LETTERS TO THE EDITOR

THE YOUNG PEOPLE AND THE STREETS OF ST. JOHN

Editor Times:
Sir,—With regard to keeping young people off the streets in the evening, it seems to me such a law would deprive the younger generation of any pleasure at all in this city. As a general average, the young girls and boys work from seven a. m. till six p. m., and after working inside a building ten hours under poor sanitary conditions, most of the buildings around this city are, if they are not permitted to walk about the streets there will be a lot of sickly looking boys and girls, and I think, further, that the matter should be referred to the doctors before such a law is enforced. I have traveled a good deal and I do not think I have seen any healthier or stronger young people than those of St. John. I happened to be in the police court one day when a school boy was before the court, charged with taking a quantity of tobacco from a store. He was remanded to jail. I hope the jail is big enough to have a separate place for young fellows of this class, without mixing them with old offenders, who would teach them many things they otherwise might not know. I fear the people of other places will have a rather poor opinion of St. John in regard to its treatment of the young people.

Yours,
TAXPAYER.

ONE SESSION IN THE SCHOOLS
St. John, Nov. 6, 1913.

Sir,—As the matter of cancelling the privilege which our city schools now have, of one session on inclement days, is now under consideration will you kindly allow me space for a few remarks.

Last month notice was given through the press of the high percentage of attendance in our schools. Take away the one session privilege and where will this high percentage be—non est—for I know from experience I do not allow my children to return to school on a very rainy or stormy afternoon if by any oversight I do not think I am any exception to the majority of parents. Of course, as a result of keeping them home the children go next morning with unprepared lessons, which I know must be most annoying to the teacher, but then the parents must consider the health of our children first of all.

Moreover I wonder those who think it would be best for the schools to abolish one session have considered the fact that a one session day is four hours school work 9 a. m.—1 p. m. and that an ordinary teaching day consists of but five hours. Then does it seem quite fair to both teachers and pupils to bring them back to school and some of them a very long distance for the sake of one hour's work? In the lower grades surely an occasional hour out of school would not count so much and the higher grades where the curriculum is so crowded that not a moment must be lost, if teacher and pupils wish to complete the work of the grade, could not the teacher assign a little extra home work that would compensate for the one hour?

It does not seem to me just to arbitrarily take away this one session privilege without first consulting the teachers and parents—those most interested. I should like to hear the opinions of other parents on this matter.

Thanking you, Mr. Editor, for the space given me, I am
Yours, etc.
PARENT.

Pat women who are contemplating a new gown in the mode will have to contemplate a reduction of their flesh before they visit the dressmaker.

Fortunately this is nothing like the hard labor it was had once upon a time, but exercising or dieting to get results with. Now, a new and better way has been discovered. Marmola Prescription Tablets should bring any woman, however fat, to the proportions necessary for her to wear a Déescente gown.

Let her take a Marmola Tablet (made in accordance with the famous prescription and, therefore, harmless) after each meal and at bedtime and she should very soon be losing a pound a day. This result, accomplished with such ease, is one of the table customs forming wrinkles or loosening the stomach, and making the body.

Even one large can, costing only 75 cents at any drugstore, or the same amount direct by mail from the Marmola Company, Farmer House, Detroit, Mich., gives healthy results. This constitutes the same of economy.

Daily Hints For the Cook

Graham Rolls
One egg, two-thirds cup of sour milk, two tablespoons of molasses, one teaspoon of saleratus dissolved in the milk, and two cups of graham flour.

Salad Dressing
Mix in order, 1 teaspoon mustard, 1 teaspoon flour, 2 teaspoons sugar, 1/4 teaspoon salt, one tablespoon butter, mixed thoroughly with the dry ingredients, 1 well beaten egg, 1/4 cup milk, 1/2 cup sugar. Be careful to pour vinegar in slowly stirring all the while to avoid curdling. Should this happen, beat smooth with an eggbeater. Cook until it thickens.

The Evening Times and Star

ST. JOHN, N. B., NOVEMBER 7, 1913. The St. John Evening Times is printed at 1111 University Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THESE ARE VITAL QUESTIONS

The suggestions made by Hon. William Pugsley on Wednesday evening touching the matter of the Grand Trunk Pacific and St. John Valley Railways, and the terminals at Courtenay Bay, should be acted upon by the city council and board of trade without delay.

It really looks as if the time had arrived when St. John should have a transportation expert of its own, to look after its interests in regard to the very important matters which are now in an unfinished state, and concerning which the need of fuller information and more prompt action is obvious to every citizen.

Dr. Pugsley stated that he had it on undoubted authority that the bridges required for the St. John Valley Railway could not be constructed unless provision were made by the government for more money than is now available. This means that the construction of the line between Gasquetown and St. John, crossing the river, will be hung up indefinitely, or until more money is provided. It can only be provided by the federal government.

But Dr. Pugsley further pointed out that although the late C. M. Hays some three or four years ago declared that the Grand Trunk Pacific would begin at once the work of providing terminals at St. John, not a blow has been struck. Why has nothing been done, and cannot something more satisfactory regarding this matter be learned? The brief communication which the board of trade received from Mr. Chamberlain, and the correspondence the city council may have had is very far from satisfactory.

With regard to the Norton Griffiths contract, Dr. Pugsley pointed out that the original terms of the contract, drawn up while he was minister of public works, called for the completion of the work within three years. Had that been accepted by the Borden government and had Mr. Hazen and his colleagues been willing, there would be no such complaint as there is at the present time concerning the lack of activity in carrying out the dredging contract.

The present government gave Norton Griffiths & Company five years in which to finish the work, and, as Dr. Pugsley said Wednesday night, they cannot be said to be in default until the time limit has expired, no matter what the citizens may say about the lack of rapidity with which the work is at present being prosecuted. If there is any way of hastening this work, the city council and board of trade should press vigorously upon the government the importance of a more aggressive attitude resumed at the earliest possible date for the traffic of the Grand Trunk Pacific.

DO THE CITIZENS LIKE IT? The Hon. William Pugsley is a person who deals in cheap clap-trap. He is also an opportunist and a person of questionable honesty. The Editor of the Times is a winner, a whippersnapper and a hireling. Therefore Mr. Hazen is a great man, and St. John is in no danger of injury as a result of the Gutelius agreement.

This in substance is what the Standard says this morning, in an article considerably more than a column in length. The Standard is now making a violent appeal to all Conservatives in St. John to rally to the support of Mr. Hazen, ignoring the Gutelius agreement, and reposing a child-like trust in Mr. Hazen in order that the city may be saved from the deadly wiles of "one William Pugsley."

The game will not work, Hon. William Pugsley did not introduce politics into this controversy. He stayed out of it altogether until within ten days of the time when the Gutelius agreement would go into effect. Then, as a member of the board of trade and as a representative of this city in parliament, he attended a meeting of the board of trade, which dealt with the question of the mail steamships. The views which Dr. Pugsley expressed at that meeting were endorsed by all present, regardless of party, and the action taken was unanimous. It is most unfortunate that there is today in St. John a newspaper which at this critical stage in the city's affairs endeavors to play the political game and convey the impression to the people of Halifax, Ottawa, Montreal and all Canada that St. John is not a unit in its demand for fair play in the matter of the mail steamships.

BIRTHDAYS OF NOTABILITIES

FRIDAY, NOVEMBER 7 W. D. Scott, Canada's superintendent of immigration, Ottawa, observes his fifty-second birthday today. He was born in Dundas, Ont., went west in 1881 and entered the employ of the Manitoba government in 1887, since when he has been continuously identified with immigration.

F. C. T. O'Hara, deputy minister of trade and commerce, was born forty-three years ago today in Chatham, Ont. He spent some years in banking and newspaper work, and then became private secretary to Sir Richard Cartwright, from which position he rose to be deputy minister in 1908.

Cyrus A. Birge, one of Hamilton's principal manufacturers and now vice-president of the Steel Company of Canada, is sixty-six years of age today. He was born near Oakville and rose to prominence as manager of the Canada Screw Company.

Hormidas Laporte, prominent wholesale grocer, Montreal, and one of that city's most public-spirited citizens, was born at Lachute on November 7, 1850.

LIGHTER VEIN Mistakes Men make mistakes, the truth to tell, Despite experience and advice, A man is doing very well, Who does not make the same one twice. —Washington Star.

The Very Ideal Two suburban mothers met on the train one day, and the topic of their conversation was their daughters. "How did your daughter pass her examination for a position as teacher?" asked one. "Pass?" was the answer. "She didn't pass at all. Maybe you wouldn't believe it, but they asked that girl about things that happened long before she was born."

A Brutal Stratagem "We deny ourselves much, I am saying to build a house." Is your wife cheerful about it? "Oh, yes. She thinks we're saving for an automobile."

FRAIL, WEAKLY CHILD MADE STRONG BY VINOL So many cases like this are coming to the attention of the benefit of fathers and mothers of weak, sickly, ailing children in this vicinity, I publish the following letter:

Mrs. J. P. Weatherford, Litchfield, Ill., says: "We have had an invalid child for the past nine years and until we began using Vinol, we sometimes thought there was little hope for him. He would have terrible coughing spells at night, and they would leave him so exhausted. We tried everything, but to our surprise, Vinol did not do it. The coughing spells ceased and he gained in strength right along. We would not be without it and would advise parents who have frail and weakly children to try Vinol."

"This because the child needed the strengthening cod liver element in the tonic iron that Vinol contains. No oil, delicious to children. Love it. I give back your money if Vinol does not benefit. Chas. R. Wasson, Druggist, St. John."

The Standard has not made a noise like a mail steamship for several days. If the failure of the city council to meet yesterday and authorize the proceeding to proceed with the business of placing St. John's case before the railway commission has delayed preparations for the day, when only nine days remained for action, it is to say the least unfortunate. At the meeting on Wednesday night the speakers dwelt upon the importance of immediate action.

Up to Wednesday of this week the heads of the toy machine in this city were able to keep the lid on by assurance of an announcement from Ottawa which would satisfy everybody. The news so often postponed was to have arrived without fail on Wednesday, to be placed before the meeting of the board of trade. It did not come. Now the word goes forth that Mr. Rogers and Mr. Hazen will be here next week, and that their visit will likely have some result in connection with the matter of the mail steamships. This is merely keeping up the bluff. Today is the 7th of November. On November 15th the Gutelius agreement is to go into effect. If the attention of the people of St. John can be diverted for another eight days, the thing will be done, and the mail steamships will be lost to St. John. Will the people stand for it?

Reporting Hon. Mr. Borden's speech before the Lotus Club in New York the other day the Montreal Mail says:—"Mr. Borden in a brief speech said Canadians did not object to reciprocity as such, but what they objected to was the means which had been employed in the attempt to achieve it." Now, what will the flag-flappers do to Mr. Borden? This is rank heresy.

There is great dissatisfaction in Halifax over the selection of a site for the new harbor works. A fine section of the city is being ruined for residence purposes and there was no need of it, as there was ample room in the portion of the harbor at present in use. As an illustration of how one section of the city is affected, the Recorder announces the sale on one day of six houses on South Hollis street and three houses on Pleasant street, on account of the railway extension.

POLITICS BEFORE INTERESTS OF CITY

(Continued from page 1.) ment down as easily as possible, even if St. John should suffer a serious loss. By the time they had reached Ottawa and come face to face with Mr. Hasen and Mr. Borden they were more convinced than ever that the thing for them to do was to play the game of politics, and by the time they had got down to the walnuts at the banquet given by Mr. Hasen these gentlemen were about ready to apologize to him for their intrusion, hang the Liberal members of the delegation, and take the next train for St. John.

But there were others of the delegation, and they were not all Liberals, who had gone to Ottawa not to screen Mr. Hasen and Mr. Borden, but to get justice for St. John. They refused to return home without further information than had up to that time been given them. As a matter of fact, the moment they got in the end was a bunch of promises, which were not kept.

This of course gave the leaders who were so eager to save Mr. Hasen from embarrassment the very opportunity they wished. They presented resolutions which were satisfactory to the meeting, and which were adopted with the exception of one amendment which was really vital, and which was afterward acted upon by the board of trade, but in which they that night thought they saw elements of danger.

Several times during the evening the roof was in danger of coming off, as when Mr. Pidgeon made some very forcible remarks, but the stage managers did their work so thoroughly that the threatened explosion was prevented. By supporting certain resolutions they conveyed to the audience the impression that they were thinking of the interests of St. John, but they were also able to evade the danger that would lie in any action to carry those resolutions into effect, and continue the agitation at Ottawa.

They were all smiles next morning, thinking they had performed a clever political feat. The citizens, however, were not so easily deceived, and the agitation was renewed. There was danger of more mass meetings, and the citizens were beginning to hand out assurances and warnings. They assured the people that the government would, in the evening of the important announcement, and that it would be most unfortunate for St. John if it got in wrong.

Doan's Kidney Pills will strengthen the weak back, and prevent any form of kidney trouble entering the system. Mrs. Ed. Boyer, Nokomis, Sask., writes: "I have been troubled with weak back and kidneys. I had terrible dizzy headaches, and could not sleep at night. In this way I suffered for ten years, until I read about Doan's Kidney Pills. I purchased two boxes, and as they helped me, I sent for two more; they put me on my feet, and I have been able to work ever since."

Doan's Kidney Pills are 50 cents a box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Linen Room

Dr. Papsley then offered his services to the city, to do anything in his power they might ask him to do, and he offered to do it free of charge. He stood on Wednesday evening, before the D. Hasen should have stood as the real friend of St. John in this controversy. But for the folly of certain of the Conservative leaders, St. John would not have lost all these precious weeks. That is what politics has done, and it was not introduced by the Liberals, but by a misguided few of the alleged leaders of the Conservative party. They had hoped to keep the lid on until Mr. Rogers and Mr. Hasen arrived, and then, under the meliorating influence of another banquet, and the prolific promises of fat patronage to be made by the minister of public works, they hoped to be able to get the faithful in line, ready to submit to the humiliation of St. John in the matter of the mail steamships.

NERVOUS DYSPEPSIA, GAS OR INDIGESTION

"Pape's Diapiesin" Settles Sour, Upset Stomachs in Five Minutes

Time it! Pape's Diapiesin will digest anything you eat and overcome sour, gassy or out-of-order stomachs surely within five minutes. If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take

a dose just as soon as you can. There will be no sour risings, no belching of undigested gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors. Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there. Relief in five minutes from all stomach misery is waiting for you at any drug store. These large fifty-cent cases contain enough "Pape's Diapiesin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

STATEMENT MADE BY J. NORTON GRIFFITHS, M. P.

Ottawa, Nov. 6.—Norton Griffiths, who has been interviewing Hon. Messrs. Bess and Rogers here this week in connection with the Courtney Bay development work, said in an interview tonight: "There seems to have been some misunderstanding in the published report of some remarks I made in an interview at St. John regarding delay in the work of dredging. Any delay has not been due to any failure of the government to furnish money on contract account, but it has been rather due to the technical necessities of the whole contract. The government has facilitated the work in every possible way. It must be understood that before any big dredging plant was put in operation the protecting breakwater had first to be built out to a distance sufficient to afford protection to the dredges. This breakwater has been constructed at the most rapid rate and I am glad to say it will be finished in 1915, two years ahead of the contract time. It would have been possible to speed up the work of dredging before the breakwater was finished, but the distance it has now attained, especially in view of the fact that the dredging operations, now planned, are on a very vast scale. "In the course of a few months ample floating accommodation for the dredges will be available in the basin behind the breakwater where they can operate during rough weather. By the autumn of next year the dredging work will have proceeded to such a stage that with the addition of powerful suckers, which are being arranged for, the whole fleet of dredges will be able to work at full speed independent of the elements during the winter months. "Both the minister of marine and myself are anxious to perfect arrangements for the speeding up of the works so that the whole contract may be easily completed well ahead of the contract time. The necessary preliminary work has now been accomplished without any undue delay and the way is well prepared for going ahead now under the best economic conditions. "The people of St. John will, of course, understand that we have to fight against climatic conditions during the winter and there may be times when the work may be temporarily retarded. "I intend to go to St. John in a few days to personally perfect the arrangements for speeding things along at all possible speed. Hon. Mr. Hasen and Mr. Rogers will be there with me next week to see for themselves all that can be done to secure for the harbor all the possible facilities for meeting the growing and potential trade.

TORIES DISAPPOINTED

(Halifax Recorder) The municipal council elections throughout Nova Scotia were held on Tuesday. As is customary in many countries throughout the province, the contests were on strict party lines, and despite the efforts of the Tories, the Liberal strength was well maintained. In Kings county the election resulted in the return of 11 Liberals and 8 Conservatives, leaving the council as it was before.

In Annapolis county 9 Liberals and 7 Conservatives were elected, eight in Pictou county the next council will consist of 14 Liberals and 10 Tories, as against 12 to 12 in the last council. In Cumberland county the fight was as bitter as any dominion fight. The result is the return of 12 Liberals and 11 Conservatives.

In Halifax county, although there had been no announcements made as to the political complexion of the candidates, the Herald claims "a sweeping victory for the Conservatives," thus indicating the extent to which Conservatives in reduced politics into the election in this county on this occasion.

Mr. Gutelius regarding the extension of the I. C. R. rails in Charlotte street, as the mechanics were getting impatient. Mr. Gutelius promised to undertake the work immediately. He objected to undertaking the upkeep of the whole street, but agreed to do so on condition that only the nominal rent of \$1 a year be charged for the use of the streets.

He moved that the rental under the resolution passed on August 15, authorizing the extension of the I. C. R. tracks in Charlotte street be fixed at \$1. This was carried and the meeting adjourned.

Next Step The official appointment of Recorder Baxter as counsel to accompany Hon. Dr. Pugsley in appearing before the railway commission and the vote of funds to pay a traffic expert by the Common Council this morning prepared the way for more definite action on behalf of the city. Mr. Baxter has been waiting for notice of his appointment and now that the council, it was said, will require some time for the preparation of their case before appearing before the commission and this may cause some little delay. Some time may also be taken in securing the expert and giving him opportunity for preparation. Doctor Pugsley said this morning that he had been making inquiries regarding a suitable man, but nothing definite had been done. The council will settle between themselves the earliest date they would be ready and will then make arrangements for the date of the hearing.

In the meantime the Board of Trade has written to Hon. Mr. Cochrane asking him to forward at once the full text of the agreement and any other information bearing on the subject.

BARGAINS AT M. R. A.'S SALE OF WINGS AND FANCY FEATHERS It is not surprising that crowds have attended this sale for it is an event that usually excites the greatest amount of interest among the ladies who are partial to exceptional values in feathers and wings.

The offerings include Oprey effects, soft feather bands, coque feathers, buck feathers, vulture feathers, maroon feathers and a variety of wings, all in this season's most desirable styles and colorings.

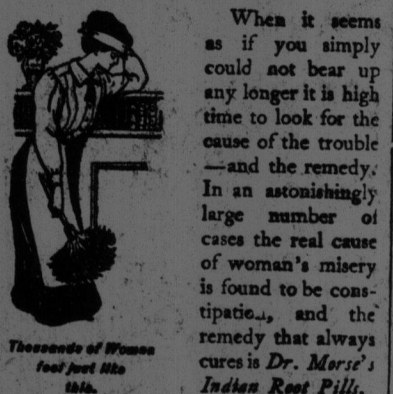

The sale will be continued Saturday morning in the millinery saloon, second floor, and there are still plenty of bargains awaiting those who come.

When "Work" Becomes "Labor"

There's Something Wrong, Dr. Morse's Indian Root Pills Will Right It.

When it seems as if you simply could not bear up any longer it is high time to look for the cause of the trouble—and the remedy.

In an astonishingly large number of cases the real cause of woman's misery is found to be constipation, and the remedy that always cures it is Dr. Morse's Indian Root Pills.

Neglect of the daily movement of the bowels, so necessary to health, soon poisons the whole system from the impurities retained in the body.

Headaches, indigestion, biliousness and lassitude follow, and often more serious disorders are brought on or aggravated.

Dr. Morse's Indian Root Pills not only regulate the bowels, but they stimulate kidneys and skin as well to throw off waste matter and purify the blood.

The result is quickly apparent in the disappearance of the headaches and biliousness, and the return of health and vigor. Thousands of women all over the world owe their present good health to Dr. Morse's Indian Root Pills.

ROGERS AND WHITE IMPATIENT FOR LEADER'S SHOES

Ottawa, Nov. 6.—A movement has been inaugurated to prevent the Hon. George E. Foster succeeding to the premiership of Canada.

Ever since the Borden government was formed there has been constant effort to put Hon. Mr. Foster to one side. His admission to the cabinet was opposed.

The majority group now favor Hon. Robert Rogers as being made the next prime minister of Canada.

An effort will be made by Hon. Mr. White, Mr. Rogers and other ambitious ministers to induce Mr. Foster to accept the chairmanship of a permanent tariff commission.

When the resignation of the cabinet comes it is understood that the Canadian Pacific will insist on the nomination of new ministers.

The present situation has attracted a large number of Conservative members of parliament to Ottawa recently.

A very successful tea was held in the school room of Main street Baptist church last evening under the auspices of the young ladies of Mrs. T. Granville's class.

Most people know Dr. Chase's Ointment best as a cure for eczema and itching piles. Nor is this to be wondered at when you think of the remarkable record made in this class of cures.

But there are scores of other uses for this ointment, which are only discovered when it is kept constantly at hand.

Mrs. Martin, 18 Carroll street, Toronto, formerly of Bowmanville, Ont., writes: "We have used Dr. Chase's Ointment for years, and found it invaluable in treating skin irritations and all sorts of burns and wounds."

Wherever there is itching of the skin or a sore that refuses to heal you can use Dr. Chase's Ointment with full assurance that it will prove entirely satisfactory. 60 cents a box, all dealers, or Edman, Bates & Co., Limited, Toronto.

SINGLE TAX ADVOCATE TO THIS PROVINCE

James R. Brown Being Sent From Toronto on Tour of New Brunswick and Nova Scotia

(Toronto Globe, Nov. 8) The Single Tax Association of Ontario held its annual meeting and dinner on Saturday, with a record attendance.

Mr. J. J. Carroll, the president, in laying down that office after two years' service, paid high tribute to those who had made great sacrifices in the past in order that the work of the association might be carried on, and the speaker urged the members to take their share in that work.

The secretary-treasurer, Sydneyham, Thompson, made a brief statement, showing the receipts and the expenditures of the past year, and at the same time showed how great the progress of the association had been during that period.

The following officers of the association were appointed for the coming year: President, D. B. Jacques; secretary-treasurer, Sydneyham Thompson; auditor, W. A. Douglas; assistant auditor, W. H. Smallfield; vice-president, Dr. Margaret Gordon, Mrs. W. E. Barker, Mrs. Hector Prester, Mrs. Milton Kerr, and Messrs. W. A. Douglas, J. J. Carroll, A. B. Farmer, J. W. Bengough, J. E. Rawson, chairman of the Canadian Lecture Bureau, and George J. Bryan.

James R. Brown made a characteristic speech, and spoke strongly of those "who insist on counting the feathers in an angel's wings, and do nothing to improve unjust conditions."

The editor of The Square Deal, Allan C. Thompson, advised that published by the association—made an eloquent speech on the educational work done by the association during its thirty years' life, while the association in its early days furnished S. T. Wood with material for some very interesting reminiscences of the time when a man's position was in danger if he were an advocate of the single tax.

Mrs. Hector Prester urged the members present to vote in favor of extending the franchise to married women at the next municipal elections, and then the women, in return, would vote to make single tax.

Mrs. W. E. Barker gave a brief account of her conversion to single tax. Other speakers included Louis A. Keenan, who told of conditions in the west; A. B. Farmer, B.A., on the need of more scientific assessments; and Mr. Vintlaughland of Mount Dennis, who made a most able speech on the need of co-operation between the church and the single tax association.

The president-elect, Mr. Jacques, urged in his inaugural address that the present should use every endeavor to increase the membership to a thousand by this time next year.

George J. Bryan, chairman of the Canadian Lecture Bureau, said that arrangements were being made for James R. Brown to Nova Scotia and to New Brunswick for the purpose of advocating single tax principles.

There was an excellent musical programme, with songs by Ernest Gerner, accompanied by Mrs. Gerner, and W. Bengough read a humorous story of economic theories of Henry George.

First Aid Competitions Major R. J. Birchcliffe, who has been in the city for the past three days, has arranged for three competitions in the various branches of the St. John Ambulance Association here.

One among railway teams one among general teams and another for the cadets of the winning team will each receive a Ross cadet rifle, donated by Walter Nesbitt, K.C., of Toronto. The annual meeting of the provincial council will be held in St. John at the end of this month.

ANGLICAN SYNOD TO MEET IN ST. JOHN NEXT YEAR

Fredericton, Nov. 6.—The Diocesan Synod completed its business at this afternoon's session. The meeting in 1914 will be at St. John.

Tonight at 7.30 an organ recital was given at Christ church cathedral by Organist Wm. Smith and was largely attended by the visiting delegates.

At 8 o'clock at Bishop's court the Bishop of Fredericton and Mrs. Richardson held a reception for the visitors. The reception was largely attended. Many of the visitors left for their homes tonight.

The remainder of the reports of committees were received this afternoon and there was also a discussion on various subjects, chief among which was a suggestion to increase the proportional allotment of the missionary fund to the various dioceses. It was decided that the matter would work itself out.

There was also discussion on motion of J. Simon Armstrong, that the synod put itself on record as urging that the clergy use more care in the reading of the church service, especially as regards clearness of tone. The motion was withdrawn after discussion.

Doctor—"You must be careful, man. The influenza is not so very dangerous, but it may have extremely unpleasant consequences."

Patient—"I noticed that when I got your bill the other day."

TWENTY HORSES HAVE ENTERED THE 2.30 LIST

The Halifax Recorder's annual resume of harness racing in the maritime provinces shows that 214 heats were trotted or paced during the season in 2.30 or faster, and forty-eight of these were in 2.30 or faster. This is not a good showing as last year, but most of the racing was not until late in the season, except in Gloucester, where a radius of a few miles than in any other parts of the provinces.

Twenty-one horses owned in the provinces entered the 2.30 list, and another twenty entered the 2.30 list on a provincial track, and nineteen already in the list reduced records.

Frank Patch, driver by Frank Adams, made the fastest time by any horse owned in the maritime provinces this season, though not a provincial track, his new record of 2.11 1/2, having been made at Brockton, Mass. His stable mate, Dingola, also owned by Frank Patch, made the fastest mile on a provincial track, he having paced to successive heats at Fredericton in 2.18 1/2.

The Fredericton track, as last year, thus has the fastest mile of the season to its credit. Dingola thus also equals the stallion record for the provinces, which is held by Frank Patch, so that Mr. Mitchell has in his stable the two fastest stallions in the provinces.

The fastest gelding in the provinces this year was the pacer Jas. K. Newbro, owned by Hamilton Kitchen, of Fredericton, and handled by Tommy Raymond. He paced both the first and second heats in the 2.19 class at Chatham, N. B., in 2.18 3/4, 2.19 3/4.

The fastest time by a mare on a maritime provincial track this season was 2.14, also at Chatham, by Jennie W. owned in Montreal.

Devilish Dorothy, owned by a veteran turfman, Dr. J. T. Jenkins, and driven by Fred Cameron, was the champion trotter of the season with her miles at Charlottetown in 2.18 3/4. This mare started in eight races this season, winning six, and in addition she won extra heats, one at Halifax, lasting six heats, and another at Fredericton seven heats.

The fastest new performer of the year, owned in the provinces, was Hingey the Great, owned by W. H. Murray, Milltown, N. B. This stallion had a previous trotting record of 2.19, but this season he paced to a record of 2.15 1/2 at Bangor, Me. This stallion had a previous trotting record of 2.19, but this season he paced to a record of 2.15 1/2 at Bangor, Me. This stallion had a previous trotting record of 2.19, but this season he paced to a record of 2.15 1/2 at Bangor, Me.

The fastest two-year-old of the season was The Abegweit, owned by C. P. Thorpe, Charlottetown, and driven by P. S. Brown, who paced in 2.42 1/2. The two-year-old trotter was Upton Prince, owned by Dr. J. T. Jenkins, Charlottetown, driven by Fred Cameron, who trotted in 2.44 at Halifax.

Barbara's Comet, owned and driven by W. H. Musgrave, Halifax, trotted in 2.44, equalling the three-year-old record for the province, while Baron Cecil, owned by R. L. Gray, of Thorburn, N. B., paced in 2.42 1/2.

Henry B. Chatham, N. B., paced in 2.30 1/2, the fastest mile ever made in the provinces by a maritime province bred horse as a new 2.30 performer.

The fastest two-year-old of the season was The Abegweit, owned by C. P. Thorpe, Charlottetown, and driven by P. S. Brown, who paced in 2.42 1/2. The two-year-old trotter was Upton Prince, owned by Dr. J. T. Jenkins, Charlottetown, driven by Fred Cameron, who trotted in 2.44 at Halifax.

BRING PINE FOREST TO YOUR HOME

The New Home Treatment for Coughs, Colds, Bronchitis and Lung Trouble.

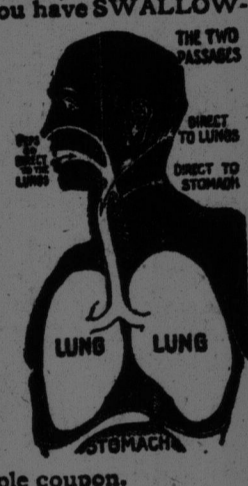

You know that when a person is suffering from some acute form of lung trouble, the doctor, as a last resource, often orders him or her to go to Switzerland, or some district where there are pine forests, and to live as much in the open air as possible. Why is this? It is because there is a wonderful exhalation from pine trees, which, if breathed into the lungs and air passages, so strengthen and fortify them, that irritating coughs, colds, bronchitis, and other forms of "breathing" ailments cannot arise.

Peps contain these wonderful pine extracts, put up into pastille form, and liberated in vapor as soon as the Peps are dissolved on the tongue!

You may not be able to go to the Swiss Alps, but by using Peps you may bring the pine-laden, health-giving air of the Swiss Alps to your lungs! Put a Pep on your tongue, let it dissolve there gradually, and you will find that the pleasant vapors, which are liberated, will pass down to your lungs, and will stop that nasty troublesome cough, ease that sensation of tightness across your chest, relieve the soreness across the throat, and stop those sharp, shooting pains, which show that the delicate tissues lining the bronchial tubes are irritated and sore. Wherever there are coughs and colds, bad breathing, tightness of the chest, asthma, bronchitis, or any allied chest trouble, there Peps should be tried; and there they will bring their wonderful blessing of healing.

You know how it feels when some little crumb of food "goes down the wrong way." You cough, and splutter, and almost choke! That is because you have SWALLOWED something into your lung passages. The lung passages are for breathing only. Down the tube leading to the stomach is where all "swallowed" foods or liquids go. Look at the Diagram.

See the lesson this teaches? If all liquids and solids you swallow go to the stomach, how useless to take liquid or solid medicines when you wish to reach the lungs and breathing-tubes?

Peps on the other hand, get to the lungs and chest direct! Thus you see their vast superiority. Test this for yourself by mailing free sample coupon.

What You Should Use Peps For.

Peps are the latest word of science on the treatment of coughs, colds, bronchitis and lung troubles generally. Just as the out-door treatment for consumption—the "breathing" treatment—is now admitted to be the only rational treatment, so the "Peps" treatment means the use of the only rational home treatment. Peps treatment means the use of the only rational home treatment. Peps treatment means the use of the only rational home treatment. Peps treatment means the use of the only rational home treatment.

A Famous Doctor Gives His Opinion of Peps.

Dr. Gordon Stables, R.N., M.D., a Master of Surgery, the holder of a professional position under the late Queen Victoria, and one of England's foremost medical writers, was one of the eminent medical men who investigated Peps. He was so impressed by the value of this new remedy for coughs, colds, and lung troubles, that he has written upon it at great length. He says:—

"Peps provide the 'pine air treatment' for coughs, colds and lung troubles. When a Pep dissolves on the tongue it liberates pine essences and balsamic aromas, and these are breathed down the lung tubes and find their way to the irritated mucous membrane of the air cells. You cannot possibly get at these lung tubes and membranes by any other route. There is no passage of any kind whatever between the stomach and lungs, else swallowed medicines and drugs might possibly have some little effect. Surely this shows the utter folly of pouring poisonous cough mixtures into the stomach in order to correct troubles in the lungs! These mixtures could only act on the lungs by paralyzing the nerves."

"I have a strong objection to cough drops, lozenges and their like. These only reach the stomach! From stomach to lungs and air passages is a far cry. I know of nothing more likely to set up an attack of dyspepsia, and so weaken the system already feebled by the effects of a cold, than the old-fashioned cough drops, cough lozenges and liquid cough mixtures. Why put some mixture into your stomach to treat trouble in your lungs and air passages? I put it to every thinking man or woman, is it not better when treating any ailment to apply the medication straight to the seat of the disease?"

Peps provide a direct and complete treatment for disease of the lungs, throat and air passages."

BOYSCOUTS HOLD ANNUAL MEETINGS

Alex. Macaulay Leads St. Andrew's Society — Boys Brigade at Dinner — Germain Street Y. M. A. Makes Plans for Winter

The annual meeting of the St. Andrew's Society was held last evening in Bond's, where supper was enjoyed. The election of officers took place and resulted as follows: President, Alex. Macaulay; 1st vice-president, Andrew Macaulay; 2nd vice-president, Alex. Macaulay; chaplain, Rev. J. J. McCaskill; historian, Alex. Wilson; treasurer, John White; secretary, F. W. Fraser; managers, Chas. W. Bell and E. A. Inches; committee of charity, Dr. P. R. Inches; auditors, H. G. Wallace and A. Jordan Leavitt. The report of the treasurer was received, which showed the society was in a very flourishing condition. The usual toasts were given and a programme of songs and speeches carried out and the meeting dispersed with the singing of Auld Lang Syne.

The St. Stephen's Church Boys Brigade held their twenty-third annual dinner in their hall in Charles street last evening. Major Buchanan presided, and about fifty boys sat down to two tables. Among those present were: Major Birdwhistell, of Ottawa; Major Magee, Sgt. Major Slater and Inspector Vail. Major Birdwhistell gave an interesting talk on "First aid to the

IT WAS THE CITY'S DUTY TO INVESTIGATE

Opinion of Labor Council on Collapse of Building — Medical Inspection in Schools

The reply of the city council to a request sent by the Trades and Labor Council that an investigation be held into the collapse of a building in Peter street recently, was discussed last night at a meeting of the Trades and Labor Council. The council considered the reply unsatisfactory. Other matters came up for discussion at the meeting, including medical inspection in the schools, and other topics. A programme was carried out at the conclusion of the meeting. J. L. Squire presided.

In regard to the request sent to the common council concerning the collapse of the Peter street building, a reply was received that the city is not legally liable. This caused a great deal of discussion, and the meeting was emphatically of the opinion that the commissioner of public safety should have ordered an investigation to learn the cause of the accident and to prevent similar accidents involving a possibility of loss of life. They referred to section 41, City Charter, which provides for the construction of buildings in St. John, and to provide for the building and inspection thereof. This section is: "It shall be the duty of the inspector to examine all buildings reported dangerous or damaged by fire or accident, and to make a record of such examination, including the nature and amount of such damage, and to examine all buildings under application to raise, alter, enlarge or rebuild upon, and to make a record of the condition of same." Another section said that the inspector should prosecute before the court the person or persons he thought were responsible for such an accident as the collapse of the building in Peter street.

The question of medical inspection in the schools was discussed. The council thought that an arrangement should be made whereby the homes of sick and ailing school children should be inspected.

It was pointed out that the only organization of mill workers in St. John. The secretary was requested to write to the president of the Labor Congress and endeavor to have organizations of mill workers established in various cities in Canada, with the view of getting a nine hour day for the trade.

The secretary was instructed to write to the common clerk to get a copy of the fair wage resolution passed by the council last Monday. The legislative committee was given instructions to prepare amendments to the building laws, workmen's compensation act, and other, and also to draft new bills, which it will attempt to put through the legislature.

At the conclusion of the following programme was carried out: Solo, Bayard Rustin; clog dance, J. O'Brien; solo, J. St. John; clog dance, J. L. Squire; solo, William Howard; clog dance, H. Baynton acted as accompanist. J. E. Tighe was present and gave a short address.

AMERICAN FISH MEN STARTING IN YARMOUTH

New Company Taking Advantage of the United States Tariff

(Yarmouth Times)

For two or three weeks, in fact ever since the United States adopted its new tariff, there has been a great deal of talk here of fish businesses which had either been formed or were being formed. Probably the most ambitious of all these undertakings is the Consumers Fish Company, which is already doing business. This company, when fully organized, will have a capital of \$20,000 and the charter has been applied for. The prime movers are E. E. Pryor, of the P. H. Pryor Company, of Boston, and H. F. Phillips, also of Boston. Both of these gentlemen have been here for a week, and in that time have leased the Killam wharf from L. E. Baker & Co. for a term of three years, and have made several other important business deals. The wharf is being wired for electric lights today, and the proprietors have agreed to re-top it and put it in first-class shape.

The provisional directors of the new company are:—President, E. E. Pryor; secretary, H. F. Phillips; treasurer, M. P. Shay, of the E. A. Rich Co., Boston; managing director, H. F. Phillips; directors, E. P. Handlett, of the F. E. Harding Co., Boston; H. A. Rich, of the H. A. Rich Co., Boston; E. J. Livingston, of the Gloucester Fish Company, Boston; William Moore, of the Gorton-Pew Co., Boston.

Mr. Pryor, in an interview with The Times, said they had come here to create a new source of supply for the fresh fish market of Boston. Yarmouth is the natural port of export for fresh fish to the United States. It is so situated that fish can reach here quickly by train from any part of the province and can be forwarded directly and quickly to one of the world's biggest markets. His company realized this and had come to take advantage of the benefits which would surely come with free fish. It was their aim to encourage fishermen to fish out of this port and along the shore and to bring their fresh fish here. The company will be in a position financially to pay the highest prices and in spot cash, thus saving the fishermen the cost of exchange and commissions. Not only will the fishermen benefit, but other lines of business will also come in for a share. As an example, Allen's coverage was given a contract for 800 large fish boxes which will be used to transport the fish

SAGE TEA PUTS LIFE AND COLOR IN HAIR

Don't Stay Gray! It Darkens So Naturally That Nobody Can Tell

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50 cent bottle of "Wyley's Sage and Sulphur Hair Remedy" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyley's Sage and Sulphur hair remedy and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

MORE INDIA BANK FAILURES CAUSE GREAT UNEASINESS

Natives Bury Their Savings and Government Hopes to Induce Them to Change Their Habits.

Calcutta, Nov. 6.—The continued failure of banks in India is causing much alarm, and the government is contemplating legislation restricting the use of the term "bank" in this country. The government has an intention of imposing irksome restrictions on solid banking institutions conducted by either foreign or domestic concerns.

HUERTA STILL SILENT

Mexico City, Nov. 6.—There was still no indication here this morning as to whether Provisional President Huerta would make a formal reply to the communication made to him by the United States. The nature of the memorandum is said not to call for a reply other than compliance.

denials of the reports from the United States until today, when they partially confirmed them. The Herald, the only English daily newspaper published in Mexico, published a despatch from Vera Cruz stating that John Lind, the personal representative of President Wilson, had confirmed the reports of "certain indications" being made by Washington to Mexico.

In spite of the necessary precautions surrounding the transmission by Nelson O'Shaughnessy, American charge d'affaires of the Washington despatches, enough has leaked out here to fill the city with rumors, and there is endless speculation today as to what will be the course of Provisional President Huerta's course of action.

Rebel Attack on Chihuahua.

El Paso, Texas, Nov. 6.—Advices from Chihuahua received in Juarez and El Paso today say M. Villa with a Constitutional force, estimated at 3,000 men, began an attack on Chihuahua city at 10 o'clock last night. Efforts were made in Juarez today to prevent the federal garrison there from learning of the beginning of hostilities, as the commanders admit they might not be depended on, if ordered to Chihuahua to reinforce the garrison there.

JOHN MITCHELL TO RETIRE FROM LABOR FEDERATION

Butte, Mont., Nov. 6.—John Mitchell, for fifteen years actively connected with the work of the American Federation of Labor, and for years one of its vice-presidents, announced here today at a banquet given in his honor that he would withdraw from official connection with the federation at its meeting in Seattle next week.

Mr. Mitchell said his withdrawal was voluntary. He declared that under no circumstances would he permit his name to go before the delegates for any office. "It does not mean that I am quitting the Labor ranks," said Mr. Mitchell, "but I want to give place to a certain member of the United Mine Workers of America who has done much good for the cause and who, I think, should be made an official of the American Federation."

USE THE WANT AD. WAY

The Case of A. B. Smith, Retailer.

A. B. SMITH has a dry goods store in a certain Canadian city. He does a good business, but wants to do more. He believes that Advertising in his local newspaper is the way to get more business.

Smith says he wants to advertise regularly, but he can't always find the time to prepare advertisements, which is true, for he is his own buyer, sales-manager, director of store service, credit man and half-a-dozen other things.

If Smith is located in one of the larger cities he should secure the services of a recognized advertising agency which will take over the work of preparing his advertisements.

In this way Smith can be sure of having his advertisements prepared regularly and intelligently, with no more trouble to him than the supplying of the information required by the writer of the advertisements.

So Smith can do more business, and more business means a larger income for himself, to say nothing of other gains that go hand in hand with the doing of bigger business.

This man Smith---do you know him? Are YOU Smith?

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency.

M. P. H. A. Annual Meeting.

Halifax, N. S., Nov. 6.—Neither Moncton nor New Glasgow was represented at the annual meeting of the M. P. H. A. which was held here today by a number of delegates from Sydney, St. John and other centers.

President Lithgow called the meeting to order. The following delegates were present: Gordon Innes for the St. John, Ald. Murphy and James Cosgrove for the Moncton, and J. C. Larder and N. Buckley for Sydney.

The meeting got through quite a lot of business, including the discussion of proposed amendments to the M. P. H. A. and N. H. A. and Pacific at large, election of officers and the position of the Moncton players of last season. With reference to the latter, a following motion was passed unanimously on the proposition of Alderman Murphy, seconded by J. C. Larder, that this association take over the services of the players of the Moncton club of 1912. The clubs comprising the association to be at liberty to negotiate for the services of such players. And in the event of Moncton re-entering the league that their present claims to these players to be recognized in so far as the association is concerned.

President Lithgow read a letter from President Quinn, in which the president of the N. H. A. considered that the players of the Moncton club were free agents, but it is very evident from the above resolution that the delegates at the meeting were of a different opinion. There was a representative from Glace Bay in the person of J. Morrison, who made application for membership in the M. P. H. A.

There was considerable discussion on this matter, but the delegates were unable to come any decision, and the matter was left over until the next meeting when it is hoped there will be a more representative attendance of delegates from the various clubs. Mr. Morrison said that Glace Bay rink could accommodate 2,000 persons and promised that if Glace Bay were admitted they would fulfill all their obligations.

The election of officers resulted as follows: President, J. C. Lithgow, Halifax; vice-president, J. G. Larder, Sydney; Gordon Innes and James Cosgrove and a representative from each of the other teams comprising the league to form the executive. Mr. Lithgow was also appointed secretary-treasurer of the association. Mr. Lithgow gave a very lucid report of the workings of the league last season. He deprecated the fact that last season several clubs acted in open defiance of the rules. Doc Doherty's suspension was lifted.

BASEBALL.

Jones in Receptive Mood.

As soon as Fiddler Jones, former leader of the White Sox, received word the other day that he had been declared a free agent, he said that he would relish an engagement as manager of a major league club. Jones has been president of the Northwestern League for several years, but he yearns for the big show.

Last fall he tried to secure the management of the New York Americans before Frank Chance was engaged. It will not be surprising, therefore, if Jones, again tries to land a major league berth, possibly the management of the Brooklyn Dodgers, but he jumped to the American League. He proved his worth as manager of the White Sox when they won the world's championship in 1906—New York Sun.

NEW WHITE HOPE A ROISSE.

Absolutely the biggest white hope at large has been located in Texas. His name is William C. Vallancourt, and he is the giant of the Second Division of the United States army. He is looking for a trainer to groom him as a "white hope." He doesn't know whether he has the making of a prize fighter, but he is willing to try.

"Tiny" in many ways a remarkable man. He stands 6 ft. 8 1/2 inches in his shoes, and weighs stripped 284 pounds. Other measurements are: Waist, 40 inches; chest, 16 1/2 inches; reach, 87 1/2 inches; wrist, 6 1/2 inches; knuckles, 10 1/2 inches; length of palm, 4 inches; thigh, 28 inches; calf, 15 1/2 inches.

"Tiny" does not know his strength. As chief packer of pack train No. 2, he frequently carries as many as five bales of hay, whereas the ordinary "hunky" struggles under two. Out of patience once with a balky army mule, he picked the animal up and carried him bodily to the picket line. On another occasion, he was desired to move a mess-house. "Tiny" alone carried the other.

"Do you think you have qualifications for a prize fighter?" was asked. "I do not know. I have never had any training in the art of boxing, and I realize that brute strength is not the only thing necessary to make a man a fighter. I am quick and light on my feet—

rather unusual in a large man—and this would be in my favor. I am willing to try to learn the boxing game. If any one has the patience to take me in hand."

Fight or Go to Jail.

Chicago, Nov. 6.—Spike Kelly, Chicago fighter, has started out to look for bouts, spurred by the order of Judge Uhlis to "fight or go to jail." Kelly, whose real name is Frank Mallotti, complained last night the judge was so "pissy" in the fight game he couldn't support his wife. The court suggested that he exchange enough wallops to pay his wife \$6 a week.

"Billy" Jordan Retires.

San Francisco, Nov. 7.—"Billy" Jordan is to retire as official announcer of the prize ring. He is eighty-two years old, and after the first of the coming year he will go to the Old Soldiers' Home in Yountville, Cal.

Right followers all over the country know "Billy" Jordan. He announced the Jeffries-Johnson fight and almost every other championship event that has been held west of the Rocky Mountains in the last two generations.

Once a good lightweight himself, Jordan is one of the few men now living who saw the famous battle in Fredericksburg, Va., in 1848, when Tom Hyer defeated Yankee Sullivan in one hour and forty minutes under the old London prize ring rules. Born in Boston, he came to California in 1853, went east to fight for the union in the studios, returned, and has lived here ever since.

News of the Boxers.

Packey McFarland has signed for two battles. On Nov. 20 he will meet Johnny (Kid) Alberts in a ten-round bout at Waterbury, Conn. and six days later he will take on Harry Brewer of Kansas City in Windsor, Ont.

Eddie Moy, Freddy Welsh's sparring partner, has been matched to meet Harry London at the Fairmont A. C., New York tomorrow night.

Tommy Maloney of New York now proclaims himself welterweight champion of America and announces that he will defend the title against all comers at 148 pounds. Maloney is matched to box Young Denny of New Orleans in St. Louis, on Nov. 19.

CYCLE.

Out of the Race. Boston, Nov. 7.—A bad spill early today put Heiler out of the six day race with a broken collar bone. His team mate will try to secure a new partner today and start in with the customary race of a day. At the close of the night race at 4 a. m., the leaders had made 906 miles, 8 laps. The Coburn-Carman and Ryan-Covey teams, were one lap behind, and the Keefe-Kopay team two laps behind the leaders.

TENNIS.

Royalty at Match.

London, Nov. 7.—The King of Sweden and the crown prince and princess were present at the world's covered court tennis championship meeting at Stockholm yesterday. The match between Welding and Betsveller in the semi-final round of the singles was disappointing. The latter was beaten.

The remaining semi-final in the doubles between a French pair, Desjard and Gernot, and a Swedish pair, Moller and Bronfors, was also decided, the Frenchmen winning after a long struggle. The final singles will be played on Saturday.

WINONA.

When John Kling threatened to quit the Chicago Cubs just as he was at the top of his career several years ago and acted as if he were going to make his decision stick by staying in Kansas City and managing his pool parlor after the season started, Charles Murphy is reported to have called three or four scouts around him and said: "I'll give \$10,000 to the man who gets out and digs me up another 'Johnnie' Kling."

The scouts, veterans of many years of ivory hunting, simply laughed at the Chicago boss and replied in chorus: "There's not one. We've seen all over the country, and we know."

"Dick" Kinella, who has been scouting for the Giants for several years, is of the same opinion as McGraw and Callahan. He does not believe that good material is as plentiful as it was ten years ago, or else the standard demanded of the players is higher. He admits that the competition is keen in his scouting business and that whenever some minor leaguer has been scouted into the "bushes" to get him, "Dick" was telling me a story recently that got a laugh out of me.

Stopping for a "Busher." "There was a scramble for an outfielder with the Milwaukee club last season," "Dick" said. "I started up there with five or six rival scouts to bid on this bird. I had never seen him before, but I went to the park to take a look at the chap before going shopping for him where the sale looked as if it would be anything but a bargain. He did not look fast to me in action, and so I dug into his record, which disclosed the fact that he had stolen only eight or nine bases, although it was late in the season. Now, McGraw likes an outfielder who can cover the ground when on the bases. That is how he wins most of his games."

"This fellow has stolen only eight or nine bases," said I to Mrs. Havenor, the owner of the club, "and it seems as if the owner should be faster than that."

"Well, you see," she said, "he hits so many doubles and triples and home runs that he does not get many chances to steal."

"If I were you, I'd tip him to hit a few singles," I suggested, "so these scouts can get a line on how he runs the bags." "I did not bid for that fellow."

In telling this story about Kinella, I purposely omitted the name of the outfielder because he afterwards brought a whooper of a price from a big league club and gained a lot of publicity. Probably most of my readers can guess who the man was, however. Kinella does not say he was right in his judgment of the player. In fact, he commended the story by admitting this much:

"I may have been wrong about the man, but it was up to me to lean on my own judgment, and I couldn't see more than the draft price for this fellow." The player's showing since he entered the big league has been a big boost for Kinella's judgment.

youngsters, and it is this about him that McGraw likes. Most scouts are natural prospectors, and a gold prospector is the greatest optimist in the world. "Dick" is a pessimist. McGraw once sent "Dan" Brodgers, an old first baseman, out to look at "Larry" Doyle and Fred Merkle before they joined the Giants. McGraw had already arranged to take these two anyway.

"As baseball players, these were all great farm hands," declared McGraw, after giving the bunch "the once over." (Copyright, 1913, by The Wheeler Syndicate, Inc.)

Dinner for Bryce.

London, Nov. 6.—A large and distinguished audience welcomed the Right Hon. James Bryce, late ambassador to Washington, at the dinner given in his honor by the Pilgrims late tonight. The American ambassador, Walter Hines Page, read messages from the president of the United States, Joseph H. Choate, former ambassador at London, and others.

BUILDING GAIN TO OFFER ST. JOHN A SOP

Hint of Conservative Plans When Hazen and Rogers Come—But What Citizens Want is Tearing up of Gutelius Agreement

Local Conservatives have been hearing during the last few days that when Hon. Messrs. Hazen and Rogers arrive here next week they will announce, presumably at the party banquet, if one is held, that the government is calling for tenders for new berths on the west side. It is now anticipated that this announcement will be made in the hope of counteracting the dissatisfaction prevailing in St. John because of the loss of the mail steamer.

It will be remembered at the second public meeting held in the York Theatre a resolution was passed calling upon the government to construct at once as possible ten additional berths on the west side.

But while it is expected that the ministers will make some such announcement as a sort of sop to the city, people are asking what good the berths will be if St. John is to lose the mail steamer, and if the government is to sanction the arrangement between the C. P. R. and the I. C. R. by means of which traffic which this port should have will be continually diverted to Halifax.

It is generally recognized now that no more compliance on the part of the government with the request to call for tenders for more berths can be of any effect in the matter of the Gutelius agreement until the government's approval or non-approval of it has been thoroughly cleared up.

REV. MR. ANDERSON IS NEW PRESIDENT

Elected Head of Sunday School Association—Coal Rates From Minto to Various Points

(Special to Times)

Fredericton, N. B., Nov. 7.—The New Brunswick and P. E. Sunday School Association convention closed last evening. A resolution was adopted thanking those who assisted in making it such a success. Another was adopted expressing hope that liquor dealers would not be permitted to make use of the parcel post system for transportation of their goods. Officers were elected as follows:—President, Rev. Mr. Anderson, St. John; vice-presidents, Rev. H. C. Archer, Woodstock; J. T. G. Carr, Hartland; Rev. G. B. McDonald, Sussex; treasurer, A. H. Chipman; recording secretary, J. Jordan, assistant secretary, R. S. Stevenson.

The C. P. R. which will operate the Fredericton and Grand Falls Railway, has given out the following schedule of rates for carriage of coal:

Minto to Fredericton, eighty cents net ton.

Minto to St. John via Fredericton, eighty-five cents.

Minto to Fredericton Jet, \$1.80.

Minto to Millville, \$1.40.

Minto to Woodstock, \$1.60.

The distance from Minto to Fredericton is thirty-two miles.

Four large boats, owned by Duncan Patterson in the Parish of Southampton, were destroyed by fire on Tuesday with all contents. The loss will be \$20,000, and there was only \$200 insurance.

LOCAL NEWS

GOVERNMENT MEETING

The provincial government will meet in Fredericton on Monday evening.

H. N. DEMILL HONORED

On Wednesday evening a number of associates and friends of Harry N. DeMille tendered him an oyster supper. During the evening in his honor a present he was made the recipient of a costly case of pipes. Mr. DeMille although completely taken by surprise made a suitable reply.

DIED IN NEW YORK

Friends in St. John will learn with regret of the death of a former resident of this city, Charles (Bob) Campbell, New York. He left here about thirty-five years ago and had been in the states since that time. Many of the older residents of the city will remember him for he was very popular about the city some years ago. He is a nephew of Mrs. W. E. Gale and a cousin of J. W. E. Gale of this city.

THIEF CHARGED

Letter Campbell, aged 22 years, was before the court this morning charged with stealing from a C. P. R. car at Sand Point with another young fellow from West St. John. He was arrested on a warrant yesterday afternoon. In court this morning he pleaded not guilty. The other man charged with the offense, it is understood, has left the city. The charge is that they stole two bags of potatoes from the car. E. C. Weyman is acting for the company.

NEW PARK GARDENER

Mr. Johnson Formerly Was in Charge of Gardens on Lord Ashburnham Estate

After a long term of faithful and efficient service as superintendent of the public gardens, Andrew J. Stephens of Hawthorne avenue, has retired owing to ill health and has been succeeded by John Johnson, late of Darlington, The Midlands, England. During Mr. Stephens' time in charge of the gardens they have been greatly improved for he gave them diligent attention and his knowledge of horticulture was responsible for the place becoming a beautiful centre of plant life.

His successor in office, Mr. Johnson has been highly recommended as a gardener with wide experience. For some time he was in the service of Lord Ashburnham in England as head gardener. Lord Ashburnham was the father of Major Ashburnham, of the 26th N. B. Dragoons, and formerly of Fredericton, and now himself Lord Ashburnham. Mr. Johnson will take up his duties at once.

CHATHAM MAN MISSING

Mr. Sarmento Has Not Been Seen Since Tuesday Morning

(Special to Times)

Chatham, N. B., Nov. 7.—M. Sarmento, an employee of the Dominion Pulp Co., has disappeared, and absolutely no trace of him can be obtained. Relatives and friends are being forced to the conclusion that he has been overtaken by some fatality, most probably drowning.

Mr. Sarmento, so far as can be learned, was last seen in Chatham about nine o'clock on Tuesday morning, and was then talking with Captain Bullock on the M. S. M. Co. wharf. Thoughtful telegraph wires and telephone lines have been used in an effort to find if he had gone to any other town, no word of him can be had. He did not go out by any train or boat, and it is now feared that he has fallen over into the river and been drowned. His wife is naturally terribly upset.

BURIED TODAY

The funeral of Mrs. W. S. McLean was held at 2:30 this afternoon from her late residence, 184 Main street, to Fernhill. The services were conducted by Rev. Henry Pierre, assisted by Rev. H. S. Crisp and Rev. Neil McLaughlin, former pastors of Portland Methodist church.

From the residence of his daughter, Mrs. George I. Cooper, 489 Queen street the funeral of Albert Peters was held at 2:30 this afternoon. Interment was in Fernhill. The services were conducted by Rev. P. H. Wentworth.

The funeral of Mrs. Deborah H. Kierstead, widow of Rev. Thos. W. Kierstead, was held at two o'clock this afternoon from her late residence, Gondola Point. Rev. W. E. McIntyre officiated at the services. Interment was in the family lot at Gondola Point.
