Moved by myself and seconded by Councillor G. S. Nichols "was lost, only the mover and second-voting for it."

BRITISH CASUALTIES

London, Jan. 23—Premier Asquith, in written reply to a request for British casualties in all fields of operations up to January 9 were 549,467, of which 24,122 were officers, and 525,345 of other ranks.

The winter's inactivity on the lines is reflected in the comparatively light losses of the British during the last few weeks. The previous official report made by Premier Asquith on December 9 gave casualties up to December 9 at 528,227, showing a loss in the intervening month of 21,240 or 685 daily.

During the heaviest fighting British casualties have run far in excess of this average. They amounted to 60,000 in the battle of Loos alone in a period of two weeks last Fall. The monthly average from the beginning of the war is about 32,000.

The British losses in the month preceding the period covered in today's report were still smaller. The total from November 9 to December 9 was 17,997.

\$25.00 For a Letter

CAN YOU WRITE ONE?

Thirteen Prizes to be Awarded in a Letter Writing Competition.

Some years ago the Dr. Williams' Medicine Co., of Brockville, Ont., offered a series of prizes to residents of the Maritime Provinces for the best letters describing cures wrought by the use of Dr. Williams' Pink Pills for Pale People. Hundreds of letters were submitted in this competition, and yet there must have been thousands of other users of the pills who did not avail themselves of the opportunity to win a prize.

THE PRIZES:

The Dr. Williams' Medicine Co., of Brockville, Ont., will award a prize of \$25.00 for the best letter received on or before the 1st day of March, 1916, from residents of the Maritime provinces, on the subject, "Why I Recommend Dr. Williams' Pink Pills." A prize of \$10.00 will be awarded for the second best letter received; a prize of \$5.00 for the third best letter, and ten prizes of \$2.00 each for the next best ten letters.

THE CONDITIONS

The cure or benefit from the use of Dr. Williams' Pink Pills described in the letter may be in the writer's own case, or one that has come under his or her personal observation. More than one cure may be described in the letter, but every statement must be literally and absolutely true.

The letter should be not longer than is necessary to relate the benefit obtained from the remedy in the case described. Every letter must be signed by the full name and correct address of the person sending it. If it describes the cure of some person other than the writer of the letter, it must also be signed by the person whose cure is described as a guarantee of the truth of the statement made.

The writer of each letter must state the name and date of the paper in which he or she saw this announcement. Fine writing will not win the prize unless you have a good case to describe. The strength of the recommendation and not the style of the letter will be the basis of the award.

It is understood that The Dr. Williams' Medicine Co. shall have the right to publish any letter entered in this contest if they desire to do so whether it wins a prize or not. The contest will close on March 1st, 1916, and the prizes will be awarded as soon as possible thereafter. Do not delay. If you know of a cure write your letter NOW. Observe the above conditions carefully or your letter may be thrown out.

Address all letters as follows: The Dr. Williams' Medicine Co., Brockville, Ont., Letter Contest Department.

BRITISH SURPRISED ENEMY

London, Jan. 8—The War Office today issued further details of the recent fighting on the Western frontier of Egypt. It says the enemy had no indication of the British advance until the dawn of January 8. It is stated by deserters who have reached Matruh that the enemy's losses on one flank alone exceeded the total losses in the engagement on Christmas Day, including some Turkish officers. This severe defeat, the War Office says, greatly discouraged the local Bedouins, who were with the Senussi, and they were reported to be deserting and returning east.

A GOOD RECORD.

In a recent issue of one of the city papers an item referring to the number of trips made by the captain of one of the Bay boats, caused us to get in touch with one of our masters—Capt. DeW. Holmes—who has had a record of which any man may be proud. Capt. Holmes has been in the employ of the Dominion Atlantic Railway and Steamship Co. for 23 years, during which time he has made 8,847 trips. For the greatest part of the time the seasons were of only 8 months duration, with 6 days to the week, trips only having been run on Sunday when absolutely necessary to do so. Three boats have been used by the company in the 23 years, the first being the S.S. Evangeline, the "hones" of which now lie high and dry on the beach at Mount Denison. Following her, the Percy Cann, a Yarmouth boat, was in use for two years when she gave way to the trim and staunch little steamer now employed, the S. S. Prince Alfred, one of the steadiest and safest crafts afloat. Prior to coming into employ of the "D. A. R." Captain Holmes was engaged with Churchill's of Hantsport.

We have seen the Captain at the helm and on deck in all kinds of weather during the past 23 years, and he has always taken the utmost care for the comfort and safety of his passengers, and although at times in the earlier years, his temper used occasionally to partake of the nature of the waves when there would be a gale blowing, we have observed that in the latter years he is pretty nearly always unruffled, calm, kindly and courteous; and when in due course his permanent "R. L. F." comes to take the trick at the wheel, and Captain Holmes retires, perhaps to plough the soil instead of the sea, regret of the most genuine kind will be felt by all excepting, no doubt, the genial Captain.—Parsonsboro Leader.

CONSTANTINE IS SCORED BY NEW YORK PRESS.

New York, Jan. 21—King Constantine's appeal for the sympathy of the United States, made through the medium of newspaper interviews, finds no response in the American press. On the contrary, the New York Press emphatically condemns the course of the Greek monarch.

"Nowhere on earth," it says, "is Constantine's policy of default and betrayal more bitterly condemned and more strongly despised than here in the United States. The King of Greece is as wide of the mark as he possibly could shoot when he thinks there is or can be American sympathy for his betrayal of Serbia and for his default upon his country's bond to the Allies when Greece begged them to come into her territory and do for her what she could not do for herself."

WINTER HARD ON BABY

The winter season is a hard one on the baby. He is more or less confined to stuffy, badly ventilated rooms. It is so often stormy that the mother does not get him out in the fresh air as often as she should. He catches colds which racks his little system; his stomach and bowels get out of order and he becomes peevish and cross. To guard against this the mother should keep a box of Baby's Own Tablets in the house. They regulate the stomach and bowels and break up colds. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### WAR NEWS.

Paris, Jan. 30—A Zeppelin dirigible passed swiftly over a section of Paris last night, dropping about a dozen great bombs, which killed 24 persons and injured 27.

The raid lasted about one minute and a half, while in the first visit of Zeppelins to Paris, on March 21, 1915, four of these aircraft were over or in the neighborhood of the Capital for nearly two hours. They came at that time under entirely different atmospheric conditions, being plainly visible in a clear sky. Last night the fog seriously interfered with the work of the Paris aerial guard.

The fact that only one German machine appeared leads to the belief that the Zeppelin was making a reconnoitering trip, and the supposition is that the Germans have in view a similar operation on a larger scale.

Warnings of the presence of a Zeppelin were hastily given, and the lights of Paris were dimmed. At the hour of the raid the theatres and cafes were open, and householders had hardly yet retired. Almost immediately all the aeroplanes guarding Paris were made ready, and about thirty of them took the air. One of these machines fired 24 shots from a quick-firer at the invading craft, which, pursued by several of the little machines, sped at top speed westward. Apparently the bombs carried by the Zeppelin were let loose indiscriminately, and without thought of where they should strike.

One of the pursuing aviators said that the searchlights were useless in the fog, he himself being hardly able to see more than twenty-four feet above with the aid of his light. The Paris newspapers demand that measures of retaliation be taken immediately.

Another Zeppelin raid on Paris was threatened Sunday night, warnings being sounded throughout the city, and crowds gathering to watch for the appearance of the raider and the attack on it, which was sure to be made should it come within sighting distance of the cordon of aeroplanes guarding the capital.

Berlin reports that all the ground the Germans gained in their latest offensive in the vicinity of Neuville and South of the Somme river remains in their hands, despite strong French attacks. The position captured South of the Somme, says the Berlin communication, is 3,500 yards in length, and 1,000 in depth. Seventeen officers and 1,270 men, among them several Englishmen, were made prisoners.

Paris says that in fresh attacks opposite Dompierre, South of the Somme, the Germans were twice repulsed.

Little fighting has been going on at the Russian front, except near Uscieczko, on the Bukowina frontier where repeated attacks by the Russians against the Austro-Hungarians are declared by Vienna to have been repulsed.

In the Balkans the situation is quiet. There have been the usual bombardments on the Austro-Italian front.

The situation in the Caucasus and Mesopotamia, where the Turks are battling respectively with the Russians and the British, is virtually unchanged. Near Felahie, it was asserted, the Turks captured a thousand camels from the British.

Petrograd on the other hand, reports that to the North of Ezerum the Russians continue their advance, taking prisoners and capturing machine guns. The pursuit of the Turks South of Lake Urumiah continues.

Apparently pleased with his visit to Berlin, where he had conferences with German officials, Col. Edward M. House, per-

sonal representative of President Wilson, has departed for Switzerland.

From the outbreak of the war to Jan. 8, the recruits raised by Ireland numbered 86,277, according to the report of Baron Wimborne, Lord Lieutenant of Ireland, published tonight (Jan. 31.) He estimates that at the present time there are about four hundred thousand unattested single men of military age in Ireland, but deducting those indispensable for agriculture, commerce and the production of munitions, and those medically unfit for service, concludes that the single men actually available would hardly exceed one hundred thousand.

The casualty list posted at midnight (Jan. 31) contains the names of three Nova Scotians, Private Joseph H. Wentzell, of Berwick, died of wounds, and Sergeant B. H. Landels of River Hebert and Private John Gillis of Inverness County, wounded. Private Wentzell was a member of the 13th Battalion. Private Gillis was a member of the 16th Battalion and Sergeant Landels of the Princess Pats.

A despatch from Ottawa states that St. Francis Xavier College is to send hospital unit to the front representing that university. This will be pleasing news to the people of eastern Nova Scotia, and indeed to the whole province, whose people have already seen a similar hospital unit leave its shores.

There has been little fighting of late anywhere in any of the war theatres, except by the artillery. German positions at Steenstraete, to the south of Roze, and to the north of St. Mihiel, have come under the guns of the entente allies on the western line and considerable damage has been done.

The Italians and the Austrians have opened another fierce artillery duel along the Isonzo front of the Austro-Italian line. No reports have been received from the Balkans, except a semi-official statement from Berlin that the Italians have thrown up another infantry division and several batteries of artillery in Aviona, Albania, their intentions being to hold this important port against the advance of the Austro-Hungarians.

A military order has been received at the Austrian village of Hochts, near the Swiss frontier, for delivery of the larger church bells and of copper from roofs of churches to the authorities for the manufacture of war munitions.

#### ZEPPELINS AGAIN RAID ENGLAND

London, Feb. 1—A raid by 6 or 7 Zeppelin airships took place last night over the eastern, northeastern and Midland counties of England, according to an announcement of the war office. A number of bombs were dropped, but up to the present no considerable damage has been reported.

The twenty thousand extra Canadian troops, who are shortly to leave Canada for England, are those who, as previously intimated, will take the place at the English training headquarters of the fourth Canadian division. The latter has been accepted, and in a few weeks will move across the channel to France.

Lt. Col. John Stanfield, M. P., who has been appointed to raise and command a new Nova Scotia regiment, was in Halifax, and discussed the matter of his regiment with headquarters officials. Colonel Stanfield left for Truro on Monday night. The new regiment will be known as the 193rd.

Halifax is having a whirlwind campaign to raise \$250,000 for the Patriotic Fund. Among the large subscriptions

MR. WHITMAN  
882 St. Valier St., Montreal.

"In 1912, I was taken suddenly ill with Acute Stomach Trouble and dropped in the street. I was treated by several physicians for nearly two years. I was in constant misery from my stomach and my weight dropped down from 225 pounds to 160 pounds. Several of my friends advised me to try 'Fruit-a-tives' and I did so. That was eight months ago. I began to improve almost with the first dose. No other medicine I ever used acted so pleasantly and quickly as 'Fruit-a-tives', and by using it I recovered from the distressing Stomach Trouble, and all pain and Constipation and misery were cured. I completely recovered by the use of 'Fruit-a-tives' and now I weigh 203 pounds. I cannot praise 'Fruit-a-tives' enough".

The civic elections took place Tuesday in the towns throughout Nova Scotia. In most of the towns Election Day passed off very quietly, in some cases the full Council being returned by acclamation.

In Wolfville Mayor C. S. Fitch was re-elected over I. B. Oakes with a majority of 65 votes. Councillors for two years—W. C. B. Harris, with 134 votes; Dwight Sherwood, 100 votes; Councillors for one year—S. M. Beardsley, with 123 votes, winning over their opponents with large majorities.

At Kentville quite an interest was manifested. A. L. Pelton was elected by acclamation. R. T. Caldwell, Capt. McBride and R. H. Lamont were elected as Councillors, the vote standing: R. T. Caldwell, 224; Capt. Wm. McBride, 174; R. H. Lamont, 156; C. S. Silver, 151; Tom Weaver, 94.

On Tuesday evening after election the Hiawatha Band under the leadership of Mr. C. S. Silver, serenaded the members of the new Town Council, going first to the home of Mayor Pelton, then to Councillor Caldwell's, McBride's and Lamont's. At the conclusion of the programme, the Mayor and Councillors on the invitation of Councillor Caldwell repaired to Mrs. A. C. More's tea-rooms where a most enjoyable banquet was held. After a sumptuous oyster supper, speeches

were given by the Mayor and Councillors appropriate to the occasion.

OBITUARIES.

A very sad event and one which calls for our entire sympathy took place at the Elite Hotel, Kentville, Wednesday, when Private Gould and Lance Corporal Magee of the 112th Battalion passed away as a result of an attack of measles which developed into pneumonia and other complications.

Private Norman H. Gould is a son of Mr. and Mrs. Ephraim Gould of Turner's Brook, near Harborville. He enlisted on December 15th, aged 18 years. He was a young man very highly esteemed, upright and honest, and a general favorite. Beside his parents he leaves two sisters, Annie and Nina living at home and three brothers, Charles and Milton of Los Angeles, California, and Clarence who is married and living at Harborville. The father of the deceased has been an invalid for several years.

The remains were taken to Harborville on Wednesday afternoon. The funeral will take place on Friday.

Lance-Corporal Grant Ernest Magee is the only son of Mr. and Mrs. J. A. Magee, Lower Church Street. He enlisted December 15th, at the age of 18 years. After a few weeks training he was promoted to Lance-Corporal, being a young man of exceptional ability, and quick in the performance of his military duties. He was very highly esteemed by his associates, indeed a general favorite with all.

He was a member of the Canard Presbyterian Church. He leaves beside his parents one sister, Vesta Isabella. The funeral services will take place this afternoon at 2 o'clock, burial at

Canard. Rev. J. U. Bell, Rev. R. B. Layton and Rev. W. R. Foote will conduct the service.

Both of these young men were Kings County heroes, who freely gave their services in the time of their country's need. The deepest sympathy is extended to the bereaved home circles.

Mr. James Gibson

The death of James Gibson took place at his home in Kentville on Friday, January 21, aged 55 years, 11 months, after a lingering illness of nine months. He bore his sufferings with Christian patience, never murmuring but fully trusting in his Saviour. Mr. Gibson was well known in this County and was respected by all who knew him. The funeral took place on Sunday at two o'clock and was largely attended. Rev. R. U. Bell pastor of Presbyterian Church at Canard, assisted by Rev. R. B. Layton pastor of the Kentville Presbyterian Church. He leaves to mourn their loss of a loving husband and father, a widow (nee) Miss Annie Walker of Kentville and five sons: Kenneth of Amherst and Channing, Reginald, Brenton and Dexter at home. Interment took place at Oaks Grove Cemetery.

Mr. and Mrs. A. B. Dorman of Margareville have received from the militia department, Ottawa, a telegram conveying the sad news that their son, Sgt. Lloyd A. Dorman has been killed in action. Thus another of our men has died the hero's death and another is added to Canada's lengthening roll of honor.

Mr. Allison West of the electric Railway at Seattle, Washington, is spending the winter at his home in Aylesford.

See Miss Ormiston concerning your dressmaking. Work done at your home. Address Mrs. J. W. Turner, Prospect St., or P. O. Box 46.

THREE 25TH BATT. HEROES GIVE THEIR LIVES FOR THE EMPIRE.

Lieut. Forrest A. Ladd, of Yarmouth, N. S., a member of the 25th Battalion, is reported as slightly wounded. Albert Tapp, of Belville, Ont., another member of the 25th, has been seriously wounded.

Mr. and Mrs. Charles S. Barrs left Halifax Monday on a trip to Quebec and Montreal, are staying a few days at the "Chateau Frontenac", Quebec.

The Canadian Pacific Railway asks its employees to give one day's pay during the months of February, May, August and November to the Patriotic Fund.

The Legislature of Nova Scotia is summoned to meet on Thursday, Feb. 10th. This will be the fifth and last session of the present House of Assembly.

It is stated that Lt.-Col. Beer will command the 140th Battalion which is affiliated with the 140th New Brunswick Battalion and which is to be organized at once.

Mr. Ralph N. Clark, who has represented the United Fruit Companies of Nova Scotia in Havana since last autumn arrived at his home in Berwick Friday last.

A cable received at Halifax, 28th ult., conveyed the good news of steady and marked improvement in the condition of Dr. F. V. Woodbury. We are glad to state also that Mrs. Woodbury (nee Miss Francis Lydiard) has arrived safely in England.

An enjoyable social was held in the vestry of the Kentville Baptist Church, Tuesday evening. A large number was present including many of the boys of the 112th Battalion. A splendid musical and literary programme was given, a special feature of which was the solos with guitar accompaniment by Lieut. Howe, which are always most enthusiastically received. Excellent solos were given by Miss E. Spidell, Miss M. Lloyd, and Miss S. Wyld with violin accompaniment by Miss Olivia Lamont; Cornet solos by Mr. Roy Walsh with piano accompaniment by Miss Lois Lamont, and readings by Mrs. J. R. Webster, Miss M. Daniels, Miss G. Refreshments were then indulged in, after which amusing games were played. The singing of "Tipperary" followed by the National Anthem closed this delightful evening. Mr. W. E. # Health for Sick Women

### For Forty Years Lydia E. Pinkham's Vegetable Compound Has Been Woman's Most Reliable Medicine - Here is More Proof.

To women who are suffering from some form of woman's special ills, and have a constant fear of breaking down, the three following letters ought to bring hope:—

North Crandon, Wis.—"When I was 16 years old I got married and at 18 years I gave birth to twins and it left me with very poor health. I could not walk across the floor without having to sit down to rest and it was hard for me to keep about and do my work. I went to a doctor and he told me I had a displacement and ulcers, and would have to have an operation. This frightened me so much that I did not know what to do. Having heard of Lydia E. Pinkham's Vegetable Compound I thought I would give it a trial and it made me as well as ever. I cannot say enough in favor of the Pinkham remedies."—Mrs. MAYNE ABRACH, North Crandon, Wis.

#### Testimony from Oklahoma.

Lawton, Okla.—"When I began to take Lydia E. Pinkham's Vegetable Compound I seemed to be good for nothing. I tired easily and had headaches much of the time and was irregular. I took it again before my little child was born and it did me a wonderful amount of good at that time. I never fail to recommend Lydia E. Pinkham's Vegetable Compound to ailing women because it has done so much for me."—Mrs. A. L. McCasland, 509 Have St., Lawton, Okla.

#### From a Grateful Massachusetts Woman.

Roxbury, Mass.—"I was suffering from inflammation and was examined by a physician who found that my trouble was caused by a displacement. My symptoms were bearing down pains, backache, and sluggish liver. I tried several kinds of medicine; then I was asked to try Lydia E. Pinkham's Vegetable Compound. It has cured me and I am pleased to be in my usual good health by using it and highly recommend it."—Mrs. B. M. Ossoon, 1 Haynes Park, Roxbury, Mass.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

With a total of 834 deaths in Philadelphia last week, all records for the last five years were shattered, and the seriousness of the epidemic of the grippe and pneumonia which has invaded the city was forcibly demonstrated. The number of deaths due to pneumonia last week was 140, while 93 persons succumbed to broncho-pneumonia and 52 to the grippe.

### ALLIES STILL MASTER OF THE AIR.

#### Have a New Machine Which is Superior

London, Jan. 25—The mastery of the air on the western front still belong to the Allies, despite the repeated attempts of the enemy to overcome their supremacy. For the last month, Germany has been making a tremendous bid to wrest this superiority from us with the new German Fokker machine, which possesses extra speed combined with assurance in flight, and is so constructed that a machine gun can be fired thru its revolving propeller blades.

This weapon is the most formidable that the British airmen have yet encountered. Fear has been openly expressed here that in the Fokker, German invention at last has designed a machine superior to ours and destined to wrest the air supremacy from us. Such alarm is set at rest by messages from British correspondents in the field.

The Times correspondent denies the contention that the British airmen are unable to deal with this new German type. He reveals the existence of a new British machine which is a match for the Fokker, and cites numerous instances in which the Fokker has been forced to earth by our latest invention which possesses the same advantage of direct fire thru the propeller as is possessed by the Fokker, together with other admirable qualities, which conditions make inexpedient to reveal at present.

Philip Gibbs, correspondent of the Daily Chronicle says: "It is revealing no secret, because the enemy already has discovered at his cost, that we have a machine which is a match in speed and hunting qualities to the German type."

### RUSSIANS MAKE GREAT SWEEP

#### Capture 4000 Turks and Scores of Machine Guns.

London, January 25—Four thousand Turks, including fifty officers were captured by the Russians in the recent battle in the neighborhood of Erzerum, according to a despatch from Petrograd to Reuters. The Russians are also said to have captured scores of machine guns and enormous quantities of munitions.

The despatch says: "The rout of the Turks in a battle which resulted in their being driven into Erzerum appears from later accounts to have been even more decisive than shown in the first reports. Apart from the Ottoman losses in actual battle, the Russians captured during the pursuit fifty officers and 4,000 men. They also took scores of machine guns and enormous quantities of munitions."

"The influx of 120,000 Turks in Erzerum is considered to reduce the defensive power of the fortress."

"In the Pripet marsh region of Volhynia the Russian positions are stated to be only four versts (2 3/4 miles) from Pinsk, so successful have been the Russians in the recent actions."

In Canada the problem of raising another quarter of a million men carries with it the problem of providing equipment for them, and it is evident that factories which have been busy with this class of work will be even more active in the months to come. A London cable announces that a thousand and skilled munition workers among the Canadian soldiers have been released to work in munition factories.

Norman Prince, the aviator in the French army who came home on furlough to spend Xmas with the family of his father, Frederick H. Prince, a Boston Banker, intends to fight any move to intern him.

London, Jan. 27—Andrew L. Horner, member of Parliament for South Tyrone, died yesterday at Crewe.

The publisher of the best Farmers' paper in the Maritime Provinces in writing to us states: "I would say that I do not know of a medicine that has stood the test of time like **MINARD'S LINIMENT**. It has been an unfailing remedy in our household ever since I can remember, and has outlived dozens of would be competitors and imitators."

The business manager of Ford's peace expedition says the total cost may reach a million dollars.

**Rescue of Crew of**

New York, Jan. 27—The story of the rescue of 35 men composing the ship's company of the steamer Pollentia, which foundered in mid-ocean January 22, is told by officers of the steamer America, which arrived here yesterday from Naples. The story was picked up by wireless. The Pollentia's "S.O.S." call was overheard by the wireless operator of the America on January 19, when the distressed steamer was about 700 miles off Cape Race and 750 miles from the America. Soon afterward the steamer Giuseppe Verdi, 126 miles from the Pollentia, flashed word that she was hurrying to the foundering steamer.

The America's wireless operator relayed the news of the Pollentia's run to other steamers, and the Westerdik, Siamese Prince and Mombasa hastened to the rescue.

"A storm was raging and the sea was so rough that it was impossible for the rescue steamers to lower boats when they reached the Pollentia," said one of the America's officers. "They stood by her for three days, and then the oil tank steamer Narragansett arrived, poured oil on the water quieting the waves, so that the Pollentia's crew was taken off by the Giuseppe Verdi."

**Dates in Connection With the Commencement of the War**

A friend inquired a day or two ago as to the date of commencement of the present great War.

We give herewith one or two facts, in connection with the start of the war, and we would suggest that they be clipped from the paper and preserved for future reference.

- July 28—Austria declared war on Serbia.
- Aug. 1—Germany declares war on Russia.
- Aug. 4—Germany declares war on Belgium.
- Aug. 4—Germany declares war on France.
- Aug. 4—Britain declares war on Germany.
- Aug. 7—Montenegro declares war on Austria.
- Aug. 12—Britain declares war on Austria.
- Aug. 16—Japan sends ultimatum to Germany.
- Aug. 26—Austria declares war on Japan.

**OUR KING**

While some great reputations at home have fallen during the war, one of the few reputations that have risen higher is that of King George who proved himself not only the titular, but also the real leader. Future generations, when they read the history of the war, will be as proud as we are now to know that the throne was occupied by a man of character, conscience and courage, a man who feared God, did his duty, and set a high example. His words are never theatrical, but they ring very finely and thrillingly in his Christmas message to the Navy and Army, and his address to the Indian army corps on their departure from France, for another field of action. The straightforwardness, simplicity, and sincerity of the King enables him to say what encourages and inspires his soldiers and sailors—British Weekly.

**HORRIBLE TRAGEDY IN NEW BRUNSWICK TOWN**

Woodstock, N. B., Jan. 28—William Wilson, a well-to-do and highly respected farmer of Woodlawn killed his wife and then went to the barn and hanged himself this morning. He had been acting strangely of late and no doubt was insane. He was also brooding over his continued ill-health.

Russia will have one compensation for the war—the prohibition of alcoholic beverages. **Minard's Liniment Cures Garget in Cows.**

**MOTHER'S DUTY TO HER DAUGHTER.**

Her Health Must Be Carefully Guarded as She Approaches Womanhood.

The mother that calls to mind her own girlhood knows how urgently her daughter is likely to need help and strength in the years between early school days and womanhood. It is then that growing girls droop, become feeble, bloodless and nervous. Nature is calling for more nourishment than the blood can supply. Signs of distress are plainly evident and aching backs, fits of depression and often a dislike for proper food. Those signs mean anaemia—that is bloodlessness.

The watchful mother takes prompt steps to give her girl the new, rich, red blood her system calls for, by giving her Dr. Williams' Pink Pills, which transform weak, anemic girls into a condition of perfect health, through the rich, new blood these pills actually make. No other medicine like Dr. Williams' Pink Pills and thousands of weak, disheartened girls have proved their worth. Miss Mabel Siclair, Coburg, Ont., says: "About three years ago I was a very sick, nervous and run down girl. At the least excitement I would tremble and faint away, and the slightest noise would annoy me. I had severe pains about the heart, and would often take dizzy and smothering spells. I lost in weight and the color all left my face. My mother got all sorts of medicine for me, but all failed to do me any good and I was still going down hill. One day we read in the newspaper of a similar case cured by Dr. Williams' Pink Pills and the next time my mother went to town she got three boxes. In a short time I felt the Pills were helping me, and from that on every day they helped me more. I took altogether nine boxes and felt a new person. I was ready for all my meals, gained in weight; the color came back to my cheeks, and I was again enjoying perfect health, and have ever since enjoyed that blessed condition. I earnestly advise all weak girls to give Dr. Williams' Pink Pills a fair trial, as I am sure they will do as much for them as they did for me."

You can get these pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

An American paper says:—This year seems to have witnessed in many places a return of the old fashioned grippe. There is no remedy for it or no preventative so sure as plenty of good air, sufficient exercise, good food, proper sleep and much fresh water. Incidentally one does not need to put himself in the place where those who are ill will cough in his face.

A 12-year-old cat, and Nemo Pratt, a six-year old Scotch collie, went to the dentist in Boston recently and had their teeth cleaned and treated. They were the first patients to receive the benefit of the new dental equipment just installed at the Angell Memorial Hospital.

There were sixty-nine lynchings in the United States in 1915, seventeen more than in 1914.

During Lord Derby's recruiting campaign over 2,500,000 men, not counting those rejected for physical reasons, volunteered for service. These wonderful figures ought to convince both the Allies and the enemy, as Mr. Asquith says, that the people of the British Isles have their hearts in the war.

Sir Sam Hughes is confident that his department will reach the half-million goal by the end of January. Who would have dreamt a year and a half ago that Canada would have a quarter of a million men men at her disposal for service abroad in the first month of 1916?

The question as to whether the 85th Battalion would or would not wear kilts was decided, Saturday, when the vote of every man in the regiment was recorded, and the result was overwhelmingly in favor of the kilts. Only 25 voted against. As soon as the weather permits kilts will be worn.—Ex.

### CHURCH STREET PLAYERS.

The Church Street Players are meeting with full houses, enthusiastic audiences and hearty plaudits for their drama, "A Southern Cinderella," and the representative gathering at the Armories in Canning on the night of the 25th of January was particularly demonstrative, and although, between acts, efficiently entertained with sweet strains of heavenly music through the kindness of Canning's orchestra of talented musicians, were yet eager for the "rise of the curtain," upon the next act or scene begrudging the time taken for the changing of the robes, which in themselves were a surprise, and wonderful creations of the "tonorial art," as Mammy Judy would tell us. And verily, Miss Shirley Kidston as this same Mammy, has control of a wonderful vocabulary at the tip of her tongue, and kept every body longing to laugh outright all the time, and yet not daring to do so, for fear of missing one of the elaborate speeches of this Dusty Dame. Mrs. Harmon, as the wealthy old aristocrat, Madame Charteris, was perfect in her role; but there, which of the seven were not, it was hard to believe that all were amateurs. For except in the matter of rapid fire changing of costumes, they had many an old stager beaten to the wall. Do not miss the opportunity of seeing and hearing these Players if they should again bring their play before the public.

Mrs. Charles Robinson was "at home" to a large number of friends during the week-end.

The Red Cross Society are anticipating holding a bundle party at the home of Mrs. Freeman Morton for the purpose of realizing funds to carry on the good work. Too much praise cannot be given to the women of this community in their untiring efforts to relieve suffering humanity.
