The copy filmed here has been reproduced thanks to the generosity of:

Seminary of Quebec
Library

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Séminaire de Québec
Bibliothèque

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

As in force from 4th March, 1885.

1.—*Resolved*, That it is expedient to provide that the value of all Bottles, Flasks, Jars, Demijohns, Carboys, Casks, Hogsheads, Pipes, Barrels, and all other vessels or packages manufactured of Tin, Iron, Lead, Zinc, Glass, or any other material, and capable of holding Liquid; Crates, Barrels and other packages, containing Glass, China, Crockery or Earthenware, and all packages in which goods are commonly placed for home consumption, including Cases in which Bottled Spirits, Wines or Malt Liquors are contained, and every package, being the first receptacle or covering, enclosing goods for purposes of sale, shall in all cases, not otherwise provided for, in which they contain goods subject to an *ad valorem* duty, be taken and held to be a part of the fair market value of such goods for duty, and when they contain goods subject to specify duty only, such packages shall be charged with a duty of Customs of twenty per cent. *ad valorem*, to be computed upon their original cost or value; and all or any of the above packages described as capable of holding Liquids, when containing goods exempt from duty under this Act, shall be charged with a duty of twenty per cent. *ad valorem*; but all packages not hereinbefore specified, and not specially charged with duty by an unrepealed enactment, and being the usual and ordinary packages in which goods are packed for exportation only, according to the general usage and custom of trade, shall be free of duty.

2.—*Resolved*, That it is expedient to provide that on all goods imported into Canada, subject under this Act or any other Act to *ad valorem* duty upon which a drawback of duties has been allowed by the Government of the country where the same were manufactured, the amount of such drawback shall in all cases be taken and considered to be a part of the fair market value of such goods and duty shall be collected thereon: and in cases where the amount of such drawback shall have been deducted from the value of such goods upon the face of the invoice under which entry it is to be made, the Collector of Customs or proper officer shall add the amount of such deduction, and collect and cause to be paid the lawful duty thereupon, and the fair market value of all goods, wares and merchandise, imported into Canada, shall be understood to be the ordinary

wholesale price at which the same are sold for home consumption in the country where they are purchased or manufactured, without deduction of any kind because of any drawback paid or to be paid thereon, or because of any special arrangement between the seller and purchaser, having reference to the exportation of such goods, or the exclusive right to territorial limits for the sale thereof, or because of any royalty payable upon patent rights, but not payable when the goods are purchased for exportation, or on account of any other consideration by which a special reduction in price might or could be obtained: Provided that nothing herein shall be understood to apply to general fluctuations of market value.

3.—*Resolved*, That it is expedient to provide that any or all of the following articles, that is to say: Animals of all kinds, green fruit, hay, straw, bran, seeds of all kinds, vegetables (including potatoes and other roots), plants, trees and shrubs, coal and coke, salt, hops, wheat, peas and beans, barley, rye, oats, Indian corn, buckwheat, and all other grain, flour of wheat, and flour of rye, Indian Meal and oatmeal, and flour of meal or any other grain, butter, cheese, fish [salted or smoked], lard, tallow, meats [fresh, salted or smoked], and lumber may be imported into Canada free of duty, or at a less rate of duty than is provided by this Act, upon the proclamation of the Governor in Council, which may be issued whenever it appears to his satisfaction that similar articles from Canada may be imported into the United States free of duty, or at a rate of duty not exceeding that payable on the same under such proclamation, when imported into Canada.

4.—*Resolved*, That it is expedient to provide that if at any time any greater duty of Customs should be payable in the United States of America on tea or coffee imported from Canada than on tea or coffee imported from any other country, then the Governor in Council may impose on tea or coffee imported into Canada from the said United States, an additional duty of Customs equal to the duty payable in the United States on tea or coffee imported from Canada: Provided that tea or coffee imported into Canada from any country other than the said United States, be passed in bond through the United States, shall be taken and rated as a direct importation from the country wherever the tea or coffee was purchased.

5.—*Resolved*, That it is expedient to provide that an allowance may be made for deterioration by natural decay or breakage upon all perishable and brittle goods imported into Canada, such as green fruits and vegetables, crockery, china, glass and glassware, provided such damage is found to exceed twenty-five per cent. of the value thereof, upon an examination to be made by an appraiser or proper officer of Customs, at the first landing, or within three days of such landing; but such allowance shall be only for the amount of loss in excess of twenty-five per cent. of the whole quantity of such goods contained or included in any one invoice; and provided the duty has been paid on the full value thereof, a refund of such duty may be allowed and paid in the proportion and on fulfilment of the conditions above specified, but not otherwise, on application to the Minister of Customs.

6.—*Resolved*, That it is expedient to provide that in determining the dutiable value of merchandise, except when imported from Great Britain, there shall be added to the cost the actual wholesale price or fair market value at the time of exportation in the principal markets of the country from whence the same has been imported into Canada, the cost of inland transportation, shipment and transhipment, with all the expenses included, from the place of growth, production or manufacture, whether by land or water, to the vessel in which shipment is made, either in transitu or direct to Canada.

wares and merchandise imported into Canada, and just and proper entries of the actual or fair market value thereof, and of the weights, measures, or other quantities thereof, as each case may require, and such regulations, whether general or special, so made by the Governor in Council, shall have the full force and authority of law, and it shall be the duty of the appraisers of Canada and every of them, and every person who shall act as such appraiser, or of the Collector of Customs, as the case may be, by all reasonable ways and means in his or their power to ascertain, estimate and appraise the true and fair market value and wholesale price, any invoice or affidavit thereto to the contrary notwithstanding, of the merchandise at the time of exportation, and in the principal markets of the country whence the same has been imported into Canada, and the proper heights, measures or other quantities, and the fair market value or wholesale price of every of them as the case may require.

8.—*Resolved*, That it is expedient to provide that no refund of duty paid shall be allowed because of any alleged inferiority or deficiency in quantity of goods imported and entered, and which have passed into the custody of the importer under permit of the Collector of Customs, nor because of the omission in the invoice of any trade discount or other matter or thing which might have the effect of reducing the value of such goods for duty, unless the same shall have been reported to the Collector of Customs within ten days of the date of entry, and the said goods shall have been examined by the said Collector, or by an appraiser or other proper officer of Customs, and the proper rate or amount of reduction certified by him after such examination, and if such Collector or proper officer reports that the goods in question cannot be identified as those named in the invoice and entry in question, then and in such case no refund of the duty or any part thereof shall in any case be allowed, and all applications for refund of duty in such cases shall be submitted with the evidence and all particulars for decision of the Minister of Customs, who may then order payment on finding the evidence to be sufficient and satisfactory.

9.—*Resolved*, That it is expedient to provide that the whole or part of the duty of thirty per centum *ad valorem* imposed by this Act upon wines imported into Canada, may be dispensed with upon proclamation of the Governor in Council, which may be issued whenever it appears to his satisfaction that the Governments of France and Spain, or either of them, have made changes in their tariff of duties imposed upon articles imported from Canada in reduction or repeal of the duties now in force in said countries.

10.—*Resolved*, That it is expedient to repeal all Acts and parts or Schedules of Acts, and all Orders in Council imposing any duties of Customs upon goods, wares and merchandise, or providing for the exemption of goods, wares and merchandise from Customs duty, when imported into Canada, and to make the following provisions in lieu thereof:—
