**Rare Snaps in Youths' Long Pant Suits. \$3.95 up.**

**J. N. HARVEY, Clothing & Tailoring**  
**Opera House Block**

## FRENCH STATESMEN FAVOR INTERVENTION IN BALKANS

Will Urge Signatories to the Hague Convention to Offer Mediation in Order to Prevent War Between Austria and Servia

PARIS, Feb. 25.—The French parliamentary arbitration group, of which Baron D'Estournelles de Constant is President, today undertook an effort to arouse the public opinion of the world and to compel the powers to offer mediation in the event that a conflict in the Balkans becomes inevitable. Resolutions were adopted and communicated to the plenipotentiaries of the signatories to the Hague agreement calling attention to the fact that an offer of mediation by neutrals under the Hague convention "can never be considered an unfriendly act by belligerents." The support of the United States and of the Soviet republics is especially desired by the French group and telegraphic appeals will be dispatched to Washington and the South American capitals requesting co-operation.

Baron D'Estournelles considers it urgent that preparations should be made for intervention in the Balkan situation before it is too late. BERLIN, Feb. 25.—The foreign office has not yet received any word from St. Petersburg or Belgrade that the Servian government has declared that Russia cannot hope for support from Russia in the event of an outbreak of hostilities between Austria, Hungary and Servia.

Servian students in the polytechnic school at Cothen have received telegraphic orders to join the colors and it is reported that many Austrian students in Germany are homesick bound in the expectation of war. The best official opinion here however continues confident that there will be no war between Austria, Hungary and Servia.

CONSTANTINOPLE, Feb. 25.—The Austria-Hungarian-Turkish protocol for the settlement of the differences arising out of the annexation of Bosnia and Herzegovina, was signed here this afternoon by the Grand Visier and the Austro-Hungarian ambassador. The Turkish government has declared that it will pay \$10,000,000 indemnity. The boycott committee announced today the suspension of the boycott on Austria goods.

## P. E. I. CONSERVATIVE PAPER SUED FOR LIBEL

Premier Hazzard Takes Action Against the Examiner for an Article Thrice Repeated.

CHARLOTTETOWN, P. E. I., Feb. 25.—Premier Hazzard is taking action for libel against the Examiner, the Conservative organ, for publication of an article on 14th, and repeated on the 15th, stating, "It may be that the Premier holds his position only as the result of acts which if practiced in the ordinary course of every day business would land the perpetrator behind prison bars." Mr. Hazzard's solicitor states that the Examiner had its attention drawn to the article in the house, and an apology was given for its apology and its retraction, but none has been forthcoming. The Examiner publishes the article for the third time, denies that it was libelous, and refuses an apology. The article was warmly discussed in the house and the Premier opened early to head off election trials, and that the wheels of the court of justice were stopped in their revolution. The government state no such course was followed, and strongly condemn the attitude of the Conservative paper.

## JURY NOT YET AGREED IN THE TEAL CASE

Been Out Since Yesterday Afternoon Considering Evidence in Charge Against Mrs. Teal

NEW YORK, Feb. 25.—No verdict had been reached up to 9 o'clock this morning by the jury which heard the evidence in the case of Mrs. Ben Teal, the wife of a theatrical manager, who is charged with attempted subornation of perjury in connection with Mrs. Frank J. Gould's suit for divorce. The case went to the jury late yesterday afternoon. At 11 o'clock last night the foreman reported that the jury had been unable to agree. By order of the judge the jury was then locked in its room for the night. The jury was still engaged in its deliberations up to breakfast hour, when its members were escorted to a cafe for breakfast. No intimation of how the jury divided in its votes had been made known outside of the jury room.

## MEANS \$50,000,000 MORE FOR CIGARETTES

Price to be Advanced Cent or Two Per Package

Four Forgers, Planning to Steal \$2,400,000, Arrested in Italy—Former Millionaire Dead in West.

LOS ANGELES, Calif., Feb. 25.—A telephone message from Dr. Trueworthy, in attendance upon E. J. Baldwin today, was that he did not expect the aged millionaire to live more than a few hours.

CIGARETTES TO COST MORE. NEW YORK, Feb. 25.—The proposed increase in the price of cigarettes, announced yesterday, will not be more than a cent or two per package. While this may sound like a small affair, it will actually mean millions of dollars per year to the cigarette smokers of the country.

According to official government figures, 55,402,330.13 cigarettes were manufactured in the United States last year.

In round numbers this means 5,500,000 packages. An increase of one cent a package for those consumed in this country as well as those exported, would mean an additional tax of \$55,000,000 on the cigarette smokers.

## ENERGETIC FORGERS ARRESTED.

NEW YORK, Feb. 25.—Word was received at police headquarters of the arrest in Milan, Italy, of four men accused of forging travellers checks of the American Express Company, amounting in all to \$2,400,000. It is charged that they planned to circulate the checks simultaneously in London, Paris and Berlin, but were caught before they could carry out their intentions.

## FORMER MILLIONAIRE DEAD.

LOS ANGELES, Calif., Feb. 25.—Fortius B. Weare, at one time a power in the business world of Chicago, and later a factor in business in the Northwest, is dead here. At the time of his death he was virtually penniless. One time he controlled the Globe Grain Elevators in Chicago and throughout the Northwest. Later he started North American Transportation and Trading Company. He was forced into bankruptcy in Seattle. Mr. Weare was one of the first to exploit the Klondike when it was opened.

## CITIZENS TICKET VERSUS SCOTT ACT TICKET

In Fredericton's Civic Elections—Promise of a Lively Campaign.

FREDERICTON, Feb. 25.—What is known as the citizens' ticket composed largely of members of the present city council, is officially announced for day as in the field in the civic election, nominations for which will be made on Monday with polling on March 8. It is composed of the following: Wellington ward—Alderman Hooper, ex-Alderman M. S. Ryan, St. Anne ward—Ald. A. B. Kitchen, Edward Moore, Carleton ward—Ald. W. E. Farrell, Chas. A. Burchill, Queens—Ald. H. C. Jewett, ex-Ald. John Moore, Kings—Ald. J. J. F. Winslow, J. Hugh Calder. Opposed to this will be the Scott Act ticket not yet completed but so far as follows: Wellington—Ald. Mitchell, Robt. T. Baird, St. Anne—Ald. Weddall, and one to be selected. Carleton—Ald. Joseph Walker, A. D. F. Randolph, Queens—W. J. Osborne, one to be selected. Kings—Ald. W. M. Clarke, one to be selected. There is promise of a very lively contest.

The wife of Matthew Murphy, North street, died very suddenly this morning, after only one day's illness, leaving a husband and four small children.

St. Andrews curlers are here playing Fredericton this afternoon and evening.

## MISSION CHURCH VS. ST. STEPHEN 1st.

In the St. John basketball league series last night the Mission Church and St. Stephen's 1st teams clashed in the latter's rooms. The first half was pretty even, the score standing 6-4, but in the last half the Mission team backed up and made things hustle. When time was called the score stood 24-9 in favor of Mission Church. The Mission team showed up in splendid form. The line up was:

Mission Church  
Forwards.....Henderson  
W. Patterson.....Brown  
Center.....Pratt  
Scott.....Defence  
Melnyre.....D. Patterson  
Smith.....Wetmore

## DOWNIE'S EXAMINATION CONTINUED TODAY BUT NOTHING VERY STARTLING REVEALED

## BERLIN'S JACK THE RIPPER CAPTURED

After Attempt to Stab Woman on Crowded Street

This Was 36th Attack, Many of Them in Broad Daylight—Fear He May Not be the Only Ripper.

BERLIN, Feb. 25.—The man who during the past fortnight has been delivering a series of attacks on women on the streets of Berlin, was captured this morning. He made an attempt to stab a woman on the Friedrich Strasse, one of the crowded shopping streets of the city. The clothing of his intended victim was cut, but she herself suffered no harm. The woman screamed, and her assailant fled into a house on an adjoining street where he was at once seized by a policeman. He is a young man, but he has not yet been identified.

Today's attempt was the thirty-sixth "ripper" attack since the beginning of the outrages. The descriptions of the assailant do not agree, and for this reason it is believed that various men have been engaged in the work. There has been an actual state of terror among the women of Berlin, who are serving refusing to go on the streets alone after nightfall. The police have made every effort to capture the assailant. They even had special detective dress up as women and sauntered through the streets inviting attack, but all to no purpose.

The assaults have been made by day as well as by night on the open street. The assailant would approach his intended victim, quietly strike at her with a sharp stiletto and then make his escape during the ensuing confusion.

## CARDINAL GIBBONS PAYS HIGH TRIBUTE TO TAFT

Says the New President is a Man of Principle Who Will Perform His Duties Nobly.

BALTIMORE, Md., Feb. 25.—Cardinal Gibbons, who has returned from New Orleans, where he met President-elect Taft, speaks of Mr. Taft in the highest terms. "Mr. Taft," he said, "possesses an iron hand in a silken glove, and I believe he will conduct his office admirably." The Cardinal said Mr. Taft was enthusiastically received in the South, and that in New Orleans, the people could not do enough for him. "Mr. Taft is a man of fine calibre," said the Cardinal, "and his tact and diplomacy are matched by his kindness of spirit and his open heartedness. He filled all who met him with love and respect. He is a man of principle who will perform his duties nobly."

## TRIED TO BURN CHILD; OFFERING TO THE LORD

Religion Said to be the Cause of Indiana Woman's Mental Condition.

TERRE HAUTE, Ind., Feb. 25.—Mrs. James Pollitt, of Ridge Farm, Ill., who tried to burn her child to death as an offering to the Lord, has been adjudged insane. The condition of Mrs. Pollitt's mind was discovered when she was met by a neighbor on the highway carrying a young pig. When asked what she expected to do with the animal Mrs. Pollitt said that she intended to make a burnt offering to the Lord. When taken to her home she caught one of her children and attempted to throw it into the fire. Religion is said to be the cause of her mental condition.

## TRAIN WRECK REPORTED

CHICAGO, Feb. 25.—At the general superintendent's office of the Chicago Milwaukee and St. Paul railroad, it was stated that the westbound overland limited train had been derailed at Vanhorne, Iowa, and that the engineer, G. H. Brown had been killed. There had been no other fatalities, the officers of the company asserted. The wreck occurred at 2:35 o'clock this morning. The cause has not yet been ascertained.

## Pay Clerk Tells How He Put Up the Money in Envelopes and Left it in the Vault---Downie's Conversational Surmises Regarding the Assault.

A couple of hundred men crowded into the police court this morning to hear the continuation of the preliminary examination of W. Herbert Downie. The first witness was J. Leonard Brown, who gave evidence that he looked after the labor and made up their time for the Simms Co. He was at work last Friday. The defendant's desk is only about four and a half feet from the vault door. There are three men, the defendant, witness and Mr. Foster who are employed in the office looking for the envelopes containing money could see them, but the \$225 in the next compartment would not be readily noticeable. Witness said his regular hour for dinner is 12 o'clock, but he was late that day and it was 12:30 o'clock when he left. Mr. Anderson, Mr. Simms and Mr. Downie were in the office when the money was placed in the vault. Mr. Anderson and Downie were in the office when he left. When he returned he found the office filled with employees who appeared very much excited.

Downie was on the floor with his feet at the vault door and his head towards the lavatory door. Mr. Shepard and Mr. Homestead were working with the defendant. Some person said that Downie had been choked, and the cash stolen. Witness took the slips from the time register showing the time the employees returned to work. Downie got up off the floor, (Continued on Page 7).

## TELLS TORONTO CHURCHES TO GET UP AND DO SOME WORK

## BROTHER NEARLY DIED

WHEN TOLD OF HIS SISTER'S MURDER

Shock Was Too Much for Young Bank Clerk Who Became Unconscious When He Got Message Over 'Phone.

MONTREAL, Feb. 25.—The Kinrade tragedy, at Hamilton, had a reflex effect on the brother of the murdered girl in the Bank of Commerce. He was called up by his brother in Hamilton, who told him to come home at once. He refused, however, to tell what was the matter.

Later young Kinrade called Hamilton up and demanded to know why he was wanted. "Your sister Ethel has been shot," he was told. "Anything serious?" he asked. "She is dead," was the reply. "My God," he gasped and fell away from the phone. The shock proved too much for him and he fainted. He had to be called. After working over him for some time he regained consciousness and was well enough to take the late train home.

## OPIMUM CONGRESS

ADOPTS RESOLUTIONS Strongly Urges the Restriction of the Traffic by All Nations—Advise Drastring Legislation

SHANGHAI, Feb. 25.—The International Opium Commission has practically concluded its work here. Nine resolutions were adopted. One recognized the unwavering sincerity of the Chinese government's efforts to suppress the opium traffic and the real, though unequal, progress already made. In another resolution the commission finds that unrestricted morphine traffic constitutes a grave danger and that the morphine habit shows signs of spreading, and urges upon all governments the importance of drastic measures to control the manufacture and distribution of morphine and other noxious derivatives of opium.

## CONGRESS SAT UP LATE

WASHINGTON, Feb. 25.—After debating over the sundry civil appropriation bill until 3:21 o'clock this morning, the house of representatives gave up the attempt to pass the measure and took a recess until 11 a. m. All records for the sixtieth Congress were broken by this session, it having extended over a period of 16 1/2 hours.

## Yukon Clergyman Describes

the Queen City as a Pest Hole—Canadian Club to Eat Snakes and Monkeys

—The Telephone Rates in Manitoba Reduced

TORONTO, Feb. 25.—Rev. Dr. A. S. Grant, of the Yukon, made a startling statement as to social conditions in Toronto. "As Christians," said he, in his betel, direct, frontier style, "got next to what is going on in your city. Go out and learn for yourselves the terrible prevalence of the evils of strong drink, of gambling, of the lust of the flesh. There is too much church and too little citizenship. Turn the church loose in Toronto and set it to work. It is better than feeding it into a state of dyspeptic spirituality. If I told the press what I have seen and learned it would create a sensation, but you don't want to advertise your city as a pest hole. You have lots of good men, grand men. Get them up at it."

VANCOUVER, B. C., Feb. 25.—The city council yesterday decided that churches must pay taxes on 25 per cent. of assessment. In recent years churches have been exempt.

NEW YORK, Feb. 25.—The Canadian Camp of this city banquets each year on some strange meat. This year the menu will include devilled blue constrictor and monkey's a la mode.

WINNIPEG, Feb. 25.—The long expected announcement of a reduction in telephone rates was made in the legislature yesterday by Hon. Robert Rogers. The price for business phones is to be \$35, instead of \$50, residential phones \$25 instead of \$30, and desk phones \$5 instead of \$12.

## JUST MARRIED

and not ready to go to house-keeping. His business kept him away so much that apartments were out of the question. "And I'm not going to be alone in a boarding house," she said. "These are so many nice families that would be glad to take us, if we only knew how to find them." "Why dear," he said, "the small want ad is the thing." And so it proved. Call Mann 25

Only One "BROMO QUININE"—That is LAXATIVE BROMO QUININE. Look for the signature of E. W. GROVE. Used the World over to Cure Colds in One Day. 25c.

Pictures, Mirrors, Cut Glass, Limoges China, Royal Crochet Derby China and a large general stock, to be sold regardless of cost. Comes as new and secure some of the bargains at 33 King street.

Mrs. Maud Hoffman, of Winnipeg, and child, left on last evening's train for home, after an enjoyable visit to Mr. and Mrs. T. Hoffman, of Douglas Avenue.

The Two Barkers, Limited, are offering for sale four places at a ridiculously low price at 33 King street, the store formerly occupied by The Floods Co.

Your money, the money that you will spend today, and during the next two weeks for men and boys' clothing and furnishings, will bring you almost double the value if you spend it at the Union Clothing Co. Store, 26 and 28 Charlotte street. Great Bargain Sale that starts today, Friday, Feb. 29th. Remember this sale when you start out to spend your good cash.

On Wednesday evening the shareholders of the Bruley Drug Company, Limited, held a very successful meeting at their office, 331 King street, when the following officers were elected: Charles B. Farrand, president and manager; J. Howard Richards, vice-president; L. MacKellar, secretary-treasurer. The directors for 1934 are as follows: J. Howard Richards, H. H. Gunter, Charles B. Farrand, John O'Regan, J.D. Irving, Otto Hildebrand, W. J. Kent.

Wednesday afternoon Officer Lawson of Fairville visited the road house kept by Minnie Eaton, Irene Richardson, Mrs. Melvin, and Emma Magio. As a result of this visit the whole are reported for keeping liquor for sale without license, and they will have to appear before Magistrate Mason in Fairville next Monday afternoon. This is the fifth case against the proprietors of the road house since May 11th last, and in every case a fine was imposed.

A meeting of the Unlimited Progress Association will be held this evening in the rooms of the C. B. U. at 7.30. Business of importance is to be transacted, and a large attendance is requested. Before adjourning a musical and literary programme will be carried out, music being furnished by the association's orchestra. Old students will be heartily welcomed.

The South African Veterans' Association will hold their annual dinner tomorrow evening, Feb. 27, in the Clarendon House, Torreytown. It is expected that about seventy-five or eighty members of the association and a number of invited guests will sit down to a repast that will be served by the association's best staff. The party will leave the C. B. U. depot at 7.15 p.m. in a special train chartered for the occasion. The guests will include Col. G. R. H. White, D. O. C. Lieut. Col. G. Hunter, Oglethorpe, Hon. R. J. Ritchie, President of the N. B. Veterans' Association; ex-Mayor Edward Sears and Howard D. McLeod. A musical programme is being arranged for and a good time is anticipated.

**GREATEST SALE.** Of Clothing and Furnishings for ladies, gents and children is now on at the Parian Store, 47 Brunel street, see our ad. on page 5.

**COME OUT OF IT.** Kaufman in "Sign Poets to Success" says: "Half the new town halls are gift from 'blamed fools' who left home because they couldn't get a sixty horsepower opportunity in a one-horse power village."

The Curtiss Business University is preparing a list, probably over a thousand names, of successful students who are now holding positions ranging from responsible assistants to managers, most of whom had to decide at the start to leave a one-horse environment to get a sixty-horse opportunity.

Are you living in a one-horse way? It so take a free trial in the Curtiss Business University and come out of it.

City Boarder (to farmer)—This milk seems pretty poor.  
Farmer—The pasture here isn't what it ought to be.  
City Boarder—And yet I saw lots of milkweed in the fields this morning.

### FATHER GAVE BLOOD TO SAVE HIS BABY

Remarkable Operation of Transfusion of Blood Performed on Columbia Professor in New York.

COLUMBUS, O., Feb. 25.—Columbus relatives and friends of Charles Mead formerly of Ohio State University, this city, but now an assistant in the department of zoology at Columbia University, have just learned of a remarkable operation of transfusion of blood performed in New York a month ago.

Dr. Roy McClure, of Columbia, a classmate of Mr. Mead at Ohio State University and a lifelong friend, assisted in the operation. His report of the story upon his return to Columbia today.

A child was born to Mr. and Mrs. Mead four weeks ago. When the babe was three days old it weighed only four and one-half pounds, and was weakened by hemorrhages that it was decided transfusion was the only means of saving its life.

Mr. Mead promptly consented to the operation. A cut four inches long was made in his left arm near the radial artery, from which blood was taken. The blood was introduced to the body of the babe through the left femoral vein.

A great deal of the blood was lost in the operation, but enough was transfused to put the babe on the road to recovery.

### IN ITALY DAY MESSINA FELL

Mrs. Charles P. Tilley and her daughter, Mrs. W. H. Shaw, who have been in Europe for the past five months, arrived home on the Boston train last night.

To a Sun reporter the travellers said that the trip had been most delightful with the exception of last Wednesday morning, when the White Star liner Cretic, on which they returned to America, grounded at the entrance to Boston harbor.

During their trip Mrs. Tilley and Mrs. Shaw visited many of the famous cities of the old world, including Rome, Naples, Genoa and Monte Carlo. At the time of the Messina disaster the travellers were in Naples, and the reports of the earthquake received there were appalling beyond description. All vessels in the Bay of Naples were quickly dispatched to the scene of the disaster.

While travelling from Rome to Genoa they passed through several small towns, where shocks had been felt, but in no case did damage result.

To the Sun, Mrs. Shaw said that the only fault that could be found with such a trip was that it made one dissatisfied with the weather and surroundings in this country. In speaking of Naples, Mrs. Shaw said that she was very much disappointed with the bay, which she had always pictured as being supremely beautiful, and the awakening came something in the manner of a shock.

The travellers embarked for Boston at Genoa on February 7th and experienced delightful weather until Gibraltar was passed; from that time on the sea was quite rough, but no damage was done.

The surgeon on board the Cretic was at Messina at the time of the earthquake, and the story of his experience was most interesting.

Last Tuesday night the pilot boarded the Cretic off Boston lights, and shortly afterward a storm arose, which according to the pilot was the worst in his experience. Early Wednesday morning the ship refused to answer her helm and as a consequence ran ashore.

The sea at this time was very rough, and the steering passengers were forced to go below, while the doors and windows were battered. Later in the day six tugs pulled the ship off.

Mrs. Tilley expressed herself as being very much pleased and benefited by the trip. Both expressed their intention of visiting Egypt next year if possible.

### GOLF CLUB MEETING.

The annual meeting of the Ladies Association of the St. John Golf Club was held at 4 o'clock yesterday afternoon in the club house. Reports were submitted by the secretary, Miss Sidney Smith, including the financial statement, and were considered very satisfactory. The ladies have during the year done excellent work not only as players but as affording material assistance in the finances of the club.

The election of officers resulted as follows: Mrs. George F. Smith, president; Mrs. George K. McLeod, vice-president; Miss Sidney Smith, secretary-treasurer; Mrs. Franklin Stetson, Mrs. E. A. Smith, Mrs. Silas Alward, Mrs. J. D. Hazen, Mrs. J. V. Thomas, Mrs. J. M. Magee and Mrs. George McAvity. Mrs. Harold C. Schofield was chosen captain, and Muriel Robertson, Miss Hare and Miss Warner, members of the greens committee. The men's annual meeting will be held on Monday night next.

**NO MORE DANDRUFF** To irritate the scalp and make the hair fall out, after you use Luby's Parisian Hair Renewer. It is a quick and absolute cure for Dandruff—makes the hair grow soft, lustrous and beautiful. At all druggists, 50 cents per bottle. R. J. DEVINS, Limited, Agents, Montreal.

### OPHUM CONFERENCE IS ALMOST FINISHED

Work for 10,000 Rubber Operatives—Killed Husband But Is "Not Guilty" Now in Jail. Trial's Case Goes to Jury.

SEAHAM, Feb. 25.—The International Opium Commission has practically concluded its work here, except for the submission of reports from certain sub-committees. Many of the delegates are preparing to leave Shanghai on Sunday.

PAU, France, Feb. 25.—Orville Wright today made his first ascent since the accident at Port Myer in which he was severely injured. Accompanied by his sister he was a passenger in the balloon basket which was piloted by Marquis de Kergarion.

The balloon sailed off in the direction of Turbais before a brisk breeze. The balloon descended near Turbais which is about 25 miles from this place and the party returned by automobile.

BOSTON, Mass., Feb. 25.—Government inspectors today seized 3,200 cans of blueberries made up at Millbridge, Me., on a charge of adulteration. The cans were marked "2 pounds," but the inspectors claimed that they contained only a pound and a half.

NEW YORK, Feb. 25.—As the result of the conference by prominent cigarette dealers throughout the country the prices of cigarettes, it is stated, is about to be raised. The increase will be one cent only in the sense that standard prices are to be restored on brands which during the past few years have been selling in nearly all cigar stores under the regular price.

BOSTON, Mass., Feb. 25.—Upwards of ten thousand rubber mill operatives in New England who have been idle for a month will be at work again by the middle of next week, according to reports issued by the United States Rubber Company to resume operations at most of its plants.

NEW YORK, N. Y., Feb. 25.—Rose Gratiano, twenty years old, who when but a bride of six months, shot and killed her husband, Domenico, because unable to endure longer his alleged brutal conduct, was acquitted of the charge of murder in the second degree by a jury in Brooklyn tonight.

OKLAHOMA, Feb. 25.—Parkman, the five-year-old son of E. H. Pratt, principal of the Madison high school, was drowned in a brook here today. The little boy was sliding, and in some way was thrown from his sled into a hole in the ice. The sled was found near the hole, and the rope was attached to one lap of the body, which had drifted under the ice as far as the length of the rope permitted.

NEW YORK, N. Y., Feb. 25.—After brief speeches by the lawyers and a still briefer charge to the jury by Judge Foster, the case of Mrs. Ben Thel, wife of a theatrical manager, charged with attempted subornation of perjury in the case of the late Frank Gould's suit for divorce, went to the jury late today. The jury was told to consider the evidence late tonight.

Mrs. Thel wept while her lawyer, in summing up, declared that she was a much wronged woman and that all the witnesses against her were "perjured enemies of this woman."

**MURDERED HIS WIFE RATHER THAN SUPPORT HER**

Comrades of Accused Soldier Tell of Threats He Made.

NEW BEDFORD, Mass., Feb. 25.—Testimony of a desire on the part of Wm. C. Howard to rid himself of his wife, on account of her death he is now on trial for murder, was given in the superior court this afternoon by Private August Johnson, of the Coast Artillery Corps at Fort Rodman where Howard was also stationed last summer. The witness said that while they were in hospital at the fort, Howard told him he did not relish giving his wife \$15 a month for his pay as he had agreed to do after his arrest for non-support.

"I'll get rid of my wife or do something to her," Howard declared at this time, according to Johnson.

Four other soldiers at the fort told of Howard's movements and appearances on the evening of September 19, 1933, when the murder is alleged to have been committed. One of these, Thomas A. Doyle, of Providence, R. I., said he saw Howard row away in a boat about 10 o'clock that evening in the direction of Padanaram where the next day the body of Mrs. Howard was found floating in the river.

The prosecution was successful in the first drawn legal engagement between the attorneys in getting in the evidence of Madame Howard, a clairvoyant, who is supposed to have been the last person who saw Ida Howard, the murdered woman, alive.

Under the ruling of the court, Madame Howard was permitted to say that Mrs. Howard told her that she was going to Padanaram to meet her husband and look at a cottage which they might hire.

**MANY RAILROADS FOR ALBERTA**

EDMONTON, Feb. 25.—At a session lasting till midnight, practically a unanimous vote of the legislature endorsed the railway policy of the government as set out in the resolution introduced by Premier Rutherford and accompanied by bills to guarantee bonds of the C. N. R. and G. T. P. and other branch lines totalling \$68,000,000 with a guarantee of \$27,468,000. Secretary of the province is left unprovided for, and Alberta will be gridlocked with railways.

**LOWELL OFFICIAL MUST GO TO JAIL AND PAY FINE**

Member of Water Board Convicted of Requesting Gratuity From Office Seeker.

BOSTON, Mass., Feb. 25.—Falling in his attempt to have the supreme court of Massachusetts reverse the decision of the superior court, Isaac Wotton, formerly a member of the Lowell water board, must serve six months in the House of Correction, pay a fine of \$200, and be disqualified from ever again holding public office. This sentence was imposed when Wotton was convicted of requesting a gratuity from Chas. P. Lynch, who was seeking a position as inspector in the water department of Lowell. Wotton took exception to the ruling of the Lowell water board had not been legally constituted, inasmuch as it had but four members, while the statutes provided that it should consist of five members. Today the full bench of the supreme court overruled his exceptions.

**OHIO RIVER MAY RISE TO SIXTY FOOT STAGE**

CINCINNATI, Ohio, Feb. 25.—That the Ohio River here will reach a stage of sixty feet on the present rise, was the prediction made today by the local weather forecaster. If this stage is reached it will inundate considerable portions of the river front, and ready Water and Front streets in Cincinnati are flooded, and three hundred residences in low-lying lands in Covington, Newport and Bellevue, Ky., are submerged.

The railroads will be compelled to abandon the Union Central and Pennsylvania stations when the river reaches 55 feet. However, a disastrous flood is not anticipated.

### ONE LIFE LOST IN TENEMENT FIRE

Occupants of Upper Floor Were Cut Off by the Flames—Eight Now in the Hospital.

FALL RIVER, Mass., Feb. 25.—Joseph Hosford, aged 19 years, was suffocated in a fire in a tenement house at 75 Summer street early today. Eight other persons, whose exit was cut off from the flames, were taken down ladders by the firemen and removed to the hospitals. All were suffering from smoke and some had received burns.

According to the hospital none of the injured is in a serious condition. Three children were slightly burned. One man and a woman, the latter carrying a small baby, being taken out of the building suffering from smoke inhalation, and two women were injured by jumping from windows.

All the occupants of the tenement are now in the hospital. The fire started on the second floor of the four-story wooden structure and the sleeping occupants of the upper floors found their exit cut off when they were aroused by the crackling of the flames. Joseph Hosford was found suffocated and partly burned in a room on the third floor. The property loss is not heavy.

**THE STOMACH OF THE CHILD**

Is the Organ All Parents Should Protect and Keep Normal

The stomach of a child is the organ above all others upon which the future of a child depends. Bodily development is first in children, and the aliment necessary to meet such development is the one essential demanded from a parent. Most mothers and fathers jealously guard a child from the formation of bad habits, yet in this age our children early become the victims of wrong food, over eating and irregular meals.

It is most appalling to know the effect of stomach troubles among our children.

Most children who are nervous, irritable and cross, who dream, sleep restlessly, who tire easily and have no desire for child exercise, generally have stomach trouble, indigestion and dyspepsia.

Stuart's Dyspepsia Tablets are intended to thoroughly digest the food and to place the system in shape to obtain all the nourishment it needs from such food.

These tablets mix with the juices of the system, enriching them and giving to the body the ingredients necessary to build up the morning brain and body of the young.

Stuart's Dyspepsia Tablets should be given to the child at the end of each meal. They are made from pure vegetable and fruit essences and contain no harmful material whatever. The use of these tablets will give greater vim to a child in his school work or at play. They will make the child's appetite, and soothe nerves, destroy abnormal cravings and will allow the child to eat his food with pleasure and will eat no matter what is done to prevent it.

It is due the child that his stomach be protected by the parent, and if Stuart's Dyspepsia Tablets are given after meals the habits of the child will not tear down the stomach and destroy the digestive juices nearly so rapidly as Stuart's Dyspepsia Tablets are given to each and every degree of life. Any condition of the stomach makes the child's life miserable and the weakest. For sale by all druggists, price 50 cents. Send us your name and address today and we will mail you at once a trial package free. Address P. A. Stuart Co., 159 Stuart Bldg., Marshall, Mich.

**SHRUBB WINS 15-MILE RACE**

Defeats Dorando by Two and Three-Quarter Laps

BUFFALO, N. Y., Feb. 25.—Leading his opponent from the crack of the pistol to the finish, Alf Shrubbs, the English runner, easily defeated Dorando Pietri, the Italian, in a 15 mile race at the 74th Regiment Armory tonight.

Every American indoor record from the first to the fifteenth mile was broken. In the first mile Shrubbs took a commanding lead, which he gradually increased to three laps in the tenth. Dorando made several game efforts to regain the lost ground in the 12th and 13th mile, but Shrubbs never allowed him to get more than 15 yards away from him. The time for the 15 miles was 24:04.4.

Shrubbs' lead at the finish was 2½ laps.

The failure of "Tom" Longboat, the Canadian Indian, to keep his engagement here tonight with Alf Shrubbs, was a deep disappointment to the Englishman. The fear that he might not get a contest of any kind was dispelled when Dorando Pietri, the Italian, arrived ready for a race and glad to get on with Shrubbs under any conditions. He readily agreed to a contest, claiming that the Lowell water board had not been legally constituted, inasmuch as it had but four members, while the statutes provided that it should consist of five members. Today the full bench of the supreme court overruled his exceptions.

### MATCH AT MONCTON IS CLEAN AND FAST

Moncton Mohawks Defeat Dorchester in Intermedi-ate League

SCORE 3 TO 2

MONCTON, N. B., Feb. 25.—It required ten minutes overtime play to decide the game here this evening in the Intermedi-ate league between the Moncton Mohawks and Dorchester, the home team winning out by a score of 3 to 2. The game was the fastest in this league seen here and was free from any roughness, there only being one penalty, Muggah getting five minutes for tripping. The playing on the heavy ice did not seem to mar fast individual work on both sides.

The line-up was as follows:

Moncton.	Goal.	Dorchester.
Dugphine.	.....	McAllister
Sweetman	.....	.....
Muggah	.....	.....
Kennedy	.....	.....
Way	.....	.....
Brown	.....	.....
Stuart	.....	.....

**MONCTON VICTORIAS LIKELY TO PLAY HERE**

Manager Tufts Alert—Montreal Vics to Play Crescents

**GAME AT MONCTON**

Manager Fred L. Tufts stated last evening that efforts would be made immediately to have the Moncton Victorias play here next week. The Victorias, who are the present Starr trophy holders, would prove a great attraction and hundreds would turn out to witness the match.

The local Intermediate league has been confined. The Tigers' aggression furnished in first position, capturing every game played. The Micmacs were a close second. It is probable that other games will be played before the season closes. The ice suffered somewhat during the rain storm, but last evening's cold spell put it once more in the pink of condition.

FLATS TO LET—Apply J. W. Morrison, 50 Princess street. Phone 113-31. 11-11-11.

**MAJORITY OF MEMBERS**  
IN FAVOR OF CHATHAM  
Conference held in Dr. Pugsley's Office Yesterday re Grant.

OTTAWA, Ont., Feb. 25.—The St. John delegation which came to Ottawa yesterday in an endeavor to secure for St. John the grant of \$50,000 for the next Dominion exhibition are tonight here. The members of the delegation met the Liberal members from New Brunswick in conference in Hon. Dr. Pugsley's room and after a full discussion of the rival claims of Chatham and St. John it developed that a majority of the members were in favor of Chatham.  
Hon. Mr. Pugsley, however, pointed out that the final decision as to the disposal of the grant must rest with the Minister of Agriculture, who may send a special commissioner to New Brunswick to report on the relative advantages of St. John and Chatham. The Minister of Public Works, while personally favoring St. John, said that in a provincial matter like this he would have to bow to the ruling of the majority of members from the province. The members from the northern part of the province were solid in support of giving the grant to Chatham and Messrs. Zimmerman, Carvell and Michaud joined with them.

## THE GIRL WHO FORGOT

By ELEANOR MERCEIN KELLY.

A bishop is more amusing to chase than a delivery boy, I think, because he is fat, and puffs and waddles so absurdly. Curs is undoubtedly the reincarnation of a pug mother used to have when pups were in fashion. He has the same disposition, and figure, and appetite, and the same all-soul expression of the eyes when he gazes at mother. I did not expect to hurt him much—I never do when I start—but callers and even delivery-boys are getting scarce, and I do so love to see people run. Everybody leaves parcels and messages with Wilhelm at the garden gate row, and life is very dull.

That afternoon I found the bishop proposing to mother again, and also, as usual, talking about me. I listened behind a portiere.  
"You still refuse to think of putting her into this excellent private establishment when she would have expert care, leaving you free to live again?" said the bishop.

"She is just my little baby girl again," said mother. "How could I give her away to strangers?"  
The bishop, "Get a sane woman companion here, at least, or you'll be going mad yourself."  
"Woman will not stay. It makes them nervous. You know I've always been rather a man's woman, any way," Charles smiled mother.

The bishop got to his feet, and puffed round the room excitedly. I quite expected him to bark.  
"You should not exercise so violently. You are quite purple," I said. Will the bishop be coming soon again, do you think?"  
"Not so," replied Wilhelm, with conviction. "What a pity! I really ought to have caught him. Perhaps the next time I shall not have a sickle."

Presently there came the moon. It seemed to call me through the garden and the wood and beyond, seeking something I have forgotten what. And there is no beyond, only a high wall at the end of every path. When I try to remember what I am looking for, the headache comes. That means the yellow fan presently—a horrid thing of plumes that wave slowly to and fro across my face, with a great shadow following, following, upon the wall. I want to scream, to run about, to break things, but when the plumes begin to wave I have to lie rigid, watching them come and go. And beyond the plumes I see mother's quiet blue eyes, and hear her voice saying, "Careful, careful, dear. Go to sleep."

In the moonlight I sing, to amuse the people who listen on the outside of the wall. I hear them whispering there, and when I cry "Good night!" they know they are real, and not the other people who follow me everywhere, walling and laughing and not to be frightened away. That night a French song came to my mind, the kind of song that makes one pleasantly sad. "Oh, Robert, oh, it goes. And a soft voice answered over the wall, "Oh, Helena, oh!"

"My love, very fast. A young man seeing himself down to me, so handsome and eager that I held out my arms to him in delight. To participate the best picture, for all of the films have the merit of a headliner. For goodness' sake, however, to tingling riskiness the Selig picture "A Prairie Town Romance" will be a favorite, with its rustic cowboys, parson, funny people and Indians, but for a continuous round of laughter the Biograph reel, "The Late Mr. Wood B. Good" will find many voters. This is the story of a man who told a fib to his wife about being out late and who had to make up the story. Women chaffers will rival that sensational picture. The Runaway Horse of last year, for in the runaway picture, there is some most startling realism. Holmes and Buchanan will continue in their artistic rendering of Nevins The Roxy, and Mr. Buchanan will sing Violet as well as her. Courtneys is rendering "The Love To Me In Your Dreams." Tomorrow (Saturday) afternoon there is to be a whole hour show for the children.

After the disagreeable weather there are thousands who are ready for anything of the Nickel's excellent programmes and that for today is fully up to the standard. It is difficult in this case, however, to particularly the best picture, for all of the films have the merit of a headliner. For goodness' sake, however, to tingling riskiness the Selig picture "A Prairie Town Romance" will be a favorite, with its rustic cowboys, parson, funny people and Indians, but for a continuous round of laughter the Biograph reel, "The Late Mr. Wood B. THE STAR, ST. JOHN N. B. FRIDAY, FEBRUARY 26 1909

ST. JOHN STAR.

ST. JOHN, N. B., FEB. 26, 1909.

**CONSUMPTION.**

The details of the campaign to be prosecuted by the newly formed Anti-Tuberculosis Association, have not yet been announced. Indeed it is too soon to expect that they have even been discussed by the executive, and the only line of endeavor of which any intimation has been given is an educational campaign. It is proposed to utilize the newspapers, the public platform and other every day methods for reaching all classes and conditions of people, and conveying to them a wider knowledge as to the proper steps to be taken for the prevention of the spread of consumption.

Roughly speaking, one hundred persons die in St. John every year from tuberculosis, and there is good authority for the statement that for each death there are four other persons suffering. Statistics also show that for every person who is affected more or less by this disease, the Board of Health records show that consumption is chiefly prevalent among the poorer classes. It may thus be inferred that the majority of those in whose homes this disease now exists, are not possessed of a thorough understanding of the danger they are in, or of the precautions to be adopted for their own protection. In fact the majority do not realize the nature of consumption even in the slightest degree, but look upon it as a deadly disease from which there is absolutely no escape.

Only yesterday a young woman, while announcing a death at the Star office, added that three others in the family of the deceased were sick and she supposed they would all die, that one of the girls who is strong was going to marry a man in consumption and that her own husband's sister, who was also a consumptive, was shortly to be married. The air of resignation with which the subject was discussed indicated that among some at least the belief prevails that a struggle either to avoid or to cure this disease is useless.

It should be the duty of an active association to overcome this impression. While it is true that no general organization can undertake to treat every individual case, still it is possible that from the parent society recently formed, branch associations may be created, which would be able to give particular attention to the more pressing needs of the districts in which they exist. In any event there will be no lack of opportunity for well directed effort.

ST. JOHN AND CHATHAM.

The delegates who went to Ottawa with the intention of bringing home in their pockets the grant for the Dominion exhibition, experienced a painful surprise. They find that another portion of the province has made application for the grant and has apparently succeeded in enlisting the support of a majority of those members in whose hands the decision lies. It must be something of a shock to self-satisfied St. John to learn that the claims of any other section of the province are being seriously considered. Yet intimation to this effect has been made not infrequently during the past few months, and there have been various announcements indicating that Chatham has been putting up a very active campaign in its own favor. Seeing the present state of affairs is due either to jealousy of St. John on the part of other counties, to the greater energy displayed by Chatham, or to our own indifference. There is no comparison of the respective qualifications of the two places.

BRACING WEATHER.

A correspondent of the Montreal Witness, who now resides in Dawson City, writing to that paper mentions the fact that the Yukon has been enjoying a rather extended cold snap. During the thirty-three days from December 24th until January 25th, the average temperature was 4.1 degrees below zero. The warmest day in this period was New Year's Day, when the mercury climbed up to 15 below, and many of the residents suffered from sunstroke. There was a really cold spell from January 20th to 23th, during which period the temperature

averaged 63 below, the coldest being 85, and the warmest 80. How would you like to be the ice man?

A few days ago a small boy, running to avoid a bevy of girls who were bent on kissing him, fell on a pair of scissors and died from the injury received. On Thursday a young woman, attempting to escape her fiancé who professed kissing her, fell beneath an automobile and was fatally hurt. These two incidents are awful warnings. Best thing to do is to take the medicine like a man—or a woman.

POOR BARRED FROM DIPLOMATIC SERVICE

Says Henry Vignaud Who Retired at 79.

Unless Pensions are Furnished Only These Otherwise Provided For Can Afford Such Positions.

PARIS, Feb. 25.—Henry Vignaud, first secretary of the American Embassy, who has resigned after thirty-four years of service at the age of 79, without means to provide for his remaining years, has addressed the following letter to the twenty prominent Americans headed by Levi P. Morton, Andrew Carnegie, and J. P. Morgan, who generally in subscribing a fund of \$20,000 towards the last days of the veteran diplomat against want. The letter will raise again the oft-mooted question of providing civil pensions for the aged and infirm in the service. Although Mr. Vignaud has lived very modestly his comparatively meagre salary hardly sufficed to meet his expenses.

LORD DUDLEY MAY SUCCEED EARL GREY

His Selection Unofficially Announced.

In His 41st Year But Has Already Had Varied and Distinguished Career.

OTTAWA, Feb. 25.—The name of the Earl of Dudley has been prominently mentioned as Earl Grey's successor. Although no official confirmation has been given to the rumor, he is regarded as the probable next Governor-General of Canada.

The Earl of Dudley is the fourth British peer to be mentioned in connection with the Governor-Generalship of Canada in succession to Earl Grey. The others are Lord Northcote, Earl Beauchamp, and the 1st Lord Sinclear. Lord Dudley only went to Australia and is a supporter of the present British Government. He is 41 years of age.

The Earl has toured the world and studied the colonies at close quarters and he was on Lord Roberts's staff in South Africa during the war. He is a great yachtsman and rider, and has several times had narrow escapes from drowning, whilst he has ridden his own horse to victory at the Leopardstown races.

He is still a comparatively young man, having only recently attained his forty-first birthday, but he has already gained an enviable reputation for himself as a politician and diplomat. He was only 18 when his father died, leaving him a large fortune and important estates in England. But the young peer never forgot the occasion, endowed with remarkable energy, he was soon able to manage his property and take his share of political work as well.

In 1886 he became parliamentary secretary to the Board of Trade, and the outbreak of hostilities in South Africa caused him to resign this post and in 1898 he went out with Lord Roberts to fight. Shortly after his return he received the important appointment of Governor of Ireland. What ever fears were expressed at the time as to the advisability of sending such a young and inexperienced person to Ireland, were soon shown to be unfounded. Lord Dudley was one of the wealthiest of the Irish peerage, and his thoroughness, Lord Dudley was never satisfied with a secretary's report of a situation, preferring to see it for himself. He steamed many miles through the poorest country regions that he might with his own eyes be convinced of the needs of that particular district. On these expeditions any reason was good enough for him to halt and exchange a few remarks with the passers-by, or entering a humble cottage to chat with the peasant over his troubles.

HENRI BOURASSA'S ELOQUENT SPEECH

Gives His Reasons for Entering Provincial Field

And Opens Campaign for Political Reform—Urges the Supremacy of British Ideals.

MONTREAL, Feb. 25.—Mr. Henri Bourassa delivered a notable speech tonight before a large audience at the Monument National, his address being the first of the campaign for reform which he intends to wage in the Quebec legislature, which will open shortly. Mr. Bourassa expressed the wish that the English practice of having frequent changes in government might be in vogue here, as it tended to a purer public opinion and a higher standard of public life.

Speaking of his departure from the federal arena to enter provincial politics, Mr. Bourassa said that he had left the federal arena because of the low plane on which the parties were conducted. The great question seemed to be how many judges, how many portfolios and how many offices the Province of Quebec should have. There was important work to be done in the province as before. French Canada could occupy a commanding place in the public life of the Dominion she would have to place her own house in order. When Quebec ruled herself in keeping with her faith and past traditions, then and then only would she be able to take her proper position among the other Provinces. The work was not only of importance to Quebec, but to the whole Dominion. If Canada was to be promoted from being over-run by American ideas and remain British as they all wanted to do, the principles which he championed which were those of civil and religious liberty to all, must be supported. A great Canadian statesman had said that he preferred the Yankee dollar to the British shilling, but for his part he preferred the British shilling. If the English speaking people of the Dominion desired this country, as he did, to remain under the British flag, they must unite with him and his friends for the triumph of his programme in provincial politics.

COLLISION WILL TERMINATE LIFE ON THE EARTH

Unknown Planet Will Strike the Sun—Will Have 14 Years Notice Says Prof. Percival Lowell.

BOSTON, Mass., Feb. 25.—A collision of an unknown planet with the sun will terminate life on the earth, said Professor Percival Lowell, director of the Lowell observatory at Flagstaff, Ariz. In a lecture tonight before the students of Massachusetts Institute of Technology and others at Huntington Hall.

The event will be predicted fourteen years before the catastrophe occurs, continued the professor. "And chaotic confusion will reign in the world during the days preceding the collision."

The chance of the catastrophe happening in the near future was declared to be very slight by Professor Lowell, however.

DEPARTMENT EMPLOYEES MAY TAKE OUT PATENTS

WASHINGTON, D. C., Feb. 25.—A prohibition contained in the agricultural appropriation bill against the patenting by employees of the department of agriculture of devices or processes discovered by them was stricken from the bill in the Senate today on a point of order. Senator Warren advocated the amendment on the ground that the government should own the inventions made by expenditure of government time and money. Senator Chandler declared that inventive work ought to be encouraged and not discouraged by legislative enactment, and said that the heads of departments should insist upon employees devoting their time during the hours of their employment to their usual work rather than to perfecting inventions.

With the elimination of this provision which related to discoveries in making paper, the Senate struck out the house paragraph providing direct payment to discoverers in papermaking by the department of agriculture shall be patented in the name of the United States.

McARTHUR AND McVEY'S

LOSS FIXED AT \$5,944.73

Statement Submitted by Comptroller at Meeting of Treasury Board—Action Deferred in Matter of Annual Grant to Societies—Recorder Instructed to Submit Statement of His Accounts Against the City

An official statement of the McArthur and McVey accounts in the matter of their contract with the city for the construction of number one and number two sections of the Loch Lomond water extension was presented at a meeting of the Treasury Board held last night. It fixed the amount of loss sustained by the contractors in the work at \$5,944.73. The statement was submitted by Comptroller A. P. McIntyre. The matter of the annual grant to the Horticultural and other societies was deferred for action until the next meeting of the board, when a statement of the expenditures for last year will be asked for. A resolution was passed recommending that the remaining \$450 be taken up at a future meeting.

The meeting was called to order at eight o'clock with Ald. Baxter in the chair. The following were present: Ald. Pickett, Scully, Sorrell, Baskin, Frink, Rowan, McGoldrick, the comptroller, chief assessor and common clerk.

Communications were read from J. D. Hagan of the Horticultural Society and from S. M. Wetmore of the S. P. C. A., asking that the usual grants be recommended. The amount of the former has been \$4,000; of the latter, \$300.

The chairman suggested that the board also deal with the New Brunswick Tourist Association grant of \$700, and the Victorian Order of Nurses \$200.

Ald. McGoldrick asked that the grant of \$300 paid annually to the North End board be also taken up.

Ald. Frink suggested that a statement of the expenditure of last year's grant be obtained from the several beneficiaries. In seconding this Ald. Baskin brought to the attention of the board the claims of the West Side park.

Ald. Sprout thought that Haymarket Square might very well receive some slight consideration at the hands of the board.

On motion the chairman stated that there was no apparent reason why the maintenance of the public squares of the city should not be made a charge upon the general assessment, as in the case of private enterprises and not a burden upon the Board of Public Works.

It is unfortunately true that the entire matter of the grants upon the table until the next meeting of the board to require a statement of last year's expenditures from each of the associations applying for aid. An exception was made in the case of the S. P. C. A., whose annual grant of \$300 was ordered paid.

A letter was read from Charles I. Keith of Havelock, Kings Co., in the matter of income taxation. Mr. Keith stated that he had been taxed upon his income while doing business without the city. He had not been aware of this and asked for a rebate. The letter was referred to the Board of Assessors.

A letter was read from Ethel Coghill asking that a pension be granted her for her thirty years of service in the city's employ. It was ordered that the common clerk be instructed to obtain references from the applicant.

A communication was read from the Canadian Bank of Commerce, stating that the allotment of \$115,000 sterling in 4 per cent. debentures had been sold at par. The letter said in part: "We have pleasure in advising you that the offering was most successful, subscriptions totaling more than the amount of the bonds having been received. The applicants were therefore allotted only 75 per cent. to 80 per cent. of the amount subscribed for."

The communication was ordered filed.

## INTERESTING STATISTICS ON CANADIAN RAILWAYS

OTTAWA, Feb. 25.—Some interesting and illuminative statistics in regard to the railways of Canada were presented to parliament this afternoon in the annual report of J. L. Payne, controller of the railway department. The report dealt in a most comprehensive manner with operating expenses and revenues during the year ending June 30 last, new mileage constructed during the year, accidents, etc. On June 30th last the total number of miles of road in operation was 22,966 with 4,337 miles under construction. Over twelve hundred miles of new line were completed during the year. The number of passengers carried during the year was 3,041,932, an increase of 1,967,773, or 5.9 per cent. over 1907. The average passenger journey for the year was 61 miles and the average number of passengers per train 54. The number of tons of freight hauled during the year was 63,071,167, showing a decrease of 794,966 tons, or 1.24 per cent. The gross earnings of the railways of Canada for the year amounted to \$146,738,211, an increase of \$180,986 over 1907.

The return of accidents for 1908 show that 440 persons were killed and 2,247 injured. As compared with 1907 the fatalities were 149 less but the number of persons injured was greater by 136. The total number of passengers killed was 25, as compared with 76 in 1907. The number injured was 446, as compared with 322 in the preceding year. During the year 221 engineers were killed and 1,793 injured. There was but one passenger killed to every 1,218,383 carried and one in 98,691 was injured. Only two passengers were killed in collisions, as compared with 24 during the preceding year. Only eight were killed by derailments as compared with 21. Of the 100,739 railway employees in Canada one in every 440 was killed and one in every 65 injured.

## PUGSLEY GIVES RIVER ST. JOHN NEW WHARVES

An Appropriation for  
Them

ANSWERS DANIEL

Tenders Received Too High  
—New Ones Will be  
Called.

OTTAWA, Feb. 25.—When the public works estimates were taken up in the House, Dr. Pugsley explained that the vote of six thousand dollars for improvement of St. John river and its tributaries was the usual vote for river improvement in the matter of blasting and dredging. It was thought that this year there should be improvement at Grand Falls.

Dr. Daniel asked where the wharves on the St. John river for which there was an appropriation of \$20,000 would be located.

Dr. Pugsley said there were applications from a good many places in Queensbury and Kings county. Dr. Daniel asked why there were not appropriations to make good promises made in connection with wharves in Queens county before the last election?

Pointed Question  
Dr. Pugsley asked whether Dr. Daniel approved of wharves being built. Dr. Daniel replied that he did.

Dr. Pugsley said he was pleased to hear that and he proposed to go on with the building of those wharves.

Dr. Daniel—"I don't see any money provided for in the estimates." Dr. Pugsley pointed out that it was in the vote of \$20,000, which was \$4,000 more than had been appropriated before.

Col. McLean expressed gratification at the building of such wharves. He recalled that Dr. Daniel had made no objection to the condemnation by Hon. Geo. E. Foster of the construction by the Dominion of wharves on inland waters, and gathered that Dr. Daniel had changed his mind.

Dr. Daniel said he had not heard Mr. Foster make that statement.

Dr. Pugsley said the tenders received for wharves had been too high and new tenders would be called for.

House adjourned.

## SAYS THEY AGREED TO DIE TOGETHER

This is Defense of Digby Man  
Who Slew Catherine  
McDougall

MAY RECOVER

All last night the ablest physicians at the City Hospital worked ceaselessly over Hiram Perry trying to save his life that he might be tried on the charge of murder.

In the morgue of the hospital, not far away from the bed on which the man lay, was the body of Catherine McDougall, who was shot and killed yesterday morning in her room at 17 Cherry street.

Perry, writhing in pain from the effects of carbolic acid which he had attempted to swallow when the police broke down his door and arrested him, reiterated again and again that the shooting was the result of a suicide pact which he had made with the girl. He claimed that on several occasions they had decided to end their lives, but that he had postponed the deed from time to time.

This defense the police ridiculed, claiming that jealousy alone was responsible for the shooting, which they claim was premeditated. The police allege that Perry's attentions to the girl were displeasing to her, and that her spurning of his love drove him to the deed.

Both Perry, who is 30 years of age, and the girl, who was 22, came from Digby, N. S., and at first also lived at 2 Compton street, where Perry was very attentive to her. He at that time was engaged in the coal and wood business on a small scale in the basement of the house—Boston Post, Feb. 25.

Miss Alice Kinnrade, a well known Hamilton young lady, was shot by a burglar this afternoon and is dead. Miss Kinnrade returned home from an afternoon call and discovered a burglar in the house. She got between him and the door and the man drew a revolver and shot her. She died soon after being discovered. The burglar got away.

Charles Hodgson, aged eighteen, employed in Perlin's confectionery at London, Ontario, fell five stories at the factory yesterday, alighting on a pile of rubbish and getting off with a dislocated finger. Other men rushed down stairs expecting to find him dead and met him as he was walking up again.

THE BEST HOURS.  
The hours at which fittest people die are 12 midnight to 1 a. m. and from noon till 1 o'clock p. m.

## AN INFERIOR CANAL AT PANAMA

Paper by Gustav H. Schwab, Read at the Meeting of the  
American Institute of Mining Engineers at New  
Haven on February 24th, 1909.

The engineers have debated the question of an interoceanic canal at Panama, and the type of waterway to be constructed, but has the American businessman been asked for his opinion. The businessman has listened to the arguments and the discussion of the engineers, he has heard the reasons why dams have been moved from one site to another, where it is expected that they will be able to fulfill their purpose and to stand when built, and he has been told that it is now a final intention, trusting in the stability of these dams, to build a lock canal to receive the commerce of the world and to conduct it from ocean to ocean for all time to come.

The United States army engineers enjoy a high reputation, and deservedly so. If they declare that they can build a dam at Panama on a foundation of clay or of any other material, to stand for ages, the layman can express no dissenting opinion; but on the question of a lock canal or a sea-level canal I believe that the businessman, shipowner or shipper, will have something to say and should state his opinion before the country is irreversibly committed to a definite plan of canal construction, for it is he who is expected to use the canal when built. He should demand that any canal built by the United States at Panama shall be the best, the most efficient type of canal that can be constructed. He knows that the lock canal as proposed in that locality is an inferior type of canal and that a sea-level canal is the more serviceable and more efficient waterway, offering safe and uninterrupted navigation for the commerce of the nations as long as the oceans exist. This is an indisputable fact, confirmed by the highest authorities.

The first consideration for a canal such as the Panama canal will be its cost. It shall be entirely free from any obstructions that will be avoidable. Any obstacles that would either delay or endanger the passage of vessels through such a waterway must be removed. Locks would present a constant menace to safe navigation in such a canal.

In justification of the lock canal at Panama, frequent reference is made to the Suez canal and also to the Manchester ship canal in England. On the Suez canal, Marie canal within a period of nine years there were three accidents involving injury to lock gates and on the Manchester ship canal during the same period there were at least the same number of accidents to lock gates. In the case of the Suez canal, Marie canal there is only one lock with a lift of twenty feet. As six locks are now planned on the Panama canal, each with a lift of about thirty feet, it seems to the practical man probable that the number of accidents to be expected in such a canal with six locks would naturally be multiplied by the number of locks. A further element of danger is presented by the construction of three locks in one flight, one lock communicating directly with the other. A steamer approaching the upper lock and passing beyond the control of her commander through a mistaken order or an order wrongly executed in the engine room would pass through the upper gate, and, by doing so, open up the entire flight of locks to the flood from the lake above, which would not only engulf the steamer but would ruin the locks and their appurtenances, creating a situation which it would not doubt take a number of years, to set right while navigation would be closed.

The canal on the South Sea, Marie Canal consists of regular lines of steamships, the same boats passing through locks at frequent intervals, and therefore conversant with conditions there. But when flights of locks of the enormous size planned at Panama will be used by the vessels of all nations of various sizes and descriptions, many of them at frequent intervals, the possibility of accident in connection with these locks becomes to a practical shipping man a very real thing.

Mistakes in the transmission of orders from the bridge to the engine room are not infrequently made, and when they do happen the result is most disastrous. Experience has shown that steamers, when being docked at their piers, have through such mistakes in orders given from the bridge run into heavy piers and quays, cutting into steel, wood, cement and granite, even when under very little way. The large high power steamer of the present day weighs many thousands of tons, and when this weight is once put in motion, even at the slightest speed, it will pass through anything that is in its path.

Obstructions to a sea-level canal may be caused by accident to a vessel stranding or sinking in the canal, but such obstruction could not be anything else than temporary and could be removed in a few days. Such obstructions have frequently occurred in the Suez Canal and have been removed either by being blown up or by other means without causing great delay. Compared with such delay of a few days the disastrous consequences of an accident to the lock gates which would cause the most serious damage to the locks, to the canal below, and would drain the water out of the summit lake, would be of an entirely different character.

The views here stated on the relative merits of a lock and a sea-level canal represent the opinion of masters, mates and pilots—of those men who are most competent to judge of the obstructive character of a lock canal in the navigation of the present day. The American Association of Masters and Pilots of steam vessels are on record as endorsing the sea-level canal rather than the lock canal "owing to the removal of the risk of damage to ships and cargo by the adoption of a sea-level type." The United New York-Sandy Hook Pilots Association are also recorded as strongly and unhesitatingly advocating a sea-level canal at

## GREATEST BARGAINS

EVER OFFERED IN THE CITY OF

## KELLEY WINS FROM THOMAS; MAY MEET KETCHELL

Sheriff Stopped Devlin-Kinney Bout in the  
Fourteenth Round.

NEW YORK, Feb. 25.—Hugo Kelly, of Chicago, defeated Joe Thomas, of San Francisco, in five rounds before the Fairmont Athletic Club tonight. The referee stopped the fight when Thomas was hopelessly downed. Kelly, a middle-weight and the winner is expected to meet Stanley Ketchell, the middle-weight champion.

HOT SPRINGS, Ark., Feb. 24.—After it had gone fourteen fast rounds and when one of the contestants was "out" for the first time, the scheduled 20-round bout between Tommy Devlin, of Philadelphia, and Eddie Kinney, of Chicago, was stopped tonight by the sheriff and the decision awarded to Devlin by the referee. The interference came after the bout was considered to have passed the "boxing contest" stage.

## Everything She Ate SEEMED A BURDEN TO CARRY.

HAD STOMACH TROUBLE  
FOUR YEARS.

When your food has not been properly digested, your body has not received the benefit it should. The exertions of the gastric juice have been confined entirely to removing the unassimilated undigested portions of food which they cannot properly digest as speedily as possible from the body, thereby only giving the blood a small percentage of nourishment with which to feed the tissues. Burdock Blood Bitters regulates the bowels, promotes perfect digestion, makes pure blood, tones the stomach, and thus restores perfect health and strength to the debilitated system.

Mrs. D. A. Francis, Roseland, R.C., writes: "I was suffering from stomach trouble of the worst kind for about four years. Everything I ate seemed a burden to carry. I always arose in the morning with a sickening and feverish taste in my mouth and was also troubled with swellings in my hands and feet, which my physician said was due to the disordered state of my stomach. I tried everything that was purchasable, and also consulted two or three physicians, but could find no relief until one of my neighbors told me of a wonderful cure by Burdock Blood Bitters. I used altogether ten bottles and am now perfectly cured. I wish to recommend B.B.B. to anyone who may be so unfortunate as I was.

For sale by all dealers.

## IMMENSE ICE PACKS

ARE COMING FROM NORTH

Indicate Early Break of Arctic Ice Fields

—New York Bound Steamer Passed

Through Fifty Mile Field.

NEW YORK, Feb. 25.—The Anchor Line steamer Furnessia, one of the vessels that went to the rescue when the steamer Republic and Florida collided off Nantuxet Light, reached port today, showing the effects of a collision with heavy floating ice in mid-ocean.

The Furnessia's bow plates were deeply dented and a slight leak that followed kept the pumps going during the rest of the trip. Recent returning steamers report immense ice packs coming down from the north, indicating an early break of the ice fields in the Arctic Ocean. One steamer reported passing through an ice field fifty miles in extent.

## REFUSES TO ALLOW APPEAL FROM DECISION OF COURT

Privy Council Denies Right of Appeal From Supreme Court of Canada to Defendants in Case of Michael Farrell vs. James Manchester, Robert C. Elkin and the Portland Rolling Mills, Ltd.—Final Victory for Plaintiff

A cable received from London, England, yesterday announced the fact that leave to appeal from the judgment of the Supreme Court of Canada had been refused to the defendants in the case of Michael Farrell v. James Manchester, Robert C. Elkin and the Portland Rolling Mills, Ltd. Before the Supreme Court, J. M. Price, of Price, McInerney and Trueman, appeared for the plaintiff, and M. G. Tweed, C. C. and A. H. Hamilton, G. C. for the defendants. Final victory therefore rests with Mr. Farrell.

The decision of the Supreme Court of Canada was given last June in favor of the plaintiff, Michael Farrell, as against the company, but judgment was not entered at Ottawa, until last October on account of the company giving notice of motion to vary the minutes of judgment as to costs. When, however, the Supreme Court of Canada sat in October, the company withdrew its notice and the judgment was accordingly entered. The company then began to take steps with a view to appealing to the Privy Council and presented a petition through their solicitors, Messrs. Hamilton & Hamilton. The reasons of the Privy Council for refusing the appeal have not yet been received.

OF GREAT INTEREST.

This is a case that has been of widespread interest to lawyers and judges as well as to the public at large, because of the points of law involved, and of the business standing of the parties to the case. It will be remembered that Mr. Farrell brought his action to recover money which he had invested in the stock of The Portland Rolling Mills, Limited, in June, 1908. The stock was sold to him by the late F. S. Sharpe, who was then acting as broker, in behalf of the company. A prospectus was used in the sale, and the prospectus there were certain statements contrary to fact, upon which Farrell acted in making his investment. In January, 1904, Farrell discovered that these statements in the prospectus were not true, and he almost immediately wrote to the company and its officers requesting them to give back his money, and he repeated the request, the last of which was on the 19th March, 1904. He received no reply until the 18th of the following April, which was as follows:

ST. JOHN, April 18th, 1904.  
Michael Farrell, Esq.,  
Dear Sir:—At a meeting of the directors of the Portland Rolling Mills, Limited, held yesterday, your letter of March 19th was read before the board, and on motion the president was directed to write in reply to Mr. Farrell and notify him that the conditions under which he took his stock had not been changed.

Yours truly,  
(Sgd.) JAMES MANCHESTER,  
President Portland Rolling Mills, Ltd.  
REQUEST WAS REFUSED.

Farrell also repeatedly asked to see some papers and minute books in the possession of the company so as to make sure whether or not the statements made in the prospectus were actually true or false, but he was refused access to them. In the following December he issued a writ against the defendants and the case was first fought out here in the supreme court in equity.

The first evidence in the case was taken at Hopetown, near Chicago, two years ago last January. The defendants set up as a defense that the statements referred to in the prospectus were not material, and also that as Mr. Farrell delayed about 11 months in bringing suit after his suspicions of fraud were aroused he was debarred

from recovering. Chief Justice Barker held that the statements were material and Mr. Farrell's case was thrown out on the ground of delay. On appeal to the supreme court of New Brunswick (full bench) Chief Justice Barker's judgment was unanimously sustained. On appeal to the supreme court of Canada the judgments of the courts below were unanimously upset and judgment was given in favor of Mr. Farrell as against the company.

In this class of cases delay is a very important matter, and, of course, it was very difficult to overcome the delay which was set up, it being nearly a year. The English courts have held that a delay of two or three months, and in some cases only a few weeks, was sufficient to debar a man from recovering. The delay, however, in this case of some eleven months was overcome on two points which were never raised before in cases of this kind either in England or the United States. It was the first case of its kind before the Supreme Court of Canada. The first point was, that as soon as Mr. Farrell repudiated his stock the defendants were bound as a matter of law to pay him back the money which he had invested, and as they had not taken any notice of his request for some months and then had written him an ambiguous letter, and further had refused him access to papers and minute books to which he was entitled, they were, therefore, parties to the delay, and were estopped from setting it up as a defense. The Supreme Court of Canada in delivering judgment laid most stress on this point. The second point was that Mr. Farrell had not paid up his stock there was nothing to distinguish this case from that of rescission of contract for, say, the sale of land.

IMPORTANT JUDGMENT.

Although the Supreme Court of Canada technically held that Messrs. Manchester and Elkin were not liable along with the company, it, however, did so reluctantly. The following is taken verbatim from the judgment: "If the court, impressed by the manner and other things that lead to distrust, witness had inferred from some parts of the evidence a basis of fact against the defendant Elkin, and been led by such an inference coupled with what I am about to advert to, had found against him, I do not know that I should have felt at liberty to disturb the finding."

"The Manchester case seems entirely different, in regard to these matters that appear in Elkin's case. 'As to both, however, there stands on record an apparent neglect of duty such as was imposed on directors where a reputation was made of sale of right to shares on the ground of fraud. 'It was the plain duty of the directors, including these specially connected with the agent accused, to have investigated such a charge of fraud, and if the charge made proved well founded, to have agreed to rescind at once. 'Elkin's own judgment in this case, from what he tells as having passed between him and the agent, should have been quite enough. 'He realized the impropriety of the representations made. Why did he not succeed in cancelling such a transaction? He was, as the evidence shows, clear sighted enough to know the impropriety of resting a sale of stock on such a basis."

MANY PRESENT AT CHILDREN'S FUNERAL

Three Victims of Fire Interred With Impressive Ceremony

MUSIC A FEATURE

BLISSVILLE, Sun. Co., Feb. 25.—The funeral of the three children of Mr. and Mrs. Thos. S. Grestorex, who were accidentally burned to death on Monday evening, took place this afternoon from the residence of M. H. Smith.

The services were conducted by Rev. Bram Perry and were solemn and impressive. After reading some very appropriate selections from the Scriptures, Mr. Perry preached from Psalm 102: 2, "Hide Thy face from me in the day when I am in trouble." The music was a feature of the occasion. The hymns sung were, "Hail, Ve Gather At the River," "Jesus Loves Me," "When He Cometh," and "Let Us Gather Up the Sunbeams."

The members of the Sunday school, wearing suitable mourning badges, marched in procession to the grave of their little comrades, the eldest child being a member of the Sunday school. The children's names and ages were given, which were, Gordon, aged three years, and Willis, aged one year.

The entire community vied with each other in showing their sympathy for Mr. and Mrs. Grestorex, who in one hour lost their entire family and their comfortable home and all its contents.

## WOULD ONLY TALK IN EPIGRAMS

Neither Party Would Tell Results of Conference Between Railway Officials and Gov. Draper.

BOSTON, Mass., Feb. 25.—Denied the import of the important conference between Governor Elmer S. Draper and President Chas. S. Melton and Vice-President T. J. Byrne, of the New Haven road, at the State House today, the reporters were treated to epigrams from both parties to the conference. President Melton on being asked for information as to what had occurred, said:

"We were just studying the beatitude that blessed is he who expects nothing for that is exactly what he will get."

Governor Draper said: "The wind is blowing from the sun. That's always a sign of pleasant weather."

## BRITAIN WILL JOIN IF RUSSIA DOES

Optimistic View of Balkan Situation Taken in Diplomatic Circles.

BERLIN, Feb. 25.—Great Britain, it is understood here, has expressed readiness to associate herself in joint action of the powers at Belgrade, provided Russia participate in this action. According to the information of the German government, France is now sounding Russia in a confidential and friendly way with regard to the acceptance of the suggestion made by Germany that representations should be made to Belgrade and not Vienna.

A tone of optimism continues to prevail in official circles and as an explanation of Germany's viewpoint it is stated that neither Germany nor any great power is threatening Serbia, nor is she preparing to take any action against her. The opinion is general, however, that Serbia ought to be informed regarding the feeling of the European concert concerning her claims, so as to leave no doubt that the powers do not support Serbia's demand for territorial compensation, if the situation is regarded in this light, it is believed that Russia will join with the other powers, thereby doing a service to Serbia without inconsistency.

## LEFT FAT; BACK SLENDER

By "FOOTLIGHTS."

Giau and his overweight chorus from the "Aeroplane" company have returned to New York in what may be described as greatly reduced circumstances. Not as to finances, let it be said, not yet in number, glory be, but in avoirdupois—that is to say, gross flesh. The entire galaxy has lost out in this respect, much to its advantage.

It seems the people out west will support slim ballerinas, and no other, and our famous "balloon chorus" carried so to speak, weight with them. They treated that prize collection of fat New York beauties with an unprecedented coldness. Consequently, Giau faced the problem of reducing the entire front and rear rows at once, or set worry them, verbally, into sludges. He was a terrific job, as all who saw the "Aeroplane" before it left this tolerant town can attest. Giau, a former circusman, tackled it and succeeded—broke all records, in fact. And thereby gave a tale worthy of any fat lady's attention.

Giau didn't rehearse his stock into shape, nor starve them into line, nor set worry them, verbally, into sludges. He was a terrific job, as all who saw the "Aeroplane" before it left this tolerant town can attest. Giau, a former circusman, tackled it and succeeded—broke all records, in fact. And thereby gave a tale worthy of any fat lady's attention.

FLORIDA SOLD TO SATISFY REPUBLIC'S CLAIMS

Owners Sued for \$2,000,000 Damages for Sinking Republic—Florida Brought \$222,500.

NEW YORK, Feb. 25.—The steamship Florida, of the Lloyd-Italiano Line, which last month rammed and sunk the White Star liner Republic in a fog off Nantucket Island, was sold today at auction for \$220,500 at her pier in South Brooklyn to a man who gave the name of M. A. Mode, and is said to be a Philadelphian. The sale is the result of the libel filed in the United States district court in favor of the White Star Line, which claimed \$2,000,000 damages from the Lloyd-Italiano for the loss of the Republic.

His POPULARITY EXPLAINED.

"I don't see what makes that young friend of mine so very popular," said Willis Washington. "He is in demand for any number of Christmas parties."

"That is very easily explained," answered Miss Cayenne. "He is so near sighted that he is continually mistaking holy for mischief."

SUNLIGHT SOAP

With half the labor, and at half the cost of other soap, Sunlight does the whole washing in half the time, yet without injuring the most delicate fabric. Use it the Sunlight way. Follow the directions.

THE DECISION OF THE COURT OF APPEALS, which reversed Judge Landis' ruling against the view of the jurist that each car lot of oil on which a rebate was accepted constituted a separate offense. There were 1,462 of these car lots, the freight charges for which were paid in thirty-six different settlements. Judge Anderson interpreted the decision of the appellate court, which he said served as his guide, as implying that these altered rebates accepted after each of the thirty-six settlements constitute the unit of offense. The appellate did not so state explicitly nor did it clear up the point whether the alleged offense was a continuous one, the whole forming a single violation of the Elkins' law.

Judge Anderson's ruling was a severe blow to United States District Attorney Sims and his associates in the prosecution. He and his assistant, James H. Wilkerson, had argued that each shipment, of which there were 500, making possible a maximum of \$100,000,000, constituted an offense. This view Judge Anderson declared he could not understand.

## MONCTON SCHOOL BOARD CONDEMNS PICTURE SHOWS

Says They Injure the Children's Morals—City's Dispute With G.T.P.

MONCTON, N. B., Feb. 25.—The school board at a meeting tonight expressed disapproval of the moving picture shows as having a demoralizing effect upon children and interfering with their studies. There was considerable discussion over the matter and the unanimous opinion was that the ten cent shows are injurious to the morals of the children, affect their nervous system and consequently should be discouraged by the citizens.

A resolution was passed instructing the secretary of the school board to notify the proprietors of the shows they will not in the future be allowed to distribute advertising matter on the school grounds. The question of increased school accommodation occupied the attention of the trustees. A motion to issue \$15,000 bonds in addition to the \$37,500 for maturing bonds for a new school building in the west end of the city was laid over until next meeting.

Mrs. Staples, wife of Geo. Staples, merchant of Newcastle, died in the Moncton hospital yesterday afternoon. Mrs. Staples was operated upon for internal trouble but never rallied. The deceased, who was 52 years old, was a daughter of the late John McAllister, of Newcastle, and is survived by her husband, three sons and three daughters. The sons are James, William, Stewart, of Newcastle, Mrs. Allan Ferguson, Newcastle, and Misses Adelaide and Helen at home, are the daughters. The remains were taken to Newcastle tonight.

The law committee of the city council, James Friel, solicitor, and Engineer Cushing, representing the G. T. P., had a conference yesterday afternoon in an effort to come to a settlement for the ten acres of city land taken by the G. T. P. commissioners. The city originally asked \$400 per acre but the railway refused to pay this and today offered \$100 per acre. The city reduced its price to \$200, but the representatives of the G. T. P. declined to raise the figures above \$100. The matter will probably be settled in the exchequer court.

## BAND TOGETHER TO PROTEST NEW YORK EXPORT TRADE

Other Ports Have Been Gobbled Too Much—Blame it on the Railways.

NEW YORK, N. Y., Feb. 25.—Representatives of local exports and shipping interests met here today and organized the Transportation Betterment League, for the purpose of preventing further inroads upon New York's export trade by other ports along the Atlantic coast. John J. Rooney, who was elected president, issued a statement at the close of the meeting, in which he said:

"The league aims to meet the fact of port products into New York by utilizing for the transportation of export, Montreal, Baltimore and other cities have gobbled up New York's export trade because of the enormous wharfage charges here and because of the differential rates maintained by the railroads. Of course, largely to blame for conditions. Grain can be shipped from the west to Portland, Me., cheaper than to this city."

## NAVAL CONFERENCE WILL CLOSE TODAY

When Delegates Attach Their Signatures to the Newly Framed Code.

LONDON, Feb. 25.—The International Naval Conference concluded its labors at a final session held tonight and the delegates tomorrow will attach their signatures to a code of naval warfare, to frame which they came to London. The later meetings of the conference have been devoted to consideration of a request from Washington for a declaration to the effect that the prize court shall be considered a court of arbitration, and not a court of appeal. While not able to concede all that the United States desired in this connection, the delegates have agreed to recommend themselves as favorable to this proposal. This, it is understood, is satisfactory to the United States.

Standard's Penalty Reduced

RULING INFORMAL

But It Will Likely Stand—Lawyers Are Non-plussed

CHICAGO, Ill., Feb. 25.—From Judge Landis' fine of \$20,000 to a possible maximum fine of \$750,000 is a far cry, but that is what is to be the meaning of a ruling made by Judge Anderson in the retrial of the Standard Oil Company of Indiana for alleged rebating today. The ruling was informal and was made for the purpose of expediting the hearing, but although the government has the privilege of presenting further arguments, it is practically certain that there will be no change in the ruling when it is formally entered.

## SEASICKNESS QUICKLY CURED

"Mocherilla's" quickly cures Sea and Train Sickness. Guaranteed perfectly harmless to the most delicate. Money refunded if not satisfactory. For sale at Drug Stores and first-class Steamers, or Mocherilla Remedy Co., Ltd., 20 State Street, Detroit. For sale and recommended in St. John by A. O. Leman Smith, G. A. Moore, Royal Pharmacy and G. A. Ricker.

HAS ACCEPTED

TORONTO, Feb. 25.—A Whistler dispatch says Rev. Clarence MacKinnon announced today his acceptance of a call to the principalship of Halifax Presbyterian Theological College.

QUEER CHOLERA REMEDY

At the beginning of the nineteenth century a most peculiar cholera remedy was in use in Persia. It consisted in wading up a leaf from the Koran and forcing it down the patient's throat.

## FIRE SALE OF FURS

Final Closing Out of Odd Muffs

We told you at the beginning of this fire sale that everything had to go. You've seen how enormous price reductions favored the prompt sale of many lines that could not have been manufactured at double the price asked. We've gone carefully through the different lines of muffs and have picked out all the muffs of which we have but one or two of a kind and have made a sale lot that will prove another money saving chance for you. You can afford to buy one of these muffs even if you should not use it before next season.

The prices vary from \$22 to \$35 each. They will be put on sale on Saturday morning at nine o'clock at \$12.50 each.

\$28.00 Mink Muff, Value \$28 \$12.50	\$20.00 Sable Fox Muff, Trimmed \$12.50
Large square pillow shape, natural mink, regular \$28 sale price \$12.50.	With head and tail, regular \$20, sale price \$12.50.
\$22.00 Persian Lamb Muff \$12.50	\$25.00 White Fox Muff, Large Square \$12.50
Large square pillow shape, even glossy curl, regular price \$22, sale price \$12.50.	Pillow shape, regular \$25, sale price \$12.50.
\$25.00 Caracul Muff, Pillow Shape \$12.50	\$35.00 Handsome Fitch Marten \$12.50
\$22.00 Black Lynx Muff, Pillow Shape \$12.50	Muff made from six choice skins finished with heads and tails, skin effect at bottom, regular price \$35, sale price \$12.50.
Regular \$22, sale price \$12.50.	

A large assortment of ladies' and men's fur lined coats and ladies' sets in Sable, Mink, Fox, Marten, Lynx and other fine furs at exceptional reductions. The advance of 10 to 50 per cent in the January fur sales makes the sale a money saving opportunity for you to buy your next season's furs now.

## \$720,000 FINE MAXIMUM NOW BOND GOVT. IS NO MORE WHOLE WORLD

Resignation Was Tendered to Governor MacGregor Yesterday

ST. JOHN'S, N. F., Feb. 25.—The government of Sir Robert Bond today tendered its resignation to the governor, Sir William MacGregor, and it is probable that Sir Edward Morris, the opposition leader and formerly a minister in the Bond cabinet, will be called upon tomorrow to form a ministry. As Morris has no more supporters in the house than has Bond, there is intense interest in the probable development of the next week.

Sir Robert Bond endeavored to induce Governor MacGregor to dissolve the legislature and order a general election, but the governor felt that another campaign at this time would injure trade. The governor hopes to induce the legislature, when it meets on March 4, to vote sufficient money to carry on business, regardless of political considerations, and thus enable the colony to get along without a general election until later in the year.

ONE OUTCOME

World-Wide Movement to Prevent Extravagance and Waste

OTTAWA, Feb. 25.—Hon. Sydney Fisher and Hon. Clifford Sifton returned this evening from Washington, where with Dr. Beland, M. P., they represented Canada at the international conference on the conservation of the natural resources of the continent.

Hon. Mr. Fisher stated that the recommendations of the conference, whose proceedings were conducted in camera, would not be made public until formally presented to the Governor General in council, and to the United States Congress. This will be done in a day or so.

## SEASICKNESS QUICKLY CURED

QUEER CHOLERA REMEDY

At the beginning of the nineteenth century a most peculiar cholera remedy was in use in Persia. It consisted in wading up a leaf from the Koran and forcing it down the patient's throat.

## KIDNEY DISEASE COMES ON QUIETLY.

Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some kind of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may be backaches, swelling of the feet and ankles, disturbances of the urinary organs, such as brick dust deposit in the urine, highly colored scanty or cloudy urine, bladder pains, frequent or suppressed urination, burning sensation when urinating, etc. Do not neglect any of these symptoms, but if neglected they will eventually lead to Bright's Disease, Dropsy and Diabetes. On the first sign of anything wrong with the kidneys, get Dr. Williams' Pink Pills for Pale People. They go to the seat of trouble, strengthen the kidneys and help them to filter the blood properly and flush off all the impurities which cause kidney trouble.

Miss Alberta B. Clarke, Stony Creek, Ont., writes: "I was troubled with kidney trouble for several years; my back was weak, I had most terrible headaches, and was so restless I could not sleep at night and tried everything without any benefit. Mentioning a friend advised me to try Dr. Williams' Pink Pills, so I got four boxes and they completely cured me. I now feel as well as I ever did and would advise everyone suffering from Kidney Disease to try them." Price 50 cts. per box, or 3 for \$1.25, all druggists or The T. Milburn Co., Limited, Toronto, Ont.

### LOCAL NEWS

P. A. Jones came in on the Boston train at noon today.

Mails from the steamer Adriatic are due here from New York at noon tomorrow.

Order now before the good patterns and trousers at C. B. Pidgeon's. Extra special reduction on closing out lots for the final days of this great February sale.

The first meeting of the Men's Association of St. Andrew's Church, recently formed, will be held tonight in the vestry. Bye-laws will be considered after which a musical programme will be rendered. All males sixteen years of age and over are welcome.

The C. P. R. Atlantic express arrived in two sections today. The first which brought a large number of passengers for the Empress transferred them at Fairville. The second section bearing the regular traffic was an hour and forty minutes late.

The regular weekly prayer and praise service of the Ludlow street Baptist church, West End, will be held this evening at 7.30. The pastor, Rev. W. R. Robinson will conduct the service. Strangers cordially welcome.

### MONEY IN HIS POCKET, SOUGHT POLICE SHELTER

Moncton Veterans Will Observe Anniversary  
—Henry Cormier Twice Arrested for Selling Liquor.

MONCTON, N. B., Feb. 26.—About a score of veterans of the South African war will hold a dinner here tonight to observe Paardeburg day. It will be the first celebration of the kind ever held in this city.

Henry Cormier, arriving home from Boston a few days ago, was arrested this morning on a warrant charging Scott Act violation. He was taken before Magistrate Kay and quickly convicted, being fined fifty dollars, which he paid. As he was leaving court he was rearrested on commitment papers, and will be taken to Dorchester this afternoon to serve a month.

The annual meeting of the J. D. Creighton Co. was held here yesterday. The directors elected for the year were J. D. Creighton, P. S. Archibald, Howard Kennedy, H. H. Clark. The company had a successful year.

Harley Wilmet, I. C. R. brakeman, had his make severely injured last evening while working at Boundary Creek, by getting it caught between two draw bars.

Because banks would not cash a cheque amounting to \$19.85, W. Lyman last night was obliged to apply to the police station for lodging, and is now awaiting identification from Quebec where the cheque was issued by the firm of John A. Martin Co. on the Imperial Bank.

### NUMBER 6 BERTH CLEAR; MORE SOUNDINGS WANTED

The work of dredging No. 6 berth at West St. John, has been completed by the harbor master and the result of the work is to show that the berth is apparently clear of all obstructions except for the large boulder which is to be allowed to remain there until spring. The harbor master has decided to continue the work for a distance of sixty feet from each end of the wharf in order to ensure the safety of overlapping the end when lying there. This latter work was commenced this morning and it is hoped that a complete report will be ready by the first of the week.

### EGGED HIM ON

The North Market Wharf employees were treated to an uncommon sight yesterday afternoon when a schooner captain made a guess at the distance from Market Square to the Dominion coal pockets, and tried to break the quarter mile record.

The trial against time was the result of an argument and the mariner immediately donned a pair of long reach skates, and after a few strokes to test his straps, he went away like a shot on the word "go."

The captain's stroke was graceful and strong, but not half so strong as the hen fruit with which he was struck as with arms and coat tail flying he sped past the quarter mile establishments. He was a good target for clerks and warehousemen.

### FUNERALS.

The funeral of the late Mrs. Charles McCourt took place at 9 o'clock this morning from 228 Princess street, to the Cathedral, where requiem high mass was conducted by Rev. Fr. Duke, Fr. O'Keefe and Fr. O'Brien. The interment was made in the new Catholic cemetery.

The funeral service of the late Wm. Henderson was held last night at his home, 154 Brussels street, by Rev. W. W. McFarlane. This morning the remains were sent to Kingston, Kings Co., for interment, accompanied by Rev. Mr. McFarlane, who will conduct the service there.

The funeral of the late Mrs. Arthur Delaney took place this morning from her residence, 24 Adelaide street, to St. Peter's church, where requiem high mass was celebrated by Rev. Fr. Carleton, a relative of the deceased. The interment was made in the old Catholic cemetery.

### ENOUGH STAMPS SOLD TO ENDOW TWO BEDS

Mr. Geo. A. Moore Hears Good News from Muskoka

Committee Chosen to Deal With Applicants for Treatment Under the St. John Endowment.

During the Christmas season, it will be remembered, Red Cross stamps in aid of the Muskoka Free Hospital for consumptives were sold in St. John. A representative of the Sanitarium Association was here early in December and succeeded in disposing of a considerable quantity of these stamps. Shortly afterwards Mr. Geo. A. Moore interested himself in the matter and was able to sell to merchants throughout the city, and to his own customers, quite a large supply of the stamps.

The intention of the sale was to endow, if possible, one or two beds for St. John at the hospital, in order that patients from here might receive free treatment, provided by their own townspeople.

Mr. Moore has received a letter from the secretary of the association which states:—

"We appreciate very much what St. John has done in the sale of Christmas stamps. The amount raised has been sufficient to endow two beds for a year. We would like St. John people to feel that these beds were being used by their patients, and possibly you could work out some plan to form a committee who would have the recommending of suitable patients. We are constantly receiving communications from St. John, and if you have such a committee I would be glad to refer them to you, before we finally decide upon acceptance. If you thought they were worthy of admission under your endowment, then on receiving a line to that effect from yourself, or other authorized members of the committee, the endowed beds would be disposed of in this way."

Another communication suggested that a committee of clergymen be selected, and advised that Mr. Moore speak to one or two St. John pastors with a view to enlisting their sympathy.

Mr. Moore has accordingly seen Rev. A. B. Cohoe and Archdeacon Raymond who have kindly consented to act as the committee for St. John. They will be assisted in reaching decisions by a physician, who will examine patients applying for admission to the hospital under this endowment.

As the average stay in the hospital of each patient is less than six months it will be that the sale of Christmas stamps in this city, was sufficient to furnish free treatment for, and possibly to save the lives of, four or five sufferers.

### COUNTY COURT MET AND POSTPONED ALL CASES

Every Action on the Docket Stands Over Till a Later Date—New Cases Added.

This morning's session of the County Court lasted less than a half an hour. Every case on the docket was put over until a later date.

In the case of C. M. Jack vs. W. B. Cox, defendant confessed judgment J. K. Kelley for plaintiff.

The case of J. R. Vaughan vs. H. T. Stevens goes over by consent. Date to be agreed upon. J. K. Kelley for the plaintiff, and A. A. Wilson, K. C., for defendant.

Sands vs. St. John Railway Company also goes over by consent. A. A. Wilson, K. C., for plaintiff, and Weldon and McLean for defendant.

The case of Morgan vs. Corey was adjourned until March 9th. C. F. Inches for plaintiff, and H. A. McKeown, K. C., for defendant.

In the matter of the estate of Nathan Drak an inquest, adjournment was made until next Tuesday.

Hearing in the claim of M. S. Brown and Co., Ltd., of Montreal, against the estate of T. L. Coschian, an insolvent, was adjourned until March 10th. L. P. D. Tilley appeared for the claimants, and J. K. Kelley for the assignee.

The following cases were this morning added to the docket:—

Edgcombe vs. Mitchell, H. H. Pickett.

Fisher vs. Millburn, C. H. Ferguson.

The court adjourned until tomorrow morning at eleven o'clock when the case of Pringle and Co., Ltd., vs. Rubin Ferry, et al. will be tried.

### PROBATE COURT

Estate of Thomas Bustin, customs locker. Petition of the widow and all the children in favor of administration being granted, the deceased having died intestate, to Miss Georgianna Bustin, junior, stenographer, a daughter, who is duly sworn in as administratrix. Personal property under \$1,000. Messrs. Bustin and French, proctors.

Estate of Mary Elizabeth Hancock, widow of Miles Hancock. Last will proved whereby the deceased gives her property on the south side of British street to her adopted daughter, Maggie V. Jones, wife of William E. O. Jones, commercial traveler, for life, and after her death to her children, and all the rest of her estate to her sister, Miss Ellen S. Turnbull, whom with Frederick Sandell are nominated as executors, but the latter renouncing. Miss Turnbull is sworn in an executrix. Real estate \$2,200. Personal \$1,500. Mr. H. H. Brittain, proctor.

### ECZEMA and all Skin Diseases Readily Yield to the Soothing AND Antiseptic Properties of ZEMAGURA SALVE 50c. Box.

The Royal Pharmacy,  
47 King Street.

We Have It at Last Only \$5.00

A PLATE YOU CAN EAT WITH HELD IN POSITION BY OUR NEWLY IMPROVED QUADRUPLE ATTACHMENT.

People don't want artificial teeth to carry around in their pockets nor keep at home in their bureau drawer so they will know where to find them when the door bell rings, they want teeth for service.

If you have a plate that no dentist has been able to make fit, why not try us; we have satisfied thousands and why not you?

Our teeth are so natural in size, shape, color and the expression they afford to the features as to defy detection EVEN BY A DENTIST unless closely examined.

Our new attachment holds them as solid almost as though they were riveted in the mouth.

DON'T MAKE THE MISTAKE OF GIVING YOUR ORDER FOR A SET OF TEETH BEFORE SEEING US. BOSTON DENTAL PARLORS, 571 MAIN ST.

DR. J. D. MAHER, Proprietor. Tel. 683 and 732 Main.
