## Easy & Practical Home Dress Making Lessons

Prepared Especially For This Newspaper by Pictorial Review

FOR THE BOUDOIR.

saque. The crepe costs about \$1.25 a yard. As the dressing saque is made in one piece, its popularity is two-fold, for women nowadays like modes that can be put together as quickly as possible.

In cutting out the crepe, first fold it in half; then place the piecing for the front, back and sleeve and the collar on the lengthwise fold. The cuff, front, back and sleeve (A) are arranged on a lengthwise thread of the material. It will be very necessary to use care in closing the seam when making the saque. This is indicated by triple notches, which are to be placed perfectly even before the needle is put into the crepe. Try to make alterations unnecessary, as they are not always satisfactory in the case of one-piece garments unless done by an experienced dressmaker. The center of the front is marked by small "o" perforations.

The collar and cuffs may be embroidered after they are joined to the saque. Match the notches in collar and saque; then sew on the former. Sew cuff to finished edges, forming armhole as notched; roll the cuff back on small "o" perforations and tack pointed ends to position. Embroider in silk of the same color or plain white.

Mexican pink crinkled crepe de Chine is employed for the development of this graceful dressing saque, which is made in one piece and trimmed with embroidery.

Quite a new conceit in dressing saques is this model in crinkled crepe de Chine, trimmed with hand embroidery. There is nothing more fashionable for underwear and boudoir than crepe, and it is shown in many delicate colors. Everything Mexican is the rage, except the Mexicans themselves; so the soft shade of opal pink in which the material used for this design is shown is called Mexican.

Two and one-half yards of 44-inch material are required to make this

### "I MAY HAVE MADE ANOTHER SING SING WIDOW, BUT MY DUTY WAS TO TELL THE TRUTH" SO SOBS MRS LEFTIE LOUIE, HERSELF WIDOWED BY DEATH CHAIR, AFTER TESTIFYING AGAINST BECKER

(By Nicola Greeley-Smith.)  
New York, May 27—"How did I come to do it?"

Leftie Louie's "French Doll"—the girl who has thrown the black shadow of the death chair across the path of Chas. Becker, once and for all, as the prosecution boasts—repeated the question slowly.

She had just come home from the court room, where she had been grilled by the Becker attorneys in an attempt to break down the testimony that she "heard Jack Rose tell my husband that if he didn't 'cross' me, Becker would 'frame' him."

"If I answer that question for you," she said slowly, and the tears rushed to her eyes, "it will be to tell of the most terrible hours of all my life."

It was on Easter Monday that it came to me that I must go on the stand. It was before the sun came up. It was before the people began to go to work

It was—it was—it was while they were killing Louie up there in the terrible death house!

"All that night I couldn't sleep. I walked miles and miles, I guess, through the dark, empty streets, through the long rows of tenements."

"At first I cried out loud as I walked, and then after a while, when I felt it must all be over up there at Sing Sing, I began to grow quiet, and what Louie had said to me came into my mind."

"It was Easter Sunday afternoon, the last time I ever saw him, and I asked him if he did shoot Rosenthal. He said, 'No, kid, I didn't 'honest to God?' Then I said, 'Well, Louie, what about that talk, then you had with Rose that time he said if you didn't 'come across' Becker, he would 'frame' you and the boys?'"

"I always knew you heard that talk, Lilly," he said. "Well, it was true. Rose did bring me that message from Becker, but I didn't do any of the shooting nor did Whitey Lewis, Dago Frank, Gyp

the Blood and one other kid. And when I am gone I want you to tell the world what you know. But don't say it till I am dead. I don't want to die a squaler!"

"And that morning I fought it all out alone with God. I thought, 'Shall I keep my promise to Louie—to tell the truth about this thing—even if it sends another man to that awful death-chair, even if it makes poor Mrs. Becker go through the terrible suffering I have just gone through?'"

"And only one answer kept on coming. 'You must keep your promise to your husband and do your duty, no matter what it costs anybody.'"

"And so I have done it! And now I am going away to rest and try to forget everything."

"But there is one thing I know I can never forget, and that is that terrible hour—the hour when I knew they were killing Louie and when I was alone with my God asking whether I should say the words that I knew might make another Sing Sing widow."

### Hints for the Cook

#### Turkish Delight.

Two ounces gelatin soaked in half cup cold water two hours, dissolve one pound granulated sugar in one cup cold water. When the last two ingredients reach the boiling point add the dissolved gelatin and boil twenty minutes. Remove from stove and add the grated rind and juice of an orange and a lemon. Strain and add one cup chopped pistachio nuts. Let cool and cut in squares. Roll in confectioners' sugar.

#### Rhubarb Pie with Raisins.

Two cups rhubarb, three-quarters cup sugar, quarter teaspoon salt, one egg (or two if you wish, I use one, two tablespoons flour (level), quarter cup seeded raisins. Line a plate with pastry, wash the rhubarb and cut it into inch pieces. Mix sugar, flour, raisins and beaten egg, add the mixture to the rhubarb put on a top crust, or stripe. Bake a nice brown and until the rhubarb is soft.

#### Meat Relish

Take about 2-4 of a tea-cup of rice, put it in a wire sieve and pour a tea-kettle of boiling water slowly over it to get the starch out. Let drain, then put rice in a kettle of salted boiling water and boil until done, but not broken. Take cold roast beef or raw meat cut in small pieces (hamburg steak is all right) and cook until tender. Make a gravy with the liquor, using salt, pepper, little butter and flour. Put the rice all around edge of a platter, garnish here and there with curry powder. (Just a dash) or can use either black or cayenne pepper instead. Put the meat in the centre of the platter and pour gravy over it.

### SKIN TROUBLES FROM SCROFULA

Among the many manifestations of scrofula are eruptions on the face and body. These are both annoying and disfiguring. How often the complexion would be perfect if they were not present!

Other manifestations are bunches, itchy flamed eyelids, sore ears, wasting of the muscles, and general debility. Ask your druggist for Hood's Sarsaparilla. This great medicine completely eradicates scrofula and builds up the whole system. Get it today.

The Housewives' League of New Jersey defeated in the legislature a bill that would have practically legalized the sale of adulterated milk.

### THE HIGH COST OF LIVING.

At the present time possibly no other subject is receiving quite as much attention in Canada as this one. It will be a surprise to most readers to know that during the fiscal year which ended March 31st, 1913, Canada paid \$1,200,000 in duty on food, and all of this large sum is virtually a direct tax on the consumer.

In glancing over the list it is easy to understand that the buying public are themselves largely to blame in many instances, for there are articles of food produced in Canada that are equal in every respect to those made in any country in the world.

In the baking powder line alone there were 667,000 lbs. imported into Canada, and this means the consumer paid in duty the enormous sum of \$67,000. There are no better goods in the world in this line than magic baking powder, and it is made in a model sanitary up-to-date factory, and can be produced in any first-class store at one-half the price the imported article sells for.

Such articles as raisins, currants and many other things, which do not grow in Canada, or are not produced here, have of necessity to be imported, and the duty paid.

If the consumer would devote a little thought and attention to this subject a large amount of money could and would be saved.—Canadian Home Journal.

## WOMEN'S INSTITUTE

Fredericton, N. B., May 28—The second annual meeting of the Women's Institutes of New Brunswick came to close tonight. This afternoon an interesting paper on Right Habits of Work, was delivered by Mrs. A. R. Fawcett, of Upper Sackville.

Mrs. Benjamin Pomeroy, of Oak Bay, discussed the problem of increasing the membership, and told of how it was solved in her own institute.

Andrew Elliott, superintendent of the Dominion Conservation Commission's demonstration farms in the maritime provinces, also spoke, highly complimenting the New Brunswick institutes upon the work accomplished by them and upon their growth.

Tonight Hon. J. A. Murray, minister of agriculture, delivered an address before the convention, dealing with its work at considerable length.

Dr. W. H. Irvine, of Fredericton, followed with a paper on Medical Inspection of School Children, which proved a very interesting subject to the members.

Miss Bernice Mallory, of Mount Allison University, read a paper on What To Eat, and Why.

After the business was completed, a reception was held and a musical programme was given.

### FEMININE FACTS.

## Different - How?

With ordinary coffee you simply roast the green coffee bean and grind it.

With G. Washington's coffee it's different—for after selecting the richest beans we can buy, G. Washington separates the pure coffee juice from the injurious acids and oils, and gives you all that nature intended you should drink—and no more.

Thus G. Washington's is the only absolutely Pure coffee on the market.

Don't drink the acids and oils of ordinary coffee. They disturb digestion.

Help digestion—Help health by drinking only G. Washington's Instant Coffee.

### THE LOST EMPRESS

A thrill of horror went through Canada this morning when the news was flashed from Father Point that the steamer Empress of Ireland had gone down with perhaps a thousand of those on board. No marine disaster since the loss of the Titanic has been so terrible in its effects. The splendid steamship went down so quickly after she had been rammed by the Norwegian collier that there was no possibility of saving the lives of many hundreds of those on board. The disaster occurred at a time when the passengers had retired for the night, and they had scarcely time to realize that an accident had occurred when they were engulfed in the chill waters of the St. Lawrence. The calamity is so dreadful that words fail to convey any conception of the feeling of horror caused by the tragic news. There has been nothing to approach it in the history of marine disasters in Canada. The people of St. John are especially moved because they were so well acquainted with the great steamship and her officers. The loss of the vessel is of course something that can be replaced, but the hundreds of lives that have been sacrificed bring lifelong sorrow into widely scattered homes, and no human sympathy can avail in the tragic hour that brings the heart-breaking news of the fate of those who sailed away with high hopes and the most pleasing anticipations but who awoke to find in the still hours of a fateful morning an ocean grave.

The loss of the Empress of Ireland recalls the Titanic disaster which occurred on April 15, 1912. That great ship, with a registered tonnage of 45,000, a displacement of 66,000 tons, a cost of \$10,000,000 and carrying 2,800 people struck an iceberg and went down with the great majority of those on board. It was estimated that of those on board twelve men represented wealth amounting to \$150,000,000. Among the victims of that great ocean tragedy were Charles M. Hays, Thornton Davidson, Quigley Baxter, Hudson Allison, H. Markland Moison and Vivian Payne of Montreal; Mark Fortune, Thompson Beattie and Hugo Ross of Winnipeg; George Wright of Halifax and T. McCaffery of Vancouver. No marine disaster since that date has at all approached the one today recorded.

### MEANS MUCH FOR ST. JOHN

The most important movement that has ever been launched in St. John for the promotion of social welfare work was that set in motion last evening when it was resolved to organize a community council. The meeting was very fittingly held in the assembly hall of the High School building, which is owned by the people, and could not be put to a better use than to which it was last evening devoted. While a number of organizations which had been invited to send delegates were not represented, it goes without saying that all of them will heartily join in the movement which was last night inaugurated by members of all the different churches and the great majority of the other organizations.

As the meeting proceeded it became a revelation to those present, because so much unanimity of sentiment was discovered. There were present representatives of churches, benevolent organizations, fraternal societies and the Trades and Labor Council, and every speaker was animated by the same desire to have prejudices of all kinds laid aside and united action taken to promote those common interests which are so much more important to the people than the points on which they may differ. It was found that the community spirit for the development of which the first speaker pleaded was there, and that it would only be necessary to make the appeal wide enough and give the movement direction and force to bring that spirit into action throughout the whole city.

Some things were said last night which may have been said before, but which will bear saying over and over again until better conditions prevail. The representatives of the Trades and Labor Council dwelt very forcibly upon the housing question, and their remarks were emphasized by the statement of another speaker that he knew of three families turned upon the street on May 1 without having been able to secure up to that time new places in which to live. Attention was directed to the fact that though the town-planning act was passed by the legislature more than a year ago St. John is still without a town planning commission. Reference was made to the need of an industrial farm; to the utter lack in St. John of any recreation field where young athletes may be trained or athletic sports held; to the need of better building laws; to the apparent public indifference to the matter of cleaning up the city; to the importance of having the Children's Aid Society established on a working basis, a wader use of school

buildings, and the development of social centre work, so that the people in all parts of the city may become interested in the movement to improve social conditions. It was pointed out that the forces which make for evil in the city make no race or creed or class distinctions, and take no holidays; and that while considerable progress had been made in recent years in regard to the playground movement, and in connection with child protection; the fight against the ravages of tuberculosis; putting the free kindergarten on a better basis, and along some other lines, yet all these movements and many others need to be advanced in such a manner as can only be done when the whole community through representative organization takes concerted and well directed action.

We are making progress in matters relating to social welfare. Such a meeting as that of last night in a school building would probably not have been possible only a few years ago. There is a great field for social welfare work, and there can be no doubt that one result of the action taken last night will be the employment in the not distant future of a trained social service worker, acting under the direction of the community council, and engaged constantly in work calculated to develop the community spirit in a general way throughout the city, and at the same time promote definitely forward movements such as may be endorsed by the council.

The cost of living in Canada does not show any tendency to decline. The Borden government shows no disposition to adopt such a tariff policy as would assist in reducing the cost of living.

A writer in the Canadian Courier says that the Archbishop of Quebec, now Cardinal Begin, once said: "Perhaps in time all our differing religions may find a common meeting ground, and out of them will be evolved one universal faith that will encompass the whole world." So broad a statement stamps the new cardinal as a man of vision.

The tribute to Sir Wilfrid and Lady Laurier yesterday expresses the feeling of the Liberal party throughout Canada. Sir Wilfrid was well described by Mr. Guthrie when he said: "The people of Canada were behind the man who was the inspiration of the young, the hope of the middle aged and the rock upon which Canadian Liberalism rested today."

A very decided falling off in the number of immigrants arriving in Canada means also a decline in the amount of cash coming in, since the great majority of the newcomers have some capital with which to start life in their new home, and thus a large amount of new money is put in circulation. General business in the west will of course be to some extent affected, and the western market for eastern products will also show less rapid expansion.

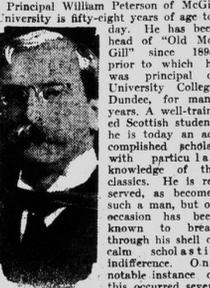

It is a rather singular fact that neither the city council, the board of trade, the board of school trustees nor the board of health was officially represented at the meeting in the High School building last evening at which a movement was inaugurated which probably means more for social and civic welfare than any that has been started in the recent history of the city. Let us all hope that before six months have passed the new community council will command the respect of all those bodies.

There was much of inspiration for the St. John people assembled last evening in the brief but comprehensive address of Rev. Gilbert Earle of Fairville. Mr. Earle told how the people of that enterprising community had grown increasingly restive under conditions which were unpleasant and undesirable, and how the feeling grew that only an organization which would disregard all questions of creed or class could bring about the needed reforms. He told how the people came together, inspired by a generous desire to promote their common interests and how delighted they were to discover the good points in each other's character and the universal spirit of good-will which only awaited such an opportunity to make itself effective in social welfare work. The same spirit exists in St. John, and only needs to be developed by united action. Last evening's meeting was all that its promoters could have wished as a beginning of what they have faith to believe will do more to arouse universal interest in social welfare work than any movement that has ever been started in St. John. As one of the speakers last evening pointed out, there is a tendency for the people to separate themselves into social groups or organizations, and where this is the condition there must be some common bond of union or clearing-house which will bring them into sympathy, if the best social results for the whole city are to be achieved. A community council such as is now to be organized will be the social welfare clearing-house to inspire friendly rivalry as well as co-operation.

In order to qualify as a taxpayer for the city of Cleveland, O., applicants were required to pass a physical examination and in addition to "carry" a heavy sack of sand for a certain distance.

### BIRTHDAYS OF NOTABILITIES

FRIDAY, MAY 27.

Principal William Peterson of McGill University is fifty-eight years of age to-day. He has been head of "Old McGill" since 1895, prior to which he was principal of University College, Dundee, for many years. A well-trained Scottish student, he is today an accomplished scholar with particular knowledge of the classics. He is reserved, and becomes such a man, but on occasion has been known to break through his shell of calm scholastic indifference. One notable instance of this occurred several years ago when Harold Begbie, an English novelist, after a hurried tour of Canada, published some severe criticisms on the cruddiness of the country, its materialism and the lack of artistic and literary culture. His remarks aroused the principal, who broke a lance in the defence of his adopted country. After pointing out the handicaps under which art and literature labored in a new country, he added with biting effect: "One must remember that it took England three centuries after Shakespeare to produce a Harold Begbie."

Also born today—His Honor Judge Harding Lindsay, born in Wentworth County, Ont., 1840. Lt. Col. J. P. Macpherson, Ottawa, born at Kingston in 1839.

## CANADIAN CADETS IN ENGLAND

Visit to Battlefield of Waterloo Before Home Coming

(Times Special Correspondence.) London, May 19.—The Canadian cadets who have come to England on the invitation of Lord Roberts to take part in the Imperial Cadet Rifle matches have lost no time in settling down to practice and are busy every day on the ranges placed at their disposal by the governors of the Sir John Cass School and the National Reserve Musketry Committee.

Their musketry practice will not, however, be allowed to interfere with the extensive programme of sightseeing and hospitality mapped out for them. At Windsor Castle they will be entertained by Prince Alexander of Teck and Princess Alexandra, and Lord and Lady Roberts will receive them at their home at Ascot. Other engagements include visits to the War Office, the Mansion House, Harrow School, Portsmouth, and dinner with the colonel and officers of the National Reserve Battalions of the City of London.

They are looking forward with pleasure to their trip next month to Brussels and the battlefield of Waterloo, where they will encamp. On the occasion of King George's birthday, on June 3, they will be entertained by Sir Cecil Hertslet at the dinner to the British Colony in Brussels.

### MORNING NEWS OVER THE WIRE

The commission on the high cost of  
living will resume their sittings next  
week, and will hold sessions in the west  
field, to determine the cause of the in-  
creased living cost.

At a dinner tendered last night in  
London, Eng., by the Canada Club to  
Prince Alexander of Teck, govern-  
ment designate of Canada, interesting  
speeches were made. The guest of hon-  
or showed a familiarity with Canadian  
affairs which was most appreciative. Sir  
Wm. Osler, in a speech on the heritage  
of Canada, declared that the country  
should be kept for the whites and that  
other races should not be allowed an en-  
trance.

The semi-annual convention of the  
Grand Division, Sons of Temperance, at  
their opening session in Dorchester, N. B.,  
yesterday, heard encouraging reports  
of progress. Fred G. Moore, G. W. P.,  
presided, and there was a large attend-  
ance.

### FIELD HUSBANDRY

The Experimental Farm at Ottawa  
and the branch farms and stations make  
field husbandry investigations a very  
prominent part of their work. For  
the information of those who are interested,  
the more important results of last ses-  
son's work over the entire system have  
been summarized and issued in Bulletin

No. 75 of the Experimental Farms. It  
takes up the question of rotation, cul-  
tivation, fertilizers, rates of seeding, cost  
of production, weed eradication and  
other points connected with field agri-  
culture. The information is presented by  
farms and stations and is, therefore,  
readily available for study. This bulletin  
is for free distribution at the publica-  
tions branch of the Department of Agri-  
culture in Ottawa.

is to be no longer exempt from the win-  
dow smashing raids of the suffragettes.  
It leaked out tonight that between 11  
and 12 o'clock last night two militants  
succeeded in evading the sentries out-  
side the palace. Entering the quad-  
rangle, they began throwing stones at  
the windows, and had smashed two of  
them when the sentries seized them and  
took them to the police station, where  
they gave their names to the police. The  
master of the royal household refused to  
prosecute them, and they were released  
after a few hours' detention.

### RECENT DEATHS

Benjamin R. Cronk died at his late  
home, Greenwich, Kings county, on the  
24th instant, in the 74th year of his age,  
and is survived by his wife, three sisters  
—Mrs. I. W. Pitt, of Greenwich; Mrs.  
I. E. Williams, of St. John; Mrs. R. M.  
Walsh, of Saskatoon (Alta); and three  
brothers—W. L. Cronk, of Long Reach,  
Kings county; George S. Cronk, of  
Richmond (N. H.); and William F.  
Cronk, of St. John. Burial took place  
at Brown's Flats Tuesday.

Deep regret will be felt for the death,  
yesterday afternoon, of Mrs. T. A. Alex-  
ander, formerly Miss Agnes McMullen,  
of this city, at the early age of 38. Up  
to about eighteen months ago, Mrs.  
Alexander enjoyed robust health, and  
was of a most cheerful disposition, full  
of life and good spirits. Then she was  
overtaken with diabetes from which she  
suffered terribly during the past few  
months, culminating in heart failure.  
Through it all, however, her cheerfulness  
never left her and she was hopeful  
to the last. The deceased lady was a  
tireless worker in church and philan-  
thropic circles, and also one of the most  
enthusiastic members of the St. John  
Choral Society. She will be sincerely  
mourned by a very large circle of friends,  
besides her husband, T. A. Alexander,  
of McDougall & Cowans; her little son,  
Leslie; her mother, and two brothers.  
The funeral will probably be held on  
Saturday.

Robert Starkie, one of St. John's oldest  
residents, died yesterday morning at  
his home, 28 Stanley street. He was 81  
years of age and was a native of St.  
John. In his early years he was employ-  
ed on the building of the European &  
North American railway. The funeral  
will take place on Saturday afternoon.

William Hamilton, aged 77, a respected  
resident of Pettersville, Queens county,  
died on Wednesday, leaving his wife,  
formerly Miss Allingham; two daugh-  
ters and two sons. Mrs. William Mc-  
Allister, of Parrsboro, and Mrs. Stanley  
Graham, of Pettersville, are daughters;  
Hazen, at Fairville, and Harry, at home,  
are the sons.

William Vincent received word yester-  
day of the sudden death of his brother,  
J. Hartley Vincent at Woburn (Mass.),  
at the age of 41 years. Deceased re-  
moved from St. John about twenty  
years ago and was a frequent visitor  
having been here only two weeks ago  
apparently in the best of health. He  
worked as a carpenter in Woburn and  
is survived by his wife and two brothers,  
William and Victor, the latter with the  
C. P. R. Intermont was at Woburn.

Mrs. Graham, widow of Thomas Gra-  
ham, passed peacefully away last night  
after a brief illness at the home of her  
niece, Mrs. G. Nelson, 22 Bristol street.  
She was seventy-eight years of age. For  
many years she was an active and de-  
voted member of Waterloo street United  
Baptist church, of which her late hus-  
band was a deacon. She leaves to  
mourn her loss her adopted daughter,  
Mrs. T. B. Dean, of West Haven  
(Conn.), and a brother, Robert Lockhart,  
of Avonmore, Kings county (N. B.), and  
many friends.

### LIGHTNING KILLS THREE IN NOVA SCOTIA

Truro, N. S., May 22.—David Pearson,  
living in a house on his farm at H. H.  
mory, a short distance from Truro, was  
killed during a heavy storm. The elec-  
tric bolt struck Pearson as he was enter-  
ing the door. The house was damaged  
considerably.

Antigonish, N. S., May 22.—A heavy  
electrical storm passed over this county  
today. At Beaubien ten miles from town,  
a young man, son of William Fraser,  
was instantly killed by lightning. He  
was in a barn at the time, and the  
barn was demolished, and a horse and  
cow killed.

Yermouth, N. S., May 22.—During a  
severe thunder storm here today a fat-  
ality occurred at Slag Harbor when  
Morton Smith was struck by lightning  
while out to go fishing. He was  
instantly killed.

### COST OF LIVING GOES UP IN CANADA BUT COMING DOWN IN MANY OTHER COUNTRIES

(Ottawa Free Press.)  
The cost of living in Canada con-  
tinues to increase while in the United  
States, France and Australia it has fallen  
and in Great Britain it has been  
practically unchanged during the past  
few years. This is shown by a report  
just issued by the Canadian Department  
of Labor.

Dealing with retail prices the report  
states that a weekly budget of food  
which would have cost in Canada \$6.96  
in 1910 and \$7.14 in 1911 would have  
cost \$7.84 in 1912 and slightly more in  
1913. Since 1910 it is estimated that  
there has been an increase of 5.6 per  
cent. The cost of fuel and lighting in  
Canada is estimated to have advanced  
4.8 per cent in 1913 while rents were in  
1913, 1.7 higher than the year before and  
9.6 above the rents of 1910.

Wholesale prices are also dealt with  
and an increase is shown in them. With  
an index number as the standard the  
report states that on 272 commodities  
the wholesale prices advanced in price  
1.1 points over the price of 1912.

For a family of five it is estimated  
that from 1912 to 1913 on 30 staple ar-  
ticles of consumption and rent there was  
an increase of 1.7 per cent. There were  
slight decreases in the cost of dairy pro-  
ducts, liquor, tobacco, fodies and some  
other commodities. Meats advanced ten  
points, textiles ten points, fish slightly,  
hides, leathers, boots and shoes eleven  
points, fuel five points.

The report indicates that the new Amer-  
ican tariff is having an effect. The  
report states that it brought down the  
cost of food in the United States and  
that the close of last year saw a steady  
decline in the cost of cloth, clothing,  
fuel, lighting, metals, implements, lum-  
ber and building material generally.

### WHAT IS OLD AGE?

Some Younger at 65 Than Others Are  
at 40 Years

Old age is not marked by years, but  
by the stiffened frame, the hardened  
tissues and arteries.

So many people whom you meet about  
the time they reach forty begin by say-  
ing "I can't do this, and I can't do that,  
because I'm getting old now," they be-  
gin to act old, feel old and they are old-  
er in appearance than many who are  
much more advanced in years.

When you begin to feel old, when your  
energy begins to fail, build yourself up  
with my delicious cod liver and iron  
tonic, Vinol. It is a wonderful blood-  
maker and strengthener.

H. C. Klyce of Corinth, Miss., says:  
"I am seventy-five years old and my  
blood was very poor. I was in a run-  
down condition and felt that I must have  
a tonic. Vinol was recommended and it  
built up my strength until I felt as  
strong and well as ever."

Thousands of old people have found  
in Vinol just the medicine they need  
to build up the feeble, weakened sys-  
tem and create strength. If it fails, I  
return your money. Wasson's Drug  
Stores.

GERMANIA ON FIRE AT SEA; 200 PASSENGERS ON BOARD

New York, May 28.—The liner Germania of the Fabre Line, reported by wires that it is afire at sea. The steamer, which has more than 200 passengers aboard, is headed for the Azores.

STEAMER EMPRESS OF IRELAND, RAMMED BY COLLIER, SINKS IN ST. LAWRENCE, 1002 DROWNED

(Continued from page one.) If it were the Empress of Ireland or her sister, people seemed to think that all would be well. And so everyone, when they read or heard of the horrible disaster, first gasped, "The Empress," and then began to realize that hundreds of lives had been lost, that hundreds of men and women had gone down to their deaths. There was silent mourning throughout the city from earliest morning. It showed on all the faces one passed in the street. Marconi Telegraph Company reported at eight o'clock this morning that no further word had been received of the Empress of Ireland.

Anxiety in England. Liverpool, May 28.—Crowds gathered extra early today, to await information concerning the fate of the passengers and crew of the Empress of Ireland. Many of the seamen and firemen belonged to Liverpool, and pathetic scenes were witnessed when their wives and children were turned away with the intimation that no names of survivors had yet come through.

London, May 28.—John Burns, president of the local government board this morning twice visited the C. P. R. offices to obtain the latest news and requested to be kept fully informed. A constant stream of anxious callers including many members of the Salvation Army also went to the offices of the company. By noon the street in front of the C. P. R. offices was jammed and scenes following the Titanic tragedy were repeated. The crowd became so large that street traffic was suspended in the vicinity.

The whole city seemed horror-stricken by the calamity, the newspapers, the extra editions of the newspapers, the management of the Globe theatre made anxious inquiries for Lawrence Irving and his company. It had been reported and the actor was on board the Empress of Ireland though he had previously planned to sail on the Teutonic.

Pilot Left an Hour Before. Quebec, Que., May 28.—Pilot Gunter, who took the "Albatross" up the river, the board of arbitrators today reports meeting the Empress of Ireland last night about ten o'clock, at Cape and that the weather was exceptionally clear.

The Empress was in charge of Pilot Adelard Bernier, of this city, who had the "Albatross" off Father Point one hour previous to the collision. He returned here today, on board the "Albatross."

In Parliament. Ottawa, Ont., May 28.—(Special)—The main item of business of Father Point this morning was the story of the collision. When the house opened a feeling of depression and gloom pervaded the chamber. The prime minister took his seat with a copy of the latest extra in his hand and during the preliminary proceedings, the earl of Lansdowne presented a resolution by him and Hon. George E. Foster, his despatch. When the orders of the day were called the premier rose with the despatch in his hand and spoke of the disaster.

PREMIER HAD HARD TIME IN THE BAY. Digby, N. S., May 29.—The ferry steamer Premier, which left St. John yesterday in tow of the steamer Bear River for Digby, later to proceed to the Miramichi, was caught in a heavy gale in the Bay of Fundy and had a serious time of it. She sprung a leak and it is said that all on board might have perished but for the heroism of Captain Woodworth of the Bear River and his crew. The Premier was finally towed to Digby sinking.

Going to Old Country. Misses Agnes and Gladys Kitchen daughters of Mr. and Mrs. Willard Kitchen, formerly of Fredericton, but now of Vancouver and Miss Royce Carter, daughter of E. S. Carter, of Ithaca, are to sail this week from Quebec on an extended vacation trip in England. Miss Carter will visit her brother, A. Carter, U. N. B., Rhodes scholar of 1912.

Propos of the numerous influential malefactors whose prison terms are either annulled or cut down to nearly nothing. Mayor Brand Whitlock of Toledo said a short while ago: "It is a good thing for the public to let these men out so soon."

"I was sympathizing one afternoon with a poor woman whose husband had just been sent to jail. She was weeping bitterly, and I said to her: "Now, don't take it so hard. Two years is a long sentence. I know, but who behaves themselves oftentimes get out months before their appointed time." "That's just it," she replied, still sobbing. "Henry can be an angel when he likes."

Montreal, May 29.—President Plummer says he does not feel it will be necessary to pass the pd. dividend. Local bank clearings showed a gain of \$1,404,889 for the week. Net decrease, \$600,000; March, \$756,178; February, \$1,046,492; January, \$662,199. President Audette of the Banque Nationale, says a new stock issue will be considered by the directors. The market continued to fluctuate within narrow limits with no indication of a change in character in the immediate future. Am favorable to the purchase of securities at present level, but not certain amount of pressure will do doubt have to be shown.

Princess Doris Wins Oaks. Epson, Eng., May 29.—J. B. Joel's brown filly Princess Doris today won the Oaks stakes known as the "Ladies' Derby." Lord Carnarvon's Wavell Lass was second, and Sir John Thursty's Torchlight third. There were twenty-one starters.

WOODSTOCK COMES INTO BALL LEAGUE

Woodstock has decided to enter a team in the Provincial League, and C. M. Augherton, the manager of the Woodstock Baseball Club, this morning wired Joe Page that his team would be prepared to come here for the first game on Wednesday afternoon.

A telegram was sent to Mr. Augherton to bring his team along and that they would be given a hearty welcome into the league.

C.M.B.A. OBSERVE THEIR ANNIVERSARY WELL

Speeches and Song and a Pleasing Report on Growth—Largest Catholic Society. In the rooms of Branch 134, C. M. B. A. last evening the anniversary was observed with a smoking concert which proved very enjoyable. Louis J. McDonald, president of the branch, occupied the chair, and made a very pleasing speech dwelling upon the history of the branch since its inception, its growth, prosperity, and future. Each year had seen an increase in membership, till now the total enrollment was 364, the largest Catholic society in the city, and prospects for the future were particularly bright.

Addresses were also given by Hon. R. J. Ritchie, Jas. T. Hurley, Rev. M. P. Howland, J. A. Barry, John Stanton, president of the Y. M. S. of St. Joseph; Jean Legere, president of L'Assomption Society, and R. J. Walsh, grand deputy of the C. M. B. A. In the musical and literary programme those taking part were Blake McInerney and S. C. Hurley in readings; J. Legere, Ed. O'Hara and Harry McQuade, vocal solos; Thomas McKenna and Joseph O'Brien, step dancing. The committee in charge was composed of Pierez, Ed. O'Hara, J. Legere; Thos. Slaney, W. J. Magee, Jas. N. Slattery and E. A. Agar. It was a very delightful time, and with apprehensions served to pass a happy and pleasant thoroughly enjoyed themselves.

Judge Ritchie and Mr. Barry each referred to the policy of the New Freeman, under the direction of Rev. C. J. McLaughlin, and spoke of the influence which it should wield as the official organ of the diocese. The view was expressed that all Catholic homes should have it weekly, and that Catholic literature should be more greatly encouraged.

THE 'LONGSHOREMEN'

The officers elected at this morning's session of the convention of the Atlantic Coast District, International Longshoremen's Association, are: John T. Joy, Halifax, re-elected president; W. F. Dempsey, Boston, re-elected secretary-treasurer; executive, Edwin Thomas, St. John; President Joy, Halifax; J. G. Hornbrook, Calais; John T. Caselden, Portland; William O'Brien, Boston; Hans M. Albertson, New York and vicinity, including Brooklyn and Hoboken, and John A. Vance, Baltimore. The places on the executive for representatives from Philadelphia and Newport News were left for the other members of the executive to fill.

A committee was appointed to draw up a resolution extending sympathy to the families and friends of the people lost in the St. Lawrence disaster.

Death of St. John Man. Houlton, May 29.—John McCurgin, who was found dead in a room over his blacksmith shop Tuesday evening, has been a resident of Houlton for a number of years. He was well known by a large circle of friends and was square and honorable in all his transactions. Interment will be at St. John, N. B., where he has relatives.

THE FIRS. It was said today that the forest fires which had been raging about the woods for several miles surrounding Welsford and Gasperaux were dying out.

PERSONALS

J. M. Lyons, formerly general passenger agent with the I. C. R. passed through the city at noon today to his home in Moncton. W. Harrison returned home today on the Montreal train. Fredericton Gleason—Mr. and Mrs. J. K. Scammell, of St. John, Miss E. Dickson, of Jubilee and Mrs. W. Watson, Allen of Los Angeles arrived here from St. John this morning on the Public Works Department yacht and are at the Queen Hotel. James F. Robertson arrived in the city today after a trip to the old country. Mr. Robertson came to Canada on the Albatross which arrived at Quebec yesterday.

THE BANK STATEMENT

In the statement published in The Times yesterday the Canada Permanent was entered in the list of figures showing the average loans and deposits. To be correct in the case of the Canada Permanent it should have been said that the \$888,228 represented deposits only. If the statement of loans had also been given the amount would have been enormously larger. The statement that in the case of the banks the substantial increase shown was probably accounted for by deposits is questioned by a banker, who points out that at a time when banks are disposed to withdraw their loans there is also a shrinkage in deposits, and that therefore there must have been last year an increase in loans compared with the previous year or the showing would not have been so favorable.

Intensive Farming

When the manufacturer uses the newspapers for his advertising campaign he is applying the principle of the intensive farmer. When he advertises in the newspapers of any city, he is thereby picking out a particular spot and cultivating it for all there is in it. He is not wasting time nor money nor energy. He is not spreading his advertising over territory where he may have little or no distribution. His campaign is concentrated where it may be studied and where results can be definitely computed. Perhaps more important than all, he is gaining the support and co-operation of the local dealers in the community where he advertises, and who appreciate that the missionary work done in their own town is bound to send customers to their stores. The Bureau of Advertising, American Newspaper Publishers Association, World Building, New York, solicits correspondence with manufacturers interested in newspaper advertising. Booklet on request.

Hard Cider Had Part in Crime
Wyman Had Nerved Himself to Shoot Berry At South Livermore With That Liquor In Dog Case

In connection with the Livermore Falls fatal shooting reported in the Times yesterday, a Bangor Commercial despatch from Livermore Falls says:— Livermore Falls, May 27.—That Lincoln G. Wyman, who shot and probably fatally wounded Constable Howard P. Berry, at South Livermore Tuesday when that official came to arrest him for not paying his dog tax, and who afterward committed suicide, had nerved himself to the deed with hard cider, seems probable by the discovery in the house of a half empty pitcher containing that liquor, together with a tumbler partly filled, standing beside it.

Nearby the pitcher Sheriff Stevens found this note, written by Wyman to his son, scrawled on a cheap piece of note paper in a shaky hand: May 26 How long the time seames, but I shall be going soon, good bye, Alton, God bless you. The careful manner in which the whole tragedy was carried out is emphasized in the manner in which he wrote a farewell note to his boy. To write it, he put on his eyeglasses, took a pencil and after writing it, laid them carefully down. It is the opinion that he shot himself while lying on the lounge for the reason that the revolver lay on the lounge beside him. He had been shot through the ear and the wound apparently had been self-inflicted. Shooting Was Planned Every indication seems to show that Lincoln Wyman planned to shoot Howard Berry and one else. It had been found that he called up Mr. Berry's wife Tuesday morning to find out if the constable had started for his place. The deadliness of his rage is indicated by the finding of an ice house, which stands in the yard. This is a direct line from the doorway where he stood and where Berry stood by the auto, when he was shot.

The slug evidently taken from some small rifle or revolver was apparently put into the shotgun's shell, in anticipation of shooting the man who came with the doctor. E. R. Boothby, who talked with Wyman Monday, noticed that he, who is known to be a moody man, had something on his mind. In talking with him he could not interest him in any conversation and many times did not receive answers to his questions. Sent Boy From House Before the arrival of the constable, Wyman sent his Alton to a pasture down behind the house. The boy, who is 14 years of age is badly affected by the tragedy. He is very well liked in the neighborhood and his life alone with his father has not been of the pleasantest. He will say nothing at present because his father requires that he should not say anything. Wyman lived for several years in the west and with his brother in Iowa, when the latter was shot in a saloon. It is recalled that at different times he has quarrelled with his wife, on one occasion himself, taking pills green to frighten her, and written her a letter in anger against her. He is now at home and is alleged to have attempted to shoot the hired man. At this time the wife took pills green to frighten him, and he was critically ill. It is said she is now at Wayne and is still suffering from the effects of the poison. Berry is about 40 years of age. He is one of the most prominent citizens in town. The home about which the tragedy took place has a previous tragic history. It is the old Deacon John O. Palmer place. Made Fast Time A rather odd feature of the affair is

SUPPLEMENTARY ESTIMATES MORE THAN \$17,000,000

Conservative Expenditures Total \$88,000,000 More Than Liberals Ever Spent

Ottawa, May 28.—The supplementary estimates, totalling \$17,488,912, brought down in the commons today by Finance Minister White, bring the total appropriations for the current fiscal year up to \$208,174,088. This is \$6,517,922 more than the appropriations for the high spending record of last year. It is also to be borne in mind that the votes included in the above total do not include expenditures under special statutes, such as the \$1,200,000 for Farmers' Bank deposits, another million or so for Fenian Raid counties; \$45,000,000 for Mackenzie & Mann, and any railway subsidies which may be brought down later. The supplementary estimates brought down today are divided into \$9,666,197, chargeable to revenue, and \$7,772,715, chargeable to capital account. Taken in conjunction with the main estimates submitted last February, the total appropriations on revenue account amount to \$156,432,858, and the total appropriation upon capital account to \$51,721,735. This is an increase in the amount asked for the ordinary expenses of government of \$18,282,506, while capital expenditure appropriations are decreased by \$7,721,586. Tory "Economy." During the last year of the Laurier administration the total amount spent on the ordinary expenses of administration was \$27,743,189. After three years in power the present government is asking some \$88,000,000 more to carry on the administration. This is about \$9 more per head, or about \$45 more per family than it cost to run the country under the Liberal regime. The total expenditure in the last year of the Laurier government was \$122,861,260. The present government is asking \$86,000,000 more for total expenditure this year. What will happen next year, when the pre-election estimates are brought down, can only be left to the imagination. Was Confined To His Bed For Four Months With Rheumatism.

Mr. W. H. Riley, Ruddell, Sask., writes:—

It is with the greatest pleasure that I can recommend Doan's Kidney Pills to all suffering with rheumatism. I was so bad with this terrible disease, I was unable to get up from my bed for four months, and nothing seemed to relieve me until a friend recommended Doan's Pills. I had my doubts about them, but was so desperate I would try anything suggested to me. After taking half a box I was able to get up, and after taking two boxes could get around quite well. After taking six boxes I was completely cured, and able to work for the first time in five months, and have not had a touch of rheumatism since. Anyone who saw me then would not know me now, as I am strong and active since taking your valuable medicine.

Doan's Kidney Pills help the kidneys to flush out the acid and poisonous impurities which have collected, and thus clean out the kidneys, and dispel the rheumatism from the system.

Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

The Taylor's Silver Black Fox Company, Limited

Offers the very best inducement to those desiring to invest in the Silver Black Fox Industry.

Twelve Pairs of Foxes are guaranteed to be on the ranch by the First of September, A. D., 1914. Seven pairs of breeders are already on the Ranch. The capitalization is \$180,000, making the Foxes \$15,000 a pair this year. This is a low capitalization in comparison to any company now offering fox stock for sale. Prospects this year for large litters are exceedingly good.

Reports so far are brighter than last year. The Dalton loss was peculiar to that ranch and takes the biggest competitor out of the market for 1914. Prices for this year's pups are higher than last year.

The Taylor's Ranch is the finest and most up-to-date on the Island.

The shares are \$100.00. 20% on application; the balance on delivery of certificate.

NUMBER ONE BATTERY 3RD REGT. C. A. DINE

The annual dinner of the No. 1 Battery of the Royal Canadian Artillery, held at the Park hotel last evening, was one of the most enjoyable that the battery or the corps has ever organized. A splendid spirit of comradeship prevailed and as there was a good programme of music after a well served dinner, the event was in every sense a success. Lieut. Inches was in the chair in the absence of Major Harrison, and the chief guest was Col. B. R. Armstrong. In response to the toast of his health, Col. Armstrong spoke in high terms of the efficiency of the men of the battery, and their excellent discipline. He also mentioned the interesting fact that the battery is the oldest volunteer corps in Canada, having been formed in 1812. The battery had on several occasions won the Solonon cup, and the Colonel roused a good deal of enthusiasm when he said that he hoped that

HAD INDIGESTION. Almost Despaired of Ever Getting Well.

When your food has not been properly digested, your body has not received the benefit it should. The exertions of the gastric juice have been confined entirely to removing the unassimilated, undigested portions of food, which they cannot properly digest as speedily as possible from the body, therefore only giving the blood a small percentage of nourishment with which to feed the tissues. No wonder then that indigestion and Dyspepsia attack the stomach. No medicine can surpass Burdock Blood Bitters as a cure for this particular disease. It regulates the bowels, promotes perfect digestion, makes pure blood, tones the stomach, and thus restores perfect health to the debilitated system. Mrs. Mary MacKay, Hunter's Mountain, N.S., writes:—"I was troubled with indigestion for more than ten years. I tried several Doctor's medicines claiming the power to cure, but all without success. Having heard of the many cures effected by Burdock Blood Bitters, I decided to give it a trial. After taking two bottles I was completely cured. My appetite which was very poor, is now good, and I can eat most everything without any disagreeable feelings. I can strongly recommend B.B.B. to anyone suffering from indigestion."

LONGSHOREMEN WANT FIXED WORKING HOURS

Matters of a routine nature and measures of interest more directly to the members, were dealt with yesterday afternoon at the continued sessions of the Atlantic Coast District International Longshoremen's Association. The president, John T. Joy, occupied the chair, and amongst the resolutions passed were the following: One for the establishment of a stamp system in connection with district locals; another for the appointment of organizers of various nationalities; and another in regard to certain grievances of the members of the association in connection with the work at some ports. It was decided to send three delegates from the Atlantic District to the International Convention in Milwaukee, commencing on July 18. These delegates will probably be chosen today. A resolution was also passed with regard to the working period for the longshoremen, it being considered that in many cases where the work being done was of a laborious nature a particularly lengthy day was not desirable. The members are inclined to favor the establishment of a definite number of hours for longshoremen's labor. Ahead of the Game. "I see where a Cincinnati woman owns a number of drug stores." "Think of the advantage she has over other women in that town." "In what way?" "She can eat her complexion at cost."

A DEAD FLY May be as Dangerous as a Live One!

It is certainly more repulsive, and, if not, it is far more disease than ever it did when alive. It is not sufficient to kill the fly. You must destroy the germs as well. These, if allowed to multiply, will spread disease and death. Give up using the fly swatter and the unsanitary sticky fly paper. Buy WILSON'S FLY PADS—the only really effective method of exterminating the death-dealing housefly. They kill all the flies in the house in a few hours. No dead flies left lying about. Be careful to follow directions found in each packet.

Your Stove Should Have These Good Points

THERE are at least three extraordinary points in a Gurney-Oxford Stove. The first is a point in fuel economy: the grates are so designed that the fire gets plenty of air; the fire is bright and snappy; there are no smouldering, wasteful clinkers. The second is a point in economy and comfort. The Gurney-Oxford Economizer is the only damper on the stove. The fire can be damped to a mere spark but it never goes out, and by moving the handle it will be hot and bright again. The heat is conveyed from the fire through divided flues over and around the oven. The oven is always evenly heated. We would like to demonstrate these points to you, because they have made the Gurney-Oxford the favorite stove in thousands of Canadian homes. You are invited to see the Gurney-Oxford.

Locke Back From Egypt With New Novel

NOTABLES OF ENGLAND

Author of Much Praised Work Proves Clever Young Venetian Artist—Shaw In a Tent, Chesterton Keeps Bees

(Times Special Correspondence) London, May 19.—William J. Locke who has been lost to London for several months, is expected back here next week, and will have, to him, not uncommon, but, one may guess, always agreeable experiences, of finding his latest novel well up among the "best sellers". There is, in fact, official authority for stating that "The Fortunate Youth" has sold even better than did "Stella Maris," and the latter, of course, was one of its author's biggest hits. Locke is in Venice at present on his way back from Egypt, where he and Mrs. Locke have spent several months. It would not be surprising if he had found a new plot there, but the land of the Pharaohs will not, I understand, figure in his next novel, which was planned and begun some time before he left England, and is now nearly finished. He has not found a name for it yet, by the way, at least not one that satisfies him. Meanwhile it is interesting to be told this morning by John

Lane, who has published all Locke's novels, that the two that have over-topped all the rest in sales have been the two that most of us love the best, "The Morals of Marcus Ordeyne," and "The Beloved Vagabond." Lord Redesdale, the eminent traveler and ex-diplomatist, than whom there are few better judges, declared to a friend of the writer's, the other day, in the course of a talk on current literature, that he never had read a better historical novel than "The Shadow of Power," first book of a newcomer in the literary world, who has since followed it with another story of almost equal merit, recently published under the title of "The Fifth Trumpet." It is not of ten that you find one set of critics enthusiastic over work which a man has done in one branch of art while another set are equally keen on his performance in another, but that is what has happened to Paul Bertram, whose real name, by the by, is Paul Gutschler. Under the latter, he has been giving a private view of oil paintings and water-colors at Walker's Galleries in Bond street, and the critics have been saying exceedingly nice and well merited things about these works, most of which represent Italian scenes. Gutschler himself is an Italian, having been born in Venice, and he makes his home in Rome where he is at the present moment, but in his thirty-seven or eight years he has contrived to do quite a lot of traveling. As a youth he lived for several years in Madeira, and there it was that he learned English in which he writes with as much ease as Conrad himself. This young painter-novelist's name, by the way, suggests a Dutch extraction and both of his two novels deal with the struggle of the Netherlands against the power of Rome. Doubtless it is for this reason that neither has been published in their author's own country, where, as yet he is known only through his work with the brush.

G. K. Chesterton is so well pleased with the success of his dramatic trifle, "Magic" ("Patty's First Play," as Bernard Shaw wittily called it) which ran for 150 nights at the Little Theatre here, that he is hard at work on another which probably will be called, "The Blue Bag." Big G. K. C., who has forsaken London for some time, so far as living goes, and now holds forth at Beaconsfield, has lately, I hear, taken to keeping bees (like Maeterlinck), and though stung daily by the disturbed populations of his hives, who apparently object to paradox, seems rather to like it than otherwise. Of late, by the way, quite an epidemic of simple-living seems to have seized the literary world here, another victim being George Bernard Shaw, whose use of the tabooed word "bloody" in his latest play still is the subject of discussion here, is living in a tent on the rugged Yorkshire coast, with sandals on his feet and, they say, honey in his beard. The fact that the good people of Flay have mistaken him for an Arab sheik has not discomfited him in the least. Israel Zangwill, of course, for some time has been home at Far End, in Sussex, and another popular author, declaring that he is suffering from over-work (though over-production probably is his actual ailment) has taken enthusiastically to a clay cottage and hobnailed boots on the Yorkshire downs, and is producing poultry and eggs in exciting instalments. Rudyard Kipling, as an orator, is coming on. Not long ago he did quite a lot of "spell-binding" in connection with

Are ghosts great liars? This question was raised by W. B. Yeats, the famous Celtic poet, in an address to the London Spiritualistic Alliance this week, and he answered it in the negative, mindful, no doubt, of the fact that the inhabitants of the spirit world have ever before them the example of the late George Washington.

raps at a table and produced psychic effects external to the medium. Ghosts may be hypnotized by the medium, or by practically any one, Yeats declared. A Countess of Sligo, he mentioned, dismissed her stable boy because, seeing his late master, the earl, walking near the house, he told the ghost to go away and haunt a lighthouse. The countess dismissed the boy for telling the spirit to haunt such an inclement spot, because a ghost had to go wherever it was told.

**FIRST NEWSPAPER IN ENGLISH LANGUAGE**  
The first newspaper printed in the English language, with its old-English type and its quaint account of events in foreign countries, was a pamphlet issued in 1621. Its title, "Corrant or Newses from Italie, Germanie, France, and other places," is as curious as its contents. For many years it had been supposed that no copy of the Corrant was in existence, but recently a copy of this interesting document was discovered, and a photograph of one page of it is reproduced in the June Popular Mechanics Magazine.

**NEW ARMY MACHINE GUN.**

A new weapon has been provided for the United States army which is far more efficient than any heretofore adopted. It was invented and is used by the French military authorities, and already nearly a hundred have been purchased by the United States. The new gun, which is described in the June Popular Mechanics Magazine, weighs but thirty-five pounds, and can easily be carried by a soldier. Two men are required to

operate it, both of whom lie flat on the ground, presenting a small mark to the enemy. One man feeds the cartridges into the breach of the gun in clips of twenty-five each, while the other aims the weapon and directs the firing mechanism. The gun will fire separate shots or will operate automatically, in which case 800 shots a minute may be fired. At long range a third soldier ascends the range by the use of binoculars, and reports the effect of the bullets.

**Nervous Trouble Followed by Locomotor Ataxia**

Treatment From Doctors Proved of No Avail—Was Fully Restored by Dr. Chase's Nerve Food.

It has been said that "nervous people are the salt of the earth." You only have to look around you to prove this. You find the nervous, high-tensioned active-brained men and women in the highest positions in the land. The enormous expenditure of nervous energy made by such natures too frequently leads to nervous breakdown. Worry, excessive mental work and shock such as referred to in this letter are often the immediate cause of nervous collapse. Recovery is often slow and tedious, and doctors, as well as the sufferers, lose patience.

"For years I was troubled with the stomach, and have always been of a nervous temperament. The death of my husband was a great shock to me, and a few months later I was prostrated by nervous trouble. Locomotor ataxia developed later, and I was in a bad condition. I took treatment from different doctors, but did not gain until I began the use of Dr. Chase's Nerve Food. When I had used five boxes I was so fully restored that I was like a different person. I am sure that the Nerve Food is a good medicine, and have told many people about the remarkable way in which it has restored my health." Dr. Chase's Nerve Food, 80 cents a box, 6 for \$2.50. Community Council to Promote Welfare Work in St. John—All of One Mind at Meeting in High School Assembly Hall Last Evening

St. John is to have a community council, representative of all the people, irrespective of race, creed or class, to promote social welfare work and to have behind it the driving force of all the various organizations represented. This was determined last evening at an enthusiastic meeting in the High School building, where practically all the churches and most of the benevolent and fraternal organizations were represented, and at which there was just one expression of opinion concerning the need of such a council or clearing house as was proposed. The people came in response to a circular letter and to a general invitation through the press. The circular letter was as follows:—

Your Co-Operation is Invited  
St. John, N. B., May 15th, 1914.  
Dear Sir:—

As a result of two meetings recently held, one of them a conference with Mr. J. S. Woodsworth of Winnipeg, secretary of the Welfare League of Canada, it was decided to make an effort to organize a Community Council for the city of St. John, representing all churches, societies and other organizations interested in promoting civic welfare, and to engage if possible a Social Service Worker to be under the direction of the executive of the Community Council.

Such needed reforms as town planning, better housing, the establishment of a prison farm, the inauguration of a Children's Aid Society, a wider use of school buildings, greater attention to the playground movement; and a movement to improve the social conditions for boys and girls, as well as many others which would occur to you, would be accomplished much more quickly if they had behind them the driving force of the united churches and other organizations of the city. In the words of Mr. Woodsworth, referring to matters which effect the moral and social welfare of the community: "If we pray apart, let us work together." It has been decided to hold a meeting in the high school assembly hall on the evening of May 28th at which addresses will be delivered, and if desirable organization effected.

It is sincerely hoped that this movement will appeal to you favorably, and that your church or organization will be represented by at least three of your members.

Yours truly,  
T. H. ESTABROOKS,  
A. M. BELDING,  
W. H. BARRACLOUGH,  
W. S. FISHER.

W. S. Fisher, as president of the Associated Charities, occupied the chair. The general feeling of nearly everyone present was that a community council should be formed at an early date and the following committee was appointed to nominate officers of the council: Geo. E. Barbour, representing the Young Men's Christian Association; A. E. McGinley, I. O. O. F. Pioneer Lodge; Mrs. F. E. Holman, Free Kindergartens; Mrs. E. S. Fiske, Women's Suffrage Association; Mrs. H. Morton Smith, Women's Christian Temperance Union; R. T. Hayes, Seaman's Mission; J. L. Sugrue, Trades and Labor Council; Charles Tingley, Loyal Orange Association; W. J. Mahoney, Knights of Columbus; A. H. Wetmore, Associated Charities; A. M. Belding, Loyal Order of Moose; Foster Duval, Temple of Honor and Temperance; Reud H. McIntyre, St. Philip's church; W. C. Allison, Playgrounds Association; R. G. Murray, Art Club and Centenary Brotherhood; Mrs. James Ross, Girls' Association; T. H. Estabrooks, Protestant Orphans' Home; Charles Robinson, St. David's Brotherhood; S. Stephens, Syrian Protective Association; Mrs. W. C. Matthews, King's Daughters Guild; Rev. J. L. Cotton, Layman's Missionary Movement; Miss Haley, St. Monica's Society; Mrs. S. Hart, Daughters of Israel.

A. M. Belding.  
The chairman, W. S. Fisher, having called on A. M. Belding to speak, the latter said in part: "It is necessary to get together to improve the conditions in which we live. We require development irrespective of race, color, creed or politics. If we are to have a clean city it is the people who must see to it. A town planning act has been passed, but nothing has yet been done. We should have a town planning commission. It took five years to get the Children's Protection Act passed, but as yet no action has been taken to give effect to its provisions. There is a lack of the community spirit; the people should say 'we must have these things done.' There are many men who are allowed to walk about the streets who would be better off in a prison farm. Something should be done, too, for many of the boys and girls who are daily to be seen on the streets. They are our boys and girls in a community sense. Why cannot the

school buildings be open at night for social service work?

Then there should be neighborhood clubs in which men and women can discuss home matters, and classes for working boys should be provided.

Rev. G. Earle.

Rev. Gilbert Earle spoke of what had been recently done in Fairville along the lines of those brought to notice by Mr. Belding. The community council there, he said, had already done good work, the playground movement, especially, having met with much success. "The feature has been an association of all religious and political bodies working together in the common interest. We are quietly ventilating our thoughts and there is real

enthusiasm amongst the community," he said.

Mrs. E. S. Fiske.

Mrs. E. S. Fiske said she heartily approved of the ideas generally expressed and would be glad to do anything to assist in the movement.

Rev. W. H. Barraclough.

Rev. W. H. Barraclough said: "We ought to be planning not only for the present, but for the future. It is right that we should get together and work for the common good, and if we will only do this St. John will be as good a city as can be found anywhere. I would like to see something definite done; I am one (Continued on page 11)

J. N. Rogers spoke of the need of more control amongst the boys and girls. He would like to see something done on the lines suggested.

**Housing Reform.**

J. L. Sargue said that he thought a community council would be a good thing and that the first matter that it should take up was the question how to secure better housing accommodation for the workers. What is required are proper houses for this class that could be occupied at fair rentals.

C. H. Stevens said that if better housing accommodation and better conditions generally were provided much of the intemperance about which so much has been said would cease.

**The Color Line.**

R. H. McIntyre, who said he spoke as an old resident and knew conditions well here, referred to the difficulty experienced amongst the colored population in getting proper houses to live in, and deprecated "the prejudice that he said existed to the disadvantage of his own people."

C. B. Howard spoke of the Y. M. C. A. work and of the difficulty that had been experienced in getting suitable grounds where sports could be enjoyed.

**Had "Old Buffer" Inside.**

Bishop Boyd Carpenter, Canon of Westminster, has just entered his 74th year.

On one occasion he was to officiate at a fashionable London wedding. As usual, a great crowd of people stood outside the church doors. Magnificent carriages and motor cars rushed up with the splendidly dressed guests, and at the end of a long string of fine equipages came a ramshackle old four-wheeler. A policeman dashed at the cabbie.

"Here, hi!" they shouted, "you can't stop here. The bishop's just coming." "Keep your line on," retorted cabbie, "I've got the old buffer inside."

And Bishop Boyd Carpenter opened the door and stepped out.

**An Honor Indeed.**

A patronising young lord was seated opposite a famous scientist at a dinner one evening not long ago. During a lull in the conversation he adjusted his monocle, and leaned toward the scholar.

"Aw, y' know, Mr. Jones," he drawled, "I passed your home this morning."

"Thank you," said Jones, quietly.

Woodstock, N. B., May 29—There were some suggestive and amusing incidents connected with the trip of the members of the government in their tour of "inspection" of the Valley Railway routes to Andover on Wednesday. Premier Fleming was not present when the party was ready to start from Woodstock, and it is said that some pointed remarks from a Carleton county representative were instrumental in a phone call to the premier to come along.

The Royalton route to Andover is said to have "impressed" the party, which is not strange when it is known that the landowners along this location had nearly all been settled with the right of way several months ago. Mr. Gould, who accompanied the party, strongly favors this route. It is near the border and will put him in close touch with his electric system and give him an opportunity to capture business for the C. P. In St. Peter's first Holy Communion will be given to a large gathering of school children on next Sunday morning.

A JUNE WEDDING

Misses Nellie McIntyre and Tessie Murphy entertained a dinner on Tuesday evening at the Brown Betty in honor of Miss Perle MacMurray, whose marriage will take place early in June. The handsome appointed table was centered in bride's roses. Covers were laid for eight. The event also took the form of a shower, the bride-to-be receiving some dainty and useful gifts.

NOVELTY SHOWER

Friends of Miss Lillian Garfield called on her last evening at the residence of Mrs. H. R. Coleman, Winter street, and tendered her a novelty shower in honor of her approaching marriage. A large number of presents were received and the evening was pleasantly spent in games and dancing. Refreshments were served.

SPORTS AT ROTHESEY

Field sports are being held at Rothesay today between the boys of the school and from the collegiate school in Windsor. The field events are high jump, broad jump, throwing cricket ball, shot put, hammer, and track events are 100 yards dash, 220, 440, hurdle race and mile race. The Rothesay boys who will take part are Payn, Duvernet, Hatchford, Young, Winklate, F. Foster, Wright and J. Smith.

FARM SETTLEMENT

The monthly meeting of the Farm Settlement Board was held here this morning. Those present were James Gilchrist, of this city, A. W. Hay, Woodstock, and T. W. Butler, of St. Stephen. The board has under consideration several applications for farms and inquires which they have received indicate a steady interest. They are purchasing farms as they are needed to fill applications and so far have had little difficulty in securing suitable places.

REV. J. S. FLOYD IN CITY

Rev. J. S. Floyd and wife of Charlottetown, P. E. I., are visiting Mrs. J. S. Floyd and her parents on Main street, North End. Rev. Mr. Floyd was formerly pastor of the Coburg street Christian church and many old friends will be glad to greet him and Mrs. Floyd during their week's stay in the city. Rev. Mr. Floyd has left Charlottetown to assume a pastorate in Troy, N. Y. The Charlottetown press speaks in the highest terms of Mr. Floyd as a citizen and minister during the period of his stay in this city.

SUES FOR \$225,000 FOR BREACH OF PROMISE

New York, May 29—Apartments furnished to the last detail of luxury, diamonds weighing 4 1/2 carats and automobiles costing \$8,000 and \$10,000, some of the gifts Arthur I. Hoe, son of Robert Hoe of printing press fame, is said to have lavished on Mae A. Sullivan, who is suing young Mr. Hoe for \$225,000 for breach of promise of marriage. Miss Sullivan is known among her friends as the "most beautiful girl in New York."
