ower at Cost for Eastern Ontario

German Trenches Reduced to Ruins and British Onslaught Succeeded.

FOE COUNTER-ATTACKS

der Fire-Canadians' Scouting Feats.

OTTAWA, March 10 .- The following neral representative in France was received by the militia department to-

"CANADIAN GENERAL HEAD-QUARTERS IN FRANCE, via London, March 10 .- Early in the week of March 1-7 our Canadian artillery was British attack followed and was enperfect artillery barrage, wnich prevented the enemy's support from moving up. The German trenches were occupied and many prisoners taken. Several determined counter-attacks subsequently attempted by the enemy melted away beneath the British and Canadian fire, and the British troops remain in possession of the ground

Numerous enemy working parties were dispersed and on several occasions hostile batteries were effectively silenced. One of our batteries shelled and destroyed a German road barrier, and on the same day shelfs from another of our batteries caused three explosions in the enemy's trenches, pro-bably as the result of striking bomb-stores.

Direct Hits. Direct hits were secured by the field batteries of our second divisional artillery (commanded by Brig.-Gen. Morrison, D.S.O., of Ottawa), on a trench mortar emplacement, at a moment when the gun was firing acrial torpe-does at our line. Several machine gun displacements and observation posts

ONTARIO GOVERNMENT PAYS \$8,350,000 FOR SEYMOUR POWER CO.'S INTERESTS

Sir Adam Beck is Pleased

"There will be no immediate change in regard to the power supply to the towns getting power and light from the Seymour interests," Sir Adam Beck told The World last night over the long distance phone from London. "All these municipalities have contracts with the various subsidiary companies which will have to be considered in dealing with the situation."

Sir Adam was naturally glad of the success of the scheme upon which the hydro commission in conjunction with the Ontario Government had been working for a year or more. He believed the consummation of the deal opened a new era for eastern Ontario in that its manufacturing centres would soon have the advantages of cheap power and light.

"It simply takes the control of the power situation in eastern Ontario out of the hands of the interests and vests it in the people," Sir Adam declared.

LONDON, March 10, 8.55 p.m.-The war office tonight made public the following official communication concerning the fighting in Mesopotamia:

GRAND BRITISH AERIAL RAID DAMAGES FOE'S RAIL HEAD

Thirty - One Machines Bombard German Works at Carbin-Two Enemy Attacks on Mine Craters Repulsed.

Special Cable to The Toronto World. LONDON, March 10 .- A grand aerial raid in which 31 British machines took part was carried out with great success against the German rail head and billets in Carbin, Flanders, and it is believed, the raiders did considerable damage to the points attacked, according to an official report of Sir Douglas Haig, received here tonight. Sir Douglas reports that all the machines returned safely to their base. One British flying machine was brought down in a fight with some German machines at Tournai, but one German machine was also brought down.

The Germans made two bombing attacks on British mine craters near the Hohenzollern redoubt in the course of last night and they were driven back to their trenches with losses on each occasion.

Much artillery firing is reported on both sides, the chief storm centres being Loos, the Hohenzollern redoubt, and the lines between Quinze Rue and Fauquissant. Near Fauquissant the British gunners got the range of a German mine shaft and damaged it.

SATURDAY FOR MEN'S HATS. | CHURCHILL TO RESIGN

Control is Secured of 22 Separate Companies Between Toronto, Kingston and North Bay, and Privately Owned Power Monopoly of Eastern Ontario is Wiped Out.

Hydro Power to Kingston'in 6 Months-Plans Made for Supply Farther East.

THE Ontario Government yesterday completed negotiations for the purchase of the whole of the Seymour power interests in central and eastern Ontario. The purchase price is \$8,350,000 and by the deal the government obtains complete control of 22 separate companies at present distributing power and light between Toronto and Kingston and as far north as North Bay. The purchase wipes out the last privately owned power monopoly in eastern Ontario and puts under public ownership practically every power source in that part of the province. Hon. G. H. Ferguson signed the contract with the power interests in his office Friday

The 22 subsidiary companies of the main Electrical Power Co. at Trenton, taken over by the government, are, The auburn Power Co., Central Ontario Power Co., City Gas Co. of Oshawa, Cobourg Utilities Corporation, Cobourg Water & Electric Light Co., Cobourg Gas, Electric Light and Water Co., Eastern Power Co., Light, Heat and Power Co. of Lindsay, Napanee Gas Co., Ltd., Napanee Water and Electric Co., Nipissing Power Co., Ltd., Northumberland Pulp Co., Ltd., Oshawa Electric Light Co., Otonabee Power Co., North Bay Light, Heat and Power Co., Peterboro Light and Power Co., Peterboro Radial Railway Co., Port Hope Light and Power Co., Seymour Power and Contract Co., Trenton Electric and Power Co., and the Tweed Electric Light and Power Co.

The big power interest is understood to have been largely controlled by Sir Herbert Holt, Montreal. The Sun Life Assurance Co. were the

been working along the line of secur-Ontario the same benefits. Even as late ing for eastern Ontario the same benefits. Cas Wednesday the question came up in the Ontario House, an dan eastern member said eastern Ontario was hungry for power. At the time Hon. Mr. Ferguson declared that important developments with regard to power in the east were pending. The gov-ernment's action means that every town between Toronto and Kingston and north as far as North Bay on the west will now be in line for hydro-electric power. Picton and Kingston. according to Mr. Ferguson, can expect hydro power within six months.

The Trent Valley power sources, Mr. Ferguson pointed out, would distribute power economically only as far east as Kingston. For the far east-

Could Have Averted the Break.

German Press Thinks Tact ern portions of the province the minister has still other plans, and says he will announce in a few days the arrangements for hydro-electric arrangements for power in that section. hydro-electric Alienated by Ottawa.

Nearly all the water powers of the Trent River were alienated by the former Ottawa Government to private nterests. Many of them were leased subject to no improvement conditions and have lain idle and unworked. The Seymour interests refused re-Spain Will Handle Interests
of Both Germany and
Portugal.

The Seymour interests request to the Ontario Government, and it is probable that threats of expropriation were held over them to force the final sale. The price is said to be an advantageous one, especially in view of the request, by only four per cent. payment by only four per cent. bonds. It is much less than the first valuation placed upon the various properties by the Electric Power Co. "The German press devotes many of dollars have been expended by leading articles to the German declaration of war on Portugal Grand declaration declaration declaration of war on Portugal Grand declaration d vestigating the power plants and es-observation extremely difficult. Hydro Power at Cost.

"We will now make the whole of the power of the Trent available to the people of the district at cost," Mr. Ferguson replied yesterday, when asked what the next step of the government would be. "It will put them in the same position as western Ontario. We expect to be able to supply Kingston and Picton with hydro power with in six months. We will go ahead and increase the consumption; we will add Lakefield to the circuit, and construct the transmission lines. The powers at present taken under our control will probably not be able to serve the district further east than Kingston, but the government has under way another project by which the advantages of public development and distribution under the hydro system will in the near future be extended to the extreme east of the province. The de-termination of the government is that the whole province shall be offered the same hydro power advantages as prevail in western Ontario

Payable in Bonds.
The purchase price of \$8,350,000, Mr. Ferguson said, represented the cash invested in the present enterprises. It is payable in Ontario Government 4 per cent. bonds. The Hydro Commis-FOR MEN'S HATS.

will now take up these negotiations

will now take up these negotiations and endeavor to acquire them also.

"It wipes out practically the last power monopoly in the Province of Oftario," said Mr. Fergüson.

"I've Companies Sell Out.

One of the features is that among the parties interested in the sale was the Sun Life of Montreal, who had bought large blocks of the bonds of the private power companies in eastern Ontario. This class of security does not rank so high these days as trust investments for life companies, and the insurance executives are gradually substituting municipal bonds and mortgages in their place.

Montreal Not Friendly to Hydro.

Another thing that will strike the public is that a lot of the opposition to the people's hydro-electric in Ontario came from the Montreal private-owned power organizations to cheap power getting too fashionable in this province and threatening a bad example elsewhere. Circulars have been sent thru all Ontario from Montreal telling the people of this province that the hydro-electric scheme would take away so much water from the falls as to destroy nature's greatest spectacle! The financial corporations of Montreal, many of them, also look with disfavor on the hydro-electric. The success of Ontario in public power may lead to a reduction of rates in the sister province, even to public acquirement of the business. But a lot of the opposition to hydro came from Montreal and thru Montreal institutions.

ITALIANS ON OFFENSIVE FOUGHT MANY ACTIONS

pine Valleys Against Austrians.

Special Cable to The Toronto World.

ROME, March 10 .- The Italians, amid the rigors of an Alpine winter, are pushing on in an offensive against the Austrians in the Alps, fighting as they advance, many small, but successful actions. Their infantry repulsed Austrians near Castello Dante in the Lagarino valley, on the front between Citerna in the Terragnola calley, to Luzerna in the Alto d'Astico, on the

reported by the war office here today.

Getting the range of Austrian shelters in the upper Seisera and the Fella valley, the guns of the Italians fired on and destroyed the Austrian shelters and shelled troops marching on Monte

Nero and in the Coritenso valley.

Italian infantry, threatening the Austrians on the Mrzli in the middle Isonzo, compelled them to man their entrenchments, which were then brought under the fire of artillery, which did great execution. Some activity of the Austrian artillery against inhabited places in the lower Isonzo valley was countered by Italian guns replying wit ha fire which reached hostile troops marching on the Carso.

seven or eight times that number.

possibly have taken there.

number of hours.

(Continued from Page 1).

The statement that German casualties since the beginning of the war

have the world believe. The announcement was that the German lists till

the end of February showed that number of casualties. Then there is the

equally absurd statement that the British press bureau gave out that the

German casualties in February were only 35,000 while the first heavy

fighting of the battle of Verdun had been under way. The official esti-

mate of the French war office as repeatedly published in the press of Paris

is that the German dead loss in the war till the first of the year totaled

at least 3,750,000. The British statisticians place the German dead loss

at 3,500,000. The German dead for the first 17 months of the war are

estimated by the allied war offices at 1.000.000 at least. In December

alone, while there was practically no fighting, the British losses were 20,-

000 and they were probably much heavier than that in February, and that

on a front of only 70 miles, while the Germans have been holding in all

at least 1000 miles of front, and on one portion they were engaged in a

violent offensive. It is, therefore, the height of absurdity to suppose that

was not taken as the Germans had claimed, neither had the Germans cap-

tured Vaux Village. Since the failure of the German offensive against

Verdun, the German official communiques have been full of false state-

Fresnes is disproved by the fact that the French garrison there was only

700 men and that this force found no difficulty in safely withdrawing

from the village. The claim that 58 French officers and 3277 men had

been taken prisoner at Forges, Regnieville, and Bois des Corbeaux is also

disproved by the fact that Forges and Regnieville were garrisoned by

actual plans are unknown. Saloniki stands as the great instance of Ger-

Pugsley, as Usual, Pays No At-Issued Soon to Those Physically Unfit-Slight Drop in Recruiting.

Owing to the recent heavy snowfall the first night operations for troops at present quartered in Toronto scheduled for last night in the Old Belt line dismean a German Canada, and that he trict were postponed. The 75th Overwas not absolutely certain that Gerseas Battalion of the Exhibition Camp. seas Battalion of the Exhibition Camp, however, decided not to be deterred long, tedious debate in committee of and at 5.30 last night Lieut.-Col. S. G. Beckett, and his battalion marched to the north end of High Park. Captain Milam, had command of "C" company, the outpost line which took up its position near the gardener's cottage in Grenadier Pond ravine. Capt. Bull had command of "A," "B" and "D" companies which were attacked after dark by "C" company. Col. Beckett was very much pleased with the showmarched back to the camp where light money, he said, by prolonging the lunch was served.

The 81st, 83rd and 92nd Battalion Bands paraded yesterday thru the streets, and as the big fight to have been staged by these battalions along with the 75th had been called off, the parliamentary session. Many things had been said during this session which could only tend to encourage the enemy by shaking the confidence of our people in the ability and the men spent the evening in the barracks.

Recruiting Satisfactory.
Recruiting is still satisfactory course if Germany was going to win 138 men applied at the Toronto Recruiting Depot yesterday for enlist-ment. Of this number 92 were acit was idle to go ahead with any regislation. He was quite sure, howcepted. The Sportsmen Battalion had double the number of men accepted ever, that the empire would be victorious, and he thought we should be that of any of the other battalions. It received 20, the 166th, 9; the 170th, 6: the 198th 10 and the Bantams 6. devoting a great deal of time to legislating for the future. If the opposi-The Sportsmen's Battalion are within less than 100 of being up to strength.

Captain Christie of the Recruiting Depot, who authorized the button government or its officials then retroactive legislation should be brough in to restore Messrs. Garland and Foster to their places in parliament which General Logie has approved for In the debate that preceded the colloquy between the minister of labor and Mr. Pugsley, Mr. Nesbitt (North those rejected as being physically un-fit, stated last night that the button would contain a number as well as the letters, "A" "R". It will not be Oxford) suggested vocational schools for returned soldiers. Mr. Glass, in necessary for the men who received urging technical education, read from a recent debate in the British House of Commons in which the statement rejection papers to undergo another examination. Just as soon as the but-tons are ready Captain Christie said was made that the German metal trust those who were given their rejection paper will be called to hand it in centrates of Australia and the nickel and will be given a button.

The local branch of the Dominion Several government bills were advanced today, including Sir Thomas White's bill to require life insurance Hospitals Commission last night received word that 32 convelescent sol-diers would arrive in Toronto at 7.30

companies to invest in Dominion Government bonds. Upon his motion the bill was referred to the banking and Certify Willingness.

not to leave, will be granted furlough, not to exceed one month, for the purpose of enabling them to take part in seeding, plowing, etc. Furlough will only be granted on proof that promise of work has actually been obtained by the sol-

has actually been obtained by the soldiers. Soldiers who go will leave their uniforms and equipment with their unit, and they may be provided with return transportation to and from any locality, not exceeding a distance of 300 miles from the camp where their battailon is quartered. If the men can give satisfactory evidence on their return to their battailon, that they were working on a farm, pay and allowances withheld during their furlough will be forwarded to them.

were seen teams where son a road they exposed themselves on a road behind the German lines they were again caught by our fire.

A patrol of our Second Eastern Ontario Battalion, consisting of Lieut. Pym. Corp. Nicholls and Lance Corp. Jensen, passed thru German wire and worked its way up to the enemy parapet. Hearing no sounds of sentries the patrol climbed up onto the parapet, and Lieut. Pym

Each non-commissioned officer or private will, therefore, be warned that when he returns to the headquarters of his unit he will be required to produce a certificate bearing the name of the person who employed him, and of two other residents near the place he was working at.

Commanding officers are reminded to be careful of enlisting Russian subjects for overseas. It is pointed out in camp orders that special certificates must be shown for the purpose of protecting the Canadian forces from recruiting men claiming to be Russians, who may be of the enemy nationality, Austrian or Hungarian. Must Exercise Care.

The G.O.C. of the 2nd Division grant leave of absence to officers of the division for a period not exceeding one week. Applications for leave periods exceeding one week, or for permission to travel abroad, must be submitted to the militia headquarters at Ottawa for approved. Chaplains appointed to overseas bat-

talions without pay, who are assisting in the work of organization, will receive the pay of their rank.

Following numerous complaints that the certificates issued at the Toronto Recruiting Depot to those rejected are insufficient to indicate that the person has applied for service, General Logie announced yesterday morning that he had authorized a button to be given those who are turned down. The design of the button has been approved, and will bear button has been approved, and will bear the letters "A. R.," meaning "Applied and Rejected."

Review at Hamilton Brigadier-General Logie and his staff will review 7000 troops on parade in Hamilton on March 18. In addition to the 129th, 84th, 86th and 98th Battalions, which are quartered in Hamilton, several overseas units from the surrounding districts will participate. ricts will participate. Lieut.-Col. W. H. Price, M.L.A., has

been instructed by headquarters to start his recruiting campaign for the 204th Battalion on Tuesday, March 14.

were also successfully bombarded by The following message was received by the Canadian corps from the British corps concerned: "Sincere thanks fo our most valuable co-operation. Canadian Front Quiet.

On the Canadian front the enemy displayed little activity. Our artillery maintained its normal rate of fire, bu thruout the period frequent storms rain, sleet and snow rendered accurate severely damaged the German front line and in some instances the enemy's parapets were knocked so low as t expose the Germans working in their trenches.

One morning recently a feint at tack was arranged and successfully carried out by our second infantry briing of his men and at 9 o'clock when the manoeuvres were over the battalion was sent up from our trenches. The enemy took alarm at the demonstration and rapidly manned his trenches, open ing and maintaining a heavy fire of artillery, machine guns, rifles and grenades in anticipation of an attack. Our only casualty was one man accidentally wounded in the hand, but it is probable that the enemy who swarmed into his front trenches, suffered considerable loss from our fire.

German Airmen Still Busy. German aviators continued to take advantage of any clearing in the weather to reconnoitre our area Bombs were dropped on several villages behind the Canadian line, but no image of military consequence resulted. On the approach of our ma chines the hostile planes usually retired to their own territory. On the morning of March 6 a zep pelin was observed flying a grea height over the German area opposite our second division.

Our patrols were as active as usual in reconnaissance and in bombing enemy positions. During the past seven days lines were cut by our pa-trols thru the enemy's barbed wire en-tanglements in nine different places, making gaps thru the enemy's wire wide enough to afford passage to twelve men walking abreast. Three hostile patrols were observed, but retired at the approach of our men Won Fight With Patrol.

In the early morning of March 4 small patrol under Lieut. W. E. Mc-Farland of our 13th Battalion Royal Highlanders encountered an enemy patrol vanced and attacked with bombs. At this moment German flares revealed the position of the enemy patro opened on it with rifle fire. enemy retaliated but was finally forced to retire to the cover of a barricade with at least two casualties. Our patrol returned safely. On the night of March 2 a patrol of our 10th Western Canada Battalion under Lieut. Kent bombed a German

Caught Foe With Shrapnel. On the same evening two scouts of our first division observed a long file of men entering a German trench. Word was sent back and our artillery opened fire with shrapnel. A little later several parties of the enemy were seen leaving the trench, and as they exposed themselves on a road behind the German lines they were

up onto the parapet, and Lieut. Pym remained there watching while the two scouts entered the trenches. A careful examination was made of three bays, but none of the nemy was encountered, the Germans were heard moving and talking in their second line trenches, about 25 yards to the rear. Our patrol

withdrew without being detected, and returned to our lines after an absence of over three hours. On the night of March 3, Sergt. Fournier and Scouts Doucet, Lebel, Morin and Caron, of our 22nd French-Canadian Battalion, went out to the German wire and brought back samples of the wire and a German wirecutter. While returning, this patrol was fired on by two German machine guns, but eventually trenches, one man being slightly

DESTRUCTIVE FIRE AT MARKHAM YESTERDAY

Skating Rink and Agricultural Hall Were Completely Wiped Out.

OF UNKNOWN ORIGIN

Forty Thousand Dollars' Loss War Auxiliary Association Was Caused to Buildings and

Stock of Wool.

A fire of unknown origin which broke out in the Markham skating broke out in the Markham skating rink at an early hour yesterday morn-was very unsatisfactory, was the outing completely destroyed the building and the main hall belonging to the East York Agricultural Society causing a loss estimated at \$40,000. The to the alarm, but the flames had gained West York War Auxiliary. The chair

hall.

Burning cinders which fell on the roofs of adjoining houses started small fires, but they were put out before any serious loss was sustained. The firemen worked at great disadvantage owing to the high strong winds and piercing cold. The agricultural hall will be rebuilt in time for the Markham fair and an emergency meeting of the directors will be held in a day or two to determine the size and cost

TORIES OF WARD SEVEN HELD ANNUAL MEETING

W. F. Maclean, M.P., Optimistic on Outcome of War-Officers Elected.

Ward Seven Conservative Association ward seven Conservative Association held its annual meeting and election of officers in Masonic Temple, Annette street, last night. Past President J. H. Rowntree occupied the chair. The newly-elected officers are: President, W. J. Lynner, Circumstant J. Lehner, w. J. listening post on the morning of March
5. Crawling from our trenches along
a hedge he found the post occupied
and surrounded by wire. He went out
a second time to the same point, and,
finding the post vacant, made a detailed inspection of the work and
brought in empty sandbags and other
articles.

In the early morning of March 7 an
enemy patrol of 12 men was noticed
approaching the trenches of our 15th
Battalion (48th Highlanders). The
patrol was driven off by our bombers,
who subsequently went forward toward the German lines and bombed
the enemy's sentries.

W. F. Maclean, M.P., was of the opinion that with our present position we had a better opportunity of carrying the war to a succeivful issue. It was such a stupendous war; we had so much to stand for. If the German fleet comes out it would meet its finish, for the British navy was supreme. It was a fight for freedom and civilization. In speaking of the resources of Canada, he said we were doing everything in the manufacture of munitions but the loading and making of fuses. In the near future a large sum of money would be spent in Canadian factories. The day had come when Canada must have its own permanent munition plants. when Canada must have its own permanent munition plants.

Referring to the people of the States, the speaker stated that the enemy was entrenched in the States, using its citizenship to break up the American republic and stop the exporting of munitions. In conclusion he stated that the best possible care would be taken to best possible care would be taken of the men who go to the front, and still better care taken of the returned sol-

diers.
Dr. Forbes Godfrey, M.L.A., made a stirring address, both of a political and military nature. In speaking on the bilingual issue, he said that the English

More than \$20,000 worth of wool belonging to the Markham Woolen Company was stored in the agricultural hall about half of which is destroyed. There was an insurance of \$4,000 on the skating rink which was valued at \$3,000, and a similar amount on the hall.

Braniag cindars which fell on the York, and over the county generally. He stated that no results were being obtained from public meetings, and that they had outlived their usefulness in that district. Only joint effort on the part of all patriotic critizens could help the recruiting out in the county. He favored a census to obtain the name and residence of every available man in West York, with a view to making a strong personal canvass. Many hindrances had been thrown in the way of recruiting officers. The 127th Overseas had yet to enlist 200 men, while 1157 more would be required for the 220th Overseas, of which had command.

Not Up to Standard.

J. M. Pearson of Weston declared that

Not Up to Standard.

J. M. Pearson of Weston declared that while the Town of Weston had contributed generously in money, and other ways it had failed absolutely to measure up to the standard set by many other places. "I want to say, too, that Weston got credit for recruits to which she was not entitled." The speaker charged that much of the failure to respond was due to the action of the women of Weston.

Dr. Forbes Godfrey made a vigorous protest against the failure of West York to do its share in the present struggle. "You have chosen me as chairman of this war auxiliary of West York and I will do all I can to see that not alone Weston, but the other places that are hanging back come over the line," he declared.

A notable exception to the general compleint of delay in recruiting was A notable exception to the general complaint of delay in recruiting was furnished by Dr. Sproule, who stated that in the little Village of Mount Dennis between 700 and 800 men had enlisted for active overseas service, a statement which evoked great applause. East York will be reorganized along the same lines. same lines.

in the Province of Ontario. The speaker expressed himself openly as a firm believer in conscription. Other speakers were: Ald. Ryding. Dr. R. R. Hopkins. Col. Brown. W. A. Baird and others. W. Davis, W. Winthorne and A. O. Derenshaw contributed the musical program.

MRS. PANKHURST AT THE CITY HALL TODAY

Will Appeal for Recruits for Eighty-First Battalion.

Mrs. Pankhurst, the prominent English suffraget, who is in Toronto to further the campaign for the relief of the Serbians, will speak at a recruiting meeting to be held by the 81st Battalion in the vestibule of the city hall at 12.30 p.m. today. Mrs. Pankhurst has been extremely successful in obtaining recruits in Great Britain, and it is expected that her address today will result in a good number of men enlisting.

OMIENS

ENTIRE SPORTING SUIT MADE OF JERSEY SILK

Dainty and Universally Becoming.

SKIRTS UNCONVENTIONAL

Jackets Have Artist's Collar With Flowing Ties-Pantalette Pockets a Rage.

The newest thing in sports togs i the entire suit of jersey silk, instead of the jersey silk sweater and contrasting skirt. Extremely chic and universally becoming are these new beach costumes, which come in a "heavenly" array of pastel shades—and a few

bright ones two.

The skirts and waist portions depart from conventional lines, which used to distinguish—or rather mark sporting outfits, and assume most in-teresting proportions. Pantalette pockets are all the rage and give the desired fulness over the hips—hems are in stripes or contrasting materials and all models are well trimmed with novelty buttons.

In the blouser even greater variety subscription, \$500 from the Ontario is in evidence. Jacket designs, of Government grant, \$200 from Manicourse, prevail, the many new innovations are to be seen—a particularly effective one being the "artist's" collar and flowing silk tie. To complete the new sports costumes and outing sults of either jersey silk or French flannel—which is another favorite—are odd little sets consisting of a scarf, beach cushion and sporting hat—soft-brimmed and square-crowned.

and decorated with a tailored band and flat bow. These are fashioned of wide-striped silks or mercerized linens with heavy cord effects in the weaves.

Larned's Great History of the World-How to Get It With This Paper's Coupons.

President Wilson of the United States, in a recent message to a Na-tional Educational Association, in session in St. Paul, said that "nothing less than a comprehension of the national life is necessary for a teacher. By this means he is enabled to think nationally and not sectionally or locally. This is equally true of all citizenship, and the only means of acquiring this comprehension is to know and understand history. The work now being offered by this paper to its readers is far and away the best work of its kind. Its division of history into logical epochs that mark the boundary lines of the different periods of the world's progress is a stroke of genius. The marvelous illustrations, both in handsome text and the beautiful de Union realized luxe style of binding, make the five was needed in this connection. They volumes the most attractive ever of-then opened a war service register fered by a newspaper to its readers. for women eager to do munitions fered by a newspaper to its readers. BE PRETTY! TURN

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tes and Sulphur, properly compound-ed, brings back the natural color and ed or gray. Years ago the only way to get this mixture was to make it a home, which is mussy and trouble some. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound." you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, and it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attrac-

wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or preven-

FOR BLIND SOLDIERS

HELD MONTHLY MEETING

Assistance Was Asked From the Toronto Board Yesterday Afternoon.

At the regular monthly meeting of the library board, held in the College street library yesterday afternoon, a deputation representing the Canadian free library for the blind attended with a view of obtaining further aid from the board. S. C. Swift, librarian, and C. W. Carruthers, president of the library for the blind put before the board the requirement of the library, which thru the courtesy of the board is situated in the western branch library on Annet-te street. Mr. Swift stated in regard to finances that the income of the library for the blind this year totaled \$2900, of which \$2000 was by private

be taught commercial courses and typewriting.
Chairman N. B. Gash thanked
Messrs, Carruthera and Swift on be-

half of the board for the informa-tion and details submitted, and stated that the fatter of further assistance would be taken up without delay, the intention of the board being to fur-ther augment their library with in-structive literature. SHOULD BE IN EVERY HOME

It was decided at the meeting to give employment as caretakers from now on only to returned soldiers when available. The Library Book Bulletin has an interesting an-nouncement regarding the first offi-cial report of the Canadian army in Flanders, which will be out this week, and is said to be one of the most remarkable collections of thrilling war narratives in British history.
The accounts for the month totaled \$12.504.50 and the new buildings account \$2263.66.

PLAYS, PICTURES AND MUSIC

"THE GREAT PURSUIT."

Joseph Brooks, the theatrical producer, believes in the eternal quality of that which is good, irrespective of time, place or fashion. Witness his revivals of plays that are saturated with wholesome life of other days. Now he comes with this startling combination of noted players: Phyllis Neilson-Terry, Marie Tempest, Jeanne Eagels, Cynthia Brooke. Bruce McRae, Charles Cherry, Graham Browne, Montagu Love. They will present the comedy, "The Great Pursuit" by C. Haddon Chambers, and based on his well-known play, "The Idler." "The Idler" was produced originally at the old Lyceum Theatre, on Fourth avenue, New York, in 1890, and also in London. In both countries it scored enormous success. Mr. Brooks has provided an elaborate production for this play, which will be brought intact to the Alexandra Theatre Monday night next, before its premier in New York. For the engagement of "The Great Pursuit," the regular matinees will be given on Wednesday and Saturday. or fashion. Witness his revivals of plays

"WITHIN THE LAW."

Bayard Veiller's absorbing drama of conditions in New York, which has re-ceived the endorsement of leading crit-ics, "Within the Law," will be presented ics, "Within the Law," will be presented at the Grand Opera House next week with a splendid cast, headed by the talented young actress, Helen Nar Stewart, who will be seen in the role of Mary Turner. Before writing this play Mr. Veiller was practically unknown. The day after its production he received so many offers of contracts to write plays that he was forced to flee out of town. But only few playwrights achieve such a hit as "Within the Law" during a century of dramatic writing. During the week at the Grand the scale of prices will be a popular one and matinees will be given on Wednesday and Saturday.

SHEA'S THEATRE.

The Bride Shop," B. A. Rolfe's miniature musical comedy, with the inimitable Andrew Tombes, the fascinating Lola Wentworth and a chorus of fifteen clever Wentworth and a chorus of fifteen clever singing and dancing maids will headline the bill at Shea's next week. The Farber Girls are two dainty, refined young women, who are excellent vocalists and instrumentalists. Bert Fitzgibbon, the original "Daffy Dill," has a host of new jokes, while Clarence Oliver and Georgia Olp will present their little playlet, "Discontent." Evans and Wilson have a sketch which they call "An Accidental Happening." The Three Anchors, in a novelty singing and dancing act; Jack and Kitty Demaco, in an artistic scenic novelty, and "The Dardanelles Expedition," a thrilling feature film, showing the Australian and New Zealand troops in action, complete a splendid bill.

THE HIPPODROME.

Headlining the bill at the Hippodrome next week will be that amusing comed-ian Barney Williams with a host of pretty girls in his new one-act musical comedy offering, "Sweethearts." The

You Can Bring Back Color and Lustre With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so Preparing this mixture, though, at home, is mussy and trou-blesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Compound." You must dampen a sponge or soft brush with it and draw this through your hair, taking one small trand at a time. By morning all gray rair disappears, and after another application or two your hair becomes beautifully darkened, glossy and luxuiant. You will also discover dandruff s gone and hair has stopped falling. Gray, faded hair, though no disgrace, s a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's and Sulphur and look years

special feature film will be the latest release of the "Blue Bird" features, "The Grip of Jealousy," a thrilling story of a family feud in the southland. Ad. Carlisle's Black and White Beauties perform many clever feats. It is an animal offering, including "Tom, the Talking Pony." The Mystic Hansone Trio combine song, dance and illusion in their sketch, while Gruett and Gruett have a novel comedy offering. Frank Whittier and company will present a pleasing one-act comedy playlet, while Joe Towle, eccentric comedian, has some new material in his monolog. Interesting feature film attractions complete the bill.

LOEW'S THEATRE.

Capt. Sorcho Louis will be the feature attraction at Loew's Yonge Street Theatre the coming week, when the captain's wonderful submarine shows will be presented. In the 'huge tank which will be built on the stage will be shown a submarine in action, showing how it manoeuvres, steers, fires its torpedo, lifts and fires its deck guns and does all other phases of its deadly work. A big show will surround Capt. Sorcho. Ed. Blondell, the heavyweight comedian, and his company will appear in "The Lost Boy," a clever farce. The Newsboy Sextet will be another feature. Others will include Alf. Ripon, Scotch ventriloquist; Three Ditrx Bros., acrobats and equilibrists, and Holmes and Riley, high-class singers.

"BELLES OF BOO LOO."

The repeat performance of the "Belles of Boo Loo" is to be given under distinguished pafronage. On Tuesday evening, which is the first of the two performances, His Honor the Lieutenant Governor and Lady Hendrie will be present and the boxes in Loew's Winter Garden Theatre will be filled with some of Toronto's leading citizens. In addition to the Government House party the other names on the list of those who have graciously given their patronage are: Gen. Sir Sam Hughes and Lady Hughes, the Premier and Mrs. Hearst, Gen. Logie and staff, his Worship the Mayor and Miss Church, Sir Henry and Lady Pellatt, Sir William and Lady Mackenzie, Sir John and Lady Eaton, Mrs. J. W. Flavelle, Mrs. George 'H. Gooderham, Mrs. Mark H. Irish, Mrs. D. A. Dunlap and Mrs. W. E. Rundle.

"AROUND THE WORLD."

Dave Marion's vehicle for this season's burlesque attraction is called "Around the World." It is a distinct innovation in burlesque and one that will receive a warm welcome. The cast consists of the following well-known performers: Snuffy Dave Marion, of course; Geo. Banks, Barney Fagan, Frank Schand, Arion Four, James Deltrich, Alf Harrington, Agnes Buehler, Henrietta Byron, Inez Deverder, Rosie Mack, Mile. Bartoletti and a chorus of twenty-live nifty girls. "Around the World" comes to the Gayety Theatre next week.

"BROADWAY BELLES."

At the Star next week "The Broadway Belles" contains a humorous satire in two acts entitled "The Advertising Man," two acts entitled "The Advertising Man," and has exclusive music especially written for this production. Joe Wilton is in the title role as Mr. Gabby. The headline funmakers are Joe Marks, a young Broadway comedian, and Frank Mackey, a well-known burlesquer. Rose Hemley, Stella Morrissey and Grace Lyman take care of the principal feminine roles. The chorus is a selected lot of beautiful girls.

COMING ATTRACTIONS.

Albert Brown and "The White Feather" are soon to be seen at the Royal Alexandra in another engagement, the third presentation in Toronto within a year.

Julia Arthur, who retired from the stage some years ago, but whose return in "The Eternal Magdalene" was marked by an unusually successful engagement in New York this season, will be seen at rGand Opera House week of Mar. 20. Miss Arthur will, no doubt, be accorded a warm reception on her visit to Toronto, for she has many admirers here.

"BATTLE CRY" AT STRAND.

In "The Battle Cry of Peace," the greatest of all war films, which will be presented at the Strand. Theatre all next week, the United States is shown in the position of Belgium—at the mercy of an immensely stronger power, which has declared unprovoked war against her, which has defeated the United States navy and landed an army, which advances on New York. The capital is shelled. The army outnumbered, makes a vain stand against incomparably superior artillery. Finally, the United States, beaten to her knees, is forced to sue for peace on any terms. Shells are seen falling in the crowded streets of New York, civilians Medicine Co., Brockville, Ont.

WORK OF WOMEN ON BEHALF OF SOLDIERS

Splendid Aggregate Reported at Annual Meeting of Daughters of Empire.

MUNICIPAL CHAPTER

In Many Instances of Material Value to the Families Visited.

Nothing short of splendid was the aggregate of work reported at the annual meeting of the Municipal Chapter, I.O.D.E., which took place in the Margaret Eaton Hall yesterday, inaugurating the experiment of a morning and afternoon session, which proved very satisfactory.

Mrs. R. S. Wilson was in the chair and reports from 37 primary and three junior chapters were received. These reports for the most part have already been published individually thru the press, and all told of patriotic service in some measure along the line of Red Cross Endeavor, supplies of comforts for soldiers, assistance to the city poor, visiting soldiers' families or other

line of imperial or local aid.

The treasurer, Mrs. Angus MacMurchy, announced receipts as \$38,824, expenses \$37,562.52; balance on hand, \$1261.97. Votes of thanks were given to Mrs. Denison Taylor, retiring assistant secretary, for her good work, and to the press for the attention and space given the work of the order. A telegram of regret was read from the national regent, Mrs. A. E. Gooderham, expressing regret at inability to attend, as she had been called to Mont-real in connection with important work of the order there.

A motion to restrict members to active membership in one chapter only was lost by a small majority, but may be tested again at the national meet-

ing.
In her closing remarks the regent,
Mrs. R. S. Wilson, spoke enthusiastically of the wonderful work of the ence to the visiting amongst soldiers' wives and families, which had been productive of a reciprocity of ideal sentiment and in some instances of material value to the families visited. The not brought before the meeting, the plan of enlarging the Preventorium by an additional wing for children from two to three years of age, with a view to even greater prevention of tuberculosis, was spoken about by members especially interested in this phase of activity.

The officers for the current year are:
Regent, Mrs. R. S. Wilson; 1st vice-

president, Mrs. E. F. B. Johnston; 2nd vice-president, Mrs. Arthur Peuchen; secretary, Miss E. Dixon; assistant secretary, Miss Flora Macdonald; treasurer, Mrs. Angus MacMurchy.

KISSES FOR RECRUITS. omen's Organizations in Montrea

Are Considering Suggestion. MONTREAL, March 10.—Repetition of the method by which Lady Gordon raised the Gordon Highlanders in

Scotland in the old days-by giving a kiss to every recruit—advocated by Major-General Hughes, minister of militia, at the board of trade meeting yesterday to consider ways and means of increasing Montreal's contribution to the Canadian army, is being considered by women's organizations here.

General Hughes contended Lady Gordon's plan might be effective here

butchered by machine guns, American women compelled to self-destruction to save themselves from dishonor. This is what happened in Belgium. And the "Ruritanians," the nation with which the United States is supposed in the photo-play to be contending, appear to have adopted, with a modified German helmet, the full German moral code.

Time, in Many Cases.

NEW YORK, N. Y.—Most people foolishly seem to think they are going to get renewed health and strength from some stimulating medicine, secret mostrum or narcotic drug, said Dr. Sauer, a specialist of this city, when, as a matter of fact, real and true strength can only come from the food you eat. But people often fail to get the strength out of their food because they haven't enough iron in their blood to enable it to change food into living matter. From their weakened, nervous condition they know something is wrong, but they can't tell what, so they generally commence doctoring for stomach, liver or kidney trouble or symptoms of some other allment caused by the lack of from in the blood. This thing of some other ailment caused by the lack of iron in the blood. This thing may go on for years, while the patient suffers untold agony. If you are not strong or well, you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take five-grain tablets of ordinary nuxd iron three times per day after meals the two weeks. Then test your strength iron and increase their strength 200 per gain and see for yourself how much cent. or over in four weeks' time pro-

cate, Nervous, Rundown People 200

It Will Show Firms With Whom Canadians Cannot Do Business.

By a Staff Reporter. OTTAWA, Ont., March 10.-An order-in-council has been passed extending restrictions relating to trading with the enemy. The new order states that it would be a misdemeanor to trade with persons or bodies of persons non-resident in an enemy coun try, with whom it may be proclaimed that Canadians shall not trade. This order indicates that there will from time to time be published lists of persons and firms with whom Canadians shall be debarred from trad-

ing. Thus far no such lists have been

CITY HALL NOTES

A copy of the standard traffic code has been sent to the works committee of the city council for its considera-tion. The code deals with the regulating of all kinds of vehicular traffic.

On Tuesday the board of control will meet Hon. Filay Macdiarmid to dis-cuss the further financing of the To-ionto-Hamilton highway. It is stated that the government will give in-

This morning representatives of the Toronto General Hospital will wait on the board of control with a request for further financial assistance.

Public school inspectors report that the school accommodation thruout the city is good. In most of the schools the lighting is good, but the ventilation in some ceses is reported as bad.
The lavatory accommodation in all the schools has been greatly improved.

Bill for This Purpose Introduced in Legislature by Hon. Finlay Macdiarmid.

DID NOT PLEASE ROWELL

Thought Government Should Consider Employment for Workingmen After War.

Yesterday proved the dullest day so far at the present sitting of the Ontario legislature. Hon, Finlay Macdiarmid introduced his bill to create a trades and labor department and assimilate with it five other minor departments, and the subsequent debate on the government provisions therein dragged on until adjournment at 6 o'clock. Allan Studholme, East Hamilton, talked for an hour to 17 members, whereas it requires 20 to

to the dignity of a cabinet minister's office.

Employment After War.

"I am sure that we are aware of the fact that in the last analysis it is the workingmen who are making the greatest sacrifice in connection with this war," he said. In view of this he thought the government might even more seriously take up the questions.

member for talking widely of conditions in Australia and New Zealand, while Canadian conditions could not be likened at all to conditions elsewhere. He pointed out that there were more details to be brought down yet, and until that time he thought criticism might be withheld.

T. S. Davidson, Brant, congratulated the government on introducing a meaning the said.

he thought the government might even more seriously take up the question of providing ample employment for them after the war.

He was disappointed, too, that the bill did not further take up the question of land settlement. "If we fail to take advantage of the returning soldiers to make possible the settlement of the newer portions of Ontario, we are missing a great opportunity," he said. It was just these hardy men who would be the makings of northern Ontario, given proper assistance. Their presence on the splendid land was more to be preferred than the immigrants from the continental countries of Europe.

Criticism might be withneid.

T. S. Davidson, Brant, congratulated the government on introducing a measure somewhat along the lines introduced by the Liberals last session, and voted down. He congratulated them of the opposition, not only on this question, but on the prohibition issue.

BRITISH RADICAL PAPER

PINS ITS FAITH TO U.S.

Time Will Come When Intervention Will Be Necessary, Says Nation. of Europe.

Another phase in which he thought the bill inadequate was in taking up the question of minimum wages and maximum hours for women and children. Over 175,000 women in Ontario earn their own living at the present time, and after the war this number would necessarily be augmented.

Congratulated Government.

Thomas Crawford defended the minister's bill by declaring that a closer

ister's bill by declaring that a closer scrutiny would show that many of the things declared lacking by the opposition leader were included. He did not believe the conception had constituted to the conception had constituted the conception had constituted.

LONDON, March 10.—The Nation (Radical), in an article discussing the position of the United States, says: "America is slowly moving away from her old moorings and shortly she will have entered more consciously and definitely into world politics as a great power. It would be idle for the Euro-pean belligerents to pretend that they will and can settle the affairs of the

world without her.
"For the present America probably thinks she can do better for the world by keeping out of the war even at a considerable sacrifice of pride and selfesteem. But the time will come-it is fast approaching-when her intervention may be Europe's only means not

The Canadian Ford Company has Spent Over a Million Dollars on New Equipment Since the Beginning of War

To increase the efficiency and the capacity of the Ford Canadian plant and its service stations—to produce even a better car at a lower cost of manufacture, thus to sell at a lower price, the Ford Canadian executives have put over a million dollars into new equipment

since August, 1914. That this expenditure has been made since war began indicates most emphatically the unquestionable belief of the Canadian Ford Company in the present and future prosperity of Canada and the triumph of the Empire. In fact the Ford Canadian executives are so firmly convinced of this that they are governing the entire policy of a great ten millon dollar Canadian Company in accordance with this belief.

Since the beginning of war they have spent approx-imately a million and three-quarters in new buildings, twice reduced the price of the car by \$60 (\$120 in all) and reduced the price of spare parts \$147 per car-all in addition to this million dollars worth of new equip-

But, in turn, it has been this new equipment that has been responsible in great part for these reductions in prices. Marvelous new labor saving machinery installed in the recently enlarged two-acre machine shop has effected big savings in cost of manufacture.

For instance three drill presses that formerly were used to turn out 600 parts a day, now have been supplanted by three punch presses that turn out 3000 parts a day, and there is absolutely no sacrifice in quality of

At a cost of \$40,000 three truly wonderful milling machines were installed that mill 48 Ford engine cylinders at once with perfect accuracy.

Perhaps the most wonderful of all are the new gear cutting machines that are a source of amazement to those acquainted with gear cutting methods in vogue serveral years ago. Then there were only two or three shops on the continent where gear cutting could be done at all and it was a slow and most exacting process. But in the Ford Canadian plant there are no less than 46 wonderful automatic gear cutting machines that turn out gears cut absolutely perfect in one-twentieth the time without the touch of human hands except for putting in the blank and taking out the finished gear.

Ford Runabout - - \$480

Ford Town Car - - 780

Ford Touring -

When the machine has finished the work it notifies the when the machine has missisted to write the word operator by ringing a bell. One man can operate two or three of these machines, a fact which gives some indication of the great saving in labor that this new equipment has made possible and which also plays a very important part in reducing the manufacturing cost and the selling price of Ford cars.

Again, think of the great saving in labor, as well as time, effected by the remarkable Ford drilling machine that bores 45 holes in a cylinder casting in four directions at a single turn. Do not assume from this, however, that the number

of employees has been decreased. On the contrary, the Ford staff has been increased by 900 men since war began. Furthermore when the present Ford schedule of wages went into effect in April 1915, the wages of these employees were increased \$50,000 a month.

If it were not for the exceedingly substantial economies made possible by this new equipment, it can be readily understood that the price of the Ford car, built as it is today of the finest materials procurable, would be very

No firm that did not have the immense quantity production of the Canadian Ford plant could possibly afford to install such equipment as this and consequently could not sell a car as good as the Ford at anywhere near the Ford prices.

In addition to the equipment told of above new engines were installed in the power plant at Ford, Ontario—650 horse power gas engines specially designed by Ford

Also the four new Ford Branch buildings at Montreal, Toronto, London and Winnipeg, each of them as large as many automobile factories, had to be furnished with machinery and opliances. Each one of these branches is so thoroughly equipped as to be able to build a Ford car complete. Each one i ms a still further perfection in the already unrivalled Ford Service to Ford owners.

And the fact cannot be overlooked that a policy that dictated the expenditure of such a great sum of cold cash as this during the progress of the war must have been prompted by a very practical and sincere belief in Canada's prosperity—in her future and in her people.

Make It Unanimous

It is freely stated in city hall circles that a first-class man for the position of finance commissioner or city treasurer, or whatever the office is to be known as, could be obtained at a salary which is not judged unreasonable, if the city council would agree upon a unanimous nomination. - It is unfortunate that any differences of opinion of a personal nature should be allowed to affect such a desirable appoint-

It is quite natural that a man of some importance in city circles, sure of his position, and only tempted thru his own public spirit to undertake what can never be a very grateful task, should be deterred from allowing his name to go before the public by the rospect of being assailed by hostile tics in the city council, imputing to every unworthy motive they can ggest or imagine. This policy has kept many good men out of public life. should be sensitive about his reputation. When mud is thrown by expert mud-slingers some of it is likely to stick in the minds of strangers. A man who does not need to go upon his defence naturally shrinks from 7 KING ST. W.

In the present case we believe the mayor has an excellent man in view.

and we feel sure that the citizens would commend the action of any alderman, whatever his private views may be if he will for once consent to suppress himself and let such a nomination go by acclamation. Every possible information on the matter should be available privately and the mayor no doubt would place all the information at his disposal before any alder man who desires to make enquiries. Delivered in Toronto and Hamilton by all Newsdealers and Newsboys at five cents per copy. tion of a just tax rate there will be no complaint whatever about the payment of taxes. This principle appears to be overlooked by many of the advocates of an increment tax, which is the most desirable and necessary tax which has not yet been levied in Ontario.

It is founded on the same principle as the succession duties tax. A man receiving a lot of property which he never enjoyed before will not feel any hardship in letting part of the property go to the state or community to which he belongs. An increment tax embodies the same idea. A man who makes a profit on land, whether it is the result of his own astuteness or the result of the contribution of the community development to its growth in tern Ontario to get back the control value, comes into the enjoyment of of the people's water powers. There something he did not possess before. is no doubt that eastern Ontario has It would be no hardship, therefore, to been badly handicapped in comparison part with a portion of that increase in with the western end of the province in value to the state or community which respect of hydro power distribution. BIG DRIVE IN BALKANS

More Than Sixty Per Cent. of Last Year's Crop Still in West.

TO HAVE BIG SEASON

TWIN CITIES' PORTS

The Port Arthur News Chronicle of

March 7 says: Over sixty per cent. of last year's is popularly believed to be arranged for the first week in May. Should ing for seed, and home consumption, ally favorable it may occur between 350,000,000 and 400,000,000 earlier. bushels remain to be taken out. Only a fraction of it can be removed by the railways before lake navigation opens. The bulk of it will pour thru the elevators of Port Arthur and Fort William, and will make the coming season the busiest in the history of lake shipping. The carriage of last year's crop will keep every available vessel employed until the crop of 1916 is harvested. In fact, the farmers will be fortunate if the old crop is out of the way before the new one is ready to be

All this is, of course, grist for the mill of the Twin Cities. More elevator space will be needed, and the shipbuilding industry will be stimulated. It will be a lively and cheerful water front this year.

MANY CIVILIANS KILLED. Asquith Places Number at More Than Three Thousand.

LONDON, March 10 .- The number of non-combatants killed by Great Britain's enemies since the beginning of the war aggregates 3153. Premier Asquith writes in reply to a request for information by Major Hunter. Forty-nine men, 39 women, and 39 children were killed in coast bomhardments. One hundred and twentyseven men, 92 women, and 57 children were killed in air raids. Approximately 2750 non-combatants lost their lives on board British merchantmen and fishing vessels between August further to the effect that artillery had 4, 1914, and March 8, 1916, but the to be placed in the streets to overawe detailed figures are not available.

IMPROVED PENSION SYSTEM IS PROPOSED

Board of Trade Hears Addresses on Present Plan With Suggested Changes.

CANADA PAYS LOWEST

Totally Disabled Men Should Get at Least Fifty-Four Dollars a Month.

Something better than the present pension system in Canada was proposed and outlined at a meeting of the board of trade yesterday when Archdeacon Cody and Frank Darling spoke on "A plea for just provisions in the Pension Act for totally or partially disabled Canadian soldiers."

In the scheme which was presented it was agreed that a man wounded while in training should receive the same consideration as one wounded in action on the ground that he is serving his country from the moment he puts on the khaki uniform. It was considered only fair that a totally disabled man should receive a pension equal to the average earning power, and this figure was placed at \$54 a month. "Single and married men month. "Single and married men should get the same amount," said Mr. Darling. "The single man cannot get along as well as a married man can; in fact, he can't hire the same care and devotion.

It was contended also that on \$54 a month a man could get married and perhaps be made very happy. In this case, however, should the husband die the widow would not get a pen-sion, neither would the children. The amount stated was not considered any too much and the argument advanced was that a man would be very wretched on less and that a class of unemployables would produce unemploy-ables. To deal generously with the returned men would be the most economical thing the country can do.

If a man was only wounded 50 per cent. of total disability, he would receive 50 per cent. of the pension, and the ratio would be determined in that way. Grading would be done from a AGAINST CHIEF JUSTICE way. Grading would be done from a \$54 a month standard, and in the event that a man fully recovered, his

pension would cease.

Mr. Darling pointed out that the pension paid by Canada to totally disabled soldiers was the lowest of any country in the world, namely, 52 cents

a day Archdeacon Cody said: "We know today what is really at stake. We know our existence as an empire is in the balance, and we realize the necessity of having numbers of men. Therefore we must appreciate the in-describable debt of gratitude we owe to the men in khaki for our protec-tion and defense." The means of carried on in this war, the high explosive shells and modern inventions are of such destroying power that the that the number who come back wounded will be much larger than was ever anticipated. he said. Origin of System.

The origin of the pension committee was explained as having sprung up thru having encountered so oreseen contingencies which have arisen in connection with the Fatri-otic Fund. "One man who returns wounded and who is neglected may seriously affect recruiting," said Rev. Mr. Codv. It was not a charity or a favor to pay a pension, but merely the payment of a debt. "The government should pay the cost of the entire sysshould bear its own share of this duty. Canada is and will be able to bear the hurden. The aim of the system should be to help a man help himself, and this scheme forms a part of social reconstruction after the war. Surely the country will pay its debt This is just a plea for a square deal for our maimed and mangled defend-

At the close of the address a vote of thanks was passed and a resolution carried unanimously suggesting that the scheme be followed up and that proper publicity be given the matter. Arthur Hewitt, president of the board of trade, was chairman.

of the Carranza Government and without thought of aggression. Wilson Solidly Backed. President Wilson's decision to depart from the policy of watchful waiting, hastened by the Columbus massacre yesterday, was announced today after it had been unanimously approved by the cabinet and administration leaders in congress. The president's position was explained fully to the latter, who agreed that he should not be embarrassed at this time by discussions of a minority which might arouse trouble in Mexico. After a brief cabinet meeting Secretary of War Baker hurried to the war department and as his first act in office sent orders to the border troops. Gen. Carranza, in a telegram to the sent orders to the border troops. Gen. Carranza, in a telegram to the state department, epressed regret at the Columbus massacre, but made no comment on the proposal of sending American troops to hunt down the bandits. How many of the 12,000 troops now on the border will be employed has not fully been determined. In order not to weaker been determined. In order not to weaken the defence of border towns, it may be necessary to move other troops from in erior posts to the border.

COAL Official War Statements

British

The British official communication, issued last night, says:

"Yesterday we carried out a successful "Yesterday we carried out a successful aircraft attack against a hostile railhead and billets at Carbin. It is believed that considerable damage was done. Thirty-one machines took part in the raid, and all of them returned safely."

"As a result of a fight in the air, a hostile machine and one of our own machines were brought down near Tournai. Last night the enemy made bombing attacks against two of our craters near the Hohenzollern redoubt. Both attacks were repulsed.

"Today there has been much artillery activity on both sides about Loos, the Hohenzollern redoubt, and between Puinzue Rue and Fauquissart. North of the latter place we damaged a hostile mine shaft by our artillery fire."

Transh

The French communique of last night said:

"In Artois the Germans to the west of the road to Lille exploded a mine, the crater of which we occupied.

"In the Argonne forest we shelled a German column, which was advancing toward the Montfaucon wood.

"To the west of the Meuse, where the bombardment has been uninterrupted during the day, the enemy attacked with particular violence our positions in the Bois des Corbeaux. Several attacks were repulsed successively by our artillery, infantry and mitrailleuse fire, which did considerable execution in the enemy's ranks.

"Notwithstanding losses out of all proportion to their objective, the German for their last attack used at least one division, and in course of the fighting they were able to occupy again part of the Bois des Corbeaux, which we had retaken from them March 8.

"To the east of the Meuse the enemy twice attacked our trenches to the mass for their last attack used at least one division, and in course of the fighting they were able to occupy again part of the Bois des Corbeaux, which we had retaken from them March 8.

"To the east of the Meuse the enemy twice attacked our trenches to the mass for their last attack used at least one division, and in course of the fighting they were able to occupy again part of the Bois des Corbeaux, which we had retaken from them March 8.

"To the east of the Meuse the enemy twice attacked our trenches to the mass of the Village of Douaumont. Brought to a stop by our mitrailleuse and our curtain fires the enemy was not able to reach our line at any point.

"An attack which was prepared against the Village of Vaux and against our trenches to the foot of the ridge on which Fort Vaux is situated cost them heavy sacrifices.

"It is confirmed that the infantry actions the German directed against the Village of Vaux and against our trenches to the foot of the ridge on which Fort Vaux is situated cost them heavy sacrifices.

"It is the Woevre the enemy's bombard."

The following Russian official communications at the following Rus

fices. "In the Woevre the enemy's bombard-ment, which was energetically replied to by our batteries, has been intense on Eix, Moulainville, Villers-sous-Bon-they and Bonzee.

of the previous day's waste, sour bile and indigestible material left over in the body, which if not eliminated every day, become food for the millions bacteria which infest the bowels. The quick result is poisons and toxins which are then absorbed into the blood, causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments. People who feel good one day and badly the next, but who simply can not get feeling right, are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little, but is sufficient

to make any one a real crank on the subject of internal sanitation. Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

these five aviators came to the ground within the German lines." "German official despatches of March 9 affirm that in a glorious night attack the Posen reserve regi-ments stormed the fort of Vaux with

Sarnia 14 Rowing Argos Hold 42nd Belleville 4 Rowing Annual Meeting.

INTERMEDIATE TITLE GRABBED BY SARNIA

Belleville, With Nine Goal Lead, Beaten Out by One Goal in Return Game.

SARNIA, March 10 .- (Special). With the crowd rushing to the ice as Hillman pushed the winning goal into the Belleville net a second before the gong sounded Sarnia tonight won the championship of the O.H.A. intermediate series. The final score was Sarnia 14, Belleville 4 (former score, Belleville 14, Sarnia 5), giving the round to Sarnia by one goal.

Altho the visitors' team was a good deal heavier than the locals they stood no chance with the fast blue and whites on this ice. The defence of the Belleville septet performed wonderful checking. Symons, the heaviest man on the team, did all the work, with occasional fine support from Simmons on the right

team. did all the work, with occasional fine support from Simmons on the right wing and Finkle. Dwyer, McCart, Hillman and Halpin, for the Sarnia aggregation, were all stars. Grannary, althe he tried hard to carry the rubber, was responsible for the goal that tied the round in the last minute of play and he was loudly cheered.

The game was fairly clean. In the last period Whalen, playing centre, was struck in the stoniach with a flying shot and retired from the game. Finch retired from the locals to even up.

The first period was fast and after eight minutes of play Sarnia had netted two points. N Symons soon followed with a point for the visitors, which was immediately returned by the triple combination of the locals, with Symons again scoring the last goal of the period for Belleville. The score was: Sarnia 4.

Belleville 2.

The second period was not so one-sided as it may seem from the score, as it was only the cleverness of Dwyer in goal that prevented the long and vicious shots of Symons from getting into the net. The locals worried the visiting team all thru the period and got three more points past the strong defence.

McCart on the defence for Sarnia was in excellent shape, and was on the job at every turn of the puck. The checking on both sides at this period of the game was so severe that several of the players were thrown on the ice. No goals were scored by the visitors in this stanza. The score: Sarnia 7, Belleville 2.

The third period opened rather slow, each team holding its own. In six minutes of time the fun was started when Finch shot the disc for another point into the Belleville net. Just after this goal, Whalen was struck by the rubber and Mitchell rushed and scored for Belleville. The pace set after that was terrific. Hillman and Halpin secured two more points, and then a third when the triple combination of the previous two with Grannary. Finkle scored a gain. Halpin scored, with Frannary following with the point that tied the score of the with Grannary. Finkle scored a gain. Halpin scored, with Frannary following with the point that tied the score of the round. Hillman, with clever stick-handling, which he displayed during the entire game, coaxed the rubber into the Belleville nets for the winning goal a moment before the gong rang.

Seven penalties were handed out to Belleville, and four to Sarnia, by Referee Oscar Bernhardt. Teams:

Sarnia (14)—Goal, Dwyer; defence, McCart, Grannary; rover, Halpin; centre, Hillman; wings, Finch and Dore.

Belleville (4)—Goal, Connelly; defence, N. Symons and Whitte; rover, Finkle; centre, Whalen; wings, Simmons and

Hamilton Have Four Goal Lead on London

Whalen; wings, Simmons an

HAMILTON. March 10.—(Special.)—
Hamilton have a four goal lead to take to London with them, for in the game at the local Arena today they defeated the London overseas team by a score of 4 to 0, and but for the good work of Chapman in the goal for the visitors the score would have been much larger. There was little comparison between the teams, as they back-checked in fine style, but the combination of the Hamilton team in spots was dazzling and this kind of work enabled them to score their four goals, but on individual rushes Chapman was too good for them, for not once did a man score single-handed. The first fifteen minutes of play saw London as the better team, for they back-checked like fiends and despite the many rushes started by the Hamilton team not once did they get near enough to shoot, for the London defence played like professionals and outwitted the local men at all times. At this period the Hamilton team began playing combination, and in the next ten minutes of play scored three goals. While London was held scoreless. It was in the last half that both teams were seen at their best, as only one score was made, and that came with but fifteen seconds to go and was shot by Etherington. It was an easy roller, but Chapman was too confident and raised his foot just high enough to allow it to roll under his skates. In this period both teams were evenly matched, for they both got an even break in the play, it being the good work of the goal tenders that kept the score to what it was. For London Hagerman, Kelly, Chapman and Lesueur were the best men, while for Hamilton Boyd, Dickie and Minnock starred. The teams lined up as follows:

Hamilton (4): Goal, Minnock: left defence, Parker; right defence, Reise; royer. Etherington: centre, Reid; right wing, Boyd: left wing, Dickie.

London (0): Goal, Chapman; left defence, Hagerman; right defence, Lage;

TORONTOS V. WANDERERS TONIGHT By beating Wanderers at the Arena tonight, Torontos will establish a record for the N.H.A. of eight consecutive victories on home ice and one that will likely stand for some time. In addition, by their win in Montreal and tie game in Quebec, the blue streaks have demonstrated their class away as well. Some of the Wanderers fail to relish the locals' hard body-checking methods. They are not the only ones either.

ontos play a sparkling brand of hockey.

AURA LEE FOOLED THE WISE BETTORS NICELY ARGONAUTS TO MOVE

Toronto Followers Backed the Union Jacks Heavily-Want to Meet Riversides.

The Toronto contingent that traveled up to Berlin on Thursday night to see the junior final got nicely fooled. The "wise ones" had it all doped that Aura Lee would lie down and let the Union Lee would lie down and let the Union Jacks secure a small lead to help the gate in the return game. Aura Lee played with every ounce of energy, and won the game, leaving the bettors flat on their backs, after backing Berlin heavily.

Providing the Riversides dispose of Berlin in the finals for the Senior O. H. A. championship, they will not go west to play Allan Cup games this winter. "Four of our regular team, Dopp, Merrick, Crane and Applegath, are unable to get away for such a long trip," says Manager Alf Smith, "and there is no use going west without our regular team." Riversides are showing good judgment in not making the trip under such conditions. It is a long way to go to get a beating with a weak team, and it will take the best the east can produce to capture the Allan Cup from the Winnipeg champions, according to those who have seen them in action. Alex. (Pork) Romeril, a former T.C.C. player, is a member of the new cup-holders, the first Battalion.

The Riversides, instead, will play two games in New York, which will not re-quire such a sacrifice of time. The boys were more in favor of making this trip. Aura Lee are anxious to stage a city championship game with Riversides. The senior champions would have their hands full in trouncing the marvelous team of

The hockey championship for 1916 was awarded to the Edmonton Bearcats by default, Calgary having refused to play off for the championship after a dispute

A Montreal despatch says: A special meeting of the directors of the National Hockey Association of Canada will be held this week-end to settle the procedure about the tie game between Quebec and Canadiens, and all odds and ends that have been left unfinished in connection with the National Hockey Association championship, and the coming Stanley Cup games. The referees Saturday for the match between Canadiens and Ottawas will be Cooper Smeaton and Reginald Percival. The referees in Toronto will be Pulford and Brennan.

St. Pauls and Kew Beach met in the senior semi-final of the Beaches League on Thursday night, St. Pauls winning by a score of 3 to 1. A win for the Beach team would have given them the group. but as it stands now it is a three-cor nered tie. Collins, spare man of the Riversides, played rover for the Kew Beach team. Casey Curzon officiated, to the satisfaction of both teams. St. Pauls (3)-Ryan, goal; Hayes and O'Reilly, defence: Pitre, rover: Morgan, centre; Gibson, right: O'Connor, left. Kew Beach (1)—Samms, goal; Free-man and Flynn, defence; Collins, rover;

Reports Show Club Bigger and Greater Than Ever-Many Members at Front.

bers at the front or in training the Argonaut Rowing Club, according to reports and returns at last night's fortysecond annual meeting, is bigger and greater than ever. Henry O'Brien, the founder, was in attendance with about 50 others. The veteran was looking more vigorous than ever. In the absence of Joseph Wright, Major Heron gave a brief synopsis of a past successful season on the water. Good reports were also read from the hockey fronts. Joe Wright sent the following message from Philadelphia: from Philadelphia:
"Don't worry. The Lord will take care
of the Argonauts."
The treasurer's report showed a sub-The treasurer's report showed a substantial balance.

A message of regret was adopted on account of the illness of a stalwart of the club, who is ill, viz., Pud Kent.

The chief discussion was on where the club will go on being outsted from its present historic quarters by the city. It was finally decided to move to Muff's Landing, across the bay and 200 yards due east of the dock at Hanlan's Point.

Officers were elected as follows: due east of the dock at Hanlan's Point.
Officers were elected as follows:

DRAW UP SCHEDULE Indecided What Circuit Will Be -Royals Signing Up-

CANADIAN LEAGUE TO

Baseball News.

A London, Ont., despatch says: Baseball fans on every side in the Canaian League are asking the question, "Will there be any baseball this year?" In answer to this it can be stated authentically that President Fitzgerald of the said league has cailed a meeting of the magnates for the purpose of drafting a schedule.

Director Sam Stevely of the London Baseball Club just returned from Toronto yesterday noon, but was unable to meet the president. He, however, did run across President George Rowley of the St. Thomas Club.

The St. Thomas Club dropped in the neighborhood of \$4000 last season, and at the present time are disenfranchised by the National Board on account of some outstanding money due on the McNellis deal, consummated the year previous to last summer.

A big batch of mail pertaining to the baseball situation was left unopened on Mr. Stevely's desk when he returned.

A letter from Knotty Lee, highly favoring the organization of a league made up of Saginaw, Flint, Bay City, London, Hamilton and Brantford, was read.

The league for which the schedule meeting is to be held includes undoubtedly the old six-club circuit with Ottawa in on it.

edly the old six-club circuit with Ottawa in on it.

The best circuit in these distressing times would be to incorporate the American cities with the three Canadian clubs and, as Hartwell suggested, it would be the wise move to have Knotty Lee take a run across the border and whip the factions into line. This would be all that is needed, as the organization of the Canadian League was done so successfully by the same man.

Mr. Stevely said that the local franchise could be purchased for the sum of \$1500.

Manager Dan Howley of the Royals is in Montreal, and this time his plans for the coming season are beginning to shape up definitely. There is still three weeks up definitely. There is still three weeks before the training season opens, which is plenty of time to lound up the necessary material for a pennant contender. Manager Howley has just received contracts from Pitchers Elmer Jacobs, Leon Cadore, Charley Fullerton and Fred Sherry; Catchers Devine, Outfielder Pul Smith and Infielder Joe Dagner.

Montreal Herald: Last night's victory was the first Torontos have achieved off their home ice. Therefore it was the second record of the night established at the Westmount Arena. The other one was the smallest attendance which has ever witnessed a professional hockey match. There were in the vicinity of three hundred paid admissions, and there was almost as much enthusiasm as pervades a wake. as pervades a wake

Ottawa plays in Montreal tonight and a win for the Canadiens will cinch the N.H.A. title. The Frenchmen are at the top of their stride, and local fans look

Buffalo sends the following: Patsy Donovan wired from Boston today announcing the purchase of a new shortstop for the Battling Bisons. Walter Lonergan is the latest star to be added to Donovan's team. Lonergan was the leading shortstop of the New England League last season. His fielding average was .935, and he hit .255. And here's more important news: Ty Tyson has more important news: Ty Tyson has contract was received at local basebaliheadquarters this forenoon. Tyson is spending the winter at Hamilton, Ont Tyson sent along a letter with his contract ridiculing the report that he had enlisted with one of the Hamilton companies, bound for the trenches. "I'll be ready for spring practice when Donovan sends out the call," reads a paragraph in Tyson's letter.

Edward Siglin of Aurelia, Ia., and Jas McAuley of Wichita. Kan., have beer purchased for the Hustlers. Both men were with Youngstown, Ohio, Centra League, last season, and were purchase from the Pittsburg Pirates. Both men led their league in their respective positions last season. Both came under optional agreements, and will be returned to Pittsburg at the close of the season Benny Kauff, the former star of the

Brooklyn Federal League Club, came to an agreement with the New York Giants today. Larry Lejeune, former Chicago semi-pro. White Sox and Pirate, has notified the Sioux City Club he will stay in Grand Rapids to look after his business there, owing to the lack of sufficient attraction in his contract.

Fritzmeyer and Schatzmann, pitchers of the Browns, have been let out. Schulte, Cochrane and O'Brien have also been picked to reduce the roster of recentifs.

Jim Scott and Joe Benz are increasing their toll daily. They now spend most of the afternoon for their workouts. Both are getting down to weight in great shape.

The Terre Haute Central League Baseball Club announces the purchase of five players from the St. Louis American League Club. They are: Pitchers Cochran, Fitzmeyer and Schatzmann, Catcher Cochran, Catcher Schultz. O'Brien and Outfielder Schulte.

The St. Louis Browns have developed into checker fiends, but none has shown enough ability thus far to trim Fielder Jones. Jores plays checkers like he does Billy Sullivan is having his hands full with the Tiger hurlers, as there are ten pitchers to watch. In addition to these Billy is instructing three receivers how

to handle the deceiving shots. Connie Mack almost lost Joe Bush just before the Athletics' slabmen started south. The pitcher was named for Jury duty, but when he explained to the judge that by serving he would have to c down on his training he was excused.

The Dodgers were making a lot of noise over the fact that Catcher Tom Reilley of New Orleans would not sign a contract, but they discovered that the "youngster" was 30 years old. Manager Robinson has not mentioned his name

OLD RESIDENT DEAD.

MONTREAL HAS NEW

J. McCafferty Will Train Big Redbank String-Horses Look Fit.

MONTREAL, March 10 .- Montreal will have another racing stable to compete for the purses offered by the tracks under the jurisdiction of the Canadian Racing Associations this year. This stable ing Associations this year. This stable will be known as the Redbank stable and is the property of a well-known local horseman. The horses will be handled by J. J. McCafferty, one of the most successful of American trainers. McCafferty at one time owned one of the largest stables racing in America, and rode and trained his own horses. The Redbank stable have already a number of horses, which have been wintered in Montreal, and show in good condition. The lot includes Garter, the steeples chaser, which two years ago wen the Hendrie Memorial from a small but select field.

French Army Horse Inspections

EVERY DAY NEXT WEEK COMMENCING MONDAY, MARCH 13, AT 9 A.M. and continuing each succeeding day from 9 a.m. till 6 p.m. All horses offered are promptly inspected and purchased immediately on acceptance.

Buyers will undoubtedly find at these big sales, or on a visit at any time during the week, that we offer them the largest and the best selections of horses that are anywhere to be found on sale.

THIS IMPORTANT SPECIAL SALE OF CLYDESDALE STALLIONS, COLTS AND FILLIES, WITH ONE FINE PEDIGREED HACKNEY MARE, WILL BE HELD AT THE REPOSITORY ON

Tuesday, March 14th AT 12 O'CLOCK NOON

Mr. Mark Brooks, Jerseyville, Ont. has favored us with instructions to sell on above date his very choice stable of grand Clydesdales, including some imported stock of the highest pedigree and quality. Amongst the number are representatives of the line of "BARON'S PRIDE," the most famous of all Clydesdale horses. Others are by "KNIGHT OF BARGLASS," "ROYAL CITIZEN" and "BARSKIMMING." All of them are of the best Clyde type, and of faultless breeding. A very rare chance to breeders and buyers who want to acquire unimpeachable stock

A SPLENDID YOUNG HACKNEY MARE, the property of Mr. Brooks, pedigreed and perfect, will also be sold. This mare will show that there is nothing any better to be got in the Hackney class.

ALSO FOR SALE ON TUESDAY, MARCH 14TH Black Percheron Stallion, "DUKE," imported from France; five years old, and weighs around 1800 lbs. This is a valuable horse, of exceptional merit, and has gained a great reputation in the district around Hamilton, where he has been used for two seasons. He will be sold without regard to his high original cost, and he is as good, or a better horse than he ever was, with grand prospects for anyone who wishes to handle an exceptional stud horse. We hope the sale of this horse may attract attention, as somebody will find a good bargain in him.

THE DON VALLEY BRICK COMPANY -FRIDAY, 17TH MARCH-AT 11 O'CLOCK A.M. 20 OF THEIR WORK-HORSES

These are a lot of first-class workers, have been kept in fine condition, and all of them will be sold without any reserve. Bidders will secure the most useful kind of horses in these at whatever prices they fix them-

OUR 60TH ANNUAL SPEED SALE OF TROTTERS, PACERS, ROADSTERS, CARRIAGE AND SADDLE HORSES AND PONIES IS FIXED FOR

THURSDAY. APRIL 6th

AT THE REPOSITORY

The interest created by this sale year after year has caused it now to be looked upon as the greatest event that comes around for the sale of these classes of horses. This time we hope it will be bigger and better than ever, Parties with horses for sale are requested to send in their entries at once, and secure the choice positions in the catalogue. at once, and secure the choice positions in the catalogue.

> Strong Objection to Assessmen of Earl Street Before Revision Court.

of same. Ald. McBride argued that if the city would not allow other people connection with the assessment of the Earl street extension before the to erect shelters it should not erect them itself, while Ald. MacGregor urged that some protection should be provided for the women and children. In 1913 to prevent the Salvation Army from building a home on Jar vis street. Since then the majority Since then the majority as the Lansdowne line would be completed in a few months, after which of those who signed the petition for the shelter would not be used to any the extension have sold the great extent, the shelter could wait perty, and the present owners claim until Parks Commissioner Chambers that instead of being a benefit the takes over the two comers for park extension is a nuisance. As the matpurposes.

A second deputation asked that the method of assessment in connection with the extension of Brunswick avenue be reversed. As it now stands

A second deputation asked that the of the cost and the ratepayers ninety per cent., and the contention is that the area assessed should be extended. The work cost \$15,600 more than the the ratepayers pay 75 per cent. and estimate, and it is the levying of this the city 25 per cent. of the cost and the residents on Brunswick and Wells when the residents on Brunswick and Wells when the residents of the resident residents on Brunswick and Wells upon

FRENCH HELD OUT LONG

Gallant Defence of Haumont Gained Time for Reserves to Arrive.

WITHSTOOD AWFUL FIRE

Gaps Torn in German Ranks by Machine Guns and Cannon.

PARIS, March 10. 10.20 p.m.-The story of the defence of Haumont, one of the heroic episodes of the struggle around the fortress of Verdun, as told to the Associated Press by a partici-pant, reveals how French soldiers died on the spot under the concentrated fire of heavy artillery and the shock of masses of infantry in order to gain time for the reserves to come up.
"The Germans concentrated their fire on Haumont at the outset," said the eye-witness. "They must have suspected that it would be the centre of our resistance. They undertook by systematic destruction to prepare for the capture of the place without too much loss to the infantry when they had taken Haumont woods.

"Every passage, every ravine, every clearing and every cross road that could serve us was swept by a devastating fire. The effect of the shelling was such that little by little our advanced lines weakened and at 6 o'clock on the evening of Feb. 21 the Haumont

woods were invaded.
Troops Resisted Stoutly.
"The troops defending it resisted stoutly and won local successes, but the Germans came on, line after line, in increasing density. The shelling. which all night was so intense that it was impossible to counter-attack, increased in fury at 6 o'clock in the morning, when projectiles searched every yard of ground, felled trees and demolished houses.
"It seemed to us that the maximum

destructive power of the cannon had been exercised already, but at 8 o'clock the impossible was surpassed. The prodigality of German ammunition re-doubled and the men on watch in the advanced positions saw the German infantry attack the trenches in Consenvoye woods with trench mortars. while detachments descended the Hau-mont ravine marching towards the western edge of Haumont woods. Cut Off from Assistance. "Caught between the German shells

and our curtain of fire in front of the village it was impossible for us to move either ahead or in the rear. We were cut off from all communication, the telephone and telegraph wires having been literally hashed by the shelling. Our men installed in what remained of the defence works on the two flanks and in front of the village walted stoically under a storm of gatling fire for the attack.
"From ten big shells per minute at 10 o'clock the number went to 20 at 2 o'clock. Ruins piled on ruins, yet in the midst of the inferno our men pre-

served remarkable placidity.

"The village had seemed to sink into the earth, while the concrete redoubt on which we counted crumbled and buried eighty men and several machine guns and destroyed our ammunition depot. Still no one budged. What we then held was nothing more than a razed village, with the earth upheaved and transformed into a series of crevices devoid of shelter. The only thing resisting was the redoubt occupied by

Tore Gaps in Foe's Line. "At 5 p.m. a German battalion ad PAID-UP CAPITAL, \$7,000,000.

vanced in three columns simultaneous- took the colonel's post in the rear that were still intact were fired with maximum speed, making holes in the enemy's ranks and obliging the German left to stop before our barbed wire. "Their centre and right, however, came on, and what was left of our force retired to new trenches south-east of Haumont, while machine

decimated our assailants, who had succeeded in advancing from the north and the northwest.

Colonel Got Thru Safely. "But they were too numerous. They got into the hollow of the village and

ly from the east, the horth and the northwest. Those of our men surviving rose to meet this enveloping movement. The machine guns aided by the survivors were on the point

ourned alive. "They came ith heads erect and marched thru the galling fire of the machine gunscolonel was untouched and the retreat was accomplished

"With the machine guns left intact we made another stand and barred the road to the Germans from the laumont, and the fight went on."

INCREASE IN SALARY FOR CHIEF OF POLICE

Full particulars and berth reservations of application to City Ticket Office, N.W. Cor-ner King and Yonge Sts. Phone Main 4209 Raise for Inspectors-Will Likely Appoint Deputy Chief partner was Miss Allis of the Racebrook County Club. Their opponents, the 2wo well-known Nassau Country Club golf players, Phillip Carter and Miss Elinor Gates, won by a score of 6-4, 6-2. Soon.

According to the estimates of th police department forwarded to the board of control yesterday there will be three salary changes in the staff of the department. The salary of the of the department. The salary of the chief of police is increased from \$5,000 per annum to \$5,500. Provision is made to the amount of \$2,067 for the salary of a deputy-chief constable and as the salary paid to the late deputy was \$3,100, it would appear that the idea is to appoint a deputy-chief about May 1, as the \$2,067 mentioned would carry the deputy's salary for about eight months. Assisting Deputy about eight months. Assisting Deputy Archibald is at present acting deputy The estimates show that the assist ant deputy-chief has received an increase of \$300 since the estimates were passed last year, as at that time a salary of \$2,500 was provided for an assistant deputy-chief constable and the

the 1916 estimates of the department that he received a salary of The staff inspector's salary is increased from \$1,900 to \$2,000 and the chief inspector will get \$2,200 instead

Argonaut Rugby Coach To Qualify as Captain

MONTREAL, March 10.—Lieut. Sine McEvenue, the well-known Rugby player and athlete, and now acting as paymaster of the 199th Battalion, left for Halifax today with a number of the other officers of the battalion to qualify for the commission of captain. Lieut. McEvenue had a successful career as a Rugby player and coach. He played the position of quarterback on the champion McGill team, and after graduating he assisted Frank Shaughnessy as coach, while at the same time he was honorary coach for the M.A.A.A. club. Folowing his season with the winged wheelers, McEvenue went to Toronto and last season coached the Argonauts, of which club a number have already gone to the front on active service.

Alliance With Saskatche-Government Alleged to Have Been Close,

IGINA, March 10 .- J. E. Bradshaw, vative member for Prince Almade new charges, nine in all, in slature yesterday, mostly an tion of charges he made against Calder, acting premier; W. F. meson, attorney-general, and Archie (eNab, minister of public works, and n have reference to alleged connectons of these ministers with the liquor

The charges read as follows:

That in March, 1912, Hon. J. A. Calder did corruptly bargain with the Licensed Victuallers' Association that the government of Saskatchewan would make certain amendments to the Liquor License Act in consideration of the political support of the Licensed Vituallers' Association and its members at the pending provincial election, which was held later in July. 1915, and the attorney-general confirmof the arrangements to give such con-

Money Paid Over.

That, in consequence of the said corrupt bargains, the government and its gents received political support and large sums of money from the Licensed Victualiers' Association and its ers for election purposes.

That the government and its agents for some time received large of money from the Licensed Vicers' Association and its members that they would be deprived of their licenses unless such payments

Concessions Sought. That large sums of money have been ald by licensees to agents or officials the government for the purpose of ing concessions from the governent in connection with liquor

That large sums of money were paid to agents or officials of government for the purpose of obtaining liquor prosecution against liquor li-

censees were stifled by the govern-ment, its agents and officials in conon of political support. That liquor licensees were intimidat- would be serious to the

to the government.
That, in September, 1912, Hon. R. ing of three prosecutions under the License Act against E. Robertson of Alsask in consideration of poli-tical support.

in January, 1913, W. F. W. Turgeon stifled prosecution under the Liquor License Act against George Sharp of Gull Lake, in consideration of promised political support.

RHEUMATISM

Unless Rooted Out of the System It Grows Worse and Worse.

Some diseases give immunity from another attack, but rheumatism works just the other way. Every atworse than that, it reduces the body's power so that each attack is worse than the one before. If any disease needs curing early it is rheumatism, but there are few diseases physicians find more difficult to treat successfully. Wet weather does not cause rheumatism, as once thought, though weather conditions may start the aches and pains. Rheumatism is now known to be dependent upon the blood condition, and medical authorities agree that the blood becomes thin with alarming rapidity as rheuwith alarming rapidity as rheumatism develops. Maintaining the quality of the blood is therefore a reasonable way of preventing and curing rheumatism. That it works out in fact is shown by the beneficial results which follow a fair use of Dr. Williams' Pink Pills, These pills actually make new, rich blood which drives out the rheumatic poison, and while the blood is kept in this condition there is no danger of the trouble returning. Mr. W. T. Pell, Palermo, Ont., says: "I was attacked with a Ont., says: trouble which was ultimately pro-nounced rheumatism. Often I was barely able to crawl into bed and seldom able to do a full day's work. In this condition I doctored for a Year, absolutely getting no better. Then I consulted another doctor, whose chief consolation was that un-less I could get rid of the trouble, I would be a cripple for life. He pre-scribed dieting, and I doctored with him for at least six months, but instead of getting relief I became Weaker and less able to get around. Then I decided to try a doctor in Toronto and was under his treatment for about four months with no better retried other remedies, which were equally futile. Then one day our storekeeper sent me a box of Dr. Williams' Pink Pills, saying that if

some more and found they were helping me. I probably used \$10.00 worth before I felt fully cured, but made several years ago, and I have not had a twinge of rheumatism the Today I am well and strong, and I believe I owe it all to Dr. Wil-You can get these pills through any

medicine dealer or by mail, postpaid, and the state of th one Co., Brockville, Ont.

VIPOND FIRM SPOT

Trading Quiet and Professional in Tone-Leaders Somewhat Reactionary.

Mining stocks were quiet at the Standard Stock Exchange yesterday and sales were small, amounting to only 67,200 shares. Nor was there anything in the nature of a feature Stocks commenced strong around prices reached in the closing rally of the day before, but in the cases of the leaders at least small recessions were in order. The market, altho narrow and dull, was not weak. The general condition of stocks is strong in un-dertone, but the fact that the public is participating only in a very small way accounts for the small fluctuations. The market is therefore essentially professional in tone, and any small advance is quickly stopped by traders, who seize the opportunity to take profits. The market will pro bably back and fill until the public comes in in greater volume. In the Porcupines Apex was steady around 53-4 to 6. Dome Extension

opened strong at 36 and sold up to 36 1-4, closing easier, however, at 25 1-2. Dome Lake was steady at 24 1-2. Jupiter also held at 21 3-4. McIntyre opened higher at 95 but settled back 2 points to 93 and closing at 931-2. Porc. Crown was also reactionary in tone, selling off from 75 to 74. Vipond, on the other hand, was stronger. Opening at 58 it advanced to 59 and closed at the opening figure. There seemed to be some demand for Preston at 4. West Dome changed hands at 141-2, and West Dome Con-

solidated at 22 to 22 1-2. Transactions in the Cobalt issues were light and scattered pretty well thru a number of issues. Timiskaming showed some activity in the morn-ing session but quieted down in the afternoon. It opened up higher at 55 and sold up to 551-2 later following the general market trend and reacting

Foster was stronger and in demand. It sold from 101-2 to 11, closing strong at the high point. Seneca also was stronger at 591-2. Peterson Lake was firm at 251-2 to 25 3-4. Bailey changed hands at 51-2. Beaver at 851-3, and Buffalo at 80. Chambers-Ferland was steady at 22, for election purposes, much of it be-ing received under threats of intimi-to 53/4. La Rose was a little easier

Mining Notes

R. E. Kemerer, in his weekly market letter, has issued a resume of conditions in the different mines in Porcupine and Cobalt. He says in part: Another source of gratification is the attitude toward the war measure which has been adopted in the United States. There is no question but that a stop page of the flow of capital from the United States to the Canadian mines ed by threats made by the government and its agents to give political support tude of that portion of the United States public which is interested in mines is not at all captious regarding Monab and the Hon. W. F. W. Tur-the temporary charge. It is well re-son stifled or were party to the stifl-alized there, as it is here, that this is a time for extraordinary measures, and United States investors find nothing Opposition in Saskatchewan Not onerous in the proposed tax. As a factor operating to the detriment of the mines or mining shares, the tax ques-tion may be laid aside once and for all, and as a deterrent to the influx of money from the United States, it is likely to be entirely disregarded.

H. B. Wills, in his weekly market letter, says:
Now that all building and installation of machinery necessary to carry on energetic mining operations at Gifford-Cobalt has been completed, the work of dewatering the main shaft has been started, as well as connections

will start next week.

A force of drillers will be put to work on the 200-foot level with all work on the 200-100t level with all haste in order to determine the potential size of the orebody which will likely prove to be an extension of the Beaver Consolidated vein system. Now that intelligent development work is to be started on Gifford-Cobalt, engineering experts and those in a position to speak authoritatively agree, Gifford will soon become a real mine.

The Consolidated Mining and Smelting Company Les declared the regular quarterly dividend of 2 1-2 per cent, payable on April 1 to shareholders of record March 15. Transfer books will be closed from March 16 to 18.

The Dominion Mines Company, Limited, reports for the month of Febru-ary a total production of \$163,500, which is the second largest output in the company's history, comparing with \$178,590 (the high record), in January \$160,950 in December. The company has apparently discontinued reporting on the tonnage handled, but it is asserted semi-officially that it made a new high record in this respect.

The statement by Col. Hay to The World representative that Jupiter-McIntyre and McIntyre Extension ore will soon be treated in the McIntyre mill will be received as good news by stockholders in those companies.

Frank Loring, consulting engineer frank Loring, consulting engineer for Duncan Chisholm and his asso-ciates, who have purchased the Jamieson claims in the Kamiskotia district, has returned from a visit to the property. While he was naturally reticent regarding developments following the reported rich strikes there two weeks ago, he seemed very much pleased with the progress made.

The consensus of opinion of mining men in Porcupine and Cobalt is that it would be impossible to levy a gen-eral and at the same time equitable tax on mining companies. Each mine is so vastly different from another that a fair tax for one might be decidedly unfair for another. Gold and Williams' Pink Pills, saying that if they did not help me I need not pay for them. I took them and then got some more and found they were some more and found they were

worth before I felt fully cured, but they did cure me and were cheap as compared with the other treatments which did not help me. The cure was made several years ago, and I have had a twinge of rheumatism had a twinge of rheumatism had a twinge of rheumatism. Today I am well and strong, I believe I owe it all to Dr. Wilgon Pink Pills.

I can get these pills through any u can get these pills through any cine dealer or by mail, postpaid, of cents a box or six boxes for from The Dr. Williams Mediform The D **Auction Sales**

SCOPE OF INQUIRY

Satisfied With Commissions Appointed.

REGINA, March 10.—The opposi-tion are understood to be dissatisfied with the scope of the royal commission, whose personnel and work was announced last night. W. B. Willoughby, the opposition leader, will make a statement of his position in the house this afternoon, but it is generally understood that Mr. Willoughby has already conveyed his been started, as well as connections made for power, so that real mining views to the government in a private conference last night and that the government is today deciding upon the course to take.

What the opposition wants, it is

stated, is a wider scope of enquiry for the commission, composed of Justices Alwood and Brown, which will enquire into the bribery and liquor charges. The opposition wants the whole of the liquor charges, including those introduced in h re-wised form yesterday, referred to this commission, and the government's answer to this will probably be given when Mr. Willoughby introduces the subject this afternoon. It is unlikely, according to the impression in Conservative circles, that Mr. Willoughby will make any objection to the personnel of the to the personnel of the commission.

QUEBEC IS NEXT.

QUEBEC, March 10 .- The Quebec Conservative opposition is credited with the intention of asking a royal commission to enquire into the con-tract for the building of the Bor-

One Hundred Dollars Down Balance on Lasy Terms

Balance on Lasy Terms
will purchase 160 acres in New Ontario.
New Ontario has never been boomed.
Present prices are rock bottom. New Ontario lands purchased at present prices will pay handsome profits. Values are rapidly increasing. A large number of settlers took up land last year.

PROOF
that New Ontario is going ahead, and that property is going to advance in price:
The government has appropriated five million (\$5,000,000) dollars for wagon roads, etc., and in the last two years they have built many miles of roads for the settlers.

TITLE—All deeds are in fee simple, under the Land Titles Act, and carry all timber (except pine) and all mines and minerals on or under the ground.

TIMBER—An timber is advancing in price and becoming more valuable every day. For further particulars,

Mulholland & Co.

LIVE STOCK RECEIPTS

Increase of Cattle, Decrease of Hogs Compared With Same Period Last Year.

HOG VALUES MAY DROP

Liberal Supply is Expected Come Forward Next Week.

The total receipts of live stock at the City and Union Stock Yards for the past week were: Cars

Cattle 4442 12,853

calevs, \$5 to \$7.25; heavy, fat calves, calves, \$10.25 to \$10.75; common veal calves, \$5 to \$7.25; heavy, fat calves, \$7.50 to \$8.25; milkers and springers, choice, \$80 to \$90; common, \$45 to \$60; choice lambs, \$12.50 to \$13.25; common, heavy barnyard lambs, \$10.50 to \$11.50; light ewes, \$8.50 to \$9; choice light bucks, \$8 to \$8.50; common, light bucks, \$6.50 to \$7.50; 3 carloads of hogs at \$10.40 fe1 and watered, \$10.75 weighed off cars and \$10 f.o.b. cars.

A. B. Quinn sold one straight load of hogs at \$10.85 weighed off cars. Mr. Quinn topped the market for the third time, that is for a full carload of hogs.

Hog Prices.

Hog prices for the coming week, as reported by the packers, are: \$9.90 f.o.b., \$10.25 fed and watered and \$10.65 weighed off cars.

of cars.

On Thursday we heard several drovers state that had the country roads been better they would have had more hogs. Should these roads be opened up, it is likely by the middle of the week that a liberal supply may come forward, and if so, lower values may be looked for.

Peas (According to Freights Outside).

No. 2, \$1.60.

According to sample, \$1 to \$1.30. The receipts of live stock at the Union Yards on Friday were 42 carloads, comprising 26 cattle, 635 hogs, 3 sheep, 2 calves and 600 horses.

There was a steady trade at Thursday's values.

BOB CALVES.

A large number of people have asked us what a bob calf is. It is a young im-mature calf not fit for food for man, which the health department is trying to which the health department is trying to prevent being brought on the market to be sold for food. And there reason for prohibiting them is cruelty; when shipped with older and stronger animals they are often tramped to death. And still another reason given is that it is a national economical error to allow them to be slaughtered, as in course of time with proper food and care they would become an asset to the country, as they would be fit for food. These calves come principally from dairying districts, where the farmers want the milk to sell. In many of these districts it was a common thing for dairymen to slaughter them when born. But in late years it has been customary to ship them when a week or two old, when they could run around nicely, by the carload to the market to be slaughtered for food. And there are some people who recently were Manitoba Flour (Toronto).
First patents, in jute bags, \$6.50.
Second patents, in jute bags, \$6.
Strong bakers', in jute bags, \$5.80.
Onta-lo Flour.
Winter, according to sample, \$4.15 to \$4.25, bulk, seaboard, prompt shipment; Milifeed (Car Lots. Delivered, Montreal Freights).

No. 2, per ton, \$14 to \$15.

Straw (Track, Toronto).

Car lots, per ton, \$6.50 to \$7.

No. 1 commercial, \$5c to \$6c.

Farmers' Market. ket to be slaughtered for food. And there are some people who recently were prosecuted for having carcases of these immature calves in their shops for sele. The health department are prohibiting them from the live stock market so as to prevent unscrupulous persons being able to get them to use for food. This some of the dealers on the market claim is not right, as it prevents them from being able to fill orders from farmers who wish this class of calves them from being able to fill orders from farmers who wish this class of calves to raise. Some dealers keep cows on purpose to fatten this class of calves, and as soon as one calf gets fat they dispose of it, and replace it with another "bob"; in so doing they are helping the farmer in the dairy districts. But the great trouble is to stop the unscrupulous from breaking the law. \$1.25 per bushel.

Hay—Timothy, No. 1, \$21 to \$24 per ton; mixed and clover, \$13 to \$15 per

Record of Yesterday's Markets

TORONTO STOCKS. Bid.

Canadian Industrial Stocks in Better Demand, But Market
Future Depends on Wall St.

Buoyancy on the New York market is one of the factors in making for improvement on the Toronto Stock Exchange. Locally there is very little speculation, but there has been a fair investment demand for Canadian securities and if the Wall street market gave a lead speculation would follow in this market. Many Canadian industrial companies are known to be making considerable money, and among these the steel companies are in the forefront. Nova Scotia Steel held its leadership again yesterday and made a new high on the present movement to 100 3-4. Steel of Canada advanced over 42 and Steel Corporation was up half a point to 46 1-2, with further offerings held at 47. The other 100 4.00 148½ 42 Unit. Ry. In. NEW YORK, March 10.—The Moximaking considerable money, and among these the steel companies are in the forefront. Nova Scotia Steel held its leadership again yesterday and made a new high on the present movement to 100 3-4. Steel of Canada advanced over 42 and Steel Corporation was up half a point to 46 1-2, with a further offerings held at 47. The other matter of the steel companies are in the forefront. Nova Scotia Steel held its leadership again yesterday and made a new high on the present movement to 100 3-4. Steel of Canada advanced over 42 and Steel Corporation was up half a point to 46 1-2, with further offerings held at 47. NEW YORK. March 10.—Sound underlying conditions were again demonstrated during the week by the publication of greatly increased earnings by different business enterprises. The most conspicuous of these was the report of Crucible Steel, which showed about 78 per cent., having been earned on the common after allowing 7 per cent. for the preferred stock. The report issued by the United States Steel Corporation of its unfilled tonnage account, as of Feb. 29, was another item, which, while highly favorable, was even better than expected.

TI STIFFENING IN WHEAT

Scanty Shipments From Argentina to Europe Boosted Prices Some.

LIVERPOOL ADVANCED

Movement From Australia Said to Be Hampered by Shipping Scarcity.

CHICAGO, March 10.—Scantiness of shipments to Europe from the southern hemisphere tended today to strengthen the wheat market here. Largely in consequence, values closed firm at 1-4c to 7-8c net advance, with May \$1.11 3-4 and July \$1.10 3-8. Other leading staples, too, all showed gains—corn 3-4c to 1c, cats 5-8c to 3-4c and provisions 10c to 27c.

Higher quotations from Liverpool gave the first upward impetus to the price of wheat in Chicago. The chief reason assigned for the British advance was that the forwarding of supplies from Argentina had proved vance was that the forwarding of supplies from Argentina had proved disappointingly small, being still much under the total at the corresponding time last year. It was explained that the movement from Argentina had been hampered by a continued scarcity of vessels. However, the continued scarcity of vessels. continued scarcity of vessels. However, some exporters here and at Duluth were said to be reselling because of inability to obtain railroad and the selection of the selection which discontinuous selections are selected to the selection of the selection of the selection selection selections. cause of magnity to obtain railroad cars. Another element which influenced a temporary reaction from the easily strength was a supplemental Washington report that showed as much as 151,000,000 bushels yet on hand in country mills and elevators.

and elevators.

Late rallies which took place in the wheat market were based principally bn bullish advices from Australia and on word from the Atlantic seaand on word from the Atlantic sea-board that export buying had been renewed. The fact developed that Australian shipments instead of being enlarged, as had been looked for, were only equal to about half of last week's aggregate. On the other hand, the new export business from the United States and Canada was esti-mated at 900.000. Bullish crop remated states and Canada was estimated at 900,000. Bullish crop reports from the soft winter states counted also toward evoking firmness in the last part of the session.

KAMISKOTIA FIELD COMING TO THE FRONT

Encouraging reports of progress of the Jamieson claims in Robb Town-ship in the Kamiskotia district continue to come into Porcupine. Dun-can Chisholm of Chisholm's Corporation, Limited, has taken over the property. Considerable free gold is being found in sinking operations, and the district is receiving the attention of mining men in the Porcupine camp.

Chisholm's Corporation, Limited, has incorporated the Mattagami Pulp and Paper Co., Limited, with \$4,000,000 capitalization, and has purchased other claims in the Kamiskotia area.

The Canada North-West Land Company (Limited) (Incorporated in Canada)

NOTICE OF DISTRIBUTION ON REALIZATION OF ASSETS No. 10

Notice is hereby given that a Distribution on Realization of Assets No. 10 of \$5.00 per share has been declared and that the same is payable on the 13th day of March, 1916, to shareholders of record on the books of the Company at the close of business on the 19th day of February, 1916 (fractional shares not included.)

The transfer tooks will be closed from the 19th day of February to the 13th day of March, 1916.

By order,

By order, S. B. SYKES, Secretary-Treasurer.

Toronto, Canada.

19th January, 1916.

Note—Shareholders are reminded that as the Distributions on Realization of Assets can only be made as, and when, sufficient funds are on hand from time to time, the rayments are bound to be at irregular intervals and cannot be counted upon to be made at any fixed periods. The Shareholders are further reminded that as each Distribution on Realization is made the Assets of the Company are proportionately depleted, and that these payments are not, and cannot in any way be regarded as Dividends.

THE CANADA NORTH-WEST LAND COMPANY (LIMITED)

Notice is hereby given that the Annual General Meeting of the Shareholders of this Company will be held at the Head Office of the Company, No. 21 Jordan Street, Toronto, Canada, on Wednesday, 29th March next, at 12 o'clock noon, to receive a statement of the affairs of the Company for the year ending 31st December last past; to receive and consider the schedule prepared in terms of Section 12 of the Act of Incorporation; to elect Directors, and for other business. By order of the Board.

S. B. SYKES, Secretary-Treasurer. Dated at Toronto this 23rd day of Feb-uary, 1916. **Dividend Notices**
