The copy filmed here has been reproduced thanks to the generosity of:

Législature du Québec
Québec

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Législature du Québec
Québec

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

BULLETIN
OF THE LITERARY and HISTORICAL SOCIETY
OF QUEBEC.

NEW YEAR'S DAY, 1914.

PREFACE.

Three kinds of catalogue are required for a well-equipped library—Firstly, a printed catalogue containing every detail of bibliographical exactitude; Secondly, a card catalogue, kept strictly up-to-date and arranged alphabetically according to titles and authors only; Thirdly, a printed bulletin or hand-catalogue, issued from time to time, and containing a roughly classified list of comparatively recent additions in the simplest possible form. The Council of the Society does not see its way to undertaking a complete catalogue at the present time. The old catalogue, issued nearly forty years ago, has been corrected by manuscript notes and brought up to 1900. A special catalogue has been made in manuscript for the Aylwin library, recently added to our own. And the card catalogue is always kept strictly up-to-date. Under these circumstances the only immediate need is for a hand-catalogue, like the present one, which has been compiled by the Assistant Librarian under the direction of the Book Committee of the Council in the hope that it may serve its turn as a work of ready reference for the convenience of members.

It begins with 1900 because our special book funds first became operative in that year. It includes the entries made in the bulletins of 1900, 1904, 1906 and 1907, and carries on those made in the Accession Book from 1907 to the date of publication. In submitting it to members the Book Committee

would beg leave to emphasize the point that it is only a temporary hand-catalogue for rough-and-ready reference, and that it makes no pretensions whatever to bibliographical exactitude. The twenty-two headings of classification are neither mutually exclusive nor perfectly inclusive. Many a book might be entered under several headings or even, if viewed from a different standpoint, changed from its present to another heading altogether. The sole object of the Committee has been to enter books under the fewest and simplest headings that are likely to be required by general readers.

NOTE ON BOOK BUYING.

The Book Committee would again beg leave to remind members of the Society that everyone has an equal right to make suggestions in the Recommendation Book, which is always kept open in the reading room. Members would greatly oblige the Committee by giving every one of these four essential details when making a suggestion:—Title, Author, Publisher, Price. The Committee are bound by the terms of the Royal Charter, and rightly bound, to consider, first of all, the claims of works relating to Canada. In the next place, they are in honour bound to remember that practically all the money available comes from an Endowment Fund, which was formed, and which has been otherwise supplemented, with the idea of its being applied mainly to the purchase of books believed to have a more or less permanent value. Finally, they are ready to spend a certain amount on any books that happen to be in vogue for the time being.

Members who have kindly favoured the Committee with negative criticism are asked to bear these three determining factors in mind and most respectfully urged to consider whether they will not further the interests of our readers still more if they will turn a certain proportion of this much appreciated assistance into the concrete form of precise and positive suggestion.
