The copy filmed here has been reproduced thanks to the generosity of:

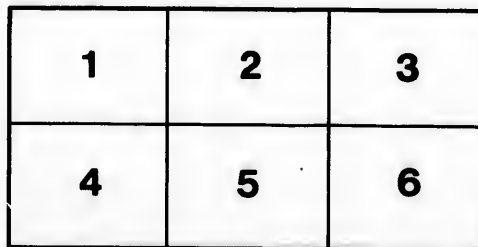

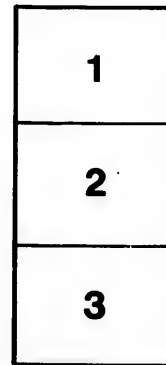

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

INVESTED FUNDS

Upwards of ONE MILLION-THREE HUNDRED and FIFTY-SEVEN THOUSAND POUNDS STERLING.

Assured have the choice of two separate Classes of Assurance.

IN CLASS A.
AT AN EARLY STAGE.
An allocation of more than five years' stock is applied in payment of the Sum Assured, or many years, before the commencement of the **CASE PROFIT** to the Policy-holders during the life of the Policy.

ADVANTAGES are paid in Money to the Policy-holder himself, commencing at the end of the first year of the **POLICY**.
Cash is made *every year* in this class to all Policies of not less than five years' standing, and each Policy-holder's share is calculated on the preceding Annual Balance, and each Policy-holder's share is added to the Annual Premium. The Outlay required for the Policies has thus been reduced to 2½ cts. to 75 cts. of the Premiums, according to standing, and at the end of the first year of the Policy, the sum of £445,000 is distributed in this manner to the Policy-holders during the life of the Policy.

IN CLASS B.
ASSURED, and may be exchanged for the Policy-holder himself.
At the Division for the first time the Sum Assured was declared, and the Bonus Addition along with the Sum Assured is payable at the age of entry. It is evident that the Bonus Addition in a comparatively short period of time reaches an average period of life, for the Policy-holder himself.

ADDITIONS TO THE SUM ASSURED are made at the end of every year, and are added to the Sum Assured in OLD AGE to the Policy-holder himself.
The Bonus Addition is 4 per cent. on the Sum Assured, and payable at the age of entry of persons at his age of entry, and may be more than DOUBLED.
The Bonus Additions, when he reaches an average period of life, for the Policy-holder himself.

VALUABLE PROVISION FOR OLD AGE

For Example, a Policy-holder for 20 years of persons of that age, will receive the Sum Assured £2,500.
Or he may exchange the Bonus Addition for ONE CASH PAYMENT of about £1,000 to himself.

LIFE-TIME by a CASH PAYMENT.
On his attaining the average period of life, the Bonus Addition is added to his Assurance of £1,500, and he receives a Bonus Addition of about £1,000 to himself.

Or he may exchange the Bonus Addition for an ANNUITY of about £102 payable during his life. Such exchange will in no respect affect the Sum assured, which, as well as the right to future Bonuses, will remain intact for the Heirs or other purposes of the Policy-holder.

UNDER NO OTHER SYSTEM can anything like the same amount of benefits be obtained, whether as regards increase of Sum Assured, or an equivalent in Cash Payment, or Life Annuity.

An Assurer during the current year in Class B. will receive, at next division, ONE-FIFTH MORE BONUS than later Entrants—The difference being—probably so much as £40 on a £1,000 Policy.

P. WARDLAW, SECRETARY.

Notice to Parties interested in Water Power and Milling Operations.

I beg to inform the public that I have made arrangements with Messrs. W. P. BARTLEY & Co. of the St. LAWRENCE ENGINE WORKS, Montreal, for the manufacture and sale of my SAMSON TURBINE WATER WHEELS for the Province of Quebec.

A. D. COLE

Toronto, 7th March, 1871.

Messrs. W. P. BARTLEY & Co., Montreal.

DEAR SIRS,—Your favor of the sixth received. In reply we have four of Cole's Samson Wheels at work in three of our Mills; one took the place of an overshot, and two of breast wheels. In all cases they have given perfect satisfaction, doing more work with the same water. One very decided advantage is that they cost very little, are so simple that they don't get out of order, and are not affected with back water to any extent. We have been using them about two years, and quite believe they are the best Wheels in use.

Yours truly,

GOODERHAM & WORTS.

In reference to the above, we beg leave to say that we are prepared to execute promptly all orders entrusted to us for the COLE SAMSON TURBINE WATER WHEELS, and from the large amount of new, improved and labor-saving machinery, that we have just imported from the United States, and Great Britain, we are prepared to furnish every article required for Saw, Woollen and Grist Mills, and other Factories, at reasonable rates, and of a quality that will much surpass that produced by old and inferior machinery.

SHAFTING is with us a specialty. We have very superior facilities for supplying Shafting from one inch up to 15 inches diameter, and at rates and of a quality that cannot be approached by other parties. We can turn out from One to Two Hundred Feet per day, according to size.

The Society's Profits belong exclusively to the Assured, and are divided every five years. At division in 1868, the sum of \$150,000, less the usual reserve, was distributed among the members. The Society's Policies are virtually indisputable. No Policy will be voided by unintentional misstatement in the proposal and declaration. Undoubted Security is afforded by an accumulated premium fund in excess of the Society's requirements. Copies of the last Balance Sheet, Annual Report and Prospectus may be had on application.

THE IMPROVED TURKISH OR ROMAN BATH,

140 St. Monique, near Crystal Palace, Montreal.

There are many kinds of Baths, but the above Bath is, in its nature, peculiar and singular, and when rightly administered, produces results which cannot be obtained by any other:—

1st.—THE EFFECTS of this Bath are to cleanse and promote the healthful action of the skin, and the seven millions little perspiratory sewers or pores which open upon its surface, and carry off waste and effete matters from the system.

2d.—TO PURIFY the blood by drawing off its impurities through the perspiration.

3d.—TO EQUALIZE the circulation of the blood throughout the system, thus removing all local congestions of the head or internal organs.

4th.—TO SOOTHE and tranquilize the nervous system.

THE SPECIAL USES OF THIS BATH are to secure *perfect cleanliness, to preserve the health, prevent disease, and for its treatment a most invaluable agent*, especially for the cure of *Coughs, Colds, Rheumatism, Neuralgia, Intermittent Fever, Bilious Derangements, Scrofula, Bronchitis, Catarrh, Malarial Fever, Local Congestions, Inflammations, and Skin diseases.*

This Bath has justly been entitled the "Queen of Baths," and ours having been constructed with all the most modern improvements and with perfect regard to ventilation, and being under medical supervision, we trust it will meet with that patronage which it merits, both as an invaluable remedial agent and also as a sanitary means.

P R E F A C E.

THE Publisher has much pleasure, in presenting the MONTREAL DIRECTORY for 1871-72, to announce to the public his sincere belief that it will be found one of the most complete and reliable works of the kind that has yet been issued from his establishment. As he was determined that neither trouble nor expense should stand in the way of his producing a correct Directory, he determined, after the names had been taken and put in type, to send out his agents a *second* time, in order to compare the *Street lists*, by a house to house investigation, and thus guarantee a correct ALPHABETICAL and STREET DIRECTORY. An improvement will be noticed in the arrangement of the villages surrounding the city. Hitherto, the names of the inhabitants of these places were inserted in the Montreal Alphabetical, but this year they are placed separately, and the location of the several villages described. The Miscellaneous part of the work will be found to be fuller and more complete than in any previous year, and the DIRECTORY, on the whole, will be found to contain a much larger number of names than has yet been published.

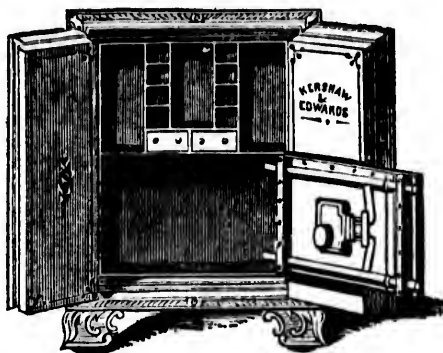

To the Officers of the Government, Public Institutions, the City Corporation, Societies and Companies, the Publisher is deeply indebted for the useful information they were kind enough to supply.

POLICIES NON-FORFEITABLE.

The Society will give a cash value, or its equivalent in a paid-up Policy, and thus make Policies Non-Forfeitable, as follows:

Life and Endowment Policies, the Premiums on which are payable during a stipulated period longer than Ten years, after three Annual Premiums have been paid.

All Five and Ten payment policies whether Life or Endowment, after two Annual Premiums have been paid, for as many *Fifths* or *Tenths* respectively as there shall have been payments made for full yearly premiums.

The progress of the EQUITABLE LIFE ASSURANCE SOCIETY has shown more rapid growth than any other Life Insurance Company in the world. This is probably owing to increasing confidence of the public in its stability, in its economy of management, and in its unswerving determination it has evinced in guarding at all hazards the interests of its existing policy-holders. As a Mutual Company it has made as equitable a return in the shape of dividends as any other institution of a similar character.

The Tontine Dividend Plan.

A MOST TEMPTING FORM OF INVESTMENT.

The TONTINE DIVIDEND POLICY originated with, and is a specialty of the EQUITABLE LIFE ASSURANCE SOCIETY: its advantages are demonstrated in instances of prolonged life of the most healthy men *expect* to reach advanced years. It is an admirable system to protect *Mortgage Estates*, requires but a limited number of premiums, and, after a certain date, promises an income which will assist in the payment of the *annual interest* on the Mortgage.

CANADA

THE ÆTNA LIFE INSURANCE COMPANY.

From the Official Table on the other side, it will be seen that this Company has again, as for many years past, been honored with a larger amount of patronage in Canada during the past year, than any other. And not only so, but its new business is shown to have been larger than that of the whole of the thirteen old country companies combined! There are substantial reasons why the ÆTNA is more successful than other companies. Chief among these is the

GREAT IMPROVEMENT IN LIFE INSURANCE

introduced by this Company and not afforded by any other. This consists of two most valuable features:

1stly. All its new policies (since 1865) are **ABSOLUTELY NON-FORFEITING**, whether on the Endowment, Ten Years, Twenty Years, or Common Life Plan, after the payment of two annual premiums. Every policy embraces a title to a Paid-up Policy for as large an amount as its accumulated cash value will purchase, should misfortune, or any other cause, compel the insured to discontinue paying premiums. The amount of said Paid-up Policy will usually prove greater than, and on some of the plans, more than double, the Cash paid to the Company.

2ndly. Whereas the policies of all other companies doing business in Canada become worthless if the restrictions therein are violated, (it being generally expressly stipulated that "in every case where this policy shall cease or become void, all previous payments made thereon and all dividends accrued thereon shall be forfeited to said company,) the ÆTNA's Improved Policy, on the contrary, guarantees the return of the FULL CASH VALUE of the Policy at its expiration, if two or more annual payments have been made thereon, no matter how many restrictions may have been ignorantly or willfully violated. The ÆTNA's Improved Non-forfeiting Policy is therefore a **PARAGRAPH** in our country.

By the above concessions, this Company has entirely removed the strongest bar to the progress of Life Insurance among the people, viz: the fear that they might be unable to keep up their payments, and thus lose all they had paid. It therefore merits the liberal patronage bestowed.

But there are other important reasons why the ÆTNA LIFE transacts a larger business in Canada than all the old country companies combined. One of them is its

MORE PROFITABLE INVESTMENT OF FUNDS,

resulting in large Annual Cash Dividends to its policy-holders. It will suffice to state that a Company with Assets of over \$16,000,000 securely invested at from 6 to 8 per cent compound interest, can afford cheaper and better life insurance than companies doing a very small and expensive amount of business, and taking away Canada money to be invested abroad at from 2 to 5 per cent. The difference from interest alone, upon the above sum is **\$640,000 PER ANNUM!**

The ÆTNA selects its lives from the healthiest sections and invests its funds in the best markets afforded by the entire continent; its expenses in proportion to business done, are less than any other company of its age; and its facilities for affording the cheapest, and at the same time the surest Life Insurance, are unsurpassed by any company whatsoever.

AMOUNT OF BUSINESS TRANSACTED.

A proper appreciation of the standing and business of the ÆTNA LIFE INSURANCE COMPANY is afforded by the following Table, giving the entire business of the respective Companies throughout the world, for their last financial year:—

NAMES.	New Policies Issued.	Amount of New Policies.	Total Income.	Deaths Claims of the year.	Total Amount of Policies in Force.

ÆTNA LIFE Ins. Co.....	11,217	24,765,474	6,374,277	1,200,158	105,775,000

The ÆTNA, it will be observed, with its low office and low set of expenses, transacts nearly as much business as the whole of the others combined, thus effecting a large saving, from this source, for distribution among its policy holders in Annual Dividends.

MERCANTILE AGENCY.

Established in New York thirty years ago on June 21st, 1841 and in Canada in 1857, for the promotion and protection of trade; Union buildings, St. Francois Xavier st., Montreal.

Our object, and that of our thirty branch and associate offices in the large cities of the United States of America, Canada, Melbourne, Australia, and London, England, is to give information to subscribers, of the standing of those who purchase goods on time, or otherwise require credit.

We are supported by fully three-fourths of the merchants, bankers and manufacturers of every community where our advantages are known.

"This institution, established in the city of New York many years ago, for the promotion and protection of trade, was the first organized effort ever made to relieve the merchants and manufacturers of the country from the insecurity of credit operations, and to substitute for the tardy, expensive, and unsatisfactory results of individual investigation, a system that should be alike prompt, economical, and reliable—whose purpose it should be to supply (to subscribers only) all necessary information as to the standing and responsibility of merchants, traders, manufacturers, public companies, &c., throughout the United States, their Territories, and British North America."

Collections of past due debts particularly attended to for all, whether subscribers to the Agency or otherwise.

Terms of subscription will be made known at the office, where we shall be much pleased to afford information as to the system pursued and to give (free of expense) to those who contemplate joining the institution, a reasonable test of the correctness of our reports.

On a letter not more than $\frac{1}{4}$ an oz.,	3 cents.
" more than $\frac{1}{4}$ oz. but not ex. 1 oz.,	6 cts.
" " 1 oz.	1 $\frac{1}{2}$ " 9 cts.
" " 1 $\frac{1}{2}$ "	" 2 " 12 cts.
" " 2 "	" 2 $\frac{1}{2}$ " 15 cts.

And so on, 3 cents being charged for every additional $\frac{1}{4}$ oz., or fraction of half ounce.

If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to an additional rate.

Letters posted in and addressed to any place within the Dominion of Canada, if sent unpaid, are liable to a charge of 5 cents per $\frac{1}{4}$ oz.

In applying the 5 cent unpaid rate to letters passing within the Province posted unpaid or not fully pre-paid—it should be observed that a letter passes either as pre-paid at 3 cents per $\frac{1}{4}$ oz., on condition that the whole postage due be fully pre-paid—or at 5 cents per $\frac{1}{4}$ oz. if posted unpaid, or only partly pre-paid—in the latter case the full rate at 5 cents per $\frac{1}{4}$ oz. will be marked, and a deduction made therefrom of the amount which may have been paid—thus on an ounce letter pre-paid 3 cents only—the rate will be 10 cents and crediting the 3 cents paid—7 cents will remain to be charged, and collected on delivery.

The object of the 5 cent unpaid rate is to reduce pre-payment, and thereby relieve the Office from costs and trouble of actual collection, but this object is equally attained whether the letter be wholly unpaid, or partially pre-paid—and therefore the rule applies to the whole charge upon the letter in both cases.

The charge on local or drop letters posted at an office in Canada from that office is one cent for each letter, which must be pre-paid, or the letter to the dead letter office for return to the sender.

The charge on letters delivered by carriers in Canada, is two cents for each letter in addition to the ordinary postage.

The rate of postage on letters to the Westward Island is 3 cents per $\frac{1}{4}$ oz. if prepaid, and 5 cents if not prepaid.

The rate of postage on letters to the Westward Land is 12 $\frac{1}{2}$ cents per $\frac{1}{4}$ oz., which must be prepaid.

The rate of postage on letters to the Westward Land and Vancouver Island is 10 cents per $\frac{1}{4}$ oz., which must be prepaid. This rate applies to the letter to San Francisco only; there is an additional charge on delivery.

The rate of postage on letters to the Westward Land *via* the United States, is the same as for the other part of Canada, but all postage must be pre-paid by postage stamp.

The rate of postage on letters to the Westward Land in Canada and any place in the United States, is 6 cents per $\frac{1}{4}$ oz. if pre-paid, and 8 cents per $\frac{1}{4}$ oz. if not prepaid.

Upon a letter or packet, of any weight, addressed to the *United States* the whole postage or *none at all* should be pre-paid. If less than the whole is pre-paid no postage will be taken of it, and it is *entirely lost to the sender*.

The scale of weight under which letters are charged is the same as for the other part of Canada, and under which letters, passing between Canada, are rated.

The single rate of postage on letters to any place in Canada and any place in the United Kingdom, is as follows:

By Canadian Steamer, sailing every week from Quebec in summer, and from Halifax in winter, and from Halifax fortnightly, per $\frac{1}{2}$ ounce.

By steamer, sailing from New York every Wednesday, 8 cents.

Letters addressed to the United Kingdom, forwarded by either of the above routes, are charged according to the following rates:

Letters not over $\frac{1}{4}$ an oz., 1 rate.
Letters more than $\frac{1}{4}$ oz., and not ex. 1 oz., 2 rates.
" " 1 " " 3 rates.

And so on, adding one rate for every additional half ounce or fraction of a half ounce.

The postage on all letters posted in Canada for the United Kingdom, and in the United Kingdom for Canada, should be prepaid by postage stamp.

If sent unpaid 3d. sterling will be charged on each letter, on delivery, in addition to the ordinary postage rate.

Letters posted in the United Kingdom for Canada, unless specially addressed "By Canadian Steamer," or "By Cunard Steamer," are despatched in the first mail that is available, whether for Canadian or Cunard line.

ject of the 5 cent unpaid rate is to payment, and thereby relieve the sender of the costs and trouble of account, but this object is equally defeated if the letter be wholly unpaid, or if it be pre-paid—and therefore the 5 cent rate is the whole charge upon the letter.

Charge on local or drop letters, posted at an office in Canada for delivery at that office is one cent for each letter, and must be pre-paid, or the letter will be returned to the head letter office for return to the sender. Charge on letters delivered by mail in Canada, is two cents for each letter, in addition to the ordinary postage.

Rate of postage on letters to Prince Edward Island is 3 cents per 1/2 oz. if pre-paid, and 4 cents per 1/2 oz. if not pre-paid. Rate of postage on letters to New Brunswick is 12 1/2 cents per 1/2 oz., which must be pre-paid.

Rate of postage on letters to British Columbia and Vancouver Island is 10 cents per 1/2 oz. which must be pre-paid. This rate applies to letters to San Francisco only; there is an additional charge on delivery.

Rate of postage on letters to the United States, is the same as in any part of Canada, but all postage must be paid by postage stamp.

Rate of postage on letters between any place in Canada and any place in the United States, is 6 cents per 1/2 oz. if pre-paid, and 7 cents per 1/2 oz. if not pre-paid.

Upon a letter or packet, of any weight addressed to the United States the whole postage at all should be pre-paid. If not so, more than the whole is pre-paid no account is taken of it, and it is entirely lost to the sender. The scale of weight under which the letters are charged is the same as in any other which letters, passing between Canada, are rated.

The single rate of postage on letters between any place in Canada and any place in the United Kingdom, is as follows: By Canadian Steamer, sailing every Saturday from Quebec in summer, and from Portland, and from Halifax fortnightly, 1/2 ounce, 8 cents.

Letters addressed to the United Kingdom, and forwarded by either of the above routes, are charged according to the following rates: Letters not over 1/2 an oz., 1 rate. Letters more than 1/2 oz., and not exceeding 1 oz., 2 rates. " " " 1 oz. and not exceeding 1 1/2 oz., 3 rates.

And so on, adding one rate for every additional half ounce or fraction of a half ounce. The postage on all letters posted in the United Kingdom, and in the United Kingdom for Canada, should be prepaid by postage stamp.

Letters sent unpaid 3d. sterling will be charged on delivery, in addition to the ordinary postage rate.

Letters posted in the United Kingdom, unless specially addressed to a "Steamer," or "By Cunard Steamer," are not to be sent by mail, but are to be sent by either for Canadian or Cunard line.

is posted, so that letters intended for the Canadian packets must either be posted on the ordinary days for the Canadian Packet Mails, or on the words "By Canadian Mail Steamer" on the address. In like manner letters posted in Canada for the United Kingdom should be addressed "By Canadian Packet" or "via New York." If for the latter route the additional postage 2 cents per half oz. should be added to the ordinary rate of 6 cents.

Two cents will be charged on the delivery of letters which have been forwarded as above by the Canadian Steamer, but on which 3d. sterling or 6 cents only per 1/2 oz. have been pre-paid.

Charge on dead letters, returned to the writers, is five cents on each letter in addition to the postage.

Soldiers' and Seamen's Letters.—Non-commissioned officers, embodied pensioners, seamen, soldiers, and army school-masters of all ranks, while they are employed in Her Majesty's Service, can send and receive letters at the rate of 2 cents each, under the following regulations:

The two cents must be paid by postage stamp at the time the letter is posted.

The name of the soldier or sailor, his class or description, and the name of his ship, corps, or detachment to which he belongs, must be specified in the direction of the letter; and in the case of letters sent by soldiers or seamen, the officer in command must sign his name and his rank, and the name of the ship or corps, or detachment, which he commands.

3. The letter must not exceed half an ounce in weight. 4. The letter must refer to the private affairs of the soldier or seaman.

The foregoing descriptions must be fully given in the address in the following form, initials of the name of any ships or regiments being insufficient:

SEAMAN.	SOLDIERS.
A. B.—Seaman of _____	From A. B.—Sergeant.
(Direction of Letter.)	_____ Regt. _____
Captain or other commanding officer.	(Insert direction of Letter.)
M. S. _____	C. D.—Colonel, or other commanding officer.
_____ Seaman,	_____ Regt. _____
M. S. _____	To A. B.—Private, Sergt. or Corp'l.
(Direction to be finished.)	_____ Regt. _____
	(Direction to be finished.)

Letters for soldiers or seamen may be forwarded at the above rate to or through any country requiring the payment of any foreign postage rate, but subject to the payment of the foreign or transit rate as may be chargeable thereon.

Soldiers' and seamen's letters are not liable to an additional rate on re-direction.

Soldiers' and seamen's letters are conveyed to Canada and the United Kingdom by the Canadian line of steamers.

Letters sent by commissioned or warrant officers, midshipmen or masters' mates, engineers, gunners, boatswains or carpenters in the navy, captains, clerks, or first class school-masters, or commissioned or warrant officers in the army, are not included in the privilege attached to letters of soldiers and seamen, but are chargeable with the same rates as ordinary letters.

Soldiers' and seamen's letters posted in Canada without a compliance with the above regulations are liable to full postage. If posted in accordance with the above regulations, but without pre-payment of 2 cents, they are liable to a charge of 2d. sterling on delivery in the United Kingdom.

Soldiers' letters, and those of non-commissioned officers and privates of the Volunteer Militia of Canada when on active service posted and addressed to places in Canada, pass under the above regulations at the reduced rate of 2 cents.

Rates of Postage on Newspapers.—The law declares that for post office purposes a newspaper shall be held to mean a periodical published not less frequently than once in each week, and containing notices of passing events, that is to say, general news.

Although provision is made for forwarding newspapers through the post, it is not compulsory on any one to employ this mode of transmission; everything except letters may be sent in any other way.

A newspaper to pass at the undermentioned rates is subject to the following restrictions:

1. It must have no cover, or a cover open at both ends.
2. It must not contain any enclosure.
3. It must have no writing or mark thereon but the name and address of the person to whom it is sent, nor anything on the cover except such name and address.

Newspapers which are not posted in accordance with these regulations are not forwarded but are sent to the Dead Letter office and destroyed.

An extra newspaper, or a supplement to a newspaper, is deemed a distinct newspaper, and charged accordingly.

Newspapers published in the Dominion may be sent by post from the office of publication to any place in Canada at the following rates, if paid quarterly in advance, either by the publisher at the post office where the papers are posted, or by the subscriber at the post office where the papers are delivered.

A paper published 6 times per week, 30 cts. per quarter.

"	3	"	15 "
"	"	"	10 "
"	1	"	5 "

When the above rates are not paid in advance by either the publisher or subscriber, the papers are charged 1 cent each on delivery.

It is not necessary that the commuted rate on newspapers should be paid absolutely on the first day of each quarter. The regulation is intended to be carried out with all due consideration for the convenience of the public, and it will be sufficient if the person desiring to pay the commuted rate declares his intention and offers the payment when first calling at the office within a reasonable time after the commencement of the quarter; but after having made his

option to pre-pay the commuted charge, or to pay for his papers as received at 1 cent each, as the case may be, postmasters are not expected to alter their newspaper accounts to allow of a change until the commencement of the next quarter.

The commuted rate of payment *cannot* be accepted from new subscribers during a quarter for any unexpired period of the quarter.

Newspapers published in Canada, which are not posted from the office of publication, must be pre-paid 2 cents each by postage stamps, otherwise they will not be forwarded, but be sent to the Dead Letter office and destroyed. Papers of this class are termed "Transient Newspapers."

Publishers of newspapers in Canada are allowed to enclose in copies of their papers sent to subscribers, subscription accounts and receipts for the same without rendering them liable to any additional postage.

Packages of unbound newspapers published in Canada may be returned by a subscriber to the office of publication at the rate of 2 cents per 8 oz. or fraction of 8 oz., which must be pre-paid.

Transient newspapers addressed to the United States must be pre-paid 2 cents each newspaper by postage stamp, otherwise they will not be forwarded, but be sent to the Dead Letter office and destroyed.

Transient newspapers posted in the United States and addressed to Canada, are liable to 2 cents each on delivery. The stamp *paid* on these papers indicates that the United States postage only has been pre-paid, the Canadian rate of 2 cents remaining to be collected.

American newspapers posted or re-posted in Canada except by news agents to regular subscribers must be pre-paid 2 cents each by stamp, otherwise they will not be forwarded.

The option of paying the commuted rate on newspapers does not apply to papers published in the United States; papers addressed to regular subscribers must be paid for at the full rate of 1 cent each.

Canadian news agents and booksellers may post American newspapers unpaid, when addressed to *regular subscribers* in the Province; but such newspapers are chargeable, on delivery, with 1 cent each.

Newspapers posted in Canada and addressed to the United Kingdom must be pre-paid by stamp, 2 cents each newspaper.

It is forbidden by the regulations of the British Post Office to send through the post, *at newspaper rate*, any newspaper bearing more than one address. Persons sending newspapers to the United Kingdom from Canada should be careful to *cut off* the ordinary printed address pasted upon newspapers sent to subscribers in Canada from the office of publication, as any paper having thereon such printed address in addition to that of the party for whom it is intended will be sent to the English Dead Letter office.

When two or more newspapers are enclosed under one cover, postage must be pre-paid by stamp at the rate of 2 cents for each newspaper, or the package will be detained and sent to the Dead Letter office.

Newspapers forwarded by Canadian Steamer are delivered in the United Kingdom without additional charge.

Newspapers forwarded by Steamer from New York are liable, on delivery, in the United Kingdom, to one penny each, being the transit rate.

Newspapers posted in the United Kingdom for Canada should, if forwarded by Steamer, be pre-paid one penny each, but they are subject, on delivery, to no additional charge.

If to be forwarded by Cunard Steamer should be pre-paid two pence each, or to be kept for the Canadian Packet.

British newspapers re-posted in Canada must be pre-paid 2 cents each by stamp.

British newspapers distributed to regular subscribers by Canadian booksellers or pass free in the same way as if received by Canadian Steamers.

Canadian newspapers addressed to the office of publication to subscribers in the United States, the United Kingdom, Lower Provinces, &c., may be forwarded on pre-payment of the commuted rate applicable to subscribers in the Province; but they cannot be forwarded unpaid. Care should be taken to see that newspapers are properly stamped at the Post Office where posted "Prepaid by Publisher." They are in the absence of such stamp liable to be mistaken for unpaid papers, and detained accordingly.

Exchange papers passing between publishers in Canada and between publishers in Canada and publishers in the United States, are sent *free* through the post.

No newspaper, properly so called (except exchanges), whether devoted to education, agriculture, or to any branch of industry, is entitled to exemption from charge.

Newspapers addressed to Newfoundland must be pre-paid 2 cents each, by stamp.

No United States newspapers of any description (with the exception of exchanges) are on any ground entitled to be sent through the Canadian mails free of postage.

In cities and towns where newspapers are published, the printers and publishers send them to the post office put up in a bundle to admit of their being readily counted, and, if necessary, withdrawn from their covers for examination. The newspapers for each office should be made up in strong paper in a separate parcel, which should be plainly addressed to the office.

When the numbers of a newspaper published in Canada, or in any other of the British American Provinces, or in the United States, and issued daily, shall have remained in the office in Canada uncalled for during two months of a newspaper issued semi-weekly, or tri-weekly, or during three weeks; of a newspaper issued weekly during one month; and of a monthly paper during two months, or when such newspapers and periodicals have been refused to be sent by the party to whom addressed, the postmaster is instructed to notify the respective publishers in the proper form, which is to be done at the office of postage. If the newspaper or periodical does not continue to arrive after the notice has been given, the postmaster is instructed to notify the publisher in the same way a second time, by calling his attention to the first notice.

Book and Newspaper, Manuscripts and Printers' Proofs.—In Department Order No. 65, dated 24th Nov., 1863, permission was given for Book-Manuscript, and Printers' Proofs, whether corrected or not, to pass at the printed matter rate of one cent an ounce, and it now appears to be necessary to explain that by Book-Manuscript was meant the written sheets of any Book intended for publication, and the intention was to encourage literary productions, by affording facilities for Authors to send and receive such matter to and from their Publishers by Post. Printers' Proofs are the printed impressions taken by a printer, for correction or examination, of any matter passing through his Press. By Newspaper Manuscript is meant written articles (not including advertisements) intended for insertion in a newspaper or periodical, and addressed to the editor or publisher thereof for insertion. Under former regulations the written marks correcting such proofs rendered them liable to letter postage when sent by mail, and the intention of the Department Order referred to was to relax the rule in favor of such proofs, and allow them when corrected, to retain their character as printed matter, and pass at printed matter rates of charge.

PRINTED PAPERS, CIRCULARS, PRICES CURRENT, HAND BILLS, &c.—Printed circulars, prices current, hand bills, and other printed matter of a like character, posted in Canada, and addressed to any place in the Dominion, British North America, or the United States, are chargeable with a rate of 1 cent per oz. When not filled up the above forms are printed matter, and liable as such to 1 cent per oz. postage.

Military returns, states, and rolls, policies of insurance, containing written figures and signatures, may be forwarded as printed matter on pre-payment of 1 cent per oz.

Printed circulars are transmitted by post to the United Kingdom under the regulations and charges of the Book Post. They must be forwarded, however, open at the ends or sides. If sent in envelopes, sealed or unsealed, they are liable to letter rates of postage.

Prices current, posted in Canada and addressed to any place in the United Kingdom are liable to a rate of 2 cents each, which must be pre-paid by stamp, when sent singly; when, however, sent in packages to one address, they pass at book rates.

If the number of stamps affixed to a parcel be insufficient to pre-pay the proper amount deficient will be rated unpaid, and a fine of 12½ cents in addition.

Parcels may be registered, on pre-payment by stamps, of five cents in addition to the postage. When registered, the postmaster must give a receipt to the party posting the parcel.

Parcels sent by post may contain daguerreotypes, photographs, printers' and copy, military returns, statements, rolls, containing written figures and signatures; returns, deeds, legal papers, and transmissions of a like character not strictly letters.

The following conditions must be carefully observed: No letter or letters shall be enclosed. The parcel shall not contain any explosive, glass, liquids or other matter which is dangerous to the mail. The weight of the parcel shall not exceed one foot in length, six inches in thickness.

The postage must be pre-paid by stamp. The parcel should have the words "Parcel Post" plainly written on the address. It should be well and strongly put up, and addressed to the post office address of the intended receiver, the name of the office in which the said office is situated being given, and the name and address of the sender on the parcel, it will, if delivery is refused on any cause, be returned from the office unopened to the sender on payment of an additional rate for the return.

The number of stamps affixed to a parcel must be sufficient to pre-pay the proper rate. If deficient it will be rated unpaid, and a fee of 12 1/2 cents in addition.

Parcels may be registered, on pre-paying stamps, of five cents in addition to the postage.

When registered, the postmaster will give a receipt to the party posting the parcel. Parcels sent by post may contain stereotyped, photographs, printed copies, military returns, statements containing written figures and tables; returns, deeds, legal papers, and commissions of a like character not exceeding letters.

Parcels may be enclosed a letter or letters, or any other matter to serve the purpose of a letter. A parcel intended for the Parcel Post, is a letter.

It should be ascertained that a packet sent by Parcel Post contains a letter or letters, stamps it may bear will be cancelled, and the parcel rated as a letter with full postage.

Parcels cannot be transmitted by post to any place beyond the Dominion of Canada.

The following is an example of the address recommended:

By Parcel Post.
 Mr. Thomas Jones,
 Paisley,
 County of
 William Smith, Toronto.
 Banking and Free Letters.—The following is exempt from Canadian Postage: Letters and other mailable matter

to or sent by the Governor General of Canada.

Letters or other mailable matter addressed to or sent by any department of the Government at the seat of Government at Ottawa, or such regulations as may from time to time be made by the Governor General in Council.

Letters and other mailable matter addressed to or sent by the Speaker or Chief Clerk of the Senate of the House of Commons, or to or by any member of either House at the seat of Parliament, during any Session of the Parliament; or addressed to any of the members or officers in this section mentioned, at the seat of Government as aforesaid, during the ten days before the meeting of Parliament.

Public documents and printed papers sent to the Speaker or Chief Clerk of the Senate of the House of Commons, to any member of either House, during the recess of Parliament.

Papers printed by order of either House, by members of either House, during the recess of Parliament.

Petitions and addresses to either of the Provincial Legislatures of Ontario, Quebec, New Brunswick and Nova Scotia, or to any branch of either, and votes, proceedings and other papers presented by any such Legislature, or any branch thereof, during any session thereof, provided the petitions and addresses, votes, proceedings and other papers, are sent without covers or in envelopes at the ends or sides, and contain no other written communication to serve the purpose of a letter.

Letters and other mailable matter (except as provided for as above) addressed to or by the Provincial Governments or Legislatures of Ontario, Quebec, New Brunswick and Nova Scotia will be liable to the ordinary rates of postage.

Public documents and printed papers sent under the foregoing clauses, should bear, as to the address, the bona fide superscription of the Speaker, Chief Clerk, or officer specially appointed for this purpose, to act for those functions, or of the member sending the same.

Letters and other mailable matter to and from the Postmaster General and the Deputy Postmaster General; and all official communications to and from the Post Office Department to and from the Post Office Inspector, to pass free of Canada postage.

Refund Postage.—Postmasters in Canada are allowed to refund postage in the following cases, only:—

Letters originating and for delivery in Canada, and addressed as weighing more than the actual weight.

Postage incorrectly charged on editors' letters addressed to publishers and editors, and on newspapers, which should legally pass free of charge.

Other claims for the return and abatement of postage must be specially referred to the Postmaster General for his decision, with reference to the letter or packet on which the return is made.

Undelivered and Dead Letters.—All letters remaining undelivered in the post office on the first of each month, excepting drop letters and such letters as are daily called for, are advertised in a list posted at the office door for the information of the public.

If a newspaper is published in the neighborhood, the Postmaster is, at the discretion of the Postmaster General, directed to insert this list therein, provided the proprietor will give it insertion at the authorized rate.

Parties applying at an office for advertised letters should always ask for them as such.

Letters and papers after remaining undelivered in an office for two months are sent to the Dead Letter office, as also are all letters refused by the person to whom they are addressed, or letters addressed to persons deceased.

Letters are opened in the Dead Letter office in order that they may, when necessary, be returned to the writers; but no Postmaster is at liberty to return a letter to the writer direct. All undelivered correspondence must be sent to the Dead Letter office.

Registration.—By the pre-payment of the following fee, in addition to the ordinary postage, letters and parcels can be registered at the office at which posted:

- On letters addressed to any in place in Canada or the other British North American Provinces..... 2 cents.
- On letters addressed to any place in the United States..... 5 "
- On letters addressed to any place in the United Kingdom..... 8 "
- On books addressed to any place in the United Kingdom..... 8 "
- On parcels to any part of the Dominion..... 5 "

The registration fees on letters to British colonies and foreign countries will be found in the tables.

Every letter or parcel containing value should be marked for registration and presented to the Postmaster or his clerk, and a receipt obtained therefor. On no account should it be dropped into a letter box.

When letters are registered, both the postage and the registration fee must in all cases be pre-paid.

Books, periodicals, newspapers, circulars, and other printed matter cannot be registered (except books addressed to the United Kingdom) unless pre-paid the full letter rates, in addition to the ordinary registration fee.

Registered letters and packets can only be delivered to the parties to whom they are addressed or to their order, and a receipt must be given on the delivery of each registered letter in a book kept by every postmaster for that purpose.

It should be clearly understood that the post office is not responsible for the safe delivery of a registered letter or parcel. The registration simply makes its transmission more secure, by rendering it practicable to trace it, when passing from one place to another in Canada, from its receipt to its delivery; and when addressed from any place in Canada to any place in the United States, the United Kingdom, or parts

abroad, if not to its delivery, at least to the frontier or port of despatch.

Postage Stamps.—Every Postmaster is required to have on hand a sufficient stock of postage stamps, and to sell them to the public at 1 cent, 1 cent, 3 cents, 6 cents, and 12½ cents each.

The Department has discontinued the supply of stamped envelopes.

Under the authority of the Postmaster General, postage stamps are sold to certain dealers in the principal cities to retail again to the public, but no person other than a Postmaster, can sell postage stamps unless duly licensed to do so by the postmaster General under a penalty of \$40 for each offence.

Pre-payment of letters should, in all cases where practicable, be made by postage stamps.

A mutilated stamp, or a stamp cut in half, is not recognized in pre-payment of postage.

A medallion stamp cannot be accepted in pre-payment of postage separate from the envelope of which it may have formed a part.

No British stamps, or stamps of a foreign country, can be received in pre-payment of postage in Canada.

In affixing the stamp to the letter, wet slightly the corner of the envelope and the gummed side of the stamp and gently press the stamp until it is firmly fixed. Stamps should be placed on the front or address side of the letter, and on the right hand upper corner.

Letters cannot be pre-paid partly in stamps and partly in money; the postage must be pre-paid either wholly in stamps or wholly in money.

If the stamps affixed to a letter addressed to any place in British North America be not adequate to the proper postage, the letter is rated with an amount equal to the deficiency; the whole postage being calculated at the *unpaid rate*, e.g. a single letter pre-paid 1 cent would be rated 4 cents additional; a double letter pre-paid 5 cents only would be rated 5 cents additional.

Letters addressed to the United States, on which stamps are affixed representing less than the amount of postage to which the letters are liable, are rated with full unpaid postage.

Postage stamps are received at all post offices in payment of postage on unpaid letters delivered therefrom.

Postage Rates on certain Miscellaneous Matter passing within the Province of Canada, or to and from the United States.

1. Packages of seeds, cuttings, bulbs, roots, and scions, or grafts, may be posted in Canada for delivery within the Province or to an address within the United States, on pre-payment by postage stamps of a rate of 1 cent per ounce; and when received from the United States to any place in Canada, such packages may be delivered on payment by the person addressed of a like rate.

2. The limit of weight for such packages will be one pound. No communication, whether written or printed, must be enclosed in them; and they must be so put up as to be easy of examination, for the purpose of verifying the alleged contents. If put up in bags the bag must be simply tied at the neck, so as to admit of in-

spection; and in the case of such packages sent in Canada, the nature of the contents as "seeds," "roots," &c., as the case may be, be marked on the package by the sender, as a statement of the claim to pass reduced rate above mentioned.

3. Book manuscript, and printers' sheets (whether corrected or not) may be sent in Canada, on drawings, engravings, photographs, or on glass, or in cases containing glass sheet music (whether printed or written) in covers open at the end or side, provided that no letter or other communication intended to serve the purpose of a letter, be enclosed therein, on pre-payment, when post paid in Canada, by postage stamp of the ordinary printed matter rate of 1 cent per ounce upon payment of that rate on delivery of the matter when received in the mails from the United States.

Transmission of Patterns of Merchandise Samples between Canada and the United States, and certain other countries.

4. Patterns of merchandise and samples be forwarded between Canada and the United Kingdom, and Denmark, France, Italy, Belgium, and the German States by the Canadian mails, at book-post rates, and subject to the following conditions:

A. The patterns or samples must not be of any intrinsic value; and this rule excludes articles of a saleable nature, and whatever have a value of its own, apart from its value as a pattern; nor must the quantity of material or article sent as a pattern or sample be so great that it could have on this account an intrinsic value.

On this point an explanation in a subsequent Department Order, appears as follows:

B. It has hitherto formed part of the Department Order regulation that "samples or patterns must not be of intrinsic value," but in consequence of the difficulty that has been experienced in determining what is, and what is not a pattern or sample of merchandise of intrinsic value, this prohibition has been removed.

The modification is a verbal one, and does not alter nor enlarge in any way, the character of the transmission permitted to pass by the post.

The special prohibition as to intrinsic value, has, it is understood, been withdrawn, to cause the question of value will not influence a decision as to whether or not a pattern offered for transmission by pattern post is a genuine commercial sample (or pattern), but because as a general proviso it could not well be enforced; inasmuch as every pattern, whether properly a pattern or sample, has necessarily more or less of an intrinsic value, and might be held to be amenable to a strict construction of this prohibitory regulation.

C. The patterns, &c., must be sent in the mails open at the ends, so as to be easy of examination. Samples, however, of seeds, drugs, &c., such like, which cannot be sent in the mails, may be enclosed in bags of linen or other material, simply tied at the neck; or,

MONEY ORDERS ON THE UNITED KINGDOM.

The money order offices throughout the Dominion also draw upon all the money order offices in England, Ireland and Scotland, and the Channel Islands, for any sum up to £10 sterling, and grant as many orders for £10 sterling each as may be needed to make up the amount to be remitted. The terms are as under

On Orders up to £2..... 25 cents.

" over £2 and up to £5....	50 "
" over £5	£7.... 75 "

MONEY ORDERS ON THE LOWER PROVINCES.

The money order offices in Ontario, Quebec, and New Brunswick draw also upon all money order offices in Nova Scotia, New Brunswick, Prince Edward Island, and Newfoundland. The orders, like those of the United Kingdom, are made payable in sterling money, and for sums up to £10 sterling. The terms are :

For orders on Nova Scotia the same rates of commission as upon money orders drawn by Ontario or Quebec upon offices within those provinces.

For money orders on the other provinces the terms are :

For orders up to £5, 25 cents.

No half cents can be introduced into orders.

No Money order exceeding \$100 in amount can be granted on any office in Canada ; but Postmasters are at liberty to grant two or more orders for \$100 or for any lesser sum.—They cannot, however, grant two or more orders for sums of or under \$30 on the same day to the same applicant in favor of the same payee.

Tables showing the amount of Provincial currency required for money orders issued in Canada upon the United Kingdom, in addition to the commission, and for money orders issued in the United Kingdom upon Canada will be found subjoined.

Applicants for money orders should always use the printed application forms, in which they should fill up the particulars of the order required. These forms are supplied gratuitously at all money order offices.

The Christian and surnames in full, and residences, both of the remitter and payee, should be furnished to the issuing postmaster. When a married woman is either the remitter or payee, her own Christian name should be given, and not that of her husband, thus—

"Mrs. Mary Smith," not "Mrs. John Smith." If the remitter or payee be a Peer or a Bishop, his ordinary title is sufficient. If a firm, the usual designation of such firm will suffice, such as "Baring Bros," "Smith & Son," "Jones & Co."

Parties procuring money orders should examine them carefully to see that they are properly filled up and stamped. This caution will ap-

pear the more necessary when it is understood that any important defect in these respects will throw difficulties in the way of payment.

Money orders, which, in consequence of misapprehension of the name of the remitter or place of payment, have been erroneously made out, can be returned to the postmaster and a correct order given in exchange; a new commission, however, will be charged on the corrected order.

Parties obtaining money orders on Canadian offices, can procure re-payment thereof on presentation of the order at the office at which it was issued, signing the receipt at the foot. No order, however, can be re-paid without the authority of the superintendent, unless presented for re-payment on the day on which it is issued. Neither can orders on the United Kingdom be re-paid without his special authority.

When a remitter desires an order on the United Kingdom to be paid through a bank, it is left to his option to give or withhold the name of the payee, or to substitute for the name of the payee any other designation or modification, such as "the Cashier of the Bank of England," "the chief Clerk of the Foreign Office." Such orders must, however, be crossed by the issuing postmaster with the name of the bank through which the order is to be paid.

The issue of money orders on credit, or for cheques not marked "good" by the bank drawn upon, is strictly prohibited.

If a payee is unable to write, he must sign the receipt at the foot of the order, in the presence of the paying postmaster, by making his mark, to be witnessed in writing; as for example

I/lls
Witness—John Kenny, Joseph † Allen.
Queen Street, Toronto. Mark.

In cases of money orders issued in Canada, postmasters are at liberty to accept the written order of the payee on the order itself in favor of a second person, if through illness or insuperable difficulty the payee is prevented from presenting the order in person.

When a Canadian money order has been lost, either by the remitter or payee, the circumstance must be made known to the superintendent, who, under certain precautions, will issue a duplicate.

Duplicates of sterling orders can only be granted by the paying country. Thus the British post office issues duplicates of orders drawn in Canada on the United Kingdom, and the Canadian Head Money order office grants duplicates of orders drawn in the United Kingdom on Canada.

Money orders which are not presented until one full year after their date are considered as lapsed orders, and cannot be paid without the special permission of the superintendent. In all such cases satisfactory reasons should be given explanatory of the delay in the presentation of the order.

The Deputy Postmasters General of Malta and Gibraltar are authorized to issue money orders on the several money order offices in Canada. Money order offices in Canada do not, however, grant money orders on Malta and Gibraltar.

Amount in Currency to be paid in Money Orders drawn in Canada on the United Kingdom, and for Money Orders drawn in the United Kingdom on Canada Sterling to 5s. Sterling.

Letter delivered to the wrong person in consequence of his name being the same as that of the person for whom the letter is really intended, should be at once returned to the postmaster from whom received, the party signing on the cover "opened by me through mistake," and signing his name thereto.

Letters posted without any direction, or addressed so imperfectly that they cannot be forwarded to their intended destinations, and also letters or insufficiently paid letters addressed to persons to which letters cannot be sent without postage is pre-paid, are returned to the sender through the Dead Letter office.

Information can be given respecting letters that pass through a post office except to the person to whom they are addressed.

Persons desiring their letters and papers to be returned should send an intimation to that effect in writing, to the postmaster of the office to which letters and papers are to be returned.

Postmasters are allowed to re-direct letters to known places of residence of the parties to whom they are addressed, after allowing a reasonable time to elapse without their being returned.

Letters and papers are not subject to any additional charge when re-directed from one post office in Canada to another post office in Canada.

Postmasters are instructed not to receive any letter or packet which there is good reason to believe contains anything likely to injure the contents of the mail bag or the person of any officer of the post office.

The transmission of obscene photographs or prints, and immoral books, papers or publications through the Post is strictly prohibited, and all packets containing such articles should be stopped and sent to the Postmaster-General.

A postmaster is not legally bound to furnish change; but may require that the exact amount of postage on any letter or packet be tendered to him in current coin, or in Canada postage stamps.

Postmasters and their assistants in the above matter, as well as in all their official intercourse with the public, are expected to afford every accommodation, and to treat every person having business at their offices with the utmost courtesy.

Letters cannot be delivered at any intermediate office en route, but must be conveyed to the office to which they are addressed.

N.B.—The Currency amount to be added for any broken sum between the pounds Sterling, viz., from £1 to £5, will of course be taken from the scale above. Thus for an Order of £3 18s. 11d. Sterling: £3 is \$14.60; and, for 18s 11ds. \$4.60, which will give the full value of the Order, viz., \$19.20.

BILL STAMPS.

Bill Stamps—Are distributed for sale very generally throughout the Post Offices in the Province: these stamps are of various values from 1 cent upwards. Bill stamps cannot be used in pre-payment of postage.

Law Stamps—Are also for sale at the principal Post Offices in Lower Canada.

General Regulations—Postmasters and certain other officers of the department are exempt from serving on juries or inquests. This exemption applies to mail carriers, but not to assistants appointed and paid by postmasters.

Postmasters are not authorized to give credit for postage, if they do so it is entirely at their own risk.

A letter once posted becomes the property of the person to whom it is addressed, and must be forwarded according to its direction. On no application, however urgent, can it be delivered back to the writer, or to any other person.

A letter addressed to a firm may be delivered to any member of the firm. If addressed to several persons, it may be delivered to any one of them.

The articles manufactured by us are under one general superintendence during the whole process of manufacture, beginning with the raw hide, and ending with the finished boot and shoe. By this arrangement we secure uniform quality throughout.

As evidence of the real merit of our manufactures a medal was allotted us at the Dublin Exhibition or World's Fair.

To occupy the extensive facilities which we have at our command for the manufacture of Boots and shoes, it is necessary that we should send Goods to all sections of the Province, however remote; every encouragement allowed in commerce will be granted to this end.
