OBITUARY.—We regret this week to record the death of James H. Gates, one of Annapolis' most respected citizens. That dread scourge, consumption, laid its hand on him some years ago, though he was able to go about his usual business until a few months ago. He had been for some years the assistant Collector at this port, in which office he performed his duties in a most satisfactory manner. He was also the jaller and care taker of the Court House in Annapolis, under the Municipal Council. In his death Annapolis loses a comparatively young man of sterling qualities, and his family a kind and beloved husband and father. We tender the family and the day here. The Star Hambletonian cross is regarded the best in the world for producing fast game trotters. Dexter, the first trotter to get a mark of 2.17½, was by Rysdyk's Hambletonian, from a daughter of Seely's American Star. Nettie, 2.18, and Orange Girl,

I would recommend it to all the sick and afflicted.
