PROGRAMME.

The Exhibition will open at 9 a.m., on Tuesday the 14th of September, and continue open until two o'clock, p.m., on Friday the 24th of September, closing daily at 6 p.m.

His Excellency the Governor-General will formally open the Exhibition on Tuesday, the 21st of September, at two o'clock in the afternoon, when an address will be presented to His Excellency by the Committee Her Royal Highness the Princess Louise will probably also honor the Exhibition with her presence.

The Industrial portion of the Exhibition, including Manufactures, Arts, Implements and Machinery, &c., (by no means the least interesting branch,) will be on view from the opening to the close. The show of Horses, Cattle, Sheep, Pigs, Poultry, Agricultural and Dairy Products will take place during the second week, when every branch of the Exhibition will be in full operation.

It is also the intention of the Committee to provide several prominent attractions outside of the regular Exhibition, during its continuance.

GENERAL RULES AND REGULATIONS.

Intending exhibitors and visitors are particularly requested to read carefully and consider the following Rules and Regulations governing the Exhibition, which will be, in all cases, strictly enforced.

ADMISSION TO THE GROUNDS.

The price of admission will be 25 cents each time of entering. The admission will be by means of registering turnstiles, and each person must be provided with the proper change before entering.

Necessary attendants upon stock and machinery, &c., will be furnished with special passes, on applying at the Secretary's office on the grounds. Each pass will bear the name of the person to whom it is issued, and if presented by any other person will be forfeited.

One Exhibitor's ticket, admitting an exhibitor only *once* each day, and *positively not transferable*, may be purchased by any individual exhibiting, and if a firm, by any one member thereof, at the Secretary's office, on the grounds, at the following rates, viz., for one week, \$1; two weeks, \$1.50.

Judges, distinguished visitors and members of the press, will be furnished with badges. No other tickets whatever will be issued.

The entry tickets upon animals or articles will admit the person bringing them to the Show Grounds for exhibition, along with such animals or articles without the use of any other ticket. Afterwards, such parties must be provided with proper passes, as above.

ENTRIES.

All entries in the Agricultural Department must be made on printed forms, which may be obtained from the Secretary of the Council of Agriculture or from the Secretaries of all County Agricultural Societies, and in the Industrial Department, from the Secretary of the Council of Arts and Manufactures. These forms are to be filled up and signed by the exhibitor, and sent to the respective Secretaries, at Montreal, on or before the following dates:—

Horses, Cattle, Sheep, Pigs, Poultry, Agricultural Implements, and Dairy Products,—Saturday, September 4th.

Manufactures, Fine Arts, and Ladies' Work,—Saturday, August 28th.

The entrance fee must in all cases be forwarded with
the entry. No entry will be accepted unless this is
done.

In order to prevent unnecessary labor and loss of time, exhibitors are particularly requested to **enter only such articles** as they intend to exhibit

Exhibitors will please take notice that it is absolutely required that the entries be made at the dates above mentioned, in order to afford sufficient time to examine the entry papers, and to correspond with parties, when necessary, for the correction of errors and omissions; and no exception will be made to this rule on any consideration whatever.

In the Live Stock Classes, the entry must, in every instance, be made in the name of the *bona fide* owner, and unless this rule be observed no premium will be awarded, or if awarded, will be withheld. If any person shall exhibit any animal of which he is not the *bona fide* owner, he shall forfeit any premium which may be awarded him, and be precluded from exhibiting in future.

In all the other classes, entries must be made in the names of the producers or manufacturers only, and by such producers themselves or their agents duly authorized. If any person, other than the authorized agent, shall enter an article for exhibition, as produced or manufactured by himself, when it has not really been so, he shall forfeit any premium which may be awarded the article, and be precluded from exhibiting in future.

No person shall be allowed to enter for exhibition more than one specimen in any one section of a class, unless the additional article be of a distinct named variety or pattern from the first. This rule not to apply to animals, but to apply to all kinds of grain, vegetable products, manufactured articles, &c., in which each additional specimen would necessarily be precisely similar to the first.

Extra Entries.—Every article must be entered under some one of the headings in the regular list, when possible; but if any article is of a distinct character from anything specified in the list, it may then be entered in the Extra section of that class with which it most nearly corresponds. No article, however, will be allowed to be entered as an extra for want of sufficient quantity or number, or any other similar defect, when of the same kind or variety as anything named in the list; in such a case the article cannot be exhibited.

On the entry of each animal or article, a card will be furnished the exhibitor, specifying the class, the section, the number of the entry, and the name of the exhibitor, which card must remain attached to the animal or article during the Exhibition.

In all cases the right is reserved to reject entirely or accept conditionally any entry or application; and under no circumstances will articles which are offensive by reason of their odor or appearance, or which are dangerous by reason of their combustible or explosive character, be admitted; and if any such be introduced by an exhibitor through misapprehension or otherwise, they may be removed by order of the Committee.

ENTRANCE FEES.

The charge for exhibiting at this Exhibition will be by fees and charges for space, which have been placed at the lowest possible figure as follows:—

Horses—entrance free: \$1 per head for stabling. Cattle—entrance free: 50 cents per head for stalls. Sheep—entrance free: 25 cents per head for pens. Pigs—entrance free: 25 cents per head for pens.

Poultry-25 cents each entry.

Agricultural Implements, Machinery and Stoves—Where exhibitors do not pay for space, 50 cents each entry.

Machinery Hall-\$1 per foot frontage, according to location.

Agricultural and Dairy Products—Ten entries and under, 50 cents; over ten entries, \$1.

Fine Art Department-50 cents each entry.

Ladies' Work—Five entries and under, 50 cents; over five entries, \$1.00.

In all other Departments or Classes, than those above named, the fee will be for each class \$1.00.

Fees and charges for space must in all cases accompany the entry.

APPLICATIONS FOR SPACE.

Exhibitors requiring space in the Industrial Department, Carriage Building, or in the Machinery Hall, must make application for the same at the time of making their entries. Forms for application can be procured from the Secretary.

Applications for space elsewhere will also be received and considered by the Committee up to Saturday, August 21st, from persons who may be desirous of making special exhibits, either in competition for prizes or for exhibition only.

PREPARATORY WORK.

On and after Monday the 30th of August, exhibitors, their agents, and workmen, will be admitted to the grounds and buildings for the purpose of making preparatory structures, or getting machinery and implements into position.

DELIVERY OF ARTICLES, AND CHARGE OF SAME WHILE ON EXHIBITION.

Horses, Cattle, Sheep, Pigs, Poultry, Agricultural and Dairy Products, may be delivered on the grounds on Saturday, the 18th of September, but in no case will be received later than noon on Monday, the 20th of September.

All specimens for exhibition in the Fine Arts Department, must be delivered not later than Wednesday, the 8th of September, in order that they may be properly classified and hung previous to the day of opening.

All other articles, Implements, Machinery, Stoves, Manufactures, Ladies' Work, &c., &c., must be delivered on the grounds by Saturday the 11th of September.

Articles or animals arriving after the above dates will not be allowed to compete. Exhibitors of Machinery and other heavy articles are expected to have them on the grounds and placed in position the week preceding the opening of the Exhibition.

All boxes, wrappings, and other packing material, must be cleared away, and everything be in proper order before the opening on Tuesday, the 14th of September.

Exhibitors must provide for the delivery of their articles upon the Exhibition Ground. The Committee cannot, in any case, make provision for their transportation, or be subjected to any expense therefor, either in their delivery at, or return from, the grounds. All the expenses connected therewith must be provided for by the exhibitors themselves.

Articles not accompanied by their owners may be addressed to the care of the Secretaries of the Department for which they are intended, who will receive them on their being delivered at the Grounds; but in no case will such articles be brought on the Grounds and placed on exhibition except by and at the expense of the owners or their authorized agents, and at their risk.

Exhibitors on arriving with their articles, will apply at the office, when they will be informed where the articles are to be placed.

Exhibitors will, at all times, give the necessary personal attention to whatever they may have on exhibition, and at the close take entire charge of the same.

Articles placed on exhibition must not be removed until the close, except by permission of the Committee. Every facility will be afforded for the transaction of business by taking orders, but no delivery of articles sold can be made on the premises during the exhibition, except by special arrangement as above.

Though the Committee will take reasonable precaution to ensure the safety of articles sent to the Exhibition, yet they wish it to be distinctly understood that the owners themselves must take the risk of exhibiting them; and that should any article be accidentally injured, lost, or

stolen, the Committee will give all the assistance in their power towards the recovery of the same, but will not make any payment for the value thereof.

At the close of the Exhibition exhibitors must take charge of their exhibits and remove the same as early as possible.

LIVE STOCK.

New and commodious Buildings are provided upon the grounds for all Live Stock. Hay and grain for horses, cattle, sheep, and pigs, will be for sale upon the grounds at reasonable prices. Exhibitors will-please report at once if exhorbitant prices are exacted.

FINE ARTS DEPARTMENT.

All entries in this Department will be received subject to approval by a Committee of Selection.

The Committee reserve the right to reject any work which does not come up to the required standard of excellence, and the entrance fee, in case of rejection of the whole exhibit, will be returned. Works not accepted will remain at the risk, and subject to the order of the artist.

Every work must be the work of the exhibitor, and bear the artist's signature.

All work exhibited must be original, copies being excluded, except in the case of exhibits illustrating the course of Art Education in public schools, for which a certain space will be reserved.

The works of professional artists and of amateurs will be classed and hung separately.

Amateur Artists are to be understood as those who *do not* paint or teach for a livehood or for profit, or habitually sell or offer for sale their productions; and who have not at any time heretofore done so.

Evidence of originality to be furnished by the exhibitor whenever required by the Judges or the Committee.

No exhibitor will be awarded more than one prize in the same section of any class in this Department. Under "Extras," in each of the classes, when more than one entry of the same kind of article has been made, they will be judged as in competition for 1st and 2nd prizes, the same as though they had been in regular sections, and when but one such entry has been made, the article, if worthy, shall be awarded a 1st or 2nd prize. The Judges, however, are instructed not

to award prizes in either the regular or extra sections, unless the articles come up to the desirable standard of excellence.

Fee for each entry, 50 cents. Entries to be made not later than Saturday, the 16th of August. All pictures must be delivered at the Art Department not later than Friday, the 10th of September.

MACHINERY.

All machinery in motion, except portable, must be exhibited in the Machinery Hall if required, steam power and shafting for which will be furnished.

The main shafting in this Hall must not be interfered with or taken apart. Exhibitors must therefore provide themselves with loose pulleys.

All exhibits of machinery in this building must be placed in motion, and, if possible, kept in operation at regular work.

MANUFACTURES AND INDUSTRIAL DEPARTMENT.

The prize list in this Department has been framed with a special view to securing a full exhibit in every branch of industry, and while the Exhibition is in most classes open to the world, in some the premiums are open to Canadian manufacturers only.

Manufacturers are requested to furnish with the articles exhibited, a statement of the quantity they can produce, or supply, and the price, for the information of the Judges, whose decision will be based on the combination of quality, style, and price, and the adaptation of the article to the purpose or purposes for which it is intended.

Manufactured articles, which have been awarded prizes at Provincial Exhibitions in former years, shall not be entered in competition for the prizes named in the prize list for this year, but shall be awarded diplomas, if, in the opinion of the Judges, such articles are superior to any others exhibited, and are deemed worthy of the same. The display in this Department will, beyond doubt, be the largest, best and most interesting that has ever been made in Canada.

LADIES' WORK.

All articles competing in this class must be the work of the exhibitor, strictly the roduction of ladies, and entered in the name of such.

RAILWAYS, STEAMBOATS, AND CUSTOMS.

Favorable arrangements have been made with all the Railroad and Steamboat Companies for the conveyance of passengers and articles to and from the Exhibition at greatly reduced rates.

, Arrangements have also been made with the Customs Department for the admission of cattle and articles from foreign countries for exhibition free of duty on giving the customary bond.

PAYMENT OF PRIZES.

The Treasurer will be prepared to commence paying the premiums at his office on the grounds for all classes immediately after the close of the Exhibition.

of

co

be

Ju

Parties who shall have prizes awarded them are particularly requested to apply for them before leaving Montreal, or leave a written order with some person to receive them, stating the articles for which prizes are claimed.

Persons entitled to cash premiums must apply for them at the Secretary's office, who will give *Orders on the Treasurer* for the amount. These orders must be endorsed, as they will be payable to *order* not to *bearer*, and on presentation to the Treasurer, properly endorsed, will be paid either in cash, or by cheque on the Bank.

Orders for premiums not applied for as above, will be given by the Secretary, and the amount forwarded by the Treasurer, on receipt of proper instructions.

All persons to whom prizes are awarded must apply to the Secretaries of the Committee for payment thereof, on or before the 30th day of November following Exhibition, or such prizes will be forfeited.

JUDGES.

The Judges will be appointed by the Committee and will receive a circular informing them of the fact, and inviting them to act.

In case any person accepts as Judge, and finds he cannot fulfil the duties, he will please notify the Secretary immediately of such inability, that all vacancies may be promptly filled.

No person will be allowed to act as Judge who is in any way interested in the articles to be examined.

Judges in all the classes, except for Live Stock, Poultry, Agricultural and Dairy Products, are requested to report themselves at the Secretary's office on the grounds, presenting their circular of appointment, at 9 o'clock, a. m., on Tuesday, September 14th, when they will be furnished with badges. They will also be furnished with blank prize tickets, which they must fill up and affix in each section as soon as they shall have finally determined their awards.

Judges on Live Stock, Poultry and Dairy Products, are requested to report themselves at the Secretary's office on the grounds, presenting their circular of appointment, at 9 o'clock, a. m., on Tuesday, September 21st.

Judges are requested to inform the Secretary of their presence, and apply to him in all cases of doubt or difficulty.

It is desired that all the Judges of each Class go together to hand in their report, instead of sending it by one of their number, in order that cases of error or doubt may be more promptly and easily made right.

Judges will please sign and hand in their lists of awards to the Secretary as soon as possible. They are requested to report fully upon all objects of interest and value, and to make such recommendations as circumstances or their experience may suggest.

In the absence of competition in any section, or if the stock or articles exhibited be of inferior quality, the Judges will award only such premiums as they think the articles deserving of. They will exercise their discretion as to whether they will award the first, second, third, or any premium.

In addition to the stated premiums offered for articles enumerated in the list, the Judges are authorised to recommend premiums for such articles, not enumerated, as they may consider worthy, and the Committee will determine the amount of premium. The Judges may also distinguish such animals or articles as they consider deserving of notice, but which have not received prizes, by ticket with the words "Highly Commended," or "Commended," upon them. These tickets will not entitle the holder to any money payment.

Under "Extras" in each of the classes, when more than one entry of the same kind of article has been made, they will be judged as in competition for first and second prizes, the same as though they had been in regular sections, and when but one such entry has been made, the article, if worthy, shall be awarded a first or second prize. The Judges, however, are instructed **not to award prizes** in either the "regular" or "extra" sections of any class, unless the articles come

up to the desired "standard of excellence." No award of prize for Extras will be paid until sanctioned by the Committee.

Each award must be written in a plain, careful manner, on the blank

page opposite the number of the entry in the entry book.

In the Fine Arts and Mechanical Departments, Diplomas may be awarded, in addition to the money prizes, to any specimen evincing great skill in its production, or deemed otherwise worthy of such a distinction, on its being recommended by the Judges, and approved of by the Committee, to whom all such matters shall be referred.

Exhibitors can ascertain from the Superintendents of the several Departments when the Judges may be expected to examine their animals or articles. No complaint or appeal based upon the statement that the Judges have overlooked animals or articles, will be considered.

All protests must be *in writing*, must state plainly the cause of complaint or appeal, and must be delivered to the President or Secretary, within six hours after the cause of protest.

The Judges are expected in the execution of their duties to be careful to act with the most rigid impartiality; and make their entries in a clear and conspicuous manner, in all cases of doubt or difficulty referring freely to the Secretary, or to the Committee.

Any person who shall attempt to interfere with the Judges while in the discharge of their duties, or who shall afterwards, on the Exhibition Grounds, use any contemptuous or abusive language to any judge in consequence of any award made by him, shall forfeit his right to any premiums to which he might otherwise be entitled, and shall be excluded from exhibiting for one year thereafter. Judges are particularly requested to immediately report any breach of this rule.

Upon the discovery of any fraud, deception, or dishonest practice, either in the preparation, ownership, or of any representation concerning any animal or article exibited, which may have affected, or may have been intended to affect, the decision of the Judges, the Committee have the power to withhold the payment of any prize awarded, and may prohibit any such party or parties from exhibiting in any class for one or more years, and may also publish the names of such persons or not as may be deemed most expedient.

MISCELLANEOUS.

Exhibitors must make themselves acquainted with the Prize List Regulations and requirements, and be sure in what classes and divisions their entries properly belong.

If any person, through ignorance of the regulations, shall bring things to the exhibition without having entered them at the proper time, the same may, in the discretion of the Committee, be allowed to be brought upon the grounds, and so placed that they may be examined by the public, but shall not be classified, nor shall any official examination of them be made or premiums awarded.

Where space has been awarded to any exhibitor the Committee reserve the right, in case any such exhibitor shall fail to make or maintain a creditable display, to declare the space allotted to him for feited.

The Committee reserve the right to prescribe the dimensions of all signs, and generally to direct the arrangement of articles on exhibition, so far as the same may be necessary to secure harmony and an attractive appearance.

All prize cards which have been affixed must be displayed during the Exhibition. Any infraction of this rule will incur the forfeiture of any premium awarded.

The contractor for the supply of refreshments at the Restaurant Fodder, &c., and all persons keeping refreshment stands, must lay in their supplies before 9 o'clock a.m. each day.

The Committee on being made aware of any fraud having been committed by any exhibitor, in the entry of any stock or goods in competition for prizes at any exhibition, have the power of withholding the payment of any prizes that may have been awarded by the Judges to such exhibitors, on such fraudulent or any other entries made at any such exhibition.

If any person wilfully injures or destroys any property within the Exhibition grounds, or hinders or obstructs the officers or servants of the Committee, or any policeman or constable duly appointed, in the execution of his duty, or gains admission to the said grounds contrary to the rules, he shall be liable to a fine of not less than one or more than twenty dollars.

The officers of the Committee shall enforce these Rules, and also prohibit and prevent all kinds of gambling, or mountebank performances, exhibitions or shows, and also regulate or prevent the huckstering or trafficking in fruits, goods, wares or merchandise on the Exhibition Grounds, or within three hundred yards thereof; and any person who, after due notice of such rules, violates the same, shall be liable to be removed by the officers, or policemen.

FIRE AND POLICE PROTECTION.

Every possible precaution will be made to guard against fire; and with the precautions taken it is believed the danger of such an occurrence is very remote, but exhibitors desiring insurance must give the matter their personal attention.

An ample police force, detailed for the purpose by the city, will be on duty night and day during the continuance of the Exhibition. A full corps of watchmen will also be present at all times; but exhibitors are expected to exercise constant supervision over their articles on exhibition, as the Committee will not be responsible for loss or damage by theft, fire, or otherwise. Small and valuable articles should be exhibited in show-cases, which may be securely locked when desirable.

INQUIRIES.

Inquires as to the Exhibition and its arrangements before the opening should be addressed to the Secretaries, at Montreal. During the Exhibition, inquiries may be made at the Business Office, and every officer will, when applied to, either furnish the information sought or refer the question to the proper officer. The officers may be known by their respective badges.

THE PRESS.

Ample accommodation will be provided for members of the Press, and all necessary information will be promptly furnished them.

TELEGRAPH AND POST OFFICES.

The Montreal and Dominion Telegraph Companies will probably have offices on the grounds; and a Post office will also be provided for the delivery and despatch of letters. Telephone communication will also be established with the City.

VISITORS.

Visitors may be assured of finding on the grounds everything necessary to the convenience and comfort of young or old, during the entire day. An ample restaurant and lunch rooms managed by experienced caterers, and under the supervision of the Committee, as to price and

equality of food, will serve meals and refreshments during hours of exhibition at reasonable rates. Baggage rooms for the deposit of satchels, cloaks, &c., and in charge of responsible parties, are conveniently located for the accommodation of visitors. The hotels of the city, ample for any occasion, will adhere to their regular rates; and the city authorities will co-operate with the officers of the Committee in every practicable manner, to ensure the safety and contribute to the pleasure of visitors.

HOW TO REACH THE GROUNDS.

The grounds are most beautifully located on Mount-Royal Avenue, on the north western outskirts of the city, and from them a splendid view of Montreal, and the River St. Lawrence, with the surrounding country can be obtained. They are easy of access and can be reached in a few minutes by Street Railway Cars.

Read the above Rules carefully and send in your Entries as early as possible, and be sure that all . Fees accompany the same.

N. II.		-11			:	41			

No Horses will be allowed to compete in more than one class or section.

In making entries, the Breed, breeder's name, if known; the owners' name and full address; the name of animal, if named; and the color, age and sex must be stated.

Of Horses, over four years old, give the height and weight, and state whether the weight is estimated or by the scales; the measured height must be given, and will be taken as the height in shoes, unless otherwise stated.

In the class for Blood Horses, full Pedigree properly certified, must accompany the entry. No animal will be allowed to compete as pure bred unless they possess regular Stud Book Pedigrees, or satisfactory evidence produced that they are directly descended from such stock.

No Horse will be allowed a premium unless sound, except in the case of Stallions and Brood Mares injured by accidents which do not lessen their usefulness.

Horses must be shown uncovered, and in such manner as the Judges may require or allow; and if exhibitors refuse to submit to the proper requirement of the Judges, their animals will be ruled out.

As Horses possessing no merit whatever and not worthy of exhibition have in some cases heretofore been entered merely to secure stabling, the Committee in charge of this Department is empowered, when any cases of this kind are reported to them, at once to order the animals, so entered, out of the grounds, and the entry money paid for such animals, shall be forfeited.

	Fat and Working Cattle, any Breed.			
SECT		ıst.	2nd.	3rd
I.	Fat Ox or Steer	I 2	8	4
	Fat Cow or Heifer			
3.	Pair of working Oxen 20	10	8	4

In making entries, the breed, the breeders' name if known; the owner's name and address in full; and the name, color, age and sex of animal must be stated.

In pure breed classes a certificate of Herd Book or Registered Pedigree, or a sufficient reference to the Herd Book in which they are registered must accompany the application for exhibition.

No animal may compete in more than one class or division except for the herd prizes. All animals will be shown in the rings, and exhibitors must be ready to bring them out when called for.

The exact ages of young animals must be stated on the cards, and it will be taken into consideration by the Judges in making their awards; and any person understating the age of an animal will forfeit the premium to which he might otherwise be entitled.

A statement to be produced to show the breeding of grade animals.

Young animals may compete, if the exhibitor thinks fit, in older classes than that to which they properly belong; but the exhibitor must choose the section he will compete in when making the entry; he shall not change to another section afterwards, and no animal will be allowed to compete in more than one of the foregoing 'sections, except when competing in the Herds.

Cows in any of the above classes must be giving milk at the time of the exhibition, or be evidently well gone in calf.

An animal will not be allowed to compete as a three year old cow unless she has had a calf, or is evidently in calf; but a two year old animal having had a calf, will be allowed to compete as a two year old heifer, if the owner thinks fit.

Prizes will be awarded to animals of other breeds than those above mentioned, if deemed worthy.

45.	Collection of Pigeons, any other kinds	•••	2	I
	Rabbits.			
	Pair long-eared Rabbits	•••	2	I
47.	Pair Common Rabbits		2	I

As the Committee wish to promote the Poultry interest by encouraging the careful breeding of choice specimens and the improvement of the common stock of the country, thereby adding to the merchantable value thereof, exhibitors are requested to affix a selling price to all specimens at the time of making their entries.

All specimens must be exhibited in their natural condition. The card of the Committe must be placed on each coop, cage or specimen, giving the name of exhibitor, variety of exhibit, and if for sale, the price. No other card will be allowed upon the coop, cage or specimen, until the premiums have been awarded-

Coops will be provided by the Committee, but the poultry must be fed and taken care of by the Exhibitor.

6TH CLASS.—AGRICULTURAL IMPLEMENTS.

Agricultural Implements and Machines for Exhibition only.

In this class, by request of numerous manufacturers, entries of the undermentioned articles will be received for exhibition only, not in competition for Prizes. The articles must be entered in the books in the same manner as articles in other classes, and they will be provided with ample space for exhibition in the same manner as if competing for prizes.—But should the Committee see fit, they may, upon the recommandation of the Judges, award Special Prizes to Implements of peculiar merits.

FRUIT GROWER'S ASSOCIATION

-- OF THE --

PROVINCE OF QUEBEC,

- WILL BE -

Held in Montreal, during the period of the Dominion Exhibition.

Exhibitors will take note of the changes in the fees since the last Provincial Exhibition. A list of the fees for Entries in the respective Classes appears on pages IX and X. In the Machinery Hall, the rate will be 75 cts. and \$1.00 per foot, according to location.

In the Industrial Department, Diplomas may be awarded in the discretion of the Committee.

The attention of Exhibitors is particularly called to the Rules and Regulations governing the Exhibition.
