## The War Danger and Canada's Duty.

Britain and Germany, are they about to go to war? The two greatest powers in the world of to-day? The two peoples most alike in many things, and descended from the one ancient stock! The two most Protestant nations—the glory of the Great Reformation! The nations greatest in science, art, literature, commerce! One with the greatest navy, the other with the greatest army! The two rulers, cousins, grandsons of Queen Victoria! States that are seeking, each in its own way, the organization and betterment of their people!

Yes, war at least threatens, and it may be nearer than we imagine, or prophets foresee.

If war is sought by either, Germany is the one. England seeks not war. But she may have to force it; for, if Germany is bent on it, time is in her favor from a naval point of view—she is working over house to build ships, docks, arsenals, to train sailors—and therefore, if England must meet Germany she may think it well to be beforehand, and seek to smash the German fleet, to drive German trade off the seas rather than give Germany the chance, by the aid of her growing naval power, to land an army of invasion on English soil.

The havoc that might be wrought in such invasion beggars description. It might be the wreck of the empire—it would mean the greatest measure of tribute ever exacted by one victorious nation on another. The thought of such a catastrophe is the cause of the unrest, almost panic, that has come to the people of the United Kingdom. They have had five years and more of this strain, and it grows daily in its burden.

But that is one aspect. If the German fleet failed to come out the German army would move at once on a most stupendous line of aggression. It would go into France, occupy Holland, Denmark, perhaps Belgium—take what it wanted of all or any one of these countries, and place Germany forever on the Atlantic coast. There is one thing Germans desire perhaps more than anything, and there is no means in sight that could stop them in that advance. Sooner or later Germany is bound to have the Atlantic shoreline, and not unlikely her talk of invading England is for the very purpose of vying a conquest of the three little countries that now lie between her and the ocean. Then would she seek to be a sea-power!

And again it comes back to smashing the German fleet and destroying her sea-borne commerce. Bankruptcy and revolution—an uprising of the common people of Germany, who are denied any fair share in the government of their country. They are under a war lord—well-meaning in many things, but a paternalist at best. And yet a war lord who thinks he is by a divine right the Caesar of to-day!

Financial bankruptcy might set the German people into revolution that would end in the overturning of the empire and the downfall of feudalism, the substitution of a republic for the tyranny of one man. The empire has gun powder for its enemies, but it may have gun powder under its own foundations more startling in its effects than the war lord dreams of, the even he must have startling dreams in this direction.

And yet Germany must be allowed to expand—even by England. Perhaps here is the way out. Even if she comes to the Atlantic, that is much to be dreaded. Then if not that then certainly to the southeast toward Austria, Turkey, perhaps Persia. In Africa, also; in South America, too.

And if she successfully invaded England nothing would keep her out of America—not even the United States could stay her hand if Germany had a fleet and ships to cross the Atlantic. In that event, however, her first objective might be Canada. The Monroe Doctrine is a toy doctrine at best.

England must fight Germany or she must allow Germany to expand, and even that may only put back for a time a greater struggle.

Our hope seems best in Britain beating Germany now, or a revolution in Germany. If a revolution succeeded the over-riden masses of that country would in their newly found strength put an end to the insidious militarism that threatens the peace of the world.

Democracy alone, triumphant democracy, is the world's best hope for the cause of civilization and humanity.

If the mighty struggle can be staved off for a time a world-wide public opinion on the lines of a supremacy of popular right might destroy that monster war begotten of one-man tyranny and one-man ambition!

And whether we like it or not Canadians are in the midst of these things. We are as intimately involved as the mother land. And not the less are the people of the United States.

It's a time of thought—it may be for prayer—certainly a time for action. What is our action to be?

He who thinks that something stupendous is not impending over us and over the empire, and over Germany, may feel free of care, but he is not wise or foresighted!

What, then, should we do?

W. F. M.

**SOLD 20 ACRES FOR \$160,000**

**Basilian Fathers Dispose of the North Part of Novitiate Grounds on St. Clair Avenue.**

Eight thousand dollars an acre has been paid the Basilian Fathers for the north twenty acres of the St. Basil's Novitiate property fronting on St. Clair-ave. The purchaser is R. B. Healey, real estate dealer. The deal was just closed this week. The tract is about three-eighths of a mile north of St. Clair-ave., and a quarter of a mile east of Bathurst-st. Streets through subdivisions touching at three sides will probably be continued into the property by the purchasers. The novitiate still retains 29 acres with an extensive St. Clair-ave front. It is said that \$10,000 an acre is the price asked for this piece. Land in the adjoining neighborhood is selling from \$20 to \$120 a foot. Rev. T. J. Hayes, president of St. Michael's College, confirmed the deal when approached by The World yesterday afternoon.

## Taken Sick On Sinking Launch

John C. Noble of Toronto Was Stricken With Appendicitis on Waterlogged Boat Near Hamilton—Rescued by Steamer Modjeska.

HAMILTON, Aug. 8.—(Special.)—John C. Noble, 180 Broadview-ave., Toronto, was suddenly seized with appendicitis while operating a hand pump on the Margjorie, a launch in which he and a party of Toronto men were proceeding to Hamilton this afternoon. The launch became waterlogged from facing thru a heavy sea with other craft, and it was found necessary to halt the launch. Mr. Noble and his party were hurried to the Hamilton city hospital. He will probably undergo an operation to-morrow. The launch shipped so much water that it could not be towed by the Modjeska.

## Advance Shipments of Men's Fall Hats.

Yesterday the Dineen Company received the first advance shipment of men's Fall Hats, including those by Henry Heath and Christy of London, England, and soft felt blocks by Stevenson of Philadelphia. The Dineen Company is sole Canadian agent for Henry Heath, who is, by the way, sole maker to His Majesty and most of the other crowned heads of Europe. Both the Christy and the Heath hats are in excellent designs and very novel. The Dineen Company's stock is complete in all sizes and widths of brims.

## C.P.R. SWAY IN PANAMA CANAL FEARED IN U.S.

Senate Determined to Prohibit Railroad-Owned Ships From Engaging in American Coast-wise Trade Through Canal—Final Vote on Bill Expected To-day.

## NO REPLY TO BRITAIN

WASHINGTON, Aug. 8.—(Can. Press)—Further important concessions to American shipping were made by the senate to-day thru amendment to the Panama Canal bill. The free toll provision to American coast-wise ships, endorsed by the senate last night, was supplemented to-day by a qualified free toll provision for American vessels engaged in the foreign trade.

A still more important amendment adopted by the senate holds out practically an unqualified invitation to foreign-built ships owned by Americans to hoist the American flag and register as American vessels. This amendment offered by Senator Williams, and adopted by a large vote, would authorize American owners of foreign-built ships, now compelled to sail under foreign flags, to bring their vessels under American registry, provided they engaged only in foreign trade.

Railroad-Controlled Ships. The senate worked to-night on the railroad control feature of the Panama Canal bill. Senator Bristow opposed the plan of railroad controlled vessels, suggested by the senate committee, and urged the adoption of the plan passed by the house, which would give the interstate commerce commission jurisdiction.

One important restriction was placed upon the Williams free ship amendment adopted to-day. This provided that no foreign-built ship admitted to American registry should be allowed to participate in mail-carrying contracts unless it was constructed with particular reference to speedy and economical conversion into an auxiliary naval cruiser.

A somewhat similar restriction was made upon the granting of the free toll privilege to American vessels engaged in foreign trade. The provision adopted by the senate specifies that owners of vessels engaged in foreign trade must agree to sell their ships to the United States in time of war or other emergencies in order to be exempt from the payment of tolls when passing thru the canal.

C. P. R. Clouds Issue. The subject of railroad-controlled ships brought out a defence of the house bill by Senators Clapp, Foiden and others. Chairman Clapp of the interstate commerce commission said some regulation must be enacted to separate definitely the railroads and the steamship lines. The suggestion that the Canadian Pacific Railroad might be able to operate its ships thru the canal while American railway-owned ships would be prohibited had been brought in the real issue.

## MAY NOT GO TO ALDERSHOT

OTTAWA, Aug. 8.—(Special.)—Col. the Hon. Sam Hughes, minister of militia, is expected back from the coast by Aug. 19. He will on that day be the chief speaker at the unveiling of the monument erected at Brockville to General Brock.

It is quite probable that the minister of militia will abandon his trip to Aldershot in September.

The naval policy of the government will be being formulated or discussed about that time, and it is likely that Premier Borden will want to have as many members of the government in attendance as possible.

## UNIONIST WINS IN MANCHESTER

Seat Vacated by Sir Geo Kemp, Who Opposed Home Rule, Lost to the Government.

LONDON, Aug. 8.—(C. A. P.)—The Northwest Manchester by-election caused by the retirement of Sir George Kemp, resulted as follows: Sir John Randles (Unionist) 573, Gordon Hewart (Liberal) 471.

The Liberal majorities in December, 1910, and January 1911, were respectively 445 and 733. Joynson Hicks in 1908, running as a Conservative candidate, defeated Winston Churchill by 429. Churchill's majority in 1906 was 1241. To-day's election caused great excitement, a host of voters returning from Isle of Man holidays to poll, and others journeying from Germany.

Former Unionist Stronghold. From 1885 to 1906 Northwest Manchester was a Unionist stronghold, but it was one of the many seats lost to that party at the debacle of the latter year. In 1908, Mr. Churchill went down to defeat, but two years later Sir Geo. Kemp was induced to oppose Mr. Joynson-Hicks, the champion of tariff reform. The fears of the cotton spinners and his great local influence gave Sir George the victory, but at the second general election in 1910, Mr. Bonar Law reduced his majority to 445.

Sir Geo. Kemp's resignation has been long expected and every effort was made to induce him to reconsider his decision, which he intimated had been caused by pressure of business. It was understood, however, that his real reason was his antagonism to home rule. The result shows that the apprehension felt by the Liberal council in the constituency was well founded. Sir John Randles, the successful Unionist candidate, possesses much local influence, but even with this allowance, the turn-over will be hailed as another proof of the present unpopularity of the government.

## READERS TELL THEIR PERSONAL EXPERIENCES

What Some Who Have Worked in Toronto Restaurants Have Seen—Ill-Kept Kitchens Only Part of Disgraceful Conditions—Dr. Hastings Praises World's Campaign.

## IMPROVEMENT ALREADY

This morning excerpts from various letters of citizens interested in The World crusade for cleaner restaurants in Toronto, are printed. Already there is a noticeable difference to be seen in many of Toronto's eating houses. Going along the street, especially Queen-street and Yonge-street, any time after midnight, it does one's heart good to see the managers of these places supervising cleaning up processes. Waiters are down on their marrow bones scrubbing away like good fellows. In very few of the places do you get butter served that the waiter has placed on your patty with his fingers.

Charles Hutchinson of 73 Teraulay-street brought into the office a huge bone he found among potato served him at supper. The bone is old and greasy and has a musty odor.

The following extract is taken from a letter received from a man on John-street:

Cook Tells Experiences. "Many thanks are due to The World for exposing dirty restaurants who cater for disease germs.

"A few of my personal experiences (absolute facts) I will volunteer gratis. On arriving from the old country I was determined to tackle any kind of honest employment until successful in my own sphere of labor, and set out hunting.

"Number one berth was a big hotel within easy distance of the Union Station, where I was installed in a kitchen upstairs. Here the cooking utensils as well as the dishes were fairly clean, so was the kitchen itself; but what took my eye was 'leaving the scraps of butter, meat, soup' etc., instead of utilizing the garbage bin—the best receptacle for scraps coming from unknown mouths. Some of these things were run thru the sausage mill and eventually found their way into the staff dining room. Oh, horrors, thought I. Then I discovered that 10, 15, 20 and 25 cent restaurants secured the other stuff almost for a song.

## BUMPER CROPS SEEM ASSURED

Damage From Frost Not Serious—Farmers From United States Spying Out New Land.

WINNIPEG, Aug. 8.—(Special.)—The weather conditions are continuing favorable to the maturing of the crops. A slight damage is reported from frosts in some localities, but it is neither general nor of a serious nature. From all along the Canadian Northern reports have come in of the crops ripening rapidly, and with a few exceptions everything points to a bumper harvest along their lines, thru the west. Aug. 20 is the date fixed for harvesting around Edmonton and Prince Albert, the time will be general in other parts of the prairie province around the 15th.

Having harvested their crops and finished the great bulk of their work for this year, American farmers from the western states are beginning to swarm up in the Canadian west again, to see this country with its wealth of wheat and grain standing and in the stock. They say they want to see for themselves the much-valued grain fields of the Canadian west, and see for themselves where lies the superiority of the Canadian wheat belt over that of the American states, from which they come. Several hundred of these American farmers arrived in the city last night and to-day. All will be out of the city by to-night.

The William Person Land Co. of Chicago come in the city with five cars this morning and are on their way to Raymore, Saskatchewan. Raymore is on the new line of the G. T. P. to Regina. They left for the west at 2:45 this morning on the Regina express.

## T.G. Meredith Is City Counsel at \$15,000 a Year

### TORONTO'S NEW COUNSEL ONE OF CLEVER FAMILY

Thomas Graves Meredith, K.C., is a son of the late Mr. W. C. Meredith, a member of the Irish bar, who came to Canada from Dublin in 1827, and held a division court position for a number of years. T. G. Meredith was born in 1833 at London, Ont. He was educated at Hémunth College. He entered Toronto University in 1872 and graduated in law in 1878. He is a member of the Church of England and a Conservative in politics. He was married in 1882 to Miss Jessie, daughter of the late Senator Sir John Carling. He has two sons, Stanley H. and Redmond. On entering on the practice of law he became a member of the firm of Scatcherd & Meredith, of which his brother, the present chief justice, was senior member. On Sir William's elevation to the bench he became a member of the firm of Meredith & Fisher, in which he has continued ever since. He was appointed city solicitor for London in 1894. He received the appointment of King's counsel from the Ontario Government in 1907. He is a brother of Chief Justice Sir William Meredith; Hon. R. M. Meredith of the chancery division and chancellor of the Western University; and of Henry Vincent Meredith, general manager of the Bank of Montreal.

### Council With Practically No Opposition Approves Appointment—Trinity College Deal Ratified—Can Proceed on Humber Scheme—Alternative Viaduct Proposition.

T. G. Meredith, K.C., at present city solicitor of London, Ont., was appointed corporation counsel at a salary of \$15,000 a year, by the council last night. This action was taken after a telegram had been received from Mr. Meredith stating that he would consider the offer if the above mentioned salary were provided.

After his appointment had been agreed upon the decision of the council was telegraphed to Mr. Meredith, who is at present in Frowdneck, Maine, and a query was sent asking for his formal acceptance of the position and inquiring when he would be able to report.

The only criticism of the appointment came from Controller Foster, who objected to the large salary to be provided. The controller also criticized the board of control for not making a more thorough search for a local man. On the other hand, the board of control were profusely congratulated on their choice and the consensus of opinion among the aldermen was that they had chosen the logical man for the position.

It was a busy session for the council and many matters of importance were dealt with. The Trinity College agreement was ratified. The board of control were granted authority to introduce a bylaw to acquire the necessary property and carry out the terms of the Humber valley park and boulevard agreement with Home Smith. It was also decided to submit an alternative proposition to the representatives next January that the Bloor-street viaduct be built of concrete. The proposition for a steel bridge will also be referred to the ratifiers.

### Mr. Meredith's Appointment.

The board of control's recommendation that T. G. Meredith, K.C., be appointed corporation counsel at a salary of \$15,000 a year, was introduced by Controller Hocken, who pointed out that Mr. Meredith's experience in municipal affairs made his services most valuable to the city. He was one of the foremost legal counsels in Ontario and his principles and all round ability made him the logical man for the position.

According to Acting Mayor Church his appointment was no reflection on the legal talent in Toronto. Several local men had been approached regarding the position, but none of these evinced any desire to accept the position except at salaries that were quite prohibitive. Mr. Meredith's legal attainments were the very highest, he declared. He was aggressive and a good administrator and just such a man as the city needed. Toronto, he said, must fight some of her greatest legal battles in the near future, and the services of a strong man were essential. Mr. Meredith's services, he said, would be available in a few days. The acting mayor also referred to

## PAIR REPEATS THEFT OF DRUGS

Clever Work Lands Men Charged With First Taking Opium and Then Cocaine in Police Station.

In the arrest by Detectives Tipton and Archibald last night of Kenneth Kidd, aged 38, of 144 Sherbourne-st., and Thomas Bradley, aged 36, of 25 Seaton-st., the police gathered in what they believe to have been two of the most daring thives that have operated in Toronto for some time.

Bradley was eight months ago convicted of having broken into the premises of Lyman Bros., Front-st., and making off with more than a thousand dollars' worth of opium. For this he was sentenced to six months in the Central prison by Magistrate Denison. Kidd it is alleged was Bradley's accomplice in that robbery, but before the police were able to locate him he had skipped out of the city leaving it is thought for the United States.

The return of Kidd to the city was marked by another robbery of Lyman Bros' warehouse. This occurred some time between noon on Saturday and Monday. This time the robbers made off with 5 ounces of cocaine, two dozen safety razors, about a dozen ordinary razors, several razor straps and just such a quantity of pipes and other articles. The suspicions of the police were directed against the pair by the information supplied them by a dealer to whom it is alleged Kidd tried to dispose of some of the razors. This man gave a description of Kidd to the po-

## Energetic Hon. 'Bob' Rogers Is Busy on Harvesting Job

Old Time Passiveness of Interior Department is Replaced By Vigorous Co-operation, Assures Minister—Thinks Advertising in U. S. Papers For Help a Good Method.

WINNIPEG, Aug. 8.—(Can. Press.)—In the course of an interview to-day, the Hon. Robert Rogers, minister of the interior, said: "I am keeping in pretty close touch with the labor situation in the west so far as it relates to the need of harvest help and the heartiest co-operation of the interior department and its staff in meeting the demand may be relied upon. I have remained over in Winnipeg for a few days to attend to this matter particularly, and I am giving it my personal attention. In former years the interior department took little more than a passive interest in the question of the supply of harvesters. This year, and in the future, every effort will be put forth by our department to help in providing for the constantly increasing demand for farm help coming from all over the west during harvest time. Look to the East. "At least 50,000 men will be required to harvest this year's crop in the three prairie provinces. The City of Winnipeg will probably provide about 6000 of

ENTITLED YOU to this beautiful and useful

\$5.00 Illustrated BIBLE

This is not a meaningless picture book. The illustrations serve a distinct purpose. They enrich the text and they do more—they intelligently explain it so that many a hitherto obscure passage assumes a new meaning.

This is the One Book of All Books that Will Be Appreciated by Every Member of the Family—Young and Old Alike.

Whether you are Catholic or Protestant, either of the Bible's will be mailed to you free of charge. The amount set opposite the style selected and 23c extra for postage.

THREE LOST LIVES IN TRAIN WRECK

Two of the passenger cars followed the engine off the rails and bumped over the sleepers for 100 feet or more. The locomotive then plunged off into the marsh land and half buried itself.

The momentum of the train carried two of the passenger cars over the engine, the projections of which ripped open the sides of the cars and tore out the seats along one side. The third passenger car and baggage car remained on the rails.

The bodies of the engineer and fireman were found buried deep in the debris about the engine and badly mangled.

One woman, Mrs. Jenkins, was scalded by steam so severely that she died after her removal to Grace Hospital. Railroad officials declined to-night to express any opinion as to the cause of the accident, saying only that an investigation was being made.

KEEP HOSPITAL FEES DOWN J. L. Davidson, convener, and A. W. Adams, acting secretary, have called a meeting of the benevolent societies' committee on a public hospital for Monday evening at the L. O. O. F. Hall, Entworth-street.

The committee is composed of three members of each of the Toronto districts and the trades and labor council. The committee meeting on Monday night is to draft a plan to lay before the city council to prevent excessive hospital charges.

REV. W. H. BRICK NEW HEAD

In connection with the creation of the vicar province of the Order of Redemptorist Fathers, Rev. W. H. Brick of St. Patrick's Church has been appointed head of the new district. Rev. Father McPhail of St. Anne's will be his successor. Several other transfers are announced.

The Very Rev. Stephen Connolly, of Boston, will occupy Father Brick's place at St. Patrick's; Rev. Geo. Daly, rector of St. Anne de Beaupre, Montreal, will occupy a similar post at St. Anne's. Between the two men the designation of rector of that parish, and Rev. James Woods will occupy the post of rector of St. Anne's.

St. Patrick's in Quebec, Father Heagan and Scully of Brooklyn, will be transferred here, while Fathers Mulheran and Clennett will go from Toronto to Montreal. Fathers Doyle, Jones, Derling and O'Reilly remain here.

PAIR REPEATS

Continued From Page 1.

Hee, and altho the detective had only time to go by the location of the East Richmond-st. and placed him under arrest early last night.

When they saw who it was they had arrested they once came to the conclusion that Bradley, who was his accomplice before, was the man who pulled off the present robbery with detection. They accordingly went after Bradley and arrested him about midnight last night on West Queen-street, Parkdale.

In the room in Sherbourne-st. being searched last night a quantity of the cocaine and a number of the other articles were found in it. When Bradley was searched after his arrest some of the stuff was found on him and the remainder found in his room in Seaton-st. Between the two men the detectives recovered all the cocaine and other articles stolen.

# Woman's Realm--the Household, Fashions and Society

## SOCIETY

Mrs. Geary has come over from Niagara to meet the Mayor of Toronto on his return from England this week.

The commodore and officers of the Beach Canoe Club have issued invitations to their autumn regatta and dance in the clubhouse, Balm Beach, on Saturday, the 10th inst., at 2:15 p.m. Dances at 8:30. The patronesses are Mrs. E. C. Berkshaw, Mrs. W. J. Brandham, Mrs. A. M. Sinclair, Mrs. T. N. Phelan, Mrs. E. F. W. H. Van Valkenburg, Mrs. F. H. B. Lyon, Mrs. F. H. Scheck, Mrs. G. Slaley, Mrs. C. B. Watts, and the committee is composed of the following: Mrs. Jas. J. Dolan, A. E. Hutchinson, Fred Hills, E. C. Berkshaw, Mrs. Slaley, W. J. Simpson (chairman).

Miss Kathleen MacMahon spent a few days with Miss Marie O'Brien in Hamilton.

Mrs. H. G. Odell, Parkdale, is the guest of her aunt, Mrs. A. E. Cornell, "Rock Cliff" Cottage, Sparrow Lake.

Mrs. Hayter Reid is at the Hotel Vancouver, Vancouver.

The engagement is announced in Quebec of Miss Edna Helea Turner, elder daughter of the Hon. Richard and Mrs. Turner, to Mr. Charles Malo de Buns Finais, Montreal. The marriage will take place in St. Mary's Chapel, Island of Orleans, on Tuesday, Sept. 2.

Miss Gypsy Whiteside is visiting her sister, Mrs. Frank Burton, in Hamilton.

Mr. Arthur Krueger, Hespeler, is spending part of his holidays in Toronto.

Mrs. Martin Schenk and Master Harrison Schenk are spending the summer at Mount Fortune, Cobourg.

Major Wynne spent a day at Niagara Falls this week.

Mrs. M. A. Blair is in Vancouver visiting her daughter, Mrs. H. G. Barber.

Mr. P. E. Dumoulin and Mrs. Jacques Dumoulin are at present in Paris.

Sr. Edward Blake was in Grimsby this week.

Mrs. A. H. Ireland and Miss Harriette Ireland sailed for England in the Royal Edward on Wednesday.

Mrs. Lapham, New York, is in town, the guest of her mother, Mrs. Boddy.

Mr. Gordon Morrison has returned from the island.

Mr. and Mrs. Brownridge are visiting Mr. Powell in Altherton.

Mr. and Mrs. Chester B. Ames are leaving the end of the month for Calgary and the Rocky Mountains.

Mr. and Mrs. A. H. Bowlby, Berlin, went to England in the Royal Edward of the Canadian Northern this week.

Mr. Roseau Kieler and Mr. Tom Anderson motored to Niagara-on-the-Lake this week.

Mr. and Mrs. Sell spent a few days with Mrs. Lawson in Caledonia.

Dr. Charles Sheard Jr. is spending a few weeks in France, but returns to the London Hospital, Whitechapel-road, in the early autumn.

Miss Ethel Pickup spent the week-end with friends in Preston.

Mr. Gus Foy and Miss Marjorie Foy are the guests of Mrs. John Foy at Niagara.

Major Clyde Caldwell leaves to-day for Petawawa.

Miss Evelyn Taylor returned to town this week.

Miss Sarah Black has been visiting her nephew, Mr. Homer Adams, in Vancouver.

Mrs. Burton and her children were in Montreal last week on their way home from the visit to Mr. Burton's mother, Mrs. Stevenson, at Metis.

Mrs. Corey spent the week-end in Carleton with her parents.

The Morning Post, London, Eng., announces the engagement of Mr. William Frederick Ingpen, late of the Royal Field Artillery, Calgary, Alta., to Miss Emily Bond-Smith, the eldest daughter of Mr. Charles Bond-Smith, Hereford Park, Kentucky.

Miss Eleanor Mackenzie and Miss Violet Edwards have returned from Minneapolis this week.

The Bishop of Vancouver and Mrs. de Puyler are giving a garden party on the 22nd inst. in Vancouver.

Miss Mrs. T. C. Irving, Miss Irving and Miss E. S. Irving are at the St. Hubert, Paris, France.

Mrs. Wagner spent a few days in Carleton this week.

Mr. Paul Sheard and Mr. Joe Sheard are at the Lake of Bays, and will be out of town for some weeks.

Mr. Tom Sheehy has returned from the west.

Lieut.-Col. and Mrs. J. P. Gardner and Miss Gardner, Knowlton, Que., sailed from Montreal on Wednesday by the Royal Edward.

Mrs. C. S. Scott of Hamilton and Mrs. Warren Burton are staying at the Caledon Club.

Mr. Herbert Brown spent a few days in Carleton.

Mr. H. E. Smallpiece and Mr. Charles

Miss Grace V. Tulk, Vancouver, was the hostess last week when she presided over a "Haverhill" luncheon at the residence of her mother, Kitchikan. At a table artistically decorated with daisies all being students of Haverhill, Toronto. The daisy, which is the college flower, was the flower chosen to brighten the rooms, and a profusion of them, arranged in graceful clusters, proved excellent. Original and very pretty name cards were of white silk, each bearing double-painted daisies at the top. Miss Louise Richards and Miss Marie Richards, Toronto, and Miss Edie Johnson, Nainaimo, who are visiting Miss Tulk, were among the guests, the

others being Miss Carrie Meredith, New Westminster; Miss Weeks, Miss Rhoda Weeks, Miss Violet Mallory, Miss Eva Godfrey, Miss Margaret Owen and Miss Edna Thornton. A very delightful time was spent by these classmates, part of the entertainment being provided by a unique contest, entitled "Violet," in which Miss Rhoda Weeks was the prize winner.

Mrs. G. E. Card of New York and daughter, Miss Helen Card, of The Pink Lady, U.S.A., and at Niagara-on-the-Lake for the month of August. Miss Card is a Toronto girl and has been very successful in her profession.

Mr. E. D. Earle has gone to Duluth, Minn., to join Mrs. Earle and their daughter.

Dr. Dutton, 39 East Bloor-street, has returned after an absence of ten weeks at his cottage, Duttonwood, Lake Rosseau, Muskoka. Mrs. Dutton and family will remain until the end of August.

QUEEN'S ROYAL NOTES.

A large number of Toronto's leading citizens have been staying here for several days and more are expected to-day. Among the recent arrivals are: Mrs. C. Hamilton, Miss Hamilton, Mr. and Mrs. H. E. Gordon, W. E. Northway, Mr. and Mrs. Thos. D. Hamilton, R. E. Fernum, Miss V. Henderson, Miss Marie Foy, J. L. Lalng, J. Moore, N. Murray, Laurence C. Cadey, all of Toronto; C. K. Shannon, T. P. Ireland, Hamilton; Mr. and Mrs. D. H. McClinch, Chicago; Mrs. V. Brunner, Mrs. M. D. Snare, and son, Mr. and Mrs. Thos. D. Hamilton, Pittsburg; Miss Merritt, Miss Robertson, Miss Daisy Robertson, St. Catharines; Mrs. Chas. Warnock, Galt; Mr. and Mrs. P. Lyall, Miss C. Lyall, Winipeg; Miss Edwards, Paris, France; Miss Keld, Chicago; Miss Katherine Dunn, Syracuse; Mr. and Mrs. J. N. Wallis and son, Mr. and Mrs. M. W. Moebe, Modic, Alabama; Miss Hubbard, Buffalo, and many others.

H. Robertson has returned to town after a three weeks' visit to Mr. and Mrs. G. Marshall at "Rockholm," Point St. Charles, Georgian Bay.

Mr. and Mrs. John Douglas Matheson, Edmonton, are at the King Edward on their wedding trip.

The Hon. P. S. G. Mackenzie and Mrs. Mackenzie, Quebec, sailed on Wednesday for the Royal Edward to spend their honeymoon abroad.

Mr. and Mrs. F. P. Brady, Moncton, N.B., announce the engagement of their daughter, Beatrice Maud, to Mr. E. H. Parmelee, North Bay, Ont. The wedding will take place this month.

Mrs. Newton Ferris, who has been visiting her father-in-law, has returned to her home in Hamilton.

The Misses Sada, Maggie and Lena Redcliffe have returned from a fortnight's visit to their aunt, Mrs. Upper, in Grimsby.

### The Daily Hint From Paris

### FASHIONABLE BUTTON TRIMMING.

This sketch shows a gown of blue linen with front and cuffs of white fluff. White pearl buttons are used as shown, with most machine-made buttons, done in white.

The belt is of enamel-d leather, and buckles at the side back, but has an ornamental white strap, with tiny buckles on the front.

H. Robertson has returned to town after a three weeks' visit to Mr. and Mrs. G. Marshall at "Rockholm," Point St. Charles, Georgian Bay.

Mr. and Mrs. John Douglas Matheson, Edmonton, are at the King Edward on their wedding trip.

The Hon. P. S. G. Mackenzie and Mrs. Mackenzie, Quebec, sailed on Wednesday for the Royal Edward to spend their honeymoon abroad.

Mr. and Mrs. F. P. Brady, Moncton, N.B., announce the engagement of their daughter, Beatrice Maud, to Mr. E. H. Parmelee, North Bay, Ont. The wedding will take place this month.

Mrs. Newton Ferris, who has been visiting her father-in-law, has returned to her home in Hamilton.

The Misses Sada, Maggie and Lena Redcliffe have returned from a fortnight's visit to their aunt, Mrs. Upper, in Grimsby.

### Hints That Help Housewives

Never hang woolen articles upon the line. To stretch the knives upon a towel and cover with another absorbent water without stretching the article out of shape.

Cooks who are exceptionally particular about the materials with which they work, use rice flour in place of cornstarch for thickening purposes. They consider the results a trifle more delicate.

Parings, which are especially tasty just at this early season, are at their best fried in deep fat rather than in the frying pan. The parings should be cut in four wedge-shaped pieces and dipped in eggs and crumbs before going into the fat.

In stitching work is often dropped over the machine and dragged into the wheel. A small calico curtain, tacked just under the table of the machine across the belt prevents this. Place tacks so as not to catch in the work.

Don't make the mistake of starching your pillow or corsete sisters. They may not keep clean as long, but they will hang better, and be pleasanter to wear.

Wash your white silk gloves, hose and lingerie in cold water and dry them in the shade, and you will not be disappointed by their turning yellow long before they are worn out.

### COOMBES--DEEKS.

At St. Aidan's Church on Wednesday, Aug. 7, Miss Daisy Deeks was married to Leslie Herbert Coombes, the Rev. E. A. McIntyre officiating.

The bride, who was given away by her brother, looked very sweet and girlish in a dainty lace gown, with coat and hat to match, wearing a corsage of lily of the valley.

She was attended by Miss Myrtle Foy, who wore a charming silver and mauve gown, with large picture hat and corsage of mauve sweet peas.

The groom was supported by his brother, Mr. George Coombes, in this company at the Alexandra Theatre next Wednesday.

On their return to Toronto Mr. and Mrs. Coombes will reside at Tyndall Gardens.

Mrs. Eva Fay at Shea's. Occultism and thaumaturgy will hold forth at Shea's Theatre next week.

Mrs. Eva Fay, the beautiful Indian widow of the late John T. Fay, will from other cities are to be given full credence. Mrs. Fay will be the sensation of the evening.

Her work is so far beyond the ordinary telepathist that there are many who believe that she is gifted with superhuman talents.

Mrs. Fay proved herself a skilled and scientific manipulator of the arts of the East. Her husband, the late John T. Fay, was a famous Indian.

Her wonderful exhibition, astrology and other occultic arts, is the most finished performance of occultism and psychic control ever offered to the public.

Mrs. Fay is a woman of a modern circus, with the most finished performance of occultism and psychic control ever offered to the public.

Her work is so far beyond the ordinary telepathist that there are many who believe that she is gifted with superhuman talents.

### FRUIT MARKET FOOT HERBERTS

Canadian Shipments Small — Imported Fruit in Demand — Spanish Onions Plentiful — Thimbleberries Down

Business on the Toronto Fruit Market was very slack yesterday on account of the drenching rain, which fell through the morning. What fruit arrived was of only average quality and there was little demand for it.

There are now quite a number of cases of Spanish onions on sale. A car arrives in Toronto nearly every Tuesday, but for some weeks there were no shipments. The cases now on sale are quoted at \$2.75. American onions in bushel bampers bring \$2.25.

Thimbleberries were down, selling at 14c the box. A few gooseberries came in, probably the last of the year. They sold at 16c the quart.

Green corn was firmer, very little selling lower than 20c the dozen ears. As the supply of tomatoes was none too plentiful, the price was forced up a bit. Cucumbers were steady at 6c the basket.

Yesterday's prices were as follows: Raspberries, 12c to 14c the box; blueberries, 12c to 15c the box; currants, 6c to 8c; black currants, 10c to 12c; gooseberries, 12c the quart; beans, 20c the basket; peas, 50c; carrots, 25c; marrow, 20c; tomatoes, 50c to 60c; cucumbers, 20c; California pears, \$2.50 the case; plums, \$1 to \$1.75 the case; Elberta peaches, \$2.50 the bushel basket; lemons, \$4 the case.

### At the Theatres

"A Country Mouse." Commencing Monday evening, and for the balance of the week, Miss Hilda Arthur Law, "A Country Mouse," for the first time in the city.

There is not the least shadow of doubt but that this many complications and amusingly in roars of laughter from the time the final act. Miss Hilda Arthur Law, in the role of Angela Muir, a demure and feminine coquette will assume the part of the play, is introduced into the comedy by the smart set, and proves too much for the audience.

The comedy will also serve to reintroduce the name of the Alexandra Theatre Mr. Albert Brown, who will be remembered by his splendid work in the comedy of the same name.

It was first opened. Mr. Brown will portray the role of the Hon. Archibald Vase, a man of the world, in this comedy at the Alexandra Theatre next Wednesday.

It is the rivalry of the Hon. Archibald Vase and the Duke of St. Kitts for the favor of Angela Muir that provides the many complications in the course of the play which afford amusement for the audience. Matinees will be given on Wednesday and Saturday as usual.

Mrs. Eva Fay at Shea's. Occultism and thaumaturgy will hold forth at Shea's Theatre next week.

Mrs. Eva Fay, the beautiful Indian widow of the late John T. Fay, will from other cities are to be given full credence. Mrs. Fay will be the sensation of the evening.

### GAS IRONS

Simply attach the tube to a gas fixture, light the iron, regulate it to suit yourself, and you are prepared for an ironing of any size. This is much easier than putting half a dozen irons on the stove, and carrying them to and fro from your work to the stove. Furthermore, the iron will keep an even temperature hour after hour. There is nothing to get out of order, and no part of it demands extra attention; it is sturdy built, and will last a life time. Price \$3.55—attached complete. Three hours ironing at a cost of only 1c for gas. See one demonstrated at The Consumers' Gas Company, 12-14 Adelaide Street West, Toronto.

Send your pretty waists that are soiled and stained, to be made new by MY VALET, FOUNTAIN THE CLEANER 5900

PAQUIN IN NEW MODES

It is a very difficult matter at any time of the year to state for certain what will be the next form that the feminine toilette will assume. Paquin, the famous Paris designer, in Dress. The Greek is now inspiring Paris — and incidentally the whole world, since Paris gets the pace in these matters.

Dresses will be more "frou" this year than they were last year, with the exception of tailor-made, which will continue to have the tight skirt, so becoming and so convenient for street wear. But it is a fact that evening gowns will be much fuller at the hem, with beautiful draperies and exquisite trimmings of pearls and diamonds.

Sleeves will be long for day wear, but even here individual taste counts for so much. One thing is certain, the waist line, after many wanderings, will not fail to be greatly worn by those women who love soft effects.

Thus far the pannier, as we moderns have conceived it, is likely to remain with us—for as long as most styles do.

### Chiclets

Thousands of people chew Chiclets who would not use any other chewing gum. Dainty morsels of the finest chewing gum crisply coated with the pearly peppermint. Not the horse-mint or the swamp-mint—but Mentha piperita—the peppermint—the true mint—delicately fragrant—cooling and salutary.

### Chiclets REALLY DELIGHTFUL

### The Dainty Mint Covered Candy Coated Chewing Gum

Chiclets for Digestion.—Fastidious women serve Chiclets at their luncheons and teas—as after-dinner mints—at bridge parties and all social gatherings where a crisp confection is en règle. Chiclets are the refinement of chewing gum for people of refinement.

Look for the Bird Cards in the packets. You will find one beautiful bird picture in each packet of Chiclets. Send us any fifty of these pictures with ten cents in stamps and we will send you—free—our splendid Bird Album.

For sale at all the Better Sort of Stores, 5c, the Ounce and in 5c, 10c, and 25c. Packets.

Your Work Done in 1/2 the Time

### The easiest quickest way to Clean Scrub Scour Polish

### is with Old Dutch Cleanser

A hygienic cleanser, safest to use about the house because it is a mechanical and not a chemical cleanser. It does all the cleaning throughout the house—in the kitchen, parlor, bedrooms, bathroom, etc., and the barn and dairy, and does it so much easier, quicker and better than old-fashioned soap, sand powder, scouring brick and metal polish, that no housewife can afford to be without it.

Judging from the countless preparations and treatments which are constantly being advertised for the purpose of making thin people fleshy, developing the arms, back and just, and replacing ugly hollows and angles by the soft curves of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness, and it therefore gives us a real pleasure to publish a simple prescription which, by correcting faulty metabolism and stimulating the activity of certain sluggish vital organs, quickly produces a marvelous transformation in the appearance; the increase in weight frequently averaging from 4 to 6 pounds.

This increase in weight also carries with it a general improvement in the health. Catarrh, dyspepsia and nervousness, which are always actually disappearing; dull eyes become bright; pale cheeks glow with a bloom of perfect health.

The prescription, which contains no dangerous drugs, and is absolutely harmless, calls for 2 oz. Tincture of Sassafras, 2 oz. Fluid of Cardamom, 2 oz. Elixir of Calmeys, and enough water to fill an 8-oz. bottle, and is taken one to two tablespoonsful should be taken about 20 minutes before each meal. Eat all you want, but chew your food thoroughly.

CAUTION: Although the above prescription is recommended for relieving nervousness, indigestion, and other troubles, it should not, owing to its remarkable flesh-eating properties, be used by anyone who does not desire to put on flesh.

# CONFIRMING STORIES AS TO CHAPMAN'S DEATH

## Coroner Becomes Suspicious as Evidence of Witnesses is Decidedly Contradictory, and Adjoins William Chapman Inquest—Landlady, Tells of Boisterous Drinking Bouts.

### LIVED WITH GRASS WIDOW

The result of the preliminary investigations made by Coroner S. Singer into the death of Wm. Chapman, the man found unconscious on Wilton-ave. last night, and who died on his way to the hospital, showed such a suspicious state of affairs that instead of concluding the evidence at the inquest yesterday afternoon, he adjourned the hearing until next Wednesday, by which time County Coroner Wm. Greer will have returned to the city. The coroner considered that the whole matter should be gone into thoroughly.

The first the police knew of the man's injuries was at about 11 o'clock on Wednesday night, when P. C. Sullivan, who was called, found the man stretched out unconscious on the sidewalk in front of 44 Wilton-ave. The constable had the man rushed in the ambulance to St. Michael's Hospital, but on the arrival of the ambulance there, the man was found to be dead, a bad fracture at the base of the skull being apparent.

There From 6 p.m.

Hearing of Chapman's death, Frank Lawrence of 196 Wilton-ave, informed the authorities yesterday that when he passed 44 Wilton-ave, at 6 o'clock on Wednesday night, he had noticed Chapman lying prostrate to one side of the house steps, but believing he was only intoxicated, he had not stopped to investigate. Passing the house at half past ten that night, he saw Chapman lying in the same position. It was shortly after this that Chapman was removed to the hospital.

In contradiction to this, Wm. McCraig of 82 West Richmond-st., has informed the authorities that he is willing to come forth and swear that he was out with Chapman from about 10 o'clock until nearly 9 o'clock, and that during that time Chapman was perfectly sober.

Two Lived Joyously.

Mrs. Ada Scott, the proprietress of the lodging house at 44 Wilton-ave, when placed on the witness stand at the opening of the inquest at the morgue yesterday afternoon, gave still a different story.

According to Mrs. Scott, Chapman first came to live at her place on July 25 last. At the time he brought a woman with him whom he introduced as his wife, and who she believed was Chapman's wife. On the following Monday night, the two came in under the influence of liquor and quarrelled. The next morning the woman displayed a blackened eye, but saying that Chapman had done it because he was drunk and promising that nothing of the kind would again occur, secured the landlady's permission to remain.

Waited for Rough House.

On last Monday night, however, the same thing occurred again, and Mrs. Scott had given the two notice to move out. She last saw Chapman before he was injured early on Wednesday afternoon, when he appeared to be again intoxicated.

From about 9.30 p.m., when Mrs. Scott came in on Wednesday, until nearly 11 o'clock, she sat in the room beneath the room occupied by Chapman and the woman posing as his wife, listening to them quarrelling, and intending to call in the police if they commenced throwing the furniture around.

Fell Into Basement.

Shortly before 11 o'clock she claims she heard Chapman's room door open and then the front door open, and a moment later heard a heavy thump in front of the basement door. She at once rushed out and found Chapman lying there with his head bleeding. The attention of a passerby was called and Constable Sullivan brought to the scene.

In the opinion of Mrs. Scott, Chapman had left his room when she heard the door open, and going on to the front steps, had fallen over a two foot railing to one side and down into the basement stair landing.

On going into Chapman's room after he had been discovered, she found Chapman's alleged wife lying on a sofa in a drunken stupor.

Has Denial, a Boarder, is Said to be Had by Chapman.

Henry Chapman, a brother of Wm. Chapman, and who identified the body at the morgue yesterday afternoon, is suspicious that his brother has met with foul play and wants the whole matter investigated very fully. He states that the woman with whom Chapman was living was not Chapman's wife, but is a Mrs. Harriet Chapman of West Richmond-st., a grass-widow. His brother states Chapman was married to another woman some years ago, who when last heard from was living in Pittsburg, and the police of that city are to be communicated with and asked to try and locate her, Chapman was 40 years of age.

The hearing of the inquest is to be resumed next Wednesday afternoon at the morgue, by which time it is hoped the widow of Chapman will have been located.

# SEVENTH WARD'S ACTIVITY IN BUILDING RECORD

## Permits for First Seven Months \$700,000 Over Last Year—Newsy Notes of West Toronto.

W. J. Armstrong, building inspector for ward seven, arrived home yesterday from St. Mary's, where he has been attending the 13th annual convention of the Ontario Firemen's Association. Mr. Armstrong was elected to the office of provincial secretary for the seventh time. Next year the convention will be held in Hamilton.

The inspector of buildings prepared a report of building permits issued during the first seven months of the current year for the World, which may surprise many and incidentally prove beyond a doubt the great growth of this western section of the city. Up to the end of July 310 permits, including 160 dwellings, were issued, the total value of which amounted to \$1,637,700. This is an increase of \$675,856 over the corresponding amount last year.

Two large permits were taken out yesterday by the Harris Abattoir Co. which called for the erection of a four-story refinery costing \$24,720, and a boiler and engine-house cost \$18,500. John Lutz of 57 Maher-ave. was unfortunate in losing a fine horse yesterday. Thru some unknown cause the animal broke its left front leg while in the stable and had to be shot.

A. B. Rice, collector of customs at West Toronto customs house, and Mrs. Rice returned yesterday after a month's visit to their summer home at Point Au Baril, on the St. Lawrence.

The Ontario Department of Education has granted the Runnymede Public Library Board \$27.38 as their apportionment for the past year.

The board of health sent inspectors to ward seven yesterday to investigate the complaints against the evil odors emanating from sewers in several streets. Relief is promised, and it is hoped it will speedily be given, as the long-suffering citizens living on the streets where the nuisance is worst are growing tired of the delay. Dundas-st. near Bloor and Conduit, and Annet-st. at Woodville-ave., Mavety and Pacific-ave. are the worst streets in this respect, and relief will probably shortly follow yesterday's civic inspection.

# NEW TORONTO THEFTS

## NEW TORONTO, Aug. 8.—(Special.)

This evening is again the scene of petty burglaries. The latest depredation is the breaking into the store of the Consolidated Green Company, where the thieves made off with \$400 and some canned goods and tobacco.

County constable Simpson is working on the case, and finds that the thieves made their entrance thru a rear window. It is believed that the burglars has as yet been found.

This is the third burglary in the vicinity in a month or two.

U. S. WOULDN'T INTERVENE IN CHINA.

LONDON, Aug. 8.—(Can. Press.)—A Russian despatch to the Exchange Telegraph Co. on the Russo-Japanese treaty, says it is reported that China has appealed to the United States to intervene in her behalf, but that the government at Washington refused to do so.

# CHARGED WITH FOWL POISONING

## Mrs. Alice Parkes, Found Not Guilty on Similar Charge, Up Again—Fifty-one Chickens This Time.

Mr. Alice Parkes, Glenwood-avenue, who was recently found not guilty of administering poison to the children of Mr. Whitaker, was charged at the North Toronto Police Court, last night with poisoning fifty-one chickens, the property of George Allward, also of Glenwood-avenue. On the application of the prosecutor, who desired the attendance of a Hamilton witness, the case was postponed until next Wednesday.

Chairman Brownlow presided over the ordinary meeting of the high school board last night, when the building committee in connection with the new high school presented their report. The board is invited to the execution of the ordinary meeting of the high school board next week. Speaking to The World, Mr. Brownlow said: "It is a matter of congratulation that the high school board are only asking for \$250,000 from the city to carry on the work of the high school next year. The balance is made up by the very large grants earned and the gifts' fees."

Daviesville Concert.

The final open-air concert allotted to Daviesville by the North Toronto Citizens' Band attracted a great crowd last evening. S. H. Douglas had twenty-five bandmen under his baton, and an excellent program of music was provided before a heavy rainstorm dispersed a delirious audience.

Daviesville Methodist.

The Ladies' Aid Society of the Daviesville Methodist Church will hold their long-anticipated picnic to St. Catharines on Saturday, Aug. 10. Steamers leave Yonge-street wharf at 8 and 10 a.m. and 2 p.m., returning from Port Dalhousie at 7 p.m.

North Toronto.

It was a tired-crowd that arrived in North Toronto in the small hours of Thursday morning from the Provincial Fire Brigades convention at St. Mary's.

# Islington Bargains

Grading for the Radial Railway from Lambton to Brampton and the C. N. R. line to Hamilton, has caused great activity in real estate at Islington.

On the completion of the Radial and the C. N. R. prices will advance. Already transactions are locating in this district.

The Colonial Realty & Securities Corporation bought extensively in this locality at farm and prices, and purchasers now can share the advantage of the foresight of the management.

Lots—Uster Avenue, \$6 per foot, 370 feet deep, 187 feet wide.

Market Gardens, \$450 per acre upward, 1000 feet deep.

Good farm on Dundas Street at Lots on Scott Avenue, \$10 per foot, 1400 per acre.

Will motor prospective buyers to see these properties.

Colonial Realty & Securities Corporation, Limited  
510 Lumsden Bldg. Main 1360

# SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.

ANY person who is the sole head of a family, or any male over 18 years of age, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or sub-agency for the district. Entry by proxy may be made at any agency, on certain conditions by the son, daughter, brother or sister of intending homesteader.

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within or at least 40 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$20 per acre.

Must reside upon the homestead or pre-empted six months in each of six years from date of homesteaded entry including the time required to earn homesteaded patent and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-empted quarter-section, may purchase homestead in certain districts. Price \$300 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

W. W. CORY  
Deputy of the Minister of the Interior.  
N. B.—Unauthorized publication of this advertisement will not be for.

# ESTATE NOTICES.

IN THE MATTER OF THE ESTATE OF Emily Louisa Scott, deceased.

NOTICE is hereby given pursuant to the statutes in that behalf that all creditors and other persons having claims against the estate of Emily Louisa Scott, late of the City of Toronto, in the County of York, Ontario, and Province of Ontario, widow of Hugh Scott, deceased, who died on or about the 3rd day of November, 1912, are required to present their claims, in writing, to the undersigned, at the National Trust Company, Limited, the National Trust Company, or before the second day of September, 1912, at the City of Toronto, in the County of York, Ontario, and Province of Ontario, the estate of the said deceased among the persons entitled thereto, having regard only to the claims of which they shall then have notice, and they will not be liable for the assets or any part thereof of the estate of whose claim they shall not then have received notice.

Dated at Toronto the 9th day of August, 1912.

FRANCIS W. WARDEOP,  
533 Toronto Street.

# NOTICE TO CREDITORS—IN THE MATTER OF THE ESTATE OF JOHN PETER WILKINSON, late of the City of Toronto, in the County of York, Real Estate Broker, deceased.

NOTICE is hereby given pursuant to the statute in that behalf that all creditors and other persons having claims against the estate of John Peter Wilkinson, late of the City of Toronto, in the County of York, Real Estate Broker, deceased, who died on or about the 10th day of September, 1912, are required to present their claims, in writing, to the undersigned, at the National Trust Company, Limited, the National Trust Company, or before the 7th day of September, 1912, at the City of Toronto, in the County of York, Ontario, and Province of Ontario, the estate of the said deceased among the persons entitled thereto, having regard only to the claims of which they shall then have notice, and they will not be liable for the assets or any part thereof of whose claim they have not had notice at the time of such distribution.

Dated at Toronto the 7th day of August, 1912.

MAKINS G. GREGORY,  
Straitsford, Ontario, Solicitor for Executors.

# NO INQUIRY TILL DINGERS BACK

It is not likely that there will be any investigation into the conduct of the police in connection with the Farmers' Bank case, until Inspector of Detectives Walter Duncan returns from his vacation. The enquiry to be conducted by the police commissioners is altogether distinct from the one being held by William Meredith. This was the statement made by Col. Denison yesterday. Duncan, while he had the Farmers' Bank papers in charge, had not yet opened until the return of Major Geary. When it is started the commissioners will first take up the action of Inspector Duncan, while he had the Farmers' Bank papers in charge.

The royal commission is to resume the bank enquiry during the latter part of September or November.

Band Concert To-night.

The City Band, under the direction of J. Andrew Wiggin, will play in Ramsgate Park this evening from 8 to 10.

# FARMS FOR SALE.

# HOUSE MOVING.

# Mining Stocks Quiet, But Firmer --- Public Interest Broadens

## COBALT STOCKS ATTRACT THE GREATEST INTEREST

### Silver Mining Issues Gradually Coming Into Favor—Foley-O'Brien Leads Porcupine List—General Price Tendency is Shade Firmer.

World Office, Thursday, Aug. 8.—The only indicative feature of the mining exchanges at the moment is to be found in the gradual rise in the bid prices for some of the Cobalt stocks, and this fact in itself is being quoted by market interests as a sure indication of the revival of public interest in the silver mining securities. Of recent months there has been a decided falling off in trading in the Porcupines, and this has resulted in bringing the older issues to the front, with the natural result of an increase in activity in the more attractive portions of the list.

During the last few days there have been some rather marked advances in the cheaper Cobalts and this was carried further yesterday. There has been no determined movement under way, rather has it been that a steady but consistent demand has come into effect, and, of course, if continued, this can have only one effect, the raising of prices through the list. In view of the increased attention being paid the silver camp, this would be a purely natural occurrence and, in fact, attracting so little interest on that very account.

### Chambers-Ferland Leads.

In the market to-day, such price action as a 3 points advance in Chambers-Ferland, which sold up to 1-2, and a less conspicuous movement in some of the other favored Cobalt issues were the outstanding features. McKinley-Darragh was in improved demand, the recent uptick around \$1.50 having drawn attention to the market position of the shares.

In the Porcupine list interest was focused on Foley-O'Brien, which secured a sharp advance to 20, a gain of 5 points, the movement being inspired by the finding of a new vein at the property. The company has announced funds in its treasury, and the new discovery is expected to hasten the resumption of development work. Elsewhere price changes were small, and outside of a further strengthening in Dome Extension, which gained over a point to 1-2, the market was uninteresting. Hollinger sold at \$1.20, 5 points above the low level established yesterday.

### WETTLAUFER DIVIDENDS

It was rumored on the street yesterday that the Wettlaufer-Lorrain Silver Mining Co. would cut its dividend in the near future, and that the decline in the market valuation of the shares had been due to expectations of such action. The stock was put on a dividend basis last March, and the total payments in 1911 amounted to 20 per cent. So far this year two dividends of five per cent each have been made, one in January and the other in April. Each payment has comprised a 2 1/2 per cent dividend and a bonus of like extent.

### THIS GOWGANDA MINE IS MAKING GOOD

Mr. Colvocoresses, manager for the Millerette Silver Mines at Gowganda, is at the Queen's Hotel, on his way back from a business and holiday trip to his home in New York. The Millerette is one of Gowganda's leading ships and has a concentrating plant in operation, treating something like 50 tons a day. An account of no railway facilities, only high-tracks so far, has been hauled to Charlton, concentrates being stored for the present. Since the first of the year the mine has shipped about 100 tons.

### RAILWAY TALK ALWAYS ON TAP

A tenderfoot story appears in The Detroit Journal relative to a party of Detroit capitalists, who are now interested in financing a possible mining, planning on building a railway from the Michigan coast to Sudbury, Mattagami River and Porcupine, to connect with the Canadian Northern and the O. and N. O. at Timmins.

### DEVELOP CLAIMS IN LANGMUIR

The Porcupine Miracle Mining Company is engaged in developing the company's holdings in Langmuir Township, and this summer a force of men is engaged trenching and looking for veins. Considerable striking has been done. Several promising looking leads have been uncovered. Forest fires last year set the company's work back to a large extent, when camps and all provisions and machinery were destroyed, making it necessary to await the fall before working material could be gotten in to the property.

### MAY TAKE OVER HUDSON BAY LOTS

The Hudson Bay Porcupine lots, in Shaw Township, inspected and reported on one month ago by Engineer Jno. B. Cleveland, formerly with the West Dome, are now being visited personally by the interested capitalists. S. J. Billings, banker, of Batavia, N. Y.; H. Crookshaw and Engineer P. W. McCaffrey, who may take them over on securing option.

This property was worked in the winter of 1911 by the Hudson Bay Co. of Cobalt and later turned back to the owners. In the summer of 1911 a new company was organized as the Hudson Bay Porcupine and a shaft sunk.

## GOOD NEWS FROM BEAVER MINE

### High-Grade Ore at 300 and 500-Foot Levels—May Indicate New Vein at Greater Depth.

More good news from the Beaver Consolidated at Cobalt. In the development of the third vein at the 300-foot level an inch and a half stringer of high-grade silver comes in, and at the 500-foot level in the development of the fifth vein an inch stringer of high-grade silver shows in the diabase.

The value of the ore from the two new stringers runs up into the thousands of ounces, and from the fact that the find at the 600-foot depth comes in the diabase the management is greatly encouraged, for engineer experts on the Cobalt district contend that the layer of diabase at this depth will extend from 500 to 1200 feet in thickness. The stringers are regarded as feeders that lead to a larger body of ore without a doubt, but should they even retain their present richness, the values to be taken from the two stringers alone would be quite enormous.

### UNCLE SAM GETS AFTER PORCUPINE WILDCATS

Postoffice Inspector to Investigate Propositions—Protecting the Gullible Public.

### WORK OR NOT TO WORK THE FOLEY-O'BRIEN

Development Will Be Resumed This Fall Anyway—May Start Almost at Once.

The prospect of the opening up of the Foley-O'Brien Mine in Porcupine in the near future stands as follows: In the New York interests, who hold a big slice in the property, sell out (a deal is now pending to take over the holdings), the mine work will begin immediately.

### SILVER METAL HIGHER

Bar silver rose seven-eighths of a cent an ounce in New York yesterday, to \$162.20, as compared with \$161.42 for the corresponding week last year.

### BANK CLEARINGS

OTTAWA, Aug. 8.—Bank clearings in Ottawa for the week ended Aug. 5 totaled \$4,822,000, as compared with \$2,512,212 for the corresponding week last year.

### TO PATROL OCEAN LINES

International Maritime Conference Will Consider Measures Next April.

### WASHINGTON, Aug. 8.—(Can. Press.)

Representative Levy of New York presented a resolution to the house to-day, providing for an international maritime conference in Washington on April 12, 1912. This will be almost one year after the sinking of the Titanic, which occurred on April 15, 1912.

### COBALT, Aug. 8.—(Can. Press.)

An evening paper, which has been conducting a "swat the fly" campaign, which closed to-day after fifteen days' "swatting," announces that 25,000 flies in all have been killed, and claims this exceeds all other newspaper "swat the fly" campaign records by \$,000,000. The youngster who won the first prize of \$25 is credited with collecting 1,470,185 victims, about 0.017 cents a fly.

## FOUND NOTHING IN UNGAVA WILDS

### But Returned Prospector Believes Great Wealth of Mineral Deposits Will Be Discovered There Some Day

One of the first prospectors to return from the Ungava district is Michael Hackett, who has spent over a year in that largely unexplored and unknown territory. He has nothing to offer in the way of finds, but intimates that there will come a time when more careful exploratory work has been done that diamonds, rubies and emeralds, to say nothing of the coal and iron fields, will be found.

While mine men are willing to accept Hackett's conjecture as to the finding of coal and iron beds at some later time they can hardly conceive of coal and iron fields so rich that diamonds, rubies and emeralds are also associated with them.

There is a good deal of scepticism attached to the talk of those who return from the north where the general public have no way of verifying stories of fabulous wealth lying undiscovered, and the question is asked if those who go into the wilds of the Ungava district fetch back rich specimens as standing evidence of these "rich fields."

## RICH ORE AT 300 FEET AT McNEANY PROPERTY

### Shaft Will Be Continued Another One Hundred Feet—Stamp Mill is Planned.

With the finding of rich gold values at the 300 foot depth at the McNeany property in Porcupine, Manager Morrill Summers has decided to sink at once to the 400 foot level. To help along the work of deeper sinking, an additional air capacity is being installed in the form of a new six-drill compressor. In addition to the power afforded by the small three-drill compressor now in use, air is being taken from the dynamo, located two claims to the west.

The vein now being drilled at on the 300 foot level shows gold in three faces and is estimated to six feet.

To ascertain the character of the ore between the 100 foot level and the surface, a raise is being cut, and with the results furnished from five to six feet of quartz is revealed, with values quite promising.

Not until reports on ore tests are in and carefully studied will it be decided whether or not the small mill now planned for the property will be built.

## Uister Orangemen Ready to Secede?

MANCHESTER, ENGL., Aug. 8.—The Guardian (Liberal) says there is reason to believe that a series of Orange meetings scheduled for Uister in September are to be used to organize a provisional government for the county, and to attempt to seize the Belfast post office as a symbol of Uister's determination not to submit to the Home Rule Union.

### Tommy's Recipe.

Lost, stolen or strayed? For one who has heard little Tommy, who has not heard little Tommy, who has not heard little Tommy's part was so unusual that his fond parent became anxious to know the cause of the matter.

### SEASIDE EXCURSIONS.

At Very Low Rates—Aug. 11, 12, 13, 14

### SIR WILLIAM RAMSAY COMING.

LONDON, Aug. 8.—Sir William Ramsay, the famous British scientist, and his wife, who used such novel methods for high grading at the Nipissing mine, were sentenced to two years each in the Central Prison by Magistrate Atkinson this morning. The police are looking for another man also suspected of high grading.

### ORE THIEVES SENTENCED.

COBALT, Aug. 8.—(Can. Press.)—Jack McLean and Frank Gilmour, the two who used such novel methods for high grading at the Nipissing mine, were sentenced to two years each in the Central Prison by Magistrate Atkinson this morning. The police are looking for another man also suspected of high grading.

### SWATTED 25,000,000 FLIES IN MONTREAL.

MONTREAL, Aug. 8.—(Can. Press.)—An evening paper, which has been conducting a "swat the fly" campaign, which closed to-day after fifteen days' "swatting," announces that 25,000 flies in all have been killed, and claims this exceeds all other newspaper "swat the fly" campaign records by \$,000,000. The youngster who won the first prize of \$25 is credited with collecting 1,470,185 victims, about 0.017 cents a fly.

## HOLLINGER ROAD INSPECTS MINE

### But No Official Report of Production or Development is Given Out—Estimates of Output.

The regular monthly inspection of the Hollinger Mines was made this week by President Noah Timmins and L. H. Timmins, and John McMartin, directors.

The stamps have been dropping now regularly for over six weeks and gold is being refined at the mill regularly. No official reports have been made as to the output in fine ounces, but it is known that bars of a total weight of 300 pounds were run off and are now on hand ready for shipment, approximately a value of \$100,000.

Reports show also that the average grade of ore now being milled is around the 20-to-the-ton mark, with 280 tons every 24 hours going thru the stamps.

## POWER MOVES UP SLOWLY IN MONTREAL

### MONTEAL, Aug. 8.—The speculative activity of the local market was centered on Montreal Power to-day to the neglect of the balance of the list.

Transactions in the stock were on a heavier scale than on any day of the last two weeks, totaling 450 shares, or about two-thirds of the total dealings for the day. The price held through the trading, and the trend was steadily if slowly upward until the last half hour of the afternoon. After reaching 235 3/8 ex-dividend, the price eased off to 235 in the late sales, closing at that price bid, and leaving a net gain of one point on the day. Shawinigan was quiet and dull, while the allied stock was displaying activity and strength.

The rest of the list was very dull and prices practically unchanged. Canadian Pacific was inactive in the afternoon. The last sales of the morning showed a gain of 1-8 on the day, but the bidding was off 1-2 point from the final bid of Wednesday, when the market closed. So advanced another fraction to a new high level of 152 3/4 for the year, but was inactive and quoted lower in the afternoon. Rio and Sao Paulo closed slightly lower.

Tramway and Power was the active stock in the unlisted department and displayed a better tone, selling up to 52 7/8 and 52 1/4, closing with a gain of one point. Western Canada Power closed at 83 1/2, one-half point up, while Waramagack declined a half to 25.

Total business in listed stocks 6340 shares, 300 mining shares and 10,000 bonds.
