and rapid cures, and is adapted to parients of any age or either sex. Being very palatable, the youngest children take it readily. In ordinary Coughs, Colds, Sore Throat, Bronchitis, Influenza, Clergyman's Sore Throat, Asthma, Croup, and Catarrh, the effects of AYER'S CHERRY PECTORAL are magical, and multitudes are annually preserved from serious illness by its stimely and faithful use. It should be kept at hand in every household for the protection it affords in sudden attacks. In Whooping -cough and Consumption there is no other remedy so efficacious, soothing, and helpful.

Low prices are inducements to try some of the many mixtures, or syrups, made of cheap and ineffective ingredients, now offered, which as they contain no curative qualities, can afford only temporary relief, and are sare to deceive and disappoint the patient Diseases of the throat and lungs demand active and effective treatment; and it is dangerous experimenting with unknown and cheap medicines, from the great liability that these diseases may, while so trified with, become deeply seated or incurable. Use AVER'S CHERRY PECTORAL, and you may confidently expect the best results. It is an advinced to the contain of the protection of the protection

— In one or two places in the out skirts of this town, roads that have been laid off for public use have been fenced off by private individuals and are being used as pasture. We have been equested to made mention of the fact, and particularly to ask the question, "Who authorized the man who has fenced off and is using for a pasture the road leading to the Episcopal Cemetery, to do such a thing off." Such a proceeding, is scandalous and ought not to be tolerated for a moment. In other places everything possible is done to be located for a moment. In other places everything possible is done to be beautify the resting place of the dead; but so far as the above cemetery is concerned efforts are in exactly the contrary direction.
