The Empire's Cry, "God Save the King"

GEORGE V. CROWNED BRITAIN'S KING IN HISTORIC WESTMINSTER

Loyal Celebrations Mark Coronation Day at Toronto

Scene in the Abbey One of Unparalleled Magnificence—Queen Mary Much Affected by the Ceremonies—Colonial Representatives Heartily Cheered by London Crowds, as Procession Passes on Its Way.

NO UNTOWARD EVENT MARRED REJOICING

LONDON, June 22.—King George V., eighth of the House of Hanover, was today consecrated to the service of the British Empire, and in turn received the public homage of his world-wide subjects.

With his consort, Queen Mary, His Majesty was crowned in the Abbey of Westminster, with all the wealth of religious rites and royal ceremonial prescribed by historic custom.

The picture within the grey-walled fabric was one of mediaeval splendor. The coronation services, solemn and imposing, were those handed down from the earlier centuries, and the actors in the principal secondary roles of to-day's great function were garbed in reproductions of the multi-colored, gold embroidered trappings worn by their ancestors in bygone generations. The latter made up a wonderfully effective setting around the central figures.

Outside, the usually dull streets had been transformed into a mass of color. The King and Queen's progress to the abbey and the return to Buckingham Palace was one unbroken ovation. The route was hedged with a vast polygot host, with a background of bravely decorated viewing stands and windows and roofs, all of which were crammed to their capacity.

Hundreds of thousands of spectators shouted themselves hoarse at central points, like the Mall, and the entrance to the admiralty archway, where the government stands held a score of thousands. Trafalgar Square was so densely packed with humanity that it would not have been difficult to traverse the square walking on the heads of the people. Parliament Square, Club Lane and Constitution Hill held their countless hordes.

The tumult of thunderous welcome was almost deafening as the King and Queen passed on the outward and homeward journeys, proceeded in the first instance and followed on the return by a stately, superb cavalcade of eminent princes, many themselves heirs to thrones, statesmen, diplomats, courtiers, soldiers, sailors and men of all houses, races and countries from the four quarters of the globe.

No Accident to Mar. The great ceremonial passed off unmarred by any untoward accident. When dawn broke the skies were gray and showers fell during the progress of the processions of the royal guests, and the junior members of the royal family to the abbey, but as the King and Queen left Buckingham Palace to be crowned, the heavens smiled and a flood of sunshine brightened the splendid pageant.

It was a proud day for the British Empire, but of all its millions, the one who, perhaps, had the most reason to be proud, was denied by court etiquette the joy of witnessing the triumphal event. At Sandringham Palace, Queen Mother Alexandra, who 46 years ago this month, gave Britain a King, awaited the news that her son had taken his place in the long line of British monarchs.

Perhaps never in history, never in the experience of any person who

witnessed it, anyway, has there been a historic scene so magnificent as the ancient Abbey of Westminster presented, when George V. and Queen Mary were seated in state upon their thrones. All who attended the crowning of Edward VII. agreed that to-day's ceremony surpassed that spectacle in every circumstance of stately stage setting, of solemn ritual, inspiring music, the host of royal and eminent personages, the wonderful display of rich uniforms, bright gowns, marvelous jewels, which combined to create an impression of awe and admiration.

stately ritual of the Established Church combined with the coronation rites, surcharged with the traditions of faded centuries, and Sir Walter Parratt's impressive music, which continued thruout—a soft accompaniment, then the choir intoning the service, then the majestic hymn, and, at the culminating points, the roll of drums and the blast of trumpets—to make every moment one of intense interest. The Archbishop of York's sermon had as its text: "I among you as he that serveth." He said:

Their Majesties King George and Queen Mary

Their Majesties, with gleaming crowns on their heads and gorgeous robes outspread behind them, the great Kohlnour diamond flashing from the imperial crown, all the nobles of the throne in quaint costumes of ancient offices, with a few modern uniforms, the four peeresses attending the Queen in shimmering gowns, pages in light blue and white grouped behind them, an array of church dignitaries robed in scarlet and gold formed the centre of the picture.

Below the King and Queen were the young Prince of Wales, almost smothered in the dark blue robes of the Order of the Garter, with the peer's crimson mantle around his shoulders, and the Duke of Connaught in the uniform of a field marshal. Just above the altar, loaded with massive gold plate, to the right of the King, was the girl Princess Mary, wearing the coronet of a peeress, with hair hanging down her shoulders, and the three younger Princes in Scottish kilts. Near them were the other members of the royal family. Yeoman of the guard with halberds lined the aisles thruout the space of the abbey, and in the great boxes, rising high against the walls and filling the transepts and galleries, were 7000 spectators, forming blocks of quivering, variegated color. In one group were the future rulers of most of the kingdoms of Europe with their aides. In another were the diplomatic corps, competing with the royalties in the splendor of their uniforms and decorations. Two blocks facing across the nave were composed of peers and peeresses wearing red robes and ermine capes, holding in their laps their coronets until the King was crowned.

A Gorgeous Scene. Another large section was occupied by members of the house of commons, with their ladies. Some of them wore uniforms, but the majority were in black court dress. Indian potentates with gaudy turbans and marvelous jewels formed a striking group in still another section. A scarlet block represented the army; a blue one the navy; a third, scarlet and white, indicated where the judges in robes and wigs sat, while the boys of Westminster School, who boast themselves of ancient privilege to acclaim the King, were high up in the triforium, and the barons of the Cinque Ports in a box close to the throne, made a little patch of dark blue and gold.

All the ladies, apart from the peeresses, were arrayed in court costumes, with white feathers in their hair. Many wore Haras. There was a treasure of precious stones never before collected in one place, and costly enough to buy the ships of the British Navy. The ladies-in-waiting to the Queen in the abbey were four duchesses, each being attired to carry into effect a color scheme of shot gold. One wore gold shot grey, with pearls; another gold, shot blue and topaz jewels; a third, gold shot cerise, with rubies; a fourth, gold, shot green, and emerald ornaments. Princess Mary wore a short white frock and a long royal violet train suspended from the shoulders with gold cord tassels bordered with ermine and gold braid. The ceremony in the abbey consumed more than three hours. The

"Pray we for our King, that his strong trust in God may keep him faithful to God's trust in him—to be among the people in this homeland, among the multitudes of India, among the strong young nations over the seas, the one man raised above private and local interests to think of all, to care for all, to unite all in one fellowship of common memories, common ideals, common sacrifices. This is indeed a kingly life. Pray we that God may give the King His grace to live it."

Apart from the processions, the solemnity and the paraphernalia of state, there was an undercurrent of human interest most appealing. Queen Mary, altho she bore herself with regal stateliness during her crowning, was at first noticeably nervous. While the King was being anointed and crowned she had her handkerchief to her eyes frequently. The King, when he received the homage of the heir, displayed a father's affection.

Prince of Wales Pleased With Himself. The young Prince of Wales evidently was much pleased with himself, for when the younger children passed his chair on entering and made their obeisance he returned their salutes quite in the royalist manner, and with apparent delight. The young princes showed great interest when their sister put on her coronet.

From the earliest hours of the morning the streets were lined deep with people. The front rows were made up of those who had remained thruout the night in these positions. Even at dawn some had found the vigil too trying, and either retired to the parks to sleep on the grass or required the attention of the ambulance.

Both routes of the procession were filled up long before the troops had found their places. The early arrival of cavalry in brilliant uniforms, accompanied by bands, afforded almost as interesting a show as the procession itself, and then came royal carriages and coaches taking robed and uniformed men and daintily dressed women to the abbey for the ceremony.

Unfortunately, threatening weather compelled most of them to make the trip in closed carriages, which detracted much from the spectacle, which nevertheless, was in many of its aspects picturesque. The vicinity of the abbey itself was a brilliant scene. From time to time, until the King and Queen had passed thru the entrance to be crowned, the church bells rang for hours. Here troops had taken up their positions even before the earliest arrivals and formed a guard about the square. One side the Horse Guards, familiar figures in London, stood at the heads of their black chargers. They were flanked by blue-coated marines and blue-jackets, with a body of hussars in front to take charge of the officers' horses as they arrived with the royal processions. Ambulance men and white-aproned nurses flitted about ready to render aid to any in need, while some were

Military Tattoo at Riverdale Park, Viewed by 150,000 People, Glorious Climax Today of Patriotic Ceremonials—Weather Lent Itself to All Forms of Open-Air Enjoyment

Few of the great cities of the dominions overseas did such honor to Coronation Day as Toronto. That the spirit which actuated the pioneers of loyal York lines and flourishes in their descendants and successors was amply proven yesterday when a city of people charged with loyalty turned out to attend the celebrations with which the occasion of the crowning of King George was marked. Despite the great heat, there was a spirit of cheerful good humor abroad and a disposition to cheer rather than grumble. The whole day was a striking object lesson of the undying loyalty which actuates the citizens of Greater Toronto.

The celebration at Riverdale Park was an event possible only amongst enthusiastic loyalists. Close on 150,000 people massed themselves on the hillside and cheered wholeheartedly as the military bands played patriotic airs. Apart from the noise, the fireworks or the throngs, the day, and especially the evening, was a pledge of renewed fealty to King George V. and his royal consort.

Lavish Decorations. Toronto proved itself to be more than merely given to lip-loyalty, for it required painstaking care to bedeck homes with flags and bunting in the manner in which many thousands of homes were decorated yesterday.

The down-town streets were gay with flags and emblems symbolic of the flags and emblems symbolic of the without their loyal deckings. Never, perhaps, in any previous holiday, was there such an ebb and flow of the human tide from one quarter of the city to another. The crowd shifted from early morning like the pieces of glass in a kaleidoscope, because, with so many altitudes scattered here and there and at variously assorted hours, it could hardly be otherwise.

It was warm, with a sultriness that recalled the sultry weather of 1897, when the mercury climbed to dizzy heights. Yesterday it reached the stately altitude of 92 degrees, which, so the weather man said, was 10 degrees higher than the average for the day.

But altho a few stray cooling zephyrs would have been welcome, there was really little to cavil at. At times the sky became overcast and wisecracks confidently asserted that late plinkers would come home in the rain, a gloomy prophecy, which was put to utter rout.

At the Playgrounds. The merry-making began early with games and drill at the various playgrounds. The youngsters entered into the sport of the celebration with a zest and with leafy June at its best the setting, particularly at the university campus, was all that could be desired. The military parade and civic celebration at Queen's Park, reaching its climax around mid-day, was a demonstration, which, admirably planned, did not disappoint expectations. It is estimated that 20,000 people reviewed it and while comparatively few heard the formal addresses, the royal salute was unexceptionable. The city regiments did not muster strongly, but the public school cadets were there in force and the whole effect was striking.

In the Churches. While the service held in St. James Cathedral bore the impress of a state

THE FAME OF THE PANAMA.

Some years ago people predicted that the Panama hat would be a passing fancy. Not so. The Panama is firmly entrenched in the good opinion of every man who would be comfortable in summer. Also though the Panama is somewhat higher in price than the ordinary straw hat it will last you three seasons at least and a little washing with soap and water will keep it bright and new. The Dineen Company, corner of Yonge and Temperance streets, have recently received a special shipment of Panamas direct from the traders. Special lines at Five Dollars, worth beyond the Dineen doors anywhere up to Eight Dollars and Fifty Cents.

GOULDING THE CHAMPION DEFEATS LARNER EASILY Sets Up New Canadian Record—Spills in Bicycle Race—Eaton Meet Results. George H. Goulding is the world's champion walker. He showed his superiority over George Lerner, the Olympic champion, at the latter's favorite distance, the 1000 yard race, at Scarborough Beach yesterday afternoon. Goulding and Lerner were the scratch men in the 1000 yard walking handicap and both got away to a good start. The pair walked together for the first three laps and it looked as if they were about evenly matched. The walking judges, Linden and Geddes, followed the walkers around and in the fourth lap, Goulding poise the stand on the far side of the track. Lerner objected to Geddes going on the track at the end of the race, and going out for a big lead. After going another lap Goulding showed that he is one of the best sports by stopping and waiting for Lerner and when the two were on even grounds started again. Goulding then went out for a second class, winning by nearly half a lap and setting up a new Canadian record for the distance. Final time, 22:25. Goulding's time by miles was 6:02, 1:28, 1:01, 1:5. Jack Tresidder of Central had a good day, winning the 1000 yard race in 1:02. In the three-mile handicap run Alf Sellers of West End, was on scratch and was beaten to the tape by George Black, a 35-year man. Sellers picked up his lead early and when the test came hadn't enough left to win. J. G. Fitzgibbon of the Eaton A.A., set up a new Canadian record in the broad jump when he went 19 ft. 2 in. The three-mile handicap bicycle race had two bad spots, in which W. Spencer and W. Wait, Andrews, both won. The motor cycle race was not to be out of the park, and a nasty tumble. Three thousand people were on hand to cheer their favorites. Results: 100 yards dash—1. W. Norris, 1:02. 2. J. G. Fitzgibbon, 1:04. 3. W. Wait, 1:05. 4. J. G. Fitzgibbon, 1:06. 5. J. G. Walking New Record By Goulding Lacrosse Tecumsehs 9 Toronto 4 Cricket Hamilton 218 Toronto 217

Note and Comment

Of course Goulding defeated Lamer in the three-mile walk, the foreigner making a less favorable impression at the longer distance. The Toronto pedestrian merely toyed with his opponent, slowing up when Lamer passed and stopped to talk it out with the judges. Goulding's time beats the old Canadian mark by over six seconds and the method would indicate that the Canadian is a real world's champion.

It was pleasant to the eye to see the Hamilton cricketers disport themselves yesterday onVarsity lawn. John L. Counsel among their number, especially as those who understand his versatility, might have expected to find him patronize the race track in the home town on coronation day, but the finer sentiment prevailed and the all-round sportsman was rewarded with a score of twenty runs that was a material aid to Hamilton's victory.

The score was the best for a cricket game of the year for a match, although in another part of the university grounds, Grace Church put up 215 runs, the highest team score of the year, which included 123 runs by Atwood.

Bedford Park cricketers did not desire to repeat over the good sports of Birch Cliff, on account of a victory a few days ago by the score of 46 to 4. It was only yesterday that the score looked out. The grounds were new and altogether favored the bowlers. However, the first man to go in for the Cliff carried out his bat for a total of ten runs and the balance of the total, being 30 more, were divided between two other players. There were no extras on either side. T. Thorne took 5 wickets for 3 runs in 11 balls, accomplishing the hat-trick, and also made the highest score of 16. D. Gunn took the other 5 wickets for one run. Green for the losers took 6 wickets for 13 runs. The game was in the eastern section of the C. & M. League, the following being the correct standing to date:

Table with 3 columns: Eastern section, Won, Lost. Rows include St. Barnabas, Riverdale, Estons, St. Clements, Bedford Park, St. Davids, Birch Cliff.

Freddie Welsh, the English light-weight and one-time champion, is so confident of victory over Matty Baldwin to-night in San Francisco, that he has agreed to fight Ad. Wolgast for \$10,000 a side before the club offering the best purse. Welsh's deft, has been accepted by the referee, who has been manager, and certified checks of \$1000 each have been posted to bind the match. If Welsh or Wolgast meet defeat in their coming bouts with Baldwin and Moran, respectively, the match will be canceled.

John Titus, the Philadelphia right-fighter, is using a list that has some history connected with it. In 1834 Capt. Anson discovered a piece of tin-ner for a watch and had it presented to him. It turned into a heavy cudgel. Anson in his day merely had to swing it and crack out base hits. When he retired from the game he retained this great stick as a treasure. When the veteran's belongings went under the hammer, Pat Moran purchased his bat and when Pat was bought from the Cubs he brought it to Philadelphia. Titus coaxed and finally Moran consented to let him have the bat. His first hit was a home run over the fence off Bob Johnson at St. Louis. Titus has been batting consistently ever since he came into possession of Pop's old smasher.

Alto he has lost the use of his throwing arm. Bullet Jack Thoney remains on the staff of the Boston Americans as a coach. Thoney, who with Toronto was considered one of the most promising players in the game. His wonderful base running, hitting and throwing as an outfielder attracted general attention. But he dislocated his shoulder sliding back to first at old Hammond Park and in spite of all sorts of treatment he has never recovered from the injury. Thoney is a young man and still hopes that his arm will come around some day, when he will be able to reach his employers for their generous treatment.

Lacrosse Notes.

The attraction here to-morrow will be Tecumsehs and Cornwall at the Island in a N. L. U. match. Cornwall showed good form against the Shamrocks last Saturday, being beaten only 4 to 2 in Montreal, which looks as if they are improving right along. Tecumsehs will use the same line-up which defeated Toronto yesterday, while Cornwall will have on Cory Hines in goal, and few other old stalwarts, although the most of their team is young blood, who are doing good work. Billy McIntyre and Eddie St. Pere will be the officials, while the plan for the game is on sale at 146 Yonge-street.

The knickerbocker will be surprised to know that Fred Stagg was not ruled out in the Tecumseh-Toronto game.

CITY CHAMPIONSHIP FOR THE TECUMSEHS

Down the Toronto by 9-4 Before a Fair Crowd--Indians Had Better of Play Generally.

The Tecumsehs and Toronto played the second and final game to decide the city lacrosse championship for 1917 at the Island yesterday. The Indians being returned the winners by 9 to 4, a total of 13 to 8 on the two games.

While the game generally could not be called good lacrosse, still at times several excellent bits of playing took place. This was very noticeable at the commencement and in fact through the third quarter, in which period Toronto had some that the better of the game, due, no doubt, to the beneficial change made to their line-up, when they dropped Parks and Longfellow, and in their places put Braden and Barnett.

Much was expected of both Tierney and Longfellow, the two new players recently signed by the Toronto, but they did not perform up to advance notices. Tierney was too anxious, and had several goals get away from him that ordinarily would have been easy stops. Longfellow made several very bad passes and played like a man in his wrong position. It would be interesting to see how he would perform if he played at outside now.

Tecumsehs played their regular line-up for three-quarters of the game, when they replaced Dunlop in the center with the young player a chance. The Indians were the better team, and the score about shows their superiority today. They assumed an early lead and had the better of each quarter, barring possibly the third, when the Toronto outscored them.

The wonderful playing put up by the Tecumseh defence assured the team of victory, and it was frequently remarked that the Indians have this season the strongest defence seen on a N. L. U. team in several years.

Tecumseh secured from the draw at the commencement assured the team of victory, and it was frequently remarked that the Indians have this season the strongest defence seen on a N. L. U. team in several years.

The final period was much like the first two, with the Indians having the better of the play generally. Powers drew a 20-minute penalty for hitting Feiler, who was forced to retire, Kalls being dropped to even the game. This was a very foolish piece of work on the part of Powers, for his own team, as he followed by Green and Yeamon broke up a fast Toronto combination play. Kalls missed on the toughest kind of a kick. Warwick was ruled out, also McGregor. Dandeno and Moran had a race, and Toronto man beat the Indian and scored on a pass from Harshaw. Graydon was benched and after Moran had a clever shot, Toronto forced matters and had the better of play, and Kinsman was called on to make many stops, which he did in first class style. Collins replaced Dunlop and got right in the play. Cameron missed a good chance just as the quarter ended. Score: Tecumsehs 9, Toronto 4.

Lambton Golfers Defeat Toronto. The inter-club golf match yesterday between Lambton and Toronto, played on both links, resulted in favor of Lambton by 11 points. The winners were up near both courses, viz. 10 at home and 1 at Scarborough.

The Tecumseh defence played a great game yesterday. A lot of credit should go to Fred Graydon for his coaching.

LEAFS WERE ROBBED CLEVER TRICK BY NEWARK. With Score 3-0 in Toronto's Favor, McGinnis's Crew Held Off For Rain and Were Successful.

NEWARK, N.J., June 22.—The game between Toronto and Newark, which was to have been played at Newark to-day was stopped by rain in the fifth inning, when the score was 3 to 0 in favor of the visitors. Two of the locals were out and two strikes on the batter.

Successful Sports On Coronation Day At the Royal Club

GUELPH, June 22.—Coronation Day was royally celebrated in the Royal City when, in the afternoon, a series of sports was successfully run off under C.A.A.U. auspices.

The Young Toronto-Shamrock lacrosse match was called off, and the locals played the Brampton Excelsiors instead, losing 4 to 2. The Excelsiors scored in the first half, but Guelph picked up in the last and were dangerously near tying the score. The results of 15 sports were: Motor cycle race, 5 miles—J. Stewart, 49 sec.; 2, T. A. Henning, 3, Foster, 40 yards open—R. Robinson, 39 sec.; 3, Lloyd Spalding, 3, A. R. Tree, 39 sec.; 40 yards, Wellington-Shamrock lacrosse, 1/2 mile, driven by boys under H. Hildreth Also Lands the Handicap  
With Shannon—Stalker's  
Steeplechase.

HAMILTON, June 22.—Fine weather  
and ideal conditions greeted the Corona-  
tion holiday crowds at the races to-day.  
The stands and lawns were packed to  
the limit and the forty odd books were  
kept busy handling the money of the  
players. Eight races were down on the  
card, with the Tucket Selling Stakes as  
the feature, which was won by Sam  
Hildreth's Hampton Court. After getting  
away to a good break, he went to the  
front and made every post a winning one  
and was just galloping at the end, two  
lengths in front of Blackford. Busy was  
third a length away. Hildreth also took  
the Ontario Handicap at three-quarters  
of a mile with his good sprinter, Shan-  
non, carrying top weight. Lahore was  
sucked heavily to win, as was Grass-  
mere, Tico Cook and Ben Loyal, and as  
a result Shannon went back in the bet-  
ting the form players believing that  
he could not carry his 130 pounds and  
win. But in the race Shannon lay be-  
hind Grassmere to the stretch, where he  
went out with a rush and was going  
away at the wire. Lahore ran well, but  
could not get near the winner. The  
steeplechase again furnished another  
good contest, without any mishap. Stal-  
ker was the winner. He led all the way  
and had the speed to stay in front, win-  
ning with lots left at the end. Octopus  
was second and Judge Cronin third. The  
last race at one mile on the turf course  
was won by J. F. Searson's imported  
horse, Gaiatine, being used to running  
over the grass in England. He was back-  
ed heavily to win this race, for Canadian  
owned horses, and justified his backers.  
Gaiatine went to the front at the break  
and tipped his field in the stretch, where  
he began to tire and was ridden out to  
stand off the rush of Chief Kee. The  
latter was closing fast and would have  
won in a few more strides. But Sear-  
son's entry, Stanley Pay and Michael  
Angelo, were favorites for the race, but  
both ran poorly.

**Ridgetown Tournament.**  
RIDGETOWN, June 22.—The seventh  
annual tournament of the Ridgetown  
Bowling Association opened this morning  
under the most favorable circumstances.  
The weather is perfect, the green in first-  
class shape, and the grounds beautifully  
decorated in coronation and national col-  
ors. The new club house, which has been  
built this year, and which is of splen-  
did design for comfort, convenience and  
beauty, adds greatly to the appearance  
of the lawn. The number of bowlers  
in attendance far exceeds that of any  
previous year, there being sixty-two rink-  
ers on hand, all in the best of humor and  
seem to be enjoying themselves immen-  
sely. The first round of McMaster trophy  
was played this morning.

**Walked From Brantford to Paris.**  
BRANTFORD, June 22.—In the an-  
nual walking race from Brantford to  
Paris and return here to-day, Samuel  
Soden of Hamilton defeated a field of  
18 walkers in the time of 2 hours 20  
minutes. The course was a rough one  
and very dusty, and the time for the  
15 miles was slower than last year. N.  
Eli Vase, Ingersoll; William Russell,  
Toronto; James Little, Ingersoll, and  
George Crouch, Brantford, carried off  
the prizes. Freeman of Toronto was  
in fourth position coming into the city,  
but dropped out.

STREET RAILWAY TACTICS.

Corporation Counsel Drayton pointed out at the hearing before the Ontario Railway Board that the city, if refusing exchange of traffic with the Street Railway Company, would be compelled to choose between tubes and a bus service to serve the three disconnected street car lines projected, or else to abandon the scheme entirely.

No one supposes the scheme will be abandoned, except the street railway interests, which have not yet learned the futility of antagonizing the city, and which continue to hope against hope that the citizens will forget their own convenience.

The most not the slightest probability of the scheme being abandoned, and the opposition of the street railway before the railway board will have no effect whatever in that respect.

Mr. Drayton spoke of two other motives, falling the exchange of traffic. One of these was a bus service. It is probable that a bus service once installed it would be highly popular.

Mr. Drayton spoke of two other motives, falling the exchange of traffic. One of these was a bus service. It is probable that a bus service once installed it would be highly popular.

It is evident that the citizens of Hamilton are to be subjected to heavy pressure in the effort of the Cataract Power Company to defeat the bylaw authorizing a municipal power and lighting plant.

During last winter's session of the New Jersey Legislature, an act was passed permitting the state municipalities to adopt the system of government by commission.

RECIPROCIITY TO KILL IMPERIAL ZOLLNEREN

Senator Dandurand Tells Canadian Club of Boston How Sir Wilfrid Laurier Put a Spoke in the Wheel of the "Budding British Protectionist."

NEW YORK, June 22.—Senator R.oul Dandurand of Montreal, in an address at the banquet of the Canadian Club of New York to-night declared that many well informed people in the Dominion of Canada were of the opinion that the present reciprocity arrangement with the United States would be favored by 90 per cent. of the Canadian electorate if it were not made a party question.

Mr. Dandurand said, in addressing the club, which was entertaining President Taft as its principal guest: "To Mr. President Taft I must express my deep appreciation of the high compliment he pays the Dominion of Canada by his visit this evening to the Canadian colony of New York."

"This is but another evidence of the very cordial spirit which animates you, Mr. President, towards your British cousins. In no country did your proposition for general arbitration meet with greater favor than in Canada. My country has been able to develop all its resources to its development of comparative weakness. As it reaches into manhood it must assume the responsibility for the defence of its own soil, which is a duty that cannot be shirked."

"I hail this president as the first American whom Canada has at last discovered in official life to be its ally. For the last fifty years Canadians have never seen the face of the American across the border—the face of a man who would not only see us but would help us to see our way as well as his Pan-Americanism."

"We have been for some time the best friend of the United States. Great Britain and Germany alone being stronger in the world. We are not perhaps a little jealous of our neighbor's attentions going southward."

"I would falsify the name of a Canadian thought, if I represent the Canadian people as a sentiment of resentment lingers on our breasts because of the high protectionist policy pursued on this side of the border. We are rather thankful for the experiment we were forced to go thru. With this market steadily closing against us we had to place our trust in our own resources and we succeeded in selling all over."

THE PAWKY PRESIDENT.

The Rochester, N.Y. Union and Advertiser takes The World to task for saying that President Taft has a side to his character which is aptly described by the Scottishism "pawky."

It observes that in America—the United States—a pawk is a small lobster, and in Scotland the word means a wile of brlek. We quite accept our contemporary's authority in the matter of the small lobster and its unlikeliness to the head of the republic for whom, indeed, the World shares the respect he deservedly enjoys, but in equal fairness are compelled to remark that in Scotland "pawkniness" is simply descriptive of shrewdness spiced with humor, and of this quality the president, to our mind, has sufficient to entitle him, if he chooses, to claim kinship with the land of the mountain and the flood.

What can be accepted as wholly complimentary by a Scotsman can hardly be derogatory to Mr. Taft.

To which of the senators did Mr. Bengough allude when he requested "no formal life" in his coronation poem?

"Any work of merit—literary or artistic—will find a ready market for both author and publisher" in Canada, says The Globe. But this does not apply to Toronto. We have other standards here than literary or artistic merit. Enquire at the city hall.

The Globe says, "the rabbits must stir up their leins and start a Jewish mission to Christians if they would adjust the balance." The rabbis should commence with The Globe, if they accept this advice. It would be a fine achievement to keep The Globe converted to something.

The Globe is fond of posing as an impartial paper. Perhaps it is, and its vagaries are to be attributed to an excited imagination. A cartoon in the organ pictures Mr. Borden leading Manitoba as a little terrier, while Alberta and Saskatchewan are represented as full grown lions. What sort of a monster must Ontario appear to Sir Wilfrid on this scale?

OPEN-AIR HORSE PARADE AND SHOW.

Entries for the open air horse parade and show are now pretty well all in. The majority of the classes are well up to the average, some above, but owing to the fact that Dominion Day comes on a Saturday a few of the commercial classes show a slight decline.

According to the request of several intending exhibitors entries will be accepted up to and including Saturday.

The board of the Canadian National Exhibition, desiring to recognize the good work that the Open Air Horse Parade Association is doing, has voted \$25 towards its funds.

Some opponents have shouted so loud their fear of annexation that it has been smothered on this side of the line by some public spirited Canadians who are not adverse to American annexation, but who wish, for it only increases our pride in our own country.

"Prior to the signing of this agreement no one in Canada ever saw any thing of the fact that our purchases from the United States had increased year by year, and if this free trade agreement were not on the tapis no one would object if our sales increased in the same ratio."

"It is for the man in the street or on the farm that they tremble. He may get such a price for his potatoes that he will feel like throwing in his hand over the bargain. But, is it not generally admitted, we think that contentment does not create desire for a change? To such a query the objection answers that the treaty for the annexation among the Canadians, who will have prospered under it. But what about the argument that this same treaty will be injurious to all Canadian interests?"

"I pray you do not expect our anti-reciprocity men to be logical. In Canada they are mostly recruited from the ranks of the high protectionist and the farmer. His usual clamor for a reduction of duty on manufactured goods."

BORDEN SPEAKS AT TWO CORONATION MEETINGS

Given an Enthusiastic Reception on His Arrival at Regina—Heard by 4000 People.

REGINA, June 22.—(Special.)—The Conservative leader began Coronation Day by speaking at two coronation celebrations. The occasions were, of course, non-political and the speeches were devoted to the strengthening of the reciprocity agreement. He spoke with Mr. Borden, especially at Winnipeg, Brandon, and Moosejaw. He was heartily cheered when he spoke of Mr. Borden as the "next prime minister of this country."

Mr. Borden, who was expected to come against reciprocity, was expected to speak at the Indian Head meeting, which took place in his constituency. The birth of a son, however, occurred on Wednesday, the day of Coronation Day, prevented him from coming. But the federal member was absent, the local member, A. B. Gillis, who voted for the joint reciprocity resolution on Wednesday, occupied a seat on the platform. Mayor Davidson of Indian Head, presided, but expressed no opinions of politics.

Mr. Perley spoke, who has spoken seldom on the tour, relieved Mr. Borden of the necessity of dealing with the reciprocity agreement. He spoke with enthusiasm of the reception given Mr. Borden, especially at Winnipeg, Brandon, and Moosejaw. He was heartily cheered when he spoke of Mr. Borden as the "next prime minister of this country."

On his arrival at Regina this evening, Mr. Borden was met at the depot by a large number of citizens, and an enthusiastic welcome and a civic address of welcome was presented by Mayor McAra. The feature of the evening was the presence of Mr. Haultain on the platform with Mr. Borden. Mr. Haultain stated before the meeting that when the reciprocity agreement was first announced, it met with general approval, more recently, he added, there had been a considerable decline in enthusiasm for it. The meeting was attended by about four thousand people, and was very enthusiastic.

WEST TORONTO DOINGS. Coronation Services Held—Patriotic Celebration at Runnymede. WEST TORONTO, June 22.—(Special.)—Services were held in the local Anglican churches of St. Mark's and St. John's, to-day, the rectors of each church, Rev. Messrs. Seaborn and Smith respectively, conducting them. Special coronation music was provided by the choirs.

Many parts of West Toronto are now receiving a half hour's water supply. The water being turned on and off alternately for half an hour at a time. This is necessitated by the installation of a new water main connecting this ward's supply with that of the city.

HARRY WARREN DIED SOON AFTER REMOVAL TO GRACE HOSPITAL—Cause of Accident Unknown.

Harry Warren, a G. T. R. construction hand, 28 years of age, living in a construction car near Sunnyside, was killed at 5 o'clock yesterday morning by a train crew, west bound, out of the city. He was lying beside the track, 50 yards west of the west entrance to High Park. His left leg was terribly mangled below the knee, and his left arm was also lacerated. He was attended by Dr. Griffiths and removed in the police ambulance to Grace Hospital, where he died shortly afterwards.

STREET WIDENING MUST COME

In a communication addressed to the mayor and members of the city council, the Guild of Civic Art, in view of the present situation with regard to the proposed widening of King and Yonge streets, restates its position that all possible steps should be taken to insure the carrying out of this project for the better accommodation of traffic in the centre of the city, if necessary by the immediate expropriation and resale of the properties at the southeast corner, and by the aid of legislation to be acquired, the laying down of homologated lines on both sides of King and Yonge streets as recommended in the joint report of the engineer and corporation commission.

TENDERS FOR DOCKS. The city council will have before it to-day the acceptance of a tender for the first dock at Ashbridge's Bay. Tenders for this dock were submitted to the board of control on Wednesday, and on to council at a cost of over \$115,000. Tenders for reinforced concrete have been made below \$100,000, a saving of over 20 per cent.

ARE YOU SUFFERING FROM PALPITATION OF THE HEART? When the heart begins to beat irregularly or intermittently, palpitate and throb, skip beats, beats fast for a time, then go slow as to seem almost to stop, it causes great anxiety and alarm. The least excitement or exertion seems to affect it. Many people are kept in a state of morbid fear of death, become weak, worn and miserable, through this unnatural action of the heart.

State Dinner Held at Rideau  
Hall — Each of Over-seas  
Dominions to Be Presented  
With Portraits of Their  
Majesties — Foreign War-  
ships in Halifax Celebration

OTTAWA, June 22.—About 60 guests  
were present at the state dinner at  
Government House to-night, in honor  
of the coronation. The invitation list  
included all the lieutenant-governors,  
supreme court judges, archbishops of  
Ottawa, the cabinet ministers and pro-  
minent officials, but many of them  
were unable to be present. Sir Adolphe  
Routhier, who has just been knighted,  
was among the guests. After dinner  
the toast of his majesty was drunk,  
but there was no speech making. His  
excellency confirmed the announce-  
ment that each of the overseas dominions  
is to be presented with life-sized  
state portraits of their majesties.

At night the parliament buildings were  
illuminated, the arch built for the cele-  
brations was a mass of electric bulbs,  
the entrance to the house being out-  
lined in lights and a crown was illu-  
minated above the doorway. Thou-  
sands of people promenaded the Par-  
liament Hill grounds and over all there  
shone a brilliant crown of lights made  
by festooning the ironwork at the top  
of the main tower with a crown in the  
form of lights. The whole effect was  
wonderfully pretty.

**THE CORONATION CHAIRS.**  
As they ordinarily stand in Westminster Abbey, at the back of the sedes, in the chapel of Edward the Confessor. For the coronation they were removed to the space between the choir and the sanctuary rails, under the crossing of the transepts. The chair in which King George was crowned was made by Edward I., to enclose the "coronation stone," which he brought to Scotland. The legend connected with the stone is that the stony pillow upon which Jacob slept at Bethel was brought to Egypt; thence it was carried into Spain by the son of Ceopros, King of Athens. From Spain it was taken by Simon Breck to Ireland. There, on the sacred hill of Tara, it became "Lia Fail," the "Stone of Destiny." Fergus, the founder of the Scottish monarchy, took it across the sea to Dunstaffnage; Kenneth II. moved it to Scone. The Queen's chair was made for the coronation of William and Mary.

**THE WEATHER**  
OBSERVATORY, TORONTO, June 22.—(8 p.m.)—Showers have occurred today in parts of the maritime provinces and the western provinces, also quite locally in eastern Ontario; elsewhere the weather has been fine. The temperature has been very high in southern Ontario, but from Lake Ontario eastward it has been moderate. Shortness of breath and fatigue with  
slight exertion, failure of the vital or-  
gans to properly perform their func-  
tions, and pallor of the gums and eye-

æmia or bloodlessness.

The blood is thinner and more  
watery in the spring than at any other  
season, and for this reason the person  
who is subject to anæmia, or lack of  
blood, suffers the most.

You must increase the number of  
corpuscles in the blood, and this can  
best be done by using Dr. Chase's  
Nerve Food. This great restorative  
treatment does not merely stimulate  
the organs to renewed activity, but  
replaces the vital organs be-

**An International Celebration.**  
HALIFAX, June 22.—The coronation  
celebrations in Halifax became international  
in character because of the presence  
in the harbor of the German warship  
Bremen, the New York training ship  
Newport, and the British warship Cornwall.  
The people and the military and  
naval forces gave themselves up with a  
complete abandon to a celebration that  
fully equalled anything of the kind  
ever attempted in Halifax.

At 10 o'clock religious services were  
held in representative Catholic and  
Protestant churches. At noon a royal  
salute was fired at the Citadel and from  
the Citadel and from the ships of war, and  
following this was a review at which  
were captains of warships in port, the  
French, German and other consuls and  
Mayor Chisholm of Halifax.

In the afternoon 600 Boy Scouts  
planted a tree in the public gardens  
in honor of Inspector Fitzgerald, who  
perished last winter in the performance  
of his duty in the Klondike trail.  
Fitzpatrick was a native of Halifax,  
where his mother and sisters still re-  
side. The British and German  
warships and the New York training  
ship are grandly illuminated, and a ball  
is to be given at Government House.

**In the Ambitious City.**  
HAMILTON, June 22.—(Special).—  
Hamilton celebrated the coronation of  
King George V. and Queen Mary in a  
most enthusiastic manner. The  
celebration consisted in a military,  
school and society parade in  
which about 5,000 men, boys, girls,  
and an imposing military spectacle  
with a feu de joie at Victoria Park  
and royal salute at Harvey Park  
this morning. His majesty's  
celebration was continued at Victoria  
Park with a good program of sports.

The weather was clear but very  
warm, and the thousands who  
suffered discomfort along the route of  
the parade and at Victoria Park in  
their efforts to see the celebration.  
In spite of the heat the military  
that lined the streets and filled the  
park, the police and those in charge  
of the celebration were able to pre-  
serve almost perfect order, and the  
long program was carried out with-  
out hitch. No accidents have been re-  
ported as a result of the big event.

Services were held in all the local  
Roman Catholic churches and about  
the Hamilton diocese in honor of the  
coronation. Bishop Dowling conducted  
the services at St. Mary's Cathedral  
at 9 o'clock this morning. The day's  
ceremonies were concluded to-night  
with a grand military tattoo and dis-  
play of fireworks at the cricket  
grounds. Nine bands were massed to  
furnish music for the procession.

**Montreal Day 22.—**King George  
the Fifth's Coronation Day was one  
of the quietest imperial holidays that  
this city has ever experienced.

The absence of the local cavalry and  
artillery regiments, now in summer  
camp, and the fact that the infantry  
have just returned from a strenuous  
outing caused the abandonment of the  
military parade, and the Boy Scouts  
and Highland cadets alone attempted  
to give the city a martial appearance.

The day was officially recognized by  
the firing of twenty-one gun salutes  
at Westmount Park and the mountain  
top while the cadets celebrated with  
"Feu de joie" on the Champ de Mars.  
The Scouts saluted the colors and  
sang the National Anthem on the Mc-  
Gill campus.

Sporting events were few, the chief  
one being the match between the Mont-  
real lacrosse team and a twelve com-  
posed of Ojibwa Indians. The  
M.C.A. team had an easy victory.  
The Indians introduced an appropri-  
ate feature, fifty of them turning out  
in full war paint and going through  
the Indian play, the chief point of which  
was the installation of a chief.

The Ontario Bowls, president of the  
M.C.A., was elected a chief of the  
tribe amid great ceremony.

The city was decorated here and  
there, St. James-street and the finan-  
cial district presenting a brilliant ap-  
pearance. The residential streets were  
not so gay, the decorations not being  
so universal as in the business district.

In the harbor, however, every ship  
was covered with acres of flags and  
pennants.

There was no civic celebration, but  
private parties, such as the Sons of  
England, marked the day for the chil-  
dren by the presentation of souvenirs.  
The churches also took part in the

**Procession a Mile Long.**  
CHARLOTTETOWN, June 22.—The  
occasion of the coronation of King  
George V. and Queen Mary was taken  
as an opportunity for a fitting display  
of the loyalty and adherence to the  
sovereignty of the empire by the City  
of Charlottetown. For weeks the city  
council and different societies have  
been preparing with the result of a  
procession one mile long with four  
bands. After divine service, the so-  
cieties marched and marched to Victoria  
Park, where the one thousand school  
children were marched to the platform.  
The sailors of H. M. C. S. Niobe and of-  
ficers under Capt. Macdonald attend-  
ed in a body and added to the splendor  
of the effect. The Niobe was gallily de-  
corated and illuminated, and this evening  
a large dance is being given.

won by the home team by 3 to 2. The  
game was listless at times, altho it  
contained some good endurance work.  
Waghorne was referee. Other fea-  
tures of the program were Indian war

a massed band concert and fireworks

The holiday was marked by no mar-

One of the finest processions of floats  
and various turnouts ever witnessed  
were seen to-day, 150 entries having  
taken part. The greatest attraction  
was a band competition, in which nine

**FAVORS ANNEXATION**  
Ald. May Would Carry It Out on a Large Scale.

Alderman May has an annexation  
proposition to make to the city council  
and will bring it forward at to-day's  
meeting.

He will move that not only shall  
North Toronto be annexed, but also  
territory lying east and west of the  
town. On the east Ald. May would  
take in Moore Park east to Scarboro-  
avenue, and in the west a block of  
territory south of Eglinton-avenue,  
and east of the C.P.R. tracks.

"I think that the annexation of North  
Toronto alone would be somewhat of  
a mistake," said Ald. May. "We  
should round off Toronto as much as  
possible to the north and after the  
way I suggest. Annexation of these  
districts has to come to provide for  
the million population that is coming  
to Greater Toronto, and now is the time  
to make the necessary provision.

**CANADA'S GREETINGS**  
Governor-General Conveys the Loyal Sentiments of Dominion to King.

OTTAWA, June 22.—The following  
telegram was exchanged between  
government house and London to-day:  
To His Majesty King George V.:  
"The hearts and prayers of all  
Canada are with your Majesty to-  
day and always."  
(Signed) Grey.

To this telegram from the govern-  
ment the following telegram was re-  
ceived, dated June 22:  
"I heartily appreciate the good  
wishes of my people in Canada on  
my coronation day."  
(Signed) George R. I.

**At Boston, Too.**  
BOSTON, June 22.—Flags of all na-  
tions fluttered over Boston to-day in  
honor of the coronation of King George  
V. Every foreign consulate on State  
st. hoisted their national colors, while  
bankers and brokers displayed the  
American and British colors from the  
front doors. There was another col-  
lection of colors in the harbor, while  
at the navy yards all the vessels dress-  
ed ship, and several sent up in code  
signal flags "God Save the King." All  
British patriotic societies held meet-  
ings, and special services were conduct-  
ed in some of the churches with con-  
temporaneous music as a feature.

**FINE DECORATION EFFECT.**  
On the occurrence of notable events  
of great national and historic import-  
ance, it is inevitable that the public  
mind should seek to display itself by  
means of decorative art. As an almost  
invariable rule in British countries  
effort in this direction is laudable.  
When the scheme really meets artistic  
requirements it is usually the work of  
some large private firm accustomed  
to design harmonious color effects and  
commending the necessary talent. It  
is not surprising, therefore, then when  
Toronto blossomed forth on Coronation  
Day place should be taken by the T.  
Eaton Company, whose display at-  
tracted general attention and elicited  
universal and favorable comment.

Conspicuous on the main entrance  
on Yonge-street was a massive and  
finely modeled lion surmounted by a  
huge globe, showing the American  
hemisphere. Beneath the portion was  
draped in royal blue, "banded with  
gold. From the windows fluttered in-  
numerable flags, which waving and  
dancing in the passing breeze caused  
even the most heedless passer-by to  
pause and admire. The Eaton Com-  
pany has distinguished themselves on  
many occasions in public rejoicing,  
but there will be ready admission on  
the part of all traversing Yonge-street  
and Queen-street yesterday that the  
big store has this time excelled even  
the best of its previous records.

OTTAWA, June 22.—The following  
telegram was exchanged between  
government house and London to-day:  
To His Majesty King George V.:  
"The hearts and prayers of all  
Canada are with your Majesty to-  
day and always."  
(Signed) Grey.

To this telegram from the govern-  
ment the following telegram was re-  
ceived, dated June 22:  
"I heartily appreciate the good  
wishes of my people in Canada on  
my coronation day."  
(Signed) George R. I.

**At Boston, Too.**  
BOSTON, June 22.—Flags of all na-  
tions fluttered over Boston to-day in  
honor of the coronation of King George  
V. Every foreign consulate on State  
st. hoisted their national colors, while  
bankers and brokers displayed the  
American and British colors from the  
front doors. There was another col-  
lection of colors in the harbor, while  
at the navy yards all the vessels dress-  
ed ship, and several sent up in code  
signal flags "God Save the King." All  
British patriotic societies held meet-  
ings, and special services were conduct-  
ed in some of the churches with con-  
temporaneous music as a feature.

**FINE DECORATION EFFECT.**  
On the occurrence of notable events  
of great national and historic import-  
ance, it is inevitable that the public  
mind should seek to display itself by  
means of decorative art. As an almost  
invariable rule in British countries  
effort in this direction is laudable.  
When the scheme really meets artistic  
requirements it is usually the work of  
some large private firm accustomed  
to design harmonious color effects and  
commending the necessary talent. It  
is not surprising, therefore, then when  
Toronto blossomed forth on Coronation  
Day place should be taken by the T.  
Eaton Company, whose display at-  
tracted general attention and elicited  
universal and favorable comment.

Conspicuous on the main entrance  
on Yonge-street was a massive and  
finely modeled lion surmounted by a  
huge globe, showing the American  
hemisphere. Beneath the portion was  
draped in royal blue, "banded with  
gold. From the windows fluttered in-  
numerable flags, which waving and  
dancing in the passing breeze caused  
even the most heedless passer-by to  
pause and admire. The Eaton Com-  
pany has distinguished themselves on  
many occasions in public rejoicing,  
but there will be ready admission on  
the part of all traversing Yonge-street  
and Queen-street yesterday that the  
big store has this time excelled even  
the best of its previous records.

of the day went to the river to bathe.  
They stripped and went into the water.  
Colef struck out ahead with the other

The playing of the Salvation Army bands, both collectively and individually must have been a revelation to many. Perfect time, faithful rendition, and lively appreciation of effect, made beautiful music.

The five-hour service was intensely enjoyed and was evidenced from the way in which the gathering stayed after the close, loathe to leave the happy of a continuation of the music.

Children on the Campus. The crowning of the wise King George had an immediate and joyful effect on the children of the various Toronto playgrounds...

The boys limited their efforts to games for the most part, but they showed well what can be done in the way of scientific teaching in the game limits.

The G.C.B.G.S.'s band supplied music for the drills. Altogether the affair was an immense success, from the view of the spectator and partaker alike, and will help to make known the great work the Toronto Playground Association is doing for the city children.

Bon-Fire at Island. A huge pile of barrels saturated with tar, created a magnificent bonfire on the little island just off Island Park last evening to celebrate the crowning of King George.

The display of fireworks was an attractive part of the evening's program. The great natural amphitheatre lends itself especially to affairs of this kind, and the big crowd was kept in an appreciative mood all the evening.

The city water having to flow down Long Pond put the fire on its banks out this summer, it being prohibitory to allow anything to contaminate the drinking water.

To make doubly safe the surrounding park, a number of firemen stood close by in readiness, but their services were not required.

The coronation tattoo at Riverdale Park was a fitting wind-up to a day of civic events. Practically every car the company had, found its way up to the vicinity of the Don flats and about half as many again would have been needed.

For one solid hour the stream of humanity piled into the waiting cars, and it seemed as if the crowd was never growing any less.

The civic reception and legislation committee, and especially their enthusiastic and energetic chairman, Ald. Maguire, are to be congratulated on the entire success of such an event as the Riverdale tattoo, one worthy of Toronto's distinguished place in the chief dominion of the empire and a fitting expression of the love and loyalty our citizens bestow on our sovereign lord, King George V.

Nurses Given Diplomas. The graduating exercises of the Grace Hospital training school for nurses were held at the Metropolitan Hotel last evening.

Heather Club Meeting. At the meeting of the Heather Club yesterday afternoon at the residence, Elizabeth-street, Miss Marjorie Wilson was appointed assistant nurse to the club pavilion at the island.

Flattering. "My name is Bilkey," said the stranger to the moving-picture-theatre proprietor. "I'm Bilkey the composer. I understand you are using my illustrated song 'When the Sun Slips Down Behind the Dusky Hills'."

"Why yes," the proprietor replied. "We found it was just the song we wanted."

"Thanks, thanks," cried the delighted author.

"Yes," the proprietor continued, "we needed something to get the audience out between our half-hour shows—and your song emptied the house quicker than anything else we ever tried."

Inspector Alf. Cuddy was on hand with detachment of 10 men from the local police force, and beyond keeping the crowd in line there was little else for them to do. There appeared to be some misunderstanding between the police and Lt.-Col. W. C. Macdonald, officer commanding the brigade. The colonel was mounted on a beautiful bay, but had to dismount at the entrance to the park, for the horse's hoofs would damage the sacred soil. A child fainted, and the police had to apply restoratives.

The parade started as follows: Staff officers: Lt.-Col. W. C. Macdonald, officer commanding; Major Mason, R.G. brigade major; Lt. Scott, Q.O.R., orderly officer; also attached, Lt.-Col. Henderson, Col. Ryerson, Lt.-Col. A. G. Anderson.

**FOUR THOUSAND WERE AT PICKERING CENTENNIAL**

Great Crowd Listen to Fine Addresses and Music—Games and Sports Galore.

BROUGHTON, June 22.—(Special.)—Memorable, if judged by attendance, by enthusiasm, or by the hundred and one incidents which go to make up a great public gathering, the holding of the big mass meeting here to-day, commemorating the one hundredth anniversary of the municipal life of Pickering Township, was a memorable event.

From every home practically in the township and far away beyond its confines they congregated, renewing old associations, forming new ones, and cementing even more closely the warm ties of friendship which, in the country rather than in the big centres of trade and commerce, find fertile and receptive soil.

A fair estimate places the number of visitors present today at fully four thousand, and in the thrift, comfort and good cheer everywhere shown, manifested throughout the day, made Pickering Township what it is to-day, Ontario. They were all out for a good time, and they had it, and it was a matter for regret when the time for separation came.

On Friday the festivities will be resumed, and the presence of Hon. A. B. Adesworth, minister of justice, P. L. Fowler, M.P., J. A. Willison, and Chas. Calder, M.L.A., South Ontario, together with a host of dignitaries, singers and speakers, athletic sports, and the Centennial Choir, and other attractions, it looks as if the second and closing day of the Pickering Centennial would outstrip the first.

A busy man was R. R. Mowbray, reeve of Pickering, and associated with him were the other members, Deputies W. G. Scott, E. B. Hoover, W. W. Sparks, and Alex. Wilson, councillor. The members of the executive committee were: J. A. O'Connor, W. J. Clark, A. J. Allison, Wm. Thon, West, Richard Ward, John Forsythe, John Scott, Thos. Poucher, W. J. Barnes and D. R. Beaton.

An enormous amount of work was entailed in getting the grounds into shape, and J. M. Gerow, the chairman, and Geo. Duncan, the secretary of the committee, had their hands full. The finance committee, composed of whom devolved the task of financing the event were: Thos. Poucher, chairman, and P. L. Green, secretary. Rev. W. Wood was in charge of the program, and W. J. Turner, chairman of the music committee, and N. F. Tomlinson had their work cut out for them. By the way, that Centennial Choir could give many a city organization pointers on how to do it.

Then the sports committee, a most important one, was made up of John Scott and R. C. Davidson, and the reception fellows, John Abraham, D.D., chairman, and Jas. Todd, secretary. And there were dozens of others who lent a helping hand, to make it the success it was.

An enormous tent had been provided and here the speaking was conducted. The address of the day, a mastery effort, was by Rev. John Abraham, D.D., of Whitby. Reminiscent in character and lofty in tone, it delighted and interested the immense crowd. An address by Rev. Mr. Van Norman, along patriotic lines was loudly applauded. In the afternoon Mr. Fraser, Dominion Architect, and Col. Farewell of Whitby, were the principal speakers. Hon. W. J. Hanna, provincial secretary, was unavoidably detained.

A feature of the day was the old log cabin, 108 years old, and in which were many priceless heirlooms and relics handed down thru some of them, eight and ten generations. These were carefully guarded, and well they might be, for each and all of them was some stirring or pathetic incident. Mention of a few of them will suffice. Mention of a few of them will suffice. Mention of a few of them will suffice.
