## BRIDGETOWN SCHOOL PASS LIST

### FIRST QUARTERLY EXAMINATIONS

Parents Exhorted to See That Children Pay More Attention to Home Work.

The following are those who have met the requirements in the first quarterly examinations. In the High School a first Division is from 75% to 100%. Second Division 60% to 75%. Pass 50% to 60%.

Names are in order of merit.

In the Common School reports, the names of all pupils who have failed to reach the standard of 60% in Arithmetic and English, do not appear in these lists.

Will parents assist the teacher by seeing that each pupil gives adequate time to the preparation of their home studies. One of the most serious hindrances to the effective work of our school is due to the fact that many students make little effort to master things assigned for home study. To master anything requires time and honest effort. The average school boy or girl does not realize how important it is for their future success that they acquire the habit of solving their own difficulties in their daily school tasks, but we who are older know that herein lies the secret to real success. Let us give our boys and girls every opportunity and insist they take the time to prepare each day's school work.

### GRADE XII

English (a)  
1st Div: G. Henson.  
2nd Div: Longley, M. Miller, (H. Myers, M. Orlando), L. Taylor, (A. Miller, C. Inglis, H. Beeler).

2nd Div: M. Miller, Inglis, A. Miller.  
Pass: G. LeCain.

## LOCAL MEN HAVE A CLOSE CALL

### Car Turns a Double Somersault Over Bank Near Mt. Unlace—Occupants Escape With Slight Injuries.

Five prominent citizens of this town, Messrs. O. W. Graves, Vinton Lloyd, Dr. L. L. Crowe, Dr. W. E. Harlow and Mr. K. L. Crowell had a narrow escape while returning from Halifax, in Dr. Crowe's car after the Dumbell performance. When negotiating a turn a few miles this side of Mt. Unlace, the car skidded and went over the bank turning two complete somersaults and landing on its wheels. Mr. Lloyd came out through the top, Dr. Crowe and Mr. Crowell maintained their seats while the other members of the party were scattered around promiscuously. Mr. Lloyd was bruised about the head and received some scratches. Mr. Graves received some facial injuries and Mr. Harlow in one arm. The car, a Studebaker, was practically ruined, losing mud guards, wheel, windshield and suffering other damages, too numerous to specify. The escape of the party with slight injuries was providential. Windsor was called up, another car secured and the party returned home.

## CENTRAL CLARENCE.

Mrs. Reagh and daughter Blanche, returned to their home in P. E. I., after spending a few weeks at the home of Mrs. Elizabeth Messenger. Chet Davies is visiting relatives in Brookton, Mass.

Glad to report Mrs. Harry Finnimore recovering from her recent illness.

School reopened on Monday, December 17th.

Fox ranches have been built on the properties of John Bennett, Everett Sproule, L. G. White and S. B. Marshall.

We are sorry to learn of the serious illness of Wilfred Marshall, young son of Mr. and Mrs. Frank Marshall. He is now at Memorial Hospital, Middleton.

Work at the warehouse of the Enterprise Fruit Co., has been suspended until the first of the year.

## ANNUAL MEETING SOCIAL SERVICE COUNCIL.

The annual meeting of the Social Service Council of Bridgetown was held in the Board of Trade Rooms on Monday evening. The following officers were re-elected for the coming year:

President—Capt. W. E. Gesner.  
Vice-President—Mrs. W. A. Warren.  
Sec. Treas.—Rev. F. R. Hayden.

With these names were added the following to constitute the Executive: Canon E. Underwood, Rev. A. D. MacKinnon, Rev. A. J. Prosser, F. E. Bath, Mrs. Harry Magee, Pres. W. C. T. U. (Mrs. J. I. Foster) and President Women's Institute (Mrs. F. W. Stevens).

Several matters, relating to social and moral welfare were considered by the Council and properly dealt with. The next meeting is to be held the fourth Monday in January.

## TOWN COUNCIL HOLDS SESSION.

The Town Council held their regular monthly session on Friday evening last. A number of routine bills were ordered paid.

Chief Bishop reported that all the town hydrants had been inspected and found to be in good order.

The Council recommended a re-organization of the Fire Department.

## ANNUAL MEETING B'TOWN RINK CO.

The annual meeting of the Bridgetown Rink Company was held on Monday night in the Curlers Room and was largely attended. Officers were elected as follows:

President—C. B. Longmire.  
Vice Pres.—E. R. Orlando.  
Sec. Treas.—A. F. Little.  
Directors—Paul Longmire, Francis Graves and A. B. McKenzie.

A vote of thanks was passed to Mrs. E. L. Fisher for her very successful efforts in organizing the Bazaar on Labor Day, also a vote of thanks to Mr. A. F. Little, Secretary-Treasurer.

The financial statement will appear in next issue.

## OBITUARY

### Miss Mary Fleischer Gesner

Entered into rest at her home, Belleville on October 16th, Miss Mary Fleischer Gesner, third daughter of the late DeLancey M. and Lucy Longley Gesner, and grand-daughter of the late Colonel Abram Gesner, M. P., leaving four brothers and four sisters to mourn the loss of a most faithful and affectionate sister. For many years a devoted member of the Anglican Church at Belleville.

## MR. V. L. PEARSON, B.A., LL.B., WILL REMAIN HERE CONTINUING THE PRACTICE OF LAW.

The many friends in town of Mr. V. L. Pearson, who for the past year had been associated with Mr. Harry Ruggles in law practice, are pleased to learn that he will continue practice here.

Mr. Pearson is a graduate of Acadia University and in 1923 was leader of the College debating team and manager of the Hockey team in 1922-23. After graduating from Acadia with the degree of B.A., he took up study of Law at Dalhousie where he was President of the University Law Society. Premier of the Mock Parliament and member of the Students Council. After graduating he entered the law office of Mr. Harry Ruggles. Mr. Pearson is thus splendidly equipped by ability and training to carry on most successfully a law practice in the town.

## MR. RUFFEE RELIEVING CUSTOMS EXAMINING OFFICER AT ANnapolis.

Mr. Allie Ruffee left on Tuesday for Annapolis, where he will continue until a permanent appointment is made, relieving customs examiner in place of Mr. R. R. Hayden, resigned. Mr. Hayden received his appointment last April.

## Personal Mention

One of the nicest courtesies you can show your friends is let them learn through this column of your visit whenever you go away. Let us know when you have visitors at your homes. The Monitor will consider it a courtesy whenever you give us an item of this kind. Write or phone No. 12 or 102.

Mrs. Andrew Gow of Bridgewater, is visiting in town the guest of her sister, Mrs. John Cameron and niece, Miss Una Cameron.

Mrs. J. P. Orlando spent a few days in Halifax last week and visited her daughter, Miss Rose at Mt. St. Vincent and her son Murray at St. Mary's College.

Col. C. E. Bent has been appointed Clerk to the Board of Censors.

Miss Sybil Benning, who has been spending the summer with her sister Mrs. C. T. Ferguson, sailed by the S.S. Canadian Fisher, on the 5th, for Jamaica, to spend the winter with her relatives, the Hon. George and Mrs. G. Seymour-Seymour.

Mrs. Augusta Spicer of Mount Hanley spent the week end in town visiting friends.

Councillor T. R. Charlton, of Williamson, was in town Tuesday and made a pleasant call at the Monitor office.

D. A. MacNeil, Supervisor of C. N. R. Telegraphs, Atlantic Region, of Moncton, has a gang of men working rebuilding the telegraph line between Bridgewater and Bridgetown. W. Roberge, of Montreal, is in charge of the construction.

## LOCAL MEN HAVE A CLOSE CALL

The stores look gay and bright. Plenty of fine vegetables are now on the market.

Some people have been in town looking at places for sale. Come along! You will not find any finer people, or any place better than pretty, pleasant, Lawrencetown.

Mr. and Mrs. W. W. Bent will spend the week end with friends in Yarmouth.

The new school house was opened with appropriate ceremonies.

A flag given by Mr. C. Lowell was received by the principal, Mr. Fitch, then the salute was given, followed by the pledges, then the National Anthem was sung, with great effect by all present. Mr. W. Parker made a graceful speech, in honor of the occasion. Rev. Mr. Miller, Dr. Morse, Principal Fitch and Rev. A. H. Whitman all spoke nicely and well. Dr. J. B. Hall was unable to be present. The music under the direction of Mrs. Corkum, was much enjoyed by those present. Mrs. Landers, Vice Principal, had her department in splendid order. The Lawrencetown High School has the following colors, High School crossed red crossed with white. Intermediate, Red. The Primary Department and Kindergarten, Red with gold edge. How proud and happy are the pupils to have such a beautiful building, fine grounds, and every superior teachers. The citizens turned out in large numbers, enjoyed the pleasant hours and last, but not the least, the dainty refreshments, furnished by the ladies. Many would have welcomed the former principal, Mr. B. Banks, who was unable to be present. This gentleman gave years of faithful service in the work of education, and will not soon be forgotten.

Rev. M. Brown, D.D., Port George, has been in town for a day or two.

## NOTES AND NEWS OF LAWRENCETOWN

Lawrencetown—A busy week in Lawrencetown: The Poultry Show; School house opened; Evaporator working; large quantities of good hard-wood brought in; men hauling gravel, and doing good work on the Morgan Road.

The Ladies Guild did well at their sale. Cash amounted to over \$160.00. United Church Ladies Aid will hold a sale next week. Hope it will be a success.

Young ladies of the Baptist Church busy in good work. Will have a variety concert in the near future.

Mr. O. Balcom, an aged gentleman had the misfortune to get badly scalded. A pan of boiling water upset as Mr. Balcom stood by the stove. Mrs. Seamore has returned from Bridgewater. Her father is still ill. Mr. C. Messenger is sick. Hope he will soon recover.

Mr. Lorin Banks is a visitor at the home of his parents, Mr. and Mrs. John Banks.

The new house being built by Mr. Hill on Bridge Street is getting on rapidly.

Mr. and Mrs. A. Stevenson have moved into Miss Hall's house.

Mrs. S. Hannam has returned to West Dalhousie.

Miss Moran has returned to Truro. Miss Cook, Bridgewater, is visiting her aunt, Mrs. J. Whitman.

Mrs. M. D. Balcom will be able to return to her home next week.

All the children, who have had scarlet fever, are doing well.

Several dogs, who were getting dangerous, have not been seen for a few days. Some liked to take a taste of people, others liked fat juicy kens. Mr. W. Selig has recently killed a noble pig, weighing 500 pounds.

Miss M. Simpson writes "We got to Jacksonville, Fla., much the worse for wear. Noptime did his worst gave us two storms, kept us in our cabins two days, and seeming endless delays in port." Mrs. E. Simpson is much better. Mr. L. Simpson and Mr. W. Baneroff are in Florida, doing well.

Mrs. F. Palfrey went to Bridgetown on Wednesday.

Mr. Isaac Whitman of Round Hill, is quite well, spent the day with Mr. McKewon on Wednesday.

Mrs. Garfoul, from Annapolis Royal, was in town for a day.

Quite a number of strangers in town attending the Poultry Show.

United Church F. M. S. met at the home of Mrs. F. Palfrey Wednesday afternoon.

The stores look gay and bright. Plenty of fine vegetables are now on the market.

## LOCAL CURLERS ANNUAL MEETING

Officers Elected.—Many New Members Received.—New Rink Proposed.—J. P. Orlando Donates Cup for Club Champion.

Following the meeting of the Rink Company came the Curlers annual meeting.

Financial statement showed a balance of \$49.46. The old officers were re-elected as follows:

President—A. F. Little.  
Vice Pres.—R. V. Arnold.  
Sec. Treas.—H. S. Magee.  
Committee of Management—J. W. Peters, E. R. Orlando, H. B. Hicks, Skips for Home Games—J. W. Peters, A. F. Little, R. V. Arnold, E. A. Hicks, J. P. Orlando, A. C. Charlton.

It was later arranged that each member should skip one of the home games.

The following were proposed and accepted as new members: A. J. Burns, F. H. Beattie, Paul Longmire, R. J. Messenger, J. A. Myers, Harold Willett, A. B. Messenger, Capt. J. W. Saiter, Major Ferguson and James Brooks. This will bring the membership up to thirty-three.

Mr. J. W. Peters brought up the question of building a Curling Rink. Messrs. E. A. Hicks, J. W. Peters and A. C. Charlton were appointed a committee to submit plans and cost at an early date. Arrangements are being made to have a telephone installed in the curlers room. An entertainment committee was appointed as follows: H. S. Magee, C. B. Longmire, and R. V. Arnold, also a special committee consisting of A. B. McKenzie, A. F. Little and B. N. Messenger to look after the arrangements when visiting teams arrived.

Mr. J. P. Orlando donated a cup for competition in inter club matches. Proceedings ended with a banquet in the curlers room with many neat and witty speeches.

## MONEY PRIZES FOR PUPILS

### Academy List Largest in History of Town.—I. O. D. E. Support Veterans' in Demand That Nov. 11th Be Kept as Day of Remembrance.—Social Notes.

Annapolis Royal:—

The regular monthly meeting of Fort Anne Chapter I. O. D. E. was held on Tuesday in the Academy Assembly room, with a large attendance, and much important business was transacted. Various committee reports were presented, and it was decided to uphold the Great War Veterans by sending a resolution to the Provincial Chapter, begging that Armistice Day, November 11th, be kept solemnly as a day of remembrance, and not joined with Thanksgiving Day, and carried out as a day of celebration. On Tuesday, December 15th, the entire Chapter expect to meet at the home of Mrs. Daniel Owen to make bags for the Navy League, and discuss plans for Christmas baskets for the needy. Mrs. M. C. McCormick and Miss Susy Troop of Granville Centre, were unanimously elected members of the Chapter.

Messrs. F. C. Whitman, Lewis M. How, and Gordon McCormick, were the laymen who officiated at St. Luke's Church on National Laymen's Sunday.—A sermon worthy of note, being preached by Mr. McCormick on Sunday School Work and Social Service. Mr. P. W. Harris was expected to preach in the evening, but owing to the sad news of the Rector's death, being received at noon, the address was cancelled, and an extempore memorial service held for Mr. Mellor.

Late news from Estabana, Alabama, reports Mr. Lenfest Ruggles' health improving.

Miss Hilda King of the Royal Bank of Canada Staff, left this week for a vacation trip to Boston.

Mrs. Milledge Buckler of Windsor, has been the guest of her sister, Mrs. George Wells.

Mr. L. M. Fortier has returned from a vacation trip to Halifax, and also visited Shediac, N. B., where he was the guest of Dr. Clarence Webster.

Mrs. John Spurr, of Deep Brook, is the guest of her daughter, Mrs. Warren Harris.

Mrs. Frank Williams returned from the V. G. Hospital, Halifax, on Friday, much improved in health.

Mrs. E. Baker of Yarmouth has been the guest of Mrs. Clifford Duncan.

Mrs. Arthur Kelsall and her little son, John, are visiting at Smith's Cove, during Mr. Kelsall's absence in Ottawa. Mrs. Kelsall's mother, Mrs. E. R. Thomas, is spending some time in Montreal.

Miss Martha Harris, who has spent several months in Dorchester, Mass., is expected home on Tuesday.

Mr. and Mrs. W. R. Perkins have closed the Hillsdale House for the winter and leave shortly for Daytona, Fla., where they will spend several months. Mr. and Mrs. Fred Gormley and their little son are occupying the bungalow facing on St. George St., during their absence.

Mr. Thomas Cowling of Digby, a former resident of Annapolis Royal, spent the week end in town.

District Deputy Martin of Middleton, was in town on Thursday to attend the funeral services of the late Rev. T. C. Mellor, in which service the Masons took a prominent part.

Miss Myrtle Gates of Milford is the guest of her sister, Mrs. Robert Wood, while attending classes at the Academy.

Mr. Daniel Owen, K. C., left on Friday for a trip to Boston.

Mr. C. W. Jefferson of Bear River, with his little son, John, was a guest of Mr. and Mrs. T. H. Fortier, on Monday.

Mrs. Arthur Horsfall, convener of the I. O. D. E. School Prize Committee had the satisfaction of presenting to the Chapter, the longest list ever given in the Academy. The citizens, and others outside the town, were most generous in donating the prizes, and every grade has a chance to compete. Interest centres especially on the essay "Contribution of Nova Scotia to the Public Life of Canada," for which a prize of \$10. is offered, in Grades IX. to XII.

Roy Mitchell and Tommy Robson fought a ten round draw in Halifax, Monday night. Three car loads of sports from here attended the mill.

## MONEY PRIZES FOR PUPILS

### Academy List Largest in History of Town.—I. O. D. E. Support Veterans' in Demand That Nov. 11th Be Kept as Day of Remembrance.—Social Notes.

Annapolis Royal:—

The regular monthly meeting of Fort Anne Chapter I. O. D. E. was held on Tuesday in the Academy Assembly room, with a large attendance, and much important business was transacted. Various committee reports were presented, and it was decided to uphold the Great War Veterans by sending a resolution to the Provincial Chapter, begging that Armistice Day, November 11th, be kept solemnly as a day of remembrance, and not joined with Thanksgiving Day, and carried out as a day of celebration. On Tuesday, December 15th, the entire Chapter expect to meet at the home of Mrs. Daniel Owen to make bags for the Navy League, and discuss plans for Christmas baskets for the needy. Mrs. M. C. McCormick and Miss Susy Troop of Granville Centre, were unanimously elected members of the Chapter.

Messrs. F. C. Whitman, Lewis M. How, and Gordon McCormick, were the laymen who officiated at St. Luke's Church on National Laymen's Sunday.—A sermon worthy of note, being preached by Mr. McCormick on Sunday School Work and Social Service. Mr. P. W. Harris was expected to preach in the evening, but owing to the sad news of the Rector's death, being received at noon, the address was cancelled, and an extempore memorial service held for Mr. Mellor.

Late news from Estabana, Alabama, reports Mr. Lenfest Ruggles' health improving.

Miss Hilda King of the Royal Bank of Canada Staff, left this week for a vacation trip to Boston.

Mrs. Milledge Buckler of Windsor, has been the guest of her sister, Mrs. George Wells.

Mr. L. M. Fortier has returned from a vacation trip to Halifax, and also visited Shediac, N. B., where he was the guest of Dr. Clarence Webster.

Mrs. John Spurr, of Deep Brook, is the guest of her daughter, Mrs. Warren Harris.

Mrs. Frank Williams returned from the V. G. Hospital, Halifax, on Friday, much improved in health.

Mrs. E. Baker of Yarmouth has been the guest of Mrs. Clifford Duncan.

Mrs. Arthur Kelsall and her little son, John, are visiting at Smith's Cove, during Mr. Kelsall's absence in Ottawa. Mrs. Kelsall's mother, Mrs. E. R. Thomas, is spending some time in Montreal.

Miss Martha Harris, who has spent several months in Dorchester, Mass., is expected home on Tuesday.

I have thousands of satisfied shippers. A trial will convince you my returns are best.

I send remittances the same day I receive your furs and hold them separate for 7 days after.

**"It's a Great Life." Say Titled English Farmers.**

Upper left—Lord Montague, Lord Rodney and son John, Lady Rodney, Farm Instructor, and John Stanley. Lower left—Lord Montague, son of the Duke of Manchester, feeding the hogs. Upper right—Lord Rodney and his ranch house.

First came to Alberta they hired out through the government employment bureau and took a real job on a real farm. Later they bought Cottesmore Farm, the original holding of which belonged to Judge Fiset, of Quebec. They farm 1,000 acres of the finest land in central Alberta, and their farm homestead stands on a high bank overlooking the Saskatchewan river, providing one of the most beautiful views one could wish to see.

Visit the Rodney farm any day during the farming season and you will find the eighth Baron Rodney here, there and everywhere, doing any one of the tasks that come the way of a man who superintends operations on a 1,000 acre farm. You will find Lady Rodney in the kitchen doing her cooking, or out at the dairy barn where she takes an active part in the operations of the dairy end of the business, or out in her garden where she works herself. You will find the young Lord Montague feeding the hogs, or stocking grain, and young Farquhar and Stanley and the others, driving teams or pitching sheaves or herding cattle, under the supervision of the instructor who is there to show them the right way to do things.

It is a case of everyone to his task and sticking to it at the Rodney farm. It must be that way on a farm which supplies, from its herd of 40 grade short-horn, all the milk and cream necessary for the big university hospital at Edmonton, where there are several hundred acres in crop, and a bunch of fine hogs for mutton. It is a real farm, run by real people, and the scene of British nobility like it. They say it is the life. They seem to care for no other. They are going to make good farmers.

**CANADA IS LAND OF PROMISE TO BRITISH.**

Separation From England Unthinkable, Says Ontario Agent-General.

Winnipeg.—"Since the war, Canada has become a land of promise to the British masses, and it is our duty to encourage a steady influx of desirable settlers and to sell our opportunities to people who seek to better themselves." This was the opinion advanced by W. C. Noxon, agent-general for Ontario in London, England, in extending the discussion on immigration, at tonight's session of the Board of Trades Conference.

"It is through the three channels of ambition, adventure and local conditions that immigrants reach this country from the United Kingdom. Our greatest attraction to British migration is proximity, the easy ability to return home; our greatest handicap is cold. But it is generally recognized that Canada's vast resources and capacity for trade offer unlimited opportunities. The people are there and we can get them." Mr. Noxon declared, but any immigration policy should be interprovincial, and the head of the administration should have the co-operation as an executive of the premiers or their appointees from each province.

Referring to the existing relations between Canada and the United States, Mr. Noxon asserted that annexation today would be a "most unfortunate affair." British fears, he said, had been based on a wrong conception of the Dominion's aspirations, and United States' hopes on ignorance of Canada's history and pride in its traditions. "Separation from England," the speaker maintained, "will not reduce our taxes one cent, and I do not believe anyone is foolish enough to think that any of the combined forty-eight states of the Union would pay any part of our debt for the pleasure of our company. We are contented and we are optimistic."

**COLORADO BEETLE HIBERNATES IN WINTER.**

The Colorado beetle is a most persistent insect. It starts to hibernate in August, September or early October, and turns up ready for business in the spring. In Ottawa, as told by the Entomological Branch in Bulletin 52 of the Dominion Department of Agriculture on "The Colorado Potato Beetle in Canada," tests have been made as to length of life of the creature and under what circumstances it will retain vitality. In wintering cage tests with beetles in New Brunswick several lots were forced into hibernation at an early date by confining them in wire cages on the soil with only enough food for one day. All had burrowed within three days after the food had gone. From three lots put in the cages August 30th and September 5th, 205 beetles out of 600 emerged the following spring. Out of 200 put in September 10th, 42 emerged and out of 3,320 put in the cages on September 13th and later only 360 emerged in the spring. This would seem to indicate as the bulletin says, that the earlier the pests hibernate in the autumn the better they survive. The beetles commonly go into the soil immediately below the place where they last fed. In a damp, cold clay loam they have been found within 2 inches of surface and none at all below 6 inches, while in a loose, sandy soil only a few hundred feet away none were found at less than 44 inches and some at 17 inches. In a dense gravel-loam soil only an occasional beetle was turned out when the plough was cutting 5 inches deep, but a number could be found by digging 3 inches more in the bottom of the furrow.

(Issued by the Director of Publicity, Dominion Department of Agriculture, Ottawa.)

**COMPARTMENT CARS ON OCEAN LIMITED**

Fine Equipment of C. N. R. Through Trains Praised By Travellers.

The Compartment-Observation Cars on the "Ocean Limited," between Halifax and Montreal, are greatly favored by patrons of the Canadian National Railways, and have proved a great acquisition to the splendid equipment of these fine All Steel Trains.

These cars have six sections and two most comfortable compartments. The observation end is spacious with ample room for fifteen luxurious and restful chairs. There is also a wide observation platform, greatly in demand when fine weather permits. The Observation Cars have a library with a sufficiency of good reading matter. Radio is also a feature on these cars, and the afternoon broadcasts are enjoyed, as well as the evening concerts from "CNRA," "CNRM" and other stations.

The operation of these cars makes the "Ocean Limited" one of the very finest trains on the continent.

The dining and sleeping car services of the Canadian National Railways is noted for its excellence.

**PRODUCTION IS STRESSED AS GREAT NEED.**

O. P. Gouche, M. P. P., Avers People "Neglect Gift of God and Then Complain."

Lawrencetown.—The official opening of the Annapolis County Poultry and Pet Stock Association took place at the Demonstration building, Lawrencetown, last evening at 8 o'clock with an encouraging attendance.

Dr. J. B. Hall, Lawrencetown, presided and stressed the responsibility of the Association and all parents, to the boys and girls, and pointed out the opportunity of interesting them in the raising of poultry, lambs, and dairy and beef cattle. He would like to see a Poultry Club formed in every school section. He then introduced Dr. M. Cumming, Principal of the Nova Scotia School of Agriculture, Truro, who gave one of the best addresses of his life, presenting his facts in a convincing manner.

H. T. McKenzie, M. P. P., of Bridgetown stated that the Provincial Government desired to help in every way every effort toward the improvement of agricultural conditions in the Province as all governments must see that agriculture is fundamental to the success of every other industry, but the Government could not do everything. The farmers must co-operate with the Legislature. He thought that much more could be accomplished by the farmers themselves towards making the province self supporting, so far as agricultural products were concerned.

For instance, one merchant in Bridgetown had informed him that he had imported last year 300 dozen of eggs from the United States and two tons of beans from Ontario. By a little more effort it would be possible to keep this money in the Maritime Provinces.

O. P. Gouche, M. P. P., formerly of Middleton, stressed the need and wisdom of mixed farming and believed that the Annapolis County Poultry Association was helping to solve a very important problem along that line. He referred to the recent Maritime Rights Convention held at Charlottetown, but he believed that there were self-inflicted Maritime wrongs, and that in certain ways, Maritime people were not so much the sinned against, as the sinner, for the reason that they were not raising agricultural products to meet their own needs.

Both New Brunswick and Nova Scotia he said, were large importers of butter, eggs, cheese and other agricultural products, all of which could be raised in these Provinces. The people neglected to use the very gift of God and complain of their state. Quoting from the Scriptures, Mr. Gouche declared, "He that provideth not for his own household, is worse than an infidel."

**MECHANICAL APPLE PICKER IS INVENTED**

(From "The Packer, Chicago.")  
Martinsburg, W. Va.—What appears to be a practical mechanical apple picker, tested in his own orchard and found satisfactory, has been devised by Cecil W. Wood, a young orchardist with extensive holdings near Hedgeville, this country, who is now seeking a patent on it. It involves use of streams of condensed air operating over a vacuum which tend to twist the apple from the tree and drop it into the vacuum pocket, which in turn leads to a canvas spring-buttressed channel that carries the apple to a waiting barrel on a truck or wagon, and the handling from there on is by hand or mechanical sorter and grader.

Mr. Wood figures that the machine will reduce the cost per barrel of picking apples from the present range around 15c. to 2 or 3 cents. An imperfect machine used last season for a short time picked 150 barrels per day; an improved model this season has reached almost 300 barrels per day. The machine requires only two or three men to operate it.

**PERMITS TO MAKE WINE ARE DOOMED**

Prohibition Officials Mark Another Relic of Past For Destruction.

Washington.—Another relic of prohibition days which has been marked for swift end by prohibition officials. Some several hundred thousand wine-making permits which have enjoyed a quiet and untrammelled perpetuation of life since the years before the Volstead Act have come under the searchlight of the new prohibition regime and will be revoked under a regulation to be promulgated, probably within the next day or two. The permits as issued allow a maximum annual production by the holder, tax free of two hundred gallons. They are held largely in the foreign quarters of the larger cities and are suspected of contributing heavily to the illicit supply.

Leakage of sacramental wine into illicit channels also are to be plugged up. Assistant Secretary Andrews, the treasury's prohibition field marshal, has reached an agreement with Jewish leaders, whose churches are the largest users of sacramental wine for new regulations, expected to be issued this week, sharply reducing the amount of wine now permitted to be withdrawn for religious purposes.

**RAILWAY DEBT WELL OVER TWO BILLIONS**

More Than \$670,000,000 Has Been Added in Last Six Years

Ottawa.—Canadian National Railways debt stands at \$2,656,181,518, according to a statement issued today by the Bureau of Statistics. The figure comprises \$1,142,269,435 due to Dominion Government, with accrued interest, and \$9,13,913,083 due to the public. In 1924, the debt due to the Dominion Government increased \$28,085,159; due to the public, \$90,814,027. Comparative figures show that during the last six years the debt due to the Dominion Government has increased \$534,026,156 and that to the public, \$140,949,117.

Commenting on the figures, the bureau's statement says: "The unpaid interest on Government advances has been added each year to the principal, but no interest on the unpaid interest has been included. These advances include appropriations for the Canadian Government railways for construction, additions and betterments, purchase of lines, etc., and for operating deficits for 1921 and subsequent years. Prior to 1921 operating deficits were provided out of consolidated revenues of the federal Government. Construction expenditures include the cost of the Quebec bridge, but exclude the cost of the Port Nelson terminals."

**Come to the Carleton!**

It offers you the friendliest service, the finest food, the cosiest rooms in Halifax. The most modern, the most fire-proof hotel in the City. 50 steps from the centre of the business district, within 5 minutes walk of the main points of interest and importance, but free from the uproar of trams and cars. 90 rooms, single and en suite, with and without baths.

Candy, Oranges, Dates, Figs, Nuts, Raisins, etc.

Everything now ready for sale and inspection.

COME EARLY AND MAKE YOUR CHOICE.

## SHAFFNER'S LTD., LAWRENCETOWN.

WEST PARADISE.

Mr. and Mrs. H. M. Warne were Sunday guests of Mr. and Mrs. J. E. Morse, recently.

Mrs. Harry Abbott has returned to her home after a visit to the U. S. A. Miss Helen Parker and Mr. Hardy Parker, of South Farmington, visited their sister, Mrs. C. E. Saunders, recently.

Mr. and Mrs. C. D. Cheshire and son, Stanley, of Digby, were guests of Mr. and Mrs. William Jackson for a few days last week. Mr. and Mrs. Cheshire and son left here for Halifax on Saturday and will sail from that port for England, December 8th.

Several from this vicinity attended the Poultry Show at Lawrencetown last week. Mr. J. C. H. Benson carried off a number of prizes on White Wyandotters, also winning "The Canadian Bank of Commerce Cup," for the best bird in the show. The cup donated by Mr. H. B. Hicks for the best breeding pen of White Wyandotters was also won by Mr. Benson. J. B. Saunders won some prizes on S. C. Rhode Island Reds and N. G. Thacker won on White Leghorns.

DEEP BROOK.

Mrs. Harriet Harris spent a few days of last week the guest of her daughter, Mrs. Agnes Purdy, leaving here on Thursday for Bridgetown where she will spend a few weeks with friends.

Mrs. Allen Purdy and son, of Sackville, N. B., are spending a few weeks with relatives and friends at Deep Brook.

We are glad to see little Hugh Berry out again after his very serious accident.

Last week, November 25th, Mrs. J. F. McClelland entertained the Dorcas Society, Wednesday, December 2nd, Mrs. Bessie McBride was hostess at a large and interesting meeting of the Dorcas Society. This was a busy meeting in view of the Christmas sale which will be held on Monday evening, December 14th.

On Sunday, November 29th, at the close of the afternoon service, a large number of women of the Baptist Church met for the purpose of organizing a Bible Class in connection with the Sunday School. The Supt. W. W. Henshaw, urged a deeper interest on the part of parents in the Sunday School work. The class will meet every Sunday from 2 to 3 o'clock. A cordial invitation is extended to all adults who are interested in the study of Gods word to come and join this class. Mrs. Robert Curtis, teacher.

# "AMONG THE BREAKERS" FINELY PRESENTED BY ST. JAMES' CHURCH YOUNG PEOPLE.

On Thursday evening of last week the Young People of St. James' Church, under the direction of Mrs. Will Lockett, presented a most interesting drama "Among the Breakers," at Primrose Theatre. They were greeted with a good house and the audience was well pleased with the excellent performance.

The drama was replete with thrilling situations which called for careful handling and skilful interpretation and was well put on throughout. The Bridgetown orchestra was present and added much to the enjoyment of the occasion. A solo "When You Come Home" beautifully rendered by Miss Mattie Deane, and Miss Alice Beckwith, the latter taking the gentleman's part. The costume was of the long ago, was very effective and the number enthusiastically received. A pleasing feature between acts was a presentation by the young people to Mrs. Lockett in recognition of her successful efforts in training them for the production. Miss Una Cameron's work as accompanist in the musical selections was very effective.

The play was put on at Belleisle on Friday night and receipts from the two performances was a hundred dollars.

The Good Times Club met at Mr. R. Rice's Wednesday evening. All had a very enjoyable time, with games and radio music. Refreshments were served at a late hour. The Club will meet Thursday evening at Mr. Clark Brooks.

The Salvation Army will hold services on Wednesday evening in our church at 7.20.

Mr. and Mrs. Fred Milburn were called to Port Lorne Friday, on account of the illness and death of the latter's grandmother, Mrs. Albert Marshall.

Much sympathy is felt for Mrs. Edward Swift in learning of the death of her sister, Mrs. Mary Howard, of St. John.

Beecher Lantz left on Friday last for Boston.

Mrs. E. B. Tracey is visiting in Halifax.

Mr. Levevre Norton has received the sad news of the death of his brother, Mr. George Norton, of Boston.

Harold Hamilton of Yarmouth, has returned home after spending several weeks at the home of Alton Messenger.

A. H. Messenger, E. B. Tracey, E. Swift, and A. B. Messenger, are planning to keep Jack Frost away this winter by installing pipeless furnaces in their homes.

In the items last week from Granville Centre, the sum raised at the "Chicken Supper" held by the ladies of the Baptist Church should have read \$112.97 instead of \$102.97 as reported.

### ASKS GOVERNMENT ANTI-KLAN ACTION.

R. C. Legislature Member Wants Law Against Formation of Branch.

Victoria, B. C.—A demand for Government action to prevent the organization of a Canadian branch of the Ku Klux Klan was made in British Columbia Legislature late yesterday by Francis A. Browne, Labor, Burnaby.

At the risk, he declared, of being waited upon by hoodlums in night gowns. Mr. Browne moved an amendment to the reply to the speech from the throne urging the Provincial Government "to take all necessary steps to restrain this seditious movement and bar its membership from all elected or official positions under the crown."

The fate of the motion is expected to be decided late this week when the debate on the reply to the throne speech comes to an end.

The Klan, argued Mr. Browne, appealed to the mentally deficient. He thought it well for those who would contribute the \$10 membership fee to know that the field kliegles who organize the Klan receive \$4 and the king kliegle \$2. As high as \$5000 a year is made by these officials, said Mr. Browne.

From the legislative viewpoint the most serious thing about the Klan was that it held itself above the law and its record in the past had included murder, kidnappings, brandings, and hogdings, said Mr. Browne. It was important that the Legislature should not permit any organization.

(Montreal Gazette)

"The whole of our troubles in Europe for the past seven years have arisen from the failure of one of the great English-speaking powers to honor its delegates' signature."

Great Britain always honored its delegates' signature, he said, but the United States did not. Consequently, the whole of the agreement fell to the ground and France, in her difficulties was left to manage as best she could.

Italy was of little use to Great Britain to help in the restoration of peace in Europe, he remarked, because in times of stress democracy does not seem to be the best form of government. In five countries of Europe it has been put to the test and failed. It was not surprising that a dictator, Mussolini, should be elected in Italy after the utter failure to govern by democracy.

Speaking of France's difficulty, Sir John said that this nation was in need of sympathy. She had made a great sacrifice and her endeavor to crush her enemy had left her in a sore state of distress.

There were only two things to do with an enemy, either to crush or conciliate him, and France was able to do neither.

Another cause which he cited for the unsettled state of affairs in Europe was the fact that in eastern Europe there are 12 small nations armed to the teeth. Before the war, there were only six nations.

Woodrow Wilson's plan had been carried out in its entirety as regards the League of Nations, all might have been well, he continued. But that also has been left to Great Britain to look after. The League is very near accomplishment, and he thought the time will come when the United States will regret that they left the task to Great Britain instead of doing it themselves.

The speaker did not think that there has ever been a greater achievement in the annals of the British Empire than that of Austin Chamberlain in bringing peace out of chaos. The treaty of Locarno will ultimately lead to the entry of Germany into the League, he remarked.

"My people have said that if Germany comes into the League she will smash it. I think that is all nonsense. I do not think there is the slightest chance of Germany doing anything of the kind. Like a man anxious to get into good society, Germany will behave herself and other nations will benefit by her presence."

"We are busy healing the deep wounds of the war in Europe, and I do not think it is sufficiently appreciated on this side of the water how deep those wounds were, and how near we came to going out."

**Physical Effect.**  
"Even now we are suffering from it, and one of the sufferings we have now is that the children who were born during or just after the war have not got the vitality of their father's brothers or sisters."

Referring to the economic difficulties of Great Britain after the war, the speaker stated that she had practically created her markets again, and that the Locarno pact is a great step in that direction.

Speaking of Ireland and her efforts to attain her own government, he said that as far as he could see Ireland is heading straight for bankruptcy.

Sir John said that he has heard more about the dole since he came to this country than he has ever heard in England. He felt there was a misconception about it here, and that it is not charity, no more than it is charity for a woman to be paid her insurance money by a company on her husband's death.

The cases of fraud in the system have been exaggerated, he stated. Out of three million recipients in a year there were less than 2,000 cases of fraud discovered, and that was a very low percentage.

Whilst there is a great deal of unemployment in England, the speaker pointed out, there are more people working in Great Britain than there were before the war. The apparent increase is due to the stoppage of immigration into the Dominion.

There is no need to have any fear about the future, concluded Sir John Power, and the talk about the decay of the British Empire, is utter rubbish. When the world is restored to peace, the British Empire will hold her own as she did in pre-war days.

Minaud's Liniment for stiff muscles.

### Mothers Who Have Used Baby's Own Tablets

Always Strongly Recommend Them to Other Mothers.

Once a mother has used Baby's Own Tablets for her little one she will use nothing else—actual experience teaches her that there is no other medicine to equal them for any of the minor ailments from which her baby or little ones suffer. Having found the value of the Tablets in her own home, she is always anxious that other mothers should share her knowledge. That is why Mrs. Creighton White, North Noel Road, N. S., writes the following:—"I have a baby seventeen months old and have given him nothing but Baby's Own Tablets ever since he was a week old. I know of no other medicine to equal them, and it is certainly a pleasure to recommend them to other mothers."

Baby's Own Tablets are a mild but thorough laxative that regulate the stomach and bowels; banish constipation and indigestion; break up colds and simple fevers and make the sickly baby well and happy again. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

#### SMART SET PREFER PUBLIC CABARETS

Clarence Mackay's Daughter Points Out Faults of Private Dances.

New York—Ellin Mackay, 21-year-old daughter of Clarence H. Mackay, president of the Postal Telegraph Company and cousin of Alice Duer Miller, the novelist, broke into print today defending visits to cabarets by the young smart set.

In the New Yorker, a magazine, she writes that paradoxically, the younger generation of the smart set prefers the privacy of public cabarets to rabbling elbows with the hot polka at exclusive dances given by their anxious and solicitous parents.

Miss Mackay's first article to be paid for at space rates declares that "our elders attribute to us sins too gaudy to be true. The trouble is that our elders are a trifle glib." "We like to go to cabarets. It is not, as our elders would have it, because we 'enjoy rabbling elbows with all sorts of people.' We do not particularly like dancing shoulder-to-shoulder with gaudy and fat drummers. We do not like unattractive people.

"If our elders want to know why we like to go to cabarets, let them go to the best of these, our present day exclusive parties, and look at the long lines. They will see extremely well-dressed specimens. A third or so of the stars are attractive, agreeable young men. The rest are just stage-sets and pretty terrible.

"We go to a party and take no part, and the luck is four to one against us. At last tired of fruitless struggles to remember half-familiar faces, tired of vainly trying to avoid unwelcome dances, we go to a cabaret.

"We go to cabarets because of the very fastidiousness that our elders find so admirable a quality. We have privacy in a cabaret. What does it matter if the flapper and her tattling boy friend are wriggling beside us as we dance? We go because we prefer rabbling elbows in a cabaret to dancing at an exclusive party with all sorts and kinds of people."

#### HOSPITAL FUND WELL STARTED

Digby Women Raise \$265 in Starting Fund For Building.

Digby—The sum of \$265 was realized at the Digby Hospital sale and tea, which was held in the Bijou Dream Theatre yesterday afternoon, and this amount will be applied towards the building fund of the hospital.

The managing committee of the Digby General Hospital have under consideration the building of a more modern hospital for this county within the next year or two, and the ladies of the town, in co-operation with the Ladies' Aid of the Hospital, intend holding a number of entertainments during the winter months, the proceeds to be applied to the new hospital fund. Yesterday's entertainment was the first of a series.

In the evening a dance was held in the auditorium of the theatre and a large number of the citizens were present. Music was furnished by local talent.

#### SENTENCE IS SUSPENDED

C. E. B. Bryans, Former Accountant at Agricultural College Will Pay Back \$3,000.

Truro—C. E. B. Bryans, former accountant at the Agricultural College, was before Judge Martell in County Court today on the charge of stealing public money that was intrusted to him.

Bryans was found guilty of the charge and was let go with a suspended sentence of two years on his undertaking to pay back to the College \$3,000, the sum stated as the amount of the shortage in his accounts.

Bryans furnished bonds and was released.

The information against Bryans was laid by Dr. M. Cumming, Secretary of Agriculture for Nova Scotia, when Bryans a few weeks ago admitted a shortage in his accounts. There had been many rumors on the street when the auditors were going over the College books, and it was hinted freely that the amount of the shortages would total to high figures.

However, the final amount as given in the court Friday is \$3,000, and Mr. Bryans will refund that amount to the College.

Minaud's Liniment for bruises.

### Here and There

British Columbia's whaling industry produces about 400 tons of whale bone meal and 900 tons of meat and blood for fertilizing purposes annually. This is exported mostly to the United States.

According to G. F. Tomsett, superintendent of the Saskatchewan Branch of the Employment Service of Canada, about 43,000 harvest hands were brought into Saskatchewan and distributed over the province to harvest and thresh the 1925 crop.

J. Stapleton, of Regina, ordered two springer spaniel puppies from a dog agent in Liverpool on October 9th. Thirty days later they were delivered to him after a voyage and shipment totalling 4,500 miles, the shipment going at the rate of 150 miles a day. This constitutes a record for speed.

Constituting a record for Canada and probably for the world, 3,447,624 bushels of all grains were marketed on the lines of the Canadian Pacific Railway in Western Canada on November 19. The nearest approach to this figure was the 3,406,000 bushels marketed on October 18, 1915, in the year of one of the greatest crops the Dominion has ever harvested.

Reports received at Canadian Pacific Railway headquarters this week show that four more accidents occurred in cases where motorists drove their cars into trains already in the process of crossing levels. This brings the total of accidents of this kind up to thirty for the year. In all four cases the automobiles were damaged while the motorists escaped with minor injuries.

Eighty-seven black foxes, valued at about \$100,000, shipped in 44 crates, arrived at Montreal last week from Buffalo. Twenty-five of the animals were prize-winners at the Black Fox Exhibition which concluded last week, and were on consignment to the Borestone Mountain Fox Ranch at Onawa, Maine.

The Far East has heard about Canadian apples. The Canadian Pacific liner Empress of Asia carried 8,000 boxes of apples when clearing out of Vancouver last week. General trade conditions between Canada and the Far East are quite healthy as there was also on board the vessel 800 tons of Canadian flour, 100 automobiles and 160 tons of Alberta beef.

With each succeeding year Great Britain is relying more upon British colonies for agricultural supplies. In the seven months of 1925 ending July, Canada supplied Great Britain with 4,927,236 pounds of butter, compared with 154,224 pounds for the same period of 1924, and 40,458,544 pounds of cheese, compared to 20,153,504 pounds for the same period of last year.

Two bears, six coyotes and fifteen chipmunks were shipped to England on the Canadian Pacific liner Montclare last week from the Toronto Zoo to the London Zoo. In exchange, the Curator of these gardens has been asked to supply Toronto with Ceropis, Bean, Magellan and bar-headed geese; shell ducks; a female Comb Duck; two Rheas (ostriches); four Jays; two young leopards; and a Barbary Sheep. A stiff order.

Six champion juvenile swine breeders, winners in Manitoba, Saskatchewan and Alberta, have been awarded medals and trophies by the Canadian Pacific Railway and are now the guests of the latter at the Royal Winter Fair at Toronto. The young people, who competed in clubs on Canadian Pacific lines in the West are: Vern Johnson and Oscar Giddings, Alberta; Lorne Joynt and Fred Argue, Rouleau, Saskatchewan; Mamie Cornack and Grace Ewan, Kenton, Manitoba.

### VALUE OF POULTRY ON FARM STRESSED.

Orchard Land Is Best For Flocks, Prof. Landry Tells Annapolis County Audience.

Lawrenceton.—The Annapolis County Poultry and Pet Stock Association continued its sessions on Wednesday considerable interest being shown by the poultrymen of the County and by the general public, as they gathered at the Demonstration Building, Lawrenceton, to learn what they could concerning the latest methods of the poultry industry.

On Wednesday evening, two addresses were given, the first by Professor W. S. Blair, of the Government Experimental Farm, Kentville, his subject being "Community Improvement." Professor Blair emphasized the need in every community of social development, educational equipment, and religious adjustment.

Dealing more especially with the rural community and the farmers' problems, he showed how failure could be turned into success by bridging the river of failure with the planks of Marketing, Efficient Help, Suitable Live Stock, Crop and Seed Selection, Good Business Management, Manuring and Fertilizing, Judicious Liming, Proper Drainage and Tillage, and Natural Fertility.

Professor Landry of the Nova Scotia School of Agriculture, Truro, followed, dealing with the subject of raising and care of poultry and the conditions of obtaining a large egg production. He showed how one very successful poultryman in the Province, who has today a flock of 2300, had obtained a higher percentage of egg production by illuminating the pens until 9 p.m. The aim of every poultryman should be to obtain the largest possible production when eggs were highest in price.

He stated that the Annapolis Valley was ideal in its conditions for a large development of the poultry business, orchard land being the best for the flock. Some people say, said the speaker, "It doesn't pay to keep poultry. It we understand the careful way they were kept, we would say, it doesn't pay to keep poultry as they keep them."

Professor Landry followed, throwing on the screen upwards of one hundred fine views of great educational value, showing methods of incubation, sanitation, feeding, housing and general caring of the stocks.

A hearty vote of thanks to Professors Blair and Landry was moved by F. G. Palfrey and seconded by Dr. L. R. Morse.

The only reason some of us don't settle down and take a wife, says Tom MacInnis, is because we don't know whose wife to take.

## Genuine Aspirin Proved Safe

Take without Fear as Told in "Bayer" Package

Does not affect the Heart

Unless you see the "Bayer Cross" on package or on tablets you are not getting the genuine Bayer Tablets of Aspirin proved safe by millions and prescribed by physicians over twenty-five years for:

- Colds
- Headache
- Nouritis
- Lumbago
- Toothache
- Rheumatism
- Neuralgia
- Pain, Pain

Each unbroken "Bayer" package contains proven directions. Handy boxes of twelve tablets cost a few cents. Druggists also sell bottles of 24 and 100.

Note how it relieves that stuffy feeling after heavy eating. Sweetens the breath, removes food particles from the teeth, gives new vigour to tired nerves. Comes to you fresh, clean and full-flavored.

Under-Secretary of State Joseph C. Grew addressed the convention on "Our Foreign Policy," in its connection with American Industrialism.

While denouncing "American Imperialism," he declared that the active co-operation of the Department of State was making its aid felt in American penetration of foreign markets.

"Our Government has from time to time been charged with economic or financial imperialism," he said. "No such policy could receive the approval or support of our Government."

Resolutions were adopted favoring entry into the World Court, turning all Government-owned or operated merchant vessels over to "private enterprises," and "an increased activity of the Bureau of Foreign and Domestic Commerce."

There is a large hall, room, and the eye of the walls are, in tint and rest, sanitation halls are, fountains.

The program includes Foster, P. Napolis, A. H. Roy, B. J. Forster, Isabel P. presentation on behalf of; S. H. and Nat. thanks chairman, others.

FORNEY-McCUMBER TARIFF SUPPORTED  
 American Exporters Demand No Modification of Main Features

New York.—Six hundred exporters from all parts of the country, attending the sixteenth annual convention of the American Manufacturers' Export Association here, today demanded of Congress that "no attempt be made to modify the main features of the Forney-McCumber tariff act."

The resolution, which was unanimously adopted, mentioned in its preamble the present probability that "the tariff question may be reopened in the next Congress," contending that the present act had not been in effect long enough to demonstrate its merit, and that Congressional revision would have a "disturbing effect upon business."

Under-Secretary of State Joseph C. Grew addressed the convention on "Our Foreign Policy," in its connection with American industrial interests. While denying "American imperialism," he declared that the active co-operation of the Department of State was making its air felt in American penetration of foreign markets.

"Our Government has from time to time been charged with economic or financial imperialism," he said. "No such policy could receive the approval or support of our Government."

Resolutions were adopted favoring entry into the World Court, turning all Government-owned or operated merchant vessels over to "private enterprises," and "an increased activity of the Bureau of Foreign and Domestic Commerce."

There is one door only in each classroom, the pupils being under the eye of the teacher from the time they enter until they leave. The walls are finished in hard wall plaster, tinted in harmonious shades, and restful to the eyes, and latest sanitation devices. Upper and lower halls are equipped with drinking fountains.

The programme presented on Monday included addresses by M. C. Foster, Inspector of Schools for Annapolis and Digby counties; Rev. A. H. Whitman, Lawrenceport; and Rev. Robert Miller, Middleton; two choruses, "O Canada," and "Lest We Forget," by the school; reading by Isabel Pearson and Donald Hills; presentation of flag, by W. C. Parker, on behalf of C. R. Lowell, the donor; Saluting of flag, by the school; and National Anthem; expression of thanks to architect, contractor, chairman of Board of Trustees and others, by Principal Murray Fitch.

**SCHOOL BUILDING, COSTING \$12,500, IS PRIDE OF TOWN**  
 Lawrenceport, Annapolis County, Has Modern School Structure.

RED-LETTER DAY IS MADE BY OPENING

Comfort and Health of Pupils and Teachers Are Provided For In Many Details.

Lawrenceport.—The public opening of the new Lawrenceport school building took place Monday afternoon, 2:30 p.m., approximately, exercises marking the day as a red-letter one in the educational history of the town.

The exercises were in charge of Dr. L. R. Morse, chairman of the Lawrenceport School Board, to whose untiring efforts and strong belief in the cause of education, coupled with the interest taken by Trustees, John Stoddart and M. L. Bishop, and Secretary W. A. Whitman, with T. G. Dabson, L. D. Harley and A. P. Kinsley, in forming the Building Committee, Lawrenceport possesses today one of the best and most up-to-date school buildings in western Nova Scotia.

To Architect L. R. Palm, of Aylesford, and Contractor C. R. Lowell, of Lawrenceport, much praise is given.

The building both without and within presents an attractive appearance and safety and comfort have been steadily kept in mind by the architect and builder. The exterior is of colonial design and adapted to its surroundings, and the roofing is of straight surface fire-proof material, while the roof has broad projections.

The interior of the building is finished in native white hemlock, with tanned oak, filled and varnished. Security against the spread of fire is assured by laminated solid doors and fire stops in outer walls, the floor and wall partitions being fireproof, no noise passing from one room to another. The flooring is of best quality hard wood, manufactured in Nova Scotia.

The school has the ward robe system, with no objectional cloak rooms and is provided with a fine system of ventilation and drying, the warm air being drawn through the vent stacks.

The ground floor has a large central hallway, with ward-robe apartments and boys' and girls' lavatories.

The second floor, which is reached by two spacious stairways, has a large hall, two class rooms, teachers' room, and library.

The class rooms are ideal, the benches being graded in height for the different ages, and shaded with a color, easy for the eyes. The rooms are lighted unilaterally, the light falling over the left shoulder of the pupil.

There is one door only in each classroom, the pupils being under the eye of the teacher from the time they enter until they leave. The walls are finished in hard wall plaster, tinted in harmonious shades, and restful to the eyes, and latest sanitation devices. Upper and lower halls are equipped with drinking fountains.

**NEW STRENGTH FOR WEAK STOMACHS**  
 Indigestion Disappears When the Blood is Enriched.

The urgent need of all who suffer from indigestion is a tonic to enrich the blood. Pain and distress arising from the way the stomach shows that it is too weak to perform the work of digesting the food taken, in this condition some people foolishly resort to purgatives, but these only further aggravate the trouble.

New strength is given weak stomachs by Dr. Williams' Pink Pills because these pills enrich and purify the blood. This is the natural process of giving strength and tone to the stomach, and it accounts for the steady relief in stomach disorders that follow the use of Dr. Williams' Pink Pills.

The appetite restored, food can be taken without discomfort and the burden and pain of indigestion are dispelled. The following statement from Mr. Donald L. Jones, of Newville, N. S., bears the witness to the value of these pills in cases of this kind. He says: "A couple of years ago I had a bad attack of indigestion. I had little or no appetite, and what I did eat did not agree with me and caused me much pain. As a result of this trouble my general health broke down, and I finally had to give up my work. I had taken doctor's medicine but it did not give me any relief. Then a friend advised me to give Dr. Williams' Pink Pills a trial, and I got six boxes. Before I had completed the third box I had completed the third box I had found that they were helping me and by the time I had taken the six boxes every symptom of indigestion had disappeared, my general health had improved and I have since been in the very best of health. I look upon Dr. Williams' Pink Pills as a wonderful medicine for all who are run-down."

You can get these pills from any medicine dealer or by mail at 50¢ a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**ANNUAL EVENT RAISES \$24,08.**  
 Granville Ferry.—The efforts of the United Church, who had been preparing for some time for their annual chicken supper, Thursday were rewarded by a fine day, which brought a goodly attendance and a very satisfactory sum of money into the church coffers to be used for church purposes.

The receipts from the tickets amounted to \$102.55, from the sale of aprons and fancy work made by the Ladies' Aid, \$69.25, from the sale of fancy and other articles made by the Young Ladies' Sewing Circle, and candy, \$48.53; from the home cooking table \$33.75, making the total receipts \$254.08.

The hostesses at the tea tables were Mrs. W. H. Watherspoun, Mrs. Frank Sproule and Mrs. William Amherman.

MILLION TOURISTS CAME TO QUEBEC.  
 250,000 Automobiles Entered Province In 1925—Left \$20,000,000 Behind.

Quebec.—During the touring season of 1925, 250,000 automobiles entered the province of Quebec from the United States and other Canadian provinces. This estimate has been prepared by the Quebec Automobile Club, which draws its information from official and semi-official sources. While the figures are not of a strictly official nature, every effort has been made to gain accurate information, either from customs and immigration officials at the border, or, in the case of cars entering from other provinces, from officials in close touch with the movement of cars.

It is generally conceded that four persons per car is a fair number on which to estimate the number of passengers carried by cars coming into this country, and with this as a basis it would appear that one million persons came into the province of Quebec by automobile during 1925. Each of these is estimated to have spent at least twenty dollars, Quebec therefore benefited to the extent of \$20,000,000, and of this amount it is estimated nearly \$4,000,000 came to the city of Quebec.

Of the Million people who entered the province, at least three hundred thousand came to Quebec city.

**A NEW MODEL**  
 To the Editor of the Monitor:

The following statement, which appeared in a recent issue of the Montreal Witness, furnished food for serious reflection:

"Canada had prohibition operating in eight provinces in 1912, and nine (ninth province Quebec) was dry by Royal Warrant. Today, after six short years, the trade flourishes in six of the nine. Temperance is being defeated at the rate of a province a year."

This means that we are fighting a losing battle, and it looks as if the enemy would soon occupy the whole field.

In looking for the reason for this retrogression, it is clear that the culture has in the lack of stamina and temperance. It is a question of quality, rather than quantity. There are a sufficient number of drinkers in the country to counter-balance any law that is passed by the various legislatures, but the majority lack the conviction of a William Wilberforce, or a Wendell Phillips.

A striking analogy is presented by conditions in the early stages of the English civil war of 1642. The historian tells us that "until Cromwell recruited his New Model, the raw untrained soldiers of the parliamentary army were no match for Rupert's disciplined troopers. Observing this defect, Cromwell proceeded to develop a New Model, otherwise called Ironsides, and, as a result King Charles soon lost his crown and his head."

This is illustrative of what is needed in our temperance army. Prohibition and moral reform are the most important questions in Canadian politics, and they should be made paramount in all elections. Municipal, Provincial and Federal. To say that they are not issues in any contest is to confess ignorance of what constitutes the country's greatness, and of the means whereby that greatness is secured.

The natural recruiting ground for this New Model is the church. By purpose and profession she is designated for this function. Jesus Christ, her head, came to destroy the works of the devil, and this he proposes to do, directly or indirectly through his church. Not that the church should organize the forces, but that she should be constantly developing candidates for membership in the New Model, so that when the call comes, she should be able to point to a number of her members qualified to serve.

But here disappointment awaits the recruiting officer. If there were in almost any constituency in Canada, a body of two hundred electors from all parties, who were schooled in the principles of Prohibition and Moral Reform; who would be forward in the selection of candidates; and who could not be bribed by a gift, by the promise of emolument or by the crack of the party whip; it would not be long before these questions would receive, in the country and in parliament, what their importance demands. To day in Federal Parliament one independent member has more influence than a score of partisans.

But, just at this point, emerges the crucial test. Church members will agree with the Prohibition theory; they will work with others in promoting its interests; they will pass

resolutions, and will pray for its success; but when it comes to sending true and tried representatives to parliament, they are not willing to make the necessary sacrifice. Hence, one of the most howling farces under the sun is the spectacle of good men and women cancelling one another's influence at the polls. The farcical nature of this performance is finely illustrated by a bit of rhyme, which I have in my scrap-book, and which has done duty on many a platform. May I quote it for the benefit of your gentle readers. It is replete with the philosophy of the situation. "The boys should memorize it, so that on election day they may sit down on the heels and repeat it as dog-in-a-manger B. as an arm in arm to the polls, or as the member of the W. C. T. U. hobnobbing in the booth with hoveer B's wife. Here it is:

"Late in November, when cool was the weather,  
 Two politics were cast in the box together.  
 They tossed on these like brother to brother,  
 Yet could not tell one of those votes from the other;  
 But they were both run votes;  
 Both sanctioned the license plan;  
 But one was cast by a jolly old brewer,  
 And one by a Sunday School man."

"That Sunday School man had always been noted,  
 For fighting saloons, except when he voted—  
 For temperance, except when he voted—  
 He piled up his prayers in holy perfection;  
 But knocked them all down on the day of election;  
 For they were both run votes etc.

"That Sunday School man, no man could be truer;  
 He spent all the summer denouncing the brewer;  
 But his ardor cooled off with the change in the weather,  
 And late in the autumn they voted together;  
 But they were both run votes etc.  
 F. H. BEALS,  
 Wolfville, Nov. 28th.

**HUGE LOBSTER CAUGHT**  
 Measured 3 ft. 11 in. in Length and Weighed 31 lbs.

New York.—A lobster that measured 3 feet 11 inches from tip to tip and tipped the scale at thirty-one pounds was landed from the fishing steamer Rose R. at the Canard landing this afternoon, and, according to local fishermen, is the largest ever taken from the waters hereabouts.

"Gilt-edged" Charlie Myers vouches for the statement that the lobster tried to attack his Boston bulldog "Buster," for it was still alive when taken ashore.

The lobster was caught by Captain Victor Pierson of the Rose R., assisted by members of the crew. The crustacean monster was sold to a restaurant keeper.

It is a good idea to kiss the children good-night, says Mr. Crowell, if you don't mind waiting up for them.

### ST. CROIX COVE

Mr. and Mrs. David Milbury, Mount Rose, Mr. and Mrs. Will Johnson and little daughter, Port Lorne, were recent visitors at the home of Mr. and Mrs. Webb Milbury.

Mr. and Mrs. Elvin Williams, Annapolis Royal, have been visiting Mr. and Mrs. Frank Poole. They left the 2nd, accompanied by Mr. and Mrs. Poole and family, to visit Mr. and Mrs. Manasseh Weir, Parker's Cove.

A box social was held at the home of Mr. and Mrs. Webb Milbury on Tuesday evening, the 1st. A pleasant evening was passed and the sum of \$13.75 raised for the new church organ.

Capt. and Mrs. E. Brinton received word of the birth of a grand-daughter, daughter of Mr. and Mrs. J. E. Brinton, Hussar, Alberta, November 15th.

### FOX RANCHES LEAD IN FUR INDUSTRY.

Farms devoted to Reynard Culture Now Represent \$25,000,000.

Toronto—Ninety per cent. of the 3,500 fur ranches in the United States and Canada are devoted to rearing silver foxes and represent an industry which in twelve years has grown to constitute an investment of \$25,000,000. Louis Edward Rusch, of North East, Pa., told the American Fox Institute, which went into convention here today. Mr. Rusch is president of the institute.

The number of silver fox ranches virtually doubled in 1924 and 1925. Ontario, Prince Edward Island, Quebec and other Canadian provinces had gone into the fox raising business quite extensively.

"In spite of this rapid progress the silver fox industry still has a long road to travel," said Mr. Rusch. "Largely because of its rapid expansion, many ranches have been founded upon poor breeding stock."

There probably are not more than 8,000 high-bred silver foxes in existence today. From these all the good foxes of the future must be bred.

Silver fox ranches have been established in the last twenty months so rapidly that leaders in the industry have found it virtually impossible to keep statistics with the increase. Twelve years ago there were only two silver fox ranches in the United States. Mr. Rusch revealed that a large export business was being done by silver fox ranchers. Recent shipments of five foxes had been made to France, England, Germany, Denmark, Czechoslovakia, Belgium and Norway. He warned that inasmuch as the industry was highly profitable to those having animals with a perfection of fur for breeding purposes, it had not escaped the entrance of promoters who had been selling culls and mongrels. To guide and protect those who desire to enter the industry, the American Fox Institute had established an information bureau giving full information about the industry.

Referring to the economic difficulties of Great Britain after the war, the speaker stated that she had practically created her markets again, and that the Locarno pact is a great step in that direction.

Speaking of Ireland and her efforts to obtain her own government, he said that as far as he could see Ireland is heading straight for bankruptcy.

Sir John said that he has heard more about the dole since he came to this country than he has ever heard in England. He felt there was a misconception about it here, and that it is not charity, no more than it is charity for a woman to be paid her insurance money by a company on her husband's death.

The cases of fraud in the system have been exaggerated, he stated. Out of three million recipients in a year there were less than 2,000 cases of fraud discovered, and that was a very low percentage.

Whilst there is a great deal of unemployment in England, the speaker pointed out, there are more people working in Great Britain than there were before the war. The apparent increase is due to the stoppage of immigration into the Dominion.

There is no need to have any fear about the future, concluded Sir John Power, and the talk about the decay of the British Empire, is utter rubbish. When the world is restored to peace, the British Empire will hold her own as she did in pre-war days.

Mind's Linctant for stiff muscles.

### BLAMED U. S. FOR EUROPE'S TROUBLES

Signature to Versailles Treaty Not Honored, Says Sir John Power, Bart., M. P.

DEFENDED DOLE SYSTEM

Out of 3,000,000 Recipients Only 2,000 Proved Fraudulent—Insurance, Not Charity.

(Montreal Gazette) "The whole of our troubles in Europe for the past seven years have arisen from the failure of one of the great English-speaking powers to honor its delegates' signature," stated Sir John Power, Bart., M. P., of Wimbledon, England, referring to the effect of the Versailles treaty on Europe, in an address to the McGill Canadian Club at the Students' Union last evening.

Great Britain always honored its delegates' signature, he said, but the United States did not. Consequently, the whole of the agreement left to the ground and France, in her difficulties was left to manage as best she could.

Italy was of little use to Great Britain to help in the restoration of peace in Europe, he remarked, because in times of stress democracy does not seem to be the best form of government. In five countries of Europe it has been put to the test and failed. It was not surprising that a dictator, Mussolini, should be elected in Italy after the utter failure to govern by democracy.

Speaking of France's difficulty, Sir John said that this nation was in need of sympathy. She had made a great sacrifice and her endeavor to crush her enemy had left her in a sore state of distress. There were only two things to do with an enemy either to crush or conciliate him, and France was able to do neither.

Another cause which he cited for the unsettled state of affairs in Europe was the fact that in eastern Europe there are 13 small nations armed to the teeth. Before the war, there were only six nations.

If Woodrow Wilson's plan had been carried out in its entirety as regards the League of Nations, all might have been well, he continued. But that also has been left to Great Britain to look after. The League is very near accomplishment, and he thought the time will come when the United States will regret that they left the task to Great Britain instead of doing it themselves.

The speaker did not think that there has ever been a greater achievement in the annals of the British Empire than that of Austin Chamberlain in bringing peace out of chaos. The treaty of Locarno will ultimately lead to the entry of Germany into the League, he remarked.

"May people have said that if Germany comes into the League she will smash it. I think that is all nonsense, I do not think there is the slightest chance of Germany doing anything of the kind. Like a man anxious to get into good society, Germany will behave herself and other nations will benefit by her presence."

"We are busy healing the deep wounds of the war in Europe, and I do not think it is sufficiently appreciated on this side of the water how deep those wounds were, and how near we came to going out."

Physical Effect. "Even now we are suffering from it, and one of the sufferings we have now is that the children who were born during or just after the war have not got the vitality of their older brothers or sisters."

Referring to the economic difficulties of Great Britain after the war, the speaker stated that she had practically created her markets again, and that the Locarno pact is a great step in that direction.

Speaking of Ireland and her efforts to obtain her own government, he said that as far as he could see Ireland is heading straight for bankruptcy.

Sir John said that he has heard more about the dole since he came to this country than he has ever heard in England. He felt there was a misconception about it here, and that it is not charity, no more than it is charity for a woman to be paid her insurance money by a company on her husband's death.

The cases of fraud in the system have been exaggerated, he stated. Out of three million recipients in a year there were less than 2,000 cases of fraud discovered, and that was a very low percentage.

Whilst there is a great deal of unemployment in England, the speaker pointed out, there are more people working in Great Britain than there were before the war. The apparent increase is due to the stoppage of immigration into the Dominion.

There is no need to have any fear about the future, concluded Sir John Power, and the talk about the decay of the British Empire, is utter rubbish. When the world is restored to peace, the British Empire will hold her own as she did in pre-war days.

### Mothers Who Have Used Baby's Own Tablets

Always Strongly Recommend Them to Other Mothers.

Once a mother has used Baby's Own Tablets for her little ones she will use nothing else—actual experience teaches her that there is no other medicine to equal them for any of the minor ailments from which her baby or little ones suffer. Having found the value of the Tablets in her own home, she is always anxious that other mothers should share her knowledge. That is why Mrs. Creighton White, North Noel Road, N. S., writes the following:—"I have a baby seventeen months old and have given him nothing but Baby's Own Tablets ever since he was a week old. I know of no other medicine to equal them, and it is certainly a pleasure to recommend them to other mothers."

Baby's Own Tablets are a mild but thorough laxative that regulate the stomach and bowels; banish constipation and indigestion; break up colds and simple fevers and make the sickly baby well and happy again. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

### SMART SET PREFER PUBLIC CABARETS

Clarence MacKay's Daughter Points Out Faults of Private Dances.

New York—Ellin MacKay, 21-year-old daughter of Clarence H. MacKay, president of the Postal Telegraph Company and cousin of Alice Duer Miller, the novelist, broke into print today defending visits to cabarets by the young smart set.

In the New Yorker, a magazine, she writes that paradoxically, the younger generation of the smart set prefers the privacy of public cabarets to rubbing elbows with the hot polloi at exclusive dances given by their anxious and solicitous parents.

Miss MacKay's first article to be paid for at space rates declares that "our elders attribute to us sins too gaudy to be true. The trouble is that our elders are a trifle glib."

"We like to go to cabarets. It is not, as our elders would have it, because we enjoy rubbing elbows with all sorts of people." We do not particularly like dancing shoulder to shoulder with gaudy and fat drummers. We do not like unattractive people.

"If our elders want to know why we like to go to cabarets, let them go to the best of these, our present day exclusive parties, and look at the stag lines. They will see extremely unattractive specimens. A third or so of the stage are attractive, agreeable, young men. The rest are just stage and pretty terrible.

"We go to a party and take no 'luck, and the luck is four to one against us. At last tired of fruitless struggles to remember half-familiar faces, tired of vainly trying to avoid unwelcome dances, we go to a cabaret.

"We go to cabarets because of the very fastidiousness that our elders find so admirable a quality. We have privacy in a cabaret. What does it matter if the flapper and her fatted boy friend are wriggling beside us as we dance? We go because we prefer rubbing elbows in a cabaret to dancing at an exclusive party with all sorts and kinds of people."

### HOSPITAL FUND WELL STARTED

Digby Women Raise \$265 in Starting Fund For Building.

Digby—The sum of \$265 was realized at the Digby Hospital sale and tea, which was held in the Bijou Dream Theatre yesterday afternoon, and this amount will be applied towards the building fund of the hospital.

The managing committee of the Digby General Hospital have under consideration the building of a more modern hospital for this county within the next year or two, and the ladies of the town, in co-operation with the Ladies' Aid of the Hospital, intend holding a number of entertainments during the winter months the proceeds to be applied to the new hospital fund. Yesterday's entertainment was the first of a series.

In the evening a dance was held in the auditorium of the theatre and a large number of the citizens were present. Music was furnished by local talent.

### SENTENCE IS SUSPENDED

C. R. B. Bryans, Former Accountant at Agricultural College Will Pay Back \$3,000.

Truro—C. R. B. Bryans, former accountant at the Agricultural College, was before Judge Martell in County Court today on the charge of stealing public money that was intrusted

### Here and There

British Columbia's whaling industry produces about 400 tons of whale bone meal and 900 tons of meat and blood for fertilizing purposes annually. This is exported mostly to the United States.

According to G. F. Tomsett, superintendent of the Saskatchewan Branch of the Employment Service of Canada, about 43,000 harvest hands were brought into Saskatchewan and distributed over the province to harvest and thresh the 1925 crop.

J. Stapleton, of Regina, ordered two springer spaniel puppies from a dog agent in Liverpool on October 9th. Thirty days later they were delivered to him after a voyage and journey totalling 4,500 miles, the shipment going at the rate of 150 miles a day. This constitutes a record for speed.

Constituting a record for Canada and probably for the world, 3,447,624 bushels of all grains were marketed on the lines of the Canadian Pacific Railway in Western Canada on November 19. The nearest approach to this figure was the 3,406,000 bushels marketed on October 18, 1915, in the year of one of the greatest crops the Dominion has ever harvested.

Reports received at Canadian Pacific Railway headquarters this week show that four more accidents occurred in cases where motorists drove their cars into trains already in the process of crossing levels. This brings the total of accidents of this kind up to thirty for the year. In all four cases the automobiles were damaged while the motorists escaped with minor injuries.

Eighty-seven black foxes, valued at about \$100,000, shipped in 44 crates, arrived at Montreal last week from Buffalo. Twenty-five of the animals were prize-winners at the Black Fox Exhibition which concluded last week, and were on consignment to the Borestone Mountain Fox Ranch at Onawa, Maine.

The Far East has heard about Canadian apples. The Canadian Pacific liner Empress of Asia carried 8,000 boxes of apples when clearing out of Vancouver last week. General trade conditions between Canada and the Far East are quite healthy as there was also on board the vessel 800 tons of Canadian flour, 100 automobiles and 160 tons of Alberta beef.

With each succeeding year Great Britain is relying more upon British colonies for agricultural supplies. In the seven months of 1925 ending July, Canada supplied Great Britain with 4,227,268 pounds of butter, compared with 154,224 pounds for the same period of 1924, and 40,458,544 pounds of cheese, compared to 20,153,504 pounds for the same period of last year.

Two bears, six coyotes and fifteen chipmunks were shipped to England on the Canadian Pacific liner Montclare last week from the Toronto Zoo to the London Zoo. In exchange, the Curator of these gardens has been asked to supply Toronto with Ceropsis, Bean, Magellan and bar-headed geese; shell ducks; a female Comb Duck; two young leopards; and a Barbary Sheep. A stiff order.

Six champion juvenile swine breeders, winners in Manitoba, Saskatchewan and Alberta, have been awarded medals and trophies by the Canadian Pacific Railway and are now the guests of the latter at the Royal Winter Fair at Toronto. The young people, who competed in clubs on Canadian Pacific lines in the West are: Vern Johnson and Oscar Gudlagson, Alberta; Lorne Joynt and Fred Argue, Rouleau, Saskatchewan; Mamie Cormack and Grace Ewan, Kenston, Manitoba.

Bryan was found guilty of the charge and was let go with a suspended sentence of two years on his undertaking to pay back to the College \$2,000, the sum stated as the amount of the shortage in his accounts.

Bryan furnished bonds and was released.

The information against Bryan was laid by Dr. M. Cumming, Secretary of Agriculture for Nova Scotia, when Bryan a few weeks ago admitted a shortage in his accounts. There had been many rumors on the street when the auditors were going over the College books, and it was hinted freely that the amount of the shortages would total to high figures.

However, the final amount as given in the court Friday is \$2,000, and Mr. Bryan will refund that amount to the College.

Mind's Linctant for bruises.

### VALUE OF POULTRY ON FARM STRESSED.

Orchard Land Is Best For Flocks, Prof. Landry Tells Annapolis County Audience.

Lawrencetown.—The Annapolis County Poultry and Pot Stock Association continued its sessions on Wednesday considerable interest being shown by the poultrymen of the County and by the general public, as they gathered at the Demonstration Building, Lawrencetown, to learn what they could concerning the latest methods of the poultry industry.

On Wednesday evening, two addresses were given, the first by Professor W. S. Blair, of the Government Experimental Farm, Kentville, his subject being "Community Improvement." Professor Blair emphasized the need in every community of social development, educational equipment, and religious adjustment.

Dealing more especially with the rural community and the farmers' problems, he showed how failure could be turned into success by bridging the river of failure with the planks of Marketing, Efficient Help, Suitable Live Stock, Crop and Seed Selection, Good Business Management, Manuring and Fertilizing, Judicious Liming, Proper Drainage and Tillage, and Natural Fertility.

Professor Landry of the Nova Scotia School of Agriculture, Truro, followed, dealing with the subject of raising and care of poultry and the conditions of obtaining a large egg production. He showed how one very successful poultryman in the Province, who has today a flock of 2300, had obtained a higher percentage of egg production by illuminating the pens until 9 p.m. The aim of every poultryman should be to obtain the largest possible production when eggs were highest in price.

He stated that the Annapolis Valley was ideal in its conditions for a large development of the poultry business, orchard land being the best for the flock. Some people say, said the speaker, "It doesn't pay to keep poultry. If we understand the carelessness way they were kept, we would say, it doesn't pay to keep poultry as they keep them."

Professor Landry followed, throwing on the screen upwards of one hundred fine views of great educational value, showing methods of incubation, sanitation, feeding, housing and general caring of the stocks.

A hearty vote of thanks to Professors Blair and Landry was moved by F. G. Palfrey and seconded by Dr. L. R. Morse.

The only reason some of us don't settle down and take a wife, says Tom MacInnis, is because we don't know whose wife to take.

### Genuine Aspirin

Proved Safe

Take without Fear as Told in "Bayer" Package

Does not affect the Heart

Unless you see the "Bayer Cross" on package or on tablets you are not getting the genuine Bayer Tablets of Aspirin proved safe by millions and prescribed by physicians over twenty-five years for

FRIDNEY-McCUMBER TARIFF SUPPORTED

American Exporters Demand No Modification of Main Features

New York.—Six hundred exporters from all parts of the country, attending the sixteenth annual convention of the American Manufacturers' Export Association here, today demanded of Congress that "no attempt be made to modify the main features of the Fridney-McCumber tariff act."

The resolution, which was unanimously adopted, mentioned in its preamble the present probability that "the tariff question may be reopened in the next Congress," contending that the present act had not been in effect long enough to demonstrate its merit, and that Congressional revision would have a "disturbing effect upon business."

Under-Secretary of State Joseph C. Grew addressed the convention on "Our Foreign Policy," in its connection with American industrial interests. While denying "American imperialism," he declared that the active co-operation of the Department of State was making its aid felt in American penetration of foreign markets.

"Our Government has from time to time been charged with economic or financial imperialism," he said. "No such policy could receive the approval or support of our Government."

Resolutions were adopted favoring entry into the World Court, turning all Government-owned or operated merchant vessels over to "private enterprises," and an increased activity of the Bureau of Foreign and Domestic Commerce.

### SCHOOL BUILDING, COSTING \$12,500, IS PRIDE OF TOWN

Lawrencetown, Annapolis County, Has Modern School Structure.

### RED-LETTER DAY IS MADE BY OPENING

Comfort and Health of Pupils and Teachers Are Provided For In Many Details.

Lawrencetown.—The public opening of the new Lawrencetown school building took place Monday afternoon, with appropriate exercises marking the day as a red letter one in the educational history of the town.

The exercises were in charge of Dr. L. H. Morse, chairman of the Lawrencetown School Board, in whose untiring efforts and steady devotion to the cause of education, combined with the interest taken by Trustees John Stoddart and J. L. Bishop and Secretary W. A. Whitman, who with T. G. Babson, T. D. Haldy and A. P. Ramsey formed the Building Committee, Lawrencetown owes the possession of this new and most up-to-date school buildings in western Nova Scotia.

To Architect L. R. Fain, of Aylesford, and Contractor C. R. Lowell, of Lawrencetown, much praise is given.

The building both without and within presents an attractive appearance and safety and comfort have been steadily kept in mind by the architect and builder. The exterior is of colonial design and adapted to its surroundings, and the roofing is of straight surface fire-proof material, while the roof has broad projections.

The interior of the building is finished in native white hemlock, with fumed oak, filled and varnished. Security against the spread of fire is assured by laminated solid floors and fire stops in outer walls, the floor and wall partitions being designed, no noise passing from one room to another. The flooring is of best quality hard wood, manufactured in Nova Scotia.

The school has the ward robe system, with no objectionable cloak rooms and is provided with a fine system of ventilation and drying, the warm air being drawn through the vent stacks.

The ground floor has a large central hallway, with ward-robe arrangements and boys' and girls' lavatories.

The second floor, which is reached by two spacious stairways, has a large hall, two class rooms, teachers' room, and library.

The class rooms are ideal, the boards being graded in height for the different ages, and shaded with a color, easy for the eyes. The rooms are lighted unilaterally, the light falling over the left shoulder of the pupil.

There is one door only in each class-room, the pupils being under the eye of the teacher from the time they enter until they leave. The walls are finished in hard wall plaster, tinted in harmonious shades, and restful to the eyes, and latest sanitation devices. Upper and lower halls are equipped with drinking fountains.

The programme presented on Monday included addresses by M. C. Foster, Inspector of Schools for Annapolis and Digby counties; Rev. A. H. Whitman, Lawrencetown; and Rev. Robert Miller, Middleton; two choruses, "O Canada," and "Lead Me Forth," by the school; reading by Isabel Pearson and Donald Hills; presentation of flag, by W. C. Farber, on behalf of flag, by the school; and National Anthem; expression of thanks to architect, contractor, chairman of Board of Trustees and others, by Principal Murray Fitch.

### NEW STRENGTH FOR WEAK STOMACHS

Digestion Disappears When the Blood is Enriched.

The urgent need of all who suffer from indigestion is a tonic to enrich the blood. Pain and distress after eating is the way the stomach shows that it is too weak to perform the work of digesting the food taken. In this condition some people foolishly resort to purgatives, but these only further aggravate the trouble.

New strength is given weak stomachs by Dr. Williams' Pink Pills because these pills enrich and purify the blood. This is the natural process of giving strength and tone to the stomach, and it accounts for the speedy relief in stomach disorders that follow the use of Dr. Williams' Pink Pills. The appetite revives, food can be taken without discomfort and the burden and pain of indigestion are dispelled. The following statement from Mr. Donald L. Fitch, of Lawrencetown, N. S., shows the value of these pills in cases of this kind. He says:—"A couple of years ago I had a bad attack of indigestion. I had little or no appetite, and what I did eat did not agree with me and caused me much pain. As a result of this trouble my general health broke down, and I finally had to give up my work. I had taken doctor's medicine but it did not give me any relief. Then a friend advised me to give Dr. Williams' Pink Pills a trial, and I got six boxes. Before I had completed the third box I found that I was helping me and by the time I had taken the six boxes every symptom of indigestion had disappeared, my general health had improved and I have since been in the very best of health. I look upon Dr. Williams' Pink Pills as a wonderful medicine for all who are run-down."

You can get these pills from any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### ANNUAL EVENT RAISES \$254.08

Granville Ferry.—The efforts of the United Church, who had been preparing for some time for their annual chicken supper, Thursday were rewarded by a fine day, which brought a goodly attendance and a very satisfactory sum of money into the church coffers to be used for church purposes.

The receipts from the tickets amounted to \$102.55, from the sale of aprons and fancy work made by the Ladies' Aid, \$69.25, from the sale of fancy and other articles made by the Young Ladies' Sewing Circle, and candy, \$48.53; from the home cooking table \$33.75, making the total receipts \$254.08.

The hostesses at the tea tables were Mrs. W. H. Weatherspoon, Mrs. Frank Sproule and Mrs. William Ambraman.

### Safe for Children

## FATHER JOHN'S MEDICINE

Keeps Them Healthy

MILLION TOURISTS CAME TO QUEBEC.

250,000 Automobiles Entered Province In 1925—Left \$20,000,000 Behind.

Quebec.—During the touring season of 1925, 250,000 automobiles entered the province of Quebec from the United States and other Canadian provinces. This estimate has been prepared by the Quebec Automobile Club, which draws its information from official and semi-official sources. While the figures are not of a strictly official nature, every effort has been made to gain accurate information, either from customs and immigration officials at the border, or, in the case of cars entering from other provinces, from officials in close touch with the movement of cars.

It is generally conceded that four persons per car is a fair number on which to estimate the number of passengers carried by cars coming into this country, and with this as a basis it would appear that one million persons came into the province of Quebec by automobile during 1925. Each of these is estimated to have spent at least twenty dollars, Quebec therefore benefited to the extent of \$20,000,000, and of this amount it is estimated nearly \$4,000,000 came to the city of Quebec.

Of the million people who entered the province, at least three hundred thousand came to Quebec city.

### A GOOD SCHOOL

The fact that we train and place in positions more young people than all other schools in New Brunswick combined and that we have grown to be the greatest business training institution in the province, is sufficient reason for your attention to our school.

### A NEW MODEL

To the Editor of the Monitor:

The following statement, which appeared in a recent issue of The Montreal Witness, furnished food for serious reflection:

"Canada had prohibition operating in eight provinces in 1919, and nine tenths of the ninth province (Quebec) was dry by local option. Today, after six short years, the trade flourishes in six of the nine. Temperance is being defeated at the rate of a province a year."

This means that we are fighting a losing battle, and it looks as if the enemy would soon occupy the whole field.

In looking for the reason for this retrogression, it is clear that the failure lies in the lack of stamina in the temperance ranks. It is a question of quality rather than quantity. There are a sufficient number of believers in the country to assure victory, as has been proved by the various prohibitions, but the majority lack the conviction of a William Wilberforce or a Wendell Phillips.

A striking analogy is presented by conditions in the early stages of the English civil war of 1642. The historian tells us that until Cromwell recruited his New Model, the raw untrained soldiers of the parliamentary army were no match for Rupert's disciplined troops. Observing this defect, Cromwell proceeded to develop a New Model, otherwise called Ironsides, and, as a result King Charles soon lost his crown and his head.

This is illustrative of what is needed in our temperance army. Prohibition and moral reform are the most important questions in Canadian politics, and they should be made paramount in all elections. Municipal, Provincial and Federal. To say that they are not issues in any contest is to confess ignorance of what constitutes the country's greatness, and of the means whereby that greatness is secured.

The natural recruiting ground for this New Model is the church. By purpose and profession she is designed for this function. Jesus Christ, her head, came to destroy the works of the devil, and this he proposes to do, directly or indirectly through his church. Not that the church should organize the forces, but that she should be constantly developing candidates for membership in the New Model, so that when the call comes, she should be able to point to a number of her members qualified to serve.

But here disappointment awaits the recruiting officer. If there were in almost any constituency in Canada, a body of two hundred voters from all parties, who were schooled in the principles of Prohibition and Moral Reform; who would be forward in the selection of candidates; and who could not be bribed by a gift, by the promise of emolument or by the crack of the party whip; it would not be long before these questions would receive, in the country and in parliament, what their importance demands. To day in Federal Parliament one independent member has more influence than a score of partisans.

But, just at this point, emerges the crucial test. Church members will agree with the Prohibition theory; they will work with others in promoting its interests; they will pass

resolutions, and will pray for its success; but when it comes to sending true and tried representatives to parliament, they are not willing to make the necessary sacrifice. Hence, one of the most howling farces under the sun is the spectacle of good men and women cancelling one another's influence at the polls. The farcical nature of this performance is finely illustrated by a bit of rhyme, which I have in my scrap-book, and which has done duty on many a platform. May I quote it for the benefit of your gentle readers. It is replete with the philosophy of the situation. The boys should memorize it, so that on election day they may sit down on the fence and repeat it as deacon A. and deacon B. go arm in arm to the polls, or as the member of the W. C. T. U. bobble in the booth with boozee B's wife. Here it is:

"Late in November, when cool was the weather,  
Two boloes were cast in the box together.  
They nestled up close like brother to brother,  
You could not tell one of those votes from the other;  
But they were both run votes;  
Both sanctioned the license plan,  
But one was cast by a jolly old brewer,  
And one by a Sunday School man."

That Sunday School man had always been noted,  
For fighting saloons, except when he voted—  
For temperance, except when he voted—  
He piled up his prayers in holy perfection;  
But knocked them all down on the day of election;  
For they were both run votes etc.

That Sunday School man, no man could be truer;  
He spent all the summer denouncing the brewer;  
But his ardor cooled off with the change in the weather,  
And late in the autumn they voted together;  
But they were both run votes etc.

F. H. BEALS.  
Wolville, Nov. 28th.

### HUGE LOBSTER CAUGHT

Measured 3 ft. 11 in. in Length and Weighed 31 lbs.

New York.—A lobster that measured 3 feet 11 inches from tip to tip and tipped the scale at thirty-one pounds was landed from the fishing steamer Rose R. at the Canarsie landing this afternoon, and, according to local fishermen, is the largest ever taken from the waters hereabouts.

"Bluefish" Charlie Myers vouches for the statement that the lobster, "Buster," for it was still alive when taken ashore.

The lobster was caught by Captain Victor Pierson of the Rose R., assisted by members of the crew. The crustacean monster was sold to a restaurant keeper.

It is a good idea to kiss the children good-night, says Mr. Crowell, if you don't mind waiting up for them.

### OBITUARY.

Mr. J. H. Hicks.

The funeral of the late John H. Hicks took place on Thursday afternoon with services in Gordon-Providence United Church. Rev. A. D. McKinnon made most appropriate reference to the many good qualities of the deceased. Interment was in Riverside Cemetery and the funeral obsequies were largely attended. The death of Mr. Hicks removed from Bridgetown one of its oldest and most respected citizens. His ancestors came here from Rhode Island and his great grandfather was the second representative from Annapolis County to the Provincial assembly in Halifax, succeeding Col. Munro, the first member. The old homestead was on the South side of the river and what is now Bridgetown was called Hicks Ferry. The late Mr. J. H. Hicks in his early years taught school very successfully in various parts of the County. In those times male teachers predominated. He taught till 1882, after which he became associated with J. B. Reed and Sons, and about 1890 started a wood working plant doing fancy and bracket work. The products were sold all over the Province. In 1898 he was appointed Collector of Customs for Bridgetown and the following year retired from business which was recognized and taken over by his sons under the firm name of J. H. Hicks & Sons. Mr. Hicks held the position of Collector of Customs till about 1912, after a change of Government. Later he re-entered the local wood working plant as supervisor and continued till about two years ago, when he suffered a stroke of paralysis and from then till the time of his death he was confined to his home.

He was twice married, first to Miss Sarah Davies, daughter of Rev. T. H. Davies of this town. By her he had three sons, Edward A. Henry B., and J. Herbert. The late Mr. Hicks was a most successful church worker of decided literary tastes. His second wife, who survives him was Miss Nettie Armstrong, of St. John, N. B., and of this union was born two sons, Benjamin, now attending classes in Electrical Engineering at McGill University, Ellis, at home, Miss Sadie who is training for a nurse at Victoria General Hospital and Miss Lena, of the Bridgetown Public School teaching staff.

### Local Happenings

Dr. H. W. Kirkpatrick of 317 Barrington St., Halifax, will be at his office in Middleton for treatment of Diseases of the Eye, Ear, Nose and Throat on Tuesday, Dec. 15th, and Wednesday, the 16th. Appointments by letter or call phone 163 Middleton, 37-1.L.C.

Our readers will be pleased to know that the date is set for the Annual Recreation Hall Christmas-free entertainment, viz. Tuesday, Dec. 29th. Keep the date open. An excellent programme is being prepared by the three churches in combination.

Kingston, N. S. had a \$15,000 fire early Sunday morning which destroyed four stores. The fire originated in Frank Warner's Woodshed after a lamp had been upset.

On Saturday afternoon, Dec. 12th, 2-6 o'clock, there will be a sale by the Ladies' Aid Society of the United Church. Useful and fancy articles of all kinds. Home cooking and Candy. To be held in school room of church, 37-1.L.C.

The pantry and fancy goods sale held on Saturday by the ladies of St. James Anglican Church was well attended and highly successful, some \$70 being cleared.

A meeting of the Fire Department will be held this (Wednesday) evening at 7.30, in the Council Chamber. A full attendance is requested as matters of special importance will be brought up.

Attention is called to the advertisement in this issue of Mr. G. A. Puddington, Mr. Puddington is specializing in a line of work which has not been permanently followed here, upholstery and the sale of antiques. He and Mrs. Puddington arrived from Windsor Tuesday of last week and are occupying Mrs. J. W. Ross' building on Granville Street East. The MONITOR welcomes them to town and trusts they will receive a good amount of patronage from town and surrounding country.

### NEWSY NOTES FROM PARADISE

Mrs. John Ross of Bridgetown, was the guest of Mr. and Mrs. Byron Chesley on the 6th inst.

The regular meeting of the W. I. has been postponed until after the Christmas holidays.

Mr. Irving Bishop has recently taken over the Paradise milk route for the winter.

Miss Dorothy Hogge, primary teacher, who has been off duty with an attack of tonsillitis is able to resume her work again.

The Crokinole Club was entertained at the home of Miss Eleanor Langley on Friday evening. There were six tables and prizes were awarded Irving Bishop and Edwin Lilly. Light refreshments were served by the hostess.

For the past week Mr. Fred Durling has been under the doctor's care, suffering with trouble in his eyes.

The Literary Club met at the home of Mrs. Minnie Rice on Monday evening for the sale of the magazines from which a neat sum was realized. All enjoyed a social evening, during which a treat was given.

During the week the open-air rink afforded excellent skating for those who cared to participate and many are hoping for some more such ice this week.

The Orange Order will hold their regular meeting in the Community Hall on Monday, 14th inst.

Watch for the Ladies of the "Boarding House" on New Year's Eve in the Court House.

### CURLERS BANQUET ON FRIDAY NIGHT

Two Teams Making Lowest Scores Last Winter Tender Banquet to Other Local Curlers.—Splendid Time.—New Curling Rink Discussed.

On Friday evening Riverside Inn was the scene of a most enjoyable banquet tendered by the curling aggregations winning the fewest number of games in last season's local competition. The curlers were out almost a hundred per cent, strong and everything went with a swing. President A. P. Little presided at the banquet and the following attractive menu received a full measure of justice:

- Tomato Soup
- Stewed Fresh Haddock, Bristol Sauce
- Mashed Potatoes
- Cucumber Pickles
- Tomato Pickles
- Worcester Sauce
- Roast Dressed Chicken.
- Cranberry Sauce
- Steamed Potatoes
- Hubbard Squash
- Golden Wax Beans
- Green Apple Pie
- Steamed Fruit Pudding, Fruit Sauce
- Vanilla Ice-Cream

Crackers  
Tea  
Host Arthur McGregor and his sister, Miss Lizzie McGregor, received a hearty vote of thanks for the well appointed banquet served. Post prandial proceedings consisted in discussing matters near and dear to the curlers' hearts. The President gave out welcome news just received to the effect that a curling club for this season and as soon as ice conditions permit, it is the intention to invite the Middleton curlers' down and have a friendly game with mixed rinks. Kentville, it was thought might also get into the game. If Annapolis does likewise, there would be a nice string of teams from Yarmouth up to Windsor and a Valley bonspiel might be a thing not very far in the future.

The me Vice President Arnold suggested that an exhibition game at Annapolis might have the effect of awakening interest in curling in that town. A number of the other curlers made brief remarks and the question was discussed of a new curling rink for Bridgetown. Plans will be shortly submitted with estimates under a Curtlers' here, are working under a decided handicap as they have but one ice space on which to play. There was a good deal of discussion about ways and means, but within a short time it is expected definite courses will be marked out to pursue.

### HAMPTON.

Mr. Lester Huntley and daughter Janie, of Kingsport, Mr. and Mrs. Earle Barkhouse, of Upper Canada, also Mr. Edward Price, were weekend guests at the home of Mr. and Mrs. Roy Huntley. Miss Alexia White, also Miss Hazel Young of Youngs Cove, spent several days last week with their aunt, Mrs. Freelove Nash. Miss Mildred Chute, also Miss Mary Marshall, of Clarence, spent the week end at the home of Mr. and Mrs. A. A. Tompkins.

### MARRIED.

Everett—Ruggles  
At the United Baptist Parsonage on Wednesday evening, December 9th, by Rev. P. R. Hayden, Clyde Everett of Bridgetown, and Ruby Evangeline Ruggles of Clementsport.
