCarthy.

I beg to acknowledge your letter of the 19th instant addressed to the Deputy Superintendent General, enclosing the written request of L. Benedict and others that you act for them in the suit which is being brought against the Lessees of various islands situated in the St. Lawrence River, and note that they intend to pay you for your services out of their own personal property, but that you desire some definite arrangement which would enable you to have some standing in the Court.

In reply I beg to say that this matter was placed in the hands of the Department of Justice, and that Mr. McCarthy of Ottawa has received instructions from the Department of Justice to conduct these cases on behalf of the Government. This Department is not in a position to say as to whether any such arrangement is necessary or whether additional counsel should be instructed to act for the Indians personally, in this matter. I can only say that if such employment would in any way facilitate the prosecution of these claims, the Department would favourably consider the representation that has been made. The matter of the employment of counsel has, however, been placed entirely in the hands of the Department of Justice, and we have forwarded your letter to that Department for a reply.

The Deputy Superintendent General,

Department of Indian Affairs,

Ottawa, Ontario.

Dear Sir:- THE KING V MacMASTER

In connection with this case, which seems to me to be upon a some-what different footing to the others, I have given long and serious consideration to the respective rights of the parties and I am of the opinion that, if a satisfactory arrangement can be arrived at between your Department and the heirs of the MacMaster Estate, it might be advisable to dispose of this action in that manner rather than risk the possibility of an adverse judgment.

I have carefully perused the different files several times, and it seems to me, at least from an equitable standpoint, that the MacMaster Estate have certain rights which should be recognized by the Department.

Assuming, which seems to be the fact, that the Indian Chiefs had no authority to grant the original lease, subsequent dealings between the Department, and the late Sir Donald MacMaster, prior to his taking an assignment of the lease seem to constitute a contract between the parties which might be enforceable.

Before Sir Donald took this assignment, as appears from said files, and incurred any obligations in connection with the Island, or the said lease thereof, he had, what seems to me, a distinct understanding, and agreement, with your Department, that if he paid up the arrears then owing under said lease, and carried out the other provisions thereof, your Department would recognize him as Assignee of said lease, and entitled to possession of the Island under the terms of the said lease. It appears that Sir Donald paid the said arrears which were accepted by the Department and subsequently paid the rents called for, by the terms of the lease. Since the 19th of January 1884, in purusance of the said arrangement it appears that Sir Donald was not only in possession but that his right to possession was recognized by the Department without any limitation.

By letter dated September 8th, 1917 from you to Sir Donald MacMaster, a proposal was made to him to give him a 21 year lease at a rental of $150.00 per annum renewable for 21 years at a rental to be agreed upon, and if Sir Donald were agreeable to this proposal, the matter would be submitted to the Indians under the terms of the Indian Act.

Indian Affairs. (RG 10, Volume 3031, File 233,800)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Sir Donald then refused to assent to this proposition. The heirs of Sir Donald MacMaster have now made a proposal for the settlement of this matter upon the following basis, namely:-

That the present lease be cancelled.
That a lease be granted to the MacMaster Estate for 50 years at a rental of $50.00 per year, and that each party pay their own costs of the action.
And that if this arrangement were carried out the Mac Master Estate would waive all claims under the old lease.

It might be well, in may opinion, for your Department to seriously consider this proposition in view of the facts peculiar to this matter.

As I understand the provisions of the Indian Act, in order that any settlement along the above lines could be effected, there would require to be a surrender by the Indian Band.

I would think that if a settlement were reached along the above lines that there should be a term in the new lease, that, at the expiration thereof, the MacMaster Estate would make no claim for compensation for any improvements made on the Island. I do not think that a settlement of this matter would have any bearing on the other cases.

You might let me have your views on the above, as soon as possible, in order that I may advise the Solicitors for the Estate.

Yours truly,

RE: THE KING vs MACMASTER AND OTHERS
ST REGIS INDIAN ISLANDS

All the defences have now been delivered, in the several actions, and we are in a position to make preparations for the trial of same.

In the Informations, as prepared by Mr. R. V. Sinclair, K. C., the claims made on behalf of the Crown in each case for $10,000.00 for the "issues and profits" of the Islands from the several dates, when each of the present occupants respectively entered into possession as presumed successors in title, under the Indian leases in question.

If it is intended to press such claims at the trial, it will be necessary to prove same, to the satisfaction of the Court, by adequate evidence, and I would like to know, if this amount claimed is a purely arbitrary figure or if it had been valued or estimated prior to the issue of the Informations in the actions.

I note from the files that on the 16th of August, 1917 one. A. F. Merkley, of Morrisburg., on instructions from your Department made a valuation of Hamilton, Thompson, Colonel Lewis, and Synder Islands. Are the above claims based on these valuatio if not, what evidence is it proposed shall be produced to establish the right to the said amounts or part thereof.

Has any valuation been made of that part of Cornwall Island in the occupation of F. N. Easterbrook?

Duncan C. Scott, Esq. #2.

The question of the value of the improvements will also arise, at least, in the MacMaster, Jack and Easterbrook cases, since they have raised this claim in their respective defences, and while it has not been raised in the Colquhoun cases, an application for amendment will be likely made at the trial, has any valuation of the improvements ever been made? If so, I would like to have it.

It is all together likely that at the trial of these cases, the Judge will dispose of the question as to the legality of the leases and the rights of the Defendants respectively, to the renewals claimed and referring to the Registrar the taking of any ~~actions~~ accounts necessary both with respect to issues and profits and improvements.

I would also like to know, if any Order-in-Council was ever passed or any Executive action taken by the Government at any time in any way confirming these leases or the right to occupancy of the several Defendants or their respective predecessors in title. Of course, I do not refer to the apparent acquiescence by the Department in accepting rents etc., in connection with these leases.

An early reply, will oblige

Memorandum:

St. Regis Reserve.

The St. Regis Band is an offshoot of the Caughnawagas, who, it would appear from the early records, migrated to their present village about the year 1755 under a promise, it was stated by their Missionary, Pere Gordon, received from General Vaudreuil that a grant would be made to them of "any spot or tract of land he might pitch upon that was unceded."

Pere Gordon did not, however, it would appear, secur for the Indians the land grant promised by General Vaudreuil, and on the passing away of the French Regime, they found themselves with none but squatters' title, a title which was, however, confirmed by the 40th Article of the Capitulation, which stipulated that "the Savages or Indian allies of His Most Christian Majesty shall be maintained in the lands they inhabit if they choose to remain there;" and by the Royal Proclamation of 1763, which provides that the Indians "should not be molested or disturbed in the possession of such parts of our Dominion and Territories as, not having been ceded to ... sed by us, are reserved to them as their hunting

As regards the lands occupies by the St. Regis ... the Canadian side of the Line, the following ... information may be given:-
Pere Gordon, it would appear, was desirous that ... should have a clearly defined title to a ...servation; for he is reported to have applied ...ish authorities for a tract of land extending ...er des Raisins (the vicinity of the present ...e foot of the Long Sault, six leagues deep ...f the river.

... is evident that the application was not enter- ...on the 15th March, 1784, Sir Frederick Haldimand, ...vernor, wrote to Sir John Johnson,- "I have had ...ers carefully examined and find that no grant was ...f the lands in question to the Indians, Pere ...y other person whatsoever in their behalf;" ... 15th April, in the same year in a letter to Sir ... March, 1829, the following description is given of the landed possessions of the St. Regis Indians:-

"The Iroquois Indians of St. Regis possess the undermentioned lands and islands in Upper and Lower Canada which were allotted for their use and benefit by the late Sir Frederick Haldimand, soon after the Peace of 1783. in lieu of the lands previously occupied by them."

"Twenty-one concessions of land situated in Eastern District of Upper Canada and lying between the Counties of Stormont and Glengarry;"

"Nine Islands in the River St. Lawrence in front of the Township of Charlottenburgh, Cornwall, Osnaburgh, and Edwardsburgh, in Upper Canada;"

"Eight Concessions in the Reservation called Dundee, L.C., and between the Salmon River and the Townships of Godmanchester; also the Reservation commonly denominated the Parish of St. Regis, forming the tract of land between the Salmon River and the Village of St. Regis."

And in a report of the 27th October, 1836, which appears in a manuscript volumn entitled "Records of Papers (Vol.B) relating to Indian Lands" the territorial possessions of the St. Regis Indians are thus defined:-

"The tract of land occupied by the British Indians of St. Regis, in Lower Canada, is of a triangular form, extending from the peninsula of St. Regis (on which the village stands) about twelve miles along the border of the River St. Lawrence and Lake St. Francis, by which it is bounded to the North; and to the South by the division line between the Provinces and the State of New York, for a distance of nearly fourteen miles; and on the East by the Township of Godmanchester, containing about 21,000 acres. These Indians are also the proprietors of nine islands in the river St. Lawrence, and of a reservation of land in the Eastern District of Upper Canada, lying between the Counties of Stormont and Glengarry, amounting, together to 28,250 acres, or thereabouts."

A report of the Executive Council of the Old Province of Lower Canada, dated the 13th June, 1837, sets forth that the St. Regis Indians, in addition to their other possessions, held "several Islands in the river, the whole area of land possessed by them being about fifty thousand acres."

Surranders have from time to time been made of portions of their lands, the present area of the reserve being about 6887 acres.

Dear Sir:- re: St. Regis Indians

Would you permit me to thank you for your favour of the 15th inst., enclosing Records of your Department ? Have you found that there were any transfers of any land from the Crown to the Indians as set forth in the Napier Report of the 21st March, 1829. Have you found that by Treaty, Proclamation or otherwise any of these islands in the River St. Lawrence were ceded to the Indians ?

Could you give me the names of the nine islands in the River St. Lawrence, mentioned in the second paragraph of the said Napier Report ?

I again thank you for your kindness to me in this matter, and trust that I shall be able to reciprocate.

I beg to extend to you and your family my very best wishes for a happy New Year.

Sir:-

I have your letter of the 20th instant. I have noticed its contents and in reply am to inform you that altho. I am the agent appointed by the Government to act for the St. Regis Indians no authority has been given me to lease or grant any Island or Islands in the River Saint Lawrence and as I am particularly accountable to the Government for every transaction, in this respect I could not at present with propriety grant any lease for Islands.

In a communication from the Commander of the Forces, having a particular allusion to the Islands in the River Saint Lawrence, I am directed to demand and Receive such Rents as may be due to the Indians by any prior Lease, contract or agreement, entered into by any person or persons, but nothing said with respect to future leasing. From the peculiar situation in which those Indians are placed under the protection of our Government, I would not consider a lease from the Indians very essential to the safety of any person who may possess any of their Islands and having any form of written permission signifying the consent of the Indians, unless under the immediate direction of the Government. I have grant of an Island myself for which I pay yearly Rent. I feel perfectly safe in my possession, altho' I am aware that the real right is invested in the Crown but intended for the support of the British Indians so long as they continue friendly to our Government and a Nation extant, but when once extinct their lands will revert

to the Crown, which, in its liberality and good policy, will always protect the subject upon these and other similar grounds. I consider your title as good as any I could give you, particularly as you are recognized by the Land Books to be the proprietor of the Island in your occupation and you stand credited on the last years Return for that years Rent, which return is now in the Executive Council Office at Quebec. Strict punctuality in future will be necessary in the payment of the Rents.

Re: Title to St Regis Lands & IslandS.

In a memorandum dated Montreal 11th March 1784 and signed by "Dan Claus for Agt. for Six Nations Can'd" it is stated in part:-

> " It may be probable that the French Governor promised a Grant for the Settlement at St Regis, for as I have learnt from a faithful Can'd Indian it was more a Political scheme of the French Government to establish a settlement of Indians there, partly for the Security of that Frontier, as well as the convenience of Excursions upon the Mohawk River and bringing the Oneida Indians over to the French interest, which was mostly effected during the War."

This Grant does not appear, however, to have been made by the French.

On May 20th 1784 Major R. Mathews, Military Secretary to the Governor General wrote to Sir John Johnson, in part as follows:-

> "Your favor of the 16th instant with Joseph's letter I had the honor to receive & lay before His Excellency the Commander in Chief & I am directed to signify to you His Excellency's desire that the Boundary Line as last agreed to by the St Regis Indians, be finally adjusted & marked out, after which a grant shall be made out & delivered to them agreeably to the promise I authorized Col. Campbell to make to them."

but all references to this subject that I have found state that no grant was issued.

In a petition from the British Indians of St Regis to His Excellency the Earl of Elgin and Kincardin, Governor General of British North America - dated the 5th of February 1850 the land title is referred to in the following terms:-

> "Although the same formality in passing deeds from the Crown to our White brethren, has not been made use of as regards lands apportioned to us, yet we have ever regarded the license to occupy and to consider as ours, lands reserved for our use, as much and irrevocably ours as the lands secured by grant to our white brethren, and so have all parties regarded our titles - or why have we been called upon to surrender under a solemn deed a tract of

In a report of a Committee of the Executive Council, of the 13th of June 1837, to His Excellency the Earl of Gosford, Captain General and Governor in Chief of the Province of Lower Canada, the following reference is made to the subject in question:-

"The Indians of St Regis belonging to the same "Iroquois Tribe, but numbering only 381 Souls, occupy "a Tract in that vicinity of about 21000 acres of "land of excellent soil and also possess a large "reservation on the opposite shore of the St Lawrence "in Upper Canada, and several Islands in the river, "the whole amounting in both Provinces to about "50000 acres.

" To these Tracts they have no other Title than "their ancient occupancy of them as a Part of their "former Hunting Grounds, conformed by the Royal "Proclamation of 1763."

It would be a very unusual circumstance if the St Regis Indians had a deed of their lands, for it has never been the general policy of the British Government to grant such deeds.

The older reports of record in the Department refer to the St Regis Indians as owning nine Islands in the River St Lawrence but certain other manuscripts disclose the fact that the Indians laid claim to many more.

In a statement of claim made in 1856 they asserted ownership of the Islands between Prescott and Gananoque, on the Canadian side, by virtue of the union which was alleged to have been made between them and the Osweegatchies, who, according to the statement, were the sole owners of these Islands prior to the union, and afterwards joint owners with the St Regis Indians.

The Osweegatchie Indians were a branch of the Iroquois stock. They are said to have at one time resided at Johnstown, on the Ontario side of the river. They afterwards occupied, according to F. B. "Remnants of the tribe" he states "are found at St Regis, Onondaga and elsewhere."

The Islands which the St Regis Indians claimed in their own right, i e., those east of Prescott, about 50 in number, have come to be regarded as theirs.

Dear Sir:-

I have to thank you for your letter of the 14th instant, enclosing copy of a letter from, S. Y. Chesley Indian Agent at Cornwall, to Peter Drummond dated 30th March, 1822.

I had already considered the effect of the matter stated in this letter, but I do not see that it materially affects the matters in question in the present Actions. As, to my mind, the ultimate decision in the current Actions, will greatly depend, not so much on the fact that, the leases were made, but on the effect of a Department of the Government having acquiesced in the possession of the Defendants, and received rents therefor, and as to whether, in fact, there is any tenancy.

W. C. McCARTHY
BARRISTER, ETC.

I may say that, for some time, I have been negotiating with the Solicitors for all the Defendants, for the purpose of agreeing upon Admissions to be made for the purposes of facilitating the trials and they are arranging a Conference to take place in the near future at Cornwall after which I hope to take out an appointment for trial at as early a date as possible. As there can be no great dispute on the facts, it will make a considerable saving of expense, if the Defendants' Solicitors, agree to the Admissions which I have submitted to them.

Dear Sir:- Re: No. 233800ty

Your letter of the 17th instant, with enclosure received and reply has been delayed owing to absence from my office.

I would suggest, you would with-hold the information contained in the memorandum from Mr. Gogo, for the present as it involves matters of fact, which I have been trying to get the Solicitors for all Defendants to come to an agreement upon.

The main point in the present Actions is the title to the Islands in question as an Indian Reserve, either obtained under the French or the British regimes. For the purpose of the several Actions, I have requested the Defendants' Solicitors to admit that these Islands were part of the St. Regis Reserve,

in occupation of the Tribe, at the time of the cession, by the French in 1759 and included in the Proclamation of 1763.

The more material that the Defendants' Solicitors obtain, which contains doubts as to the Reserve having actually been granted, the more we may be called upon to prove the title beyond the shadow of a doubt.

I may say that I have made considerable research to ascertain, when, how and under what Nation the Iroquois Indians obtained possession of the territory in question as a reserve for hunting purposes, but so far I have not been able to find adequate evidence.

It is just possible, that as in a New York State, there is a similar reserve adjoining the St. Regis Reserve, that the Archives at Albany N. Y. may contain the information to show when and how the Indians first obtained possession of the land, and it might be well to have Mr. Matheson, go to Albany for the

purpose of investigating the Indian title.

It may be that proof of the granting of the Reserve might be found among the Archives at Quebec. It has not been found that they have been published any place.

Dear Sir-

I wrote you some time ago in regard to an Island Between St. Francis and Thompson's Island, known by some as Cameron's Rab. If I knew who really owns the Island I would like to lease the Island for a number of years through the Indian Dept. I have asked the Indian agent to write but he doesn't seem to have time. If the Island can be leased I would like to hear from you so as to settle the business at earlyadate as possible

Dear Sir:- Re: St. Regis Indiands

Would you please let me know, as soon as possible, whether the original lessees of the Islands in question in the present actions and their successors have always paid the rents reserved in the several leases to the Department of Indian Affairs. If the rents have not always been paid in this way, I would like to know, from what date they have been paid, in respect to each different lease, and also to whom such rents were paid, if any, were paid otherwise than to the Department.

The Deputy Minister of Justice,

Ottawa, Ontario.

Dear Sir:

Re: St. Regis Indians & St. Lawrence Islands.

I beg to enclose you herewith the following accounts in connection with the five Exchequer Court, actions in this matter:-

The King v McMaster	$122.99
" " v Colquhoun (Col Lewis Id)	49.14
" " v Colquhoun (Synder Id)	22.50
" " v Jack	30.27
" " " Easterbrook	38.80
General account in all five cases not included in individual bills	824. 34
	$1088. 04

As you will note I have prepared a bill in each individual action, covering matters particularly applicable to each case and have included in the general account for services rendered charges covering all the actions and not included in the individual bills. This seems to me, the only proper method of delivering bills at this stage.

I also enclose general statement giving credit for the advance made on account showing a balance owing me to date of $838.04. I may say that I have occupied a considerable amount of time, in research in addition to what I have charged for, and this has been rendered necessary particularly owing to the fact that the Indian Department has not, so far been able to produce evidence to the effect that the Islands in question were ever granted to the Indians as an Indian Reserve. As a very important constitutional point will be raised by the defence I hesitate to bring these actions on for trial until we have more definite evidence that these Islands were ever granted as an Indian Reserve. It is true that we can trace the Indian possession practically back as far as 1755, but there is no positive evidence so far available that a grant was made to the St. Regis Indians of these Islands for the purpose of a Reserve. As some years ago the United States settled with the Indians regarding the St. Lawrence Islands on the American side of the boundary, it is just possible that the Archives at Albany may contain some evidence as to the Indians rights and some time ago I suggested to the Department of Indian Affairs, that Mr. Matheson who has charge of the Records of the Department should proceed there, and investigate, but so far I have not been advised that this suggestion has been acted upon.

Each of the above accounts, as well as the general statement are sent herewith in triplicate.

Yours truly,

Enc. Del. W.C.McCarthy.

RE: ST REGIS INDIANS &
ST LAWRENCE ISLANDS

I have your letter of the 29th ult., in reply to my letter of the 26th ultimo. The information that I require is that contained in your Books of Record, and the files do not show this.

I assume that the several leases, as well as the assignments or other documents showing change of possession from the original Lessees are recorded in some register in your Department, and if this is the case, a copy of such records is necessary in the actions.

Yours truly,

Dear Sir,-

re St. Regis Islands in the
River St. Lawrence.

I have received your letter of the 3rd instant, with further reference to the question of leases covering certain islands now the subject of investigation.

The Department is not in possession of any of the original leases of the islands mentioned, but on File No. 233800, now in your possession, you will find what are purported to be true copies of certain leases. Lease No. 253 covers Hamilton Island; Lease No. 260A, Snyder Island, Lease No. 260B Colonel Lewis Island, and Lease No. 256 Cornwall Island, all of which should be on the file above referred to. The only record we have of a lease covering Thompson Island is the copy attached hereto.

If it is not possible for you to locate these documents, or the information is not sufficient, I can only suggest that you return the files to the Department in order that an extended search may be made for the information desired.

Re: St. Regis Indians - St. Lawrence Islands.

Dear Dr. Scott,-

I have been giving some consideration to these cases, with a view to getting them on for trial and disposed of. I find, however, that there is a difficulty in making out our case, due to the fact that apparently no evidence has been placed in the hands of our agent showing that the lands in question were ever reserved in any way for the Indians. If we were to proceed to trial without such evidence, it might be held that these lands are ordinary Crown lands belonging to the Province, and that neither the Indians nor their lessees nor the Dominion have any right, title or interest in them. I understand that the purpose of these actions is to have it determined that these lands are Indian lands vested in the Dominion Crown in trust for the Indians, and that the leases given by the Indian Chiefs many years ago are invalid and of no effect. In order to establish the Crown's title it is essential to show that the lands in.....

in question were reserved for the Indians prior to the British North America Act. If, as Mr. McCarthy tells me, this evidence is not in the possession of your Department, it might be well to adopt his suggestion that Mr. Williams be sent to Albany, or if necessary to Washington, to see whether by any chance any information regarding any such reservation has found its way to the hands of the United States officials. If in the result it transpire that we are not in a position to produce the necessary evidence, I think the whole situation should be carefully considered before the cases are brought on for hearing.

2dly. The Indians of St. Regis belonging to the same Iroquois Tribe, but numbering only 381 Souls, occupy a Tract in that Vicinity of about 21,000 Acres of Land of Excellent Soil, and also possess a large Reservation on the opposite Shore of the St. Lawrence in Upper Canada, and several Islands in the River; the whole amounting in both Provinces to about 50,000 Acres.

To these Tracts they have no other Title than their ancient Occupancy of them as a Part of their former Hunting Grounds, confirmed by the Royal Proclamation. of 1763.

Sir,-

At the request of the Chiefs of the British Indians of Saint Regis, I transmit to you the accompanying Petition to the Governor General, praying that His Excellency may be pleased to take into consideration their claim to Indemnity for certain Islands in the River Saint Lawrence, of which, they state, they were deprived by the Award of the Commissioners appointed under the Treaty of Ghent to determine the Boundary Line between Canada and the United States.

5th February, 1850.

As the Records of this Office furnish no information whatever in relation to this Claim, I proposed certain queries to the late Agent of the Petitioners, and I beg leave herewith to forward a List of the Answers thereto for His Excellency's information.

him on Thursday following at Coteau du Lac
which they did according to

He first sent in for two of
their principal Chiefs in whom he could most confide
to gain them over to his measures, & presenting to
them that as he always remarked them to have
the greatest share of sense amongst all his other
Children of St. Regis, and so often as use to open

Colonel Campbell a considerable time afterwards, when he judged his intentions had time to operate, ordered the whole to assemble, about Twenty three in number and at this all the Indians usual on such occasions, by giving them a String of Wampum to open their Ears and clear their understanding, with a little Tobacco to light their pipes, He addressed them nearly to the following purport —

Children, When I was lately at Quebec the great man Your Father there received a letter from Sir John Johnson, which mentioned Your having objected to the Loyalists, settling upon the Lands in Lunston alledging that You had a prior right or Claim to that tract. I must acquaint You that before he granted these Lands to Your Brethren the Loyalists he first searched every place and all the Records of the Province to see if he could find any that person had a right to it but could find none —

Therefore as belonging to the King Your great Father and protector over the whole, I Engage to Your Brethren his other Children that you obliged to leave their own property to come to this Country under his protection from the Rebels, at the same time he did not forget You or thought it right to have encroached on any part of Your Lands —

Now I wish to be made acquainted with Your pretensions to these Lands as it is a matter of indulgence entirely proceeding from Your Great Father below and his wish to favour You upon every occasion in his power, to send me at this time to offer a reasonable Compensation in Money or Goods

Sir,

Since my last letter to You, I have considered that part of Yours concerning the Claim of the St. Regis Indians, together with Lieut. Col: Campbells & the Minutes of his proceedings with the Indians, from Which you would perceive their Aversion from parting with the Land in Question, and that notwithstanding the Colonels repeated Remonstrances, they persist in contending for the Tract between the Letters A & B Marked in the Sketch accompanying the Minutes, in preference to any pecuniary Compensation — Circumstanced as we are at present with the Indians in general, and immediately preceding the great Meeting they are to have with the Commissioners from Congress, I think it would be unsafe to do any thing in the Matter that might be interpreted injurious to the Indians — I therefore think it will be most prudent to let them continue in Possession of the quantity of Land specified in Your Letter, that is, from the Western Boundary of the Second Township & the dotted Line between the River Traverse and Point Maline / which

MEMORANDUM

With reference to a Petition from the British Indians of Saint Regis to obtain indemnity for certain Islands in the River Saint Lawrence, of which they were dispossessed by the Survey made in 1818 under Authority of the treaty of Ghent.

1st. The St. Regis Indians had undisturbed possession of, and exercised Ownership over all the Islands situate in the River St. Lawrence (excepting "Ogdens Island") between Coteau du Lac and the head of the Gallop Rapids (Being about 50 in number) from the time of the first Settlement of White people on the adjacent main Land in Canada up to the year 1818, In which and the four Succeeding years they were deprived of the following, by American Citizens.

Crysler	"			1.	0. 0.
Dry	"	(not rented)			
Gallop	"	(rented at pr annum)		2.	10. 0.

and a groupe called Chimney Islands.

2nd. The Oswegatchie Indians who have merged into and become part of the St. Regis Tribe claim to have possessed among many other Islands, those known as Grindstone, Wells and Grenidier Islands, for which the St. Regis Indians receive an annual rent averaging about £55. up to 1816, all of which are now claimed and held by Citizens of the State of New York.

3rd. By a Statute Enactment of the Province of Upper Canada, jurisdiction was exercised on all those Islands as forming (for the purpose) portions of the Townships and Counties opposite to which they are situated; and the occupation of them by the Indians and their tenants never appears to have been disputed by the Authorities in Canada.

4th. The American portion of the Indians residing at St. Regis have made several efforts to obtain from the Government of the State of New York an indemnity for the same Islands but so far as I am informed they have not succeeded.

Sir,-

I have the honor to acknowledge the receipt of your letter of yesterday's date with a copy of one addressed to you by the Honb'l Phineas Atwater Member of the assembly for the State of New York.

Requesting me to furnish you with any information that I may possess in reference to certain Islands therein mentioned, to enable you to bring the Subject under the consideration of the Governor General. And in reply to acquaint you that in the year 1820 on assuming the duty of Agent and Superintendent to the St. Regis Indians, I found them in possession and receiving the rents and profits of the Islands mentioned in Mr. Atwater's letter as well as all other Islands in the River St. Lawrence from the head of Lake St. Francis to the head of the Gallop Rapids, and that I did receive and collect the stipulated rent from the tenants on the said different Islands, for the benefit of the British portion of the St. Regis Indians, and of which I rendered Annual Returns to the Provincial Executive, up to the year 1822 or 1823, when Barnharts and Baxters Islands were (under the treaty of Ghent) claimed as the property of the State of New York, from which period up the Month of July 1845 when my Superintendence of the Affairs of the St. Regis Indians terminated. I steadily demanded and received Rent for the benefit of said Indians, under the directions of the Provincial Government, of all the Islands, within the said space that were within the British waters of the St. Lawrence.

Dear Sir:-

I was called on yesterday by Mr. Louis David, a member of the St. Regis Indian Tribe, who asked me to forward to you the enclosed paper which I understand is authority in Indian given to Mr. Louis David by the Tribe to take up and settle, the matter of the Indian Islands in the St. Lawrence, the leases of which are alleged, by the Tribe and the Department, to have expired.

Mr. David says that on Sunday morning last after High Mass at St. Regis, an announcement was made from the front of the Church by one Louis Terrance, that a meeting of the Band would be held on Monday the 13th inst. at two o'clock in the afternoon at the Hall in the Snye to consider the business of these leased Islands. He further informs me that the meeting was held as announced and that there was a considerable attendance. He himself that is, Louis David, was the Chairman of the meeting and he claims that he was appointed to represent the Tribe and to do the business in connection with these Islands. The enclosed document I believe details in Indian the meeting itself, the business transacted at it and the action taken by it. As I understand it, all that I am desired to do is to see that this document reaches your hands.

Will you be good enough to acknowledge safe receipt of it.

Re: St. Regis Indians
St. Lawrence Islands.

I beg to acknowledge the receipt of your letter of the 11th instant, in the above matter, and note that the difficulty in proceeding with these cases is the fact that there appears to be no evidence that the lands in question were ever formally set aside as Indian reserves, and note your suggestion that an officer of the Department might be sent to Albany or if necessary to Washington to ascertain whether there are any records at these places throwing any light on the subject.

In reply I beg to say that our records appear to indicate that there never was any Order in Council or grant formally setting aside these parcels of land as Indian reserves. Our title will apparently have to rest on the Proclamation of 1763, the apparent allotting of these particular lands by Sir Frederick Haldimand and the possession thereof to the present time.

Mr. Matheson, in charge of our Records, has been making a further search in the Archives for any material bearing on this question, and I am enclosing herein for your Solicitor certified copies of documents examined by him.

It occurs to me that possibly the agreement between the Dominion and the Province of Ontario as set forth in the Schedul

to Chapter 48, 14-15 Geo.V, 1924, would have the effect of vesting those parcels within the Province of Ontario in the Crown in the right of the Dominion and thus complete our title to these lands. I would be glad to have your views as to this phase of the question.

I am satisfied that it would be futile to spend any time searching at Albany or Washington for any material affecting the title to the lands in question.

Confirming my telephone conversation with Mr. Williams this afternoon, I may say that Mr. W. C. McCarthy, our agent, now has these cases ready for trial, but has requested a further advance of $300.00 to cover the work done since the previous payment, and to enable him to have the cases set down. Mr. McCarthy has been paid the sum of $1305.54 for work done up to January last, but he explains that the amount of research work necessary to prepare these cases for trial is very considerable, and that the additional amount asked for is necessarily required. In these circumstances, I should be glad if you would forward me a cheque for this amount at your early convenience, payable to W. C. McCarthy.

Toronto, Feb, 11th. 1916.

Dear sirs:-

In pursuance of instructions from the respective Departments to which we are attached, we have made a survey of a portion of Lake St. Francis, to determine the position of the Inter-~~national~~ provincial Boundary between the province of Ontario and Quebec, in the vicinity of Ross Crab Island, which is a very small Island lying a short distance west of Ross Island in that Lake.

The position of the boundary line is indicated by the Consolidated Statutes of Upper Canada, Chapter 3, Section 4, which in desdribing the limits of the townships in the County of Glengarry, recites that they "shall extend to the middle of Lake St. Francis and to the middle of the main channel of the St. Lawrence River."

The Consolidated Statutes of Lower Canada 1861, Chapter 75, Section 62, describes the limits of the County of Huntingdon as being bounded on the north by the St. Lawrence River, including all islands nearest to the said County and wholly or in part opposite the same. From this it appears that the middle line of the lake is intended to be the boundary between the Province at the point in question.

In order to determine that line in the vicinity of Ross Crab Island we ran a traverse line for some distance along each shore of the lake; the traverse on the North shore was begun at the line between lots 11 and 12 in the Township of Charlottenburg and extended easterly a distance of nearly 4 miles. The traverse on the south shore extends from Hopkins Point easterly a distance of over five miles. The astronomical meridian at the initial point was determined by solar observation and the azimuths of the traverse lines measured with a surveyor's transit, and the distances measured with a two chain steel tape.

A triangulation was made across the lake from the point of commencement on the north shore to Hopkins Point on the south shore, intermediate points being taken on Stanley, Hog and Renshaw Islands, which lie in the lake between these points.

A similar triangulation connects the traverse lines on the lake at Kit Kat Island near the eastern end of the

The shores of this lake are irregular bein[illegible]

of narrow points jutting out at irregular intervals,and forming a series of shallow bays. Owing to this indented shore line,there is room for some uncertainty as to how the centre line of the lake is to be determined,that is whether the distance between points on the opposite shores of the lake is to be divided equally or whether an average shore line on each side of the lake should be adopted and the distance between these line measured and divided. This at first sight would appear to be a simple and practicable method,but as the average shore lines will neither be straight or parallel lines,the selections of different points on them will give different results. However, in trying out these two methods separately in the case in question the results obtained do not differ greatly from each other.

From either method it is claar that the small island on which Sehecal was arrested lying west of Ross Island and commonly known as Ross Crab Island is well within the Province of Ontario, and the same is true of the west end of Ross Island and of the small peninsula or island at the west end of Ross Island. A trav of the shore of Ross Island was not made but a sight taken on the most south easterly point of the island from Kit Kat Island indicates that the south easterly part of Ross Island comes close to or possibky touches the centre line of the lake,but,in any event, only a very small fraction of the area of the island would lie south of that line and therefore the whole island should belong to Ontario.

Measuring from Fraser's Point in Ontario to the low point near Traverse Station No.20 on the Quebec shore,and dividing the distance we find that the centre of the main portion of Kit Kat Island is about two chains closer to the latter point than to the former.

If measurements are taken from a mean shore line on each side of the lake,the centre line so found at Kit Kat Island varies [illegible],but still passes through the island and appears to leave [illegible]ts area in Quebec than in Ontario. It therefore appears [illegible] Island should beling to the Province of Quebec.

In fixing the location of this portion of the boundary line between the provinces, the practice followed in locating the International boundary in the St. Lawrence River and other navigabl rivers should be followed and the boundary line be fixed 300 feet from the shores of islands such as these.

We would therefore recommend that one point of this Interprovincial boundary line be fixed at a perpendicular distance of 300 feet north westerly from ordinary high water mark on the noeth-erly shore of Kit Kat Island, and that another point on the line be fixed at the perpendicular distance of 300 feet south easterly from the said high water mark on the south easterly point on Ross Island and that the straight line joining these two points be adopted as the boundary between the Provinces in the intervening portion of the lake. The locations of this line and of the several points referred to are shown on the plan of survey which accompanies this report.

Dear Williams:- The King-vs-MacMaster-

We will require certain evidence from the Indian Dept and I would like if you would look after it.The follwoing is the most important,and if there is anything further required,we can consult about it.

1. Is there any record of any survey of the island having been made.

2. Evidence as to identity of the Island-that Sir John's Big Island,Thompson's and Cameron's are one and the same.The defence may admit this at the trial,but it is well to be prepared for eventualities.

3. Evidence that there is no record of any cession of the island made by the St.Regis or other indians to the Crown either for lease or sale.

4. It may be necessary to have Mr.F.E.Taillon,Indian Agent at St.Regis present to prove the demand for possession and service or posting of a trespass notice on 9th.July,1920. MacMaster admits receipt of this notice in a letter dated Aug.7th.1920 to Mr.D.C.Scott,but it would be well to have Mr. Taillon present in case we should require to use him.

5. Would you see if there is any copy of the said trespass notice on record in the department.There is no original on the files.

6. Defendant's solicitors have not,as yet,admitted the maps prepared by Mr.Patrick of your Dept.I furnished the defence with copies.We should be prepared to have Mr.Patrick present to prove the accurracy of these maps,if required.

I expect the defence may make some admissions covering the above matters at the trial or sooner,but we will have to be prepared in case they refuse.

If I find that any other evidence is required from the Dept.I will see you about it.

Dear Mr. McCarthy,

In reply to your letter of the 6th instant, reciting six different matters with respect to which it is desired to procure some information, I beg to enclose a memorandum made by Mr. Robertson, Chief Surveyor, with respect to Nos. 1, 2 and 6. This memorandum speaks for itself.

As to No. 3, I beg to say that Mr. Matheson, Chief of the Records Branch, states that so far as he has been able to ascertain from the records in the Department or in the Archives no record of any cession of the Island by the Indians interested to the Crown has been found.

As to No. 4, I regret to say that Mr. Taillon, who was Agent at St. Regis for a number of years, died during last summer.

Dear Williams:- The King-v-MacMaster.

Defendants' solicitors have today asked me to produce any book shewing the registeration of the lease in question in this case,claiming that such a book was required to be kept by the Superintendent General,under the provisions of sections 53 and 54 of the Indian Act.

My construction of these clauses is,that it is meant that registration be made of legal sales or leases,that is after proper surrender by the indians.The department must have treated thexx leases in question in the various actions in my hands,as not coming within these sections,for you will see by reference to File 233800/Ty my correspondence with Mr.Scott in March and April,1924.My letters are dated Mar.26th and Apr.3rd.a and Mr.Scott's replies,Mar.29th.and Apr.9th.

Would you kindly make enquiry and see if the M Thompson lease of Sir John's Big Id.and the assignments of same are registered in any departmental book,and let me know the result, so that I may give a definite answer to Defence solicitors.

If there is such a book will the Department assent to its production without a subpoena?

Dear [illegible] -

The King-v-MacMaster.

Supplementing my letter of yesterday will you kindly attend to getting evidence of the following:-

1. Have the St.Regis Indians ever had authority to lease the Island in question and that they could only surrender to the Crown for such purpose. This appears from the Proclamation 1763, also the Articles of Capitulation of 8th.Sept.1760 from France to Britain and also in the Statutes re Indians, but it may be necessary to call a witness from the Dept. This is supplemental to item 4 in my previous letter.

2. If the Indian Dept. had any authority by Order in Council or Act of Parliament to receive rents reserved in the lease from the Indian Chiefs to David Thompson or assignments of same, or approving, authorizing or ratifying the said lease and assignments or the tenancy of and occupation by the Defendant or predecessors.

3. Evidence that this Island has always been treated and recognized by the Dept. as part of the St.Regis Reserve.

4. That Indians never had any title to the Island other than that given by the Proclamation, 1763.

7357, 233800

5. From what date do the Dept records shew that it received rents for said Island and on what authority.

Jacobs Island 16 July 1818 surrendered to Crown.

6 What other Islands in the vicinity have been surrendered by the St.Regis Indians for lease or sale-Stanley or Jacobs for instance.

I am having the Justice Dept. obtain information from the Clerk of Privy Council as to records of any Executive action by Order in Council or otherwise.

My dear Sir:

Yours of the 7th Instant arrived yesterday by Post. I cannot help Expressing my surprise at the assertions of those Persons holding leases from the Indians for Islands they have Improved upon - they Artfully connect them with Indian Reservations, which I naturally supposed from the tenure of their intended Grants they might lease as is done by the Caughnawagas to raise a Revenue for their support, as it is not Possible they could gain a livelyhood by keeping them as hunting grounds - but the Islands, I was, as I believe you saw, by General Haldimand's letter in 1784, of which I will send you an Extract. If you did not take it - forbid, when Distributing the land to my Regiment the Loyalists attached to it and the disbanded Troops to grant any of the Islands, as he wished to reserve them for the future disposition of Government which the Settlers all very well knew - the Indians certainly Inhabited them but never had any right to them Particularly those of St Regis and Oswegatchie, as they came in from the Six Nation Country and were not the Aboriginies of the Country - I fear your representations of McNiff survey may turn out disadvantageous to us who had land by Grants within the lines that should have been run for them but which are marked and lettered in the field according to his Offsets and cannot be done away but by throwing us Back upon one another thereby overturning the whole District.

Dear sir:- The King-vs-MacMaster.

Will you please let me know, at once, if the originals of the following documents are on file, in the lease file of your department. I may say that copies of same appear among the files, but the originals will be required for purposes of evidence at the trial.

The following are the documents:-

(1)-Original lease dated May 7th. 1817, from St. Regis Indians to David Thompson, of Sir John's Big Island.

(2)-Original Assignment dated 12th. November, 1844 from representatives of David Thompson to Donald McDonald F.

(3)-Original Assignment dated 1st. June, 1882 from Cathrine Chalmers, et al., to Sir Donald MacMaster.

The solicitor for the defendants has made a request for this information and I would like to make reply as soon as possible.

Yours truly,

W. C. McCarthy

Note
I have made a search for these original papers but have not found them

Judgment rendered 17th. March, 1926.

This is an action brought by His Majesty, the King, on the Information of the Attorney General of Canada, wherein the plaintiff claims possession of certain lands, now in possession of the defendants, and being a portion of the St. Regis Indian Reserve located, in the Eastern part of the Province of Ontario.

Certain historical and constitutional facts in connection with the cession of Canada to Great Britain by France, under the Treaty of Paris, 1763, and the issuance of the Royal Proclamation of October 7th. 1763, are of importance here, but as the same are to be found comprehensively outlined in St. Catherines Milling and Lumber Company-vs-The Queen (1), I need hardly repeat them here. In the case just mentioned there has been a surrender by treaty to the Crown, by the Indians, of the lands involved in that litigation, whereas in this case there has never been any such surrender, and the Crown is not, I understand, asserting ownership or title to the lands here in question, in the right of the Dominion, and these are the particular facts distinguishing the cases.

The property in question, known under several names, but

generally as Thompson's Island,was in Indian occupation from the date of the Proclamation of 1763,and doubtless prior to that date, until 1817,when the same was leased in writing,to one David Thompson,by certain chiefs of the Indian tribe then in occupancy of the same,and which constituted a part of what was known as the St.Regis Indian Reserve. The lease was for a period of 99 years and contained a covenant for renewal in the following terms:-

"For themselves and their heirs,executors,administrators,assigns and successors,do hereby covenant,grant and agree to and with "the said David Thompson his heirs and assigns under the penalty of five thousand ponnds sterling,that they,the said party of "the First part their heirs or successors at the expiration of "the said terms of ninety nine years shall and will renew,make, "sign seal and deliver to the said David Thompson,his heirs, "executors,administrators or assigns a legal or lawful lease for "the further period or term of ninety nine years under the same "terms and yielding the same rents as is hereby covenanted and "agreed by the said David Thompson to be given and paid for the "permises hereby demised and leased to him as aforesaid or in- "tended so to be. the title to the lease stood in the name of one Donald McDonald or his heirs. From 1817 down to 1862 the annual rental stipulated in the lease was apparently paid,and to some person or persons acting, on behalf of the Indians,or in their interests. When the defendant, Sir Donald MacMaster desired to acquire the lease,or the property covered by the lease,the same was being administered or controlled by the Department of Indian Affairs of the Government of Canada,on behalf of the Indians,and as by statute authorized. With that Department,this defendant commenced in 1872,negotiations for the recognization of the lease which he proposed to acquire,and the negotiations extended over a number of years. At this time,there was an arrearage of rentals due under the lease,covering a period of about 23 years,and altogether amounting to the sum of $237.50. In the end,this sum was paid to the Department of Indian Affairs in January 1884,by the defendant,Sir Donald MacMaster,and he entered upon the property in question under the lease. It might be convenient however,to mention in greater detail some of the facts disclosed during the negotiations,between the Department of Indian Affairs and this defendant. When,hereafter,I refer to the defendant, I shall mean the original defendant,Sir Donald MacMaster.

As already stated in 1862 Thompson's Island was in the possession of one Donald McDonald or his heirs,the lease having been acquired by McDonald by assignment. At this date,however,and prior thereto the defendant's father occupied the island apparently under an agreement of sale and purchase of the lease,made with McDonald,but it appears he never procured in his lifetime a formal assignment of the lease. In June,1872,the defendant,then being desirous of obtaining an assignment of the lease from the heirs of McDonald,commenced making enquiries of the Department of Indian Affairs,as to the validity of the lease granted by the Indians in 1817 of Thompson's Island,and he was advised that,though in previous years,Indians had made leases of land reserved for their benefit, the same was done without adequate authority. Fearing some infirmity in the title under the lease,the defendant enquired if the Department would recognize the title to the lease,if the same were

assigned by the heirs of McDonald,to him,if he,the defendant would pay the past due rentals,which had been accumulating since 1862. In this correspondence the defendant refers to the land in question, as part of an Indian Reserve. The correspondence was protracted,but in 1881,the defendant was advised by the Deputy Superintendent General of Indian Affairs,that the old lease had become void through non-fulfillment of its conditions,but that the Department would endeavour to lease it again on conditions advantageous to the Indians,and in that year the defendant was advised by the same official,that if he could get an assignment from the representatives of McDonald deceased,in whom such title as the original lessee had seemed to be vested,and would pay the rental arrearages,his title under the lease would be recognized,as far as it could legally be done. This did not appear quite satisfactory to the defendant,as he did not care for a lease that was liable to attack,and he replied that if the department would give him a lease for the original term of 99 years,with covenants for renewals,he would willingly arrange with the McDonald heirs,and pay the rental arrearages,but he was insisting upon a recognition of the validity of the tenure of the McDonald heirs under the lease,before carrying out such terms. On J July 11th.1882,he was informed that if he could establish a legal assignment from the representatives of McDonald to himself,his title as assignee would be recognized. He was informed,however,in the same letter,that he could not obtain a new title in his own name,because the Island never having been surrendered to the Crown, it could not be sold or leased,but as the original lease had long been recognized,the Department would recognize him as assignee,upon payment of the past due rentals. To this he replied that recognition of the existing lease would satisfy him. On November 3rd.1883,the defendant was difinitely advised that upon the payment of the arrears of rent,his tenancy would be recognized. In the end,the unpaid rentals,amounting to $237.50,was remitted by the defendant on December 22nd.1883,to the Department of Indian Affairs. In a letter from the Department dated January 9th.1884,acknowledging receipt of this amount,there appears a review of the title of the original lessee,down to the assignment to Donald McDonald,and the defendant was therein informed,that admitting the right of th

Indian Chiefs to lease the Island, the law of Ontario would give him title by possession as against anyone but the Crown, and that if McDonald's possession and that of his legal representatives were established since 1884, the Department stated, it would be justified in recognizing the defendant as assignee of the lease. On May 20th. 1884, the Department wrote the defendant, that the various documents referring to the title of the lease, had been referred to the Department of Justice for an opinion as to whether they were sufficient to admit of the lease of the Island being renewed in his favour, and on June 5th. he was advised by the Department that he had shewn sufficient title to be considered as the holder of the lease originally granted to Thompson, and that his possessory title as against anyone but the Crown, was admitted.

In 1887, the Indians commenced to assert right of occupansy of the Island, and threatened to take possession of it, but nothing came of this, largely through the intervention of the officers of the Department of Indian Affairs, who induced the Indians to abandon such intentions. On August 5th. 1915, the defendant made formal application to the Department for a renewal of the lease, as the first 99 year period was expiring the following year. He was advised on September 7th. following, that no assurance had been given him as to the renewal of the lease, but only that his rights under the lease would be recognized as far as the same could be done legally. He was later advised that favourable consideration could not be given to his request for a renewal, and the Department disclaimed liability for payment of the penalty provided in the original lease, for non-renewal of the same. To this view the Department adhered, and the defendant never received a renewal, and in due course he was given notice to quit the property, and later the present action was commenced against the defendant.

The Proclamation of 1763, as has been held, has the force of a statute, and so far therein as the rights of the Indians are concerned, it has never been repealed. The Proclamation enacted that no private person shall make any purchase from the Indians of lands reserved to them, and that all purchases must be on behalf of the Crown, &c. Throughout the subsequent years, all legislation in the form of Indian Acts continued the letter and spirit of the Procla-

mation in respect of the inalienability of Indian reserves by the Indians. As was said by Lord Watson in the St.Catherines Milling and Lumber Company case,since the date of the Procalamation,Indian affairs had been administered successfully by the Crown,by the Provincial Governments,and since the passing of the British North Americam Act,1867,by the Government of the Dominion. The policy of these administrations has been all along the same in this respect, that the Indian inhabitants have been precluded from entering into any transaction with a subject for the sale or transfer of their interest in the land,and have only been permitted to surrender their rights to the Crown by a formal contract,duly ratified at a meeting of their chiefs or head men convened for the purpose. Whilst there have been changes in the administrative authority,there has been no change since the year 1763 in the character of the interest which its Indian inhabitants had in the lands surrendered by the Treaty,and as determined in the St.Catherines Milling and Lumber Company case, There can be no doubt but that the property in question,was part of an Indian Reserve covered by the Proclamation. For these reasons,I am clearly of the opinion,that the lease to Thompson in 1817 was void,and that the Indians never had such an interest in the lands reserved for their occupancy,that they could alienate the same by lease or sale. The Crown could not itself lease,or ratify any lease, made by the Indians of such lands at any time since the Proclamation save upon a surrender of the same by the Indians to the Crown. If t the lease was void,anything that the Department of Indian Affairs or any other authorized body or person administering Indian affairs, did,or could do in the way of adoption or ratification of the same, would be contrary to the enactment of the Proclamation,and of the subsequent statutes relating to Indian affairs,and which in this respect were declaratory of the provisions of the Proclamation,and not binding on the Crown. I am unable also to concur in the defendants contention that the Quebec Act,which enlarged the limits of the Province of Quebec,destroyed the rights of the Indians in the lands reserved under the Proclamation.This I think has been authoritatively settled.

The defendants also rely on title acquired by prescription. This contention is,I think,wholly without force. Rental was apparently paid during the whole period since the date of the lease Proclamation,although for a time it remained unpaid as I have already explained. Even if this were not clearly proven in respect of the whole period of 99 years,still,admittedly,the defendant paid to the appropriate authority,the annual rental mentioned in the lease,during his occupancy, and for more than twenty years prior thereto,when the rentals became in arrears by his predecessors in occupancy,under the lease. A title by prescription cannot be asserted concurrently with such an acknowledgment of title in another,or others.

One of the defendant's most formidable contentions is,that if the legal title to the property in question is in the Crown,it must be in the Crown in the right of the Province of Ontario,and that the Crown in the right of the Dominion has no status to claim the land as owner,and they rely upon the authorities of St.Catherines Milling and Lumber Company-vs-The Queen (1) and Attorney General for Quebec-vs-Attorney General for Canada (2). I do not think this position tenable. In the two authorities cited,the lands had been surrendered by the Indians to the Crown,and the substantial point in issue,in both cases,was whether in virtue of sec.109 and 117 of the British North America Act,such lands had passed to the Crown in the right of the Province interested. Here there has been no surrender,and the legal title is in the Crown where it always was, subject to what was termed in the St.Catherines & Milling & Lumber case,the burden of the Indian title. What is asserted or claimed in this action,it seems to me is,that the right to repossess is in the Crown,not that the title to the property is in the Crown in the right of the Dominion. The fact that the Attorney General for Canada prosecutes for the Crown does not show that a Dominion title is necessarily claimed. The Attorney General-vs-Harris (3). The Parliament of Canada in virtue of sec.91 (24) B.N.A.Act has exclusive legislative authority over "Indians and lands reserved for Indians" and there never having been any surrender of the lands in question to the Crown,and the control,direction and management of lands

reserved for Indians being in the Dominion,I think the Crown is entitled to seek possession of the property in question from the defendants,for the benefit of the Indians. The power of the Crown to manage,and legislate in respect of Indian lands,surely implies the right to bring action to recover,or protect any interest of the Indians in such lands. The Indian Act.Chap.81 R.S.C.1906,Sec.4 states that the Minister of the Interior shall be superintendent General of Indian Affairs and shall have control and management of the land and property of the Indians in Canada. The corresponding legislation,in force at the time defendant went into possession of Thompson's Island contained similar provision. To seek recovery of possession of the lands in question,believed to be improperly in the defendants is incident to the control and management of such lands,and is not, I think,to be confused with a claim on the part of the Crown asserting title to such lands,either in the right of the Dominion or of a Province. Mowatt,Attorney General-vs-Casgrain,Attorney General (1).

The plaintiff's statement of claim,is a bare claim for the possession of the lands in question. It is not pleaded that the lands are a portion of any tract or tracts of land,set apart by treaty or otherwise,for the use or benefit of Indians,or that the same is under the control and management of the Minister of the Interior,representing the Crown. On the other hand,it is not claimed that the title to the said land,is in the Crown in the right of the Dominion. The cause was tried upon the footing that the lands in question were Indian lands,and that the control and management of the same was in the person designated by the Indian Act,and who is a Minister of the Crown,and that in virtue of such duty and power so vested in him,this action was brought. I shall consider the pleadings as amended so as to properly set forth the nature and quality of the interest of the plaintiff,in the lands here in question.

If the lease was always void,it remains to be considered what was the nature of the tenancy acquired by the defendant,from those charged with the control and management of Indian lands,under The Indian Act,in accepting annual rentals from the defendant during the period of his occupancy. As contended by plaintiff's

counsel, I am of the opinion that his highest position was that of a yearly tenant, and that the tenancy was terminated by the notice to quit and deliver up possession. If the view I take, that the lease is and always was void, and that the same has not and could not since have been ratified by the Crown, then the defendant could not be more than a tenant-at-will, or a yearly tenant, and which, here in matters not.

The defendants claim, that in the event of the plaintiff succeeding in this action, for the recovery of possession of the lands covered by the lease, they are entitled to compensation for improvements and expenditures made upon the property, by the defendant Sir Donald MacMaster, in reliance upon the security of his rights under the lease, and particularly his right of renewal of the same at the end of the 99 year period. No evidence was given at the trial as to the liability of the plaintiff for compensation, or the amount if any, and accordingly I reserve the right to hear counsel and evidence, or direct a reference upon this point, when and if necessary. This I understand to be agreed upon by counsel. If the view I take of the case, ultimately prevails, I should hope that this might be amicably arranged between the parties.

I am therefore of the opinion that the plaintiff is entitled to judgment, and a declaration that he is entitled to the possession of the lands described in the statement of claim. No evidence was given by the plaintiff as to the claim for issues and profits, and accordingly I need say nothing as to this part of the plaintiff's claim. The circumstances of the case warrant me in directing, that there be no order as to costs.

Dear Sir,

Enclosed you will find a rough sketch of a few & f the islands in the St. Lawrence just about eight miles below Cornwall.

I am anxious to find out about a small island, apparently without name ,that I understand belongs to the Indians.

This island is very small,mostly rocks about an hundred feet long,and about seventy five feet at it's widest part ,and it's only value is for duck shooting in the fall.

I should like to lease this island for duck shooting in the fall and w ould be very much obliged if you could give me any information regarding same.

The Indian agent at St. Regis ,is there temporary and could not give me any information,and advised me to write to your department.

An early reply would be appreciated, I remain

Sincerely yours

W R James

Dear sir:- Re:-St.Regis Indians-St.Lawrence Islands.
The King-vs-MacMaster.

For the purposes of evidence at the trial of this case,I think it will be necessary to have a map showing the following boundaries,viz:-

1. Boundary of Quebec as defined in the Royal Proclamation dated 1763.

2. Boundaries of the Province of Quebec as set out in the Quebec Act,1774.

3. The boundaries between Canada and United States as fixed by the Treaty of Paris,1783.

I am enclosing herewith descriptions as to these boundaries taken from the above documents.

I would suggest these three boundaries might be shown on one map,each boundary to be shown in a different colour.Also that it would only be necessary for our purpose to show these boundaries as far West as Lake Ontario ~~only~~.I will require,at least three blue prints,for use in this case.The original drawing could be used from which to make blue prints for use in the other cases. This map should show particularly the islands which are shown on the mapof "The St.Lawrence River,Lake St.Francis,Western Portion,Lancaster Bar to Cornwall" published under the ofders of Hon.Mr.Hazen,Minister of the Naval Service of Canada.

If the Geographer wishes,I would be pleased to confer with him in this matter.

I would like these as soon as possible.

Yours truly,

(Sgd.) W. C. McCarthy.

MACLEAN, J.

Judgment rendered 17th. March, 1926.

This is an action brought by His Majesty, the King, on the Information of the Attorney General of Canada, wherein the plaintiff claims possession of certain lands, now in possession of the defendants, and being a portion of the St. Regis Indian Reserve located, in the Eastern part of the Province of Ontario.

Certain historical and constitutional facts in connection with the cession of Canada to Great Britain by France, under the Treaty of Paris, 1763, and the issuance of the Royal Proclamation of October 7th. 1763, are of importance here, but as the same are to be found comprehensively outlined in St. Catherines Milling and Lumber Company-vs-The Queen (1), I need hardly repeat them here. In the case just mentioned there has been a surrender by treaty to the Crown, by the Indians, of the lands involved in that litigation, whereas in this case there has never been any such surrender, and the Crown is not, I understand, asserting ownership or title to the lands here in question, in the right of the Dominion, and these are the particular facts distinguishing the cases.

The property in question, known under several names, but

generally as Thompson's Island,was in Indian occupation from the date of the Proclamation of 1763,and doubtless prior to that date, until 1817,when the same was leased in writing,to one David Thompson,by certain chiefs of the Indian tribe then in occupancy of the same,and which constituted a part of what was known as the St.Regis Indian Reserve. The lease was for a period of 99 years and contained a covenant for renewal in the following terms:-

"For themselves and their heirs,executors,administrators,assigns and successors,do hereby covenant,grant and agree to and with "the said David Thompson his heirs and assigns under the penalty of five thousand ponnds sterling,that they,the said party of "the First part their heirs or successors at the expiration of "the said terms of ninety nine years shall and will renew,make, "sign seal and deliver to the said David Thompson,his heirs, "executors,administrators or assigns a legal or lawful lease for "the further period or term of ninety nine years under the same "terms and yielding the same rents as is hereby covenanted and "agreed by the said David Thompson to be given and paid for the "permises hereby demised and leased to him as aforesaid or in- "tended so to be. AND it is hereby further covenanted,granted "and agreed by and between the parties aforesaid,their and each "of their heirs,executors,administrators,assigns or successors "that if no owner or proprietor shall be forthcoming or can be found "to give a further lease of the said premises for a further "period of ninety-nine years,then and in such case that these "presents and the terms of years hereby granted and leased shall "be and continue in force for and during and unto the full end "and term of nine hundred and ninety nine years thence next "ensuing and it is hereby declared and agreed that is such case "the said David Thompson his heirs,assigns or successors shall "and may occupy,possess and enjoy all and singular the said "premises hereby leased with the appurtenances for and during "and until unto the full end and term of nine hundred and ninety "nine years thence next ensuing as aforesaid,without the let, trouble,hinderance,molestation,interruption,eviction or denial "of any person or persons whatever.

Any rights acquired under this lease in the subsequent years passed down from one party to another,and in 1862,

the title to the lease stood in the name of one Donald McDonald or his heirs. From 1817 down to 1862 the annual rental stipulated in the lease was apparently paid,and to some person or persons acting, on behalf of the Indians,or in their interests. When the defendant, Sir Donald MacMaster desired to acquire the lease,or the property xxx covered by the lease,the same was being administered or controlled by the Department of Indian Affairs of the Government of Canada,on behalf of the Indians,and as by statute authorized. With that Department,this defendant commenced in 1872,negotiations for the recognization of the lease which he proposed to acquire,and the negotiations extended over a number of years. At this time,there was an arrearage of rentals due under the lease,covering a period of about 23 years,and altogether amounting to the sum of $237.50. In the end,this sum was paid to the Department of Indian Affairs in January 1884,by the defendant,Sir Donald MacMaster,and he entered upon the property in question under the lease. It might be convenient however,to mention in greater detail some of the facts disclosed during the negotiations,between the Department of Indian Affairs and this defendant. When,hereafter,I refer to the defendant, I shall mean the original defendant,Sir Donald MacMaster.

As already stated in 1862 Thompson's Island was in the xxxxx possession of one Donald McDonald or his heirs,the lease having been acquired by McDonald by assignment. At this date,however,and prior thereto the defendant's father occupied the island apparently under an agreement of sale and purchase of the lease,made with McDonald,but it appears he never procured in his lifetime a formal assignment of the lease. In June,1872,the defendant,then being desirous of obtaining an assignment of the lease from the heirs of McDonald,commenced making enquiries of the Department of Indian Affairs,as to the validity of the lease granted by the Indians in 1817 of Thompson's Island,and he was advised that,though in previous years,Indians had made leases of land reserved for their benefit, the same was done without adequate authority. Fearing some infirmity in the title under the lease,the defendant enquired if the Department would recognize the title to the lease,if the same were

assigned by the heirs of McDonald,to him,if he,the defendant would pay the past due rentals,which had been accumulating since 1862. In this correspondence the defendant refers to the land in question, as part of an Indian Reserve. The correspondence was protracted,but in 1881,the defendant was advised by the Deputy Superintendent General of Indian Affairs,that the old lease had become void through non-fulfillment of its conditions,but that the Department would endeavour to lease it again on conditions advantageous to the Indians,and in that year the defendant was advised by the same official,that if he could get an assignment from the representatives of McDonald deceased,in whom such title as the original lessee had seemed to be vested,and would pay the rental arrearages,his title under the lease would be recognized,as far as it could legally be done. This did not appear quite satisfactory to the defendant,as he did not care for a lease that was liable to attack,and he replied that if the department would give him a lease for the original term of 99 years,with covenants for renewals,he would willingly arrange with the McDonald heirs,and pay the rental arrearages,but he was insisting upon a recognition of the validity of the tenure of the McDonald heirs under the lease,before carrying out such terms. On July 11th.1882,he was informed that if he could establish a legal assignment from the representatives of McDonald to himself,his title as assignee would be recognized. He was informed,however,in the same letter,that he could not obtain a new title in his own name,because the Island never having been surrendered to the Crown, it could not be sold or leased,but as the original lease had long been recognized,the Department would recognize him as assignee,upon payment of the past due rentals. To this he replied that recognition of the existing lease would satisfy him. On November 3rd.1883,the defendant was definitely advised that upon the payment of the arrears of rent,his tenancy would be recognized. In the end,the unpaid rentals,amounting to $237.50,was remitted by the defendant on December 22nd.1883,to the Department of Indian Affairs. In a letter from the Department dated January 9th.1884,acknowledging receipt of this amount,there appears a review of the title of the original lessee,down to the assignment to Donald McDonald,and the defendant was therein informed,that admitting the right of the

Indian Chiefs to lease the Island, the law of Ontario would give him title by possession as against anyone but the Crown, and that if McDonald's possession and that of his legal representatives were established since 1884, the Department stated, it would be justified in recognizing the defendant as assignee of the lease. On May 20th. 1884, the Department wrote the defendant, that the various documents referring to the title of the lease, had been referred to the Department of Justice for an opinion as to whether they were sufficient to admit of the lease of the Island being renewed in his favour, and on June 5th. he was advised by the Department that he had shewn sufficient title to be considered as the holder of the lease originally granted to Thompson, and that his possessory title as against anyone but the Crown, was admitted.

In 1887, the Indians commenced to assert right of occupansy of the Island, and threatened to take possession of it, but nothing came of this, largely through the intervention of the officers of the Department of Indian Affairs, who induced the Indians to abandon such intentions. On August 5th. 1915, the defendant made formal application to the Department for a renewal of the lease, as the first 99 year period was expiring the following year. He was advised on September 7th. following, that no assurance had been given him as to the renewal of the lease, but only that his rights under the lease would be recognized as far as the same could be done legally. He was later advised that favourable consideration could not be given to his request for a renewal, and the Department disclaimed liability for payment of the penalty provided in the original lease, for non-renewal of the same. To this view the Department adhered, and the defendant never received a renewal, and in due course he was given notice to quit the property, and later the present action was commenced against the defendant.

The Proclamation of 1763, as has been held, has the force of a statute, and so far therein as the rights of the Indians are concerned, it has never been repealed. The Proclamation enacted that no private person shall make any purchase from the Indians of lands reserved to them, and that all purchases must be on behalf of the Crown, &c. Throughout the subsequent years, all legislation in the form of Indian Acts continued the letter and spirit of the Procla-

mation in respect of the inalienability of Indian reserves by the Indians. As was said by Lord Watson in the St.Catherines Milling and Lumber Company case,since the date of the Procalamation,Indian affairs had been administered successfully by the Crown,by the Provincial Governments,and since the passing of the British North Americam Act,1867,by the Government of the Dominion. The policy of these administrations has been all along the same in this respect, that the Indian inhabitants have been precluded from entering into any transaction with a subject for the sale or transfer of their interest in the land,and have only been permitted to surrender their rights to the Crown by a formal contract,duly ratified at a meeting of their chiefs or head men convened for the purpose. Whilst there have been changes in the administrative authority,there has been no change since the year 1763 in the character of the interest which its Indian inhabitants had in the lands surrendered by the Treaty,and as determined in the St.Catherines Milling and Lumber Company case. There can be no doubt but that the property in question,was part of an Indian Reserve covered by the Proclamation. For these reasons,I am clearly of the opinion,that the lease to Thompson in 1817 was void,and that the Indians never had such an interest in the lands reserved for their occupancy,that they could alienate the same by lease or sale. The Crown could not itself lease,or ratify any lease, made by the Indians of such lands at any time since the Proclamation save upon a surrender of the same by the Indians to the Crown. If t the lease was void,anything that the Department of Indian Affairs or any other authorized body or person admimistering Indian affairs, did,or could do in the way of adoption or ratification of the same; would be contrary to the enactment of the Proclamation,and of the subsequent statutes relating to Indian affairs,and which in this respect were declaratory of the provisions of the Proclamation,and not binding on the Crown. I am unable also to concur in the defendants contention that the Quebec Act,which enlarged the limits of the Province of Quebec,destroyed the rights of the Indians in the lands reserved under the Proclamation.This I think has been authoritatively settled.

ARCHIVES PUBLIQUES
CANADA

The defendants also rely on title acquired by prescription. This contention is,I think,wholly without force. Rental was apparently paid during the whole period since the date of the lease Proclamation,although for a time it remained unpaid as I have already explained. Even if this were not clearly proven in respect of the whole period of 99 years,still,admittedly,the defendant paid to the appropriate authority,the annual rental mentioned in the lease,during his occupancy, and for more than twenty years prior thereto,when the rentals became in arrears by his predecessors in occupancy,under the lease. A title by prescription cannot be asserted concurrently with such an acknowledgment of title in another,or others.

One of the defendant's most formidable contentions is,that if the legal title to the property in question is in the Crown,it must be in the Crown in the right of the Province of Ontario,and that the Crown in the right of the Dominion has no status to claim the land as owner,and they rely upon the authorities of St.Catherines Milling and Lumber Company-vs-The Queen (1) and Attorney General for Quebec-vs-Attorney General for Canada (2). I do not think this position tenable. In the two authorities cited,the lands had been surrendered by the Indians to the Crown,and the substantial point in issue,in both cases,was whether in virtue of sec.109 and 117 of the British North America Act,such lands had passed to the Crown in the right of the Province interested. Here there has been no surrender,and the legal title is in the Crown where it always was, subject to what was termed in the St.Catherines & Milling & Lumber case,the burden of the Indian title. What is asserted or claimed in this action,it seems to me is,that the right to repossess is in the Crown,not that the title to the property is in the Crown in the right of the Dominion. The fact that the Attorney General for Canada prosecutes for the Crown does not show that a Dominion title is necessarily claimed. The Attorney General-vs-Harris (3). The Parliament of Canada in virtue of sec.91 (24) B.N.A.Act has exclusive legislative authority over "Indians and lands reserved for Indians" and there never having been any surrender of the lands in question to the Crown,and the control,direction and management of lands

reserved for Indians being in the Dominion,I think the Crown is entitled to seek possession of the property in question from the defendants,for the benefit of the Indians. The power of the Crown to manage,and legislate in respect of Indian lands,surely implies the right to bring action to recover,or protect any interest of the Indians in such lands. The Indian Act.Chap.81 R.S.C.1906,Sec.4 states that the Minister of the Interior shall be superintendent General of Indian Affairs and shall have control and management of the land and property of the Indians in Canada. The corresponding legislation,in force at the time defendant went into possession of Thompson's Island contained similar provision. To seek recovery of possession of the lands in question,believed to be improperly in the defendants is incident to the control and management of such lands,and is not, I think,to be confused with a claim on the part of the Crown asserting title to such lands,either in the right of the Dominion or of a Province. Mowatt,Attorney General-vs-Casgrain,Attorney General (1).

The plaintiff's statement of claim,is a bare claim for the possession of the lands in question. It is not pleaded that the lands are a portion of any tract or tracts of land,set apart by treaty or otherwise,for the use or benefit of Indians,or that the same is under the control and management of the Minister of the Interior,representing the Crown. On the other hand,it is not claimed that the title to the said land,is in the Crown in the right of the Dominion. The cause was tried upon the footing that the lands in question were Indian lands,and that the control and management of the same was in the person designated by the Indian Act,and who is a Minister of the Crown,and that in virtue of such duty and power so vested in him,this action was brought. I shall consider the pleadings as amended so as to properly set forth the nature and quality of the interest of the plaintiff,in the lands here in question.

If the lease was always void,it remains to be considered what was the nature of the tenancy acquired by the defendant,from those charged with the control and management of Indian lands,under The Indian Act,in accepting annual rentals from the defendant during the period of his occupancy. As contended by plaintiff's

counsel, I am of the opinion that his highest position was that of a yearly tenant, and that the tenancy was terminated by the notice to quit and deliver up possession. If the view I take, that the lease is and always was void, and that the same has not and could not since have been ratified by the Crown, then the defendant could not be more than a tenant-at-will, or a yearly tenant, and which, here in matters not.

The defendants claim, that in the event of the plaintiff succeeding in this action, for the recovery of possession of the lands covered by the lease, they are entitled to compensation for improvements and expenditures made upon the property, by the defendant Sir Donald MacMaster, in reliance upon the security of his rights under the lease, and particularly his right of renewal of the same at the end of the 99 year period. No evidence was given at the trial as to the liability of the plaintiff for compensation, or the amount if any, and accordingly I reserve the right to hear counsel and evidence, or direct a reference upon this point, when and if necessary. This I understand to be agreed upon by counsel. If the view I take of the case, ultimately prevails, I should hope that this might be amicably arranged between the parties.

I am therefore of the opinion that the plaintiff is entitled to judgment, and a declaration that he is entitled to the possession of the lands described in the statement of claim. No evidence was given by the plaintiff as to the claim for issues and profits, and accordingly I need say nothing as to this part of the plaintiff's claim. The circumstances of the case warrant me in directing, that there be no order as to costs.

Duncan C. Scott, Esq.,
Deputy Superintendent General of Indian Affairs,

Dear sir:- The King-vs-MacMaster.

I beg to advise you that Mr. Justice MacLean delivered judgment, in this action on the 17th.inst. with the result that the Crown succeeds on all points, the question of compensation to the defendant, for improvements only, being reserved, to be disposed of by way of reference, should the parties not come to an amicable arrangement of the matter. I might state, as a matter of strict legal right I am of opinion, founded on the brief I had prepared on this point, that the Crown is not under legal liability to make such compensation, in the circumstances, no matter what the moral responsibility may be.

I enclose a copy of the judge's reasons for judgment for your perusal, and I trust You will find it quite satisfactory, from the viewpoint of the Department.

I would point out that the matter of payment by the defendant, to the Crown, for use and occupation of the Island, since the expiry of the 99 year period, on 17th.May, 1916, was not a part of this case, and remains to be adjusted. There is no doubt, if this judgment stands, as to defendant's liability, the only question to be settled being one of amout, to which the Crown may be entitled. Should the Department not intend to contest the claim for compensation for improvements, the matter of the value of the said use and occupation might be adjusted at the same time as the value of the improvements is settled.

Yours very truly,

After Over One Hundred Years, Judgment for Crown Is Given in Case of Historical Interest Concerning MacMaster's Island in Lake St. Francis.

WAS LEASED IN 1817 AND LATER CAME INTO SIR D. MACMASTER'S USE

Govt. Refused Renewal of Lease and Action Was Taken to Recover Possession.

The chief justice of the Exchequer Court of Canada today delivered judgment in favor of the crown in a case of some historical interest, the King vs. Sir Donald MacMaster.

About 1755, during the regime of the French king in Canada, a band of the Caughnawaga Indians, known as the St. Regis, being dissatisfied with conditions at the reserve, applied through their missionary, Pere Gourdon, for the allotment of a reserve, farther up the St. Lawrence river, and finally located at the present site of the Indian reserve, at St. Regis village, on the south shore of the river, nearly opposite the town of Cornwall. This reserve included a tract of land on the south shore, many islands in the river and land on the north shore between the counties of Glengarry and Stormont.

On May 17th, 1817, certain chiefs of the St. Regis tribe granted a lease to one David Thompson of Sir John's Big Island (later known as Thompson's, Cameron's and MacMaster's Island), in Lake St. Francis, for a term of 99 years, renewable for successive periods of 99 years up to 999 years, at a rental of £2 10s. per annum. The late Sir Donald MacMaster, by assignment of lease dated 1st June, 1882, acquired the rights of the original lessee and has been in possession ever since. This island contains about 180 acres.

(Continued on Page Three.)

Crown Took Action.

Before the expiration of the first term of 99 years, Sir Donald applied for a renewal of his lease for a further term of 99 years as provided therein, but as the Indians demanded possession of the island, the government decided not to grant a renewal and as Sir Donald refused to give up possession, action was taken by the crown in the Exchequer Court, by way of information of intrusion against Sir Donald, to recover possession and to have the original lease declared void.

The trial took place at Ottawa, before Mr. Chief Justice MacLean, on the 15th October and 6th November last, when judgment was reserved. Mr. W. C. McCarthy was counsel for the crown, with Mr. A. S. Williams, solicitor for the Department of Indian Affairs, as associate counsel, and Mr. George A. Campbell, K.C., of Montreal, and Mr. Geo. F. Macdonnell of Ottawa represented the MacMaster estate, both Sir Donald and Lady MacMaster having died between the commencement of the action and trial.

Contention of Crown.

The contention urged on behalf of the crown was that by the Articles of Capitulation, 8th Sept., 1760, and the Treaty of Paris, 10th Feb., 1763, between the British and French crowns, entered into at the time of the conquest and cession of Canada, the island became the property of the British crown and although, by the terms of the Treaty of Paris, Great Britain was bound to allow the Indians to remain on the lands then occupied by them, the Indians never had a title to the reserves other than that of mere occupancy, and by the terms of the Imperial proclamation of 7th Oct., 1763, such lands could only be dealt with either by way of lease or sale, after a surrender of the Indian right to the crown.

Counsel for defendants argued that as the Indian department had recognized these Indian leases, received the rents specified therein and permitted the tenants to occupy the lands for 99 years, the crown was bound to renew according to the provisions of the lease, but the answer was that such action was not binding on the crown, there never having been official ratification by the crown, and furthermore that the crown itself could not lease till after a surrender by the tribe. The position taken by the crown has been sustained by the judgment.

W.C.MCCARTHY
Barrister etc. OTTAWA, 19th March, 1926

The Deputy Minister of Justice,

Ottawa.

Dear Sir:- The King vs MacMaster.

I enclose copy of the reasons for judgment of MacLean,C.J. in this action delivered the 17th inst. From this, you will note that he finds in favour of the Crown on practically all points at issue and declares the lease void and that the Crown is entitled to possession of the Island, in question. He also disposes effectually of defendant's claim to title by prescription, as well as the status of the present plaintiff to maintain the action.

As no evidence was given as to liability of the Crown for improvements, nor as to the value thereof, this matter is left in abeyance, to be disposed of after argument and evidence heard,should the Crown decide to contest the defendant's right to such compensation, or should an amicable arrangement between the parties, as to the question of compensation not be arrived at. I might state that, if the Crown decides to object to such compensation, I am of opinion, based on the brief I had prepared on this point, the Crown is not liable, in the peculiar circumstances of this case. I would like instructions as to the view of the Department on the question of compensation, so as to take the matter up with defendant's Counsel

The sum of $10000.00 had been claimed in the Information for the issues and profits of the land from 1st. June, 1882, when the defendant took possession till he should deliver same up to the Crown, but I understood that, in the circumstances, this claim was not to be pressed and no evidence was furnished on this issue. However, there is a further matter yet to be settled and that is the amount defendant should pay the Crown for use and occupation, since the expiry of the 99 year term, namely 17th May, 1916. No doubt this can be adjusted at the same time as the question of compensation for improvements is disposed of, but it was not and could not be an issue in this case. There can be no doubt, if the present judgment stands, as to defendants liability, the only question being one of quantum. You might also let me have instructions on this point.

The judgment is decisive, in the Crown's favour and I do not think will be attacked by way of appeal, as Mr. Campbell, Counsel for defendant, informed me at the conclusion of the argument, that, as both Sir Donaldand Lady MacMaster were dead and their children lived in England,He did not think they would pursue the matter further, in the event of an adverse judgment.

You might let me have instructions on the matters above mentioned and I will take them up with Mr. Campbell, on the settlement of the judgment.

As instructed by you over the telephone, I will take steps to proceed with the other actions.

I have sent a copy of the reasons for judgment to Mr.Duncan C. Scott, and advised him of the result.

Yours very truly,

Encl. W. C. MCCARTHY

Dear Williams:- The King-vs-MacMaster.

You will remember that when I rendered a bill herei

he authorized the payment on account of same of some $800.00, but
as the legal appropriation was overdrawn, the department strained a

I note that an interim supply bill has gone throug

On 12th December last I sent you my bill amounting to $1308.88, and by your directions, I have received from the Department of Indian Affairs payments on account of same aggregating the sum of $800.00.

Would you be good enough to authorize a further payment of $500.00 to be made at once, as owing to the fact that, in the other four cases there will be examinations for discovery, the disbursements will be large.

There are and will be subsequent costs in the MasMaster case which will leave you ample scope for such taxation as you may see fit to make on final adjustment.

Thanking you in anticipation,

I enclose herewith copy of a letter, dated 10th instant, which I have received from Mr W. C. McCarthy, counsel for the Crown in this and the other St Lawrence Island cases.

I am sorry that this litigation is proving so expensive, but, as you will no doubt realize, the preparation of the MacMaster case required a considerable amount of research work. Subject to taxation, the balance now due Mr McCarthy on the bills rendered by him up to date is $425.18 after crediting all advances made, and, as he points out in his letter, some further disbursements will require to be made in the immediate future in connection with this and the other cases. On the whole I am disposed to think that Mr McCarthy's application for a further advance of $500.00 is not unreasonable, and, subject to your concurrence, I should be glad if you would authorize the making of this advance accordingly.

Dear Sir:-

The King vs MacMaster.

Referring again to your letter of March 20th in reference to this matter, my clients, before deciding definitely whether or not the wish to appeal from the judgment rendered by Mr. Justice MacLean, have asked that I discuss with you the question of possible settlement in regard to improvements, etc If we can reach a satisfactory agreement on these other points it will influence their decision on the matter of an appeal.

As you will recall Mr. Leander Cameron has been the MacMaster tenant for many years and many of the improvements were made by him, and compensation for these improvements would in consequence accrue to him.

It occurred to me that, if the Department would be prepared to give Mr. Cameron a lease for a reasonable number of years, say ten or more years, at a moderate rental, that might simplify greatly the question of compensating for improvements. I am given to understand that the taxes now levied on the island by the local municipality are quite considerable, upwards of one hundred dollars per annum, and, if the occupant of the island has to pay these taxes, I doubt if the value of the island would justify any very great additional rental.

Subject to our deciding to accept the judgment and not appeal from it, my suggestion would be that you find out if the Department will be prepared to give Mr. Cameron say a ten years lease of the island at a small rental and taxes, and leaving the question of compensating him for his improvements to be decided at the conclusion of his lease as the improvements may then be. As far as the MacMaster improvements are concerned, I am inclined to suggest that they be offset by any possible claim which the Crown might have for rental of the premises since the termination of the lease, so that the slate could be wiped as between the parties. An arrangement along these lines would obviate the necessity of any payment being made by either side at the present time and would to that extent facilitate an arrangement.

I do not, of course, represent Mr. Cameron and cannot bind him by these suggestions but I thought I would obtain your views and then endeavour to discuss the matter with him and his a ttorney.

I would be obliged if you would favour me with your views and those of the Department at your earliest convenience and before my delays to file an appeal expire.

Yours faithfully,

GEO. A. CAMPBELL.

The Deputy Minister of Justice,

O t t a w a.

Dear Sir,- B. 5005.
The King vs. MacMaster.

I am today in receipt of a letter from Mr. G. A. Campbell, Counsel for the defendant, a copy of which I enclose for consideration. I may say that I had written to him on Saturday last notifying him of your decision that we contest the claim for compensation for improvements. I also suggested to Mr. Campbell, that, before bringing the matter before Mr. Justice MacLean for argument on the question of law, the value of the defendant's improvements as well as the value of defendant's use and occupation since 16th May, 1916, might possibly be agreed upon, so that the Judge might dispose of the whole matter without either side having to produce evidence as to such values. My letter evidently crossed that of Mr. Campbell in the mail.

As to the suggestion to compensate Leander Cameron, who has been the occupant under the defendant, and giving him a lease, there are difficulties in the way. Mr. Cameron is not a party to the action and furthermore has not been recognized by the Department of Indian Affairs as tenant or occupant, and is outside the Record. As I understand the attitude of both that Department and the Indians is to obtain possession and there could be no lease without the surrender of the Indians for such purpose. As to taxes, if the island reverts to the Crown, or rather the possession of it, there should be no taxes chargeable in the future.

The last day for serving notice of appeal is Friday, the 16th inst., so I would be pleased if you would let me know, at once, your views as well as those of the Indian Department as to the contents of Mr. Campbell's letter, so that I may reply to same, without delay, so that he may not have any excuse to ask for an extension of the time for appealing.

Yours truly,

Enc. (Sgd) W. C. McCarthy.

P.S. I might add, if I may be permitted to express my views on a question of policy, that I would think it inadvisable to deviate, at this juncture, from the insistance of the Crown's strict legal rights, as any other course might complicate or prejudice, not only the final disposition of this case, but also that of the four other cases yet to be tried.

Dear Sir,

The King vs MacMaster.
B.5005

I beg to acknowledge the receipt of your letter of the 29th ultimo, enclosing a copy of a report from Mr. McCarthy in the above case. I note that you have instructed Mr. McCarthy that any claim for improvements by the Defendant should be contested but that you would be glad to know the attitude of the Department with respect to the issues and profits.

I have also your letter of the 13th instant enclosing a copy of a letter dated the 12th instant from Mr. Campbell, the Defendant's solicitor, to Mr. McCarthy in which Mr. Campbell, among other things, suggests that Mr. Cameron, the Defendant's tenant, might be granted a lease of the Island in question by the Department for a term of years as compensation for his improvements.

In reply I have to say that until the question as to the liability of the Crown for improvements is determined it is considered inadvisable that we should offer to yield anything in the way of issues and profits. There is the further objection also, that the granting of any concessions in this case might prejudice the Crown in the four other cases pending. In view of the situation as above set forth I am disposed, at this juncture, to insist on the Crown's strict legal rights.

With respect to Mr. Campbell's suggestion as to compensating Mr. Cameron, I have to say that as pointed out by

Dear Sir:- Re Sir John's Big Island.

This is an Island said to be a part of the St. Regis Reservation, in respect of which the Crown took a proceeding in the Exchequer Court of Canada against the late Sir Donald McMaster, which proceedings were subsequently continued against the Executors of Sir Donald McMaster, and in which a judgment was given not long ago by Chief Justice McLean.

Mr. Leander Cameron, a nephew of Sir Donald McMaster, has continued as tenant of the Island under Sir Donald for many years and is the owner, personally or in the right of his family of the improvements on the Island, which are of considerable value. Mr. Cameron has been advised by the Solicitors for the McMaster Estate that in all probability there will be no appeal taken by the Estate from the judgment of Chief Justice McLean, and under these circumstances he wishes me to open up negotiations with the Department in regard to his continued occupancy of the Island and also in reference to these improvements.

Mr. Cameron is prepared to take a lease from the Crown of the lands at a rent which may be agreed upon and which will be satisfactory to both parties, and he is also prepared to discuss with the Department the question of improvements on the property and the ultimate disposition of the same.

I should be glad if your Department would take this subject up and advise me as to what terms it is disposed to meet out to Mr. Cameron.

Dear sir:- The King-v-MacMaster.

I am in receipt of a letter from Mr. George A. Stiles, Barrister of Cornwall, writing on behalf of Mr. Leander Cameron, sub-tenant under the later Sir Donald MacMaster, of Sir John's Big Island, in which Mr. Stiles states that he is opening up negotiations with the Department of Indian Affairs, for the purpose of effecting an arrangement "whereby Cameron may continue his occupancy of the Island and either retain his improvements or obtain some compensation for them".

A Similar proposition, coming through Mr. George A. Campbell, Advocate of Montreal, has already been considered by you, as appears by your letter of 14th. April last addressed to the Deputy Minister of Justice.

In this case, while we have judgment for possession, which affects, not only the MacMaster Estate, but also Mr. Cameron the present occupant, the two questions of the Crown's liability to compensate for improvements and the Crown's right for use and occupation since the expiry of the first 99 year period of the lease have not been finally disposed of by the Court. In the two Colquhoun actions final judgment has been entered for the Crown both for possession and for damages for occupation since the first 99 year periods of the leases expired, with a reference to the Registrar to fix the amount of such damages, the defendants, their Counsel, Mr. Geo. F. Henderson, K.C., admitting they had no legal claim for compensation for improvements, having abandoned any such claims. In the Jack and Easterbrook actions the solicitors for the defendants have now under consideration the advisability of following the course adopted by the defence in the Colquhoun actions, they being faced with the possibility of the Crown being awarded costs against them, should they force us to go to trial in the ordinary way, Mr. Justice McLean, on the hearing of the Colquhoun cases, having stated that, in view of his decision in the MacMaster case, he might have given costs against the defendants, had they not seen fit to withdraw their defences and counter claims, and confess the actions.

The subject matter of Mr. Stiles' letter is rather one of policy, with which it is not within my province to interfere, but, at the same time, until final disposition of all the cases by the Court, I would suggest that nothing might be done which might prejudice the Crown's strict legal rights, in the event that the two actions, not yet tried, must proceed to trial.

Yours faithfully,

Dear sir:- St.Regis Indians,St.Lawrence Islands.

I beg to acknowledge,with thanks your letter of the 26th., ultimo,enclosing cheque for $203.68,being the balance certified as due me on my previous accounts rendered in these matters.

As you are aware these accounts were rendered on 12th.December last,and covered principally the costs in The King-v-MacMaster down to trial and final written argument subsequent to trial.It also included a general account covering matters applicable to all the actions generally. Since then Judgment has been rendered in the MacMaster action,as well as in the two Colquhoun cases and a lot of wotk has been done in the Jack and Easterbrook actions,in both of which,I am now negotiating for a speedy conclusion of same.

There is considerable now owing to me for which I have not yet had time to prepare the accounts,owing to pressure of other matters as well as being engaged almost daily in the cases other than as well as on the MacMaster matter which I have not yet benn able to bring to a conclusion.

Under the circumstances,I would esteem it a favour if you would,at once,authorize an accountable advance of $500.00,and I will try and render my accounts early in August,when I confidently hope to have all the cases disposed of,in every case,to the Crown's advantage.

Trusting for favourable consideration and reply.

Re: St. Regis Indians - St. Lawrence Islands.

Dear Sir,

"ENC."

I enclose herewith copy of a letter dated the 10th instant from Mr. W. C. McCarthy, our agent at Ottawa, in which he requests an advance of $500.00 on account of professional services rendered and disbursements incurred since his previous accounts were rendered. Inasmuch as Mr. McCarthy hopes to have the cases completed in August and will render his accounts then I think that an advance of $200.00 might reasonably be made in the meantime, and I should be glad if you would forward him a cheque for that amount.

Dear Sir:

I beg to acknowledge your letter of the 3rd instant, on behalf of Mr. Leander Cameron, a sub-lessee of Sir John's Big Island, and note that Mr. Cameron desires to take up with the Department the Department the question of compensation for improvements and also the proposition for his continued occupancy of the Island.

In reply I beg to say that as the Crown's liability to compensate for improvements is yet to be determined, and as there are two similar cases pending in the Courts, it does not appear that we are just in a position to deal with this question.

It has not yet been decided as to what disposal shall be made of the Islands in respect of which judgment has been obtained or as to what use shall be made of them. I may refer you to Section 48, Chapter 81, "Revised Statutes of Canada," which provides that "no reserve or "portion of a reserve, shall be sold, alienated or leased "until it has been released or surrendered to the Crown "for the purposes of this Part". It is not possible at the present time to secure such a surrender from the St. Regis Indians.

Dear Sir:

As you are no doubt aware, the Crown has recovered judgment in a suit against the MacMaster estate for the possession of the MacMaster Island or Sir John's Big Island. There are, however, two questions still to be agreed upon or judicially determined and these are the Crown's liability to compensate the tenant for his improvements and the Crown's right to the mesne profits since the expiration of this lease. It is desired accordingly, that you visit this Island and make a careful estimate of the value of the land, the rental value, the value of each and every building erected thereon, the value of fencing and of other improvements, and the names of owners and occupants of property of the said Island and any other information that you may consider of value to the Department in the adjustment of these matters.

Judgments have also been obtained in respect of the Colquhoun Islands, otherwise known as the Snyder Island and Lewis Island, and you will be good enough to procure similar information respecting these Islands. Then there is Hamilton's Island the Peterboro Farm on Cornwall Island, in respect of which suits are still pending, and as similar information will in time be required in respect of these lands, it is thought that information in respect of them could be conveniently obtained while you are dealing with the other Islands. You will, therefore, kindly visit these properties during your visit to the Islands.

DEPT. OF INDIAN
SEP 24 1926

August 16, 1926.

Sir,-

In accordance with instructions contained in letter of the 26th ultimo, fyle 233800, in which I was instructed to make an estimate of the value of land, rental value, value of buildings, fencing and improvements on the McMaster or Sir John's Big Island, I beg to submit the following report with appendix containing photographic illustrations taken on the property.

This island is known by various names and is designated on the Marine chart as Thompson's Island. It is also known as Sir John's Big Island, McMaster Island and Cameron Island. The latter designation is the current name and also the name of the present tenant.

The Island is situated in Lake St. Francis, an expansion of the St. Lawrence River and about 13 miles below Cornwall. It is also about 1½ miles from the mainland on the north, accessible only by boat and at certain periods of the year inaccessible for weeks at a time. This occurs in spring during the break up and in the fall when ice is in formation. Its distance from market and schools are factors which govern, largely, its value as a place of permanent residence.

Despite the fact that the tenants have very little use of any roads and no use of the schools, they were taxed last year $118.80 and this is a further factor which must be given consideration in determining a rental value.

The western end of the island is nicely wooded chiefly with maple, elm and basswood. Fuel for the tenant is obtained from this wooded section without the necessity of cutting any growing trees. Dead and fallen trees amply supply their needs and the tenants deserve credit for the care they have taken of the bush. Were it not so far from Cornwall there are many sites along the shore of this wooded part that would be valuable for summer resort purposes.

About 70 - 80 acres have been cleared and of this about 40 acres are being worked, the remainder being pasture and marsh lands. The land is a clay loam of good quality but inclined to be stoney and a great deal of hard work has been done in this connection in order to make the land fit for agriculture. There is about 20 acres of barbed wire fencing in various states of repair.

The buildings on the island consist of a farm house, barn, two boat houses, ice house, milk house, cottage and old farm house. The present farm house is 18ft. x 24ft. with a wing 14ft. x 15ft. A stone foundation and basement 6ft. deep is under the main house and a stone foundation to the ground only under the wing. The house has clapboard sides and shingle roof which is old and in need of renewal. This building would be worth about $2000.00. It is 26 years old.

The barn is 30ft. x 75ft. on a dry stone foundation. It is a building that would cost to build today about $3000.00. It is 22 years old and in its present condition worth about $1500.00.

The boat houses are 9ft.x 20ft. with shingle roof and 18ft. x 20ft. with composition roofing on one side and metal roofing on the other. This latter building is on a built up stone projection on the water. The two buildings would be worth about $150.00.

The ice house 12ft. x 15ft. with shingle roof and sheet iron sides is worth only about $30.00. The milk house 8ft. x 18ft. would be worth $25.00.

The cottage is owned by a Mr. J. E. Chevrier of Cornwall, with office at 53 Pitt St. I called on Mr. Chevrier after returning from the Island but he was out of town so I was not able to discuss with him his valuation of the building. It is a one story cottage 14ft. x 20ft., clapboard sides, brick chimney and ready roofing, worth about $150.00. The old farm house adjoining is used for cooking purposes by Mr. Chevrier. This building is 36ft. x 14ft. but in such a delapidated condition that I would put no value on it.

Mr. Chevrier says $15.00 per annum ground rent to Mr. Cameron the lessee of the island.

On the south shore of the island in a hard wood grove there is a building 15ft. x 24ft. owned by some Catholic Church and used by the Rev. Fathers as a camping resort for boys of the church. It is movable and Rev. Father Corbett McRae of Lancaster, Ont. asks that they be permitted to remove it from the island. It was built by the priests and under the circumstances I would recommend favourable consideration of their request, or a lease to them of what privileges they require to carry on the boys' work that they have been doing in the past.

With the exception of this latter building and the cottage owned by Mr. Chevrier, all the buildings were erected by the Cameron family, present tenants.

In view of its location this island cannot command as high a rental as property more easily accessible and closer to market. Having in mind the taxes on improvements I would place the rental value at $270 per annum assuming that the taxes would be paid by the lessor, and that all cottage privileges, such as enjoyed by Mr. Chevrier be under lease from the Department and not as a sub lease by tenant. I consider Mr.

PUBLIC ARCHIVES

Mr. Chevrier's annual ground rental of $15.00 as a fair amount and not requiring any adjustment.

The rental above mentioned, I might add, would apply only to present tenants who have erected the buildings themselves and who have not been compensated for same. If the present tenants were to be compensated for their improvements on the basis of my valuations then I consider a higher rental would be justified. It would, however, be difficult, if not impossible, to get a rental that would represent a reasonable profit on such an investment owing to circumstances already mentioned and the fact that so small an acreage is cropped.

The present tenant has been paying an annual rental to the lessor of $60.00 per annum and paying taxes on improvements himself.

L. L. Larkin

Dear sir:- Re:-St Regis Indians-St Lawrence Islands.

I enclose my accounts in these matters covering the period in each case from the date down to which I had previously rendered the account to this date. All previous accounts have been settled and paid. The enclosed accounts total, for fees and disbursements the sum of $989.04. On the 16th. July last I received anf advance on account of $200.00, which leaves a balance owing amounting to $789.04. I would ask you to authorize an immediate payment of $700.00 on account of the enclosed statements.

You will also find enclosed a general statement covering all the accounts sent herewith.

The following are the accounts enclosed:-

1. General account from Jan.16,1925 to date	$58.03
2. Account in The King-vMaster from Dec.29th 1925 to date	142.24.
3. Account in The King-v-Colquhoun (Re:-Col. Lewis Island)from April 2nd.1924 to date.	322.66
4. Account in The King-v-Colquhoun (Re:-Snyder Island) from April 2nd.1924 to date	204.60
5. Account in The King-v-Jack from March 28th. 1924 to date	36.33
6. Account in The King-v-Masterbrook from March 28th.1924 to date	225.18
	$989.04
Less advance payment as above mentioned	200.00
Balance owing	$789.04.

I would call your attention to the fact that while there are two separate actions against the Executors of the Colquhoun Estate, namely-Re:Col.Lewis Island and Snyder Island, I have in my bill in the latter of these actions made full charge in matters peculiar to this action, but in other matters including counsel fee I have only charged one-half the fees properly chargeable in the action, and have only made charge for one brief for both actions. I think you will admit that this is a very fair proposition, and will keep this fact in mind in taxing the enclosed bills.

There have been ~~unaccountable~~ unavoidable delays in bringing these cases to a final conclusion, but in the actions where judgments have been rendered, the references cannot proceed till we have the evidence as to value of improvements, rentals, &c., which I am daily expecting.

Indian Affairs. (RG 10, Volume 3031, File 233,800 Pt. 1A)

So far as I know,at present,both the Jask and Easterbrook actions will go to trial,all negotiations to have them disposed of otherwise,in view of the judgments for possession in the Rochester,and two Colquhoun actions,having,so far,proven futile.Both these parties have large interests at stake,by way of expensive improvements,and their respective solicitors are not in accord with the Colquhoun judgments,claiming as a matter of law that their clients are entitled to be remunerated for their improvements.In my opinion the law is against them and I have tried to impress this fact on the solicitors to save expense,but so far without avail.

Trusting that you will find the enclosed accounts satisfactory and that you will at once instruct the Indian Department to issue a cheque for the amount above mentioned,leaving final adjustment of the accounts at the conclusion of the cases.

Yours truly.

P.S.

The above accounts as well as general statement are all in duplicate

Dear Sir:- Re Sir John's Big Island commonly called Cameron's Island.
Re The King V McMaster.

I am advised by Mr. George A. Campbell. K.C. of Montreal, acting for the Estate of the late Sir Donald McMaster, of what has been done in connection with this case lately and particularly the proceedings of Wednesday last before the Exchequer Court.

As you are probably aware, I am acting for Mr. Leander Cameron, the person in actual possession of the Island, and the one who has done the improvements which are now to be seen there. In company with Mr. Parker of your Department I visited the Island last summer and Mr. Parker will no doubt have reported to you fully as to what he saw on that occasion.

I believe my client is anxious to remain on the Island and I shall be glad to know if the Department is prepared to enter into negotiations with a view to creating a new tenancy with Cameron.

If the Department feels like applying to Parliament for authority to amend the Indian Act so as to enable them to sell as well as renting the lands like Cameron's Island, then it is quite possible that my client would make an offer for the purchase of the fee.

Dear sir - The King-vs-MacMaster.

I beg to advise that, pursuant to your instructions given over the telephone on 22nd. December last, all matters in question in this action, as between the Crown and The MacMaster Estate have been finally adjusted and settled, in the terms of the Judgment dated 17th. March last, and the Order of Mr. Justice MacLean dated 22nd. December, 1926, copies of each of which are enclosed.

By a Declaration of Surrender dated the 27th. December last, a copy of which is enclosed herewtih, executed by The Royal Trust Company surviving executors of the MacMaster Estate, and also by defendants' Solicitors, formal delivery up of the possession of the said Estate is given to the Crown. The original of this Declaration was filed in the Exchequeur Court of Canada, on the 4th. instant.

ACCOUNTANT JAN 28 1927

The amount payable to the Crown under said Order of 22nd. December last, for subsequent rentals, is $105.00, and I enclose you cheque of The Royal Trust Company, for this amount, payable to your Department. You might have a receipt for this amount forwarded to me, which I can pass on to the Trust Company. Such receipt might show that the amount was paid pursuant to the Order of the 22nd. ultimo, in the matter of The King-vs-MacMaster, so as to identify the payment with the Order. This together with the said Judgment and Order should be a sufficient discharge for the defendants in this action,

This completes matters as between the Crown and the MacMaster Estate. leaving only the matter of ousting the present occupant, Leander Cameron, sub-tenant under the said Estate, of the Island in question herein. In my opinion, he may be looked upon as a mere trespasser, having no right to possession or claim against the Crown or your Department. and could be removed by the Sheriff, under a Writ of Possession to be issued in this action. I understand that Mr. G. A. Stiles, Solicitor of Cornwall, who represents Mr. Cameron, has been in communication with your Department. on the latter's behalf.

I have today written the Deputy Minister of Justice advising him fully in the matter and enclosing him copies of the Judgement, Order and Declaration of Surrender.

Trusting that the outcome of the action meets with your approval.

Yours faithfully,

W. C. McCarthy

Dear Sir,-

We called on the Indean Department last year, Jan. 14, 1926 regarding the Expiration of the Leases of the Islands.

The Department informed us that this matter was before the Court then and would advise us as soon as it was passed.

We have not had word from the Department regarding this matter.

The members of the Band here would like to know how these Leases stand.

The King vs MacMaster.

Dear Sir:

All matters in connection with this case have now been disposed of, with the exception of what course is to be adopted towards the subtenant of the Macmaster Estate, who is, I understand, in occupation and claims to have made most of the existing improvements on the Island, as to which I have no instructions to proceed further.

When the case came up before Mr. Justice MacLean, on the 22nd ultimo for argument on the questions not previously disposed of by the judgment delivered 17th March last, as to mesne profits and compensation for improvements, discussion took place for the purpose if possible, of disposing of all remaining matters without the necessity of a reference.

The Justice seemed of the opinion that the expression "issues and profits" contained in the prayer of the Information, was not comprehensive enough to include a claim for use and occupation since the 17th May, 1916, being the end of the first 99 year period of the Indian Lease, from which date it had been decided to ask on behalf of the Crown for a reasonable amount for use and occupation.

The Justice was also of opinion that the Crown should not ask anything from the defendants.

After considerable argument and discussion Mr. Campbell made a proposition, on behalf of defendants to set off improvements made by the MacMasters against subsequent rentals that might be due the Crown. As it had been stated that most of the improvements had been made by Mr. Cameron, the present occupant of the Island under lease from the MacMaster Estate, I did not think this an adequate settlement and pressed for a dismissal of the claim for compensation for improvements and also that the Estate should pay for subsequent rentals, at least, at the rate they had charged Cameron, viz: $50.00 per annum. In reply to this Mr. Campbell finally offered to pay the rental reserved in the original lease from the expiration of the first 99 year period, viz: $10.00 per annum and abandon the Estate's claim for improvements. The Justice thought this a fair proposal and I was requested by him to submit it to yourself and Mr. D. C. Scott for consideration. I then telephoned you both and received instructions from Mr. Scott to adjust the disputed matters on the basis of Mr. Campbell's last proposal.

Indian Affairs. (RG 10, Volume 3031, File 233,800 Pt. 1A)

The formal judgment was then settled and an Order made on the then pending application to meet the terms agreed upon, and both were duly signed and entered, copies of both of which I enclose herewith. You will note in the Order of the 22nd ultimo that the settlement is without prejudice to the rights if any of the present occupant of the Island, Mr. Leander Cameron. I objected to this being inserted, but the Justice suggested that it would do no harm, and as Mr. Campbell desired it, it might be put in the Order.

At the hearing Mr. Campbell agreed to have a document executed by The Royal Trust Company, surviving Executors of Sir Donald MacMaster's Estate, formally delivering up possession of the Island. This he has had done and filed the original with the Registrar of the Exchequer Court. I enclose a copy of same. He has also sent me the cheque of The Royal Trust Co. for $105.00, being the amount payable by the defendants under the said Order. This cheque is payable to the Department of Indian Affairs and I have today forwarded same to Mr. D. C. Scott.

I have also forwarded to Mr. Scott copies of the Judgment, Order and Declaration of Surrender of Possession.

This completes this action. All that remains is to obtain possession from the present Occupant. In my opinion he is a mere trespasser having no rights that may be recognized by the Crown and might be ousted by Writ of Possession executed by the Sheriff should the Crown see fit to do so. As above stated, I have no instruction on this point.

Trusting you will deem the outcome of the action as being satisfactory.

Yours faithfully,

Section 4, St. Regis Islands Act.

The Islands referred to in this Bill are the common property of the band.

Section 127 of the Indian Act provides a penalty for the cutting or removal of timber or minerals from a reserve by any one other than a member of the band.

Section 128 of the Indian Act provides a penalty for any member of the band without the consent of the Superintendent General cutting or carrying away timber or minerals from another Indian's holding or from any part of the reserve otherwise than for the immediate use of himself and his family.

There is nothing, however, in the Indian Act to prevent any member of the band going on these Islands, the common property of the band, and cutting the timber for firewood, hence the necessity for Section 4 of this

Dear Honoured Sir,-

I am acting for the Saint Regis Indian Reservation and they are somewhat interested in a Bill now before the Committee dealing with the Islands belonging to the Band in the St. Lawrence River near Cornwall.

Chief Lewis David is in communication with me in reference to the Bill, and would like to be heard by your Committee in order to explain the facts from their point of view as he feels that the statement made to the Committee in reference to the acreage and value of the Easterbrook property with others is wrong, and if you will consent to hearing representations made on behalf of the band. I will be obliged if you will let me know when the bill will come up for consideration so that I may attend with Chief David and make such representations as may help the Indians of the Saint Regis Band.

Dear Sir,

I beg to acknowledge the receipt of your letter of the 5th instant, addressed to the Superintendent General of Indian Affairs, on behalf of Chief Louis David, of the St. Regis Band of Indians, who would like to be heard by the Committee on the St. Regis Islands Bill in order to correct some statement that has been made as to the acreage and value of the Easterbrook Farm, and to make such representations as he considers may help the Indians of this Band.

In reply I beg to say that the Bill in question has passed the House of Commons and is, I understand, now on the Order paper of the Senate for consideration early next week. I may point out, however, that even though the actual acreage or value of this Farm may be somewhat more or less than the amounts estimated when the Bill was considered before the House of Commons, that does not in the slightest degree affect the principle of the Bill and it would be quite idle for Chief David to come to Ottawa on that pretence. Even if he were to come there is no committee for him to appear before.

Kindly assure Chief David that we have not overlooked the interests of the Band in this legislation as the express purpose of the Bill is to preserve the lands in question for the benefit of the Band as a whole.

An Act to provide for special control by the Superintendent General of Indian Affairs of certain Islands in the St. Lawrence River being part of the St. Regis Indian Reservation.

WHEREAS the St. Regis Band of Indians situated at the Village of St. Regis, in the ~~County~~ Seigniory of Dundee, in the Province of Quebec, hold certain Islands in the River St. Lawrence, between the Town of Prescott and the Village of Lancaster, as part of their Reserve; and whereas over a century ago the Chiefs and Headmen of the said Band purported to grant leases of a number of the said Islands, or portions of Islands, in consideration of a nominal rental, for terms of ninety-nine years with covenants for renewals of the said leases for further periods of ninety-nine years; and whereas in the interest of the Indians of the said Band, the Crown has taken action in the courts to have these alleged leases declared null and void and has already succeeded in recovering what are known as Lewis Island, Snyder Island and Thompson or Macmaster Island; and whereas actions are still pending in respect of Thomas or Hamilton Island, and what is known as the Easterbrook Farm on Cornwall Island; and whereas it is considered that the revenues to be derived from these Islands maintained in their scenic beauty and leased for summer resorts or agricultural purposes, would be of much greater benefit to the Band than they would derive from having these Islands thrown open to the Indians generally resulting in the groves of timber being cut down and removed for firewood, as has happened with many other Islands, rendering them non-productive as summer resorts.

NOW THEREFORE His Majesty, by and with the advice and consent of the Senate and House of Commons of Canada enacts as follows:-

1. This Act may be cited as the St. Regis Islands Act.

2. That notwithstanding the provisions of the Indian Act to the contrary the Superintendent General of Indian Affairs shall have full power to deal with the said Thompson or Macmaster Island, Lewis Island, Snyder Island, also Thomas or Hamilton Island and the Easterbrook Farm in the event of the leases under which they are held being declared by the courts to be null and void and also any other island or islands belonging to the St. Regis Band which are not held under Location Ticket or under any recognized interest by individual members of the band, in any way that may be deemed to be in the best interests of the Band, and may for such purpose grant leases, licenses or other concessions without the necessity of obtaining a surrender of the said Islands from the Band.

3. No Indian or other person shall without the consent of the Superintendent General expressed in writing, use or occupy any part of the said Islands or cut, carry away or

BILL

An Act to provide for special control by the Superintendent General of Indian Affairs of certain islands in the St. Lawrence river being part of the St. Regis Indian reservation.

Preamble. WHEREAS the St. Regis band of Indians situated at the village of St. Regis, in the township of Dundee, county of Huntingdon, in the province of Quebec, hold certain islands in the river St. Lawrence, between the town of Prescott and the village of Lancaster, as part of their Reserve; and whereas over a century ago the chiefs and headmen of the said band purported to grant leases of a number of the said islands, or portions of islands, in consideration of a nominal rental, for terms of ninety-nine years with covenants for renewals of the said leases for further periods of ninety-nine years; and whereas in the interest of the Indians of the said band, the Crown has taken action in the courts to have these alleged leases declared null and void and has already succeeded in recovering what are known as Lewis island, Snyder island and Thompson or Macmaster island; and whereas actions are still pending in respect of Thomas or Hamilton island, and what is known as the Easterbrook farm on Cornwall island; and whereas it is considered that the revenues to be derived from these islands maintained in their scenic beauty and leased for summer resorts or agricultural purposes, would be of much greater benefit to the band than they would derive from having these islands thrown upon the Indians generally resulting in the groves of timber being cut down and removed for firewood, as has happened with many other islands, rendering them non-productive as summer resorts: Therefore His Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:—

Short title. **1.** This Act may be cited as the *St. Regis Islands Act.*

MEMO: Mr Stewart

Under the provisions of Section 48 of the Indian Act no part of the common lands of the band can be sold, alienated or leased without a surrender from the band. No surrender of these islands has been asked for from the band, as the litigation for the recovery of these properties is not yet complete.

We are perfectly sure, however, from the attitude of these Indians that they would not surrender these islands for leasing if they were asked to do so, as they want to get the timber for fire wood and to take possession of the improvements on these properties. It is for the above reasons that we are asking authority of Parliament for the superintendent General to deal with the granting of leases of these properties for the befefit of the Indians without the formality of a surrender.

Memorandum:

Hon. Charles Stewart,

Section 4, St. Regis Islands Act.

The Islands referred to in this Bill are the common property of the band.

Section 127 of the Indian Act provides a penalty for the cutting or removal of timber or minerals from a reserve by any one other than a member of the band.

Section 128 of the Indian Act provides a penalty for any member of the band without the consent of the Superintendent General cutting or carrying away timber or minerals from another Indian's holding or from any part of the reserve otherwise than for the immediate use of himself and his family.

There is nothing, however, in the Indian Act to prevent any member of the band going on these Islands, the common property of the band, and cutting the timber for firewood, hence the necessity for Section 4 of this Bill.

Re: St. Regis Indian Reserve.

Dear Sir,

In reply to your letter of the 21st ultimo (233800), in which you state that Mr. W. C. McCarthy, Counsel for the Crown herein, has received advances for $1000.00 from your Department for which he has not accounted, I may say that according to the records of this Department all advances made to Mr. McCarthy upon the request of this Department have been accounted for. Some confusion has undoubtedly occurred because of the frequent applications for advances made by Mr. McCarthy, but I think accounts have been redered and taxed for sufficient to make up the amount of any advances which he received. I suggest that you have your records examined more carefully and see whether this is not the fact.

In case it may be of any assistance to you I enclose herewith a memorandum prepared in this Department showing in tabular form the amount of accounts rendered; the amount of accounts as taxed and the amount of advances applied for.

Re: St. Regis Indian Reserve.

Dear Sir,

In reply to your letter of the 4th instant (233800), in which you state that seemingly your Department has not received the accounts amounting respectively to $989.04 and $1065.48, I would direct your attention to my letter of the 17th February last with which I enclosed copy of a letter dated the 7th February from Mr. McCarthy, together with his account for professional services taxed and certified for payment at $300.00. If you will look at that account you will find that it amounts to $1065.48, and that after applying a credit of $500.00 there was a balance due of $565.48, which was reduced on taxation to $300.00, for which you sent me a cheque in due course.

With regard to the account amounting to $989.04, this is one of the accounts included in the statement making up the sum of $1065.48 above referred to. The account was rendered at $989.04, but after crediting $200.00 on account the balance was shown as $789.04,

Dear Sirs;- I have been consulted by Mr. Peter Papineau of St. Regis relative to the General situation so far as the Indians are concerned.

He states that considerable of the lands, islands and other property in which the State has sovereigned jurisdiction has been rented to the White People and as they make this claim, it seems that if the logical course of the Indians are increased in numbers and their needs must be met by large privileges and it seems to me that if no further leases are made to the White People of lands or islands in the entire reservation, perhaps the Indians would be commensurated with their needs.

I should be glad to know what the disposition is of the Department, in regard to this matter. There is considerable dissatisfaction there now and I think if there are no leases so far as the White men are concerned and the Indians are permitted to occupy these lands, there would be no more trouble.

Very respectfully yours,

Dear Dr. Scott:

I have received from my friend,Mr. J.E. Chevrier, of Cornwall, a letter in which he thanks me for copy which I sent to him of the Bill now pending before Parliament with regard to the Islands referred to in the Bill. You will remember that I called on you on a previous occasion with Mr. Chevrier and the he explained that he had an agreement with Cameron, who had been the occupant for many years, for a camp on one of these islands, the name of which escapes me for the moment. He now writes me to know what is really going to be done with the Island in question, what is the rental which would be demanded by your department and especially he wants to know if you are going to recognize any priority on the part of the occupant with regard to the title, whatever it may be, that you are willing to grant concerning the use of this particular island; what compensation, if any, will be allowed for his improvements.

Mr. Chevrier states that if you think it advisable he will come to Ottawa along with Cameron to interview you on the

Dear Senator Belcourt,

I have before me your letter of the 1st instant on behalf of Mr. J.E.Chevrier, of Cornwall, who had some agreement with Mr. Cameron, the present occupant of MacMaster Island, and who desires to know what the Department proposes to do with the said Island; whether present occupants shall have any priority over other applicants, and what compensation, if any, will be allowed for improvements.

In reply I beg to say that Mr. Chevrier will have observed that the purpose of the Bill now pending in respect of this and other islands similarly situated, is to enable the Superintendent General to deal with them in his discretion for the benefit of the band. Until this Bill becomes law we are not in a position to say just how these islands shall be dealt with. If this Bill passes it is altogether likely that leases of various natures will be granted from time to time but nothing definite has yet been decided upon. In the granting of such leases the present occupants would naturally receive first consideration.

With respect to compensation for improvements I have to point out that according to the Judgment in the MacMaster case the improvements go with the land which now belongs to the Crown.

It was on the 9th of March that I had the last communication with you with regard to this matter on behalf of Mr. J.E.Chevrier of Cornwall. In this letter you informed me that Bill 55 was then before Parliament with a view of dealing with this and other similar applications for compensation to the parties interested and with regard to granting other leases to all or some of these islands. Dear Sir,-

Confirming the decision reached during recent conversation, I have to advise that with regard to Cameron's or MacMaster's Island, Mr. Cameron will for the present be permitted to remain in possession on condition that he pay to the Department an annual rental of $115 from the date to which the MacMaster Estate paid up the rental. It is understood, however, that Mr. Cameron must pay all local or municipal taxes, and that this arrangement will be without prejudice to legal rights and is to prevail until a re-valuation of the property is made at the instance of the Department.

Dear Sir:- Re Cameron's Island

After our interview of the 28th ult. I reported to Mr. Leander Cameron who is in occupation of this Island, the proposed tentative arrangement by which he should pay $115.00 a year and the Municipal taxes beginning with the First of January 1926 and that he should be allowed to remain on the Island under this arrangement until the Jack and Easterbrook cases are finally disposed of, when the Department would be open to make a new and permanent arrangement for the future.

Mr. Cameron called to see me to-day and is satisfied to live under this arrangement for the time being, at any rate. He gave me his cheque for $230. in payment of the rent for 1926 and 1927 and this cheque duly certified, I send to you herewith.

The understanding between us will be that there are no admissions of any sort either by the Department or by Mr. Cameron and that it is plainly understood that the present arrangement is a mere tentative one to exist at the pleasure of both parties and until the legal position is entirely cleared up.

Will you kindly send me a receipt to hand to Mr. Cameron and confirm this arrangement.

Another matter arises as to which I should like to have your opinion. Mr. Cameron tells me that repairs to the buildings which as you know, were constructed by him, are necessary from time to time and at the present moment the farm house needs a whole new roof. Naturally he does not feel like going to this expense without some assurance that he will get the benefit of it or be recouped in some measure for his outlay.

I have assured Mr. Cameron that other things being equal, he will be preferred as tenant of the Island from time to time by the Department and that he does not need to have any uneasiness as to the Department allowing the Indians to resume possession.

RE

Dear Sir:-

I beg to refer you to my visit to Ottawa, in July, 1927. and had a talk with you regarding a small Island in Lake St. Francis, opposite Lot No. 594. of the Township of Godmanchester. There was a dispute a number of years ago, as to who owned this Island, a man by the name of L. Dupois, claimed that the Quebec Government owned the Island, but after an investigation was made, the Quebec Government declared that the Island belonged to Lot No. 594. and that no one had any right to it except the owner of Lot No. 594. This Lot No. 594, a farm of 100 acres more or less, was owned by the Cameron family for generations back and was bought by Mr. John Mac Gibbon about twenty years ago. To the farmres who live in the district nearby this lot No. 594 called this Island, Cameron Island, as it was part of Lot No. 594 one day, but the marsh between the island and the mainland has been waisting away in recent years, and now this small piece of land, which was a point,is an island today.

Mrs. John Mac Gibbon, present owner of Lot No.594 was advised by Mr. Andrew Philips, M. L. A. of the Legislative Assembly, Quebec. to take this matter up with the Indian Department, and try and have it settled, so in future people will not be trying to take possession of the island, and causing trouble and dispute to the owner. Hoping that you will see fit to have this matter settled,

I Am,
Yours Truly,

Dear Sir,-

I beg to acknowledge the receipt of your letter of the 16th instant, together with enclosures, and referring to a small island in Lake St. Francis, directly opposite Lot No. 594 of the township of Godmanchester.

There is no information in connection with this matter of record in the Department, but from the circumstances as stated in your letter, and the statements contained in the documents inclosed, it appears that the present owner of Lot 594 is quite justified in claiming ownership of this island. In view of this fact, it would seem that, should any party or parties endeavor to take possession of this property, the owner of Lot 594 would be within his legal rights in treating such party or parties as trespassers.

Enclosures. The documents with your letter are returned herewith.

Dear Sir:- Re Cameron's Island.

The Executors of the late Sir Donald McMaster have been bothering me and my client, Leander Cameron, about an adjustment of rent due in respect of the Island, claiming that we have not paid up to a proper date.

Mr. Cameron, through me, paid you a sum of money, namely: $230. on the 16th of December, 1927, which was for rent of Cameron's Island for 1926 and 1927 under a tentative agreement, which we then reached. The Executors of the McMaster Estate claim that they paid to the Department rent for Cameron's Island up to a date late in 1926, this last date being the date of the judgment in the Exchequer Court, by which the Crown recovered possession of the Island from the McMaster Estate. The point with the McMaster Estate is that if you collected from them up to a date late in 1926, then Mr. Cameron should only pay you from that date in 1926 forward. There would seem to be [illegible]e justice in this position and accordingly I should be glad if you would let me know up to what date the records of the Department show that the McMaster Executors paid rent for Cameron's Island. Then be good enough to say whether your Department considers that the $230. paid by Mr. Cameron on the 16th of December, 1927, pays his rent forward as a tenant of the Department for two years from that date.

Dear Mr. Stiles,-

I wish to acknowledge the receipt of your letter of the 26th instant, referring to certain payments of rental in connection with the lease of Cameron's Island. I may say that our records clearly indicate that there has been no over-lapping of payments. As you are probably aware, prior to the recent judgment of the Courts, the Department did not receive payment of rental from the Executors of the late Sir Donald McMaster for this property, over a period of ten years from 1916 to 1926, and it was a condition of the judgment that payment for this period should be made to the Department at the rate of $10.00 per annum, and cheque for the sum of $105.00 was received by the Department, which completed payment to the first of January 1926. This cheque was received by the Department on the 25th of January, 1927. Subsequently, Mr. Leander Cameron forwarded a cheque to the Department for the sum of $230, representing two years' rental for the Island at the rate of $115.00 per annum. This payment of $230.00 completed the payment of rental to the 1st of January, 1928. You will note, therefore, that both payments are separate and consecutive, and do not in any way over-lap.

Sir:-

I beg to say that on December 16th. Loran Francis, on of the St. Regis Reserve chiefs, calle d at the office and reported as follows;-

" That on December 13th, 1928. I heard someone chopping and sawing wood on Colquohoun's Island, (Loran Francis resides on St. Regis Island, and Colquohoun's Island lies a short distance to the north of St. Regis Island) On the following day I heard the same, I took a boat and rowed over to Colquohoun's Island, and found five or six Indians of the St. Regis Reserve, cutting down trees for wood. Two of the Indians disappeared, when I got close upon them. These Indians are known to me. Three of them live in St. Regis Village, and the others on Cornwall Island. "

On December, 19th.inst. Mitchell Jacobs,(chief) Loran Francis (chief) and myself ferried over to Colqouhoun's Island and investigated. We discovered that nine large trees, oak, hickory, and hard maple, measuring anywhere from 18in. to 24 in. On the stump, also, 35 smaller trees had been cut down and drawn away. On Colquohoun's Island, there is quite a bush, and a lot of wood is lying on the ground, broken down trees,etc. if this had been taken for wood, it would have not meant so mush, but the guilty parties picked out the standing choice hard wood.

I have been informed that two or three of the Indians implicated in this wood theft, after learning that they had been found out, have left the Reserve.

Loran Francis,(chief) living on St. Regis Island wishes to be advised, if he be allowed to pick up the dead wood for fuel, which is lying on the ground and going to waste, on Colquohoun's Island. He says he will keep watch on the islands that are near St. Regis Island, and report any interference with them.

Dear Sir: The King--vs.--MacMaster.

In accordance with instructions received from you on the 10th ultimo, I sent a letter, on that date, to Mr. George A. Stiles of Cornwall, solicitor for Leander Cameron, the present occupant of the Island in question in this action, submitting the proposal for the adjustment of the questions of rent and improvements, and intimated that the proposal was open for acceptance by Mr. Cameron for two weeks from the date of my said letter.

On the 15th ultimo I received an acknowledgment from Mr. Stiles who stated that he had forwarded a copy of the proposal to Mr. Cameron but that owing to the conditions at this time of the year making it difficult to communicate with the Island, it would not be possible to give an answer to the proposition within the two weeks' limit, but he promised to notify me without delay as soon as he had received instructions from his client.

Owing to the special circumstances of this case I have written Mr. Stiles that I would recommend to the Department the allowance of a reasonable extension of time before withdrawing the proposal, but stressing the fact that such extension was not to be construed as consenting to unlimited delay.

As soon as I receive further information from Mr. Stiles, in the matter, I will advise you.

Dear Sir:- Re The King v. McMaster.

Yours of the 29th ultimo duly received.

I had Mr. Cameron here one day during the holidays and he gave me the money for the 1928 rent under the tentative agreement between him and the Department and this I sent up to the Deputy Superintendent General.

Mr. Cameron feels that he is entirely at the mercy of the Department because he has not a shadow of legal right, so far as Cameron's Island is concerned, his position there never having been any higher than tenant of the late Sir Donald McMaster. The result is that he feels quite helpless before the proposal put forward by the Department. Practically all of the improvements on the Island belong to Mr. Cameron morally at least. The figures placed upon them by the Department are exceedingly disappointing to him as he feels that these improvements are worth more than double the valuations set forth in your letter. What I would suggest would be that this matter should be deferred until we see whether any permanent arrangement can be reached in the Jack case. Or you may if you like draft a lease along the lines suggested in your last letter and if no improvement on that proposition can be secured, Mr. Cameron may feel forced to accept it.

Yours truly,

Geo. A. Stiles.

I enclose copy of a letter received today from the solicitor for Mr. Leander Cameron, the occupant of the Island in question herein.

As I assume that the proposal made by the Department to give a lease to Mr. Cameron of the Island for a term and at a rental which would set off the value of Cameron's improvements as fixed by the officials of the Department is the best and final offer which is to be made, I would not think it advisable to defer settling this matter until the Jack case is disposed of as the matters in question in these two actions are not, in any way, linked up with one another.

Please let me know at once if I shall prepare a draft lease along the lines of the proposal already submitted to Mr. Cameron.

Dear Dr. Scott:- The King V McMaster

In connection with this matter I have been very busy in my office for some time, and I have been holding the draft lease, sent to me by Mr. McCarthy, the Solicitor acting in the matter, for signature by Mr. Leander Cameron, the McMaster tenant and the real owner of the improvements. Cameron has been marooned on the Island during the Spring break-up and I suppose he is now busy with his Spring work. I however, expect to see him daily in Cornwall. Today I have written to Mr. McCarthy, advising him that I think the only possible objection to executing the proposed lease will be in reference to a renewal. Could you give me by letter the same assurance in regard to this matter as you did in regard to Hamilton's Island, so far as Mr. Jack is concerned ? An intimation from the Department that at the end of the term now proposed Mr. Cameron or his Estate would be favoured for a further term against others, always assuming that other matters are equal, would I think be a decisive factor in getting Mr. Cameron to sign.

Dear Mr. Stiles:

Re The King v. MacMaster.

I have received your letter of the 21st instant, concerning the above matter and particularly the question of issue of lease to the present occupant, Mr. Leander Cameron.

The suggestion which you make regarding the subject of renewal at the termination of the proposed lease is, I consider, quite reasonable; and I have no objection to giving Mr. Cameron an assurance that, when the present lease terminates, should the Department decide to continue to lease this Island, he will be given prior right to continue in occupation under lease, for such a further term and subject to such conditions as may at that time be considered advisable.

Your obedient servant,

Deputy Superintendent General.

Dear Mr. McCarthy:

Re The King v. MacMaster.

Referring to your recent conversation with Mr. Caldwell of this Department regarding the above matter, I enclose herewith for your information copy of the letter which I have today forwarded to Mr. Stiles of Cornwall. I have no doubt but that the assurance given therein will be satisfactory to Mr. Cameron, the present tenant.

Gentlemen:

The writer is seeking information concerning owner-ship of Dorval Soland- Years ago, seemed to be some trouble over rightful owners-

Is there any portion of estate, at this time held in escrow, for any heirs not located-?

I just recently got possession of an old letter, written my father concerning rightful owner-ship to Melocke family of Dorval Soland my father (deceased)

Anthime Joseph Melocke, was born in Province of Quebec Canada-

I am very much interested, altho may have been all settled years ago.

Would appreciate any information concerning same.

My sister & my self are only ones left of our family, in this part of country, as far as we know.

Thanking you most kindly in advance. Respt Yours.

Concerning recent negotiations with the present occupant of MacMaster Island in the River St. Lawrence, in letter hereunder from Mr. W. C. McCarthy, Barrister, Ottawa, who acted for the Department in the Exchequer Court when the question of ownership of this and other islands was decided, it is stated that Mr. Cameron is prepared to accept the adjustment proposed by the Department and the leases in duplicate attached are submitted for your signature.

Mr. Williams has looked over these leases and has stated that they are satisfactory and I would, therefore, recommend your approval by signature in order that one copy may be returned to the lessee.

Sir,

I have the honour to hand you herewith account received from Mr. W. C. McCarthy, in the above matter, which I have taxed at $41.05.

I should be glad to receive cheque in Mr. McCarthy's favour for this amount in due course.

Mr. McCarthy, in his covering letter, advises that the matter has been finally closed by the granting of a new lease to the occupant of the island -- Leander Cameron. I am given to understand from conversation with your Mr. Williams that this correctly describes the situation.

The conditions and stipulations referred to in this policy (in addition to those on the face hereof) are as follows:

ONTARIO

STATUTORY CONDITIONS

1. If any person applying for insurance falsely describes the property to the prejudice of the insurer, or misrepresents or fraudulently omits to communicate any circumstance which is material to be made known to the insurer in order to enable it to judge of the risk to be undertaken, the contract shall be void as to the property in respect of which the misrepresentation or omission is made.

2. After application for insurance, if the same is in writing, it shall be deemed that any policy sent to the insured is intended to be in accordance with the terms of the application, unless the insurer points out in writing the particulars wherein it differs from the application, in which case the insured may, within two weeks from the receipt of the notification, reject the policy.

3. Unless otherwise specifically stated in the policy, money, books of account, securities for money, evidences of debt or title, and automobiles, tractors and other motor vehicles, are not insured.

4. Unless otherwise specifically stated in the policy, the insurer is not liable for the losses following, that is to say:—

(a) For loss of or damage to property owned by any person other than the insured, unless the interest of the insured therein is stated in the policy;

(b) For loss or damage caused by invasion, insurrection, riot, civil commotion ,military or usurped power;

(c) For loss due to the want, within the knowledge of the insured, of good and substantial chimneys; or caused by ashes or embers being deposited, with the knowledge and consent of the insured, in wooden vessels; or by stoves or stove-pipes being, to the knowledge of the insured, in an unsafe condition or improperly secured; or

(d) For loss of or damage to goods while undergoing any process in or by which the application of fire heat is necessary.

5. Unless permission is given by the policy or endorsed thereon, the insurer shall not be liable for loss or damage occurring:—

(a) To buildings or their contents during alteration or repair of the buildings and in consequence thereof, fifteen days being allowed in each year for incidental alterations or repairs without such permission;

(b) While illuminating gas or vapour is generated by the insured or to his knowledge in the building insured or which contains the property insured, or while there is stored or kept therein by the insured or, to his knowledge, by any person under his control, petroleum or any liquid product thereof, coal oil, camphene, gasoline, burning fluid, benzine, naphtha, or any of their constituent parts (refined oil for lighting, heating or cooking purposes only, not exceeding five gallons in quantity, gasoline, if contained in a tightly closed metallic can free from leaks and not exceeding one quart in quantity, or lubricating oil not being crude petroleum nor oil of less specific gravity than is required by law for illuminating purposes, not exceeding five gallons in quantity, excepted), or more than twenty-five pounds weight of gunpowder, dynamite or similar explosives.

(c) After the interest of the insured in the subject-matter of the insurance is assigned, but this condition is not to apply to an authorized assignment under The Bankruptcy Act or to change of title by succession, by operation of law, or by death;

(d) When the building insured or containing the property insured is, to the knowledge of the insured vacant or unoccupied for more than thirty consecutive days or, being a manufacturing establishment, ceases to be operated and continues out of operation for more than thirty consecutive days.

6. The insurer will make good loss or damage caused by lightning or by the explosion of coal or natural gas in a building not forming part of gas works, whether fire ensues therefrom or not; and loss or damage by fire caused by any other explosion; but, if electrical appliances or devices are insured, any loss or damage to them caused by lightning or other electrical currents is exlcuded and the insurer shall be liable only for such loss or damage to them as may occur from fire originating outside the article itself.

7. Any change material to the risk, and within the control and knowledge of the insured, shall avoid the policy as to the part affected thereby, unless the change is promptly notified in writing to the insurer or its local agent; and the insurer when so notified may return the unearned portion, if any, of the premium paid, and cancel the policy, or may notify the insured in writing that, if he desires the policy to continue in force, he must within fifteen days of the receipt of the notice pay to the insurer an additional premium, and in default of such payment the policy shall no longer be in force and the insurer shall return the unearned portion ,if any ,of the premium paid.

8.—(a) If the insured has at the date of this policy any other insurance on property covered thereby which is not disclosed to the insurer, or hereafter effects any other insurance thereon without the written assent of the insurer, he shall not be entitled to recover more than sixty per cent. of the loss in respect of such property; but if for any fraudulent purpose the insured does not disclose such other insurance, this policy shall be void.

(b) The insurer shall be deemed to have assented to such other insurance unless it dissents by notice in writing within two weeks after notice thereof.

(c) In the event of there being any other insurance on property herein described at the time of the happening of a loss in respect thereof, the insurer shall be liable only for payment of a rateable proportion of the loss or a rateable proportion of such amounts as the insured shall be entitled to recover under clause (a) of this condition.

9. Where the loss (if any), under a policy has, with the consent of the insurer, been made payable to some person other than the insured, the policy shall not be cancelled or altered by the insurer to the prejudice of such person without reasonable notice to him.

10.—(1) The insurance may be terminated:—

(a) Subject to the provisions of condition 9, by the insurer giving to the insured at any time fifteen days' notice of cancellation by registered mail, or five days' notice of cancellation personally delivered ,and, if the insurance is on the cash plan, refunding the excess of premium actually paid by the insured beyond the pro rata premium for the expired time;

(b) If on the cash plan, by the insured giving written notice of termination to the insurer, in which case the insurer shall, upon surrender of this policy, refund the excess of premium actually paid by the insured beyond the customary short rate for the expired time.

(2) Repayment of the excess premium may be made by money, post office order or postal note or by cheque payable at par and certified by a chartered bank doing business in the province. If the notice is given by registered letter, such repayment shall accompany the notice, and in such case the fifteen days mentioned in clause (a) of this condition shall commence to run from the day following the receipt of the registered letter at the post office to which it is addressed.

11. After any loss or damage to insured property, it shall be the duty of the insured, when and as soon as practicable, to secure the insured property from further damage, and to separate as far as reasonably may be the damaged from the undamaged property, and to notify the insurer of the separation.

12. If any of the insured property is necessarily removed to prevent damage or further damage thereto, that part of the insurance under this policy which exceeds the amount of the insurer's liability for any loss already incurred shall for seven days only, or for the unexpired term if less than seven days, cover the property removed, and any property remaining in the original location in the proportions which the value of the property in the respective locations bears to the value of the property in them all, and the insurer will contribute pro rata towards any loss or expense connected with such act of salvage, according to the respective interests of the parties.

13. After any loss or damage to insured property, the insurer shall have an immediate right of access and entry by accredited agents sufficient to enable them to survey and examine the property, and to make an estimate of the loss or damage, and, after the insured has secured the property, a further right of access and entry sufficient to enable them to make appraisement or particular estimate of the loss or damage, but the insurer, shall not be entitled to the control or possession of the insured property, or the remains or salvage thereof, unless it accepts a part thereof at its agreed value or its value as ascertained according to condition 17 or undertakes replacement under condition 19, and without the consent of the insurer there can be no abandonment to it of insured property.

14. Proof of loss must be made by the insured, although the loss is payable to a third person, except that, in case of the absence of the insured or his inability to make the same, proof may be made by his agent, such absence or inability being satisfactorily accounted for, or in the like case or if the insured refuse to do so, by a person to whom any part of the insurance money is payable.

15. Any person entitled to claim under this policy shall:—

(a) Forthwith after loss give notice in writing to the insurer;

(b) Deliver, as soon thereafter as practicable, a particular account of the loss:

(c) Furnish therewith a statutory declaration declaring:—

(i) That the account is just and true;

(ii) When and how the loss occurred, and if caused by fire, how the fire originated, so far as the declarant knows or believes;

(iii) That the loss did not occur through any wilful act or neglect or the procurement, means or connivance of the insured;

(iv) The amount of other insurances, and names of other insurers;

(v) All liens and encumbrances on the property insured;

(vi) The place where the property insured, if moveable, was deposited at the time of the fire;

(d) If required and if practicable, produce books of account, warehouse receipts and stock lists, and furnish invoices and other vouchers verified by statutory declaration, and furnish a copy of the written portion of any other policy. The evidence furnished under this clause shall not be considered proofs of loss within the meaning of conditions 18 and 19.

16. Any fraud or wilfully false statement in a statutory declaration, in relation to any of the above particulars, shall vitiate the claim of the person making the declaration.

17. If any difference arises as to the value of the property insured, the property saved, or the amount of the loss, such value and amount and the proportion thereof (if any) to be paid by the insurer shall, whether the right to recover on the policy is disputed or not, and independently of all other questions, be submitted to the arbitration of some person to be chosen by both parties, or if they cannot agree on one person, then to two persons, one to be chosen by the insured and the other by the insurer, and a third to be appointed by the persons so chosen, or on their failing to agree, then by a Judge of the County or District Court of the County or District in which the loss has happened; and such reference shall be subject to the provisions of The Arbitration Act; and the award shall, if the insurer is in other respects liable, be conclusive as to the amount of the loss and proportion to be paid by the insurer; where the full amount of the claim is awarded the costs shall follow the event; and in other cases all questions of costs shall be in the discretion of the arbitrators.

18. The loss shall be payable within sixty days after completion of the proofs of loss, unless the contract provides for a shorter period.

19. The insurer, instead of making payment, may repair, rebuild or replace the property damaged or lost, giving written notice of its intention so to do within fifteen days after receipt of the proofs of loss. In such event the insurer shall commence to so repair, rebuild, or replace the property within thirty days after receipt of the proofs of loss and shall thereafter proceed with all due diligence to the completion thereof.

20. Every action or proceeding against the insurer for the recovery of any claim under or by virtue of this policy shall be absolutely barred unless commenced within one year next after the loss or damage occurs.

21. Any officer or agent of the insurer who assumes on behalf of the insurer to enter into a written agreement relating to any matter connected with the insurance shall be deemed prima facie to be the agent of the insurer for the purpose.

22. No condition of this policy shall be deemed to have been waived by the insurer, either in whole or in part, unless the waiver is clearly expressed in writing signed by an agent of the insurer.

23. Any written notice to the insurer may be delivered at or sent by registered post to the chief agency or head office of the insurer in the Province or delivered or so sent to any authorized agent of the insurer therein. Written notice may be given to the insured by letter personally delivered to him or by registered letter addressed to him at his last post office address notified to the insurer, or, where no address is notified and the address is not known, addressed to him at the post office of the agency, if any, from which the application was received.

24. The insurer may require from the insured an assignment of all right of recovery against any other party for loss or damage to the extent that payment therefor is made by the insurer.

Dear sir:- The King-vs-MacMaster.

You will remember that the first insurance policy we received from Leander Cameron,lessee of the Island in question in this matter, apparently did not cover the buildings on the Island, and the Policy was returned to Mr.Stiles to have a proper one taken out.

I have today received from Mr.Stiles,the enclosed Policy No.38700 in The Glengarry Farmers' Mutual Fire Insurance Company, covering the buildings for $1800.00 with loss payable to the Superintendent General of Indian Affairs.This Policy seems to be in order, but I note that of the Premium of $54.00,only $16.20 appears to have been paid in cash,and a premium note given for the balance.I have advised Mr.Stiles to forward receipts to the Department when the balance of premium has been paid.Please advise the Lands Branch to make note of this. This Policy expires 6th.December,1932.

Deputy Superintendent General:

This Branch has at present under consideration the question of leasing two small unlisted and uncharted islands in the River St. Lawrence near Cornwall, belonging to the St. Regis Band. The information received concerning the area of these islands is somewhat conflicting and I think it advisable to have an inspection made and for this purpose I would request your authority to send Mr. O'Connor down to look over these two islands and on his report we will then be in a position to decide upon terms and conditions for leasing.

Memo.

Ottawa, July 24th 1930

Mr. Caldwell,-

Having carried out instructions in connection with several Islands in the River St. Lawrence between Cornwall and South Lancaster, I am pleased to report that I made a careful inspection of the Islands applied for by Mr. D. J. MacPherson of South Lancaster. Loon Island, which he is desirous of leasing, is a few miles west of the said village and opposite the mouth of Fraser Creek. It is just suitable for Mr. MacPherson's requirements, a fishing and duck shooting lodge. The rental proposed of $10.00 a year is to me a fair rental, for a term of five years, which I believe is to run from the 1st August, 1930. The Grand Trunk Crab and Fraser's Crab are under water owing to the abnormally high water in the St. Lawrence for this time of year.

Lease 353 Folio 77

approved Caldwell.

You will recall that in November last Mr. P. E. Campbell of Cornwall, submitted an application to lease a small Island which lies a few hundred yards North of Thompson Island. I called at this Island and found it to be very low, the greater portion under water. This is also required for fishing and shooting purposes. There are a few trees on the East end and along the waters edge. The water is at least three feet deep on that end of the property. On returning to Cornwall I called on Mr. Campbell and showed him the location of the Island on my plan. He thought a valuation of $10.00 a year not excessive and suggested that the lease be issued in the name of Walter A. Gadbois, Jeweller, 108 Pitt Street, Cornwall. I am pleased to recommend that a lease be issued for the usual term.

On our way back to Cornwall we called at Ball Island leased to Mr. Connie Ferrari of New Rochelle, New York, for a period of twenty years from the 15th of September 1928. Mr. Ferrari was on the Island overseeing the construction of a summer home. The carpentry work of the building is completed and the work now being done is the painting, varnishing and decorating of the interior. The floors of the building are of hard wood. The wainscotting, doors, door frames and window frames are of British Columbia Fir. There are six rooms down stairs and a closed in verandah twelve feet wide and twenty-six feet long, across the front of the house. Copper wire netting is used around the verandah. The house is wired for electricity. There is also completed a large boathouse built on concrete piers. This building is about eighteen feet by twenty-six feet. A properly constructed icehouse and water tank of about 500 gallons capacity is erected. A pump installed to pump water from this tank, which is to furnish the water for the baths and household uses. A thirty foot well is also completed. To date Mr. Ferrari has expended at least $15,000.00 and will require about another $1,000.00 to complete the building and make the necessary improvements to the grounds. In view of this expenditure the lessee would like to receive the assurance that an extension of the lease will be granted to him.

Sir.- Mr. Walter A. Gadbois, of Cornwall, Ont. visited me with respect to the matter of leasing a small island in the River St. Lawrence. Department official letter in this matter was handed me by Mr. Gadbois. I expect the island referred to is the small island lying a short to the north of Thompsons Island. This island was visited by Mr. J. O. Connor and myself on June 26th. The island is very small, with very little dry land on it. I have inquired among the Indians regarding this island, and to date it does not appear that any individual Indian claims ownership to it.

Mr. Gadbois wishes to obtain lease for the island, and am enclosing agreement of lease for your consideration, for a term of twenty one years, at an annual rental of Ten Dollars, paid in advance of each year, and would recommend island leased.

The matter with respect to islands was discussed for a lengthy time during the meeting. The feeling of the council was, that allotments should be made of a number of islands. A few were mentioned, viz. Drummond Island, Colquohoun's Island, Summers Island, and Loon Island. This matter further to be discussed at September meeting.

Memo.

Deputy Superintendent General,-

There is a small shoal or island in the St. Lawrence River a short distance directly North of what is known as Thompsons Island within the boundaries of the St. Regis Reserve, for which an application to lease has been received from Mr. Walter A. Gadbois of Cornwall.

This island is not shown on any plan of record in the Department or elsewhere so far as we are aware, and the present applicant wishes to secure a lease for fishing or shooting purposes. While it is, strictly speaking, part of the St. Regis Reserve it is so insignificant as to have escaped attention up to the present and I do not consider it of sufficient importance to warrant the Department going to the trouble of submitting a surrender to the Band for the purpose of leasing. The offer which we have received from Mr. Gadbois is to lease this shoal for a period of twenty-one years at an annual rental of $10.00, and recently Mr. O'Connor of this branch inspected the island and found it to be of very little value.

I am disposed to submit that we would be fully protecting the interest of the band in consenting to lease the property to Mr. Gadbois at a rental of $10.00 per year for the period specified and would ask your authority to do so without the necessity of submitting the matter to the band.

A lease of this Island was issued on the 28th July, 1930, to Mr. D. J. MacPherson for a term of ten years from 1st August 1930; your Location Ticket is dated 13th November 1930, and, consequently, was issued subject to the existing lease.

In view of the facts in this case, as stated, you would not be at liberty to go upon the land to cut wood, nor for any purpose, without the consent of the lessee.

It is to be observed that the rental for Loon Island was returned by cheque in your favour in the years 1930, 1931 and 1932, which is evidence of the fact that you had knowledge of its being under lease.

Sir,-

I beg to acknowledge receipt of your letter of the 23rd instant, in which you enquire concerning the status of Thompson Island, occupied for many years by members of the Cameron family.

By a judgment of the Exchequer Court, given in 1926, the long term lease covering this Island was terminated and by subsequent arrangement the present occupants were permitted to continue in occupation of the Island until March 17, 1937. The Island will, on that date, come under the direct supervision of the Department and not, in any sense, under the control of the St. Regis Band Council.

If, as you state, some one is at present erecting a summer cottage on this Island, it might be well to advise them that the existing lease to the Camerons will terminate on March 13,1937, and that any buildings now erected on this Island, without the consent of the Department, will, by the terms of the lease, become the property of the Department at the expiration of the existing agreement.

- Re: Walter A. Gadbois Estate -

Dear Sirs:-

The late Mr. Gadbois had a lease of a small Island in the St. Lawrence River and we want to know if the Island is in the Province of Ontario or the Province of Quebec. The lease is dated August 18th, 1930 and is from the Superintendent-General of Indian Affairs to Walter A. Gadbois - the number of the lease is F233800-1A. The property is described as follows:-

"A small Island in the River St. Lawrence opposite the
"County of Glengarry and a quarter of a mile north of
"Thompson Island and half a mile east of St. Francis
"Island, according to Charter number 51 of Lake St.

Dear Sirs: Re: Your Reference No. 233800

The late W. A. Gadbois had a lease of a small island in the St. Lawrence River. The lease is dated August 18th, 1930 and is from the Superintendent General of Indian Affairs to Walter A. Gadbois. The island is described in the lease as follows:

Dear Mr. Chevrier,-

I am directed by my Minister, Mr. Crerar, to acknowledge and reply to your letter of the 3rd instant, written on behalf of Mr. Leander Cameron, the present occupant of McMaster Island in the River St. Lawrence, which Island is now under the administrative control of the Department for the benefit of the St. Regis Band.

I have discussed this matter with the Deputy Superintendent General, and I may say that the suggestion which you submit and with respect to Mr. Cameron's continued occupation of this Island is considered quite reasonable. Mr. Cameron is well advanced in years, and it would, no doubt, be a very great hardship to him if required to vacate this property, which he has occupied all his life at the expiration of the existing lease in the month of March next. A similar situation exists with respect to Hamilton Island, occupied by Mr. Thomas Jack, and it is the view of the Department that both of these cases should be dealt with on a similar basis, and that both parties, Mr. Thomas Jack and Mr. Leander Cameron, be permitted to remain on these properties during their lifetime, which will not, in any event, likely be for many years. If therefore, you will submit a proposition to the Department on the basis of that set forth in your letter to the Minister, I believe that a favourable reply will be received and the necessary action taken accordingly

Yours sincerely,

Sirs,-

Referring to your letter of the 3rd instant in regard to the small island in the River St. Lawrence, held under Lease No. 352 by the late Walter A. Gadbois, I beg to say that the question of transfer of lease will be largely dependent on what heirs, other than his wife, survive this lessee, and what disposition of the leasehold he made by will, if he left one, while if he died intestate a full report in the matter would be necessary.

If Mr. Gadbois left heirs who have attained their majority, their consent in writing would be essential.

The Department will be glad to co-operate with your client in the matter of transfer of lease, but certain procedure as defined in the Indian Act must be observed.

Dear Sirs:-

We received your letter of the 18th inst. replying to our letter of the 3rd inst. regarding lease of small island in St. Lawrence River held under lease number 352 by the late Walter A. Gadbois.

Mr. Gadbois died having first made his last will and testament, by which he devised all his estate to his widow and appointed her sole executrix. We enclose copy of probate attached to which is Affidavit of Comparison. You will see by the enclosed copy of probate that Mrs. Gadbois is entitled, so far as the estate of her late husband is concerned, to deal with the property in whatever manner she desires.

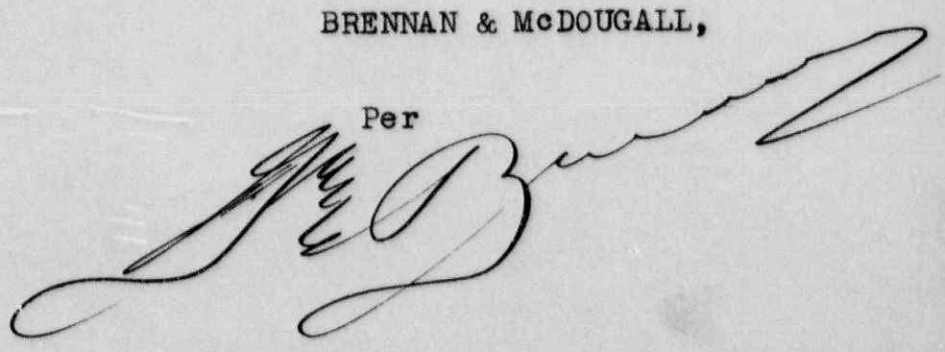

If you will please let us know what form the transfer of lease has to take we would be obliged as we would like to have the transfer put through at as early a date as possible.

EX'D.

Ottawa, October 8. 1936.

MEMORANDUM

Mr. Pratt,-

I return herewith a letter addressed to you by Mr. Lionel Chevrier, M.P., of Cornwall, in which further reference is made to the matter of Mr. Leander Cameron and his continued occupation of McMaster Island.

As no payment of rental is involved in the proposed adjustment of this matter, I do not consider that the execution of any formal lease is necessary, but would suggest that Mr. Cameron should forward to the Department any insurance policy or policies covering the improvements on this Island, together with evidence that the premiums are paid. Further, he should supply the Department each year with receipted tax bills.

In view of Mr. Cameron's signed statement dated the 23rd ultimo, in which he indicates his willingness to pay all Municipal taxes, keep the buildings insured and in repair, I am quite prepared to recommend that you advise Mr. Chevrier accordingly if it is considered that such approval should issue over the Minister's signature. As the Minister is absent, I am quite sure that a statement to this effect issuing from the Department would be quite satisfactory to Mr. Chevrier. However, the matter is left with you for such action as may be considered advisable, but I think that Mr. Chevrier's letter, although marked "Confidential", together with other incidental correspondence, might be attached to the official file

The conditions and stipulations referred to in this policy (in addition to those on the face hereof) are as follows:

STATUTORY CONDITIONS

Misrepresentation

1 If any person applying for insurance falsely describes the property to the prejudice of the insurer, or misrepresents or fraudulently omits to communicate any circumstance which is material to be made known to the insurer in order to enable it to judge of the risk to be undertaken, the contract shall be void as to the property in respect of which the misrepresentation or omission is made.

Form of Contract

2. After application for insurance, if the same is in writing, it shall be deemed that any policy sent to the insured is intended to be in accordance with the terms of the application, unless the insurer points out in writing the particulars wherein it differs from the application, in which case the insured may, within two weeks from the receipt of the notification, reject the policy.

Property Not Insured

3 Unless otherwise specifically stated in the policy, money, books of account, securities for money, evidences of debt or title, and automobiles, tractors and other motor vehicles, are not insured.

Risks Not Covered

4. Unless otherwise specifically stated in the policy, the insurer is not liable for the losses following, that is to say:—

(a) For loss of or damage to property owned by any person other than the insured, unless the interest of the insured therein is stated in the policy;

(b) For loss or damage caused by invasion, insurrection, riot, civil commotion, military or usurped power;

(c) For loss due to the want, within the knowledge of the insured, of good and substantial chimneys: or caused by ashes or embers being deposited, with the knowledge and consent of the insured, in wooden vessels; or by stoves or stove pipes being to the knowledge of the insured, in an unsafe condition or improperly secured; or

(d) For loss of or damage to goods while undergoing any process in or by which the application of fire heat is necessary.

Risks Not Covered Except by Special Permission

5. Unless permission is given by the policy or endorsed thereon, the insurer shall not be liable for loss or damage occurring:—

Repairs

(a) To buildings or their contents during alteration or repair of the buildings and in consequence thereof, fifteen days being allowed in each year for incidental alterations or repairs without such permission;

Inflammable Substances

(b) While illuminating gas or vapour is generated by the insured or to his knowledge in the building insured or which contains the property insured, or while there is stored or kept therein by the insured or, to his knowledge, by any person under his control, petroleum or any liquid product thereof, coal oil, camphene, gasoline, burning fluid, benzine, naphtha, or any of their constituent parts (refined oil for lighting, heating or cooking purposes only, not exceeding five gallons in quantity, gasoline, if contained in a tightly closed metallic can free from leaks and not exceeding one quart in quantity, or lubricating oil not being crude petroleum nor oil of less specific gravity than is required by law for illuminating purposes, not exceeding five gallons in quantity, excepted), or more than twenty-five pounds weight of gunpowder, dynamite or similar explosives.

Change of Interest

(c) After the interest of the insured in the subject-matter of the insurance is assigned, but this condition is not to apply to an authorized assignment under The Bankruptcy Act or to change of title by succession, by operation of law, or by death;

Vacancy

(d) When the building insured or containing the property insured is, to the knowledge of the insured vacant or unoccupied for more than thirty consecutive days or, being a manufacturing establishment, ceases to be operated and continues out of operation for more than thirty consecutive days

Explosion and Lightning

6. The insurer will make good loss or damage caused by lightning or by the explosion of coal or natural gas in a building not forming part of gas works, whether fire ensues therefrom or not; and loss or damage by fire caused by any other explosion; but, if electrical appliances or devices are insured, any loss or damage to them caused by lightning or other electrical currents is excluded and the insurer shall be liable only for such loss or damage to them as may occur from fire originating outside the article itself.

Material Change

7. Any change material to the risk, and within the control and knowledge of the insured, shall avoid the policy as to the part affected thereby, unless the change is promptly notified in writing to the insurer or its local agent; and the insurer when so notified may return the unearned portion, if any, of the premium paid, and cancel the policy, or may notify the insured in writing that, if he desires the policy to continue in force, he must within fifteen days of the receipt of the notice pay to the insurer an additional premium, and in default of such payment the policy shall no longer be in force and the insurer shall return the unearned portion, if any, of the premium paid.

Other Insurance

8. (a) If the insured has at the date of this policy any other insurance on property covered thereby which is not disclosed to the insurer, or hereafter effects any other insurance thereon without the written assent of the insurer, he shall not be entitled to recover more than sixty per cent of the loss in respect of such property; but if for any fradulent purpose the insured does not disclose such other insurance, this policy shall be void.

(b) The insurer shall be deemed to have assented to such other insurance unless it dissents by notice in writing within two weeks after notice thereof.

(c) In the event of there being any other insurance on property, herein described at the time of the happening of a loss in respect thereof, the insurer shall be liable only for payment of a rateable proportion of the loss or a rateable proportion of such amounts as the insured shall be entitled to recover under clause (a) of this condition.

Mortgagees and Other Payees

9. Where the loss (if any), under a policy has, with the consent of the insurer, been made payable to some person other than the insured, the policy shall not be cancelled or altered by the insurer to the prejudice of such person without reasonable notice to him.

Termination of Insurance

10.—(1) The insurance may be terminated:—

(a) Subject to the provisions of condition 9, by the insurer giving to the insured at any time fifteen days' notice of cancellation by registered mail, or five days' notice of cancellation personally delivered, and, if the insurance is on the cash plan, refunding the excess of premium actually paid by the insured beyond the pro rata premium for the expired time;

(b) If on the cash plan, by the insured giving written notice of termination to the insurer, in which case the insurer shall, upon surrender of this policy, refund the excess of premium actually paid by the insured beyond the customary short rate for the expired time.

(2) Repayment of the excess premium may be made by money, post office order or postal note or by cheque payable at par and certified by a chartered bank doing business in the province. If the notice is given by registered letter, such repayment shall accompany the notice, and in such case the fifteen days mentioned in clause (a) of this condition shall commence to run from the day following the receipt of the registered letter at the post office to which it is addressed.

Salvage

11. After any loss or damage to insured property, it shall be the duty of the insured, when and as soon as practicable, to secure the insured property from further damage, and to separate as far as reasonably may be the damaged from the undamaged property, and to notify the insurer of the separation.

Insurance on Goods Moved

12. If any of the insured property is necessarily removed to prevent damage or further damage thereto, that part of the insurance under this policy which exceeds the amount of the insurer's liability for any loss already incurred shall for seven days only, or for the unexpired term if less than seven days, cover the property removed, and any property remaining in the original location in the proportions which the value of the property in the respective locations bears to the value of the property in them all, and the insurer will contribute pro rata towards any loss or expense connected with such act of salvage, according to the respective interests of the parties.

Entry, Control, Abandonment

13. After any loss or damage to insured property, the insurer shall have an immediate right of access and entry by accredited agents sufficient to enable them to survey and examine the property, and to make an estimate of the loss or damage, and, after the insured has secured the property, a further right of access and entry sufficient to enable them to make appraisement or particular estimate of the loss or damage, but the insurer shall not be entitled to the control or possession of the insured property, or the remains or salvage thereof, unless it accepts a part thereof at its agreed value or its value as ascertained according to condition 17 or undertakes replacement under condition 19, and without the consent of the insurer there can be no abandonment to it of insured property.

Who To Make Proof of Loss

14. Proof of loss must be made by the insured, although the loss is payable to a third person, except that, in case of the absence of the insured or his inability to make the same, proof may be made by his agent, such absence or inability being Satisfactorily accounted for, or in the like case or if the insured refuse to do so, by a person to whom any part of the insurance money is payable.

Requirements After Loss

15. Any person entitled to claim under this policy shall:—

(a) Forthwith after loss give notice in writing to the insusurer;

(b) Deliver, as soon thereafter as practicable, a particular account of the loss,

(c) Furnish therewith a statutory declaration declaring:—

(i) That the account is just and true;

(ii) When and how the loss occured, and if caused by fire, how the fire originated, so far as the declarant knows or believes;

(iii) That the lossdid not occur through any wilful act or neglec or the procurement, means or connivance of the insured;

(iv) The amount of other insurances, and names of other insurers;

(v) All liens and encumbrances on the property insured;

(vi) The place where the property insured, if movable, was deposited at the time of fire;

(d) If required and if practicable, produce books of account, warehouse receipts and stock lists, and furnish invoices and other vouchers verified by statutory declaration, and furnish a copy of the written portion of any other policy. The evidence furnished under this clause shall not be considered proofs of loss within the meaning of conditions 18 and 19.

Fraud

16. Any fraud or wilfully false statement in a statutory declaration, in relation to any of the above particulars, shall vitiate the claim of the person making the delaration.

Arbitration

17. If any difference arises as to the value of the property insured, the property saved, or the amount of the loss, such value and amount and the proportion thereof (if any) to be paid by the insurer shall, whether the right to recover on the policy is disputed or not, and independently of all other questions be submitted to the arbitration of some person to be chosen by both parties, or if they cannot agree on one person, then to two persons, one to be chosen by the insured and the other by the insurer, and a third to be appointed by the persons so chosen, or on their failing to agree, then by a Judge of the County or District Court of the County or District in which the loss has happened; and such reference shall be subject to the provisions of The Arbitration Act; and the award shall, if the insurer is in other respects liable, be conclusive as to the amount of the loss and proportion to be paid by the insurer; where the full amount of the claim is awarded the costs shall follow the event; and in other cases all questions of costs shall be in the discretion of the arbitrators.

When Loss Payable

18. The loss shall be payable within sixty days after completion of the proofs of loss, unless the contract provides for a shorter period.

Replacement

19. The insurer, instead of making payment, may repair, rebuild or replace the property damaged or lost, giving written notice of its intention so to do within fifteen days after receipt of the proofs of loss. In such event the insurer shall commence to so repair, rebuild, or replace the property within thirty days after receipt of the proofs of loss and shall thereafter proceed with all due diligence to the completion thereof.

Action

20. Every action or proceeding against the insurer for the recovery of any claim under or by virtue of this policy shall be absolutely barred unless commenced within one year next after the loss or damage occurs.

Agency

21. Any officer or agent of the insurer who assumes on behalf of the insurer to enter into a written agreement relating to any matter connected with the insurance shall be deemed prima facie to be the agent of the insurer for the purpose.

Waiver of Condition

22. No condition of this policy shall be deemed to have been waived by the insurer, either in whole or in part, unless the waiver is clearly expressed in writing signed by an agent of the insurer.

Notice

23. Any written notice to the insurer may be delivered at or sent by registered post to the chief agency or head office of the insurer in the Province or delivered or so sent to any authorized agent of the insurer therein. Written notice may be given to the insured by letter personally delivered to him or by registered letter addressed to him at his last post office address notified to the insurer, or, where no address is notified and the address is not known, addressed to him at the post office of the agency, if any, from which the application was received

Subrogation

24. The insurer may require from the insured an assignment of all right of recovery against any other party for loss or damage to the extent that payment therefor is made by the insurer.

The conditions and stipulations referred to in this policy (in addition to those on the face hereof) are as follows:

ONTARIO

STATUTORY CONDITIONS

1. If any person applying for insurance falsely describes the property to the prejudice of the insurer, or misrepresents or fraudulently omits to communicate any circumstance which is material to be made known to the insurer in order to enable it to judge of the risk to be undertaken, the contract shall be void as to the property in respect of which the misrepresentation or omission is made.

2. After application for insurance, if the same is in writing, it shall be deemed that any policy sent to the insured is intended to be in accordance with the terms of the application, unless the insurer points out in writing the particulars wherein it differs from the application, in which case the insured may, within two weeks from the receipt of the notification, reject the policy.

3. Unless otherwise specifically stated in the policy, money, books of account, securities for money, evidences of debt or title, and automobiles, tractors and other motor vehicles, are not insured.

4. Unless otherwise specifically stated in the policy, the insurer is not liable for the losses following, that is to say:—

(a) For loss of or damage to property owned by any person other than the insured, unless the interest of the insured therein is stated in the policy;

(b) For loss or damage caused by invasion, insurrection, riot, civil commotion ,military or usurped power;

(c) For loss due to the want, within the knowledge of the insured, of good and substantial chimneys; or caused by ashes or embers being deposited, with the knowledge and consent of the insured, in wooden vessels; or by stoves or stove-pipes being, to the knowledge of the insured, in an unsafe condition or improperly secured; or

(d) For loss of or damage to goods while undergoing any process in or by which the application of fire heat is necessary.

5. Unless permission is given by the policy or endorsed thereon, the insurer shall not be liable for loss or damage occurring:—

(a) To buildings or their contents during alteration or repair of the buildings and in consequence thereof, fifteen days being allowed in each year for incidental alterations or repairs without such permission;

(b) While illuminating gas or vapour is generated by the insured or to his knowledge in the building insured or which contains the property insured, or while there is stored or kept therein by the insured or, to his knowledge, by any person under his control, petroleum or any liquid product thereof, coal oil, camphene, gasoline, burning fluid, benzine, naphtha, or any of their constituent parts (refined oil for lighting, heating or cooking purposes only, not exceeding five gallons in quantity, gasoline, if contained in a tightly closed metallic can free from leaks and not exceeding one quart in quantity, or lubricating oil not being crude petroleum nor oil of less specific gravity than is required by law for illuminating purposes, not exceeding five gallons in quantity, excepted), or more than twenty-five pounds weight of gunpowder, dynamite or similar explosives.

(c) After the interest of the insured in the subject-matter of the insurance is assigned, but this condition is not to apply to an authorized assignment under The Bankruptcy Act or to change of title by succession, by operation of law, or by death;

(d) When the building insured or containing the property insured is, to the knowledge of the insured vacant or unoccupied for more than thirty consecutive days or, being a manufacturing establishment, ceases to be operated and continues out of operation for more than thirty consecutive days.

6. The insurer will make good loss or damage caused by lightning or by the explosion of coal or natural gas in a building not forming part of gas works, whether fire ensues therefrom or not; and loss or damage by fire caused by any other explosion; but, if electrical appliances or devices are insured, any loss or damage to them caused by lightning or other electrical currents is excluded and the insurer shall be liable only for such loss or damage to them as may occur from fire originating outside the article itself.

7. Any change material to the risk, and within the control and knowledge of the insured, shall avoid the policy as to the part affected thereby, unless the change is promptly notified in writing to the insurer or its local agent; and the insurer when so notified may return the unearned portion, if any, of the premium paid, and cancel the policy, or may notify the insured in writing that, if he desires the policy to continue in force, he must within fifteen days of the receipt of the notice pay to the insurer an additional premium, and in default of such payment the policy shall no longer be in force and the insurer shall return the unearned portion ,if any ,of the premium paid.

8.—(a) If the insured has at the date of this policy any other insurance on property covered thereby which is not disclosed to the insurer, or hereafter effects any other insurance thereon without the written assent of the insurer, he shall not be entitled to recover more than sixty per cent. of the loss in respect of such property; but if for any fraudulent purpose the insured does not disclose such other insurance, this policy shall be void.

(b) The insurer shall be deemed to have assented to such other insurance unless it dissents by notice in writing within two weeks after notice thereof.

(c) In the event of there being any other insurance on property herein described at the time of the happening of a loss in respect thereof, the insurer shall be liable only for payment of a rateable proportion of the loss or a rateable proportion of such amounts as the insured shall be entitled to recover under clause (a) of this condition.

9. Where the loss (if any), under a policy has, with the consent of the insurer, been made payable to some person other than the insured, the policy shall not be cancelled or altered by the insurer to the prejudice of such person without reasonable notice to him.

10.—(1) The insurance may be terminated:—

(a) Subject to the provisions of condition 9, by the insurer giving to the insured at any time fifteen days' notice of cancellation by registered mail, or five days' notice of cancellation personally delivered ,and, if the insurance is on the cash plan, refunding the excess of premium actually paid by the insured beyond the pro rata premium for the expired time;

(b) If on the cash plan, by the insured giving written notice of termination to the insurer, in which case the insurer shall, upon surrender of this policy, refund the excess of premium actually paid by the insured beyond the customary short rate for the expired time.

(2) Repayment of the excess premium may be made by money, post office order or postal note or by cheque payable at par and certified by a chartered bank doing business in the province. If the notice is given by registered letter, such repayment shall be made by the company the notice, and in such case the fifteen days mentioned in clause (a) of this condition shall commence to run from the day following the receipt of the registered letter at the post office to which it is addressed.

11. After any loss or damage to insured property, it shall be the duty of the insured, when and as soon as practicable, to secure the insured property from further damage, and to separate as far as reasonably may be the damaged from the undamaged property, and to notify the insurer of the separation.

12. If any of the insured property is necessarily removed to prevent damage or further damage thereto, that part of the insurance under this policy which exceeds the amount of the insurer's liability for any loss already incurred shall for seven days only, or for the unexpired term if less than seven days, cover the property removed, and any property remaining in the original location in the proportions which the value of the property in the respective locations bears to the value of the property in them all, and the insurer will contribute pro rata towards any loss or expense connected with such act of salvage, according to the respective interests of the parties.

13. After any loss or damage to insured property, the insurer shall have an immediate right of access and entry by accredited agents sufficient to enable them to survey and examine the property, and to make an estimate of the loss or damage, and, after the insured has secured the property, a further right of access and entry sufficient to enable them to make appraisement or particular estimate of the loss or damage, but the insurer, shall not be entitled to the control or possession of the insured property, or the remains or salvage thereof, unless it accepts a part thereof at its agreed value or its value as ascertained according to condition 17 or undertakes replacement under condition 19, and without the consent of the insurer there can be no abandonment to it of insured property.

14. Proof of loss must be made by the insured, although the loss is payable to a third person, except that, in case of the absence of the insured or his inability to make the same, proof may be made by his agent, such absence or inability being satisfactorily accounted for, or in the like case or if the insured refuse to do so, by a person to whom any part of the insurance money is payable.

15. Any person entitled to claim under this policy shall:—

(a) Forthwith after loss give notice in writing to the insurer;

(b) Deliver, as soon thereafter as practicable, a particular account of the loss:

(c) Furnish therewith a statutory declaration declaring:—

(i) That the account is just and true;

(ii) When and how the loss occurred, and if caused by fire, how the fire originated, so far as the declarant knows or believes;

(iii) That the loss did not occur through any wilful act or neglect or the procurement, means or connivance of the insured;

(iv) The amount of other insurances, and names of other insurers;

(v) All liens and encumbrances on the property insured;

(vi) The place where the property insured, if moveable, was deposited at the time of the fire;

(d) If required and if practicable, produce books of account, warehouse receipts and stock lists, and furnish invoices and other vouchers verified by statutory declaration, and furnish a copy of the written portion of any other policy. The evidence furnished under this clause shall not be considered proofs of loss within the meaning of conditions 18 and 19.

16. Any fraud or wilfully false statement in a statutory declaration, in relation to any of the above particulars, shall vitiate the claim of the person making the declaration.

17. If any difference arises as to the value of the property insured, the property saved, or the amount of the loss, such value and amount and the proportion thereof (if any) to be paid by the insurer shall, whether the right to recover on the policy is disputed or not, and independently of all other questions, be submitted to the arbitration of some person to be chosen by both parties, or if they cannot agree on one person, then to two persons, one to be chosen by the insured and the other by the insurer, and a third to be appointed by the persons so chosen, or on their failing to agree, then by a Judge of the County or District Court of the County or District in which the loss has happened; and such reference shall be subject to the provisions of The Arbitration Act; and the award shall, if the insurer is in other respects liable, be conclusive as to the amount of the loss and proportion to be paid by the insurer; where the full amount of the claim is awarded the costs shall follow the event; and in other cases all questions of costs shall be in the discretion of the arbitrators.

18. The loss shall be payable within sixty days after completion of the proofs of loss, unless the contract provides for a shorter period.

19. The insurer, instead of making payment, may repair, rebuild or replace the property damaged or lost, giving written notice of its intention so to do within fifteen days after receipt of the proofs of loss. In such event the insurer shall commence to so repair, rebuild, or replace the property within thirty days after receipt of the proofs of loss and shall thereafter proceed with all due diligence to the completion thereof.

20. Every action or proceeding against the insurer for the recovery of any claim under or by virtue of this policy shall be absolutely barred unless commenced within one year next after the loss or damage occurs.

21. Any officer or agent of the insurer who assumes on behalf of the insurer to enter into a written agreement relating to any matter connected with the insurance shall be deemed prima facie to be the agent of the insurer for the purpose.

22. No condition of this policy shall be deemed to have been waived by the insurer, either in whole or in part, unless the waiver is clearly expressed in writing signed by an agent of the insurer.

23. Any written notice to the insurer may be delivered at or sent by registered post to the chief agency or head office of the insurer in the Province or delivered or so sent to any authorized agent of the insurer therein. Written notice may be given to the insured by letter personally delivered to him or by registered letter addressed to him at his last post office address notified to the insurer, or, where no address is notified and the address is not known, addressed to him at the post office of the agency, if any, from which the application was received.

24. The insurer may require from the insured an assignment of all right of recovery against any other party for loss or damage to the extent that payment therefor is made by the insurer.

Dear Mr. Chevrier,-

I have received your letter of the 21st instant, together with certain documents, all dealing with the matter of continued occupation by Mr. Leander Cameron of what is known as McMaster or Cameron's Island, in the St. Lawrence River, a part of the St. Regis Indian Reserve.

The Department appreciates your efforts in bringing about a satisfactory temporary solution of this matter, and the documents which accompanied your letter meet completely the wishes of the Department as indicated in my previous letter to you.

As you suggest, the Department will advise Mr. Leander Cameron of the manner in which this matter has been adjusted, mainly through your personal interest on his behalf.

Yours sincerely,

W. J. F. Pratt,
Private Secretary.

Ottawa, November 30th, 1936.

Dear Sir,-

In reference to your occupation of McMaster Island in the River St. Lawrence, which is part of the St. Regis Indian Reserve, I have to inform you that as a result of careful consideration of all the circumstances involved the Department has decided to permit you to remain in occupation of this Island during your lifetime, subject to the following conditions:

1. That you keep the buildings or structures on this Island reasonably covered by insurance, and submit evidence to the Department periodically that such insurance is current and premiums paid in full.

2. That all Municipal taxes or rates be kept paid regularly and as demanded, and receipts forwarded to this Department annually.

Through the medium of Mr. Lionel Chevrier, M. P., barrister, of Cornwall, the Department is now in receipt of insurance policies in the amount of $1,300.00, and a receipt for the payment of taxes for the current year.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Dear Sir:

We wrote you on October 16th and again on November 16th whether you would be kind enough to furnish us with a form of a 99 year lease which the Canadian Government uses for leases in the Thousand Islands but have received no reply.

There may well be a good reason why you cannot or will not furnish us with a form of lease but I am sure that there is nothing in the statutes which forbids you to answer my letter.

Re Thompsons Island

St. Regis Quebec,
July 10th, 1937

Dear Sir

With reference to minute No. 1 of St. Regis Council meeting held on the 5th inst.

I note Official letter,233800-1A whereby it is advised that the long term lease of this Island has been cancelled and that after March 17th,1937 the Island comes under the direct supervission of the Department.

This Island,containing about 140 acres, about 85 bush,is situated about 10 miles east of Cornwall Ontario and approximately 1 mile from the north shore of the river St.Lawrence. It is a good appearing Island, the bush is of mostly full growth,the soil is reportedly suitable for farming purposes.

It was councils suggestion that the Island be cut into 10 acre lots for allotment to the Indians who are not yet established on any land. It seems to me that to cut this Island up would be to no practical gain. The Island is too far from a Market for small land holders. If it was eventually decided to allot this Island to Indians for farming purposes I would suggest that it be alloted whole or at least to not more than two Locatees who would have to be carefully chosen as to their farming ability and willingness to work the land,intellingently.

No.1.

Moved by Angus Boneparte, Sec. by Louis Sunday that Thompsons Island be allotted to needy Indian families, the families to be picked by Council and submitted for Departmental approval.

Carried.

x x x

Angus Boneparte advised Council that it was his information that the long term lease on Thompsons Island had terminated and proposed to Council that a recommendation be submitted to the Department for approval of the allotment to Indian families of land on Thompsons Island. After some discussion on the matter a motion was passed for approval of the Department.

I might advise that Council was informed that this Island comes under the direct supervision of the Department and not under control of St Regis Council.

Ottawa, July 16, 1937.

Dear Sir,-

Lease -
Peter E. Campbell.

We have for acknowledgment your letter of the 10th instant in which you advise that after rechecking your records you find this account paid in full, whereas we show arrears outstanding of $10.00.

You state that the first two annual payments were made direct to Ottawa and after thoroughly rechecking the records here we can find no trace of the payment you advise was made on July 2, 1931.

It would, therefore, appear advisable for you to interview the lessee and ascertain if he has a receipt for this payment. If he has will you kindly forward it to Ottawa in order that we may make further investigation. In the event that he has no receipt he will of course be expected to pay the $10.00 which we show outstanding.

Dear Sir:-

I beg to acknowledge receipt of your letter with reference to above account,which you show arrears outstanding of $10.00,presumably payment covering year 1931.

I have interviewed Mrs Gadbois,widow of the late Walter A. Gadbois the origional Leassee of the Island. Mrs Gadbois could not locate a receipt covering this payment but she showed me a cheque covering payment of rental dated July 2nd,1931, endorsed on the back"Pay to the order of the bank of Montreal, F.H.Paget Acct. deposited on July 6th, 1931.

Mrs Gadbois did not wish to part with the cheque saying it constituted her receipt of payment of rental,as she had no assurance that a official receipt had been issued. She is willing to forward a lawyers certificate as to the authencity of the check which would cost her at least $1.00. Mrs Gadbois may yet be able to locate the receipt.

Memorandum:

Re Ontario - Quebec Boundary in Lake St.Francis

Referring to your memorandum of February 25th submitting a letter from Mr. Lionel Chevrier to the Minister on the above subject, it is just a year ago that Mr. Chevrier inquired on this subject before, and with my report dated March 5th, 1937, a copy of a letter dated 14th October, 1931, from the Deputy Minister of the Department of the Interior to the Under Secretary of State was enclosed, which sets out quite clearly in the second and third paragraphs what should be the attitude of the Federal Government in this matter. If a more complete report on the matter is desired the correspondence is on file in the office of the Internation Boundary Commission, and no doubt the Commissioner would be glad to have it prepared. I may add that in conversation with Mr. John Pounder of that office he informed me that last summer they inquired of the Ontario Boundary Commission what progress had been made by the Interprovincial Boundary Commission in demarcating the boundary, and was advised that in 1932 and 1933 the Commission agreed upon and demarcated the boundary from the east side of Glengarry County to Thompson island, but that no further progress had been made. If it is correct to infer that the two Commissioners cannot agree on the remainder of the boundary, I am of the opinion that any pressure should be brought through the local provincial representatives to the respective Legislatures rather than through the Federal House.

With regard to Mr. Chevrier's remark about Cameron island being shown on the map in Quebec instead of Ontario, it is understood that Cameron island is the same as Thompson island on the maps. The mistake occurs on the Cornwall one-mile map, and on the Ottawa - Montreal 8-mile map, both issued by the Department of National Defence; the boundary may have been copied from the Cornwall Sheet of the old 3.95 mile, Chief Geographer's Series, compiled many years ago.

On our recent maps along the Ottawa river care has been taken to omit the interprovincial boundary where there could be any dispute about it, and I feel safe in stating that had the maps showing Lake St.Francis been compiled in the office of the Surveyor General this portion of the interprovincial boundary would not have been shown.

Respectfully submitted,

Ottawa, March 16th, 1938.

Dear Mr. Chevrier,

I have your letter of February 22nd in which you call to my attention the great inconvenience to Provincial administration resulting from the fact that the Interprovincial Boundary line between Ontario and Quebec on Lake St.Francis has not been marked and suggesting that this Department might take the initiative in this matter by inviting the Boundary Commissioners of the respective Provinces to meet under our auspices in Ottawa.

This matter has been considered and it appears that in 1932 Mr. Georges Cote, Director of Surveys, Province of Quebec, and Mr. L.V. Rorke, Surveyor General for the Province of Ontario, were appointed Boundary Commissioners by the respective Provinces to take the necessary steps to establish the boundary line through Lake St. Francis. According to the information available the above Boundary Commissioners determined the boundary from the east side of Glengarry County to Thompson Island but took no action in regard to the Lake St. Francis section.

The boundary between the Provinces is already defined by statute and the question of marking it is the responsibility of the Provinces concerned. Any action, therefore taken to have this done should originate with the Provinces. So far as the Mines and Resources Department is concerned, our officials will only be too glad to cooperate by furnishing all relevant information in its possession, and should it be found necessary would be willing to consider the appointment of the Surveyor General to act as referee in case any dispute should arise.

In regard to Cameron Island being shown on a map as in Quebec instead of in Ontario, our officers advised me that Cameron Island is apparently the same as Thompson Island. The mistake does not occur on any recent maps of this Department but is shown on two maps issued by the Department of National Defence. On all recent maps of this Department which embrace areas adjacent to the Interprovincial Boundary the latter is not shown where it is in dispute.

Yours sincerely,

(sgd.) T.A. Crerar.

The conditions and stipulations referred to in this policy (in addition to those on the face hereof) are as follows:

STATUTORY CONDITIONS

Misrepresentation

1 If any person applying for insurance falsely describes the property to the prejudice of the insurer, or misrepresents or frudulently omits to communicate any circumstance which is material to be made known to the insurer in order to enable it to judge of the risk to be undertaken, the contract shall be void as to the property in respect of which the misrepresentation or omission is made.

Form of Contract

2. After application for insurance, if the same is in writing, it shall be deemed that any policy sent to the insured is intended to be in accordance with the terms of the application, unless the insurer points out in writing the particulars wherein it differs from the application, in which case the insured may, within two weeks from the receipt of the not fication, reject the policy.

Property Not Insured

3. Unless otherwise specifically stated in the policy, money, books of account, secnrities for money, evidences of debt or title, and automobiles, tractors and other motor vehicles, are not insured.

Risks Not Covered

4. Unless otherwise specifically stated in the policy, the insurer is not liable for the losses following, that is to say:—

(a) For loss of or damage to property owned by any person other than the insured, unless the interest of the insured therein is stated in the policy;

(b) For loss or damage caused by invasion, insurrection, riot, civil ecmmotion, military or usurped power;

(c) For loss due to the want, within the knowledge of the insured, of good and substantial chimneys: or caused by ashes or embers being deposited, with the knowledge and consent of the insured, in wooden vessels; or by stoves or stove pipes being to the knowledge of the insured, in an unsafe condition or improperly secured; or

(d) For loss of or damage to goods while undergoing any process in or by which the application of fire heat is necessary.

Risks Not Covered Except by Special Permission

5. Unless permission is given by the policy or endorsed thereon, the insurer shall not be liable for loss or damage occurring:—

Repairs

(a) To buildings or their contents during alteration or repair of the buildings and in consequence thereof, fifteen days being allowed in each year for incidental alterations or repairs without such permission;

Inflammable Substances

(b) While illuminating gas or vapour is generated by the insured or to his knowledge in the building insured or which contains the property insured, or while there is stored or kept therein by the insured or, to his knowledge, by any person under his control, petroleum or any liquid product thereof, coal oil, camphene, gasoline, burning fluid, benzine, naphtha, or any of their constituent parts (refined oil for lighting, heating or cooking purposes only, not exceeding five gallons in quantity, gasoline, if contained in a tightly closed metallic can free from leaks and not exceeding one quart in quantity, or lubricating oil not being crude petroleum nor oil of less specific gravity than is required by law for illuminating purposes, not exceeding five gallons in quantity, excepted), or more than twenty-five pounds weight of gunpowder, dynamite or similar explosives.

Change of Interest

(c) After the interest of the insured in the subject-matter of the insurance is assigned, but this condition is not to apply to an authorized assignment under The Bankruptcy Act or to change of title by succession, by operation of law, or by death;

Vacancy

(d) When the building insured or containing the property insured is, to the knowledge of the insured vacant or unoccupied for more than thirty consecutive days or, being a manufacturing establishment, ceases to be operated and continues out of operation for more than thirty consecutive days

Explosion and Lightning

6. The insurer will make good loss or damage caused by lightning or by the explosion of coal or natural gas in a building not forming part of gas works, whether fire ensues therefrom or not; and loss or damage by fire caused by any other explosion; but, if electrical appliances or devices are insured, any loss or damage to them caused by lightning or other electrical currents is excluded and the insurer shall be liable only for such loss or damage to them as may occur from fire originating outside the article itself.

Material Change

7. Any change material to the risk, and within the control and knowledge of the insured, shall avoid the policy as to the part affected thereby, unless the change is promptly notified in writing to the insurer or its local agent; and the insurer when so notified may return the unearned portion, if any, of the premium paid, and cancel the policy, or may notify the insured in writing that, if he desires the policy to continue in force, he must within fifteen days of the receipt of the notice pay to the insurer an additional premium, and in default of such payment the policy shall no longer be in force and the insurer shall return the unearned portion, if any, of the premium paid.

Other Insurance

8. (a) If the insured has at the date of this policy any other insurance on property covered thereby which is not disclosed to the insurer, or hereafter effects any other insurance thereon without the written assent of the insurer, he shall not be entitled to recover more than sixty per cent of the loss in respect of such property; but if for any fradulent purpose the insured does not disclose such other insurance, this policy shall be void.

(b) The insurer shall be deemed to have assented to such other insurance unless it dissents by notice in writing within two weeks after notice thereof.

(c) In the event of there being any other insurance on property, herein described at the time of the happening of a loss in respect thereof, the insurer shall be liable only for payment of a rateable proportion of the loss or a rateable proportion of such amounts as the insured shall be entitled to recover under clause (a) of this condition.

Mortgagees and Other Payees

9. Where the loss (if any), under a policy has, with the consent of the insurer, been made payable to some person other than the insured, the policy shall not be cancelled or altered by the insurer to the prejudice of such person without reasonable notice to him.

Termination of Insurance

10.—(1) The insurance may be terminated:—

(a) Subject to the provisions of condition 9, by the insurer giving to the insured at any time fifteen days' notice of cancellation by registered mail, or five days' notice of cancellation personally delivered, and, if the insurance is on the cash plan, refunding the excess of premium actually paid by the insured beyond the pro rata premium for the expired time;

(b) If on the cash plan, by the insured giving written notice of termination to the insurer, in which case the insurer shall, upon surrender of this policy, refund the excess of premium actually paid by the insured beyond the customary short rate for the expired time.

(2) Repayment of the excess premium may be made by money, post office order or postal note or by cheque payable at par and certified by a chartered bank doing business in the province. If the notice is given by registered letter, such repayment shall accompany the notice, and in such case the fifteen days mentioned in clause (a) of this condition shall commence to run from the day following the receipt of the registered letter at the post office to which it is addressed.

Salvage

11. After any loss or damage to insured property, it shall be the duty of the insured, when and as soon as practicable, to secure the insured property from further damage, and to separate as far as reasonably may be the damaged from the undamaged property, and to notify the insurer of the separation.

Insurance on Goods Moved

12. If any of the insured property is necessarily removed to prevent damage or further damage thereto, that part of the insurance under this policy which exceeds the amount of the insurer's liability for any loss already incurred shall for seven days only, or for the unexpired term if less than seven days, cover the property removed, and any property remaining in the original location in the proportions which the value of the property in the respective locations bears to the value of the property in them all, and the insurer will contribute pro rata towards any loss or expense connected with such set of salvage, according to the respective interests of the parties.

Entry, Control, Abandonment

13. After any loss or damage to insured property, the insurer shall have an immediate right of access and entry by accredited agents sufficient to enable them to survey and examine the property, and to make an estimate of the loss or damage, and, after the insured has secured the property, a further right of access and entry sufficient to enable them to make appraisement or particular estimate of the loss or damage, but the insurer, shall not be entitled to the control or possession of the insured property, or the remains or salvage thereof, unless it accepts a part thereof at its agreed value or its value as ascertained according to condition 17 or undertakes replacement under condition 19, and without the consent of the insurer there can be no at andonment to it of insured property.

Who To Make Proof of Loss

14. Proof of loss must be made by the insured, although the loss is payable to a third person, except that, in case of the absence of the insured or his inability to make the same, proof may be made by his agent, such absence or inability being Satisfactorily accounted for, or in the like case or if the insured refuse to do so, by a person to whom any part of the insurance money is payable.

Requirements After Loss

15. Any person entitled to claim under this policy shall:—

(a) Forthwith after loss give notice in writing to the insurer;

(b) Deliver, as soon thereafter as practicable, a particular account of the loss,

(c) Furnish therewith a statutory declaration declaring:—

(i) That the account is just and true;

(ii) When and how the loss occured, and if caused by fire, how the fire originated, so far as the declarant knows or believes;

(iii) That the lossdid not occur through any wilful act or neglec or the procurement, means or connivance of the insured;

(iv) The amount of other insurances, and names of other insurers;

(v) All liens and encumbrances on the property insured;

(vi) The place where the property insured, if movable, was deposited at the time of fire;

(d) If required and if practicable, produce books of account, warehouse receipts and stock lists, and furnish invoices and other vouchers verified by statutory declaration, and furnish a copy of the written portion of any other policy. The evidence furnished under this clause shall not be considered proofs of loss within the meaning of conditions 18 and 19.

Fraud

16. Any fraud or wilfully false statement in a statutory declaration, in relation to any of the above particulars, shall vitiate the claim of the person making the delaration.

Arbitration

17. If any difference arises as to the value of the property insured, the property saved, or the amount of the loss, such value and amount and the proportion thereof (if any) to be paid by the insurer shall, whether the right to recover on the policy is disputed or not, and independently of all other questions be submitted to the arbitration of some person to be chosen by both parties, or if they cannot agree on one person, then to two persons, one to be chosen by the insured and the other by the insurer, and a third to be appointed by the persons so chosen, or on their failing to agree, then by a Judge of the County or District Court of the County or District in which the loss has happened; and such reference shall be subject to the provisions of The Arbitration Act; and the award shall, if the insurer is in other respects liable, be conclusive as to the amount of the loss and proportion to be paid by the insurer; where the full amount of the claim is awarded the costs shall follow the event; and in other cases all questions of costs shall be in the discretion of the arbitrators.

When Loss Payable

18. The loss shall be payable within sixty days after completion of the proofs of loss, unless the contract provides for a shorter period.

Replacement

19. The insurer, instead of making payment, may repair, rebuild or replace the property damaged or lost, giving written notice of its intention so to do within fifteen days after receipt of the proofs of loss. In such event the insurer shall commence to so repair, rebuild, or replace the property within thirty days after receipt of the proofs of loss and shall thereafter proceed with all due diligence to the completion thereof.

Action

20. Every action or proceeding against the insurer for the recovery of any claim under or by virtue of this policy shall be absolutely barred unless commenced within one year next after the loss or damage occurs.

Agency

21. Any officer or agent of the insurer who assumes on behalf of the insurer to enter into a written agreement relating to any matter connected with the insurance shall be deemed prima facie to be the agent of the insurer for the purpose.

Waiver of Condition

22. No condition of this policy shall be deemed to have been waived by the insurer, either in whole or in part, unless the waiver is clearly expressed in writing signed by an agent of the insurer.

Notice

23. Any written notice to the insurer may be delivered at or sent by registered post to the chief agency or head office of the insurer in the Province or delivered or so sent to any authorized agent of the insurer therein. Written notice may be given to the insured by letter personally delivered to him or by registered letter addressed to him at his last post office address notified to the insurer, or, where no address is notified and the address is not known, addressed to him at the post office of the agency, if any, from which the application was received

Subrogation

24. The insurer may require from the insured an assignment of all right of recovery against any other party for loss or damage to the extent that payment therefor is made by the insurer.

Dear Sirs:

By an Indenture of Lease from your Department Number F233800-1A dated the 18th of August, 1930 your Department leased to the late Walter A. Gadbois of Cornwall an Island in the St. Lawrence River the description of which is as follows:

" A small island in the River St. Lawrence, opposite
" the County of Glengarry, approximately a quarter of a
" mile north of Thompson Island and approximately half
" a mile east of St. Francis Island, Chart 51, Lake St.
" Francis Sheet of River St. Lawrence.

In 1936 the Estate of the said Walter A. Gadbois transferred this lease to Peter E. Campbell, late of the Town of Cornwall and the transfer was consented to by the Deputy Superintendent General of Indian Affairs on the 31st of October, 1936.

The Estate of Peter E. Campbell is now desirous of transferring its interest in the said lease to Mr. Guy Smith of Cornwall who is Superintendent of the Construction Department of the Cornwall Street Railway.

We are having the executors of the estate of the late Mr. Campbell sign an Assignment and Transfer of the lease and we would be obliged if your Department would let us know what documentary evidence you want us to submit to you so that your Department may give formal approval of the transfer of the Lease.

If we were to send you an executed copy of the Assignment from the Campbell Estate to Smith, a notarial copy of the Letters Probate of the will of the late Mr. Campbell together with the original Lease, would you then be able to give formal approval to the transfer?

We would be obliged if you would let us hear from you at your earliest convenience.

Yours very truly,

November 18, 1940.

Dear Sirs:

I wish to acknowledge receipt of your letter of October 19th last, in which you inquire concerning the procedure to follow in transferring a lease covering a small island in the River St. Lawrence approximately a quarter of a mile north of Thompson Island.

The circumstances as set forth in your letter are correct. This lease is at present of record in the name of Peter E. Campbell, having been transferred to him from Mrs. Mary Frances Cadbois under date of September 28, 1936. Rental is paid to July, 1941. You state that it is now desired to have this lease transferred from the estate of Peter E. Campbell to Mr. Guy Smith of Cornwall. It will be sufficient and satisfactory to this Branch if you will send us an executed copy of an assignment from the Campbell Estate to Guy Smith, a notarial copy of the Letters Probate of the will of the late Mr. Campbell, together with the original lease. When these documents are received, a notation of transfer to Mr. Guy Smith will be made on the existing lease and a copy returned to you for Mr. Smith. In the meantime, our Agent's copy will be called in for the same purpose. I may add that it will also be necessary for you to forward the sum of $3.00, being the required transfer fee.

Yours very truly,

T. R. L. MacInnes,
Secretary.
