## CURLING BONSPILL AT CHATHAM

Plans Complete for Annual Meet of North Shore Knights of the Broom.

On Thursday and Friday Feb. 13th and 14th, the North Shore Broom will be held this year in Chatham and the usual preparations for this premier curling event are being actively carried out.

There are five clubs that compete: Campbellton, Bathurst, Dalhousie, Newcastle and Chatham, and each club sends four rinks to represent it, so that 80 of the best curlers that the North Shore can produce, compete in this tournament.

The prize is the Bonsel Trophy emblematic of the curling supremacy of the North Shore and the champions of the North Shore have been chosen. The exhibition rink has been flooded and four goal sheets of ice have been obtained. Curling goes on continuously for the two days, commencing at 9 o'clock in the morning and continuing until 11 o'clock at night. Eight rinks of curlers are competing all the time, so that the sight is an animated one and sometimes a little noisy, but no one minds noise in a curling match. Each game is 14 ends long and two hours are allowed for play. If the game is not finished when the gong rings the game stops with the finishing of the end then being played. The hours for play are: 3 to 5 p.m., 6 to 8 p.m., and 9 to 11 p.m.

The club winning the largest number of points in the two days play is the winner of the cup and holds it for a year. It is expected that over a hundred visiting curlers and curling enthusiasts will come to town for the bonspiel and spectators will be able to obtain good views of the curling from the platforms at each end and on the side, as well as from the upper balcony.

Meals will be served at noon and night by the Red Cross who have taken the catering end of the bonspiel, at hour to suit the curlers while the annual banquet in connection with the bonspiel will be held on Thursday evening—Chatham Gazette.

### DALHOUSIE BOY WINS MILITARY HONORS

Among the list of honors recently gazetted we notice the following.

Lt. Robert B. Murray, 26th Bn. (Dalhousie, N. B.)—This officer went into the attack as junior subaltern of his company, and before reaching the objective on account of casualties was in command. He then led his company to its objective, overcoming many machine-gun posts on the way.

See "Eyes of the World" Opera House last time tonight.

## CAMPBELLTON BOARD OF TRADE

Annual Meeting Held Friday Evening. Officers Elected.

The Annual meeting of the Campbellton Board of Trade was held in the Town offices Friday evening.

In the absence of the president and Vice-president, Dr. Murray was appointed chairman.

H. J. Currie reported that together with delegates from the Retail Merchants Association, Town and County councils, the delegates of the Board of Trade had met Mr. Fitzmaurice and were received. Mr. Fitzmaurice had promised to improve the existing services and would recommend that the Suburban between Bathurst and Campbellton be restored.

Geo. G. McKenzie said it was to be regretted that for the past two years the Board of Trade had not been active. If we were to accomplish anything we must enthrone, have new life. He left that a yearly fee of \$2.00 was not enough to provide funds to properly run the Board. It would be better to have fifty good active members at \$5.00 each than a hundred at \$2.00.

H. J. Currie moved that the Board proceed to the nomination of officers for the current year.—Carried.

P. M. Shannon spoke in favor of organizing a County Board of Trade. He felt that many business men, and farmers too, would be willing to join such a board.

Dr. Murray explained that the charter of the Campbellton Board of Trade permitted any resident of town or country to join, but a new charter would have to be obtained if the name was changed.

Mr. McKenzie thought we should have a Board of Trade for the town, but the County Board was a good suggestion and if same was formed he would join it.

The following officers were nominated and as there were only the requisite number to fill the offices, they were declared duly elected for the ensuing year.

Pres.—Dr. Murray, M. D.

Vice-Pres.—John Harquail

Sec. Treas.—H. R. Smith.

Council.

W. H. Miller, Geo. G. McKenzie, A. A. Andrew, W. F. Napier, A. T. LeBlanc, D. E. Richards, H. J. Currie, D. A. Stewart.

H. G. Millican said that he hoped some steps would be taken to have a steamer on the Campbellton-Gaspere route this season.

After some discussion the Secretary was authorized to write the Dept. of Trade and Commerce in reference to this.

H. G. Millican moved that the annual fee be \$5.00.—Carried.

F. J. McRae moved that two canvassers be appointed for each Ward to canvass for new members.—Carried.

The following were appointed.  
Ward 1.—H. J. Currie, H. B. Andrew.  
Ward 11.—H. G. Millican, F. E. Shephard.

Ward 111.—F. J. McRae, Geo. G. McKenzie.

The meeting then adjourned.

### HAVE RETURNED HOME.

Among those returning home this week from overseas were: Wylas Sears, P. T. Wilmot, and N. Provencher for Campbellton.

Ernest Smith of Moncton, formerly of this town also returned on the "Grampian." He has seen much service at the front and since being wounded has been in hospital in England. Mrs. Wm. Gremley is a sister and Mr. Walter Smith a brother of Corp Smith.

## CAPT. O. A. MOWAT KILLED IN ACTION

Went to Russia With Artillery and "Went West" in Recent Fighting.

Campbellton was again grief stricken when news was received here Saturday morning that another of our brave boys, Capt. Oliver Mowat, had fallen with his face to the foe.

Friday afternoon Mr. Max M. Mowat received a telegram from Ottawa stating that his son, Capt. Oliver Alexander Mowat, who was fighting in Northern Russia with the 67th and 68th Batteries, had been wounded.

Saturday morning another despatch was received stating that the gallant young officer had passed away. His age was twenty-five years and seven months and a coincidence is that his brother Morden who was with the Flying Corps was also killed when he was twenty-five years and seven months old.

In writing home to his mother in September last telling her of his being chosen to go with the artillery to Russia he said: "Mother, there are millions of people there suffering and I feel that it is my duty to go and that I have been honored by being chosen as one of this force."

### His Military Record.

In 1914 Capt. Mowat went to Kingston, Ontario and took the prescribed artillery lieutenant's course of instruction and upon the completion of this course he was given his commission and assigned to the 24th Battery, Canadian Field Artillery, then stationed at Fredericton. Going overseas shortly and with only a short stay in England he is soon at work with the artillery at the front in France and Flanders. He was in the thickest of the fighting when conditions were not at their best but did his work nobly and well. He was commissioned to take his gun the battery right up to the front line trenches, where pits were made for it and for twenty-nine hours he and his volunteer crew fired point blank on the German front line trenches and wires. For this feat he was mentioned in despatches and would certainly be decorated had not his commanding officer been wounded and returned to Canada.

In July 1916 he was slightly wounded but was off duty only a very short time.

Again in June 1917 he was quite severely wounded and after a time in the hospitals in France and England was invalided to Canada. Arriving here late in August 1917. He spent the fall and winter at his home here and improved so that he felt it his duty to return to active service.

While here he was offered the command of the Newcastle Woodstock Garrison and a position in Woodstock for the duration of the war but he felt his place was at the front, and in March 1918 he left for overseas.

Upon arrival in England he went to Witley Camp where, when the 67th and 68th Batteries were being organized for the Russian Expeditionary Force, he was appointed as Adjutant.

Since arriving in Russia the artillery has been in many tight corners and has seen some hard fighting and heavy work.

On the 24th of January he was wounded, but as yet no particulars have arrived.

The Mowat family has a record of which may be proud. Of the boys of military age, all promptly volunteered for service. Morden with the Flying Corps, Oliver with the Artillery, G. A. with the 26th Battalion, where he was badly wounded and declared unfit for the Infantry, but has transferred to the Flying Corps and is now in Ireland, near Dublin and is now in Mens with the Artillery.

Capt. Oliver Mowat was a general favorite with all and Mr. and Mrs. Mowat have the sympathy of all in their bereavement.

Miss Hattie McDonald left this morning for Loggieville where she will be the guest of Dr. and Mrs. McKenzie.

Mr. and Mrs. Wesley Devereau of Montreal were the guests of Mr. and Mrs. John Devereau this week.

## FIRE PROTECTION FOR EAST END

Hose Reel and Alarm Box Near Close Games Played by Bathurst and Campbellton Curlers on Thursday.

A meeting of the Town Council was held last Thursday evening, His Worship Mayor Alexander presiding.

There were present Couns. Patterson, McBeath, Currie, Miller and Goss. Coun. Miller reported that the committee to deal with the purchase of the Parsons Excavator had offered \$4,750 for the machine and this had been accepted. The Mayor and Town Clerk were authorized to sign notes for payment of same.

Departmental accounts were passed and ordered paid.

Coun. Currie brought up the matter of fire protection for the east end. He said there were a large number of residents from the railway crossing to the bridge who had very little fire protection. He suggested that a hose reel be stored in this district and an alarm box be installed at or near Campbellton store.

He moved that the Fire Protection Committee be authorized to attend to this.—Carried.

The matter of a separate Board of Health was taken up and upon motion of Coun. Currie the Mayor, Town Clerk and Coun. Miller were appointed a committee to draft a memorial for presentation to Hon. Dr. Roberts.

His Worship explained that he had requested to appoint a delegation from the Town Council to act with delegations from the Retail Merchants Association, the Campbellton Board of Trade and Municipal Council.

He said upon Mr. W. R. Fitzmaurice and press for improvement in the train service. He had appointed Couns. Goss and Currie to act with himself and that they had waited upon Mr. Fitzmaurice.

On motion of Coun. Currie the action of the Mayor was ratified and His Worship was named as the Council's representative to go to Moncton to interview Supt. L. S. Brown if it is necessary.

The special committee's report, re-surveying of town office work, together with the necessary changes in the Bylaws, was taken up and the whole adopted.

The council then adjourned.

### AWARDED BAR

TO THE D. S. O. In a list of Canadian officers granted bars to the D.S.O. published in London papers, are two natives of New Brunswick—the late Lt. Col. A. E. McKenzie (Campbellton) and Lt. Col. C. W. Peck (British Columbia, born in Albert Co., N. B.).

The reasons for the grant are thus ready: Lt. Col. A. E. McKenzie, D.S.O. 26th Bn., Inf., New Brunswick Reg. For conspicuous skill in handling his battalion during the capture and consolidation of the objective allotted to his command. His coolness and fine example inspired all ranks. The success which crowned the operations of this unit was in a large measure due to his leadership and courage of its C.O. (D.S.O. gazetted Jan. 1, 1917).

## NAPIER TROPHY REMAINS HERE

Four rinks of Bathurst curlers came up on the Maritime Thursday morning and four Campbellton rinks journeyed to Bathurst.

The games were played during the afternoon and evening.

The games here in the afternoon resulted in a win for the visitors by one point, but at Bathurst the Campbellton rinks won out by six, thus giving Campbellton a lead of five.

In the evening the Campbellton rinks won on the home ice by one point, the score for both afternoon and evening being 49 to 49.

At Bathurst the Campbellton curlers proved too heavy for the Bathurst rinks and ended with a lead of 15 points.

The score by rinks was as follows:

At Bathurst:

Bathurst	Campbellton
Gibson	15
Sargent	15
Wetmore	15
Melanson	15
Rudbeck	15
41	50

At Campbellton:

Bathurst	Campbellton
White	10
Connolly	10
Gartain	10
Condon	10
Ellis	10
49	50

Total Bathurst 90

Campbellton 100

### HIS HONOR CAME.

Recently upon invitation of Mr. W. L. Napier, a number of citizens in changing His Honor, H. E. McLatchey, to spend an evening. During the evening Mr. R. B. Rossborough, on behalf of a few citizens made a very eloquent address and presented to His Honor McLatchey a beautiful snake wood cane, with ivory handle and gold band. Upon the gold band was engraved "H. E. McLatchey, appointed Campbellton, N. B. 1918."

In his remarks the speaker spoke of the good work of His Honor during the year of the war, and particularly in regard to the Victory Loans. His Honor had taken completely his own time and for a time it was difficult for him to express himself, so touching was he, but he made a most happy reply. Remarks were made by the gentlemen present and a very pleasant evening was spent.

### INJURED IN MONTREAL.

Struck by a street car as he was crossing a street in Montreal on Sunday night, B. Goodman, of Campbellton, suffered severe head injuries and was taken to the Royal Victoria Hospital. It is expected that he will be quite badly injured and will be in the hospital some time.

## Two or More Persons May Use One Account

The "joint account" is a very popular feature of The Bank of Nova Scotia service. Each person may deposit or withdraw independently. Interest quickly accrues and with two saving, the growth of the account is more rapid and pleasing.

Husband and wife—brother and sister—father and son, or others, are enabled to save systematically by this means.

## PREMIER RECOMMENDS WAR SAVINGS STAMPS

Premier Foster Points Out That Thrift Stamps Afford Excellent Opportunity to Small Investor and Will Benefit Canada as a Whole

Premier Foster of New Brunswick, that they afford to the person of small means an opportunity to save profitably. Stamp movement, being especially which, hitherto, has been denied to the small investor. In a recent statement of Thrift Stamps. He points out he says:—

"I have followed with much interest the War Savings Stamp movement. There is no doubt that the education of the saving instinct in the young people today will mean much to the country in the future. The Thrift Stamp—probably the smallest form of investment in the world—will enable the children to assume a share of the burdens of their elders and will also permit the quarters of the new boys, as well as the millions of the old, to become a part of the Nation's investment."

"The Thrift Stamp Plan opens the door to the smallest investor who can share in the same liberal rate of interest. Men and women, boys and girls should join in this race of thrift. Girls saved become quarters, quarters kept become dollars, and dollars added to each other—mean Bonds of the Government."

## GERMAN REVOLUTIONARY LEADERS TRIED TILL END TO SAVE MONARCHY

Germany is not sorry she began the war. But she is very sorry that she can pry open the oyster of the future and find it so bitter. It is the dominant impression left on my mind after a two weeks' tour through Germany in which I travelled twelve hundred miles, saw many cities, and talked with many men. It is a wholly impetuous but a thoroughly whipped Germany that I found. A hungry Germany, which is looking toward the United States in the hope that food may be furnished by the Americans. A Germany which having been thrashed out of her boots overnight adopted President Wilson's Fourteen Points. She hopes to make

## DOCTOR URGED AN OPERATION

Instead I took Lydia E. Pinkham's Vegetable Compound and Was Cured.

Baltimore, Md.—"Nearly four years I suffered from organic troubles, nervousness and headaches and every month would have to stay in bed most of the time. My doctor urged me to have an operation. I took five bottles of Lydia E. Pinkham's Vegetable Compound and was cured. I feel all my friends who have any trouble of this kind what Lydia E. Pinkham's Vegetable Compound has done for me."—MRS. J. B. HARRINGTON, 620 Calverton Rd., Baltimore, Md.

It is only natural for any woman to dread the thought of an operation. So many women have been restored to health by this famous remedy, Lydia E. Pinkham's Vegetable Compound, after an operation has been advised that it will pay any woman who suffers from such ailments to consider trying it before submitting to such a trying ordeal.

## NORTH SHORE COUPLE IN ST. JOHN COURT

Statutory Offence, Rather Than Bigamy, the Charge Against North Shore Pair.

(St. John Telegraph.)

In the police court yesterday afternoon Magistrate Ritchie charged with a statutory offence, said that a very interesting point of law had been injected into the proceedings. Kenneth J. MacRae and E. S. Ritchie appeared for the defendants. The case is a serious one, and according to evidence submitted during the preliminary hearing the man and woman went through a marriage ceremony some little time ago in Campbellton. The alleged first husband of the woman, however, said to have been overseas and since returned, laid an information against the pair and it is understood, wanted a charge of bigamy brought in the matter. However, it was decided not to lay this charge and the outcome was that the pair were charged with a statutory offence. The hearing was concluded yesterday afternoon and bail was asked by the lawyers.

The magistrate said that while he would refuse this, he would, however, suggest that the matter be taken before a supreme court judge immediately and application made for bail. The magistrate explained that the county court, if the case was set up and followed the usual course, was like the police court, an inferior court. If he as magistrate did anything wrong he could be dismissed but if the judge of the supreme court made a ruling falsely he could only be impeached. In the case against these two defendants he pointed, if the case went up for trial, might be raised whether or not he should have tried the matter summarily.

Counsel argued that the magistrate would accept bail or not just as he saw fit. The police magistrate took the other view and committed the defendants to stand trial. It is understood that application will be made to Chief Justice McKeown for bail.

A girl will make almost any sacrifice for the man she loves.

that duty to his country. In my opinion the victory which General Hindenburg won over himself was the greatest victory he has ever won."

At whose instance did he consent to retain his post? At that of the secretary of war of the Kaiser's cabinet, according to the statements of other officers. All the officers of the army retained their posts for the same reason. They were ordered to do so. The incoming revolutionary government retained the working machinery, civil military, of the old government. There was scarcely any conflict. Over night the Workers' and Soldiers' Councils assumed authority to issue orders to von Hindenburg and Dr. Sold. In the so-called revolution it is doubtful if one hundred persons were killed. Yet the control of an army of seven million had been passed.

Now I shall say something which may seem paradoxical and inconsistent. But I do not believe it is.

**Outsiders Did Not Pay.**

However little the revolution may have owed its origin to a democratic impulse, I believe that the revolutionary movement toward democracy is sincere. I think the Kaiser has gone forever, along with all the little kings and grand dukes and princes of the machinery of the old empire. Germany switched from autocracy to democracy because autocracy did not pay—and because President Wilson demanded it—and because peace was worth any price. But the switch was made so easily—the discovery, that Hans didn't really love his master was so readily made—there are so many old grievances in the German mind, that the least probable thing in Germany is the return of the Kaiser.

The German belief is that some sort of a parliamentary government will be worked out of the disorderly mess in which Germany is now. Perhaps the Allies will help shape that government. The suggestion does not seem to arouse resentment. The hope is for a United States of Germany. The movement for the complete independence of the German states seems to have its origin largely in the dislike as this may be for Americans to be worked out of the disorderly mess in which Germany is now. Perhaps the Allies will help shape that government. The suggestion does not seem to arouse resentment. The hope is for a United States of Germany. The movement for the complete independence of the German states seems to have its origin largely in the dislike

Germany was completely whipped. The blockade by the Allied fleet starved her out. There was no doubt of it. The average German civilian is very hungry. Her armies were devastated. As Von Guenther told me, "The repeated blows by the Allies this summer left the German army breathless." The civilian organization had begun to go to pieces. There is a very genuine fear of Bolshevism in the mind of some Germans.

### Devotional Literature Used.

For some time the Bible Readings of Miss Bertha Wright, were used in the meetings, during devotional exercises.

### Early Work.

Literature was collected and sent to lumber camps, also literature in leaflet form was bought and distributed throughout the Town and surrounding districts.

### First Meeting With Founder.

The first meeting of a member of the local Union with the founder of the W.C.T.U., Miss Frances Willard, took place in 1888 when Miss C. Jane Duncan had the pleasure of meeting her at Woodstock, N. B. and also of hearing an address by her.

1889, (January).

### Petition Under Blair Law.

The Liquor Act in force at this time was the Hon. Andrew G. Blair's Liquor License Act. It was decided to circulate a petition that no license should be granted, under a clause in the Act, which stated that no license should be granted if the majority of ratepayers petitioned against it. Mrs. Connacher and Miss C. Jane Duncan (Mrs. W. D. Duncan) agreed to canvas the town, and the late Adam Duncan of this town, agreed to canvas the parish of Addington, which then included what is now Eldon. The canvassers met with great success and the petition was presented at the meeting of the County Council, but the petition was laid before the legal men of the town by the rum-sellers, who declared the Blair Law ultra vires, so the petition was laid on the table of the Council and licenses were issued as usual.

### Arousing Sentiment.

To further Temperance sentiment as many subscribers as possible were secured for the "Union Signal" which at that time had as contributors some of the ablest writers of the age, including W. T. Stead, the brilliant London editor, who was drowned in the "Titanic" disaster, Julia Ward Howe, Frances Willard, Phillips Brooks and many others.

### First Press Superintendent.

In 1889 Mrs. Connacher was appointed Press Superintendent, "Pro tem" that office to be filled by Miss C. Jane Duncan on her return from Montreal where she was studying at McGill University.

### First Organist.

Miss Alice Mowat, now Mrs. Morton was given charge of the music.

### For You and Your Friends

"I beg you to publish my letter. It is only natural that people write enthusiastic letters about Gln Pills. Wouldn't you do the same, if, after suffering from backache for years, you found relief? Wouldn't you wish your friends and others to know what Gln Pills had done for you, and what they will do for them? Of course, you would, and that is the only reason that prompts people to write us praising this great remedy."

Read what Isidore Thomas says in part:

"My case was very serious, and I was so sick everybody expected my death any day. No suffering could be worse than what I had to endure. Eight boxes of Gln Pills were sufficient to cure me entirely. I beg you to publish my letter and tell all sufferers of Kidney Trouble not to despair nor wait as Gln Pills will cure them. I have to be very thankful to you, and I recommend Gln Pills to all my friends suffering from kidney trouble."

Take the advice of those who have tried the remedies and found that Gln Pills cure.

Gln Pills are not a cure-all, but a scientific remedy for Kidney and Bladder Troubles. They contain the beneficial ingredient, santonin, without the alcohol, and Gln has been recognized for years as the most perfect agent for toning up the kidneys and restoring these organs to perform their natural functions.

## GOVERNMENT WILL ASSIST FARMERS

### Will Help Sellers and Buyers of Seeds to Come Together.

The attention of farmers, seed growers and others living within the Province who have for sale or wish to purchase common farm seeds is called to the following offer made by the Provincial Department of Agriculture, Fredericton.

The Division of Soils and Crops will list the name and address of any person who has for sale, or wishes to purchase, seed of the common farm crops, the quantity and price per bushel or pound, and will refer correspondents who wish to purchase to those whose names are listed as sellers who have the kind, variety and quantity asked for by the enquirers.

No general Municipal or Government action for the purchase of farm seeds is anticipated in the Province this spring as there is evidence of a sufficient seed supply of oats, wheat and barley now in the farmers' hands, though there is scarcity in many parcels due to damaged crops by bad harvest weather.

There is a general scarcity of seed oats in the Prairie Provinces and a large demand for seed in Southern Alberta and Saskatchewan and in south western Manitoba. It is estimated that the Canadian Government Commission has to provide approximately 3,000,000 bushels of seed oats. Shipments from Eastern Canada and the United States have already started westward to fill orders from the western provinces.

In this Province the plan of bringing the buyer and the seller together should solve the difficulty in those parishes where only a limited quantity of seed is available, and where an increased area may in consequence be placed under crop.

The forerunner farmer will have made a calculation of the quantities of fodder and grain required to carry his stock through till spring and the quantity which he will have to buy. He will have satisfied himself whether or not his home grown seed is suitable and of sufficient quantity for his own seedling requirement and if a surplus is on hand.

An inventory of this sort should be made by every farmer not later than the month of February and preparations made for selecting, screening and fitting for seed all grain of good quality. Already a quantity of seed oats, wheat, buckwheat, turnip and clover seed has been listed besides a list of names who have high-grade potato seed stock for sale.

Correspondence is invited from members of Agricultural Societies and others who wish to avail themselves of this offer of assistance in the marketing or buying of farm seeds.

If you have sound, clean, plump seed for sale, or if you wish to purchase home-grown high-grade farm seeds, write to the Division.

### YPRES WILL BE MONUMENT

#### Will be Left in Ruins as a Monument to Hun Frightfulness.

London, Jan. 29.—The decision of the Belgian Government to maintain Ypres, the scene of several battles between the British and the Germans in its present condition as a permanent memorial is endorsed heartily by British press and public opinion.

"Ypres will be a memorial," says the Westminster Gazette, "in which future generations may learn the horrors of war. There is nothing more impressive than the sight of the stricken city with the skeletons of its once wonderful buildings rising gaunt to the sky. To paint it would be impossible. Everyone, therefore, will welcome the decision that the remains of the old city shall be left intact instead of being cleared away."

"The east abounds in the ruins of the last vestiges of once glorious civilizations which have been overthrown. Ypres will stand for centuries as a reminder that civilization itself cannot be overthrown and as a monument to the generation sacrificed in its defence."

### SHOULD REPORT.

Military headquarters has received instructions to round up 300 men released on harvest leave who have neglected either to report in person or by mail in order to receive discharges. Those who do not report after two one days' leave will be treated as deserters and will face the prospect of two years' imprisonment.

Love may be blind, but the girl's father and the dog seldom require the services of an oculist.

anywhere near the demand for Canada's favorite sugar. Few ships were available for bringing raw sugar from the tropics and a large part of the product of our refinery was needed for our soldiers overseas.

Happily, Peace has changed the whole sugar situation. Unless unforeseen circumstances should arise the Lantic Red Ball will again brighten the shelves of stores throughout the country and housewives may have as much as they need of the famous Lantic "FINE" granulated, the perfect sugar for baking and the table; also there will be plenty of the Lantic delicious Old-fashioned Brown Sugars for the many dishes in which flavor is indispensable to success.

You may again buy Lantic Sugar in the larger original packages, the 10, 20 and 100 lb. sacks, as well as in the 5 and 6 lb. cartons. The accurate weight and perfect protection of the contents of Lantic packages make them the most economical way of buying sugar.

Ask your grocer for Lantic Sugar, the sugar with the Red Ball on every Carton or Bag.

### QUEBEC FINANCE.

It is eminently satisfactory to learn that the budget speech of the Hon. Walter Mitchell shows a net surplus of more than a million and a half after the grant of \$225,000 to the Patriotic Fund has been deducted. This maintains the splendid record of the Province in its fiscal administration which is equally a credit to the government and to the Province as a whole.

It is apparent, however, that there are financial problems ahead when it is considered that if prohibition comes into operation, there will be a revenue loss of \$800,000 a year. Moreover, succession duties which this year amounted to nearly five million—owing to the Sir William Macdonald estate—can only next year be estimated at the normal sum of less than two million. This means that the Province next year must look for additional revenue of at least two or three million from some new source. The device of means to this end will be a task of some nicety, if it is to be done without imposing irksome taxation. But we are sure that the genius of the Finance Department, which has met with such steady success in the past, will be equal to the new emergency. We have a proud record, and that record will, beyond all doubt, be maintained. Indeed, the forecast of the Provincial Treasurer would indicate that the expenses have already been provided for in order to ensure uniform financial success in the future—Quebec Telegraph.

### THE FIRE WASTE.

Fire losses in Canada continue to be a national reproach. The Commission of Conservation, in its last

report on "Fire Waste in Canada," showed that the average per capita loss exceeded that of every other country in the world. The per capita rate was \$2.73 per annum, compared with \$2.26 in the United States, and 64 cents in England. Mr. Cecil S. Wainwright, of Toronto, in an article in the New York Journal of Commerce, estimates the total loss in 1918 at \$35,000,000, against \$20,000,000 in the previous year. Most of the increase is accounted for by fires in munitions plants and other war industries. The Province of Ontario had the unenviable distinction of a fire waste record in the ten months ending October 31, 1918, of \$15,000,000 compared with \$8,000,000 for the corresponding months of 1917. The Commission of Conservation reports that the number of fires in Canada has increased much more rapidly than the population. In Toronto alone the number of alarms rose 440 per cent. between 1890 and 1916. In the year 1916 the fire loss in Canada was actually \$9,000,000 greater than in the whole of the United Kingdom. The average Canadian loss represents the squandering of a sum equal to the interest on a capital investment of \$425,000,000—a waste of \$59,000 every day in addition to the large expenditures for fire protection. It is a loss which, we know in our own community, is largely preventable, and that makes it all the more scandalous. It is wasting the nation's wealth.

### INTERNATIONAL SERVICE.

While the matter of some improvement in the train service on the main line is being vigorously taken up by a large delegation, let us not forget one of the most important features to the residents throughout the new settlements along the International branch. There are upwards of five thousand people residing along that railway who have more or less business to transact at Campbellton, and to care for this traffic there is only one express train every other day. This express train is a fairly regular one, and gives good service, but it is not sufficient to look after all the traffic, and a move should be started to have a daily express train serve this growing country. Now is the time to take the matter up and perhaps the improvement would commence when the new time table goes into effect in the spring.

Whoever buys a thrift stamp or a war-savings stamp makes a profitable investment to take such measures as will help to keep the country prosperous. The buyer helps himself or herself, and also helps the country.

Hon. E. A. Smith appears to have been successful in his effort to get the "dual authorities to take such action as will make easier the task of forest protection for fire along government railway lines. This province now has one of the best forest protection laws in force anywhere on the continent. The Foster government has made good in this in all other respects.

### EDITORS MAIL.

All letters addressed to the Editor must be accompanied by the name and address of the sender, not necessarily for publication, but as evidence of good faith. No notice will be taken of anonymous communications. The Graphic does not hold itself responsible for opinions expressed in its columns. To the Editor of the Graphic:—

We in this section are glad to see some one endeavoring to get improvement in the train service, and I may add that already there is some improvement, if it will only last. The suburban is coming along very nicely now, and so is the local. This is all right for getting home, but how are we going to get into town. As yet we have to walk as the mixed train is always late. Can't that train be hurried along a little.

Yours truly,

FLATLANDS.

### URGENT EFFORT FOR BIG MAPLE PRODUCTION

Ottawa, Ont., Jan. 30.—"Every dollar's worth of Canadian maple sugar and maple syrup produced this year is a dollar saved for Canada," said Henry B. Thomson, chairman of the Canada Food Board in addressing representatives of the maple sugar industry at the food board offices yesterday. "A special effort was made last year and there is no doubt that production was very greatly increased. Although the war is over this year, the revival of the industry should be encouraged. Canada can sell all the high quality maple products she can furnish and her maple trees are a resource that should be more greatly developed."

## DISCLOSURE RE THE ORIGIN OF WAR

French Retired Before Germans Advanced on July 30th, 1914.

Paris, Feb. 1.—On July 30, 1914, the French government ordered its troops to retire eight or ten kilometers from the frontier, having heard that the German troops were moving toward it. Rene Viviani, former premier, declared in the Chamber of Deputies last night, in the course of disclosures concerning the origin of the war which never before have been made public.

M. Viviani was premier when the war broke out. "It was on July 30," he said, "that the government of which I was the chief decided that the French troops should retire eight or ten kilometers from the frontier. On the same day I requested Paul Cambon, French ambassador in London, by wire to inform Sir Edward Grey of the measures taken."

"England," I said, "will realize that if France is firm, it is not she who is taking measures of aggression. Although Germany has moved her troops upon her battle line the government of the French republic intends to demonstrate that France, as well as Russia, bears no responsibility for the attack."

These reminiscences of the momentous days of the last of July, 1914, caused the deputies to rise and cheer the former premier.

M. Viviani continued: "Could we risk a murderous war upon chance meeting of patrols? We desired to proclaim high before the world that if France were forced to fight she would do so for right and justice, and not take advantage of any equivocation."

"The withdrawal was carried out without meeting any obstacle, either technical or military. Had we met with an observation from General Joffre to the effect that the measure might endanger the fate of the country, we should not have hesitated, but would have kept the watch on the frontier. No objection came from the general."

### What the Heart is to the Body

the gasoline motor is to the automobile. If your motor is right, your car is right; if your motor is wrong, your car gives you nothing but trouble. The secret of having a no-trouble car is to place your auto in the hands of motor repair experts such as we are and let us examine the workings of your motor, gears, transmission, etc., regularly.

We are Ford experts. Send in your Ford car if you want it well done.

Central Garage, Water St. Wm. Deroche.

### For The Plate Rail

A number of carefully selected pieces of our exquisitely hand painted china is quite proper. Put up on the rail—No one will hold the small cups with little objects. With these you can cut down on other decorations.

### SOOR, ACID STOMACHS, GASES OR INDIGESTION

"Pape's Diapiesin" neutralizes excessive acid in stomach, relieving dyspepsia, heartburn, bloating, foul breath or headache.

Time it! In five minutes all stomach distress, due to acidity, will go. No indigestion, heartburn, sourness or belching of gas or eructations of undigested food, no diarrhoea, bloating, foul breath or headache.

Pape's Diapiesin is noted for its speed in regulating upset stomachs. Put an end to stomach distress at once by getting a large bottle of Pape's Diapiesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder caused by fermentation due to excessive acidity in stomach.

Mothers can rest easy after giving "California Syrup of Figs" a few hours all the sleepless nights, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child.

Sick children need the coaxing to take this harmless "Figs" Laxative. Millions of mothers have found the reason they know the action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a bottle of "California Syrup of Figs" which contains directions in English, children of all ages and for grown-ups.

## \$350,000,000 WORTH OF FOOD

must be shipped to Europe at once, says Herbert Hoover Food Controller. The United States Congress has voted \$100,000,000.00 this week for food for Europe. Most of this will come from the United States and Canada.

The next year will see the greatest demand for farm products there has ever been. There are unlimited ships to take this food to Europe. Prices will be in keeping with the demand.

The farmer who has the crops to sell is the farmer who will get his share of this demand. The farmer who has his fertilizer will have good crops, but he must not take any chances on delay in preparing his seed and getting his fertilizer.

The planting season now seems a long way off, but when the time comes it is always altogether too short. There is a general shortage of fertilizer and fertilizer materials, and the late buyer will surely be disappointed.

## ACTIVITIES OF THE OPERA HOUSE TOLD IN POINTED PARAGRAPHS

Every day in the week content, Opera House Friday evening.

A novelty flower garden carnival is one of the many good things in store for patrons of the Opera House.

"Shoulder Arms," Chaplin's greatest comedy achievement is scheduled for an early presentation at the Opera House.

A special feature de lux will be shown at the Opera House Friday and Saturday next week. It is entitled "Her Man," starring Irene Castle.

It is likely that two of the greatest features ever created in film will be presented at the Opera House in the near future. These are "The Birth of a Nation" and "Intolerance," both will be shown at popular prices.

Among the comedy features to be screened at the Opera House in the near future will be "Roaring Lions and Wedding Bells," "Wild Women and Tame Lions," "Hungry Lions in a Hospital" and "Choose Your Exit." "Civilization" will positively be shown at the Opera House Wednesday and Thursday, Feb. 26th and 27th.

**NOVELTY "EVERY DAY IN THE WEEK" CONTEST OPERA HOUSE TO-MORROW NIGHT**

**FALSE REPORTS.**

Mrs. Victor Poirier of Balmoral has just received a letter from her son, Pte. Etienne Poirier of the original 26th. The letter was dated Jan. 3rd, 1919, and was mailed in Germany, showing that Pte. Etienne Poirier had recovered from his wounds of August last and was actually with the big army of occupation on conquered soil. He had just returned from a few days pass to England and Scotland.

This letter contradicts the report that Pte. Etienne Poirier had died in France. Certain returned soldiers wishing to be conspicuous, pretend to be the authorized bearers of the official casualty list. Since they cannot bring untold experiences from the battle-field, they'll invent something. One stated he had seen Poirier drop dead by his side in the trenches; his other swore he had been a witness to his last moments in a hospital; another had prayed on his grave, etc., etc. No sensible person should give credit to such reports unless they are official.

## NOW AT BONN.

Mr. Main has received an interesting letter from his son Pte. Stewart Main, written from Bonn, Germany in which he tells of the march to the Rhine, also that he has been ill for a short time with trench fever, but has now recovered. In describing Bonn, he says "it is quite a large place, and the people seem quite friendly, but of course we get some black looks at times. The day we landed in the city it was quite a sight, with our troops marching through for a whole day, with the guns sparkling and flags flying."

In coming through Belgium the people were very kind to us and gave us coffee and wine and everything they could." In speaking of when the armistice was signed he says that when the word was received to stop firing all thought it a joke which somebody had started but when they heard the heavy guns stop firing, began to believe it. Pte. Main expects to be home shortly and many friends will be glad to welcome him back.

## BOLSHEVISTS ATTACK THE ALLIED FORCES.

Used Gas, Incendiary, Shrapnel and High Explosive Shells.

Archangel, Friday, Jan. 31.—Another violent attack by the Bolsheviks on the British, American and Russian positions at Tarsovo, compelled the hardpressed and outnumbered little Allied column in this sector to withdraw yesterday approximately forty miles. Its new position is at the village of Shrdmarkrenga.

The Bolshevik attack followed a bombardment in which gas, incendiary shrapnel and high explosive shells were used. It was the first time that gas shells had been employed in this new Russian warfare.

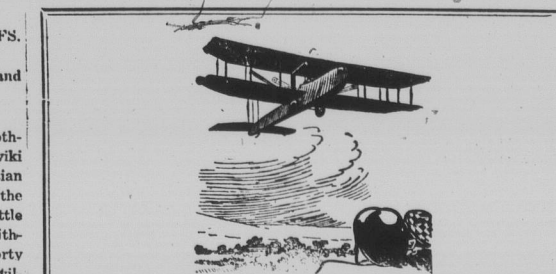

**\$11,840 A GALLON**  
**CONSTITUTES RECORD**  
**PRICE FOR WHISKEY**

Prince Rupert, B. C., Jan. 31.—Two Prince Rupert women, who paid a stranger \$1,480 in cash for one pint of excellent whiskey, feel that they have a grievance. The women thought they were buying for this money forty-five gallons of the forbidden intoxicant and the test made convinced them that the quality was good.

Later they discovered that the barrel they took the sample from was filled under the bung and that the remainder was only water.

The man having disposed of the lonely pint at the \$11,840 a gallon which undoubtedly constitutes a record, left for the south and is believed to be in Vancouver.

**On Rising in the World.**  
"Take a good look at this ladder, my boy," they discovered that the barrel they took the sample from was filled under the bung and that the remainder was only water.

**Sure! High Heels**  
**Cause Corns But**  
**Who Cares Now**

Because style decrees that women  
crowd and buckle up their tender toes  
in high heel footwear they suffer from  
corns, then they cut and trim at these  
painful pests which merely makes the  
corn grow hard. This untold misery  
may cause lockjaw and women are  
warned to stop it.  
A few drops of a drug called free-  
some applied directly upon a sore corn  
gives quick relief and soon the entire  
corn, root and all, lifts out without  
pain. Ask the drug store man for a  
quarter of an ounce of free-some, which  
costs very little but is sufficient to re-  
move every hard or soft corn or callus  
from one's feet.  
This drug is an ether compound and  
dries in a moment and simply shrivels  
up the corn without inflaming or even  
irritating the surrounding tissue or  
skin. Clip this out and pin on your  
wife's dresser.

parents for two weeks returned last  
Wednesday to continue his duties.

Mr. Ed. LaTerrier and J. L. La-  
Terrier attended the funeral of the  
late J. A. L'Esperance at Percé last  
week.

## NEW RICHMOND

Mr. R. L. Montgomery left on Mon-  
day to attend the Forestry Convention  
in Windsor Hall, Montreal. He was  
accompanied by his mother, Mrs. R.  
H. Montgomery, who will visit  
friends in the city for a short time.

Some of our soldiers from overseas  
are returning, among them Mr. C.  
Thorburn, son of Mr. John Thorburn  
of Black Cape, and Mr. C. Campbell,  
son of Mr. and Mrs. Hugh Campbell  
of New Richmond. To all a very  
heartily welcome from family and friends  
is extended. Some of them  
learn in their bodies the marks of the  
country's service. We should honor  
them for their faithfulness.

The "flu" made a second visit to  
New Richmond during the past few  
weeks and was quite severe upon  
many of the young people, but no  
cases were fatal so far.

The Halifax papers of recent date  
also "The Montreal Star", contain re-  
ferences to the Dalhousie College Med-  
ical Unit, or No. 7 Stationary Hos-  
pital in France, and the probable date  
of its return to Canada. We learn  
that a son of Rev. E. J. Ratter of  
New Richmond has been serving in  
this unit for over three years as Ser-  
geant, and for the past few months as  
Quarter Master Sergeant. Recently  
this young man was recommended  
for important work in Colonel Adam's  
department, London, in connection  
with compiling and writing the history  
of the war, but his present command-  
ing officer, Colonel Hogan, refused to  
give him up.

## BLACK CAPE

Pte. Clinton Thorburn who enlisted  
and went overseas with the 27th Bat-  
talion arrived home last week. He  
was nine months in the trenches until  
wounded severely in May 1917, since  
then he has been in hospitals and in  
England. Many friends are pleased  
to welcome Pte. Thorburn home and  
to see him looking so well. He is  
leaving this week for Newport to spend  
a few days with his sister, Mrs. Edgar  
LaMarquand before leaving for West-  
ern Canada.

Miss Madge Willett left on Saturday  
last for McDonald College where she  
will pursue her studies at that In-  
stitution. She was accompanied by  
her cousin Miss Lila Willett of Dim-  
ock's Creek and Miss May Barter of  
Grand Cascapedia.

Mr. Allan McKee has returned from  
Campbellton where he has been for  
Medical treatment. We are sorry to  
note that Mr. McKee is enjoying  
the best of health but hope for a  
speedy recovery.

Mr. Viret has returned from Chan-  
der where he has been for a few  
weeks.

Honest Opinion Doctor Gave  
His Patient

Bedford, Ohio.—"I was in a pitiful  
condition, weak, nervous and run  
down, and I had been for years and tried  
everything under the sun. A friend  
told me about Vinol. I asked my  
doctor about it, and he replied, 'It  
contains the best medicine that can  
be had today. I couldn't give you  
any better.' I took it, and today I  
am as well and strong as any woman  
could wish to be, and it was Vinol  
that saved me."—Mrs. Frank A. Hor-  
ley, 446 E. 12th St., Bedford, Ohio.  
We guarantee this famous cod liver  
and iron tonic for all such conditions.

## OBITUARY

J. N. L'Esperance.

On the 19th of January the sudden  
death of Mr. J. N. L'Esperance, brother  
of Hon. Senator D. O. L'Esperance  
of Quebec, occurred at his home  
in Percé in his 68th year.

The late Mr. L'Esperance was well  
known throughout all the Bay de  
Chaleur and he was highly respected  
and esteemed by all. He was crown  
land agent at Percé for several years  
and by his gentle ways gained the  
esteem and confidence of every one.

His death was a sudden  
shock and has caused a great sorrow  
throughout the Gaspé Coast. He was  
a friend of the rich as well as the  
poor and the latter especially found  
in him a most generous heart.

His funeral took place on Wednes-  
day the 2nd. All the parish of Percé  
and many people from the neighbour-  
hood were present to show a last  
tribute of esteem to a dear one who  
has passed away. A solemn Requiem  
mass was celebrated by the parish  
priest, Rev. Father Martin. The  
pall-bearers were: M. M. Philias  
Bouyes, Albert Verreault, Moise Boul-  
anger, E. Bouyes, J. M. LeBoutillier  
and Nap LeTerrier while J. W. Pi-  
geon was carrying the cross.

The pall corners were held by the  
lawyers, W.A.E. Flynn and M. Brasset  
the Mayor E. A. Hickson and proto-  
nary Alp. Garneau.

The ones who signed the register  
were: L. O. L'Esperance, brother of  
the deceased, his nephews Jos. Lamb  
of Quebec and Jos. L'Esperance of  
Gaspé; Romeo L'Esperance of Mont-  
gomery his cousin; Ed. LaTerrier,  
Dr. S. Gernier, Alf. Garman, Maurice  
Brasset, W. A. E. Flynn, J. L. La-  
Terrier, J. J. Flynn, H. Renouf, A.  
Bislon, S. J. Flynn, Louis Rall, F. X.  
Caron, Herman Laforty, Jerome  
Methot, Albert Veneau, E. A. Hick-  
son.

Collegues of sympathy were receiv-  
ed from Hon. Rod. LeMieux, and  
Gustave LeMieux, members of the  
county of Gaspé, M. M. Dionne, J.  
Lamb of Quebec, C. Chapados, A.  
Nadeau, Misses Mather and Ver-  
reault, and many others whose  
names are to numerous mention.

Mass offerings from Hon. Senator  
and Mrs. D. O. L'Esperance, Mr. and  
Mrs. Romeo L'Esperance, Joseph  
Lamb, Mr. and Mrs. J. L. LaTerrier,  
Mr. and Mrs. Ed. LaTerrier.

To Mrs. L'Esperance, Hon. Senator  
D. O. L'Esperance and other mem-  
bers of the bereaved family we wish  
to join in offering our deepest sym-  
pathy.

**The Intelligence Branch of  
The Canadian Army**

Looking over his shoulder, he had obtained a dead German on one of the first raids the Canadians pulled off in 1915, a sergeant of the 10th Battalion. He had a German picture postcard of Coblenz, all addressed to the slain Hun. He was a sergeant in the district. The Canadian Sergeant did not understand German but he was struggling with his conscience whether to obey his superior officer or to tell the intelligence officer or to smother them in letters to Canada. His company officer, too, was struggling with his conscience and they decided the point. They seemed ordinary personal correspondence, but they were sent on to headquarters. There were messages of love from the dead to the living. "I'll be with you," "Kill the English and hurry up home." One postcard alone made the smart intelligence officer take the letters to sit up and take notice. It was from a female admirer named Killa. It asked the now slain sergeant to "be a good boy and write to me." Rudolf Hesse was in. Hesse, it said, had been home for three weeks' leave and was now back in the line, taking six weeks' instruction, out of the line, with "flammenwerfer." He was a sergeant in the 10th Battalion. Flanders front but was leaving for Verdun "to burn up the French."

That postcard was practically the first intimation the Allies got of the German intention to break through the French line. The postcard came at Verdun the French were ready for it. How the postcard escaped the censors the Germans do not say. It was a piece of artifice. It was one of the first "beats" the kind intelligence officers of the Allies were able to make.

When the First Division took over its section of trenches, the important thing was to get the Germans entrained to them. Imperial officers, who knew German and who were familiar with the German formations of the Hun army, were in charge. The Canadian officers attending the conference were being taught the "tricks of the trade" the enemy used which were not understood by the British. The first intimation the Second Division arrived in France their system of intelligence was being taught by the Canadians. It was as effective as any signal system that had been used in the front. From then on the Canadian intelligence system was a marked. Colonel Charles Mitchell, an engineer from Winnipeg, was one of the pioneers in this work. He was visited Germany on matters of his peaceful profession and upon his return he was called upon to apply his knowledge of the German system of intelligence to the British. Thousands of British trainees, by gathering around him lawyers, newspapermen

even prospectors from the North. In a military way they might be classed as a motley crowd but their deductive aggregate was something over the hundred mark.
