ATTEMPT TO WRECK TRAIN AND KILL MARQUIS ITO

Japanese Aroused by Growth of Chinese Boycott—Coreans Flee Over the Border.

SHANGHAI, April 20.—The Korean insurgents to-day made an unsuccessful attempt to wreck the Seoul train, containing Marquis Ito.

Hundreds of Koreans are crossing the frontier to escape the cruelties of the Japanese, and are becoming Chinese subjects.

Japanese newspapers are accusing British merchants in Hongkong of secretly fomenting the boycott which is causing increasing alarm to Japan.

The movement has up to now been conducted with the greatest orderliness, but the Japanese agents provocateurs are attempting to provoke trouble by endeavoring to force the Cantoneses to purchase goods and quarrelling when they refuse.

His Wedding To-Day. BOSTON, Mass., April 20.—(Special.)—J. C. Grant of the Montreal harbor staff met his fiancée on arrival from England to-day, and will be married to-morrow.

The Toronto Ministerial Association will attempt something in the way of religious services at the Weston Seminary, and yesterday appointed a committee to report on what can be done.

WHY REGAL LAGER Is Good For Women.

BECAUSE Regal Lager is so made, and made of materials of such quality and purity, that it is a real food-drink and a sustaining beverage of marked nutriment qualities.

And because Regal Lager is "lagered," or aged, long and slowly, to develop and ripen its fine flavor and its high food-values.

Therefore it is the lager of lagers for women to drink at meals and before bedtime, since it will not cause biliousness.

But Regal Lager is good for women, both for what it does do and what it doesn't and won't do. You had better try it in your own home. Your dealer can supply Regal Beer (in bottles only). If he won't, let us know and we will see that you get it.

HAMILTON'S ANGLICAN CHURCHES PROSPEROUS

Another Toronto Lady Has Purse Snatched by Bold Thief—General News of the City.

HAMILTON, April 20.—(Special.)—The purse snatchers are still busy. The latest victim was Mrs. Baitine, 486 Logan-avenue, Toronto. While standing with a wedding party at the T. H. and B. Station this evening, a man grabbed her purse, containing \$5, and decamped.

The vestry meetings of the Anglican churches of the city showed that all the congregations had enjoyed prosperity. The congregation of Christ Church Cathedral raised the large sum of \$2,139 and paid \$11,000 of the mortgage. There was a balance on hand of over \$1500. H. B. Witton and H. H. Champ were elected wardens. The congregation raised \$790, and wound up with a small surplus. Adam Brown was re-elected a lay delegate. The contributions for last year. The total increase amounted to \$715.

At All Saints' Church the contribution amounted to \$450. Thomas W. Hand was elected people's warden. Percy Domville the rector's warden, and C. H. Lomon the lay delegate. The sum of \$500 will be spent on repairing the church.

The meeting at St. Peter's Church covered the executive committee to consider the question of enlarging the building. The receipts of the year amounted to \$2769. H. Taylor and C. Maginnis were appointed wardens. The meeting at St. Thomas' Church was adjourned for two weeks.

To-day the Cataract Power Company served the city with notice that it would appeal to the court of appeal against the city's cut of \$15.50 a lamp per year in the street lighting rate. The city will also enter an appeal and ask for a reduction of the rate of \$5 a lamp per year for street lighting. It is at the instance of the city for big concessions for the street lighting.

Hon. Adam Beck, Hon. John S. Hendrie and Solicitor Lobley by hydro-electric power commission will address the aldermen Tuesday evening on the power question.

Adam Beck, M.P., has promised to do his best to get the government to continue the reversion wall from Catharine-street to John-street and to continue the sewers on Catharine-street and Ferguson-avenue thru the reversion wall.

The Electrical Workers' Union claim that the Womans' Bazaar is discriminating against the union, and have asked an international officer to visit the city to straighten out the tangled web of electric power commission which they claim that it has been unable to lay off some of its men.

A few days ago Charles Smith rescued W. Walker and George Alford from drowning in the bay. According to the police the two men were carrying off in a rowboat a circular belonging to Arthur Brown, and the boat capsized under the weight of the cup-bearer. Both were committed for trial by J. W. Walker and Mr. Eastman.

Begg & Shannon have taken in the store next door to their premises, 40 North James-street, now occupied by E. A. Bartman and Mr. Eastman, who has leased the stores, 20 and 22 West King-street, now occupied by George Forsyth.

August Warnke of Nicholson & Warnke, who was slugged by hold-up men Saturday night, was seriously injured. Mary Zagza was acquitted this morning on the charge of theft.

In the meantime it is the intention of the company to take care of as many men as they can with the opening of the mill, as they will begin to receive orders and deliver rails, which are now piled in the yard waiting for the opening of navigation. The blast furnaces will not be affected by the temporary suspension of the mill, but will keep on and accumulate a stock of iron which the company will be strongly entrenched for a successful campaign after starting.

None Fared Better. "I assure you," said Mr. Lewis, "that the Algoma Steel Company has fared better than any rail mill on the American continent since the depression in business and the financial stringency which the country is now experiencing. As a matter of fact there are rail mills in the United States which have scarcely done anything since November, and I feel that with the coming of spring and the opening of navigation, and God's bright sunshine, these conditions cannot last long, and I ask the men and the community to be patient with the company in its disappointments, which, of course, cannot help but be felt keenly with an enterprise of its magnitude involving such an expenditure, being like."

The announcement of Mr. Lewis will have an effect on those who had been so to feel alarm because of the temporary closing down of the plant. A press despatch from Winnipeg to-day, to the effect that the Canadian Northern and Canadian Pacific will cancel the working schedule of the men on May 1, bears out the statement made by Mr. Lewis.

Sp. Emsley, who was in the Regina railway wreck last fall, is recovering from his injuries and is present on a visit to his uncle, A. Spitz, at Albany-avenue. He is a son of the Rev. Mr. Donner of Nanaimo.

SAULT STE. MARIE, Ont., April 20.—(Special.)—Saturday afternoon the rail mill of the Algoma Steel Company of the Lake Superior Corporation ceased operations for an indefinite period, and since that time many rumors have been afloat as to reasons connected with the closing down of the industry.

It is reported that the plant had passed into the hands of the steel trust, and others that F. H. Clergue had associated his interests with the steel trust and had succeeded in acquiring control of a sufficient amount of stock to practically control the plant.

These rumors are denied by a statement made to your correspondent to-day by D. D. Lewis, superintendent of the Algoma Steel Company. Mr. Lewis said: "At noon on Saturday the following notices were posted throughout the plant: 'Owing to the unexpected condition of the rail market, the open hearth, bessemer and blooming mill will suspend operations on Saturday. The blast furnaces will continue to operate. No work will continue when the works will resume.'"

"This notice was a surprise and disappointment to employees of the company, as it was so unexpected. The necessity of these notices was forced on the company so suddenly that they had no alternative, owing to the conditions in the rail market and the failure of orders already arranged for to materialize."

Mr. Lewis felt very keenly over the necessity of this move, and assured the men that just as soon as orders will materialize notices will be posted as to when the works will resume. In the meantime it is the intention of the company to take care of as many men as they can with the opening of the mill, as they will begin to receive orders and deliver rails, which are now piled in the yard waiting for the opening of navigation. The blast furnaces will not be affected by the temporary suspension of the mill, but will keep on and accumulate a stock of iron which the company will be strongly entrenched for a successful campaign after starting.

"I assure you," said Mr. Lewis, "that the Algoma Steel Company has fared better than any rail mill on the American continent since the depression in business and the financial stringency which the country is now experiencing. "The Factory Behind the Store." Tremendous Sacrifice of Umbrellas

We are determined to brush up trade in our Umbrella Department, and for the next week will endeavor to do everything we can to turn Umbrellas into cash. We are not thinking of profit, but only of reducing the stock. The people of this city know umbrella values, and all we ask is an investigation of these bargains. Being manufacturers, East's Umbrella prices are always from 25 to 30 per cent. cheaper than elsewhere, therefore, the prices offered just now represent reductions the equal of which have never been offered in Toronto. DEADLY CURIOSITY. Men went Back When Dynamite Did Not Explode.

QUEBEC, April 20.—The disastrous premature explosion which occurred on the new line of the transcontinental railway on Saturday afternoon last, and which hurtled nine workmen to instant death, has cast a gloom over the whole County of Bellechasse, but more especially does the pall hang over the little parish of St. Caetan, where the disaster occurred, and within a stone's throw of which stood the homes of five of the unfortunate victims. The men were engaged in preparing the roadbed for the ties and were engaged in removing rock which obstructed the way, for which purpose they used dynamite. It was a repetition of the old story which has sent so many to eternity. The fuse was ignited and as the explosion failed to occur within the usual time the men approached to ascertain the cause, but when they were in close proximity the report was heard, and to the horror of those at a safe distance off, fully a dozen men were blown into the air.

News of the disaster was quickly sent to the adjoining villages, and the startled inhabitants flocked to the scene while all the physicians within a radius of thirty miles hastened to render medical aid.

At St. Thomas' Church at a quarter to seven o'clock yesterday morning, Harold Seymour Smallwood of Butte, Mont., fourth son of the late Rev. W. J. Smallwood and of Mrs. Smallwood of The Anchor, Canterbury, England, was married to Florence Alice, only daughter of the Rev. and Mrs. R. S. Locke. The Rev. S. de K. Sweetman performed the ceremony, which was followed by the celebration of the Holy Eucharist. An old schoolmate of the bride, Miss Gwendoline Owen, was her only attendant, and Mr. Herbert Locke, the bride's brother, was best man. The bride wore her traveling suit of navy blue with large white lace hat garnished with flowers, and held a prayer book in her hand. The bridesmaid was attired in brown silk and a white hat. Mr. and Mrs. Smallwood left after the ceremony for Montana.

OWN A PLAYER PIANO.

There is great pleasure in sitting down to a player piano without knowing a note of music anyone can play this unique instrument.

UNION STRIKERS CLASH WITH STRIKE-BREAKERS

Men Sailed Forth From Stove Works at Brantford and Attacked Pickets.

BRANTFORD, April 20.—(Special.)—The strike of the union moulders at the Buck Stove Works is beginning to assume a serious aspect. To-night at the closing hour the strikebreakers sailed forth from the shop in an attack on the union men doing patrol work in that vicinity.

George Battye, a striker, was badly used up in the melee, and had to be taken to the hospital. His face was beaten with the butt end of a revolver, and he sustained internal injuries.

The affair to-night was a sequel to some stone-throwing by the union men on the strikebreakers this morning. The latter were on their way to work when they received a fusillade from the tracks of the G.T.R. subway, Clarence-street.

One of the strikebreakers had his back injured, necessitating his removal to the hospital. The situation has become such as to require special police service at the shop. About 150 of the men have been on strike for three weeks with prospects of the struggle being a long one.

DUNCAN ROSS THE MAN.

West Middlesex Liberals Meet at Mt. Brydges.

STRATHROY, April 20.—(Special.)—Duncan C. Ross was the choice of the Liberal electors for the legislature in West Middlesex at the convention held at Mount Brydges to-day.

There were fourteen nominations all told, eleven of which withdrew, leaving Mr. Ross, Alex. Stewart, K.C., of London, and Henry Hardy, ex-reverend of Carleton Place, in the field.

Mr. Ross, who is the favorite once more, and secured the nomination on the first ballot.

J. C. Elliot of Glencoe, whose name had been prominently mentioned as a close rival of Mr. Ross, made a hard bid for the nomination, and for a time it was thought he might get it. He was doing some work at the time when he fell in and was carried its full length and under the bridge.

The water is very high at that point at present, and the force of it almost carried him into the wheel. Just as he reached it, however, the current, as if by a miracle, tossed him to one side and he was carried away in the overflow to a point below the mill, where a fellow workman rescued him. He was pulled out more dead than alive, apparently, but in a short time he had recovered and was but little the worse of his thrilling experience.

BROTHER, TOO, A FUGITIVE.

Captain Neville Harbottle Now Wanted by Police.

EDMONTON, April 20.—(Special.)—An information has been sworn out here for Capt. Neville Harbottle, the missing collector of inland revenue, and the mounted police are sending out photos and descriptive circulars of the man who is wanted here.

TIME HUNG HEAVILY.

Retired Grocer Preferred Death to Idleness.

PHILADELPHIA, April 20.—Unable to bear any longer a retirement that left him without occupation after forty-five years spent in active business, Thomas H. Nice, a retired grocer, whose fortune is estimated at \$50,000, shot himself at Fairmount Park last night.

A year ago Mr. Nice sold out his business and retired. After a few weeks time dragged heavily on his hands and he was often heard to say, "I wish I had my business back again; it's an awful bore not to have anything to do."

"This is getting too much; I can't stand it," he told some of his friends Friday night, and last night he stood on the brink of the Schuylkill River and shot himself in the mouth.

It's this way: We put up this scientific preparation in powder form. You buy it at your druggist's; also two ounces of bay rum. Then you dissolve Madame Francis' Hair Restorer in six ounces of a cup-and-a-half of rain water; then add the bay rum. Have the hair and scalp perfectly clean; then apply night and morning, rubbing well into the roots of the hair with the ends of the fingers. 25

FAREWELL SHOTS FIRED OVER SOLDIER'S GRAVE

Military Funeral at Stratford of Color Sergeant Harry Lloyd, Victim of a Tragedy.

STRATFORD, April 20.—(Special.)—The remains of the late Color-Sergeant Harry Lloyd, who met tragic death in London last Friday, were laid to rest in Avondale Cemetery this afternoon with military honors.

The streets along which the cortege passed were lined with citizens. The 28th Regiment Band, 22 strong, led the solemn procession to St. James' Church, where the chaplain of the regiment, Rev. W. T. Cluff conducted the funeral services.

A firing party, in command of Sergeant Major Keane, gave the three volleys at the grave-side.

Wrapped in the flag he was sworn to defend, the body of the dead color-sergeant was borne to the grave by the following non-commissioned officers of the 28th Regiment: Quartermaster-Sergeant, Lorne Smith, Pioneer Sergeant, Fletcher, Color-Sergeant, Madill, Sergeant, Bisset, Sergeant, Wilton and Sergeant, Doig.

FELL INTO THE FLUME.

Terrible Experience of Henry McDonald.

SMITH'S FALLS, April 20.—(Special.)—Henry McDonald, an employe of the woolen mill at Burrill's Rapids, a short distance below Smith's Falls, had an experience yesterday that few men live to tell of. He was doing some work at the flume when he fell in and was carried its full length and under the bridge.

The water is very high at that point at present, and the force of it almost carried him into the wheel. Just as he reached it, however, the current, as if by a miracle, tossed him to one side and he was carried away in the overflow to a point below the mill, where a fellow workman rescued him. He was pulled out more dead than alive, apparently, but in a short time he had recovered and was but little the worse of his thrilling experience.

HE FOUGHT CARTWRIGHT

But Now T. R. Mayberry is Back in Fold.

WOODSTOCK, April 20.—(Special.)—T. R. Mayberry of Ingersoll was nominated by the Liberals of South Oxford at the convention held here to-day. Mr. Mayberry was chosen on the second ballot. The vote was as follows: First ballot, Charles Carroll, Norwich, 77; T. R. Mayberry, Ingersoll, 104; Richard Seldon, Ingersoll, 35. Second ballot, Mayberry 143, Carroll 73.

Mr. Mayberry was made the unanimous choice of the convention. T. R. Mayberry ran against Sir Richard Cartwright on the independent ticket about 12 years ago and was defeated.

In the Rain At Boston

NOTE AND COMMENT

The annual meeting of the English Amateur Athletic Association took place recently, and a number of important matters were disposed of.

Several additions were made to the general rules of athletic competition which visitors to the Olympic games will be required to observe.

All true sportsmen will hail with delight the announcement, says London Sporting Life, that the council of the English Amateur Athletic Association has decided, and that boxing will be included in the forthcoming games at the stadium, and will in all probability take place between Oct. 19 and 21.

A finer tribute to the many art has been given than when the Lord Wolsley in presenting the prizes to the successful competitors of the Brigade of Guards, which was held at the following Club on March 27, 1889, made the following stirring speech:

Gentlemen, I have been asked to give away the prizes to the winners, and I have the honor to do so.

New or Runner Wins Marathon Charles Petch in the Jewelry

Cote of Montreal Does Not Finish Winner's Time Close to Long-boat—Race Takes Place in Rain.

BOSTON, April 20.—(Special.)—The Boston Marathon road race was won this afternoon by T. P. Morrissey of the Mercury Athletic Club, of Yonkers, N.Y., in the remarkable time of 2 hours 55 minutes 51.5 seconds.

The weather conditions were particularly undesirable. The day had broken fair and clear, but before the start of the race it had become overcast and heavy rain clouds hung low.

Just beyond Framingham the Canadian runner, Charles Petch, was overtaken and passed by John Hayes of the Irish-American A.C. of New York.

At Boston—In the American League game Monday morning Philadelphia was beaten by Boston here by 8 to 1 errors.

BAD LEG CAUSED YEARS TORTURE
VARICOSE ULCER HEALED BY ZAM-BUK

Mr. C. Johnston of Poplar Hill Creek, Athabasca Landing, Alta., writes: "Nine years ago a running sore commenced on my right leg, caused by a ruptured blood vessel. As time went on it got worse and my sufferings were intense. I had a very sore leg indeed, and had very small hope of ever seeing it healed, in fact I was told by several who had known such sores that I should suffer with it for life. This was very discouraging. When I was almost in despair I heard of Zam-Buk and wrote to the Company stating my case. They inspired me with hope, and I commenced with Zam-Buk, using it according to instructions. Other sores I had used caused me much suffering, but Zam-Buk soothed the pain, and although it appeared for some time to be doing little good, I persevered, and as soon as the wound became clean, it was only a matter of three or four days before my leg was healed."

The Princess was crowded to the doors last evening to one of the most fashionable audiences of the season. The management of Charles Frohman is always considered a guarantee of something extra good. The attraction is a comedy entitled "The Morals of Marcus" by W. J. Locke, in which Frohman stars little Marie Doro, who is so cute that she is positively unique. The story of the play is that Miss Doro breaks thru the hedge of the garden like an elf and chatters away at a terrible clip to the owner, Sir Marcus, a middle-aged bookworm, who takes her into his home and adopts her. Her innocent, childlike language and innocent manner shocks the ladies of Sir Marcus' circle. Her name is Carlotta she informs him, and that she is a Syrian who has escaped from the harem with the aid of a young Englishman. Subsequently he abandoned her in a railway compartment. Tired of her journey she slipped from the train and found her way to the garden of Sir Marcus. She is delighted when she hears that her rescuer has committed suicide, and is quite contented to settle down with Sir Marcus. He is, of course, shocked, but when Carlotta tells him that she appears in all her loveliness as a young lady of the period he takes a fancy to her and she runs the house. The household do not share his interest, but as they offer nothing more serious than advice, matters go on pleasantly until a Turk arrives to take Carlotta back to the harem. To block this, Sir Marcus tells the Turk the girl is his wife, whereupon a woman in love with Marcus fights Carlotta into thinking that the Turk will kill him if she remains. So the girl runs away with an unscrupulous Englishman, but after five months she is welcomed with open arms by the love-sick Marcus.

You are asked to believe that Carlotta has passed thru all her adventures unscathed, but you can't help feeling that the morale of Carlotta are far more in doubt than those of Marcus. The admirable performance of the part of Marcus by C. Aubrey Smith, an English actor, gives the play its chief interest, the Miss Doro's youthful charm is not without effect.

DeKoven and Klein's comic opera, "Red Feather," continues popular in Toronto theatre-goers, both performances yesterday being attended by audiences that taxed the capacity of the Grand. The story of the opera is located in the mythical Kingdom of Romania, and the scenes of the ideal region suggest the Alps and Venice, with a touch of the Orient. The costuming is elaborate, presenting a series of artistic creations, ingenious in design and rich in material. Abundant use is made of glittering military uniforms. The costumes go to make up a show of infinite variety in beautiful color schemes. The doings in Romania are in true romantic style, and run something like this: The reigning monarch is a usurper. This prince's cause is championed by a leader known as Red Feather, who holds up the military forces of Romania and bids defiance to the entire army. The audacious Red Feather proves to be the Countess Hilda von Drago, a noblewoman with numerous suitors. Among them is the crown prince, who recognized as his principal rival one of the officers of the guard,

At the Majestic.

Thru the rapid succession of thrilling scenes and situations, a story of heart interest is woven in the melodramatic offering, "The Gambler of the West," at the Majestic this week. In the end a young brother is united to a searching sister in the person of a little warlike Indian called Little Bear, who was stolen from her parents by the Indians a few years before the story opens. The sister, in her search, finds a protector in a young gambler, who saves her from the plots of a desperado and a black-leg half-brother, who tries to force her to marry the desperado in order to rob her of her fortune. The play is given a pretty story opening, the picture of the prairie fire being realistic. Notwithstanding the fact that patrons of the Majestic have had several western plays in the past few weeks, two large audiences witnessed the performance yesterday and showed their approval by enthusiastically applauding the exciting act climaxes.

At Shea's

Ray Cox, "The Dixie Girl," at Shea's this week as the headliner, has a distinctive monolog in which he introduces various specimens of the genus college girl. She is really humorous and a good entertainer.

Monday is the strong point in the bill. Julius Tannen has about the brightest and breeziest bunch of mixed comedy material here in many a long day. George Abele's company of English actors present a very pleasing sketch, entitled "Three of a Kind," in which mistaken identity is cleverly utilized for the comedy.

The Great Volta does some curious feat with electricity, from which it would appear that New York execution methods would fall to fizzle on him.

Prince Kokin, Japanese juggler, does some marvelous feats in this branch of entertainment, which seems to come by right of birth to his countrymen.

The Meredith Sisters have some pleasing songs, dances and scenic effects. Waterbury Brothers and Tenny have their unique musical minstrel act, thru which is sprinkled much humor.

The Four Rissans in an acrobatic sketch in costume are also of a high order.

The kinetograph closes the bill.

Capt. Travers. The countess loves the captain, and the crown prince consents to marry her. Travers is ordered to capture Red Feather within 24 hours or be disgraced. Finally, when he strikes the crown prince in the face, resenting the insult, his life is spared on condition that he shall give up the mysterious Red Feather within an hour. The scene represents a bedroom in the castle of the countess. Travers believes that he has traced Red Feather to the castle. To save her lover's life the countess discloses her identity and surrenders, but at that opportune moment comes the invading force. Miss Sheridan Simpson has a soprano voice of wide range, and her rendition of several difficult numbers was received with enthusiastic applause. Her interpretation of the role of Red Feather was fully up to the standard set on her last visit. The production, lyrics, book and music are all far above the average allotted to light musical attractions, and "Red Feather" should prove a strong drawing card for the Grand the balance of the week. The usual matinee will be given on Wednesday and Saturday.

REPORT TO DIRECTORS.

Sir Charles Rivers Wilson on Traffic Conditions.

NEW YORK, April 20.—(Special.)—President C. Rivers Wilson's report to the board of directors of the Grand Trunk, says in part:

"The continued increase in traffic receipts, which had marked the progress of the company for a lengthened period, began gradually to diminish in October as the result of a bad harvest in Canada, and of the severe financial crisis in the United States, until in the middle of December the receipts began to show a marked decrease as compared with those of the corresponding period."

"In view of these circumstances stringent measures are being taken by the management to restrict, so far as is consistent with the interests of the company, all expenditure in the different departments so long as the present depression of business continues. Satisfactory progress has been made in the construction of the Grand Trunk Pacific Railway, taking into consideration the scarcity of labor during the winter season, and the necessity of obtaining supplies of materials. Three hundred and fifty-six miles of track have been completed, and the line between Edmonton and Wolf's Creek (123 miles), the end of the prairie section, and on the mountain section westward from Prince Rupert, the Pacific terminus, eastward for about 200 miles of the mountain section westward from the lake section, and the Lake Superior branch. The total length of 200 miles of the Lake Superior branch. The amount to be provided on the guarantee of the Grand Trunk Co. for the construction of the prairie and mountain sections, and of the Lake Superior branch, have been raised with the exception of \$286,000, which, it is no longer expected, will be required for a considerable period."

The closing burlesque is entitled "The Admiral's Vacation." Among the musical numbers during the performance are "Miss Mexico," "Afraid to go Home," "Good Enough for Washington," "No Place Like the Bowery," "Diamonds Make a Lady," "All Look Alike to Mary," and "Honey Love."

Jerry Sullivan of "Yellow Kid" fame is a feature of the company, and provides an amusing specialty.

The olio is contributed by Gertie Fluke, who sings prettily; The Great Chuck, trick bicyclist, Harry and McKinnon, in a minstrel act, and the Bates Musical Trio.

Chas. Conkie, the champion light-weight wrestler, meets all comers after the burlesque show, forfeiting \$35 if he fails to secure a throw in 15 minutes.

At the Gayety.

Al Reeves, a popular favorite in Toronto, has brought a company to the Grand, which will draw increased patronage to the little theatre thruout the engagement. Owing to an accident to one of his fingers Reeves was unable yesterday to give any solo selections, while a bad headache, from which he has only partially recovered, hampered his singing somewhat, but he hopes to be in better shape in a day or so and to be able to play his favorite instrument later in the week.

He has surrounded himself with a strong company and is ably supported by Andy Lewis, whose comedy yesterday greatly amused the audience. The show opens with a burlesque, "On the Other Side," depicting two husbands' experience in gay Paris. The olio is a comedy, "The Sunrays are a troupe of eight girls who dance well and do pleasing stunts with the skipping rope. Comic pictures are given with a kinetograph with a couple of solos as accompaniment. Ed Devoy and the Devoy Sisters are a trio who can dance, while as the last feature Andy Lewis and Company give a one-act skit, "Won at the Wire," which is a story of a racing tour, in which Andy makes a great hit.

The closing burlesque was called "Conquering the World in Three Scenes, the first and third taking place during an aldermanic contest, while the second was in the form of moving pictures at the Albee Revue Company in different scenes in the open air.

The finale was exceptionally well staged. The show played yesterday to the largest Monday audiences of the season.

John Adams

Signer of the Declaration of Independence and second President of the United States

HERE we have a Puritan of the

Puritans — a man of stern and unbending rectitude — of generous and truly heroic temperament.

Descended from a pious God-fearing New England family of Pilgrims and Pioneers (who were for generations brewers, maltsters, barley and hop growers) he became the mouthpiece of the Revolution — the terror of tyrants — a giant in debate — and diplomatically more than a match for Pitt and Talleyrand.

I would rather die than be dictated to — this sentence accurately describes the stubborn spirit of this valiant old patriot whom all England could not govern.

John Adams, even as his fathers before him, nourished mind and body on health-giving barley beer, and died at 91 (twenty-one years beyond the scriptural span) enjoying all his mental powers to the very last.*

World Office, Monday Evening, April 20. Canadian exchanges closed to-day. The London market at New York was unusually dull, and prices were weak. A fairly strong opening. The local significance was at Twin City. These were rather active and appeared to be influenced by another engagement of gold. The Toronto Exchange is to be a reflex of New York. It indicates nothing but weakness. At the exchange it is evident that outside business is the smallest. The market traders appear to be becoming disgusted with stock market operations, and if this is the case at New York, it is same not likely at Toronto.

Following is a western banking view of steel price maintenance: "The maintenance of steel prices is a lessor for the attempt of the law of supply and demand. Steel must come down; so must labor. All commodities are affected."

The stockholders' meeting of the United States Steel Corporation was harmonious. Not a question was asked by any of the stockholders present, and the subject of the report was not even mentioned. The retiring directorate was re-elected. The board will organize April 21st at the regular meeting. The directors at that meeting the dividends will be acted upon and the regular quarterly statement issued.

WASHINGTON—The U. S. Supreme Court to-day dismissed the application of the State of Nebraska for writ of mandamus to prevent the removal of the Nebraska railroad law, two-cent fare law and anti-pass law, from the state court to the federal court. The Nebraska Railroad is interested mainly in this case, and the decision gives the federal court jurisdiction instead of state courts—News Bureau.

Our information as to an attempt to raise prices. Its success depends upon the volume of offerings. We know there is some stock offering just above the ruling levels. We do not know the volume, which is practically impossible of calculation. Sentiment is against improvement, and there are excellent reasons for believing a very large shortage exists. Northern Pacific, Atchafalaya, Reading and other roads are being sold. There is no prospect in any upward movement. Professionals are doing everything they can to depress Amalgamated Copper, and to depress Dominion Pacific, Canadian Pacific and U. S. Steel—Financial News.

Joseph says: "The public will shortly come into the market under the condition which will naturally lead to increased activity. Improvement in correspondents' reports, the report that France is sending national press despatches from Pittsburgh, which relate to the U. S. Steel Company spread broadcast to depress steel shares. Private cables from London indicate that the public is exercising over the Hercules coal mine affair, and will hold the market to a tight rein. The gold buying of St. Paul and Canadian Pacific will continue to be in evidence. Specialists' Hold some Dominion Pacific shares. B.R.T. holds on actively."

SEATTLE—C. M. Levy, third vice-president of the Northern Pacific Railway Company, says that the company will spend \$1,500,000 in the next sixty days for freight cars, in anticipation of increased business. Levy says that business has steadily increased since the first of the year. January was our lightest month, and there was a slight improving trend in February. March was a great deal better, and the records for April indicate that traffic is continuing on the upward trend."

We hardly expect the character of the market this week to be greatly different from that recently observed. There may be spurts from time to time, as the professional swap contracts, but business generally is likely to be dull. At the same time, there are so many unfavorable factors overhanging the situation as to cause continued disinclination on the part of the public to take the buying side. In the end the pressure of long stocks will bring lower prices. Amalgamated, for instance, is selling at absurd heights in view of its dividend and copper trade prospects. The Steel issues might be similarly criticized, especially as the spectre of tariff changes grows more threatening. Those who have bought on the theory that the people will submit to a tariff of a half-dollar a ton are disappointed. When the corporation's report is published next week, and it becomes more widely appreciated that nothing better is to be expected for a long time to come, greater success will attend the efforts. While in the long term profits on the short side may be limited,
