Dedication of Pipe Organ Donated By Beaverbrook

Handsome New Instrument Donated by Lord Beaverbrook, in Memory of His Father, the Late Rev. William Aitken, to St. James' Presbyterian Church Dedicated Last Sunday. Mr. Geo. Ross, Mus. Bac. A.R.C.O., Presided at the Organ at Both Services and Also at Organ Recital Given Monday Evening.

The beautiful new pipe organ donated by Lord Beaverbrook to St. James' Presbyterian church in memory of his father, the late Rev. William Aitken, who for a great number of years was the highly esteemed pastor of the congregation was dedicated last Sunday. The instrument was made and installed by Mess. Casavant Freres Ltd. of St. Hyacinthe Que., and cost the donor \$5580.00. It is composed of 45 pipes, is built of light oak, and electrically pumped.

LORD BEAVERBROOK

Three weeks were required for its installation during which time services were held in the Kirk Hall. Lord Beaverbrook, has, on other occasions remembered his home church in many ways, and in this recent gift has shown his kindness and interest in its spiritual welfare. For these kind acts, the congregation of St. James' Presbyterian Church are sincerely grateful to their illustrious son.

Mr. Geo. Ross, Mus. Bac. A.R.C.O. organist of St. John's Presbyterian Church, Moncton, N. B. presided at the organ during both services, and his execution was of a high character, and thoroughly demonstrated, to the large congregation present, the wide range and beautiful tone which the new instrument possesses. The choir, which was largely augmented by new members, rendered appropriate selections for the occasion which were thoroughly enjoyed.

St. James' Presbyterian Church, Newcastle, N. B.

The pastor, Rev. L. H. MacLean, M. A. discoursed two appropriate and able sermons. In the morning he preached on "Music and Worship" clearly showing the part played by music in all things spiritual, and in the evening he spoke on "Responsibility of Greatness." During the morning and evening services, a special offering was taken up to remove from the church property a debt of \$5000.00. This special offering was taken in recognition of the gifts given to the church by Lord Beaverbrook and the handsome sum of \$1560.20 was contributed.

At the evening service Hymn No. 619 "The time is short," was sung by the choir and congregation in memory of the past. This hymn was one of the late Rev. William Aitken's favorites, and was rendered in memory of the departed and beloved pastor.

The following committee was in charge of the erection of the organ, the members of which are to be congratulated for the able and efficient manner in which the work was conducted. Mess. A. A. Davidson, E. A. McCurdy and W. A. Park who represented Lord Beaverbrook's interests and Mess. John Williamson, Allan J. Ferguson and D. W. Stohart the Trustees.

The following are the programmes for the morning and evening services

Whitneyville Women's Institute Meeting

November meeting met at the home of Mrs. Ben Dunnet the president presiding. Eleven members responded to roll-call with a literary quotation, other members to guess the author. One new member enrolled.

An excellent and helpful paper was read by Mrs. Daniel Mullin, on caring for poultry.

A piano selection was given by M. Forsyth followed by all the members singing an old favorite song.

Then the president called on Miss Forsyth for her report of the convention held at St. John.

After dainty luncheon was served featuring adjourned by singing God Save the King.

The regular monthly meeting of the Whitneyville Women's Institute met at the home of Mrs. Fred Whitney Wednesday evening, Dec. 3, d. The president Mrs. Hiram Whitney presiding, a large number of members present and one new member enrolled. After the regular routine of business the following programme committee were elected for the year. Misses Amy Sobey, Lella MacKenzie and Mrs. Allen Whitney.

To raise funds for the Institute work it was decided to sell lunches at the meetings held during the months of January, February and March, price of Lunch 20c. Everybody is urged to come and have a pleasant evening.

The following resolution was introduced and discussed and adopted.

"Whereas it is our aim to work for 'Home and Country,' and knowing that only in union is there strength, and desiring a united Canada a Loyal and True Dominion of the British Empire, and where as Bi-lingualism tends to separate the two races. Resolved that we stand firmly opposed to any separating influences and favor only the study and public use of the English language.

The president then called on Miss Lella MacKenzie for her report of Women's Institute Convention held at St. John. On behalf of the Institute the President extended a vote of thanks to Miss MacKenzie.

First Wednesday in January the meeting will be at the home of Mrs. P. A. Forsyth
"Remember the luncheon."

SPECIAL MEETING OF

TOWN COUNCIL

A special meeting of the Town Council was held on Tuesday evening for the purpose of considering the establishing of a Vocational Training School in Newcastle. May or Doyle presided and Alds. Russell and Ritchie were absent.

The committee appointed at Friday night's public meeting was present and discussed the matter with the Council Board, all of whom were favorably impressed with the idea.

The Council voted the sum of \$500; and recommended that the Board of Trustees take action along the lines of establishing a Vocational Training School as soon as possible, which will likely be early in the New Year.

which the congregation of St. James' Church have reason to be proud of as well as feel deeply indebted to the donor Lord Beaverbrook, who has always been a staunch adherent of his home town congregation. The following is the programme rendered at the Organ Recital.

1. Caprice Herique.....Bonnet
2. Priere Et Berceuse.....Ghilman
3. Scherzo in F.....Hoffman
4. Solo C. McLoon
(The Lord is my Light)

Symphony).....Dvorak
9. Concert Overture in
C. Min.....Hollins
10. Solo C. McLoon (The
Mercy Seat)
11. Marche Funebre Et
Chant Seraphique.....Guilmant
12. Allegretto in F. Flat.....
Wolstenholme
13. Evensong.....Easthope Martin
14. Marche Militaire.....Gounod

GOD SAVE THE KING

Mrs. M. Peck Has Gained 25 Pounds

Nine Years Trouble Ends And
She Is Well and Happy
Now

"I have gained twenty-five pounds since I commenced taking Tanlac, and the troubles that have been making life miserable for me for nine years have been completely overcome," said Mrs. Minnie Peck, who lives at 9874-82nd Ave., Edmonton, the other day.

"When I commenced taking Tanlac," continued Mrs. Peck, "I was so weak and run down that I was hardly able to get about. Everything I ate disagreed with me, and I would suffer for two or three hours after every meal on account of gas forming and bloating me up. I would have severe cramping pains in the pit of my stomach. I was very nervous, so much that the slamming of a door would upset me terribly, and a good night's sleep was out of the question for me. I would actually get out of bed every morning feeling more tired and worn out than I did the night before. This condition just kept getting worse all the time until I got to where I was compelled to stay in bed most of the time.

"Then I decided to give Tanlac a trial, and it's the honest truth, I commenced to feel better before I had finished my first bottle of this wonderful medicine, and my condition just kept getting better until I am now as well as I ever was in my life. I never have a sick stomach trouble now, and I have a fine appetite and eat just everything I want. I have gotten back all my strength and can easily do all my housework. My nerves are in perfect condition, and I sleep like a child every night. It is simply wonderful the way I have gained in weight, and in fact, I just feel fine all the time. Yes, Sir, Tanlac is a wonderful medicine and as long as I live I will never lose an opportunity to say a good word for it."

TANLAC is sold in Newcastle by E. J. Morris and in Rebdank by Wm. M. Sullivan.

Maritime Winter Fair

Amherst, Dec. 2.—The Maritime Stock Breeders Association have been working hard to make this year's Winter Fair eclipse all previous efforts along that line. Their efforts are meeting with encouragement. This morning Mr. F. L. Fuller, Secretary of the Association, received letters of acceptance, to be present and participate in the Fair, from Mr. H. S. Arkell, Live Stock Commissioner, Ottawa, Prof. George E. Day, Secretary of the Canadian Short Horn Breeders Association, Guelph and several other prominent stock men.

Hon. Murdoch McKinnon, Lieutenant Governor of Prince Edward Island has consented to be present and to officially open the Fair at eight o'clock Monday evening, December 15. The opening will also be participated in by Hon. Dr. S. F. Tolmie, Minister of Agriculture and Prof. E. S. Archibald, Director of Experimental Farms, Ottawa, who will be present throughout the Fair.

The attendance of these nationally eminent specialists in stock breeding and raising will make the Fair one of rare value to Maritime breeders, who according to present prospects will attend in greater numbers than ever. Special housing arrangements are being made so that all can be properly cared for.

What are Peps

Peps provide a new treatment for coughs, colds and lung troubles. They are little tablets made up from Pine extracts and medicinal essences. When put into the mouth these medicinal ingredients turn into healing vapors, which are breathed down direct to the lungs, throat and bronchial tubes. The Peps treatment is direct. Swallowing cough mixtures into the stomach, to cure ailments and disorders in throat and lungs, is indirect. Peps are revolutionizing the treatment of colds and their price is within the reach of all. All dealers, 50c. box. Send 1c. stamp for FREE TRIAL PACKAGE.

No Coal From U. S. During December

Montreal, Dec. 8.—"Of the one hundred and fifty cars per day which the United States Government undertook to supply to Canada beginning November 24, not one car has been received. The prospects are that little if any coal will reach Canada during the month of December. Even although the strike may be settled this will probably be the case," says an official statement of the Railway Association of Canada (the Canadian Railway War Board), issued here to-night. "The Canadian Railways are already using wood for stationary boilers. They have already reduced passenger service. Further cuts in passenger service are about to be announced. But even with these changes it is almost inevitable that a serious reduction of freight service will also have to be made. In this case preference will of course be given to foodstuffs and perishable goods. It is practically certain that almost all movements of raw materials for manufacturing will have to be stopped. The first of these to suffer will necessarily be export traffic such as pulpwood, lumber, nickel, asbestos and other ores."

TWO NEW BRUNSWICK YOUNG LADIES DOING GREAT WORK IN THE CHAUTAUGUA.

Two New Brunswick young ladies are making an enviable record in United States with the Chautauqua. One of those young ladies formerly resided in Chatham, N. B., while her partner resides in Fredericton, or did up to a few years ago. The two young ladies are well and favorably known, being Miss Nan Synott, and Miss Roselt Breed of Fredericton.

The Chautauqua has recently played in Augusta, Maine; and is now playing in a Massachusetts town. While in Augusta, The Journal, reported the work of the two young New-Brunswick ladies with a degree of prominence, and featured the work of Miss Synott on the piano. Of Miss Breed he said: "Miss Breed gave an exhibition of how to get married by 'Phone. All friends and relatives got over the shock, one by one and enjoyed the performance as much as the bride and groom—not to mention the audience who watched Miss Breed. Her Encore was entitled 'On the Train' being the near adventures of a lady who was travelling on a ticket, which she took good care to put where she could find it, in case of need."

Of Miss Synott's acting he reports: "Miss Synott who is a delightful, blonde young lady, opened the program with a finished and skilful rendition of that difficult 'Salut A Peste'. She followed with the 'Hungarian Rag' as an encore. Her fingers of velvet are controlled by muscles of steel that respond instantly to the very delicate mood of the player. She is a real artist."

Miss Synott spent a few days in the city last summer, the guest of friends. At one time, it is reported that she acted in the 'Empress' theatre here, previous to her joining a circuit. After the play of that evening in Augusta she was invited to the Augusta Rotary Club where the club reporter followed her work as follows: Miss Synott did a number of stunts on the piano, playing with her back to the key board and proved she was an artist of unusual ability. Miss Roselt Breed followed in many interpretative readings all of which were greatly enjoyed."

Miss Synott's numerous friends in this town are pleased to learn of her great successes in the American centres. It is but fitting to remark that we wish her continued success, and that old New Brunswick has players, actors, playwrights and "any wrights" if looked over carefully. We wish Miss Synott continued success.

C. E. F. ROUTINE ORDER

A Canadian Expeditionary Force Routine Order, dated Nov. 29th, states that it has been decided to issue a certificate to all members of the British Forces, whether in the Army, Navy or Air Force, who have from time to time been "mentioned" in Military Despatches, during the war. Persons who received more than one "mention" will receive a certificate for each individual "mention", but the certificates may not come in the order in which the "mentions" were merited. However, it will not be necessary, for any person desiring such, to write and inquire if their certificates do not come in regular order, as they will all be sent out in due time.

TWO VIEWPOINTS

"I have my opinion of the man who would let his wife fire a furnace," remarked the energetic citizen. "I have my opinion of the wife who would do that," replied the indolent man. "Eh?" "She's a jewel."

Our Corner of the Earth

is charming in a thousand ways, but it has the dampest winters of all Canada and the winds are cold and "raw". Coughs and colds are prevalent.

HAWKER'S TOLU AND CHERRY BALSAM

will protect you and your family from coughs and colds. Keep a bottle always in the house. Colds demand prompt treatment.

Read what Thos. McAvity, of St. John, N. B., has to say about Hawker's Tolu and Cherry Balsam:

"I take great pleasure in stating that I have used Hawker's Tolu and Wild Cherry Balsam in my family for years and find it an excellent remedy for coughs and colds."

Sold by all druggists and general stores. The same price everywhere—25c. & 50c. None genuine without Company's name.

ST. JOHN, N. B.

BOOM ROAD

Boom Road, Nov. 29.—As I have not seen any notes from this district for a long time, I thought you might like to see a few.

Mrs. Bella Matchet who has been visiting relatives here for the past week, has returned to her home in Sunny Corner.

Miss Ella Hayre of Whitteville is spending a few weeks with her cousin, Mrs. Robt. Sherrard.

Miss Mary McKenzie and Miss Jessie Jardine spent Friday with Mrs. John Stewart.

Mr. James Sherrard and family who for the past few years, have resided in Nelson returned to their home.

Mrs. Peter Hyland and Miss Grace Curtis of Whitteville spent Thursday evening with Miss Mary McKenzie.

Mrs. William Allison was the guest of Mrs. Donald McTavish of Whitteville on Friday afternoon.

Miss Margaret Hynes of Bathurst is visiting old friends here, and at Whitteville.

TOO LATE.

Teacher: "Benjamin, how many times must I tell you not to snap your fingers. Now put down your hand and keep still. I shall hear what you have to say presently." (Five minutes later) "Now, then, Benjamin, what is it you wanted to say?"

Benjamin—"There was a tramp in the hall a few minutes ago, and I saw him go off with your umbrella."

Healthy, Happy Boys and Girls

IS your child healthy? Is he or she up to standard weight, of good color, with plenty of rich, red blood to nourish the growing tissues?

For children who are thin, pale, anaemic, under weight, nervous, restless, sleepless, Dr. Chase's Nerve Food is of the greatest benefit imaginable.

Being mild and gentle in action, and yet wonderfully potent as a restorative, it soon makes the blood rich and builds up the feeble nerves.

50 cents a box, 6 for \$2.75, all Dealers, or Edmondson, Bates & Co., Ltd., Toronto.

Voted Against Lottery Bond Issue

London, Dec. 2.—By the substantial majority of 192 the House of Commons Monday, decided against the proposition to float premium bonds in order that the government might raise needed money. Judging from the cheering that greeted the announcement of the figures, the decision of the chamber was a popular one.

Public opinion led by the Archbishop of Canterbury and other prominent churchmen and financiers, had expressed itself forcibly during the past two weeks against the bonds and evidently has converted many public men hitherto at least sympathetic with a lottery bond issue. Austen Chamberlain, chancellor of the exchequer, in the course of a speech on the question in the House, confessed that his former advocacy of the bonds was the result of insufficient study of the subject. Sir Robert Kindersley, chairman of the war savings committee, which facilitates the purchase of war savings certificates by the poorer people of the community, had been a strong opponent of premium bonds for the reasons which Andrew Bonar Law, lord privy seal, and government leader in the House, advanced in his speech on the subject, Monday night, namely that premium bonds would destroy the habit of investing in war certificates, which had brought the government 1,500,000 pounds weekly, and tend to discourage thrift among the people.

Game Changes Ob- served In Province

The open season for game which came to a close on November 30th has undoubtedly been one of the most successful seasons in the history of the province. While the revenue from the sale of licences has been large the exact figures will not be known until complete returns have been sent in by the vendors. Although a great many moose have been killed by both resident and non-resident sportsmen there is no doubt that this splendid game animal is on the decline in New Brunswick, and if they are not soon given greater protection the day will come when they will be entirely extinct. Moose were scarce in New Brunswick twenty-five years ago, but ten years later they were again becoming scarce more particularly in that section of the country watered by the Miramichi. The time will soon come when the drastic steps will need to be taken for their preservation. It can be done by reducing the length of the open season. It begins now on September 15th and if it were to start a month later the mating or hunting season would be over and the big bulls would have a better chance to avoid the hunters. If the moose is to be conserved something has got to be done soon.

Caribou Scarce

In regard to Caribou they seem to have become extinct in the central and southern districts of the province. Some small herds have been seen in the region of Bald Mountain in the northern part of the province, but few have been seen elsewhere. Deer are said to be more plentiful now in New Brunswick than ever. This is largely responsible for the scarcity of caribou.

Bear Plentiful

Bears have become very plentiful in New Brunswick in recent years. The fur went down in price a few seasons ago and less trapping was done than in former years. Bear pelts have recently advanced in price and it is likely that more attention will be paid to them by trappers during the coming season. Beech nuts were scarce this fall and the bears sought their dens earlier than usual.

While there has been a big influx of non-resident sportsmen to the province, the past season, few if any came from the old country. They are likely to come next year in large numbers as also will the Americans and there will need to be changes in the game laws, with a view of conserving our resources.

Truro, N. S., Nov. 25.—Captain Laurie E. D. Stevens, head of the De Vere Aviation School here; and Lieutenant J. M. Stevens, of Charlottetown, the school's Prince Edward Island representative, returned from a visit to Montreal where a deal was consummated with the Air Craft Mfg. Co. Ltd., of London, England to take over the De Vere Aviation Co., Ltd., and the Prince Edward Island Aerial Transportation Co. Ltd., and form a Maritime Provinces company controlling aviation in eastern Canada. Negotiations have been completed for a large consignment of airplanes, delivery of which is to commence shortly.

These planes will be distributed among the various places where the company will conduct business.

LUXURY IN EARLY TRAVEL

"Safety Barges" instituted for Those Who Feared Hazard of Voyages on Hudson River.

The frequency with which boilers blew up on the early Hudson river boats led to the use of what were known as "safety barges," and these, in their day, were considered the utmost luxury in travel, comparable to the private cars of the magnates of today. The barges were boats with main and upper decks and were almost as large as the steamers which towed them. The rabble rode on the steamers, inhaled the smells of the kitchen and the freight holds, endured the noise of the engines, and took the chances of explosion, while on the barges behind the elite traveled in luxurious state. Food was brought from the boat kitchen to the barge saloon over a swaying bridge between the vessels and was served with great aplomb under the direction of the barge captain, who was a noble figure in the setting.

The upper decks of the barges were canopied and decked with flowers, with promenades and easy chairs from which to view the scenery. At night the interiors were transformed into sleeping accommodations, such the same as a modern Pullman, except that they were more commodious. Not the least attractive feature of these barges, according to a chronicler of their excellence, was "an elegant bar, most sumptuously supplied with all that can be desired by the most fastidious and thirsty."

Recent news dispatches which tell of plans to establish floating cafes on the ocean just outside the three-mile territorial limit when the nation goes dry, indicate that luxurious floating establishments somewhat similar to these "safety barges" may again come into use.

SCIENTIST TELLS OF TRIUMPH

Professor Claims to Have Perfected System for Underground and Submarine Messages.

Speaking recently of his work for the navy, Prof. James R. Rogers, the inventor of a wireless system for underground and submarine transmission, stated: "Six or seven years ago, I began experiments with the transmission of electric impulses by the ground. They were renewed during the war with the audion bulb, which renders the receiving apparatus more sensitive. I first established contact with the earth by points and before long received with perfect distinctness impulses sent from Europe. I placed my antennae in trenches radiating from a center and pointing by the compass toward the distant station from which I wished to receive. I demonstrated to the navy department that eight operators may receive at once from eight separate wires. My system was installed at New Orleans, the Great Lakes station, and Belmar, N. Y., and is now used at the principal wireless stations in the United States. I have found the best results with my wires buried six feet below the surface in damp ground. Some of my experiments were conducted in water 25 to 50 feet deep."—Scientific American.

Monkey as Labor Possibility.

The pig-tailed macaque or brek of the Malays is a highly intelligent animal, and the Malays train them to pick coconuts. The modus operandi is described by R. W. C. Shelford in "A Naturalist in Borneo." A cord is fastened round the monkey's waist and it is led to the coconut palm, which it rapidly climbs. It then lays hold of a nut, and if the owner judges the fruit to be ripe for plucking he shouts to the monkey, which then twists the nut round and round till the stalk is broken and lets it fall to the ground. If the monkey catches hold of an unripe fruit the owner tugs the cord and the monkey tries another. I have seen a book set as a very efficient fruit-picker, although the use of the cord was dispensed with altogether, the monkey being guided by the tones and inflections of his master's voice.

Burgundy at Its Best.

Burgundy wines of 1915 are reported by the most eminent connoisseurs of Paris to be the best since 1865. In fact their verdict is "perfect." The summer of 1915 was hot, so was the autumn, with light rains now and again at exactly the right intervals. M. Mathieu, celebrated savant on the subject of wines, writes: "Since 1865 there has been no Burgundy like that of 1915 in delicacy or strength. The 1915 vintage is a remarkable synthesis of bouquet, aroma, body and flavor."

But of course all this is of merely academic interest to us.

Less Crime, Fewer Carpets.

There does not at first glance seem to be much connection between crime and carpets, says the London Daily Mail, but it is a fact that the decrease in crime brought about in India, as elsewhere, by the war has led to a decrease in the supply of Indian carpets. The reason is that most of these carpets, especially the finer and more expensive kinds, are made by convicts, notably in the great jail at Poona. They are made entirely by hand, so it is a case of few convicts few carpets.

Hard to Distinguish.

"In Shakespeare's day the Eve was thought to be the seat of love." "Maybe the Elizabethans were not so far wrong, after all. The symptoms of love and an acute bilious attack are very similar."

RAILWAY MAN MEETS DEATH

John Gordon Killed in Accident on Atlantic Quebec & Western.

An accident occurred on the A. Q. & W. Railway between Port Daniel and Marcell station on the evening of Monday, 24th November, resulting in the death of Mr. John Gordon, Locomotive Foreman, A. Q. & W. and Q. O. Railways. It appears he went to the assistance of one of the trainmen to apply more brakes on the freight cars which was necessary owing to the failure of the Westinghouse Air pump on the engine. This westbound freight had to meet the regular east-bound passenger train at Marcell and as it was down grade for two or three miles approaching that station he considered it a necessary precaution to have more hand brakes applied in case of the freight train not being able to stop promptly when meeting the passenger train, thus avoiding the possibility of an accident.

He was for several years Locomotive Engineer in the service of the A. Q. & W. Railway and about a year ago was appointed Locomotive Foreman in the Railway Shops at New Carlisle. In the instance referred to, as this engine had just received repairs he accompanied it on a trial trip.

He was born in Abo-deenshire, Scotland, twenty-nine years ago. In Oct. 1917 he married Miss Alta Caldwell, daughter of Mr. A. M. Caldwell, New Carlisle. He is survived by his wife and one child, eight months old. He was a nephew of Mr. J. S. Gordon, General Manager, A. Q. & W. and Q. O. Railways. He was a young man who was held in high esteem and greatly respected by all who knew him. His life and conduct and his strict devotion to duty, which has always been one of his distinguished characteristics, should prove an example to others. It was his strict devotion to duty that caused him to lose his life. His loss is deeply regretted by all his friends and all who came in contact with him and the deepest sympathy is extended to his widow and other relatives.

"READS LIKE A THRILLING NOVEL"

Escapades of a Western Clergyman Who Desired to be Rich.

CALGARY, Nov. 29.—To preach a sermon at Ardrossan on Sunday, to forge checks totalling \$4,000 at Calgary on Wednesday, to make a sensational get away by the use of clever subterfuges on Thursday, to be arrested at Edmonton and brought back to Calgary on Friday is the chapter of sensational incidents which was crowded into the past week of life of Duncan P. Cameron, former Methodist minister, who reached the city last night to face fogery charges. Cameron's confession was made public last night and reads like a thrilling novel.

Old Salt—Let 'im 'ave the leg, o' course. I never argue with sharks.

A regular from a western army camp returned to his home in the east recently on an extended furlough. He was entertained extensively by his former companions and friends. One evening, he told the boys about the Indian's great love for whiskey.

"Why, the way them Indians love whiskey beats anything you ever saw," he remarked. "I once met a Cheyenne on his pony. 'Give me a drink of whiskey; I'll give you my bridle for it,' he says. 'No,' says I. Then he offered his bridle and saddle and pony, all in a bunch for one drink."

"Well, wouldn't you give it to him for an' that?" asked one of the boys. "Well, not much!" said the soldier, emphatically; "I only had one drink left."

In a Pacific Coast town they tell of a political leader who once flourished there and who, knowing the financial necessities of one of his most valuable workers, sent him a small portfolio bound like a book, among the leaves of which were deposited banknotes to the amount of several thousand dollars. Some time later the two met, and the donor said:

"And how did you like the new work I sent you?" "A fine work!" exclaimed the other. "I read it with great interest; so great, indeed, that I await the second volume with impatience."

Stop Coughing! At the first indication of a cold take

BANKS ARE BULGING WITH MONEY

Deposits in Banks Reach Enormous Total—Records All Broken.

Ottawa, Nov. 28.—The pinnacle of the banking financial year is reached in the bank statement for October issued Tuesday by the finance department. They show October to be the banner month of the banner year in the history of Canadian banking institutions. Total assets now stand slightly under the three billion mark, an increase of nearly \$330,000,000 as compared with October 1918, while the liabilities during the twelve months period have grown by only \$115,000,000. Notice deposits now stand away over the billion and a quarter mark while demand deposits exceed seven hundred millions. Combined, they are almost sufficient, if they could be so applied, to wipe out the two billion dollars which have been raised by the various war loans. Deposits will drop in November, however, because of withdrawals for the purchase of Victory bonds.

ROYAL BANK BONUS LIKELY PERMANENT

Halifax, Dec. 8.—This city has always been proud of the Royal Bank of Canada, for it was here where, as the Merchant's Bank of Halifax, fifty years ago, it first saw the light. Its renovated office building in this city, which will be ready for occupancy about the beginning of the year, is the most splendid banking premises in Halifax, or indeed in the Maritime Provinces. It has been in the hands of the contractors for more than a year. The celebration of the bank's jubilee is being happily conducted both for the shareholders and the staff. The former will have a distribution of two per cent on the \$11,000,000 of capital which means the tidy sum of \$280,000 extra in their dividends and the staff are to have a bonus of twenty per cent on their salaries. The staff numbers more than 5,000, of whom about 1,500 are women. Taking the women and the men together the year's salaries at an estimated average of \$1,000 a year, comes to \$5,000,000. In a bonus of 20 per cent the staff will, therefore, receive the tidy sum of \$1,000,000 in salary bonus. This, indeed, is a handsome and most satisfactory way to celebrate the fiftieth anniversary, especially from the point of view of the men and women in the branches everywhere who keep the bank to the front by their efficient service. It is not unlikely that the two per cent dividend bonus will be made permanent, thus placing the stock on a 14 per cent basis.

Father—I'm ashamed to see you crying because a bee stung you. Act like a man.
 Bobbie—Yes and then you—you'd gimme a lickin, like you said y-you would if you ever heard m-me usin' k-kind of language.

KEEP THEM VIGOROUS

When a child suffers from the slightest exposure and is thin, listless and easily tired, that child ought to receive plenty of

SCOTT'S EMULSION

regularly. It is an essential factor in the health records of thousands of children. Given regularly, with or after meals, it helps keep them in normal weight, vigorous and spirited.

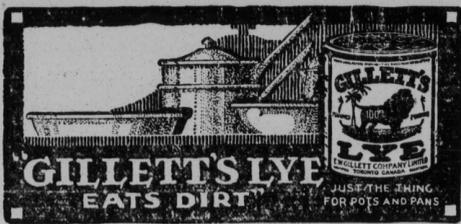

Try SCOTT'S for your boy or girl.
 Scott & Bowne, Toronto, Ont. 19-21

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

BIRTH OF A POEM "IN FLANDERS FIELDS"

"In Flanders Fields," to quote the words of Maj.-Gen. Morrison, who commanded the brigade to which Lieut. Col. McCrae was attached, "was literally born of fire and blood during the hottest phase of the second battle of Ypres.

"My headquarters were in a trench on the top of the bank of the Ypres Canal, and John had his dressing station in a hole dug in the foot of the bank. During periods of the battle men who were shot actually rolled down the bank into his dressing station. Along from us a few hundred yards was the headquarters of a regiment, and many times during the sixteen days of the battle he and I watched them burying their dead whenever there was a lull. Thus the crooked row on my grave, into a good sized cemetery.

"Just as he describes, we often heard the larks singing high in the

air, between the crash of the shell and the reports of the guns in the battery just beside us. I have a letter from him to which he mentions having written the poem to pass away the time between the arrival of batches of wounded, and partly as an experiment with several varieties of poetic meter.

The unit with which McCrae served was the most advanced of all the Allied guns by a good deal, except one French battery which stayed in a position yet more advanced for two days, and then had to be taken out.

MADE SENSATIONAL DISCOVERY IN NEW YORK

People Found Cheques for \$100,000 Contributed by Prominent People to Bolsheviki Fund

NEW YORK, Nov. 21.—Checks aggregating \$100,000 donated to the Communist party of New York by some of the City's "Parlor Bolsheviki" are in the hands of Chief City Magistrate McArdoo, it was learned today. They were seized in the raid on Radicals on Nov. 7 and 8, and will be submitted to the extraordinary grand jury investigating seditious activities here, it was announced.

Cheques amounting to \$11,000, payees not designated, made out by Mrs. Rose Pastor Stokes, are included in them, according to Assistant District

CARRIED ABOUT \$600 WORTH OF GOLD

Cook From Northern Ontario Has Shaving Soak Tin Full of Dust.

Toronto, Nov. 27.—With about thirty ounces of virgin gold in their possession a French Canadian, his wife and two small children, who appeared in a Queen Street West store here yesterday, excited the suspicion of a detective. He invited the storekeeper and Frenchman and family to detective headquarters in the city hall to talk the matter over. It turned out that the Frenchman and his wife had been employed in the Northwest Ontario gold country, the wife as a cook and it was her earnings in gold dust that the pair were disposing of for currency. The gold dust was in a couple of shaving soap tins and an old tobacco pouch and at \$20 an ounce was worth about \$600.

The bargain for the purchase and sale of the dust was completed in the detective head quarters.

Attorney Rooke. It was to interrogate her concerning them that she was subpoenaed yesterday.

When the list of contributors to the Communist leaders is made public the people of New York will realize how far its ramifications extend. Attorney General Berger said, "People in both social and religious circles, according to our discoveries, are Bolsheviki to the bottom of their hearts," he added.

The Grand Jury today began investigation of the secretary of the Jewish Protective and Aid Society, concerning the identity of several persons belonging to that organization, whose names figure in Communist records.

DON'T BUY DUST

DUST-LADEN TEAS ARE CHEAP AND TRASHY AND POSITIVELY INJURIOUS TO GOOD HEALTH.

"SALADA"

CONSISTS OF PURE WHOLE LEAF TEAS PROPERLY BLENDED AND IS ABSOLUTELY FREE FROM DUST.

The little man made his way back to the box office. "This seat number sounds like a German submarine; it's U-19," he said. "You don't want to change it merely on that account, do you?" asked the box-office manager. "No, but I thought you might be able to supply me with a periscope to enable me to see over the big woman sitting just in front."

Lounsbury

"The Home of the Grafonola"

Join Our 1919 Christmas GRAFONOLA CLUB

Have Your Grafonola Now--or Later if You Wish

Good as has been the Club plan in former years, it has been made more attractive this time by offering Club members choice of any style of Grafonola, and while there will be no limit set as to the number of memberships, we are urging everyone to make an early selection, as no doubt any marked preference for any particular model of Grafonola may quickly exhaust the supply, and thus limit the choice.

To open the Club with a rush to-morrow we are offering the fine outfit illustrated here on very special terms for a single day.

Grafonola Record Cabinet together with 6 Selections For Only \$5 Down

---Sent Home to You Without Delay

It's a Grafonola of unusual merit, having most of the good features found in instruments of two and three times the price—such as new bayonet-joint tone arm, Columbia tone-control leaves, Columbia reproducer, speed regulator, start and stop device, etc., etc. It has powerful motor and plays two selections at one winding, and is enclosed in handsome oak case. Record cabinet has capacity for 60 disc records.

Get Your Order in Early To-morrow

The LOUNSBURY CO., Ltd.

NO NEED TO WAIT A DAY. It requires only a small sum (based upon the instrument you choose) to join the Club.

Price of Outfit

Including Grafonola, Record Cabinet and Six Selections---all for \$49.75

All we ask is that you pay us \$5 down to-morrow to join the Club, and agree to pay balance of purchase price in small weekly dues afterwards. We send the complete outfit—Grafonola, Record Cabinet and Records, as included above—to your home at once. You pay for it while you are getting your enjoyment from it.

One Gift to the Whole Family

A good idea, adopted by many homes in former years, is for all members of the family to contribute an amount agreed on, and in this way, without anyone assuming a heavy burden, bring into the home one of the finest models of Grafonolas.

But Join the Club, and Let This be the Merriest Christmas of All.

NO DANGER FROM PLANETS.

Last week The Advocate published a statement handed out by a Professor Porter, claiming to be a sunspot authority, in which was forecasted for this month the "most terrible weather cataclysm ever experienced," due to an extraordinary grouping of the planets. Professor Porter fixed the exact dates, from the 17th to the 20th of this month, and there were to be hurricanes, gigantic lava eruptions, and great earthquakes, besides rains and floods. There may not, however, be any occasion for alarm, and this December's storms may not differ greatly from the storms usually incident to this time of year. Another Professor, Edgar Lucien Larkin, director of the Mount Lowe Observatory in California, spoke at the Chemists' Club in New York on Monday evening of last week on "The Milky Way and the Spiral Nebulae." What is more to the point he devoted a large part of his lecture to a refutation of Porter's story. Professor Larkin said he had received letters from people throughout the country who were terror-stricken by the Porter and other prophecies, one of which is to the effect that a tidal wave fifty feet high would sweep over the country, destroying both New York and San Francisco. The prophecy, he said, was based on the statement that the planets would be in a direct line with the sun at the time mentioned. Professor Larkin showed by actual calculations that this is not the fact, and that the earth in particular will be ninety degrees to one side of a line from the sun to certain planets. In other words, at a right angle. We may, therefore, dismiss the Porter "cataclysm" as a figment of the imagination.

Preparing For Kaiser's Trial

London, Dec. 8.—Speaking at Pontypridd, Wales, today Sir Gordon Hewart, Attorney-General, said the suggestion was not true that there were any dissensions or waverings with reference to the trial of former Emperor William of Germany. The law officers, he added, were continuing most careful preparations for it. Fifty thousand written statements with reference to the matter of prosecuting criminals for their acts during the course of the war had been examined. From this, the speaker said, the audience could appreciate the magnitude of the task and not be deceived by suggestions that the matter was not receiving the closest attention.

10 CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and head clear for months. They work while you sleep.

Redbank, N. B.

Mae Edwards Players At Opera House

The Mae Edwards Players, who have been playing to record smashing business, through the Maritime Provinces since September 1st have reached Newcastle.

Headed by two of the most popular leading people who have ever played this section, Mae Edwards and Jack Werner Corbin, they opened a three nights engagement last night, with "The End of a Perfect Day." The title applied to the evening itself, as well as to the play, for those who were fortunate enough to secure seats Miss Edwards was more than satisfactory in her role, giving it an interpretation which went straight to the hearts of her audience and now has a host of friends.

Mr. Corbin rendered able support and his work was that of a finished actor.

Mr. Chas. T. Smith took care of the comedy and did it extremely well, while Mr. Harry Hoy, and the Misses Lee and Connor were all well up to the standard of the excellent company. The vaudeville between the acts, headed by the "great Heavenly" was a feature, and eliminated all waits between the acts. Some of it would do credit to the biggest vaudeville circuits.

All in all the Mae Edwards Players are as clever a company as Newcastle has seen in a long time, and our advice is to secure seats early for the remaining two nights of their stay.

Tonight the play selected is that beautiful story that never grows old, "The Rosary" while they close their engagement Wednesday evening, with the greatest of all Northern plays, "The Wolf." Vaudeville changed nightly. Everything new at each and every performance. Seats on sale at Dickison & Troy's drug store.

Notice To Returned Soldiers

By Order-in-Council, dated October 16, 1919, no ex-members of the Canadian Naval or Military Forces shall be entitled to the benefits of re-training under the Department of Soldiers' Civil Re-establishment, unless application for courses of retraining is made within three months from the 1st day of November, 1919, provided that where the date of retirement or discharge of any ex-member of the Canadian Naval or Military Forces is subsequent to the 1st November, 1919, provided also that where an ex-member of the Forces has been transferred or passed directly from the Department of Militia and Defence or the Department of the Naval Service to the Department of Soldiers' Civil Re-establishment for a continuation of treatment such ex-members of the Forces shall be allowed three months from the date of retirement or discharge or from the completion of such treatment in which to make application for the benefits of such retraining. Applications for retraining, of soldiers eligible in New Brunswick, should be addressed to: "District Vocational Officer, D. S. C. R. at one of the following addresses, which ever is nearest to home of applicant:—Fredericton Hospital, Fredericton, N. B.; Merchants' Bank Building, Prince William Street, St. John; or 100 Queen Street, Moncton, N. B.

TO INVESTIGATE SLEEPY SICKNESS CASES IN WEST

Ottawa, Dec. 8.—Strong efforts are being made by the Department of Public Health to discover the source of the cases of so-called sleeping sickness reported from the West. Dr. Amyot, Deputy Minister of Public Health, left for Winnipeg during the week-end on the invitation of Dr. Gordon Bell, Medical Health Officer, for the Province of Manitoba. Dr. Amyot in co-operation with the medical authorities of Manitoba, will make personal investigation of the cases.

BEAVERBROOK IN DEAL BUYS \$2,000,000 WORTH OF SHARES IN CINEMA CONCERN

London, Nov. 28.—The Daily Sketch announces that Lord Beaverbrook has closed a big cinema deal by purchasing for 400,000 the ordinary shares, of the Provincial Cinema Theatres, Limited, which has a capital of £1,000,000 and owns about thirty-five theatres and sites in provincial towns.

LADY BEAVERBROOK SAYS NO TRUTH IN REPORT

London, Nov. 29.—Lady Beaverbrook denies a report of an intention to try to follow Lady Astor to Parliament by contesting Ashburton when Mr. Albert Stanley resigns.

WEDDINGS

SISSON-LEAKE
On Tuesday, at the home of Mr. and Mrs. James Leake, Sussex, their daughter, Jape Thompson, was united in marriage to S. V. Sisson of Newcastle, by Rev. Mansel Shewen. After the ceremony a dainty luncheon was served. The happy couple left by the afternoon train for Fredericton Boston and other centres. On their return they will reside in Newcastle. The bride was the recipient of many beautiful gifts of silver, cut glass and substantial cheques.

SCHULTZ-TAYLOR
A quiet wedding took place at the church of St. Francis, Edmonton on Nov. 25th at 8 o'clock when the Rev. Celestine Joseph O M with nuptial mass united in marriage Edward J. Schultz of Newcastle and Miss Laura M. Taylor of South Esk. The bride wore a pretty suit of navy blue with hat to match and was attended by Miss Mally wearing a suit of brown with hat to match. The groom was supported by Mr. J. O. Rourke. After the ceremony the wedding party drove to Rusary Hall where they were the guests of the sisters to a dainty wedding breakfast. After spending a few days in Edmonton the happy couple left for their home in Thorold Alta. followed by the good wishes of many friends.

—"Pa, what was a pre-glacial man?"
—"Why, man before he had to pay ice bills, I suppose."

PEROSNALS.

Dr. D. R. Moore of Stanley N B was a visitor in town last Tuesday.

JUNIOR CLUB ST. JAMES' CHURCH CONCERT AND SALE

On the evening of Friday, December fifth in St. James Hall the Junior Club gave a musicale followed by a sale of art needle-work and dolls. The president, Mrs. L. H. MacLean presided. The programme consisted of:

1. Piano duet—Misses E. Nicholson and M. McCurdy
2. Humorous Reading and Solo—Mr. James MacMurray
3. Piano Solo—Miss Elizabeth Nicholson
4. Solo—Mrs. Frank Burgess
5. Violin Solo—Miss Eileen Brett
6. Piano Solo—Miss Margaret McCurdy
7. Solo—Mr. Elder.

The Hall was filled with an appreciative audience. This is not surprising as the programme was carried out with both efficiency and balance. The Misses Nicholson and McCurdy delighted the audience with their selections and the accurate rendering in technique and interpretation. We hope to hear more from them in the future.

Mr. James MacMurray, Newcastle's comedian needs no comment in song and especially in reading he surprised and delighted his audience.

Mrs. Frank Burgess who is always received with delight by a Newcastle audience, sang with much expression and taste.

Miss Eileen Brett, daughter of Colonel Brett who recently came from England to Newcastle, delighted her audience in two splendidly rendered violin solos. Miss Brett revealed the result of good training, thus showing the musical atmosphere of old England.

Mr. Elder, the Harry Lauder of the Miramichi was enthusiastically received and as usual delighted his audience in his rendition of familiar scottish songs.

Indeed every number was heartily enjoyed. The audience was charmed and the Junior Club sincerely thank all who so kindly contributed.

Tea was served after the programme and during the sale thus combining business and social fellowship.

The proceeds of the evening approximated \$180.00.

Pocket Knives

FOR CHRISTMAS

He will appreciate your Thoughtfulness. Give him a New Pocket Knife.

MITCHELL LEWIS HAPPY HOUR THURSDAY

Excitement—why, the Mitchell Lewis company held enough hair-raising thrills during the filming of "Children of Banishment," a film version of the widely read novel of the great outdoors by Francis William Sullivan, to make Jack London's stories sound mild in comparison. The picture was taken on the crest of the Sierra Nevada Mountains, 8,000 feet above the sea level, where the company met with enough thrilling incidents to make a new scenario for a six-reeler. Perhaps there wouldn't have been much of a plot to it—but "Children of Banishment" has the thrills and the plot. It's just chock-full of action, with a superb cast, that has resulted in one of the most wonderful pictures of the Northwest that has ever been made.

No other moving picture people ever worked on the location that the Mitchell Lewis company held in the filming of this picture. Most of their work was done on the grounds of the Yosemite Valley Lumber Company, the only entrance and exit to the camp leads up and down the longest and steepest incline railroad in the world, which is 8,000 feet long. The grade varies from 78 to 87 per cent in steepness and the cars rise 3,000 feet from the valley to the top of the ridge.

Mr. Lewis and his entire company took their lives in their hands in reaching the location of this camp, and again in making their descent, as the road over which they traveled was built only for the transportation of logs. Before the lumber company would allow the star or the members of the company to use the road they were obliged to sign papers assuming all responsibility in case of accident.

The trip to the camp was made on flat cars in zero weather, with a huge snow-plow breaking a way through the swirling drifts. Once, when the train stopped to allow the plow to break a path through an unusually large drift, Mr. Lewis left the flat car and climbed out on a projecting ledge, overlooking the valley, 4,000 feet below. Recent rains had evidently undermined the foundations, for just as Mr. Lewis stood upright the ground crumbled away and the big boulder started on a crashing trip through trees and brush to the level below. Mr. Lewis jumped and grabbed the limb of an overhanging tree, but for several seconds he was forced to fight for a tread-mill footing on the slipping rock until he was able to swing himself to one side.

This incident furnished the narrowest escape from actual death that Mitchell Lewis has ever experienced, and while it completely unnerved the other members of the company, "Big Mitch" laughingly jumped back on the flat car and ordered the engineer to continue to the camp.

And that is the same aspect that Mitchell Lewis took in the entire making of his picture. Nothing was too hazardous to try if it would make the picture better. No artificiality for Mr. Lewis! It must be the real thing every time.

The picture, without a doubt, is one of the most wonderful Northwestern photoplays ever filmed, because the real Western outdoors has been used as a background, and it is true in every detail.

A GRAND PLAN

"What's the idea of sitting in the barn here all by yourself?"

"Well," answered "Farmer Corn-tassel," "if the summer boarders aren't playin' jazz on the phonograph they're quarrellin' over the League of Nations, so I'm 'Hungry' out here with the cattle and restin' my mind."

OBITUARY

THOS. MULLEN

The death of Mr. Thos. Mullen, occurred at his home in Newcastle, last Saturday morning from pneumonia. Deceased attended to his duties as mail driver on Thursday, and took ill on his return home in the evening.

The late Mr. Mullen was born in North-Esk, and married Miss Hannan Brennan of Barnaby River. Besides a widow, one son Ernest survives who lives in Newcastle, and served a number of years overseas.

Mess. Noll and John Mullen of Maple Glen are brothers of the deceased.

Deceased was 78 years of age. The funeral was held from his late residence, King's Highway Monday morning. Interment in St. Mary's cemetery.

DAVID PETRIE

The death of Mr. David Petrie occurred on Friday 5th inst at his home in Maple Glen. Deceased was 81 years of age, and was born in St. Cyrus, Kincardine County, Scotland.

He enlisted in the British Army at the age of 16 years, and when 18 years of age was sent to India, where he served during the Indian Mutiny. He was present at the Relief of Lucknow, and after the mutiny was over was sent to St. John N. B. In 1865 he was sent by team from St. John to Fredericton where he was quartered during the winter in a church.

In the spring of 1866, he returned to St. John, and from there was sent to Halifax and was given the option of returning to Scotland or his discharge, and accepted the latter.

The late Mr. Petrie was a stone cutter by trade and worked on the I. C. R. when building, between Halifax and Matapedia. While working on the I. C. R. he helped build the piers of the old Northwest and South west Miramichi Bridges.

He married Miss Mary Ann Smallwood at Amherst, and 46 years ago came to Newcastle, and then settled at Maple Glen, being one of the oldest settlers of that place. Besides his widow he leaves to mourn seven sons and one daughter, John, of Maple Glen, Joseph of St. John, William of Princeton-Maine, David of Lowell, Mass, Arthur of Newcastle, Charles and Fred of Lowell, Mass, and Carolina (Mrs. Phineas Gunn) of Maple Glen. Deceased was a Presbyterian.

Each member of the family with the exception of the youngest, Fred, was present at the funeral which was held on Sunday 7th inst at 3 o'clock p. m.

The six sons of deceased acted as pall-bearers, and interment was made in Maple Glen cemetery. Funeral services were held at the home and grave by Rev. Mr. Bertram. Funeral directors Thos. M. Maltby & Sons.

GRAHAM PUTNAM

The sad and sudden death of Master Graham Putnam, son of Mr. and Mrs. Putnam occurred last Friday in Montreal. Up to a short time ago deceased was in apparent good health but becoming ill with ear trouble was taken to Montreal for treatment, where he soon after succumbed. Deceased was 11 years of age, and was a bright, clever and promising young boy, and his early death is deeply regretted. His remains were brought to Newcastle from Montreal on Sunday's Limited, by the parents and service was held in St. James' Presbyterian Church, by the Pastor Rev. L. H. MacLean.

The Hymns "Jesus Lover of My Soul" "Jesus loves me," and "Safe in the arms of Jesus" were sung by the choir, under direction of Prof. Ross of Montreal, who presided at the organ and a very impressive discourse given

DIED SUDDENLY

AT PEMBROKE, ONT.

PEMBROKE, ONT., Nov. 27.—Benjamin Hollinger, discoverer of the famous Hollinger mines at Cobalt, and one of Canada's most famous prospectors and mining magnates, died suddenly here Wednesday morning at his breakfast table.

Allies Will Compel Germany to Sign

Glasgow, Dec. 4.—Speaking at a political meeting here tonight, Andrew Bonar Law, spokesman for the Government, alluded to Germany's attempt to evade ratification of the peace treaty owing to the delay of the United States Senate in adopting it.

Mr. Bonar Law said that he spoke for the government and he believed for the Allies, in declaring that they had the power and if necessary would exercise it, to insure ratification by Germany of the treaty.

A Cold Fact.

(Arcaidian Recorder.)

The cold snap is about the only snap the ultimate consumer comes into contact with these days.

By Rev. L. H. MacLean A large attendance of citizens and the children of St. James Sunday School, of which deceased was a valued member, was present. Interment took place from St. James' Church to the Miramichi Cemetery, the service at the grave being conducted by Rev. L. H. MacLean. The flowers were many and beautiful, and the bereaved parents, brother and sister have the heartfelt sympathy of the community in their sad bereavement. Deceased's father is acting Manager of the Royal Bank of Canada, here, having been transferred temporarily from Vancouver, B. C.

The pall bearers were Mess. Jas. Stables, G. G. Stohart, Howard Atkinson, Allan J. Ferguson, John McKeen, and R. W. Crocker. Funeral Directors Thos. Maltby & Sons.

Get Well—

Get Well—

END STOMACH TROUBLE, GASES OR DYSPEPSIA

"Pape's Diapepsin" makes sick, sour, gassy stomachs surely feel fine in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach-headache, you can get relief in five minutes by neutralizing acidity. Put an end to such stomach distress now by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder caused by food fermentation due to excessive acid in stomach.

THE MAKING OF A FAMOUS MEDICINE

How Lydia E. Pinkham's Vegetable Compound is Prepared For Woman's Use.

A visit to the laboratory where this successful remedy is made impresses even the casual looker-on with the reliability, accuracy, skill and cleanliness which attend the making of this great medicine for woman's ills.

Over 350,000 pounds of various herbs are used annually and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best.

The most successful solvents are used to extract the medicinal properties from these herbs.

Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution is cleanliness the medicine is pasteurized and sealed in sterile bottles.

It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of female ills.

The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are constantly publishing attest to its virtues.

GIVEN DUE CREDIT.

A certain little girl was discovered by her mother engaged in a spirited encounter with a small friend, who had got considerably worsted in the engagement.

"Don't you know, dear," said the mother, "that it is very wicked to behave so? It was Satan that put it into your head to pull Elsie's hair."

"Well, perhaps it was," the child admitted, "but kicking her shins was my own idea."

Notice To Advertisers

The co-operation of advertising patrons is requested in the direction of getting "copy" into the office on or before 5.30 p. m. on Monday. Very often the receipt of a large advertisement or even regular changes after that hour serves to dislocate the regular work of getting the paper made up in time to catch the mails—and not infrequently such ads. are at the last moment left out.

This situation is not of service to either the advertiser or our readers and we, therefore, request that copy be received in the office before 5.30 p. m. on Mondays.

"My hunger is appeased; I just ate 30 cents' worth"

GREAT METEOR FELL INTO LAKE

Cities About Lake Michigan Thought it Earthquake Shock.

Detroit, Mich., Nov. 27.—That a meteor of tremendous size plunged into Lake Michigan last night causing earth tremors felt in a dozen southern Michigan cities and sending a pillar of flames hundreds of feet into the air and visible for a radius of more than fifty miles, was the theory generally accepted early today in explanation of an earth shock which at first was believed to have been caused by a terrific explosion at some industrial plant.

From reports from various Michigan, Indiana and Illinois cities where the blinding flare was visible, it appeared the centre of disturbance was near the lower end of Lake Michigan. Coast guards at Grand Haven were firm in their assertion that they had witnessed the descent of the heavenly body.

Residents of Battle Creek, Kalamazoo, South Bend, Grand Haven and other western Michigan cities fled from their homes in panic, fearing an earthquake. Houses were shaken and country was illuminated as by a bright sun's rays, so all-cavorting that it was impossible to tell from which direction the flare came. The earth trembled half a minute, then came a prolonged rumbling as of a terrific explosion.

PASTOR SAYS SOCIAL ORGIE MENACES U. S.

Women Dress Like Underworld, Leave Nothing to Imagination.

MANCHESTER, N. H., Nov. 23.—Rev. T. J. Horner, pastor of the Unitarian Church, declared from his pulpit today that "a period of social orgie threatens this country," and that a godless country cannot have a government that will survive. He said: "To-day women in the best families are dressing as only the most brazen women of the underworld abroad would think of dressing. They leave nothing to the imagination. The big restaurants are filled at midnight, and in imagination I can see the devil, dressed in red with a leer in his eye and his tongue in his cheek, he leads the procession of dancers winding in and out among the tables. What happens in New York will later happen in Manchester and every other city in America."

"Here in America 62 per cent. of the people never darken a church door from one end of the year to the other. The time was, here in New England, when it was a rare thing for a family to sit down to a meal without thanking God for it, but how many of them do it now, though they are descendants of the Pilgrims? There is no such thing as real delicious gratitude in this country, because there is no religion which represents the spiritual side of democracy."

"The saving grace of the situation is in the spirit of the Pilgrims which prompted them under God to appoint a day of special thanksgiving in which their gratitude reacted in their personal share for each other's good temporarily as well as morally, which laid the foundations of American liberty so deep and strong that democracy has swept the nations and girdled the world."

RIBBON AND HOLLY TO COVER BOMBS

Philadelphia, Pa., Nov. 22.—Discovery of a Red plot to slay officials with explosives in Christmas mail packages is announced by Superintendent of Police James Robinson.

Information of the plot which he considers reliable indicates it is a nation-wide, and directed against federal, state and city authorities who took part in the national round-up of radicals planning the overthrow of his government.

Steps were taken to prepare federal investigators, postal authorities and police of large cities for action against the "mail terror," which is scheduled to begin operation shortly before and during the Christmas holidays.

Evidence of the existence of a plot to send bombs through the mails under ribbons and holly, was reported to Superintendent Robinson by Andrew Emanuel, head of the bomb squad, who said he unearthed it during his investigation of radical activities here. The information was carefully withheld by the police. It is believed to originate from an anarchist "Squelcher" who was afraid of the consequence of the plot.

SMALLPOX CASES IN MONTREAL

Many Cases Reported—Epidemic Now in One Institution.

Montreal, Nov. 29.—Twenty-nine cases of smallpox were reported to the city health authorities and 27 of them have broken out in one building in the city, "La Misericorde," maternity home, which has been promptly placed under quarantine.

Strict orders have been given that no one shall leave or shall go into the building except doctors. The maternity cases in the hospital number about thirty.

The other two cases of smallpox are at the Civic Hospital, where the number of cases are just one less than last week.

SUNNY CORNER

Sunny Corner, Dec. 4.—Misses L. Murphy and Mabel Bell of Craigville, spent last week with Miss Janie Porter.

Mr. Charles Mullin who has been undergoing treatment in the Miramichi Hospital for the past six weeks returned home Saturday, somewhat improved in health.

Mr. and Mrs. Perley Tozer spent Sunday evening in Red Bank.

Miss Margaret Hines, West Bathurst, is visiting relatives and friends at the Corner.

Mrs. Frederick McAllister was hostess at an enjoyable knitting party on the 28th.

Mr. Daniel Cain has returned from the lumber woods where he has been employed for the past two months.

Mrs. John Matchett, Newcastle was a visitor here on Friday.

Misses Greta McAllister and Janie Porter are on the sick list this week, Doctor Bell is attending the former for pneumonia.

Mrs. Belle Matchett arrived home Saturday from Boom Road, where she has been for a few weeks.

MAPLE GLEN

Since our little place is apparently being forgotten I will send a few items to refresh the memories of our more stirring neighbors.

The opening of the New Curtis Road which makes convenient connection between our village and Whitney, fills a long felt want, and is much appreciated by the residents of Maple Glen.

A number of the young people of this place and Whitney, united recently in making a surprise party at the camp of our popular young friends Mitland and Lorne Jardine and spent a very enjoyable time, being made to feel perfectly "At Home." They dispersed in the "wee small" hours after having disposed of the goodies in their baskets, as well as sharing in those provided by the well known cook of the establishment, all declaring Mitland and Lorne to be the most entertaining of hosts.

Mr. Allan Sobey left on Saturday for a short visit to friends in St. John.

Miss Mildred Mullin has returned to her home in Trout Brook after a pleasant visit to friends here.

Mr. Petrie one of our oldest residents was quite seriously injured on Sunday last while helping with the chores about the barn. We hope to see him about as usual soon.

Miss Grace Curtis of Whitney was the guest of her aunt Mrs. Daniel Jardine of this place on Sunday.

Percival Sobey spent Sunday with his sister Mrs. Charles Smallwood.

Ed. Jardine, who has recently returned from Centreville is being warmly welcomed by his friends.

Misses Nellie, Janie and Dickie Sobey were guests of their aunt Mrs. Manford Sobey on Friday evening.

Miss Amy Sobey who is now employed in Whitneyville spent the week-end with her parents in this place.

Our friend Jessie Street is now working in Trout Brook.

Some of the young ladies chaperoned by Mrs. Wm. Barge paid a visit at the camp of Mr. Hayes on Saturday. They report a pleasant visit spent and Mrs. Savoy, the cook, to be a fine hostess.

Ed. Jardine was the guest on Sunday of Mrs. D. Petrie.

Joseph Sobey spent Saturday at the home of D. S. Gordon.

We are sorry to hear that Mr. Haynes is so seriously ill with an ulcer in his eye that he is not able to work.

We are united in extending our congratulations to our most popular young couple who were principals in a recent happy event.

BETTER THAN ANY MEDIUMS

Mince Pie That Brought Vision of Home Caused Wounded Soldier to Long for Life.

Pie is not among the articles treated of in works on materia medica, but a recent incident shows that it may have therapeutic value. In a hospital lay an American sailor, for whom everything had been done by surgeons, doctors and nurses, and yet something was lacking. He was homesick; his mind was ever away in a little Atlantic coast town. One day, in the midst of his bodily pain and soul-suffering, there flashed upon him the object of his quest, and he murmured excitedly: "Oh, if I could only have a piece of mince pie." It was not that he wanted to eat a piece of pie, for he was too ill for that. His hunger was for what the pie represented. An American nurse who heard the wish managed, with some difficulty, to find all the ingredients for a real New England pie. When she took it to him she put with it a bit of cheese, also hard to procure in these times, so that nothing would be lacking. In the cheese she planted a miniature Stars and Stripes. The poor boy could eat neither the pie nor the cheese, but they contributed just the home touch needed to improve his condition. When the wife of the American consul general visited him later she remarked upon the improvement in his condition, and he said: "Two days ago I was in such misery that I could have welcomed death. Now I feel that America is not so far away as I thought and that I have got to hang on."

GENERAL BELIEF IN HONESTY

Something Very Like the Millennium Seems to Be Near in Great British Metropolis.

How is the sudden trust Londoners have come to exhibit for each other to be accounted for? There is an extreme shortage of copper coins for small change in London, and one man says of his experiences: "On several occasions lately news vendors who have been unable to change silver have said to me, 'Never mind, pay me the next time you are this way.' Only one of them knew me as a regular customer. Even more unexpected credit than this was offered me at a railway booking office where I tendered a shilling for a two-penny fare. 'I'm short of coppers,' said the girl booking clerk, 'pay me tomorrow.' 'But I shall not be here tomorrow,' I replied. 'Then pay me the next time you are here, whenever it is,' she said. 'But supposing I forget,' I expostulated. 'Oh, I know that you will come and pay me some day,' she answered. 'I've never known people fall.' Similar testimony is offered by others, who tell of copper credit thrust upon them by strangers, and often very poor and humble strangers.—London Mail.

Clearing Up After War.

On the banks of the Thames, less than twenty miles from London, there is an American town of the mushroom kind such as you might find in a new California oil field. Its population consists of more than 200 white men and about 150 negroes. It covers twenty-five acres which nine months ago were fallow grass land. The business of the town is to receive, sort and store war material. There is a street of wooden huts, another of corrugated iron huts, huge iron store sheds a quarter of a mile long, office buildings, water supply and electric lights, the whole surrounded by a hedge, a few armed sentries and much mud. All day long the khaki-clad negroes push and haul railway trucks full of war material. War material coming back from Russia is being stored at this camp, also the fittings of the dismantled hospitals which the American army established in England.

Warmth Increases Oil Flow.

An electrical method of carrying warmth to the bottom of oil wells has been found in many cases greatly to increase the flow of oil. The heating process, says Popular Mechanics Magazine, decreases the viscosity of the oil, usually occasioned by the admission of air to the well and the cooling of the rock bed. Minute crevices and capillary channels which afford easy passage to warm, thin oil become quite impassable if the oil gums. The electric heating method not only thins the oil but often generates gas whose pressure helps the oil to the surface. The system found military use in the abandoned oil fields of Roumania and Galicia.

What's in a Name?

Most readers are familiar with the story of the German bank in a United States city which, finding its name unpopular, changed it to the "Sherman bank." Here is another example on the same lines: A popular New York city German restaurant was called the Kloster Glocke (Cloister Bell), and its front was decorated with a large bell as a sign. The name has been changed to the "Liberty Bell," and the bell of the old monastery now does duty as a replica of the one which rang out independence to the colonies.

Doubts Mechanical Skill.

A "prominent business man" has offered \$50,000 for the privilege of being carried as mechanic on the first transatlantic flight made in an airplane. If this offer is accepted, it is to be hoped that his mechanical ability equals his enthusiasm.—Spring-Field Republic.

NERVES ALL GONE TO PIECES

"Fruit-a-lives" Conquered Nervous Prostration

R. R. No. 4, GLENN PLAINS, MAN. "In the year 1910, I had Nervous Prostration in its worst form; dropping from 170 to 115 pounds.

The doctors had no hope of my recovery, and every medicine I tried proved useless until a friend induced me to take "Fruit-a-lives."

I began to mend almost at once, and never had such good health as I have enjoyed the past eight years. I am never without "Fruit-a-lives" in the house". JAS. S. DELGATY.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

An Emergency Excuse. Farmer—You, young rascal, what are you doing up in my apple tree? Boy—Please, sir, I'm frightening away the birds; they're such awful thieves.

CANADIAN BUILDS FAST HYDROPLANE

Tests at Buddick Show Speed of Seventy-One Miles Per Hour.

Professor Alexander Graham Bell, inventor of the telephone, has invented a new hydro-plane which experts say can travel at the rate of seventy-one miles an hour over the roughest water. The craft has been tried out successfully at Professor Bell's home at Baddeck, Cape Breton.

The boat is propelled by two 400-horse power Liberty motors and equipped with hydro-folls, upon which she sails when travelling at full speed. Her body is long and tube-like, tapering to a point at the stern, and is more than one hundred feet in length.

The two motors are supported by struts, the lower ends of which rest on a pair of planes somewhat similar in appearance to the wings of an airplane. Water wings, or planes, support her when she is not in motion. On being tilted upward from the rear these wings give the boat a life when she moves forward under power.

Professor Bell has christened the craft the HD-4.

Don't Bother with "Special Pastry Flour"

You can get the same flaky lightness in your Pie Crusts, Tarts and Cookies, with

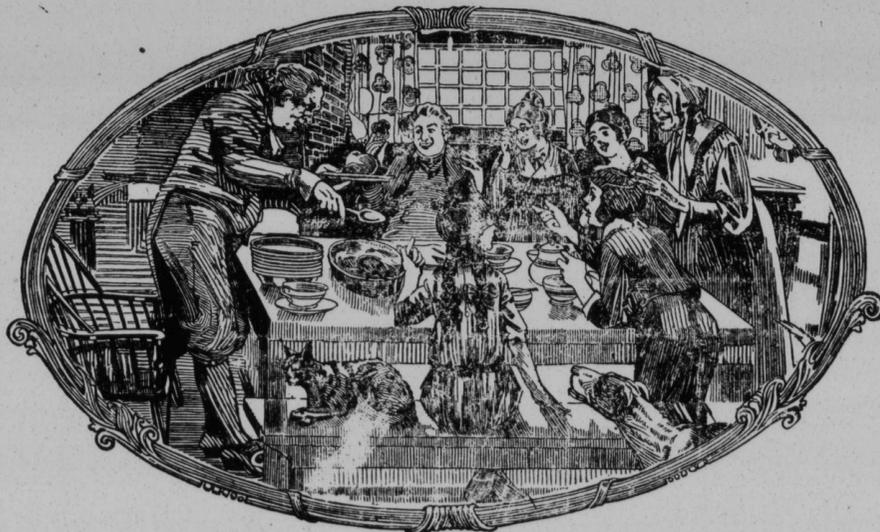

BEAVER FLOUR

as you can with any pastry flour. Beaver Flour is milled of the famous Ontario fall wheat, strengthened with western spring wheat.

And more than that—Beaver Flour makes a loaf of bread that is a joy to eat—with fine, even texture and a delicious, "homey" nutlike flavor, unknown to those who still use the tough, tasteless, western spring wheat flour. Make the change today—order a barrel of Beaver Flour at your grocer's and have really delicious Bread and Pastry.

DEALERS—write us for prices on Feed, Coarse Grains and Cereals. THE T. H. TAYLOR CO. LIMITED, CHEATHAM, Ont. 205

How the Apple Got into the Dumpling

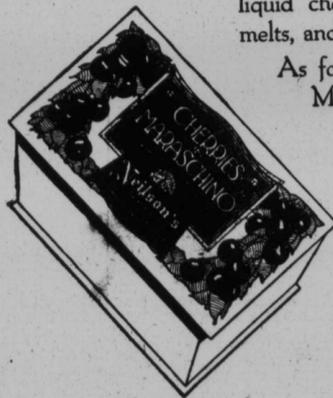

—is a small mystery compared to how the maraschino cherry is made to float inside its chocolate coating.

To one who has never seen it done, it may well seem difficult—if not impossible. Let us tell you how we do it.

First of all we make a delicious boiled cream. This is then placed in heated containers to keep it soft. The maraschino cherries are next examined to see that each one is perfect. Then one at a time, the perfect cherries are picked up with a fork, dipped into the cream and laid aside to set.

The second stage takes place in the chocolate dipping room. Here the cream-coated cherry is rolled in warm liquid chocolate. As this cools and sets, the cream melts, and—presto!—the cherry floats.

As for the result—well, you must taste Neilson's Maraschino Cherries—they are more luscious—we were about to say—than mother's apple dumplings.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezee costs but a few cents at any drug store. Apply a few drops on the corn, calluses and hard skin on bottom of feet, then lift them off. When Freezee removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED
 Look, Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

LORD BEAVERBROOK'S PLAN.
 Lord Beaverbrook, by making the confiscation of war profits a national issue in Great Britain, has directed world attention to that method of aiding in the solution of the great problem of economic readjustment occasioned by the war's fearful cost. It would not be correct, to credit Lord Beaverbrook with being the first to suggest the method proposed, but his prominence in both the business and political world has made the suggestion of many an idealist, many a socialist, many a plain, ordinary, common-sense thinker, a live issue of practical politics, a possibility of the great uprising of the British financial returns. On the 11th of October he showed a deficit of \$312,269,691, the show amounting only to a little more than half the expenditures of \$794,682,449 are compelling reasons for some other method of getting money. More taxation there must be but mere taxation of itself will not be sufficient. Lord Beaverbrook sees confiscation of wealth the war created as the reasonable, the fair, the natural source to inadequate revenues and reduce staggering debts. His suggestion, or rather his support of what might be termed a popular suggestion, gives its force, because Lord Beaverbrook himself is a war profiteer who would be called upon to hand over to the public treasury a million and more pounds. He would have the government take the valuation of each business as of March 31, 1914, and a valuation as of the same date in 1919. All that lies between in the way of increment should be, argues he, added to the nation's treasury. Other influential men who made money out of the war or because of the war are backing Lord Beaverbrook in the campaign he is making. A notable example is Lord Iverforth, who is credited with having made at least \$20,000,000 profit in the war years, and who is willing to hand over a cent of it over to the national treasury if others whose wealth the war increased are compelled to do likewise. It is the view of Lord Beaverbrook that confiscation of war profits would give the government approximately five billion dollars, a sum which, if used in paying off Britain's debt in America, would aid materially

SENTENCES ARE MUCH REDUCED

All Men Punished for the Kimmel Riots Given Leniency.

Vancouver, Nov. 26—Information has been received by Capt. George Black from the office of the Prime Minister at Ottawa that all of the twenty-one sentences of imprisonment imposed by court-martial on Canadian Soldiers implicated in Kimmel Camp riots have been reduced so as to expire with two exceptions, before Jan. 1, 1920. One will expire on Jan. 7 and one, of a Russian, is reserved for further consideration and if discharged he will be deported.

Upon returning to Canada after defending the Kimmel Camp men of whom twenty were acquitted. Capt. Black made strong representations to Sir Robert Borden and the minister of justice concerning the circumstances of the Kimmel Camp riot, protesting against the findings of the court-martial, the severity of the sentences and generally as to the undesirable features of such military tribunals.

When seen at his office today Capt. Black said: "My action was taken, not to beg for leniency for the men, but to place before the government the facts as to who were responsible for the riot and to secure relief for the men who were victims of it. They being entitled to relief on the merits and on legal grounds. The application received immediate and sympathetic attention from the Premier and the results are as satisfactory as could be expected at this stage, although I am of opinion that injustice was done in more than one case.

in reducing national obligations. According to a Montreal Star London correspondent, "the British cabinet is divided upon the proposal. Lloyd George is said to be neutral, but Beaverbrook spends much time with him and the belief is growing that the Prime Minister is for it. Winston Churchill is strongly favorable. Bonar Law is strongly against it, I am told. So is Austen Chamberlain. The Gedds brothers have not said where they stand." It is noted by other correspondents that the champion of those who oppose Lord Beaverbrook's plan is also a former Canadian, Mackay Edgar, who, speaking for the financial interests, charges that the scheme, instead of getting the real war profiteers, would confiscate the capital required for industrial development. Mixed in with this is the usual charge of electioneering. Undisturbed by this opposition, Lord Beaverbrook continues, in the London Express, to urge his proposal, and the backing he is receiving from prominent and representative Englishmen not only makes the issue a practical one, but proves that many of the nation's men of wealth are ready to place their money at the service of the country as they were their lives.—Ex.

BEFORE THE REAL EXPLORERS CAME

Nearly every school boy will answer glibly that Columbus discovered America in 1492 and will add that other men followed in the wake of the hardy adventurer in later years and entered the St. Lawrence and founded the great empire of Canada. But few know that in the years before these came hardy Norsemen had probably visited the shores of the maritime provinces, Labrador and Newfoundland. That, however, is true, for the Sagas—the old records of the Norsemen—tell of the strange expeditions of crews of sailors who had ventured far beyond the well known seas of that day and had visited a place they called Vinland.

The Norse came by way of Iceland and Greenland in the years following 872. One of them had explored quite thoroughly Greenland in 983 and founded a home in one of the deep fjords. Then he went back to his homeland and raised a party to settle in the new domain. His colony of 400 people lived in Greenland for about four centuries.

In 1000, Lief, an explorer, sailed southward to see what could be found. He came to a flat rock. This territory he named Heluland. He sailed on until he found a wide wooded land, to which he gave the name of Woodland. Then he stood out to sea and driven by a wind he came to a new land. He came to a body of water connected with the sea by a short river. There he wintered. When spring came he returned to Greenland with a cargo of lumber and several years later he brought back a colony. It did not flourish, however and in 1012 it left the new land. The best authorities think he found Nova Scotia, Labrador and Newfoundland at this time.

A Weak Argument.
 Mr. Taber was telling his daughter, the reasons why she should not marry young Carpenter.
 "Why, hang it all, Sue," said the father, "that fellow earns only eighteen dollars a week."
 "I know, father," said Sue, pleadingly, "but a week passes so quickly when you're fond of each other."

LADY ASTOR WON HER ELECTION

Supports Unionist Party—Government Also Won in Isle of Thanet.

PLYMOUTH, Eng., Nov. 28.—Lady Astor was elected to parliament from the Sutton division of Plymouth in the balloting of Nov. 15th. The results were announced after a count of the ballots here this afternoon.

The vote stood:
 Lady Astor, Unionist, 14,495.
 W. T. Guy, Labor, 9,292.
 Isaac Foot, Liberal, 4,139.

Lady Astor became a candidate for the Plymouth seat in the British House of Commons after the death of Viscount Astor, of Haverhill, had left her husband heir to the title and necessitated his retirement from the lower House of Parliament.

Lady Astor, who becomes the first woman seat holder in the House of Commons, was formerly Miss Nannie Langhorne, of Virginia. She is the mother of six children a fact of which she boasted on one occasion during her canvass.

Convention Of N.B. Farmers

The United Farmers of New Brunswick have made their first definite move in the field of provincial politics, confirming previous intimations that they were preparing for a general provincial election.

Their first move has been to call a convention in Carleton county for the purpose of considering the selection of candidates in the constituency, which forms the major portion of the federal riding in which they recently elected T. W. Caldwell as member of parliament.

Stating that there is a possibility of an appeal, the officers of the United Farmers have called their convention in Carleton county for December 15 at Woodstock and it is believed that a complete ticket for a general provincial election will then be placed in the field, as well as one candidate named to contest the county in the death of the late G. L. White, who was elected in 1916 while in poor health and who never took his seat in the legislature after the election.

It is expected that conventions in all the other counties of New Brunswick will follow that in Carleton County.

"BUY AT HOME"

This Is Better Than Laxatives

One NR Tablet Each Night For A Week Will Correct Your Constipation and Make Constant Dosing Unnecessary. Try It.

Poor digestion and assimilation mean a poorly nourished body and low vitality. Poor elimination means clogged bowels, fermentation, putrefaction and the formation of poisonous gases which are absorbed by the blood and carried through the body.

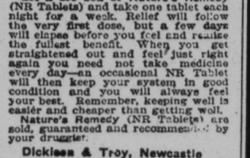

The result is weakness, headaches, dizziness, coated tongue, inactive liver, bilious attacks, loss of energy, nervousness, poor appetite, impoverished blood, sallow complexion, pimples, skin disease, and often times serious illness.

Ordinary laxatives, purges and cathartics—sulfate, oil, calomel and the like—may relieve for a few hours, but real, lasting benefit can only come through use of medicine that tones up and strengthens the digestive as well as the eliminative organs.

Get a 25c box of Nature's Remedy (NR Tablets) and take one tablet each night for a week. Relief will follow the very first dose, but a few days will elapse before you feel and realize the fullest benefit. When you get straightened out and feel just right again you need not take medicine every day—an occasional NR Tablet will then keep your system in good condition and you will always feel your best. Remember, keeping well is easier and cheaper than getting well.

Nature's Remedy (NR Tablets) are sold, guaranteed and recommended by your druggist.

Dickinson & Troy, Newcastle

COPENHAGEN CHEWING TOBACCO

Copenhagen is used differently from ordinary chewing tobacco. Take a small pinch, for a start, and put it between the lower lip and gum, in the osseous.

Afterwards you can increase the size of the pinch to suit the strength of the chew you desire.

Copenhagen is strong because the tobacco of which it is made is cut into fine grains, which makes it transport its strength thoroughly and quickly.

Smoke a little "juicy" once a long year, showing that Copenhagen is not only an unusually economical chew, but also one of the finest quality, being made of the best, old, rich, high-flavored tobacco.

OTHER TABLETS NOT ASPIRIN AT ALL

Only Tablets with "Bayer Cross" are Genuine Aspirin

If you don't see the "Bayer Cross" on the tablets, you are not getting Aspirin—only an acid imitation.

The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin, prescribed by physicians for over nineteen years and proved safe by millions for Headache, Neuralgia, Cold, Rheumatism, Lumbago, Neuritis, and for Pain generally. Made in Canada.

Handy tin boxes of 12 tablets—also larger sized "Bayer" packages can be had at drug stores.

Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monocetate of Salicylic acid.

While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross."

Extract from a letter of a Canadian soldier in France.
 To Mrs. R. D. Bambrick:
 The Rectory, Yarmouth, N.S.
 Dear Mother—
 I am keeping well, have good food and well protected from the weather, but have some difficulty keeping uninvited guests from visiting me.
 Have you any patriotic druggists that would give something for a gift overseas—if so do you know something that is good for everything? I do—Old MINARD'S Liniment.
 Your affectionate son,
 Rob.
 Manufactured by the

RESIGNED POSITION
Miss Annie Aitken, Superintendent of the Rutland Hospital resigned her position last Wednesday, following an investigation into an alleged anti-American incident which occurred at the hospital recently.

CHRISTMAS SHOPPERS.
Would do well to watch the advertising columns of The Union Advocate during this month, and thus ensure themselves of the bargains which are being offered by our merchants.

INJURED IN SAW MILL
Mr. MacKay, of Plaster Rock a mill wright, in the employ of Fraser's Ltd. was hurt last Friday while repairing machinery in the Fraser Mill at Nelson. His foot was caught in the eccentric of the engine, and he was taken to the Miramichi Hospital, where his injuries were attended to by Dr. F. C. McGrath

MOLASSES WILL BE HIGH
Cables advise from Barbadoes quote new crop molasses for delivery after the turn of the year on such a high price basis that the trade do not see how it will be possible to sell the commodity at wholesale for less than \$1.25 a gallon. In fact even the price of old crop is creeping pretty well up to that level, some jobbers asking as high \$1.10 for extra fancy and \$1.22 for extra heavy puncheon base.

BIG LUMBER CUT
The Miramichi Lumber Company is planning to cut about fifteen million feet of lumber on the Taxis River and tributaries this winter. Mr. R. L. Young the veteran lumberman of Taxis mouth has a contract to get out six million feet. He has a large camp on the Taxis River where nearly one hundred men are employed. His son Mr. Howard Young of Fredericton, is in charge of the operation.

HEALTH OFFICERS TO CONFER
Dr. G. G. Melvin, chief health officer for the province, is calling a meeting of the district medical health officers for the province in Fredericton on Thursday to take up the matter of the collection of vital statistics. Posters are being circulated throughout the each parish in the province, notifying the people of the inception of this service by the department of health. Following this meeting each district medical health officer is to call a meeting of the sub-deputy registrars in their respective sub-districts for the purpose of explaining their work to them. This service is to be taken over by the department January 1, 1920.

A NICE PROFIT.
A St. John citizen a few days ago purchased a barrel of apples for which he paid \$6.25. In the barrel he found a card with an address of a farmer in an up-river district asking the purchaser to let him know who bought the apples and the price paid. For curiosity sake the buyer gave the desired information, and received a letter from the farmer in return saying that the apples for which he had paid \$6.25 had been sold by him for \$2.50. This explains to some extent the high cost of living.

SUPREME COURT
The December session of the Supreme Court opened here on Tuesday morning, but owing to the absence of six of the grand jurors, the court was adjourned until next Wednesday, December 10th at ten o'clock.

His Hon. Judge Crockett, presided, and explained how necessary it was for jurors to be present. He stated that a fine would be imposed on every absent jurymen, who does not furnish an affidavit before the court adjourns, that they were unable to be present through illness.

There is only one criminal case before the court, the King on complaint of Mrs. LeBreton vs. Richard Dunn. N. A. Landry of Bathurst for the prosecution, Geo. M. McDade for the defence.

No civic cases were entered.
A Business Offer.

REFERENDUM ASKED FOR

Donald Fraser, Rev. Thomas Marshall and W. G. Clark, executive for the Temperance Alliance were heard by the government executive this morning in support of a request by the Alliance that a referendum be taken in favor of having the federal government prohibit importation of liquor into this province. Inspector Wilson is being heard this afternoon. Delegates who were heard this morning stated that there was nothing for publication as yet.

ALBERT COUNTY WINS GERMAN GUN

The busy Victory Loan workers at Victory Loan headquarters, after weeks of effort, succeeded Friday evening in getting the exact totals for all the counties and have handed out a grand total of which New Brunswick may well be proud. The triumph of the province is really a greater one than last year's, for although the total is not so large, still in comparison with the objectives, New Brunswick has done better this year. The grand total is \$16,535,050 and the objective was only \$9,000,000. Even district, with the exception of Lower Gloucester, went over its objective so that all except one have won the Prince of Wales' flag and some have won several crests. Albert county will be the proud possessor of the German gun, which forever will be a monument to the patriotism and good business sense of her people, and to the excellent work of her citizens and county committee, who succeeded in putting her over the top three times. Northumberland has not been behind and considering the very large objective, Northumberland county has done remarkably well, aggregating a total of \$919,100. The excellent work of the local committee did much towards keeping Northumberland's head held high, for in the latter days of the loan, when things looked black, they got right down to business and achieved what at first seemed to be the impossible. Much praise is also due the provincial committee, headed by T. H. Estabrooks as chairman, with the secretaryship in the competent hands of S. A. Thomas who yesterday received a letter from Sir Henry Duggan thanking and complimenting him for the fine way in which the work was carried on.

A telegram was received at the loan headquarters yesterday stating that 106 captured guns were on the ocean now on their way to Canada and eighty-five more soon will arrive in England to be sent over here. The telegram also announced that no guns would be awarded to the various provinces until the director of war trophies had inspected them and the assurance was given that New Brunswick and the other provinces would receive first choice in their selection of the guns awarded for Victory Loan purposes.

SUPREME COURT
The adjourned session of the Supreme Court, opens tomorrow in the Court House.

ORGANIZATION OF A LIBERTY LEAGUE
At a meeting of several local business men and others prominent in civic politics last Tuesday night, plans were laid for the organization of a Liberty League to fight for the amendment of the N. B. Prohibition Law so as to at least allow the same strength of beer and wine as is allowed by the Quebec law.—Times

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions, and therefore requiring constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.
