

PASS RESOLUTION OF GONDOLENC

To Family of Late Dr. Matthew Wilson, K. C.

NORTHERN LIFE BOARD

Record Their Sorrow at Death of Efficient Director.

At the regular meeting of the board of directors of the Northern Life Assurance Company, held at the head offices of the company, London, Ont., on June 21, 1920, at which the following members of the board were present: J. H. Purdon, K. C. (president), W. S. Calvert and Alexander Purdon (vice-presidents), N. H. Stevens, Charles Jenkins, Malcolm McGowan, John Purdon, George H. Belton and N. Milne, the following resolution of condolence to the widow and family of the late Dr. Matthew Wilson, K. C., chairman, was recorded:

Moved by Charles Jenkins, seconded by N. H. Stevens:

"At this first meeting since the death of Dr. Matthew Wilson, K. C., the board of directors of the Northern Life Assurance Company, conveys to Mrs. Wilson and family their profound sympathy in their bereavement.

"As interested in furthering the beneficial operations of life insurance, he was a shareholder and director in the Northern Life Assurance Company since its organization, and was of great service in aiding its growth and attaining the standing it has in the Dominion of Canada.

"His professional eminence had put him in the front rank of the profession, and his frequent calls to plead for his clients before the highest court in the British Empire.

"The peril of that Empire called upon him to send his only son for his service, who met a soldier's death in the highest earthly cause.

"The board has every reason for believing that the grief of the father in his state of health hastened his end, and to Mrs. Wilson and family the memory of father and son are a precious and consoling heritage."

MOTORISTS COULD GIVE BYRON SAN PATIENTS AN ENJOYABLE OUTING

Military Chaplain Writes Secretary of Motor Club Regarding Trips.

Rev. George Puseley, chaplain of the military department of Byron Sanatorium, has written to Secretary C. E. Bernard, of the London Motor Club, asking that some of the club members arrange to provide cars for an hour or so once a week to take the patients for short motor rides.

Any motorist who has an hour or two of spare time will find it a most appreciative awaiting his call at the sanatorium any afternoon to take four or five of the patients for an hour's outing.

G. W. V. A. BAND

Alleges It Has Been Slighted in Sunday Evening Concert Program.

The G. W. V. A. Band claims that it is being ignored in regard to the holding of Sunday evening band concerts at Victoria Park. The band claims that we have not been practicing this year," stated Bandmaster C. C. Irwin to The Advertiser. "We have been practicing all spring."

Most of the members of the band are returned soldiers, many of them receiving pay. The association claims that this is sufficient to show that they should have a concert at Victoria Park as well as other bands.

There have been four Sunday evening concerts in Victoria Park this year under the auspices of the I. O. O. F. chapters. Three of these were given by the 1st Battalion Western Ontario Regiment Band, and the other one by the 1st Hussars. The Marching Band will give the concert next Sunday evening.

MORE OIL COMING

Prospects of a Supply Before Christmas Growing Brighter.

With one car of road oil already being used in the city the prospects of the average citizen are beginning to brighten a little. Continued rainy weather may lay the dust so thoroughly that it will be possible to exist until the remainder of the oil supply arrives.

The numbers of five cars of the product were given to City Engineer Brainerd today, indicating their arrival could be expected soon. This is the most definite promise given yet, and it is expected that it will be fulfilled very soon.

While this shipment of oil will not be sufficient for all the city streets it will furnish as much as the department can handle immediately. The long delay in obtaining oil is likely to result in some of the streets receiving their coating of oil at a late date.

TILLSONBURG MOTORISTS

Will Picnic at Springbank July 14—Invitation Extended To London Motor Club.

The Tillsonburg Motor Club will hold a motor run to Springbank Park on Wednesday, July 14, the same day that the Michigan road race will be held. Tourists are to reach London.

C. H. Denton, secretary of the Tillsonburg club, has written to C. E. Brainerd of the London Motor Club asking what accommodations are available at Springbank for picnicers, and also inviting London Motor Club members to join the Tillsonburg club in their festivities at the park.

He also writes that President G. A. Hodgson and Secretary W. G. Robertson of the Ontario Motor League will accompany the Tillsonburg party to London.

NAME OF COHALAN HISSED AND BOOED

New York, June 23.—(By Canadian Press).—Aroused by charges made by Dr. Patrick McCartan, Irish ambassador to the United States, a crowd that attended a mass meeting held under the auspices of the Irish Progressive League at Acollan Hall in West End street last night, hissed and booed reference to the name of Supreme Court Justice Daniel F. Cohalan, and shouted "Down with Cohalan."

In his address, Dr. McCartan charged that Judge Cohalan was the keystone of a conspiracy several months ago to drive Dr. De Valera from the United States, but declared that this plot was foiled by Joseph McGarrity, Philadelphia.

SEEK BEST METHOD OF BREWING COFFEE

New York, June 23.—Science has been called upon to aid the housewife in making a "perfect" cup of coffee.

Chemists at the Massachusetts Institute of Technology soon will commence an elaborate research into the whole art of brewing coffee, according to the joint coffee trade committee in this city, which will finance the investigation.

The committee in making the announcement today declared that even the experts differ as to the best method of brewing. More than half the responsibility for a poor cup of coffee is due to "kitchen ignorance," the committee says.

NEW ONTARIO CROPS ARE IN FAIR SHAPE

New Liskeard, Ont., June 23.—Prospects of good crops of grain, especially oats and wheat growing on ground plowed last fall, are reported by Hon. Mr. Nixon of the Ontario Department of Agriculture. This ground held the moisture in the early part of the season and the crops stood the long spring drought well.

The outlook for crops on spring plowed land is not so hopeful, the dry spell having hindered the growth. Hay will be short, and although yesterday's rain will increase the yield somewhat, the crop will be light. Potatoes are shaping up well with the acreage planted about the same as last year.

STRIKE SITUATION SHOWS IMPROVEMENT

Philadelphia, Pa., June 23.—Improvement in the yardmen's strike situation was reported today by both the Pennsylvania and the Reading railroads. Officials said a number of men returned to work on the midnight shift last night, and that conditions gradually were approaching normal, although the movement of freight was still more or less seriously affected.

Embargoes, except on perishables, foodstuffs and coal for public utilities, were still in effect on both roads, and there was considerable congestion in the Reading. The Pennsylvania reported seven of its thirteen yards operating at one hundred per cent capacity, four at ninety per cent, one at seventy-five and one at fifty per cent.

TIME FOR SCHOOL TENDERS EXTENDED FOR ANOTHER WEEK

Committee Purchases Property For Simcoe School—Also Buys Army Hut.

A second extension of time for the receiving of tenders for the new addition to Ealing Public School was decided upon by the meeting of the building committee of the board of education Tuesday afternoon. Tenders will be received up to 3 o'clock next Monday afternoon, and the committee will be called an hour later to award the contracts. Tenders were received Tuesday for painting, plastering and plumbing, but there were no bulk tenders, or tenders for the brick and carpentering work. Trustee Hayman suggested that perhaps more tenders might be received if a marked check was not required from tenders. It was suggested that in lieu of this the successful tendered could be required to provide a bond for the satisfactory performance of his contract. The committee, however, made no change in the matter of the marked check requirement in the matter of Ealing School, but merely decided upon an extension of time for receiving tenders.

The contract for the brick and carpentering work required for the lavatory additions to Colborne street south school was awarded to R. G. Wilson & Son, who tendered at \$2,257, and for the plumbing to Noble & Riches at \$1,074. There were no bulk tenders submitted.

The committee reported the securing of land for extending Simcoe street school property at a cost of \$16,000, and recommended the purchase of the Red Cross army hut on Carling Heights at a price of \$2,000, for school purposes. The building will be moved to the new school site on Quebec street, near Oxford, and it is estimated that \$2,000 will be required to remodel and fit it up for school purposes.

A number of boys belonging to a King Street Presbyterian Church club will probably be summoned to police court for playing baseball on Rectory Street school grounds. Their names were taken by a policeman, and were reported to the committee, and Secretary McEltheran stated that he was quite ready to appear in court and ask for their prosecution. Trustee Laid thought it was too drastic an action for the

committee to take, and argued that the boys should not be punished merely because there was in London a lack of playgrounds.

Considerable damage has been wrought by boys at Rectory Street School lately, and the policeman who was asked to watch out for the offenders took the names of some boys who were merely playing baseball. It is understood that these boys had nothing to do with the damage to the school property, but they will be summoned for trespassing as an object lesson and warning to the real offenders, and to others who otherwise might become offenders in the future.

Two hundred employees of George White & Sons picketed with their signs at the entrance to the factory on Tuesday afternoon. This was the twentieth annual outing of the factory, and this year it was a bigger success than ever. All events were contested with lively interest by employees and their relations. Two factory policemen were on the grounds, and many arrests were made. Mr. Arthur White was arrested, but was allowed out on bail. Many others arrested made their escape. However, the picnic was a program, and each one took it as good sport. The feature of the day was the "mystery" man. Up to 8 o'clock last night no one had been able to find him. Several of the employees appeared on the grounds in costume. Some of them were dressed as clowns, while the fair sex wore elaborate costumes.

After the main events were run off, merry picketers adorned the grounds. Speeches were made by the officials of the day. Each one expressed his satisfaction that it was a much successful day. The outing next year is expected to be a greater success than any yet held.

The following are the results for the races and other events:

At a meeting of the directors of the local branch of the Y. M. C. A. Monday night the following new directors were elected to the board, Messrs: J. F. White, J. K. H. Pope, Lieut.-Col. W. J. Brown and E. V. Buchanan.

The election of men to the board of trustees was settled. The following are the members of the board for this year: W. E. Robinson, George M. Beck, James Gray, C. T. Glass, W. E. Saunders and William Turnbull.

The work among the boys for the summer was the most important matter under discussion. Chairmen were named, and these chairmen will choose their working committees. The following are the chairmen for the various committees: Boys' work, W. D. Beamer; young men's committee, G. F. Cope-land; house committee, W. J. Murray; finance committee, E. J. H. Webster; membership committee, W. T. Clark; men's work, Lieut.-Col. W. J. Brown; industrial committee, A. F. Nash; physical work, K. P. R. Neville.

The resignation of J. B. Coleman was accepted by the directors with regret. Mr. Coleman was the men's secretary for some time. R. E. Crouch, recent graduate of university, was appointed to fill this position.

The local board of directors undertook the responsibility of the work among the soldiers at Wolseley Barracks, Byron Sanatorium, and the Westminster Hospital. This work formerly been under the direction of the National Council of the Y. M. C. A. of Canada at Toronto. It will now be administered by the local association.

PORT'S ASSESSMENT MORE THAN DOUBLED

Value For 1920 Placed At \$1,004,075—Many Appeals Expected.

PORT STANLEY, June 22.—Commissioner M. H. Penhale of St. Thomas has boosted Port Stanley property about 125 per cent, and there will be a big time at the next session of the court of revision. Every man's holding in the village was given the benefit of the high cost of building. A year ago the assessed value was accepted at the modest amount of \$450,000. Mr. Penhale has added \$554,075, and placed the 1920 appraisal at \$1,004,075. Special mention is made of the property on the beaches and in scenic localities. No provision for a rebate has been made in case houses and lots may be found overlooking the bank of the lake, on the east side of the village, between the date of appraisal and the time set apart for the holding of the court of revision.

The election of men to the board of trustees was settled. The following are the members of the board for this year: W. E. Robinson, George M. Beck, James Gray, C. T. Glass, W. E. Saunders and William Turnbull.

The work among the boys for the summer was the most important matter under discussion. Chairmen were named, and these chairmen will choose their working committees. The following are the chairmen for the various committees: Boys' work, W. D. Beamer; young men's committee, G. F. Cope-land; house committee, W. J. Murray; finance committee, E. J. H. Webster; membership committee, W. T. Clark; men's work, Lieut.-Col. W. J. Brown; industrial committee, A. F. Nash; physical work, K. P. R. Neville.

The resignation of J. B. Coleman was accepted by the directors with regret. Mr. Coleman was the men's secretary for some time. R. E. Crouch, recent graduate of university, was appointed to fill this position.

The local board of directors undertook the responsibility of the work among the soldiers at Wolseley Barracks, Byron Sanatorium, and the Westminster Hospital. This work formerly been under the direction of the National Council of the Y. M. C. A. of Canada at Toronto. It will now be administered by the local association.

Following are the names of those who were in charge of the picnic: W. Garfat, chairman; C. Aldridge, secretary; Sports: P. Campbell, J. Rockwood, H. Brown, F. Plumridge, S. Hodges, G. Davis, S. Kellor. Announcers: W. Garfat, J. Vashinder. Grounds and equipment: J. Simpson, D. Ross, A. Bartley, W. Mason, Judges: A. W. White, H. B. Ashplant, G. Davis, G. Fraser. Starters: W. Woods, W. Cooper.

At a meeting of the directors of the local branch of the Y. M. C. A. Monday night the following new directors were elected to the board, Messrs: J. F. White, J. K. H. Pope, Lieut.-Col. W. J. Brown and E. V. Buchanan.

CAUSE OF DEATH OF SENECA TP. WOMAN BEING INVESTIGATED

Mrs. Robert Gill and Her Husband Taken Ill After Supper Sunday.

POST-MORTEM HELD

Stomach and Contents Sent To Toronto For Analysis.

CAYUGA, June 22.—(Special to The Advertiser).—Mystery surrounds the death at her home, Third line, Seneca Township, on Sunday evening, of Mrs. Robert Gill, whose dead body was found in the garden at the back of her house.

Mrs. Gill and her husband had been in their usual health during the day, but immediately after supper were both taken so violently ill that their daughter became greatly alarmed and ran to neighbors for help. When Miss Gill returned to the house with friends, no signs of her mother could be seen, and it was some little time before Mrs. Gill was found in the garden lying under an evergreen tree dead.

Post-Mortem Held.
The body was carried into the house, and Dr. Maw of Cayuga was called, and on his arrival decided that as he could not diagnose the cause of death to call in Coroner Harrison Arrell of Cayuga, who ordered the holding of an inquest at 2 p.m. on Thursday next at York, the nearest village.

The coroner later called in Dr. Snyder, coroner of Cayuga, and arranged for the holding of a post-mortem examination of the remains of the deceased, which took place today. The stomach and its contents, it is stated were later sent to Toronto for examination and analysis.

Husband Recovers.
Pituitary poisoning is believed to have been the cause of the death, but as only the usual evening meal was prepared and eaten by Mr. and Mrs. Gill, the authorities are desirous of locating the exact cause. Mr. Gill still very ill, but will recover. Mrs. Gill is survived by her husband and an adult child.

DE CEWSVILLE MAN DIES OF LOCKJAW

George Hodgson, Injured in Accident On Farm, Succumbs.

CAYUGA, June 22.—(Special to The Advertiser).—The death took place suddenly at 3 p.m. today from lockjaw of George Hodgson of DeCewsville, in his 50th year. Mr. Hodgson was driving a roller on his farm a day or two ago, when the tongue suddenly broke and he was thrown to the ground and dragged some distance by the horses. The flesh of his face was badly torn, but it was thought that he would recover, lockjaw, however, developed yesterday, and death followed today. He is survived by his wife.

LONDONER PRESIDES AT JEWELERS' MEETING

ANOTHER CRISIS IN GERMANY AS CABINET FALLS

Fehrenbach Government Collapses Because Majority Socialists Refuse Support.

LONDON, June 22.—The Fehrenbach Cabinet has collapsed owing to the Majority Socialists refusing to support it. This announcement is made in a dispatch from Berlin to the London Times, sent at 10:30 o'clock last night. "It is learned tonight," (Tuesday), says the Times' correspondent, "that the Majority Socialists at a meeting today declined to give a vote of confidence to the Fehrenbach ministry. The Democrats declared that the conditions on which they consented to join the Government have not been fulfilled. The People's party also, it is reported, refuse to support the Fehrenbach Government. The crisis, therefore, is again acute."

TORONTO MAN TAKES CHILD FORCIBLY FROM WOODSTOCK SCHOOL

Alleged To Have Assaulted Boy Who Sought To Interfere.

WOODSTOCK, June 22.—Considerable excitement prevailed at one of the city schools today, when the father of a little boy named Childs, who for several years has lived here with her uncle, Fred Childs, drove up to the school in a sedan and forcibly compelled his little daughter to accompany him to his home in Toronto, and for a few minutes those in the immediate neighborhood thought it was a real kidnapping case.

The father, Howard Forfar, called at the school and going to the room where the little girl with the other pupils were just receiving one of the examination papers, asked the girl to accompany him. She protested, but despite her objections and the added protests of the teacher the father forcibly compelled her to go.

In the same room was Bobbie Childs, a cousin of the girl, who, although only eleven years of age, did his best to prevent the father taking the child. It is alleged that the boy was used roughly by Forfar and his father has had a warrant issued, charging Forfar with assault. He will likely be brought back here.

When the little girl was a babe she was taken by the Childs and kept until she was seven years of age. Two years ago she was taken to Toronto and lived with her parents until this spring, when she returned to Woodstock of her own will. Her father is a truck dealer in Toronto.

P., present owner of the Tribune, retains an interest in the company with the title of vice-president.

"WE WOULDN'T BE WITHOUT TANLAC"

Mrs. McCurdy Says It Helped Her Whole Family Back to Health.

"Tanlac has done us all so much good that we look upon it as the family medicine, and I wouldn't be without it in the house now on any account," said Mrs. M. C. McCurdy of 244 Stanley avenue, Hamilton, Ontario, recently. "I was in a very rundown condition a little while ago," she continued. "My stomach was so badly out of order, and I had such a very poor appetite I didn't care whether I ate anything or not, yet even a light meal would upset me. The food would lie in my stomach like a lump of lead, and cause me severe pains. My head ached at times fit to burst, and I had dreadful spells of dizziness. I fell off in weight until I only weighed a hundred and thirty pounds and always had a dull, heavy and tired feeling, so that the work of the house was too much for me, and I wanted to lie down all the time. My nerves were all on edge and even the slightest noise out of the ordinary would upset and irritate me."

"When I read of how Tanlac was helping so many people, I thought I would give it a trial. My appetite improved on the very first bottle, and from then on my general improvement was rapid. I soon found that I could digest whatever I ate and that my food seemed to be doing me good. As a matter of fact I haven't had any stomach trouble since, and have gained fully ten pounds in weight. I now feel strong and energetic, and really never felt better in my life."

"When my husband saw how much good Tanlac was doing me, he started taking it, too, for he was feeling run-down at the time, and it helped him quite as much as it did me. The whole family have used it, and it agrees with all of us. We think it is a wonderful medicine and that there's nothing as good as Tanlac."

Tanlac is sold in London by Standard Drug, Limited, and by an established agency in every town.

COAL WASHED ASHORE NEAR COLCHESTER OF GOOD QUALITY, REPORT

The Source of Supply Being Searched For—Old Wreck Is Belief.

WINDSOR, June 22.—Possibility of the solution of the fuel question for towns located in South Essex developed today, when huge quantities of soft coal were washed ashore at Colchester on Lake Erie. Residents of the locality who made the discovery are figuring on filling their bins for next winter independently of the transportation tangle.

Fishermen are searching the lake-shore, hoping to find an ancient wreck or hoard as a possible source of the tons of coal which have been beached. The coal is of good quality, and the quantity found is said to indicate a recently uncovered supply in comparatively shallow water. Should an abandoned wreck of a coal boat be found, the discoverers under the salvage law would be entitled to use or sell the fuel. It is considered unlikely that a mineral deposit in the virgin state will be found, there being no coal mines in this district. It is believed the recent heavy weather on Lake Erie has removed a covering of sand from a coal barge wreck abandoned years ago.

STRAWBERRIES SELL AT 8 CENTS A QUART BY THE CRATE LOT

Supply Far Exceeds Demand in Tillsonburg and District.

TILLSONBURG, June 22.—An abundant crop, shortage of pickers and the failure of housewives to can strawberries for winter use, owing to the price of sugar, has resulted in several sharp declines in the price of this favorite fruit since Monday morning. Fresh strawberries were this morning retailing at 12½ cents a quart basket. Later they dropped to 11 cents and at 6 o'clock had dropped to 10 cents, with a supply greater than the demand. So big is the crop in this vicinity that cars and trucks are delivering the berries from house to house to get them sold before spoiling, and orders are being taken today to deliver berries at 8 cents a basket by the crate, a price far below pre-war prices.

OWNER OF AUTO IN HOSPITAL FOLLOWING ASSAULT BY THUGS

Threw Away Switch Key When Men Tried To Steal Car.

WINDSOR, June 22.—M. B. Cameron, 135 Bruce avenue, is in Hotel Diet with a fractured ankle and William Kilt and Scottie Stewart, both of Amherstburg, are in Sandwich as the result of a fight in which the Amherstburg men attacked and stole the car from his automobile on the Huron line late last night.

Cameron driving towards Windsor and offered the "Burg men a ride, but according to the police, they assaulted him and attempted to steal the automobile. They were frustrated when the owner locked the switch-board and threw away the key.

LONDON, June 22.—In the House of Commons today the Government accepted an amendment to the home rule bill, proposing that the Irish representation in the Imperial Parliament should be 48 instead of 42 members in order to include four representatives of the Irish Universities in the interests of the minorities of South Ireland. The Government opposed an amendment suggesting that Irish representation at Westminster should cease the Irish Parliament achieving union. Walter Hume Long, in behalf of the Government, expressed the opinion that the Northern Parliament would never consent to be divorced from the Imperial Parliament. The amendment was rejected by a large majority.

HIGHWAY DESIGNATED THROUGH KENT COUNTY

BLENHEIM, June 22.—The clerk of Harwich received word today from the provincial highways department that a plan of the proposed provincial highway in Kent County is being deposited in the registrar's office at Chatham, and that this highway is vested in the crown and under the control of the department at 12 o'clock noon on July 2. The notice does not reveal the location of the highway. This information apparently is to be obtained at the registrar's office.

STRAWBERRY PRICES TUMBLE.

A considerable slump in the price of strawberries is predicted here for the later part of this week. The local Dominion Canners Company factory here offer only 10 cents per box, and expect to begin operations on Thursday with a good supply at that price. The 15-cent price has already been reached, some selling for that today, although 22 and 25 cents prevailed up to yesterday. The quantity and quality promises good. The high price of sugar has had much to do with the drop in price.

Reproductions which I am very pleased to send to you without a single cent, then fill in the coupon below, and you will receive my book, either now or in the future. Therefore, please send your name and address today. SANDEN.

Author:—MANHOOD: The quality which rules the world today. My friend, there never was a time in the history of the human race when real, sturdy manhood, manly vigor and manly courage counted for as much as they do now, this very minute. No matter what your age, whether you are 20 or 60, you must be either manly or you are not. It is the bravest of the fellow who proves up the strongest in this human strength that forms the front while weakness stands aside. It is he who is in most demand and most sought after by woman and men in his community, simply because he radiates that marvelous masculine influence which only an absolutely sturdy and rugged manly health can radiate. I believe any man can have a complete mastery over his own mind and body, and thereby restore this manly vigor and manly strength, no matter what his past follies may have been.

AMES BELIEVES IN SUCCESS OF NATIONS' LEAGUE

Financial Secretary Tells the Commons of Confidence in Future.

IS NO LONGER DREAM

Says New International Organization in Functioning At Present.

OTTAWA, June 22.—(By Canadian Press).—A message of confidence in the success of the league of nations and of praise for Canada's part therein, was delivered in the Commons tonight by Sir Herbert Ames, financial secretary of the league. "The league of nations is no longer a dream," Sir Herbert said. "It is a reality. It has been; it has form; it has organs; it functions. Many difficulties have been overcome; many dangers avoided. There are still difficulties and dangers in the way, but I am today convinced that ultimate success is reasonably sure, so convinced that I am ready to stake my future on this issue."

The speech of Canada's representative on the secretariat of the league was followed with close interest by members of all three parties. He said he had returned to record a solemn declaration, that in his judgment, in entering the league, Canada had made no mistake. He urged, if possible, fuller co-operation. Canada's position in the league was unique. She had joined not for what she would get, but for what she could give.

Accepted in Fullness. "Not with hampering reservations, indicative of distrust striking at the very root of the spirit of mutual confidence in which alone a league of nations can successfully operate, she accepted the pact in its fullness, believing that the interpretation of the obligations involved would be reasonable, willing to trust and be trusted," he said. The disappointment over the failure of the United States to enter had turned all eyes toward Canada.

Canada would be asked to bear her share of the expense. For her there would be no immediate return beyond the approval of conscience and the esteem of the world, but the day would come when what Canada is now giving would be returned a hundredfold. Sir Herbert appealed to Canada to be as generous, as a nation, toward sick and suffering nations as Canadians were known to be as individuals toward suffering individuals.

Free From Partisanship. International relationship, he declared, should be free from partisanship. The spectacle of political division on international questions exhibited by a nation not far from us should be a sufficient object lesson for Canadians to agree to disagree on home questions only.

Referring to the objections to the league, he said that only five out of the 45 possible original members had definitely abstained from entering. These were, United States, Cuba, Haiti, Honduras and Nicaragua.

"It would not be too much to assume," Sir Herbert declared, "that the abstention of the United States was responsible for similar action by the four smaller powers."

In the two months after the signing of the peace treaty there had been much anxiety as to whether the invited states would join the league. Within the time every invited state had decided, and there were evidences in the letters of adhesion that, while all did not consider the covenant a perfect instrument, they entered without reservations, preferring to seek their amendments from within the league rather than from without.

League Organization. Sir Herbert went into the organization of the league, and recounted in considerable detail what had already been accomplished. He concluded by saying that the position attained by Canada in the league marked a long step forward in her constitutional development. She met the other nations as an equal. She was eligible for a seat in the council, and had the right of voting for the election of one-half of the council. She further had the right of direct access on any question specially affecting her interests. It was important, therefore, that her deputation should include her foremost statesmen, and that the various parts of the British Empire should get together to study the coming problems.

Sir Herbert asked why the second meeting of the assembly should not be held in Ottawa. All facilities could be provided here, and it was fitting that the second meeting should be on the North American continent. He suggested that Canada's deputation next November bear this invitation to the league.

Tribute to Borden. Sir Herbert paid tribute to the work of Sir Robert Borden in helping to get an international office established and away to a good start.

Hon. Mackenzie King and Hon. N. W. Rowell extended the thanks of the House to Sir Herbert for his address, and the House then went into committee on the estimates of the external affairs department, in order to give the members the opportunity of questioning Sir Herbert. Sir Herbert told Dr. Bland that every treaty, commercial or otherwise, must be registered with the league, otherwise it was not binding.

H. B. Morphy asked if a nation who refused to register its treaties would be expelled, and on being answered in the affirmative, said that was a good deal to expect. He asked if the league would solve the league.

Hon. Mr. Rowell said Canada's cost for the league last year was \$54,000, and that this year's estimates would be \$200,000, but a reduction was looked for when the scale was revised.

BECK REGARDS ROLLO'S OPINION WITH CONTEMPT

Hydro Chairman Says Labor Minister's Statement Wholly Unfounded.

TORONTO, June 22.—"Beneath contempt," said Sir Adam Beck, chairman of the Provincial Hydro-Electric Power Commission, this evening, when asked in an interview concerning statements made today by Hon. Walter Rollo, minister of labor, one of which was that Sir Adam "welcomes in my opinion this opportunity of closing down the work on the hydro at Chippewa."

"With the information he must have had the following investigation by a committee of members appointed by the Legislature, the statements he makes are extraordinary coming from a member of the Government," Beck said. "I can only say that the statements are so far from the truth as to be unbecomingly untrue, and unbecomingly contemptuous."

INSIST UPON UNION

WIRELESS OPERATORS

LIVERPOOL, June 22.—Officers and engineers have joined the other shipworkers in their decision not to sail on ships unless they carry union wireless operators, who are on strike. Prediction is made in shipping circles that the port activities will be virtually at a standstill by the end of the week.

NO CHANGE IN HYDRO WALKOUT SITUATION YET

Trades Federation Officials Are Optimistic of Settlement.

DISORDERS ABSENT

Fears For Section of Canal

Where Quicksand May Cause Slide.

NIAGARA FALLS, Ont., June 22.—The hydro strike was in progress today. Trades federations officials were optimistic of a settlement following reports of the men's representatives at the conference reported making progress towards settlement.

The camps at the wharf and at Queenston were not cleared out today, although men are being ordered to vacate and officers of the provincial police were present to see that the evacuations were carried out. Today has been a huge exodus of skilled and unskilled labor from the Falls. Union officials, especially iron workers, report large numbers of men going to Buffalo, where high wages prevail.

There were no disorders during the evictions this morning and afternoon. The federation arranged for boarding places for the evicted men. One section of the canal will suffer severely, it is said, if left for a very long time, as it passes through quicksand. It is said that slides will occur, and the cut will probably be filled in very soon.

J. B. McQueen, federation president, tonight disclaimed any idea of dragging the Government into the dispute. The federation hopes to confine the negotiations to the commission.

Grand Trunk Railway Co. Accepts Award Made For Its Clerical Employees

Notifies Department of Labor That Recommendations Are Being Put Into Effect—Employees Have Not Indicated Decision On Award Yet.

OTTAWA, June 22.—(By the Canadian Press).—The department of labor is in receipt of a notice from the Grand Trunk Railway Company advising that it accepts the recommendations of the board of conciliation, which recently dealt with the dispute between the company and its clerical employees and that the award is being put into effect.

The chairman and the company's representative on the board filed a report recommending a schedule of working rules, which the department believes are generally acceptable to all parties interested. The representative of the employees did not sign the recommendations, neither has he submitted any minority report, but it is understood that he differed from his colleagues in respect to the amount of increase in wages which should be granted.

The acceptance of the majority report of the board involves an increased annual expenditure for wages to the employees affected aggregating about \$2,000,000 a year. So far the employees have not indicated whether the recommendations of the board are acceptable to them or not.

WHOLESALE GROCERS NOT DETRIMENTAL COMBINE IS COMMERCE BOARD DECISION

Ruling in Case of Firms At Hamilton and Elsewhere Regrets Inability To Pursue Investigations Further Owing To Limitations of Staff.

OTTAWA, June 22.—In the case of the wholesale grocers of Hamilton, Ont., and elsewhere, a final decision handed down by the Board of Commerce today finds that the charge of being a detrimental combine for the fixing of re-sale prices was not proved and the evidence adduced before the board.

The final decision in the case gives at length legal reasons why grocers had failed to reveal an alleged combine on the part of the wholesale grocers, expresses its regret that owing to limitations of its staff and other reasons it has been unable to pursue its complete investigation of the Dominion-wide conditions in the trade, and points out that with the resignation of vice-chairman W. F. O'Connor from the board this final decision must be made while there is still a quorum of the board to render it.

The board states, however, since the hearing in Toronto and Hamilton in March it has pursued its inquiries into the methods of the firms concerned, and has failed to obtain proof that the grocers operate a combine to the detriment of the public or that the grocers' association has ever refused to admit to its membership a bona fide wholesale grocer. The board points out that

THE DISCOVERY OF "VITAMINES"

The study of beriberi and pellagra led to the discovery of a group of food essentials known as "vitamines." They are necessary to normal nutrition and to normal growth. They are found in the whole wheat grain. In making Shredded Wheat Biscuit all the vitamins are retained—all the elements that are needed for building a perfect body. Two of these little loaves of baked whole wheat with milk or cream (or hot water) make a nourishing, satisfying meal for a few cents.

PENSION REPORT PASSES DESPITE SOLDIER PROTEST

Liberals Declare Responsibility Should Not Be Placed On Committee.

COL. PECK'S OBJECTIONS

Govt. Criticized For Failure To Pass Cash Gratuities.

OTTAWA, June 23.—Just before rising for dinner recess, the House after nearly four hours' discussion, today concurred in the report of the special committee on pensions.

Hume Cronyn, London, chairman of the committee, had first outlined the scope of the committee's recommendations. Increased pensions under the report, he said, would raise the nation's annual pensions bill from \$25,000,000 to \$35,000,000. For the benefit of approximately 177,035 pensioners, the committee had "found it necessary to recommend an average increase of 50 per cent over the pension scale adopted a year ago.

Lieut.-Col. Peck, V.C. (Skeena, B.C.), who followed, had an amendment to the formal motion for concurrence which Mr. Cronyn had presented. Col. Peck moved that the committee's report be referred back, with instructions that it be so amended as to provide for subsidies for fishermen as well as for farmers.

Tribute To Committee.

In the ensuing discussion warm tribute was paid to the work of the committee. From the Opposition there came the criticism that the Government should have taken responsibility for refusing cash gratuities, "instead of blaming the committee," as Capt. Power declared he could see the "political handiwork of a man from Saskatchewan, known the length and breadth of the country as a man likely to out-pull the Government out of a hole."

Sir Robert Borden indicated that the committee had already considered the granting of loans to fishermen, among others. He urged that the report as submitted be adopted. Were the committee compelled to reconsider its findings it would not be possible this session to give effect to the necessary legislation.

Speaks With Warmth.

On this point, Col. Peck, speaking

Real-Fruit Desserts The Rarest Sort

The only gelatine dessert which has fruit-juice flavors sealed in glass is Jiffy-Jell.

No artificial flavor can take the place of fruit. For Jiffy-Jell the fruit is crushed, condensed and sealed in vials. A bottle of this liquid essence comes in the package. And sugar is used—not saccharine—to sweeten Jiffy-Jell.

Jiffy-Jell comes in ten flavors. Try loganberry and pineapple for desserts. Try lime-fruit flavor for tart salad jell. Try mint for a refreshing mint jell.

With some warmth, declared that, rather than run any risk of delaying benefits, he would withdraw his amendment. "It is not a question of class with me," Lieut.-Col. Peck explained. "I do not care about technical forms. Perhaps an ignorant of House procedure. I specified fishermen only as one way of re-opening the rights of returned soldiers."

The amendment being withdrawn, the House then adopted the motion of concurrence in the committee's report, and bills to give effect to the committee's recommendations were introduced.

ASSIST SHIPBUILDERS.

OTTAWA, June 22.—After Sir Herbert Ames' speech the committee rose to enable the House to consider the motion by Sir Henry Borden, assistant to shipbuilding by means of indorsement of purchasers' notes. Sir Borden explained that the Government had been unable to accede to requests for bonuses for shipbuilding and for the extension of unused credits. He said there were now seventeen shipyards in Canada, employing 25,000 men. After several Opposition members had objected to the proposal as dangerous and vicious and bountiful, the principle, Hon. Mr. Borden said, there was no idea of bonuses, and that the country was simply protected by taking first mortgage on the total value of the ships.

Hon. Jacques Bureau (Three Rivers) supported the proposal as the only means of keeping the shipyards going.

In Form of Bonuses.

Mr. Cronyn explained during the debate that with few exceptions the increase recommended are in the form of bonuses. The committee points out that they are necessary to meet the high cost of living, and therefore should take the form of bonuses, but that the increases should be assured as the high cost of living continues.

To meet the storm of complaint which followed the reduction in some cases of pensions to dead soldiers' dependents on account of their enjoying free lodging, the committee recommended that widows and other dependents be allowed to make their income up to \$20 a month without any reduction in their pensions.

The increase on this head is estimated at \$240,000. Certain permanent increases should be assured to the committee, as recommended by the committee. A totally disabled soldier is awarded an addition of \$200 a year for himself and his wife, \$150 a year for the first child and \$120 a year for subsequent children.

Awarded to Widows.

On the same basis widows are awarded an additional \$120 a year for each child after the first. The increase in the pension bill on this head is estimated at \$225,000 per year. Tables giving details of the precise effect of the increase are attached to the committee's report, but were not read.

Mr. Cronyn read some figures giving expert opinion submitted to the committee on the cost of living. The committee, he said, had endeavored to base their recommendations on the minimum of expenditures in the most expensive parts of the country, and for obvious reasons had made the pension scale standard from coast to coast.

State Insurance.

After referring to state insurance and additional provision for tubercular patients, Mr. Cronyn stated that many requests which had been turned down, such as cash gratuities, had received equal if not more attention than others, and expressing the hope that the Canadian returned soldiers would realize that the committee had done its level best to recompense them for the sacrifices they had made overseas.

Lieut.-Col. W. Peck, V.C. (Skeena), observed that returned soldiers must know there was a certain amount of public opinion against them, because some of the demands made would have been too great a drain on the country's financial resources. Turning to re-establishment, he paid tribute to the minister of the interior for the success attending the soldier settlement board operations, and urged that after agriculture, the fishing industry should be the first avenue for further re-establishment.

Lieut.-Col. Peck then moved an amendment to a previous motion by Mr. Cronyn. Mr. Cronyn had moved concurrence of the House in its report, which was seconded by Mr. Turgeon (Goussier, N.B.), moved in amendment that the report be referred back to the special committee with instructions so to amend it as to recommend that subsidies be granted to fishermen as well as to farmers.

Opposed By Arthurs.

The amendment was opposed by Col. Arthurs (Perry Sound) and Captain McGibbon (Perry Sound). They were against granting loans to any one class, and supported by Dr. Boland (Essex), who said that if any class was entitled to assistance it was the fishermen.

P. P. Pardee (West Lambton) said that he could not see his way clear to support the amendment. He thought in this report the committee had done as far as it could go. If loans were granted to fishermen they should be granted to every other class of returned men. This would mean the addition of hundreds of thousands of dollars to the great debt which Canada must seek to pay.

Col. Hugh Clark, parliamentary under secretary of the department of soldiers' re-establishment, said that an organized attempt had been made to persuade the public that some members of the pensions committee were indifferent to claims of returned soldiers. Actually, the committee had devoted itself to the work in hand and had sacrificed every other duty in order to do its level best for the returned men. Personally, he was absolutely opposed to the indiscriminate giving of gratuities, even if the country could afford them. They would be bad for the country and bad for the returned men. Col. Clark made a comparison of Canadian pensions with those of other countries.

United States Plan.

In the United States, a single man got the same as the man with a wife and children, which was not the system here. The United States Government would likely correct this to make the scale uniform with the Canadian system. If the House adopted the amendment it would mean opening too many other doors for help.

The discussion was continued by Mr. Sinclair (Gusborne), in support of the amendment, and by Dr. Edwards (Frontenac), and T. W. Caldwell (Carleton-Victoria), in support of the committee's report.

Capt. Power (Quebec), congratulated the Government on the work of the committee. Never had any committee done more for returned soldiers.

W. F. MacLean (South York), suggested that a modest bounty to all returned soldiers would put an end to dissatisfaction among the returned men.

D. D. McKenzie (Cape Breton), supported the amendment. His only criticism of the pension committee was that it had left the House too little time to consider its report. Mr. McKenzie spoke at length on the grievances of returned men undergoing vocational training.

Dr. Clark (Red Deer), opposed the amendment, and supported the report of the committee.

Widest Extension.

Sir Robert Borden cited from the committee's report to show that granting loans to any particular class or classes, no matter how worthy or pressing their needs might be, must inevitably result in the widest extension of loans.

If the amendment was adopted, and the committee compelled to reconsider its findings, it would not be possible to give effect in the present session to the legislation designed for the relief and maintenance of returned soldiers and their dependents. Col. Peck said he had brought in his resolution not to delay legislation, but achieve results for returned men. He had specified fishermen for consideration only because it was one way of re-opening the matter of the rights of returned soldiers. Rather than run any risk of delaying such benefits that had been obtained for the soldiers, he would withdraw his amendment, with his second's approval.

Mr. Turgeon assented.

Entitled to Explanation.

Mr. Cronyn said that the House was entitled to an explanation of the matter brought up by Mr. McKenzie. Two representatives of the vocational students being in Ottawa on other business, had called on the clerk of the pensions committee and were informed that while the committee had received and considered their communications, it was now so close to the end of the parliamentary session the committee was unable to devote any more time to

hearing of evidence. The delegates later wrote to Mr. Cronyn, who explained that the letter had been lying for two days unanswered on his desk. In company with at least 100 other letters he had not had time to answer. Mr. Cronyn's report was then adopted by the House.

On the suggestion of Sir Robert Borden, the House agreed to forego debate on the pensions questions. Whereupon five separate bills were introduced and given first reading. They provide for the extension along the exact lines suggested by the pensions committee of pensions to returned soldiers, to their dependents, to Canadian mounted police, who served in the war, and also to cover the insurance scheme for returned soldiers.

CARPENTER CRUSHED WHEN SCAFFOLD FELL

Injuries Are Expected To Prove Fatal—Injured Man in Hospital.

WINDSOR, June 22.—Henry Barkley, carpenter, residing on Bridge avenue, is in Hotel Dieu Hospital tonight and, it is expected, will die. He was injured when a scaffold on which he was working at the plant of the Great Lakes Bridging Company, collapsed down on him. His chances for recovery were reported to be small by physicians.

ANAEMIC PALENESS QUICKLY CHANGED TO ROSY CHEEKS

Chlorosis or anaemia is simply thinness of blood. If confined too much indoors, anaemia develops, because the lungs are insufficiently supplied with oxygen, and the blood is consequently ill-nourished and half-starved.

DYSPEPTICS QUIT STOMACH DRUGGING

A physician says that in most cases of stomach trouble there is really no disease of the stomach at all, but just too much acid. Excessive acid prevents natural digestion, causes sour stomach, fermentation of food, and this upsets the liver and intestines and causes nervousness, weakness, sleeplessness, and "blues."

Quit stomach drugs and artificial digestants. Simply take a teaspoonful of our tablets of ordinary Bismuth Magnesia in a glass of hot water after meals to neutralize the excessive acidity and you will be all right. It works fine. You can eat what you want and sleep all night—no more walking the floor at three and four o'clock in the morning and suffering from extreme weakness and nervousness all the next day. Bismuth Magnesia is for sale by all druggists in powder or tablet form. Try this plan for three weeks.—Adv.

South Essex Member Denies Being Offered Money At Toronto.

TORONTO, June 22.—Milton C. Fox, U. F. O. member for South Essex, was the first of the United Farmers to "explain" to the Government the matter of charges made at U. F. O. picnics that attempts at bribery were made in connection with the Legislature. Mr. Fox having conferred today with Attorney-General W. E. Roney and Hon. Nelson, speaker of the House with reference to the allegations.

Mr. Fox denied that he ever was offered money to stop certain legislation concerning the protection of beaches, and he expressed the opinion that Andrew Hicks, M.P.P. for South Huron, had got mixed up in his understanding of the facts.

Mr. Hicks is expected here tomorrow to tell the House whether he really had made charges that bribery had been attempted, or whether there had been a mistake. He was not to his words at the picnic where he made his sensational speech. D. J. Taylor, U. F. O. member for Grey, who is reported to have said he himself was offered a bribe of \$1,000, is also expected to state his case to the Government.

PROHIBITION OF DRASTIC LAW UNNECESSARY

Should Be Removed, Declares Postmaster-General.

San Francisco, Cal., June 22.—Intense interest was aroused today among Democratic leaders here for the national convention which opens Monday, by a statement made at San Antonio, Texas, by Albert S. Burleson, postmaster-general, on the subject of prohibition enforcement.

Mr. Burleson stated that he would "vote for repeal of the drastic and absurd provisions of the Volstead act" if he were "the rankest prohibitionist in Texas."

While he said it would be impossible to repeal the act, "the ridiculous and unnecessary restrictions should be stricken out."

Coming from a member of President Wilson's cabinet, the statement was taken here as a possible intimation of the administration's attitude on the prohibition issue before the convention.

INCREASE IN DEFECTIVES.
Chicago, June 22.—While under prohibition, the number of jail inmates has decreased 25 per cent and jail costs have been lowered in the country by half a million dollars since July 1, 1919, when prohibition went into effect, there is a reported increase in the number of defectives. Burdette G. Lewis, commissioner of institutions and agencies of New Jersey, declared here yesterday.

Mr. Lewis declared that whereas a short time ago officials of hospitals and insane institutions were faced with empty wards through the decrease in alcoholics they now were seeking room in which to place defectives.

Mr. Lewis quoted statements from physicians to the effect that the increase in defectives was due to the decrease in still-born children and that this decrease was due to shutting off alcohol.

SAYS PEACE TREATY INFIDEL DOCUMENT.
Buffalo, N. Y., June 22.—The peace treaty of Versailles was characterized as "the most abominable and infidel document ever written" by Dr. Cortland Myers, of Trenton, N. J., in a speech at the National Baptist convention, which opened here today.

"Heathen and infidel sat in the council that drew up the treaty," declared Dr. Myers. "God was absolutely ignored in it, and the hosts of hell rejoiced. If that peace treaty had been successful we might reasonably question whether God still held His scepter."

NEW VICE-PRESIDENT OF MERCHANTS BANK.
Montreal, June 22.—Andrew J. Davies was yesterday elected vice-president of the Merchants Bank, succeeding the late K. W. Blackwell. Mr. Davies has for the last ten years been a director of the Merchants Bank and has taken an active part in its affairs. Mr. Davies is president of the National Breweries, Limited, a director of the Bell Telephone Company and chairman of the local board of the London and Scottish Assurance Company.

FEAR MOTORMAN COMMITTED SUICIDE.
Niagara Falls, Ont., June 22.—Herbert Franklin Smith, aged 31, is thought to have committed suicide by jumping off the lower steel arch bridge here early this morning. His coat and cap were found on the bridge. His sister, on his sister on the American side, the note said.

"I had jumped over the lower bridge today, but I have sent you a letter today, so do not be surprised. Forgive and forget. I have tried, but can find no other way."

Smith was a motorman on the International Railway.

YANKS TO SEND POLO TEAM TO ENGLAND IN JUNE, 1921.
New York, June 22.—The executive committee of the Polo Association has decided to issue a challenge for the international polo held by England with the matches to be held in June, 1921. A sub-committee composed of the late Robert E. Stewart, Devereux Milburn and Louis E. Stoddard, has been appointed to supervise the polo matches.

Trials matches will be held this summer and all available ponies will be obtained for the use of the team.

PROMINENT ENGLISH LADY GOLFERS COMING.
New York, June 22.—Several leading British women golfers, including Miss Cecil Leitch, the titleholder, are coming to the United States to compete in the women's national tournament at Cleveland, according to a letter received here from Miss Leitch.

BENNY LEONARD ARRIVES AT CHI. FOR WHITE FIGHT.
Chicago, June 22.—Benny Leonard, lightweight champion, has arrived here from the Pacific coast for final training for his championship contest with Harry Greb, who is fighting at Boston Harbor, Mich., July 5. He plans to train here for two or three days.

Mr. Leonard has established training quarters at the Michigan resort. Two bands and a throng of admirers were at the station to greet the champion.

300 ENTER BIG COAST GOLF CHAMPIONSHIP.
Vancouver, B. C., June 22.—Promising to be the biggest golfing event ever held on the Pacific coast, the Pacific Northwest golf championships are scheduled here for July 5 to 10. As it will be impossible to bring off all the events on the Burnaby course, the directors of the Shaughnessy Club have extended those in charge of arrangements the privileges of their club. There will be a limit of 300 entries in the amateur class and 1,500 in the open. A conservative estimate places the number of ladies competitors at close to 100. There will also be 50 professionals.

CRICKET.
London, June 22.—Four championship cricket matches finished yesterday at Lord's. Middlesex defeated Lancashire by an innings and 37 runs, the match being the first of the season. Lancashire, 152 and 183.

Hampshire at Colchester defeated Essex by an innings and 72 runs. Essex made 87 and 266.

At Leicester, Nottingham had the unusual experience of being beaten by a team of amateurs, who scored 222. Nottingham making 105 and 314.
