COLD SAVED MANY LIVES.

Dynamite Thrown in Police Court Today.

If Last Wednesday Had Been Warm, The Dynamite Scribner Threw Would Have Exploded.

John Scribner, of the North End, was arrested on a warrant recently issued, in which he is charged with committing, with dynamite, an act by which life was endangered. The case was taken up today, the examination taking the form of a preliminary. Scribner, who is quite an old man, was represented by J. King Kelley.

Edward Eatman said that he saw Scribner come into the yard with a box of dynamite on his shoulder. This he threw into the trench, a drop of about fifteen feet. Eatman ran as the box came down, and the dynamite struck within a few feet of where he had been standing.

William Garnett saw Scribner carry the box towards the trench, and saw it broken in the trench shortly afterwards. In his opinion Scribner is a little queer at times and does rather strange things when he is excited.

Mr. Clayton, of Fernald, who is something of an expert in dynamite, is watching the case.

READY FOR WAR. Japanese People Want to Fight Russia But the Government is Holding Back.

SEATTLE, Wash., Nov. 9.—Japan is all ready for war with Russia, according to Charles V. Bale, a millionaire business man, who lived in Yokohama for the past twenty years. He says the people generally in Japan want war, but the government has so far pursued a very conservative policy and have succeeded in keeping in check the more radical party.

NEW POPE'S FIRST CONSISTORY. ROME, Nov. 9.—The first secret consistory of the new pontificate was held today. No American cardinal was appointed.

AUTOMOBILE RACE KILLS THREE.

Annual Hill-Climbing Contest in France Has Fatal Termination. Many Others Injured.

PARIS, Nov. 8.—The annual hill-climbing test for automobiles which was held near Gallion yesterday, had a fatal termination. Three men are dead, while several others were seriously injured. The contest was hardly commenced when a dense fog shrouded the course, making it almost impossible to see the length of a machine ahead.

THIRTY-ONE QUARANTINED.

Smallpox Case in Grand Union Hotel Causes Detention of Many. Will Be Out Thursday.

A case of smallpox developed on Saturday in the Grand Union hotel. The patient is Mary Kelly, daughter of Mrs. Kelly, who has been working there for some months.

The board of health met on Sunday afternoon and approved of all the measures to be taken. Telegrams were sent to the different towns from which came guests who had recently registered at the hotel, with information of the outbreak of smallpox.

On the other hand some of those in the hotel claim that the work is not being done. They say that the formaldehyde apparatus is, and has been, lying idle in the office, that no work has been done, and that at least some of the guests have not been vaccinated within the required time.

BURN GARBAGE SAYS JURY.

Orange St. Dump Called a Public Nuisance.

Judge Forbes Again Declares That The Board of Health is Alone to Blame.

Judge Forbes opened the adjourned sittings of the county court this morning at eleven o'clock. His Honor, addressing the grand jury, said that he had called them together this morning in view of the fact that a statement had appeared in one of the daily papers, purporting to be made by the chairman of the board of health, that in spite of what the grand jury might do, or in spite of what he (Judge Forbes) might say, the board of health was not responsible for the conditions existing at the Orange street dump.

Continuing, his honor said that it was an extraordinary thing for a public official to come out in a newspaper, that he was not worrying over the conditions that exist in that section of the city.

"The chairman of the board of health," said his honor, "asserts that the board is not responsible; but let us see what the law says in this regard." His honor cited the act in the consolidated statutes, relating to matters of health.

"The board of health has full power in ridding the community of offensive places which are a danger to the public health. Section 27 of the act says that any person who shall place any refuse or filth along the shore of Courtenay Bay shall forfeit and pay the sum of \$20."

"Have you ever heard of the board of health," said his honor, "such steps as instituting any such proceedings? If a road stool should be discovered growing in one of our back yards a board of health inspector would soon be around and order its removal."

His honor referred to the health reports to show that during the past year there had been 100 deaths in this city than the year previous. Last year 244 children died, many of them on account of insanitary conditions in the city.

W. A. LOCKHART DEAD.

Collector of Customs at This Port, Dies This Afternoon After a Long Illness.

W. A. Lockhart, collector of customs at this port since March 31, 1906, died this afternoon at a quarter past two o'clock. He has been ill for a long time, but retired from his business and became an auctioneer and commission merchant, in which he continued until his appointment to his late position.

He was born in this city in 1835, a son of the late Geo. A. Lockhart, one time police magistrate and alderman here.

Mr. Lockhart married in 1864 Miss Mary E. Lawton, daughter of James Lawton. She died in 1885, and in 1888 Mr. Lockhart married Miss Harriet A. Gilmore, daughter of Samuel Gilmore, of St. Stephen. He is survived by his wife and the following children: F. A. Lockhart, M. D., of McGill College staff; William A., of this city; Edwin Bayard, a clergyman, in Portland, Ore.; Mrs. Charles Henderson, of Dominic; and George A., living at home. Another daughter, Miss Beatrice, died a short time ago.

ANXIOUS FOR KAISER.

NEW YORK, Nov. 8.—Information contained in private despatches received here shows that the operation on Emperor William is similar to the first one performed on his father, and consequently causes alarm in the royal household. The statement issued by the surgeons fails to reassure because it is well understood that for reasons of state his majesty would be given the benefit of any doubt as to the true character of his disease.

MINISTERS' MEETINGS.

SMALL WONDER.

I squeezed the hand I held in mine, With rapture, then I pressed, This hand, so perfectly divine, Against my throbbing breast. Three others were clamorous there, They gazed, oh, stern and fast, Upon me with a stony stare, And then each duty passed.

You'd think to be alone that we Would dually rejoice; Alack, the others saw through me And thus my woe I voice. They had observed my joyful grin; Small joy such passing brings. The hand I held—'t was a sin— Consisted of four kings.

ST. JOHN STAR.

ST. JOHN, N. B., NOVEMBER 3, 1908.

CLEAN GOVERNMENT.

Because a Halifax clergyman in a recent speech said that Canada was beautiful and prosperous and happy, the logical Frederick Herald deduces triumphantly the two-fold conclusion that Sir Wilfrid Laurier and his administration are responsible for these pleasant conditions and that clergyman, as a rule, are liberals.

In further support of the latter conclusion it says: "There is another reason why the men who direct the spiritual affairs of the country are sympathetic with liberalism and opposed to Toryism. As right thinking men with strong religious convictions, they recognize that under Sir Wilfrid Laurier the country enjoys clean and honest government. There are no McCreveys or Langvins or Gamneys in the liberal party councils; there are no political scandals 'smelling to heaven,' as there were in the days of Toryism, no revelations such as those of 1891 which made the people of Canada hang their heads in shame."

The statement that the clergy are sympathetic with liberalism is no more ridiculous than the assertion that the government is clean and honest, whose leader was accused on the floor of the house by the ablest member of his cabinet of being a tool of private capitalists; the government which has fathered the Yukon scandals; which defied public opinion and at the bidding of Senator Cox and his allies forced upon the country a railway policy which thousands of the best of the electorate had petitioned against; which by the weight of its parliamentary majority has balked all inquiry that might tend to expose the band of grafters that flourished under its regime. The taunt regarding McCrevey, who was punished for his ill-doing, comes not well from a party which uses the power given it by the people to protect men beside whom McCrevey would have been a novice in grafting and a snear at Gamey, who took a bribe, does not become those who shield many Strattons, who with misdirected public money, do the bribing.

"GENTLEMEN; THE KING."

Today Edward VII. by the grace of God, king and emperor, attains his sixty-second year. During the three years of his reign he has shown himself to be not unworthy of the crown which his mother wore. His work has been for the peace of Europe. He has proven himself a diplomat of eminence. The present kindly feeling in Ireland and the recently accomplished rapprochement with France are practically his personal triumphs. Though he will never be the object of the love and reverence that was Queen Victoria's he is already entrenched in so surely in the affections and esteem and respect of his people, that few in the empire today will not join in the universal congratulations with a hearty and earnest "God Save the King."

When the history of these years we are living in comes to be written by-and-by, King Edward's name and that of the British Empire will be associated together in the minds of those coming generations who shall study that history. For though the empire was nominally in existence when he came to the throne, it is left for the later years of his reign to see the binding together of the scattered states which own his sovereignty, into one great commonwealth which shall be an empire in more than name, an empire of which each part is so related to and so dependent upon the other that dissolution will be unthinkable, and so self-sufficient that for it, the rest of the world need have no existence.

If that Milligan-Crocket case is retried, it is to be hoped that some of the witnesses will be less successful in evading the constable than they were before. Interest has not yet altogether died out in that Rothsney forgery and the people would like to hear from a few of those ten or a dozen people who, according to Mr. Milligan, might be guilty.

That's an awfully sad thing about the German Emperor. He has had an operation performed on his throat and the dispatches say he won't be able to talk until the wound is healed. Looks as if the surgeons were taking quite a risk of congestion of his vocabulary and other complications.

If the lumber cut is going to be so much smaller than last year, the local government will have to devise some other means of providing for their extravagance besides the increase in the stumpage rates.

In the list of those whom the king is honoring on his birthday, the names of Mr. Blair and Mr. Tarte are conspicuously absent. Also Col. Tucker's great efforts for the protection of the defenceless lobster are forgotten. "Ingratitude, thou marble-hearted fiend!"

This information will be very pleasing news to all importers in this territory.

The death occurred at her residence, Duke street, on Sunday evening, of Agnes, wife of Jacob S. Brown, in the 58th year of her age, after an illness of some months. Mrs. Brown was an estimable woman, domestic in all her ways, and beloved by the family circle. Her husband has the earnest sympathy of a host of friends and acquaintances.

The work of tearing away the upper portion of the hull of the Italian bark Battistina Madre, which fell over on Siliyard's blocks, is proving a tedious task. The structure is generally rotten and the planking is poor, but still the job is hard to get through with. The owners, Messrs. Lantium, have a huge job on their hands, as they must remove the old bulk before the new str. Senlac can be launched.

Florence Nolan, of the Boston firm of Nolan Bros., who are part owners in the Lake Superior, left for home on Saturday. He has been in St. John several weeks watching the work of breaking up the big ship.

Agnes Farnan, aged 17 years, who was arrested on the 19th of September for stealing \$33 from a residence in the city in which she was employed as a domestic, was before the police magistrate Saturday and was sentenced to 10 months in jail. She has already spent over a month in jail.

Frank Baird has returned from a general favorite with her numerous dicta of York county. In company with Charles Wheelley of Fredericton, Mr. Baird was successful in shooting a large moose. The head is a magnificent one, the antlers spreading fifty-eight inches.

The death occurred yesterday of Ethel, the eighteen-year-old daughter of the late Edward Walsh. Deceased, who was a particularly bright girl and a general favorite with her numerous friends, graduated from St. Vincent's convent in 1901. For years she has resided with her grandfather, George Doherty of Brussels street, at whose home she died. Death resulted from apoplexia.

The Canadian Pacific Railway have received advice from their European traffic manager, Archer Baker, that it is being arranged with marine underwriters in London that insurance on London cargoes via Antwerp to West St. John will take no extra premium on account of calling at Antwerp. This information will be very pleasing news to all importers in this territory.

The death occurred at her residence, Duke street, on Sunday evening, of Agnes, wife of Jacob S. Brown, in the 58th year of her age, after an illness of some months. Mrs. Brown was an estimable woman, domestic in all her ways, and beloved by the family circle. Her husband has the earnest sympathy of a host of friends and acquaintances.

The work of tearing away the upper portion of the hull of the Italian bark Battistina Madre, which fell over on Siliyard's blocks, is proving a tedious task. The structure is generally rotten and the planking is poor, but still the job is hard to get through with. The owners, Messrs. Lantium, have a huge job on their hands, as they must remove the old bulk before the new str. Senlac can be launched.

The following were re-elected officers of the Bardeners' Local Union, No. 248, for the ensuing term, at their regular meeting, Saturday evening: Michael Reedy, president; John Rooney, vice president; Joseph P. Doody, recording secretary; James J. Baxter, treasurer; John Joseph, secretary; August, inspector; Wm. Duffy, inside guard; Joseph Breen, outside guard.

The union is in a healthy financial condition and will hold a smoke talk and reunion on the continent. There are now 1,738 associations on the American continent. The total membership reported is 350,455, a gain of more than 27,000. The number of employed officers in the field is 1,728. The number of buildings is 460. The net value of real property is \$24,016,415. The aggregate current expenses for the past year were \$2,553,504.

The total contributions of anniversary week in Centenary church was \$1,450. It was made up as follows: From the ladies of the congregation, \$225; Sunday school, \$143; the balance being made up in ordinary collections.

Y. M. C. A. WORK.

A Y. M. C. A. service was held in St. David's church last evening, the pastor, Rev. Dr. Morison, preaching an eloquent sermon on Y. M. C. A. work from Acts 2: 17: "Your young men shall see visions."

On the platform with him were Frank White, president of the St. John Y. M. C. A., who read the scripture lesson, Acts 11: 1-23, and S. B. Wilson, the secretary, who offered prayer.

The first part of Rev. Dr. Morison's sermon referred to the week of special prayer. This practice has been observed for forty years, and now the Y. M. C. A. have invited the co-operation of the various Christian churches in the city.

Dr. Morison concluded his interesting address with briefly outlining the work now being done by the different associations on the continent. There are now 1,738 associations on the American continent. The total membership reported is 350,455, a gain of more than 27,000. The number of employed officers in the field is 1,728. GERMAN VENGEANCE.

Troops Marching to Avenge Massacre of German Garrison in South-West Africa.

BERLIN, Nov. 7.—The imperial governor of German Southwest Africa cables as follows from Windhuk: "The largest part of the colonial troops are on the march, including a mountain battery, The Witbooi garrison, numbering 800 men, is also on the march. There is no news from the seat of war."

In Keetmansdorp there is a field company composed of three officers and ninety men, including fifteen colored soldiers. In addition, there are the district volunteers, numbering forty or fifty. The mountain battery now on the march has four guns of the newest construction. In Windhuk there has been stationed, since 1894, a machine gun field battery, but in September the guns were sent to Germany for repairs. These guns would, however, be useless owing to the difficulty of their transportation over the mountains. The march to Keetmansdorp from Windhuk will take about three weeks. The tribe of the Bondelwepers consists of no more than three hundred armed men. The Vossidichung says the German troops are quite capable of subduing

the Bondelwepers provided the latter are not aided by other tribesmen. The Bondelwepers in 1890 recognized German supremacy. Dr. Gaering, the German commissioner, says there are many Christians among the tribesmen.

KIDNAPPING DENIED.

Report of \$100,000 Ransom for the Mysteriously Disappeared Millionaire Wentz was a Fake

BRISTOL, Tenn., Nov. 7.—"No developments, deny all rumors, my son is yet missing and there is no clue to his whereabouts," was what J. S. Wentz, father of Edward L. Wentz, who disappeared from Big Stone Gap four weeks ago last Wednesday, said when asked for a statement by a reporter. Mr. and Mrs. Wentz are en route to Philadelphia. Reports that the family of the missing man had received a postal from the alleged kidnappers was exploded by the fact that Mr. and Mrs. Wentz were leaving for their homes. The rumors that the kidnappers were holding their son until a ransom of \$100,000 is paid, are most emphatically denied, not only by the parents but by the officials of the Virginia Coal and Iron Company, and the Stonega Coal and Coke Company, in which the missing man held a large interest.

MR. MORGAN WILL LIVE MORE ABROAD. LONDON, Nov. 7.—J. Pierpont Morgan has acquired Aldenham House, Aldenham, Herefordshire, and intends to make the place his residence during a considerable part of the year. Mr. Morgan's visits to this country, it is stated, are likely to be both regular and protracted.

MONTREAL, Nov. 8.—A largely attended meeting of Zionists from all over Canada was held here this evening, when the offer of the British government to extend a protectorate over a colony of Zionists to be established in East Africa was endorsed. At the same time it was plainly set forth in the resolutions that the acceptance by the Canadian Zionists of the British government's offer in no way affected their full adherence to the Baele programme.

The wreck of sch. Martha A. Bradley, which went ashore recently at New London, P. E. I., has been sold at auction for \$125.

TRADE WITH TRINIDAD

Prominent Business Men From That Island Talk Interestingly of Canadian Interests There

T. Geddes Grant, of Trinidad, who was one of the delegates to the meeting of the Chamber of Commerce and who has since then been touring the maritime provinces, is in the city. Mr. Grant conducts a large commission business in Fort of Spain and handles Canadian goods exclusively. Upon his return he expects, by means of traveling representatives, to open up business connection with all the other British West Indian islands with the exception of Bermuda and Jamaica.

Speaking of trade conditions Mr. Grant says that Trinidad, situated ten degrees north of the equator, at the mouth of the Orinoco river, is the natural transfer station for goods entering and leaving the great Venezuelan republic. The population of Trinidad is about 300,000 and of Port of Spain, with its suburbs, 20,000, or about the same as St. John. The total trade, both export and import, amounts to \$25,000,000 and the imports from Canada have increased by \$128,000. Imboth export and import, amounted last year to \$25,000,000 and the imports from Canada have increased by \$128,000. Imboth export and import, amounted last year to \$25,000,000 and the imports from Canada have increased by \$128,000.

For the last four months President Castro has blockaded all the ports on the Gulf of Paria, that trade with Trinidad, thus completely destroying a most satisfactory business, and indirectly affecting Canada, as a large proportion of her goods entering Trinidad find their way to Venezuela. All other countries using Trinidad as a port of transshipment are similarly affected. The Trinidad Chamber of Commerce have strongly represented the state of affairs through the governor, to the imperial authorities, and Mr. Grant, and from Canada I think your boards of trade should also make representations to the home government as to the blow now being given to your established trade.

Trinidad's tariff is purely one of revenue, a few lines having a specific duty but all manufactured goods, hardware, textiles, etc., are subject to an ad valorem duty of five per cent. By a unanimous resolution of our chamber, the delegates to the congress at Montreal were instructed to vote for anything that would promote trade within the empire. As Trinidad is not a manufacturing community we do not need protection but we feel that trade developed within the empire will be on a safe foundation and less liable to attacks by hostile tariff changes than trade built up without the empire.

From my trip through Canada I can see that the country has a great future and judging from the progress since my last visit I anticipate that it will soon rival its neighbor to the south. If the American republic sees the necessity of acquiring tropical possessions, would it not be well for Canada to pay special attention to trade with the West Indies, and especially those within the empire. The United States is a large market for tropical fruit and in the near future Canada should be importing supplies direct instead through the United States, as at present.

Trinidad is becoming a very popular winter resort and I know of no more enjoyable tour than a trip in the winter months by the Pickford & Black line of steamers. It is a most interesting business. I know of no business men from Canada who have taken this trip, who have not made some business connections.

DOUKHOBORS HAPPY.

OTTAWA, Nov. 6.—Later advice received by the deputy minister of the interior from Swan River, Man., which is the nearest railway station to the Doukhobors' settlement at Thunder Hill, makes it clear that the report recently sent out of a riot in which three Doukhobors were killed, was a pure fabrication.

According to the information received the Doukhobors are all busy ploughing and threshing and as their crops have turned out very satisfactory this year they are happy and content. The fake story was sent broadcast throughout the United States, evidently by interested persons and whether or not that was the motive, it certainly will have an injurious effect on aggressive work which is being carried on by the department, more especially in the western states.

MR. MORGAN WILL LIVE MORE ABROAD. LONDON, Nov. 7.—J. Pierpont Morgan has acquired Aldenham House, Aldenham, Herefordshire, and intends to make the place his residence during a considerable part of the year.

SPORTING NEWS.

THE RING.

MUNROE BEAT MAHER. PHILADELPHIA, Nov. 7.—Jack Munroe, the Butte minor, stopped Peter Maher tonight in the fourth round of what was scheduled to be a six round bout at the Fraternal Athletic Club. Many of the spectators were of the opinion that Maher quit as he went to the floor after a series of blows on the jaw and body. He took the count and was picked up by his backers, who led him to his corner.

The bout was a fierce and bloody one and Maher was leading until the fourth round. Both men scored knock-downs in the first round, but they were up and fighting before the referee had counted three. Shortly before the end of the round Maher sent Munroe down from a right. Munroe jumped to his feet and Maher tried to shake him off but the minor held on. Both men lost their heads and kept on fighting after the bell.

Both were aggressive and when the light ended they were covered with blood.

TOM SHARKEY DEFEATED.

JACKSONVILLE, Fla., Nov. 7.—In the wrestling match between Tom Jenkins, of Cleveland, and Tom Sharkey, of New York, for the championship of the world, Jenkins retained the title, throwing his antagonist in the first two falls. The match was for two out of three falls.

FOOTBALL.

American College Games. PHILADELPHIA, Pa., Nov. 7.—Harvard today defeated the University of Pennsylvania in their annual football game, 17 to 10. Pennsylvania scored one touchdown in the first half and one in the second, while Harvard scored twice in the opening half and one in the final half.

NEW HAVEN, Conn., Nov. 7.—Yale defeated Syracuse in a football game, 20 to 0. Syracuse was not strong enough to threaten Yale's goal at any time and only once came within range of the posts for a kick.

At Princeton—Princeton, 11; Lafayette, 0. At Waterville—Colby, 11; Bowdoin, 0. At Worcester—Holy Cross, 27; Springfield Training school, 5. At Washington—Carleton, 28; Georgetown, 6. At Chicago—Cornell, 0; Lehigh, 0. At West Point—West Point, 58; Manhattan, 0. St. John Defeated.

The football game on the Shamrock grounds on Saturday resulted in a victory for the U. N. B. team by a score of 5-0. The game was unsatisfactory and was not football. Owing to the condition of the ground, covered with some inches of slush, no good play could be done, and the scoring of points was a matter of luck. The U. N. B. boys went to Digby this morning and will, tomorrow, play Acadia at Wolfville. On Wednesday they meet the Dalhousie team in Halifax and will play Mount Allison on return.

YACHTING.

Will Try Again. W. B. Ganong, owner of the Glencairn, writes from Fernie, B. C., that he is determined to have another try for the West Indian cup. He will come here next summer and will be one of the crew himself. It is possible that as the Glencairn has been defeated, Mr. Ganong and others may procure another boat.

N. B. DIVORCES IN BOSTON.

BOSTON, Nov. 6.—Two cases of divorce among New Brunswick people will come up for hearing in December in the Massachusetts divorce court. Mrs. Martha A. Vaughan has brought a bill for divorce from Ebeneser S. Vaughan, now of parts unknown. The couple were united in marriage at Lower Brighton, Carleton county, N. B., on December 22, 1886. Desertion is the ground for divorce. The other New Brunswick case is that of Mrs. Coriella McLean who seeks divorce from Angus L. McLean. The McLeans were married at Moncton on August 11, 1875. Mrs. McLean alleges that on April 1885 her husband deserted her and also charges him with cruel treatment.

On Tuesday, Mr. and Mrs. Thomas Keane, who were married in St. John in 1848, observed the 56th anniversary of the event at their home in Hyde Park.

Business men do not think that the C. P. R. will send any of its steamers to Boston or Portland. They expect keener competition from St. John than ever, and fear that some of Boston's business will move to St. John.

CATTLE SHIPMENTS.

Canada's Total For the Season Will Nearly Reach 1,000,000. MONTREAL, Nov. 7.—The report of the Dominion government cattle inspector, to be published tomorrow, will show that, while the cattle shipments from Ontario and Western Canada have been comparatively light during the present season, from now till the close of navigation very heavy shipments will be made, and these will result in a particularly high record being established this year in the shipment of cattle from Canada. The official report for the month of October will show that during the month 17,864 cattle were shipped, making a total up to Nov. 1 of 1,247,738. Shipments from Canada have never passed the 1,000,000 mark in one season, while this year they will be close on 1,000,000.

A service was held in Coburg Christian church Saturday night, when two converts, made during the evangelistic services in Douglas avenue Christian church, were baptized. The evangelistic services will be continued this week.

OTTAWA NEWS.

OTTAWA, Nov. 8.—Hon. Clifford and Mrs. Sifton returned from England today.

An order in council has been passed permitting entry into Canada free of duty of orange mineral, dry white lead and dry red lead, made from lead produced from Canadian ore. In the refining process the substances mentioned are extracted, and it is felt only proper that Canadian products of this kind should be allowed to come into the country again free, as there is no refinery in the Dominion.

The comptroller of the mounted police received a report from Moody, in charge of the mounted police newly established at the post of Marble Inland, Hudson's Bay, which states that traders in that remote region express the pleasure that they now have in government protection.

The venerable secretary of state was waited upon yesterday by the staff of his department and presented with a gold fish dish in commemoration of his golden wedding, which took place today. The address was read by Under Secretary of State Jos. Pope, and the presentation made by Mr. Pelletier, chief clerk. Hon. Mr. Scott was deeply touched by the evidence of good feeling on the part of his staff and replied in appropriate terms. The minister received many messages of congratulation, including telegrams from Strathcona and Bowell.

COLORADO COAL STRIKE.

TRINIDAD, Colorado, Nov. 8.—It is now evident that the strike of the coal miners in the first district of the Colorado Fuel and Iron Co. is no small affair. In fact it is strike out of all proportions to that ever hoped for by the officers of the United Mine Workers of America, and ten times what was looked for by the coal operators. The meeting of superintendents and pit bosses held in the Colorado Fuel and Iron Co.'s offices at Trinidad last Thursday night, reports were made that enough men would quit to cause a shut-down. It is doubtful if enough men can be got in the whole district by tomorrow to work the mines at Primo. At Gray Creek every miner but one has quit, and the camp is surrounded by armed guards. At Bowen, the men are quitting rapidly. At Terco the men quit early. At Starkeyville alone of the camps reported as being wholly company men, nearly every man quit. At Piedmont, the new Rock, Mountain Fuel Co. men took their tools home. There is not a mine in this section that can start up tomorrow with half a crew of miners. All day the chiefs and miners have been swearing into Trinidad, nearly all of them having their pay checks running from \$187 down. The checks were for such amounts that businessmen could not cash them and hence lost thousands of dollars in the deal.

CANADIANS HONORED.

LONDON, Nov. 8.—King Edward's birthday honor list is extremely interesting. No new peers or privy counsellors have been created, but there is a long list of promotions, decorations and knightships for services rendered in the various public departments. Vice-Admiral Lord Chas. Beresford has been promoted to Commander of the Bath to Knight Commander of the Bath. August Manns, musical director of the Crystal Palace, has been made a knight.

The following Canadians have been honored: Robert Bell, deputy director of the geological survey of Canada; Col. Pinaut, deputy minister of militia; and Louis Philippe Herbert, the artist.

OTTAWA, Nov. 8.—His excellency was notified tonight of the following King's birthday honors: Col. F. Pinaut, deputy minister of militia; L. Herbert, sculptor, Montreal. FREDERICTON NEWS.

FREDERICTON, N. B., Nov. 8.—The first afternoon meeting for men in the Y. M. C. A. was held this afternoon in conjunction with the college association. Principal Harrison presiding. Addresses were delivered by Rev. J. J. Teasdale, Mr. Howe of the college, and Mr. Ley, general secretary.

The supreme court was engaged all day yesterday hearing the motion in the case of Laette v. the City of Moncton. Powell, K. C., and Chandler, K. C., support the motion; Teed, K. C., C. Crockett will be taken up tomorrow morning on motion for a new trial.

W. J. Scott, of the Scott Lumber Co., Ltd., returned yesterday afternoon from the Great River. He reports four inches of snow in that locality, and excellent prospects for a heavy cut the coming winter. Mr. Scott, who is here to attend the organization of his company and give evidence in the county court this week in the case of the King v. Goodine, returns to superintend his operations, the last of the week.

The snow storm of yesterday lasted nearly 24 hours and made about four inches. Today there is excellent sleighing in the city and vicinity.

TWO BOXES OF

MILBURN'S HEART and NERVE PILLS

Good Mrs. Edmond Brown, in need, Oct., when she had almost given up hope of ever getting well again.

She writes: "I was so run down that I was not able to do my work, was short of breath, had a sour stomach every night and could scarcely eat. My heart palpitated, I had faint and dizzy spells and felt weak and nervous all the time. My husband got me a box of Milburn's Heart and Nerve Pills but I told him it was no use, that he had given up hope of ever being cured. He however persuaded me to take them and before I had used half the box I began to feel better. I had had a new woman of me and I have been well and have been able to do my work ever since."

Milburn's Heart and Nerve Pills are 50 cts. box, or 3 for \$1.25, all dealers or THE T. MILBURN CO., Limited, TORONTO, ONT.

SATURDAY NIGHT'S BLAZE.

Fire in Building Owned by Geo. Dick. Caused Considerable Damage.

An alarm was sent in about 10.30 Saturday night for a fire in the large warehouse on British street owned by George Dick. It was in the portion occupied by C. B. Harding & Son, and while it lasted a considerable time the damage was trifling. The building is fully insured on the fire by Messrs. Harding & Son, but had insurance on their lumber and shingles. It is thought by many that the fire originated from a match thrown on the floor by some man who was sleeping in that part of the warehouse. There was an old piano standing on the floor just where the fire would seem to have started. The back of the vehicle was burned away almost and it is believed the man had settled himself in the wagon to sleep. His carelessness with the match probably cheated him of the night's rest and will put Mr. Dick and Messrs. Harding to considerable inconvenience and expense. Mr. Dick is afraid a motor he had in the place has been seriously damaged.

RECENT FUNERALS.

The funeral of the late Samuel Buchanan took place at 2 o'clock yesterday afternoon from the residence of his son at Old Fort. Interment was made in Cedar Hill cemetery. Rev. Mr. Ferguson and Rev. Mr. Penna officiated.

The funeral of the late Matthew O'Leary took place yesterday from his late residence in Fairville to St. Rose's church, where services were conducted by the Rev. Chas. Collins. The remains were interred in the Old Catholic cemetery. Relatives acted as pall-bearers.

The funeral of the late Daniel Malloy took place at 2 o'clock yesterday afternoon from his late residence, in Fairville, to St. Rose's church. Rev. Fr. Collins officiating. Interment was made in Sand Cove cemetery.

The funeral of the late Samuel B. Dalzell took place at 3.30 o'clock yesterday afternoon from his late residence, on King street, St. John West. The Foresters walked in procession to the grave. Rev. Mr. Ross, Rev. Mr. Burgess and Rev. Mr. Scovill officiated. Interment was made in Cedar Hill cemetery.

NON-COM'S SMOKER.

The N. C. O's of the 3rd Regiment, N. B. C. A., will open this season by a smoker to be held in their rooms in the Ritchie building this evening. During the summer the rooms have been painted and papered. The smoker is for members of the artillery only and all gunners are invited to be present. A programme of lectures has been arranged for the winter. Among those who will lecture are Col. Sturdee, Major Maclaren, Capt. Clark and Capt. Marshall.

SALVATION ARMY MEMORIAL SERVICE.

A memorial service was held last evening in the Salvation Army barracks, Charlotte street, over the death of the late Mrs. Booth. The service was in command of Major Howell, who in his address made several references to the efficiency of the work of their departed sister and expressed his sincere regret at the great loss which the Salvation Army had sustained. Appropriate music was furnished. New officers were at all the other corps.

CROSSED ON THE GREAT EASTERN.

Among the visitors to the city Saturday was an old Englishman, Thomas Gill of Strathcan Common, West End London. He dropped into the office of Wm. Thomson & Co. to secure a ticket for the Allan River Tuislan and left on the evening train for Rimouki where he will join that ship. Mr. Gill said he came over to New York on the Great Eastern when she made her last trip and returned to England on her last time she crossed the Atlantic. The Great Eastern carried a crew of 500 men he says, and her passenger list numbered 1,500 people.

Chronic Constipation surely cured or money back. LAXA-CARA TABLETS never fail. Small, chocolate coated, easy to take. Price, 35 cents. At druggists.

Frank Owen of St. Patrick's school, West Side, delivered an interesting lecture yesterday afternoon before St. Peter's Young Men's Association on the Early History of Canada. The attendance was large.

### TWO CANADIAN TOMBSTONES.

(London Daily Express.) Here is something quaint in the way of epitaphs. They come from St. Clair, Canada. The first is on the grave of a brick-maker: "Keep death and judgment always in your eye, Or else the devil off with you will fly, And in his kiln with burning brimstone ever fry. If you neglect the narrow road to seek, Christ will respect you like a half-burned brick."

And the second shows that there are hen-pecked husbands even in happy Canada: "Sacred to the memory of Anthony Drake, Who died for peace and quietness sake; His wife was constantly scolding and scolding, So he sought repose in a twelve-dollar coffin."

Adieu—How does Marie look in her new gown? Estelle—in the mirror all the time—Exchange.

### GROW APPLES IN N. B.

Head of Canada Fruit Division, Says St. John Valley Eminently Suited—Marking Barrels.

W. A. MacKinnon, head of the fruit division of the department of agriculture, is of the opinion that New Brunswick must become an important apple producing district. Mr. MacKinnon admits that from his own investigation he would not be prepared to make any definite statements but he judges from the reports received and information secured at his office from those who are in a position to know, He says that the St. John Valley in particular is suitable for apple culture, but in the past two great mistakes have been made. The growers planted the wrong varieties of apples and they set the trees too closely. These were fatal mistakes for the crop of early apples is suited only for local trade and not for shipping, and the want of sufficient space between the trees tends to hinder the proper development of the fruit. These errors can be overcome through time and there is no reason why the valley should not number apples among its chief products provided the farmers go about it in earnest.

Speaking of the duties of inspectors and of apple inspection generally, Mr. MacKinnon says that an inspector is a sort of preventive officer whose duty it is to see that apples are as represented and that the markings on the barrels are correct. It is nonsense to say that the barrels must not be opened, for each inspector is provided with tools for this work. Every barrel need not be opened but the work is left wholly to the discretion of the inspector, if he finds that the shipments from any packer deserve a reputation for honest quality he will naturally not always be so careful in inspecting the fruit. But shipments from an unknown or doubtful packer should be examined and if any of the apples are not up to the standard, the whole shipment must be gone through, if necessary. This work will take some time and while it is being done other shipments must be neglected. This cannot be helped, but the inspector will do what he can, even though he does not inspect all shipments. It is of importance that the fruit should not be delayed in transit. With reference to the selling of falsely packed fruit Mr. MacKinnon wishes all persons who have been imposed upon to lay information before the nearest justice. This is the course taken in Upper Canada and often severe penalties are imposed. The inspector cannot attend to all fruit, but the people have the power to see that the law is carried out, and should do so.

Mr. MacKinnon goes today to Fredericton to meet Commissioner Peters on matters connected with fruit raising.

### LIKE GOOD OLD SUMMER TIME.

The Star office was brightened this morning by the gift of a beautiful Erinrose rose which bloomed during Erinrose's snow storm in the out-district street. Notwithstanding the chilly greeting its late arrival in this world received, the rose is as richly colored and fragrant as its sisters of June. The nearest is equally grateful. This is the course taken in Upper Canada and often severe penalties are imposed. The inspector cannot attend to all fruit, but the people have the power to see that the law is carried out, and should do so.

### 11 YEAR OLD MURDERER.

TAUNTON, Mass., Nov. 7.—Angered beyond his powers of control, Walter E. Bassett, eleven years old, today shot and instantly killed Peter Clark, a schoolmate his own age.

The tragedy was the outcome of a quarrel between the two little fellows. Young Bassett is the stepson of Eugene E. Bassett, of 48 Jackson street, a carpenter and builder possessed of considerable property. The Clark boy is one of the children of Thomas F. Clark, of 88 Jackson street, a driver employed by the Taunton Ice Company.

### THE KING'S BIRTHDAY.

The Guns of H. M. S. Pollux Assist the Local Artillery in Honoring the Royal Day.

The King's birthday is being officially celebrated today by the local militia, aided by H. M. S. Pollux. However, with the exception of the presence of a British man-of-war in the harbor, there are very little outward signs, save the flappings of many flags, that the day is one of importance in the British world. This is largely in consequence of the fact that a later day has been appointed by proclamation for the observance of the royal birthday. The British cruiser Pollux, which left Halifax for this port Saturday afternoon, was signalled off the island about eleven o'clock this morning and came up the harbor shortly afterwards.

Col. G. Rolt, White, D. O. C., and Major Sturges immediately paid a visit to the man-of-war, which was returned later in the afternoon by the captain and staff. Promptly on the stroke of noon the big guns of the Pollux boomed a royal salute.

### AGED MONCTON MAN DEAD.

MONCTON, N. B., Nov. 8.—Enoch Rushton, an aged and respected citizen of the West End of the city, passed away quite suddenly this morning. Mr. Rushton had been in poor health for some time, and this morning took a bad turn, expiring suddenly of heart failure. Deceased was 82 years of age, and had resided in Moncton for 25 or 30 years. He was a native of Nova Scotia. Three of his sons, Geoffrey and Chesley Rushton and Driver Enoch Rushton are well known. J. C. R. men; another son is Douglas Rushton, the city police officer. Another son, J. W., lives in Seattle, and a daughter, Mrs. Forsyth, resides in Boston. Mrs. Rushton also survives. Mr. Rushton was one of the pioneer settlers in the western end of Moncton and was a consistent member of the Moncton First Baptist church.

### WILL DOUBLE THEIR POWER.

Immense New Engine For the Street Railway Company.

Yesterday forenoon three carloads of machinery comprising part of one of the big new engines ordered by the Street Railway Company from the Lauris Engine Co., of Montreal, arrived in the city. A section of another of the two engines from the same works at Amherst is also due today. These engines are quite large and the hauling of them from the freight yard to the power house will be no small job. The one from the Lauris works is an improved horizontal cross compound automatic condensing Corliss engine, with cylinders twenty-three and forty-four inches respectively, piston for ninety revolutions. It is registered and weighs thirty-five tons. When running at full speed a point on the face of this wheel will travel at the rate of almost a mile a minute.

The other two engines are of the Robb-Armstrong type, one being 900 h. p. and the other 450 h. p. They will be used for lighting purposes. These three engines will furnish alone more power than is at present developed, and the capacity of the plant will be fully doubled when all the new machinery is in.

### POLICE COURT.

William Harding wants Sergt. Campbell to go chase himself, but Campbell won't. This makes Harding mad and he says, "fat head," "mug," and other things just as nasty, adding that if he had as much brains as Campbell he would go and throw himself over the wharf. He is still above water.

### THE YEAR'S DEATH RECORD.

The annual statistics of the local board of health for the year ended Oct. 31 show 77 deaths, compared with 714 in the previous year. There were 375 males and 402 females; 394 single; 382 married; 623 Canadians; 153 foreigners. The greatest number of deaths was in August, when seventy-eight passed away; the smaller number in April, when forty-five deaths occurred. Under one year of age 167 died, this being the largest number of deaths in any one of the ages of ten and fifteen, the number being twelve. Most died of diseases of the circulatory organs, the number being 105.

### \$5,000 FOR AN EAR.

A Doctor's Offer For Good Right Ear Finds Many Willing to Submit to Knife.

NEW YORK, Nov. 8.—Nearly 150 men and women, boys and girls, living here, have manifested a willingness to part with their right ear in return for \$5,000. Telegrams by the score from nearby states show that there are numerous persons who feel in the same need of money. The offers grow out of an advertisement by a physician offering \$5,000 for the right ear of a healthy person. The size of the ear was specified with precision and the doctor stated that sex would not matter. It appears he has a patient who has grown rich in the western mines, but had the misfortune to lose one of his ears. The doctor believes he has found one that will meet the requirements in one of the city hospitals, but is postponing the operation a week in order to get the best possible fit from among his applicants.

### PERSONALS.

Mr. and Mrs. J. Allan Sharpe left Saturday afternoon for Boston on a pleasure trip; and to meet Mr. and Mrs. Perry Sharp and their daughter, Miss Mabel Sharp, who are coming out in the Commonwealth and who contemplate spending the winter in this city. Mrs. Sharp of Birmingham, was formerly Miss Kate Stackhouse of St. John West.

### THE COUNTY FAIR.

Notwithstanding the fact that the County Fair has been presented several times before, a very large audience at the Grand Opera House last night was kept in continual laughter for nearly three hours. The County Fair should be re-named the New County Fair, for it is greater and stronger than ever with new and elaborate scenery and a stronger cast. The story is one which contains all the material tints of New England farm life. A view of sunny hills, green trees and a homely one-story farm house and a well-stocked barn, with cows and horses, are realistic features remarkably vivid, while the race track scene has many novelties.—The Standard Union, Tuesday evening, Dec. 24, 1901.

### INSPECTION OF FOODS.

To the Editor of the Star:—I believe there is some provision for the inspection of foods and providing any Miss Dorely Cunningham, who is in the window of an auction room are some canned goods which should be at once destroyed and not allowed to be sold?

There are cases where old canned goods are not fit to eat, but when the cans do not give an indication of the vile nature of the contents, but in the present instance the cans are bulged at the tops and clearly show the contents to be spoiled.

### EQUITY.

S. A. MUSIC. Major Howell, who is well known as an eminent musician will conduct a special service at Charlotte street tonight. He will be assisted by the evangelic quartette and also all the city officers. On Tuesday evening there will be a musical festival at the Mill street barracks led by the major and the quartette. The quartette will then say farewell and proceed to Cape Breton for the winter campaign.

### Y. M. A. REORGANIZED.

On Friday evening, Nov. 6th, there was a meeting of young men in St. James' church school house, when it was decided to reorganize a Y. M. A. for the winter season.

### LOYALTY.

This morning's meeting of the New Brunswick Board of Fire Underwriters was largely attended and, while some business was being discussed the first gun of the royal salute was heard, whereupon the members rose, saying with a will "God save the King." The meeting then at once adjourned.

### CABINET MINISTER SUICIDES.

Finance Minister in Italian Gov't, Kills Himself After Holding Office Four Days.

NAPLES, Italy, Nov. 9.—Minister of Finance Rosano committed suicide by shooting during the night. He was found dead this morning in his room; a revolver at his side.

Signor Rosano was given the position of minister of finance in the new Italian cabinet, the formation of which was announced only last Wednesday.

ROME, Nov. 9.—Since the formation of the new cabinet the Socialists had attacked Signor Rosano, charging him with corruption during his political career and challenging him to prove the charges and adding that otherwise they would bring the matter up at the opening of the chamber of deputies.

It was at first announced from Naples that the minister had been stricken with apoplexy and died while taking a train for Rome. Later, however, it became known that he had committed suicide.
