Toronto Helps Church Forward Movement Totals With \$1,389,258.

**THREE MORE DAYS**

Dominion ..... \$4,643,793  
Ontario ..... 3,175,933  
Toronto ..... 1,389,258

With only three days of the united national campaign completed, the returns for Ontario up to midnight last night show that the co-operating Protestant churches have subscribed \$3,175,933, which is 68.19 per cent. of the objective sought. Of this Toronto has subscribed \$1,389,258.

Commenting on the financial returns up to date, G. H. Wood, chairman of the national executive committee, made the following statement last night:

"Returns for three days in Ontario and for two days in the rest of Canada bring the grand total to \$4,643,793. This is 68.19 per cent. of the combined objectives of the co-operating communities.

"In all the provinces, in city and country alike, and in many cases under adverse conditions, the enthusiasm of the canvassers is equaled only by the liberality of the people. There is little doubt, from the returns now received, that every community will not only reach but exceed its official objective."

The inter-church totals by provinces appear as follows:

Ontario ..... \$3,175,933  
Quebec ..... 566,051  
New Brunswick ..... 80,980  
Nova Scotia ..... 265,491

**COPENHAGEN REJOICES  
OVER DANISH VICTORY**

Copenhagen, Feb. 11.—While the plebiscite in the first Schleswig zone passed off without any serious trouble, the plebiscite in Copenhagen was marked by isolated outbreaks of rowdiness. These culminated in a police station being stormed, the police assaulted and persons arrested for disorderly conduct released.

Between midnight and 3 o'clock this morning huge enthusiastic crowds assembled in the town hall square. The crowds marched to the king's palace singing and cheering for Schleswig's new sovereign, who, it is expected, will shortly cross the old border mounted on a white charger.

**American Labor Federation  
Will Meet in Montreal**

Montreal, Feb. 11.—Final arrangements have been completed for holding the annual convention of the American Federation of Labor in Montreal next June by Frank Morrison, secretary of the federation, who has been in conference with local union officials for the last two days. The convention will likely be staged in a drill hall.

**LIQUOR MEASURES  
ARE NOT RADICAL**

Only Minor Changes in Britain Made in the Present Hours of Sale.

London, Feb. 11.—The parliamentary representative of The Pall Mall Gazette, discussing impending legislation with regard to control of the liquor traffic, says today that the measures at present contemplated are not calculated to rouse any great feeling in the country. He points out that the government's plans provide for strict limitation of the hours of sale, but involve only minor changes in the liquor traffic, which are virtually a continuation of the hours in effect under war restrictions.

One of the main features of the scheme is for improvement of the saloons, the correspondent says. The number of licenses will be reduced in certain districts. No attempt will be made to provide local option, but the future of this question will depend largely on the result of the Scottish experiment this year.

## NO NATIONALIZATION OF INDUSTRIES SAYS LLOYD GEORGE Prospects for Early U.S. Ratification of Peace Treaty Grow Brighter

TORONTO'S VISITORS FROM ULSTER

Left to right (standing): J. Chambers, J. Smith, D. Spence, R. Martin, J. Steel, L. Reid, Lieut.-Col. Brown, W. Crawford, all members of the Sons of Ireland.  
Left to right (sitting): Rev. C. W. Maguire, Ulster delegate; Rev. A. W. Blue, Ulster delegate; Fred Dane, chairman reception committee; W. Coote, M.P., Ulster delegate; Rev. F. E. Harte, Ulster delegate; Rev. L. W. Crooke, Ulster delegate; Mrs. Corkey, Ulster delegate; Rev. W. Corkey, Ulster delegate.

### ULSTER DELEGATES MEET WITH HEARTFELT WELCOME FROM CITY; TORONTO SHOWS HER LOYALTY

Ireland Prosperous, Say Ulster Representatives—No Tyranny, Nothing But Question of Religion—Mayor Church Offended by New York's Action.

Toronto officially gave to the Ulster delegates last night a rousing and enthusiastic reception at the city hall. The council chamber and the gallery were packed to overflowing and out in the balcony just by the main stairway, 200 people assembled who were unable to gain admission to the chamber.

An overflow meeting under the chairmanship of Controller Maguire was held for them and the delegates who greeted the delegates speculatively even to the sacred precincts of the council chamber.

The rates were read to the delegation—each night was given the mayor and several members of the council and the leading businessmen and Irishwomen of Toronto to the number of five hundred turned out to swell the welcome of the official welcome.

The entrance hall, the balcony and the council chamber were decorated with flowers and ferns and a banner placed in the gallery during the evening. The whole reception was well done, well organized and a brilliant success from every point of view.

The speakers were good, but some of them were not over-complimentary to the citizens of the United States, the mayor going so far as to remark that the mayor of New York in giving the key of that city to De Valera had insulted Canada. Wm. Coote, M.P., was the speaker of the evening. He is a brilliant orator, interesting, terse and never labors a point. He made it abundantly clear that Ulster would fight rather than surrender the principles for which she stands in the empire, the most dramatic moment in his speech was when, amidst perfect silence, Mr. Coote pointed a finger at the Union Jack and said: "That old flag does not tyrannize over any one."

Three hearty cheers. When the delegates, escorted by the mayor, entered the council chamber, the whole of the big gathering broke into a chorus of hearty cheers, again and again repeated. Amongst (Continued on Page 6, Col. 5.)

### EARLY PROSPECT OF RATIFICATION OF PEACE TREATY

Lodge and 'Mild' Republicans Approve New Draft of Article Ten.

TO PARE DOWN DEBATE

Washington, Feb. 11.—Further steps having been taken today to pare down the forthcoming debate in the senate on the peace treaty. Senators of both political stripes tonight began to see early prospect of ratification with modified reservations.

Senator Lodge, the father of the treaty reservation, is believed to have given early ratification a decided impetus today when he proposed modification of eight of the fourteen Republican reservations on the basis of agreements at the bipartisan conference. Four of the remaining six have already been accepted by the Democratic leaders, it is said. There remain two, article ten and the Monroe doctrine.

The process of elimination is said tonight to have gone still further. The report is that a new draft of the article ten reservation is said to have been approved by Senator Lodge and the "mild" Republicans. It is as follows:

"The United States assumes no obligations to preserve by the use of its military or naval forces, or by the territorial integrity or political independence of any country or to interfere in controversies between nations—whether members of the league or not—under the provisions of article ten, or to employ the military or naval forces of the United States under any article of the treaty for the purpose unless in any particular case the congress, at the bipartisan conference, has the sole power to declare war, shall by act or joint resolution so provide."

It is now said that if an agreement is reached on article ten there will be little difficulty in adjusting matters so far as the Monroe doctrine is concerned.

Berlin, Feb. 11.—The recent floods in the Rhineland districts have caused damage estimated at 120,000,000 marks.

### KOLCHAK EXECUTED BY HIS OWN TROOPS

London, Feb. 11.—Admiral Kolchak was executed by his own troops to prevent his rescue by White troops moving in the direction of Irkutsk for that purpose, according to a Copenhagen despatch to The Herald. The Moscow soviet sent a wireless message asking his captors to spare his life, but the appeal was too late.

The Moscow wireless service on January 31 transmitted an extract from an article from the official Bolshevik organ, Pravda, which said:

"Only a few days ago Supreme Ruler Kolchak was hoisted on his soldiers' bayonets."

### WILSON TO DECIDE AWKWARD QUESTION OF RAILWAY WAGES

Will Determine Whether to Grant Increases Asked or Transfer Controversy.

HINES REFUSES DEMAND

Washington, Feb. 11.—Failing to reach an agreement with the representatives of the more than 2,000,000 railroad employes on demands for increased wages, Director-General Hines tonight decided to submit the whole case to President Wilson for decision.

The appeal to the president is to be taken at the request of the union leaders after they had conferred with Mr. Hines for two hours late today, and after he had informed them there was no hope of an agreement under present conditions.

Mr. Hines will send to the White House the statements of the unions, together with his own representations in the controversy.

The president thus is called on to determine whether the government will grant the increased wages or transfer the wage demand controversy to the corporations soon to regain control of their properties.

Submission of the claims and arguments to the president, while temporarily ending the general negotiations, does not mean a final break. Re-arguing the case would be responsible for the revenues obtained for so brief a period.

At the White House late tonight it was said that Director-General Hines would present the data in the controversy to Secretary Tamm tomorrow morning and that it would be his duty to advise the president.

In a statement tonight, President Lee declared that the government had not succeeded in reducing the cost of living by the campaign begun last summer, and he, therefore, felt he could no longer hold the demands in abeyance.

### Halifax Veterans Take Pledge Against Purchasing U. S. Goods

Halifax, N. S., Feb. 11.—The Halifax Army and Navy Veterans' Association today passed an unanimous resolution pledging "ourselves, individually and as a unit, to purchase as little as possible of goods manufactured in the United States because of the price of the Canadian dollar—this country."

### Hon. Arthur Meighen Speaks in Winnipeg, February 18

Ottawa, Feb. 11.—(Special).—Hon. Arthur Meighen will address a public meeting in Winnipeg on Feb. 18, under the auspices of the Winnipeg board of trade. While in the west he will visit his constituency of Portage la Prairie, and will probably address a meeting of his constituents.

### TURKEY COST A FINE.

Columbia, S. C., Feb. 11.—In sending President Wilson a wild turkey, S. B. McMaster, a local sportsman, violated a state game law and was fined ten dollars.

### Britain Will Conditionally Join In Proposed Financial Conference

London, Feb. 11.—J. Austen Chamberlain, chancellor of the exchequer, announced today that the government was willing to participate in an international financial conference if invited by one of the neutral nations or by the league of nations, on being satisfied that the conference would assume a really representative character.

The announcement of Mr. Chamberlain was made in reply to a recent memorial from bankers and others. The chancellor said that the government wished to make it absolutely clear that in the event of Great Britain's participation, the government could not support or take a share in any scheme involving an addition to the liabilities of Great Britain for expenditure in the United States.

Mr. Chamberlain agreed that the picture drawn by the authors of the memorial was not exaggerated. He declared the attitude of the American government was a matter of first importance, as it seemed doubtful whether the United States' participation could be attained, and this must gravely affect the influence and utility of such a conference. The govern-

### BRITISH PREMIER REFUSES DEMAND OF THE COAL MINERS TO NATIONALIZE THE MINES

Explains in House That It Would Involve Establishment of Bureaucracy—Quotes Trotsky to Show That It Has Been a Failure in Russia—Miners' Members Warn Government.

London, Feb. 11.—Discussing the nationalization of mines, which was brought forward by a resolution moved in the house of commons this afternoon by William Bruce, of the Miners' Federation, Premier Lloyd George definitely stated his opposition to such a step. He said it would discourage the development of the mining industry, and that it would be impossible to have nationalization without bureaucracy. He said that the miners' federation really wanted full control of the coal industry, and that to hand it over thus would be disastrous to the community and a misfortune to the miners themselves.

Mr. Bruce's motion, which was an amendment to the reply to the speech from the throne, expressed regret for the absence of any proposal to nationalize the coal mines of the country along lines recommended by the majority of the members of the royal commission on the coal industry, which was appointed to advise the government as to the best methods of reorganizing the industry.

Claims Miners' Mislead. Mr. Bruce, who was the first speaker when the debate on the speech from the throne was resumed today, contended that the miners had been misled as to the government's attitude. He stated that the government would accept the recommendations of the majority of the coal commission. He declared that nationalization would not mean bureaucratic control. The government might delay nationalization, but he predicted, it could not prevent nationalization coming.

In outlining his scheme for nationalization, Mr. Bruce said there would be a committee to manage each pit and a committee for each of the 14 districts into which Great Britain would be divided. Finally there would be a body with a president of mines as chairman, to supervise all the coal fields of the country. The miners' officials, and the general public would be represented, and each would be in the minority.

Mr. Bruce declared that his plan was not one of confiscation, but of fair purchase. The government would give the shareholders bonds for their present shares. He stated that a tribunal be established to fix a fair price for such shares, and he would favor even a generous price. He said coal would be sold to exporters under the nationalization system as freely as at present, with the proviso that the export price would be the same as the price paid to the district mining councils all over the country.

Mr. Lloyd George replied. In replying to some of the arguments advanced Premier Lloyd George stated that it would be impossible to have nationalization without bureaucracy. It would be useless, he said, to establish another system unless the government was able to prove that it would be better than the existing system. He declared there was no guarantee that under the plan proposed by the member the present output would be increased. The premier ridiculed Mr. Bruce's idea that the miners would work harder for the state than for private interests.

Mr. Lloyd George created something of a stir by quoting from Leon Trotsky to show that the existing experiment of nationalization in Russia had failed and that the Bolsheviks had been obliged to resort to conscription of labor. This brought forth a shouted shout of "thanks to your fighting."

Mr. Bruce's scheme, the premier declared, would discourage the development of the mining industry while it was impossible to eliminate the speculative incentive except by confiscation, and that was a dangerous game to begin.

The premier argued that what the miners' federation really wanted was full control of the coal industry, and that to hand it over thus would be disastrous to the community and a misfortune to the miners themselves.

Referring to the government's proposed bill, the premier insisted that the government was not opposing a blank negation of nationalization by its constructive scheme for improving the mining industry.

Will Fight to the Death. Referring to the address of William Lunn, a labor member who had spoken previously, demanding the nationalization of all industries, the premier declared that if any attempt were made to convince the country by violence it would be a challenge to the whole fabric of free government. On such an issue, declared the premier, "we will fight him to the death."

Such action, declared Mr. Lloyd George, would not be a strike for wages and betterment of conditions of labor, but for the establishment of a soviet, and that would mean the end of constitutional government.

"This nation has ever fought for liberty and will fight for it again," Mr. Lloyd George exclaimed, followed by Loud and prolonged cheering followed.

Vernon Hartshorn, a member of the national executive of the Miners' Federation, warned the government that if the motion was rejected it would be the miners' business to decide whether to demand a big wage increase in order to get their share of wages or take steps to compel the government to utilize the surplus profits of the mines to buy out the shareholders. Mr. Bruce's amendment was defeated by a vote of 239 to 64.

### YOUTHS CHARGED WITH CLEVER THEFT

Alleged to Have Delivered Stolen Parcels to Customers.

Wyndham Galehawk, Hunter street, and a juvenile, Charles Lane, 26 Tenby crescent, were arrested last night by Detective Wickert, charged with stealing a horse and wagon belonging to a downtown departmental store, Galehawk and a third youth, Frank Downey, Armstrong avenue, Russell Hill road and Cottingham street. On taking the parcels to the doors, the boys received cheques in payment from the purchasers. The largest cheque paid to them was for \$24.50. Several unsuccessful attempts were made by the accused to cash the cheques in stores.

Storekeeper Suspicious. One storekeeper became suspicious and telephoned to the departmental store to which the cheques had been cashed. The police were informed, and Wickert was detailed to the case. Wickert went to Strachan street and drove to a lane running off Strachan avenue. Here they are alleged to have copied the addresses on a paper from the o.c.d. slips and made deliveries of the parcels on Parkwood avenue, Russell Hill road and Cottingham street. On taking the parcels to the doors, the boys received cheques in payment from the purchasers. The largest cheque paid to them was for \$24.50. Several unsuccessful attempts were made by the accused to cash the cheques in stores.

### PASSENGERS ROB TAXICAB DRIVER

Knocked Over Head With Whiskey Bottle and Pockets Emptied.

Nathan Pusitz, 285 East King street, a taxi driver on the Toronto street stand, was attacked in his automobile by two passengers near Exhibition Camp, and after being struck over the head with a whiskey bottle, claims he was robbed of \$20.

Pusitz was engaged by the men, a soldier and civilian, to drive him to the Exhibition. Nearing the Dufferin street entrance to the arena, he was struck from behind, once then struck him over the top of the head with the bottle, rendering him unconscious. After going thru his pockets, the two robbers ran away. Pusitz regained consciousness and called a policeman, who drove him in his own car to Cowan avenue police station. Pusitz was removed to the West Hill Hospital by the police ambulance. He had a cut one and one-half inches long in his scalp.

Detectives Taylor and C. Young were searching for the robbers at an early hour this morning. As far as the police could learn Pusitz was engaged to drive the men from in front of a downtown hotel.

### MOTION AGAINST POLITICAL ENTRY

#### Up for Action by Saskatchewan Grain Growers—May Ask Election.

Saskatoon, Sask., Feb. 11.—(By Canadian Press)—Not the least interesting section of the program which has been prepared for the consideration of the delegates to the convention of the Saskatchewan Grain Growers' Association is that dealing with resolutions. While the printed list has not yet been issued to the delegates, it is understood that the one which will precipitate the foremost of the discussions is that dealing with participation or otherwise of the new political organization in provincial politics, occupies a prominent place in the list.

It is stated that the resolution will come before the convention as from the Woodsworth Local Association and will recite that whereas the provincial government, since its inception, has kept in close touch with agriculture by the enactment of legislation of great economic value to the large farmers, and that whereas a large majority of the members of the present legislature are members of the association, it is believed by the movers of the resolution that it would not be wise for the organized farmers of the province to enter into the field of provincial politics until such time as conditions exist as demand action being taken.

For a Referendum  
It is also understood that a resolution will be introduced confirming the action of the provincial government in asking the federal authorities for a referendum on the question of importation of intoxicating liquors and a further resolution will be introduced calling for a greater share of the automobile license fees to be given to the municipalities than at present. The Tate local, it is understood, will be responsible for the introduction of a resolution calling for the holding of a general election in Canada after the coming session of the federal parliament. The resolution, it is learned, calls for the passing of a fair franchise act, which will give all citizens an equal right to vote and immediately afterwards a general election is demanded.

#### Dutch Plan Direct Barter To Eliminate Use of Gold

The Hague, Feb. 11.—According to The Nieuws Courant, the Netherlands bank and other great Dutch financial interests, are planning an international exchange of goods at Amsterdam, with the object of relieving the necessity for the use of gold. Direct exchange of goods will be made, and it is hoped in this way to aid in the resuscitation of Europe's financial and commercial ability.

#### German Officer Found Guilty Of Shooting Ten Civilians

Sarrequehmes, Alsace Lorraine, Feb. 11.—Captain Fritz, of the tenth company of the 16th German infantry, accused of having ordered the shooting of ten civilians at Gerbeville in 1914, has been found guilty by the court-martial before which he was on trial.

#### DEFECTIVE FURNACE CAUSES BLAZE

A defective furnace caused a fire last night in the Lancashire and Yorkshire tailor shop, 364 Yonge street. The damage was \$100 to building and \$200 to contents.

### DENIKINE SUPERSEDED BY GENERAL WRANGLE

Budapest, Feb. 11.—General Denikine will be superseded in active command of the anti-Bolshevik forces on the southern Russian front by the thirty-year-old General Wrangle, it is reported by persons returning from Southern Russia. General Wrangle's Cossacks have long been the backbone of the resistance to the Bolsheviks, according to these travelers, who say that General Denikine is too old and worn out by political and military difficulties to handle the situation.

### MONTREAL BROKER INVOLVED IN PLOT

#### New York Police Accuse Him of Connection With Proposed Bond Robbery.

New York, Feb. 11.—With five arrests in connection with the \$5,000,000 securities theft plot the police claim to have "nipped in the bud" here, the district attorney's office announced formally today that one of them had confessed to having taken part in stealing more than \$1,000,000 worth of stocks and bonds from Wall street messengers in May and June last year. A Montreal broker is said to be involved in the case.

#### PRICE BROS. TO RESIST COMMERCE BOARD ORDER

Montreal, Feb. 11.—(By Canadian Press)—Price Bros. & Co., Limited, of Quebec, have decided to resist the order of the board of commerce requiring them to supply newspaper paper at a government fixed price to The Montreal Daily Star, The Montreal Herald and Courier, Bessette & Company of Montreal. The order required the company to begin delivering paper to the parties named on February 10, but no deliveries have been made, and it is stated on behalf of the company that it does not contemplate making any.

### HAMILTON

Hamilton, Feb. 11.—Hamilton churches expect to pass their objectives in the forward movement canvass by a big margin. Several hundred thousand dollars have already been subscribed.

Judge Snider started the judicial probe into conditions at the Ontario Hospital for the insane today. The inquiry is a result of complaints laid by several G. W. V. A. branches.

H. R. Gray of Montreal was elected president today of the Canadian Produce Association at the closing session of the annual convention. The next convention will be held in Montreal.

One hundred and sixteen flu cases were reported today as compared to 183 on Monday. Percival Waind, 355 Barnesdale avenue, died today of pneumonia.

### LEAGUE TO HOLD SECRET SESSIONS

#### Council Holds First Business Meeting, and Balfour Explains Procedure.

London, Feb. 11.—The council of the League of Nations formally opened its meeting here at noon today. Arthur J. Balfour, representing Great Britain, assumed the chair on the suggestion of Leon Bourgeois, representative of France. In his speech of welcome to the delegates, Mr. Balfour said there was only one blot on the meeting, and that was that there were eight nations represented instead of nine. With reference to the decision to hold secret sessions, he explained: "We have concluded that the details of our work cannot advantageously take place in open assembly." He declared that if the work of the council was to be done efficiently, it was desirable, and even necessary, that the detailed discussion be carried on with perfect freedom. Mr. Balfour said he believed the members of the council would be ready to announce the results of their deliberations Friday morning.

The first meeting of the council of the league, held at Paris, was informal. The present meeting had a business agenda, to which the eight representatives addressed themselves this afternoon, each having a specific subject to bring to the attention of the council. Mr. Balfour brought up the question regarding Switzerland's entry into the League of Nations, on which the Swiss government desired the opinion of the council. Other matters discussed had to do with the Saar basin, the appointment of the members of the governing commission and the appointment of a high commissioner for the free city of Danzig.

### ONTARIO HOSPITAL PROBE COMMENCES

#### Judge Snider Starts Judicial Inquiry—Is Closed to Press and Public.

Hamilton, Ont., Feb. 11.—In accordance with the order issued by Hon. H. C. Nixon, provincial secretary, Judge Snider commenced the judicial inquiry into conditions at the Ontario Hospital for the insane this morning, a result of a number of complaints made by the Mount Hamilton branch of the G.W.V.A., backed by other branches of the same organization. Crown Attorney Washington, who was appointed to represent the province in the matter of securing evidence, had charge of the examination of the witnesses. Eighteen witnesses have been subpoenaed, but any person who has information to give regarding the conditions of the institution will be heard. J. L. Cunniff is acting as counsel for the G.W.V.A., and among those appearing are F. W. Treason, secretary of the central branch of the organization. The inquiry is not open to either the press or public, and the result of the inquiry, which will likely last several days, will not be known until the judge's report is presented to the legislature.

Port Arthur—Capt. W. R. William Staunton, a well-known citizen, aged 55, married, was instantly killed by falling into a tank at the Saskatchewan Co-Operative Elevator yesterday. Brantford (Special)—William Apgrove, going to work for the first time, had a finger taken off at the Cookehatt works on Tuesday.

### NO REPLIES AS YET TO LITTLE WILLIE'S OFFER

Wierongen, Holland, Feb. 11.—As far as the villagers of Wierongen know, former Crown Prince Frederick William of Germany has not received any answer to his telegram sent to the Kings of Great Britain, Belgium and Italy, the Emperor of Japan and the presidents of the United States and France, offering to surrender to the allies for trial.

Through his aide Frederick William sent word to the Associated Press correspondent that he could not answer any questions on the subject of his offer. The former crown prince busied himself today in a boxing bout with a professional instructor who came to Wierongen from Amsterdam this morning.

### "BOLSHEVIK FUNDS" ONE IN A JOKE TERM

#### Strike Leader, Ald. Queen, Explains Matter at Winnipeg Trial.

Winnipeg, Feb. 11.—(By Canadian Press)—Under cross-examination by R. A. Bonnar, K.C., counsel for the defence, William Pearcey, who, for a time, was a member of the strike committee, was led to say, in answer to the seven strike leaders today, that he had never any idea of upsetting the government or municipal government by force and that he had never conspired against anything or anyone.

He was then abruptly asked if the other strike leaders were not just men like himself, without any dark designs in their minds, and replied that he had thought they were just men like himself.

Bolshevik Funds.  
The position of the crown regarding "Bolshevik funds" was made clear by Mr. Andrews. In a letter sent by Carl Berg, of Edmonton, to R. B. Russell, reference was made to such funds. A passage read: "I have just got in a shipment of Bolshevik funds. For this purpose one of the miners unions sends \$250 and they tell us that they will send us more to get literature."

Mr. Andrews explained that the crown did not contend that the funds came from the Russian Bolshevik government, and Alderman Queen, one of the accused, took the opportunity to state that the term "Bolshevik funds" was just a joke term.

Judge's Pronouncement.  
The closing minutes of the afternoon session were featured by a pronouncement by his lordship of the situation regarding propaganda. What the jury was concerned with, he explained, was whether the issuance of certain propaganda was likely to bring about a conspiracy to cause discontent; to make the people dissatisfied with the conditions with the laws, and with the enforcement of the laws; dissatisfied with the government and with things in general—so dissatisfied that tumult was likely to be stirred up. What the accused were actually being tried for, was "agreement to commit a crime."

### CANADA'S SHIPPING INCREASING FAST

#### Four-Fold Jump in Tonnage—Montreal Port Second in America.

Montreal, Feb. 11.—(By Canadian Press)—That Canadian registered tonnage entered with the shipping federation had increased from 30,000 to 108,000 tons at the annual meeting of that body held today at their offices in the board of trade building, this city. The value of exports from the port, according to the report, was \$700,000,000, during the navigation season, making Montreal the second largest port on the North American continent.

Pilotage conditions were unsatisfactory, owing to the system of pooling of earnings, which was for lack of constitutionality with the laws, and with the question would be taken up with the Quebec provincial legislature this year.

In labor matters it was stated that the port was absolutely without trouble of any kind.

#### Brantford Court Will Hear Murder Charge Next Monday

Brantford, Feb. 11.—(Special)—Mr. Justice Lennox will preside at the sitting of the court next Monday, February 16, when the charge of murder in the docket is the charge of murder which George Jones faces. He has been in the county jail since a deed was committed and has given no serious trouble during all that time. In fact he has been remarkably quiet.

#### Glyn Osler Succeeds Z. A. Lash As Bell Telephone Director

Montreal, Feb. 11.—At today's meeting here of the board of directors of the Bell Telephone Company of Canada, Glyn Osler of Toronto was appointed to succeed Z. A. Lash, and George D. Milne of New York was appointed to succeed the late N. C. Kingsbury. Mr. Milne is treasurer of the American Telephone and Telegraph Company.

#### STOCK IN DEMAND.

Farm stock sales are going well these days as shown by the fact that at "Teddy" Meyers' auction held at Cashel in Markham township on Tuesday afternoon, more than \$5,200 was realized by John H. Frenno, the auctioneer, before dark and at that the stock was not in extra shape. Horses brought \$250 and a cow and calf \$175, while hogs sold at \$40, and last spring chickens at \$2.50 apiece. There was a big crowd of farmers present and bidding was spirited throughout. Mr. Frenno handled the sale to the complete satisfaction of Mr. Meyers and everybody present.

With \$736,578 subscribed up to last night, the city of Toronto Methodists were confident that before tonight the \$800,000 objective will have been attained, leaving Friday and Saturday to "make it a million." Churches east of Yonge street have raised \$404,866.

The district totals are as follows: Toronto East, \$404,866; Toronto Central, \$270,868; Toronto West, \$60,724.

Each district totals range all the way from Shorehouse Street's incomplete return of \$190,000 to Don Mills Road's \$42. Examples of real sacrifice in the poorer congregations are increasingly numerous.

National Lead.  
Reports for the first two days from eight provinces and for three days from Ontario indicate that the Methodist drive is maintaining its early momentum, the gradual return of special subscriptions from western provinces offsetting the decline in reports of "specials" from this city.

Thanks to new conference totals, received after their organization had reported to the inter-church office last night, the Methodists of Canada were also able to report a Dominion total of \$2,341,018, nearly half-way to the \$5,000,000, which has been informally substituted for the official \$4,000,000 objective. For the first time Montreal conference passes London conference, which also finds its total larger than Hamilton's.

"Three thousand more than objective," Dominion Church, Montreal, reported at midnight.

Toronto City's share of results is still one-third of the national total in Methodism.

Conference totals as reported to date are as follows: Toronto, \$522,111; London, \$285,721; Hamilton, \$237,518; Bay of Quinte, \$202,373; Montreal, \$310,289; Nova Scotia, \$1,741; N. B. and P. E. Another little girl at another house gave ten cents, and her mother said: 'Gladys wants to be a missionary.' I am proud

of those subscriptions than of any I have received or expect to receive, and verily believe that if such incidents could be placed before the people of this city and the rest of Canada the result would be an increase of thousands of dollars to the national campaign.

Rev. Dr. Laird, of the Presbyterian Forward Movement, announces that the Toronto presbytery total to date is \$310,000, being 60 per cent of the objective. The Hamilton presbytery reports subscriptions of \$144,000, being 70 per cent of its objective. Three churches have already exceeded their allotment: Zion Church, Brantford, with an objective of \$15,000, has secured \$30,000; Avenue Road, Toronto, has raised \$14,000, being \$2,000 more than the original objective; St. James' Square, Toronto, now reports \$57,000, its original aim being to secure \$30,000.

### THE FIFTIETH ANNIVERSARY

Just fifty years ago this winter Dr. Pierce gave to the world his famous "Favorite Prescription" for the distressing weaknesses and complaints of women. For many years he had been in the active practice of medicine and his specialty was the diseases of women. Later he desired to give this to the public, and he received a trademark protection from the United States patent office for this medicine, which is an herbal, "temperance" prescription with all the ingredients printed on the bottle wrapper.

In his every day practice in the early days he also used a tonic and alterative for the blood, which was so universally beneficial that he determined to place this medicine in the drug stores of the United States and Canada where it could be readily procured. This he called his "Golden Medical Discovery," which he had prescribed many years for the stomach, liver and blood. Both these medicines met with instant success, and during the past half century have sold in greater quantities than any other proprietary medicines. Neither of Dr. Pierce's medicines contain alcohol and both are herbal extracts of native medicinal plants. For the past fifty years forty-eight million bottles have been used by the American public, and they are today the standard tonics for men and women. They are now put up in tablet as well as liquid form, and sold by every druggist in the land. A trial package can be obtained by sending 10 cents to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y. Write Dr. Pierce's if you want free confidential medical advice. All Dr. Pierce's medicines are made at branch Laboratory in Bridgeburg, Ont.

### TOWNSHIP WATER A BIG PROBLEM

Counsel for York Township Shows How to Save Millions.

Two separate proposals that the city should annex blocks of York township lying east and south of the Don river were made to the board of control yesterday, and these will be the subject of another conference in the near future. The question of annexation was raised following an appeal from a large deputation, consisting of councillors and officials from the township and representatives of the Davies estate, that a water and sewer service be provided by the city for the Todmorden and Woodbine sections of the township. The matter was recently taken up with Commissioner Harris, who informed the township people that the city would not be in a position to supply them for four years at least. The appeal direct to the board of control was the result of the commissioner's attitude.

"Ten thousand people are crying for water," said Mr. Spence, counsel for the township, "and unless something is done we may have a worse epidemic on our hands than we have now." It was explained to the board that the township engineer has just completed plans of a comprehensive sewer scheme for this part of the township.

and if the city continues to refuse water and sewage disposal connection to the township, it would be necessary to carry out this work. This would entail a waste of millions, because when the city does eventually annex the territory a great deal of the local system would be scrapped, as it would be constructed to carry sewage northward to the Don rather than south.

**Natural Drainage.** A. W. Ballantyne, legal representative of the Davies estate, urged that a large block of this estate be taken in, as much of it drained naturally towards the city. He thought it would be well to annex the whole territory right back to the southern crest of the Don valley. Controller Cameron replied that he thought the time had come to consider annexations in a large way. The city was growing rapidly northeastward and it would be better for the city to control this development. Controller Maguire, who presided, agreed that the matter was of sufficient importance to warrant another conference, and a new meeting will be held at a date to be fixed.

**Seek Annexation.** Later R. Sharp, 158 Langford avenue, appeared before the board and stated that a large number of residents of his district were anxious to be taken into the city. He suggested for annexation the district bounded by Pape and Donlands avenues and from the city limits north to Cronyn avenue. The property in this district is assessed at \$125,000. Chairman Maguire said he could see no obstacle in the way providing a petition thru representatives of the district be taken into the city. Mr. Sharp was informed that his request would be considered along with the larger annexation proposal heard earlier in the meeting.

**Advocates of Vaccination Prepare Data for Legislature** Dr. Hastings, M.O.H., and other advocates of the public benefit of vaccination, will prepare, in co-operation with Dr. McCullough, provincial health officer, data bearing on this subject in order that the provincial government may be fully informed of the need for at least retaining present laws. A preliminary conversation was held yesterday with Hon. R. H. Grant and Hon. W. Rollo. Dr. Hastings pointed out that only one and a half per cent. of smallpox patients isolated in Toronto hospitals had been vaccinated within the seven-year period. He held this to be proof of the infrequency of the disease among the vaccinated.

### CITY HALL NOTES

Altho the number of deputations usually in attendance at the sessions of the board of control was considerably smaller than precedent has set, a comparatively large volume of business was brought under discussion yesterday morning, and quickly despatched.

The application from the Citizens' Liberty League for a grant of \$500 towards the holding of a provincial convention, was refused.

In discussion following this request, the board decided that in future only grants for conventions of an international character would receive consideration. Controller Cameron moved that only grants for this purpose be considered. "I for one will refuse this application," he said. "The Liberty League is solely a political organization."

Controller Gibbons enquired if the board's decision referred only to grants for conventions from within the British Empire. "No," replied Controller Cameron, "the United States is not within the British Empire." The latter's motion was carried.

Information was forthcoming yesterday that Property Commissioner Chisholm is negotiating with the Ontario government in reference to the erection of the proposed reception hospital at the north end of Trinity Park.

The proposed tentative plan is that the hospital be built by the city on this site. This building when completed is agreed upon to accommodate 60 patients, with the provision that the city maintains indigent persons sent to it, for a period of ten days, and that it will be furnished and maintained by the government.

The recommendation which Mayor Church made at a recent session of the board of control, that a teacher be appointed for boys at the jail farm, resulted in some action yesterday. Property Commissioner Chisholm is instructed to hold a conference with the board of education regarding the appointment of a suitable teacher or supervisor for boys serving time at this institution. The commissioner corroborated the mayor's statement that there were 45 boys more than 15 years of age confined there, the majority of whom had not passed the 'third book in public school. He also said that the man appointed should not only be able to instruct the boys, but should be capable of supervising their sports and recreation.

Fire Chief Russell reported to the

board that 57 members of the fire department did not participate in the Firemen's Benefit Fund, 22 of whom were eligible thru age and health certificate. The controllers endorsed the policy that all men eligible should benefit by the fund.

A deputation from the Individual Taxicab Association was on hand early, with the request that a change in the bylaw regarding taxi-cab regulations be made. They stated that the individual owner of a vehicle was being squeezed out by the large concerns. A request was also made that new taxi stands be established, preferably on Temperance street, Shuter street near Yonge, and near the King Edward Hotel. The deputation was referred to the works committee who will present a report.

The reply to a letter from Mayor Church, made by the premier of Quebec, that the Quebec board of health would rescind the smallpox quarantine regulations when advised by the Ontario health board, received further comment yesterday. "The only thing we can do is ask the provincial cabinet whether they have any control over the provincial health board," said Controller Cameron. "As a citizen of Toronto I strongly object to this venting of personal spite and spleen against the city." The board intend seeking a conference with the government.

The athletic stadium business was brought up again at yesterday's session. This time, however, it was merely to assure the board that arrangements had been completed for the conference with the various sporting organizations in the city, the parks committee and the board of control. This meeting will take place on Thursday evening at 7.30 in the city hall. The policy for a permanent athletic stadium will be discussed.

The recommendation of Corporation Council Geary that the city officials be instructed to lay information against the railway companies for blocking traffic for a longer period than permissible, at Royce avenue crossing, was approved.

The board of control declined to accede to the request of the Central Council of Ratepayers' Associations, to consider the advisability of holding one session of the board once a month, at night. This subject was brought up at the last central council meeting where it was pointed out that if one meeting a month at night were held, it would enable ratepayers to appear before the board, who could not possibly attend in the daytime.

It was decided today to ask City Solicitor Johnston to report on the question whether the city could out to the Rosedale athletic grounds into building lots and sell them.

### RECOUNT ILLEGAL

Judge Coatsworth Says Preliminary Proceedings Taken Too Late.

In deciding against a recount of referendum votes in Northwest Toronto and Mantoulin Island Judge Coatsworth says: "I have no right or power in the matter, inherently," says his honor in his judgment handed out today, "but only such as are conferred on me by statute. By section 130, the proceeding for a recount must be commenced, in the manner directed, within four days from the date on which the vote is taken. No such preliminary proceedings were taken after October 20, and at this late date, nearly four months from the time the vote was taken, I am requested to proceed with the recount."

"All my powers are statutory, and unless the requirements of the statute are complied with, my jurisdiction is gone and cannot be revived or conferred again by any authority except that of the legislature."

"For this reason I am unable to grant the request of the Citizens' Liberty League to make a recount now."

### Electrical Workers Approach Premier for More Protection

Electrical workers, representing their union thruout Canada, advised Premier Drury yesterday of the necessity of providing more protection for employees of this class in Ontario. The law should bring contractors, employees and places of employment under government inspection. This could be accomplished by licensing. Electrical working conditions could be brought into harmony with safeguards adopted by more advanced states.

### THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

What It Is and How It Increases Weight, Strength and Nerve Force In Two Weeks' Time in Many Instances.

SHOULD BE PRESCRIBED BY EVERY DOCTOR AND USED IN EVERY HOSPITAL.

Says Editor of "Physicians' Who's Who."

Take plain bitro-phosphate (is the advice of physicians to thin, delicate nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. Moreover, if we judge from the countless testimonials and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate, known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body

cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

Clinical tests made in St. Catherine's Hospital, N. Y. C., showed that two patients gained in weight 23 and 27 pounds, respectively, through the administration of this organic phosphate; both patients claim they have not felt as strong and well for the past twelve years.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright and pale cheeks glow with the bloom of perfect health.

Physicians and hospitals everywhere are now recognizing its merits by its use in ever increasing quantities. Frederick Koile, M.D., editor of New York Physicians' "Who's Who," says: "Bitro-Phosphate should be prescribed by every doctor and used in every hospital to increase strength and nerve force and to enrich the blood."

Joseph D. Harrigan, former visiting specialist to North Eastern Dispensatory, says: "Let those who are weak, thin, nervous, anemic, or run-down, take a natural, unadulterated substance such as bitro-phosphate and you will soon see some astonishing results in the increase of nerve energy, strength of body and mind and power of endurance."

Bitro-Phosphate is made entirely of the organic phosphate compound referred to in the National Standard Dispensatory as being an excellent tonic and nerve and a preparation which has recently acquired considerable reputation in the treatment of neurasthenia. The standard of excellence, strength and purity of the substance is beyond question, for every Bitro-Phosphate tablet is manufactured in strict accordance with the U. S. Pharmacopoeia test requirements. Bitro-Phosphate is therefore not a patent medicine and should not be confused with any of the secret nostrums, so-called tonics or widely advertised "cure-alls."

CAUTION—Although Bitro-Phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, owing to its remarkable flesh growing properties it should not be used by anyone who does not desire to use as flesh.

### M'GILL'S APPEAL FAILS TO CARRY

Management Committee of Education Board Cannot Aid Veterans.

Among the communications read before the management committee at the meeting of the board of education yesterday was one from McGill University asking support in the matter of returned soldiers to enable them to finish their course. Having failed in appeals to the cabinet the suggestion was that some of the money meant for patriotic purposes be diverted for the use of the students. Trustee Powell suggested that such students be given night teaching to do. Mr. Smith, principal of Jameson Collegiate, said that Toronto University was able to look after such men satisfactorily, and Trustee C. A. E. Brown said that all patriotic funds were earmarked and could not be used for any but specified purposes.

On recommendation of Senior Principal G. A. Smith, M. H. Ayers, now assistant at Harbord Collegiate, was nominated for promotion as head of the science department in the North Toronto High School, successor to the late Curtis Nelson. Mr. Smith also asked that a temporary teacher be appointed to the vacancy which the change would make at Harbord.

The request for an addition of three rooms to the Harbord Collegiate brought out a good deal of information regarding the crowded condition of the high schools. Principal Hagarty said that there were now 870 pupils in attendance the number would probably rise to 700 in September. He emphasized the necessity of granting his request. Senior Principal Smith, while sorry to oppose any other principal, maintained that no school should have more than 600 pupils, and pronounced in favor of a new high school on Wallace and Dufferin streets. The matter was settled when Trustee Powell moved that the additional rooms be recommended to the property committee. This was seconded by Trustee Miss Boulton, who added the proposed new school in her recommendation.

Regarding the matter of cadet drill in the high schools, Mr. Smith presented a report showing the work that had been done by the instructors previous to difficulty which had arisen owing to the withdrawal of the provincial grant of \$50 per corps. Mr. Smith explained that the work that it was as much a matter of money as of the fact that the instructors thought that the withdrawal showed lack of appreciation of the work done. On motion of Trustee Mrs. Courtney, a committee was appointed to meet the instructors and try for an understanding. The committee will consist of Miss Boulton and S. J. Brown.

The matter of a teacher for the boys at the fall farm was reported upon, some diversity of opinion maintaining respecting the scholastic status of the boys in question. Trustee C. A. E. Brown demonstrated that the matter was now in the hands of the board of control who had promised that a suitable man should be selected on the recommendation of Inspector Cowley, the salary to be paid by the council.

The request from the Navy League made some time ago that a contest should be permitted on a competition in connection with the life of Nelson, was refused, as Inspector Cowley had stated that permission was not within the province of the board.

In reply to a question Inspector Cowley said that 3.30 was the hour for closing the school, the teachers to confine themselves to special work with backward pupils from 3.30 to 4 p.m. Trustee Powell said he would like to see closing exercises, to which the inspector replied that the board had already arranged to ask the principals to take the official prayer to be found in the school register, or the Lord's Prayer. Mr. Cowley also explained that the teacher had option in the matter. To the Trustee Powell took exception. In the matter of establishing a class for backward pupils at York street school, the provincial inspector will be asked to report.

Estimates for supplies for the colleges amounting to \$51,000 were approved, the total increase on the estimates being only \$2 per cent above the estimates of last year. An item of \$1,200 for spellers, brought a protest from Trustee E. Courtney, who thought spelling should be got from the reader. Inspector Cowley showed that this had been tried in the time of Sir George Ross, but agitation had again brought back the speller.

A number of changes and appointments of the teaching staff were approved by the meeting.

### HOW TO COPE WITH INFLUENZA EVIL

Wills, MacLachlan Shows Engineers' Club Method of Checking.

At the regular monthly meeting of the association, held in the Engineers' Club, 88 West King street, Wills MacLachlan, consulting engineer, gave the members a general outline of the very important services a properly organized medical department can give the modern industry.

The speaker gave in detail a very comprehensive plan for scientifically taking care of the present influenza epidemic. In brief, the plan consisted of mapping on the ordinary city map all cases of sickness in the industry. By this means a check could be kept on all cases reported and at a glance the visiting nurse could see the location of the cases she had to visit.

This plan was very successfully operated during the epidemic of 1918, and, owing to the close check kept on all sickness cases, the loss of time to the industry was reduced to a minimum.

Proper Equipment Vital. Mr. MacLachlan strongly advocated the vital necessity of a properly equipped, well organized medical service in all large industrial concerns, and in the discussion of the paper which followed, this statement was unanimously endorsed.

An announcement was made by C. H. Pringle, president, that the program committee had in view, several speakers, men who are outstanding figures in industrial relations problems both in Canada and the United States, who will be invited to address the association at a later date. Philip J. Rely, president National Association of Employment Managers, expects to be in Toronto in the near future and will favor the association with an address.

Up to the end of last month the University War Memorial Society has received donations totaling the sum of \$294,554. The loans of the memorial society already total \$30,000. The total of 114 returned men have already been paid out and \$12,381 assigned to March, April and May instalments.

That the women of University College need new buildings is well known, but in view of the campaign which is about to be launched in their behalf, the following statistics are significant. Number of women in University College, 424; away from home, 227; in residence, 150; Queen's Hall, 87; St. George street, 37; Argyle House, 15; number in rooms, 77. The conditions that these figures imply are not unsatisfactory. The objective of the campaign is new residences and a new union for the women of University College, union for 500 women students, new residence for 250, and buildings to be built on one site, and to provide adequate dining hall, common rooms, library, guest room, graduate quarters, etc.

The annual dental at home to be held on Friday night at Hart House in the big gymnasium, is to be honored by the patronage of the following ladies. Lady Falconer, Mrs. Lionel Clarke, Mrs. E. C. Drury, Mrs. R. H. Grant, Mrs. W. M. McGuire, Mrs. E. Webster, Mrs. W. E. Wilmott, Mrs. Wallace Suncocks, Mrs. A. D. Mason, Mrs. J. A. Bothwell, Mrs. A. B. Babcock.

### CONSTABLE MADE ERROR IN JUDGMENT

Severely Reprimanded for Running in Controller and M.L.A. Son.

The board of police commissioners yesterday afternoon severely reprimanded a constable for asking Controller Ramsden and his son, Jack Ramsden, M.C., M.L.A., to walk to West Dundas street station because they refused to "move on" fast enough to suit the constable. At the police station the sergeant in charge at once explained the mistake of the constable and action was taken by the chief. "It was a shocking example of lack of judgment," commented Chief Grassett. The policeman in question did not know either of the two men, who were talking after they had left a meeting of injured returned soldiers.

Controller Ramsden did not wish the policeman dismissed, so the board decided to transfer him to one of the outlying divisions.

It was on the night of February 2 that the incident occurred, and thinking that the matter had been settled the police requested the press not to publish the details. The name of the policeman was withheld from publication yesterday, but the chief remarked he had been on the force five years.

Further postponement of the request for a permit to open a tea room at 97 St. George street was made by the board.

The militia department at Ottawa informed the board that the military had no steel helmets.

The United Veterans' League were granted permission to hold a tag day on April 3.

Constable Smith was granted a merit mark for arresting burglar, Constables J. S. Irwin and A. E. Tucker resigned.

Mayor Church, chairman of the board, was unable to attend owing to ill-health.

WILLS AND BEQUESTS. Eliza Jane Legimer, who died on January 25 last, devised an estate of \$9,000 absolutely to her husband, Alexander Ralph Legimer, by her will dated April 12, 1899, which has been filed for probate in the surrogate court. Seven sons and two daughters share in the estate of George Elka, who died on May 15 last, leaving an estate valued at \$878. The will dated Oct. 17, 1910, directs that the estate be given to the widow, Agnes Ellis, for the support of herself and the children.

Miss Jane E. Williams will inherit the \$300 in household goods and personal effects, and the property at 46 Kendal avenue, valued at \$900, which make up the estate of her mother, Mrs. Eliza Williams, a widow, who died in Toronto, February 6.

### J. H. MOSS, K.C., LAID TO REST

Law and Military Attend Late Barrister-Colonel's Funeral.

Attended by many of the legal fraternity who had known him in life, and by representatives from the Mississauga-Horse, the funeral of Lieutenant-Col. John H. Moss, K. C., was a quiet but impressive ceremony.

The service was read by Canon Plumtree. The pall-bearers were: H. J. Wright, J. A. Thompson, R. C. H. Casals, E. C. Cronyn, Major-General James Emsley, C. B. Lieut.-Col. H. D. L. Gordon, D. O. Major R. S. Angus and F. Temple Blackwood.

The funeral was strictly private and quiet in accordance with what is felt would have been the wishes of Col. Moss. Altho no flowers were requested, there were many wreaths, among which were tributes from the Ionic Lodge, Zeta Psi Fraternity, the firm of which Col. Moss was a member, and from the law associations.

Thru the efforts of the members of Earlscourt G. W. V. A. Ladies' Auxiliary under the leadership of Mrs. Hugh John Macdonald, and thru the kindness of Messrs. Jude and Jay J. Allen, nearly three hundred Earlscourt kiddies, many of them war orphans, were given the time of their young lives yesterday afternoon.

The affair was a special memorial matinee gotten up in memory of Earlscourt's fallen soldiers, and in aid of the widows and orphans of the district, by Mrs. Hugh John Macdonald, Mrs. E. J. Macdonald, Mrs. Selma Wood, Mrs. Langford, Mrs. Bruff, Mrs. Addison, Mrs. Carter, Mrs. Sanders, Mrs. Smith, Mrs. Delaney, Mrs. J. P. Scriver, and Mrs. Sanders, the members of the ladies' auxiliary of the Earlscourt G. W. V. A.

With that public spirit that has always characterized the Allen Brothers, their chief, Mrs. Allen, was given gratis for the affair with the regular picture program of comedies, cartoons and the great Basil King story, "The Street Called Straight."

By the time the program commenced the kiddies had gathered in the theatre nearly three hundred strong and the yells and shouts of laughter at the comedies soon made manifest their enjoyment. Their appreciation of the great drama was none the less, for with every appearance of the widow and hero the air was rent with boos and hisses and shouts of praise.

His honor, the Lieutenant-governor, who presided at the meeting, was absent with influenza and hero the air was rent with boos and hisses and shouts of praise.

Later Mrs. Macdonald spoke and said that the matinee was the opening of a series of entertainments to the soldiers' children. She said that the children of the district should never be forgotten in that district. Three cheers for the Allen Brothers were called for and five minutes afterwards it was, if pandemonium had broke loose.

When the program was concluded the children fled out past the ladies and received presents of candies, fruit, and in addition, each child received either a pair of socks, a toy or a pair of mittens.

### Oakal Co. Had a Big Fire

at Queen's Hotel on Monday of this week, and convinced hundreds of people that the claims made for the burning, heating and economic value of their fuel product were justly warranted.

Knowing that we have the very best fuel product, and knowing that we can manufacture it at a good profit and sell it to consumers at a price considerably less than that of anthracite coal, we secured our property, comprising two acres, from the Toronto Harbor Commissioners, purchased and paid for our machinery and awarded the contract for the erection of the buildings to Messrs. P. H. Secord & Sons Construction Co., Limited, who have purchased the material therefor, and will begin building operations immediately the Harbor Commissioners have laid the railway siding into the property and completed the driving of piles for the foundation.

This plant will produce 200 to 300 tons of OAKAL per day, and at \$1.00 per ton profit, will yield a nice dividend for the shareholders. This is a very reasonable profit, since coal consumers pay \$1.37 per ton royalty to the land owner of coal properties, about 60c per ton to the exporter, a possible \$1.50 per ton profit to the coal mine operator, \$3.30 per ton profit, citizens will produce work and wages for Canadian workmen, and turn a balance of trade of several millions per annum in Canada's favor; in other words, keep millions of Canadian dollars doing and earning in Canada. It commends itself to every true Canadian and deserves the support of every citizen who desires A BETTER AND A CHEAPER FUEL.

## Sir Edmund's Partner.

Evidence enlarges that men in all countries who face the facts are realizing the impossibility of the economic world righting itself so long as financial thinking is done in terms of currency and not in terms of merchandise—the habit which Sir Edmund Walker keeps up in a fool's paradise. Some way must be found to standardize values in commodities, rather than on an ounce of gold.

To the Leeds Chamber of Commerce Mr. Beckett, of a great banking house, said: "All the gold from South Africa for the next twenty years cannot settle the present conditions between the United States and Great Britain, and her allies. We must get down almost to barter."

Presumably, "And if you could get all the gold from South Africa for striking the balance, the obligations to the United States which it would be used to liquidate, would be held by the gold mine owners—gentlemen who have an uncanny affection for the bright side of a sovereign."

Mr. Beckett's next job must be to devise the mechanism of barter, that will make the gold-mine owners so many back numbers. No doubt Sir Edmund Walker could help him. It would be a wonderful achievement if Yorkshire in England and York County in Ontario could furnish a pair of economic Mosesses.

## The Forward Movement.

A much better response is being made to the appeal in aid of the Forward Movement of the churches than to the recent social service appeal. It raises the question whether it is a question of choice between theoretical and practical religion, or whether it is merely the result of different methods, and the advantage of a specific over a general appeal. In the case of the charities what was everybody's business. In the case of the churches the instinctive loyalty of every member is enlisted for his own institution. There need be no objection raised because human nature responds to sympathetic treatment. It is a case of being wise as serpents. It is to be presumed the harmlessness of the dove will follow.

A good business acumen is being devoted to the campaign, and it is a good sign that brains are being put behind the business methods of the churches. Business men were awakened by the war to the great value of the church as a social agency. It is just as easy if not a great deal easier, to "promote" the church as it is to "promote" a business proposition. The forward movement, in plain terms, is the business men's plan to promote the Gospel. It is evidently going to be a financial success, but it depends on more than the business men to make it a social success.

The test of all movements of the kind, of any movement having humane and social objectives, is whether it is unifying and bringing people together, healing old breaches, establishing peace; or whether it is perpetuating the old difficulties, stirring up the old strifes, keeping open the old sores. The intention counts for much, but there must be experience and intelligence behind all action to ensure success. The Forward Movement may be the beginning of a new era in religion, as the great war opened a new era in society. A rich stream of money is being poured out in aid of the effort, but men and morals are needed also. If this combination can be secured then we shall see great things done by the churches.

## The Paisley Contest.

Today is the day of the Paisley election, over which more interest has been taken than over any similar event for years. It is a struggle to establish party government on the old familiar party lines, with the Labor elements united in favor of an entirely new era. Under a proportional representation vote there would be no doubt of the result and Labor would win. But in a three-cornered fight there is always the possibility of a minority candidate winning, with the result so dear to partisan manipulation of carrying on minority government.

Mr. Asquith is a historic figure in the fray, and it is recognized that his political career depends on his success or failure in this contest. He is assisted by all the elements in British political life who are anxious to see the old party system restored in all its maturity. The high Tory element is quite as anxious to see Asquith in as his daughter, Lady Bonham-Carter, has shown herself to be. The regular Tory candidate has been recognized by official acts, but it is Asquith who gets the unofficial approval.

The matter is, however, not in the

## POLITICAL NEWS

The Toronto Telegram strongly opposes the selection of Sir Thomas White as prime minister in succession to Sir Robert Borden. The Telegram says that Sir Thomas is more or less tied up with the big interests and would be on the defensive in any campaign. A fight for the national policy, it argues, would be turned into a controversy over the financial holdings and alleged pro-corporation leanings of Sir Thomas White. The Telegram does not want a convention to choose Sir Robert's successor, and is no less opposed to the choice being made by a parliamentary caucus. A leader, it thinks, may be strong in the caucus, but weak in the polling booth, and says:

A Sir William Hearst provincial leadership was strong in caucus and weak in the polling booth. Sir Thomas White federal leadership would be even stronger in caucus and equally weak in the polling booth. Ontario proved that a caucus of Conservatives did not know its party's mind or its country's mind when the caucus stood by Sir William Hearst. Canada is only too likely to prove that a caucus of Unionists will not follow the Conservative party's mind or the country's mind if the caucus forces the premiership upon Sir Thomas White.

The Ottawa Journal, which for years has apparently enjoyed the confidence of the prime minister, attacks the new "National Party" launched by Senator J. S. McLean and the Montreal Gazette as an effort to raise the tariff and secure for the manufacturers "hog protection." The Journal believes in the National Policy, but warns the manufacturers against any attempt to stand pat or to increase their present measure of protection. It says nothing in its so-called "platform" of the new party which does not agree with the policy of the Union government, and therefore cannot see why The Gazette is gibing at the present ministry unless it desires to force all the Liberal Unionists out of the government and fight the remaining Conservative members into hosting the tariff. Among other things The Journal says:

"The Journal has expressed a view that the greatest national danger at present is the upset of the protective system. But it is to be expected that the opinion also that any increase of the scale of the present tariff or of any lessening of the British preference, or any obstruction to free and continuous revision of any part of the tariff, would be a national injury. And this is the kind of injury which would be likely to follow the success of any political party proposing a tariff favored by The Montreal Gazette and its special friends."

If the Canadian Manufacturers' Association is behind the McLeanian manifesto of the high Tories, but of the Paisley electors. They are a shrewd community. Mr. Asquith, as holding office as prime minister longer than any other British premier, naturally appeals to the Liberals, but he is all the more obnoxious to those who recognize him as the chosen representative of the old order of things. Lloyd George, in the popular mind, gets credit for most of the reforms brought about in Asquith's reign, and to the progressive elements he only represents the brake to slow things down.

The Labor candidate has developed what are regarded as weaknesses by some, but they may with equal warrant be regarded as factors of strength. Criticisms of the Labor party that come from the Liberal or Tory camps arise out of feeling rather than judgment. Labor in Paisley has been organized as labor is now being organized all over Britain, and as it has not previously been organized anywhere. Candidates in these encounters do not weigh so much as the causes they represent, and it is very probable that Mr. Asquith, with all his ability and prestige, may be submerged in the rising flood of the new democracy.

Labor is advancing rapidly in Britain, and it is freely admitted that the chances of a Labor government to follow the present one are excellent. Should this be the case, Britain will once more lead the democracies of the world. It will astonish, as indeed it already astonishes, many reformers in the United States, to think that Britain, a monarchy, can establish a Labor government when the great republic cannot elect a Labor member to congress. The effect of a Labor government in Britain upon Russia, Germany, Italy and the Asiatic nations it is impossible to estimate, but a Labor victory today in Paisley will be the forerunner of the general victory that will install a Labor premier in Downing street.

## CIVIC EMPLOYEES ENJOY CONCERT

Annual Benefit of Union Proves First-Class Affair.

The first annual benefit concert of the Toronto Civic Employees' Union, Local No. 43, at Massey Hall last night, proved a very pleasing entertainment, a number of well-known local artists providing a fine program which was enjoyed to the utmost by the audience. Enthusiastic recalls being the order of the evening.

And enthusiastically recalled: Howard Russell, in good voice, gave an artistic rendition of "My Dreams" and other numbers. The program closed with a sketch, "The Rehearsal," in which Agnes Adie, Howard Russell and Joe Williams were the players. Chas. E. Murray was accompanist for the evening, and Commissioner B. Harris chairman. The city council was represented on the platform by Aldermen Mrs. D. A. Hamilton, ex-Controller Robbins, Alderman Baker and Winnett.

Mr. Coote is reverent but not pacific. When he raises a hand it is to brandish a sword. He is a man of letters, and when he prescribes his sides it is with his knuckles. Will Ulster fight? How could Ulster help it? Ulster will never surrender and will stand with the British flag.

Mr. Coote covered the future of Ulster in a sentence—it will be a sorry day for Sinn Fein when it invades Ulster. Conviction, zeal, flaming passion, concentrated humanity—these are the impressions layman and cleric alike make on the speaker. Another is no possible question of their sincerity—it shines from their faces and wells into their speech. The Ulsterman is a modernized Old Testament in breeches, with the faith that sees God in clouds and hears him in the winds and waves.

As Mr. Coote said when Ulster had named herself in the summer of 1815: "I was a battalion commander, and I was ready to do the uniform again—and when the British army was formed and the British flag was in the offing and Belfast was prepared to be seised in blood, the Lord to whom they prayed intervened, and instead of fighting for their own liberties, the volunteers flocked to the colors of the British flag, and John Redmond was truly patriotic, his appeal for enlistment was the signal for Sinn Fein to rise from insignificance to dominance and was sent to a premature grave. Mr. Coote said nothing about present conditions in Ireland, or the parliamentary situation in London. He will speak in a few days at the meeting of tonight's meetings, and will be well worth hearing."

Present State of Ireland. Referring to the present state of Ireland, Mr. Coote declared that anyone who said the British government tyrannized over Ireland was uttering a direct lie. Ireland was not a spoilt child of Britain. The speaker then went on to show what had been done in the way of housing, farming and labor. A farm laborer, he declared, could get a well cultivated acre with an acre of land for 5c per cent per week. "Can you equal that in Canada or the States," he asked. "If that is oppression," he declared, "we want more of it." In dealing with the question of Ireland's parliamentary representatives in the house of commons, he said the Sinn Fein members were like a flock of sheep. The hon. member paid a great tribute to the late John Redmond. He said he hated the late hon. member's politics, but when it came to a tight corner, he played the game of empire (Cheers.) But the speaker said that John Redmond advocated enlistment in the south of Ireland, he was a doomed man in Irish politics. Mr. Coote declared there would never be a serious rebellion in the south. He could blow up the whole thing in two hours," he added.

At the outbreak of the war, said Mr. Coote, Ulster at the orders of the government was full of soldiers and the fleet was off her coast. God however, intervened and sent the great war to prevent a struggle within the empire. At that time he (the speaker), was the commander of a large body of Ulster volunteers and these men instead of turning their guns on Englandmen, went away to fight the Germans. Through Ulster one out of every eight went to the war and Ulster made 95 per cent of the linen used for flying machines. (Cheers.) The Ulster volunteers still existed and it would be a bad day for Sinn Fein when they try to enter Ulster. (Cheers.) Supporting Ulster had been shot down by Mr. Asquith's orders, where would the world be today? he asked. "God had sent Sir Edward Carson to save the empire," declared Mr. Coote. "The men of Canada, Britain and Ireland could control the world commerce, the world fleet, the world peace as masters of the seas," he said in conclusion.

Among the other speakers were Rev. Mr. Corkery, Rev. Dr. Patterson, Rev. Mr. Hazelton, H. C. Hooker, M.P., Hon. T. Crawford, F. Dale, Controller Maguire and Aid. Cowan.

Over one hundred of the leading clergymen of Toronto were present yesterday morning at the Central Y. M. C. A. When the Ministerial Association gave a banquet and an official welcome to the north of Ireland delegates. Among those present to welcome the visitors were Bishop Browning (Reformed Episcopal Church), Revs. Dr. Workman, Dr. J. Molloy, A. Molloy, J. T. Torrey, Dr. F. Pidgeon, Dr. Hincin, Canon L. Skeg, Dr. T. Baskin, Brig. F. Morris

## BOTTLERS HEARD IN LIVE STOCK CASE

Shippers and Railway Interests Present Views on New Contract.

Ottawa, Feb. 11.—(By Canadian Press)—Live stock shippers and railway companies in Canada have each presented their views to the railway commission on the form of a proposed new live stock contract, and this board concluded its hearing of the case to-night after two crowded days of discussion. George F. Henderson, K.C., for B. Bennett, K.L., represented most of the shipping interests in Canada and were supported by a number of live stock and agricultural experts from the west, while the railways were represented by E. P. Flintoff, for the C. P. R.; Alistair Fraser for the Canadian National, and P. Chisholm for the Grand Trunk. The railways also urged that the contract should give evidence on live stock traffic.

Make Decision Soon. Chief Commissioner Hon. F. B. Carvell announced at the close of the hearing that the board's decision would be ready, he hoped, in a short time, and replying to Mr. Flintoff's request that the railway be given an opportunity to comment on a suggested form of contract, which the shippers had filed alongside the one that had just been considered, said that he felt that with such a live stock expert as Dr. J. G. Rutherford on the board there would be no danger of anything but the fairest consideration being given the proposals submitted.

States Case for Men. J. M. Reid, of the Calgary live stock shippers' exchange, presented the case for the smaller shippers and urged that the railways should give better accommodation for men traveling. "And what we need," he said, "on this head he spoke from experience and his suggestions were discussed by the board with railway representatives one by one as they were presented."

It was agreed that a number of grievances would be taken up at once in conference to be arranged between the shippers and the railways. Most of these grievances concerned the conditions of loading cattle, minimum weight, and the question of feeding facilities en route.

## MORE DOUBTS ABOUT PREMIER'S PROGRAM

No Word Reaches Government—Sir Robert's Health Not Yet Restored.

Ottawa, Ont., Feb. 11.—(Canadian Press)—Doubt whether Sir Robert Borden will be able to resume the active premiership, has been raised by press despatches from London. The despatches indicate that his health is yet far from restored. If such continues to be the case, his retirement from political life is regarded here as inevitable. So far, the government is without word of Sir Robert's intentions. He left for three or four months' holidays without any definite destination in view, although it was his intention to accompany Lord Jellicoe to South Africa to see the fleet. No official mail is being forwarded to Sir Robert, as it is desired that his rest should be as complete as possible.

May Return in Summer. It is thought, however, that Sir Robert's stay in England will be of short duration. It is regarded as likely that he will either go to the Riviera, or perhaps return to this side of the Atlantic and go south. Should Sir Robert return to his political duties, he will probably be back in Ottawa again in the early summer. Unless the coming session of parliament is unduly prolonged, the expectation is that Sir Robert will be unable to be back in time to take active part in its proceedings.

Among the advance guards of Ulsterian members already arrived, there is much discussion over the situation and the possible outcome of the party caucus, which will be held on Monday night. The party is expected to settle down to work.

## VICTIM OF PNEUMONIA.

Belleville, Ont., Feb. 11.—(Special)—Howard P. Ketcheson, aged 45, only son of Tom Ketcheson, governor of Belleville jail, died this morning after a brief illness from pneumonia. He leaves a wife and young daughter. He was formerly an officer of the 48th Hastings Rifles.

and some Americans encouraged him. "Where would America be today," asked the mayor, "and all her seaport towns if it had not been for the British fleet?" He added, amidst laughter, "The States claim they won the war."

William Coote, M.P. (Britain), the leader of the delegation, said that he had been to Ulster to give them out a fitting climax to a most successful mission in the United States. All the people in the States were glad to see the Canadian flag and the American flag. He understood Ulster's case, but Ireland had been so blackened in the States, he said, that he had to be prepared to fight for her liberty when the late home rule bill came before the house of commons. Supposing, he asked, that the British government had not been today in regard to Germany? During the war they found De Valera entering into conspiracy with the Germans to hand the country over to the United States. For the rest, the ordinary day feeling when crossing the mountains and prairies for three days, which curiously reminded him of Jonah's travels in the commissariat of the United States.

Mr. Hazelton Canada is sacred ground. One of his sons he saw in British Columbia last week for the first time in eleven years. Another who was settled in the west had paid the last sacrifice as a Canadian soldier—and so you come to the deepest human interest that binds us all together. For the rest, the ordinary day feeling when crossing the mountains and prairies for three days, which curiously reminded him of Jonah's travels in the commissariat of the United States.

## ULSTER DELEGATES CORDIALLY GREETED

(Continued From Page 1.) The city representatives present were: Mrs. Alderman Hamilton, Controller Maguire, Aldermen Blackburn, Maxwell, Cowan, Baker, Johnston, Flewman, Burgess, ex-Controller Robbins, and ex-Alderman McGroggie. The Hon. T. Crawford, M.L.A., was also among the assembled.

Wilson was standing on the diamond directing traffic at 6.30. He signaled the motorman of the Carlton car to come on, but in place of traveling the regular route east on Gerard the motorman, unknowingly to Wilson, had switched and was turning the car to go north on Parliament, when the policeman was caught between the Carlton car and crushed against a southbound Winchester car. Wilson joined the force four months ago, and lives at 149 Jones avenue.

## THE GIRL WHO SMILED THRU FRIENDSHIP.

CHAPTER 4. "I'm coming back to you in half an hour," David Thorne called in from the gate. Alice, who was sitting her mother comfortably in a cushioned chair on the porch, smiled and nodded, then turned back to the little old lady with an expression of dismay.

"Gracious, I shouldn't go!" she said. "The weeds are growing so fast you can hear them since last night's rain, and the grass needs cutting." Her mother said comfortably, "But tomorrow I must bake, and then—" "I'll buy store bread," Mrs. Fairbanks announced calmly. "Go get washed and dressed."

"Dressed! But it's only a two-mile drive to the old Potts farm! I'll do as I am." "Alice!" her mother exclaimed in desperation. Haven't you any sense at all? Do you want to go out for an afternoon drive with a young man looking as if he—" Alice turned to the little mirror in the hall and surveyed herself. Her hair, always done hastily in the morning, had loosened during the week, and her forehead and neck, her hands were stained from paring vegetables.

"I'll slip your linen coat over my house dress and comb my hair," she conceded after a brief examination. "You'll wash and comb your hair and put on the blueingham with the organdie ruffles," her mother said with more determination than she usually showed. "I believe you want me to flirt with him," Alice said with a little grimace as she started to pull out her hair. "I want you to show some of the sense other girls show," her mother retorted. "If he takes Clara, she'll probably wear her hair after getting ready," said Alice. It was the nearest to a cattish remark she had ever made.

But half an hour later she was glad she had, as she expressed it, "wasted her afternoon" in getting dressed. The flying wisps of hair were held back under a net, the stains had gone, and the ministrations of her mother, the blueingham dress was certainly pretty. And David came back alone in a light carriage—Clara was not with him.

### EASTERN ONTARIO LIBERALS' RALLY

#### Meet in Ottawa March 5— King and Dewar Will Speak.

Ottawa, Ont., Feb. 11.—(By Canadian Press.)—President and secretaries of the Liberal Riding Association of Eastern Ontario have been notified from here that the annual meeting of the Eastern Ontario Liberal Association will be held in St. Patrick's Hall, Ottawa, on March 5. A special request is made to have women delegates in attendance. At the last annual meeting, Liberalism from 23 provincial constituencies were present and there are 18 federal seats in the district.

The membership of the association includes Liberal candidates in the last provincial and federal elections and those nominated for the next elections, the president and secretary of the Liberal Association of each constituency with ten delegates from each and the officers of the association.

The proceedings are to open at 10 o'clock on the morning of March 5, when H. H. Horsey of Oranby, Ont., president of the association, will deliver his annual address. Other speakers will include the honorary vice-president, Hon. Charles Murphy, Hon. G. T. Ham, T. R. Caldwell, Hal B. McDevlin, Darnas Racine, M.L.A., Norman Scott, and A. C. Hardy.

The evening meeting will be open to public and press, and Hon. W. L. Mackenzie King, Liberal leader, and Hartley Dewar, M.L.A., leader of the Ontario Liberals, will be the chief speakers.

In calling attention to the need of every Liberal taking an active part in the attempt to secure good government, the notice sent out stated: "It is anticipated that the dominion general elections will be held during the year 1920."

### Much Influenza Reported In City of St. Catharines

St. Catharines, Feb. 11.—There is a lot of influenza in the city, but the health act does not make it imperative for physicians to report it. The board passed a resolution requesting the doctors to report each day the new cases of flu. Owing to lack of nurses it is impossible to handle the number of influenza cases, and volunteers for V. A. D. work have been publicly requested to hand in their names to the secretary.

### PRODUCERS OPPOSE NATIONALIZATION

#### Conference at London Passes Resolution Against State Ownership or Control.

London, Feb. 11.—After considerable discussion of the question of nationalization of mines, the conference of manufacturers and producers convened by the Federation of British Industries today passed a resolution against state ownership and state management of any branch of industry.

Sir Adam Nimmo, vice-president of the Mining Association of Great Britain, who presented the resolution, said that the meaning of the demand for the nationalization was an effort to seize the vital of the community and force out of the community conditions as to wages and employment, which the miners believed they ought to obtain.

After nationalization of the mines, Sir Adam asserted, labor intended to nationalize the land, shipping, banking and insurance and ultimately secure in their hands the whole means of production of the country.

### DRESS CONTRIBUTORY TO SOCIAL EVILS

Willard W. C. T. U. meeting held in the parlor of Bathurst Street Methodist Church was addressed by Alderman Mrs. Hamilton, who spoke on the terrible prevalence of venereal disease, the need for sex education and for better standards of purity. She considered the present style of dress contributory to impurity.

Miss Macintosh of the China Inland mission took part in the discussion which followed.

Effective solos were contributed by Mrs. Follett and appropriations made to the travelers' aid work, Willard Hall extension fund and the Armenian fund by the union.

### SOCIETY NEWS

#### CONDUCTED BY MRS. EDMUND PHILLIPS.

His Excellency the Duke of Devonshire is spending today at Renfrew. Her Excellency the Duchess of Devonshire intends sailing for England by the *Metagama* next Monday. Capt. Cator, A.D.C., will accompany Major-General Sir Archibald C. Macdonell, K.C., C.M.G., D.S.O., to town.

The Varsity veterans' first annual at home took place last night at the King Edward with the greatest success, fully six hundred being present. The company danced in the Pompeian, Louis rooms and corridor, and it is some time since so many uniforms were in evidence, not to speak of the lavish display of decorations.

Unfortunately the university V.C. was missing, having gone to Ottawa. The program was a work of art, in dark blue and white, with a life-like picture of a man in trench equipment. Supper was served in the Victoria room, with special decorations in the university colors.

The patronesses receiving were: Mrs. G. H. Mitchell, wearing royal blue sash with net over-dress embroidered with gold and a pearl necklace; Mrs. J. J. MacKenzie, in black tulle, trimmed with gold, the corsage embroidered with gold flowers, a pearl necklace and bouquet of red roses; Mrs. T. R. London, in pale blue velvet, draped with silver embroidered net and a blue ostrich fan. General Mitchell and Prof. J. J. MacKenzie were also present.

Mrs. D. Bruce Macdonald has returned to town from Muskoka. The *Sprinklers* hall will take place tonight, as announced, in the Masonic Temple, Yonge street and Davenport road.

Lady Hughes passed thru Toronto yesterday en route from Hamilton to Lindsay, and visited General Sir Sam Hughes at the Wellesley Hospital. Captain N. Clark, Major and some of the men from Trinity College gave a dinner of twenty at the King Edward last night before the university dance.

Miss Olive Brush and Miss Marie Brush gave a joint recital last night in the Toronto Conservatory music hall, when a very appreciative audience filled the hall. Miss Olive Brush wore a frock of blue tulle trimmed with crystal and pink rosettes. Her sister was in brown chiffon velvet with brown tulle and gold trimming. The girls, who are great favorites, were given bouquets and bouquets of lovely flowers, carnations, roses, freesia and sweet peas. A few of the people present included Mrs. W. G. A. Lambie, Mrs. Fred Clarke, Mrs. William Gale, Miss Gale, Mr. and Mrs. Walter Haynes, Miss Elizabeth Young, Miss Lina Adams, Mrs. Dr. Gordon Adams, Dr. Gordon Bates, Mrs. John Hall, Mr. Brush, Miss Vida Contarworth, Miss Estelle Orin, Miss Helen Orin, Mrs. Leslie Harris, Miss Mary Morley, Miss Pamphillion, Mr. Bernard Preston. At the annual meeting of the Georgia.

House on Monday at 8 p.m.; a portrait of the founder, Mrs. Brounall, will be unveiled by the Bishop of Toronto.

In accordance with the recommendation of the medical officer, the Rifle Corps of Upper Canada College has postponed its dance on Saturday evening, Feb. 14, for which invitations had been issued. The dance will probably take place after Easter.

Col. George Ross, I.S.O., Mrs. Ross, Mr. and Mrs. Gordon Gullock (Ottawa), Dr. and Mrs. H. D. Courtyage, Mrs. Fred Taylor (London, Ont.), were among those at their excellencies' skating party at Government House, Ottawa, on Saturday afternoon last, which was the largest and most enjoyable of the year.

Mr. and Mrs. Hilton Toddhope have returned from a stay in the south. Mr. and Mrs. William Dobbie are leaving shortly for Albany, N.Y.

Owing to the epidemic of influenza and in accordance with the request of the M.O.H., that all large gatherings be given up, the reception of the club will be cancelled. The reception to be given in honor of Gha. Branscombe on Saturday afternoon, Feb. 14, all other meetings of the club will be postponed until further notice.

Miss Fautine Hayes came from Quilich for the university veterans' dance at the King Edward and is staying with her aunt, Miss Marie Macdonald.

The Irish dances are staying at the King Edward.

Mrs. Allen Neilson's dance has been postponed until a later date. Invitations have been issued to the Oakwood graduates' dance in Columbus Hall on Friday night the 20th inst.

Mr. John Irving and Mr. E. R. Diamond from Montreal, are at the King Edward.

Mr. J. B. Tyrrell has returned from England.

Receptions. Mrs. A. Lloyd Fleming, formerly Miss Helen Hyde, Plainfield, New Jersey, will receive for the first time since her marriage at 109 Walmor road on Tuesday, Feb. 17, from 4 to 8 o'clock. Mrs. R. J. Fleming and Mrs. Francis De Lacy Hyde will receive with her.

Receptions. Mrs. Mackenzie Waters (formerly Miss Alice Garvin of Ottawa) will receive for the first time on Friday, February the thirteenth, at 60 Hampton Court, Avenue road.

Mrs. F. A. Reid, formerly Miss Della Davies, will receive this afternoon for the first time since her marriage at her home, 62 Maple ave.

In compliance with the request of the medical officer of health, Mr. and Mrs. Charles Ellis and Mr. Matthew Ellis' dance for Thursday evening has been cancelled.

### REFLECTIONS OF A BACHELOR GIRL

BY HELEN ROWLAND. SENTIMENTAL NUMBER

LIVES there a man with soul so dead, who never thinks of himself but said, "By jove! This is St. Valentine's Day! Guess I'll get a little girl, she's just the thing for me, and then promptly forgotten all about it!"

To forget a woman's birthday may be a compliment; to overlook her at Christmas may be a defiance; but to neglect her on St. Valentine's Day is a sin against all the gods of sentiment, and a shock that her vanity cannot sustain.

You may laugh, you may scoff at this day, if you will, but the fragrance of sentiment clings round it still; and so long as the thrill of it never grows cold, you are one with sweet youth! When it dies, you are old!

It is the feat of a bachelor's life, to think of something to send a note on St. Valentine's Day, which will beautifully express his devotion and yet be perfectly safe and non-committal.

Oh well, Algeon, if you can't be original, make a dozen roses on a sheet of note paper and mail it to her.

Perhaps women are mercenary—and yet, a little boy's patron saint is St. Valentine, the lover.

Try this on an old "valentine": Thru all the years, upon this day, when my thoughts I've carried you, perhaps, sweetest—open my eyes, because—wisely never married you.

Nurse Who Served in France Is a Victim of Pneumonia

Guelph, Ont., Feb. 11.—(Special.)—The death took place at Speedwell Military Hospital last night of Nursing Sister Miss Geraldine McGinnis, of London, from pneumonia. She had been ill about ten days. She was 26 years of age and greatly beloved and respected by everyone connected with the hospital. She served in France for some time, having been overseas twice, and was also a nurse at this hospital on two different occasions.

Elect Homer Ford Chairman of Kitchener Park Board

Kitchener, Ont., Feb. 11.—(Special.)—At the inaugural meeting of the park board held here today, Homer Ford was elected chairman. The chairman of the various committees are: Property, W. O. Knechtel; grounds and horticulture, Fred Chace; athletic, W. H. Dumart. It was announced at the meeting that the increased assessment this year would net the board an enhanced income of \$1000.

Manufacturers of Cotton Now Answer Questionnaires

Ottawa, Ont., Feb. 11.—(By Canadian Press.)—The recent sitting of the board of commerce, at which the cotton section of the textile manufacturers were told in very positive terms that it would be desirable for them to delay no further in answering the board's questionnaire with regard to their business, appears to be coming to a close. Answers are now being received quite a number have been received.

The board has allowed until the 17th of this month for the answering of the questionnaire by the cotton men. They have been in default since Jan. 20. But the board refrained from making any further order for ten days from the date of the last hearing.

### LACK OF NURSES BECOMES TRAGICAL

(Continued From Page 1.)

Sunday accomplished something, but registrations have fallen away low again.

**Safer in School.**

The M.O.H. declared today that at present there was no intention of having the schools close down. "I have taken the stand that children are decidedly safer in school," he said. "They have an organized medical and nursing service and the children are under the direct care of nurses and doctors. There is little or no danger of children attending the school and carrying the germ of the disease to other pupils."

The board of control at yesterday's session, on the motion of Controller Maguire, passed a resolution asking the general public to co-operate with Dr. Hastings and the public health department in refraining from conducting and attending dances. "The doctor attending my wife, who is ill, told me that if the congregating of people at dances and parties was prohibited the influenza germ would be killed in ten days," said Controller Cameron.

The hospital nurses who are bravely combating the infection are among the sufferers. In the Western Hospital there are nine nurses ill, in the Grace Hospital six.

Commissioner Chambers' staff in the parks department of 350 men has been reduced to 223 by the disease.

The theory that many people suffer because they cannot afford nutritious suitable to exceptional weather owing to the high cost of living is not in harmony with the financial status of many victims. Provincial Treasurer Peter Smith is still on the sick list. A. B. Ingram, vice-chairman Ontario railway board, and Commissioner J. A. Ellis are also under the doctor's care.

In York County influenza is at its height in that section there is probably more sickness than has ever been the case in the history of the county. Diphtheria, scarlet fever, smallpox, and "flu" are all raging in Richmond Hill, where the six-roomed public school was closed yesterday. The first victim of diphtheria was Seymour Denny, an eight-year old public school boy, who died yesterday afternoon following a short illness.

"The flu" is spreading out into the farming districts and is leaving almost untouched those districts where it was most prevalent last year. Around Newmarket there are probably at least two hundred cases within a small radius. In many cases whole families being ill. A considerable amount of hardship has been caused when this is the case, especially in the farming districts where it is necessary for neighbors to tend the farm stock as well as nursing the whole family and doing the house work.

**At Agincourt.**

At Agincourt, also there is at least one member of nearly every family ill with flu, yet the outbreak is of a very mild type except where the family escaped last year. Dr. E. N. Coult, medical officer of health, said last night that the smallpox epidemic is dying out. The two schools that were closed two weeks ago will be reopened next Monday unless the flu situation warrants them to be again closed. This, however, is unlikely.

Stouffville and Mount Albert, the storm centres of flu last year, are practically untouched. In the present epidemic, only a few cases and these of a mild type, being reported. It is expected that more cases will develop as the outbreak is spreading slowly into that part of the county radiating from Toronto, but Dr. Dalea of Stouffville does not think the epidemic will compare with that of a year ago.

**Victorian Order of Nurses Aid Kitchener Against Flu**

Kitchener, Ont., Feb. 11.—(Special.)—Owing to the increased menace from flu, the local branch of the Victorian Order of Nurses has announced that relief rooms will be opened here tomorrow morning. The rooms will be the headquarters for recruiting volunteer nurses to care for families stricken with the disease. A soup kitchen will be opened if the epidemic warrants.

### "FOR LOVE AND MONEY."

Saint Jude's Dramatic Club gave their third entertainment last evening in the parish hall, Roncesvalles avenue. The bill consisted of a three-act comedy, "For Love and Money," and a one-act comedy, "To Oblige Benson." The company made a very effective presentation and received much applause.

The players included Messrs. Lewis, Criddle, Baldwin, Griffith, Carpenter and Crawford, also Misses Tierney, Messager, Kitty Morris, A. Morris, Jelliman, Lewis and Godard. The event, which is in support of the parish funds, will be repeated this evening.

# A PICTORIAL HISTORY OF THE R. A. F. CANADA

Hun Fokker used by the Bishop-Barker Co., to announce the publication of the Air Force Album. Capt. Pearson flying over Toronto.

## THE AIR FORCE ALBUM

**A Complete Record of Each Individual Member of the Force  
It Will Become Increasingly Valuable As Years Go By**

With a view to the establishment of a permanent record, we are now compiling a pictorial history of the Royal Air Force, Canada. This book will contain photographs of ex-Officers, Cadets and Air Mechanics, of the Air Force, together with a brief personal history of each, and a copy will be sent to all ex-Officers and Cadets whose pictures are placed therein.

The great war is steadily passing into history, and it is with this fact in view we feel that an album properly compiled, giving a personal touch, will not only be greatly appreciated by those directly interested, but by all who are dear to them, as well as having decided historical value to the Press of both Great Britain and America.

We have had some very encouraging letters from some of the leading newspapers of Canada and the United States, stating that such an album would not only be welcome in their Reference Libraries, but would be of great assistance to them, as such information becomes harder to gather as the years roll

by. Therefore, we propose to send a copy of this album to the leading newspapers of England and North America.

A record of this kind will be examined in years to be, by your children's children when the question comes up as to where was your Daddy when the great war was on. It will also be a pleasure to look at the familiar faces of those with whom you served in days gone by. It will tend to fraternize men who, for a great cause, made a personal sacrifice.

The price for a full page is \$27; for a half page \$15. Mail a cheque or money order for ten dollars and a copy of the album will be sent with a cut of yourself, C.O.D., for the balance.

(A history blank to be filled in is placed here for your convenience.)

All cheques, drafts and money orders to be made payable to the Canada Permanent Trust Company, Trustee, as all moneys paid in on account of subscriptions are to be paid by them in trust for subscribers until shipment of Album actually made.

### Facts About the Air Force Album

- 1—It will be bound in leather, stamped in gold, and printed on white coated paper.
- 2—Relatives of those ex-members of the R.F.C. or R.A.F., who were killed in action or who died on active service, may insert a photograph at half the regular rate.
- 3—The Trustee herein, The Canada Permanent Trust Company, will send you their own cheque for amount received by them, if books not actually shipped.

##### Ottawa Announces Laws in Effect Until All States Ratify Peace.

Ottawa, Ont., Feb. 11.—(By Canadian Press.)—Definition by the imperial government of January 10 as the official date when war concluded with Germany will not affect Canadian war legislation. The date cited was that of formal exchange of ratifications between the allied powers (excepting the United States) and Germany, and with the exchange a state of war closed, but only so far as Germany is concerned. Ratifications still have to be exchanged with the other central powers. The question has lately been receiving close consideration by the department of justice, and the legal advisers of the government take the view, it is understood, that war legis-

New York, Feb. 11.—Two pretty young women, describing themselves as Mrs. Marie Alonzo, 27, actress, and Mrs. Jane Finlay, also 27, were held by a magistrate in the West Side court today for the grand jury on charges of larceny preferred against them by Ferdinand Roblin, a Montreal manufacturer stopping at a New York hotel. Bail for each was fixed at \$1,500. Roblin says he came here from Canada last week and was sitting in a restaurant in West 45th street, when Mrs. Alonzo winked at him. Yearning for congenial company in the strange city he proceeded to get acquainted. In the course of conversation he bemoaned the fact that New York was "dry."

St. John's, Nfld., Feb. 11.—(By Canadian Press.)—The sealing steamer Terra Nova returned here this morning after an unsuccessful attempt to relieve the coastal mail steamship Prospero, which has been caught in the ice off Fogo Islands for over two weeks. The Terra Nova managed to get bunker coal and other supplies on board the Prospero, which was also caught in the ice blockade, and that ship has returned to this port. The captain of the Terra Nova, one of Newfoundland's most experienced sealing skippers, states that the ice in which the Prospero is caught is the heaviest he has experienced in forty years. The best he could do was to get the Terra Nova sixty miles from the Prospero, which is now drifting helplessly in the big floe and evidently must remain there until a change of wind and heavy sea breaks her away.

Ottawa, Feb. 11.—(By Canadian Press.)—Although the government has not taken a decided step in the matter, it is not regarded as likely that a chief justice will be appointed to succeed Sir Glennie Falconbridge in the Ontario supreme court. Provision was made some time ago for reduction in the number of chief justices in Ontario as the positions became vacant. The course proposed is to appoint a new judge to fill the vacancy on the supreme court bench rather than to appoint a chief justice. NEW YORK MARKET HAS FRESH SETBACK

Most Disturbing Feature is Inability of Investment Rails to Rally.
GENERAL MOTORS SLUMPS
New York, Feb. 11.—Trading on the stock exchange today was divided into three distinct phases, a heavy to weak one prevailing during the early dealings with regular rallies during the mid-session and another sharp reversal at the disorderly close.

Resumption of selling for both accounts at the outset doubtless had its inception in the more unfavorable railroad labor situation and various uncertainties attendant upon the impending holiday.
Very heavy offerings of the first hour, which comprised almost one-third of the day's turn-over, consisted of a combination of enforced liquidation and bearish pressure. Reports indicated that much of the selling came from disinterested dealers and weakened speculative accounts.

While the decline was in full swing virtually all classes of stocks established new low records. In many instances losses ranging from 25 to 100 points from highest quotations of the previous month were registered.
The most disturbing feature was the weakness of investment rails, which rallied only feebly even when stocks of less intrinsic worth responded for short covering. Some of the high-class transportation securities with assured dividend reputations, were at lowest prices in one to almost three years.

Among high-priced specialties General Motors was again in the foreground at an extreme decline of 11 1/2 points, only a small part of which was relieved. Other motors, oils, equipments, shippings and steels lost 2 to 3 1/2 points, United States Steel falling to a fraction over 96, with virtual no recovery. Sales amounted to 1,375,000 shares.

The movement of bonds was in keeping with stocks, rails losing 1 to 1 1/2 points. Liberty issues were in-creased again, international steady. Total sales, (par value) \$1,415,000. Old U. S. bonds were unchanged on call.
COMMUNITY PRICES
While the recessions in most instances were particularly pronounced, yet commodity prices in the United States last week again displayed less buoyancy, there being only 24 advances in the quotations received by Dun's Review as against 38 recessions. An extraordinary break in foreign exchange caused depression in grain, and the general trend in corn, rye and barley was downward. Live meats moved in the same direction, the easier feeling shown by beef, hogs and sheep during the greater part of the week being largely a reflection of somewhat more liberal receipts than expected, and a fall in provisions as a whole were weak in sympathy with the situation in the raw material.

U. S. BANK CLEARINGS.
New York, Feb. 11.—Altho displaying a tendency towards contraction in some directions, clearings thru the banks are still much higher than at any time in any previous year, the aggregate last week at twenty leading cities, in the United States, according to Dun's Review, amounting to \$5,169,276,183, an increase of 6.2 per cent. over the figures of the corresponding week last year, and of 45.1 per cent. compared with those of the same week in 1918.

BUSINESS FAILURES.
Commercial failures last week in the United States, according to F. G. Dun & Co., were 152, against 135 the previous week, and 163 the corresponding week last year. Failures in Canada numbered 23 the previous week and 22 last year.

C. N. RY. EARNINGS.
Canadian National Railways' gross for the first week according to F. G. Dun & Co. was only 1-4 above the low for the year, but a rally to 40 7-8 reduced the net loss to 5-8. Trading in Brazilian reached 415 shares, Quebec Railway at 20 was off 2-4. Mackay continued steady at 76, but the preferred stock yielded 1-2 to 70-1-2.
Trading in the war bonds was lacking in feature. In the unlisted group N. A. Pulp showed conspicuous weakness, selling off a point to 61-2.
The day's transactions: Listed stocks, \$1,752, including 195 unlisted stocks, 4,292, including 3,270 minings.

W. L. MCKINNON & CO. Government and Municipal Securities.

His Will Wasn't Witnessed—So His Wishes Didn't Matter!
I left an estate of \$500,000, mostly in stocks and bonds, according to a position filed in the Surrogate Court of Hamilton county to-day.
In a will written in his own hand shortly before his death, but believed to be invalid because it lacked witnesses.

The case described above is no unusual case. Surrogate Court records show many similar ones where wills were not properly witnessed.

STEAMSHIPS BREAKS ON HEAVY OFFERINGS

Spanish River and Brazilian Also Conspicuously Weak—Less Pressure in Afternoon.
With the New York market in the throes of another violent convulsion, it was not to be wondered that the tone on the Toronto exchange yesterday was distinctly weak, altho in a number of cases, notably Canada Steamships common, prices showed a firmer tendency in the afternoon session. More than 800 shares of Steamships common came out, the great bulk in the morning, breaking the price to 70, at which figure Steamships showed a loss of 4 1/2 points from the previous day. In the afternoon offerings dried up, and the price was advanced to 71 with the closing bid up to 71 3/4. The selling of the stock here was understood to be largely for Montreal account, but was without explanation other than that the price having been raised to a large extent by pool manipulation, the stock was susceptible to bear attacks at a time of general unsettlement.

Steamships preferred was inactive, selling off 3-4 to 81 1-4 with the closing bid up to 81-2.
Spanish River showed marked weakness in the morning when sales were made at 30 1-2 to 30 1-4, a net loss of 3 1-4, but in the afternoon the bid was raised to 82 without offerings. The steels did not figure much in the day's business. Dominion Iron and Steel was unchanged, but the final bid was lowered to 70, while Steel of Canada, opening weak at 77, rallied to 78 1-2, cutting the net loss to 3 points. Cement rallied half a point to 65 1-2.

Brazilian as usual dominated the utility group and was under some pressure. The low point reached was 10 1-2, but a rally to 11 1-4 above the low for the year, but a rally to 40 7-8 reduced the net loss to 5-8. Trading in Brazilian reached 415 shares, Quebec Railway at 20 was off 2-4. Mackay continued steady at 76, but the preferred stock yielded 1-2 to 70-1-2.
Trading in the war bonds was lacking in feature. In the unlisted group N. A. Pulp showed conspicuous weakness, selling off a point to 61-2.

STEAMSHIPS LEADS DIP AT MONTREAL

Spanish River, Quebec Railway and Atlantic Sugar Are Next in Activity.
Montreal, Feb. 11.—The outstanding feature of the local stock market today was the heavy liquidation in Steamships common of which 1,100 shares changed hands. The price receded to a new low of 70 1/2, but rallied in the afternoon when it closed at 72, a net loss of 2 1/2 points.

The general list was weaker though Asbestos stocks were prominent on the stronger side with Forgings and Ames preferred other stocks showing mixed with net gains. Forgings added two points at 252 and Ames preferred a fraction at 79. Following is a list of a very satisfactory annual statement, Asbestos common mounted four points to 79 and the preferred sold up 3 points to 89. Consolidated Car sold down five points to 56, and Abitibi was down a like amount at 29 1/2. Canadian Cations was down 2 points at 88. Carriage Factories 3 1/2 points to 87. Detroit, 1 to 105. Loyal, 4 to 31 1/2. Wagonway, 1 1/2 to 74, and Bell Telephone, Brazilian, Canadian General Electric, Bridge, Shawinigan and P. L. Lawrence flour down one point each.

The war loans were steady and Quebec Railway five gained one per cent at 84 1/2.
Total trading—Listed, 12,208; bonds, \$216,850; unlisted, 1,930.

Exchange Situation Brings Important Revenue to Gold and Silver Mines.
The producing gold mines are now receiving a bonus equal to the rate of exchange between Canada and the United States, which at the present time is in the neighborhood of 17%. The revenue to the mine from this source is, therefore, on the average approximately equivalent to \$2 on every ton of ore milled. The silver mines are also benefiting in the same way, the silver producers receiving as high as \$125 an ounce for silver bullion. It is highly probable that owing to existing conditions exchange will remain close to this figure for some time to come. In this event an important source of revenue to the mines for a long time to come is obvious, and emphasizes the advisability of purchasing the better class gold and silver stocks at present low prices, in anticipation of a substantial appreciation in the price of these securities, which, we believe, will inevitably result in the very near future. Write us for a list of selected gold and silver stocks.

The Man Considers a New Suit

Now That the Days Are Growing Longer and the Spring Sunshine Increases in Warmth

You Can't Match the \$15.00 "Victor"

A Man's Boot That Has Every Desirable Feature---Style, Quality and Price

When a man goes in to buy a pair of boots, he has a pretty clear idea in his mind of what he wants. The first thing he has settled is the style or shape. The second is the quality of them. No paper soles or cheap finish for him. And not least is the matter of price.

It is for these reasons that men have come to regard the Victor as the boot especially adapted to their requirements. It has the shape desired—the long recede toe, the dressy appearance. Further, there is a guarantee behind every pair that they will satisfy, or if not, may be returned.

The price clinches the whole business. Study conditions and boot sale prices, and you will find that the nearest approach to the Victor sells for at least three dollars more.

Style, quality, price, an invincible trio in masculine footwear. The wise man insists on the Victor.

The Foch last—A Victor boot made of the best calfskin, Havana brown shade on English recede toe last. Goodyear welt soles and flat heel. Price, \$15.00.

Installed free within the city limits. Inspection fees extra. Lamps, if bought with set, 25 or 40 watt, A grade, 37c each extra.

Simpson's—Sixth Floor.

The lengthening of the days and the increasing warmth of the sun make a man's winter suit sit rather heavily on his shoulders. Already he is beginning to think of something lighter, more easy-going, and certainly with a bit of "Spring" in its make-up. Especially is this the case with the youth and the young man.

In Simpson's Men's Clothing you will find your desires met completely. In style, workmanship, and best of all, in reasonable price. These feature our displays. Note the suit values listed here:

At \$28.00—a rich dark brown heather tweed mixture. Single breasted, 3-button, soft roll, semi-fitted sacque model. Sizes 36 to 44.

At \$28.50—a plain check gray cheviot; single-breasted, 3-button, conservative sacque model. Soft roll collar. Sizes 36 to 40.

At \$30.00—a rich dark brown fine finished worsted. Neat small check pattern. Specially tailored for the stout man. Sizes up to 46.
