COBB INTERVIEW WITH KITCHENER REPUDIATED BY WAR OFFICE

German Professors at University of Toronto Given Leave of Absence

ROBBERY TO DROP BOMBS OVER TORONTO

Mystery That Has Been Worrying Citizens Cleared Up at Last.

NO CAUSE FOR WORRY

Reports of Seeing Airship Should Now Be Totally Ignored.

Commencing about a month ago, and continuing at intervals of about two days until last night, scores of people telephoned the different newspaper offices every night, enquiring about the airplane that either had been seen or heard flying above Toronto.

Over at the eastern gate where the harbor commission is doing a lot of reclamation work, a getting ready to put in some concrete foundations for the new bridge, there is an electric drilling machine. When it is working, especially if the night is still and the air clear, the noise of the machine can be heard for several miles, whirling away as the drill goes deeper and deeper into the rock.

The mystery at last is solved. There is no aeroplane hovering over Toronto at night. Nor has there ever been.

DE WET FACING COURT-MARTIAL

Rebel Taken Thru Streets of Johannesburg Under Guard and Lodged in Fort.

Canadian Press Despatch. LONDON, Dec. 4.—Telegraphing from Johannesburg, Reuter's correspondent says: "The rebel leader, who had been taken with fixed bayonets, was taken thru the streets, which were lined with excited people, pending a probable court-martial. Whether he will be hanged as a traitor cannot yet be predicted. That he will be hanged, however, is a fact which is beyond the scope of the present report. These co-traitors, it is reported, should be brought to the shadow of the gallows."

GERMANS GIVEN PAID HOLIDAY BY UNIVERSITY

Board of Governors Made Public Its Decision Last Night.

ONLY THREE AFFECTED

Professors Benzinger, Tapper and Mueller Need Not Teach Till End of Session.

The University of Toronto has given "leave of absence" with full pay to the three German professors who had not taken out their naturalization papers at the outbreak of the war. An official statement was issued last night by Sir Edmund Walker on behalf of the board of governors, which read as follows: "The charges against the professors were not substantiated, but in view of all the difficulties surrounding the situation the board has given leave of absence until the end of the session to Professors Mueller, Benzinger and Herr Tapper."

"Does this mean leave of absence with salary?" asked The World reporter. "Certainly," replied Sir Edmund, "that is what leave of absence means." Further than this no statement was made by any other member of the board of governors. The announcement came at the end of a two-days discussion by the board.

Dr. Immanuel Benzinger was appointed to the oriental department in 1913. He was then spoken of by President Falconer as having "a wide experience of teaching in Berlin and elsewhere and of archaeological work during his ten years' residence in Palestine."

Prof. Peter Toews, assistant professor of German, is already on leave of absence.

COLLIER IS DETAINED IN CALIFORNIAN PORT

Vessel Suspected of Taking Fuel to Anglo-Jap Fleet. Canadian Press Despatch. SAN DIEGO, Calif., Dec. 4.—The British collier Kingsway, from Esquimaut, B.C., was detained here today by customs officials. The Kingsway put in yesterday. The vessel is under detention because of alleged irregularities in its papers, and because of being placed in a British port. The Kingsway is taking fuel to a British and Japanese fleet nearby, and that she put in to receive orders from the British consul. C. D. Sprigg, deputy customs collector, said the Kingsway would remain in this port until released by orders from Washington.

DUKE AT THE EXHIBITION FIELD MARSHAL'S REVIEW

Governor-General Will Come Here to inspect the Men and Their Quarters.

The World is able to state upon high authority that His Royal Highness the Duke of Connaught will come to Toronto on an early day, and will hold what is known as a field marshal's review of the men of the second contingent at the Exhibition grounds. Word of the coming of the governor-general has leaked out among some of the regiments and the men are already looking forward to the honor which will be done them. The Duke of Connaught, as one of the highest military officers in the army, will make a close inspection of the men and their quarters. It is not known whether Major-general Hughes will be present or not. The visit is expected to take place shortly after the last additions to the encampment from outside points are made.

EXPEDITION TO ANTWERP HAD GOOD RESULTS

Belgians Stimulated to Gallant Resistance, Says Sir John French.

Gen. Paris Cannot Account Fully for Capture of Bluejackets.

(BRITISH OFFICIAL)

Canadian Press Despatch. LONDON, Dec. 4, 9.30 p.m.—Field Marshal Sir John French in a despatch covering the report of General British Naval Brigade at Antwerp, gives further testimony to the good effect of the sending of that force to the assistance of the Belgians had on the allies' campaign generally, and thus further supports the action of Winston-Spencer Churchill, first lord of the admiralty, who has been criticized for sending it. General French says: "The results did not include the actual saving of the fortress, the action of the force under General Paris certainly did not result in a considerable time and assisted the Belgian army to be withdrawn in a condition to reorganize and regain its value as a fighting force."

"Belgians' Timely Aid." "The destruction of war materiel and ammunition, which but for the intervention of this force would have proved of great value to the enemy, was thus able to be carried out. The assistance which the Belgian army rendered throughout the subsequent course of operations on the canal and Yser River, has been a valuable asset to the allied cause, and such help must be regarded as the outcome of the intervention of General Paris' force."

General Paris, in his report, says the capture of some of his brigade and the internment in Holland of others was due to the fact that the roads were crowded with refugees, to fatigue and partly to "at present unexplained causes."

ADVANCE INTO ALSACE PROVED POOR TACTICS

French Design Was to Draw Germans From Belgian Front. Canadian Press Despatch. LONDON, Dec. 4.—Under the title "Four Months of War," the French bulletin of the armies is publishing a report of the entire operations of the previous year. The bulletin states that the French were unable to take the offensive until the British army was ready, and that the advance into Alsace, which has been criticized as a bad strategy, was assigned to draw the Germans from the Belgian front. This plan did not succeed, it says, and the allies were driven back to the Seine.

COBB INTERVIEW WITH KITCHENER IS REPUDIATED

British War Office Says the Alleged Remarks Are Imaginary.

WHAT COBB HAS TO SAY

Writer Reproduced the Conversation as Exactly as He Could.

Special Direct Copyrighted Cable to The Toronto World. LONDON, Dec. 4.—The official press bureau today issued a statement repudiating the authenticity of the alleged interview with Lord Herbert Kitchener by Irvin Cobb, in the latest issue of The Saturday Evening Post of Philadelphia, which was published in the United States. The statement by the official news bureau declares that it is surprising that it should have been regarded as possible that the chief of the war office would use such expressions as are attributed to him in the alleged interview, parts of which were published in London and appeared here today. The denial is made in the name of the war office, which is equivalent to a personal denial by Lord Kitchener. The official press bureau tonight issued the following statement on the subject: "With reference to a so-called interview with Mr. Cobb: Altho Lord Kitchener saw Mr. Cobb a few minutes Oct. 21, nothing in the nature of a special interview was granted, and the content attributed to the secretary of state for war are imaginary."

COBB'S SIDE OF IT.

NEW YORK, Dec. 4.—Irvin S. Cobb made this statement tonight regarding his interview with Lord Kitchener: "By arrangement of a third person of prominence in England I did see Lord Kitchener on Oct. 21 for forty minutes. I used no pencil and paper during the conversation, following the custom of interviewers. I afterwards reproduced the conversation with Lord Kitchener as exactly as I could. I did not deliberately or willfully misrepresent him, and I am quite positive that I caught his meaning and as nearly as possible the text of what he said, and I am sure that I quoted him correctly. I have had some experience as an interviewer and I have a fairly good memory."

Canadians Are Given Leave At Christmas and New Year's

SALISBURY, Eng., Dec. 4.—Half the Canadian force has been given three days' leave at Christmas; the other half at New Year's. J. A. MacLaren.

BRITAIN MAKES LOAN TO RUSSIA

Sixty Million Dollars in Treasury Bills Discounted—Will Facilitate Trade Exchange.

Special Direct Copyrighted Cable to The Toronto World. LONDON, Dec. 4.—It is officially stated that, in consideration of the recent shipment of £3,000,000 in gold from Russia to London, the Bank of England, under government guarantee, will discount Russian treasury bills to the further amount of £12,000,000. Out of this £20,000,000 Russia will supply £8,000,000 for providing exchange of Anglo-Russian trade. The balance will be used to pay the coupons Russian external obligations and will finance the Russian Government purchases. Great Britain will not finance any purchases outside the United Kingdom, unless the British markets are unable to supply the demand and orders have, consequently, to be placed in the United States or Canada.

FORTS OF NEW YORK COULD DESTROY FLEET

Army Officers' Opinion Cited by Opponent of Proposed Investigation.

Canadian Press Despatch. WASHINGTON, Dec. 4.—Opposition to Representative Gardner's resolution for an investigation by a commission into the preparedness of the United States for war was expressed by President Wilson today by Representatives Fitzgerald and Sherley, the ranking members of the house appropriations committee. Mr. Sherley told the president that a statement attributed to Mr. Gardner that the defences of New York were antiquated was incorrect. He declared that the fortifications of the United States were in excellent shape, and added that he had been informed by competent army officers that the defences at New York could destroy any attacking fleet.

HON. ARTHUR ANNESLEY IN LIST OF KILLED

Canadian Press Despatch. LONDON, Dec. 4, 9.10 p.m.—In a casualty list made public tonight, Capt. the Hon. Arthur Annesley of the 10th Hussars is reported among the killed, and Lieut. Lord Charles Sackville Peilham Worsey as among the missing.

GREAT BATTLE ON IN ALSACE

French Forces Move Forward Against Altkirch and Muhlhausen After Gaining Ground.

Special Direct Copyrighted Cable to The Toronto World. BERNE, Dec. 4.—A serious engagement began yesterday in Alsace, according to reports reaching Berne. Many signs have pointed recently to a renewal of activity on the part of the French against Altkirch and Muhlhausen, which has apparently culminated in a battle, now in progress, of greater magnitude than any that has yet been fought on the French front. Minor engagements which have occurred in this region have apparently been part of the preparation for this movement by the French. They have steadily improved their positions and have captured a number of strategic points along a wide front, from which they are now moving forward.

GERMAN STRATEGY FAILS

Special Direct Copyrighted Cable to The Toronto World. LONDON, Dec. 4, 10.30 p.m.—The most important factor from the allies' point of view in Poland is that the German advance on Warsaw has not succeeded in its object, nor has it had the effect of diverting the Russians from their forward movement to the Carpathians and on to the plains of Hungary, or against the fortress of Cracow, around which they are drawing a closer ring of men and artillery.

Both Armies Renew Activities—French Prepare Entrenchments and Barbed Wire Obstacles.

Special Direct Copyrighted Cable to The Toronto World. PARIS, Dec. 4, 6.55 p.m.—A despatch to The Temps from Geneva says: "The federal council has issued a communication declaring that there is renewed activity by the French and German forces in Upper Alsace. Between Pflershausen and the French frontier, upon the route of Reckzy, the French have placed batteries of heavy artillery. Southwest of Pflershausen, between the village and the River Ill, on territory approaching that of the French, the Germans have constructed fortifications at Ottendorf, Liebenstadt and on the heights, west of the River Ill, on territory approaching that of the French. "Since Dec. 1, there has been a great movement of troops and on Dec. 3, continual artillery fire was heard in the direction of Basle."

RUSSIANS HAVE TRIUMPHED IN LODZ CONFLICT

Hosts of Germans and Many Guns in Victors' Hands.

PROGRESS IN GALICIA

Thousand Austrians Captured—Long Siege of Cracow is Likely.

Special Direct Copyrighted Cable to The Toronto World. PETROGRAD, Dec. 4.—The Bourse Gazette states that the battle which has been raging around Lodz has ended in a gigantic success for the Russian army. Great numbers of German prisoners and numerous guns have been brought into Lodz today. The Gazette further states that all the banks and manufacturers in the city have resumed business. Despatches received here state that the battle fought between Nov. 30 and Dec. 3 was the most desperate of the whole campaign, particularly in the neighborhood of Lask and Staradz, which culminated in the Russians capturing Staradz, situated to the south of Lodz. Success in Galicia. During the same period, fierce fighting occurred in Galicia, the Russian troops succeeding in taking 1015 prisoners and eight guns, besides a large quantity of wagons loaded with equipment.

It is reported that since the capture of the border fortifications many Slay soldiers were arrested and shot by the Austrians. A further despatch received here states that a group of students from Budapest, who accompanied the leader of the opera house at Samter in order to get a good view of the work of the artillery, were mistaken for signallers of the enemy and immediately shot by the Austrians. Repelled in Disorder. The German reinforcements from the vicinity of Kalisz were repelled in disorder last Monday by the Russian reserves brought up from Warsaw and Lvovgorod. Furious fighting has been resumed in the region of Bielaya and Sabota, in which the advantage belongs to the Russians. The trenches are filled with dead.

It is reported that the Germans desire to go into winter quarters in their present entrenched lines on the upper Vistula and at Cracow.

THE WAR SHOWN ON THE SCREEN

Next week at the Princes Theatre scenes in and around Antwerp during the actual war will be shown in moving pictures. These pictures are certainly the most wonderful of anything of the kind ever exhibited.

SOLDIERS PREPARE FOR PREMIER'S CALL

Strength of New Units Being Mobilized Here Has Been Announced.

MEN STOOD TEST WELL

In Spite of Inoculation, Soldiers at Exhibition Appeared in Good Condition

Sir Robert Borden, premier of Canada, will make an inspection of the camp of the second contingent at the exhibition grounds this morning. The officers of the regiments will stand outside the buildings occupied by their troops, to meet the premier and party.

The fact that the men of the two infantry battalions were able to march over twenty miles yesterday is cited as good proof of the fitness in which the soldiers have stood the recent inoculation against typhoid.

The 20th Battalion, under command of Lieut.-Col. J. A. W. Allan, constituted the defending force. The men of the 18th were distinguished from the defending force by white bands around their hats. The men of each battalion think they constituted the successful side. Until the officers in command published a report, the result is in doubt.

The 20th Battalion, under command of Lieut.-Col. J. A. W. Allan, constituted the defending force. The men of the 18th were distinguished from the defending force by white bands around their hats. The men of each battalion think they constituted the successful side. Until the officers in command published a report, the result is in doubt.

Orders posted at the camp yesterday show that seventeen more men have been struck off an account of being medically unfit, also one discharged for refusing to be inoculated and one as being undesirable. A curious error was made by an evening paper yesterday which said six "drivers" had been stricken from the strength on this account in reality they were "drivers."

The strength of the new units now being mobilized here for the second contingent is given in the summary posted yesterday at the camp. Army Headquarters Field Artillery will have 28 officers, 89 other ranks, total 117, 38 horses; the ammunition column of the Field Artillery Brigade will have 1 officer, 53 in ranks, total 54; the No. 2 section division ammunition column will have 1 officer, 78 in ranks, total 79, 38 horses; the three batteries of the Artillery, 12 officers, 421 in ranks, total 433, 385 horses. This makes a grand total of 25 officers, 669 in other ranks and 568 horses. Two new in camp. All the other units are in process of mobilization.

Notice has been given that the ammunition corps now in camp has been designated No. 5 Field Ammunition Corps of the expeditionary force. The camp band playing at 9 a.m. today in the dairy building. Major W. P. Butcher, C.I., C.S.M., lectured in the dairy building last evening "On Patrol and Patrolling." 8 officers and 100 men of the 48th, G.S.O., will lecture on "Co-operation of the Different Arms of the Service."

Rev. Mr. Chown to preach. The drum-head service in the transportation building at 10 o'clock tomorrow morning will have Rev. Chown, D.D., general superintendent of the Methodist Church, as the preacher. There will be an early morning service for Anglicans at 7 o'clock and celebration of Mass for the Roman Catholic members at 8.30 o'clock. The two early services are held in the dairy building. A C. Cochrane having been replaced by Lieut. R. H. Turnbull, who reported to the officer commanding 19th divisional battalion on the 3rd inst. Until further orders Lieut. (Prov.) H. W. Murray will act as assistant.

The 15th Field Ammunition Corps are recruiting at the Armories to bring the detachment up to peace strength and more recruits are wanted. CAPT. GEOGHEGAN DEAD. Special to The Toronto World. KINGSTON, Dec. 4.—Capt. John Geoghegan for 25 years customs officer, is dead, aged 67. He was born here and widely known to the traveling public.

TO TALK OF THE SAULT. Dr. Fraser of the archives department will give an illustrated lecture on the early history of Sault Ste. Marie, dealing especially with the fur trade, at the meeting of the institute this evening in the physics building of the University. The public are cordially invited.

OKWOOD KNITTING CONTEST. At the patriotic meeting held at Okwood High School yesterday afternoon it was decided to open a knitting contest for woolen goods made for the soldiers at the front. All contestants are requested to send their stuff to Miss McKelvie, 550 West St. Clair avenue, Dec. 10, and on the evening of the 11th a musical entertainment will be given and the prizes awarded.

Canadian troops going to the front had stated that 40,000 sheepskin coats had been bought to help keep the men warm in the trenches. The war office had bought large supplies of the sheepskin coats for the British troops. A motorcycle with side-car attachment machine gun was inspected here and appears to be very satisfactory. General Hughes stated that the recruiting was progressing well in different parts of the country and without any billboards, only by appealing to the patriotism of the men. Directions have been given that in selecting men to be employed on guard duty in the Dominion, preference shall be given those out of employment rather than those with steady positions. Fish Cured in 4 to 14 Days. DRUGGIST fails to cure itching, Blind, Bleeding or Prolapsing Piles. First application gives relief. 50c.

York County and Suburbs of Toronto

THOMPSON WANTS TUBE UP YONGE

Says Purchase May Be Dead, But Transportation is Live Issue.

BALMY BEACH MEETING

Controller Church Thinks Army and Navy Should Be Non-Political.

Joseph E. Thompson and Controller Church, who are prospective candidates for the board of control and the majority, respectively, were the chief speakers at the meeting of the Balmy Beach Conservative Association which was held in the Masonic Temple, Balsam avenue, last night.

Speaking on the war Mr. Thompson said that Canadians did not realize its seriousness, being so far away from the battlefields. He urged the political factions of the Dominion to put away all political differences and act as one for the defence of the motherland and the abolition of German militarism.

Referring to municipal affairs he contended that the city was not properly divided and advocated the formation of ten wards, with two aldermen for each. The city representatives will have to look after during the ensuing year is the expenditure, he said. "This is bound to be a year of retrenchment, and only works that are absolutely necessary will have to be undertaken."

Transportation Problem. In connection with the street railway proposition he said that the purchase deal might be dead, the transportation question is still very much alive. "Now is the time to appoint a street railway commission," he said; "appoint them now and give them a chance to acquire knowledge and prepare plans, so that when the franchise expires they will be in a proper position to take over the street railway."

Mr. Thompson thought it was high time to consider the laying of a tube up Yonge street from the waterfront to the trucks. He stated there should be no such a thing as a surface railway on Yonge street or poles or wires, as there is too much walking traffic. He wanted to see the tube and a widening of the sidewalks on either side of the street. "But," he said, "let us appoint a commission and be prepared to install the tube as soon as the street railway franchise expires."

Park System. Speaking in regard to parks, Mr. Thompson said that a good park system is absolutely necessary for the public health. Concluding, he referred to the city council and the board of

control, and said that they both needed some backbone. They were not there to be led by one deputation, and then the following day to grant the opposite wishes of a deputation just because it was a little larger in number.

Controller Church, discussing the war, said that it was too bad that the United States had not taken a hand on the side of the allies, but was glad to see that their sympathies were with us. In conclusion the controller stated that the land and naval defence question was too much mixed up with politics, and urged Canadians to follow the example of New Zealand.

Ex-Ald. F. M. Baker spoke on behalf of W. E. Orr, a prospective alderman. In conclusion the controller stated that the land and naval defence question was too much mixed up with politics, and urged Canadians to follow the example of New Zealand.

The association, by resolution, endorsed the candidature of W. E. Orr as alderman for ward one and appointed a committee to canvass the ward in his favor. Officers were elected as follows: President, W. R. Bullock; vice-president, Geo. H. Hill; second vice-president, H. Bartholomew; secretary, S. Costland; financial secretary, J. Lenoir; treasurer, W. Hewston; auditors, W. Deer and W. Motherwell.

A big meeting will be called next week, at which municipal candidates will be invited to deliver addresses.

WORK THREE DAYS WAIT FOR MONEY

Charge That Pay of Men Given Relief Work is Held Two Weeks.

That men given relief work by the city for three days were not paid for two weeks was a charge made against the works department at a meeting of the East End Ratepayers' Association last night in St. John's parish house, Norway.

It caused quite a sensation, members remarking that when a man needed relief work from the city he could not be in shape to wait two weeks for three days' pay. The secretary was asked to write to Commissioner Harris and register a protest against wages being delayed in this manner.

The association, by resolution, endorsed the candidature of W. E. Orr as alderman for ward one and appointed a committee to canvass the ward in his favor. Officers were elected as follows: President, W. R. Bullock; vice-president, Geo. H. Hill; second vice-president, H. Bartholomew; secretary, S. Costland; financial secretary, J. Lenoir; treasurer, W. Hewston; auditors, W. Deer and W. Motherwell.

A big meeting will be called next week, at which municipal candidates will be invited to deliver addresses.

LITTLE BY LITTLE WAY TO GET THINGS

Better Car to Broadway Ave. Than No Car, Says North Toronto Man.

MOORE PARK MILITANT

Want Better Lighting and Cemetery Road Started Right Away.

Representatives of all the ratepayers' associations in the northern part of the city attending the meeting held last night in the Moore Park Hall expressed grave dissatisfaction with the rescinding of the Yonge street appropriation by-law, and with the long delay in the settlement of the Cemetery road question.

Jerry Nelson, on being called to the chair, stated that the three vital issues of the moment in the district were: The straight road thru Mount Pleasant Cemetery, the transportation system, and the question of better lighting. For the first, he said, they seemed to have twice as much legislation as was necessary, but he continued, "there seems to be a blizzard in the fence at the city hall, and until that blizzard is unsharped it doesn't seem as if anything can be done."

He had seen an article published today which indicated that something had been done today at the city hall. That article appeared to show that the work would be on local improvement lines; but, as he understood, the road was to be of general advantage, he thought the general tax should bear a larger proportion of the cost. The road would relieve congestion on Yonge street, and if gone on with this winter, would also relieve the unemployment situation.

Lighting Poor. Mr. Nelson claimed that the lighting system in Moore Park today was not as good as they had when in the township, and with "a few lights scattered here and there," he said, "I feel we are not fairly dealt with."

On being asked by George Morrison if the association had not passed a resolution calling for obstructed lights, Mr. Nelson agreed that the same lights as existing downtown had been asked for, but the few lights put in did not seem sufficient.

D. D. Reid of North Toronto explained by means of a large map the proposed route of the car line from Shaftesbury avenue thru the Cemetery to Broadway avenue. The route from Shaftesbury avenue to the cemetery, he said, remained indefinite. He pointed out the route proposed by the Cemetery Trust, which touched a point more than three-quarters of a mile from Yonge street, whereas the straight road was but half a mile distant, and he said, "we of North Toronto feel that the road is too far east as it is." He wanted the cost to be wholly borne by the city, if that could be done, but from what he knew of the city council,

all such a proposal, he was sure, would block the whole thing.

Five Cents Per Foot. G. A. Hodgson, president of the North Toronto Association, said that his association had been instrumental in preventing the city council rescinding the construction by-law for the widening of Yonge street, the appropriation part had been lost. "The board of works has a report from the committee of works today," he said, "it provided that the cost of going thru the cemetery would be borne by the city; 45 per cent of the cost would be assessed as local improvement, to be paid in ten years, and 55 per cent would come out of the general tax-ation. Assessment Commissioner Forman had assured him that the greatest cost to any ratepayer would be 20c, the smallest charge being 1c per foot yearly."

On that basis, he said, "I feel justified in saying that no ratepayer on the street would object."

"The by-law going thru," he continued, "is far a permanent track to Broadway avenue. Let the city go ahead, and then when we get it to Broadway, they will see the necessity of extending to Bedford Park and another by-law would be passed. Get it little by little, and we'll get something."

M. J. O'Leary, president of the North Toronto Association, said his association had worked hard. He personally had made four trips to Ottawa, and had obtained the order in connection with the subway. "I was told at Ottawa," he said, "that I should know whether there is a conspiracy, but one thing seems certain. Something is behind the movement to prevent the city coming north on Yonge street."

Two friends of his, he said, but all the rest, including Alderman Wickert, had obtained the order in connection with the cemetery there in the first instance, and as soon as Yonge street was widened, the city would move northwards.

H. Ball said he had worked for the development of North Toronto for nearly 30 years. Twenty years ago he, with Mr. Fisher, had a meeting with the Cemetery Trust to see if they couldn't get a right of way thru the cemetery. It has been a great mistake to place the cemetery there in the first instance, and as soon as Yonge street was widened, the city would move northwards.

Later the trust had agreed for the sum of \$15,000 to give a depressed road as right of way, the city assuming a portion of the cost until the east part of the cemetery is open for residential purposes.

Fairly treated. "I think the city has treated us very fairly," he said, "and we were to get a vote taken for a car line in the north part of the city." It would be a tremendous advantage to Moore Park, St. Clair avenue, east and west, is getting a big right of way," continued Mr. Ball, "and Alderman McBride sees that St. Clair avenue will have to go straight across the College subdivision, thus relieving its present diverted course. The city is endeavoring to get an option from the Metropolitan Trust to run across the property, and I conceive that when the Metropolitan Trust expires, the city will be able to come thru the subway. Until we get these things and probably a high grade bridge at McLennan avenue this should accord Alderman Risk a good deal of thanks for his efforts towards the district. He has been contended, and he was satisfied that the people of North Toronto would vote strongly for the car line."

By-laws Differ. Alderman Risk pointed out that while the construction by-law, which had been saved, would have required a two-thirds vote to be passed again, the appropriation by-law required only a bare majority in the council. "The cemetery road would be a great thing for the north end of the city," he said. "There is no question about it, and I venture to say that the by-law will be carried if we can now." He pointed out that Lighthill avenue continued in a straight line thru the St. Andrew's College subdivision, and it might be possible to connect to High-bourne. "I have never been asked to do a thing for Moore Park," he continued, "that I have not tried to do. Nothing that you want in this district, and that would be good for the district, but I'll work for that, isn't it?" (Applause.)

In reply to a question of George Morrison, who contended that if the local improvement by-law applied only as far north as Norton street, it looked to him that Moore Park would be paying the shot for North Toronto, and that the whole of the section of North Toronto from Yonge street to Bayview avenue should share the cost. Alderman Risk explained that the report was yet wet when submitted yesterday, and had not been received 20 minutes before the deputation arrived. Assessment Commissioner Forman, however, was in a better position than anybody to say what was fair, right and just. The report of the works department would be printed, and could be examined by the ratepayers before the passing of the by-law. If the conditions are right and just, said the alderman, the council would consider them.

A general meeting of the North Toronto Red Cross Auxiliary will be held at the Forum Hall, Erie street, on Monday, Dec. 7, at 3 p.m. All interested are cordially invited.

WYCHWOOD HOME GUARD. Wychwood Company, Toronto Home Guard, will assemble at the regimental headquarters on Saturday afternoon at 2 o'clock to proceed with the regiment to Scarborough Beach Park for regimental training. The regiment will be equipped with special instruction in musketry, will be held on Tuesday night at Hillcrest School.

HUMBERSIDE LITERARY HELD OPENING MEETING

Commencement Exercises to Be Followed by a Bazaar—Ward Seven News.

The Humberside Collegiate Institute Literary Society opened their season last night with a social evening, held in the auditorium. A brief program of music was given at the opening of the meeting, and the remainder of the evening was given up to games and refreshments. The annual commencement exercises will be held next Friday afternoon, which will be followed by a bazaar arranged under the supervision of Miss H. Charles, B.A., a member of the staff.

Various articles will be donated by the pupils and offered for sale, and the entire proceeds will be donated in aid of the Belgian Relief Fund.

The following are the officers of the Orange Home Guard Company of West Toronto, as elected at their organization meeting last night: Captain, Capt. Jesse G. Wright; lieutenants, J. C. Boylan and J. H. Beamish; sergeants, S. D. Goodryke, W. J. Bourke, Dr. J. J. Thompson, and Harry Campin.

The West Toronto Company of the Home Guard are requested by Captain W. J. Sheppard to assemble at the armories on Wellington street this (Saturday) afternoon, at two o'clock, to parade to Scarborough Beach Park, where Sir Robert Borden will review the entire body. Those of the local company who are unable to meet the others at the armories are requested to join them at the park at three o'clock.

The company will hold a social evening for the purpose of becoming better acquainted with each other and the officers, in St. James' Hall, on Wednesday evening next, Dec. 9. Every member of the company is cordially invited to attend.

MALVERN COLLEGIATE ANNUAL EXERCISES

Six-Roomed Addition Formally Opened—Prizes and Diplomas Presented.

Malvern Collegiate Institute Assembly Hall was filled to capacity yesterday afternoon, the occasion being the annual commencement, and the formal opening of the six-roomed addition. Among those on the platform were: Rev. W. L. Baynes-Reed, Rev. W. Strangways, Rev. John Locke, W. O. McTaggart, J. W. Jackson and Dr. Gilmour Steele of the board of education; C. J. Bell and H. C. Cobbedick.

In his opening address, Carl Lehmann, B.A., the principal of the school, called attention to the increase in the staff and pupils, and referred to the good derived by them from the physical culture classes which had been inaugurated during the past year.

Besides the distribution of prizes and diplomas, the program was contributed to by Miss Helen Price, pianist; Miss Edith Wingate, soprano; Frank Sherlock, baritone; duet by the Misses Jean Thomson and May Chalmers, a thirty-two piece, "Eastern Temple Scenes" by the girls, and a chorus by the boys.

The entrance to the faculty of education, Part 1, was obtained by Miss Grace Chandler; Part 2, without Latin, by John Heat.

The Wanless Cup and the Malvern Cup, for scholarship, leadership and popularity, were obtained by Miss Daisy McGregor and Howard Orr, respectively. Miss Daisy McGregor was also the recipient of a gold prize for the best essay, "Walter Hughes won the Pictorial Medal, and Frank Sherlock the Eliza Silver Medal for oratory."

Miss Daisy McGregor and Miss Dorothy Linton obtained the gold and silver medals for oratory.

The honor of being the best boy athlete in the senior section of the school fell to G. B. Paterson, and in the junior section to R. Moss.

The Redmond Shield, given for the handball championship, was won by Stuart Morrish, Frank Paterson being runner-up.

Miss M. Ritchie captured the girls' tennis championship shield, donated by Rev. W. L. Baynes-Reed. Fifty-six other prizes and diplomas were presented.

COLLEGIATE ANNUAL EXERCISES

Additional Formally Prizes and Diplomas Presented.

Collegiate Institute Assembly called to capacity yesterday on the occasion being the annual exercise. Among those who were present were: Rev. W. L. Strangway, Rev. W. O. McTaggart, Dr. Gilmour Steele of the education, C. J. Bell and Mrs. C. Bell.

How much it takes to make one happy depends on how much one has—philosophers to the contrary, notwithstanding. The Good Fellow work is to make those happy that have nothing and with the number of Good Fellows that are coming into the ranks it will not be a titanic task to make all the needy children in Toronto quite happy.

Many hands make light work. We are getting many Good Fellows into the ranks in this excellent work. We want more and then more. A Good Fellow is wanted for every needy family in Toronto.

Time Grows Short. There are only a few days left now and the vacant places in the ranks of the Good Fellows must be rapidly filled if a good showing is to be made in the hunt for the hunger wolf in our midst.

One Good Fellow has written to say that the best present he received last Christmas was the opportunity of looking after a worthy but needy family, where there are several children, and he enjoyed himself so much in acting the part of a Good Fellow that he is taking care of the same family again this year.

QUEEN'S OWN CHAPTER MEETS. The armories will be the scene of the annual talent, tea and knitting shower of the Queen's Own Chapter, I.O.D.E., next Wednesday at 3 p.m.

BREAKING UP A BAD GANG

Incidentally, the investigation into Baft's death has disclosed that the municipal inspection department, or at least some of the inspectors, were guilty of graft and oppression. Between them and the trust the consumer paid a price for his poultry out of all proportion to the price received by the producer.

The police, after several weeks, have ascertained that one of the gangmen was tall and slight and the other short and stout. They were apparently not twins. It is a good point to keep with, but a great deal more information is required.

Almost Defenceless

When congress reassembles on Monday Senator Henry Cabot Lodge of Massachusetts will present a resolution calling for a sweeping enquiry into national defences. A similar resolution was introduced in the house of representatives at the last session, and it is hoped that both houses may immediately agree upon a joint resolution.

Senator Lodge does not profess to have any expert knowledge upon the question, but in a signed statement he voices the complaints of the people. It is said that the United States could not tomorrow arm and equip a force of more than 120,000 men. Moreover the regular army, instead of being stationed at strategic points, is scattered all over the country in tiny garrisons maintained for political purposes.

Uncle Sam spends \$250,000,000 a year upon his army and navy, but has little to show for it. The regular army is well drilled and so are the militia, but there are no reserves to draw from. For years after the civil war the people were apathetic about military defence, because they had practically a million men who had seen service, available in time of trouble.

The present war relieves the United States from the German menace, but it demonstrates the possibility of an almost irresistible combination of great powers against any country being formed over night. There is, moreover, an almost absolute certainty of war with Japan. Political pressure, the unwillingness of labor unions to have large forces massed in manufacturing centres, local jealousies and bureaucratic methods will probably prevent any real reform unless some future president with the military spirit and military experience reorganizes both arms of the service and compels congress to greatly increase the annual appropriations.

A Good Suggestion. In the works committee of the council in regard to an application made to register a new plan in the Moore Park ravine, Ald. McBride was certainly far-sighted in contending that part of the ravine must ultimately be used for a new and straight bridge, crossing the ravine on St. Clair avenue. He argued that it might be a year or two perhaps before the city was prepared to undertake the work, and now that the property owner is asking a favor from the city he thought it an opportune time to get an option on the land required in the early future for the new bridge.

Peace and Efficiency. Among the weaknesses of human nature none has been more persistent than that which regards the past as better than the present and sees nothing but ruin in the future. Before the war began many believed, and openly asserted, that the British Isles were the home of a decadent people, who in long years of peace had forgotten the arts of war again. The Germans had that infatuation, strengthened as it was by these de-

Ahmed Odeasy Tore His Hair When Sent to Prison. Tearing his hair and waving his hands around his head as if denouncing the sentence, a Turk, who had been sentenced to three months imprisonment for three charges of fraud.

JEW FINED FOR SELLING "PORK AND" ON SUNDAY

For the very fact that you are a Jew and hold pork and beans on Sunday I will make the fine as light as possible, said Magistrate Cohen in the afternoon, a Turk, charged with Samuel Talbo, charged with keeping a restaurant without a license. It will be \$5 and costs.

HAMAR GREENWOOD IS NOW A COLONEL

Canadian Associated Press Cable. LONDON, Dec. 4.—Mr. Hamar Greenwood, M.P., has been gazetted lieutenant-colonel, commanding a new Welsh regiment. He has been employed since the war began in the recruiting and armament departments of the war office. He was formerly in the King's Colonials, and before he came to this country was in the Canadian militia.

THREE MONTHS FOR FRAUD

Fleeting guilty in the general sessions yesterday to a charge of having obtained \$150 from Ivan H. Hillwell by fraud a respectable-looking young man named A. Denby Lloyd was sent to prison for three months by his honor Judge Costworth.

KENT PATRIOTIC FUND.

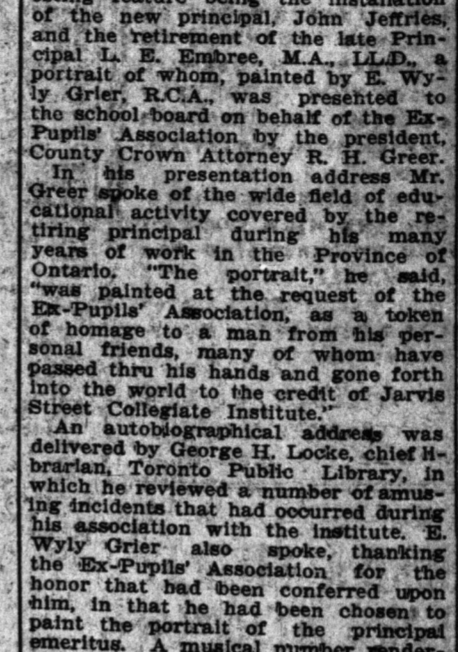

Special to The Toronto World. CHATHAM, Ont., Dec. 4.—At a meeting of the County Council of Kent this afternoon it was decided to give \$500 to the Patriotic Fund with the understanding that more would follow when needed. The money will be placed in the hands of a committee of the council.

GRAND JURY FINDINGS.

True bills were found by the grand jury against David Finkelnstein and George Clarke on charges of fraud. No bill was returned in the case of Eliza Coxhead, charged with procuring an abortion.

OWING to the increased cost and the scarcity of supply of raw material, the Eddy Company have had to slightly advance the price of Matches and some other lines.

The Eddy Company believe the public will appreciate this when they realize it is done so that the high standard of quality for which the Eddy goods are famed may be maintained.

The World Acts as Christmas Goodfellows' Agent

The World is again undertaking this year the work of putting the Good Fellows of Toronto in touch with the children who must look to them for help on Merry Christmas. Arrangements for securing names and addresses from the civic social workers are complete. If you cannot play Santa Claus, do it for the World. Do your Santa Clausing early.

QUEBEC MURDERER IS SENTENCED TO DEATH

Judge Donned Black Cap and Gloves in Pronouncing Penalty. MONTREAL, Dec. 4.—Antonio Di Lena was this afternoon found guilty of the murder of Angelo Gricco, at Cedars, three months ago. Mr. Justice Saint Pierre donned the black cap and black gloves and sentenced Di Lena to be hanged on February 5. Notice of appeal was at once lodged by counsel for the condemned man.

GANANOQUE RESPONDS GENEROUSLY TO CALL

Special to The Toronto World. GANANOQUE, Dec. 4.—At the monthly meeting of the Gananoque Board of Trade a Belgian Relief subscription was introduced. The response was spontaneous and a large sum was obtained in a few minutes. A suggestion that the month of January be devoted to self-denial, and the savings devoted to this worthy object was also acted upon.

HEAVY LOSS IN BARN FIRE

CORNWALL, Dec. 4.—A large barn on the Crapper farm, on Crapper's Island, was totally destroyed by a fire of unknown origin, together with 100 bushels of grain, sleds, wagons and farm machinery. The loss is placed at about \$12,000 and is partly covered by insurance.

DODD'S KIDNEY PILLS. THE TORONTO WORLD. 23 THE PR...

Rugby Grey Cup Final Starts at 2.15 p.m.

Varsity vs. Argos at Stadium Facts About the Final Game

Game—Dominion championship for Grey Cup. Teams—Argonauts (Interprovincial), Varsity (Intercollegiate). Place—Varsity Stadium. Time—This afternoon at 2.15. Officials—Referee, Frank Robbins (Hamilton). Umpire, Eddie Phillips, Ottawa. Attendance—Estimated 19,000. Seats all sold. Rush seats on sale at 1 o'clock at the stadium. Gates open—Southeast gate of Stadium will be open to Varsity rooters at 12.30. The other gates will be open to Argo rooters at 1.

ARGOS-VARSITY BOTH CONFIDENT Students Expect Easy Victory While Oarsmen Look for Close Game.

Argos' close win on Wednesday has made today's final a most beautiful guessing contest except to an odd wise individual with unduly keen perception, also the students themselves believe they will win away off. On the other hand supporters of the oarsmen will be satisfied to win by a margin no greater than a field goal or less, and the backers of the torn team have all sorts of money to wager at events that they will score their first Canadian championship this afternoon at the stadium.

Argonauts have had two hard games since Varsity beat McGill, while the college champions were taking their work under the eyes of the coach, and the question whether the Oarsmen's casualty list will work to a greater disadvantage than the students' lay-off will be answered this afternoon.

After Argos disposed of Tigers they were 5 to 7 favorites over Varsity, the sharp conceding Ralph Ripley's team as a chance. Yet the rejuvenated Argos gave Argos an awful score, and we are even told by the Hamilton press that the better team lost.

It is not an account of injuries among the Argonaut players, but rather due to the strong game put up by H.C.C. against them on Wednesday last that today's incident is rated a toss up.

May the best team win. Who is so ordained with the foresight to even pick the winner? A slip here, a muff there, a lucky run, a couple of drop goals or a decision by the referee—any one of these may change the result. Picking the winner of today's final at best is merely a guess.

Both sides are confident. While the student spirit will not down the Scullers believe they have a lot on the rah rah boys in skill and brawn, not to mention avoirdupois.

The work at Varsity field yesterday consisted of the splendid efforts of the groundsman. He toiled laboriously with his big broom all afternoon, and the field is in the best of condition. Capt. Dugg's team on the day before the battle enjoyed a well-earned rest.

At Rosedale most of the Argonauts, after two days' lay off, were in uniform hibernating up. Foster was an exception. He hobbled around with the aid of a crutch, but his ankle will be bound up

Hockey O.H.A. Meets Today; The Beaches League

Annual Meeting Takes Place Today in Temple Building—Suspension Raised.

The final meeting of the 1913-14 executive committee of the O.H.A. was held last night at the Temple Building, with President Charles Parubiaran in the chair, and the following members present: J. Ross Robertson, Toronto; James T. Sutherland, Kingston; Sheriff J. P. Faxon, Whitby; R. M. Glover, Peterboro; Frank Hyde, Woodstock; G. L. Macmah, Oshawa; Secretary, W. A. Hewitt.

J. Price Wins Playing Simultaneous Chess

The exhibition of simultaneous chess by Mr. J. Price, the city champion, at the Toronto Chess Club last evening, ended in a victory for the single player by 9 1/2 games to 4 1/2. This is a creditable result, considering several strong club players took part. The following is the complete score: M. M. Davis 0, Joseph Price 1, K. B. O'Brien 0, Joseph Price 0, John Powell 3, Joseph Price 1, G. K. Fowell 0, Joseph Price 1, J. Mundstock 0, Joseph Price 1, F. H. Priest 0, Joseph Price 1, J. B. Ballantyne 1/2, Joseph Price 1, H. Worlock 0, Joseph Price 1, J. D. Lamont 0, Joseph Price 1, Malcolm Sim 1, Joseph Price 1, J. Graham 0, Joseph Price 1, A. D. Gough 0.

At Varsity They Expect To Pile Up Good Margin

From yesterday's Varsity-Argos game of coming out ahead, and of even piling up a good margin of points, it is much better than the general public suppose. Argos will find it is absolutely impossible for any team to play three games in one week and put any life into the third. When Varsity are beginning to come up with redoubled strength in the second half, the Argos will be growing tired. They also have several men on the injured list, but their bucking is not so effective as Varsity's. Knight and Murray are two men who will be hard to get past with any end runs. One very acceptable circumstance in the change of weather. The field is drying up quickly and by tomorrow being on ground will be firm without being too hard. This will be to Varsity's advantage, for they will have a slip of speed, which would be affected by a slip of the field. The players themselves are confident of winning, and some of the Argos supporters who are backing their team with odd odds will be sent home with sad faces.

T. & D. SOCCER

The T. & D. games today are: Robertson Cup—Semi-Final—Ulster v. Thistled, at Sunderland field, 2.30. League—First Division—Batons v. Devonians, at Eaton field, 2.45. Division III—Robertsons v. Dunlops, at Riverdale Park, 2.45. Gurneys v. St. James. Lancashire v. Toronto St. Ry., at Willowdale Park, 2.45. Division IV—Rumnyede v. Cedarvale, at Rumnyede, 2.45. Junior—Dunlops v. Swanses, at Harris Park, 2.15. Friendly Game—Don Valley v. Celtics, at Todmerden, 2.30. All members of the B.U.A.C. are requested to attend a meeting at the club rooms, 146 West King street, on Monday, Dec. 7, at 8 o'clock.

STOPPED A RUNAWAY. Fireman Mitchell of Dundas Station Was Quick in Action. Seeing a runaway coming down Dundas street and appearing broad all over the street, Fireman F. C. Mitchell of the Dundas fire hall grabbed the horse by the bridle when it passed the fire hall, and after being dragged for seventy feet succeeded in stopping the horse. It belonged to a baker. A policeman attempted to stop the runaway at Ossington and Arthur, but was unsuccessful.

CENTRAL TECH'S BAZAAR. The teachers and scholars at the Central Technical School are holding a bazaar in the school buildings this afternoon in the interests of relief for the destitute and comforts for the soldiers. Specially good preparations for the afternoon and evening have been made.

ENEMIES ARE INTERNED. Oscar Blumlein, a German, and Adolph Gervens, an Austrian, were interned at Stanley Barracks yesterday for the first arrest ordered by Judge Coates, worth in his new capacity as registrar of aliens.

PHYSICIAN'S BODY DISCOVERED DEAD

Dr. M. D. Sudworth, Ingersoll, Dies in Mysterious Manner at Guelph.

INQUEST WILL BE HELD

Provisional School for Artillery Officers Closes - Farmer Loses Barn.

Special to The Toronto World.

GUELPH, Ont., Dec. 4.—The body of Dr. M. D. Sudworth, 26, of Ingersoll, was found lying in the ditch on Waterloo road, about 11:30 last night, by Harry and William Gailbraith, about a mile south of Sleeman's brewery. Dr. Orton was notified. The body was identified this morning by E. W. Waterhouse, Quebec street. His father is Dr. Sudworth, dentist, and the son had secured his degree in medicine within the last year. The dead man had been staying in Guelph for almost a week. He had been at Blind River, Ont., for some time, assisting another physician. An inquest will be held and a post-mortem examination is being made.

O'KEEFE'S

For Purity - For Health - For Patriotism -

For Purity, because brewed only from best Canadian barley malt, choicest hops and filtered water. Brewed, too, in Canada's cleanest and most sanitary of breweries by Canadian workmen.

For Health, because physicians agree that pure malt liquors are liquid food, having splendid nutritive and body-building properties.

For Patriotism, because they are "made in Canada." Only the best Canadian barley malt is used in their making, and the choice hops used are largely Canadian-grown.

All bottles, Crown seal stoppers, labels, cases and barrels used by O'Keefe are also made in Canada. Thousands of Canadian workmen are employed, directly and indirectly, in the production of all these things, and in buying O'Keefe's you contribute to your own country's well-being.

BIG NEW ROADWAYS APPROACH REALITY

Mount Pleasant and Prospect Highways Pass Works Committee.

TEN YEARS FOR PAYMENT

Works Commissioner and Assessment Department Make Their Reports.

The works committee yesterday afternoon passed the joint reports of the works and assessment commissioners on the proposed roadways thru Mount Pleasant and Prospect.

When the Mount Pleasant road proposition came before the committee, Mr. Hodgkinson, president of the North Toronto Ratepayers' Association, asked that instead of extending payments over ten years as recommended they be extended over a period of twenty years.

According to the recommendations which will now go before council to pass upon, the city's share of the estimated cost of \$275,000 for the Mount Pleasant road will be 55.85 per cent.

A Wide Roadway. The description of the work as passed by the committee and set out in the joint reports of the works and assessment commissioners calls for the extension and grading of Mount Pleasant road to its present width of 130 feet.

For the roadway thru the Prospect Cemetery, the highway is proposed to extend Ascot avenue from its present westerly terminus at Harvie avenue, westerly to meet with Norman avenue at a width of 66 feet.

HALF FOOD PAID FOR

Chairman of American Commission Describes Methods of Distribution.

Canadian Press Despatch. (Dec. 4.—London, Jan.)—The American Commission for Relief in Belgium, returned to London today on a two-day trip of inspection in Belgium. Mr. Hoover reported that the distribution of food-stuffs in care of the American Commission is well under way, but that the condition of famine which threatened the population of Belgium is still desperate and that on account of the attitude of steel and utility companies, by which all supplies of coal, must still be placed at the disposal of the U. S. for relief.

"It is difficult to state the position of the civil population of Belgium without appearing hysterical," said Mr. Hoover in his statement. "I do not know that history presents any parallel of a population of 7,000,000 people surrounded by a ring of steel and utility companies, by any conceivable effort of their own, to save themselves."

"We are meeting with no obstruction from the military authorities of Belgium in the procurement of our work. Not one loaf of bread or one spoonful of milk that we have introduced has been taken by the military. The most stringent orders have been given that we shall have no interference, and our members meet with respect and assistance in all quarters."

"There are quantities of vegetables available in certain districts. In some localities there is still a supply of cereals for two or three weeks, but in certain other localities there has been no bread available for over a fortnight. Every loaf will be dependent upon us for bread within thirty days. So, our efforts have necessarily been devoted to procuring the larger quantities."

"The clock has absolutely stopped in Belgium. An industrial country, which was dependent on the overseas before, is now walled up with seventy per cent. of the people idle. There are no telegrams, telephones, railways or post-offices for military purposes. The Belgians, for military necessity, are not allowed to pass from their own towns, and consequently there is no communication throughout the country, except by personal visits of our own members."
