

COMMUNICATION.

FOR THE STANDARD.

Mr. Editor.—I observe by the newspapers that Fishing Societies are about being established at the Islands of Grand Manan, Campo Bello, and Deer Island, something on the same plan of the Agricultural Society, so long and successfully established in this County. I am not a fisherman, but having an extensive knowledge of this part of our commerce, it affords me much pleasure, that at last this most valuable source of wealth, is about being brought into notice—a platform raised, that will result in great good to the County of Charlotte.

At the commencement of all new societies, some men will find fault, and it cannot be expected that all the machinery will be perfect at first; I therefore call on my friends, the Fishermen of these Islands, to give a helping hand to bring into operation a system for perfecting the same—discard all jealousies, and rely on it, they will come out well; I would recommend that active preparations be at once made, to petition the Legislature, which it is probable will soon be in session, to grant a bounty of 20s. per ton, on all British registered vessels, to confine 15 years; the bounty to be given to vessels built, owned, and fitted out in the Province, and which has fished four months within the year; proof of their fitting out and fishing this time, bounties payable 6 months after return of vessel from fishing.

I would suggest also these Islands should be up and doing in another important work, viz.—to petition the House of Assembly to make—Grand Manan, Campo Bello and Deer Island, FREE PORTS, on the same plan of the islands of Jersey and Guernsey, that is, allow goods of all nations to be landed free of duty, and exported free of duty.

I am aware objections will be raised to this scheme. It will be asserted that this will be a highway to smuggle into other parts of the Province, and deprive the revenue of the Islands. In answer to such objections, it would not afford greater facilities to smuggle than now enjoyed from Eastport, Lubec, &c. into New Brunswick; and as to revenue from these islands, it is a mere bagatelle. The highest revenue paid into the Province treasury from Grand Manan for these ten years has not exceeded 35s. per annum—say seven dollars for the whole island.

This subject has been mooted to men of the highest respectability and mind in this Province, and it is very flattering to the writer to have their approval of this grand scheme. The Province revenues can be as well guarded as they now are, and entries at St. John or St. Andrews from these islands would be treated as from foreign countries, except their own products—fish.

Instead of smuggling from Eastport and Lubec, the tide would turn the other way; the entire coast, from Eastport to Port au Port, would find it in their interest to buy their goods from the British Islands, and many years would not elapse before stores would be established; wines, brandy, sugar and other goods, from Quebec, Spain, &c. would be stored, and the return vessels furnished with fish in exchange. I may at another time give you some further ideas upon this important subject.

Yours, W.

THE RECENT GALE ON LAKE ERIE.

THE RECENT GALE ON LAKE ERIE.—The propeller *Henry Clay*, previously reported as lost off Long Point, on the Canadian side of Lake Erie, on Thursday night last, had on board 30 souls, including one female. Passengers and crew, whilst the vessel was lying side up in the trough of the sea, all leashed themselves to the rigging. Shortly after the deck parted, when the hull turned bottom up, carrying down all except 10, who succeeded in disengaging themselves from the wreck. They subsequently got hold of the pilot-house deck, but before morning all but three had been washed off. David Keefe, with the first mate and wheelman, then succeeded in getting hold of a pole and a piece of carpet. The pole was placed in the stove pipe hole and the carpet was made use of for a sail, with which they made some progress till 5 o'clock, when the propeller John Martin bore down and threw a rope, which Keefe succeeded in grasping; he was dragged through the water about quarter of a mile, holding on to the rope meantime by his hands. He finally succeeded in getting on board the brig, but saw nothing of his two companions on the raft after he left it. The propeller was commanded by Capt. Callard, who was formerly an officer in the Texas Navy, and was also the inventor of a signal lantern for distinguishing vessels at sea.

The Reaping Machine a Failure.—Mr. Skilling, the professor of agriculture in Galway College, has come forward to deny its utility. He witnessed the experiments in England, and writes his opinion to the *Evening Post*, condemning the article. Not only was his own judgment adverse to the value of the invention; but we are rather surprised to find, contrary to all the previous accounts published respecting it, that it was universally considered to be a failure. Mr. Skilling says:—"After witnessing these trials, the facts are incontrovertible, that this implement is not, at present, calculated to meet circumstances. All circumstances most suited to the ground must be perfectly level, without ridge or furrow; the grain must be a moderately light crop and all standing. Even taking these matters into consideration, the crop can be much cheaper and better reaped by the scythe or sickle. On this head there were not two opinions in the field that day; nor have I heard any other since; the implement was acknowledged on all hands to be a decided failure."—*Cork Examiner*.

The Harvest.—Unless in some few backward and mountainous districts the cereal harvest is now completed; and the result, allowing for partial failures in certain localities—for there is nothing like a general or serious deficiency in any crop—is very satisfactory. In fact, the produce all around may be described as fully an average, and the harvest the first really good one we have had since 1846.—*Dublin Evening Post*.

Foreign Office, Oct. 10.—The Queen has been pleased to approve of Mr. Alexander C. O'Trentowsky as Consul at St. John, New Brunswick, for his Majesty the King of Prussia.—*London Gazette*.

THE STANDARD.

St. Andrews, Wednesday, Nov. 5, 1851.

We have received copies of three letters addressed by the Hon. W. H. Merritt to His Excellency the Right Hon. the Governor General of Canada. Lord Elgin's desire at all times to promote public improvements, has led Mr. Merritt to call his Lordship's attention to the proposed plan for the maintenance and management of the great Trunk Line of Railroad to Quebec. His sympathies, however, it would appear are with the Portland line; and yet he recommends that the St. Andrews & Quebec Company be offered a loan not exceeding £4,000 per mile through Canada, without interest, until the Stock yields a profit of 6 per cent. to the shareholders. We will endeavour to publish these letters, in due time. Mr. Merritt concludes his first letter as follows:—

"The Province of New Brunswick having already advanced a sufficient sum to build the Road from St. Andrews (on the Atlantic) to Woodstock (60 miles distant) they will no doubt render the same aid, throughout their territory—which, with this aid, insures the construction of the whole line to Quebec. From thence to Melbourne (96 miles) the stock would be at once subscribed by the city of Quebec, and individuals along the line. This is the only unoccupied link in the chain, and its importance in connection with the other would insure its early completion."

Some very fine specimens of Mangold Wurzel, white Carrots and Oats, from the farm of Capt. J. J. Robinson, R. N., Campo Bello, were sent to the Exhibition of the Charlotte County Agricultural Society on Tuesday 29th ult., but were not received in time, owing to the detention of the steamer at Eastport; this is to be regretted, as there cannot be a doubt Capt. R. would have received the first premium on Oats, as the sample sent was exceedingly good, weighing 48½ lbs. per bushel; the Carrots are also said to be of the best description, and the Mangold Wurzel very large.

Inquest.—An inquest was held on Monday last, before Dr. Gove, Coroner, on view of the body of John Fitzgerald, aged 46, a laborer, who came into town that morning, and dropped dead while walking in Water-street. Verdict of the Jury—"Died by the visitation of God." We understand the deceased has left a wife and family in Ireland, whom he was preparing to send for.

St. John Elections.—We learn from St. John papers, that writs have been issued for the return of three members to supply the places of Messrs. Simonds, Ritchie and Tilley. The Sheriff has issued his official notices—Saturday next, is the nomination day; 18th inst. for polling votes for Mr. Ritchie's successor; 14th for Mr. Simonds'; and the 15th for Mr. Tilley's. A large protection meeting was held on Friday last, and a committee appointed to nominate candidates. S. K. Foster, Esq., it is said will be called upon to offer for the City. John Johnson, Esq., has issued his Card to the electors. From appearances a determined effort will be made to elect "good men and true," to supply the places of the late members who resigned "because Mr. Wilnot was elected."

On our first page, we have published nearly the whole of Capt. Kynaston's Report on the Fisheries. It is a very concise document—and contains some important suggestions, which if acted upon, will be a benefit to the Fisheries.

Singing School.—We are happy to learn that Mr. G. S. Scribner intends shortly to open a School for instruction in Vocal Sacred Music. Mr. Scribner's acknowledged abilities as a successful teacher of Vocal Music, will we doubt not ensure him a large School. Such a teacher is much required here.

Concerts.—On Thursday and Saturday evenings, Mr. & Mrs. Krollman gave two of their pleasing Musical Entertainments. They were not so well attended as might have been expected; but those who were present were much pleased. Krollman is without doubt a splendid performer on the violin, and Mrs. Krollman sings very well.

The President of the United States having been officially informed that a Company of Texans has been organized and marched into Mexico, has issued a proclamation calling upon all well-disposed citizens to discontinue and prevent any such enterprise, and calling upon every officer of the government, civil or military, to be vigilant in arresting for trial and punishment, every such offender.

The letter of "Jas." St. Stephen, is received; but too late for insertion this week. Communications should be sent, or handed in, on Monday mornings.

The Court of Oyer and Terminer and General Jail Delivery, was opened here yesterday, (Tuesday). His Honor Mr. Justice Street presiding. His Honor's Charge to the Grand Jury was lengthy; want of space prevents our publishing it this week. Thirteen causes were entered for trial.

The European and North American Railway.—On Saturday last, the subscribers to this Company held a Meeting in St. John, at which the following Gentlemen were elected as Directors:—

C. D. Archibald, Edward Allison, George Bosford, Robert Jardine, D. J. McLaughlin, W. J. Ritchie, Esqrs., and Hon. J. Robertson. Subsequently Robert Jardine, Esq. was elected President. We have much confidence in the Gentlemen thus chosen. It is well known that Mr. Bosford's interests are strictly identified with the central districts of the Province; and a better President could not have been appointed. By these Gentlemen we are personally assured that the Directors will co-operate in a route by the valley of the St. John, thus insuring the general interests of the Province, as we have already proved beyond the power of contradiction.—*Fredericton Reporter*.

Cuba once a Part of the American Continent.—It is the opinion of some of the geographers that Cuba, St. Domingo, and other West India Islands were once connected with the main land. The disruption is supposed to have been by a great catastrophe of nature, long before the commencement of human records. By this hypothesis the Gulf Stream now rolls along a channel where once the solid earth defined the surges of the ocean, and resisted the torrens rushing down the great rivers, Mississippi, Alabama, Tombigbee, Escambia, and Apalachicola.

Montreal and Quebec.—The Quebec Chronicle states two facts of some interest, in relation to the St. Lawrence and Atlantic Railroad. This road it will be recollected was lately opened from Saint Hyacinthe to Richmond, a distance of 71 miles from Montreal, and which is to be pressed forward without delay to the American boundary on the route to Portland. One is, that the Directors of the Quebec and Richmond Railroad, by which, when completed, a continuous line of railway will be opened between Quebec and Montreal, forming also a double Canadian terminus to the Atlantic and Saint Lawrence (Rail Road,) have made a contract for the building of their road with Mr. Morton, who has been authorized by parties in Portland to take stock to the amount of £62,500. The contract is to be signed and the work commenced this fall, if the corporation of the city of Quebec afford the aid to the enterprise which is anticipated from them. The other fact is, that the St. Lawrence and Atlantic Company has made an offer to carry the mails during winter, between Montreal and Quebec, by means of four horse stages, to run between the latter city and Richmond. This offer, if accepted, will probably lead to the opening of a winter line of communication by the same route between Quebec and Boston.—*(Boston Weekly Messenger)*.

Steamboat Collision.—The Montreal Transcript of the 25th ult. says, at Lachine, yesterday, a collision took place between the steamer Reindeer and the propeller Ireland. The latter sunk near the wharf in ten feet of water. We are happy to state that no lives were lost.

Another Tom Thumb.—A remarkable dwarf has arrived from Cuba, and is now in Washington. The Republic gives the following description of him:—His name is Correa, and he appears in the full dress of a general. He is only twenty nine inches in height, and is represented as being thirty years of age. Certain it is he has a man's head and shoulders, a broad chest, and a heavy beard; which he takes pride in stroking. His legs, however, both in length and thickness, are not proportioned to the upper part of the body. He is a small specimen of mortality, and may be regarded as no ordinary curiosity.

Ordination at Fredericton.—On Thursday last, the Presbytery of St. John, in connection with the Church of Scotland, met at Fredericton for the purpose of ordaining the Rev. Francis Nicol, of Halifax N. S., to the sacred office of the Ministry. The Presbytery were engaged in the early part of the day in hearing the discourses, and examining Mr. Nicol on the various subjects prescribed by the laws of the Church, in all which he acquitted himself most creditably, and to the entire satisfaction of the Presbytery. The public services commenced at 3 o'clock, when the Rev. Wm. Donald, A. M. of St. John, preached and presided. After an excellent and appropriate discourse from John xii. 46 "I am come a light into the world, that who

soever believeth on me should not abide in darkness," the usual questions were put, and Mr. Nicol was set apart to the sacred office by prayer and imposition of hands. Earnest and fitting addresses were then delivered by Mr. Donald to the young Minister on the nature of the duties he had undertaken, and to the congregation on their responsibilities as members of the Church and hearers of the word. The attendance on the occasion was large and respectable, and the solemn services of the day seemed to make a deep impression. We believe this to be the first ordination which has taken place in Fredericton, in connection with the Church of Scotland, and on that account excited a considerable degree of interest.—*(Observer)*.

Sailing of the New World.—*Emigrants Returning.*—The packet ship *New World*, Capt. Knight, sailed at one o'clock on Tuesday last, about 15 miles W. N.W. of Cape Foreat, and in with the wreck of the *Barque Edmonstone*, of London, from St. Andrews (as appeared by papers found on board) laden with deals, abandoned—mainmast gone by the deck, fore-topmast gone in the cap, jib-boom gone, mizen mast standing, cabin and fore-cabin washed out—took from her some sails, rigging and other materials, and brought them to this place, where they are advertised to be sold to-day for the benefit of all concerned. Three ships, started from this port on Wednesday in search of the wreck. They returned yesterday, without having fallen in with it. We understand the wreck was towed into Westport, by a brig belonging there.—*Yarmouth Herald*, October 25, 1851.

New York, Oct. 31.—The steamer *Brother Jonathan*, which has been running between New York and Chagres, has been libelled by the passengers, and is now in the hands of the U. S. Marshal.

The Fisheries.—We are informed that the Hon. R. L. Hazen and the Hon. J. H. Gray have been appointed a Committee of the Executive Council, to enquire and report upon the Fishing Law of last session, as regards its operation at Grand Manan, especially with respect to the fishing at the South-east Head, the maintenance of herring weirs, the establishment of gurry grounds, and some other points of interest. The object of this enquiry is, to ascertain the nature and extent of the additions and amendments to the Fishery Law which will be required at the next session of the Legislature.—*(New Brunswick)*.

MELANCHOLY.—The Halifax Chronicle states that four fishermen belonging to Herring Cove, who went out on Monday week, for the purpose of saving their nets, were all drowned by the swamping of their boats.

Real Estate of William Porter Dec. 10

To be sold at Public Auction, on Saturday, the 15th FEBRUARY, 1851, at 12 o'clock, at the COURT HOUSE, in St. Andrews.

ALL the right, title, interest, claim and demand whatsoever, of WILLIAM PORTER, of in and to the following properties, viz:

All that Lot of land situated in the Parish of St. Stephen's, conveyed by John Dunn to the said Wm. Porter, by deed dated 13th Jan. 1827, beginning at the Eastern corner of the lot upon which Aaron Upton resides, of the lot upon the corner of the street, making the angle of the road leading from the Public Landing to the country Northwards, and the road leading down the river towards the ledge, thence running the extent of the side line of garden lot No. 5, thence across the rear of lots No. 5 and 6, thence on the back line to said Aaron Upton's lower line, thence on the line between the lot formerly owned by James Nicholson and the said Aaron Upton, to the first named boundary, containing about one Acre and a quarter.

All that Lot of Land in the same Parish, conveyed by Mary Nicholson to the said William Porter, by deed dated 13th September 1835, bounded South by the main street leading through St. Stephen towards Oak Point West by a lot owned and occupied by Aaron Upton, North by a lot belonging to the estate of the late Peter Christie, and East six feet from the house in which the said Mary Nicholson then resided, by the said lot purchased from John Dunn, containing one quarter of an acre.

All of those two lots of land in the same Parish, known as Lots No. 12 and 18 of the tract formerly belonging to Robert Fagan Esq., the said lot No. 12 fronting on the Ledge Road, and being 100 feet in width on the road, and 177 feet in rear, and 165 feet in length, the said lot No. 18, fronting on a road 3 rods wide, laid off in rear of lot No. 12, and extending back 165 feet to the line of N. Marks' land.

The Eastern half and front of a lot of land in the same Parish, in part occupied by Jas. T. Bixby.

All of that lot or parcel of land at the Ledge, so called, in St. Stephen, formerly owned by the late Joseph Porter, and purchased by him from Michael Young.

All of that lot of land at the Ledge, aforesaid, conveyed by Michael Young to the said Wm. Porter, by deed dated 27th January, 1849, on the south easterly side of a lane on the south easterly side of Lot No. 121, in the 3rd Division of the Penobscot Grant, thence by said lane N. 15° 20' E. 17 rods and 23 links to the south side of a road 3 rods wide, running S. 78° 20' E. 8 rods to a stake and stones, thence S. 2° W. passing 35 feet from the north east corner of Porter's Wharf, thence westerly by low water mark to the easterly line of said Lot, sold to Porter, and following the several courses of the Lot easterly, northerly and westerly, to the place of beginning, containing 3 acres.

All of that Lot of Land in the Parish of St. Stephen, conveyed by Thomas Hasty to Wm. Porter, by deed dated 31st July, 1832, being farm lot No. 29 in the 2d Division, granted to James Fraser, in the grant to Joseph Porter and others, containing 100 acres.

And also all other real estate belonging to the said Wm. Porter, situated in the County of Charlotte, not included in the above list.

The same having been seized and taken to satisfy an execution issued out of the Supreme Court, at the Suit of the President, Directors, and Company of the Commercial Bank of New Brunswick, indorsed to levy £1139, 16s. 8d. besides Sheriff's Fees, &c.

Holloway's Pills.

CURE OF A DISORDERED LIVER AND STOMACH, WHEN IN A MOST DEPRESSED STATE.

Extract of a Letter from Mr. Matthew Harvey, of Chapel Hill, Virginia, Scotland, dated the 15th of January, 1850.

SIR—Your valuable Pills have been the means, with God's blessing, of restoring me to a state of perfect health, and at a time when I thought I was on the brink of the grave. I had consulted several eminent doctors, who after doing what they could for me, stated that they considered my case as hopeless. I ought to say that I had been suffering from a Liver and Stomach complaint of long standing, which during the last two years got so much worse that every one considered my condition as hopeless. I was a last resource, and by persevering in their use for some weeks, together with rubbing night and morning your Ointment over my chest and stomach, and right side, I have by their means alone got completely cured, and of the stomachic worm of myself and every body who knows me.

(Signed) MATTHEW HARVEY.

CURE OF A CASE OF WEAKNESS AND DEBILITY, OF FOUR YEARS' STANDING.

Extract of a Letter from Mr. Smith of No. 5, Pitt Street, Glasgow, dated Dec. 12th, 1849.

SIR—I beg to inform you that I have five years I hardly knew what it was to have a day's health suffering from extreme weakness and debility, with constant nervous headaches, giddiness, and sickness to the stomach together with a green depression of spirits, I used to think that nothing could benefit me as I had been in many medical men some of whom after doing all that was in their power informed me that they considered my case as hopeless. I was a last resource, and by persevering in their use for some weeks, together with rubbing night and morning your Ointment over my chest and stomach, and right side, I have by their means alone got completely cured, and of the stomachic worm of myself and every body who knows me.

CURE OF ASTHMA, OF TWENTY YEARS' STANDING.

Extract of a Letter from Mr. J. K. Heydon, 78 King Street, Sydney, dated 10th of November 1849.

SIR—I have the pleasure to inform you that many exasperated attacks of Asthma have been effected here by means of your Pills. One of the most of my Lady residing near the "Razorback," who after having for twenty years been unable to make the slightest exertion, suffering from a severe attack of Asthma, and being in a state of extreme debility, and unable to run up to the top of that mountain. Another case is that of Mr. Eaton, Tailor, with his wife's Bedding, Clarence Street, Sydney, who was so dreadfully afflicted that he was confined entirely to his bed-room for six months, prior to his commencing with your Pills, and attended regularly by his medical man, who pronounced him to be in a desperate state, yet he, likewise to my knowledge, has been restored to perfect health by the use of your Pills, and rubbing your Ointment night and morning into his chest.

ASTONISHING CURE OF THE EARL OF ALBENBOROUGH.

By this Miraculous Medicine after every other

remedy had failed.

A Copy of a Letter from the Earl of Albemorough dated Villa Massina, Leghorn, 21st Feb. 1845.

10 Professor HOLLOWAY.

My Lord, the circumstances prevented the possibility of my thanking you before this time for your politeness in sending me your Pills as you did. I now take this opportunity of sending you an order for the amount, and at the same time, to inform you that your Pills have effected a cure of a disorder in my Liver and Stomach, which all the most eminent of the Faculty at home, and all over the Continent had not been able to effect; nay! not even the waters of Carlsbad and Marienbad. I wish to have another box and a Pot of Ointment in case any of my family should ever require either.

I remain, with much respect,

Your most obliged and devoted servant.

(Signed) ALBENBOROUGH.

CURES FOR THE UNCURED

Holloway's Ointment.

AN EXTRAORDINARY CURE

Extract of a Letter from Mr. J. H. Alliday, 209, High Street, Chatham, dated the 22nd of January, 1850.

SIR—My eldest son, when about three years of age, was afflicted with a Glanular swelling in the neck, which after short time broke out into an Ulcer. An eminent medical man pronounced it as a very bad case of Scirrhus, and prescribed for a considerable time without effect. The disease then for four years went on gradually increasing in virulence, when, besides the ulcer in the neck, another formed below the left knee, and a third under the eye, besides seven others on the left arm, with a tumour between the eyes, which was expected to break. During the whole of the time my suffering boy had received the constant advice of the most celebrated medical Gentlemen, at Chertemham, besides being for several months at the General Hospital, where one of the surgeons said that he would amputate the left arm, but that the blood was so impure, that it that limb were taken off it would be then even impossible to subdue the disease. In this desperate state I determined to give your Pills and Ointment a trial, and after two months perseverance in their use, the tumours gradually began to disappear, and the discharge from all the ulcers perceptibly decreased, and at the expiration of eight months they were perfectly healed, and the boy thoroughly restored to the blessings of health, to the astonishment of a large circle of acquaintances, who could testify to the truth of this miraculous cure. Three years have now elapsed without any recurrence of the malady, and this boy is now as healthy as heart can wish. Under these circumstances I consider that I should be truly grateful were I not to make you acquainted with this wonderful cure, effected by your medicine after every other means had failed.

(Signed) J. H. ALLIDAY.

CURE OF ACUTE RHEUMATISM OF FOUR YEARS' STANDING.

Extract of a Letter from Mr. John Pitt, Dulley Street, London, dated 18th Dec. 1850.

SIR—It is with the greatest pleasure that I write to thank you for the benefit I have received from your Pills and Ointment, which have completely cured me of the Rheumatism, under which I suffered for the last four years. At times I was so bad as hardly to be able to walk. I had tried every kind of Medicine that was recommended without receiving any benefit. I at last thought I would give your medicine a trial, and purchased from Mr. Holloway's Chemist, of this Town, two Boxes of Pills, and two of Ointment, and in three weeks through them and the blessing of God, I was restored to health and am now as well as able to walk as ever I was in my life. I am well known in this parish, having been sixty-five years in it, with an exception of ten years I served in the 24th Regiment of Foot.

(Signed) JOHN PITT.

CURE OF A BAD LEG OF SIXTY YEARS' STANDING.

Mr. Barker, of No. 5, Graham Place, Drypool near Hull, had ulcers on his leg from the age of eighteen until upwards of 60 years, and although for many years he had sought the best advice in the country, nothing was found to cure them. He very often suffered most excruciating pain for long periods together, which incapacitated him from attending to his business, and he had given up all hopes of getting a cure, when at last he was persuaded to try Holloway's Pills and Ointment, which he did, and however wonderful it may appear, the leg was thoroughly healed by their means, and by continuing to use the Pills above after his leg was well, he has become firmer, healthy, hale and hearty as now to be more active than most men of fifty.

N. B.—The truth of this extraordinary state of the case is vouched for by Mr. J. C. Keworth, 22, Market Place Hull, February 20th, 1850.

CURE OF A DEPERATE CASE OF RING WORM OF SIX YEARS' STANDING.

Lima, 13th of November, 1849.

One of the most eminent Surgeons in Lima (the Capital of Peru) had a child covered with Ringworm for more than 6 years; in vain he exhausted all his art in his endeavours to effect a cure. Not succeeding, he consulted among his brethren, the most celebrated medical practitioners of the City, but nothing was found to do the child service. When he was persuaded by Mr. Joseph P. Hague the English Chemist and Druggist, residing at No. 74, Calle de Palacio, to try Holloway's Pills and Ointment, which was done, and after using six large Pots of the Ointment, with a proportion of the Pills, the child was radically cured, to the surprise of the whole medical profession. The name of the parent, from motives of delicacy, is withheld.

The Pills should be used conjointly with the Ointment in most of the following cases:

Bad Legs Bad Breasts Burns Bruises

Bites of Insects and Sand Flies Venereal

Gonorrhoea Gout Glanular Swellings Lumbago

Piles Rheumatism Scalds Sore nipples

Chieft-foot Chilblains Chapped hands

Corns (soft) Cancer Concreted & Stiff joints

Elephantiasis Swellings of the Skin Abscesses

Scabs Sore heads Tumours Ulcers wounds
