NINETEENTH YEAR

WAR BEGINS IN A PARLOR

Spanish Naval Organ Says That is the Pre-
vailng Impression.

Marshal Martinez Campos, Formerly Captain-General of Cuba,
Propheesed That War Would Result if the Insurrection Were
Not Suppressed Before This Year—Carlisle Organ Indulges
in Strong Talk—Cardinal Gibbons Believes in the Accident
Theory as Regards the Maine.

Madrid, Feb. 28.—The Correspondencia Militar, the official organ of the Span-
ish army, says: "The prevailing impression is that war between Spain and the
United States will break out in April."

It then goes on to quote Martinez Campos, former Captain-General of
Cuba, as follows:
"Never entertained a doubt that if the rebellion were not suppressed be-
fore 1898 war with the United States would be an accomplished fact."

"Unhappily, my prophecy will be fulfilled.
"But I have the consolation of having done all in my power to avert it,
and therefore I do not regret the blame which has been heaped upon me.
"All that is now possible is that we should all unite to meet the danger
that threatens the country."

The Cardinal Archbishop of Valladolid has published a pastoral letter
blaming America for the prolongation of the Cuban war. His Eminence says:
"The hypocritical friendship of the United States fosters the rebellion and
wastes Spain's resources in order the better to attack her when weakened."

He exhorts all true Spaniards to "unite in defending the rights and honor
of the nation." The letter has caused widespread comment.

GEN. JOHNSON WOULD SEIZE CUBA
The Baltimore Military Man Says That
Should Follow a Demand for
\$50,000,000 Indemnity.

Baltimore, Feb. 28.—Gen. Bradley T.
Johnson, in speaking to-day of probable
war with Spain, said:
"There are laws of strategy by which
military operations are conducted which
are laws of nature, and one war which
has happened goes far to demonstrate
what will happen in another.

"I am opposed to war, and I oppose
war with Spain, and, therefore, I am
in favor of prompt action as the only
way to avert it. The American people
are heating up every minute, and the
moment the Court of Enquiry re-
ports that the Maine was blown up
by a mine in the Harbor of Havana,
you will see such an explosion that as
far exceeds that created by the firing
of a gun as the sun exceeds a candle."

"Before the war of 1861 there was
some hesitation, some aversion, to shed-
ding blood—not much, but some. In
this case the whole country is heated
in a blaze, and the South will be far
ahead of the North. The old Confed-
erates and their sons and grandsons are
most intense Americans, and the num-
ber of their fellow-countrymen on the
Maine will send the torch over every
mountain and through every crossroads
from Mason and Dixon's line to the
Gulf."

The dignity and self-control of the
American people for the last ten days
has been simply the result of the fact
that there are plain people in them-
selves and confidence in their Govern-
ment. But there are plain people every-
where, and the nation is becoming strained
beyond endurance. Every village is pointing
to the losses and suffering that there
was murder—base, cowardly, midnight
murder—on the Maine.

WHAT CARDINAL GIBBONS SAYS.
Hopes and Believes the Wreck Was an
Accident—Praises the President.

Baltimore, Md., Feb. 28.—A solemn re-
gular mass for the repose of the souls of
those who lost their lives through the de-
struction of the battleship Maine in Ha-
vana was celebrated in all the churches
this morning. Cardinal Gibbons made an
address and read the services for the dead.
A number of naval and military officers
were present, including those of the navy
and army.

The Cardinal said: "We have assembled
here today to assist at the solemn service
offered up for the souls of the brave offi-
cers and men who have lost their lives at
the post of duty."

"The only citizens who have gathered
together to give ex-
pression to our heartfelt condolence and
sympathy for the bereaved relatives of
those faithful defenders of their country,
whom the nation mourns. I see before me
representatives of an accident-stricken na-
tion, and of our fellow-citizens at
large. You represent a sorrow-stricken
nation, for every home in our broad country
feels the loss as a personal one."

"Too much praise cannot be bestowed on
the President, on the members of his Cab-
inet, and particularly on the Secretary of
the Navy and his able assistant, as well as
on the Houses of Congress, for the calmness
and tranquillity, the self-control and the
self-possession, which they have exhibited
during the fearful ordeal through which
this country has been passing in the last
few days. It needed only a spark to kindle
a great conflagration, and the patient and
dignified bearing of the Executive and leg-
islative bodies is all the more commenda-
ble in view of the mischievous and inter-
fering utterances of some sensational news-
papers."

"The nation is too just to engage in an
unjustified or precipitated war. Let us
remember that the eyes of the world are
upon us, whose judgment we cannot despise,
and we will gain more applause and
credit for ourselves by calm deliberation
and mastery of intellect than by any
other course. There is to be armed who
hath his quarrel just."

"I hope and believe, for the honor of hu-
manity, that the destruction of the Maine
was caused by an accident, and that in
this case Spain cannot be responsible.
"Every citizen would regard war with
Spain as a national disaster, and would
rather active hostilities would be the evi-
dence that the Spanish Government com-
mitted the mistake of torpedoing the
Maine in the harbor of Havana to de-
stroy the Maine. But I do not believe, and
do not see how any man can believe, that a
civilized nation would be guilty of such a
crime. An able commission has been appointed
to investigate the cause of the disaster,
and I am confident that the result of their
verdict, and the judicious action of the
President, will result in a peace which
will be a blessing to the world."

THE KLONDIKE TRADE

Seattle is Getting Half of Vancouver
Merchants Cutting Prices to
Injury of Themselves.

Vancouver, B.C., Feb. 28.—(Special.)—
Seattle is outfitting 50 per cent. of the
Klondike trade at present; the rest is
about equally divided between San
Francisco, Vancouver and Victoria. Van-
couver, however, is so busy, and such
great crowds are on her streets, that she
has the appearance of a city as large
as Toronto. The trade, however, is not
entirely satisfactory, owing to the insane
policy of the merchants in cutting prices
in the hope that the result will be ac-
cepted by our Government."

PROGRESS ON CROW'S NEST

Construction Engineer Says Every-
thing is Going on Smoothly.

Montreal, Feb. 28.—(Special.)—
Mr. Hugh D. Lumsden, engineer in
charge of construction of the Crow's
Nest Pass road, is in the city, and gave
your correspondent to-day some details
regarding the progress of the work.
Everything he says, is going ahead
smoothly, the only drawback being the
lack of men. The engineer states that
at present about 4000 men are at work
all along the line from Letbridge to
the Kootenay Lake, some 250 miles, and
that the company would like to engage
15000 more. He states that all the rock
work is being done this winter, so that
the softer work will be attacked a little
later on. So far 100 miles of grading
has been completed, bringing it to the
summit of the Rockies.

PAY UP, SAY COUNSEL

Dickinson, Lansing and Warren Advise
the U.S. Government to Settle With
the Canadian Sealers.

Washington, D.C., Feb. 28.—The Pres-
ident to-day sent to the Senate a full
record of the proceedings between the
United States and Great Britain in the
arbitration relating to the compensation
for the seizure of British ships in
Behring Sea, under the treaty of Feb.
29, 1892. A statement of the Govern-
ment's counsel, consisting of Messrs. Don
M. Dickinson, Robert Lansing and Chas.
B. Warren, is appended, in which they
say:
"If there are serious questions as to
the validity of the award in the light of
precedent and authority yet in view of
the history of the controversy and in
the existing conditions as well as because
of the comparatively small amount of the
aggregate award we venture to express
the hope that the result will be accepted
by our Government."

THE KLONDIKE FEVER

Steamers from the Old Land are Booking
a Good Many Passengers for
Canadian Gold Fields.

Montreal, Feb. 28.—The Star's cable
from London says:
"Despite Klondike and other ef-
fects of the Klondike until the season
really opens for traffic via the Sitka,
the West Coast and Holland, there were
had three hundred each week, mostly
booked for Vancouver. These numbers
will be swollen next month, but the
agents of whom I inquired to-day do not
anticipate anything tremendous in the
way of a rush from Europe. The Klondike
fever is, nevertheless, checking
general farm emigration for the mo-
ment."

Victim of a Perforator. He Says.

Quebec, Feb. 28.—The prisoner Malen-
fant, who was recently sentenced to five
years in the penitentiary for forgery, was
found late last night by a guard lying
unconscious on the floor of his cell at
the jail. He was taken to the hospi-
tal, and this morning recovered con-
sciousness. In his cell was found a let-
ter to his wife, in which Malenfant
stated that he was the victim of a per-
forator and was about to serve a sentence
for a crime of which he was innocent,
and he had become tired of life. The
evidence points to an attempt at sui-
cide.

A Sudbury despatch says: "Grit heeled
are practicing wholesale bribery in East
Algonquin and Nipissing. Cash is being dis-
tributed lavishly, a remission of dues on
cordwood and ties is promised and papers
purporting to be receipts therefor are given
by local officials. Religious pamphlets are
being pushed under the doors of Roman
Catholics at midnight denouncing Whimsey.
Files of these pamphlets are found in Grit
committee rooms and Catholics resent such
tactics. Both constituencies are easily con-
servative."

Information obtained from the most
reliable source is to the effect that the
superintendent of the Massey works has
held his big staff of men that they must
vote Liberal to-day. Nearly as foolish is
the man who, getting into these election
tricks, shows it round. Throw them in
the fire and say nothing, and vote as you
hear from the south. The fact is, the
influence you by creed or race hatred.

The long list of relatives whom Hon. J.
M. Gibson boasts that he has found Gov-
ernment jobs for during his term of office
shows the fact that he is only a servant
of the people, and as such has no right to
give to his relatives what belongs to the
people.

POOLS AND THEIR MONEY.

Only the postoffice is the gainer by the
flood of anonymous circulars sent by mail
within the past day or two to electors of
the city. Don't vote for So-and-so, because
he has a cross on his back; beware of
Thibault, because he is a Ribbonman. Who
is the fool that prints them, and what a
"dash of meat" must the man be who pays
the postage on them. Nearly as foolish is
the man who, getting into these election
tricks, shows it round. Throw them in
the fire and say nothing, and vote as you
hear from the south. The fact is, the
influence you by creed or race hatred.

SHOOT THE BANDIT!

The public ought to make short work of

city of its money. It is a clear act
of strategy. Mr. Edward Hanlan is making

decent aldermen who have been "roped in"
are beginning to break away.

WABASH GOES TO BUFFALO.

Permanent Lease of the Grand Trunk's

New York, Feb. 28.—The Times to-mor-
row will print the following: "Joseph
Ramsay, Jr., Vice-president and General
Manager of the Grand Trunk Railroad, has
issued an official statement in regard to
the eastern terminus of the road. This will
now be at Buffalo, N. Y., and the main
line from the Grand Trunk Railroad will
be operated by the former from Windsor to Black
Rock and from Wabash to Suspension
Bridge. From these points the tracks of
the Erie Railroad will be used into Buffalo.
The Wabash will have the right to haul
through all local traffic and interchanges
with the Grand Trunk line. The Erie
transit freight will be in bond. The line
east of Detroit becomes the Buffalo divi-
sion."

REPLY TO GRAND TRUNK.

A Statement from the Canadian Pacific
Side Which the Grand Trunk
can't Answer.

Montreal, Feb. 28.—The Grand Trunk
issued a statement this morning to the
effect that that company had done more
towards the American Road than the
Grand Trunk. It is a clear act of
strategy. Mr. Edward Hanlan is making
a poor beginning as a city father. The
decent aldermen who have been "roped in"
are beginning to break away.

T. EATON CO. "Canada's Greatest Store" Formal Opening Spring Millinery.

To-morrow we inaugurate an event the most important of the year so far as this store is concerned—our Formal Opening of Spring Millinery, which will surpass all previous attempts at every point; an exposition of Millinery elegance and beauty as never before displayed by us, and that means the best ever seen in Canada.

Flowers and Follage—An exceptionally fine assortment; delicate tints and colorings that defy outside the showing. Many of these are not to be seen outside this store.

Our preparations for the Spring trade have been on a larger scale than ever before. Increased selling space has made a wonderful improvement in the Millinery Department, which to-day ranks as one of the largest, if not the largest, on the continent.

T. EATON CO. 190 YONGE STREET. TORONTO, ONTARIO.

PUBLIC AMUSEMENTS. "The Two Orphans" at the Princess. The piece is well staged. The scenes are all laid in Paris, ranging from the grand apartments of the Count de Lillieres to the hotel of Frochard on the banks of the Seine.

At the Grand. Otis Harton is a dapper little fellow, who seems to be on springs all the time. As "A Stranger in New York" he kept a light audience in a very happy humor at the Grand last night.

At the Toronto. "The Man in the Iron Mask," Dunne's famous romantic tragedy, interpreted by a capable, if small, cast, is a drawing card for the Toronto theatre.

At the Bijou. The patrons of the Bijou have a treat in store for them this week, as there is an announcement of a variety, ranging from light skits to heavy tragedy, and the music is very good and there is plenty of it.

THE TORONTO WORLD LATEST PHASES OF THE RAILROAD WAR.

Spain and the United States. The quiet that often precedes a storm applies, we believe, to the condition of affairs now existing between the United States and Spain.

HOT THEM IN LONDON. A Telegram from Ottawa to The Times Has Set People Talking of the Rate War. Montreal, Feb. 28.—A Star special cable from London states: "By railway rate war is a burning theme in the city. To-day's discussion turned largely upon the question of the rate war, which alleges that the Grand Trunk admits having worked in conjunction with American agents to secure a rate war."

TORONTO NOTES. The C. P. R.'s Free Hand—Conflicting Interests of Its Opponents—Heavy Passenger Traffic.

One prominent feature in the fight between the C. P. R. and the allied lines is the fact that the contest on one side is conducted under single management, while on the other side the interests have to be considered. It is because of conflicting interests that the Grand Trunk and American lines were unable to meet the C. P. R. rates on the full week after the latter had gone into force.

APPEAL TO THE RAILWAY COMMITTEE. The views of Mr. Hays, Manager of the Grand Trunk, on railway matters seem to be progressive and up to date. His ideas tend in the direction of the state control of railways, or at least of control to such an extent as to allow running powers to any railway desiring them.
