### The Paper Which Attempted to Defame King George May be Deported on Reaching New York

(Courier Leased Wire).  
NEW YORK, Jan. 10.—E. H. James, editor of The Paris Liberator, which printed the libelous story of the marriage of King George to a woman who became King, will probably be detained when he arrives in New York today or early tomorrow. It is said today that orders have been received for his detention, and that if James acknowledged the authenticity of the statements attributed to him before he sailed from

France, that efforts will be made to deport him.  
James is on his way to this country with the announced intention of defending Edward Mylius, who was imprisoned in England for uttering the libel as author of the story. Mylius is being detained at Ellis Island as a convict and therefore undesirable alien. A lengthy brief in Mylius case is now in the hands of Secretary of Commerce Nagel, counsel for the writer, claiming that the crime of which he was judged guilty in England did not involve moral turpitude.

### Terms of Unionist Party to Bonar Law are Kept a Secret

(Courier Leased Wire).  
NEW YORK, Jan. 11.—A cable to the Tribune from London says: The terms of the Unionist party proposal to Mr Bonar Law are discreetly concealed so that it is possible for both food taxes and free traders to claim the victory. The terms of the Unionist press are numerically opposed as to the nature of the proposed compact.  
There is to be no abandonment of

food taxes says The Pall Mall Gazette. Food taxes are to be relegated to a second place, says The Daily Telegraph, which intimated this alternative to the now discarded referendum.  
The immediate outcome is the dropping of food taxes and the indefinite postponement of imperial preference, says The Birmingham Post, which is credited with speaking the mind of the Chamberlainites.

### Is the Condition of the Duchess of Connaught --The Duke Straightens Out Unfortunate Incident in Connection With Montreal Mayor.

(Courier Leased Wire).  
MONTREAL, Jan. 11.—The last issue issued from the Royal Victoria Hospital yesterday evening, in which the condition of the Duchess of Connaught was said to be improved, led to a distinct lessening of apprehension manifested by the party and the many friends of the Duchess here this morning; it is expected that the doctors would be able to tell of still further improvement.  
The city of Montreal took official notice of the illness of the Duchess of Connaught yesterday, when Mr. Lavallee sent his private secretary, Mr. Rene Bauset, to the Royal Victoria Hospital to make inquiries of the progress of the recovery of Her Royal Highness, and to express the deep regret of his city and the members of the city that the Duchess of Connaught had fallen so seriously ill.

Mr. Bauset, in a report he made to the Mayor, stated that he had gone to the Royal Victoria Hospital and he had been informed by the secretary of the hospital that the Duchess of Connaught had passed the most comfortable night since her arrival at the hospital, but that the state of the health of Her Royal Highness was none the less grave.  
An unfortunate mix-up took place over the inquiries of the mayor about the Duchess. It was first attempted to get information from the Governor-General's party, but no response to the application for news was forthcoming. The mayor's secretary was then sent to the hospital itself. Yesterday the Duke of Connaught hearing that the Mayor had been making inquiries, sent his secretary, Arthur Sladen to express his deep regret that he (the Duke) had not been informed of the inquiries yesterday morning.

### Train Raced into Cleveland with a Baggage Car on Fire

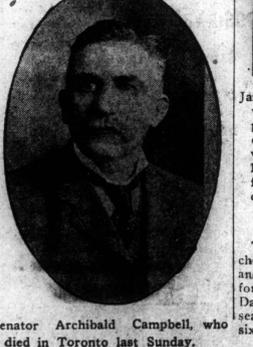

(Courier Leased Wire).  
CLEVELAND, O., Jan. 11.—At 10:53 on the Lake Shore and Michigan Southern Railroad, a mail and baggage train, carrying a Cleveland late yesterday, a baggage car fire, and was met by an engine company which put out the blaze after the car and contents had been almost destroyed. The fire was noticed by the agent at Painesville, 30 miles east, who telegraphed ahead for the engine company. The car was filled with a consignment of shirts and collars valued at about \$1,500. Damage to the car was estimated at \$2,000. The mail clerks were in the fourth car, one behind the car which burned, and were unhurt. The fire is thought to have been started by sparks from the engine.

### License Boards Appointed for the Two Brants--Uncle Sam Gets Richer by Receiving Two Dollars Conscience Money--Oliver and Clark Disturbed at a Meeting--Saskatoon to Vote on Sunday Cars--Funeral of the Last Omnibus in Paris

**CONTRIBUTION**  
(Courier Leased Wire).  
WASHINGTON, Jan. 11.—The United States Government received a "conscience" contribution of \$2,000 from Canada to-day. It came from Cobourg, Ontario, and was addressed to the Minister of Customs at the Senate chambers. It is assumed to be the aftermath of some smuggling operation, but the conscience-stricken contributor did not furnish his name.

**LICENSE BOARDS IN TWO BRANTS**  
(Courier Leased Wire).  
TORONTO, Jan. 11.—The appointment of license commissioners appears in the Ontario Gazette, and includes the following:  
Brant, North—Christopher Barker, James Smiley, Mortimer Hunter.  
Brant, South—William J. Verity, John A. Colter, Thomas Hendry.

**VOTE ON SUNDAY CARS**  
(Courier Leased Wire).  
SASKATOON, Sask., Jan. 11.—This place will vote on the question of Sunday cars on Feb. 11. Eight money-by-laws involving \$58,000 will also be submitted to the people.

**RECOMMEND MORE BOATS**  
(Courier Leased Wire).  
LONDON, Jan. 11.—The carrying of extra lifeboats sufficient for the accommodation of all the passengers and crew of ocean liners is recommended in the interim report of the departmental committee on boats and davits appointed after the Titanic disaster to advise the British Board of Trade.

**OLIVER AND CLARK SPEAK**  
(Courier Leased Wire).  
CALGARY, Jan. 11.—At a meeting addressed by Hon. Frank Oliver and Dr. M. Clark on the naval question an attempt was made to prevent discussion and the police were required to quell the disturbance before the speakers could proceed. A crowded audience was present and the lawless conduct of a small section was resented by the majority who were desirous of hearing the

subject discussed on its merits. After the arrival of the police no serious disturbance occurred, the presence of the bluecoats being sufficient to quell the troublemakers.

**FUNERAL OF AN OMNIBUS**  
(Courier Leased Wire).  
PARIS, Jan. 11.—The funeral of the last horse omnibus of Paris took place to-day when the last of the line that ran from Lavillette to Saint Sulpice was suppressed.

At noon when the old vehicle was to start on its final journey a great crowd gathered on the Place Saint

Philippe and with mock solemnity lung wreaths inscribed with the virtues and past glory of the rickshaw conveyance round the sides. A line of new automobile omnibuses was drawn up around the square and the motormen of these modern vehicles sat with their caps in their hands and played a lugubrious fan fare on their horns as the driver of the horse omnibus, an ancient looking individual drove on his final run.  
The omnibus was crowded with passengers who together with the driver and conductor wore crepe bands on their hats and arms.

**PERSONAL**  
Mr. Arthur Angier returned to his home in Toronto this morning.  
Mr. R. Stanley Montgomery, of Winnipeg, who has been spending the holidays at his home, 204 Nelson St., returns to the West to-morrow evening.

## U. S. JUDGE

### Is Stricken While on the Bench--As the Outcome Celebrated Trial May Have to Start Over Again.

(Courier Leased Wire).  
NEW YORK, Jan. 11.—The illness of Judge Chas. M. Hough, of the Federal District Court, who was stricken on the bench yesterday, may necessitate a new trial for Julian Hawthorne, Josiah Quincy, Albert Freeman and Dr. William J. Morton, who are charged with using the mails fraudulently in promoting mining companies. Judge Hough has presided over the trial during its seven weeks' progress. Assistant district attorneys in the case are looking up the law on this point to determine if they will have to go again over the ground already covered, should Judge Hough's illness be a long one.  
At the hospital where Judge Hough was taken when the trial was suspended, it was said to-day that he was doing well. He is suffering from hemorrhages of the stomach.

### The Awful Toll of Life in Connection With the Bulgarian Army

(Courier Leased Wire).  
ST. PETERSBURG, Jan. 11.—The official list of casualties in the Bulgarian army since the beginning of the war with Turkey, shows that 284 officers and 21,018 men have been killed or have succumbed from their wounds or disease, according to the special despatch from Sofia to Novoe Vrenya. Besides this 876 set serving with the army in the officers and 15,000 men were wounded or put on the sick list. Of these 70 per cent have since recovered and rejoined the army.  
The Bulgarian Government has asked for the services of 70 Russian and Czech physicians to combat the infectious diseases which have appeared in various regions. The five Bulgarian physicians are all absent. Besides this 876 set serving with the army in the field.

## THE POWERS

### Will Conquer With Regard to Peace Negotiations--They Must However Take Some Prompt Action

(Courier Leased Wire).  
NEW YORK, Jan. 11.—A cable from London to The Herald reports that Roumania is mobilizing and that an ultimatum has been sent to Bulgaria demanding the cession of Silistria within a fortnight, and accompanied by a threat that Roumanian troops will occupy the coveted territory if the demand is not granted. The Standard this morning, voicing the views of cool headed observers here, says:  
"Though the task of the ambassadors of the great powers has been rendered more difficult by the large crop of unfounded rumors concerning the Balkan situation, it is certain that the united judgment of Europe must in the end conquer."  
By means of the mobilization, however, is that the ambassadors must not delay too long in applying adequate pressure at Constantinople and that if the dilly-dallying which marked the procedure of the powers before the war begun when intervention on behalf of the Christians in Macedonia and Thrace would have averted the sacrifice of many thousands of lives on the battlefield, it is to be the policy here the situation will become so serious that a military and naval demonstration will be necessary to convince Turkey that she can no longer defy civilization.

### Seventeen Killed and Many Injured by an Explosion

(Courier Leased Wire).  
MOBILE, Ala., Jan. 11.—Checking up the list of passengers and crew of the Tomigbee River Steamboat James T. Staples, which sunk after an explosion of her boilers at Bladen Springs, Ala., Thursday afternoon, shows seventeen persons were killed and twenty-two injured. Only ten bodies have been accounted for. The list of six dead whites includes Gross Scruggs, who died at a hospital last night.

Wm. Lake, Treasurer; N. Wilfong, Physician; Dr. Gamble; Chaplain, P. Hurley; Sergeant, F. Hurst; Master at Arms, E. Blackwell; First Guard, F. Blower; Second Guard, E. Maggett; Sentinel, J. J. ### These Union Hours are Stated to Have Gone to Smash

(Courier Leased Wire).  
NEW YORK, Jan. 11.—Union hours have gone smash in the mediation proceedings between the locomotive firemen's union and the fifty railroads east of Chicago and north of the Ohio river. After working thirteen hours yesterday, Chas. P. Neill and Martin A. Knapp, Federal Labor Commissioner and presiding judge of the Commerce Court, respectively, resumed early this forenoon their efforts at mediation of the demands for increased wages and additional employees, made last May by the Brotherhood of Locomotive Firemen and Enginemen upon the railroad managers.  
Messrs. Neill and Knapp met with the firemen again this morning. Their meeting yesterday lasted from 2.30 o'clock till after midnight, with a brief intermission for dinner. The mediators and both parties to the controversy alike decline to discuss the negotiations.

### Mother Jones Makes Some Very Startling Statements

(Courier Leased Wire).  
WASHINGTON, Jan. 11.—"Mother" Jones, veteran organizer of the United Mine Workers of America, describing the conditions in the West Virginia coal fields, at a mass meeting here last night, declared she had seen women and children, miners and families of the striking wives, thrust out of their homes and forced to live in the mountains without food or shelter for four days and nights. She declared she had seen 21 strikers in a party of thirty, killed while they were asleep in their cabins, by a posse of officers.  
Rev. Wilson of Pennsylvania, who said he spoke from personal knowledge, vouched for "Mother" Jones' statement. Resolutions were adopted demanding that Congress investigate conditions in the strike region.

Music and Drama

For one solid week, commencing with Monday, Jan. 13th next, the ever popular J. Mark No. 1 Company will hold the boards at the Brantford Grand Opera House.

Miss Marks will again head this deservedly liked organization, and there will be a change of play each night.

There is capital vaudeville between the acts, and not a dull moment from the rise to the fall of the curtain.

The Marks At Company is, without any doubt, one of the best representative organizations on this Continent. New Colonial Theatre

This theatre has made good right from the start, with crowded houses. On New Year's day, a trifle over 2,500 was the total attendance for all performances. The place will seat 1,050 people, and is comfortable in every way.

Mr. Symons is the capable manager, and in addition to fine moving pictures, there are three top notch vaudeville stunts. The Co. family, and they are all one family, are renowned from one end of the continent to the other in all the best vaudeville houses. Gorman and Regley, grand opera girl and a splendid trombone player, do a tasty and pleasing act. Mr. Dawley is the best humorous violinist ever seen here.

The above bill will be repeated this afternoon and to-night.

"CASCARETS" FOR A SICK, SOUR STOMACH

Gently cleanse and regulate your Stomach, Liver and Bowels white you sleep.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach; the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets: they immediately cleanse and regulate the stomach, remove the sour, undigested, and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. Then your stomach trouble is ended. A Cascart to-night will straighten you up by morning - a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children - their little insides need a good, gentle cleansing, too.

WOMAN'S HOSPITAL AID.

The women of Brantford and Brant County are noted for their energy and businesslike capacity, with regard to any movement which calls for their interest.

The Women's Hospital Aid Association exemplifies this fact in a marked degree. It is admittedly the strongest institution of the kind in Ontario and not only the grown-ups but also the juniors and the kiddies are enrolled in the cause.

All honor to them and to their noble and self sacrificing work.

SIGNIFICANT

A notable incident recently recorded out West and related in the Courier, is worthy of additional emphasis.

Mr. George H. Bradbury, Conservative M.P. for Bradbury, was tendered a banquet in the Royal Alexandra Hotel, Winnipeg, which was attended by over five hundred guests irrespective of politics from every part of his constituency.

He was presented at the banquet with a gold watch with this inscription, "To George H. Bradbury, from the Market Gardeners of Kildonan, Man., in recognition of your fight against reciprocity." Kildonan is the market garden district of Selkirk riding, and adjacent to Winnipeg. Two-thirds of the market gardeners are Liberals, and the man who made the presentation is a life-long Liberal.

That's how much truth there is in the Grit assertion that the West is still solid for Reciprocity.

A SPLENDID STEP.

An important step has been taken by Hon. Frank Cochrane, Minister of Railways, with a view to protecting the government and the public along the line of the new Hudson Bay Railway from Le Pas, the western terminus, to Port Nelson, the ocean port.

The Government has decided to reserve a strip half a mile wide on each side of the railway from Le Pas to Port Nelson. The intention is to protect the public from land speculators and to make certain that all the townships and necessary terminals along the road will be in the hands of the Government. Official notice of the intention of the Government has already been given through the Canada Gazette.

If this action had been taken by the old Government, as it should have been, the Canadian people would have been saved many thousands of dollars. Mr. Cochrane finds that the necessary terminals for the road at Le Pas will cost the country a big sum running up into the tens of

## HOSPITAL AID

The Magnificent Reports for the Year on Behalf of the Women's Auxiliary—Much Has Been Done and Will be Done

The Annual Meeting of the Women's Hospital Aid was held in the Library on Thursday afternoon. The attendance was large and interest well sustained throughout. Minutes were read and adopted and the Treasurer's monthly statement approved. The officers of the Auxiliary had undertaken the visiting at the Hospital during December and reported that nurses and patients had enjoyed their Christmas, and were grateful for gifts and kindness received during the season. No accounts were contracted in connection with the Christmas dinners, as all had been contributed by members and friends. Unfinished business having been disposed of, the annual meeting was proceeded with. Next came the election of officers, which resulted in the re-appointment of the Board of 1912 with the addition of the President of the Junior Auxiliary to a position on the Executive.

A letter having been read stating that Mr. Bunnell's term as representative for the W. H. A. on the Board of Governors had expired, a resolution was passed re-appointing him to the same position.

A resolution was unanimously carried that the ladies will undertake the complete furnishing of the Nurses' Home and will hold Tag Day in June with this end in view, followed by a Rummage Sale in November. The collectors of 1912 were all re-appointed, and members of the Auxiliary are requested to have their fees ready when called upon.

**President's Report**

Mrs. J. E. Waterloo submitted an interesting and heartily report. She dwelt on the splendid success of the "Fair of Nations" helped by all creeds and with reference to the carrying of the Hospital by-law pointed out through an organized canvas of 27 polling divisions by the members, the greater number of 676 women on the voters list, cast their ballots for the same. Many registered a vote for the first time and would not be likely to do so again except for a similar cause.

The pledging of \$20,000 instead of \$10,000 for the Nurses' Home was referred to and thanks returned to Mr. and Mrs. Andrews for holding

union, at which there were many present from both City and County, and a general feeling of good fellowship enveloped all. A number of enthusiastic young ladies during the year had banded themselves together under the leadership of Mrs. Agnew, and had formed a Junior Auxiliary to look after the Maternity Ward.

In May the C. M. B. A. of St. Basil's Church very generously donated one third of the proceeds of "Floradora" which was given for their benefit in the Opera House by the Hamilton Dramatic Society.

In October the Auxiliary engaged a good seamstress to go to the hospital one day each week to take charge of the mending, etc. hitherto done by the nurses in their spare moments. Other hospitals have fully equipped sewing rooms, and permanent seamstresses, and the same is recommended here. The ladies had made a number of dressing gowns, kimono and bed gowns for the public wards and 12 pair of slippers by Mrs. Thos. Watt.

The Children's branch was highly commended, and announcement made of one more life member, Mrs. Fred Westbrook, who had generously donated \$25 to the fees, through Miss Jones, North Ward collector. This makes nine members on the life roll. The address continues—

The general membership is still on the increase. As an evidence of this, we might cite Terrace Hill, as a striking example, which had only three members when Miss Watkins began her work, and now numbers one hundred and three.

Thanks were returned to the Courier and Expositor, Mr. Henwood for courtesies at the Library, to Mr. Bunnell, Ladies representative and the Board of Governors. "For Miss Carson, Miss Blott and the staff of nurses, we have nothing but praise. Always ready to meet our ladies and co-operate with them in any of their work, and our visits to the Hospital have always been an inspiration."

The report concluded: "The Nurses' Home is nearing completion and in a very few months will be taken possession of. Our

balance remains to our credit, which will be of value during the coming year, for I hope we shall still have something definite to work for. After so many years with our eyes fixed on the same goal, there is just a little danger of re-acton, unless we keep up our enthusiasm by immediately deciding on something to bring our Auxiliary to what it is— with some years of uphill work, and many discouragements—and we must not take any backward step. The larger the Hospital the greater its needs, and with the loyal support now given us, and the splendid band of workers in our Auxiliary, great things should be accomplished in the years that are to come."

The Secretary's (Mrs. T. S. Wade's) report, gave in detail the work of the year.

The Treasurer's (Mrs. Geo. Watt) report showed as follows:

Total receipts for year	\$ 8,148.19
Disbursements	7,953.56
Balance	194.63
Children's Branch bal.	63.00
Jr. Auxiliary	40.17
Women's Hospital Aid	91.46
Nurses Home Fund balance	194.63
The Junior Hospital Aid reported (Miss Edna Preston, President) a big membership and big activity with many articles supplied the hospital, and to be supplied.	

The Children's Branch has done little this year to raise funds, as most of those interested in its work were busy with the Fair of Nations, and all work with children requires much time. The children's branch has about \$60 on hand. At the last meeting plans were made to add to this, and the Branch decided to equip and support a cot in the new Children's Ward.

## OVERREACHED HIMSELF.

Napoleon and the Causes That Led Up to Waterloo.

In one way Napoleon possessed a defect similar to that of Frederick the Great. He provided no adequate staff to relieve himself of details. It is likely that his intense desire to stand alone, in order to receive all the credit for what was done was the secret of his action.

Although undoubtedly the greatest military genius that ever lived, he overreached himself. This is shown in a single enterprise like the Russian campaign, but it is shown in the life as a whole. He could probably have accomplished the anomaly, with the mercenary French, of founding a personal dynasty upon the French revolution which bestowed royalty and announced the rights of man, but when he attempted to remake the map of Europe he reckoned beyond his power. He realized that the armies of the republic had been animated by a passion for liberty, equality and fraternity, but he could not understand that his aggressions upon other countries deprived his armies of this moral force and implanted it in his enemies and that no skill in strategy and tactics could long withstand it. He would not permit a group of great administrators and military leaders to share his honors and form around him a cabinet which might have protected him against himself. And so he plunged forward, unaided in the calling of his star and destiny to his Waterloo. Edward D. Jones in Engineering Magazine.

## BOILING WATER.

Under Certain Conditions It's Just as Safe as a Bath.

Water is a fluid simply because its particles, which may be compared to an aggregation of infinitesimal pearls, are kept separated by latent heat. Outside heat applied to a vessel containing water causes the latent and applied heat to be carried to the top of the liquid in the water. Under such conditions pure water at sea level will boil at a temperature of 212 degrees F. If the barometer pressure be thirty inches.

If, however, the vessel containing this same water be carried to the top of a high mountain or put under the exhausted receiver of an air pump it will boil before it reaches the temperature of 212, because the atmosphere has been taken away so as to allow the air contained in the water to escape before it becomes sufficiently heated to impart that quality to the loose particles of water surrounding it. At a height of 18,000 feet on the sides of the Himalaya mountains water boils at a temperature of 200 degrees and under the exhausted receiver of the air pump at only 72 degrees.

This proves that boiling water is not always equally hot. It also tells us why it is next to impossible to cook meat, vegetables, etc., in high altitudes by the boiling process.—London Saturday Review.

## Good Razors Possible.

There is a very common feeling that there is a certain element of chance in the purchase of a razor. It is sometimes expressed that "what a razor you pay you try your luck." Occasionally one hears of a remarkable razor which holds its edge as long as a lifetime, so that one would not part with it for gold. So long as it is possible for one razor to be selected as a particularly good one it is evident that the hardening as carried out falls to impart the maximum efficiency to the majority. The author believes that it is possible to harden every razor in a cross so that each one shall be truly a duplicate of the best. Whether it would pay to do so is a question which is outside his province.—Shipley N. Brayshaw in Engineering Magazine.

## The Gobi Desert.

The great desert of Gobi which is partly in China, partly in Manchuria, partly in Mongolia and partly in Siberia, is traversed by the oldest transportation lines in existence. It has a caravan route over which the silk and Indian camels have traveled toward Europe for 3,000 years, and yet from the time when Kublai Khan macadamized the road until the time when the Russian railroad paralyzed it by the competition of steam no one of the merchants who traveled over it turned either to the right or to the left to tell Europe and the occident of the wonders or the terrors of that unknown land.

## Hard to Please.

Mr. Snuggs was accented on the street the other day by a beggar who was covered with a very remarkable mass of patched and ragged garments and who said:

"Mister, haven't you some old clothes you could give a fellow?"

Snuggs surveyed the beggar from head to foot and then asked:

"Are not the clothes you have on old enough for you?"

**Men's Mess.** A meeting of the members of the Dufferin Rifles who are interested in football is called for Monday night in the Men's Mess. The Soldier Boys will no doubt be out strong when the green grass sprouts.

**Trains Late.** The outgoing traffic over the Grand Trunk was more or less delayed this morning by late trains. All trains from the east and north were behind time but the train from Chicago was on time.

**Building Permits.** The City Building Inspector yesterday issued permits for new buildings to Mr. Lancelot Dean, who is to build a frame shed on Superior street to cost \$25, and to A. E. Falkner for a brick dwelling on Erie Avenue to cost \$1,600.

**Bowling.** The Printers succeeded in defeating the Eagles in their scheduled games at the Brant Bowling Academy yesterday evening by 69 points. The feature of the game was the splendid bowling of George Mathews, who ran up a score of 542 points being a record score.

**Extension Committee.** At a meeting of the committee to consider the extension of city boundaries, all members were present. City Engineer Jones was appointed chairman, and it was decided to secure data, maps and so on, as a basis for further action.

**A Good Roads Magazine.** Mr. W. H. Robinson of Toronto, has written to the City Clerk, stating that the first issue of "Good Roads in Canada, would be published on Feb. 1st. This periodical will deal with the Good Roads question as dealt with by the various municipalities and will be well illustrated.

**Mrs. Zinn's Funeral.** The funeral of Mrs. Alice M. Zinn, the late esteemed soloist of Wellington street choir, was held in London at the home of her parents, Mr. and Mrs. J. W. Reed, 691 Elias St., and from thence the remains were borne to Woodlawn cemetery. The officiating ministers were Dr. Mannings of Dundas Centre and Rev. Mr. Graham of Centennial church, London, and the Rev. R. D. Hamilton, of

Wellington St., Brantford. The floral contributions were very numerous and beautiful. The officials, choir and Bible Class No. 2, of Wellington St. Church, this city sent beautiful wreaths. Besides Rev. Mr. Hamilton, Messrs. T. W. Standing, T. Darwin and Mr. and Mrs. John Fair were present representing Wellington St. Church.

**Brantford's Record.**  
 An Ottawa paper announces that at Smith Falls the night classes in Connection with the Collegiate Institute opened with 35. Brantford classes which are next in size to those of Toronto classes, opened with over 400.

**Six Weeks' Course.**  
 The "B. M. S." Bible Class met last night, in the Y. W. C. A. club room for the first of a six weeks' course, led by Rev. L. Brown. This class is for the young ladies of the physical department, and will be concluded with an interesting debate.

**Police Court.**  
 Two men were arrested on a charge of vagrancy. They were discharged this morning on condition that they would leave town. A farmer got a little too much liquor yesterday and "upset his apple cart." The fruit was taken to the police station. The magistrate allowed him to go with a warning.

**Final Meeting.**  
 The Collegiate Institute Board held their final meeting of the year last night. The only business transacted was the passing of the various accounts, which reached a good figure. The members present were Messrs. J. P. Pitcher, chairman, R. W. Ryerson, Dr. Palmer, Dr. Frank, G. Pickles, J. J. Lahey and E. Sweet.

**Officers Installed.**  
 The officers of Camp No. 12, Woodmen of the World, were installed in their lodge room last night by P. C. C. Dr. Chapin. Those installed were: C. C. J. Hill; A. L. A. Stevens; C. H. Pierce; B. M. E. McEwen; W. A. B. Lee; S. C. Perry. Managers, Rev. Wright, D. McEwen, T. Rainey, physicians, Dr. Chapin and Dr. Gamble. After the ceremony refreshments were served.

**Curling.**  
 Vice-President J. C. Spence's rink simply smothered President Morgan Harris' rink at the curling rink last night in the match for the oysters. President Morgan Harris was late, and his place was filled by Mr. J. J. Brown. It is probably a lucky thing the good-natured president was behind time, as his skips were 26 down.

**COBALT LAKE.**  
 Within the last few days Cobalt Stocks such as Chambers-Ferland, Peterson Lake, City of Cobalt, Har- graves, Baillie Cobalt and Right of Way have taken a jump in price. Cobalt mines have produced within the last twelve months heavier profits than any other mining section. Messrs. Charles A. Stoncham and Co., 23 Melinda street, Toronto, will be glad to furnish special reports, full information in regard to any of the above mining stocks.

# I Will Stake This Medicine Against Your Time

## A Few Days Will Be Sufficient to Prove That You Are Curable

A few minutes of your time for a few days and I will demonstrate to you, without expense to yourself, that I have a medicine that drives out the Uric Acid poison from the system and by so doing cures kidney trouble, bladder trouble and rheumatism. I don't ask you to take my word for it, but simply want you to let me send you some of this medicine so that you can use it personally.

I am trying to convince sufferers from these diseases that such things are far better than the usual run of remedies, treatments and such things, and the only way I can demonstrate that fact is to send you to the expense of compounding the medicine and sending it out free of charge. This I am glad to do for any sufferer who will take the time to write me. Understand, I will not send you a so-called "sample" proof or test treatment, nor will I send you a package of medicine and say that you can use some of it and pay for the rest, and I will send you a supply free of charge and you will not be asked to pay for this gift nor will you be under any obligations.

All I want to know is that you have a disease for which my medicine is indicated, as it is not "curable" and I give herewith some of the leading symptoms of kidney, bladder and uric acid troubles. If you notice one or more of these symptoms you need this medicine, and I will be glad to send you some of it if you will write me the numbers of the symptoms you have given your age, and your name and address. My address is Dr. Frank Lynnott, 25 Franklin Building, Toronto, Ont. You promise me nothing for this, but I will promptly carry out my promise. Show an inclination to be cured and you will be.

You will agree when you have used it that it dissolves and drives out uric acid poison. It tones the kidneys so that they work in harmony with the bladder. It strengthens the bladder so that frequent desire to urinate and other urinary disorders are banished. It stops rheumatic aches and pains immediately. It dissolves uric acid crystals that back and muscles no longer ache and crooked. It reconstructs the blood and nerves so that you soon feel healthier than you have for some time. It makes you eat better and have energy throughout the day. It does all this and yet contains nothing injurious and is absolutely voided for according to law.

Sufferers from these dreadful and dangerous diseases can surely afford to spend a few minutes each day for a

DR. FRANK LYNNOTT who will send medicine to anyone free of charge

A few days to demonstrate to their own satisfaction if they are curable, especially when you consider no expense is involved, and I will gladly give you my full name and address. I will send you a supply free of charge and you will not be asked to pay for this gift nor will you be under any obligations.

These Are the Symptoms:

- 1-Pain in the back.
- 2-Too frequent desire to urinate.
- 3-Burning or obstruction of urina.
- 4-Pain or soreness in the bladder.
- 5-Frontal trouble.
- 6-Pain or soreness in the stomach.
- 7-General debility, weakness, dizziness.
- 8-Pain or soreness under right ribs.
- 9-Swelling in any part of the body.
- 10-Constipation or liver trouble.
- 11-Palpitation or pain under the heart.
- 12-Pain in the hip joint.
- 13-Pain or soreness in the neck or head.
- 14-Pain or soreness in the kidneys.
- 15-Pain or swelling of the joints.
- 16-Pain or swelling of the muscles.
- 17-Pain and soreness in nerves.
- 18-Aceto or chronic rheumatism.

## Write Ideas For Moving Picture Plays

# YOU CAN WRITE PHOTO PLAYS AND EARN \$25.00 OR MORE WEEKLY

### WE WILL SHOW YOU HOW!

If you have ideas—if you can **THINK**—We will show you the secrets of this fascinating new profession. Positively no experience or literary excellence necessary. No "flowery language" is wanted.

The demand for photoplays is practically unlimited. The big film manufacturers are "moving heaven and earth" in their attempts to get enough good plots to supply the ever increasing demand. They are offering \$100, and more, for single scenarios or written ideas.

Nearly all the big film companies, the buyers of photoplays, are located in or near NEW YORK CITY. Being right on the spot, and knowing at all times just what sort of plots are wanted by the producers, our SALES DEPARTMENT has a tremendous advantage over agencies situated in distant cities.

We have received many letters from the big film manufacturers, such as VITAGRAPH, EDISON, ESSANAY, LUBIN, SOLAX, IMP, REX, RELIANCE, CHAMPION, COMET, MELIES, ETC., urging us to send photoplays to them. We want more writers and we'll gladly teach you the secrets of success.

**We are selling photoplays written by people who "never before wrote a line for Publication."**

Perhaps we can do the same for you. If you can think of only one good idea every week, and will write it out as directed by us, and it sells for only \$25, a low figure

**You Will Earn \$100 Monthly for Spare Time Work FREE** Send your name and address at once for free copy of our illustrated book, "MOVING PICTURE PLAYWRITING"

Don't hesitate. Don't argue. Write **NOW** and learn just what this new profession may mean for you and your future.

been visiting Mrs. C. J. Mitchell for  
some time past, left for California  
recently where she will spend the  
winter.

Mr. Walter Boddy, Nelson St.,  
is the host of a jolly little stag-  
ing on Thursday evening.  
The "at home" given by the  
Northwest Historical Society at the  
Lorain Hotel, Hamilton, recently,  
was one of the most brilliant affairs  
of their social season.

Ms. Alderson, Sr., St. George St.,  
entertained the W. M. S. and La-  
dies of Sydenham St. Methodist  
church on Wednesday evening. A  
well planned programme was given and  
many old ladies present spent a  
most enjoyable time. The hostess  
served dainty refreshments.

The Victorian Order Tea at the Y.  
W. C. A. on Saturday, Jan. 25th,  
is open to appeal to Brantfordites  
generally. This year substantial as  
well as cakes, etc., are to be added

to home-made cooking tables, and  
our housekeepers are so renowned  
that there is sure to be a tremen-  
dous sale for the edibles.

teresting the many friends of Mr.  
Douglas Bain Bowie, Royal Cana-  
dian Dragoons, and Miss Marie Ed-  
ith Rutherford, niece of Lt.-Col. and  
Mrs. Charles Nelles, who are giving  
the wedding breakfast at the  
Prince George, after the ceremony,  
which takes place at 3 p.m.—Toron-  
to Saturday Night.

Amongst the thoroughly good  
things promised music lovers in  
Brantford, is the appearance for the  
first time in our city of Arthur  
Friedman, who is booked for a con-  
cert at the Conservatory of Music  
on Saturday afternoon, the 26th of  
this month.

Miss Agnes Monahan returned to  
Hamilton this week to resume her  
duties on the teaching staff of the

garet's College, Toronto.

The many friends of Mr. I. New-  
some of the Excise Department, will  
regret to learn that he is confined to  
his home with a severe attack of la-  
grippe.

A "hobbing" party at "Idlewild"  
was given by Mrs. Stratford on Fri-  
day afternoon to Master David  
Stratford's many little friends from  
4 to 8 o'clock.

Mrs. David Gibson's little daugh-  
ters were the hostesses of a jolly lit-  
tle skating party at their private rink,  
Dufferin Avenue, on Friday evening.

Mr. Lyman Goold, Darling street  
is entertaining his boy and girl  
friends to a sleighing party this af-  
ternoon.

The heartfelt sympathy of their  
many friends goes out to Miss Hewitt  
Mrs. Logan Waterous, Mr. John  
Hewitt and Mr. Harry Hewitt, in  
the death of their father, Mr. Simeon  
Hewitt in Grimsby, Ontario, on  
January 6th.

Mrs. J. T. Rose, Palmerston  
Avenue, gave a charming little  
"bridge" afternoon in honor of Mrs.  
Albert Jordan of London.

Although the attendance was not  
as large as usual, the programme put  
on by the Women's Musical Club yes-  
terday afternoon, was much enjoyed  
by those present.

Mrs. H. Mackenzie Wilson, Duf-  
ferin Avenue, was the hostess of a  
most delightful bridge of five tables  
on Friday evening. Mrs. Herbert  
Yates and Mr. W. H. Fitton being

Mr. and Mrs. W. Turnbull, Duf-  
ferin Avenue, are leaving shortly for  
California.

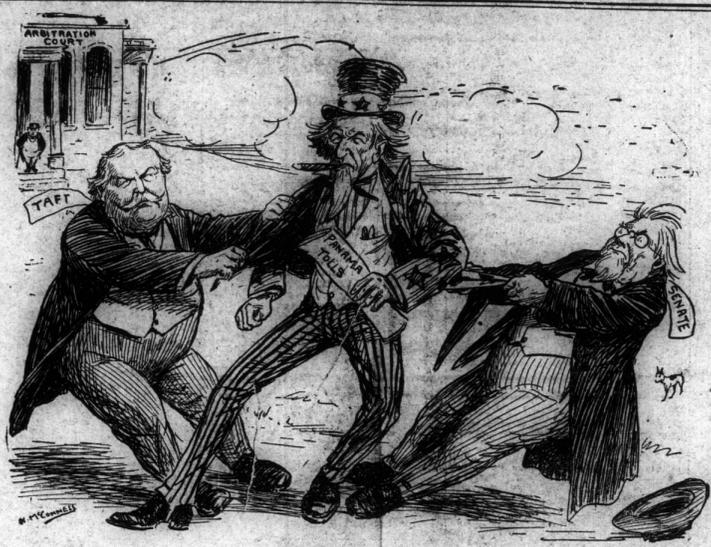

The musicale given by Mrs. Frank  
Leeming, Dufferin Avenue, Friday  
afternoon, was one of the bright lit-  
tle affairs of the day. It's always a  
treat to hear Mrs. Leeming sing, and  
this time an added attraction was the  
voice of her guest, Miss MacGowan,

ing.

Miss Marjorie Wilkes is in Mont-  
real on a short visit.

Miss Ella Shannon, 223 Market St.,  
spent the holidays with Miss O. Nel-  
son, Burford.

Miss Mac E. Hopkins of Niagara  
Falls, was a week-end visitor with  
Miss Mary Dowling, West street.

Miss Mary Dowling of 127 West  
street, returned on Wednesday to the  
Ursuline College, Chatham, to resume  
her studies after spending the holi-  
days at home.

NEW YORK, Jan. 11.—The mar-  
riage of Miss Helen Gould to Finley  
J. Shepherd of New Orleans, is ex-  
pected next week.

It is expected that Miss Gould has  
fixed the date of the wedding, and  
that invitations will be issued in a  
few days, but as these are to be con-  
fined to near relatives and friends,  
and a home wedding is decided upon  
in preference to a church affair, the  
arrangements will be kept as private  
as possible.

The wedding will be held at Miss  
Gould's country place at Irvington-  
on-the-Hudson, the idea of holding at  
her Fifth Avenue residence in New  
York having been abandoned be-  
cause of the publicity that has at-  
tached to the announcement of her  
engagement.

It is stated that there are now 175  
qualified medical women in Germany.  
Particulars as to 125 of them have  
been collected by Frau Dr. Steiner.  
The results of her enquiry show that  
of the number 78 are unmarried, and  
12 married (including five widows).  
Of the married women, 34 have given  
up the practice; two of them, how-  
ever, who are wives of doctors, assist  
and act for their husbands. Consider-  
ably more than half the number are  
married to doctors. Two began their  
studies after marriage. The women  
who practice are distributed in the  
cities of Germany as follows: Berlin,  
30; Munich, 7; Frankfurt-on-the-  
Main, 5; Hamburg, 3; Dusseldorf,  
Breslau, Karlsruhe, Heidelberg and  
Bab Elster, each 2, while a number of  
other places have one each. Most of  
the women practice in Germany prac-  
tice especially in dis-  
eases of women and children. During  
the last few years the chances of  
medical women have steadily become  
more favorable in Germany. They  
often secure posts in hospitals, insti-  
tutes and asylums. Those entering  
the profession may, it is said, count  
with fair certainty that they will be  
able to earn a sufficient income with-  
in a year or two of qualification.

**Princess Mary Enjoys Playing With  
Brothers.**

The little Princess Mary of Eng-  
land is the only daughter of a king,  
but at 15 she realizes before the fact  
that she is royal that she is the sole  
sister of five brothers, and no long  
summer day is long enough to hold  
the wonderful things which they  
can find to do in it together.

Dressed in her coronation robes,  
a crown on her head, a great train  
of velvet and ermine trailing be-  
hind her, Princess Mary, instead of  
parading before the rows of mirrors  
in the palace, hurried to show her-  
self to certain favorite servants and  
to see in their eyes a reflection bet-  
ter than any mirror could give her.

She may patronize her brothers—  
and indeed she does—but the five  
princes accept it in good faith for  
two simple reasons; they idolize her  
as their only sister, and she wins  
their respect through being able to  
hold her own in any undertaking, no  
matter how hazardous, in which  
they set the pace. Long ago she  
swept from their minds the lofty  
boyish idea that being a girl pre-  
vented her from any association with  
their superior prowess. And along  
with that respect which her courage

and fearlessness have wrung from  
them they love to look up to her  
because of the trait of "little  
mother" which shines so conspicu-  
ously in her. Indeed, when King  
George and Queen Mary as Prince  
and Princess of Wales made a  
world tour of the British colonies,  
the little Princess, seeing her de-  
voted mother's deep sorrow at  
parting, said consolingly, "Never  
mind; I'll take good care of us."  
And she was then a tiny thing—  
Woman's Home Companion.

**FOR THE HOUSEKEEPER.**

**A Good Cleaning Fluid.**  
An excellent mixture to remove  
grease spots from clothing is made  
of four parts alcohol to one part  
ammonia, and about half as much  
ether as ammonia. Apply the liquid  
to the spot and rub with a sponge  
and clear water.

**Discolored Silver.**  
Silver or plate that has been lying  
for some time, or has not been  
properly cleaned, is often so discolored  
that it is impossible to remove the  
stains with ordinary whitening or  
plaster powder. But if the whitening  
paste is mixed to a rather thin  
paste with salad oil, well rubbed or  
brushed into every crevice, left for  
a few hours, and then silver then  
washed and cleaned in the usual way,  
every vestige of stain will have van-  
ished.

**Ironing Hint.**  
All hand embroidery should be  
ironed wrong side out over folded  
thick material. The very nicest thing  
for the purpose is a piece of white  
homespun flannel. White outing  
flannel folded so it is of several  
thicknesses makes a good substitute  
for the modern housekeeper. It is  
also well to lay a piece of old mus-  
lin over the wrong side of the arti-  
cle as the irons, which never  
should be very hot, some time soil  
or scratch the work, which should  
be pressed slowly.

**Making Embroidery Easy.**  
A simple little device economizing  
woman's time and woman's nerve  
has just been put on the market.  
Heretofore the most arduous part  
of the trying pastime for woman, em-  
broidery, has been outlining and giv-  
ing backing to the pattern, by means  
of rough stitches.

The device which promises to do  
away with this work consists of pa-  
per pulp pressed into shape of the  
pattern, with the flat side gummed  
so that it can be fastened on the  
garment to be embroidered, and the  
finishing stitches are made over this

backing. Those who have tried the  
device claim that it reduces the work  
about half and that the finished em-  
broidery is much more even.

## DR. MACKENZIE

**Missionary From Honan China  
Gives an Interesting Ad-  
dress in That Con-  
nection.**

The Rev. Dr. MacKenzie, mission-  
ary of the Presbyterian Church in  
Honan, China, for the last 25 years,  
gave a masterly address upon Foreign  
Missions at the First Baptist church  
last evening. There was a large at-  
tendance, yet not nearly as large a  
company as the excellent address  
merited. In a very interesting way he  
depicted the life of the missionary at  
work on the field, settling down un-  
der new conditions, learning a new  
language, becoming acquainted with  
the native point of view, gaining an  
entrance to his heart, and gaining the  
confidence of the people. He de-  
scribed the native Chinaman as the  
missionary found him, and dwelt at  
length upon his suspicion of the for-  
eigner. The only way that this could  
be effectively overcome was to live it  
down. After 25 years of work among  
the Chinese, Dr. MacKenzie paid a  
high tribute to them as a people, and  
said his experience on the field had  
convinced him that the gospel could  
reach and transform all classes of  
men, even the most degraded. The  
Rev. T. D. McClintock was in the  
chair, and paid a high tribute to the  
speaker of the evening in introducing  
him to the audience. Rev. Llewellyn  
Brown, the pastor, followed the ad-  
dress with a few remarks in praise  
of the fine message that Dr. Mac-  
Kenzie had delivered. Many came  
forward to shake the speaker's hand  
and to thank him for the stirring ad-  
dress.

**Miller's Worm Powders do not  
need the after-help of castor oil or  
any purgative to complete their thor-  
oughness, because they are thorough-  
ly themselves. One dose of them,  
and they will be found palatable by  
all children, will end the worm trou-  
ble, by making the stomach and bow-  
els untenable to the parasites. And  
not only this, but the powders will  
be certain to exert most beneficial  
influences in the digestive organs.**

## SEVEN MINUTE SERMON ON THE GOLDEN TEXT

Jan. 12, 1913.

God created man in His own  
image, Gen. 1:27.

### MAN THE IMAGE OF GOD

I. Man, Like God, is Intelligent.  
When the text speaks of man as  
having been created in the image of  
God, it must of course be a spiritual  
or moral image. It cannot be a  
physical likeness because, notwith-  
standing it is hard to understand,  
God has no material body, nor parts  
or passions, but is an immaterial,  
spiritual being. I take it, therefore,  
that one of the resemblances be-  
tween God and man is that both are  
intelligent. God both in nature and  
revelation demonstrates that He has  
intelligence in an infinite degree, and  
we know that man is intelligent in a  
finite degree, and yet the potential  
intelligence of man is very great.  
In quality man's intelligence is iden-  
tical with that of God, and the re-  
semblance only fails in the matter  
of extent, or quantity. God is the  
sun, while man is a lesser light of  
the same nature as the sun; God is  
the ocean, while man is only a tiny  
cup full of water of the same quality  
as the ocean. We see unmistakable  
signs of God's intelligence in all  
His handiwork, and we see the same  
kind of intelligence manifested in  
the works of man. In both we see  
plan and purpose, using means  
which result in certain expected  
ends, making wise laws for the gov-  
ernment of others, making provi-  
sion for the physical, spiritual and  
moral needs of others, and in every-  
thing showing plan, purpose and wis-  
dom.

not only demonstrated His exalted  
moral nature; that He does things  
which are just and equal, but He has  
also shown us that transcendent  
quality which we call love. This has  
been manifested in His patience with  
sinners, in His forgiveness of their  
sins, in preventing the logical and  
just consequences of sin overtaking  
them. We see God's love in the fact  
that He often turns evil into good,  
and what man has planned to work  
unrighteousness, God has overruled,  
and made to work righteousness.  
Above all things the love of God is  
manifested in the wonderful gift of  
His son Jesus Christ. He sent His  
son to a rebellious people with the  
olive branch of peace; with him He  
sent a love message to sinners, and  
offered a free pardon for all their  
sins. This quality of love God hath  
stamped upon man, and a truly nor-  
mal man, as he came from the hands  
of His Creator, is also loving like  
God. God created man in the image  
of His love, and to-day all those who  
are living in harmony with God are  
men of love. They love God with all  
their hearts and their neighbors as  
themselves. Their words and lives  
are love messages. They speak  
kindly to children and poor people;  
they give of their means to the  
poor; they lift up the fallen, they  
educate the ignorant; they build hos-  
pitals; they preach the gospel.

### II. Man, Like God, is a Moral Being

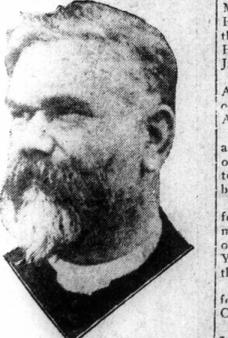

One of the chief characteris-  
tics of God is His holiness, His right-  
eousness. He is not selfish, but  
shows benevolence. He does not  
make others suffer that He may re-  
joice; He does not exploit the per-  
son or ability, or property of others  
for His own selfish ends. He is  
pure in His plans and purposes; His  
laws are just and equal. He does not  
permit by His moral law one man  
to take advantage of another man,  
but has made men alike, free and  
equal, being capable of choice, and  
under God's guidance, the creator of  
moral images in which man was  
created. When he came from the  
hands of the Creator his moral na-  
ture was identical with the nature of  
God. It is true that men have mar-  
red their moral nature by sin, but  
underneath their encrusted evil  
habits we still find God's moral  
image. This moral image is seen in  
every man's conscience; he knows  
what he ought to do, his best in-  
stincts prompt him to do, his best  
instincts prompt him to do for others  
what God has always been doing for  
him. When therefore men forsake  
their sins, and come back to God,  
they become morally the perfect  
image of their heavenly Father.

### III. A Normal Man, Like God, is Love

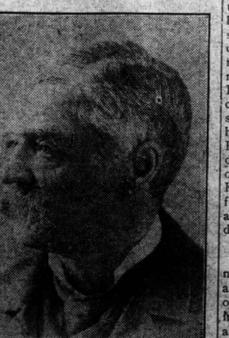

One of the most beautiful  
definitions of God is that "God is  
love." It is true that love is a moral  
quality, but it is above or beyond or-  
dinary morality; we learn from the  
Bible and experience that God has

### THE SPIRIT OF WINTER.

The Spirit of Winter is with us,  
making its presence known in many  
different ways—sometimes by cheery  
sunshine and glistening snows, and  
sometimes by driving winds and  
blinding storms. To many people it  
seems to take a delight in making  
bad things worse, for rheumatism  
twists harder, twinges sharper, ear-  
rache becomes more annoying, and  
the many symptoms of scrofula are  
developed and aggravated. There is  
not much poetry in this, but there is  
truth, and it is a wonder that more  
people don't get rid of these ail-  
ments. The medicine that cures them—  
Hood's Sarsaparilla—is easily  
obtained, and there is abundant proof  
that its cures are radical and perma-  
nent.

### Definition.

What is Chiropractic? Chiropractic (Kiro-prak-tic) is a word coined from two Greek words Chiro and Praxia (in combination) Chiro-practic which means hand doing or hand practice, one who adjusts by hand any subluxated articulations of the human skeleton frame—especially the 23 bones of the spinal column for the purpose of restoring the normal flow of currents through nerves that were formerly hindered by impingement caused by the subluxation of the bones.

All movements whether normal or abnormal, of or in the body are but the personifications of mental equivalents—mental functions guided by Innate Intelligence, creating physical expression.

Diseases are caused by a lack of current of Innate Mental impulses. This is produced by a constricting force placed around nerves by vertebral displacements brought about by muscular contraction or concussion of forces.

Health is restored by completing the mental and physical circuit, the method of which is unique and original and does not in any way inconvenience or prohibit the patient from the ordinary duties of life.

A New Science—The Curative Powers Are Within the Body Itself.

The Chiropractic method is a new science of adjusting the cause of disease without drugs, based on a correct knowledge of anatomy, and especially the nervous system. With this knowledge of the cause of disease and our unique method of adjusting the cause, we have learned beyond question, that the curative powers are within the body itself, and that the cure of disease depends wholly upon the body—upon the Chiropractic method of bringing the functional organism into harmony allowing the Innate mental impulses to flow unobstructed to all parts of the body.

Chiropractic Not Osteopathy. One of the most frequent questions that a Chiropractor is called upon to answer is this: "What is the difference between Chiropractic and Osteopathy?" The difference is as great as the distance between the poles. Chiropractic does not treat effects. Chiropractors do not manipulate the muscles in any way. They adjust subluxated vertebrae into proper alignment, and it takes but a fraction of a second to do it. The whole object is accomplished when the nerve force is turned on. The Osteopath will spend one half hour to two hours in treating their patients, and then only relaxing the muscles. There is as much difference between Osteopathy and Chiropractic as there is between Chiropractic and the practice of medicine. The Chiropractor confines his work to the Spinal Column ONLY, as that is the only place the nerve can be impinged or where affection can exist.

Quizzes and Answers for Chiropractors. Do you use electric belts or batteries? No. Do you use medicine or drugs? No. Do you practice surgery? No. Do you rub, slap, or use massage? No. Do you use a stretching machine? No. Do you hypnotize or mesmerize your subjects? No. Can you treat me at a distance? We could no more fix you at a distance than your jeweler could fix your watch at the same distance. Do you have to have faith? No. We adjust six months old babies. In there, anything in your science like Christian Science, Faith Cure, Mind Cure, Metaphysics, Suggestive Therapeutics, Mental Science, Osteopathy? No. Do you cure disease? No. We adjust the cause and nature does the healing. We remove the dams or obstructions that are restricting the life current.

CHIROPRACTIC (Spinal Adjustments). Remove the Cause of Disease Without Medicine or Knife. Chiropractor means one who adjusts with the hands. Chiropractic (Spinal Adjustments) is founded on the simple scientific principle that all functions of the body are governed by the nerves; that these nerves all radiate from the spinal column through openings between the vertebrae.

There are 31 pairs of these nerves, 25 pairs of which comes from between the movable vertebrae. Any interference with them by a displacement of the vertebrae causes a diseased condition. Nerves control the skin, muscles, ligaments, mucous membrane and bones, and regulate the amount of blood sent to any part of the body by contracting and relaxing the vascular system. The blood carries the nitrogenous substance which nourishes the body. The impurities are also carried by it to the proper organs for elimination. The movements of any part of the body the circulation of fluids, regular or irregular, normal or abnormal, are controlled by the nerves. There is not an ache or a pain but is the sensation of the nerves. All pain is due to pressure upon the sensory nerves. All morbid action of the body is due to lack of vital force in, or irritation of the motor nerves. Subluxations of the vertebrae of the spinal column are the causes of 90 per cent of abnormal, deranged or diseased nerves. When a nerve is interfered with in any way, that minute disease begins and sooner or later its effects are noted where the nerve reaches and ends. Chiropractic is a drugless system and should not be confounded with massage, magnetic or hypnotic treatment, as it bears no resemblance to the latter. Chiropractic is not Osteopathy, but reaches many diseases that Osteopathy cannot.

CHIROPRACTIC. Is Based on These Two Principles: 1. Sub-Luxation (partial displacement) of Bones causes Pressure on Nerves. 2. PRESSURE ON NERVES causes disease.

The cause of disease has been and is yet mysterious to the great mass of humanity, but the mystery has been solved by the Chiropractor (spine adjuster). My business is to adjust the cause, to RELEASE THE PRESSURE on the nerves and to restore normal action—therefore normal functions and perfect health. I do not rub, massage, knead, manipulate or treat disease.

ADJUST CAUSE. My philosophy of taking off the pressure has the more rational claim upon all sufferers. I give a logical reason for the cause of disease.

Acute Cases. Acute cases are often relieved in one or two adjustments. In cases of long standing the vertebrae have their forms changed by long continued pressure and time is required to get them back to normal position and to restore the freedom of nerves. That this can be done has been proven beyond the shadow of a doubt in 90 per cent. of the cases adjusted.

Marvelous results follow our system of Spinal Adjustments, and we stand ready to give you abundant testimony of persons who have been restored to permanent health by our Spinal Adjustments. If you have any of the following ailments, stop taking drugs. Go to a competent Chiropractor and have him take off the pressure, and health will be the result: Appendicitis, hysteria, blood diseases, heart troubles, insomnia, Bright's Disease, kidney diseases, childhood fever, lumbago, constipation, Locomotor Ataxia, consumption, (1st stages), liver diseases, bladder trouble, indigestion, bowel trouble, Lung Trouble, Diabetes, Meningitis, Dyspepsia, Nervous Debility, Female Diseases, Pleurisy, Grippe, Rheumatism, Sclerotic, Spinal Diseases, Stomach Trouble, St. Vitus Dance, Shortness of Breath, Tumors.

If your ailment is not mentioned, do not become discouraged; my space is limited. I make it possible for nature to restore health WITHOUT drugs, or knife. This means YOUR DISEASE. With Interrupted Nerve Force Health Is Impossible.

Without nerve force the blood cannot circulate properly. The lack of circulation means strangulation, and strangulation causes many diseases, such as dropsy, tumors, running sores and various so-called skin diseases. Chiropractic—Nature's Method. Frees the circulation, thereby permitting the refuse to be thrown out of the body through the natural channels.

Pressure upon Nerves causes such diseases as Paralysis, Rheumatism, Neuralgia, Asthma, Female Diseases, and the various Diseases of the Stomach, Liver and Kidneys. As all the motor and sensory powers are transmitted through nerves, it is plain to be seen that the nerves should be free from all abnormal pressure. Strange, but true, all the nerves of the body may be freed by adjusting the spinal vertebrae with the hands.

Removing the Cause. Chiropractors have remarkable success in removing the cause of Appendicitis, Deafness, Asthma, Rheumatism, Lumbago, Lamé Back, Constipation, Piles, Female Diseases, Stomach and Kidney Trouble, Nervous Prostration and Pneumonia.—NO LOCAL EXAMINATIONS used, as they are unnecessary. Lady Patients. In no line of disease do we have better success than in the ailments which afflict womankind. Benefits are promptly shown without the annoyance which they are subjected to under the drug treatment. The proper nerve supply being restored, the normal functions are quickly re-established.

Why Am I All Stirred Up After Taking Spinal Adjustments? Disease is a perversion of the normal law. To get well requires the time that is necessary to rebuild these abnormal tissues. To accomplish this means that all diseases must retrace their steps. Sometimes this process seems unaltered from but it is all for the best; it is then that you should grip, tightly and remain by your chiropractor, and in a few days you will generally see good results. Motherhood Made Easy. Motherhood should not be as painful and dangerous as it is, and if nature had its own way it would not be so, but it is in a great majority of cases, there are some of the nerves impinged through which nature controls the organs of generation and in that way makes them inactive. This would not be so if all nerves were freed to work in harmony. This has been proved by great many ladies who have taken Chiropractic spinal adjustments.

People Are Skeptical. When someone is in the light of a radical departure from what people have been educated to believe is brought before them, it is human nature to be skeptical. The man who invented the telegraph, the man who discovered the circulation of the blood, were at first looked upon as lunatics or fools. But nothing can stand down truth. Many other great discoveries which at first met only with scorn, have been recognized as blessings in scores of years. The science of Chiropractic but a few years ago was unknown. To-day it is known only in communities where it has accomplished seemingly marvelous results in the banishment of disease. People must believe the evidence of their senses. If a person comes to a Chiropractor with a disease which doctors have failed to cure, and that person is completely restored to health, he must believe it is not tangled up with long technicalities; he only knows he is sick. The Chiropractor tells him why he is sick, and proves that he is correct by giving the patient adjustments that allow nature to restore him to health. Chiropractic gives nature a chance to make you well.

By Some Person or Persons Unknown

"Of course," the detective assented mechanically. This was almost better luck than he had hoped for—the introduction of the Wiltons' name—but it behooved him to wait warily now; he hesitated a moment. "They—the De Lavelles—were very intimate with the Wiltons, were they not?" "Oh, I shouldn't say that," Miss Merivale responded carelessly. Basil Wilton was mad on Cecile for a bit, but I think his cousin Paul only came to look after him, to see he didn't get into mischief. Well, in a way, Paul got friendly with Marie—Queenie, as we used to call her then—but there was never any love-making between them, bless you. Paul is Lord Warchester now, you know. I wonder whether he remembers, and what he thinks about this affair when he sees it in the papers.

"So did Mr. Hewlett wonder, but there was little to be gained by speculation in that quarter. "I thought it was Marie that Mr. Basil Wilton admired?" Miss Merivale shook her head. "No, it was Cecile. Basil Wilton was just crazy about Cecile for a while and then—with a laugh—"there was Caliban—" Mr. Hewlett pricked up his ears. "Caliban?" Miss Merivale laid her head back on the pillows with an air of luxurious abandonment. "Ah, he was a great lot of a fellow that was a sweetheart of Marie's before she ever came on the stage. How she ever stood him I can't think. But she would have had a tremendous bother to have got rid of him when she found her bearings and saw what other men were if he hadn't been like the rest and fallen in love with Cecile. Let me think now, what was his name?"

"Yes, Jim Gregory," Miss Merivale repeated, blowing a thin, blue cloud of smoke into the air. "I remember once I asked Queenie—we used to call her Queenie sometimes because of her funny little airs, you know—why she didn't shake him off—why on earth she had ever let him know what she was doing. And she told me that he gave her news of her little sister, who was left under her stepmother's care at home. Queenie, herself, had run away, and she was afraid that the child might be treated so badly that she too might not be able to stand it. Gregory had promised to keep a watch on the girl for her."

"Ah, yes, he could do that," Mr. Hewlett said slowly. "I have heard they were sweethearts once. Gregory and Miss De Lavelle—he has told us as much." Miss Merivale looked surprised. "Oh, has he? But that was all over before I knew Queenie. Then he was head over ears in love with Cecile—used to follow her about and glow at her all over the place." Mr. Hewlett laughed a little, although his eyes had a faraway expression. "And what did Miss Cecile think of him?"

"Not much, as you can guess if you have seen Gregory," Miss Merivale responded. "She used to throw him a bone now and then as you might a bone to a dog. I have told her many a time she ought to be careful, for I have seen a look in his eyes sometimes when she has been teasing him as if he would like to make an end of her there and then. If it had been she that was murdered I should have said, 'Look up Jim Gregory,' but as it is poor Queenie I don't know what to think."

"Off the stage, do you mean?" Miss Merivale questioned. "Bless your life no. Their faces were the same shape, but Cecile's fair hair was a transformation, if you know what that means. Mr. Detective—her own was brown. And the rest of the likeness was mostly make-up. Cecile was stouter and bigger in every way but she used to dress up to Marie well." "I was thinking," the detective said slowly—"I was wondering whether it was in any way possible that Marie was murdered by mistake for Cecile by some jealous lover?" "No indeed it wasn't," Miss Merivale said emphatically. "You may take my word for that. No, discovery doesn't

lie in that way, Mr. Detective, I can assure you. And now"—she looked at the tiny jewelled watch pinned in front of her gown—"you said a few minutes' conversation, and I believe you have had half an hour. I have to go to a rehearsal directly. If there is anything else that I can tell you—" Hewlett rose. He was still puzzled, his monocle hung by its cord. "I am much obliged to you for sparing me so much of your time," Miss Merivale said. "There is nothing else that I can think of this afternoon, but if anything should occur later—" "You will come again—that is understood," Miss Merivale finished. "And I wish you good luck, Mr. Detective. I would give a good deal myself to see poor Queenie's murderer punished. I would indeed."

Mr. Hewlett shook hands and went out. As he walked slowly back to Swiss Cottage and boarded a motor bus to Charing Cross he was thinking harder than he had ever thought before. It seemed to him that never had he been engaged, on one at once so absorbing and so provoking. It reminded him of a game he had played as a child, where an object is hidden and when the searcher is near it he is told that he is "warm." Mr. Detective Hewlett continually had the feeling that he was quite near the solution of his problem, that he was "warm" in fact only to find the next minute that he was as far as ever from it.

As the bus tore on its way down the Finchley Road he pondered once more the facts, as he knew them. For the past month, ever since the discovery that it was Basil Wilton that Evelyn Spencer had married, he had been strongly of opinion that her death must be laid at the door of one of these three men—either one of the two cousins, Lord Warchester and Basil Wilton, or James Gregory. To some extent of late he had been compelled to exonerate Basil Wilton. Inquiries had shown that his accident had occurred at least half an hour before the time at which the doctors' testimony showed that Evelyn Spencer met her death, and his long illness fully accounted for Winslow's silence, which had appeared at first to be so suspicious. At the same time Mr. Hewlett was not inclined to be entirely satisfied; there might be a mistake in the time at either end, he told himself—an alibi is always the most unsatisfactory of defences. He at least might have had some sort of motive—the desire to rid himself of a wife of whom possibly he was tired, and who was obviously desirous of a recognition which would offend his mother and endanger his inheritance.

In the case of Lord Warchester as of Jim Gregory, there was apparent no reason which could in any way account for the murder. To Lord Warchester in spite of the letter dated two years back, Evelyn Spencer had been, as far as could be ascertained at the time of her death, merely his cousin's wife; to Jim Gregory she had been merely the sweetheart of his younger days, long since forgotten in a newer passion. Yet, Mrs. Spencer had identified, in the most positive fashion, the pouch found beside the body as the one the dead girl had worked for Gregory. If her evidence was to be trusted his presence in the room at the time of the murder, or his death might be taken as proved. Think of it as he would, Mr. Hewlett could arrive at no satisfactory conclusion. That the guilt lay with one of the three he felt convinced.

Exhausted Nerves Sleepless Nights

Continually Grow Worse Until Or. Chase's Nerve Food Restored Vigor and Strength.

Mrs. Campbell. What misery to lie awake nights and think of all sorts of things without being able to get the rest and sleep which is necessary to restore the nervous energy wasted in the tasks of the day.

This symptom of sleeplessness is one of the surest indications of an exhausted nervous system. You must have sleep or a breakdown is certain. Dr. Chase's Nerve Food feeds the feeble, wasted nerves back to health and strength. In a few days you obtain the natural rest sleep which helps so materially in restoring vitality to the nerves and strength to the whole body.

THREE YEARS OF MISERY

Mrs. Burnside Escaped an Operation by Taking Lydia E. Pinkham's Vegetable Compound.

Mahoningtown, Pa.—"For three years I suffered untold misery every month, and had to stay in bed the first two or three days. I also had a displacement and other ailments peculiar to women. I became so weak and run down I could scarcely walk across the floor. "The doctor told me I would never be well unless I would undergo an operation, but I was advised by my mother to take Lydia E. Pinkham's Vegetable Compound and after I had taken four bottles I am strong and well. I have got others to take your medicine with the same good results and they can't say enough for it."—Mrs. J. A. BURNSIDE, Mahoningtown, Pa.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound. Women who suffer from these distressing ailments should not lose sight of these facts:—Deliciously pure and wholesome and varied in character to suit all tastes. The question was—which? And this question his interview with Miss Merivale had not, so far as he could see, in the least answered. He got off the bus at Charing Cross, and turning up Bedford Street made his way down Maiden Lane to his offices. At the door he almost collided with some one coming out. "Why, Hewlett, the very man that I was looking for," Septimus Lockyer exclaimed. "But I have not a moment to spare now. Walk back with me as far as the post office."

"Any news sir?" Hewlett asked as he complied. Septimus Lockyer looked at him. "The best time to call on Mr. Edward Wallace is between five and six this evening."

"So we have found, sir. But the door fits like wax; it isn't possible to hear much." "It was not," Septimus Lockyer said significantly, "but Mr. Wallace's younger brother has a taste for carpentering; he has raised the door at the bottom too much. Mrs. Perks says. But there—boys will be boys, and there's no harm done,"—with a mimicry of Mrs. Perks's manner that made the detective smile.

"Have you any engagement for tonight, Hewlett?" Mr. Lockyer said with a sudden change of tone. "No sir, nothing I can't put off until another time if there is work to be done," the detective said hopefully. "I want you to come to a music hall with me."

### CURLING.

Toronto Ladies at Kingston. KINGSTON, Jan. 11.—The bonspiel of the Kingston Ladies' Curling Club will open on the 15th inst. and continue for two days. Montreal, Montreal Heathers, Toronto, and Peterboro are sending rinks.

Queip's Big Week. GUELPH, Jan. 11.—The diamond anniversary bonspiel committee having in hand the arrangements for next week have completed all the preliminaries. All that is wanted now is fine, cold curling weather, in order to make the bonspiel a success. It looks as though there would be at least sixty rinks taking part. It has been decided that besides giving the winners diamonds as prizes, the famous Sleeman trophy will also go along to be held for a year by the winners.

Hamilton, Jan. 11.—Hamilton won the opening game in the O. H. A. intermediate series in Group No. 4 before a large gathering at the new Alton rink last night, doubling the score on Welland by 8 to 4. Considering that neither team had any practice together, the exhibition was very fair.

There was not any team work expected by individual rushes brought the large crowd to its feet on numerous occasions. Hamilton secured an early lead, and, although the Welland outfit bombarded the local goal in the second period, they could not score on Morden. Morin, Moore and Brittain shone for Hamilton, while Beattie the husky cover of the visitors, was the pick of the Wellanders.

The teams: Hamilton—Goal, Morden (captain); point, Morin; cover, Ireland; rover, Cook; centre, Andrews; right wing, Brittain; left wing, Moore. Welland—Goal, Cronmiller; point, Cooper; cover, Beattie; rover, Knoll; centre, Best; right wing, Nixon; left wing, O'Brien.

Referee—E. C. Waghorne, Toronto.

### CURLING.

Dunnville 6, Niagara Falls 4. DUNNVILLE, Jan. 11.—Niagara Falls came up by special train, accompanied by a hundred visitors, to play the curtain raiser in this group of the O. H. A. last night. Their train was derailed at the Falls just as they started and they were obliged to play the rink being faced by Referee Gorie of Toronto at 10 o'clock. The rink full of people, stayed over two hours to see the game. The visitors were the heavier and used the advantage freely. Clarke the local cover point, was struck and had to retire with a broken leg last night. Dunnville won, the half time score being 2 to 1 and full time 6 to 4.

Hamilton Off in Front. HAMILTON, Jan. 11.—Hamilton won the opening game in the O. H. A. intermediate series in Group No. 4 before a large gathering at the new Alton rink last night, doubling the score on Welland by 8 to 4. ## ATHLETICS

### Canadians for Buffalo

The representation of Canadian ability at the 7th Regiment games in Buffalo next Saturday night will be unusually numerous. George Lister, who is looking after this end reports ten entries for the 250 yards and three-quarters novice events, the largest number ever made here for an American meet. Four are entered in the two sprint handicaps, and three, one of them Mel Brock, in the half-mile handicap. West End has a team in the mile relay, and Central names Carl Mertens, Chas. Kelly, Will Russell and Jake Freeman as the walking relay team.

Other entries have been sent direct, including cyclists, but the list is still open.

## HOCKEY

### London's good start

LONDON, Ont., Jan. 10.—President Wettlaufer of the O. H. A. came down from Berlin last night and officiated at the opening of the O. H. A. season here. Mr. Wettlaufer faced the puck and for a couple of hours the locals beheld good Victoria, emerging on the long end of an 11 to 5 count. The tally at the intermission was 4 to 2 in favor of London.

Five of the Guelph men are really juniors, but played first class intermediate hockey. Being right they did not show speed in the slushy ice and the game lagged in spots. The London seven looked good to the London fans, Borland, Grannary and others winning the plaudits of a large crowd.

## THIS LADY GIVES A SPLENDID REASON

Why She Would Not Be Without Dodd's Kidney Pills in the House.

They Helped Her Husband and Cured Her Own Rheumatism, Dropsy and Gravel of Thirteen Years Standing.

CANNO, Sask., Jan. 6.—(Special) "I would not be without Dodd's Kidney Pills in the house," exclaims Mrs. John C. MacKenzie, of this place. And those who have heard Mrs. MacKenzie's story do not wonder that she is so emphatic.

"I was a victim for about twelve of thirteen years of Bladder and Kidney Trouble," Mrs. MacKenzie says. "I grew into Rheumatism, Dropsy and Gravel. Doctors attended me but they did not do me any good.

"My husband had used Dodd's Kidney Pills with good results so I decided to give them a trial. Before I had finished the first box I was greatly benefited."

Dodd's Kidney Pills benefit and cure permanently all who suffer from any form of Kidney Disease. They cure the kidneys and cured kidneys strain the poison that causes the diseases out of the blood. That's why Dodd's Kidney Pills never fail to cure rheumatism, Dropsy and Gravel.

## THIS WEEK'S ADVICE

is to order soon. These chilly days are finding work for us. Before long somebody will have to do some waiting. Then there will be a rush in the streets. So those who have promised themselves an overcoat will be ahead by ordering ahead here. Skilled tailoring for careful dressers. Harwood.

### Between the Brantford and Paris Hockey Players—Latter Won Out by One Goal.

Over twelve hundred hockey enthusiasts were in the new Arena last night to witness the opening contest in the O. H. A. intermediate series, group seven, between Paris and Brantford. Of this number about 200 came from Paris, and they were well repaid for the trip. The seating accommodation at the rink is perfect, and everyone has a splendid view of the game, while the lighting is very good. During the half time period, the band of the Dufferin Rifles played several selections. When Referee Anglin of Toronto called the teams together at 8.30 the big rink was crowded with eager fans all anxious to see whether or not Brantford could for once defeat the green shirts. The Paris boys started off in whirlwind fashion and after three minutes of hard play, A. Peebles beat Meyers with a pretty shot from ten feet out. After this period the local boys settled down to play hockey and as a result the crowd witnessed many spectacular rushes combined with clever combination work on the part of both teams. The puck went up and down the ice time after time until six minutes later Eric Marlatt taking a pass notched the first tally for Brantford. Soon after this Thomson came back and fooled Meyers with a short wrist shot. The crowd at this stage were at fifty feet, the cheering being at times almost deafening. The local forwards worked like beavers, and two minutes before half time, Knight scored with a pretty shot, and the terms were even up.

During the rest several small wars were made on the result, Paris fans getting as high as two to one for their money. Shortly after the bell rang, George Gill notched a third tally for Paris and three minutes later, A. Peebles scored another. The Brantford boys came back strong and in a tussle near the goal, Watson, who was playing a clever game, found the net for Brantford's third score. At this stage the players began to tire and consequently the play began to lag, individual rushes being in order. After twenty minutes, W. Gill notched the fifth and final goal for Paris, while two minutes later Knight made it four for the locals. This ended the scoring and the bell found the players pretty tired.

The game was comparatively clean of rough tactics, Referee Anglin keeping the players well in hand at all times. A few minor penalties were imposed for tripping, but no minor received any longer than a two minute rest. Of the visiting team, Thomson was the special star, while the Gill brothers played their usual steady game. Watson, Knight and Woolams played clever hockey, while the work of Meyers in goal was excellent. The teams:

Paris (5)—Goal, Brown; point, W. Peebles; cover, Thomson; rover, W. Gill; centre, G. Gill; right, A. Peebles; left, P. Gill.

Brantford (4)—Goal, R. Meyers; point, Thorne; cover, Tuck; rover, Knight; right, Knight; left, Woolams; left, Marlatt; Referee, Art. Anglin, Toronto.

## How The Body Kills Germs.

Germs that get into the body are killed in two ways—by the white corpuscles of the blood, and by a germ-killing substance that is in the blood. Just what this substance is, we do not know. The blood of a healthy person always has some germ-killing substance in it to ward off the attack of disease. The fountain head of life is the stomach. A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished. To put the body in healthy condition, to feed the system on rich, red blood and throw out the poisons from the body, nothing in the past forty years has equalled Dr. Pierce's Golden Medical Discovery, a pure glyceric extract (without alcohol), of bloodroot, golden seal and Oregon grape root, stone root, mandrake and queen's root with black cherry bark.

"My husband was a sufferer from stomach trouble and I had a son who was suffering from a scab which would dry and drop off in about a month, but another would immediately form. It continued this way for a long time. He tried every remedy that any one would suggest but found no relief. He then tried Dr. Pierce's Golden Medical Discovery which completely cured him. His blood has stayed cured now for two years, and I recommend this valuable medicine for impurities of the blood."

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules.

### NEW PEKINESE CLUB A TESTS GREAT POPULARITY OF DOGGY PET.

(Special Despatch.)

A PROOF of the increasing popularity of Pekinese is forthcoming in the movement that another club has been formed in the interests of the breed.

This club, which also will look after the welfare and progress of Japanese, the Central Business and Japanese Club, will take as its field the exhibition of the breed in the central counties by such clubs and giving special attention to residents within that district. It is proposed to open to owners of either breed in part of the country.

There are not yet as many exhibitors of Pekinese as of Japanese in the Midlands but no doubt the formation of the club will greatly help to forward the first named variety.

As for Pekinese, there are a many breeders in the Midlands only the few a home club as their own. Within the district between the county of the Northern Pekinese Association the South, which is only a few miles from the two great clubs, the P.E.K. Club Association and the Pekinese Club Association, a strong committee was elected including Mrs. Gordon Greathart, Mrs. J. J. Kemp, Mrs. Peck, Mrs. S. S. Mrs. Thomk Tomkins, Mrs. Thomson, Mrs. L. E. Jackson and Mr. J. P. Hatch, the Rev. E. Jackson and Mr. J. Hill, with Mr. W. Daby as honorable secretary and Mrs. W. Lian, of Slintin Grove, Shipley, as honorable secretary.

The new club hopes to make a early in the new year with about 100 members, and has already proposed this inaugural meeting to adopt the name and rules of the Pekinese Club for Yorkshire and of the Japanese Club for the Japanese.

With such high value placed on the breed it is not to be wondered at that dog thieves are making considerable little dogs their special prey. Quite a lot of them have stolen in the West End lately, and police are on the lookout for thieves. One particularly daring was that of a "Peke" owned by Forbes Winslow, the well known theatrical specialist, which was stolen from the area of his house in Devon street, Portland place.

Jimmy, the old English shepherds that was such a success in "Dunty the Strings," at the Haymarket Theatre, has now joined the caste of "Scamps of the Pen," at the Colborne Theatre in which he is playing a role. Mr. Moffat, who owns the cat, thinks Jimmy is the first dog has ever doubled characters in a play. Jimmy not only gives his reliable impersonation in the kitchen market cross scenes, when he for the shepherd with an air of support, but he also actively as the management by giving the "off" suppose in the farm yard. At beginning of the run these barks done by a human actor, but Jimmie has joined the cast, has performed such parody of the real thing has literally drowned competition in his domain. It is only by occupying his attention with a piece of sugar can be induced to be silent when necessary for the barks "without" passed.
