ARGUMENT IN THE TIMES-STAR CASE STARTED

Presence of Hon. Ivan Rand Cause of Verbal Fireworks

HANDS OUT DEFENSE

Challenges Defence Counsel To Step Outside And Repeat Alleged Insultations

By Staff Correspondent

MONCTON, March 31.—Flashes of fireworks, occasioned chiefly by the presence of Hon. Ivan Rand, K. C., regional counsel for the C. N. R., who took vigorous objection to several snarling remarks made by Dr. F. Taylor, K. C., enlivened this morning's proceedings before Judge C. A. Steeves in the Police Court here in the final day's hearing of the case against Dr. D. Clifford, charged with having sold papers on the station platform at Moncton without permission from the C. N. R. The evidence of Superintendent A. J. Tingley of the C. N. R. Police closed the case in rebuttal of the prosecution, and Dr. Taylor had commenced his argument before the court was adjourned for the day.

The prosecution was again represented in court by Thomas Allen, assistant regional counsel of the C. N. R., though color was lent to the proceedings by the presence in court of the regional counsel, I. C. Rand, K. C., who didn't announce himself as appearing for anybody in particular but sat in the background until he was finally drawn into the fray to take on himself the duty of explaining to the court how it should treat a certain piece of evidence. The court was not guided by his remarks.

RAND GETS RILED

Mr. Rand interrupted Dr. Taylor on several occasions after the latter had opened his defence and taking objection to certain references to himself and the policy of the C. N. R. at last asked Dr. Taylor to step outside the court and repeat what Mr. Rand called insinuations.

Dr. Taylor continued his argument as if he had never been interrupted at all. The summing up for the defence was made by Mr. Rand, who had been nearly completed when court rose for noon recess. The hearing will conclude this afternoon.

CHIEF TINGLEY CALLED

The prosecution called Supt. of C. N. R. police, A. J. Tingley, as the last witness in rebuttal when court opened. He outlined the scope of his department's duties. On March 15, he said, McLeod and a young boy came to his office and discussed the sale of the Times-Star on the station platform. One of the officers complained of actions of boys on the platform and trains. Aghast made permission to sell on the platform, and witness said he had no objection to their having one boy there if they would be governed by the same regulations as other boys who were selling there, but he could not give permission as law would not allow him to do so. Chief Tingley said he would look into the matter.

Two days afterwards witness enquired as to who was manager of the Times-Star at Moncton.

Dr. Taylor took objection to Chief Tingley's evidence along this line and his objections were sustained.

FINANCIAL INTEREST

Witness said he gave notice to Bread & Bouillon at this time. He said he was not financially interested in either the Moncton Times or Transcript, but was financially interested in the N. B. Publishing Co. He did not issue any instructions to Inspector Dunphy regarding the matter in question.

Mr. Allen's leading questions were strenuously objected to by Dr. Taylor and objections sustained.

Witness said that he had seen numbers of boys getting papers off train for later delivery. But other arrangements had been made in this regard since Clifford's arrest. McLeod was satisfied with the arrangement made in witness' office on March 30, he said, and witness spoke to Inspector Dunphy in his office about the paper selling. Here objection was taken by defence counsel and sustained by the court.

RAND IS HEARD FROM

At this point Mr. Rand injected himself into the argument and he and Dr. Taylor exchanged some heated remarks, all the heat being on Mr. Rand's part and the wit on Dr. Taylor's.

During the course of the examination at this point Mr. Allen found it necessary to use some heat with his own witness.

The latter finally gave the gist of his evidence.

Guests of Saint John

WINTER REIGNS IN SOUTH AND MIDDLE WEST

Sixty Injured, More Than \$1,000,000 Damage Done

WIND AT 82 MILES

Roofs Blown Off 500 Homes, 25 People Injured in Texas Town

OTTAWA, March 31.—Wire communications between Ottawa and Toronto, both telephone and telegraph, were completely severed around 10 o'clock today. The companies report that a heavy storm had passed over Toronto bringing heavy damage to the wire services out of that city.

CHICAGO, March 31.—Spring has hurried north to a large area in the United States. March, refusing the old weather stage, came in like a lion, and is destined to depart in the same manner. Storms of blizzards and propellers which have raged through the Plains area, Middle West, and Southwest, have blanketed large territories with snow and brought a return to winter conditions, with no immediate prospect in sight. In fact, the weather predictions are for more snow and continued cold waves through most of the storm area, with general rains in the eastern seaboard states.

The late March disturbance, a freakish combination of snow, hail, rain and sleet, was directly or indirectly responsible for more than a dozen deaths, with injury to three scores, caused some damage to crops, and destroyed property valued at more than a million dollars.

TWO PERSONS WERE KILLED near Liberty, Texas, when high winds, accompanied by heavy rain, cut a swath through the oil fields. A woman met death near Crosby, Texas, when her home was blown down, while a fourth Texas death occurred at Beaumont. Four were killed near Racine, Wis., when the driver of an automobile, blinded by a snow storm, ran into a train. Four met death in Chicago street accidents, casualties at Detroit numbered two during a blizzard storm, and a plantation overseer at St. Francisville, La., died of injuries when his home was demolished.

A sleet storm which struck Detroit last night, was responsible for the death of two persons in traffic accidents. Philippe Attilio of Indianapolis, Ind., believed to have been blinded by the sleet stopped in front of a street car and was killed. Shortly after an unidentified man was struck and killed by an automobile when sleet on the windshield, obscured the vision of the driver.

Twenty-five persons were injured when 500 homes were unroofed at Beaumont, the damage there being estimated at \$200,000. Houston suffered a loss of half that sum. The Tuesday storm carried all along the Gulf coast, unroofing houses in Louisiana, Mississippi, and Western Alabama. Heavy rains fell in Florida and northward along the Atlantic coast.

Authority For \$61,000 Claim For Road Work Sought By Public Accounts Committee

FREDERICTON, N. B., March 31.—Former Premier Veniot will be called before the Public Accounts Committee to explain what amount it says the province was obligated to pay for road work from the construction of the bridge at Riverfall, according to a decision reached at a meeting of the committee this morning, when it took up consideration of the request of James Lewis, B. L. A., for Saint John for a probe into this work.

W. A. London, comptroller-general, produced a file of correspondence on the matter between the former Minister of Public Works and J. King Kelley, K. C., County Secretary Treasurer, on the matter. It transpired that the province has paid \$25,000 for work on the retaining wall in front of T. S. Simms & Co. brick factory, but there is a claim of \$36,000 by the Maritime Construction Co. Ltd., which the county contends the ex-minister verbally agreed the province should pay for but apparently no contract was entered into on the matter.

STRANGE BUSINESS

B. Frank Smith, chairman, remarked it was a strange way of doing business for the province to obligate itself to pay for work on which it did not have an engineer of its own.

The construction company had been paid this amount by the county which now seeks to be reimbursed by the government, basing its claim on a verbal agreement given by former Premier Veniot. It was decided after discussion to call the ex-premier to clear up the matter. Hon. D. A. Stewart, present minister, also will be called to attend.

VENIOT IS EXPECTED TO TALK NEXT WEEK

J. A. Doucet Expected to Continue Debate Tomorrow; Session Tonight

Special to The Times-Star

FREDERICTON, March 31.—It appears now that former Premier Veniot will not speak on the budget debate until next week. The House will sit this evening but only to consider several bills. Following addresses this afternoon by J. A. Doucet, Gloucester, and J. W. Smith, Kings, the adjournment of the debate probably will be moved by J. A. Doucet, who will continue tomorrow. As the house adjourns tomorrow, would place the ex-premier on the list for next week.

Church Bill Before Committee At Capital

Special to The Times-Star

FREDERICTON, March 31.—An echo of the bitter struggle enacted at the Legislature last year over Church Union was heard in the corporation committee this morning when the bill to incorporate those who did not enter union into the St. Andrew's Presbyterian Church was given consideration. The opposition arose to the phrase in the preamble "according to the standards of the Presbyterian church in Canada" and after private consideration it was referred to a small sub-committee for report.

Leger Checks Up; License To Woman Minister To Solemnize Marriage In N. B. Cancelled

Special to The Times-Star

FREDERICTON, March 31.—New Brunswick nearly had a licensed woman minister solemnizing marriages when the license was cancelled.

He took up the matter with officials, who expressed the opinion that it was quite in order and that a lady could be licensed to finish the work Cupid began.

But Hon. Mr. Leger was not satisfied and he looked up the act. Sure enough, he found the enabling clause spoke only of a "clergyman" and no mention was made of a "lady." He asked for a ruling from the Attorney-General, who sustained his contention with the result that the next issue of the Gazette contained notice of cancellation of the license.

Continued on Page 2, column 3

Flu Epidemic Is General In Quebec City

QUEBEC, Que., March 31.—The worst epidemic of grippe since the scourge of Spanish flu in 1918 is general here. All classes have been affected, wholesale houses, banks, the post office, St. Malo shops of the Canadian National system, and nearly all of the schools in the city. Two of the schools have been closed, the lower secondary and the Silvery convent, while largely depleted classes are attending school in other institutions.

There were 57 men out of between 90 and 95 missing in one department of the St. Malo shops yesterday. In large departmental stores and wholesale houses extra help has been hired in some cases to replace the depleted staffs, while in the post office and legislative buildings vacancies are numerous.

DEATHS CAUSED

Two persons were killed near Liberty, Texas, when high winds, accompanied by heavy rain, cut a swath through the oil fields. A woman met death near Crosby, Texas, when her home was blown down, while a fourth Texas death occurred at Beaumont. Four were killed near Racine, Wis., when the driver of an automobile, blinded by a snow storm, ran into a train. Four met death in Chicago street accidents, casualties at Detroit numbered two during a blizzard storm, and a plantation overseer at St. Francisville, La., died of injuries when his home was demolished.

A sleet storm which struck Detroit last night, was responsible for the death of two persons in traffic accidents. Philippe Attilio of Indianapolis, Ind., believed to have been blinded by the sleet stopped in front of a street car and was killed. Shortly after an unidentified man was struck and killed by an automobile when sleet on the windshield, obscured the vision of the driver.

Twenty-five persons were injured when 500 homes were unroofed at Beaumont, the damage there being estimated at \$200,000. Houston suffered a loss of half that sum. The Tuesday storm carried all along the Gulf coast, unroofing houses in Louisiana, Mississippi, and Western Alabama. Heavy rains fell in Florida and northward along the Atlantic coast.

SAYS DOMINION NEEDS MILLIONS MORE PEOPLE

Continued from Page 1

sent them to Lady Alenby. The guest list included members of the I. O. O. F. and their visiting friends, and the presidents of the following women's societies in the city: Women's Canadian Club, Women's Council, Y. W. C. A., Catholic Women's League, Women's Press Club, Daughters of Israel, Hadassah Circle, Young Women's Hebrew Association and the Hebrew Ladies' Aid.

This evening at 9 o'clock Lord Alenby will be addressing a public gathering in the Imperial Theatre and Sir Douglas Hazen will preside. The Imperial orchestra and theatre organ will provide a recital program while the audience assembles and the National Anthem will be played to greet the distinguished guest.

There has been a heavy advance sale of seats for tonight's public meeting and as care has been taken not to over sell the capacity of the theatre there is only a limited supply of seats still available.

It was learned today that upon the sailing of Lady Alenby in the private box at the Imperial Theatre tonight she will be made the recipient of flowers from the Hebrew Ladies' Aid which her Ladyship has received from the Jewish people throughout her Canadian journey.

Tomorrow at 1 o'clock the civic luncheon for Lord Alenby at the Union Club and the Women's Canadian Club luncheon for Lady Alenby at the Admiral Beatty Hotel are to take place.

At the Women's Canadian Club luncheon there will be a short musical program of instrumental numbers. The guests will be presented to Lady Alenby and Mrs. Allan H. Fitz Randolph, the president, will head the reception committee.

Among the invited guests are Mrs. W. F. Todd, wife of the Lieutenant-Governor, her daughter, Mrs. Carleton Browne, Mrs. J. B. M. Baxter, wife of the Premier of the province, Lady Hazen, wife of the chairman of the local committee of the National Council of Education, Mrs. G. Heber Vroom, regent of the Municipal I. O. O. F., and Mrs. W. B. Anderson, wife of the O. C. of M. D. No. 7.

H. A. Powell, K. C., member of the International Joint Waterways Commission, will leave on Friday for Washington, D. C., where a meeting of the commission is to be held.

Whitbread—At Red Head, Saint John County, to Mr. and Mrs. Barry Whitbread, on March 29, a daughter, THORNE, to Mr. and Mrs. G. G. Thorne, a son, Edward Annie.

Whitbread—In this city, on March 29, 1926, James, son of the late Charles and Rose Anne McGowan. Burial on Thursday afternoon at 2.30 from his late residence, 111 Sherbrooke street, to St. Peter's church. Friends invited.

Wickham—In this city, on March 30, 1926, John Alexander Wickham, leaving his wife, one son and daughter to mourn.

Funeral from his late residence, 19 Murray street, Saturday morning at 9.30 to St. Peter's church. Burial at Holy Cross cemetery.

MORRISON—In loving memory of Alex. Morrison, who departed this life March 31, 1926. Done but not forgotten. Sadly missed. WIFE AND FAMILY.

Chesterfield Suites, in pretty assortment to select from, strongly made, etc., from \$128.00 upwards.

Beautiful Royal Blue Mohair Chesterfield Suits, three pieces, etc., only \$218.00.

Homes Furnished Complete on Amiland Bros., Easy Terms

Come in and see us and let us explain our liberal terms.

AMILAND BROS., LTD. 19 Waterloo Street

N. W. Brennan & Sons FUNERAL DIRECTORS After April 1st will be located at 111 PARADISE ROW (Cor. Harris St.)

Local News

BEACON LIGHT CLASS The Beacon Light Class of Pleasant Point Sunday school met last evening at the home of Mrs. J. Splane, Milford, with Mrs. W. E. Hamm presiding. The class decided to continue the education of an African boy, whose schooling they have supported for three years. The president, presented to each member a money tree, for the purpose of raising funds for missions. Mrs. E. Arbo and Mrs. Alonzo Craig became members of the class.

The remainder of the evening was spent in sewing. The hostess, assisted by Mrs. William Gray, served dainty refreshments. Those present were Mrs. W. E. Hamm, Mrs. J. Ryder, Mrs. W. King, Mrs. S. Mave, Mrs. W. Gray, Mrs. A. Craig, Mrs. W. Boyd, Mrs. R. Gould, Miss Mae Kierstead and Miss Marguerite Henderson.

PRINCESS VICTORIA STILL GRAVELY ILL

Prince of Wales, However, is Making Rapid Progress, Says Bulletin

LONDON, March 31.—Anxiety still continued today regarding the condition of Princess Victoria, sister of King George, who is suffering from influenza pneumonia. Lord Dawson, physician to the King, visited the Princess this morning, and later a bulletin was issued saying:

"The Princess had some hours sleep, and her cough is less troublesome. Her temperature remains high. The condition of the heart is unchanged."

At York House, it was stated that the Prince of Wales, who is recovering from a slight neural operation, had progressed very good night and was progressing rapidly.

FASCISTS RESIGN

Five of Directorate Quit to Leave "Mussolini's Hand Free"

LONDON, March 31.—The resignation of Roberto Farinacci, secretary general of the Fascist party, five members of the Fascist directorate have resigned.

"We wish to leave Mussolini's hand completely free" the five Fascist directors explained.

MUNITIONS FOUND

Large Store of Bombs and Explosives Uncovered in Dublin Stable

DUBLIN, March 31.—Two tons of high explosives, 288 live bombs and 6,000 rounds of rifle ammunition, and 10,000 detonators in addition to bomb making machinery have been found in a stable in North King street. It is said the stable is owned by Maurice Fenlon, who escaped from Mountjoy prison some time ago. No arrests have been made.

CHAPLIN HAS SON

Child Born Yesterday to Former Lita Gray—Both Doing Well

HOLLYWOOD, Calif., March 31.—A son was born yesterday to Mr. and Mrs. Charles Spencer Chaplin. Reports from the Chaplin studios were to the effect that mother and son were progressing nicely.

The event, which had been anticipated for some time in film circles, took place at the Beverley Hills home of the famous screen comedian. Chaplin's first son, Charles Spencer Chaplin, Jr., is a little more than a year old. Mrs. Chaplin was formerly Miss Lita Gray, picture actress.

U. S. GETS BID GENEVA, March 31.—The United States has been formally invited to appoint a delegation to meet with representatives of the world court signatories here on September first to frame an agreement which may be necessitated by the United States reservations in adhering to the court.

TWO NEGROES KILLED DAWSON, Ga., March 31.—Two negroes were killed and property damage estimated at \$200,000 was caused by a storm that swept through Terrell and Lee counties late last night. Houses were demolished and trees uprooted.

ARGUMENT IN THE TIMES-STAR CASE STARTED

Continued from Page 1

remarks on Saturday morning to Dunphy, but the court held they were not instructions to Dunphy.

Dr. Taylor, Tingley said he knew there was a law prohibiting the sale of newspapers on the station platform. He had never seen any copy of such law posted on the station premises.

The witness was halted by the railway act and asked to read the section which provides that failure to post such regulations would be disobedience of the law.

Dr. Taylor—"Did you not say it was your duty to protect the public? Why, then, are not steps taken by you to have regulations posted which will operate for the guidance and protection of the public?"

CROSS-EXAMINED The witness was subjected to a grilling cross-examination regarding his interpretation of the regulations of the railway regarding the matter.

Dr. Taylor—"Don't you know there is a prominent citizen of Buctouche interested in 'The Transcript'?"

Witness—"No."

Dr. Taylor—"Are you not interested yourself?"

Witness—"No."

Regarding his alleged communication with Messrs. Bourgeois, he said he did not know whom he talked with, as it was over the phone. It did not occur to him to get in touch with the office here or elsewhere of 'The Times-Star' to give them his notice regarding the sale.

He briefly referred to the facts of the matter. There had been an obvious desire on the part of 'The Times-Star' to comply with every reasonable regulation by applying to the Canadian Railway News Company and to Chas. Tingley for permission to use the station and to prevent the public and railway employees from having access to a paper which criticized the C. N. R. Clifford had not been arrested for annoying the public, he continued, the Transcript had been allowed to sell at the station and the station agent did not suggest that the Times-Star had been a nuisance; Tingley had never criticized the Times-Star and he had not withdrawn his permission. Mr. Allen had not been allowed to permit the sale of the Transcript, he requested adjournment, even though he thought it fair to do so. Clifford had been arrested and he was sure a summons would have been adequate, since it was known where the defendant could be found at any time. Yet the C. N. R. had this man placed summarily under arrest, showing their policy was not "friendly."

He said he was going to see General Manager Appleton of the C. N. R. Turning to the question of law, defence counsel pointed out that properly the magistrate had no jurisdiction to entertain a criminal charge where the accused was doing the act under a claim of right.

In 1911 it was decided in England in an alleged railway trespass case where a right was established that there was no jurisdiction. This matter should have been determined by the courts settling private rights and not by the railway commission here. The Times-Star had Tingley's permit and it was never revoked.

DISCRIMINATION BANNED Under the railway act discrimination is prohibited and 'The Times-Star' and Clifford could maintain their rights in a court of law. This was decided by the court of appeal in England and by the railway commission here. The Times-Star had Tingley's permit and it was never revoked.

TWO ON LIST One drunk was fined \$8 in the Police Court today and another forfeited a deposit of a like amount.

R. A. Armstrong Is Mayoralty Candidate

R. A. Armstrong, former secretary of the Board of Trade, said this morning that he had after giving careful consideration to the request of many citizens, decided to become a candidate for the office of mayor.

DIGBY TAX RATE REMAINS AT \$2.75

DIGBY, March 30.—The Town Council, at its regular meeting last evening, brought down the estimates for the year 1926-27, and the rate per \$100 remains the same as last year, that of \$2.75. This rate has been in force since 1921.

All the councillors were present and His Worship Mayor Anderson was in the chair.

A delegation from the public utility committee of the Board of Trade, consisting of H. H. Marshall and J. J. Wallis appeared before the council asking for a grant of \$400 for publicly work. It is Dickey's of the Children's Aid Society, asked for the annual grant of \$200, and the Y. O. N. asked for the same.

Messrs. E. M. Robinson and W. Connel, of the Board of Trade, boating and bathing committee, asked that permission be given Frank K. Hayden to use the Pavilion and Slip for a period of five years, as Mr. Hayden was willing to purchase a number of boats to be placed on the Annapolis Basin this summer for the benefit of tourists.

ESTIMATES FOR YEAR. The estimates for the year were read and passed, the total expenditure being \$22,750. The income is made up as follows: Income from general sources, \$5,500; amount to be raised by taxation, \$16,150.

Practically all the grants asked for were given, and the annual grant of \$400 for the Digby General Hospital was also made.

Councillor Holdsworth gave a lengthy report on the delings of the hydro committee, and outlined plans which had already been considered by the committee. The bill which had been presented, and outlined plans which had been discussed in a deplorable way some two weeks ago had been passed and all that was necessary at present was a general survey of the hydro plant, and the water commission decided that as soon as weather warrants the Chief Engineer would be sent to this country to comply with the industrial expansion on the North Shore, that such survey as now proposed will either be reduced to the former level or decreased gradually as conditions warrant. But the controlling factor will be the yearly deficit and just as the amount of the direct tax hinges on this, so also will the hope of reduction in various other directions depend.

HOPES OF GOVERNMENT. From Premier Baxter's statement, it is a fairly safe assumption that the government hopes to be able to do through the year's deficit and just as the amount of the direct tax hinges on this, so also will the hope of reduction in various other directions depend.

TO CHECK SPEEDERS. The Thomas property on Water street, which has been in a deplorable condition for a number of years, will be torn down by the Council.

Funerals Dorothy D. V. Dupliss The funeral of Dorothy D. V. Dupliss was held on Tuesday afternoon from Brennan's undertaking parlors. She died, in her second year, at the General Public Hospital, on last Saturday, after a short illness. She was a daughter of Mr. and Mrs. Charles L. Dupliss, of this city and is survived by four brothers, and four sisters. The funeral was held at 2 o'clock in the St. Alphonsus' church for requiem high mass by Rev. James Brown. Numerous spiritual bouquets and floral offerings were received. Interment took place in the Catholic cemetery at Hampton.

Miss M. A. Morgan. The funeral of Miss Mary A. Morgan was held yesterday morning at 8.45 from Fitzpatrick's funeral parlors. Stella Marie church for high mass of requiem by Rev. F. Walker. Interment was in the new Catholic cemetery.

Edward Gallagher. The funeral of Edward Gallagher was held on Friday, March 26, from his late residence, Hampton Village, to St. Alphonsus' church for requiem high mass by Rev. James Brown. Numerous spiritual bouquets and floral offerings were received. Interment took place in the Catholic cemetery at Hampton.

EXTRA TAXES WILL LAST UNTIL BUDGET CAN BE BALANCED

Baxter Tells Government Stand to Ross of Bankers' Association

FREDERICTON, N. B., March 30.—That the proposed new taxes to increase the revenue of the province as outlined in Hon. Antoine J. Goggin's budget speech are only a temporary nature until the budget can be balanced was the reply Premier Baxter made today to Henry T. Ross, Montreal, representing the Canadian Bankers' Association, who appeared before the government to protest against the increase in the provincial tax on banks.

Mr. Ross informed the government that such an increase would make the New Brunswick tax the highest in possession of any province in Canada.

Speaking for the government, the premier said the province needed every cent of revenue possible to better itself financially. He added that such levies were of a temporary nature until the current revenue could cope with the current expenditures.

NEED FOR CONSERVATION. This probably will be the official reply to every delegation appearing before the government on this question of taxes. The government, it is said, was loath to introduce such increases and the proposals leading to direct taxation and realize that from the purely political standpoint, it is an unpopular move, but it is endeavoring to impose on the people the urgent need for conservation of the public finances by such methods to augment its revenue.

HOPES OF GOVERNMENT. From Premier Baxter's statement, it is a fairly safe assumption that the government hopes to be able to do through the year's deficit and just as the amount of the direct tax hinges on this, so also will the hope of reduction in various other directions depend.

TO CHECK SPEEDERS. The Thomas property on Water street, which has been in a deplorable condition for a number of years, will be torn down by the Council.

CHAPMAN ALIBI WITNESS CALLED FORMER CONVICT

State Attorney Says Gregory Arrested in Canada

COUNSEL DENIES

Satisfied He is Hard-Working Mechanic, Not Friend of Prisoner

Canadian Press NEW YORK, March 31.—F. J. Groehl, chief counsel for Gerald Chapman,...

ATTORNEY'S STATEMENT

Mr. Alcorn last night said that Gregory, a Canadian, had a criminal record in the Dominion, which included an arrest in September, 1919, at Cornwall, Ont., for threatening the Canadian government, and later was committed to the hospital for the insane at Brockville, Ont.

EVANGELINE BOOTH OWES LIFE TO DOG

Salvation Army Leader, Helpless, is Brought Assistance Just in Time

NEW YORK, March 31.—Commander Evangeline Booth, U. S. leader of the Salvation Army, who has just recovered from a four months' illness, said in an address at the Salvation Army Headquarters in West Fourteenth Street that she owed her life to a German police dog.

Early one Saturday morning in February, she said, "I found myself awake but peculiarly numb. There was a frightful pain in my side and I experienced a strange sinking sensation. I tried to move but I couldn't. I tried to call, but could utter no sound. For a moment I was in a panic. A vague sort of terror seized me, and then I recalled that 'Mazie' was asleep by my bed. Mazie is a German police dog, a gift from a friend.

MESSAGES OF CROSS

Passion Week Series of Sermons By Rev. E. E. Styles

Passion Week services in the Esplanade street church are being well attended. The pastor, Rev. E. E. Styles, is giving a series of addresses under the general title of "Messages of the Cross." On Monday night he spoke on "A Message Which Cannot Be Changed." He said the record was irrefragable because it was inspired and because it was the revelation of the truth. Like Pilate, the people of today were making inflexible marks as they passed through life and writing a record by which their lives would be judged. Last night he spoke of the "Message of Love." He dwelt upon two thoughts, that love was ever ready for sacrifice and that love had reached its perfection only in God. Tonight Mr. Styles will speak of the "Message of Power." Mr. Styles gives a five minute talk on the meaning of church membership preceding each evening's address.

BURBANK BETTER

SANTA ROSA, Calif., March 31.—Luther Burbank appeared last night to have won his second brush with death in two years. A bulletin issued by his physician, Dr. Joseph H. Shaw, said he had spent a comfortable, restful day, and if given a good physical and mental rest, he will recover.

PRINCIPAL GRANT WEDS AT YARMOUTH

YARMOUTH, March 30.—At the home of Mrs. Robert Guest Murray, Church Hill, at 5 o'clock this afternoon, her daughter, Grace Guest Murray, became the bride of Principal Melford Grant, of the Yarmouth South School. The service was conducted by the Rev. John W. O'Brien, pastor of Central United church, and only a few of the immediate friends of the bride and groom were present.

CANTATAS SUNG IN TWO CITY CHURCHES

Triumph of the Cross and From Manger to Cross Impressively Sung

A splendidly impressive rendering of the sacred cantata "The Triumph of the Cross" was given in St. Paul's church last night by the combined choirs of St. Paul's and St. James' churches, under the direction of Prof. J. P. Browne, organist and choir leader. The cantata is by Alexander Matthews, a modern American composer, who was born in England. It is very modern in style and presents most dramatically the crucifixion scene, following very faithfully the Bible story. The chorus work in the singing last night was remarkably fine and the soloists gave brilliant interpretations of their numbers. There were 70 voices in the combined choirs and the solo and special selections were sung with fine expression and feeling, reflecting high credit to the director and the talent and training of the singers. The soloists were Mrs. L. Waters, Miss M. Phil and Edward Mahoney were baritone soloists. Mrs. P. N. Woodley sang the netti story. Willard Smith, Fred Irvine, Harold Hopkins and Harry Marley. The congregation that assembled for the cantata, which made a new standard of attainment for the combined choirs and reflected much credit on the director and the singers. The cantata is to be repeated in St. James' church on Thursday evening.

"Keen Public Sense Rewards the Best."

Hence the enormous and ever increasing sale of

"SALADA" TEA

Brown label 75c lb. Orange Pekoe Blend 85c lb.

Light refreshments were served for the members of the choirs in the Sunday school room after the cantata. AT ST. LUKE'S In St. Luke's church last night the large choir gave an impressive and beautiful rendering of Witte's cantata "Manger to Cross." George Lanyon was organist and choir director and in the combined choirs the solo and special selections were sung with fine expression and feeling, reflecting high credit to the director and the talent and training of the singers. The soloists were Mrs. L. Waters, Miss M. Phil and Edward Mahoney were baritone soloists. Mrs. P. N. Woodley sang the netti story. Willard Smith, Fred Irvine, Harold Hopkins and Harry Marley. The congregation that assembled for the cantata, which made a new standard of attainment for the combined choirs and reflected much credit on the director and the singers. The cantata is to be repeated in St. James' church on Thursday evening.

KINGMAN, ME., ASKS NEW INDUSTRIES

KINGMAN, Me., March 30.—At the annual town meeting today it was voted to exempt from taxation any concern operating a hardwood industry here and to pay such a concern a bonus of \$2.00 a head a year for each employee.

PREFERS SIDEWALK

Pavement Artist Seen By Friends After Disappearance—Work Acclaimed

LONDON, March 31.—Charles Sheppard, Brisbane pavement artist, who disappeared after his picture in a Dominion artists' exhibition had been acclaimed as a work of genius, has been seen and spoken to by friends. He has gone back to the pavement disguised by a newly-grown beard, and his friends declare that this conventionalizing Australian is unlikely to return. "I saw Sheppard showing three oil paintings on the pavement in Charing Cross road a few days ago," said a friend of the artist. "His short beard was enough to disguise him. 'When I said, 'Good morning' to Mr. Sheppard he did not speak at first. I persisted, whereupon he said, 'You understand that any conversation is distasteful to me.'"

WILL NOT DROP THE ST. LOUIS TERMINAL

WASHINGTON, March 30.—Missouri and St. Louis promoters of the upper Mississippi Barge Line have virtually abandoned their plan for making Cairo, Ill., rather than St. Louis, Mo., the southern terminal of the proposed upper river barge line. St. Louis will remain headquarters of the government barge line.

By a high vacuum process, invented by a Swedish engineer, fresh cut lumber is now "seasoned" in a day or less, sufficiently for the carpenter's bench.

The ocean's deepest pit is 32,988 feet in depth.

CATERPILLAR BOATS FOR SHALLOW RIVER A river towboat, composed of two hulls placed side by side, position style, and carrying between them a power plant operated by an endless chain with paddles attached, is the queer contraption that is offered to solve the problem of inland river navigation on shallow streams, says "The Quincey" (Ill.) "Whig-Journal."

HOPEWELL MOURNS MRS. W. E. O'BRIEN HOPEWELL HILL, March 30.—The tragic death by drowning of Mrs. W. E. O'Brien and child, in Bermuda, caused a great shock and deep sorrow in this neighborhood where Mrs. O'Brien was born and grew to young womanhood. The unfortunate young woman, whose life was so suddenly and tragically cut off, was the eldest daughter of the late Charles L. Peck, secretary-treasurer of Albert county, and was a woman of marked intellectuality and unusually well informed. She removed to Toronto at the time of her marriage. She visited her mother at

HOPEWELL HILL, March 30.—The corporation committee is called to meet tomorrow at noon to consider several bills, the most important being the bill relating to the Bathurst Company Ltd. development on the Newbiggin River. The agriculture committee meet tomorrow morning also.

Department of Dominion Council of Y. W. C. A. Submits Report of Work Done In 1925

Much Activity in Immigration and With Travelers' Aid During Twelve Months—Port Workers at Points of Entry to Canada

The annual report of the immigration and travelers' aid department of the Dominion Council of the Y. W. C. A. for 1925, just issued, contains much information of interest in Saint John, one of the ports of entry into Canada where the Y. W. C. A. has a port worker throughout the winter season.

The report is prepared by Miss Winifred Hutchinson, national secretary for the department, who points out that the immigration laws passed by each nation must effect every other nation. She wonders if those connected with immigration appreciate the opportunity they have to interpret nation to nation and help eliminate racial barriers of prejudice and misunderstanding.

REFERS TO THE WORK She refers most appreciatively to the work of the Y. W. C. A. corresponding members throughout the Dominion. During 1925 about 810 international cases were referred to the department by 24 different countries or by the port workers and gradually the department was learning how to prevent clashes and reactions of the laws of various countries.

Miss Hutchinson hopes that the new two-year agreement between the Canadian Government and the two railway companies in Canada, by which the administration of immigration arrangements was entrusted to a joint board of the two railways, would do away with many problems. The American immigration law had complicated the department work greatly and accordingly the information had been gathered that there were 40 countries that now had an American immigration quota of only 100 a year.

NATURE OF PORT ACTIVITY The report describes the nature of the port work and the varied crop of emergencies that await the Y. W. C. A. representative on the arrival of every boat. Through the releasing of one port worker to become a conductress and the illness of another worker, it had been necessary to train two new port workers during the year.

STATISTICAL STATEMENT The statistical statement in the report shows that in 1925 the work was carried out as follows: Twenty-four Travelers' Aids under the Y. W. C. A. report in 1925: Train met, 124,259; persons assisted, 86,471; major cases, 15,968; minor cases, 97,212; information and contacts, 62,640; met by request, 1,833; children, under 16, traveling alone, 4,140; foreigners, 5,460; taken to the Y. W. C. A., 13,885; taken to rooms, 9,859; taken to hotels, 4,400; taken to Canadian Women's Hotel, 1,842; taken to immigration office, 3,619; employment cases, 1,291; runaways, 39; desertions, 78; police cases, 98; charity cases, 841; mental cases, 98; hospital and physically unfit, 1,389; money or ticket difficulties, 260.

International case work included: Inquiries re employment; inquiries re home to which migrant is destined; inquiries re fiancé's standing; inquiries re missing relatives; requests for the necessary affidavits promising support or marriage which will enable the migrant to secure the necessary passport.

Clear The Pores Of Impurities With Cuticura Soap Soap, Ointment, Taken and everywhere

Life's Too Short For This Denial

THE PLACE we spend our free hours all through life is Home. If the Furniture, in the light of modern comparisons, is commonplace, then it tends to make our Home hours a bit commonplace.

The measure of enjoyment gained in spite of dull Furniture is a compliment to the capacity for pleasure in the Home Folks. Imagine the enjoyment of such good souls were they living with the class of Furniture you can buy today. The finished Art of it, the luxurious comfort, the permanence, the developed beauty.

Yes, life is too short to deny one's home, family and self the lasting comforts of modern Furniture. Furniture comes before everything. It's Home itself.

J. Marcus Furniture, Rugs 30-36 Dock St.

AFRAID THEY'LL BE OLD MAIDS

Fearful of becoming old maids because they are no longer considered in the royal marriage dictionaries, Princess Elizabeth (top) and Irene (left) of the new throneless Greece, are reported to be receptive to proposals from commoners. They are blood cousins of nearly every reigning family in Europe.

requests for assistance to stay deportation proceedings; requests for information as to eligibility to enter Canada (referred to Department of Immigration); requests for protection in traveling for which we use our port workers and Travelers' Aids; requests for friendly interest and help in adjustment of the migrant to her new surroundings; requests for help with passport and visa difficulties; requests to interview relatives and help them in their arrangements to send for their relatives overseas (in a way which will avoid exploitation by the unscrupulous and prevent rejection on arrival, by first making careful inquiry through the Government as to their eligibility); case work involving the reconciling of conflicting marriage laws or laws affecting children in two or more countries, and reporting to the Government any serious condition or problem cases discovered.

Moncton Nurses Go To New Bedford Special to The Times-Star. MONCTON, March 31.—Miss Anna and Miss Jane Black, student nurses at the Moncton City Hospital, left yesterday for New Bedford where they will take a three months special course.

Don't Neglect The Children's Coughs and Colds Mrs. W. W. Card, Bancroft, Ont., writes: "Last winter my three children had very bad colds, and they would cough all night long, which was very annoying to the rest of the family. I could get nothing to help them and was almost driven to despair. I had used four bottles of it my children became quite well again, thanks to Dr. Wood's." This preparation has been on the market for the past 37 years; you don't experiment when you buy it; put up only by The T. Millburn Co., Limited, Toronto, Ont.

Havelock Ladies' Societies Active

W. L. Ladies' Aid, Up and Doing Class, and Others Meet

HAVELOCK, March 29.—The regular monthly meeting of the Women's Institute was held at the home of Mrs. Lillian Coates on Friday evening. The roll-call was answered by a quotation on "Spring." One hundred Red Cross boxes for funds to help sick and disabled soldiers were distributed to the members. After the usual business was transacted a drawing contest was greatly enjoyed. Mrs. W. P. Robinson and Mrs. E. W. Keith carrying off the prizes. Refreshments were served by the hostesses Mrs. J. R. Price and Mrs. Lee Ryder.

WOMEN'S AUXILIARY. The Women's Auxiliary of the Baptist church met at the home of Mrs. H. R. Keith on Tuesday evening. Mrs. Lillian Coates and Miss Ida Howard presided. Refreshments were served by the hostesses and Mrs. B. W. Thorne.

UP AND DOING CLASS. The Up and Doing Class of the Baptist Sunday school have been busily engaged in sewing for the New Brunswick Orphanage at Saint John. A parcel containing fifteen night gowns and one quilt was forwarded this week.

GAVE INTERESTING LECTURE. On Thursday evening Rev. Joseph McAllden, of Petticoke, gave an interesting lecture on "The Hour" in the Episcopal church here.

violin instruction at the Institute of Musical Art in New York City since 1903. At the time of his death he was president of the Bohemians, New York's exclusive club of distinguished musicians."

Mrs. T. J. Gunn, organist of St. John's (Stone) church, of this city, and talented violinist, was a pupil of the late Franz Kneisel.

A number of friends gathered at the home of Miss Laura Kelly, 101 Duke street, on Friday evening to tender her a surprise party in view of her departure for the west within a few weeks. During the evening Mr. William Daley, on behalf of the guests, presented a silver ring to Miss Kelly, with their good wishes for the future. The evening was pleasantly spent in games and music. Dainty refreshments were served by Mrs. Kelly, assisted by Miss Ruth Wiles. The guests included Miss Laura Kelly, Miss Vera Gibbs, Miss Sylvia Macdonald, Miss Marian Fleming, Miss Helen Rolston, Miss Audrey Vall, Miss Katherine Proffit, Miss Mabel Taylor, Miss Ernest Fawcett, Mr. Curtis Chipman, Mr. Malcolm Prebble, Mr. Kenneth Grass, Mr. Marshall Vall, Mr. Howard Clark, Mr. Gerald Ogilvie, Mr. Frederick Gordon, Mr. York Murphy, Mr. William Daley and Mr. Paul Prebble.

Mrs. W. Edmond Raymond, entertained Mrs. Gordon Wright, National President of the W. C. T. U., very informally at dinner at the Royal Hotel on Monday evening. Owing to a recent bereavement in the family of the hostess, only immediate relatives were present.

Mrs. J. V. Ames, of Sherbrooke, Quebec, is visiting her sister, Mrs. W. W. Carvell, 35 Wellington Row.

Mrs. Frank M. Ross, Montreal, formerly of Saint John, N. B., sails today by the Berengaria from New York for England, where she will visit relatives for several weeks.

Mrs. M. McManus and Miss Agnes Maher, who have been spending the winter months in Florida, have returned to New York for a visit of two weeks, before leaving for their home in Woodstock.

Mrs. Gerald McInerney, left yesterday for Toronto and expects to be absent for a week.

At 5 o'clock Monday afternoon at the residence of the bride's parents, Sir Frederick and Lady Williams-Taylor, Pine Avenue West, Montreal, the marriage of Mrs. Brenda Fraser to Mr. Frederic Newell Wiles, of New York, was performed by the Rev. Dr. Roberts. A reception was held at 5:30 o'clock, and later, Mr. Wiles and his bride left for New York, where they sail today by the Berengaria for England, France and Italy.

Lady Williams-Taylor, Montreal, is leaving on Wednesday, April 14, for New York to visit Mr. and Mrs. Philip Gossler.

Mrs. Walter Carson left Moncton Monday afternoon for Halifax to attend the banquet given in the Halifax Hotel by the Halifax chapters of the I. O. O. E. yesterday in honor of Lady Allenby. Mrs. Carson is treasurer of her Dalhousie Chapter, I. O. O. E., at Halifax.

Dr. and Mrs. W. W. Colpitts, who have been visiting Mrs. A. Ross Smith, Moncton, left on Sunday for New York.

To Make Another Provincial Trip

Miss S. A. Barrington, organizer of home nursing classes for the Red Cross in New Brunswick, expects to make another trip to provincial centres next week. Chatham, in Charlotte county, and Moncton will be the first centres she will visit.

Speaking of the new Red Cross branch which was formed in Marysville recently, Miss Barrington said yesterday that it was chiefly through the interest and special efforts of Mrs. L. Foster, secretary of the Fredericton Red Cross branch, that the residents of Marysville had been enticed to join and that the new branch was formed in Marysville.

Miss Barrington spoke most appreciatively of the assistance given her in the organization of the two home nursing classes in Fredericton and Marysville by the Fredericton Red Cross.

SOME men don't mind being disappointed in love if they can marry for money.

MEIGHEN CLASHES WITH DUNNING IN COMMONS DEBATE

Minister Exclaims "Rot" and Opposition Chief Raps Language Used

LEADER VOICES JIBE AT WESTERN HOUSE

Ex-Premier Tells Prairie Man in Another Tilt to Act Like Gentleman

OTTAWA, March 30—There were lively passages when the government measure to re-value soldier settlers' lands was today again before the house.

Discussion had turned on the plan for re-valuation. The resolution empowers the minister to set up an arbitration committee of three in each district, one member to be an official of the Soldier Settlement Board and one named by the local veteran organization. Conservatives, as when the resolution was previously before the house, urged that reference should be to county court judges instead of these arbitration committees.

"It should be named an act for revaluing soldier settlers into voting for the government," charged Rt. Hon. Arthur Meighen, Conservative leader, declaring that under the legislation the

Ovation For Returning Air Pioneer

Britain is laying plans for a regular air service between London and South Africa, following the return of Alan Cobham, pathfinder, from his 16,000 mile round trip to Cape Town. Photo shows enthusiastic reception given the voyager on his arrival at the London air-port. Cobham's feat is ranked with the round-the-world flight in importance.

minister would appoint one member of each committee and could scatter largesse to his hearer's content.

Hon. Charles Stewart, Minister of the Interior, interposed that he would be glad to be deprived of the privilege of making appointments.

"ROT," SAYS DUNNING. "Rot," exclaimed Hon. C. A. Dunning, Minister of Railways, and former Premier of Saskatchewan, when Mr. Meighen was continuing his charges a little later.

"The minister's language," sharply retorted Mr. Meighen, "is reminiscent of the legislature from which he comes and the methods for which his government was notorious."

Mr. Dunning, amid considerable disturbance, rose to protest that he did not think it was in order for Mr. Meighen to reflect upon another parliamentary body.

"MUST TAKE MEDICINE. It is as parliamentary as the language of the minister," retorted Mr. Meighen. "We are in a parliament now where the minister will have to take the medicine he seeks to give. I suggest to him that he will have to arrive at a better state of competency before he tries it again."

As the compliments were exchanged, each side of the House, in turn, broke into laughter and applause. Discussion continued, but in a few

THEY ALL LIKE TO CALL ON FIREMEN

New York Apparatus Attraction For Visitors—One Not What He Seemed

Firemen throughout the city are accustomed to having children peering with admiration into the houses where the glittering apparatus is kept, says the New York Herald. The brightly painted and brilliantly polished trappings make an especially strong appeal to childhood.

There is one firehouse in the downtown district, however, that has a large number of grown-up visitors. It is close to the Pennsylvania station, and out-of-town guests at the near-by hotels often drop in to examine the fire-fighting equipment of the big city. Many of the visitors are volunteer firemen in their home villages, and they wish to inspect professional methods.

The city firemen usually explain the use of the apparatus very patiently to the out-of-town novices, who are visibly impressed by the power and speed of metropolitan equipment. After an exposition of the pump or "engine" and the hook and ladder truck, the city firemen turn to the prize exhibit, a water tower.

"The water tower never fails to open their eyes," one of the firemen said.

moments the two members had another tilt. Mr. Meighen was speaking when he suddenly asked if Mr. Dunning thought he was doing himself credit by laughing foolishly.

"Don't get angry," said Mr. Dunning as a Liberal applauded.

"Well, act like a gentleman," retorted Mr. Meighen. Mr. Stewart intimated subsequently that he would be prepared when the bill was before the House to accept an amendment substituting a county court judge for the minister's appointee on arbitration committees. The resolution passed and the bill carried first reading.

"None of the small towns has it or need it. It is very useful in fighting blazes several stories above the ground. The novelty and size of this apparatus combine to dazzle the village firemen. You can easily understand that we get quite a 'kick' out of watching their open-mouthed admiration, and the more they are impressed the more do we tell them about the truck's possibilities.

"Recently we had an out-of-town visitor, however, who fooled us completely. He listened patiently to my explanation of how the hook and ladder truck was worked. When I turned to the water tower his interest increased greatly.

"I explained the use of the truck and how valuable a piece of equipment it was. I told how the tower could be raised to a height of fifty feet in seventeen seconds, and how many hundreds of gallons of water it could pump upon a blaze in a minute. I showed how the nozzle, high up in the air, could be played along a row of flameless windows, just as a machine gun can be made to swing on its swivel and cover a long file of men.

"His interest mounted as I went into details. I pointed out the polished brass deck pipes, mounted like guns on the truck, and told how but one man could operate one of these, as contrasted with the four needed to hold a hose securely. I continued my praise for some time.

"When I finished by explanation he was clearly 'sold' on the truck. 'How would you like to have one of them out in Four Corners?' I kidded him. His reply floored me.

"Well," he said, as he handed me his card, 'I'm mighty glad that you boys like the truck. I think it's pretty good myself. You see, I'm vice-president of the company that makes them out in Chicago.'

HUSBANDS GONE

CARDIFF, Wales, March 31—There are 817 women in Cardiff and Swansea anxious to discover the whereabouts of husbands hiding in various parts of the country. This is the official number of husbands who are "wanted" by the Board of Guardians of the two towns, and in Swansea a reward of \$8 will be paid for information leading to the arrest of any of these alleged wife-deserters.

REV. DR. GORDON AT THREE MEETINGS

"Ralph Connor" at St. David's Speaks on Youth, Hope of Church

Rev. Dr. Gordon (Ralph Connor) held three meetings yesterday which were well attended.

The first was a prayer meeting, which was held in the Bible building, in German street. A similar meeting has been fixed upon for today. Some boys have been asked to attend. There was a large congregation at

the evening service in St. David's church, the subject that was presented by Dr. Gordon being "The Youth, the Hope of the Church." The special purpose of this service was to enliven the youth of the church and to focus their attention on the cause of Christ and to follow this object throughout their lives.

The subject was presented in an eloquent and lofty manner by the preacher and aroused a lot of interest. The church choir sang some beautiful hymns.

CONFERENCE HELD

Following this meeting a conference was conducted in the north room on the lower floor. It had a group of boys and girls, as well as of men and women. To awaken an interest in the young people some special questions were asked the young folks and were strongly impressed upon them.

One of the pleasant and enjoyable features of this conference was the serving of tea and cakes by the women of the church to all who were present. This evening's service will begin at 7:30 o'clock. The subject will be "The Church, the Body of Christ."

COTTAGERS RETURN TO SHORE ALREADY

SHEDIAC, March 30—Hon. O. M. Melanson, of Shediac, former Speaker of the Legislature, and Mrs. Melanson are visiting relatives in Montreal.

Andrew Somers, retired C. N. R. trackmaster, and Mrs. Somers, who have been in Moncton most of the winter, are again occupying their cottage at Shediac Cape. Mr. Somers was seriously ill early in the winter, but has recovered.

for Easter Morning! —and the whole year round

Swift's Premium Hams and Bacon

To satisfy Easter morning appetites there is no more savory dish than Brookfield Eggs served with tender slices of "Premium" Bacon or Ham. Swift's "Premium" has long been recognized as the highest standard of quality. Always mild in flavor and uniform. Serve Premium for Easter and you will serve it all year around.

Order from your Grocer or Butcher Swift Canadian Co. Limited.

A REIGNING QUEEN ~ NOBLEWOMEN ~ SOCIETY LEADERS ~ THE YOUNGER SET believe in this Care for the Skin

MARIE, Queen of Romania granddaughter of Queen Victoria, stateswoman, author, mother of two queens, and herself the most beautiful queen in Europe, says: "Beauty can be thoroughly guarded by the daily use of Pond's Two Creams."

MISS ANNE MORGAN devoted to the cause of women, says: "I should like to see the new Club House of the American Woman's Association equipped with Pond's."

Mrs. NICHOLAS LONGWORTH wife of the speaker of the House of Representatives, daughter of President Roosevelt, declares: "A clear skin may be had by the use of Pond's."

THE LADY DIANA MANNERS beautiful English noblewoman with twenty-three generations of blue blood in her veins, daughter of the Duchess of Rutland, says that with Pond's, "every woman can have the beauty of a fresh undimmed complexion."

THE DUCHESS DE RICHELIEU member of a leading Baltimore family and wife of the present head of one of the oldest houses in France, which took its name from the Cardinal, first Duc de Richelieu, says:—"Pond's Creams keep the skin exquisitely soft and lovely."

Mrs. REGINALD VANDERBILT a striking beauty, member of a distinguished family, says of Pond's Two Creams:—"They are such a wonderful help."

MISS MARJORIE OELRICHS a chic and charming New York debutante, daughter of Mrs. Marjorie Oelrichs:—"Pond's is the method I follow."

THE PRINCESSE MATCHABELLI renowned for her statuesque beauty and distinguished by a name nine centuries old. Admiring the complexions of American women, she says:—"Women everywhere can acquire the same perfection with the use of Pond's Two Creams."

EVERY NORMAL SKIN needs these Two Creams. Pond's Cold Cream for cleansing; Pond's Vanishing Cream for delicate finish, a powder base and protection against weather. MADE IN CANADA

WOMEN of royal blood, of noble birth, of high position! Their destiny demands that they face the world with skin as clear and delicate as dawn. Following their lead, thousands of other women, cherishing no less their youth and beauty, pursue a time-tested method of caring for their skins, of keeping their fragile loveliness safe from weariness and strain, inclement weather, grit and dust. Pond's is the plan they follow. Pond's Two Creams the means! Made from formulae developed with scientific toil, with ingredients selected for superior quality, they form a complete method of caring for every normal skin and should be daily used as follows:— First Step: During the day whenever your skin needs cleansing—especially after exposure to weather, wind and dust—apply Pond's Cold Cream generously. Let it stay on a few moments. Its fine oils will penetrate the pores and bring to the surface the dirt and powder which clog them. Wipe off the cream and dirt and repeat the treatment, finishing with a dash of cold water or a rub with ice. Always before retiring give your skin this same deep cleansing with Pond's Cold Cream. If your skin is dry, pat on more Cream and leave it until morning. If your skin is oily, more frequent cleanings with Pond's Cold Cream will free the over-active oil glands of their burden of excess oil, and cause their action to return to normal. Second Step: After every Pond's cleansing except the bedtime one, over your freshly cleansed skin, apply Pond's Vanishing Cream thinly. Your skin has a new and delicate finish now, an even, satiny tone, and is perfectly protected from harsh weather—hot or cold—from wind, soot and dust. Stuff your powder on! See how it clings, with a more velvety smoothness, and stays on so well that you need never again be nagged by the horrid little fear of nose-shine. CLEANSE and brace, freshen and protect your skin the gentle, safe Pond's way. Follow this method chosen by the loveliest, most distinguished women everywhere, of whom these appearing on this page are but a few. Buy Pond's Two Creams in any drug or departmental store and begin their use today. You will be surprised how quickly your skin will look fresher and more youthful.

### PEOPLE DIVIDED IN OPINION OF HEALTH BOOSTER

Some Doubt If Tonic  
 Will Be Sale-  
 able

#### NEWSMEN DIFFER

One Says Better Than Ontario  
 4.4; Other Declares the  
 Opposite

WASHINGTON, D. C. March 31.—Whether the new malt tonic, with its 3.75 per cent. of alcohol and its resemblance to outlandish beer, will be saleable throughout the United States, remains to be seen.

Some think it will, and some think it won't, while others are waiting to be shown just how pleasant it is to take in beverage quantities.

Despite the opinion of James E. Jones, director of prohibition, that there are no state laws that would prohibit the sale of the "health booster," a number of state law officers, in the west and south especially, are skeptical.

Some druggists, at least, are not enthusiastic over the action of Assistant Secretary Andrews, of the Treasury, in permitting manufacture and sale of the malt tonic. In the opinion of T. D. Waiters, secretary of the Ohio Pharmaceutical Association, it will threaten the professional standing of drug stores dispensing it, and tend to break down regulations governing the sale of tonics generally.

The views of prohibition advocates differ, but most of them appear to be against the order.

#### REPORTERS DISAGREE

CHICAGO, March 31.—The reporter of one Chicago morning paper sent to a Milwaukee brewery to sample the 3.75 per cent. "health booster" returned with a verdict that it is better than Ontario 4.4.

"Your correspondent was at Windsor, Ont., when the spigot was turned on, and sampled it, as per instructions," the reporter said. "He stands ready to depose, without fear of contradiction, that this new product so

### Ship Breaks Up Ice Peril

Bangor, Maine, is saving itself from an ice-forced flood like that which inundated Oil City, Pa., by using the coast guard cutter Caspary to plow a five mile channel through the narrows which are the gate to the city. The channel also opens steamship traffic to Bangor.

#### PASTOR TO REMAIN

Rev. W. J. Donville, of Petitcodiac, Accepts Call For Another Year

PETITCODIAC, March 30.—The Quarterly Official Board of the United Church held their annual meeting yesterday afternoon here, the pastor, Rev. W. J. Donville, in the chair. The various reports were received and adopted. They showed a very successful year's work.

At this meeting a call was extended to the present pastor to remain another year. The call was accepted.

### BRITISH LABOR MOVES AGAINST INHERITANCES

By HERBERT BAILEY  
 British United Press

LONDON, March 31.—Another attempt by the Labor party to get a motion passed in the House of Commons condemning the inheritance of large fortunes and calling for a select committee to inquire into the whole subject of testamentary bequests and inheritances, was defeated last night, although the determination and the unanimity with which the subject was pressed indicate that when the Labor party is next in office it will introduce such a scheme.

During the debate figures were quoted by several of the Labor spokesmen to show that of the total national in-

come of the country which is estimated at one billion dollars, only one third goes in wages, the rest being made up of rent, interest and profits on investments and in trade and that while thirty million persons are receiving wages the balance of the national income is received by the remaining twelve millions.

#### MOVE RESISTED.

The Tories resisted the motion vigorously on the grounds that the more capital there was available the better for the nation and arguing that more millionaires in the country are needed and are advantageous.

The debate revealed that labor's unanimous policy was to prevent the amassing of large fortunes.

Several species of mosquitoes breed on the tops of coconut palms in East Africa.

#### 'BLIND TIGERS' CLOSE FOR NEW INSPECTOR

AMHERST, March 30.—The town went dry on Saturday night. The appointment of A. G. Tuttle a new inspector under the Nova Scotia Temperance Act by the Town Council resulted in several "blind tigers" closing their doors. Mr. Tuttle's appointment to office was recommended by every temperance organization in the town, while his application was supported by a majority of the churches.

#### NO BOUNTY GIVEN FOR RACCOON SKINS

AMHERST, March 30.—A local fur inspector has been telling a good story on himself. A few days ago he received a bale of furs, which required the inspection of the Government official. He looked over the mink, mink, etc., and then came to the pelt of a wildcat. He promptly called the owner of the pelt by telephone and informed him that he could collect a \$8 bounty on the "wildcat." "That so," replied the owner "that 'wildcat' was a raccoon when it left here."

SQUIRES TELLS HOUSE HYDRO RESULTS WILL OFFSET DIRECT TAXATION BURDEN ON PEOPLE

Carleton Member Sees Development and Outlays at Grand Falls and Nepisiguit River Allay Alarm Over Budget Plan

DRIVE FOR MARITIME CASE LAUDED

Richard Advocates Higher Stumpage Fees on Resuming Debate in Legislature and Urges Every Assistance Be Given to Agriculture

BY JOHN J. DUNLOP Staff Correspondent of The Times-Star.

FREDERICTON, N. B., March 30—Industrial expansion made possible through the hydro electric development of the Grand Falls and on the Nepisiguit river and the construction of huge pulp and paper mills by the International Paper Co., Fraser Companies Ltd., and the Bathurst Company, Ltd., would more than offset direct taxation amounting to a few dollars for each taxpayer and allay any alarm felt by the people over this impost, F. C. Squires, Government member for Carleton, told the House in his address on the budget this afternoon. New Brunswick, he declared, stood on the threshold of a vitalizing commercial era that would spread good results over the entire province and with such benefits through steady employment and the spending of millions of dollars, the matter of a small tax was not one that would worry them, as claimed by the opposition.

A contrary view was expressed by F. G. Richard, opposition member for Kent, who preceded Mr. Squires in the debate. During the course of his address, he declared the crown lands should be used to secure more revenue and that direct taxation should not be introduced until every other method of indirect taxation had been abandoned.

Mr. Squires made a deep impression on the House by his speech and one of the first to congratulate him personally on it was Hon. Dr. P. J. Veniot, leader of the Opposition. Mr. Squires based his arguments with much vigor and during the course of his remarks held the undivided attention of the members frequently interrupted with applause.

The adjournment was moved by J. L. Gordon, Opposition member for Gloucester, who will continue the debate tomorrow afternoon to be followed by J. William Smith, Government member for Kings.

The House sat during the evening until considered several bills, including that relating to the incorporation of the Town of St. Stephen.

MR. RICHARD SPEAKS.

Mr. Richard referred in opening to agriculture and immigration and advocated every assistance be given to the former industry. Referring to the estimates for the crown lands, he advocated an increase in stumpage rates to help the revenue of the province and by avoid direct taxation.

Mr. Squires in his opening remarks said he brought the loyalty of the people of Carleton county to Premier Baxter. He declared the Premier was a man skilled in the art of statecraft, a man feared and respected by his political opponents and loved by his followers.

MOTOR DUTIES TO HOLD UNTIL NEEDS HEARD

Matter Will Be Referred to Tariff Board, Ottawa Paper Says.

NO CHANGE LIKELY TO RULE THIS YEAR

Rumor Was That Ten Per Cent Reduction Slated After Easter.

OTTAWA, March 31—The Ottawa Evening Journal carries the following news item:

The Journal learns unofficially but authoritatively that the government has decided not to touch the existing duties on motor cars imported into Canada.

It has decided instead to refer the matter to the new tariff commission which will be constituted in the near future.

An interesting feature of the commission will be that it will inquire into the tariff requirements of the motor car industry, having regard to productive costs and other considerations and advise the government as to what should be done.

NO CHANGE THIS YEAR

"This means that there will be no alteration in the present duties until next year's budget."

It had been widely rumored that the budget which Mr. Robt will bring to Parliament after Easter would provide for a 10 per cent. reduction in motor car duties. The government's decision, however, is as indicated above.

RELICS DISCLOSE GREEK INFLUENCE

Rare Archaeological Treasures Unearthed in Tola Valley by Russian Scientists

MOSCOW, March 31.—Rare and valuable archaeological treasures discovered in Outer Mongolia, by the Russian Geographical Society's expedition under Colonel P. K. Kozlov, are said to disclose the undoubted influence of ancient Greece upon the people of Mongolia.

The discoveries include descriptions, ornamental rocks and figures of men and beasts, ruined monuments and early tombs.

In the valley of the River Tola tombs bearing images of men and animals were discovered. Other finds included vast slabs of granite and obelisks decorated with Byzantine ornaments.

The discovery of the tombs is considered of great importance, as the Mongolian custom was not to bury their dead, but to expose them to be devoured by animals and birds.

An interesting result of the expedition from an artistic point of view was the finding, amid the stones and sand of the desert, of a giant tortoise carved in stone. The shell is ornamented with geometrical designs of rare taste and beauty.

The articles found are to be placed in the museums of Leningrad and Moscow.

CHURCHILL WILL SELL POLO PONIES

British Chancellor of Exchequer Decides to Abandon His Favorite Sport

LONDON, March 31.—Winston Churchill, Chancellor of the Exchequer, finds the taxes he levies on his fellow-countrymen so heavy on himself that he has decided to sell his polo ponies before the end of the year.

Mr. Churchill's favorite sport has been the task of drawing up Britain's \$800,000,000 budget and struggling with the increasing expenditures of Britain's bureaucracy. It is so arduous that he no longer has time to indulge in sport.

The Chancellor finds he cannot afford to buy taxes on ponies, he is not using another job he has temporarily had to give up. It is that of completing the second and final book on his experience as a Cabinet Minister during the war.

He was two-thirds finished when he became Chancellor of the Exchequer, but since then has been unable to do a stroke of work on it.

She Was Troubled With Chronic Constipation

Once your bowels become constipated you are in for a lot of trouble, as constipation is one of the most prolific sources of disease that the human race is addicted to, therefore a free motion of the bowels every day should be the aim of everyone who aspires to perfect health.

Mrs. O. W. Larsson, Cleveland, Ohio, writes: "I was troubled with chronic constipation, and became so bad I was almost afraid to eat anything. One day I saw your advertisement for Milburn's Laxa-Liver Pills."

Express Faith In Helicopter Airplane

TOKIO, March 31.—Invention of an airplane with a helicopter attachment which, it is hoped, will make aviation safe, has been announced by Lieutenant Commander Matsuzawa, a professor at the naval college.

The new machine has sixteen wings, eight long and eight short, attached to a rotating mast. The plane is expected to rise without moving forward. On attaining the desired height, the inventor says, it can be directed horizontally in any direction by two rudders attached to the rotating pole.

Asserting that the airplane could be operated from small ground space, Matsuzawa expressed the opinion that within a decade the new machine would be as popular and common in Japan as the automobile is at present.

Charcoal Burning Engine Drives Truck

STOCKHOLM, March 31.—A Swedish-built motor truck, equipped with a charcoal-burning generator and carrying a load of two and a half tons, has completed a trial trip between Malmo and Stockholm, a distance of 485 miles. The total fuel cost is declared to have been approximately \$2.85.

Experiments with charcoal generators have been going on in Sweden for some time, as well as with the use of a mixture of gasoline and wood alcohol. Both methods are said to have been perfected for commercial purposes. Sweden has no domestic petroleum supply.

Body of Kidnapped Officer Found In Bog

CORK, March 31.—The body of Major Lee Compton Smith, D. S. O., who was kidnapped near Blarney early in 1921, was dug out of a bog in the Donoughmore district, about 10 miles from Cork recently, and is at present in Cork Barracks, pending arrangements for removal to England for burial.

Major Smith, who is said to be a native of Wiltshire, was captured while walking with a woman friend, and, after being taken from place to place, was eventually shot.

Housework won't worry you

if you have abundant vitality, for the real burdens of housework are run down nerves and lack of vitality. These are what make you feel sometimes that you are not strong enough to go on any further and that you must just lie down for a rest.

Medical research has definitely proved that one of the causes of a run down condition of the body is a shortage of certain mineral elements, including iron, potassium, calcium, sodium and phosphorus, and until a sufficient supply of these minerals is restored to the body, good health is impossible.

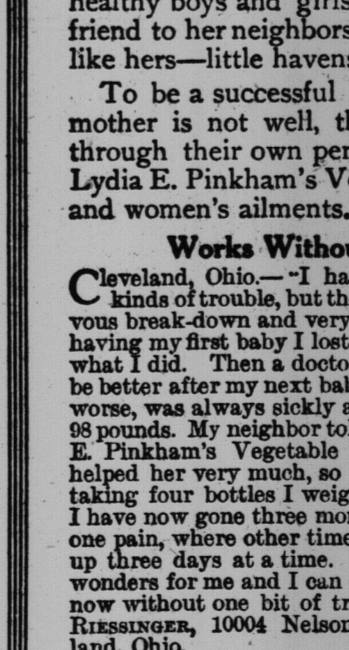

Wincarnis contains every one of these elements in addition to other health giving ingredients, and in a form in which they are most rapidly absorbed into the blood and carried to every part of the body to be converted into vital force.

Wincarnis has been recommended by over ten thousand physicians in cases of nervousness, anaemia, sleeplessness, and the general debility that accompanies a run down body. For fifty years this strength giving and nerve restorative has brought new life and happiness to weakened men and women.

Buy a bottle of Wincarnis today from your druggist. Try it and see the difference just a few days will bring.

Wincarnis Builds Health

Coleman & Co. (Canada), Ltd. 67 Portland St., Toronto

Mrs. M. Riessinger 10,004 Nelson Avenue, Cleveland, Ohio.

The Happy Housewife

FOUR WALLS can make a house, but it takes a woman to make a home. The woman who prepares nourishing and attractive meals, attends to the thousand and one household tasks without grumbling, raises a family of healthy boys and girls, and still finds time to be a pal to her husband and a friend to her neighbors, is accomplishing the biggest job in the world. Homes like hers—little havens of peace and love—are the bulwark of the nation.

To be a successful homemaker, a woman must guard her health. When mother is not well, the house is upset. Women everywhere are learning through their own personal experiences, as Mrs. Riessinger did, the merit of Lydia E. Pinkham's Vegetable Compound to relieve nervous spells, weakness and women's ailments.

Works Without Pain

Cleveland, Ohio.—"I have really had all kinds of trouble, but the worst was a nervous break-down and very irregular. After having my first baby I lost weight no matter what I did. Then a doctor told me I would be better after my next baby came. But I got worse, was always sickly and went down to 98 pounds. My neighbor told me about Lydia E. Pinkham's Vegetable Compound, as it helped her very much, so I tried it. After taking four bottles I weigh 116 pounds and I have now gone three months without even one pain, where other times I would be laid up three days at a time. It has just done wonders for me and I can do my housework now without one bit of trouble."—Mrs. M. Riessinger, 10004 Nelson Avenue, Cleveland, Ohio.

Nervous Spells Gone

St. Paul, Minn.—"If young women want to keep their health and strength for the next thirty years of their lives it is best to start in right now and take this medicine! I used to get nervous spells that would last a couple of days and were so bad that I was afraid in my own house in broad daylight. I used to lock the doors and pull down the shades so that nobody could see me. One day a little booklet was left on my porch and I read it through. I found a case similar to mine. I bought Lydia E. Pinkham's Vegetable Compound and had had fine results. The condition I was in made me a burden to my husband. Now I ask him, 'How is house-keeping?' and he says 'It is just like being in Heaven!'"—Mrs. JACK LOEBERTZ, 704 Dellwood Place, St. Paul, Minnesota.

Lydia E. Pinkham's Vegetable Compound

LYDIA E. PINKHAM MEDICINE CO. PANY, COBURG, ONTARIO.

Matter Will Be Referred to Tariff Board, Ottawa Paper Says.

OTTAWA, March 31.—The Ottawa Evening Journal carries the following news item:

The Journal learns unofficially but authoritatively that the government has decided not to touch the existing duties on motor cars imported into Canada.

It has decided instead to refer the matter to the new tariff commission which will be constituted in the near future.

An interesting feature of the commission will be that it will inquire into the tariff requirements of the motor car industry, having regard to productive costs and other considerations and advise the government as to what should be done.

NO CHANGE THIS YEAR

"This means that there will be no alteration in the present duties until next year's budget."

It had been widely rumored that the budget which Mr. Robt will bring to Parliament after Easter would provide for a 10 per cent. reduction in motor car duties. The government's decision, however, is as indicated above.

RELICS DISCLOSE GREEK INFLUENCE

Rare Archaeological Treasures Unearthed in Tola Valley by Russian Scientists

MOSCOW, March 31.—Rare and valuable archaeological treasures discovered in Outer Mongolia, by the Russian Geographical Society's expedition under Colonel P. K. Kozlov, are said to disclose the undoubted influence of ancient Greece upon the people of Mongolia.

The discoveries include descriptions, ornamental rocks and figures of men and beasts, ruined monuments and early tombs.

In the valley of the River Tola tombs bearing images of men and animals were discovered. Other finds included vast slabs of granite and obelisks decorated with Byzantine ornaments.

The discovery of the tombs is considered of great importance, as the Mongolian custom was not to bury their dead, but to expose them to be devoured by animals and birds.

An interesting result of the expedition from an artistic point of view was the finding, amid the stones and sand of the desert, of a giant tortoise carved in stone. The shell is ornamented with geometrical designs of rare taste and beauty.

The articles found are to be placed in the museums of Leningrad and Moscow.

CHURCHILL WILL SELL POLO PONIES

British Chancellor of Exchequer Decides to Abandon His Favorite Sport

LONDON, March 31.—Winston Churchill, Chancellor of the Exchequer, finds the taxes he levies on his fellow-countrymen so heavy on himself that he has decided to sell his polo ponies before the end of the year.

Mr. Churchill's favorite sport has been the task of drawing up Britain's \$800,000,000 budget and struggling with the increasing expenditures of Britain's bureaucracy. It is so arduous that he no longer has time to indulge in sport.

The Chancellor finds he cannot afford to buy taxes on ponies, he is not using another job he has temporarily had to give up. It is that of completing the second and final book on his experience as a Cabinet Minister during the war.

He was two-thirds finished when he became Chancellor of the Exchequer, but since then has been unable to do a stroke of work on it.

She Was Troubled With Chronic Constipation

Once your bowels become constipated you are in for a lot of trouble, as constipation is one of the most prolific sources of disease that the human race is addicted to, therefore a free motion of the bowels every day should be the aim of everyone who aspires to perfect health.

Mrs. O. W. Larsson, Cleveland, Ohio, writes: "I was troubled with chronic constipation, and became so bad I was almost afraid to eat anything. One day I saw your advertisement for Milburn's Laxa-Liver Pills."

so I got three vials, and after taking them I have never been troubled since with constipation."

Put up only by The T. Milburn Co., Limited, Toronto, Ont.

BLACKHEADS

Don't squeeze blackheads—dr. solve them. Use two ounces of wetting powder from any drug store and rub with hot, wet cloth over the blackheads. They will dissolve and disappear by this safe and sure method.

Use the Want Ad. Way

Says Stomach Ached For Days

Brooklyn, N. Y. Mr. Leonard Glasser writes: "Food made me sick just to look at it. My stomach ached. I was fearfully constipated. After taking Carter's Little Liver Pills I have completely eliminated these conditions. Carter's Little Liver Pills move the bowels in a gentle manner, free from pain and unpleasant after effects. They do not contain calomel, mercury, or other harmful habit forming drugs. They are coated, small, easy to take, and safe for every one in the family. Drugists, 25 & 75c red packages."

No! No! There's a much easier way to reduce

This is to women—and to men—who still think that abnormal exercise and diet are the only ways to fat reduction. Look about you! Note how uncommon excess fat is now. Slenderness is almost universal. It has become the basis of every style, every idea of beauty. Don't you realize that some new factor has brought about this change?

Marmola Prescription Tablets have now been used for 18 years. Millions have learned what they do. Users have told others, and the use has multiplied. Now people are using some 100,000 boxes of Marmola monthly.

You see the results everywhere. Your own friends can show them to you. Marmola acts on the cause of excess fat. We state the ingredients and explain the scientific reason for their action. Every user of Marmola knows exactly why and how. Investigate Marmola if you suffer excess weight. Learn why it is doing so much for so many in an easy, pleasant way. You owe that to yourself.

Marmola Prescription Tablets are sold at all drugists at \$1 per box. Send this coupon for one box free. Clip it now. Free, and our guarantee. Clip it now.

The Pleasant Way to Reduce

MARMOLA Prescription Tablets. 2-335 General Motors Bldg. DETROIT, MICH. Free

COUNT THEM TONIGHT!

Put up your mirror and count the pimples and other facial blemishes you have tonight. Tomorrow, after using Marmola Prescription Tablets, count the blemishes on the cream—like Soap—Syrup—applied on the face for just a few days. You will see that you have removed the cause. You will see that it is over. Any drug store.

EXPENDITURE DECREASED.

Touching the financial situation of the province Mr. Squires declared that the Baxter government had decreased the expenditure by some \$82,000 despite claims of the opposition that it had been increased. The opposition, he said, in their estimates had never included the interest on the Valley Railway, and in comparing both governments it was fair to include this item in each statement. On this basis, the Baxter government had made a decrease.

MR. SQUIRES—"Yes, and they claimed that paid for the containers, and I have met some of them coming up the street." (Laughter).

DEBT CHARGES GROW.

He dwelled exhaustively on the financial situation of the province.

OLD RECIPE TO DARKEN HAIR

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray.

Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wych's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, for only 75 cents. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy, and you look years younger.

MONCTON BILLS FAVORED.

The bill authorizing the school trustees of the city of Moncton to issue debentures was referred to with amendments.

MR. BROOKS introduced a bill to authorize the town of Sussex to issue bonds.

MR. TILLEY introduced a bill to amend the Saint John City Assessment Act.

MR. EVANS asked the Minister of Public Works if he was in a position to give any information as to the tests which have been made in comparing Minto coal with the imported coal previously used in heating the Government buildings.

THE EVENING TIMES-STAR, SAINT JOHN, N. B., WEDNESDAY, MARCH 31, 1926

CANADIAN CLUB HISTORY TOLD BY COL. WEYMAN

Moncton Gathering Hears Interesting Address By National Vice-President

FIRST ORGANIZATION TOOK PLACE IN 1893

Speaker Quotes Tributes By Lord Grey, Wallace Nesbitt And E. J. Todd

MONCTON, N. B., March 31.—A well attended and very enjoyable banquet and lecture under the auspices of the Canadian Club, took place last night at the Brunswick Hotel.

In his opening remark he told of his desire, upon being elected to the vice-presidency, of knowing intimately the history of this association and he had given it considerable study during the past winter.

ORGANIZED IN 1893. The first Canadian Club was organized in the city of Hamilton, Ontario, Feb. 15, 1893.

There was then a combined membership of over 80,000 Canadian men and women.

Of the notable men who have commended the organization he quoted from Earl Grey, Mr. Wallace Nesbitt, an eminent King's Counsel of Toronto, and E. J. Todd, L.L.D., a member of the Canadian Club of Winnipeg.

RESPONSIBLE GOVERNMENT. The next outstanding event was the rebellion of 1837, which ended in a grant to Canada of responsible government.

CONFEDERATION. Confederation was another great factor. Lord Durham pointed out that a confederation might counterbalance the influence from the United States.

NATIONAL POLICY. Following Confederation came the purchase of the Northwest Territories, the setting of the C. P. R., and the national policy under Sir John A. Macdonald.

Just Right For Upset Stomach. For after-eating distress, gas, sourness and bloating, the quick and positive neutralizing action of Bismarck Magnesia has proved to be just right!

Sooner or later. Time to get up. Then to the bath. A dip and a rub with Pears' Soap. Doesn't the world seem rosier!

Pears' Transparent Soap, in large tubs that last. Unscented. Complete Shaving Stick.

LEADING THEM HOME BY SEVERAL LENGTHS

Finish of the second heat of the Biacayne Baby motor boat race at Miami Beach, Fla. This picturesque scene shows Paul Prigg of Miami, leading the field home in his "Biacayne Baby." Prigg also finished first in the third heat, giving him the first leg on Governor Martin's Challenge Cup.

9—No proper qualifications for members in House of Commons.

10—The reorganization of the Senate.

11—Pure economic administration of public affairs.

12—This party however composed mostly of Liberals at first finally merged more or less in the Conservative Party under Sir John A. Macdonald.

MOVEMENT GROWS. The movement for Canadian autonomy grew under Sir John A.'s government, but made its greatest strides during Sir Wilfrid Laurier's administration.

ROYAL LETTERS ARE SOLD TO AMERICA

Documents Signed By Spanish King Among Those Bought By Huntington

LONDON, March 31.—Henry E. Huntington, the American multi-millionaire, who has probably purchased more art treasures from English dealers than any other person, has added some new gems to his famous library by the acquisition in London of some almost priceless manuscripts, including letters signed by King Philip the Second of Spain after his marriage to Mary Tudor, Queen of England.

**STRONG BUYING SUPPORT GIVEN AS DAY BEGINS**

Prices in Wall Street Bound Up in All Sections

**TWO STOCKS GET FOUR POINT BOOST**

Busy Opening in Montreal Market Today, With Prices Irregular

NEW YORK, March 31.—Strong buying support was provided at the opening of today's stock market, and prices bounded upward in all sections of the list. General Electric and Coca Cola quickly advanced over four points and initial gains of two points or more were recorded by New York Central, General Asphalt, General Motors and United Drug. There were a few remaining soft spots, Atchison and Southern Railway showing initial losses of about a point.

**MONTREAL MARKET**

MONTREAL, March 31.—Considerable trading was done on the Montreal Stock Exchange, during the first half hour this morning. Opening prices were irregular with several gains and losses recorded. Brazilian and Smelters were the most active issues, the former opening at 87 1/2, up 1/2 point, while Smelters was very irregular. This issue opened at 200 for a loss of one point, selling at 199 later, off another point, but recovered around 10:30 a.m. to sell at 200 1/2. Power, selling up 1/2 points at 217, proved to be the strong spot, while Twin City, Breweries and Wayagamack, were on the downward trend. Twin City was off 1/4 at 70, Wayagamack, off one point at 66 and Breweries down 1/4 points at 87 1/2. The paper issues were firm Abitibi being up 1/4 at 74 1/2, Brompton unchanged at 63 and Price Bros. also unchanged at 65.

**CABLE TRANSFERS**

MONTREAL, March 31.—Cable transfers 467 1/2.

**The Verdict of the Builders Ambrose Wheeler**

Mr. Wheeler, who used Interlocking Tile in the construction of the Masonic Temple, Moncton, was so pleased with its low cost for wall making, that he stated "It gives me great pleasure to recommend to prospective builders the use of Interlocking Tile."

It is significant that most of the large Maritime Buildings erected in the last year or so have used it.

Yet it is just as useful for smaller construction, its cost for homes being little more than that of frame, the difference being more than offset by savings on insurance and upkeep. It takes a handsome stucco finish on the exterior while on the inside you save because furring is not necessary.

**FREE AT LAST OF KIDNEY TROUBLE**

"I have been troubled for some years with dyspepsia, liver trouble and kidney trouble, from which I was impossible to get relief until I started taking 'Fruit-A-Dives', which had been recommended to me by a relative. Before taking this wonderful Fruit Juice remedy it was impossible to carry out my daily work, but now, thanks to 'Fruit-A-Dives', I am free from those ailments, and able to do my household duties without pain or fatigue."

—Mrs. Thomas Evans, R. R. No. 1, Everett, Ont.

The remarkable medicine, "Fruit-A-Dives", made from intensified fruit juices and tonics, has more than 20 years of success to recommend it. It can always be depended upon to give positive relief from pain in the back, Rheumatism, Lumbago, Neuralgia and Headaches, which are due to improper action of the kidneys, stomach and bowels. Sold every where, 25c. and 50c. a box.

**Current Events**

NEW YORK, March 31.—R. & O. directors meet for dividend action at 2:30 p.m. Readings were read March 29, were 977,500, against 967,411 in preceding week.

American Petroleum Institute places domestic crude oil production, week March 27, at 1,833,500 barrels daily, increase 4,800 barrels daily over preceding week. Weekly oil year earned \$14.65, against two cents in 1924.

Panama Canal declared an initial quarterly dividend of 7 1/2 cents on common and dividend of 100 cents in common stock on common.

Coco Cola decision of redeem remaining \$4,000,000 preferred at par and accrued dividends July 1.

Cont'l. Motors declared regular quarterly 25 cents.

**Morning Stock Letter**

NEW YORK, March 31.—A new wave of liquidation was started yesterday by the break in the oils and rails. Margin calls were heavy again, which will probably bring some forced selling today. There were a few stocks, however, that stood up very strongly. Chief among them was General Electric, which, in a weak market, was up over six points, while G.M.C. and Steel showed up well. This market has passed so many points when rallies were due without recognizing in the slightest, that it seems foolish to try to fix the time for a rally. There is some good opinion on the floor with which we are inclined to concur, that the character of the buying during the last few days has been a turn. If stocks are weak today, we believe it will be the general selling wave before a rather extended rally.

Some stocks already have been pushed down to a very attractive level. Among these we might mention in the rail group So. Ry., C. & O. and St. L. So. Western. In the oil group P.M.S. seems very attractive. In industrial group we believe G.M.C., R.B.C. and Con. Gas are at levels below their values.

LIVINGSTON & CO.

**NEW COMPANIES IN N. B. INCORPORATED**

**Woodworking Firm at Nelson Formed, Two Partnerships Announced**

FREDERICTON, March 31.—A partnership under the name of C. H. Hicks & Sons has been formed to carry on a business in fox ranching at Berry's Mills. Those forming the partnership are Charles H. Hicks and Clarence D. Hicks, of Petticoat.

The Service Motors, Limited, with head office at Bath, Carleton county and capital stock of \$25,000, has been incorporated. Those incorporated are Clifford W. McQuarrie, of Hartland, and S. E. Cliff, of Centreville, and Edward A. Caldwell, of Bath.

The Burchill Woodworking Company, Limited, is incorporated with head office at Nelson and capital stock of \$50,000. Those incorporated are G. P. Burchill, George P. Vye and Thomas J. McLaughlin, all of Nelson. The company is to take over the saw and door factory of George Burchill & Sons at Nelson and conduct a general lumbering business.

**FRENCH HOUSE ADOPTS POLL TAX PROVISION**

**Peret's Bill With Some Amendments Is Passed MORE OPTIMISM**

**Briand Still Faces Difficulty, But Fall in Franc Stirs Deputies**

PARIS, March 31.—The Socialist group of the Chamber of Deputies, in caucus today, voted 29 to 11, to abstain from balloting every time the government puts the question of confidence in the course of the passage of the finance bills, in order not to provoke a cabinet crisis.

PARIS, March 31.—The Chamber of Deputies adopted the poll tax provision of Finance Minister Peret's bill on the balancing of the budget this morning, by a show of hands, after it had been amended to exempt a great many taxpayers and reduce the rates for many others.

M. Peret declared the government opposed amendments reducing the tax yield. The chamber, however, was understood that, if it had not at the end been provided with all the resources it demanded, the government would resign.

**FATE IN BALANCE**

While the fate of the Briand government still hangs in the balance, its supporters were optimistic today that the continued fall in the value of the franc, had so alarmed the members of the Chamber of Deputies that for the time being they were more ready to view things from the financial than the political angle in connection with the crisis.

Finance Minister Peret's speech in the chamber last night was declared in political circles this morning to have been so simple and clear with arguments, and well arranged facts skillfully marshalled and above all, devoid of party feeling, that it made a strong impression on M. Herriot, president of the chamber, who strongly disapproved the last ministerial crisis and is determined, if possible, to prevent another.

**GOVERNMENT'S COAL REPORT CONSIDERED**

**Canadian Press**

LONDON, March 31.—The public is keenly awaiting the outcome of the meeting today between the executives of the coal mine owners and the miners, called to discuss their differences and to decide whether they respectively will accept the report of the government's coal commission, which was made recently with an idea of settling the long standing controversy and also to bolster up the coal mining industry.

The government has promised to adopt and put into effect the report of the commission if the mine owners and the miners also accept its provisions. A final decision may not be reached today, but the hope is expressed that the meeting will bring about some sort of a settlement which will avert open war in the coal industry.

tan Life Insurance Co., to be Justice of Peace; William J. Swanton of Saint John to be Alms-house Commissioner for the city and county of Saint John. Clarence Quinton, Manawagonish road, to be coroner in place of William A. Quinton resigned.

York—Tennyson A. McDonald, of Bloomfield Ridge, Roy Wade, of Peniac, and John E. Fox, of Lower Southampton, to be Justices of Peace; Fred R. Brooks, of Southampton, to be parish court commissioner for parish of Southampton in place of Chipman R. Grant, who declines to act.

The motor ship Sally Maxwell, called last night for New Zealand ports and will make a call at Newport News en route.

**Through Rose Colored Spectacles**

Too often Life Insurance is regarded solely as a means of protection for dependents. It is that. But a more sensible way to look at it is to regard it not only as the means to insure protection for dependents in the event of death, but in addition to provide for one's own comfort in later life.

The Confederation Life Association provides this dual insurance in the form of a Peerless Policy which has been found to meet the requirements of the business and professional man.

We should like to send you a booklet entitled, "The Peerless Policy." It describes this dual plan of insurance precisely. Write for a copy.

Says "Mob Boredom" Is Crime Cause In U. S.

NEW YORK, March 30.—"Mob boredom," which he said resulted from mass standardization, was given as the cause of the crime wave in this country by S. K. Rattcliffe, English journalist, in his final address to members of the League for Political Education in the Town Hall.

Wombat Deprives Melbourne of Water

SYDNEY, Australia, March 30.—Citizens of Melbourne recently went without water because a burrowing wombat took a notion to burrow near the aqueduct that carries water to the city.

Bordeaux Water Now Millionaire

PARIS, March 31.—A Bordeaux cafe, which has been informed through the Ministry of Foreign Affairs that he has become a millionaire under the will of his brother, a stock-broker in Brazil, is continuing to serve in the cafe pending his departure to take over the inheritance.

New Field For Women

SELBY, Eng., March 29.—Can a woman be a successful trainer of football teams? The answer to that strange question is provided by the record of the Selby Abbey school team, which has been trained since the start of this season by Mrs. Parsons, the wife of the headmaster. The team was played fifteen league games and won all of them, scoring a total of 50 goals, against eight by their opponents.

My husband wanted the boys to win something big, and I told him to let me train them. Two of my husbands are in the county team in my first season's training and in the semi-final of the Deighton shield. In the shield competition each year before they had never played the first round.

### NEW CANADIANS ARRIVING HERE THIS WEEK, TO GET GIFT

Will Be Specially Remembered by Junior Red Cross Society

"When you cough or sneeze or sniff, do it in a handkerchief!" That excellent motto is one the Junior Red Cross members know well and when the New Brunswick Red Cross entered into their latest enterprise of providing an Easter gift for all the new Canadians that will arrive at the port of Saint John in the coming week-end, it was decided to have that motto written on the envelope in which each handkerchief was wrapped.

Practically all of the Junior branches in the province have sent one handkerchief in a daintily ornamented envelope and both the handkerchiefs and their wrappings are most attractive.

**INTERESTING ENVELOPES.** Photographs, original drawings, Easter pictures and verses are all to be found on the envelopes and the handkerchiefs have nearly all of them some pretty touch of embroidery. One of the most beautiful pieces of handwork in the handkerchiefs is seen in the one sent from the Brighton Handkerchiefs of Lower Brighton, and it is the work of a little girl of 12 years.

Miss Jean Browne, director of the Canadian Junior Red Cross, has chosen the handkerchief sent by the Sunbeam branch, of Rothesay, to be exhibited on a poster displayed at the Pan-American Red Cross conference in Washington this year. The handkerchief has dainty hand embroidery in the corner and the

envelopes in which it is enclosed has the legend "Welcome to Canada from Rothesay Sunbeams Junior Red Cross." The Red Cross emblem, the New Brunswick Junior Red Cross badge and an Easter chick make an attractive decoration for the envelope.

#### GET SPECIAL PRAISE.

For neat original drawings the envelopes sent by the "Play the Game" branch, in Chatham; the Edith Carvel branch, in Campbellton; the Lily of the Valley branch, of Lower Wakefield, in Carleton county; the Healthy Helpers of Ferry Road; the Faithful Workers of East Florenceville; the Sunshine Juniors, of Andover; Grand Manan Juniors, and the Willing Helpers, of Middle Sackville, are all deserving of special praise.

At their own suggestion, the Junior Red Cross members in St. David's, Charlotte county, made Easter cards to be sent to the patients in hospital. There are only nine members in the branch but they made 73 handpainted cards each with an original design very artistically, neatly and cleverly done. Some of these cards were sent to the beds of the Red Cross in Canada and others are to go to patients that will fully appreciate the Juniors' kindly

thought and the very good work in the painting and drawing.

#### APRIL NUMBER TO HAND.

The April number of the Red Cross Junior has just been sent out and New Brunswick members will be proud indeed to find what very favorable comment is given to New Brunswick activities.

Upper Woodstock and Aroostook Portage are praised for their salesmanship of the Red Cross Junior, the Christmas carol singing of the Napanagog Sunbeams is specially referred to and the very first place in the magazine is given to the annual report of the Bluebird Junior Red Cross, of Scotch Settlement, N. B.

Among the special articles is a very interesting account of the part played by the Junior skaters at the world's skating meet held in Saint John recently. The article was written by John J. Dunlop especially for the Red Cross Junior.

One person out of 108 in Nevada is a full-time student of the State University.

The name Europe has been in use for more than 2,800 years.

### SEEK TO HAVE BUS SERVICES UNDER CONTROL OF BOARD

Members of Public Utilities to Appear Before Government Today

J. M. Truman, chairman of the New Brunswick Board of Public Utilities, and G. Earle Logan, secretary of the board, left last evening for Fredericton. Today they will, with T. C. Burpee, member of the board, appear before the government and ask that legislation be enacted placing the urban and inter-urban bus services in the province under the control of the board.

The legislation asked for will not in any way affect the regular taxi services

in Saint John or any of the other cities and towns but will apply only to bus lines with regular routes on which they operate.

At the last meeting of the board, held on March 24, a petition was presented to the board asking them to take steps along these lines in order to protect bus lines already operating.

Only One Show Tonight

**IMPERIA**

Sweet Depiction of a Moderately-Circumstanced Home ALICE JOYCE, CLIVE BROOK, GEORGE FAWCETT

In Dorothy Canfield's Domestic Problem-Story "THE HOMEMAKER"

IN and out of "The Home Maker" walk men and women we all know; and their children, too, for that matter. There are the members of the Ladies Guild, the borrowing neighbor and the successful relative. It is a great, clean picture and one that every one should see. It is from Dorothy Canfield's great story of the same name and was directed by King Baggot with care and great attention to detail.

A Cross-Section of Many Saint John Homes

LORD ALLENBY'S MEETING AT 9 P. M.

Following First Show of Pictures—Ticket-holders attending first show may remain in their seats.

**GAIETY** WEDNESDAY—THURSDAY

"The Street of Forgotten Men"

WITH PERCY MARMONT, NEIL HAMILTON, MARY BRIAN

The screen has never known an underworld-society drama so strange and startling as this one!

LUPINO LANE IN "MAID IN MOROCCO"

**Venetian Gardens** TONIGHT

Also Saturday Afternoon and Evening

**PALACE** WED. and THUR.

**DOUGLAS MACLEAN**

7 Keys to Baldpate

THEY told him not a soul could enter—and seven villains had keys! Every one unlocks a mirth-quake! A beaming, screaming, teeming screen version of George M. Cohan's biggest comedy hit.

**PETE MORRISON** in his newest Blue Streak Western "The Desperate Game"

A sparkling comedy-romance of the Great West—crammed with fights, thrilling captures and expert horsemanship. Assisted by "Lightnin'" the wonder horse.

JAP CONCESSION DENIED. MEXICO CITY, March 30—The Mexican Minister of Agriculture and Development, Luis Leon, today emphatically denied the report published in the United States that the Mexican government was selling a concession to a Japanese syndicate on Magdalena Bay, Lower California.

**OPERA HOUSE** NOW PLAYING MATINEE and NIGHT

**FRECKLES AND HIS FRIENDS** There Is Such A Thing By BLOSSER

Yes, she said if I saw you I should tell you to come right home!

WHAT DOES NOW WANT ME FOR ANYWAY?

YOU RAN AWAY WITHOUT BRUSHING YOUR TEETH—NOW MARCH RIGHT IN THE BARROOM AND BRUSH THEM!

SHUGGS! YOU ALWAYS MAKE ME DO THIS EVERY MORNING!

CERTAINLY! YOU SHOULD LIKE TO DO IT!

YES, IT'S MY FAVORITE THING I HATE TO DO!!

**BOOTS AND HER BUDDIES** Off For New York! By MARTIN

LOOK! I'M SO EXCITED! IT WAS SO UNDESIRABLE OF BOOTS TO GO TO NEW YORK TO DO MY SPRING SHOPPING!

WELL, I'LL DECLARE—THIS IS RICH! YOU ARE GOING TO NEW YORK TO BUY NEW SPRING CLOTHES AND YET YOU HATE TO LEAVE! FULL OF CLOTHES TO WEAR UNTIL YOU ARE THERE!

NO, NO, BILLY! I'M TAKIN' EM EMPY 'T BEING BACK MY CLOTHES IN!

**SALESMAN \$AM** Early Family Is Right By SWAN

SEEK YOUR PARDON MR. HOWDY—BUT EVERYBODY IS MAKING REMARKS ABOUT YOU BEING SEEN WITH THAT GIRL—YOU KNOW SHE IS AN EXCLUSIVE HOTEL AND WE EXPECT OUR PATRONS TO BE SEEN WITH THE BEST OF SOCIETY ONLY!

WHY—SHE TOLD ME THAT SHE COMES FROM ONE OF THE EARLY FAMILIES OF BOSTON!

SHE DOES BUT

THEY'RE MILKMEN

**BEAR KILLS BRITISH COLUMBIA TRAPPER** PRINCE GEORGE, B. C., March 30—Tom Meany, a trapper on the north fork of the McGregor River, 76 miles northwest of here, was killed by a grizzly bear within a mile of his camp last Wednesday, according to information brought here by Jack Yarsau, the dead man's partner.

**NEVER** believe a woman when she says she is "done with men," a man when he vows she is "through with women," or a dentist when he says "it won't hurt."

### Easter Chicks - - Bunnies Too

### DUCHESS HEADS DELEGATION DUE HERE SATURDAY

Her Grace of Athol On Way To Conference On Education

FRENCH PARTY ALSO ON WAY TO MEETING

Now On Voyage On Montcalm—Montclair Has Fast Voyage

Delegates from France and the British Isles to the third Triennial National Conference of Education, to be held in Montreal from April 6 to April 10, are at present on their way to Saint John on the C. P. liner Montcalm, which left Liverpool on March 26 and Belfast on March 27. They are headed by Her Grace the Duchess of Athol, parliamentary under-secretary to the Board of Education under the present government, and Sir Hugh Percy Allen, a prominent English musician, who, beside being director of the Royal College of Music and professor of music at Oxford University, has the distinction of conducting the famous London Bach choir.

FRENCH DELEGATION  
 Members of the French delegation, which is headed by Senator Andre Honnorat, Minister of Public Instruction during the war, who will arrive on the Montcalm are: Jean Bruneau, prominent educationalist, of the University of Paris; E. Gilson, professor of philosophy in the Sorbonne; and F. Guizot, representative of the Topical Press Agency.

Other prominent passengers include H. deWim Wicky, representative of the London Daily News, and W. M. MacGregor, representative of the Topical Press Agency.

MAKES FAST RUN  
 What is considered in shipping circles to have been a very fast run for this time of year was made by the Canadian Pacific liner Montclair in Liverpool last week.

She left Saint John at 2 p.m. on March 19, and reached Liverpool at 1 a.m. on March 27, a running time of seven days, six hours. She, with her sister ships, the Montcalm and Montrose, has a regular speed of 17 knots, and during the Saint Lawrence season has often surpassed the creditable showing made in her latest voyage.

### BUILDING WORK IS IN ADVANCE OF 1925

Inspector's Figures For Saint John up to End of March \$201,160

While an absolutely new construction was undertaken here in March, 27 permits for repairs after fire, alterations and additions to buildings were issued, and the value of the work to be done was \$95,318. Up to the end of March this year the value of permits issued for the first three months of 1926. During March, five permits for ordinary repairs were issued.

GAIN OVER 1925.  
 The total value of permits issued the first three months of this year is \$201,160, compared with \$224,600 for the same period of 1925. Among the larger work undertaken during March were: Carleton City Hall, \$48,338; buildings of Fred E. Driscoll, Union street, \$7,000; Hyman Davis, Union street, \$7,500; and Mrs. F. Nichols, King street, \$3,000. These were all following fire damage.

### PROPERTY SALES

Four in Saint John City and Same Number in Kings County

Property transfers in Saint John and Kings counties have been recorded as follows:

Marguerite Dalton and others to Josephine A. Johnston, property in Tower street.  
 F. W. Peacock to F. W. Peacock, property in Rockland road and Spring street.  
 J. C. Porter to E. T. Fulton, property in Ludlow street.  
 J. Sealy to A. E. Kierstead, property in Strait Shore road.

KINGS COUNTY  
 John Humeny to Nick Cashol, property in Norton.  
 L. D. Jones to David Jones, property in Kars.  
 J. E. Keith to W. J. Bedding, property in Studholm.  
 John Monahan to Robert Monahan, property in Sussex.

ROXBOROUGH CIRCLE  
 The sewing circle of Roxborough Lodge, L. O. B. A., met last evening at the home of Mrs. W. Lint, Coburg street, with the president, Mrs. W. B. Nice, in the chair. Thirteen members present. The hostess was assisted in serving refreshments by Mrs. Frank Nice and Mrs. Burton Ring.

TRUE BLUE AUXILIARY  
 At a meeting of the auxiliary of the Loyal True Blue Association in the Orange Hall, Germain street, a quilt for the Protestant Orphanage was completed. A committee of ladies served refreshments, assisted by Mrs. Myrtle Hazlett.

### Local News

#### MUST LEAVE CITY

Catherine Johnston, arrested last night on a charge of lying and lurking and having no visible means of support was allowed to go on condition that she leave the city.

#### BY-LAW VIOLATION

Arthur Fleming, reported by Sergeant Dykeman for washing his auto in the street and parking within 15 feet of a hydrant, was fined \$10 in the Police Court this morning.

#### GOES TO QUEBEC

K. C. Cairns, assistant electric engineer of the New Brunswick Electric Power Commission, is severing his connection with that body and will leave Friday evening for Arvida, Quebec, where he has secured a position with the Canadian Aluminum Company, which is making quite a large power development at that place.

#### NICELY ENTERTAINED

Members of the Presbyterian Ladies' Club, who were entertained last evening at the home of Miss Carrie Baillie, Chaplain street, West Saint John, a delightful evening was spent in games and social talk. The hostess was assisted in serving refreshments by Mrs. H. P. Hayes of Mount Pleasant, who was guest and by Mrs. S. T. Coggie and Mrs. David Linton.

#### BIRTHDAY PARTY

Mrs. A. Garnett, 2 Murray street, was hostess last evening to several little girls and boys in honor of her youngest son, Burton Ronald, on his 11th birthday. He received many nice gifts. A beautiful birthday cake adorned with 11 candles centered the table. The music was furnished by Mrs. E. Shellington, Miss Thillie McDevitt and Mrs. Charles Brown.

#### LITTLE RIVER CARDS

The weekly card party of the Little River Community Club was held last evening, ten tables of players participating. After the play refreshments were served by the ladies. The winners were: Ladies, first, Mrs. Gordon Stewart; second, Mrs. Williamson; third, Mrs. Davidson. Gentlemen, first, Mr. Williamson; second, George Stewart; third, Randall Walker.

#### AT MAIN STREET CHURCH

The vestry of the Main street church was filled last evening at the special service of the service. The Rev. A. K. Herman on "Is the Cross Necessary," made a deep impression. The music was led by the newly organized Main street Baptist orchestra of 10 pieces and their rendering of the beautiful Gospel hymns added much to the impressiveness of the service. Tonight Mr. Herman will speak on "There's Power in the Blood."

#### THE PASSOVER

Observance of the Feast of the Passover was continued today by Hebrew members of the Synagogue. Services were conducted at 9 o'clock this morning in the synagogue by Rev. O. Mandelblat, Rev. S. Hilt and Rev. A. Babo. During the remainder of the week the observance will be of a minor nature, but on next Monday and Tuesday, religious services will be resumed and the feast brought to a close on Tuesday evening at sunset.

#### J. A. WICKHAM DEAD

Many friends will regret to learn of the death of John Alexander Wickham, which occurred at his residence, 19 Murray street, yesterday. Mr. Wickham is survived by his wife, one son and one daughter. The son is John Andrew Wickham, and the daughter, Mrs. Joseph Connell of this city. Mr. Wickham served overseas for four years, and was attached to the Army Service Corps. The funeral will be held from his late residence, 19 Murray street, at 8:40 o'clock on Saturday morning to St. Peter's church. Burial will take place in Holy Cross cemetery.

#### As Hiram Sees It

"Hiram," said The Times-Star reporter to Mr. Hiram Hornbeam, "will you and Silie Jones join the Export Club?"

"Me an' Silie Jones?" said Hiram, "ain't talkin' fer Silie Jones. If he joined any club—that 'ud be enough fer me—I'd like some other one."

"Now, this matter between you and Silie," said the reporter, "don't you think it could be patched up? You and he should be working together for the good of the Settlement."

"Him work fer anything else but himself?" scoffed Hiram. "I thought you knowed Silie."

"He may have changed," said the reporter, "or you may have been too severe on him—or he might now be led to change."

"Well, sir," said Hiram, "that's your job. Hop to it."

"You win't not go with me to ask him to join the Export Club?" asked the reporter.

"No, sir," said Hiram, "but I'll give any club that'll find way an' means to export him—he's a wart on the Settlement."

"It will not be satisfied," said the reporter, "till I see you and Silie sitting on the doorstep of a evening exchange-ing views on hog-raising and things like that."

"The age o' mericles," said Hiram, "pas'."

"All right," said the reporter, "but I'd like to be behind the door when you tell Silie he orto take any advice from me—yes, sir."

### DUNCAN FINED \$50 ON EACH OF 2 COUNTS

Nothing More Develops so Far in Matter of Nevada Allegation

John L. Duncan was fined \$100 in the Police Court this morning for having liquor in his possession other than in his private dwelling, and for being in possession of smuggled liquor. A \$50 penalty was imposed in each count. The fine was paid, and Duncan was released from custody. It was said he is wanted in Carson City, Nevada, on charges of conspiracy and bribery, but he is a free man now.

Some evidence was taken in the east yesterday afternoon. This morning Arthur C. Powers, computing clerk, in charge of bonded warehouses, testified, and Mrs. Donald Miller was put on the stand to prove that no one besides the defendant, the witness and her husband had access to the room where the liquor was found. Inspector Case was called into the process bore the stamp of the liquor commission.

The defendant withdrew his plea of not guilty and changed it to guilty. C. B. Lockhart, Collector of Customs, asked that a jail sentence be imposed.

Magistrate Henderson intimated that he was disposed to be lenient, as the evidence in this case was difficult to presume the defendant was knowingly in possession of smuggled liquor. He imposed a fine of \$50 on each charge. J. J. Henneberry appeared for the defence.

### SAINT JOHN K. P. VISIT TO CAPITAL

Expect About 100 on Fraternal Visit and Exemplification of Degree

Saint John Pythians will, this evening, pay a fraternal visit to Fredericton Lodge, No. 6, Fredericton, and a team from the four city lodges will exemplify the rank of knight on a class of candidates for the Fredericton lodge. The grand chancellor, Capt. J. Arnold Howry, will also pay his official visit to the lodge this evening, and preparations have been made by the capital knights to give the visitors from the provincial metropolises a grand welcome.

SOME 100 TO GO  
 It is expected that about 100 of the city knights will make the trip, leaving on the 4 o'clock train this afternoon and returning to the city tomorrow morning.

Among those who will take part in the conferring of the rank are: W. H. Sargent, chancellor of the rank; W. H. Sargent, grand chancellor of Saint John Lodge, No. 29; G. B. Henderson, grand chancellor of Carleton Tower Lodge, No. 57; Past Grand Chancellor Raymond Stirling, A. E. Prince, H. P. Black, E. M. Smith, A. B. Edwards, C. C. Weldon, W. H. Coleman, B. Smith, C. B. Lennon, W. J. Thomson, G. Currie, G. I. Higgins, H. Chase, L. T. Wetmore, A. L. Marshall, Charles Grant, L. Munro, F. S. Sawyer, J. Brown, D. Porter, F. A. Kinnear, G. R. Andrews, F. Webster, B. Sealey, T. Akerley, W. Dean, S. Glegg, H. Treocartin, A. Warwick, H. Shields, Allan Shields, H. Webster and William Murphy.

### FIND 614 CHILDREN IN N. B. NEED CARE

Survey For Red Cross Reported on—Of Number 223 Are Lame

At a meeting of the junior committee of the N. B. division of the Red Cross, held this morning at the depot, Prince William street, the report on crippled children in the province was presented. Reports had been sent in by 997 teachers of the province showing a total of 614 cases, of these 223 were lame and 123 had eye trouble. J. H. Crockett, for the Mystic Shriners, said they would be prepared to care for the lame cases. Co-operation was promised by N. L. McGloin and Miss Dykeman.

Those present were Mrs. G. H. Vroom, chairman; E. T. Short, president of the provincial red cross, Mrs. I. F. Longley, president of the local Red Cross; J. Herbert Crockett, representing the Shriners; L. McGloin, representing the Knights of Columbus; Miss Lawlor, representing the Catholic Women's League; Miss H. Dykeman, representing the department of health; E. T. Hayes, C. B. Allan, Mrs. M. E. Lawrence, Miss E. H. Jarvis and Miss J. I. Lawson supervisor.

Copies of the annual news letter were distributed. An account of the Easter handkerchiefs donated by the branches for the port nursery was given and the handkerchiefs exhibited.

### CLEARINGS HERE SHOW LARGE GAIN

Increase of Nearly Million and Half Over Those of March 1925

The bank clearings for Saint John during March show an increase of nearly one and half million dollars over the same month of 1925. The figures are: 1926, \$11,823,461; 1925, \$10,411,701. The clearings for Halifax this week were \$12,266,182.

TROUBLE WITH BUOYS  
 J. C. Chesley, agent of the Marine and Fisheries department for this district, said this morning that, owing to severe ice conditions obtaining in parts of the district there had been a large number of buoys carried away, particularly those of the spar type. At the present time the Laurentian is engaged in replacing 18 of these buoys which have been displaced in Cocker-whill Passage and Woods Harbor, off the coast of Yarmouth County, N. S. So far as he had advised none of the navigation aids in the district had been disturbed by the recent heavy gales and seas.
