UNITED PARTIES HOPE TO SOLVE IRISH PROBLEM

Liberals and Unionists Welcome
Announcement of a
New Effort.

MUTUAL SACRIFICES

Dominion's Representatives
Likely to Sit on Commission
of Inquiry.

London, March 22.—In the course of a debate in the house of commons tonight on a resolution offered by Sir James Henry Dalsiel, Liberal, urging the government to make another attempt to settle the Irish difficulty, Andrew Bonar Law, chancellor of the exchequer, announced that the government has already decided to make such an attempt. The Dalsiel motion accordingly was voted.

The Nationalists, considering that they had already stated their position, did not participate in the debate, which manifested a strong desire for a settlement on the part of all the Unionist and Liberal speakers, with one exception. The exception was Lord Hugh Cecil, who declined to believe that any time was favorable to such an attempt.

Irish "Scrap of Paper"
The Dalsiel resolution urged the government to take immediate steps to bring about a settlement of the Irish question. Sir James argued that Ireland was a weak spot in the great task before the country, and he thought the government ought to appoint a commission to endeavor to reach a settlement of the home rule controversy. Great Britain has not the war for a scrap of paper, he added, but he was unable to forget the existence of an Irish scrap of paper, which was endorsed by the will of the British people.

It would be impossible for the government to preserve with its motion to extend the life of the present parliament, Sir James argued, in the house of commons against them, and

BORDEN DECLINES TO ACCEPT RESIGNATION

Blondin's Department Will Be Administered By One of the Other Ministers.

Ottawa, March 22.—Sir Robert Borden cabled Hon. P. E. Blondin this afternoon from London conveying the information that his resignation from the government would not be accepted and that while he was on active service the affairs of his department would be administered by one of the other ministers. Sir Robert cabled Sir George Foster, the acting prime minister, to the same effect.

The premier warmly praised the postmaster-general for his high patriotism and sacrifice and wished him success in any war activity to which he might be assigned.

Mr. Blondin was at his office in the Langevin Block all day today, and the business of the department tomorrow.

WILL RECRUIT FOR NAVY.

Sam Baul, the overseas recruiter, who has been addressing open-air meetings on behalf of the 25th O.R. Battalion, will during the next month work instead in behalf of the Royal Canadian Naval Volunteer Reserve. The 25th's recruiting meetings will, however, be carried on just the same.

GREAT BOULDER STILL GOES INTO U. S.

More Than Fifty-Eight Million Pounds Shipped There in Year.

By a Staff Reporter.—The annual report of the trade and commerce department for the fiscal year 1915-16, issued today, shows that the nickel export was as follows: To Great Britain, 11,610,100 lbs., valued at \$1,779,801; to United States, \$5,832,900 lbs., valued at \$5,934,184.

In the fiscal year 1914-15 the nickel export was: To Great Britain, 10,935,477 lbs., valued at \$1,601,251; to United States, 34,394,086 lbs., valued at \$3,439,837; to Germany, 179,454 lbs., valued at \$22,846.

In the fiscal year 1912-13 the export was: To Great Britain, 4,478,250 lbs., valued at \$660,320; to United States, 43,389,848 lbs., valued at \$4,398,920; to Germany, 108,179 lbs., valued at \$14,967; to Netherlands, 3500 lbs., valued at \$500. No nickel was sent to Germany or to Netherlands prior to the year 1912-13.

Coronada, British Ship, Sunk Vessel Picks Up Survivors

St. John's Nfld., March 22.—The sinking of the British steamer Coronada, 2733 tons, by a German submarine, was reported here today, house advices stating that 21 survivors were safe aboard another ship.

STRONG MEASURES TO CONSERVE FOOD

Lord Davenport Says Compulsory Rationing May Be Found Necessary.

HOARDING OF SUPPLIES

Police May Be Empowered to Conduct Search of Private Houses.

London, March 22.—The food question is pressing daily with increasing stringency on the British public, and, according to authoritative reports, a few days will see new and drastic steps on the part of the food controller, Lord Davenport, to meet the situation and prevent exploitation of the public by traders.

The controller announced in the house of lords today that although voluntary rationing had brought about excellent results, much more in this direction was required, otherwise it might be necessary to resort to compulsory rationing, which would be a national calamity. He was desirous of avoiding this owing to the tremendous machinery needed. This machinery, however, was ready, he declared, if required, and a great restriction in bread and sugar was still imperative. The controller also intended, he said, to introduce a strong measure to prevent the hoarding of food.

According to an unofficial report the government intends to introduce two measures and two potatoless days weekly in all restaurants and hotels, and to forbid more than five ounces of uncooked meat to be served for each person.

To Punish Hoarders.

With regard to hoarding, it is said that the police will be empowered to search private houses, and if more than a fortnight's supply of sugar, on a basis of a weekly allowance of three-quarters of a pound per capita is found, the hoarding will be severely punished. Traders would also be prohibited under penalties to buy other things, and if more than a fortnight's supply of sugar, potatoes and similar commodities, as this system has led to mischievous waste.

U. S. HEARS OF GERMAN MOVE TO DELAY WAR

President Will Ignore All Overtures Unless Piracy Stops.

RUSHES PREPARATIONS

Wilson Will Go Before Congress Ready For Eventualities.

Washington, March 22.—Word that a European neutral might offer mediation to prevent open war between the United States and Germany has come to the administration without causing surprise in any way affecting the government's plans for meeting the situation forced by submarine ruthlessness. Such a proposal is regarded here as nothing more than another scheme fostered by Germany with the hope of confusing the issue and possibly dividing sentiment in this country while the destruction of American lives and ships on the high seas continues.

At the state department today officials would neither deny nor confirm that the government already had been approached on this subject, although it was admitted informally that some such move was not unexpected. It was very emphatically stated that no suggestion of mediation or discussion would be considered unless it was accompanied by the cessation of all illegal assaults upon American shipping, a course to which there is no reason for believing the imperial government is giving thoughtful consideration.

The state department is well aware that the United States has, with legitimate patience and forbearance, done everything possible to avoid the virtual state of war now existing thru German aggression. So long as this aggression continues, officials say there is nothing to be done but adopt measures of defence, and no basis exists for discussion.

To Rush Preparations.

During the ten days that must elapse before congress assembles in response to his call, President Wilson will give the navy secretary orders to the preparations going forward thru the war and navy departments. He has no callers today, but was in touch with both departments. One of the duties he performed was the signing of a formal proclamation suspending the eight-hour day on naval work, a step authorized by congress as a part of the general plans for speeding up construction.

Secretary Baker, as chairman of the council of national defence, today called the council and its advisory committee of heads of great industrial concerns, to meet this Saturday to discuss how much more work is necessary to put the country in a state of adequate preparedness for defence. The council also will be asked to consider toward mobilization of all the nation's resources, and these results will be surveyed at Saturday's meeting. Samuel Gompers, as chairman of the council's committee on labor, issued invitations to a large number of workmen, employers and scientists to accept membership on the committee, and attend the meeting, April 2.

To Recruit for Navy.

Additional efforts to stimulate recruiting for the navy were being made during the day. The response to the recruiting service during the last few months has been the best on record, but Secretary Daniels emphasized the need to get recruits to the full authorized strength of 74,500 men.

Word was received that every ship-building plant capable of building destroyers would be represented at the department Saturday, when a great number of building orders will be placed. The department plans to build to the full capacity of the yards, and the number of destroyers to be ordered can be determined only when that capacity is known. A standard type of the 35-knot vessel is desired for construction.

DINEEN'S FIRE SALE.

There is a large advertisement for the Dineen Company on page twelve of this morning's "World." Road it through.

Every merchant in Toronto readily understands the position of the Dineen Company. They have had a fire, and being amply protected by insurance, they have largely escaped by the skin of their teeth from destruction of goods by the fire.

But there is an ultimate loss against which no insurance applies—and that is the loss due to disturbance of the routine of business. Every day that the premises are allowed to remain in their present condition means a delay in restoring the regular trend of business—and a consequent loss.

The object, therefore, is to clear out, entirely, all stock included in the fire adjustment, as quickly as possible and to get repairs under way for an entirely new start.

Under these circumstances price is a minor consideration. It is desirable to accept the smallest fractional values for the "fire stock," so that business may be resumed, as usual, with as little delay as possible.

Do not miss the sale. There can be no more today. Dineen's, 140 Yonge street.

ENEMY IS MAKING A STAND FROM ST. QUENTIN TO ARRAS

LATE NEWS BULLETINS

Noted German Aviator Killed

London, March 22.—Another of Germany's best military aviators, Fritz Mannschott, has been killed in an air fight on the western front, according to Reuter's correspondent at The Hague.

"Long Live Russian Republic"

London, March 22.—A despatch to Reuter's from Petrograd states that The Russkii Volk appeared on the streets today with the startling caption "Long Live the Republic" on its front page.

U. S. Recognizes Russian Government.

Washington, March 22.—Formal and full recognition by the United States of the new government of Russia was announced tonight at the state department. The silence which has been observed at the department concerning the events in Russia was broken when officials learned that the news of Ambassador Francis' official welcoming of the new regime had been received in press despatches.

Will Build One Hundred Ships.

London, March 22.—The government has arranged for the construction of 100 standard mercantile ships in three sizes of 13,000, 5,000 and 3,000 tons respectively, according to a statement made in the house of commons today.

ORDER TO EXPROPRIATE ROSS PLANT IS PASSED

Government Will Make Arrangements for Manufacture of Lee-Enfield Rifles as Quickly as Possible, Says Sir George Foster.

Ottawa, March 22.—The government has passed an order for the expropriation of the Ross rifle factory and all machinery, equipment and appurtenances, said Sir George Foster, the acting premier this evening, when he asked what the situation was regarding the taking over of the factory. The Ross Rifle Company has recourse to the exchequer court for valuation of the property. The government will not manufacture any Ross rifles, but will make arrangements as quickly as possible for the manufacture of Lee-Enfield rifles and other subsidiary rifles for the war. The preparations necessary for the manufacture of the new Lee-Enfield will necessarily take considerable time, as changes in machinery and discs of all kinds will be necessary.

Such help as is requisite for these purposes will be retained, but for the present and until the factory is in a position to turn out the new rifle the help required will be small as heretofore employed.

Temporary Unemployment.

The transition from the manufacture of the Ross rifle to the Lee-Enfield would have caused the same diminution of employment had the expropriation not taken place and the former contractor under the terms of his contract had undertaken to turn out the number of rifles called for by the terms of the contract.

It was inevitable in any case that there would be a temporary diminution of employment. The employees, however, it is hoped, will be easily absorbed into other employment called for under the present condition of scarcity of labor.

GERMAN EMBASSY FINANCED PLOTS

Von Papez Furnished Money For Bomb Factory in Hoboken.

SANK MANY VESSELS

Alleged Plotters Appear in Court—Dr. Scheele Flees.

New York, March 22.—An alleged admission that money for the establishment of a bomb factory in Hoboken, N.J., was furnished direct from the German embassy at Washington, was read today when the trial was begun here of six men charged with having attempted to create a reign of terror on the high seas by destroying vessels sailing from American ports with cargoes for the entente allies.

The defendants are Captain Charles Von Kleist, a chemist, who is accused of having been engaged in the making of the bombs; Karl Schmidt, formerly chief engineer of the steamship Friedrich der Grosse; Ernst Becker, Friedrich Grose; Ernest Becker, George Fradel and Wilhelm Parades, assistant engineer, of the same vessel.

How the police trapped the alleged plotters, after bomb explosions in 1915 had destroyed vessels and cargoes worth upwards of \$4,000,000 was recited to-day.

(Concluded on Page 2, Column 6).

Australians Want Retribution For Ships Unlawfully Sunk

Adelaide, Australia, March 22, via Reuter's Ottawa agency.—The Australian chambers of commerce at a meeting here today resolved to send a demand to exact ton for ton of all shipping destroyed by the Germans in the Pacific, on the ground that such a step was opposed to the interests and safety of the commonwealth and New Zealand.

BAD WEATHER LIMITS ARTILLERY ACTIONS

Rome, March 22.—An official statement issued today by the war office said: "Attempted enemy attacks against Monte Sief and Monte Croche were completely repulsed on Tuesday night. Yesterday bad weather limited artillery actions. The activity of our patrol caused engagements favorable to us."

Resistance There is Increasing, But Successful Raid is Carried Out Northeast of Arras—Attempts to Dislodge French From St. Quentin Canal Have Failed.

London, March 22.—"The enemy's resistance is increasing along our whole front from west of St. Quentin to south of Arras," says the official report from British headquarters in France. "Heavy snowstorms during the day added to the difficulties of our advance."

"We carried out a successful raid yesterday afternoon northeast of Arras and took a few prisoners. The enemy endeavored to counter-attack across an open and suffered several casualties."

"A small hostile party succeeded in entering our trenches early this morning north of Ypres. The raiders were driven off by our garrison after sharp fighting. Another hostile raiding party was dispersed by our machine gun fire southwest of Lens. Our aeroplanes were active again yesterday in the area of the enemy's withdrawal. Much valuable reconnaissance work was carried out. One German machine was brought down behind our lines."

FRENCH FIGHTING HARD.

Hard fighting has been in progress between the French and Germans in the neighborhood of St. Quentin. According to the official statement issued by the French war office tonight, the Germans made a number of attempts to drive back the French from the east bank of the St. Quentin Canal, but the attacks failed. There were also lively engagements west of Laferre, one of the German strongholds.

The text of the statement reads: "In the region of St. Quentin skirmishes between patrols have occurred north of Dallon. Between the Somme and the Oise the enemy in the course of the day made violent attempts to drive us back from the east bank of the canal of St. Quentin, which we occupy in front of Clastres and Montecourt. Successive attacks by the enemy were broken down by our machine gun fire. Spirited engagements to the west of Laferre likewise ended in a complete check for the enemy."

"South of the Oise our detachments crossed the Ailette River at several points."

"North of the Aisne the Germans renewed their attempt between the Laon road and the river. Three attacks against the Vregny Chivres line were arrested by our barrage fire. South of the Aisne, enfilading the enemy troops, our artillery inflicted upon them very heavy losses."

VIOLENT ARTILLERY FIGHTS.

"The artillery fighting was quite violent in the Woivre at the foot of the Meuse hills. An enemy attempt on the Romainville farm, sector of St. Mibiel, was unsuccessful. There is nothing to report on the remainder of the front."

"All reports which have reached us confirm that the enemy has systematically pillaged and ravaged the evacuated zone, without, in a majority of cases, military reasons. For instance, Gen. Von Fleck, commandant 17 E. C. A. German, on quitting Ham carried away the furnishings of the house which he had occupied in that town."

Belgian communication: "Last night and today both artilleries have been active on the Dixmude front and the neighborhood of the ferryman's house was shelled by the Belgian artillery."

GERMANS ARE DISSATISFIED.

A Reuter despatch from the British front in France says: "There are many stories of disaffection in the ranks of the Germans. It is known that they are finding difficulty in maintaining their food supplies during the retreat, and that some of the later prisoners had not eaten anything for some time."

"Between Ypres and Croisilles, a distance of some ten miles, the retreating Germans are holding a series of machine gun posts, but we are getting up our field guns in excellent style, and not much difficulty is anticipated in reducing these. In fact, there already is a pretty deep bulge eastward in the enemy's line at this part, reaching to Beaumetz-Les-Cambrai, which considerable village was occupied by our troops yesterday. This carries our advance to a point some four miles north of Ypres."

"The Germans are continuing the practice of removing to the rear the inhabitants of the villages they destroy, although in many cases they are carrying away young women to guard against their employment by the French on munitions."

American Ship Sunk Twenty Men Drown

Heldton, Standard Oil Ship, Torpedoed Without Warning Off Dutch Coast—Survivors Reach Terschelling.

Washington, March 22.—American Consul Mahin at Amsterdam cabled the state department tonight that the American steamer Heldton, sunk by a submarine yesterday off Terschelling, Holland, was torpedoed without warning and that 20 of the crew were drowned. The consul's despatch follows:

"Standard Oil ship Heldton, from Philadelphia for Rotterdam, cargo oil, torpedoed without warning 8.15 evening of 21st, 25 miles north of Terschelling, Holland. Twenty crew drowned. One died of injuries. Others taken to north of Holland. Submarine seen after torpedoing. More details to follow."

Seven survivors of the crew were landed at Terschelling, according to an Amsterdam despatch to the Central News.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

BAD weather slowed up but did not stop the allied pursuit of the enemy in northwestern France yesterday. Heavy snowstorms fell on the battlefield. The British found that the enemy is offering an increasing resistance to their advance on a ten mile line between Arras and St. Quentin. It is vital for the Germans to hold this line for several days until their forces about La Fere and St. Quentin get away from the French, for if the British broke thru towards Cambrai, a few miles distant, they would cut off the German line of communication and destroy a large section of the German army. While the enemy has to delay the British advance on Cambrai at all costs, by holding this line, the British will inflict terrific punishment on his troops.

On the French front General Nivelle is striking at St. Quentin and La Fere. Both places form important railway centres for the supply of the German armies. The French, by their rapid thrust forward, have got too close to these points to make them tenable by the Germans. The British are also assisting the French in the attack on St. Quentin. Up to the present the allies have relied chiefly on their light field guns for service in their advance. As they rapidly repair the railway lines and restore the roads their heavy guns will arrive to join the bombardment. The French engaged in hard fighting on the banks of the St. Quentin canal. The French engaged in hard fighting on the banks of the St. Quentin canal. The French engaged in hard fighting on the banks of the St. Quentin canal. The French engaged in hard fighting on the banks of the St. Quentin canal.

The French have also crossed the Ailette River at several points south of the Oise. The enemy had stubbornly defended this passage. North of the Aisne the Germans renewed their counter-attacks on the sector between the Laon road and the river. The French artillery posted south of the Aisne enfiladed and inflicted very heavy losses on them.

Northwestern France is undergoing the worst ravaging since the days of Attila. All the reports which have reached French headquarters show that the enemy has systematically pillaged and ravaged the evacuated zone. No military reasons exist for the majority of these acts. German generals are not above this pillaging. General Von Fleck, on quitting Ham, carried away the furnishings of the house which he occupied. The news that the German army is resorting to wholesale pillage is illuminating. It denotes

The First Saturday of Spring Blossoms With New Clothes For Men and Boys Introducing the New "Fashion Park" Suits for Men, \$25 to \$35

The New Models for Spring Wear are the Very Essence of Smartness Both in Design and Pattern--See the Initial Display Saturday in Men's Clothing Dept.--Main Floor

Descriptions of Some of the Smartest Models

THESE American-made "Fashion Park" suits embody an individual elegance of style that will appeal to the well dressed man. The coats are cleverly designed with the proper symmetry of line, nicety of proportion and possess all the little details of style and finish that smart dressers appreciate.

The materials are all exceptionally fine qualities and in patterns and shades that are quite new and distinctively attractive.

See the New All Round Slip-Through Belt Models

A distinctly new style features a medium length coat with high waist and loose all-round slip-through belt that can be worn outside or inside front of coat. Belt is loose at back, being stitched only at the sides. This model is skeleton lined and has large inverted pleat down centre, both below and above belt, and fancy yoke at back of shoulder. Crescent shaped pockets without flaps and narrow lapels. Vest has five buttons and patch pockets. Trousers are form-fitting at hips, have self belt with tunnel loops and are bound on top. This model is shown in light grey tweeds, with dark grey and quiet green stripes; also in a brown and grey mixture, with a red thread stripe. Sizes 35 to 42. Price 25.00 and 27.50

Another very stylish model has double-breasted, form-fitting coat, with loose half-belt sewn on at each side. When coat is on, belt tightens and gathers in the back in a neat pinch-back effect, with small pleats. Has patch pockets and neat, narrow lapels. Vest is unusually smart, with long peaked points and patch pockets. Price 30.00

Another model in the popular pinch-back style, with sewn-on belt at back of waist and five short knife pleats above belt. Front of coat has patch pockets and narrow lapels. Materials include cassimere-finished tweeds, in light grey, with faint, lighter grey. Sizes 35 to 44. Prices 27.50 and 30.00

Other "Fashion Park" Suits in More Conservative Styles

IN single-breasted, neat fitting plain back and front style with soft narrow lapels and straight flap pockets, are various models made of worsteds in fancy mixtures, stripes and checks, Cheviot finished tweeds in blue with thread stripes in plain greys. Of particular mention is a light and dark grey mixture made of silk and wool material at 35.00

All these models are lined throughout and have neat narrow fitting trousers with cuffs, self belts and bound tops. Sizes 34 to 44. Prices 30.00, 32.50 and 35.00

Navy Blue "Fashion Park" Suits in Plain and Fancy Styles

Beautifully Finished Navy Blue Serge and Cheviot Suits, in single-breasted style, with neat, soft rolling lapels, and smart cutaway fronts; also double-breasted, form-fitting styles, with loose half belt sewn at each side of back. These have patch pockets and soft lapels, rolling to second button. Sizes 35 to 44. Price 28.00 and 30.00

Neat-Fitting Suits for Stout Men

These Suits are specially designed for stout figures, whether short or tall, and are well tailored of materials that are serviceable. Included are worsteds, cassimere-finished tweeds, in plain greys, medium and dark greys, with thread or hairline stripes, small checks, pin checks. All are three-button style, with soft rolling lapels and straight flap pockets. Trousers with or without cuffs. Sizes 38 to 50. Prices, \$20.00, \$22.50, \$25.00, \$30.00, \$32.50 and 35.00

Easy Fitting Spring Weight Slip-on Topcoats at \$15.00

Men's and Young Men's Smart Swagger Slip-on Topcoats, made of spring-weight tweeds, with large patch pockets with flaps, and a few with slash pockets. Lined in shoulders and sleeves. Patterns include light and dark grey, brown or green mixtures, stripes and checks. Sizes 33 to 42. Price 15.00

An Interesting Collection of Good Values in Boys' Spring Clothing

It's Only Necessary to Look at the New Pinch-Backs, the New Belt Effects, the Splendid Patterns, in Good Serviceable Materials, and the Price Tickets on Each Garment, to Realize That the Eaton Selection of Boys' Suits is Up to the Criterion of Fashion and the Standard of Eaton Values

Big Choice of Patterns in Newest Styles in Suits for Big Boys, \$5.50 to \$15.00

At \$5.50
Big Boys' Suits, made fine, smooth-finished tweeds, in rich, dark brown stripe effects. They are single-breasted style, with yoke and knife pleats running to bottom on each side of front and back. All have loose belt at waist, strong body linings and bloomer pants. Sizes 29 to 34. Price 5.50

At \$10.50
Big Boys' Suits, made of worsted-finished grey tweeds, in checks, rough-finished cloths, with stripe effects. Designed in smart pinch-back styles, with yoke at back and three-piece sewn-on belt, with fancy pleats at back. All lined throughout. Bloomer pants. Sizes 29 to 34. Price 10.50

Spring Suits in Lively Styles for Small Boys, \$4.50 to \$8.75

Smart Spring-weight and Serviceable Tweed Suits for the little chaps, 6 to 10 years of age, are in a huge assortment of patterns and in the latest styles for spring wear.

Included are grey, fawn and brown shades, in neatly-woven checks, broken checks, pick-and-picks, diagonal or herringbone effects, and hosts of smart stripe effects--by the way, stripes are to be very popular this season. They are in various fancy Norfolk styles, many in the pinch-back effects that boys prefer. All have roomy bloomer pants. Sizes 24 to 28. Splendid values at \$4.50 to 8.75

At \$6.95
Big Boys' Suits, made of mixed grey or brown tweeds. Pinch-back and Norfolk styles included, with pleats and sewn-on belt at waist. Have patch pockets, neat lapels and fine twill linings. Bloomers are full fitting and have belt loops, watch pocket and strap and buckle at knee. Sizes 29 to 34. An extra good value at 6.95

At \$8.50 to \$15.00
Big Boys' Suits, in great assortment of navy blue serge materials, in worsted or cheviot finishes. Many of these materials are woven from all-wool yarns, and are dependable qualities that we guarantee against fading or shining. They are fashionably tailored in pinch-back and other fancy pleated styles and all are lined throughout. Bloomers are neatly made and have belt, watch pocket and expandable knee bands. Sizes 29 to 36. Prices, \$8.50, \$10.50, \$12.50, \$13.50 and 15.00

Swagger and Neat-Fitting Spring Topcoats for Boys, \$6.00 to \$10.00

Big Boys' Topcoats, made of medium shades of grey, in neat mixed patterns. They are in the fashionable full box-back style, single-breasted, and have peaked lapels, split sleeves, with fancy cuffs and patch pockets, with flaps. Sizes 26 to 28, price, \$6.00; sizes 29 to 33, price, \$7.00; sizes 34 and 35, price 8.50

Big Boys' Spring Overcoats, made of rough-finished tweeds, in pretty shades of brown showing stripe patterns. They are single-breasted models, with velvet collars, full back, set-in sleeves, with fancy cuffs; patch pockets and fine twill body linings. Sizes 29 to 33, price, \$8.70; sizes 34, 35 and 36 9.90

Boys' Spring-weight Topcoats, made of rough-finished tweeds, in grey or fawn mottled effects. They are designed in three-button, single-breasted style, with wide lapels, form-fitting shoulders, loose-fitting back, split sleeves, with cuffs and patch pockets. Sizes 25 to 28, price, \$7.50; sizes 29 to 33, price, \$8.50; sizes 34 and 35, price 10.00

Smart Spring Reefers for Small Boys, \$5.50 and \$7.50

Small Boys' Navy Blue Cheviot Serge Reefer Coats, in double-breasted full box-back style, with velvet collar, brass buttons, and some with emblem on sleeve. Sizes 3 to 10 years. Prices 5.50 and 7.50

YORK TOWNSHIP POWER ENLARGED

Private Bills Committee Gives Right to Regulate Buildings.

The powers of the Township of York over buildings on the outskirts of the City of Toronto, were extended by the private bills committee yesterday, when the majority of the clauses in the township's bill were passed.

It should have some authority to regulate buildings on the outskirts of the City of Toronto, were extended by the private bills committee yesterday, when the majority of the clauses in the township's bill were passed.

Mr. Lucas pointed out that towns and villages had not this power, and yet they were proposing to give it to a township, Mount Dennis had a population of 3000 living under township law, said Mr. Starr.

Mr. Lucas pointed out that towns and villages had not this power, and yet they were proposing to give it to a township, Mount Dennis had a population of 3000 living under township law, said Mr. Starr.

The clause regarding fixed assessment for the Russell Motor Car Co. was passed after it had been explained that this was for the establishment of a bicycle and skate factory, to be erected, George S. Harrington, in answer to the question as to whether the matter had been submitted to the people, explained that owing to the extent of the district only a small percentage of the voters would understand the issue. The matter had received the unanimous support of the council, said Mr. Starr.

The committee struck out the clause forbidding the remission of taxes to owners of vacant dwellings in the city limits. Such exemption was felt to be unfair to the farmers, explained Mr. Starr. They got no exemption to their taxes if they were assessed for their property, and the assessment Act needed amendment in one locality, it did in others also, ruled the committee. A motion was made to the general law was the thing required.

The other clauses of the bill regarding the exception of tax to stand if Mr. Starr could convince the clerk that there was no objection to it. This members of the committee expressed the opinion, would be a rather hopeless task.

EMPLOYER MUST PAY FOR WORKMAN'S INJURY J. Ballard was awarded damages for one thousand dollars and costs by a judgment of the city court yesterday afternoon by Justice Middleton against J. Morris. Ballard was employed by a farmer named Silverthorn to run a power saw used to cut down trees for domestic use. The machine was owned by the farmer and farmers residing near Bradford and Morris was employed by Silverthorn, but his services were loaned to Morris to operate the machine. While operating the saw Silverthorn was injured, and he entered action in the supreme court at Brantford on March 21 against both Morris and Silverthorn. The jury found that the man was injured while acting as a workman, and the suit brought against Silverthorn was dismissed, the costs and judgment recorded against Morris.

Justice Clute has dismissed with costs the action brought against Morris Swartz and Simon Rabinovitch by Louis Polak for \$3,063.25, and interest on a mortgage on property at No. 6 Beverley street. Benjamin Sunenshine sold the property to the defendants and the plaintiff alleged that Sunenshine had assigned a mortgage on the property for the amount claimed on February 5, 1914.

A. Dunbar has entered action against the Canadian National Features Ltd. for an account of the amount of stock he is entitled to under an agreement dated August 23, 1916.

Following is today's list for the first divisional appellate court: Rex v. Chappas; Morganstern; Rex v. Chappas; Morganstern; Rex v. Chappas; Morganstern.

Members of the city council yesterday presented Ald. Glen Fred Burgess, 26th Construction Battalion, with a .45 Colt revolver prior to his leaving for overseas. Ald. Sam Rydman, who made the presentation, assured Lieut. Burgess he was leaving with the best wishes of the members of council.

CHILD'S SEVERE STOMACH TROUBLE Harrison (Ont.) Father Says Dr. Cassell's Tablets Saved His Child's Life Mr. Corby, Harrison, P.O., Ont., writes: "Our little girl was weak from birth, and though we tried doctor's medicine and other things she got no better. She was lax in her cot and cried, and neighbors all said she could not save her. The doctor said she had stomach trouble, and that her chances were small, yet Dr. Cassell's Tablets cured her. They have been worth their weight in gold to us, for we were just giving up hope of saving our little daughter. I don't think there is any other medicine for children like Dr. Cassell's Tablets. Publish this letter if you like; it may help others as the Tablets helped us."

A free sample of Dr. Cassell's Tablets will be sent to you on receipt of 5 cents for mailing and packing. Address: Harold F. Ritchie & Co., Ltd., 10 McCaul St. Toronto.

Dr. Cassell's Tablets are the greatest home remedy for Dyspepsia, Kidney Trouble, Sleeplessness, Anemia, Nervous Affections, Nerve Paralysis, Fatigue, and Weakness in Children. Especially valuable for nursing mothers and during the critical periods of life. Sold by druggists and storekeepers throughout the world. Price: One tube, 50 cents; six tubes for the price of five. Beware of imitations said to contain hypophosphates. The position of Dr. Cassell's Tablets is known only to the proprietors, and no imitation can ever be the same.

MORE HEROES OF WAR REACH TORONTO TODAY

SCORE'S TOGGERY SHOP. A wonderful lot of English capes have just arrived from Great Britain. The combination of colors are most exclusive and unique, such as burnt orange ground with a royal purple figure, also pearl grey ground with a violet figure and many others.

The man who appreciates a nice fit will be interested in this line. See our west window.

R. Scores & Son, Ltd., tailors and haberdashers, 77 King street west.

WORKS ESTIMATES SHOW AN INCREASE

Large Deficit is Expected in Operating Civic Car Lines.

Outstanding in the 1917 estimates of the civic works department is expected operating deficit of \$35,000 on the civic car lines. This does not take into account interest on debentures or sinking fund charges. It is estimated that the deficit would increase to \$118,000. Commissioner Harris estimates for a total expenditure of \$3,552,976, which is an increase of \$620,305. Increases are noticeable in almost every section of the department. Higher wages and labor scarcity being the principal factors. Waterworks expenditures alone are estimated to cost \$120,348 more than last year.

Maintenance and operation charges on the civic car line are estimated at \$281,000, against an estimated revenue of \$226,000. Capital charges would be about \$150,000. The estimates again contain an item of \$59,750 for operating the Mimico and Scarborough divisions of the York radial. The estimated revenue from these lines is only \$32,000, so if Toronto decides to operate these sections the deficit will be increased by \$27,750.

The estimated expenditures are distributed as follows: Maintenance \$1,263,260; Civic railway \$261,000; Mimico and Scarborough divisions, Toronto and York Radial Railway \$59,750; Garage \$16,500; Insurance \$20,842; Workmen's compensation \$4,500; Special items \$290,603; War pay and gratuity \$1,310,116; Capital expenditure \$1,310,116.

Under capital expenditures there is an item for the reconstruction of the old South Gate bridge, to cost \$141,000, and another bridge on Spadina road, \$68,200. The high pressure fire system extension will cost \$600,000.

BOYS ARE ANXIOUS.

The call for boys to work on farms during their summer holidays is meeting with a wonderful response, and the greatest interest is being taken in the scheme by pupils of the public schools. The appeal was only made to the high schools and none at all to the public schools, but already the boys have requested "on their own" that they take part. From Bolton Avenue School eighteen boys have volunteered that they wish to go and a good number also from Alexander Muir School.

ARRESTED JUST IN TIME.

Yesterday, in the juvenile court, William Stainton was sentenced to one year in prison and fined \$100 for conspiring with and assisting Gertrude Vaughan to desert her husband and seven children. Mrs. Vaughan was also sentenced for one year. The couple were arrested Wednesday night in a Church street house, while preparing to go to Saskatchewan as man and wife.

RABBI WAS FINED.

Charged with illegally conducting a marriage ceremony between Edith Schwartz and Frank Herchevitz, while knowing the woman to have a husband living and not legally divorced, Maurice Kaplan, a Jewish rabbi, was fined \$20 in costs in the police court yesterday.

Competition in business has made real estate valuable. Reading the Toronto World saves much money to the busy man.

TWENTY-FOUR ARE NAMED IN LISTS

Latest Ottawa Reports State Four Toronto Men Have Been Killed.

Of the 24 soldiers known or related to Toronto people who are mentioned in the latest casualty list, four have been killed in action, five have died of wounds or illness, six (previously reported missing) are presumed to be dead, two are missing, six are wounded, and one is suffering gas poisoning.

Pte. Fred Foster, killed in action, lived at 75 Pape avenue. He was one of nine men who left that address, killed, has a sister, Mrs. A. Davis, seven years ago and was 23 years old. He had been with the Kemp Manufacturing Co.

Pte. Warren Liscomb, reported killed in action Oct. 23, lived at 23 Lansdowne street, East Toronto. He was 21 years old and a native of Toronto. He was a stonemason by trade. Pte. Norman E. Martin, reported killed, has a sister, Mrs. A. Davis, living in Sixth street, New Toronto. He was with the Australians.

Pte. C. M. Moore, reported killed in action, has relatives living at 653 Jane street, West Toronto. He was 24 years old and a native of Toronto. Pte. Norman E. Martin, reported killed, has a sister, Mrs. A. Davis, living in Sixth street, New Toronto. He was with the Australians.

Pte. Victor J. Ester, presumed dead, relatives live in Exhibition Camp. His father is Principal Chester Ferrier, at Victoria Industrial School, at Mimico. He was 23 years old and an undergraduate of the University of Toronto.

Presumed Dead. Pte. Moses Whitehead, presumed dead, was 22 years old and had been employed by the Consumers' Gas Company. Pte. H. B. Beaton, presumed dead, was 19 years old, unmarried and worked at Rawlinson's Cartage warehouse.

Pte. R. J. Allen, reported missing, lived at 598 Delaware avenue. He is an Englishman who has been in Canada for four years. Corp. Pete Swann, reported wounded, lived at 365 Manning avenue. He is 22 years old and had been in the employ of Pilkington Bros., Ltd., plate glass manufacturers.

Pte. S. H. Smith, wounded in the leg, lived at 111 Rhoads avenue. He is a shoemaker by trade. Pte. C. Annis, reported wounded, was born in Ontario and his relatives live, but enlisted in Toronto. He is 18 years old.

Pte. A. Martin, reported wounded, lived at 261 Church street. He is an Englishman and had worked at a cartier. Pte. George Manning, wounded by gunshot in the leg, lived at 31 Ragan avenue, Wychwood, and is 23 years old. He worked for the Steel and Radiator Company, King street west. He is a native of the Isle of Wight.

Sapper Chas. Madill, in hospital suffering from gas poisoning, was seriously wounded in the right leg. LEUT. BOB DIBBLE HAS RECOVERED FROM WOUNDS. Lieut. "Bob" Dibble, champion carman of Canada and the United States, who was recently injured by a shell fragment, is out of the hospital and probably will be back in the trenches again. In a letter he says: "I was going on duty about noon, and after coming up out of a dugout and getting clear, I looked up and saw a big shell (one of the flying pigs or rum jars) coming straight at me. I ducked back into the dugout, but the shell dugout and blew it on me, killing the guard that was on duty at the entrance. I was dead to the world for 35 minutes—some knockout—and by the time I came to they had me dug out and on the way to the dressing station."

The city has consented to an appeal from arbitration on the part of the Metropolitan Railway, and that must be made to the appellate division of the supreme court of Ontario.

Freckle-Face

Now is the Time to Get Rid of Those Ugly Spots.

Do you know how easy it is to remove those ugly spots so that no one will call you freckle-face? Simply get an ounce of othine, double strength, from your druggist and a few applications should show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and the heat of March have a strong tendency to bring out freckles, and as a result more othine is sold in this month. Be sure to ask for the double strength othine, as this is sold under guarantee of money back if it fails to remove the freckles.

TAMBLYN SAVES YOU MONEY

This fact—"Tamblyn Saves You Money"—is the biggest outstanding reality in the Drug business in this city. Day by day, week by week, month by month, this great truth is demonstrated—and never more than right now, in this notoriously high-price era. Our March Sale is now in full swing—giving us bigger business than ever—saving more money for you than ever. The most confirmed doubter will be convinced by these bargains.

Bargains for Friday and Saturday

The Toronto World

FOUNDED 1886. A morning newspaper published every day in the year by The World Newspaper Company of Toronto Limited.

WORLD BUILDING, TORONTO. NO. 46 WEST RICHMOND STREET. Telephone Calls: Main 2200-Private Exchange connections at 25 cents.

FRIDAY MORNING, MARCH 23.

There Must Be Reprisals.

Moderate and temperately minded men are reaching a state of indignation over the latest German outrages of which they could scarcely have believed themselves capable.

There is no law, international or otherwise, no code of standard of decency which these savages have not outraged and defiled.

There is a growing feeling that some similar discipline must be meted out to the Prussians. There need be no savagery and no real hardship, but a clear and emphatic mark of international judgment set upon the Prussian people.

A Grave Problem.

Many efforts have been made to deal with the grave question of disease arising from the actual vice, and, strangely enough, such attempts are usually checked by the governing authorities.

WINS SUIT AGAINST T.S.R.

Mrs. Lucy Ovienden was awarded \$350 in her suit for \$500 damages by a jury in Judge Denton's court yesterday.

nothing than to face the terrible facts. But sooner or later they must be faced. If the people are neither educated nor protected there is bound to be a bitter awakening and it may come sooner than is expected.

How the Money Goes Two Ways.

Scarcely a year passes without some legislation involving large expenditures of public money not in the public interest and not demanded or desired by the people.

Ordinarily the money goes two ways. The promoter divides a lump sum between the two political parties. Sometimes it is on a 55-45, sometimes on a 60-40, and once in a while on a 50-50 basis.

There is a growing feeling that some similar discipline must be meted out to the Prussians. There need be no savagery and no real hardship, but a clear and emphatic mark of international judgment set upon the Prussian people.

der way in the east and around Scarborough. They could not state when they would be running their plant again.

J. Price of the Price Brick Co. states that owing to the scarcity of coal their plant has been closed down for the past three weeks, but expects to start again in a few days.

Mr. Allen of the Toronto Press Brick Co. states that their several plants in Toronto and vicinity have been closed down for some little time, due in a great measure to the high cost of coal and difficulty in getting it.

Mr. Pears of the Davisville and Eglinton Press Brick Co. says that conditions already show some improvement over a year ago, and operations have become even brisk.

Mr. Bowman of the Don Valley Brick Co. believes if the truth is known that the majority of the brick plants in Toronto are closed down.

The Russell Brick Co. state that they have been practically shut down for some time, due principally to the high cost of coal and the length of time it takes to get it.

One suggestion they made, that when a widow remarries her allowance should revert to her children, was considered of some value by the committee.

Amusements Needed. In connection with the accommodation for the different homes, Sergt. Major Whittley stated that the institution at which was an excellent place for health, but that there was little or no amusement.

By employment construction \$300,000 was spent according to W. P. Goring in the province in the accounts of men were paid \$12.20.

SUGGESTS HANGING FOR THE KAISER

Empire Club is Given Analysis of His Character by Great Criminal Lawyer.

That hanging only is a just punishment for the German Kaiser was the declaration of E. F. Johnston, former president of the Ontario Bar Association, in an address on "A Study of the Kaiser," following a luncheon by the Empire Club of Canada, in the St. Charles Hotel, yesterday noon.

"It doesn't matter whether he is insane or not," said Mr. Johnston, "he is a madman, a monster, a demon who is dangerous to the civilized world. There is no punishment fit for him save death. The only proper place for the Kaiser is the gallows."

The speaker stated that in some respects in the early stages of the war, the German Emperor was dragged into the war, and that the crown prince, "who possesses all the virtues of the Hohenzollern dynasty, and none its vices," was much to be commended. This, however, added Mr. Johnston, did not justify the Kaiser's actions throughout the hostilities.

He attributed to the Kaiser's character two parallel lines, one the emotional, which made the emperor a lover of art, music and children, and the other the barbaric, which made him an egotistical, ambitious, blood-lustful, insane man. He said the Kaiser was explosive, lost control of himself easily and had the dangerous idea that he and the Almighty were in partnership for the glorification of himself and God.

He showed the reasons why the Kaiser had almost unlimited power and was opposed to democracy. Mr. Johnston analyzed democracy as the spirit of a people rather than an institution or government. He said the emperor, as King of Prussia, controlled votes, may declare war, may not consult his advisers, and may employ and dismiss the German imperial chancellor, "who possesses more power than any other man in the world," and has practically unlimited authority in all matters pertaining to the empire.

At one time, said Mr. Johnston, the German executive did a great deal for the interests of peace, but did so only as a man who had certain admirable qualities under certain conditions. The confederation of the German northern states was accomplished by the sword, and the confederation of Canada was achieved thru the wisdom of its statesmen on the same date, July 1, 1867.

A.O.U.W. GRAND LODGE ELECTS ITS OFFICERS

Winds Up Annual Convention Which Will Hereafter Be Held Biennially.

The annual convention of the Grand Lodge, A. O. U. W., of Ontario was concluded in Victoria Hall yesterday afternoon, when the following officers were elected for the years 1917-1918: W. C. Mikel, past G.M.W., Belleville; J. Lockie Wilson, grand master, Toronto; E. F. Drake, grand foreman, Ottawa; James Robertson, grand overseer, Toronto; F. G. Inwood, grand recorder, Toronto; A. G. F. Lawrence, grand solicitor, Toronto; Henry Fisher, grand guide, Concord; H. E. Wells, G. I. Watchman, Dresden; W. J. Fairbairn, G.O. Watchman, Ottawa; J. M. Cotton, M.D., grand medical examiner, Toronto. Executive board: J. B. Nixon, Toronto; C. E. Cameron, Ingersoll; Robert G. Graham, Gananoque; T. A. Hastings, Toronto; and Judge D. F. MacWatt, Sarnia.

DR. ZIELINSKI DIES.

The death occurred suddenly of Dr. Jacob Zielinski, a prominent Toronto physician, on Wednesday at the home of his niece, Mrs. C. Whitney, 120 Brunswick avenue. He was born in Germany eighty years ago, and after securing his degree came to this country in 1855. He practiced in Maple and Kleinburg, Ontario, and about twenty-nine years ago he came to Toronto. He was a member of the Zeta Masonic Lodge and attended the Lutheran Church.

MAY PRUNE ESTIMATES.

At the request of the city treasurer the finance committee of the board of education will meet on Monday next with the chairmen of the various committees to see if it will be possible in any way to reduce the estimates of the board. Trustee C. A. B. Brown stated that the board has curtailed its estimates in every possible manner, and refused to say if any further cuts will be the order of the day. "It will require the efforts of everyone," he said, "if any saving is to be effected."

CHARGED WITH THEFT.

Judge Coatsworth and a jury will resume hearing the case of Harry Wolfe, a former wagon salesman of Gunn's Co., Limited, who is charged with theft of \$208.50 in goods from his employers. Documentary evidence promises to consume much of the time of the trial. Wolfe has pleaded not guilty.

Y.M.C.A. MAN BECOMES AVIATOR.

Stanley A. Grant of the head office staff of the Merchants' Bank, Toronto, has left for England to receive a commission in the royal naval air service. He was formerly a member of the Central Y.M.C.A. Leaders Corps.

SANFORD PHILLIPS WANTED.

Sanford Phillips, formerly a trainman of Rochester, N. Y., is being sought by Staff Inspector Gregory, of the morality department, in response to a request from relatives of the man over the border. Phillips is wanted for business reasons, and any information that will lead to his whereabouts will be appreciated.

FIRE SALE

A SALE

That Has Taken the City by Storm

Gigantic Disposal of High-grade New and Seasonable Merchandise

Crowds! Crowds! Crowds! All day long the store has been crowded with throngs of eager buyers. Because this is really and truly the greatest sale this city has ever seen. Greatest in quantity! Greatest in qualities! Greatest in values! Unlike other sales, it is not the means of unloading on the public a long accumulation of old and undesirable goods. But it is a positive clearance of New and Seasonable Merchandise that has not been touched by the fire, smoke, or water. Goods that were intended for our early spring trade. Day by day we are bringing these new lines up from our storerooms and placing them on sale. All our losses have been fully covered by insurance, so it is simply a matter now of disposing of this big stock to enable us to go on with our alterations and extensions to the present premises. Those who have been here can tell you what a really great sale this is.

It is the Biggest Selling Event that Has Ever Taken Place in Toronto

All in a Big Offering for Today

- LADIES' COATS**
Ladies' Coats in Hudson Seal, plain and sable trimmed, Persian lamb, plain and sable trimmed. Russian Pony Coats, Russian Marmot Coats.

TRENTY HIGHER NEW RAY ALSO UP

Mining Market Continued Inactive—Tone Slightly Improved.

The business which has been the prominent characteristic in the mining market for some time past was again the ascendancy, altho in spots there were signs of an awakening from this slumber state. The market, the inactive developed a more substantial advance power at the present prices of stocks where formerly recessions were frequent only in bringing in new buyers.

The heavy short interest which has been reported from time to time is believed to exist owing to the fact that shorts have not been given opportunity to cover their positions. However, the depression regarding the possibility of a strike in the mining has pretty well worn away the things is liable to cause a change for the better, which movement would unquestionably be augmented by the scramble of the short interest, the very gratifying feature of the market is the entire absence of pressure.

On the whole, the gold list was steady yesterday, while the rapid decline in the price of silver has apparently discouraged the bulls, and turned toward the silver group. Not very long ago, however, 70-cent silver was an almost undreamed of price, but the advance close to 80 cents has obliterated the memory of this period.

In the gold stocks Newray was a feature of strength, advancing two points to a new high for two months at \$1.80. McIntyre was also stronger, making an upward move to \$1.87. Mack-Hughes recovered some of its decline, opening at 71 and gaining 2 points. Vipond held steady at 44 1/2. Pure Crown went up to \$1.44. G. F. R. went up to 30. Hollinger remained quiet and unchanged at \$6.25. West Dome was active around 23 1/2.

There was but little change in the cobalt list. Hargraves decreased in activity, but was steady in price at 20 1/2. Great Northern was fractionally improved at 15 1/2. Beaver, on the other hand, receded to 41. A new low since January 1917 was reached, which was a low for some time, but later lost the gain and closed at 12 to 12 1/2. M. Peterson rose to 20 1/2. La Rose at 14. McKinley eased off to 5 1/2.

SOME REALIZING IN SPECIALTIES

Toronto Stock Market Quiet and Prices Sag on Only Moderate Selling.

Realizing presented itself in the Toronto stock market yesterday and the speculative specialties succumbed to the pressure. Great Canadian lost two points. Steamships a point and Macle Lake a smaller amount. Dominion Steel was slightly influenced. The weak side of the market when made support is withdrawn was again exhibited in Brazilian, which again sold down two 1/2 on heavy light business. Public operations in the market were small, and had it not been for Montreal port dealings in specialties the volume of business would have been unusually light. C.P.R. made a demonstration on Wall Street with a four point rise, which was attributed to a run in the market. The local market is wanting in vim, and unless New York supplies a bias of new energy prices will be hard to maintain.

GROWING ACTIVITY IN BOSTON CREEK

Several Properties Now Working and Further Expansion Expected.

Nothing perhaps could be more significant of the growing faith by competent mining men in Boston Creek properties than the fact of their very visible and increasing interest in various properties in that district, says T. Cobalt Nugget. A short time ago the Crown Reserve took a working option on the O'Donnell properties and on Saturday, Donald, Boston-Hollinger, Miller Independence, McKinnon-Ogilvie, McCrea, Gold Leaf, Hill Gold Mines and Co. property. A considerable extension may, however, be reasonably expected after the surface disappears in the spring and survey exploration is again resumed.

NICKEL PRICES RAISED.

New York, March 22.—Prices of nickel have been raised by International Nickel Co. from 55c to an average in excess of 60 cents. This advance applies to the trade, which is not under contract.

LAST OPPORTUNITY TO GET WAR LOANS

Brokers Look For Rush of Small Investors to Take Bonds.

In the closing days of the Canadian war loan the small investors are placing their subscriptions in greater number. Many, it has been learned, have refrained from subscribing heretofore on account of their lack of knowledge concerning a form of investment, regarding which they have had no actual experience.

This reason, however, should not hold anyone back from entering this splendid field of investment when it is also serving a patriotic purpose. The local brokers are only too glad to explain the technical points of the bonds and give all the information that may be required. It is expected that the brokers' offices will be overwhelmed by a rush of last-minute investors, and adequate preparations have been made to take care of this final day's business.

It was announced yesterday that the Waterloo County Loan and Savings Company have increased their subscription from \$50,000 to \$125,000. The National Trust Company have subscribed for \$1,500,000. The National Trust Company have announced their subscription to be \$1,000,000, which brings the total subscription of this company in the three war loans up to \$2,100,000.

The Victoria Loan and Savings Company have increased their subscription from \$50,000 to \$125,000. The National Trust Company have announced their subscription to be \$1,000,000, which brings the total subscription of this company in the three war loans up to \$2,100,000.

The result of the American subscriptions to the Canadian war loan, according to Ottawa, will equalize the exchange between New York and this country, which for the past several weeks has been unfavorable to Canada, the rate being at a premium of one cent for three quarters of one cent. This has meant considerable loss to Canadian houses buying American securities in the United States, and the minister of finance had in mind the equalizing of the exchange when he made the new war loan payable in both Canada and New York. It will likely be about a month before the exchange becomes equal as only ten per cent is demanded subscription of \$500,000, was received from the States yesterday, along with numerous smaller ones.

It is believed in Montreal that the loan may be over-subscribed to the same extent as the last one, bringing the total amount up to \$500,000,000. Conservative financiers believe the \$150,000,000 will be subscribed without taking into account the subscriptions of the other banks, the last day for subscribing to the loan, and all those who can still subscribe, no matter how small the amount, should take advantage of the opportunity of getting the goods.

NATIONAL TRUST CO. SUBSCRIPTION LARGE

Double Subscription to Loan—Success of Loan Assured.

Many large subscriptions to the third Canadian war loan are being received in the closing days. One of the largest just received is that of the National Trust Company for \$1,500,000, which is more than double the subscription made by them to the last war loan. The Manufacturers' Life comes a close second with \$1,000,000, which brings their total subscriptions up to \$2,122,000. Mr. E. B. Ryckman has subscribed \$100,000 and Mrs. E. B. Ryckman \$50,000. Subscriptions from Montreal announced yesterday included J. K. L. Ross, \$50,000; W. G. Ross, \$50,000; Jean Malchets, \$25,000, and the increase of the Montreal City and District Savings Bank subscription to \$1,500,000.

Local subscriptions received yesterday included J. P. Tomenson & Co. to \$50,000 and J. P. Tomenson personally subscribed another \$50,000. It is generally expected that the loan will be heavily oversubscribed, and confident prophecies to this effect are being made in banking circles.

PROMISING VEINS AT HARGRAVES

Cobalt, March 22.—The Hargraves is making rapid progress in development work on the vein recently discovered on the 375-foot level. The vein runs from four to six inches wide and averages 2000 ounces in silver to the ton in the stope above the winze at that depth. In the upside above the winze the values are higher and the lead is the strongest discovered since the present management took over control. Sacking of high-grade ore is being continued daily, and it is stated that at the present time there are approximately 85 bags ready for shipment, of which 17 bags will average 4000 ounces of silver to the ton, while the whole will run 2000 ounces.

SANGUINE REPORTS STRENGTHEN WHEAT

Chicago Prices Advance on News of More Ships Coming.

Chicago, March 22.—Assertions that a large fleet of merchant ships from Holland and elsewhere was on the way to the American seaboard helped today to lift wheat prices. The close was strong, 1 to 2 1/2c net higher, with May at \$1.58 1/2 to \$1.59 1/2 and July at \$1.77 1/2. Corn advanced 1/4 to 1/2c, oats 1/4 to 1/2c and provisions 1/2 to 3/4c. Notwithstanding that the wheat market averaged higher and made a robust finish, quotations during the day showed considerable irregularity, with the bulls scoring easily on advance, but inclined to give support on any setback. The outlook seems to be one of a pessimistic character, and according to authorities, the outlook in ten of the largest producing counties in western and central Kansas was extremely bad. The outlook for buyers, however, is not so gloomy. It is expected that fresh advances in corn resulted largely from bullish estimates of the yield in Argentina. One expert said the total crop was so small that they would be no credit available there for shipment to other countries.

Corn hardened with corn and wheat. Receipts were light. Provisions rallied owing to the strength of grain.

MANY STOCKS FALL ON LIGHT TRADING

U. S. Steel Continues to Hold Market Place as Leader.

New York, March 22.—Dealings today were fairly brisk, but individual offerings were in lighter volume, except in the more popular issues. U. S. Steel held its accustomed place as leader, fluctuating on an enormous turnover between 115 1/4 and 116 1/4, a net loss of 1/4 of a point. Bethlehem Steels yielded no small part of their recent gains, the old shares falling 7/8 to 115 1/4, and the new 3/4 to 114 1/2, with 1 to almost 3 points in allied industrials.

Discharged Canadian Soldiers In Distress in Motherland

Canadian Associated Press Cable. London, March 22.—In the common today T. Wilson asked the colonial secretary were there 20,000 dependents of Canadian soldiers here who were anxious to return to Canada and could not get passports. Steel Maitland, under-secretary, replied that he believed some had been unable to return owing to restrictions which, under existing maritime conditions, it was necessary to impose on the travelling of women and children. Responsibility must rest with the naval authorities.

PASTOR 'BECOMES AGENT.

Special to The Toronto World. Lakeland, March 22.—Rev. T. J. Robinson has tendered his resignation as pastor of Lakeland Presbyterian Church and goes to Vancouver, B.C., where he will become provincial manager for the London Life Insurance Company. He will continue his pulp work on Sundays while he is in the west.

WILLIAM RODDICK DEAD.

Special to The Toronto World. Brantford, March 22.—The death took place this morning of William Roddick, a well-known resident of Brantford and warden of Brant County, taking a deep interest in the horse of race here. Born in Scotland, he resided at Brockville, but in later years was one of the county's most successful farmers.

WILL TRAIN AT BROCKVILLE.

Special to The Toronto World. Brantford, March 22.—Drafts for forestry work overseas are coming here in large numbers from all parts of the Dominion and it is expected that for the next three months Brockville will be made a base for the training of this class of recruits, with Major Howard in charge. Accommodation has been provided for the handling of upwards of 300 men, but has taken \$30,000.
