

THE TURKISH REVOLUTION.

Some Ministers Dismissed and Some Murdered.

Mutinuous Troops Carried the Day in Constantinople.

Union and Progress Committee Had Too Much to Say.

Constantinople, April 14.—Constantinople is quieter this morning after the exciting occurrences of yesterday, and business is gradually being resumed.

The Sultan had granted practically all the demands of the riotous troops, namely, the adoption of the Sheri laws as the basis for new laws; the dismissal of the Grand Vizier, the Ministers of War and Marine, and Ahmed Risa, President of the Chamber, the latter to be replaced by Ismail Kemal, provisional leader of the Liberal Union.

The casualties resulting from the rioting of yesterday include Nezim Pasha, Minister of Justice in the late Cabinet, who was mistaken for Riza Pasha, Minister of Marine, and killed; Riza Pasha, Minister of Marine, who was wounded, and Sadik Pasha, who was killed. There were also several casualties among the troops.

The events of yesterday came as a surprise to nobody in Constantinople. An upheaval was expected as a result of the recent developments and the increasing dictatorial methods of the Committee to the movement appears to have emanated from the recently formed Mohammedan League.

Notwithstanding the absence of the commissioned officers, the troops observed splendid discipline. The deputies arriving at the House of Parliament were greeted by them, a fact that showed the movement was not hostile to the constitution. There was a certain amount of desultory firing during the day, but it was mostly into the air.

When it was learned that their demands had been granted, the mutineers, headed by a band, marched to Yildiz Kiosk for the purpose of acclaiming the Sultan. They requested his majesty to repair to Stamboul and wear the "green turban" in order to testify his respect for religion. On their way to Yildiz Kiosk, the troops were cheered by the people, with cries of "Long live the Mohammedan religion."

A NEW MARCH.

The opening number to be played by the big orchestra of 50 pieces at the T. M. A. benefit on Friday afternoon will be a new march entitled "Zepira," by E. C. Hall, flautist of the Grand Opera House Orchestra. It has been programmed by the Fraser Highlanders' Band, and other famous organizations. Seats are now on sale at the box-office.

FELT SHAKE.

St. John, N. B., April 14.—An earthquake sufficiently heavy to cause houses to shake was reported last night in despatches from Westford and Westford, about twenty miles distant on the Canadian Pacific Railroad.

Capstan Smoking Mixture.

This tobacco is a delightful blend of high grade tobaccos. It is medium strength and smokes cool and sweet. Capstan mixture costs 20 cents a tin at peace's cigar store, 107 King street east.

CAUSED SOME STIR THROUGHOUT CITY.

Great Interest in T., H. & B. Railway's Purchase of the Mills Hardware Property.

No real estate deal that has taken place in Hamilton in a decade has caused more interest than the sale of the Mills Hardware Company's warehouse and stable property at John and Hunter streets and on the Wood market, to the T., H. & B. Railway. It is conceded by all, even the railway people, that future needs of the passenger service made the securing of this property for station purposes necessary. It is only a matter of time, but there appears to be no intention of immediate operations along this line.

The Mills Hardware Company has not yet done anything about a new warehouse site. That is a matter that can easily stand until they can get a spot that exactly suits them, and they will do nothing in a hurry. As to the stable property they are considerably put out. They had a fine site on the Wood Market for their great stables—handy to the departmental store business as well, and the loss of that site is giving them some hard thinking to do.

Two letters referring to the story published yesterday have been received

MRS. ANDREW CARNEGIE.

BEAUTIES OF ICE JAM

As Seen by a Visitor in the Great Gorge.

A Hamilton man who visited the ice jam in Niagara River yesterday writes: By piling its tons of snow and ice in the deep gorge at its foot, Niagara has made a scene of wintery splendor congealed over the waters, that once looked upon will never be forgotten. Yesterday afternoon there was only one open space from the American Falls to the Grand Trunk Railway bridge, and that only a small one where the waters of the great power tunnel were their way through the tons of frozen blockade.

The ice jam at the Whirlpool is certainly the queer antics this old river puts on its billboard for the scenic eyes. The grandeur of the sight here on Monday afternoon around the whirling maelstrom of ice and snow held spectators awe-stricken. The sun came out with all its strength during the end of the afternoon, and vast masses tore themselves asid from the recently formed Mohammedan League.

Up and down the river the resemblance is like a monster snow-field, looking, with its cracks and fissures, a picture from a farthest north. Cameramen are everywhere, that the most picturesque views may be had, and a number of the best known illustrated papers on both sides of the line had men on a scene that will not in all probability happen within the age.

ANOTHER JAM.

Rain and South Wind Packed the ice at the Falls.

Niagara Falls, Ont., April 14.—The rain and south winds of yesterday brought down large quantities of ice from the upper river and lake. The lower river, where it had cleared itself of the jam from Lewiston bridge southward on Friday night, has backed up solid again to opposite Niagara Glen, a distance of about two miles. During the early hours of this morning the ice jammed up at the base of the Falls, and raised the water to nearly as high as on Friday night, but the Ontario Power Company has been protected against any recurrence of that night's mishap. The rise and fall this morning was frequent, and it kept things lively for the ice to clear itself from the water coming over the Falls. The wind, which is at present from the northeast, will help to keep back the ice floes above the Falls at present.

CARUSO'S THROAT.

New York, April 14.—Enrico Caruso, the famous tenor, will sail for Europe to-day to undergo treatment for his throat.

Twentieth Century Judge Prohibits Prisoner's Marriage.

New York, April 13.—He stood before the judge, convicted of theft. She sat in a seat behind him. In his eyes was worry. In hers there was that unexplainable longing of a woman to help a man—that thing that makes a woman love a man just because he needs her.

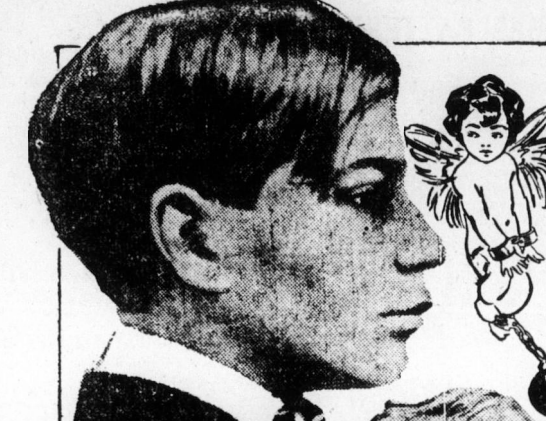

His lawyer was pleading for him. "And, your honor," he droned on, pompously, "in addition to my arguments that this young man's sentence should be suspended, let me also add—that in this court room there sits before you now a woman who will wed this man and will make for him a home. The redeeming power of love!"

"Stop," said the judge. "That's enough. I suppose that most judges would melt at the suggestion of matrimony. I don't." "But—er—er," came from the lawyer. "This man is a criminal. He shall not bring any more criminals into the world."

The lawyer was nonplussed. He had run up against a new kind of judge, Warren W. Foster, of New York. "I'll suspend sentence on this young man. But, if he marries this woman or any other woman without my consent—without coming to me and proving that he can be a decent husband—I'll put a sentence of two and a half years in force against him right away. Don't you dare to marry, young man." This dictum the judge gave, and Albert E. Johnson left the court room broken-hearted, his sweet-heart weeping bitterly.

Judge Foster is a bachelor, with gray hair. He seems chivalrous and gentle to women and men alike. He was willing to talk about his action the next day.

"I suppose I am going to be misunderstood," he said to your correspondent. "I'm not a crusty old

Albert E. Johnson, convicted prisoner who was prohibited by Judge Foster from marrying.

bachelor. Yes, you may take a picture of me to prove it. "But I couldn't let that young man marry that girl. I know. They always think they can reform men. But when a woman loves she loves so deeply that she goes the man's way. She doesn't fight against him to make him go her way. She'll only drag you down," I told her.

And I found out afterward that the gentle judge had sought the girl and had consoled her as best he could. "But there is a bigger thing than the romance of it—the broken romance," continued the judge. "What about the children they would bring into the world? That's the biggest question we face to-day.

Despite the opinions of a certain gentleman who has recently gone to Africa, I say that we must see that children are not born so promiscuously that many of them will be criminals.

SHE HIT OUT.

Woman Who Found Money Resented Any Interference.

The efforts of Chief Smith and two men to recover a handkerchief for a small girl at noon to-day in front of the City Hall from a woman who picked it up when the girl dropped it caused a good deal of amusement. The little girl had half a dollar tied in the corner of the handkerchief and, passing the City Hall, dropped it. A woman who was passing picked it up and started to walk away. Two men saw the loss and the find, and went over to the woman for an explanation. They did it rather clumsily and got turned down for their trouble, with some hot words. One of them grabbed the woman and attempted to take the handkerchief away from her, but a scientific upstart that would be a credit to Jack Johnson caused him to let go. When he saw that the woman was squaring off to get another wallop at him he shouted for Chief Smith, who was near, and the chief took after the woman and got the handkerchief. He restored it to the little girl, and the woman went to Police Magistrate Jell's office to have warrants issued for the chief and the two men.

GUESTS FLED.

Asheville, N. C., April 14.—Roused from their slumbers after 2 o'clock this morning by an alarm of fire, 75 guests of the fashionable Kenilworth Inn, three miles from this city, barely had time to don some scanty articles of clothing and make their escape from the burning building. The hotel was completely destroyed, the total loss being estimated at \$250,000. Insurance \$75,000.

EVA FAY COMING BACK.

Manager Jack Appleton, of the Bennett Theatre, announced this morning that Mrs. Eva Fay would return to the theatre next week. Mr. Appleton was fortunate in securing Mrs. Fay's services. On her return engagement Mrs. Fay will answer about seventy-five questions at each performance, and in that way will try to answer the many questions that she had to leave unanswered on account of time not permitting. The theatre will doubtless be filled to capacity.

SAFETY DEPOSIT BOXES

To rent at \$2 a year and up—100 lbs. for the storing of deeds, bonds, stocks, wills, silver and other valuables. TRADERS BANK OF CANADA.

MISS MARGARET B. MCCOY.

AN ELEVATOR

Being Installed in Centenary Church This Week.

In a very short time Centenary Methodist Church will be noted for having the only passenger elevator in any church in Hamilton. Work was commenced on Monday morning by the Turnbull Elevator Co., of Toronto, on the installing of one of their hydraulic lifts.

The car will be large enough for three or four persons and is being built for the benefit of any who find walking up stairs a labor.

THE MAN IN OVERALLS

New Union Station—getting more like New York every day.

No civic deputations to Toronto yesterday. What's the matter?

Here's success to Dr. Lyie in his fight for the Art School.

Lieut. Gov. Gibson must have felt cheap yesterday when he was reading Whitney's speech to the empty benches.

Now that the Legislature has put up its shutters and the legislators gone home, Mr. Studholme might call a meeting and tell us what it was all about. That's the least he could do, seeing we pay him his salary.

For instance, and as a matter of fact, what has been done to the North End Park since this time last year?

Are you going to make a flower garden this season? The growing of roses may bring roses to your cheeks.

What's the matter with using the Patriotic Fund to buy a Dreadnought for Britain?

But why should it be necessary to prove the authenticity of Genesis at this late day? Has Christianity got no further than that?

What sort of a programme can be gotten up to keep us all home on Victoria Day?

I wonder if John Patterson's road will join the union, so as to get access to the proposed new Union station?

Perhaps it would be as well to see that your signs and other fixtures are properly nailed up. The gales may have loosened them if they didn't blow them down.

Now would be a proper time to tell us just what the technical school is intended to do; what the boys are going to be taught to do.

Like the old guard, the cement gang dies hard. It will be drawing salary this summer as usual.

No doubt we will all be expected to promenade at the open air band concerts. No chairs in the aisles.

My old familiar friends have already begun to pre-empt the Gore Park seats for the coming season. Hear the birds twitter.

In the general scheme of illumination King William street must not be left in the dark. That should be a great business block between James and Hughson, and will be.

This moulder trouble is getting on my nerves. If this had been a street car strike I suppose the city would be under martial law and all kinds of things happening, and the police working 25 hours out of the 24. Can nobody settle it?

FORESTERS COMING.

A large party of Foresters from Toronto, and the Royal Foresters Trumpet Band, will accompany the Supreme Chief Ranger, Hon. E. G. Stevenson, to this city for the big reception in the Grand Opera House to-morrow evening.

It's Wonderful

The difference you can make to an old hat with a bottle of Oriental Hat Dye. You can change the color of that old hat and make it look like new, and the color won't wash off. Twenty-five cents per bottle. Oriental Hat Cleaner will clean the soil off that white hat, fifteen cents per bottle.—Parke & Parke, druggists.

Icebergs Seen

Cape Race, Nfld., April 14.—Six large icebergs were visible from the wireless station here. The bergs have been in the same position since early Monday, the wind not being strong enough to carry them to sea. A wireless message from Point Amour, Gulf of St. Lawrence, says Heavy pack ice is moving swiftly to the southeast. Several large icebergs are visible. The whole St. Lawrence appears to be a great sea of ice as far as the eye can reach.

WILL BREAD GO UP, TOO?

Wheat Advanced to \$1.14 To-day—Flour at \$6.

Will the price of bread go up? This is the question that has been occupying the minds of Hamilton citizens since the outside and local grain markets began to soar. Wheat advanced two cents, bringing it up to \$1.14, or only four cents lower than the record of 1898. This advance was not caused by speculation, but by a general shortage in the supply. Manitoba wheat is up to \$1.23, and this, together with the high price of Ontario grain, was responsible for the advance of 30 cents in flour, which took place yesterday. First grade flour is now selling for \$6 a barrel and lower grades are up proportionately.

What effect will this have on the price of bread? Several of the bakers when seen this morning by a Times reporter said that they would be warranted in raising the price of bread one cent per small loaf, but did not intend to do so until their supply of flour ran out after which they would be compelled to advance the price if they had to pay the present rate for flour.

In the eyes of many the people are now paying too much for bread. They point out that in the time of the Franco-Prussian war, when flour sold at \$10 a barrel, or \$4 per barrel higher than the present time, bread sold at 18 cents per four-pound loaf, or 4½ cents a pound. With flour at \$6 a barrel, and bread at 6 cents per 14-pound loaf, the rate would be 4.4 cents a pound, or three-tenths of a cent a pound more than in the time of the war.

WHY STEAL?

Alex. Findlay Gets \$50 a Month From Scotland.

It was announced by the police to-day that Alex. Findlay, who is awaiting sentence for attempting to break into Sidney Fox's house on Locke street south last Saturday night, is "a remittance man." He receives every month from his family in Scotland, \$50, which is surely enough to keep a man who pays no taxes and lives in a small bathhouse. He had all kinds of tools in his place which might easily have been used for breaking into houses. He has pleaded guilty to one charge, and the police are working to connect him with others. The tools the police seized are many and varied. They include: Shovel, pickaxe, an ordinary axe, a two-inch augur, crow-bar, large lock, two small planes, stone, hammer, compass, lantern, five files, screw driver, pair of tin-smith's shears, a jimmy, four punches, two spoils of wire, two small wrenches, a gouging chisel, a blacksmith's rasp, and two key-hole saws.

Findlay will be sentenced by Magistrate Jell's next Monday morning at Police Court.

Delectaten Tomatoes.

Delectaten hand-packed whole tomatoes are guaranteed to be canned in a most sanitary manner. Every tomato is perfect, ripe and are packed in key-opener tins. We have also tender sweet corn on the cob, packed in cans each containing about twelve ears. Also genuine large squabs for to-morrow. Bain & Adams, 89, 91 King street east.

STILL CONFIDENT IN KINRADE CASE.

Police Authorities Look For Sensational Developments at the Adjoined Inquest.

That the Kinrade murder inquest, which came to an abrupt adjournment a month ago, after a series of intensely dramatic incidents, will be productive of some sensational developments when the investigation is resumed in No. 3 Police Station a week from to-morrow night, is the belief of the police, who display an air of confidence that impresses one with the fact that they must have some good reason for their optimistic view.

Have the authorities some new and startling evidence to produce before Coroner Anderson and his jury on the night of Thursday, April 22nd? Has the investigation conducted by the Attorney-General's Department in the United States revealed something that will pierce the pall of mystery that has enshrouded this remarkable case? It is impossible to obtain any authoritative answer from the police to these questions, because the Attorney-General's Department has objected to the local officers discussing the case.

"I am almost certain that there will be a big sensation in this case within a short time." That significant statement was made to the Times this morning by an officer who should know what is doing. He refused to permit his name to be published, in view of the orders from the Attorney-General's Department in Toronto, but he seemed very confident of his ground.

It is true that after the last session of the coroner's jury, which was devoid of the dramatic climaxes that marked the previous sittings, the general public believed that the crisis had passed and abandoned all hope of the Kinrade murder mystery ever being solved. Interest, though, is revived by the cheerful predictions of the men who are handling the case, and if their views are justified sensational developments, surpassing in interest any of the dramatic incidents that have been a feature of this sensational crime, will be furnished by the inquest or immediately following the jury's verdict.

It is said that the investigation conducted in the States by the Attorney-General's Department has furnished some very interesting information which is being discussed by the local officers.

HUNDREDS HOMELESS.

Much Damage Done by Rochester Conflagration.

Three Churches, Business Block and 40 Houses Burned.

Heavy Downpour of Rain Helped to Put Fire Out.

Rochester, N. Y., April 14.—Revised estimates of the damage caused by yesterday's spectacular fires place the loss at between \$400,000 and \$500,000. Three churches, an entire business block and forty houses were destroyed, hundreds were made homeless and scores were thrown out of employment by the conflagration, the most serious since the fire of 1904 in the retail dry goods district.

The scores of fires, some accidental and some incendiary, with which Rochester has been afflicted, have resulted in an increase of 25 per cent in fire insurance rates by the State Board of Fire Underwriters. The Common Council of the city has increased the amount of the reward offered for the apprehension of incendiaries from \$1,000 to \$2,000, although it was practically decided that yesterday's fire was not due to the torch of the firebug.

Throughout the night streams of water were played on the moldering ruins by the firemen, who were relieved at intervals by volunteer organizations. The heavy downpour of rain which began early in the evening and continued most of the night gave assurance of lessening danger from flying embers, but caused much damage to household effects, which had been hastily thrown out of the houses in the path of the flames by the panic-stricken occupants.

Those whose homes had not been materially damaged by the fire were early at work carrying their effects back into their dwellings.

BURRA PUNDIT.

Dress Rehearsal Last Night Was Eminently Satisfactory.

The production at the Grand tonight of the new light opera "The Burra Pundit" is expected to be exceptionally fine. The performers have been rehearsing night and day on account of the unusual order of this up-to-date production and were amply rewarded for their efforts by the satisfactory result of the dress rehearsal, which more than fulfilled the expectations of those in charge. Several musical critics who were present pronounced the music to be far above the ordinary light opera music—unusual and original and of rare beauty.

The music has been composed and orchestrated by Miss Emma R. Steiner, of New York, who will present this evening and will act in the capacity of stage manager. Miss Margaret Macdonald, of Woodstock, the librettist, will also be present. The musical part of the programme will be under the direction of Mr. C. Percival Garratt, of Hamilton, and an unusually fine performance is anticipated.

MADE MERRY.

MacNab Street Church Officials Entertained Congregation.

The members of the Board of Management of MacNab Street Presbyterian Church gave a social last evening, in the school room, for the purpose of bringing together the old and a large number of new members who have recently come into the church. It was quite a novel affair, each person being tagged, and giving the name and place of birth of each, and also a proverb, partners for the evening being decided by similar proverbs. Refreshments were served and a good programme was contributed by Miss Margaret McCoy, Miss Annie Sutherland, Victor Hutchison, W. J. Allen, Geo. Gow, Vera Prensall and Harry McCoy. Mr. Donald McPhie gave a short address of welcome.

# The Earl's Mistake

"I never told you her name; it isn't necessary now. But, Gerald, the love I bore her still lives, and always will live, though it can have no hope to nourish and keep it alive. With some men love cannot exist without, at least, hope; but it is not so with me. I am ready to die for her now as I was years ago, when it was my boyish delight to worship her in a boyish fashion. Ah, dear!" and he smiled sadly. "Life is a tangled kind of puzzle, Gerald, but I am afraid we cannot unwind it; death does that for us."

Gerald Moore nodded. He was thinking of Carrie, of what he should say to her, of how he should go through with the task he had set himself, of the crime he had resolved on; but still he listened.

"It is some months ago since I learned that there was no hope for me; the girl I had loved and worshipped had given her heart to another. A stranger who had secretly known her a few weeks—hard, was it not? But I bore her and tried to bear it, which is almost the same thing, I expect. To-day I came back to England, landing here by a mere chance, some would say; I think differently, for within half an hour of my landing I learned that she was in the same place. Not only that, but in trouble. I had promised her that if ever she should be in trouble that I would be at hand to help her, and chance, if you like, has sent me to keep that promise."

"That must comfort you," said Gerald Moore, thinking of Carrie as he spoke, and how he would gladly travel from one end of the earth to the other to help her or comfort her.

"Yes, it does. It is all the comfort I shall get. But matters of the truth, I had expected to come back and find her married to the man of her choice, but instead she is still single and—and—"

he got up, his face working with emotion, then sunk down again—"and all the time you have been waiting for me to come back and find her married to the man of her choice, but instead she is still single and—and—"

—on the other undertaking," and he smiled a ghastly smile.

"No, no!" said Willie, but Gerald waved his remonstrance away with an impatient hand.

"And—and this Lord Cecil is to be married, eh?" he said, staring at the ground.

"Yes," said Willie, gloomily. "To a Princess Florenza, or some such name. The villain and fool has deserted my darling for the other woman's rank. I suppose, curse him! But he is not married yet!" significantly.

## BIG BLAZE.

### Rochester Visited by a Destructive Fire.

Rochester, N. Y., April 13.—Fire breaking out at 11 o'clock this morning in the Palmer building, a four-story brick structure devoted to manufacturing interests, at Main and Gillis streets, was the starting point of a conflagration in Rochester to-day. The fire spread over a wide area, then jumped nearly a mile and started a second series of fires of such proportions that local fire departments seemed insufficient to cope with the situation. Aid was summoned from Buffalo and Syracuse, both of which cities rushed companies to Rochester. By the time of their arrival, however, the local firemen were masters within both fire areas.

Hundreds of Rochester people are homeless to-night and are camping out near the scenes of the fires with what valuables they were able to save from their homes. Over the local companies of militia stand guard, having been ordered out in the afternoon on order of Mayor Edgerton.

Although accurate estimates cannot be made at this time, the loss is estimated at at least \$500,000. This includes \$60,000 on the Palmer building; \$100,000 on the Hunting company, manufacturing plumbers' supplies, which occupied the first floor; \$300,000 on the beautiful Jewish Temple, Beth Kodesh, which is in ruins, and the rest in small amounts is apportioned among smaller manufacturing, house-owners and tenants.

Buildings which were destroyed in addition to about fifty residences were the Palmer building, Temple Beth Kodesh, First Reformed Church of America, the Ward apartment on Grove street, St. Bernard Lutheran Zion Church, St. Peter's Presbyterian Church suffered some damage. The origin of the fire has not been determined.

To-night Rochester is terror-stricken. To-day's fires are a culmination of an

uninterrupted series of fires for weeks, many of which have been charged to incendiarism. Added to this natural fear is the fact that, although both of to-day's fires have been under control since 3 o'clock this afternoon, the flames are still smouldering in a dozen places. The wind is increasing in velocity, and a close watch is being kept in those districts which are in its path.

## SHOT HIMSELF.

### C. W. Leach Attempted Suicide in Rosedale Ravine.

Toronto, April 14.—Going down into the ravine near the Glen road bridge yesterday afternoon, C. W. Leach, a middle-aged traveller for Charles Horner, a manufacturing jeweller of Halifax, England, pulled a revolver from his pocket, and placing the barrel in his mouth, pulled the trigger. The bullet went through his tongue and the back of his mouth, lodging near the spinal column. Unless a serious swelling set in around the wound Leach will probably recover.

Leach after shooting himself did not lose consciousness, and attempted to get up, but the police intervened. He was helped up by a young man who discovered his condition, and P. C. Meag, who came along took him to a house near by, where Dr. A. A. Beatty, of Moor street, dressed the wound. Later he was taken to the police ambulance to the General Hospital.

The reason for the man's attempt upon his life is not known. He came to the city yesterday and registered at a downtown hotel, where he left considerable baggage in his room.

## SHATTERED NERVES.

### Made Strong and Steady by Dr. Williams' Pink Pills.

When your nerves are out of order your whole health is on the verge of a breakdown. Sudden sounds startle you; your muscles twitch and your hands tremble; your self-control is shattered; your will power goes. Your head aches; your feet are often cold, and your face flushed. Your heart jumps and thumps at the least excitement; you are restless at night and tired when awake. Your temper is irritable and you feel utterly down-hearted. And the whole trouble is because your blood is too thin and watery to keep the nerves strong. There is only one way to have strong, healthy nerves—feed them with the rich, red blood that only Dr. Williams' Pink Pills can make—and do make. Mr. Fred Forth, 17 Sullivan street, Toronto, says: "I was a complete wreck with nervous prostration, but Dr. Williams' Pink Pills have made a new man of me. I had been nervous for years; the least noise would startle me, and the least exertion would have me utterly prostrated. I lost in weight, and physically I was almost a wreck. I had not taken the pills long when I found they were helping me; my appetite improved, my nerves began to grow steady, and day by day I gained until I was again a well man. My weight increased twenty-five pounds while I was using the pills. To any who suffer as I did, I can say that if Dr. Williams' Pink Pills are given a fair trial, a cure will be sure to follow."

Dr. Williams' Pink Pills restored Mr. Forth simply because they made the rich, pure blood which properly nourishes the nerves and keeps them strong. They will cure all the diseases due to bad blood and shattered nerves, such as anaemia, indigestion, headaches, and backache, rheumatism, neuritis, St. Vitus' dance, paralysis, general weakness and the secret ailments of growing girls and women. But you must always insist on getting the genuine pills with the full name of Dr. Williams' Pink Pills for Pale People on the wrapper of each box. Sold by all medicine dealers or sent direct by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

## CONVICTED AGAIN.

### Heavy Sentence on Holland For Forgery at St. Thomas.

Toronto, April 14.—Christopher A. Holland made his third appearance before Magistrate Denison yesterday in the Police Court. This time he was up in connection with a forgery case at St. Thomas, in which he succeeded in obtaining \$2,500. He admitted his guilt, and was sentenced to serve five and a half years in the penitentiary, the sentence to run concurrently with that imposed upon him a few weeks ago, when he was sent down for five years. His latest sentence means that he will have an additional six months to serve.

The Dominion Express Company were the complainants, and the information was sworn to by W. H. Welch, Superintendent of the Canadian Detective Bureau.

## MEDICAL CONFERENCE.

### Western Physicians Want Uniform Law and Uniform Examinations.

Winnipeg, April 13.—Physicians and surgeons of western Canada are about to hold a conference here in the near future to discuss the question of a uniform law for the profession in the west, with a uniform examining board of higher qualifications. Delegates have been appointed from Manitoba and Alberta, and no doubt Saskatchewan will be represented, although they have no college of physicians at present. The doctors will work along the lines suggested in the memorable Roddick bill, which was killed in the Federal House.

It is understood that Ontario physicians, who were partly responsible for the death of that measure, are now willing to co-operate with the western members of the profession along the same lines.

The Spynham glass factory at Wallaceburg was burned. Loss \$125,000.

INTO POWER QUESTION.

Special Committee Will Try to Work Out Solution.

Once More the Aldermen Promise an Early Vote.

Road Work Passed After Considerable Criticism.

A programme for settling the power problem was mapped out at the City Council meeting last night, when a special committee was appointed to decide on the questions to be submitted to the people, and arrangements were made to have an informal meeting of the aldermen within the next week, when new members will be given an opportunity to thoroughly familiarize themselves with all the details of the contracts. It is hoped through this means to have the matter in shape for the next regular Council meeting.

The committee was appointed on the suggestion of Ald. Jutten, and in addition to himself will consist of Ald. Cooper, Allen, Peregrine and the Mayor. Ald. Sweeney thought Ald. Clark, as chairman of a committee that was vitally interested in the power question, should be on the committee, and it was suggested by other aldermen that Ald. Hopkins should also be placed on it.

The latter objected. "Everyone knows Ald. Clark is a rash Ontario man, and that I am a rank Hydro man; it is as well that neither of us should be on it," Ald. Clark said he had no idea of going on the committee, but he objected to Ald. Hopkins' reference to him, and declared he was open to conviction. Ald. Clark was one of those who voted against the size of the committee being increased.

The Mayor mentioned the fact that the Ontario had offered to give the city the same guarantee in its contract, regarding power users, as Brantford received in its agreement. It was the duty of the council, he declared, to bury their prejudices on both sides, and decide which was the best bargain in dollars and cents for the city of Hamilton, and advise the people to that effect.

OBJECTED TO THIRD READING. "Unfair," and "unbusinesslike" were some of the terms applied by Ald. Morris to the Council's action in passing by-laws which, he claimed, they had not been given proper notice to consider. These, he thought, should be in the hands of the aldermen a day or so before the Council met. They should not be asked to go there and pass on an amount of by-laws, which they knew little about.

The Mayor said he intended seeing that the aldermen received copies of the reports in good time. In this case, however, ninety per cent. of the reading matter before them was mere form. The by-laws were mostly for laborers' work, which had already been done and under way, and which had already been approved of by the Council. The aldermen might read them over for two days and be no surer that they were correct. It was largely routine, for which the department must be held responsible.

Ald. Morris wanted the by-laws read clause by clause and Ald. Sweeney, presiding over the Council in committee of the whole, started to wade through them at a "Marathon" pace. While he was reading Ald. Morris walked up to City Clerk Kent's desk to get his copies numbered.

"If you want to hear these by-laws read, pay attention," said Ald. Sweeney, addressing himself to Ald. Morris.

Ald. Morris objected to the third reading being given to the by-laws, and it was necessary for the Council to suspend the rule, which provides that no by-law can receive a third reading at one meeting, unless the Council is unanimous. Ald. Morris and Milne were the only ones to object.

AGAINST THE SIGN NUISANCE.

One of the by-laws passed makes it an offence to decorate poles with signs. This was the subject of the by-law, and it was necessary for the Council to suspend the rule, which provides that no by-law can receive a third reading at one meeting, unless the Council is unanimous. Ald. Morris and Milne were the only ones to object.

"No person shall erect, place, maintain, paint, mark, write, print, impress on continue any sign-board, poster, notice advertisement, trade mark, symbol or sign, or any figure or article intended for that purpose, upon any telegraph, telephone, electric light or power pole or upon any guy, anchor or other pole or any rod or appliance used in connection therewith, situate on any street, alley or other public place in the city."

This section shall not apply to any notice printed on any such pole by the owner or owners thereof, stating that the said pole is the property of the said owner or owners, and that such poles shall not be used for advertising purposes, the City Engineer to first approve of the said notice, and the man- ner of the same is to be placed upon such pole.

WARD 1 ALDERMEN KICK.

The discussion over road work was begun when Ald. Morris pointed out that no provision was made for any repairs in Ward 1, Delaware avenue, he said, was in very bad shape, and as it had many fine houses on it, something should be done. If Ald. Allan would promise to macadamize the avenue this year Ald. Morris said he would not object.

Mayor McLaren said he had no doubt that Ald. Allan prepared the list without regard to fine houses on the wards. The work was to be done on streets where traffic was greatest and where the work was most necessary. If the Delaware avenue people insisted on their absolute rights, there was a provision, under the annexation agreement, which provided that any work done on Delaware avenue east of Wentworth street, must be done under local improvement.

Chairman Peregrine, of the Finance Committee, said that in his opinion the Board of Works had been altogether too liberal in voting \$24,000 for road work, only leaving \$8,000 of its appropriation to cover the balance of the year.

Ald. Milne favored a plan by which all roads in that district to be paved with macadam should be done under local improvement. For that reason he thought it advisable to refer the matter back.

Chairman Allan said the reason so many streets in Ward 7 were being done was because the macadam paved Barton street, which is to be paved, would be used. If there was any money to spare later on, Ald. Allan said Delaware avenue would probably be fixed up.

Ald. Jutten thought that if any complaints were to be made, Ward 6 had the right to kick. Ward 1 had received

MINERS' STRIKE SETTLED.

Work at Fort Hood, N.S., Collieries Was Resumed Yesterday.

Halifax, April 13.—The Port Hood coal miners' strike is settled and the men resumed work to-day. About 350 men quit work several weeks ago and since then the mines have been idle. A satisfactory solution of the trouble was reached, and there was general rejoicing when work was started up again to-day.

The steamer John Irwin, which has been laid up here since the strike, left to-day to load coal for Halifax.

MUSIC AND THE DRAMA

The concert by the great Dresden Orchestra, from Germany, at the Grand Opera House to-morrow afternoon, will commence at 2.15 sharp. The orchestra will be assisted by Germaine Schuitzer, the brilliant Viennese pianist, and Mme. Macouda, the American prima donna.

The large advance sale of tickets this week indicates that the rush at the box office when the reserved seat plan opens on Tuesday morning next, will establish a record.

AT THE SAVOY.

This week's Savoy bill, "The Prisoner of Zenda," admirably fulfills the double mission of the stage. It amuses and uplifts. It is the finest and most magnificent drama presented in the city this season.

AT BENNETT'S THEATRE.

In the merry hedge-podge of bright entertainment offered at the Bennett house this week one number, which for novelty and cleverness, will impress itself upon every theatregoer, is the offering of Bernardi, who styles himself the prettiest character in a comedy sketch and do it with such rapidity that the movement and development of the plot does not lag for a minute, in the vernacular is "going some."

THE ORPHANS' FESTIVAL.

It will be gratifying to the many hundreds of Hamilton people, who, year after year, patronize the Orphan's Festival, to know that the programme this year will compare favorably, if it does not excel, any entertainment given in

observable in the past, the same precision of attack, the same delicacy in shading and phrasing. In fact, such perfect playing as this quartette is capable of should be held up as the ideal for all quartettes.

THE CHOIR SINGER.

"The Choir Singer" will be the attraction at the Grand next Saturday, seats for which go on sale to-morrow morning. The story, which is well known to most patrons of the popular price drama, tells of a young girl in a Virginia village, who, after singing in the village choir for several years, falls in love with the young minister.

MISS EDITH MILLER.

Edith Miller, the great Canadian contralto, returns to her native land fresh from her wonderful triumphs in Europe, where she has been for the past few years. THE REPLY OF MR. PUGSLEY.

He Will Wait Until He Gets a Copy of the Evidence.

Budget Will Likely be Brought Down Tomorrow.

Demand For Increased Duties on Wool, Etc.

Ottawa, April 13.—It was expected that Hon. Dr. Pugsley would make a statement in the Commons to-day relative to the statements made by the New Brunswick Royal Commission, reflecting on himself and Lieut-Governor Tweedie. The Minister of Public Works, however, has decided to postpone his reply to the strictures of the commission until he is in possession of the printed evidence taken by the commission, and is able to refute circumstantially the charges made. "I have concluded," he said, "that as the report of the commission does not in any way relate to my conduct as a member of the Federal Parliament or as a member of the Dominion Government, it would not be appropriate for me to introduce the subject here. I have asked one of my friends in the New Brunswick House to ask the Government of that Province to have the evidence printed, and as soon as I get a copy of it I will prepare a statement in answer to the findings of the commission." Dr. Pugsley added that if any attack was made upon him in the Commons he would be prepared to meet it with facts conclusively pointing to the unwarranted character of the charges made against him.

ANTICIPATION IN THE HOUSE.

The House resumed its deliberations after the Easter recess this afternoon amid a buzz of excitement, which was in a large measure attributable to the assiduous efforts of the Opposition press to work up a crisis over the New Brunswick Royal Commission's report. It had been hinted that the Opposition would move the adjournment of the House in order to discuss the position of Hon. Mr. Pugsley and Hon. Mr. Tweedie, Lieut-Governor of New Brunswick, and it was generally understood that the Minister of Public Works would make a statement relative to the findings of the commission. As a matter of fact neither of these things happened, and but for a question put by Mr. Foster, and a few words from the Prime Minister by way of reply, the New Brunswick affair, to the disappointment of the crowded galleries and an expectant gathering of members, was not mentioned.

MR. FOSTER'S QUESTION.

Anxious apparently to get in the first word, Mr. Foster, immediately the orders of the day were called and said: "May I ask the First Minister if in view of the report of the commission in connection with the New Brunswick Railway & Coal Company, which affects to a certain extent the officers of the Government, he has yet decided upon any course of action, or if he has anything in that regard to tell the House?"

There was intense silence when the Prime Minister rose to reply. "I have not yet seen that report," he said, "and I have only seen extracts from it in the public press, and at this moment I have no communication at all to make upon it." All eyes then turned to Hon. Mr. Pugsley, who sat in his seat affably chatting with the Minister of Militia, but the Minister of Public Works made no sign of intervening, and the House passed on to other business.

Mr. Monk called attention to a statement which had appeared in the London Standard with reference to negotiations said to be going on between the Governments of Canada and Germany, and asked whether such negotiations were proceeding. Hon. Mr. Fielding said there were no negotiations going on, and there had been none from time to time the Government had had opportunities of meeting with gentlemen interested in German trade who had discussed with the Government the possibilities of changes in the tariff, but there had been no negotiations, and nothing that would correspond to the statements in the press.

BUDGET ON THURSDAY.

Replying to Mr. Foster, Mr. Fielding said he expected to bring down the budget on Thursday. Mr. Monk asked whether the Finance Minister contemplated any changes in the budget, for instance in the duties on tin. Hon. Mr. Fielding said he must ask Mr. Monk to have some patience, as it was never possible to make any statement as to the tariff except in the budget speech.

"Will the Finance Minister say that there will be no changes?" inquired Mr. Monk.

"I cannot even say that," laughingly replied Mr. Fielding.

DUTIES ON WOOL.

Apparently with a view of impressing upon the Government the desirability of giving some consideration in the budget to the claims of the woolen industry, Mr. Lennox, on motion to go into supply, launched into a speech urging higher protection of wool. Claiming to speak as a farmer, Mr. Lennox argued that it was the immediate duty of the Government to adopt such measures as would encourage sheep-raising in Canada, and to so adjust the tariff as to secure a profitable home market for Canadian wool, and its manufacture into clothing and other woolen goods by the Canadian people. Mr. Theobald, who is a woolen manufacturer, supported Mr. Lennox's plea for a higher tariff, chiefly on the ground that the conditions of the industry in Canada demanded it. All that was needed, he said, to enable operatives in the woolen mills to work that time was a duty of 35 cents on every suit of clothing.

Mr. Owen protested against shoddy goods being allowed into this country. Dr. McIntyre (Strathcona) entered a vigorous protest against a policy which would benefit any particular class to the disadvantage of the people as a whole. Such a policy was not national, and he did not regard it as the duty of the Government to make it harder for the people in the West to obtain the necessities of life by bolstering up the manufacturers.

Mr. Blain wanted a higher tariff in the interests of the farmer. Mr. Sealey put in a plea for an increased tariff on pork, vegetables and fruit, and Dr. Sproule strongly supported

the claim of the woolen industry for higher protection.

Mr. Smyth (North Middlesex), who is himself a farmer with a practical knowledge of sheep-raising, combatted the view that an increased tariff on wool would be of advantage to the farmers. He suggested to the Opposition that they would never gain the favor of the farmers by offering to give them one dollar and to take from them five.

The debate was continued by Messrs. Henderson, McCraney, Schell and Turcotte.

Mr. Low (South Renfrew), in an excellent maiden speech, said he had an interest in the woolen industry, and he was convinced that the reason why some woolen mills had closed down was because they were unable to manufacture goods at the minimum cost. He was satisfied with the present tariff.

Hon. Mr. Fielding, in winding up the debate, said the points which had been raised would be considered by the Government, but beyond that he could not go in advance of the budget speech. In moving the adjournment, Mr. Fielding announced that the budget would not be brought down until Tuesday.

SLASHED WITH KNIFE

Louis Saucier, of Raglan Township, May Die.

Bancroft, April 13.—Louis Saucier returned from the lumber woods on Monday to find his wife living with a man named Emmanuel Hannah. A row took place and he threatened to have Hannah arrested. The latter retaliated by pulling a knife and stabbing Saucier in the abdomen, inflicting a dangerous wound. Dr. Embury, of Bancroft, was called, and a telephone message was received from him this morning, in which he stated that Saucier was badly slashed, and he could not say what the result would be.

Hannah skipped out immediately after the row, accompanied by Mrs. Saucier, but a warrant was issued for his arrest, and placed in the hands of a local constable, who succeeded in capturing him, and he is now on his way to Bancroft, where he will be given a preliminary hearing before Police Magistrate Jarman. The parties lived in Raglan township, on the border of Hastings county.

TELLTALE PIPE.

William McCatheran Given Five Years for Assault and Robbery.

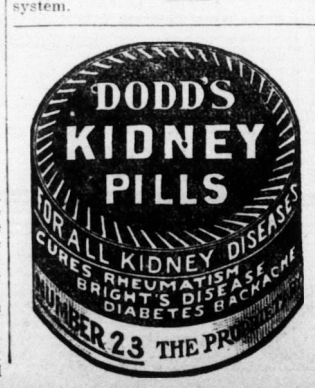

Chatham, April 13.—Wm. McCatheran, jun., of Dover township, convicted this afternoon of assault and robbery of Donald Ross, a Chatham township storekeeper, was sentenced to five years in the penitentiary. Though Ross could not identify the accused, McCatheran's pipe was found on him after the robbery, which, coupled with his absence from home at the time, completed the chain of circumstantial evidence.

FELL TO HIS DEATH.

Drunken Indian Attempts to Walk Across High Bridge.

Corwall, Ont., April 13.—A St. Regis Indian, Abraham Peters, who had been employed on the canal repairs here, got on a spree, with some other Indians yesterday, and in attempting to cross the O. & N. Y. bridge some time during the night evidently fell off and struck on his back at the river's edge, 75 feet below. Death must have been instantaneous. Peters was 23 years of age. Coroner Hamilton is satisfied that death was due to accident, and, therefore, will hold no inquest.

MILITARY DRILL IN SCHOOLS.

Breeze in Ontario Educational Association Meeting.

Regulations Regarding High School Inspection Criticised.

Mr. Ballard's Address — Many Papers Read at Meeting.

Toronto, April 14.—What promises to be "the largest ever" of the forty-eight annual conventions held by the Ontario Educational Association opened yesterday in the main building of the University of Toronto. Teachers from all parts of the Province, from stately high schools and dignified collegiate institutes equally with the representatives of those "heroic little red school-houses" which are helping to make Canadian history, met together nearly a thousand strong and will continue in session until Thursday night. In their sectional meetings questions relating to every phase of educational interest will be discussed, and a few grievances will be aired.

At the general meeting, held in Convocation Hall last night, President Falconer, wearing his official robes, was on the platform beside the Chairman, but did not address the meeting. In his Presidential address Inspector W. H. Ballard, M. A., of Hamilton, reviewed the growth in the science of education. To-day, he said, as the result of the experience of long years it had been made clear that the pupil had to be in a great measure his own teacher. The child had to handle his own cubes, count his own marbles, handle for himself the gallon measure and learn for himself that it held four quarts. He strongly endorsed the work of the manual training schools.

HON. DR. PINE'S ADDRESS.

Hon. Dr. Pyne, the Minister of Education, was warmly received on arising to speak. His remarks were brief but pointed. He said it was one of the benefits of popular government to know that if measures planned and passed with the very best intentions failed to accomplish the good they were intended to bring about the powers who passed the laws were strong enough to repeal them. The same thing was true of departmental regulations as of acts of Parliament. It regulations passed with the very best of intentions for the purpose of accomplishing their work failed to accomplish the good they were intended or worked any hardship on anyone they could be repealed, and would be repealed. (Applause.)

Dr. Pyne went on to speak of technical education matter. He said technical education here so strongly on the commercial welfare of the country that he hoped some day the Federal authorities would see their way clear to make substantial Dominion grants to the Province to be used in the way of repeating them. The same thing was true of departmental regulations as of acts of Parliament. It regulations passed with the very best of intentions for the purpose of accomplishing their work failed to accomplish the good they were intended or worked any hardship on anyone they could be repealed, and would be repealed. (Applause.)

THE SUPERANNUATION FUND.

Mr. W. Scott, B. A., reported that the Committee on the Superannuation Fund had held a satisfactory interview with the Minister of Education, that actuarial work was being done in the interests of the fund, and the committee hoped by next year to be able to report definite progress. The committee also reported on the PROTEST FROM HIGH SCHOOLS.

As a result of the discussion about the high school Principals about recent alterations in the regulations—a strongly worded resolution signed by every member of the college and high school section is to be presented to Hon. Dr. Pyne, Minister of Education, at an early opportunity. It is probable that the resolution will be presented by the whole meeting as a committee.

Principal W. A. Ellis, who introduced the subject at the morning session, called attention to the fact that the change had been made in the regulations without warning or consultation.

He was followed by Principal A. E. Bart, of Brantford Collegiate, and Dr. Ellis, of Kingston High School, and Principal C. A. Mayberry, of Stratford, who all protested in strong terms against the alleged tyranny of certain inspectors and the interference occasioned in the work of the schools by the new regulations.

As the result of the agitation the meeting by a standing vote elected Messrs. Bart, Mayberry and Ellis as a committee to draw up a remonstrance, which was later unanimously adopted by the meeting.

MILITARY DRILL IN SCHOOLS.

The warmest debate of the afternoon was over military training in schools, which took place in the trustees' section. Mr. Samuel Truman, of Kirkfield, read a paper dealing with the question of military training and military drill in the public schools. The paper was a carefully prepared one, and was enthusiastically in favor of physical training, but very strongly opposed to all attempts to introduce military drill among the scholars. He urged that the burdens occasioned in the work of the schools by the new regulations, and that the movement was largely one to provide places and emoluments for certain parties. It had been contended, he said, that this drill is necessary, and there was a party which held before the country the bugbear of invasion. References had been made by a Toronto man to the need of preparation, because of the uncertain traits of our neighbors, a phrase which the good sense of the speaker should have prevented him uttering, said Mr. Truman. They had been told that the ordinary attitude of the farmers was clownish. The statement was made by one of the advocates of military drill in schools. The farmers were, however, men of honest hearts, steady firms and strong determination, and would not be led away by the glittering tinsel of military men. Mr. Truman concluded with an eloquent appeal to the school trustees and teachers of the province to set their faces against militarism and to work for peace and good-will among men.

FOR AND AGAINST.

An animated discussion on the paper followed, all the speakers praising its excellence, but Rev. W. T. Wilkins, of Trenton; Geo. Rutherford, Shelburne; A. C. Todd, Meaford, and others were not opposed to military drill, and frankly said so. On the other hand Mr. Truman was strongly supported by Mr. J. J. Morris, of the North Wellington Trustees' Association; Mr. B. J. Palmer, of the Oxford Trustees' Association; Mr. John W. Staples, of Victoria county, and Mr. W. A. Douglass, Toronto, who by special request was asked to speak at Whitefield, Mr. Geo. Little and others. The question as to the printing of the paper in the records and the endorsing of the views of Mr. Truman are yet to be settled.

WHEN you see a Slate mark Like this in a Shoe sole or Shoe lining, Just sit up and take notice—Because This Slate mark certifies that You are then looking at a genuine Old-time "Slater Shoe."

There are other Shoes sold aplenty By the taking-in-vain of the mere Name "Slater." With risk, With "Baker's Cocoa" Sold by any man named Baker. But, it is not the name alone That makes a Shoe worth money. It is what that name stands for In Workmanship, Fit, Quality, And Wear.

Ergo—The mere name "Slater" Has no significance in Shoe Attain's Unless—That Name be coupled with The "Slater" Trade-mark which Gives it meaning.

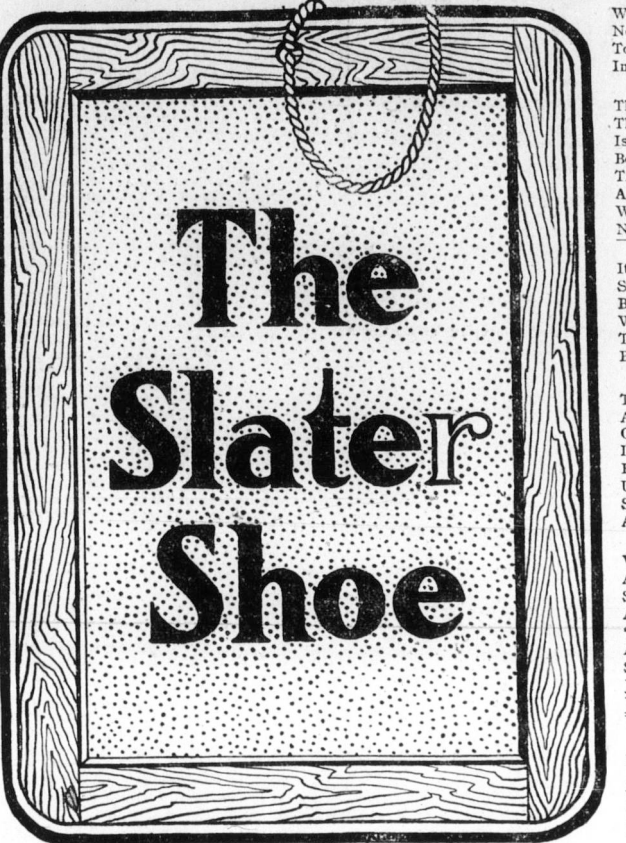

"The Shoe with the Slate" therefore Is the Shoe you mean when You ask the shrewd Shoe Merchant for "A pair of Slater Shoes."

These Slate marked "Slater Shoes" Are made in a factory which For Ten years has not Made a Shoe Of lower grade than \$3.50 to \$5.00. They are made by Specialists, Trained and developed Through long Years of Practice and Perfecting In the niceties of Fit, Finish, Style and Workmanship, Which constitute The vital differences between A regular "Hand-made-down" and A High-grade "Custom-made."

A Blacksmith might try hard to Make Watches in his smithy, But His good intentions could not Compensate for lack of Training, Material or Equipment.

So, Shoe Factories that make Shoes "of all Kinds and Descriptions" Can't make Fine Shoes

The Why of the Slate

Everything that enters the making of Slater Shoes is carefully selected. Only the best is used. They are made by that wonderful manufacturing process—the Goodyear Welt, insuring comfort and durability.

Sold only at: THE SLATER SHOE STORE—W. A. BRIDGETT 26 and 28 King Street West. Hamilton Ont.

Well enough, Nor poor Shoes cheaply enough To meet the Specialist In either grade.

This is why The Slate-mark "Slater Shoe" Is a Shoe worth watching-out for. Because, it is—The only brand of Shoe made in A Canadian Shoe Factory Which makes No other than \$4 to \$6 grades.

It is the only Shoe which is Stamped-on-the-Soles or Linings, By the Makers—With the Retail price at which These Slate-marked Shoes must Be sold to Shoe Wearers.

That Price protects Consumers Against possible or probable Overcharge, and It guarantees to them Full measure of value—Up-to-the-Makers' price Stamped on each Shoe in A Slate frame.

When, therefore—Any Shoe Dealer, or Shoe Salesman, Answers your inquiry for "A pair of Slater Shoes" with A pair without a Slate mark Stamped clearly on them—Just look him in the Eye and Watch him lest he take Your watch.

Because—A Dealer cannot be trustworthy Who intends to trick you into Buying something he has Ready-cooked And tied up in an evasive, Incidental and misleading way With the mere name of "Slater."

Remember—It is not the Slate name, alone—But the Slate brand, which stands For what you seek. And are entitled to secure. When you ask a Merchant for "The Slater Shoe."

leave an abiding influence. The attention of our people, he said, is too largely attracted to material success at present for them to appreciate what he meant by Canadian literature has produced.

At the morning session President A. McVicar, B. A., of London, spoke eloquently on the value of history in helping to make good and loyal Canadian citizens.

In the mathematical and physical section the chief paper was by the President, Mr. Wilson Taylor, B. A., of Chatham, on "A Study After the Method of Plato."

At the morning session Mr. T. Kennedy, of Toronto, led in the discussion on "Mathematical Fallacies."

PROBLEMS OF SPELLING.

The chief paper before the commercial section, which met in the afternoon under the Chairmanship of Mr. E. C. Strigley, was delivered by Mr. H. S. Mott, of Ryerson School, in which he discussed the problems of spelling, which, he pointed out, arose when our language became a written language. He contended that a child should be taught the meaning of every word at the same time he is taught to spell it.

A committee appointed last year to confer with the Education Department criticised the proposed new commercial course on the ground that the number of fixed subjects was too great. They recommended that drawing, elementary science, algebra and French of German be made optional for schools in which there is a special commercial course.

WITH THE KINDERGARTENERS.

The kindergartners devoted most of the afternoon to hearing Miss J. R. Laidlaw, of London, speak on "Impressions From Abroad." Miss Laidlaw told of visiting many towns and cities in England, where she had seen splendid work done. In the teaching of domestic economy the materials bought were based on the rate of wages in the different districts. The work generally had impressed her as being of a high order.

Miss Lillian B. Harding, of Whitlaw Avenue School, read a brief paper on teaching by story and illustration. Miss Clara Brenton presided.

CLASSICAL SECTION.

President Mayberry occupied the chair at the classical section meeting. Prof. Miller read a paper on "The Teaching of Caesar," and Mr. Lyman C. Smith on "Ulysses."

The following officers were elected for the ensuing year: Honorary President, J. E. Hodgson; President, G. W. Johnston; Vice-President, Lyman C. Smith; Secretary-Treasurer, D. A. Glassey; Councilors, T. A. Ferguson, G. Oswald Smith, J. D. Morrow, J. K. Mills.

PUBLIC SCHOOL SECTION.

The public school section opened its session in an informal manner yesterday morning by a mutual reception among old and new members. The President, Mr. G. A. Cole, of Orillia, having the happy knack of making everyone feel at home. He very cordially welcomed the visitors Mr. Chas. G. Fraser, of Toronto, was appointed Secretary of the meeting. The progress of the section and the good work it was doing were the themes of the President's formal opening address, and the report of the Secretary, Mr. Fraser, was also of an optimistic nature, the extension of the organization being dwelt on. Mr. T. A. Reid, of Owen Sound, for the special committee on school grants dealt with the manner of distributing the public grants to schools, and is of the opinion that the present method is not quite satisfactory. The population basis, he urged, discriminated against the smaller urban centres, where the school population bears a higher proportion to the general population. He reported that, in the opinion of the committee, the total available grant by the rural schools should be a fixed amount of, say, \$500,000, and an equal amount should be available for the urban schools.

HISTORY AND GEOGRAPHY.

Principal J. W. Plewes, of Chatham brought in a report from the Committee on History and Geography, in which it was urged that a special text-book on each subject should be issued, supplemented by readers. Mr. Plewes said that geography was a subject which was constantly being added to and in which a book rapidly became out of date. It was an anomaly to call a work published twelve or fifteen years ago "a new geography." The committee strongly urged that the date of publication should be printed on the covers of every geography.

MANUAL AND ARTS.

Miss A. A. Powell, of Toronto Normal School, President, addressed the manual arts section yesterday on "The Place of Art in Education." In the training department, under the Chairmanship of Principal S. J. Keys, the principal address was given by Mr. S. J. Redcliffe, B. A., upon "History in the Public Schools."

MODERN LANGUAGES.

"Voltaire and the Eighteenth Century" was the subject of an able address by Dr. Pelham Edgar, President of the modern language section, yesterday.

The first address before the modern language section in the afternoon was by Baron Heinrich von Nettelbladt on "Pictures of the Old and New World." The address was in German, and its appreciation was restricted to a comparatively small number.

In his address "On English Spelling" Prof. D. R. Keys sketched the early history of Runic alphabet by which spelling first became possible in English, and showed that in the oldest period there was an effort to make the spelling an exact reproduction of the sound.

The lecturer then showed the difficulties attendant on spelling reform, referring particularly to one that is often overlooked, viz., the loss of a great aid to humorous writing, which has been used to advantage by Smollett, Dickens, Thackeray, and such American writers as Artemus Ward, Josh Billings and Mark Twain.

SUDDEN DEATH.

W. G. Moffat Expires in Reading Room of Guelph Hotel.

Guelph, April 13.—The body of William George Moffat was last evening found in a reading room at the Imperial Hotel by the proprietor's wife. He was thirty-one years of age, and a Guelph resident, although just returned from Toronto, where he had spent several months. He had been with friends a few minutes before, and seemed as usual, although he had been worrying over family affairs for some days since he and his wife parted. Coroner Dr. Savage gave heart failure as the cause of death, and decided an inquest was not necessary.

CAUTIOUS FARMER.

Wanted Manitoba Government to Take Care of His Cash.

Winnipeg, April 13.—An old American farmer from Des Moines walked into the immigration offices to-day and remarked that he wanted to buy land in this country, but wanted to look around before doing so. He confessed that he knew nothing of banks or people, but had confidence in the integrity of the Government. He therefore asked the officials to take care of his old wallet until he had picked his farm. He handed it over to the commissioner, who on opening it found it contained the sum of \$25,000 in greenbacks. It was handed for the old man in the name of the Government.

This is a good sample of the class of immigrants coming in from the south this spring. One day last week there were thirty home-seekers from the States who were repudiated at the immigration office, and the smallest sum that any of them had in cash was \$5,000. The wealth that is being brought in this spring is astonishing.

FOUND DEAD.

Gilbert Lee, From Minneapolis, Suffocated in His Car.

Estevan, Sask., April 13.—Last night as the immigration train in charge of Conductor Foote arrived at Pinto siding smoke was noticed coming out of one of the cars. The train was stopped at once, and it was found that the car, which was occupied by Gilbert Lee, an immigrant from Blooming Prairie, Minn., billed for Basfl, Alberta, with ordinary settlers' effects was on fire. By hard work it was extinguished by water from the locomotive, but not until Mr. Lee and two head of cattle and his poultry had been suffocated.

Coroner Davies has decided that an inquest is unnecessary, as Lee had evidently gone to sleep with his lantern burning, which exploded. None of the animals were saved except his dog.

KNIVES AND PISTOLS

Used in Riot in Pennsylvania Mining Town.

Pittsburg, Pa., April 13.—In a riot at Manifold, a mining town above this city, early to-day, six foreigners were seriously injured, two of them fatally. Daggers and revolvers were the weapons used. The six injured men were suitors for the hand of Lizzie Muzekka, the belle of the settlement. The father, to help the lovers, proposed drawing lots to decide the question. A foreigner named Chenzow won, and the five other suitors vowed vengeance. Early to-day a free-for-all fight started, and all the lovers were seriously injured. The police have arrested eight persons.

BARTON S. S. FUTURE OF ART SCHOOL.

Dr. Lyle Proposes to Make It a Municipal Issue. Are Members of Board of Education "Knocking" School?

The Board of Governors of the Hamilton Art School met last night to consider what action should be taken in view of the fact that the City Council had decided to stop the yearly grant of \$3,500 after this year. The president, Rev. Dr. Lyle, expressed the opinion that it is a burning shame that this school should be closed for want of funds.

INTEREST CASE.

Liviered Collector For Brantford Merchants. Ex-Alderman's Wife Dead—Indian Fined.

(Special Despatch to the Times.) Brantford, April 14.—There was a stir at the police court here yesterday in action brought by John P. Pitcher against R. A. Patillo to recover \$15 advanced to the latter on a loan when Mr. Thos. Woodruff, one of the lawyers in the case, intimated that proceedings might be taken against the complainant for charging Patillo an exorbitant rate of interest. It is alleged Pitcher charged Patillo \$2 for the use of the money for one week, making the rate of interest over 400 per cent. The case was settled by the magistrate ordering the defendant who was charged with securing money under false pretences, to pay back the amount.

TO ADOPT SYSTEM. Brantford merchants have decided to adopt the Guelph system of collecting debts by a liviered collector. D. A. Scroggie, the official collector of Guelph, addressed a large meeting last evening and a committee was appointed at the conclusion to arrange the details of the system to be inaugurated. Local merchants present stated that it was impossible to have a strictly cash system. The new system was looked upon as the best method of overcoming indiscriminate credit.

SAD DEATH. The death is recorded here of Mrs. Suddaby, wife of Ex-Ald. Samuel Suddaby, and one of the founders of St. John's Anglican Church here. The deceased was highly esteemed by a large circle of friends and acquaintances. She was in her 63rd year.

GENERAL NOTES. A Maracle, an Indian, was fined \$5.75 here yesterday for shooting on the farm of E. E. Hopkins. The Indian said he was shooting for muskrats, but as other game abounded in the district, he was fined and his breach loader seized.

GORE LEAGUE. Had an Instructive Missionary Mock Parliament. The missionary mock parliament presented by the young people of the Epworth League of Gore Street Methodist Church last night was much appreciated by all who attended. In spite of the rain there was a large attendance of people from many parts of the city, and they received an entertainment which was not only amusing and interesting, but instructive along missionary lines to such a degree that few of those present left without adding materially to their stock of knowledge regarding the question which is claiming the attention of laymen so prominently of late.

FOR AIR TRIPS. The Europe-America Navigation Society. New York, April 14.—Supreme Justice Hendrick approved yesterday the certificate of incorporation of the Europe-America Aero Navigation Society. The corporation is formed to promote flights in dirigible balloons across the Atlantic Ocean from Europe to America and to aid, assist and encourage, financially and otherwise, aeronautic inventors to advance the development of the science of aeronautics to awaken and stimulate interest in aeronautic sports, and to propagate aerial navigation by the dissemination and publication of literature, lectures, exhibitions and otherwise. The home office of the society will be in New York city, but the society proposes to establish branches throughout the world.

DEAD IN BED. St. Thomas, April 14.—William Weldon, a highly respected citizen, aged 79 years, was found dead in bed at his residence, 50 East street, this morning. He retired in his usual good health last night. Mr. Weldon was for many years interested in the flour and feed business in this city.

GOVERNMENT BOAT. Windsor, April 14.—The steam yacht Navark, owned by A. J. Burge, of Windsor, has been practically purchased by the Ontario Government to be used in the Bay of Quinte, where a large number of licenses are issued each year to U. S. tourists.

GOLDEN WEDDING. (Special Despatch to the Times.) St. Catharines, Ont., April 14.—At the home of Archibald Hodge, Lyman street, was the scene of a pleasant gathering last evening, when Mr. and Mrs. Hodge celebrated their golden wedding anniversary. Mr. Hodge has been for many years an esteemed member of the H. M. Customs staff in this city.

THEATRICAL ROW. CAUSED SOME STIR THROUGHOUT CITY. (Continued from Page 1.) The part of the T. H. & B. Co. to enter into any arrangements for a Union Station however desirable from the standpoint of the city such an arrangement might be, the T. H. & B. in view of the heavy expenditures for bridge improvements on the line now in hand, would find it difficult to finance such a scheme.

(Special Despatch to the Times.) St. Catharines, Ont., April 14.—A theatrical row is now on in St. Catharines. Some time ago the Grand Opera House was purchased by Harry Marsey, of Niagara Falls, N. Y., and turned into a vaudeville house. A. J. Small, of Toronto, the well-known booking agent, claims that the agreement at the time of the sale was that the new proprietor would run vaudeville between the companies already booked. Marsey, however, cancelled the booking arrangement by giving, it is said, longer notice than he was required to give in advance. Yesterday Mr. Small came over from Toronto, and finding that the Lena Rivers Company booked for St. Catharines last night had not been advertised, and that Manager Elliott had refused to allow them to take their property into the Opera House, secured a temporary injunction from Judge Carman to restrain Marsey from interfering with the booking arrangements. "Lena Rivers" was accordingly played, but not without trouble.

Elliott was driven from the box office and Stage Manager Gray relieved from duty, and a man appointed by Mr. Small placed in charge. Elliott claims that he can show to the satisfaction of the court that his action was justified. The McGorman a week hence.

LONDON WEDDING. Marriage of Miss Carling to Mr. C. S. King, of Windsor. (Special Despatch to the Times.) London, April 14.—The largest and most fashionable wedding of the season was solemnized this afternoon at half past two in St. Paul's Cathedral, when Miss Nenone Louise Carling, youngest daughter of Mr. and Mrs. T. H. Carling, was married to Mr. Charles Stanley King, of Windsor. The cathedral was beautifully decorated, and the bridal party proceeded up an aisle banked with ferns and lilies to the altar, led by the choir boys of St. Paul's singing "A Perfect Love." The bride wore a Brussels point lace trimming, surrounded by a veil of net, studded with pearls. She carried a bridal bouquet of roses. She was given away by her father, the Lord Bishop of Huron, assisted by Canon Dorn, Miss Dorothy King, of New York, was maid of honor, and the bridesmaids were Misses Dorothy Betts, Dora Labatt and Estelle Leonard, of London, and Miss Ina Atkins, of Ireland. The groom was supported by Mr. W. Tallman, of Detroit, and the ushers were Messrs. Stanley Swift, of Amstercam, New York; M. M. Ampeau, of Campbell, George King, of Windsor; Deane Becher, Stanley Meredith and James Carling. The groom's gift to the bride was a beautiful Marquise ring set with diamonds, with a sapphire centre. Among other presents received by the bride was a pearl pendant and amethyst desk from the travellers of the Carling Brewery Company, and a piano from the Windsor Gas Company, of which the groom is a director. Following the ceremony a dainty wedding supper was served at the bride's home, after which Mr. and Mrs. King took the evening train for New York, where they will spend a month there, and will take up their residence in Windsor.

CHEAP FARES. Secured For Greater Hamilton Exposition at Maple Leaf Park. A few weeks ago S. L. Robertson, manager of the Maple Leaf Amusement Company, attended a meeting of the Canadian passenger agents at Toronto, for the purpose of getting reduced rates on all railroads during the Greater Hamilton exposition, which will open at the company's new park on Victoria Day. He showed that the exposition would be the means of bringing a large number of visitors to the city and his suggestions met with the approval of the agents for he was notified yesterday that single fare rates would be given during the entire two weeks from all points within a radius of eighty miles. He has also arranged with the steamboat company for reduced rates and it is expected that the Dominion Power and Transmission Company will fall into line and offer reduced rates on all radial lines. The reduced rates will be the means of bringing a number of visitors to the city, and not only the exposition, but the city in general will be benefitted by the cheap fares.

FOOLISH BOY. Newburg, N. Y., April 16.—Willbur Taylor, aged 17, is lying in the hospital here from a gunshot wound, self-inflicted. Inspired by jealousy, Taylor went to the home of Miss Georgia Dolbs, aged 19, and wounded her slightly with a revolver. He then went home and shot himself with a revolver.

EVELYN THAW Found Playing With a Snake Coiled Round Her Arm. New York, April 14.—After a long hunt, process servers located Mrs. Evelyn Nesbit Thaw at a house on West 33rd street last evening, and served papers in supplementary proceedings in the suit of Miss Eliza Hartung, a milliner, who got judgment against Mrs. Thaw last September for \$253. Mrs. Thaw was found playing with a snake, which was coiled around her left arm. When told of the proceedings, she said: "I'll be there, but the whole thing is a farce. I don't owe the money."

## Gossip and Comment

The announcement in the Toronto papers that Frank Elmore's sporting club will promote a \$3,000 Canadian Marathon Derby on May 1, will cause a stir in running circles. The race will no doubt attract nearly all the best of the native pro. gallopers, and should be a big success. Just how Tom Flanagan, the daddy of real road racing in the Queen City, will feel about this proposition, will not be hard to guess. But Mr. Flanagan has himself largely to blame for this "playing one paper." Promoters should play to favorites.

Perhaps the B.C. and the Nationals can get the two Brantford franchises in the Brantford-Hamilton-Scarboro League.

The following story comes from New York.

Thomas W. Ryley left Fleischman's Baths last Sunday morning, and on his way through Forty-second street stopped in a restaurant for a bite. He had a big bundle of Sunday papers under his arm, and seating himself at a table, gave his order to a waiter.

"Bring me the paper," three minutes.

"In a moment the waiter was back, and, standing by Ryley, was perusing the papers over his customer's shoulder.

Annoyed at this, Ryley looked up to reproach him, when the waiter said:

"Did you see who won the big Marathon yesterday?"

"Yes, some Frenchman—St. Yves or some such name."

"Yes, that's right. But did you know that a year ago he was a waiter, just like me, only he worked in the Hotel Cecil in London?"

"Is that so?" said Tom.

"Yes, indeed, and the way they found out that he was so swift was this: An American sporting gentleman—I think his name was Harry Pollock—went to his table and ordered the identical same order you just gave me. Three eggs—three minutes, and he brought them in two."

Here's some red hot information from the Toronto World.

Somebody in Hamilton is raising a howl on behalf of Albert Edwards in connection with the championships. The Hamiltons had made his entry all right and appeared at the rink on first night, but declared that he had cramps and was unable to go on, stating that he would be ready the following night, when, however, he failed to show up, and there the matter ended until Secretary Crow yesterday received an alleged complaint by letter.

This was the reason Hamilton came to getting a man to start in the championships, though they are having a tournament April 23 and 24 in their armory, open to registered amateurs, and they're looking, too, for some of Toronto's good boxes.

Ted Banks, the heavyweight, who was disqualified and suspended for stalling the second round in his bout with Henderson last Saturday night, insists that he would have cut loose in the third and won all the money. This statement looks good if some one could explain why even money was offered in the first round in profusion against Banks' chances.

All of which is a reminder of a recent local wrestling bout between Rogers and the Arabian Turk, when the good thing gambled got away with the coin. It was given out before his show that Rogers was to quit hurt, and even after he won the first fall the wise coterie were around with Abdallah money. Then sure enough the Turk put his man out with a trick bit from the cartilage. This, however, did not prevent Rogers wrestling just seven days later in Hamilton.

Hugh D. McIntosh says that if he cannot induce Jeffries to fight Johnson, he will offer \$50,000 for a match between Johnson and "some other good white man," to be decided in Australia. McIntosh does not think that Ketchel would have a chance with the negro.

Harry Rosenthal, Toronto's Sol Mintz, has gone to Deseronto, where he hopes to find a second Longboat to try for first money in the Canadian Marathon Derby to be run at Haanlan's Point on May 1st.

## M'MICHAEL AND CRISPEN AGAIN.

George Crispin, of London, who was defeated by Willie MacMichael, of this city, will have an opportunity to regain his lost laurels at the Britannia Rink on Friday night in a mile race. Crispin had many excuses to make after the last race and claimed that he was not in condition, but he is now training hard and result may be different. Willie MacMichael can be depended upon to give Crispin a hard race and if MacMichael loses Crispin will have to do the mile in record time.

## KAUFMAN WILL NOT DO

He Failed to Stop Tony Ross.

Fast Ten Round Bout At New York.

Gotch and Mahmout Meet To-night.

New York, April 14.—With Jack Johnson at the ringside Al Kaufman, who has been challenging the negro for several weeks failed to stop Tony Ross, the Italian heavyweight in a ten-round bout at the Fairmont A. C. last night. Kaufman handed out a severe beating to his antagonist, but he was so slow in his attack that he lost several chances to score a knockout.

Ross had a great punch in either hand and was as game as they make them. In the fourth round he staggered Kaufman with a right hand smash on the jaw and in the fifth he sent Kaufman reeling into the ropes with similar wallop, but Kaufman came back quickly to the head, getting a hard left to the forehead at the end of that round. After that Ross took a terrific beating.

In the ninth round he was knocked down twice, but Kaufman, though he did his level best, could not put him away. Ross was full of fight up to the final bell, but he would surely have been stopped in a longer bout.

Kaufman's lack of aggressiveness was his chief fault. He showed that he could take punishment and come back, also that he could hit with powerful effect, but until he shows speed in his attack he would not have any chance with Johnson or Ketchel, it was declared.

Jim Coffey, of Colma, Cal., was a spectator. He had nothing to say about the outcome of the bout, but he did say that while he had no signatures to a contract he was sure would secure a match between Johnson and Ketchel, to take place some time after the first of next October.

Four preliminaries of four rounds each preceded the semifinals and main bouts. All of these went the limit except one in which Chick Murray and Billy Lacy stopped at the close of the second round.

Willie Sullivan and Tommy Furey met in the semifinals scheduled for six rounds. Furey did most of the work and a decision in his favor would have been welcomed by the members.

No time was lost in getting Kaufman and Ross together, and the former showed quickly by left jabs and a heady right that he had his man's measure taken. Kaufman was cool and deliberate in measuring his blows, but the only telling blow Ross sent back was a right swing on the side of the head. The fight was easily Kaufman's round.

In the second round Ross rushed, but he was stopped by three left jabs, which drew blood from the nose. Tony bowed in with a hard left to the body and took a left smash on the face in return. Ross bulled toward the end of the round, but Kaufman was master by a small margin at the bell.

The third round found Ross willing and facing the issue. He sent two rights to the head, getting a hard left in return and a hard left face, which made the blood spurt again from the nose.

Kaufman was by far the better general in this round.

Left and right to the face were the blows Kaufman opened the fourth round with. Ross plugged for the wind, but he took many a blow in his face, one of which split his lip. There was no question of the Italian's gameness, but he was outpointed.

At close quarters in the fifth round Kaufman had the better of any changes, but Ross, rushing with left and right to the head, forced the Californian twice to the ropes. In a clinch Kaufman pummeled hard on the body, but Ross was about even.

Kaufman missed several blows in the sixth, but in every clinch he was the better punisher. Two hard lefts to the body by Ross steadied the big fellow, and honors were even at the bell.

In the seventh round Kaufman led the left twice to the face, opening a gash over Ross' right eye. Tony plugged for the body, landing effectively, but the big fellow beat him off at long range work. Kaufman's round by a small margin.

Kaufman sent left, right and left, in quick succession, to Ross' face in the eighth, but he allowed the Italian too much time to recruit. Tony sent a hard left to Kaufman's jaw, but suffered a namer later as Kaufman was on top of him all the time, forcing him to the ropes and doing all the leading.

DEPENDED ON LEFT JABS.

In opening the ninth round Kaufman depended on left jabs to the face and then sent Ross to the floor for eight seconds with a left hook to the jaw. Ross came up quickly and was soon gagging around the ring from a concussion of right and left smashes to the stomach. Kaufman missed a great right swing for the head a second before the bell rang.

Ross hugged at the beginning of the tenth, taking many a punch before he got in a left smash to the face. Kaufman was seemingly unable to measure his blows and was wild in his attempted blows for a knockout, but was the stronger by far at the finish, winning easily on points.

GOTCH AND MAHMOUT.

Chicago, Ill., April 14.—To-night the attention of the sporting world of two hemispheres will be centered on this city, where Frank Gotch will defend the world's wrestling championship in the match with Youssif Mahmout, the latest Turk.

All indications are that the mat-batter will be bitterly contested. While Gotch remains the favorite in the majority of the bets registered to date, at about eight to five, there has been some gambling at a lower rate, and so well does the Turk stand in the estimation of Chicago sport lovers that they would not bet against him if the money were to the fray at something like even money on Wednesday evening.

Fred Bell, American, Charley Olson, Ordean, Westgard and a host of other good men have fallen before Youssif and there are all words which advise for him and predict that he will keep the champion trophy busy.

Both men finished their hard training work today. Gotch, who has been in the neighborhood of 210 pounds since his return from England, has reduced from that figure to about 200, at which weight he will go on the mat. Gotch wound up his preparation at the Illinois Athletic Club, where to-day he worked with Farmer Burns, Emil Klank, Ordean and others, after a hard run through the park. Having a bad cold, which has threatened to settle on his lungs, Gotch is in good form, and Farmer Burns, who knows him better than anyone else, declares that his condition is superior to that in which he faced Hackenschmidt a year ago.

"The Turk is a good man, but Gotch will win," said Burns to-night.

Gotch himself anticipates a rough argument, but hopes to win quickly, and he will tear into his man from the start, realizing that there is nothing in a long game with such a superbly conditioned man as the Turk.

"Tell my Buffalo friends," said Frank, "that isn't cool enough, all right, but I think it will do."

The Turk ran into a snag at the Chicago Athletic Club the other night. He has been training there, but when asked to appear at a club performance he did not do so on the plea of a cold. Gotch is doing his spring work. The chance of a rival club and wrestled at the show. Having suffered a similar slight from Hackenschmidt a year ago, the C. A. A. people were disgusted and asked the Turk to remove his effects from its gymnasium. This he did and trained in private at home.

Manager Pierre declares he has the future world's champion.

"If my man does not win I will be the first in Gotch's dressing room to say: 'Frank, you are a great man,' said Pierre to-night, 'for the man who defeats Hackenschmidt must be a great wrestler, greater than the Russian lion by far.'"

Dr. Roller, of Seattle, and Ernest Siegfried, the German Oak, fresh from the old country, and others, not a man among the professional wrestlers here, but expects the mat battle of the year, if not of the age. Gotch sprung a starter on the Turk's camp to-day when he insisted that the rules be strictly adhered to in the matter of shoes. The rules call for wrestling or gymnasium shoes to be worn, and the Turk has proposed all along to wrestle in bare feet and thus evade the toe lock. Gotch informed Ed. Smith, the referee, that the Turk must wear shoes. Mahmout's party have not yet replied formally to the ultimatum. Some think either man will yield the point, and in any event it is scarcely likely that the incident can affect the holding of the match.

The match will break all gate records and indications are to-day for a \$40,000 house at Dexter Pavilion, which is being given in the days of big wrestle gates, and it must be remembered that Gotch got more for wrestling Rollen in Seattle and for meeting Raoul De Rouer in Kansas City that he got for meeting the Russian lion, and he got over \$6,000 for his bit that night.

## IS SWIMMER DANIELS GETTING INTO HOT WATER?

Boston, April 14.—C. M. Daniels, America's greatest all-round swimmer, has surrendered to King Cupid, and with his wedding in May to Mrs. F. C. Wagner, of Buffalo, will retire from the competitive field.

Daniels withdraws from aquatic sports in the zenith of his career with a brilliant future lying ahead of him. His latest feat, in Pittsburgh, when he lowered Barney Kieran's 220-yard record of 2 minutes 28 2/5 seconds, was a demonstration that he is but coming to his full power.

With his ever-increasing speed there is no telling what the young champion might do were he to continue swimming.

The record he is proudest of: 100 yards in 55 2/5 seconds, 120 yards in 1 minute and 10 seconds, 150 yards in 1 minute and 32 2/5 seconds, and the 220 yards in 2 minutes 28 2/5 seconds, are so superior to anything any other swimmer has accomplished, that it is hard to say what his limitations are.

When Daniels entered the field our swimmers were the joke of Europe.

To-day we have to our credit many world's records, and we vie with the best in tests of speed and endurance. And we owe much to the quiet, unassuming Daniels. He it was who led the invasion of Great Britain alone and unsupported, and his persistence resulted in the capturing of the most valued championship in England, the 100-yard event.

Daniels is 25, and if he can be induced to reconsider his determination, has several good seasons ahead of him.

At close quarters in the fifth round Kaufman had the better of any changes, but Ross, rushing with left and right to the head, forced the Californian twice to the ropes. In a clinch Kaufman pummeled hard on the body, but Ross was about even.

Kaufman missed several blows in the sixth, but in every clinch he was the better punisher. Two hard lefts to the body by Ross steadied the big fellow, and honors were even at the bell.

## CANADIAN MARATHON

A \$3,000 Race at Toronto on May 1.

Is Being Promoted by F. H. Elmore.

Toronto, April 14.—The long-expected Canadian professional Marathon Derby is a reality.

The \$3,000 Canadian Marathon Derby!

That is the title.

The date is May 1, and the scene of the racing and chasing will likely be Rosedale Athletic Field. Frank H. Elmore, of the Mail and Empire, Toronto, is the secretary of the club that is promoting the race, and the contest is open to residents of Canada only.

The two first entries in are Fred Simpson, the Ojibway Thunderbolt, who trimmed Fred Appleby, the 15-mile champion, and Red Hawk (Henry Jackson) of Millant, who defeated Washington 3 to 0. Lake was very effective with runners on the bases. A one-handed catch by Freeman of McOmell's line fly in right was the feature of the game. The score:

Washington... 000000000-0 6 4

New York... 000000000-5 7 3

Batteries—Hughes, Groom and Street; Lake and Kleinow.

REACH'S GUIDE.

Reach's Official American League Guide for 1909, published by the A. J. Reach Company, Philadelphia, and edited by Mr. Francis C. Richter, of Sporting Life, is out, and is, as usual, first in the field, thus making it the harbinger of the baseball season. It can be said without any qualification that, excellent as all of the editions of the Reach Guide have been in recent years, the 1909 Reach Guide is the best hand book of the kind ever issued by this or any other publisher.

D'ORO AT OTTAWA.

He is Playing For 'Canadian Pool Championship.

Ottawa, Ont., April 14.—Alfred D'Oro, of New York, and Edmund Pelletier, of Montreal, met here last night in the first part of their 600-ball pool match for the Canadian championship, now held by Pelletier. D'Oro was in great trim, while Pelletier was off color, the Cuban winning out by 161 to 66. The men were to have played 150 balls each night until Friday, but D'Oro, when he had 149 to his credit, fell down on a side cut to the corner and left Pelletier safe. They then had to open a new frame and conclude it, the final being as above. Their totals, of course, will count in the 600-ball score. D'Oro proved far too much for Pelletier, the New York champion making phenomenal shots, while the Montreal crack showed no extraordinary class. D'Oro had an average of 4-1-2, and high runs of 14 and 15. The balls were reframed after each clearing, the American rules being enforced. Len Howson, of Montreal, was referee. A big crowd attended.

SWIMMING CLUB MEETING.

Last night's meeting of the Hamilton Swimming Club was well attended. Mr. S. Job presided. Various new committees were formed, including a special one for the instruction of beginners, of which Mr. F. Lawrence, the well-known Hamilton swimmer, is chairman. Owing to the rapidly increasing membership, a special Reception and Social Committee was drafted, while other members were appointed to manage carnivals and other public exhibitions of the club. One of the first duties of this committee will be to arrange for a carnival that the club will hold in connection with the visit of the Brantford Swimming Club.

DIVORCE BUSINESS JULL.

Has Fallen Off Sixty Per Cent. Since Hard Times Arrived.

Pittsburg, April 13.—When the bi-monthly divorce court opened in Pittsburg today it was discovered that divorces have fallen off in Pittsburg about 60 per cent. in the last fifteen months. The business depression is given as the cause by idle attorneys.

There were many humorous incidents in court to-day. Mrs. Adda Swartz asks a divorce because she says her husband insists on praying at 4 a. m. William D. Walker, who got married on Christmas Day, says his wife became intoxicated on New Year's Day and made love to another man. Mrs. Virginia Custer says her husband plays the mouth organ while she has to chop wood.

HYSLOP BICYCLES

Bicycles are rapidly coming back into popular favor, the demand this year being five times what it was five years ago. We have planned for it in two ways—by getting the very best English wheel we can for popular selling, and saving to our customers all intermediate profits by filling orders direct by mail instead of through agents. In this way we can offer

\$50 Wheels for \$25

and give better satisfaction all round. The quality of the wheels is all right—only the best materials used and only skilled mechanics employed in construction. The equipment is right up-to-date and the machines throughout are such as we can thoroughly recommend. We sell automobiles as well as bicycles and our plan is to make wheels serve as a good advertisement to the entire business. Send for illustrated folder.

MADE SAVING OF \$10,000

By Lines of Economy Adopted For This Year.

Playground Scheme in Connection With Football Park.

Three By-laws Will be Voted On at One Time.

The retrenchment policy pursued by the Council this year in cutting down the number of ward foremen, doing away with the services of the cement walk foremen and other lines of economy decided upon, it is believed, will save the city about \$10,000. It may be necessary to engage the services of one member of the Council this year, in view of the number of wards that are to be built. The aim of Mayor McLaren and his colleagues, who have decided that there shall be no more overruns, is to cut out as much as possible the capital expenditure.

Mayor McLaren announced this morning that it was the intention to submit by-laws for the purchase of a General Hospital site and for administration of civic affairs to the Board of Control at the same time as the power question is voted on. He does not think it will require a great deal of money to purchase the hospital site, and he believes that the saving to be made by this move will be great. The committee appointed by the Council to consider the matter will meet shortly and try and pick out a site.

There was not a word of objection in the Council last night when the resolution permitting the Library Board to dispose of the present building and select a new site for the library to be built with the \$75,000 donated by Andrew Carnegie was before the aldermen. Instead the Council unanimously approved of a resolution moved by Chairman Pergrine, of the Finance Committee, thanking Mr. Carnegie for his generous gift. It is understood that the Library Board is not in favor of the new building going up on either James or King streets, Jackson street, west of St. Paul's Church, is spoken of as a possible site. It would be necessary to purchase McKay's livery stable to secure enough ground.

If the Tigers carry into effect their scheme for a permanent grounds for the club and select a site considered central enough for a playgrounds, it is not improbable that the city will make an offer to share a fair proportion of the cost on condition that the grounds shall be open in the daytime for recreation. Some of the aldermen favor this plan. The Mayor thinks such a scheme would have paid the city years ago. The great objection to securing grounds now is that Locke street or Sanford avenue are too far out. Twenty years ago, His Worship says, Victoria avenue or Hess street were considered too far away from the centre of the city. He is so optimistic about Hamilton's growth in the next ten years that he believes that Locke street or Sanford avenue will be considered quite convenient.

The Mayor is not at all disturbed over the predictions that have been made of his downfall at the next election, because of his stand on the Art School grant. "I would rather have one good year than two bad ones," said His Worship, "and as long as I am here I will say what I think."

The following permits were issued this morning: E. B. Patterson, brick house on Argue street, south of Delaware avenue north of Morgan, \$2,000. E. H. Patterson, addition to 423 James street north of J. McMichael, \$200. L. S. French, brick house on Summit avenue, Mountain top, \$1,800. E. W. Woodhall, brick house on Holton avenue, between King and Main streets, \$2,400.

SHE GOT OFF.

An Alleged Hamilton Woman in Trouble in Buffalo.

(Special Despatch to the Times.) Buffalo, N. Y., April 14.—Arrested late yesterday afternoon in a Main street department store, on the charge of shoplifting, it being alleged that she stole merchandise to the value of \$5, a woman, describing herself as Mrs. Mary Weiss, 25 years old, of Hamilton, Ont., was released on suspended sentence in police court this morning. The young woman was arrested by Detectives Newton and Murray after it was reported to them by one of the private detectives in the Sweeney Company's store that Mrs. Weiss had been stealing from different counters. A charge of petit larceny was lodged against the woman. Mrs. Weiss is a delicate health, and the complainant in the case and the officers interceded in her behalf, with the result that Judge Nash gave her her freedom. It is possible that she could have proven her innocence.

MR. DILLON'S DEATH.

The remains of A. J. Dillon, who was accidentally electrocuted at Greenwich, Connecticut, arrived in the city this morning and the funeral will take place from the residence of his sister, Mrs. Nellie Cahill, 293 Hughson north to-morrow morning at 8.30. At the time of the accident deceased was installing an indicator on top of a train running out of New York. An eleven hundred volt wire came in contact with his head resulting in his death. The remains were accompanied by two friends, Mr. R. J. Wallace and Mr. Martin Cloughter, both of New York.

The Maple Leafs were defeated yesterday by the King Edward school by a score of 17-13. Batteries: Adams and Reeves; K. Treleven and C. Webber. At 6,000 feet below the surface of the sea there is a uniform temperature just above the freezing point.

TEA TABLE GOSSIP.

—Comic opera, "Burra Pundit," at the Grand to-night. Don't miss it.

—Mr. W. F. Moore, principal of Dundas public school, has been elected a member of the Council of the Ontario Library Association.

—Mr. and Mrs. Rutherford, Mrs. Francis, Mr. and Mrs. P. D. Crerar and Miss Violet Green, of this city, are registered at The Welland.

—Among the passengers on board the steamer Adriatic, which sailed to-day for New York, is Prof. Wm. Osler, regius professor of medicine at Oxford.

—Mrs. Edw. Lasche, late of the Selman stock company, will be the guest of Mrs. Dumbrie during her stay in this city, and will be at home to her friends.

—Mr. and Mrs. John N. Lake, formerly of this city, who have been in California, returned for the celebration of the diamond wedding of Mr. and Mrs. Silas F. Lake at Trenton, Ont., yesterday.

—A private roller skating party from Hamilton attended the Waterloo rink at the terminal station on a special car, and after having a most enjoyable time, arrived home about midnight.

—There was a big rush for seats at the Grand Opera House box office this morning for the T. M. A. benefit performance, which will take place on Friday afternoon. Each seat holder received a handsome souvenir.

—Mr. Ed. Dore, of this city, traveller for the Fowler's Canadian Company, addressed the Galt Board of Trade last night, on pure food and meat supplies. He was given a hearty vote of thanks. He advocated a municipal abattoir.

—The police have obtained no clue as yet in the case of the three market stalls, rented by William Bowering, Gus Ante and Charles H. Shute, respectively. Sixteen pounds of butter, some apples, radishes and rhubarb, were the thief got away with, and the police think the stalls were entered by means of duplicate keys.

RESULTED IN A REUNION.

Little Paragraph in Times Brought Together Many Relatives.

A couple of days ago the Times published an item asking Mary Peirce to call at the police office as her sister was to be married at Rochester shortly and she wanted her to be at the wedding. Both girls were of the opinion that they were the only ones left of the original Peirce family and though they never communicated with one another they knew one another's whereabouts. The query the other day has brought out startling developments. The little space taken up in the Times with the story has resulted in a whole army of people turning up who are close relations of the girls.

It has also corrected an error under which both girls have been laboring. Their right name is Price, not Peirce. The girls were the daughters of a Canadian, who had a large family of children. He went to the States, enlisted in the American army, and saw service.

Through some mistake he was entered on the right name as Peirce, and he never changed it. He was discharged under that name, and received a pension till the time of his death under that name also. The family was scattered from infancy, when their mother died, and their father enlisted, and none has seen the others since. Mrs. Murray, 181 Jackson street east, who is at present rather ill, is a full sister of Florence and Mary Price. She is the eldest child, and has lived here for a long time. Mary Price left here some time ago to go to Detroit, and later went to Milwaukee, to visit her cousin, who married a fireman there. Her name was Thurling before her marriage.

William Price, 422 John street north, employed by the Eagle Knitting Company, is the brother of the three so strangely united sisters, and with the joggling his memory got, he remembers the details of the early part of his life clearly.

Jimmy Price, the little cripple, who was drawn around in a wagon by a goat for years in the city here, was a brother of the Prices. He died in Rochester, with \$300 or \$400 in a bank there to his credit. There is also another brother, and strange as it may seem, he lives within a few blocks of his sister Florence in Rochester. He lives on Clinton avenue, but goes by the name of Price. He had never known how near his sister lived to him and does not know yet, unless the letter the police sent has been received over there. It is altogether likely that the wedding will be postponed now and celebrated in conjunction with the strangest family reunion that has been known for years. The police thanked the Times on behalf of the Prices and Peires for the paragraph which brought about the present state of affairs.

TO MACNAB.

Margaret McCoy Engaged as Leader—Other Choir Changes.

It was learned this morning that Miss Margaret B. McCoy, who for the past year has been soprano soloist in St. Paul's Presbyterian Church, has resigned her position to accept the leadership of MacNab Street Presbyterian Church choir from which Mr. Victor Hutchison recently resigned. Miss McCoy was offered the position some weeks ago, but could not see her way clear to accept it until yesterday.

MacNab Street Presbyterian Church is to be congratulated on its selection of such a brilliant singer and musician for leader. Miss McCoy's experience in choir work has been long and she has had the distinction of occupying the soprano soloistship of the Jarvis Street Baptist Church choir, Toronto, of which Dr. Vogt is the director.

Mr. Walter Penecok, the bass soloist, and Miss Annie Sutherland, the contralto soloist, will remain with Miss McCoy, who will assume her duties about May 15. In connection with choir changes one of interest has just been completed. Mr. Chester Walters is retiring from the leadership of James Street Baptist Church, and on May 1 will be associated with Knox Church choir as tenor soloist. Mr. Walters finds his business requires too much of his time to enable him to look after the interests of the James Street Baptist choir as director.

CAB OWNER AND DRIVER

Must Have License and Permit, Respectively.

Mixed-Up Case in Police Court Settled That Way.

Two Prohibited Persons Before the Magistrate To-day.

Magistrate Jelfs, Mayor McLaren, Chief Smith and Kennedy & Simpson, livermen, figured in a badly mixed up case at the police court this morning. Constable Lowrey summoned Kennedy & Simpson, Hay Market, on a charge of driving an unlicensed cab. Kennedy appeared at court this morning and said he was willing to admit that the cab was not licensed, but he wanted to have his partner explain why this was so. Simpson was called and said that on January 1 he applied to Chief Smith for a cab license, which costs \$3. It was refused him by the Chief, and the City Clerk, he said, and he then took the cab out without license. He said that the Chief and City Clerk asked him to pay a cab license in his own name or his partner's, and pay \$1 extra for a driver's permit, in the name of the other half of the firm, who did not figure on the cab license. This he refused to do. He further stated that as far as he knew owners never asked to take out permits and he thought he was being held up. After talking over the case for some time Magistrate Jelfs asked the partners why they didn't go to the Police Commissioners with their request for a license, but they said they did not think it would do any good after they were refused by the Chief and City Clerk. Magistrate Jelfs ended the case by finding the defendants guilty and imposing a fine of \$5. Kennedy & Simpson refused to take this as final and went direct to the City Hall from the Police Court to see Mayor McLaren, who explained the case to him, and His Worship read to them the law. It is that a cab license cannot be issued to a firm, it must be to one of the owners, and he is the only one who can drive the cab without a permit. Otherwise a dozen men could pay for one license and escape permits. This put a different complexion on affairs, and as Kennedy & Simpson were willing to obey the law when it was explained to them rightly, the fine was remitted, and they took out one licence and one permit.

A. E. Virtue was arrested last night by Constable Stoen while driving his own delivery wagon. Virtue had fallen from the paths of righteousness, also from the wagon seat. Virtue's name is on what is known as the "Indian list." He pleaded guilty and was fined \$20 or five days. He paid the money and departed.

Margaret O'Keefe, 194 Forest avenue, who was arrested a week or so ago with the man who held up the house full of people at 70 Nanier street and pointed a revolver at Constable Barrett, was locked up last night for drunkenness. She is on the "Indian list."

Samuel Thornton, Napier street, was fined \$2 for driving his cab without lights.

Fred Anderson, whose right name is said to be Croft, was remanded till to-morrow to be examined on a charge of insanity.

John Stevenson, James street north, was fined \$2 for being drunk.

SUCCESSFUL IN FINALS.

Students Who Passed the Recent Normal School Examinations.

Announcement is made to-day by the Education Department of the results of final examinations in grade A, held at the various Normal schools, March 29 to April 3. Those candidates who failed will be required to attend the rest of the session and write on the examination to be held in June, 1909. The marks of unsuccessful candidates, as well as the certificates of the successful candidates, will be held by the department until the addresses reported to the Department of Education.

Permanent second-class certificates will be issued to those of the successful candidates who are 21 years of age, and interim second-class certificates to those under that age. Candidates who have been admitted to the course at the Ontario Agricultural College, Guelph, will find cards of admission enclosed with their certificates.

The Hamilton students of the Hamilton Normal College, who were successful were: Olive Aiken, Lena B. Albridge, Frances A. Bennett, Ruth A. Macklem, Elizabeth A. Park and Margaret M. Trainor.

Dundas—Sarah E. Boyle, Margaret Morton, Gretta A. Fahy, Woodburn, Edna D. Twiss.

A SAD LOSS.

One of Lynden's Best Citizens Died Very Suddenly.

There died at Sheffield on Tuesday one of Lynden's best known and most influential residents in the person of Geo. H. Mulholland. Mr. Mulholland had gone with Mrs. Mulholland and their grandson on a visit to Mr. Shipman, at Sheffield, Monday when he was stricken severely with paralysis at the dinner table and never regained consciousness, dying on Tuesday afternoon, at six o'clock. The deceased had been for many years prominent in the public life of the township of Beverly, having served as councillor, first deputy reeve and reeve and also as county councillor. He was for many years a director and enthusiastic supporter of the World's Fair, was a past president and director of North Dumfries and South Waterloo Fire Insurance Co., was for three years license commissioner for North Westworth and in many other ways fulfilled his duty in the service of the public.

He lived for many years about mile east of Troy, but retired from active farming about fourteen years ago and bought the Vanick property at Lynden. Since going there he served as police trustee for one term, was always an enthusiastic supporter of the Reform party and actively took part in its counsels. He will be much missed as a public-spirited citizen, a wise counsellor and a kind friend.

He leaves besides the widow four sons and three daughters, Austin, on the homestead; Edgar, of Detroit; Harry, of Minneapolis, and Wallace, of Saginaw; Mrs. Ross Shaver, of Waterloo; Miss Iva of Battle Creek, Mich.; and Mrs. Elmer Stewart, of Lynden.

DUE TO WHEAT

Cause of the Failure of Ennis & Stoppin Firm.

New York, April 14.—The failure of the consolidated stock exchange house of Ennis & Stoppin, which for more than fifteen years has occupied offices at 38 Broad street, is generally attributed, in the absence of any statement from members of the firm, to the steady rise in wheat, which has been persistently fought by the small speculators.

The bankruptcy proceedings had their initiation in Chicago, although the petition was filed in the United States court here by the house of Grossman & Vorhaus, acting for three New York creditors, whose claims totalled \$2,772,325. The petition in bankruptcy places the firm's assets nominally at \$400,000 and its liabilities at \$1,500,000. It was said that it was doubtful if either assets or liabilities would reach these figures.

The \$400,000 figure was given because that was the firm's Bradstreet's rating last year.

A. E. Carpenter, of this city, is the local representative of Ennis & Stoppin. Mr. Carpenter stated this morning that the business of Ennis & Stoppin was but a small portion of his firm's operations, and that the business of his office would not be affected except in that one connection. The number of local people involved, he added, was small and the amounts not large. Until a statement is received it will not be possible to say just what the losses will be.

Colonist Excursions to Pacific Coast and Mexico.

Daily until April 30th, one-way second class colonist tickets will be issued by the Great Northern Railway system to the following points at very low rates: Vancouver, B. C., Seattle, Wash., Spokane, Wash., Portland, Ore., Los Angeles, Cal., San Francisco, Cal., Mexico City, etc. For further information and tickets apply to any Grand Trunk agent.

STILL CONFIDENT IN KINRADE CASE

(Continued from Page 1.)

ing jealously guarded by the crown authorities, the only people in possession of it, and it is understood that it will be used by George Tate Blackstock, K. C., the crown examiner, in his examination of witnesses when the inquest is resumed.

That interest in the case is still intense is proved by the wire pulling that is already in progress by citizens who seek admission tickets to the inquest. So great was the crush at the previous sessions that Mr. Blackstock, during his examination, was continually disturbed by the noise. Both the police and coroner issued admission tickets. This time the police will issue no tickets. Coroner Anderson will issue all the tickets himself, and they will be limited so as to avoid the annoyance experienced before.

The authorities definitely announced this morning that Florence Kinrade, the murdered girl's sister, who has figured so prominently in the case, and who is at present stopping with her mother at the Del Monte Hotel in Preston, will be one of the first witnesses called. It is reported here that Miss Kinrade is broken in health.
