66 T is like a dream now to think of the long, weary months I spent in nervous helplessness. Some days I would be cheered by feeling better, but only to slip back again, and to be more than ever discouraged.

"Inad always been very active. Had a wide acquaintance and did much entertaining. In addition to helping in whatever was going on at the church, there was Red Cross work to be done, and all the time I had my little family to look after and could not get help.

"I suppose I tried to do too much, for I got so I could not sleep at nights and always felt tired out in the mornings. Then I would have headaches and did not seem to care for my meals.

"Instead of the usual ambition and energy I found myself putting off the duties of the day. I got behind with the housework, and this worried me.

"I did not think that I was sick, but only tired. However, the time came when I did not get up in the morning. I simply could not. The doctor came and said, "Nervous Prostration." It seems I had kep on the go until the nervous system was wrung dry of all nerve force.

"Then came the long, weary weeks, and

"But one day a friend told me of her experience with Dr. Chase's Nerve Food, and she was so sure that this treatment would do me good that I decided to give it schemes

"I need scarcely say that there were some dark, discouraging days after beginning the use of the Nerve Food, but as my appetite and digestion improved I felt that I was gradually getting back the old-time vigor. Sleep became more natural and refreshing. The dark days passed and I began to take a more cheerful view of the future. Then I began to plan what I would do when I got around again. The house must be decorated and the children brought home, for I had to send them to my sister's on account of the way their noise disturbed me.

Behind the Gun the Man - Behind the Man the Dollar Make Your Dollars Fight the Hun

No Shells Have Dropped in Canada

CROSS the seas thousands of gallant men have A tought the fight that has kept Canada in peaceful possession of the rights of freedom.

Many of these men have died for Canada, have died for us and for the cause for which they fought--while others still "carry on" bringing the war nearer and nearer

Without food, clothing, guns and ammunition these men could not have fought our fight for us. Without money these things could not have been supplied to them.

MONEY has been the backbone of this war, and because money in vast sums has been forthcoming, NO SHELLS HAVE DROPPID IN CANADA.

Now with Victory almost in sight, Canada taks us for more money. The work must be finished. Lend--and lend to the limit of your ability--through

Canada's Victory Loan, 1918

and in so doing you will be lending to yourself, safeguarding your own home, your own freedom of thought and action, and providing fot the future of your families through the most attractive and the safest investment in the world, an investment bearing interest at 5 1-2 per cent. per annum

SUFFERED TERRIBLE AGONY

"Fruit-a-tives" Alone Gave Him Quick Relief

Buckingham, Que., May 3rd, 1915.

"For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, and I had chronic Constipation. I tried many remedies but anothing—did me good. Finality, a friend advised "Fruit-atives". I took this grand fruit medicine and it made me well. To everyone who has miserable health with Constipationand Indigestion and Bad Stomach, I say take "Fruit-a-tives", and you will get well".

eight son flag, and Miss Josie, of Ayimer, Que, appearing for her mother, received a similiar flag. One son had been killed. A daughter is also engaged in patriotic work. Mrs. Rogers, of Earlscourt, a Toronto district, who, it is said, was the first Canadian boman to have seyen sons enrolled, has a letter of appreciation from the King. Mrs. Ashdown of this city, who has given seven sons, three of them having been also in action, and Mrs. Norman and Mrs. Cooney, who are represented in the fighting line with six sons each, also received flags. Paper From Sawdust.

Experiments in making paper from sawdust were undertaken in 1910 and have been revived. Certain difficulties connected with conversion of sawdust into woodpulp have been overcomes and, as the supply of sawdust is unlimited, it is fueped to remove part of the difficulty of inding paper. The paper convoller is assisting and a mill has beap lastrated in Scotland to furn out 20 tons of papers a week from sawdust. The process will shortly be extended to other mills, it is announced.
