confident that he will be able to continue to secure milk from Kings county farmers at 30 cents, though he knows that under the old prices he would have to pay 35 cents after September 1. Had he been present at the Norton meeting, he would not be doubting the sincerity of the movement. He speaks of the consumer getting his milk at nine cents. The milk dealers when discussing milk business with the farmers claim that they only get eight cents delivered. Mr. Cother refers to the fact that the farmers "tried this before," and falled, and predicts failure this time. Let me remind Mr. Cother and any others who may have a similar idea, that the farmmay have a similar idea, that the farmers know just why they failed on a former occasion, though they afterwards obtained what they were after. It was just because they did not hold out quite long enough. They found out after it was all over that they were within twelve hours of getting their rights. At that time they were approached by the dealers by all sorts of propositions. The his milk right along, and if the price went up they would give it; that very milk helped to tide the dealer over the shortage. The farmer is not going to be caught doing that this time. self. They are not of much concern to the farmer.

Let me remind the public that live stock was never so scarce and high in price in the history of our country as they are today. It takes a lot of capital to fit up a herd of cows and the necessary equipment for selling milk; why should we do so without some remuneration for our trouble and expense? We can do better making beef at present prices than we can making milk; consequently we feel independent.

"(4) Several members of the committee, including the Honorable H. F. McLeod and myself, saw Mr. A. R. Gould concerning this, and he agreed to see the Honorable J. K. Flemming and to tell him that the committee, in addition to what they could otherwise raise, wanted a contribution of \$10,000 from Mr. Flemming. The said Mr. Gould informed us later that he had seen Mr. Flemming and that the said Mr. Flemming would provide the money. A little later the committee received a remittance, but it contained only \$5,000. The committee then pressed for the other \$5,000 as being absolutely necessary. Mr. Flemming promised to send it. A package came, purporting to be for the remaining \$5,000. When it was opened it contained only \$1,700.

"At this the Hon. H. F. McLeod was very angry and said he would bring Mr. Flemming to time. He said he knew all about him. Mr. McLeod then told me to take a paper and pencil and write as he dictated. The war office announcement of today says they captured 200 yards of a German trench, taking one machine gun. The announcement follows:

"In the successful attacks reported in the comminiques Friday seven more machine guns were captured than originally reported.

"Yesterday evening we took a further 200 yards of a German trench north of Bazentin-Le-Petit, capturing one machine gun.

"During the night the enemy's artillery has been active between the Somme and the Ancre. The enemy also shelled the neighborhood of Bethune during the night, and our heavy artillery retaliated on railway stations and barracks used by the enemy.

"Near Hill 60 the enemy exploded a mine caused no damage. There is nothing to report from the rest of the front,"

Paris, Aug. 27, 230 p.m.—Three attacks were made by the Germans last night against French positions in the Vaux-Chapitre Wood northeast of Verdun and one in the Apremont Forest in Lorraine. The official statement of today says the assaults were repulsed. The statement follows:

"On the Somme front the night was comparatively calm. Persistent bad weather interfered with operations.
"On the right bank of the Meuse (Verdun front) the Germans, in the night made three successive attacks on our positions in Vaux-Chapitre Wood. Stopped each time by our fire the enemy was obliged to return to his tracehes, after suffering appreciable losses.

"In Lorraine, several surprise attacks of the enemy or our small positions between Arracourt and Emermenil were repulsed easily. In Apremont Forest there was lively fighting during the night. Our grenadiers engaged in combats of considerable violence with enemy patrols, which they dispersed. At about 10 o'clock the Germans made an attack on a front of about 800 yards against our trenches near Croix St. Jean. The enemy was oaught by our curtain of fire and sustained complete defeat.

the 140th has demonstrated its ability in more ways than one. In a recent inspection by the Duke of Connaught the men of the 140th were selected from the thousands in the camp, to give an exhibition of shooting on the ranges there. The 140th and 148th of Montreal are considered among the very best units in camp and some say that Colonel Beer's battalion is the best that ever trod the plains of Valcartier Camp.

The unit is up to full strength and rivals the ability of its sister unit, the 104th, which is now in England. Colonel Beer is very popular with his men, as he was when the battalion was stationed in this city, and the period of strengous training at Valcartier has made a great change in the morale and discipline of the unit.

A CONUNDRUM.

To the Editor of The Telegraph:
Sir,—May the writer venture to ask, if it took the former applicant for the vacant position of provincial minister of public works over three months after he was defeated to realize that his services were not required, how long will it take the present would-be minister and his patriotic associates in the cabinet to get wise to the fact that the province at large have already practically demanded their resignations for various reasons too numerous to mention?

Can Bush Fires Be Prevented?

Trenchant Article in Toronto Paper Calls on Ontario Government for Action-Has Application for New Brunswick.

(Toronto Mail and Empire.)

The loss of life and property from forest fires in Northern Ontario need not be accepted by the people of the province as wholly due to unavoidable causes, says a bulletin by the Canadian Forestry Association. Evidence thus far received indicates that the confiagration had its beginning in "slash" fires started by settlers for the purpose of clearing their lands. For many years the menace of settlers fires in excessively hot spells has been increasing, largely for the reason that no machinery of any sort existed whereby a settler's so-called "liberty" of burning down lives and property could be curtailed. On the other hand, the damage by railways has been rapidly lessening, as patrol and equipment have been improved, so that in 1915 the Canadian Pacific, Grand Trunk, Canadian Northern and Algoms Central were credited by the Ontario government with 110 fires in the railway zone, causing a property damage of only \$4,156. movement, having as its objective the establishment of a Canadian Flying corps.

The popular demand by Canadian authorities for the establishment of such a division, has already been brought to a head. Representations have been made by prominent Canadians that the scheme drawn up by Colonel Grant Morden should be proceeded with. Among the supporters of the movements are Sir William Peterson, Sir Frederick Williams-Taylor, a former Moncton man, Sir Richard McBride of British Columbia, McLaren Brown and John Aird. The assument in support of the movement, is that Canada has organized such a fine army, she should complete it-by adding the latest arm of the fighting machine.

showing on August 23, when inspected at Halifax along with the McGill Siege Battery and the Royal Garrison Artillery by His Royal Highness the Duke of Connaught, is the report which has come to The Telegraph from the citadel city. Several of the officers and men, including Captain Wetmore the O. C. of the

Battery and a report comes from an authorative source that it will not be many weeks before the unit will be on the high sea, with England as its objective point. Heavy siege batteries are needed at the front, they are blasting their way through the German lines, and many that have been in training in England have lately crossed the channel. More Canadian units are needed in England to fill the vacancies. The 9th Siege Battery has been allotted a place.

INSANE MEN FOUND IN MUNITIONS PLANT

They Had Escaped From Danvers State Asylum and Secured Jobs

Woburn, Aug. 21-Two or three weeks

Woburn, Aug. 21—Two or three weeks ago two men, who gave their names as Irving Christine, aged twenty, of Melrose, and John Cooke, aged twenty, of Boston, applied for and were given work at the munition plant of the New England Manufacturing Company.

They secured a boarding place in this vicinity, and everything seemed all right, until their landlady found that their underwear showed the stamp of the state asylum for the insane at Danvers.

The more the landlady pondered upon her discovery the more nervous she became, and finally she notified the authorities. The officers at the Danvers asylum were communicated with and from them it was learned that three inmates, who escaped a few, weeks ago, were still at large. The officers came here and dentified the unknown as two of the missing trio.

The men were of mildly insane type, and offered no resistance when ordered to accompany the officials. One of them temarked that the craziest thing they did was to retain the stamped underclothing. The officers of the company breathed asier when they saw the men depart.

The French parliament has recently decided that the burial places of British soldiers who have died and been buried in France are to be rent free, and our Army Council has been prompt to express its gratitude for the "generous and noble" decision. "The British army and nation," says the Army Council, "were deeply touched by the eloquent tribute paid to her soldiers in the two French Chambers during the debates which preceded the vote, and by the wish which France made known to treat as her own children these who could not be buried in their own country." sion opened, for I did not feel it well until you had brought Mr. Chandler's report officially before the legislature, to make any move toward resigning.

Your reference to the recent action of the government in canceling the contract entered into by my department with the Foundation Company, Ltd., gives an opportunity that I must take advantage of. The contract was awarded about the first of April, 1915. It was awarded ON THE RECOMMENDATION OF THE ENGINEER OF MY DEPARTMENT. MENT, MR. A. R. WETMORE, an engineer whose honesty and ability nobody in this country will dispute; anl yet, in spite of that, in spite of the well known financial and engineering ability of the company in question. YOU AND YOUR GOVERNMENT LENT YOURSELVES TO A PLOT AND SCHEME, NOT ONLY TO DEFRAUD THE FOUNDATIONS, LIMITED, OF A CONTRACT PROPERLY GOT, BUT TO ENDEAVOR, BY CALLING FOR NEW TENDERS, TO PROMOTE THE INTERESTS OF YOUR POLITICAL EPIERNIS IN OTHER PARTS OF THE MARRITMENT. YOUR POLITICAL FRIENDS IN OTHER PARTS OF THE MARITIME

You are aware from letters recently published in the newspapers, and from inquiries asked in the House of Assembly by the opposition, that the plot was exposed through a telegram and letter, the telegram being sent by the president of your executive council, Hon. J. E. Wilson, on April 8, 1915, to Mr. A. S. Curry of the Rhodes Curry Company of Amherst, N. S. That telegram-Premier, which stated: "The Moneton bridge contract is not quite settled yet. I am looking after your interests." DISCLOSED THE TRUE RELATION BETWEEN YOUR GOVERNMENT AND OTHER CONTRACTORS. If BETWEEN YOUR GOVERNMENT AND OTHER CONTRACTORS. If anything were needed to prove my assertion, the letter of A. S. Curry, vice-president of the Rhodes Curry Company, in answer to Hon. J. E. Wilson, the president of your council, thanking him for his telegram, and stating that the work was almost absolutely necessary to insure the election of E. N. Rhodes in Cumberland county, N.S., is surely sufficient to convince you, and if not you the people of this province, that the true reason for the cancellation of the contract of the Foundations Company of Montreal was not because it was improperly awarded, but because it suited the political purpose of you and your Conservative friends that the contract should go elsewhere.

THE TEED INVESTIGATION

I am obliged to you for reference to the recent investigation of M. G. Teed, F.sq., K.C., into charges made against the secretary of my department, H. M. Blair. You complained that I did not suspend Mr. Blair during the period of

What will the people say, my dear Premier, when they learn that YOU PROPOSED TO THIS SAME OFFICIAL, MR. BLAIR, THAT DURING THE INVESTIGATION HE SHOULD PLAY SICK, OR GO AWAY FOR A TIME UNTIL IT BLEW OVER, WITH THE PROMISE TO MR. BLAIR THAT HIS SALARY WOULD BE FORWARDED TO HIM REGULARLY? Do you forget making that proposition to him over the telephone? If you do, I have a distant recollection of receiving the message outlining the proposition that you had made to him. Mr. Blair not only told me at the time, but he in-

formed many personal friends who can substantiate what he says.

I refused to suspend Mr. Blair because I knew the character of the man Colby who made the affidavit, and I knew also of the great pressure that had been brought to bear upon him to secure the affidavit. I knew also of the wisits of Messrs. Woods and Price, the organizers and whips of the party of whose government I was a member, to Ottawa, and their arguments, together with those of Mr. Pinder, financial and otherwise, that persuaded this man to come forward and make charges that in my mind were ridiculous and false, against my secretary of public works.

FEARFUL OF THE FACTS

I need not discuss Mr. Teed's finding at this present time, further than to say that I have been assured by the most eminent lawyers in New Brunswick who have read it that he departed from the usual fair and honorable practice of giving every man a chance in his conduct of the investigation. Then let me recall for a moment the fact that you were so fearful of the facts that might be brought out, that you made the investigation secret and the evidence taken then, which would have been published from day to day in the newspapers, has never yet been made public, and the people do not know upon what evidence Mr. M. G. Teed made his finding.

As for your further complaint that I seemed reluctant to discuss Mr. Blair after Mr. Teed's finding, need I remind you that he was NOT APPOINTED BY ME, BUT BY AN ORDER-IN-COUNCIL OF THE WHOLE GOVERN-MENT AND I FELT THAT THE SAME POWER WHICH APPOINTED HIM SHOULD TAKE ACTION LOOKING TOWARDS HIS DISMISSAL.

You are careful enough to say that the Teed report does not reflect upon me personally. That was unnecessary, my dear Premier. If Mr. Teed had discovered anything which would have in the slightest degree reflected upon me, he would not have hesitated to say so. He did not hesitate to bring in the name of my son, and in reality to strike at the father through him; but he was not man enough, he was not fair enough, when the slightest evide appeared touching either of us, to invite us to come to his tribunal to give evidence. I do not give the snap of my finger for the verdict of such a man."

You speak, Mr. Premier, of the determination of the government to insist on "maintenance of high character in the public service." AND IF THAT

SENTIMENT CAME FROM ANY ONE ELSE I WOULD HEARTILY AP-PLAUD IT; BUT LET ME RECALL FOR YOUR INFORMATION SOME THINGS THAT HAVE HAPPENED WITHIN THE PAST YEAR, WHICH DO NOT SEEM TO AGREE WITH THE LOFTINESS OF PURPOSE THAT YOU HAVE EXPRESSED

You surely cannot be in carnest in holding that view, WHEN YOU PER-MITTED A. J. H. STEWART, A MEMBER OF YOUR LEGISLATURE CONDEMNED BY A ROYAL COMMISSIONER, TO SIT IN THE HOUSE NOT ONLY AS LONG AS YOU DID THIS SESSION, BUT TO USE YOUR INFLUENCE TO HAVE A MOTION CONDEMNING HIM RULED OUT FROM THE CONSIDERATION OF THE MEMBERS.

"ROTTENNESS AND CORRUPTION"

Does it agree with this purpose that you should permit Mr. James K. Pinder, another member, to remain a representative in the legislature, after being SO UTTERLY CONDEMNED OF LOOTING THE PUBLIC TREASURY OF THE DOMINION OF MANY THOUSANDS OF DOLLARS?

AND WHAT ABOUT MARTIN J. ROBICHAUD, ANOTHER MEM-

BER CONDEMINED? And what had you to say on the floors of the House with reference to the report of Mr. W. B. Chandler, WHICH FOUND SO MUCH ROTTENNESS AND CORRUPTION AMONG THE MEMBERS SUPPORTING THE GOVERNMENT AND AMONG THE OFFICIALS SPECIALLY SELECTED AND APPOINTED BY THE REPRESENTATIVES SUPPORT-ING YOU? Do not lay at my door the faults of others. I have protested to you and to my colleagues again and again against this system of having road aupervisors and structural superintendents appointed solely by the members supporting the administration. IT HAD LED TO GRAFT AND PERJURY AND THEFT, some very notable instances of which have not yet been made

Do you remember, Mr. Premier, that I sent my secretary to you with the statement of Hon. Dr. Landry, your Provincial Secretary, that it was not customary in Kent county for road foremen or superintendents to "kiss the book" when they swore to their accounts, and therefore, assuming it a light matter when certain checks were returned to my department after the supervisor had forwarded me a statement of material purchased and all work done, solemnly sworn to before a justice of the peace, when that statement was brought to me by my secretary, I was so astounded that I directed him to go to you as Premier of this province and to inform you of the condition of affairs as disclosed by the statement of the honorable Provincial Secretary, a member for the

If your memory serves you, Mr. Premier, you will recall the apparent astonishment and indignation that you felt at this disclosure by my secretary, and your message to me through him that I should prosecute the offenders. When that message was given to me, I myself went to your office and saw you personally, wishing to have the assurance myself from your own lips that I should proceed against these offenders who were stealing from the public treasury; and then, do you remember, you told me to wait awhile, not to take any action until you saw the attorney-general—AND I HAVE NEVER HEARD ABOUT THE MATTER FROM YOU SINCE.

Was that "maintaining the high character of the public services" which you say to me is one of the reasons now for asking for my resignation? I do not think so; but if anything else were needed to prove that YOU ARE WHOLLY INSINCERE IN YOUR REASONS AND YOUR MOTIVES, let me recall to your memory the demand made by Mr. E. S. Carter, the oposition organizer, upon your royal commissioner, W. B. Chandler, TO INVESTIGATE THE COLLECTION OF LARGE SUMS OF MONEY FROM LIQUOR LI-CENSEES UNDER OUR GOVERNMENT WHILE THE LEGISLATURE

In proof of Mr. Carter's charges, Mr. Richard Sullivan, a wholesale liquor merchant of St. John told me a few days ago that \$6,000 OR THEREABOUTS WAS COLLECTED FROM THE LIQUOR INTERESTS AND PAID OVER, AND THAT \$2,000 MORE WAS DEMANDED, AND THEY REFUSED TO PAY SUCH ADDITIONAL DEMAND.

THE PATRICIC POTATOES

Again, the refusal of Mr. Chandler to investigate the purchase of patriotic potatoes, which we all know was mixed with graft and exorbitance—and no less a person than the Honorable Provincial Secretary himself told me at a meeting of the government in the city of St. John in December last, that the books of the province had not been closed because, forsooth, the Hon. Mr. Murray, Minister of Agriculture, had told him THEY WERE WAITING FOR A REFUND OF \$10,000 FROM B. FRANK SMITH AND HIS ASSOCIATIES BECAUSE OF THE FUSS MADE BY THE OPPOSITION WITH RESPECT TO THE PATRIOTIC POTATOES.

And do you further recall, Mr. Premir, that your collea

furray, said to Dr. Landry, "FOR GOD'S SAKE DON'T TELL MORRIS-

If you are still of the same mind to maintain that "high character in the public service," I would suggest to you, Mr. Premier, that you investigate the activities of your chief organizer and government whip, Mr. H. W. Woods, who, it is claimed, and I believe correctly claimed, brought \$4,000 to the city of Fredericton at the time of the electic of Mr. Guthrie, for the purpose of assisting toward that end, and, Mr. Premier, because of that election, there was a note for \$5,000 discounted in a city bank here, a note which was referred to when Colonel P. A. Guthrie, M. P. P., spoke in the House this session, a note which was renewed from time to time, apparently, and one of the payments made upon it, \$500, was furnished by the secretary or deputy minister of the Agricultural Department, the minister of which had full knowledge of the transaction?

I speak plainly, Mr. Premier, FOR THE TIME HAS GONE BY TO DEAL WITH THESE MATTERS IN ANY OTHER WAY.

I KNOW OF OTHER TRANSACTIONS THAT WILL DETRACT OF GREATLY FROM THE EFFORTS YOU ARE MAKING IN "INSISTING ON THE MAINTENANCE OF HIGH CHARACTER IN THE PUBLIC SERVICE". I have another reference to make because of the statement in which you state "you have displayed a disposition in many matters to act alone rather than in conjunction and harmony with the other members of the Government." The latter part of that statement is, in a measure, and only in a measure, correct. When I felt that my department was not being used in the interests of the public, a feeling that became a certainty with me during last summer and fall, I did feel a certain reluctance in joining my colleagues in puring such a course. That reluctance became intensified earl; during this session, when I saw that A DELIBERATE ATTEMPT WAS BEING MADE ON THE PART OF MEMBERS OF THE GOVERNMENT TO GIVE FALSE INFORMATION TO PEOPLE IN ANSWER TO OPPOSITION INQUIRIES.

I am old-fashioned enough to believe that the rights of the people are above everything; that we are only stewards of the public, and when I became sure
