ANOTHER TEST FOR COALITION

Die Hard Motion Tonight in Commons.

Amendment to be Offered—Government Will Treat the Matter Seriously and the Result is Regarded as Certain.

(Canadian Press Cable.)

London, April 5.—A motion attacking the coalition, to be presented in the House of Commons tonight by Sir William Joynson-Hicks, Unionist, has attracted considerable attention in political and newspaper circles, but it is not considered likely to cause serious trouble for the government.

The motion is, however, a clear indication of the continuing hostile attitude of a considerable section of the Conservatives toward the coalition, notwithstanding the big parliamentary majority by which the government's policy toward the Genoa conference was endorsed on Monday. The government has decided to treat the motion seriously, and the whips are seeking to insure a full attendance of the government supporters.

It is not certain whether or not a division will be taken, it being thought most probable that the motion will be talked out. Even if there is a vote, it is believed the "die hards" will be unable to muster any greater strength than on former occasions.

The Coalition Unionists have given notice of an amendment to the Joynson-Hicks motion.

The original reads: "In the opinion of this house, lack of definite and coherent principle in the policy of the present coalition government can only be remedied by the establishment of a ministry composed of men united by unity of political principles."

The amendment would change the words after "coalition government" to: "is a myth, engendered by misunderstanding and misrepresentation." It will urge the co-operation of all members for the common good.

NEW TAXES ON GERMAN PEOPLE

Compulsory Loan, Business Impost, Increased Duty on Coal.

Berlin, April 5.—The Reichstag yesterday finally passed the government's new taxation measures, including the compulsory loan. The German Nationalists, Independent Socialists and Communists voted against the measure.

Chancellor Wirth on January 26 announced the government's taxation proposals. He said these comprised a compulsory loan of one billion gold marks, bearing interest only after three years, interest to cover the budget expenditure for 1922; abandonment of the tax on post-war profits; a two per cent. business tax and an increase in the duty on coal to forty per cent. The duty on sugar was to be made fifty marks per 100 kilograms.

IN TROUBLE IN THE OLD COUNTRY

Man Said to Have Held High Rank in Canadian Forces in War.

London, April 5.—(Canadian Press)—Charles William Moore, forty-eight, who is said to have held high rank in the Canadian forces during the war, was indicted at the London sessions yesterday in connection with a theft at the London University. He was bound over in view of his army record, on condition that he be returned to Canada.

D. H. ROSS.

SAYS DECREASE IN LIQUOR USE IN THE U. S. VERY LARGE

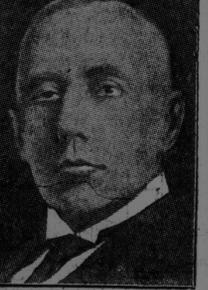

Newark, N. J., April 4.—The consumption of liquor in the United States has decreased 2,054,579,077 gallons since 1917, said Rev. James K. Shields at the Methodist conference here today. "And then," he added, "they say that prohibition does not prohibit."

SIR JOHN AND LADY KIRK

Whose devotion to the cause of crippled children is so well known, celebrated recently their golden wedding. Sir John is 75 years of age and Lady Kirk is more than seventy.

CAPT. ROALD AMUNDSEN

Famous Arctic explorer who has arrived at New York from Norway, en route for Seattle where he will sail for the North Pole in June. He is carrying a powerful wireless apparatus with him and hopes to keep in constant touch with the rest of the world, when ice bounds in the frozen north. He is taking provisions for a seven years' trip.

LIMIT POWERS OF GENOA CONFEREES

French Decision that Government Have Last Word.

Paris, April 5.—A cabinet meeting yesterday discussed the Genoa conference in all its aspects. It is understood that it was decided that the French delegation should have no power to enter upon any undertaking until after it had been referred to Premier Poincare and the French government. It was also the opinion of the decisions reached at the conference should have the character of recommendations to the governments, and should not be regarded as solutions definitely binding the powers participating in the conference.

Berlin, April 5.—Karl Radek, Russian Soviet representative, discussing the forthcoming economic conference, said "Genoa will be a meringue." He was unable to see how any positive good could issue from what he termed a gathering in which 2,000 people are falling over each other. He believed that discussion of debts was futile so long as there was no money on hand to pay them.

Radek denied that Russian foreign minister Chicherin and the German government were in joint agreement on specific proposals to be represented at Genoa, or that they intended to pool their interests there.

Tokyo, April 5.—The appointment of Baron Hayashi, ambassador to Great Britain; Viscount Ishii, ambassador to France; and Kogo Mori, financial commissioner in London, as the Japanese delegates to the Genoa conference has been officially confirmed. Baron Hayashi will head the delegation.

SEALED ABOUT 90,000

North Sydney, N. S., April 5.—News received here from the Newfoundland sealing fleet indicates that the season is about over, with a catch of more than 90,000 pelts, a fairly good season.

Chicago Grain Market. Chicago, April 5.—Opening: Wheat, May, 1.32 1/4; July, 1.19 1/4. Corn, May, 58 1/4; July, 61 5/8. Oats, May, 36 5/8; July, 39.

As Hiram Sees It

"I'm goin' in to Primer Foster," said Mr. Hiram Hornbush, 86, Times reporter, as he told him how he kin make use o' some o' that there Musquash power. The folks up along the Valley Railroad has been hollerin' fer a train service that 'ud make 'em think once in a while they was on the map—an' they haint never got it. What I want Primer Foster to do is to start a little electric railroad of his own, an' give the people up that way a run fer their money. It orto be easy enough to do it. I aint no electrician, but there orto be somebody could tell how the thing could be done. I guess the'd be no danger o' collisions with the steam cars. It's so long between trains on that road that a feller could plant a row o' potatoes while he was waitin'. Yes—er—I'm fer a real car service on that road—an' if Musquash kin help they orto go to it.—By Hen!"

NEW RUMORS IN THE SMALL CASE

One is of Large Box Sunk in Bay; Another of Visitor to Private Office After Disappearance.

Toronto, April 5.—A local paper says it was reported yesterday that police activity in the Small case may take the line of an inquiry into a story that a box large enough to contain a body is sunk in the bay just outside one of the harbor gates. Dragging operations may be commenced.

That there was another visitor to the private office of Small after his disappearance, one of whom employees of the theatre did not know was brought to light yesterday. James Cowan, manager of the theatre, said that a letter addressed to Mr. Small, left in the downstairs box office by Mrs. Small, was taken upstairs by himself and placed with other letters on the desk in Small's private office. When last bundle of mail was gone over later, that letter was missing.

The theory that Small met with foul play in the anthracite strike, has been largely discounted by his friends of late. It is pointed out that even before the theatre searched the building, employees did so and not the slightest clue was found. Employees say that any suggestion that Mr. Small's remains were cremated in the furnace is a physical impossibility, on account of the size of the furnace door and the slow fire used, and the fact that it would have been impossible to hide evidence of such a crime.

MEDIATION OF LLOYD GEORGE IS EFFECTIVE

London, April 5.—The employers' lockout of forty-seven engineering unions in the anthracite strike, has been largely discontinued by the mediation of Premier Lloyd George. The amalgamated engineers' union, which was to arrive on Monday, has been suspended pending negotiations between the employers and the union. This new turn in events is said to be largely due to the mediation of Premier Lloyd George. The amalgamated engineers' union has agreed to negotiate on the basis accepted by the other unions and will fight on alone.

WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries, R. P. Stupart, Director of meteorological service.

Synopsis—Pressure is high from the Great Lakes to the Gulf of St. Lawrence and low to the westward of the Mississippi Valley. Moderate temperature prevail over the dominion and local showers have occurred in the western provinces, eastern Ontario and the maritime provinces.

Fair. Maritime.—Moderate fresh northerly winds, fair today and on Thursday, not much in temperature. Gulf and North Shore.—Moderate winds, fair and comparatively cool today and on Thursday.

New England.—Cloudy tonight; Thursday, unsettled; little change in temperature, fresh northwest to east winds.

Toronto, April 5.—Temperatures: Highest during 24 hours: 8 a.m. yesterday night: Prince Rupert 86 36 Victoria 40 42 Kamloops 34 34 Calgary 26 36 Edmonton 22 22 Prince Albert 36 36 Winnipeg 42 42 White River 42 22 Sault Ste. Marie 36 34 Toronto 38 36 Kingston 36 34 Ottawa 36 40 Montreal 38 32 Quebec 34 32 St. John, N. B. 36 32 Halifax 32 30 St. Johns, Nfld. 32 30 Detroit 36 34 New York 42 38

Britain Holds Right To Collect War Debt Interest From Allies

Sends Out Notice in View of Her Having to Pay Interest to United States—Statement of French Attitude.

(Canadian Press Cable.)

London, April 5.—The British government has addressed a note to the Allies declaring that, owing to the fact that Great Britain has to pay the interest on her debt to the United States, she reserves to herself the right to call upon the Allies in turn to pay the interest on their war debts to Great Britain.

In this connection it is pointed out that Great Britain is now fully prepared to pay interest due to the U. S.

Paris, April 5.—The French reply to the British note concerning payment of interest on war loans by England is likely to be that the question is bound up with that of the inter-allied debts, which must be dealt with as a whole, says the Echo de Paris, quoting a well informed source. Piecemeal payments would only hamper the settlement, so the reply will say.

The British communication notified France that the three year convention expiring at an early date would not be renewed.

The understanding in French official circles has been that the whole question of the inter-allied debts will come up soon on the initiative of Great Britain as the result of the U. S. funding bill requiring the payment of interest on the debts of the allies to the U. S. As all of these operations are linked together, it is held in French circles that a settlement between any two countries requires a general adjustment.

UNION LEADER IN NEW YORK TODAY

Say Lewis Will Try to Speed Negotiations.

Differences in Statements as to Work in Non-Union Districts—Meeting Called in Cleveland in Hope of Settlement.

(Canadian Press.)

New York, April 5.—Headquarters of the coal strike will be transferred to New York today upon the expected arrival of President Lewis of the U. M. W. of America. Union leaders predicted that Mr. Lewis would use every effort to speed up the anthracite wage negotiations.

International and district members of the anthracite general policy committee, forty strong, have begun to arrive in response to a call issued by Thomas Kennedy, president of the committee. They, with Mr. Lewis, will discuss emergency which have arisen since the strike was called on last Saturday, so it was announced at union headquarters.

One of the chief problems confronting the committee, it was said, was whether it would accept the alleged offers of several small independent companies to comply with the miners' nineteen demands if the men would return to work. Members of the committee yesterday expressed doubt that such offers could be accepted because they would necessitate negotiation of separate contracts, a policy which they said was heretofore disapproved by the international organization.

Mr. Lewis also is expected to aid the committee in devising plans for enforcing the strike in semi-unionized districts, where, according to unverified reports, received yesterday, production has continued since the suspension order became effective. Detailed reports of the status of the suspension in the anthracite fields probably will begin to arrive today, the union men said.

Philip Murray, vice-president of the mine workers' international, predicted that Mr. Lewis, coming fresh from his experiences before the house labor committee's investigation, would inject new vigor into the wage negotiations here. He probably will assume command of the general policy committee.

Charleston, W. Va., April 5.—Conflicting statements again characterized the strike standing in the coal regions here today, operators saying that non-union mines were operating at normal capacity while union leaders maintained that many of these were closed and that the ranks of the strikers were being steadily swelled.

Cleveland, April 5.—Pittsburg mine operators of the central competitive coal fields have been called to meet here today or tomorrow morning to consider the suggestion of Chairman Nolan of the house committee for a meeting of coal operators and miners in Washington, April 10.

Toronto, April 5.—Temperatures: Highest during 24 hours: 8 a.m. yesterday night: Prince Rupert 86 36 Victoria 40 42 Kamloops 34 34 Calgary 26 36 Edmonton 22 22 Prince Albert 36 36 Winnipeg 42 42 White River 42 22 Sault Ste. Marie 36 34 Toronto 38 36 Kingston 36 34 Ottawa 36 40 Montreal 38 32 Quebec 34 32 St. John, N. B. 36 32 Halifax 32 30 St. Johns, Nfld. 32 30 Detroit 36 34 New York 42 38

MEIGHEN TAKES UP REDISTRIBUTION

Asks Government if Bill is to be Brought in.

Second Reading at Ottawa for Measure to Amalgamate Departments of Defence—Explanation Given by Hon. Mr. Graham.

(Canadian Press)

Ottawa, April 5.—Today in the House of Commons is private members day at the present stage of the session. If private member business is exhausted the government will move into committee of supply on civil government estimates.

Hon. Arthur Meighen proposes to ask the government whether they intend to bring in a redistribution bill this session.

The Senate will sit at 3 p. m. The Defence Bill.

Yesterday in the House of Commons a bill providing for the amalgamation of the militia department, the department of the naval service, the Royal Canadian Mounted Police and the air board into one department to be known as the department of national defence was given a second reading.

Hon. Geo. Graham, minister of militia and defence, said the object of the proposed legislation was to increase efficiency and promote economy. It was hoped, said Graham, that the amalgamation would make unnecessary the services of a large number of temporary employees. The permanent staff would probably be able to carry on the work after the amalgamation. A saving of from \$700,000 to \$1,000,000 per annum would be effected.

Mr. Graham said what he desired to accomplish was that Canada should have a concrete, snappy, defence force that would be a credit to the country without being too expensive. He paid a tribute to General Burstall, General Gwatkin and to Commissioner Perry. One difficulty following on the amalgamation was that of placing some of the high officials on the work after the amalgamation. He would try to see that the amalgamation entailed no injustice to any of these officials who had given so many years to the service of their country.

Post office department civil government estimates amounting to \$1,208,569 carried, also \$440,020 for the department of trade and commerce, \$161,832 for the secretary of state, and \$79,880 for the public archives, all for civil government.

By a vote of 84 to 12, the standing committee of agriculture and colonization decided to go back to parliament, asking for wider powers under the reference giving it power to deal with alternate plans of wheat marketing rather than being confined only to investigation of the compulsory pool system of wheat marketing under a reconstituted Canada wheat board. At the same time the committee decide to ask that the government submit to the supreme court a stated case asking for a speedy decision as to whether parliament had the legal power to reconstitute such a board.

KING SENDS A CHEERING MESSAGE

Writes London Meeting of Chambers of Commerce.

Coal Trade Put on Economic Basis and Much of Export Trade Regained—A Milk Famine Because of Price Reduction.

(Canadian Press.)

London, April 5.—"I am strong in my faith that the patience and energy of the people, combined with a spirit of confidence and good understanding among all classes, will overcome the distressing conditions which have prevailed during the past years."

This is the text of a message which His Majesty the King sent to the Associated Chambers of Commerce at its meeting here today.

Right Hon. Stanley Baldwin, president of the board of trade, announced that the coal trade had been put on an economic basis, and in the last few months had regained an export trade which no man thought possible a short time ago.

Milk Famine. There is a milk famine in London, and it is believed to be the result of the recent reduction in price from nine pence to five pence a quart. It is thought the farmers are holding up the supply, as they complain of the large margin between the price they receive for milk and the retail price. Sir Arthur Griffith-Boscawen, minister of agriculture, questioned in the House of Commons on the matter, admitted that the situation was serious, but he said he was unable to fix or control milk prices.

MAY END GREAT LOCK-OUT IN DANISH INDUSTRY

Copenhagen, April 5.—A compromise agreement by which the general lock-out would end, subject to the approval of a general meeting of the trade unions and employers' organizations on Friday, has been reached after negotiations lasting sixteen hours.

The compromise entails the acceptance, by the men, of the conditions offered by the employers at the beginning of the lockout on February 15.

The Danish lockout affected 150,000 men and nearly all the country's industries. The trouble began in January, when the employers attempted to cut wages twenty per cent. and lengthen the working day.

Beckley, W. Va., April 5.—Bombs were exploded in front of the houses of Blinn Chickenfeller and James Spade in the little mining village of Killyhat last night. Troopers of the state police with bloodhounds were hurried to the scene, and arrested John Fodor and Andy Honizecz, who denied all knowledge of the crime. They are being held for further investigation.

Chickenfeller and Spade are miners who continued at work for the McKel Co. after about one half the force went out in sympathy with the strike.

DONT WANT POLICE BOMBS. Italian Papers Condemn the Plan to Use Them Against Mobs.

London, April 5.—The announcement by the Rome police authorities that they are contemplating the use of bombs against riotous crowds is strongly condemned by the entire Italian press, says a Central News despatch from the Italian capital.

The authorities say that the bombs, which are a new invention, are harmless and will simply produce a temporary blinding flash, facilitating the handling of crowds. But the newspapers point out the likelihood of panics resulting from the explosions and demand milder measures, such as the use of firemen's hoses.

LINE UP FOR PAROLE BILL.

Friends of Deserving and Undeserving at Sing Sing Start Drive.

Ossining, April 5.—Heartened by the announcement from Albany that Governor Miller had granted a hearing on the so-called Westall bill, to let first offenders apply for parole from state prisons after serving twelve months, attaches and prisoners of Sing Sing began this week to try to get the bill made a law. Some prison attaches, who are anxious to help only deserving inmates, are moving to line up prison reform advocates and politicians to exert pressure on the governor to approve the bill. Relatives

PASTEURIZATION OF MILK SUPPLY

ARTICLE NO. 2

Regardless of how cleanly milk may be produced at the farm, there is always dirt to be found in it, and in addition more or less waste material from the udder in the form of dead tissue; this depending upon the amount of inflammation in the udder of the cow. And right here I may say that there are no herds producing milk but continually have cows in them whose udders are more or less inflamed; and in consequence there will be found in the milk waste tissue, blood, pus, etc.

In my former article I pointed out the fact that one grain of stable dirt had been found to carry 32 million bacteria, and as large numbers of bacteria (whether disease producers or not) act as a irritant in the intestines of the human being, and more particularly in infants, their removal or destruction is of vital importance.

I wish to point out, however, that all dirt or dirt found in milk is not insoluble, and in consequence clarification only removes that portion which does not become liquefied, and with the insoluble dirt is carried a large percentage of bacteria or germ life, together with all dead tissue, milk slime, etc. which cannot be removed by any other method than centrifugal force, which is the agency responsible for all dirt removal when mechanical clarification is resorted to.

A milk clarifier is a very simply constructed piece of machinery, having a hollow tube or bowl into which is placed an agitator or series of leaves through which the milk passes in a continuous stream under a pressure of about three tons per square inch of bowl surface, this pressure being obtained when the bowl is revolving at from 2,600 to 8,000 revolutions per minute (the revolutions depending upon the style of machine), and under this pressure the dirt, dead tissue and slime, being heavier than the milk, are forced to the side of the bowl and are there held in check while the milk passes off through a tube to the vats, all dirt particles having been removed.

This does not mean, however, that the milk is free from contagious bacteria, for as I have mentioned, the soluble dirt, which is responsible for some of the worst forms of disease producing germ life, is still in the milk, which only a proper form of pasteurization will destroy.

Clarification adds to the safety of raw milk, because along with blood, pus waste tissue and other dirt, it removes large numbers of bacteria which cause throat inflammation in adults as well as intestinal troubles in infants.

Pasteurization is the next safeguard, and will be dealt with in my next article. J. F. TILLEY.

Use the Want Ad. Way

She could eat anything —without indigestion or sleeplessness

For a time she had been troubled with gas after her evening meal. The distress was most painful after eating the potatoes or other starchy foods, of which she was very fond.

Then she started taking two cakes of Fleischmann's Yeast every night between her evening meal and bedtime. She poured about a half cup of boiling hot water over the yeast cakes, stirred them thoroughly, added a little cold water and drank.

She found she could eat anything and sleep splendidly afterward. Thousands of men and women are finding that Fleischmann's Yeast corrects stomach and intestinal troubles. It promotes the flow of bile and pancreatic juice. Appetite is always kept normal and you are protected against indigestion.

Add 2 to 3 cakes of Fleischmann's Yeast to your daily diet. You will find that your whole digestive system is greatly benefited. Be sure it's Fleischmann's Yeast—the familiar tin-foil package with the yellow label. Place a standing order with your grocer for Fleischmann's Yeast.

Home-Outfitting Our Specialty

Newlyweds and those nearly so, who are settling down to the joys of domestic life, will find our store, coupled with the efficient service always at your command, a great help in starting off right.

We are always pleased to have our prices compared with others—you are certain to come back to us with your order.

FORMER ST. JOHN MAN IN NEW COMPANY

(Financial Times).

Toronto.—Announcement is made of the formation of a new investment security house under the name of Aird, Macleod & Co., with offices at 614 McKeown Building.

Associated in the new organization are two men who have been actively engaged in investment work in this city for some years—Messrs. Hugh R. Aird and D. D. Macleod. Mr. Aird is a son of Sir John Aird, general manager of the Canadian Bank of Commerce. He has been with the National City Co. for the past three years. Mr. Macleod has for three years been manager of the local office of Nesbitt, Thomson & Co., Limited. The new firm will deal in government and municipal securities and seasoned corporation issues.

Mr. Aird is well known in hockey circles, and played on the Granites of 1921.

Mr. Macleod, of the new firm, is well known in St. John. He was a member of the staff of the head office of the Bank of New Brunswick at the time it was amalgamated with the Bank of Nova Scotia and continued in the service of the latter institution. Soon afterwards he was transferred to the head office in Toronto and later resigned to go overseas. On his return he became associated with Nesbitt, Thomson & Co., Ltd., the head of which company, Arthur Nesbitt, also is a former St. John man. Mr. Macleod's wife was a popular St. John girl, Miss Kathleen Trueman, a daughter of Mrs. A. I. and the late Judge Trueman.

BOY SCOUT PLANS.

The semi-annual meeting of the St. John district council of the Boy Scouts' Association was held last evening in the Commercial Club rooms, in Prince William street, with Dr. G. B. Post occupying the chair. The resignation of Charles Robinson, chairman of the examiners' committee, was accepted by the members of the council with regret. Hugh R. Reynolds was appointed in his stead. William McIntosh was appointed chairman of the camp committee of the council. The report of District Commissioner Guy L. Short dealt with the scout work during the last six months, as well as with the coming district display, which is being held this month, in which five troops of scouts are taking part. Arrangements were partly made last evening for the holding of a mass church parade of the scouts on St. George's Day, which is the birthday of the movement, when the scouts will march to various churches, according to their denomination. Plans were also discussed for the holding of an athletic meet for the boy scouts early this summer.

The 'Prentice Boys' fair on the west side was attended by a goodly number of well patronized and a substantial amount was realized towards the fund. After 10 o'clock dancing was enjoyed by many of the patrons of the fair. The prize winners last night were: Bagatelle, E. A. Adams; bean board, Mrs. William Gray; air gun, J. Boyle; ring toss, Alfred Knox; food gates, William Evans; door prize, Mrs. W. Davis.

MRS. ASQUITH AWAY.

New York, April 5.—Mrs. Margot Asquith sailed for England yesterday on the Mauretania, but the eager smile with which the wife of a former British premier came to America to lecture, was missing. Nor had she any farewell message to leave with reporters. She went aboard just fifteen minutes before the gang plank was pulled ashore. "We hope you are coming back," said a reporter, dashing to her side. "I wonder," was her only reply. Then she hurried to her stateroom where Princess Blücher, her daughter, and Prince Blücher were waiting, and the cabin door closed behind her.

WOMEN AID FLAPPER BAN

Will Support New Mexican Men in Making Them Old Maids

Las Vegas, N. M., April 4.—Feminine support of the recently formed Men's Mutual Matrimonial Protective Association is assured, according to the organizers of the new movement, designed to eliminate the flapper from the matrimonial race.

A statement published credited to Miss Aurelia Trujillo, newspaper woman, with "extensive influence among the younger set," says:

"When the girls learn to dress so as to show more of their ears and less of their knees, to dance with more grace and less indecent wiggles, they will be more desirable in the eyes of serious-minded men."

SUCH PAINS AS THIS WOMAN HAD

Two Months Could Not Turn in Bed. Lydia E. Pinkham's Vegetable Compound Finally Restored Health

Seattle, Washington.—"I had dragging pains first and could not stand on my feet, then I had chills and fever and such pains in my right side and a hard lump there. I could not lie up and could not sleep. I was this way for over two months, trying everything any one told me, until my sister brought me a bottle of Lydia E. Pinkham's Vegetable Compound. I took it regularly until all the hard pains had left me and I was able to be up and to do my work again. The hard lump left my side and I feel splendid in all ways. I know of many women it has helped. RICHARDSON, 4650 Orcus St., Seattle, Washington.

This is another case where Lydia E. Pinkham's Vegetable Compound brought results after "trying everything any one told me" had failed.

If you are suffering from pain, nervousness and are always tired; if you are low spirited and get for nothing, take Lydia E. Pinkham's Vegetable Compound. You may not only relieve the present distress, but prevent the development of more serious trouble.

A Practical Prescription For Sour, Acid Stomach

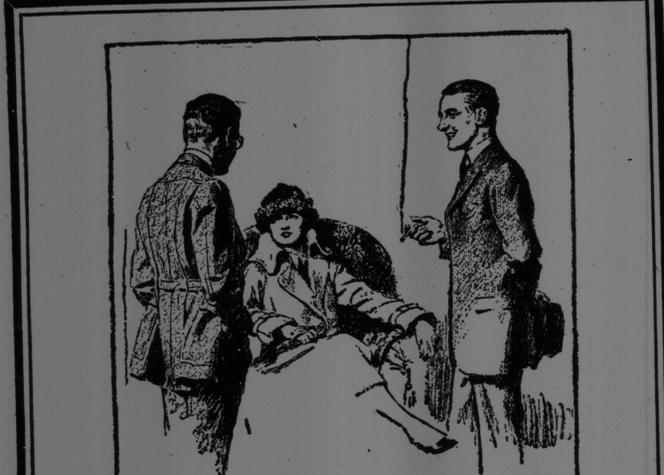

Nine-tenths of all cases of stomach trouble nowadays are caused by too much acid. In the beginning the stomach itself is not diseased, but if this acid condition is allowed to continue, the acid is very likely to eat for the stomach walls and produce gastritis with stomach ulcers. This may render a radical surgical operation necessary even before long life. Therefore, an "acid stomach" is really a dangerous condition and should be treated seriously. The excess acid or stomach hyperacidity can easily be neutralized by Bisulphated Magnesia taken in teaspoonful doses in a glass of water after each meal. Larger quantities may be used if necessary, as it is absolutely harmless. Be sure to ask your druggist for the pure Bisulphated Magnesia especially prepared for this purpose.

MORNING NEWS OVER THE WIRES

The Nova Scotia house of assembly yesterday in Halifax passed a bill providing for the reduction of the members' sessional indemnity from \$1,500 to \$1,000. The new rates will be subject to substantial reductions for non-attendance.

A. A. Mendou, of Montreal, a notary and former member of parliament for Yamaska, has assigned with direct liabilities of \$300,000 and assets of \$100,000. La Banque Nationale has filed a claim for more than \$100,000.

Hugh McFarlane, aged twenty-seven, of South West Margaree, N. S., while driving a load of hay across the Lake Annapolis got too close to the outlet into the Margaree river with the result that the wagon broke through the ice and he and the horse were drowned. He leaves a wife and three small children.

What Is Value In Clothes?

The price you pay for your suit this Spring is important. How it wears is still more important. But most important is the satisfaction of wearing it—that's largely a matter of style.

There's a wide choice in Society Brand Clothes for Spring. All good style and at 1922 prices.

Be sure the name is in the pocket

Behold New York in a "Puritan" Collar!

Fashionable New York dons the quaint little "Puritan" Collar! On Blouses, with suits and sports togs it is considered very smart.

Straight from New York comes the idea for our charming "Puritan" Blouse—or Blouse with the "Puritan" collar. In any number of unusual and stunning styles. Straight from Paris and New York come all our exclusive fashions—that is why we speak with authority.

The fact that we make these exclusive models in our own workrooms, lowers the price immeasurably—while the finish, workmanship and style is equal to the original Paris Model. It will be our pleasure to show you these new models.

getting the man, the sisters said they had merely done a civic duty, and were not even nervous as a result of their adventure. The man was held as a disorderly.

HELD FOR MURDER

(Canadian Press Despatch.)

Montreal, April 4.—Three men, Edward St. Onge, Emile Trudeau and Edward St. Touche, were today held criminally responsible by a coroner's jury for the death of Nistor Gavrelovich, a cobbler, who was fatally shot outside his shop at No. 4 Clarke street, on Saturday night while pursuing three men who had attempted to rob him.

St. Onge and Trudeau are charged with murder. St. Touche has not yet been apprehended.

Several thousand copies of an illustrated booklet descriptive of the attractions of New Brunswick for the sportsman and the tourist will be printed and widely distributed through the other provinces of Canada and the United States through various tourist associations. This decision was made yesterday by the booklet committee of the New Brunswick Tourist and Resources Association which met at the association's headquarters in Germain street.

GIRLS HOLD UP PROWLER WITH EMPTY REVOLVER

Detroit, April 4.—After watching from a darkened parlor window an hour for his return, Nellie and Mamie Guiney, sisters, 1,354 Elizabeth street west, stepped onto the porch of their home at 10.30 p. m. and with an empty revolver compelled a man, who they say, had been prowling about their home, to throw up his hands and keep them elevated until the police arrived.

The man, who was registered as Joseph Sweeney, twenty-eight years old, tried to plead with Nellie, who covered him with the weapon, while her sister, Mamie, called the Trumbull Police Station, a few blocks away. He said he had an aged mother who needed him, and would suffer seriously if he were arrested. When she refused to listen to his plea, he said he had been drinking, and did not mean to harm anyone. As a last resort, he begged to be permitted to lower his arms, because his coat sleeves were catching the falling snow. "You'll stay where you are until the police get here, and if you move I'll shoot," she said.

The police arrived a few minutes later and found the man standing under guard. When thanked by the officers for

SOME OBJECTIONS TO WAR MONUMENT
The regular meetings of many of the primary chapters of the Imperial Order of the Daughters of the Empire were held yesterday and each chapter was busy planning for future activities.
Royal Arms.
The Royal Arms chapter met in the afternoon at the residence of Mrs. F. H. Neve, in Dorchester street, and the regent, Mrs. W. H. Turner, presided. The chapter went on record as being in favor of the erection of a monument in St. John to commemorate those who fell in the war. The regent presented to each member an attractive little box in which to place talent money. The boxes will be opened after the summer holidays. It was decided to increase the contribution made to the salary of a kindergarten teacher in the East St. John hospital and plans were made for holding a tea after Easter.
Valcartier Chapter.
Valcartier chapter met at the home of Miss Fleming in Paradise Row with the second vice-regent, Miss Barbara Jack, presiding. In answer to a request it was decided to send a bale of clothing to the Labrador missions and it was also decided to increase the contribution towards the salary of the kindergarten teacher in the East St. John hospital. The chapter did not endorse the plan to erect a soldiers' memorial in St. John at the present time, being of the opinion that the educational war memorial of the order and the monument in Fernhill were sufficient as memorials until such time as there should be more funds available. Plans were made for the annual Rose ball.

EPSTEIN TO MOVE FROM UNION STREET
All business for Messrs. K. W. Epstein & Co. will now be concentrated on one centre, namely 4 King square. This up-to-date optometrical shop, which employs only the best materials, authority and judgment on fitting the eye to the proper focus was opened last September, and will now be the only store under the management of K. W. Epstein & Co. The premises at 108 Union street which they have occupied for so many years will soon be vacated and all efforts directed towards their more modern store on the Dufferin Hotel Block.
Chicago, April 4.—The railroad labor board will not bargain away the railroad wages of the United States for lower rates. Vice Chairman Ben W. Hooper declared during the wage hearing before the board yesterday.
"The board," he said, "will consider only the elements named in the transportation act, on which wages are to be based."

DISEASE SPREADS IN RUSSIA.
Relief Administration Orders 2,000,000 Doses of Antitoxin in Paris.
Paris, April 5.—Smallpox, cholera, diphtheria and typhoid are spreading at such an alarming rate in Russia that the American Relief Administration has telegraphed to the Paris headquarters of the American Red Cross to rush to Moscow immediately a special courier with 2,000,000 doses of antitoxin.
This is said to be the largest single order for serum ever placed in France, exceeding even the wartime requirements

**BODY OF FARMER
IN BURNED BARN**

Tracks in the Snow, Leading Only One Way, Indicated Tragedy.

Pictou, Ont., April 4.—A tragedy occurred here when Riley Ellsworth, aged seventy-eight years, was burned to death in a fire which destroyed the fine, new barn on the farm just east of town, owned by Dr. Dorsey of Red Deer, Alberta. The blaze was first seen by the tenant, J. G. Davidson, at 5.30 a. m., and he managed to save his live stock. The town fire brigade was called out, but were unable to save the building and balance of contents. After the fire, the body of a man was found among the ruins. This was later identified by bits of clothing and other evidences to be that of Mr. Ellsworth. Coroner Dr. W. E. ... held an inquest at 4 p. m., which was adjourned until the night of April 7, at Shirehal.

Mr. Ellsworth was an extensive local milk dealer, purchasing from producers and supplying many residents of the town. He had negotiated for the purchase of the Dorsey farm and the deal was to have been closed yesterday. He had purchased some of the feed stored in the barn, but had no stock there. Just why he should have been there at this early hour is not known. Tracks were found in the newly fallen snow leading to the barn, but no tracks led away. This led to the investigation that disclosed the charred remains.

RECENT WEDDINGS
Dibblee-LeCain.
At St. James' church rectory on the morning of Tuesday, April 4, Rev. H. A. Cody united in marriage Beverly Norton Dibblee and Miss Louisa Victoria LeCain. The newly-wedded pair have many friends in this city who will unite in hearty congratulations. After

RECENT DEATHS
James A. Dougher.
Boston, April 4.—James A. Dougher, one of the best known of the older telegraph men of New England, is dead at his home here.
Born in St. John (N. B.), his parents moved to Portland (Me.) when he was very young. He came to Boston at the age of eighteen and entered the service of the Western Union, remaining thirty-three years with that company. He finally became chief of the traffic department.
A dozen years ago Mr. Dougher left the telegraph business to take charge of a department at the United States Hotel. He is survived by a widow and five daughters.

NEWS NOTES ABOUT PROMINENT BAPTISTS
(Maritime Baptist.)
We were favored last week with a call from Mr. Senior of Toronto, who was in St. John on business. He is a good Baptist from Toronto, and spoke very enthusiastically of the forward movement of the Toronto Baptists. A spirit of sacrifice in the interests of church work seems to have taken possession of Toronto Baptists, so that the outlook is bright for securing excellent equipment for several of the smaller churches that have been working under very disadvantageous circumstances as to equipment. Another recent caller was Rev. Mal-

Stores open 8.30 a.m.; close 6 p.m., Saturday 10 p.m.

Suits in Extra Sizes
Specially Designed for "Stout" Women

It isn't always an easy matter for the woman of "larger than average" size to find a Suit of becoming lines and good-looking material. These Suits were purchased with just that in mind. They are developed in fine Serges or Tricotines; plain or nicely embroidered. Coats are long and slightly fitted or in loose, free hanging modes. Tuxedo or shawl collars accentuate their slenderizing lines and every suit is well tailored and lined with fancy poplin or soft, pussy willow silk. Navy and black only. Sizes 42 to 46 in.

46.00 and up.

...assistant secretary of our Foreign Mission Board, who spoke at the church, St. John, on March 22.
Acting upon the advice of his medical adviser, Rev. Isaac Brindley has resigned the pastorate of the Ludlow street church, St. John West, in the hope that rest for a short time may restore him to his usual vigor. Mr. Brindley suffered a nervous collapse which made it seem wise to ask to be relieved from pastoral duty. The church has accepted his resignation. Mr. Brindley is now resting and hopes soon to be able to resume work. He is a preacher and interpreter of Scripture of excellent parts. His preaching is especially pleasing and helpful to thoughtful people. He is broadly educated, widely read, and a particularly keen thinker and a very interesting man.
Dorothy Clark Married.
Nashua, N. H., April 5.—Dorothy C. Clark, whose mother recently brought suit for \$200,000 against Herbert Rawlinson, motion picture actor, for an alleged attack on her daughter three years ago, was married to Karl L. Elms of Boston here today. Elms is a piano salesman. The ceremony was performed by a justice of the peace. Elms said he would seek to prove that Mrs. Clark's suit was unwarranted.

Get Ready for Easter

When all the world takes on a festal appearance, you too will wish to express the spirit of the season in your costume. There are not many more days remaining to prepare. This store is ready to supply you with the necessary finery to make you appear at your best and we doubt if your money could buy more clothes value elsewhere. Read the news below, then investigate and compare.

The New Capes Are Strikingly Youthful
And are indeed an excellent addition to the wardrobe. Every type and every age can be suited from the flapper to the matron. Many styles have been originated for this season. Capes are going to be worn extensively. You will not wonder why when you see them. Fashioned of homespun, ramonette or velour.
PRICES, \$19.75 TO \$69.75

Suit Styles Are as Varied as the Fabrics Used in Their Development
The selection of your suit simply revolves itself into a matter of choice. Here are suits simple and dignified for street and business wear, elaborate three-piece costumes for dressy wear, and for those who do on sports clothes, the new modes achieve no little success with their smart skirts and contrasting color effects, Tricotines, Tweed, Poiret Tull, Serge and Wool Jersey are the popular fabrics used in their making.
PRICES, \$29.75 TO \$89.75

Your Easter Dress is Among This Wonderful Collection
Dresses that are certain to captivate your fancy with their novel lines and gay colors of most excellent materials and by its clever use of silk embroidery. The prices are quite as fascinating as the models themselves.
Fine Canton Crepes and Taffeta Dresses, PRICES, \$24.75 TO \$89.75
Cape Knit Dresses, PRICES, \$29.00 TO \$39.00

A Tweed Coat Serves Many Purposes
Spring with its changeable weather and outdoor activities calls for a coat of this character. A tweed coat can be appropriately worn any hour of the day. There is nothing smarter or more practical.
PRICES, \$19.75 TO \$39.75

CHIEF ENGINEER TELLS OF THE VALUE OF GOOD ROADS

The big motor show at the Armories experienced another successful day yesterday, when nearly as many persons passed the gates as on the opening day. The exhibitors reported a satisfactory number of sales and seemed well pleased with their success so far. Last evening the crowd was kept in good spirits by stirring selections by an orchestra and twice during the evening Miss Blenda Thompson was heard to sing "I Passed By Your Window" and later she sang "Give me the Open Road." Both numbers were heartily applauded. The tea room, conducted by the Fundy Chapter of the I. O. O. F., reported good patronage. The Chapter has a small room of the armory prettily decorated and an efficient committee is at hand at all times to serve dainty refreshments. In addition to the tea room, the Chapter has a stand near the upper end of the big floor, where soft drinks, candy and smokes may be purchased. The feature last evening was a timely and interesting address by Burton M. Hill, Chief Engineer of the provincial public works department, on "The Value of Good Roads."

In beginning his address Mr. Hill congratulated the organization responsible for putting on the big show. Continuing, Mr. Hill said that since the advent of the automobile in the province, the good roads movement had grown. Previous to that time the province had good roads for horse travel, as the soil was naturally adapted for good earth roads. However, the wood-culverts in use at that time were soon destroyed by the automobiles; the same also applied to the wooden plank-bridges. It became necessary to build permanent bridges and replace small wooden culverts with others of concrete. In 1908, there were 100 automobiles registered in the province; in 1912 there were 700; in 1916 there were 2800 and last year the number had increased to 14,000. Mr. Hill quoted these figures to give the audience some idea of what the department had to cope with.

Wear well? Look at this Floor—Perfect after Six Months Hard Use.

"We find the best floor varnish, the most economical, because it wears so much longer. Liquid Granite gave our floors this beautiful lasting lustre you admire so much."

DO YOUR BOWELS MOVE REGULARLY, OR DO THEY BECOME CONSTIPATED

There is no medium through which disease so often attacks the system as by allowing the bowels to become constipated, and there is no other trouble which flesh is heir to that is more liable to be neglected, because material inconvenience may not be felt, at once, from irregular action of the bowels. When there is not regular action the retention of the decayed and effete matter, with its poisonous gases, soon poisons the whole system by being absorbed into it, causing violent sick and bilious headaches, internal bleeding or protruding piles, heartburn, jaundice, etc.

MILBURN'S LAXA-LIVER PILLS will regulate the flow of bile to set properly on the bowels, thus making them active and regular, and removing the constipation and all its allied troubles. Mr. Samuel Rockler, Tatumagouche, N. S., writes: "For over a year I suffered with constipation. I took several different kinds of medicine, but could only get temporary relief. I was told to try Milburn's Laxa-Liver Pills. I procured two vials of them, but after I had taken one I found that I was relieved of my trouble. I do not hesitate to recommend Laxa-Liver Pills for any kind of constipation."

Price 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

in making the roads fit for automobile travel. As the number of cars increased, he said, the government did not at first realize the road destruction which they were causing, but continued to increase the grant each year. Finally they found that it was necessary to change their policy. So, continued Mr. Hill, this province has 15,000 miles of road to reconstruct, almost as much mileage as the whole Canadian Pacific system. When the good roads movement developed, road building became systematized. Continuing his story, Mr. Hill gave the new classification which was adopted for the roads. First, the trunk roads, extending the length and breadth of the province. One from St. Stephen through St. John and Moncton to Nova Scotia border; another from the border through Shediac and Newcastle to Quebec, and still another through the St. John Valley. Across country, the trunk road was mapped from St. Stephen to Fredericton. Second, the secondary roads, running through the main farming districts, and distributing traffic to the main roads and thirdly, the by-roads. He said that the plan for the trunk roads was an improved gravel surface, with permanent foundation and concrete culverts. He also told of what portion of the mileage had been completed.

Mr. Hill went on to show that the maintenance of all the roads in this province devolved upon the department of public works. In the United States, only state roads were kept up by a similar department, with a much greater appropriation. But, he declared, in spite of this fact, the by-roads in the States did not compare with those in New Brunswick.

The improved gravel road was one of the best to drive on, Mr. Hill declared. Concrete roads were out of the question at the present time. But, he pointed out, improved gravel roads were the foundation of permanent construction.

SAYS RED PEPPER HEAT STOPS PAIN IN FEW MINUTES

Rheumatism, lumbago, neuritis, back-ache, stiff neck, sore muscles, strains, sprains, aching joints. When you are suffering so you can hardly get around, just try Red Pepper Rub.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into pain and congestion relief comes at once.

Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes the sore spot is warmed through and through and the torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little more than any drug store. Get a jar at once. Be sure to get the genuine, with the name Rowles on every package.

CHAMBERLAIN'S Don't Just "Smother" The Headache

Nearly all headaches have their beginning in the stomach, liver or bowels, and the best remedy is Chamberlain's Tablets. They tone the liver, sweeten the stomach and cleanse the bowels. This renders you much less liable to a return of the headache. Try them. 173

TABLETS 25¢

and work done now never would be wasted. He then explained that the trunk roads must be somewhat wider than the other types, on account of the heavier traffic and quoted statistics to show that during the last summer on a certain section of road, one car passed over the road every second.

The speaker then explained the Federal Aid movement and showed how it was helping the province. By this plan, the federal government paid forty per cent of the cost of construction of certain roads and the province paid the remainder.

Turning to the advantages of good roads, Mr. Hill referred to the tourist traffic which they brought. He showed how this traffic helped this business in some way. Another advantage referred to was the ability of the farmer to move his product to better advantage to himself.

In concluding his address, Mr. Hill made a strong appeal to every loyal citizen of the province to become a good roads booster. He brought in, at this point, the reasons why cars should stay off the roads at this season of the year and after a heavy rain. He appealed,

he said, to every person, because it was necessary to have the loyal co-operation of every person if the good roads programme was to be a success. From the applause which greeted Mr. Hill when he concluded, it was evident that the audience last night agreed heartily with his remarks.

SPLENDID GIFT FOR THE MUSEUM

Fortunate as the Natural History Society has been in receiving gifts for the collections in the museum, it has seldom received a more valuable or more welcome donation than the collection of 185 mounted birds presented last night by A. Gordon Leavitt, who is probably the most noted authority on bird life in the province today. The birds represented eighty-eight species and most of them were captured, treated and mounted by Mr. Leavitt himself and, as William McIntosh, the curator of the museum, said in expressing the thanks of the society, each bird in the collection represented many hours of weary tramping and many days of patient labor.

The presentation was made at the regular meeting in the lecture course and, before handing over the beautiful array of birds, Mr. Leavitt described many of them, related something of their habits and peculiarities and gave a candid opinion of those human beings who destroyed birds. James A. Estey was the chairman and he paid a warm tribute to Mr. Leavitt's ability as an ornithologist. A hearty vote of thanks was moved to Mr. Leavitt for his interesting address by T. O'Brien and seconded by Mr. McIntosh.

DAUGHTERS OF ISRAEL

The Daughters of Israel held their regular meeting last night in the Hebrew school in Carleton street with the pres-

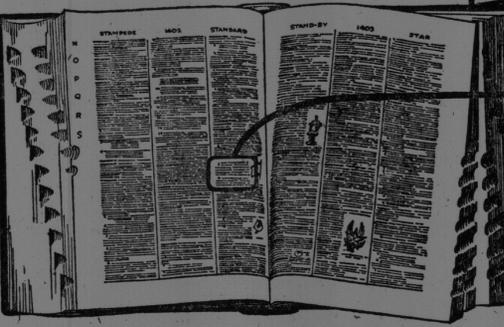

dent, Mrs. Joseph Goldman, in the chair. Miss Inglis, expert tuberculosis nurse, gave an instructive address on health matters and was heartily thanked for her presentation of an important subject. The reports of the secretary and treasurer showed splendid work had been done. The total receipts for the year were \$438 and the balance on hand amounted to \$165. Mrs. (Dr.) Welner was welcomed as a new member and Mrs. Sydney Isaac was proposed as a new member. An eloquent appreciation of the late Mrs. Horowitz was read. Mrs. Horowitz died suddenly a short time ago while she was aiding a helpless sister in the city who had no one of her own people to care for her. She had exemplified the ideals of the Daughters

GIVES \$100 TO ALLIANCE

A grant of \$100 was voted to the New Brunswick Temperance Alliance by the W. C. T. U. at its regular meeting yesterday afternoon. The work of the two organizations is closely allied and the W. C. T. U. has many times contributed to the support of the Alliance. Mrs. David Hipwell, the president, was in the chair and as the meeting was the first in the month there were special devotions led by Mrs. Mary Seymour. The beneficial work of pledge cards was again brought to the attention of the

Headaches from Slight Colds

Standard—that which is established as a rule or model by authority, custom, or general consent

What Webster Says applies to Dominion Tires

In Webster's Dictionary you will find the best description ever written of

Dominion Tires

DOMINION GREY TUBES
—the equal of any standard or special tube.

COMING!
The "ROYAL"—the new red super tube.

They are the standard by which mileage, performance and tire values are measured. And they have attained this commanding position by actual road tests made by experienced motorists.

The Tire by which All Tires are judged.

MAYOR PRESENTS HYDRO PLATFORM

Proposes Two-year Arrangement With the Power Company.

Crowded Meeting at Imperial Last Night—Govers Whole Period of Negotiations—Engineer Ross Also Heard on Question.

Mayor Schofield, before a house filled with over two hundred people last night, outlined his platform on the hydro-electric distribution question. R. A. Ross, of Montreal, who reported on the cost of distribution recently, was also heard. Dr. E. J. Ryan, who acted as chairman of the meeting, paid a tribute to the mayor as a man of undoubted integrity who was familiar with present day problems and fitted to fill the chief magistracy of the city. He expressed the opinion that after hearing what the mayor had to say the audience would be convinced that the solution offered by his worship was the only one in the best interests of the taxpayers. He then introduced Mayor Schofield, who declared his interest in the hydro question was demonstrated by the size of the meeting and mentioned particularly the hard work of the city clerks in this connection. He then went on to give a summary of the work done by each department of the civic government, maintaining that the present council by reason of what it had accomplished deserved the approval of the citizens. At this point he took occasion to reiterate his denial of having any financial interest in the N. B. Power Company, declaring, "I have no interest of any kind in the Power company. I do not hold any stock nor does any member of my family hold stock in the New Brunswick Power Company."

The Hydro Policy. At this juncture the mayor declared his platform on the hydro question which, in full, was as follows: "In considering hydro power, my investigation of the hydro question has led me to two practicable methods for the city to deal with this question. "The first would contemplate an immediate decision to establish a civic distributing system for light and power. "The second would contemplate the deferring of this decision until all the facts and conditions affecting the situation are absolutely established. "The first alternative entails an estimated immediate investment in distributing plant of \$900,000, together with preliminary expenses before any income is received, which I estimate at not less than \$900,000, making a total of \$1,800,000. "The second involves no present expenditure by the city on capital equipment, but would require an immediate saving to the light and power users of \$30,000 to \$75,000 each year for the period decided on—say, not less than two years. "At the moment hydro uncertainties include the vital facts that no satisfactory definite guarantee fixed prices have been offered by the power commission and also that the amount of power available is in question. "In view of these uncertainties in my opinion it is not advisable for the city to embark upon such an immense expenditure of public money as would be necessary at once under the first alternative. "I elected I would propose to recommend to the council the adoption of the following procedure: "First—The arrangement of a contract with the power commission involving a guaranteed fixed rate for power together with a definite guarantee as to the amount available. "Second—A definite arrangement for a reduction in rate of—say—from 13.5 per cent present maximum rate to 12c net for the first year and 11c net for the second year, together with a similar revision downward in the scale of all the lower rates for lighting. "Third—The carrying out of an arrangement for a period of two years whereby the power contracted for would be distributed over the existing lines; all benefits obtained thereby to be applied to the reduction of rates to consumers of light and power. "Fourth—In order to ensure the carrying out of this programme to the benefit of the citizens, a commission of three competent men to be appointed—one each by the city, the power commission and the Power company. "By the end of the proposed two-year period all facts as to quantity and cost of hydro power and all uncertainties as to its value to the city would have been cleared up and much valuable information obtained, which would enable the citizens to decide their final programme with safety. The city would then have the same freedom of choice of their policy which they have at present without being beset by many uncertainties, and would still retain control of the hydro power for final disposition."

Colds, Coughs Bronchitis BLOWN TO ATOMS Every trace completely removed... BUCKLEY'S Bronchitis Mixture... IT COSTS ONLY 75c. FOR 40 DOSES... Sold by all druggists, or by mail from W. K. BUCKLEY, LIMITED, 142 Mutual Street, Toronto.

SHILOH STOPS THAT COUGH For grown-ups or children. Safe, sure and efficient. Small dose means economy and fast relief. Sold by all druggists. At all dealers, 30c, 60c and \$1.20.

A Fine Spring Tonic Says The Druggist drives away feverish colds, dull headaches and skin eruptions. Brew it yourself, costs only a few cents. Safe and pleasant to take. All druggists, 30c and 60c.

Doctors Recommend Bon-Opto for the Eyes Physicians and eye specialists prescribe Bon-Opto as a safe home remedy in the treatment of eye troubles and as a strengthening eyewash. Sold under money-back guarantee by all druggists.

SULPHUR CLEARS A PIMPLY SKIN Apply Sulphur as Told When Your Skin Breaks Out. Any breaking out of the skin on face, neck, arms or body is overcome quickly by applying Menthosulphur. The sulphur is kept dry right up to the point of use, declares a noted skin specialist.

To do this through the medium of the N. B. Power Company does not mean many people appear to be attractive, but do the alternatives of civic distribution in competition with the Power company offer any greater attraction? Civic distribution in competition with the N. B. Power Company can only have for its ultimate object the elimination of the present added costs of overhead charges and operating losses on other property of the company which the present price of electricity now carries.

corns? —just say Blue-jay to your druggist Stops Pain Instantly The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in two forms—a colorless, clear liquid (one drop does it) and in extra thin plasters. Use whichever form you prefer, plasters or the liquid—the action is the same. Safe, gentle. Made in a world-famed factory. Sold by all druggists.

PARISIANS PROTEST KILL-JOY TAXATION

Amusement Proprietors May Organize Against Levies on Establishments.

Paris, April 5.—The quarrel between the Paris restaurant proprietors and the assistance publique, with regard to the thirteen per cent tax which the latter is now collecting over and above the twenty-five per cent amusement tax the establishments already have been paying into the state coffers, seems likely to end in a general organized protest against kill-joy taxes. The interested parties, namely, all those who run amusement establishments in Paris, say if things are allowed to continue, Paris will be the saddest place on earth and tourists will be driven to seek pleasure elsewhere than the "Vie Lumiere," possibly even going to Germany in order to have a good time and get their money's worth.

Employers and employees, for once agreeing, intend to work hand in hand and leave no stone unturned, in order to persuade the revenue department that it is likely to kill the goose laying the golden eggs if it persists in the policy of trying to squeeze too hard. There is a limit to what is possible, they say, and the proprietors of picture houses may decide to swell the opposition by joining their powerful voices to the already loud plaints, for they also are taxed so heavily they allege they hardly are able to continue business. It is quite possible the theatres may also join, so that within the next few days we may have a little war on the boulevards and in Montmartre. Meanwhile various employers and trade unions whose members are involved have approached the minister of labor, who may be called upon to arbitrate.

BLIND 25 YEARS, NOW SEES. Ogdensburg Man's Sight Restored by Reconstructing Injured Eye. Ogdensburg, N. Y., April 5—Blind for twenty-five years, Joseph Graveline of this city recovered his sight through an operation.

"Thank God, I can see," he said when the bandages were removed. Twenty-five years ago Graveline was blinded by the explosion of a dynamite cap and one eye was removed. The other eye had been injured in such a manner that there was no pupil. Recently a local surgeon reconstructed the injured eye and made an opening that served for a pupil. Graveline can now read the headlines of a newspaper.

THE COUGH WITH THAT TICKLING SENSATION A little tickling in the throat, now and then a dry, hacking cough; you think it is not bad enough to bother about, but every back makes a breach in the system, strains the lungs and gives the way for more serious trouble.

NORWAY PINE SYRUP is just the remedy you require to stop that irritating, tickling cough on account of its soothing, healing and expectorant properties.

IF COUGHS AND COLDS INTERFERE WITH BUSINESS Stop them with GRAY'S SYRUP OF RED SPRUCE GUM. A Vegetable Preparation that gives quick relief without drugging the system.

DODD'S KIDNEY PILLS. THE GREAT KIDNEY PILLS. RHEUMATISM, BRONCHITIS, DIABETES, CALCULI.

Vaseline CARBOLATED PETROLEUM JELLY. A very efficient antiseptic when used as a first-aid dressing for cuts, scratches, bruises, insect bites, etc. Keep a tube in the house for emergencies.

RHEUMATIC TWINGE MADE YOU WINCE! Use Sloan's freely for rheumatic twinges, sciatica, lumbago, overworked muscles, neuralgia, backaches, stiff joints and for sprains and strains. It penetrates without rubbing.

Sloan's Liniment. The very first time you use Sloan's Liniment you will wonder why you never used it before. The comforting warmth and quick relief from pain will delightfully surprise you.

Use the Want Ad. Way. CHESEBROUGH MFG. COMPANY (Consolidated) 1830 Chabot Ave.

MOTHER SEIGEL'S SYRUP

is excellent for indigestion because it assists stomach and liver to do their work naturally and efficiently. With the organs in perfect working order—indigestion is impossible. Try it today.

RUSSIANS FROM AMERICA REACH HOME TO FOUND COLONY. Sebezh, Russia, April 5.—One hundred and forty-nine Russians from America, forty-three of whom are accompanied by their wives and children, comprising the first contingent of more than 2,000 from the United States and Canada who plan to return to their native country, had their first view this week of their land under Sovietism, which they left during czarism.

They brought 400 tons of American agricultural implements, which will be used in teaching peasants modern soil cultivation. The unit will be given land which will be virtually theirs. It is expected they will organize a Soviet wherever the Moscow government decides to send them, which will be in some section where land is plentiful. The unit landed at Libau and passed through Latvia, several Soviet officials accompanying the travelers. There was several hours of delay at the frontier, after which they passed the border, where they were cordially greeted by officials from Moscow.

"77" FOR COLDS Grip, Influenza, Sore Throat. GAINED OVER 20 LBS. Consumptive Condition Restored to perfect Health.

"An attack of 'flu' in the fall of 1918, left me in such a weakened condition that I could not walk across the kitchen, and for nearly two months I spit blood. My neighbors as well as myself thought I was in the first stages of consumption. My weight when I first took sick was 120 lbs., and I shrank from 120 to 93 lbs. On the recommendation of my druggist I began to take Carnol. Before finishing the first bottle I felt a marked improvement. I then took four bottles and my improvement was so marvelous that, at the end of six months, I gained in weight—the most I ever weighed in my life. I can safely recommend Carnol to anyone in a run down condition, as being as good as well as the most palatable tonic on the market today. My little girl of eight years took a cold in the head and chest and was so bad she could scarcely breathe. I gave her Carnol in hot water and the next morning she was able to get out of bed for the first time in several days. I know Carnol will do for you what it did for me and my little girl—worked miracles." The experience of Mrs. F. of Halifax.

Carnol is composed of that wonderful nerve tonic—glycerophosphate salts. This is commonly known as the world over as the "Blood Salt." It is the best blood builder and nerve invigorator yet discovered.

Carnol is sold by your druggist and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 11-122

JO-BEL The Wonder Salve. We invite all afflicted with piles, eczema, salt-rheum, itching, chafing, pimples, sores, boils, cuts, bleeding at the nose, cold in the head, to profit by the experience of those who were similarly afflicted and give JO-BEL SALVE a trial.

KEATING'S KIDNEY PILLS. BUGS, FLEAS, FLIES, ROACHES. Packages 10c, 25c, 40c.

Use Mentholatum for After-Shaving, Chapped Skin, Burns, Scalds, etc.

Rely on Cuticura To Clear Away Skin Troubles. Sold by all leading wholesale and retail drug stores. Price 50c and \$1.00 per box.

LOCAL NEWS

FIRE THIS MORNING
 The fire department was called out about 10:45 o'clock this morning by an alarm from Box 421 for a blaze in a house at No. 4 Egbert street, occupied by George Stevenson.

MAYOR TO FREDERICTON
 Mayor Schofield and Commissioner Thornton, warden of the municipal council, left last evening for Fredericton to be present when St. John bills were presented before a legislature committee today.

CITY PAY DAY
 The semi-monthly payment of official salaries was carried out at city hall this morning. The roll amounted to \$11,485.07, as follows: Fire, \$2,881.81; ferry, \$1,492.80; market, \$284.20; police, \$8,129.31; sundry, \$1,516.46; official, \$2,185.38.

FOR BASEBALL LEAGUE
 Representatives of the Dominion Express, the C.P.R. Telegraph, the general offices, the car staff and the freight office in Mill street will meet to form a baseball league. A series of games will be arranged, and rules and constitutions drawn up.

C. P. R. CONFERENCE
 Superintendents and chief dispatchers of the C. P. R. New Brunswick district will hold a conference in general superintendent J. M. Woodman's office tomorrow morning to arrange details for the summer schedule which is to become effective on April 30.

WANT ST. JOHN THERE
 The secretary of the Board of Trade has received notice of the annual meeting of the American Association of Port Authorities, which will be held at Toronto on September 14, 15 and 16. It is requested that St. John be represented at this convention.

CHEAPER SUGAR
 A cut of forty cents a hundredweight in the price of granulated sugar here, announced at the end of last week by the Atlantic Sugar Refineries Ltd., was followed by a corresponding reduction in the retail price. The refiner's price was dropped from \$6.90 to \$6.50. Some of the retailers are advertising 14 1/2 pounds for \$1.

BURIED TODAY
 The funeral of Mrs. Matilda Jane Bates was held this morning at her late residence, 80 Duke street, after which service was held in St. John's (Stone) church. Both services were conducted by Rev. A. L. Fleming. Interment was in Fernhill.

IN HONOR OF BIRTHDAY
 The Golden Rule class of the Pleasant Point Sunday school entertained the Willing Workers class in the Sunday school hall on Monday evening in honor of the birthday of their teacher, Mrs. Ernest O. Arbo. Music and games were enjoyed and during the evening gifts of china were presented to Mrs. Arbo on behalf of both classes by Mr. Harvey Arbo with all good wishes for the future. Refreshments were served by Mrs. Arbo and Mrs. Northing, assisted by James Ewart Cecil Henderson and Medley Somerville.

MELITA HAS 812
 The Canadian Pacific Steamships Ltd. liner Melita is due here about the end of the week from Liverpool with approximately 365 cabin and 427 third class passengers. Included in the cabin passengers are a number of Canadians who enjoyed the cruise to the Mediterranean on the Empress of Scotland. The Melita is due to sail from here Friday for Liverpool with approximately 275 cabin and 225 third class passengers. Among the cabin passengers will be Sir Julian and Lady Orde. The former is secretary of the Royal Automobile Club of London, and they are returning home after a trip to the West Indies. Other cabin passengers will be Mr. and Mrs. John W. Hobday of Dr. Barnardo's Home in Toronto.

Tonight the Owls and Robins will roll.

WHIST DRIVE AND PRESENTATION

The Unity Club and friends gathered last evening at the home of Mr. and Mrs. Thomas Draycott, 54 Durham street, to hold their last whist drive of the season. Friends of S. S. Tansian and Manchester Hero were entertained and G. Grant of the latter was lucky enough to carry off the gentlemen's first prize and Mrs. Frank Hopkins, 39 Cedar street, the ladies' first. Consolation prizes were awarded to Mrs. Smith and W. Horsman. During the evening Mrs. Draycott was made recipient of a handsome traveling rug as she is to sail on the S.S. Montclair for a short visit to England. She was wished bon voyage and a safe return to St. John. All joining in singing Auld Lang Syne brought a jolly evening to a close.

FOUR SENTENCED TO DORCHESTER

Hugh Briggs, Walter Northrup, John Dell Allen Wells, and Edward Ritchie were sentenced to three years each in Dorchester penitentiary by Judge Barry in the Circuit Court this morning. The first three were found guilty of receiving stolen goods and Ritchie was judged guilty of stealing a sum of money. Judge Barry, in delivering sentence, said that Draycott must be punished. As to Briggs, he said that there had been recommendations and references in his case, tending to show a straight career up to this time and he remarked that it would probably not be long before clemency would be shown him through the Department of Justice.

BAILEY, WANTED HERE, HAS MADE BREAK FROM JAIL

Left Mattress Rolled Up in Fredericton Cell and Walked Out.

Harry Bailey, or Harry Broad, who was arrested recently in Fredericton on a warrant charging him with theft in connection with a daylight robbery in a house in Victoria street, this city, early in March, has escaped. When Detective Donahue of the St. John force, arrived in the capital yesterday morning to take charge of Bailey on his return here, it was found that the cell in which he was supposed to have been imprisoned was empty. The mattress had been rolled up under the clothes on the bed in resemblance of a man asleep. It is thought that he escaped on Monday night because the bed presented the same appearance then as it did when his escape was discovered. It is believed that he made his escape by reaching out through the bars of his cell and taking the keys, which were hanging on a hook nearby, then unlocking the door of the cell from the outside, locking it again and returning the keys to the place where he had got them. The jailer called to him once during the night but believed him to be asleep when he received no answer. At noon today the detectives had received no word of his having been recaptured.

APPOINTMENTS AND RESIGNATIONS IN PROVINCE

(Special to The Times)
 Fredericton, N. B., April 5.—Rev. A. E. Gabriel of St. John, Church of England, and Rev. Elwyn Edward Dickens, have been registered to solemnize marriages in New Brunswick.
 The head office of the Kings County Silver Black Fox and Fur Company Limited has been transferred from the Town of Sussex to the ranch of the company in the Parish of Sussex.
 The resignation of Euphane P. Nadeau as police magistrate for Saint Leonard's of Madawaska is accepted.

The following appointments are gazetted—Emil Soucy of St. Leonard's, Madawaska, to be police and stipendiary magistrate for St. Leonard's, with civil jurisdiction, in place of Euphane P. Nadeau, resigned; Amdece Charest of St. Jacques, Madawaska, to be a commissioner for taking affidavits to be used in the supreme court.
 The resignation of J. B. Dever as judge of the probate pro-hac vice in the matter of the estate of the late Julia Ryan, late of St. John, is accepted and Bowyer S. Smith of St. John is appointed in his stead.
 A. M. Cameron, of Black River Bridge Northumberland, is appointed a notary public for the province.

BYE-LAW CASES KEEP COURT BUSY

Several bye-law cases were taken up before Magistrate Ritchie in the police court this morning.
 Emery Campbell pleaded not guilty to allowing his car to stand in Union street from 6 to 8 o'clock on Sunday evening and allowing it to stand without head or tail lights. Policeman Hughes and Policeman Melton gave evidence and the defendant said he had left the lights on when he went into the house and that someone else must have turned them off. A fine of \$10 was paid.
 Daniel Dougherty pleaded guilty to exceeding the speed limit at the corner of Union and Prince Edward streets at noon on Sunday. He was fined \$10.
 A case against Louis Hayes, charged with driving his horse and carriage on the wrong side of Union street, was finished and a fine of \$10 struck.
 Policeman Hart and A. Levine gave evidence. A case against Max Schechter, charged with keeping his second hand store at 126 Mill street, open after ten o'clock, was resumed, with K. Wilson for the defence. Policeman Bettie was recalled. Mr. Schechter said he had closed the store at ten o'clock sharp and was just getting things fixed up for the night when the policeman arrived. His two sons gave evidence sustaining that of their father. Policeman Bettie asked for a postponement in order to get witnesses. The case was put off until Friday morning.

WOULD MAKE IT A CIVIC MEMORIAL

The Royal Standard Chapter, I. O. D. E., as stated in the morning paper, endorsed the proposal to erect a war memorial, but went a step farther. It expressed the view that such a memorial should be promoted by a citizens' committee representative of every organization that was engaged in war work, and not by any one of them. It was held that the memorial should not only commemorate those who fell, but all who labored to win the war, and that it should be in the broadest sense a civic memorial, such as one sees in the towns overseas. If one organization undertook the task it would have to appeal to all the others, and the Chapter therefore held that all should be represented on the central committee.

CHOOSE DUNNING AS NEXT PREMIER

Regina, April 5.—(Canadian Press)—Hon. C. A. Dunning, provincial treasurer will be the next premier of Saskatchewan. He was unanimously chosen here last night at a caucus of government supporters in the legislature and leaders of the constituency organizations. The present premier Hon. W. M. Martin, resigned on Monday and his appointment to the bench of the court of appeals of this province is expected momentarily.
 Mr. Martin will today present Mr. Dunning's name to Lieutenant-Governor Newlands with the request that he be called upon to form a government.

THE LATE LEBARON EMBERY
 Mrs. M. Finley and Mrs. J. L. Finley returned yesterday from Somerville, Mass., where they were attending the funeral of their brother, LeBaron Embery, a former resident of St. John. Mr. Embery died on last Wednesday after a very brief illness with pneumonia. Besides his sisters, he leaves his wife, one son, Oliver, and two brothers, George and Edward, all of Somerville. He was a son of the late Oliver Embery of St. John, and left St. John for the United States some thirty years ago.

GIVE BLOOD MAINLY TO SAVE GIRL

Transfusion Operation Fails After Mount Vernon Train Severs Victim's Legs.

(New York Times.) Blood transfusion failed to save the life of Miss Sarah Hinkelbein, twenty years old, whose left leg was cut off near the hip when she fell under a New York, New Haven & Hartford Railroad train at the Mount Vernon station yesterday.

Several young men who had graduated from Mount Vernon High School in her class a year ago submitted to a transfusion operation in a desperate attempt to save the girl, but she did not rally.

Miss Hinkelbein was the daughter of John Hinkelbein of 838 South First avenue, Mt. Vernon, an employee of the First National Bank of that place. She had a clerical post in Manhattan and commuted.

On reaching the railroad station in the morning, Miss Hinkelbein went to a telephone booth and told her aunt she would bring a friend home with her in the evening. Her train, the 7:51 for New York, pulled into the station while she was talking. She ran out on the platform, but the train had started.

The girl ran across the platform, seized the guard rail on the vestibule of a car and tried to pull herself up. Her strength was not equal to the task, and as the train increased its speed her foot slipped off the lower step and she was thrown to the tracks. Then she rolled over to the tracks and four cars passed over her body.

Neither the train crew nor the passengers saw the accident, and the train continued on its way, but on the platform crowds of commuters saw the tragedy. Three women fainted and many screamed. Men rushed to the tracks and lifted the girl to the platform.

Terribly as she was hurt, she whispered her name and address to Patrolman Charles Smith. The policeman had made a tourniquet of a piece of rope. He took her to Mount Vernon Hospital in an automobile.

Her family and friends were notified and they rushed to the hospital. Among those who gave their blood in the vain effort to save her life was Harold Nichols.

On July 18, 1918, the father's wife and daughter, Elvira, were drowned near Anbury, Conn., while giving her life attempting to save the girl.

On July 18, 1918, the father's wife and daughter, Elvira, were drowned near Anbury, Conn., while giving her life attempting to save the girl.

Send anything you don't need to Y. W. C. A., King street east, rummage sale, Friday, April 7, at 2 o'clock.

BOXING CHAMPIONSHIPS. The date for entries for the Maritime Amateur Boxing Championships, to be held in the Armory on April 12 and 13, has been advanced to April 8. It is expected that at least thirty entries will be in by that date and efforts are being made to have as many more as possible.

MUNICIPALITIES COMMITTEE MEETS. Fredericton, April 5.—The municipalities committee met this morning with Mr. Hayes in the chair and agreed to bills to amend the municipalities act in respect to the Town of Newcastle; to amend the act authorizing the Municipality of Northumberland; to effect temporary loans, to enable the City of St. John to grant an annuity to Herbert E. Wardrop; to extend for ten years the valuation fixed for assessment purposes on the Algonquin Hotel properties at St. Andrew's, relating to the Village of Rothesay; relating to the Town of Edmundston; authorizing the board of school trustees of district No. 1 in Parish of Madawaska to issue debentures; to amend an act relating to the Town of St. Leonard; authorizing the board of school trustees of Moncton to issue debentures for school purposes; to authorize the Town of Sackville to issue debentures; to amend an act relating to the town of Shediac; to authorize Campbellton to issue debentures; and to authorize the Municipality of Gloucester to borrow \$24,000 as a temporary loan.

Mr. Morrissey said that he had received a letter from County Secretary Teed relative to a bill to authorize the Municipality of Northumberland to effect temporary loans, stating that it was desired that the amount be increased from \$12,000 as stated in the bill to \$30,000. The municipality had found that ten thousand dollars was owing from the town of Chatham which could not be collected at present, and that some parishes were situated similarly. He moved that the bill be so amended. The motion was carried.

Mr. Estabrooks objected to certain sections of the bill to amend the act to consolidate and amend the several acts of assembly incorporating or relating to Moncton. The section relating to the jurisdiction of the Moncton City court commissioner was merely another attempt to have a county court established at Moncton. Last year a similar attempt had failed. The section seeking to authorize the commissioner to issue summonses and capias in blank was also objected to by many residents of the County of Westmorland. The section imposing taxation on contractors from outside points was objected to strongly because of injury which might be worked to small contractors. If a limit to the amount of the contract were set the objection would be overcome.

Hon. Mr. Robinson said the promoters of the bill would have no objection to stating a limit to the amount of the contract. On his motion the limit was placed at \$10,000 and the tax at one half of one per cent.

Hon. Mr. Byrne said that if the principle enunciated in the bill, of extending the powers of parish court commissioners was introduced the legislature would have such commissioners from all over the province coming and demanding that their jurisdiction be enlarged. The result would be that the legislature would be practically destroyed.

Hon. Mr. Robinson said that such extension had taken place before forty years ago, and that the legislature of twenty years ago had been broken up. He suggested that a great convenience to the citizens of Moncton. He had heard the objection to the bill, and then brought back to Moncton. He knew as a matter of fact that the provision relative to not keeping a prisoner in jail more than seventy-two hours had been broken repeatedly. It had to be broken.

Mr. Estabrooks said that citizens of Moncton had asked him to object to that section because of the possibility of prisoners becoming so numerous that jail accommodation in Moncton would have to be increased.

Hon. Mr. Robinson said that jail extension at Moncton would have to be made as soon as financial conditions would permit, because of existing overcrowding.

Hon. Mr. Byrne moved that the limit of jurisdiction in actions of debt before the Moncton city court be fixed at \$100,000. The motion was carried.

Mr. Estabrooks said that there was objection to giving the power to sign capias and summonses in blank.

Hon. Mr. Robinson said that such power would be a great convenience to the citizens of Moncton and to the attorneys.

Hon. Mr. Byrne said he was not much taken with the section which was practically putting the Moncton city court out of business. He suggested that the section be amended.

MR. HAMILTON DEAD. George Hamilton, a tailor who was found unconscious on the floor of his shop at 128 Union street, yesterday morning by Detective Biddiscombe, died in the General Public hospital this morning at three o'clock. The cause of death is not yet known. Mr. Hamilton was sixty years of age and leaves a wife, one son and one daughter, now residing in Boston.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

GLORIA SWANSON, MAPLON HAMILTON. Imperial Theatre Has Splendid Big Paramount Feature Tonight with Favorite Stars.

Gloria Swanson and handsome Maplon Hamilton here will be the bright particular stars at Imperial Theatre tonight and tomorrow afternoon in "Under the Lash," which is merely another title for that well known motion picture "The Showgirl" by Alice and Claude Askew and the play of the same name so successful in the theatrical centres. A short while ago Miss Swanson made a splendid impression at the Imperial in "The Great Moment," in which she was supported by Milton Sills. In this offering tonight another favorite leading man is the lover and cultured cut-throat who reads anything but the Scriptures. The story has a new and absorbing viewpoint on the marriage question and the sidelights on red life are very interesting indeed. This picture is preceded by a delightful scenic work by the great photo-traveler Bruce, entitled "Solitude." Thursday evening there will be no picture show at the Imperial, the house being engaged for platform speaking on the hydro question.

TULIP NIGHT AT THE GARDENS. Tomorrow evening another of those classic floral dances will be given at the Gardens. This time it is tulips, and they will be given to every patron. The combination of flowers, floor and music is a good one.

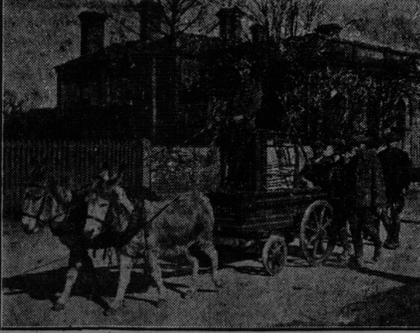

PLAN AIR SERVICE TO ATLANTIC CITY. Ritz-Carlton Hotels to Give Passengers Choice of Land and Water Routes.

(New York Times.) Regular daily air service between the Ritz-Carlton Hotels in New York and Atlantic City will be inaugurated in a few days. According to C. N. Reinhardt, who is in charge of the arrangements, passengers desiring to travel by air from New York to Atlantic City will have the choice of land and water routes. Five ten passenger planes will be used, especially the young girls, comfortable and sensible dresses worn by the women members of the American Red Cross here and observing the results of their work among the girls. Immediately after arriving in Tirana the American nurses earned their attention to the proper clothing of the restituted poor, especially the young girls, comfortable and sensible dresses worn by the women members of the American Red Cross here and observing the results of their work among the girls.

ALBANIAN WOMEN BAN TROUSERS AFTER TRYING AMERICAN DRESS. Tirana, Albania, April 4.—Trousers as the national costume for Albanian women are to disappear within the next generation. The Mohammedan mothers have decreed this after seeing the smart, comfortable and sensible dresses worn by the women members of the American Red Cross here and observing the results of their work among the girls.

NOTICES OF BIRTHS, MARRIAGES AND DEATHS, 50 CENTS.

CENTURY-OLD FIRE ENGINE STILL AT WORK

The Parish of Bottisham, Cambs, England, possesses a fire engine with a record hard to equal. It was built in 1796 and although it looks rather quaint it is still full of usefulness and appears promptly at the few fires which occur in the village. The machine is filled with water by means of buckets and then pumped by hand. The photo shows the fire engine and its volunteer crew out for drill.

FOR VOCATIONAL SURVEY HERE BETTER OUTLOOK IN CAPE BRETON

Plans Being Made to Carry it Out in May or June—Moncton Also. Fletcher Peacock, director of vocational education, was in the city yesterday, and announced that a vocational survey of St. John would be made by the provincial vocational board in May and June. A survey of Moncton will also be made. Surveys of Fredericton and Edmundston have already been made. Yesterday's Moncton Transcript says:—

A special meeting of the Moncton School Board was held on Monday evening, Mayor Edgett, acting chairman, in the chair. Among others present were Fletcher Peacock, Fredericton, director of vocational education for New Brunswick, and Trustees A. H. Fryers, Eugene R. Steeves, W. F. Sears, Secretary Amos O'Brien, Miss Hattie Tweedie and Mrs. Joseph LeBlanc. Mr. Peacock urged the board members' very hearty co-operation this summer, as the vocational board had decided to hold a series of training schools at Moncton from July 2 to August 4, inclusive. This school, Mr. Peacock said, would grant training to tradespeople to become teachers of vocational work. At the time the school is being held a survey of the city is proposed, so as to ascertain the number of persons employed in different trades, professions, etc."

ONE YEAR ARMY SERVICE BILL IN FRANCE DEFEATED. Paris, April 5.—The one-year army service bill was defeated in the Chamber of Deputies yesterday, 214 to 227, after Premier Poincaré insisted upon passage of the bill providing for eighteen months' service for the government approved as necessary for France's security. On March 28 the eight month service bill, sponsored by M. Boncour, Moderate Socialist, was defeated.

P. E. I. GOVERNMENT WINS ON DIVISION OVER ROAD MONEY. Charlottetown, P. E. I., April 5.—The first division in the P. E. I. legislature this session occurred last night on a bill to amend the Highways Improvement Act, to enable the province to borrow \$450,000 to continue road building under the terms of the Federal Act. The bill carried, sixteen to five. An opposition amendment that no money be borrowed except for permanent work was voted down.

MAYOR'S CLERK IS BEREAVED. John A. Brooks, clerk to Mayor Schofield, received a telegram at noon today announcing the death of his sister, Mrs. S. S. Glover, at the home of her daughter in Brookline, Mass. Mrs. Glover was ill for about two weeks and news of her death came as a great shock to relatives in the city. She is survived by her husband and one daughter, Mrs. W. E. Walker, of Brookline; four grandchildren; one brother, Mr. Brooks; and three sisters, Mrs. W. J. Nagle, and Mrs. J. E. Edgett, of St. John, and Mrs. John Campbell, of Rosbury, Mass. On account of illness of his wife, Mr. Brooks was not able to go to attend the funeral, which will take place on Friday afternoon, but Mrs. Edgett will leave on this evening's train for Boston, "Many friends in the city will sympathize with the family in their bereavement."

G. W. V. A. CHIEF IS ENTERTAINED IN WOODSTOCK. (Special to Times.) Woodstock, N. B., April 5.—R. V. Maxwell, dominion president of the G. W. V. A., arrived here yesterday and addressed a public meeting last evening. He described the immense work the G. W. V. A. is doing for the ex-service men all over the country. The organization has 887 branches. Last year three million dollars had been spent to aid returned men and their families. In the evening the Ladies' Auxiliary of the G. W. V. A. entertained Mr. Maxwell and many returned men at a banquet. Col. W. W. Metville presided and speeches were made. The G. W. V. A. furnished a delightful program of music.

DOWN WITH THE MALES. Paris, April 4.—"Femininity gone rampant" may be the exclamation of the new "League of Women Victims of Men" as it is called—recently formed on the French Riviera. The necessary qualification for membership is a profound and sincere grouch toward all males, which must be built on a foundation of reason. Those who lost jobs through sex jealousy form the leading element of the league, but many jilted fiancées have shown good and sufficient reason to be admitted as charter members.

DOLLAR AT THREE TODAY. New York, April 5.—Sterling exchange heavy. Demand 4.87 1/2. Canadian dollars 8 per cent discount.

SHIPPING

ALMANAC FOR ST. JOHN, APRIL 5. A.M. P.M. High Tide... 5.10 Low Tide... 11.51. PORT OF ST. JOHN. Arrived Yesterday. Str Lisgar County, 1800, from Brixham. Sailed Yesterday. The Lisgar County arrived in port yesterday from Brixham to load for Havre and Bordeaux.

Arbitration of the Coal Mines Dispute—Statement by Mr. McDougall. Sydney C. B., April 5.—The executive board of district 138, U. M. W., representing the 12,000 mine workers of Nova Scotia, yesterday unanimously adopted the offer of Premier King to re-convene the Gillen conciliation board for the hearing of the dispute between the British Empire Steel Corporation and its employees, but suggests a change in personnel. The employees were ordered by the executive to discontinue the policy of striking on the job, pending the result of the negotiations. News of the action of the board spread throughout the mining district and is regarded as the harbinger of better times in the coal industry of Cape Breton.

NOTES IN HALF. Greeks Adopt Novel Scheme to Realize Quickly Large Sum in Forced Loan. Athens, April 5.—A bill authorizing the government to raise a forced loan of 1,500,000,000 drachmas (about \$55,000,000 at the present rate of exchange) was introduced in the National Assembly on Monday by the minister of finance. It provides that all persons possessing paper currency must lend fifty per cent to the state immediately the bill becomes law. A parliamentary committee is appointed to examine the bill. The bill provides an ingenious device to realize the loan immediately and automatically. All bank notes in circulation will be cut into halves, under the provisions of the bill, one-half to remain in circulation, representing half of the notes' value, while the other would be converted into a bond of the compulsory loan, bearing seven per cent interest. The national bank will be obliged to lend the state one-half of the amount obtained by the division of the bank notes.

PROBE MATTER OF ROAD WORK AT WICKHAM. (Special to Times.) Fredericton, April 5.—An investigation under oath into allegations that there had been irregularities in payment for certain road work done in the Parish of Wickham in Queens County was held here this morning by the Public Accounts Committee of the legislature with Hon. Mr. Magee in the chair. Lee Jones and Denton Reicker, the men who did the road work testified, as well as J. G. MacLure, road supervisor, and other government officials. The evidence showed that there is a difference of opinion as to the time handed in. The committee will hold a private session to consider the evidence. Peter Hughes, secretary to the Minister of Public Works, testified to the usual manner and attested in the usual manner. The pay sheet was placed in evidence. It showed that Lee Jones had done sixty hours hand labor at twenty cents an hour and was sent a check for \$12, and Denton Reicker had done twenty-five hours and was sent a check for \$10. W. A. Loudoun, comptroller general, testified to the checks having been issued for the pay sheet in the usual manner. The checks were still outstanding and had not been paid. It had not been brought to his attention that there was a padded pay sheet. When the matter became known the payment of the checks had been stopped.

ONE BOY KILLED, THREE OTHERS IN HOUSE MAY DIE. Concornia, Kas., April 5.—Theodore Tremblay, 18 years old, a farm boy, was slain with an axe and three younger brothers and the father, L. J. Tremblay, a trustee of Shiloh Township, were injured by unknown assailants, in their home near here late last night. Three of the younger boys are near death, with their heads crushed.

THE FATHER, TOO, ATTACKED IN RAID ON HOME IN KANSAS BY UNKNOWN ASSAILANTS.

CONCORNIA, KAS., APRIL 5.—Theodore Tremblay, 18 years old, a farm boy, was slain with an axe and three younger brothers and the father, L. J. Tremblay, a trustee of Shiloh Township, were injured by unknown assailants, in their home near here late last night. Three of the younger boys are near death, with their heads crushed.

NIGHT SESSION FOR WORKERS

Another Rush at Health Centres for Tuberculosis Examinations—More Mild Cases Discovered—Remarkable Response. More than 400 people presented themselves at the four health centres yesterday in the case-finding campaign being conducted under the auspices of the St. John Society for the Prevention of Tuberculosis. 152 of these were examined and fifteen definite cases of tuberculosis discovered. This morning's attendance seemed to indicate that yesterday's record would be greatly exceeded, as more than 200 people reported. Up to noon about sixty examinations were made, and about a dozen cases of tuberculosis were found. In the Prince William street clinic between fifty and sixty people reported but fourteen only were examined. Three mild cases were disclosed. In West St. John two persons of the sixteen examined were found to be suffering with the disease, but both are cases in their early stages and are curable. Dr. Carmichael, who is in charge in West St. John, said today that two of the cases found yesterday were people who had previously received treatment from him at River Glade.

An Evening Session. In order to give people who are working during the day an opportunity to attend for examination, it was decided to hold a night session at the Prince William street centre, starting at 7:30 o'clock. An effort is being made to have all the specialists and nurses present so that all who present themselves may be examined. It is proposed to continue the clinic until all the cases are exhausted. The X-ray specialist, who was doing duty yesterday at the St. John County Hospital and to whom some of the doubtful cases were referred, was kept busy all day. Other cases were sent to him this morning. The results of his first day's work has not yet been received at headquarters. The results so far have been more than gratifying to those behind the project, who were doubtful of the possible response to their rather limited preliminary campaign.

FOURTEEN SINN FEINERS FREED. London, April 5.—Fourteen Sinn Feiners were released from English prisons during the week-end, and orders from the government. They are believed to be the last of such prisoners convicted of offences in this country. It is reported their release was pursuant to a government decision to grant amnesty to all Sinn Fein prisoners in England, whether their offences were committed before or after the truce.

Believed Last of Prisoners in England—Little Ones Victims of Belfast Troubles.

London, April 5.—Two children, wounded during the week-end disorders, died today. A tram car derailed in Fall Road was raised this morning. The cashier was bound and robbed of \$500. The circulation manager of a Belfast newspaper received a telegram from Raphoe, County Donegal, where the supporters of Eamonn De Valera have been reported as very active, saying: "All Belfast papers burned this morning. Send no more."

Ginnel Goes Home. Buenos Aires, April 5.—Laurence Ginnel, who came here last year as an envoy from the Dal Eireann seeking the recognition of the Irish Republic, has closed the "legation" here and sailed for Ireland. He issued a long farewell message addressed to the "friends of Ireland in South America," in which he characterized the "fall of the republic as the greatest Irish disaster since the death of Owen O'Neill in 1649. He regarded this as only temporary, however, and said the Irish nation felt assured that when, through the revival of our republic, Ireland resumes her ancient place as a sovereign state among the independent nations of the world, she will receive from all of South America the practical friendship of prompt recognition and a cordial welcome."

ONE BOY KILLED, THREE OTHERS IN HOUSE MAY DIE. Concornia, Kas., April 5.—Theodore Tremblay, 18 years old, a farm boy, was slain with an axe and three younger brothers and the father, L. J. Tremblay, a trustee of Shiloh Township, were injured by unknown assailants, in their home near here late last night. Three of the younger boys are near death, with their heads crushed.

FIRE DISTRICT AND HOTEL CASE WERE DISCUSSED

The question of extending No. 1 fire district to include the block in which the Dufferin hotel is situated and the case of the hotel, which recently was given a permit to erect a wooden building for sample rooms, were discussed before the city council's committee of the whole yesterday afternoon. B. L. Gerow argued that the construction of the proposed building should go forward and H. H. McLellan, chief fire marshal, and Peter Clinch, representing the Insurance Underwriters, urged the extension of No. 1 district. Commissioner Thornton reported that it was his intention to submit a resolution in connection with the matter but the resolution was not ready, due to the absence from the city of the city solicitor. No decision was reached by the committee, consequently, and after both sides had been heard the committee went back into council.

Commissioner Frink presided in the absence of Mayor Schofield and Commissioners Bullock, Jones and Thornton were present.

A petition with a lengthy list of signatures urging that Winter street be paved was referred to the commissioner of public works.

The tenders of the Carritte Company, offering to supply asphalt at \$28 a ton and that of the Imperial Oil Company, Limited, offering to supply asphalt at \$30 a ton in packages and \$24 a ton in tank cars, were referred to the commissioner of public works.

Payments amounting to \$1,800 were ordered made on account of work already done to the Canadian Welding Works, Limited, which is installing the new stairway in City Hall.

The application of George S. Knowles asking to be appointed a city constable was referred to the mayor.

The report of the commissioner of finance and public affairs, recommending the payment of the usual departmental accounts and reporting payment of \$79,840.85 for the month of March, was accepted.

On account of unavoidable delay for which it was in no way responsible the

Stephen Construction Company was given an extension of time to June 1 to complete the pile driving at the east side ferry float.

In the matter of the contemplated extension of the fire district No. 1 and the proposed new sample rooms of the Dufferin Hotel, B. L. Gerow, appearing for the hotel, was heard first. He said that he had come with a counter-proposition on behalf of his clients. It was now their intention, he said, to line the sample rooms with steel, to have the building heated by hot water, the furnace being in the hotel itself, and to have no grates, flues or chimneys of any kind in the proposed building. He was not referring to any legal rights his clients might have. He was simply submitting this proposal.

H. H. McLellan said that the block was fast becoming one of the most dangerous in the city and he was advocating that it be raised from No. 2 to No. 1 fire district. It was essential to the greater safety and prosperity of the city and it was a matter of little moment to the bag drying plant in the adjacent block. The city already had two or three disastrous experiences with fires in bag drying plants. There was no greater fire hazard known.

As chief fire marshal, he represented

the people of the province. If he was to be successful he must maintain and reduce, where possible, the rates charged by the companies. The insurance people did not stand the losses; they collected from the people. If the present building was allowed to go up there would be an additional tax on the people of the block.

Peter Clinch said it was a great pity that the section had not been put in No. 1 section long ago; it was a disgrace to the city not to have it in No. 1. He spoke of three garages, two of them wooden ones, in the neighborhood. He would be sorry to see any wooden buildings in Charlotte street for there would be an increase in the rates charged people in the vicinity. He said that there was in Main street a four-story wooden building which was distinctly contrary to the law. He thought the building laws were not very strictly enforced.

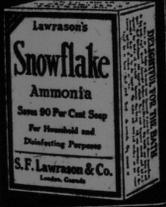

Mr. Gerow said he regarded the proposal to stop his clients from building as against all law. The building which was to cost about \$4,000 or \$5,000 was perfectly safe so far as the citizens were concerned. He said that the section of the Suppression of Fires Act under which the marshal proposed to proceed did not apply in this case.

If the by-law incorporating the district into No. 1 were passed what about damages for his clients? They had already spent a good deal of money; lumber had been cut and so forth.

Mr. Thornton said it was not the intention to inflict hardship on any one. Amendments to the by-laws usually caused some one to feel a personal grievance. A start had to be made with the electrical by-laws but now every one seemed satisfied. He felt that the matter could be settled by negotiation between the interested parties.

No. 6 fire station company in West St. John was called out at 5.50 last evening in response to an alarm sent in from box 116 for a chimney fire in a house in King street owned by the Sterling Realty, Ltd. Salt was used and the fire quickly extinguished with practically no damage done.

YOUR CUP OF TEA

Your cup of Tea means much to you. It is more than an item in the daily fare. It is the one thing that "rounds off"—or spoils—an enjoyable repast.

Tea is fortunately so cheap in this country that there are few who cannot afford Choice Tea. The cost per pound is only slightly higher than ordinary Tea, while the increased pleasure you get from every cup you make is worth many times the difference. It is true also, that a FLAVOR-FULL Tea like KING COLE Orange Pekoe will actually spend further—that is, make more cups to the pound. KING COLE Orange Pekoe is prepared particularly for lovers of Choice Tea.

WEAL OF CHINA'S PEOPLE MAY BE REALIZED

Rev. Robt. Jaffray Pays Tribute to Good Intentions of World Statesmen at Washington Conference.

Rev. R. A. Jaffray of Wuchow, South China, arrived in Toronto yesterday, accompanied by Mrs. Jaffray, for a two month's visit. When Mr. and Mrs. Jaffray left their mission station on the West River the heat of the summer was becoming oppressive. On their arrival in Toronto they saw the first snowstorm they had seen in many years.

In an interview granted The Globe a short while after his arrival, Rev. Mr. Jaffray expressed the opinion that the problems of China and the Far East are nearing solution. Mr. Jaffray believes that the leading statesmen who attended the Washington Conference on Disarmament had the ultimate good of the Celestial Empire in view when they drafted the Four-power Pacific Treaty. He thinks that the regeneration of China will come about only when an international board has taken over the administration. Mr. Jaffray is frankly convinced that the intelligent Chinese people will prefer this method of rehabilitation to a Japanese monopoly, with the danger of submersion beneath Japanese militarism.

China's Efforts May Fail.
He had little hope, he said, of good results from the efforts of Dr. Sun Yet Sen, the President of the Southern Republic, who, according to last despatches, was moving his armies in position to give battle to the armies of the North, in his endeavor to unite the whole of China under a central administration.

"It would be a difficult matter to govern China from one central point under the most favorable circumstances, and this difficulty is accentuated now," said Mr. Jaffray. "The representatives of the great powers at the Washington Conference—such as Mr. Balfour, Mr. Hughes and Mr. Harding—have something at the back of their heads in regard to China, I think. They have agreed to give China her last chance, and are waiting developments from the efforts of Dr. Sun. I think the powers are convinced that China's own efforts will fail. But they are watching Japan, also, in the meantime. They want to determine what Japan's ambitions and aims are since the signing of the Pacific Treaties. Should Japan attack China openly, the United States and Great Britain would step in at once. But, on the other hand, if things go along in the same way, I think there will be a pro-

China in the hands of an international board of Governors at which Japan also would sit in.

Japan is Now Wary.
"The financial affairs of China are at present administered by a consortium, consisting of representatives of the big powers, and the arrangement of the future would be along similar lines where natural resources and railways are concerned," he concluded. "The Customs in Chinese territory, in Manchuria and in Chantung," added Mr. Jaffray. "And, although little Nippon is an ambitious nation, I think her appetite for territorial expansion has been checked. Japan will never try to swallow China, because Japanese statesmen know Japan could never digest and absorb China," he added.

"The wave of hostility against Japan, which swept over China, and

which culminated in the boycott of Japanese goods, is receding somewhat," stated Mr. Jaffray. "That boy, would have brought Japan to her knees in the end, a thing which the Japanese will not admit very readily, but it was costing them millions of dollars, and the boycott was broken only through the influence of Japanese gold."

Christians in Korea.
Mr. Jaffray, in speaking of Korea and the progress of evangelistic work among the Koreans, said that country was slowly becoming a Christian nation. "There are more genuine conversions to Christianity in that country than anywhere else in the Far East," he said. Asked by The Globe what he thought of China's great Christian soldier, Gen. Feng, who has been spoken of in many quarters in China as one of the great hopes of the nation in her present crisis, Mr. Jaffray said: "Ah! He is a real Christian man."

**FREDERICTON
DIOCESAN W. A.**

Vague forecasts of good things to come in the way of reports to be submitted at the annual meeting characterized the reports given at the April meeting of the Fredericton Diocesan W. A. held yesterday afternoon in St. Luke's Sunday school. The meeting was well attended and interesting letters from missionaries in India and Japan were special features. Mrs. James F. Robertson presided.

The rector, Rev. R. P. McKim, gave an inspiring address taking for his theme the words of Christ, "Lo, I am with you always."

Miss C. Schofield, corresponding secretary, reported two new branches formed in Ladlow and Sackville and new life members, Miss Dole, Mission church; Mrs. Marr, Woodstock; Miss Caldwell, Fredericton; Mrs. H. Beley, Greenwich; Mrs. Buckland, Gagetown, and Mrs. W. P. Jones, Woodstock.

Among correspondence received was a letter from the Campbellton W. A. telling of the branch having furnished a room in the Memorial hospital in memory of relatives of the W. A. members who fell in the war.

Photographs of Rev. Eldon Merritt and his bride standing beside their rectory in the Yukon were passed round and the W. A. was reminded that it was helping to furnish the rectory.

Mrs. G. C. P. McIntyre, treasurer, reported that 109 of 114 branches had sent in reports and that the pledges would be found to have been filled as a rule.

Mrs. John M. Hay, Dorcas secretary, read a letter from the Dominion Dorcas secretary emphasizing the necessity for sending the money for boots for sales at an early date. In all \$500 would be required from the diocesan W. A. for footwear. Chamcook and Gagetown branches, being unable to send outfits, were sending substantial amounts of money for footwear in the co-operative sales.

The Motor Show

TODAY'S PROGRAMME

Doors Open at 2.30 p. m.

8 p. m. to 10.30 p. m.—Concert by Jones Orchestra.

9 p. m.—Fifteen minute address by Rev. R. G. Fulton, pastor of Centenary church, on "Development in Sport."

8.30 and 9.30 p. m.—Solos by Mr. E. C. Girvan

Tea Room Conducted by Fundy Chapter, I. O. D. E.

Mrs. J. Roy Campbell read an interesting letter from Rev. Mr. Ford, in Kangas, telling of the Christmas services and celebrations in that far mission field and of the difficulties of entertaining Mohammedans and Hindus at the same time. Thanks were expressed for the W. A. gifts sent last Christmas and suggestions were made as to the gifts for the Christmas to come. Noisy toys for boys were specially asked for and babies' rattles to please the babies' mothers.

Mrs. Cortland Robinson, convenor for literature, told of the use of the slides "Our Church at Work" and made an

announcement of the Lenten study class.

Miss Muriel Fairweather, secretary of the Letter Leaflet, reported 1,297 copies sent out in April, which was nineteen less than last April. Cross Creek branch wrote to tell of sending literature to different mission stations.

Mrs. J. Roy Campbell, E. C. D. treasurer, said there was \$259.06 in that fund to be voted on at the annual meeting.

Miss Helen Richardson, girls' branches secretary, reported on her visits to girls' branches in the city.

Mrs. Frederick Foster, secretary for the Little Helpers, said there would be good news from this department at the annual meeting. As a small boy member in Campbellton had written that he had B.L.S. in his mite box and wanted it to buy boots for Indian children, it had been decided to vote some Little Helpers' money to the Dorcas boot funds.

Miss Sadler, Letter Leaflet editor, read an interesting letter from the St. Martin's branch prayer partner in Japan telling of the tremendous impressions made by the visit of the emperor's son to England since the royal family had always been regarded as nearly divine. Arrangements for the annual meeting were discussed.

HIGH SCHOOL ATHLETICS.

A track committee consisting of K. Jones, J. McInerney and J. Wilson was appointed at a meeting of the High School Athletic Association Monday afternoon. In preparation for the athletic meets in which the school may take part the boys will endeavor to secure the use of the Barrack Green for practice. Frank Garnett has volunteered to coach the sprinters. It is planned to have an inter-class meet during the season.

Special Motor Display Week, March 4th to March

**Facts you should know
when you buy a car**

THE question of greatest importance is not what you will be allowed for your old car but the price you pay for the new car and the value received.

You are money out if allowed \$100 more for your old car, yet have to pay a \$250 higher list price for a new car when the comparative value is not there.

A purchaser's loss is only postponed when trading allowances are made above a used car's real value. The deal that may appear most satisfactory to you in the beginning may prove to be the most expensive in the end.

No one receives anything gratuitously in this world — don't be misled by false allowances.

We believe that any sales policy which encourages the giving of fictitious values for used cars is an injustice to the public. We wish to establish definitely the fact that the McLaughlin Motor Car Co., Limited, has never followed this policy—rather has always based the price of its product upon actual costs and when costs come down correspondingly reduced the prices of its cars to the public without any camouflage whatsoever.

Compare McLaughlin-Buick Values and Prices with all others.

McLaughlin-Buick Cars are BUILT, not merely assembled, in Canada.

Ask us about our plan of Deferred Payments.

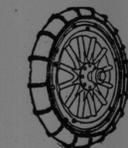

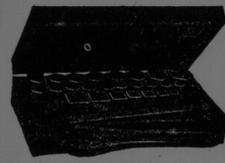

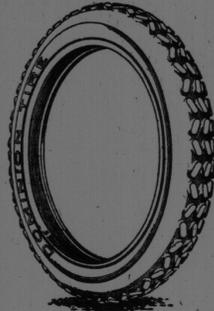

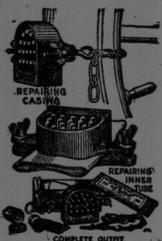

New series in Four Master Four Models in Roadster, Touring, Coupe and Sedan Types, ranging in prices from \$1,340 to \$1,995, and Seven Models of the Master Sixes in Roadster, Touring Cars, Coupes and Sedan Types, ranging in prices from \$1,965 to \$3,445 f.o.b. Oshawa, Sales Tax Extra.

BILLIARD TEST NOT WHOLLY CONCLUSIVE

New York Fans Say Question of Supremacy of Schaefer Over Hoppe Still in Doubt.

(New York Times.) They are both champions. The composite effect of the general sentiment expressed in local billiard articles yesterday regarding the match between Jake Schaefer and Willie Hoppe for the world's 18.2 billiard championship concluded at Orchestra Hall in Chicago on Wednesday night with Schaefer successfully defending his title by a score of 1,600 to 1,468.

At its conclusion the question of supremacy was still in doubt, for a victory by the scant margin of thirty-two points can scarcely be called decisive. Wherever billiard fans congregated in this city nothing else was discussed. The wonderful showing of both players was the sole topic of conversation. It was agreed that never before had two players been more evenly matched in ability and the prevailing expression of opinion was that Hoppe in defeat was almost as great as Schaefer in victory.

General regret was expressed that under the conditions governing championship challenge matches it will be impossible for Schaefer and Hoppe to meet again for some time. Welker Cochran already has challenged Schaefer and they will play within thirty days, probably in Chicago. The conditions provide that challenges can be submitted according to the positions in which the players finished in the international tournament at Chicago last November. Thus Roger Conti, who has returned to France, is in line to challenge the winner of the

Schaefer-Cochran match. This match, however, could not possibly be played before next season, for the rules stipulate that the champion cannot be compelled to defend his title during the months of June, July and August.

There is a general demand for such a meeting. There is little doubt that it would draw capacity crowds wherever staged, but the chances are that Schaefer would not be able to entertain any such proposition until after he has played Cochran. He would scarcely care to subject himself to the strain of such a meeting on what might be termed the eve of his meeting with Cochran.

While discussing the match yesterday, C. P. Miller, vice-president of the Brunswick-Balke-Coleander Company, which donated the diamond medal emblematic of the world's billiard championship, said: "It undoubtedly was the greatest match in the history of billiards. I am highly gratified at the showing made by both players. They are wonderful exponents of the game. I am not in favor of matches of greater length than 1,600 points. I think it is better to have more matches at that length in which the interest is maintained as it was in the match just concluded than to have one match at three or four thousand points in which one of the players may obtain a lead of four or five hundred points and kill any further interest in the affair."

John T. Doyle had the following to say: "The match proved to my satisfaction that the question of ability is a toss up. The breaks undoubtedly decided it. The rolling of a ball the sixteenth of an inch made a great difference. The final score shows that the breaks must have been pretty evenly divided, with Schaefer getting whatever shade there may have been. Such events are a wonderful thing for the sport in general. And it is equally fine for the sport that such fine young gentlemen are its leading players. It would be impossible to find two cleaner living young men. They are indeed a credit to billiards. As regards settling the question of supremacy between them, I believe they would have to play a match of 10,000 points to reach a decision."

Maurice Daly said: "It was anybody's

GIRL, LONG A CRIPPLE, TO BE CIRCUS RIDER

Daughter of Equestrians With Barnum & Bailey's 25 Years Sees Big Show For First Time.

Fred Bradna and his wife Ella have been circus equestrian stars these many years, about twenty-five, to be exact, with Barnum & Bailey. Probably the happiest day of their circus experience came this week when they were joined by their 17-year-old daughter, Helen, who arrived in New York from Strasbourg, Alsace-Lorraine. Helen was crippled by infantile paralysis when she was 3 years old, and until two years ago it was thought she would be an invalid for life. Now her recovery is so far around that she plans to learn to ride a horse like her father and mother and will join the circus.

"I have Professor Bagymil Lange of Stuttgart to thank for my recovery," the girl said. "He is famous like Dr. Lorenz and took me under his wing for two years, I, who had expected to spend my life in an invalid's chair, will presently—if they will employ me—be riding about the ring with my father and mother."

Helen saw the circus for the first time. She had seen tiny one-ring traveling caravans which sometimes "made" Strasbourg, but she had never seen anything like "the greatest show on earth." "It was wonderful," she explained. "You do everything in such a big way here in America. You know that although my father and mother have been here many years this is my first visit. I'm going to master English first so that an American horse will understand me, and then I'm going to ride. Through me and desire to be a former, I think there will be little difficulty about arriving at the goal I intend to reach. Some day I, too, will be a wonderful rider." Fred Bradna said he considered his daughter's recovery remarkable in that nearly every physician who attended her during her early years reported that she would be a cripple for life. Professor Lange, he said, was very patient and journeyed from Stuttgart to Strasbourg to see his patient. Bradna said his daughter's cure had taken \$5,000 from his earnings. "And that's a lot in French money," he added, "but it was more than worth it."

PARENTS AND THEIR DUTIES

(From the Omaha Bee)

The one sure and certain way of having young men and young women grow up to their estate clean in mind and body is to surround them with clean influences while they are boys and girls. This does not mean to rear them as sissies; then a loved child falls into the pit they failed to point out.

of the rope and standing on his head for a short time before continuing his journey. Perhaps the most sensational feat in the history of Niagara Falls was performed by Signora Spelerni, who successfully crossed with bushel baskets on his feet in place of the usual tight-rope walker's shoes.

It still be an athlete and even a good sportsman. The book of knowledge need not be sealed in order to rear a boy or girl along right lines; they should be taught the meaning of life, and not be allowed to drift into the ways of death because they were not warned of the danger. But they should be taught the sanctity of life, the manifestation of the Creator as exhibited in the powers and functions of the body and the mind, and early learn to know good from evil. And with a proper self-respect they will readily reject the filth that is proffered under the guise of amusement. The home is the place to provide this training, and it is up to the fathers and mothers to give it. If they neglect their duties, they need not be astonished if now and then a loved child falls into the pit they failed to point out.

Making Ice Cream A Better Food. PURITY HEATHIZED ICE CREAM IS RICHEST IN VITAMINES. Heathization is the most important advance in food sanitation of the age. It adds a super-purity to this delicious produce and increases its food values by preserving from destruction those essential vitamins which are the health and growth elements of food. AIR IS A DESTROYER OF VITAMINES. It has been proven that agitating high vitamin food-stuffs in air causes an important reduction of their vitamins by oxidation, through contact with the free oxygen in the air. The highest authorities have also shown that agitating dairy products and other high vitamin foods, in the pure, sterile atmosphere used in making Purity Heathized Ice Cream preserves these precious food elements. WHY PURITY ICE CREAM IS BEST. That is what makes Purity's Heathized Ice Cream so infinitely better and purer than ice cream frozen in air. Insist on Purity Heathized Ice Cream. It is the ONLY ice cream made in New Brunswick by the Heath patent method. So you can only get this purer and better ice cream by buying Purity. Order it from your dealer. If he hasn't it, go to a Purity dealer. PURITY ICE CREAM. BEST AND PUREST BECAUSE ITS HEATHIZED. Purity Ice Cream Co., Ltd. ST. JOHN, N. B.

Is your skin pale and sallow? How you can rouse it. ONCE a week before retiring, fill your basin with almost boiling water. Bend over the basin, covering your head with a heavy bath towel, so that no steam can escape. Steam your face for 30 seconds. Now lather a hot cloth with Woodbury's Facial Soap and with this wash your face thoroughly, rubbing the lather well into the skin. Rinse, with warm water, then with cold, and finish by rubbing your face for 30 seconds with a piece of ice. The first time you use this treatment, you will notice a marked improvement in your complexion. The Andrew Jergens Company. Made in Canada.

mass and cushion shots that enabled him to overcome these difficulties and finally nose out his rival. Hoppe took his defeat very gracefully. He was the first to congratulate Schaefer. When Schaefer ran out the game with a final cluster of ten Hoppe immediately rose from his chair, stepped around the table and shook young Jake's hand heartily. Later when interviewed Hoppe said: "There is none better than young Jake." The score by innings of the final block follows: Schaefer—50 10 2 22 20 3 28 4 0 0 0 213 29 3 10. Total, 500; high run, 213; average, 33 5-13; grand total, 1,600; highest run, 22; grand average, 46 12-31. Hoppe—6 9 58 69 0 88 1 111 0 44 84 43 13. Total, 516; high run, 111; average, 36 12-14; grand total, 1,468; highest run, 20; grand average, 42 28-30.

Players Showed Signs of Strain. Although Hoppe outplayed Schaefer, 216 to 200, in the final block of the match, he could not overcome the lead that Schaefer had gained in the first two blocks. They both showed signs of the strain under which they were playing, a fact attested by the average they made for the last night of play. These fell off, Schaefer averaging 33 5-15 and Hoppe 36 12-14. Their best runs were 213 and 111, respectively. Hoppe after the challenge had taken the lead in the total score, and 111 by Hoppe. Although neither of the players scored with the consistency that had featured his work in the previous blocks of the match, it was little short of sensational at times during the final block. This was particularly true of Schaefer's work. Time after time faulty judgment in speed caused the balls to line up on him and it was only his remarkable execution

LOCAL NEWS. Miss Ethel H. Jarvis, secretary of the New Brunswick division of the Red Cross Society, recently returned from Toronto, where she attended the annual meeting of the society. She said yesterday that great things were accomplished. A special grant was made for films of the activities of the society. Good progress was made with the junior Red Cross and with the emergency relief preparedness. This year New Brunswick has two members on the Central Council, C. B. Allan and Dr. W. S. Carter were both elected. The executive of the Maritime Religious Education Council met yesterday and much business was transacted. Reports were received from the secretaries of the work carried out in the various departments. Arrangements were made

BOWLING.
Games Last Evening.

In the Clerical League the Railway Mail Clerks took all four points from the Dominion Rubber System. The winners totaled 1,915 and the losers 1,188.

In the two men league on Black's alleys team No. 1 took three points from team No. 2, and team No. 3 took three points from team No. 4.

In the two men league on Victoria's alleys team No. 10 took three points from team No. 1, and team No. 5 took three points from team No. 8.

Mechanical Staff Wins.

The Mechanical staff of the C. P. R. bowling quintette defeated the General office staff in the third of a series of games played on the G. W. V. A. alleys last evening. The game was featured by high scoring, Lannigan of the winning team making 122 in the third string and averaging 100, while Wilson turned in 104 for his last string. The General Staff team put up a good fight, but had hard luck on the breaks. The series was one of the best ever played by any department teams of the C. P. R. and created considerable interest. The individual scores follow—

Mechanical Staff.	Total Avg.
Wilson	72 82 104 258 86
Hayes	64 70 81 215 71.2-3
Brittain	91 78 82 251 83.2-3
Vaughan	74 67 73 214 71.1-8

MUCH BUSINESS TRANSACTED IN LEGISLATURE

Fredericton, April 4—A large amount of business was transacted by the legislature today and it now seems to be the idea of both sides of the house to expedite the work of the remainder of the session as much as possible.

Among the bills introduced was one amending the municipal debentures act, making it compulsory for school boards to provide sinking funds for bonds issued, a bill to amend the New Brunswick companies act to provide for the incorporation of political bodies, a bill to amend the New Brunswick electric power act, to facilitate the expropriation of land by the commission and also to give any municipality or city the right to enter into a contract with the commission for the purchase of power, an act to further provide for permanent bridges and works of a permanent nature, including \$30,000 for work done between the end of the fiscal year and March 31, \$100,000 for work undertaken and \$300,000 for work contemplated. A bill also was introduced to provide for

Not a Laxative

Nujol is a lubricant—not a medicine or laxative—so cannot gripe. When you are constipated, there is not enough lubricant produced by your system to keep the food soft. Doctors prescribe Nujol because its action is so close to this natural lubricant. Try it today.

Nujol For Constipation

This boy died four hours after being brought to the feeding station

—not next week —or next month but NOW!

ONLY those who have visited Russia can have the faintest conception of the horrors that stalk the famine districts. Except the supplies brought in by the Relief Funds, there is no food—absolutely none of any kind. Millions of people are reduced to eating grass and sun-blackened straw. Dr. Nansen says that every time the clock ticks, dozens of wasted skeletons that were once men, women and children, are toppling over dead. Unless additional relief is sent at once, ten million people—mostly children—will have to be left to starve. Every day of delay exacts a frightful toll of death. We can save many of the children if you will help now. Will you send today—something—anything to save some of these pitiful, starving children? Only—if they are to be saved—do it now. 25c will feed a child for a week. \$1.00 will ensure sufficient food for one child for a month. \$500 will establish a kitchen and feed 100 children until the next harvest.

Cheques and money orders may be forwarded through your bank or local committee or sent direct to Sir George Barn, Treasurer, Save the Children Fund, Elgin Bldg., Ottawa.

the quicker and better collection of taxes. The house went into supply with Mr. Hayes in the chair and passed the appropriations for the legislative assembly, the department of the attorney-general, the department of agriculture with the exception of an item of \$8,000 for immigration which was stood over, the department of lands and mines and most of the items of the department of public works. Most of the items were passed without discussion, with the exception of those of public works. When the house resumed this evening the estimates were further considered and the balance of the appropriations for the public works department, those for the department of public health and the hospital grants were passed. Speaking in supply, Mr. Pinder, member for York, signified his intention of opposing the bill regarding the city of St. John and the N. B. Power Company when it was presented in the house. Mr. Smith (Albert) said that the lime crushing plant had cost \$10,000 and the province was to give a bonus of twenty-five cents per ton. He presumed the bonus was to go to a sinking fund, and if so, he wanted to know when the government expected to realize the full amount. He was glad to know that the hon. minister was devoting his whole time to the work of his department. Hon. Mr. Messereau said that the object of the scheme was to give the farmers cheap lime, and not to make a profit for the government. He understood that when the government had

received sufficient in bonus to reimburse them for the outlay, the plant would be turned over to the company. The bonus as paid in to the department was turned over to the provincial secretary treasurer. Mr. Smith (Albert) on the item of \$2,000 for bonus for wheat mills asked for a list of those to whom the money would be paid. Hon. Mr. Messereau said that \$1,000 would go to J. E. Porter, of Andover, as the second half of his bonus, and \$1,000 would go to J. Cote, of Grand Falls, as the first half of his bonus. Mr. Smith (Albert) on the item of \$18,000 for exhibitions said that he had heard considerable criticism with reference to grants to exhibitions, particularly those held at St. John and Fredericton. He had not heard so much criticism, however, in regard to the

smaller shows, such as those held at Woodstock and St. Stephen. The farmers were beginning to feel that the large expenditure was of more benefit to hotels and stores than to those who tilled the soil. Hon. Mr. Messereau said that he was inclined to agree with the hon. member, but wished to point out that the large exhibitions had for years been in receipt of grants from the government. Formerly one provincial exhibition was held each year, but no where were two, and the grants were given year about to stock and Chatham. Large plants had been built up in those places at considerable expense, and in one town twenty citizens had subscribed \$1,000 each for the purpose. He felt, however, that overhead expenses had become too large and he had advised curtailment. The

grants had already been promised for the present year and hardship would result if they were not made. The fair at St. John could not be strictly called an agricultural exhibition. True it was patronized by many farmers, but they went there for recreation, and were apparently as much interested in the girls at the shows as in the agricultural exhibits. He favored helping the small fairs and last year had given a grant to one at Port Elgin, which for the present year would go to Sackville. The provincial grant for 1922 would go to St. John and Woodstock. Mr. Fawcett said that he believed the times had arrived when the province should cut out grants for large exhibitions. It was important that expenses should be reduced, and while economy was necessary in matters pertaining to agriculture, he did not mean to imply that it should begin there and end there. The house again went into committee and agreed to bills to amend the jurors' act, to provide for a tax on liquor exports, to amend the St. John city court act, to incorporate the Lieut. George B. Peck memorial hall and to enable the Roman Catholic bishop of Chatham to sell certain lands in Gloucester, and to enable the trustees of the Victoria street Baptist church, St. John, to issue debentures. Adjourned at 11.17 p.m.

TUNISIAN HERE FROM GLASGOW

The C. P. liner Tunisian arrived in port yesterday from Glasgow, Scotland, and docked at No. 3 berth, Sand Point, shortly before 4 o'clock. She brought on 110 cabin and 308 third-class passengers, in addition to approximately 600 tons of general cargo. Included in the passengers were: Dr. William Huntington, M.B.C.S., L.R.C.P., of St. Andrews, Scotland, and Commander C. G. Guy, of Montreal, who had been in London for a few weeks on business. Maritime passengers on board were: Mrs. Harris Mawhinney and child, of this city, who went to Scotland at the first of the year on a visit to relatives, and J. H. Dunlop, of Bathurst (N. B.). Another party of settlers arrived on the steamer. There were fifteen members, all rugged-looking West Highlanders, who are en route to the west to till the soil and establish themselves as Canadian citizens. On their arrival they were looked after by A. MacDuff, who is the C. P. R. colonization agent, and prior to departing for their destinations were lined up to have their photographs taken. The party came under the supervision of Rev. Angus McDonald. A special train was made up and departed from Sand Point at 7.15 o'clock. This conveyed the majority of the passengers to Montreal and points west, where they will be forced to give an accounting. The prisoner was rushed to a taxi and whirled off to the Union Station to catch the 4.30 train to London. Inspector A. B. Boyd of the Ontario Provincial Police was here to meet the party, and assistance was also given by the local investigation department of the C. P. R. While the Tunisian was en route here, a young Scottish sailor fell overboard and was drowned. He was engaged in work on the ship when he lost his foot-
