Large Tract of Timber

In Central Ontario

THE PROPERTY OF

The Canadian Land and Immigration Com-
pany of Haliburton, (Limited.)

This company has a large tract of well timbered
land about 125 miles north-east of Toronto.
There are large quantities of Cedar, Hemlock,
Spruce, Balsam, Basswood, Cherry, Birch,
Maple, also considerable Pine, Elm and Ash on
this tract. It is well served by two railroads,
one of which is about to be extended through the
centre of the property. The Company are pre-
pared to sell this timber in blocks ranging from
5,000 to 20,000 acres, or more if desired.

There are several good mill sites on the prop-
erty. This would be a good opportunity for
parties who are at present cut out and looking
for a new location.

Maps and plans and further particulars can be
had by applying to
W. H. LOCKHART GORDON,
Managing Director,
157 Bay Street, Toronto.

Gagnon & L'Heureux have registered
partnership as shingle manufacturers at
Coaticook, Que.

CURRENT TRADE CONDITIONS.

ONTARIO.

"There would be a heavy movement of
stock if we could secure the necessary
cars. As it is, we are doing a fair trade
and are constantly receiving orders for
both immediate and future delivery." These
remarks, by a Georgian Bay manufac-
turer, express the condition of the trade
generally. The situation is most favor-
able from the point of demand, and
prices are firm. Some manufacturers
have further advanced the price of uppers
and selects, the supply of which is very
limited. Box lumber has been enquired
for quite largely during the week, and
lath and shingles have maintained the
strength which they have recently shown;
in fact, it is believed that higher prices
for them will rule before long on account
of the small quantity in the hands of
manufacturers. Shipping by vessel is
quite active. Large shipments were
made last week from Parry Sound, Col-
lingwood and other Georgian Bay points
to the Eastern States. The loading of
vessels has emphasized the scarcity of
men for lumbering operations. Some
concerns have found it necessary to close
down their mills in order to get a suffi-
cient number of men to load the vessels.
The enforcement of the regulations for

the prevention of smallpox is inter-
fering with work in the woods, as some
men will not submit to the regulations so
long as they can go to other camps where
they are not imposed. It seems neces-
sary to take steps to enforce the general
observance of the regulations. Alto-
gether, the outlook for logging operations
this winter is not favorable, and a light
cut is predicted.

More inquiries are reported for hard-
wood lumber, with maple and basswood
leading in the improvement. Indications
point to a more satisfactory trade during
the winter months than was experienced
in the summer.

QUEBEC AND NEW BRUNSWICK.

The outlook for spruce lumber is grad-
ually improving. Manufacturers on this
side have learned with much satisfaction
of the apparent turn of the tide in Great
Britain. It is not probable, however,
that the prospects of a good fair trade
next year will cause manufacturers to in-
crease their operations in the woods, as
men are scarce and supplies high in
price. A large trade has been done this
year with the West Indies and South
America. Lumber for the United States
market is firm and moving moder-
ately. Clapboards are selling \$1 higher
than last week, \$32 to \$33 being the quo-
tation for extra spruce, and \$30 to \$31 for
clears. Cedar shingles are firm at \$3.10
to \$3.20 for extras and \$2.75 to \$2.85 for
clears, on Boston rate of freight.

MANITOBA AND BRITISH COLUMBIA.

Railway construction in Manitoba and
the Territories is providing a market for a
large quantity of timber. Several jobbers
have been given important contracts for
ties and poles. Building lumber is mov-
ing pretty freely. The value of buildings
erected in the city of Winnipeg this year
is expected to reach nearly \$2,000,000.
Most of the buildings have now reached
the stage where finishing lumber only is
required. Men are wanted for railway
construction and to work in lumber
camps. Prosperous conditions prevail in
the lumber trade of British Columbia.
Several large shipments of lumber, pick-
ets and laths have recently been made to
Australia. The ship-building industry is
consuming considerable lumber. The
export of cedar and fir logs to the United
States has been very heavy this fall, as
there is a prospect that the legislation
prohibiting the export of logs from the
province will be put into force next
spring.

UNITED STATES.

Box manufacturers have lately been heavy buyers of No. 4 and No. 5 boards, and consequently the stock of these grades has become greatly reduced. As the one weak spot in the market was the lower grades, this reduction has given increased strength to white pine. Some manufacturers are buying stock to even up their grades, and some anxiety is expressed that the quantity of white pine lumber will not be sufficient to supply the demand until the cut of next year is ready for shipment. Predictions are made that prices will be advanced during the winter months. Great difficulty is being found in the Lake Superior district in obtaining men for the woods. It is said that not more than 25 per cent. of the men required by the Minnesota operators have been secured. Wages range from \$30 to \$35.

Values of lumber generally appear to be hardening. At Toledo 2 x 10 bill stuff, 12 to 16 feet, has been advanced to \$17; 2 x 12, \$20; and 18 feet and over, \$1 higher for every two feet over 16 ft. engths. At Buffalo and Tonawanda the better grades of pine are scarce, and some dealers are asking a fancy price for uppers and selects. The spruce market continues strong, with prices practically unchanged. Mills are unable to keep up with the demand. More encouraging reports are heard concerning the hardwood trade. Maple, oak and basswood are among the best sellers, there being a very satisfactory demand for maple. Prices are still low, and there is a good deal of competition among dealers. The shingle market is exhibiting strength. In Buffalo the call is chiefly for red cedars, which sell on the basis of \$4 for Perfections and \$3.25 for extra Clears. A stronger tone prevails in the lath market, and some manufacturers are asking slightly advanced prices. It is anticipated that a still firmer tone will rule.

GREAT BRITAIN.

Pine deals are going into consumption quite freely in London and Liverpool. There is an actual scarcity of broad first quality pine deals. Prices, however, although continuing firm, show no material

advance. In spruce there has been a marked improvement. From all the leading centres comes the report that spruce deals are in good demand and prices tending upwards. Contracts have recently been closed in London for 3 x 11 third quality at £9 and £9 5s., whilst 3 x 9 second quality has brought £9 15s. Several transactions in cargo lots are also reported. A cargo from Nouvelle, Que., has been sold for delivery to Garston, on the Mersey, at £7 c.i.f., and a St. John cargo for the Bristol channel at same figure. Only one or two unsold cargoes are now in the hands of agents, and for these there are many enquiries. A Glasgow report says: "Spruce continues in good demand, and several lines have changed hands during the week at fair prices." From a Liverpool correspondent it is learned that values of spruce deals have advanced there, consequently higher prices have been talked of freely abroad. The position is undoubtedly favorable for holders of this class of timber. Belfast also reports that spruce deals have advanced in price. One of the chief reasons why an improvement in spruce deals has taken place is that there is a return of confidence to the timber trade, and it is almost certain that other classes of timber will share in the improvement. Birch timber and planks are in better demand, with a slight improvement in prices.

SHIPPING MATTERS.

Recent charters include the steamer Coringa, 1,366 tons, St. John, N.B., to w. c. England, deals, 403., and the steamer Kronbourg, St. John, N.B., to w. c. England, deals, 36s.

An extraordinary condition now prevails in the shipping world. Freight rates are unprecedentedly low, and along the Atlantic coast hundreds of ships are idle. It is said that nothing like the present depression has been known in the freight markets since 1890.

TRADE INQUIRIES.

The following were among the enquiries relating to Canadian trade received at the Canadian Government Office in London, Eng., during the two weeks ending October 4th, 1901:

A gentleman in Glasgow conversant with the timber trade desires to represent on commission several well established firms shipping Canadian white pine.

A broker and agent at Durban, Natal, desires to be placed in communication with some good Canadian houses manufacturing goods suitable for the South African market.

An agent at Genoa, Italy, is open to take up the representation of Canadian

firms exporting goods such as lumber, etc., suitable for the Italian market. He is also desirous of appointing an agent in Canada for the sale of a well-known brand of olive oil.

The names and addresses of the parties making the above inquiries may be obtained at the office of the CANADA LUMBERMAN.

PERSONAL.

Mr. C. D. Warren, president of the Imperial Lumber Company, has recently been elected president of the Traders Bank.

The friends of Mr. John Donogh, formerly of the firm of Donogh & Oliver, will

be pleased to learn that as a result of a considerable stay in Muskoka during the summer, his health has been entirely restored and he is again in harness. Mr. Donogh has connected himself with the Imperial Lumber Company, of Toronto. The company has recently been reorganized and is moving into new offices in the Traders Bank Building.

The amalgamation is announced of the Canada Wood Specialty Company and N. Janes & Sons, of Orillia, Ont., under the name of The Canada Wood Specialty Company, Limited. Mr. J. H. Lavelle is president; Mr. George Thompson, vice-president; and Mr. C. B. Janes, secretary-treasurer and manager.

STOCKS AND PRICES.

Jesse Cook is reported to have purchased a 400 acre timber limit near Orillia, Ont.

Last week the Parry Sound Lumber Company shipped about 5,000,000 feet of lumber by vessel.

In the Saginaw valley log run pine is quoted at \$18 to \$23, box lumber at \$14 to \$16, and mill culls at \$12.

A report comes from Bangor, Me., that Congressman Powers has sold 107,000 acres of spruce timber lands for \$500,000.

Lath are in request in the Chicago market at \$3.25 for No. 1 white pine, \$2.75 for No. 1 mixed and \$2.25 for mixed pine and hemlock.

The call for cooperage stock is light, and there is a weaker tone to the market. In Chicago tierce hoops range from \$12 to \$12.50, and tierce staves from \$21 to \$22.

W. M. McKay, of St. John, N.B., is reported to have purchased from C. W. Robinson, of Moncton, several lots of timber land at Diligent river, paying \$20,000 therefor.

S. B. Trick, of Oshawa, has purchased a timber limit on the shores of Gull Lake. The timber will be manufactured in the mill at Norland recently purchased from Stephens Argue.

William Anderson, of Quebec, has sold to Champoux Bros., of Disraeli, about 200

square miles of timber limits on Causapscau River and Salmon Lake, in the province of Quebec, at \$125 per mile.

R. P. Murphy, of Rat Portage, Ont., has been given a contract to get out a large quantity of ties this winter for the C.P.R., and has commenced work on his limit on Sturgeon Lake.

Eastern capitalists are reported to have purchased 15,000 acres of timber limits near Big Bend, B. C. They have purchased the saw mill across the lake from Arrowhead and intend removing the plant to a new site.

The Manitoulin and North Shore Railway Company, of Sault Ste. Marie, Ont., have just taken tenders for the supply of 55,000 railway ties and 580 telegraph poles, to be used in connection with the construction of the road between Spanish River and White Fish Bay.

The largest timber sale ever recorded in the south was made last week, when the Hayward Timber Company, of Davenport, Iowa, sold 81,000 acres of timber limits situated in Grant, Hot Springs and Dallas counties. The price paid is understood to have been \$1,125,000.

J. W. Munro, of Pembroke, Ont., is putting in camps on his limits in the township of Whitman, and this winter will take out 200,000 feet of board timber. In the township of Harty he will take out a similar amount, besides a large quantity of saw mill logs.
