Labor Government Hesitates In Face of Ulster's Refusal
STRIKE PREPARATIONS

BOUNDARY QUESTION IS THORNY ONE

Government Action is Uncertain on Refusal of Premier Craig. OUTLOOK VAGUE Labor Herald Makes Fierce Criticism—More Conferences Only Hope.

BY HARRY N. MOORE (British United Press.) London, May 8.—The Ulster situation, which for long has been a thorny point in the side of the English government, and which during the last two weeks has threatened to develop into a crisis, again occupies the centre of the stage in British politics with the announcement made by Premier Craig of Northern Ireland that his government finds it impossible to accede to the request of the British government to appoint a commissioner to the boundary commission.

The attitude of the Labor government on the Ulster question is said to be expressed in an editorial appearing this morning in the Daily Herald. Critics Ulster "The English people are weary of the truculent claims of Ulster patriots who claim that they can make and break laws at will. Ulster opposes the most patient statesmanship and the most conciliatory attitude of those who would try to find a way out of the present impasse with the same obstinacy and stupidity. The men of Ulster have been so petted and pampered by the British Tories that they still refuse to contribute that small amount of vision, that small amount of reason and that small amount of decency which would achieve settlement of the boundary question."

It is scarcely likely that the Labor government will advise the King to request the Governor General of Ulster, his representative in the Northern province, to name a commissioner. In this connection it is pointed out that before taking any action the Governor General, the Duke of Abercorn, must first consult his ministers, and that these ministers would certainly advise against the nomination of anyone in the same position that it was before. The Labor government does not seem as yet to have formulated a definite policy on the Ulster question, relying on the solution of the problem one way or another as a result of discussion and conference.

RUSSIAN TEXTILE MEN MUST DIE

Two Sentenced By Soviets—Others to Prison and Property Taken.

Moscow, May 8.—Thirteen Russian textile men were sentenced to death yesterday on charges of corruption, exploiting a state organization in their own interests, plotting with others to combat state capitalism in favor of private enterprise and giving information secretly to former owners of textile factories who are now abroad. Three-fifths of Great Britain's war widows have remarried—80,000 out of 150,000 whose names appeared on the pensions lists at the end of the war.

Many War Widows In Britain Remarry

London, May 8.—(United News)—Talk of the widow's remarrying success over her unmarried sister in the business of husband-hunting has started here again. Three-fifths of Great Britain's war widows have remarried—80,000 out of 150,000 whose names appeared on the pensions lists at the end of the war.

Killed As He Takes New Job

Tilbury, Ont., May 8.—Norman McLeod, 23, was instantly killed by a train here last evening. He was one of the recently landed Hebridean party. He arrived here last night to join an extra gang laying rails. The boarding car was on a siding about a mile from the station. Soon after he reached the car he stepped in the path of the train.

FAIRBANKS GETS DANISH REBUFF

Douglas and Mary Aspired to an Audience With The King.

Copenhagen, May 8.—When Douglas Fairbanks' press agent informed that Danish newspaper yesterday that Fairbanks and Mary Pickford were ready to visit Denmark if the newspaper could arrange an audience for Douglas and Mary with the King, the editor of the paper rang up the King's chamberlain and asked whether this would be feasible. "Who are Fairbanks and Pickford?" asked the Chamberlain. Learning their vocations and nationality the Chamberlain replied that "United States citizens must apply for an audience through the United States Minister."

ARE AT ODDS OVER OLYMPIC MATTERS

French and U. S. Officials Differ—Sporting Article Differs Outcry.

Paris, May 8.—(United Press)—Members of the United States Olympic Rugby team have become incensed over an article in a Paris sporting paper which intimated that their amateur status was not all that could be desired. The Americans may demand an investigation and an apology if it is found that the article was in error. Another controversy between the Americans and the French Olympic officials arose over the refusal of the French officials to permit the Americans to take pictures of the matches in which they engage.

Dies Rather Than Testify Against Son

Suffield, Conn., May 8.—Rather than face the humiliation of testifying against his own son, Peter Schindler, 61, an old resident of this town, ended his life by hanging. The son, William, was arrested on a charge of beating his father and step-mother.

Wire Briefs

Halifax, N. S., May 8.—The Holland-America liner Veddam from Rotterdam via Boulogne and Southampton landed six cabin and 138 third-class passengers here today and sailed for New York.

Halifax, N. S., May 8.—"There is a sign of prorogation at the present moment," Premier Armstrong said at one o'clock today. The Church Union conference will meet again this evening.

Toronto, May 8.—Ontario will fight the plans of the \$600,000,000 Confederation Canal and Power Company to get control of the eastern Ontario power situation by a pretentious scheme for canalization.

New York, May 8.—Edward Leach, past grand exalted ruler of the Benevolent and Protective Order of Elks, died in Presbyterian Hospital after an operation. He was 58 years old and a native of Boston.

Washington, May 8.—Establishment of a World Court at The Hague to which the United States would adhere, was proposed today in a resolution introduced by Senator Lodge.

Berlin, May 8.—Krestinsky, Russian Ambassador to Germany, left for Moscow last evening. M. Stomaniakow, chief of the Russian Commercial delegation in Germany, will leave for Moscow today.

Ottawa, May 8.—(By Canadian Press)—Premier MacKenzie King will appear before the Home Bank Commission tomorrow morning to tell of efforts made by the Government to save the bank just before the collapse.

Ottawa, May 8.—(Canadian Press)—In the Senate yesterday an amendment to the industrial disputes act was given a second reading. A bill to amend the Criminal Code making it more difficult to obtain bail in certain criminal offences was given second reading.

ADVERTISING IS RED BLOOD OF BUSINESS

Toronto Speaker Addresses Convention of 300 Men of Canadian Industries. MUST BE KEPT UP

Best Results Only in the Continuous Use of Printers' Ink.

(Canadian Press.) Montreal, May 8.—That advertising is the life-blood of business, and that to attempt to conduct any enterprise or sell any article to the public without carrying on a campaign of advertising was synonymous with trying to travel across the continent in a train to which no engine was attached, were similes adopted by J. Allen Ross of Toronto addressing 300 members of the confectionery, biscuit and chocolate industries of Canada, who met in their sixth annual convention here.

He said that advertising and selling went hand in hand, and should be studied together. "Once started, advertising could not be stopped if the best results were to be obtained. Success in Canada, he said, must be obtained through intensive advertising and selling campaigns.

"As a matter of fact," he said, "there are very few failures in Canada where advertising is properly handled, backed by a good product and a good selling force, and where the advertiser had the vision to maintain his drive over a sufficient period of time.

"A famous American once said, 'Nothing pays as it should without advertising.' If you don't advertise you have automatically clamped the lid on your store or business. Stop the blood flowing through your veins and you know what happens. Advertising is the red blood of business."

"I could cite to you for an hour examples of concerns who thought they were right in stopping advertising when their article was a success. A famous advertiser was asked on a train going to California, why he did not stop his advertising for a year and pocket the profit. He turned to his well-meaning friend and said: 'What would happen to this train if you took the engine off?'"

SASKATCHEWAN HAS MAY WINTER

Blizzard Brings 18 Inches of Snow—Miles of Wires Down; Roads Blocked.

Moose Jaw, Sask., May 8.—Records of freak weather at different seasons of the year are numerous in Saskatchewan, but none approach the blizzard which raged over a large portion of Southwest Saskatchewan on Sunday and Monday. Snow in several places was reported to a depth of over ten inches, telephone and telegraph service was interrupted, and seeding operations are at a standstill.

In the Mossbank area and south and west, not only did the storm completely tie up spring farming operations, but it blocked automobile traffic between towns. Snow fell to the depth of eighteen inches in some sections. Mossbank is completely cut off from telephone and telegraphic communication with nearby towns and villages. Repairs to the line with Mossbank afford the only liaison at present with the outside world. Miles and miles of telephone and telegraph poles and wires are down in all directions from the town.

DOUBLE SLAYING PUZZLES SLEUTHS

Two Italians Found Shot Dead in Thickly Populated Brooklyn District.

(United Press.) New York, May 8.—The police are investigating the mysterious death of two Italians whose bodies were found a few yards apart in a thickly populated district of Brooklyn today. One of the men was identified as Peter Buscemi, 24, a butcher. He had been shot four times through the heart and one through the shoulder.

The other, who has not yet been identified, was shot through the mouth. Detectives advanced the theory of a duel, but could not explain why no weapons were found near the bodies.

Plow Turns Up Historic Coin

Rottweil, Germany, May 8.—A Roman coin of the year 15 was turned up in a field near this city by a plowman. It was coined under the reign of Emperor Tiberius. On one side is a head of Augustus crowned with a laurel, while on the other side is the figure of the emperor's mother, Livia, with a sceptre in one hand and a flower in the other.

Must Not Drive Auto For 5 Years

Windsor, Ont., May 8.—After deliberating for nearly two hours, a jury at Sandwich last night returned a verdict of manslaughter against a driver who was charged with running down and killing a three-year-old Freddie Schooner a month ago. A strong recommendation for mercy was included in the verdict.

QUIT PARLIAMENT FOR HER CHILDREN

Mrs. Phillipson Finds Public Duties and Family Cares Clash.

London, May 8.—(Canadian Press Cable)—Mrs. Phillipson, Conservative, who represents the Berwick-upon-Tweed division of Northumberland in the House of Commons will not again be a candidate in the next election. Captain Phillipson announced some weeks ago that his wife found herself unable to fulfil her duties to her children and carry on her parliamentary work at the same time. Mrs. Phillipson was first elected to the House of Commons in June of last year. Before her marriage she was Mabel Russell, a well known actress.

WOULD ABOLISH THE PREFERENCE

Australian House Gets Notice of Motion Following Action in England.

Melbourne, May 8.—(Canadian Press Cable via Reuters)—The recent announcement of the British Government's opposition to imperial preference was reflected in the proceedings of the Australian Federal Parliament when its sitting was resumed yesterday.

"Notice of motion was given to the effect that, in view of the failure of the Imperial Government to ratify or give legislative expression to the decisions of the Imperial Economic Conference with regard to preferential trade within the empire, while at the same time entering into or negotiating with foreign countries, notably Russia, the British preferential tariff duties under which British manufacturers are given an advantage or approximately 15,000,000 pounds in Australia for foreign competition, should be abolished.

Further, the notice of motion asks that the Government should enter into negotiations with Canada or other countries desirous of making reciprocal trade arrangements with Australia.

Moon-Shooter Getting Ready

Worcester, May 8.—Dr. Robert H. Goddard of Clark University will send up his test rocket later this summer. "It will not be ready for its flight until August, at the earliest. It is designed to ascend higher than any rocket has yet gone," Dr. Goddard said. "The contrivance will be about five feet high and six inches in diameter." He continued, "It will be loaded with a series of explosive charges, which will be ignited at intervals in the flight, each giving a powerful kick to accelerate motion through the air. The rocket will be sent up in the immediate vicinity of Worcester. Its flight will be watched through the telescope of a theodolite. The height will be measured by triangulation.

"The rocket will do on a small scale what one of large size would accomplish in making a flight over the moon. Upon the success of the experimental projectile may depend my effort to reach the lunar satellite."

Portuguese Flyers Have Come to Grief

Lisbon, May 8.—(United Press.)—Portugal's long distance air effort has come to grief at Jodhpur, India, says a message to the air ministry. The two Portuguese airmen, attempting a flight from Lisbon to Macau, ran into a storm and damaged their plane in a forced landing. Both men were injured slightly. The air ministry plans to send a new plane in which the flyers will continue to Macau.

Plow Turns Up Historic Coin

Rottweil, Germany, May 8.—A Roman coin of the year 15 was turned up in a field near this city by a plowman. It was coined under the reign of Emperor Tiberius. On one side is a head of Augustus crowned with a laurel, while on the other side is the figure of the emperor's mother, Livia, with a sceptre in one hand and a flower in the other.

INDIGNANT IN THE SYNOD OVER KING'S

Anglican Church Body Refuses Support to Campaign for College. LENGTHY DEBATE

Status Under Dalhousie Federation Brings Out Spirited Discussion.

Fredericton, N. B., May 8.—At the conclusion of a two and one half hour debate with respect to the status of King's College under the federation with Dalhousie University, the Diocesan Synod of Fredericton this morning adopted by an overwhelming majority a resolution refusing its support to the proposed campaign to raise \$400,000 for King's College, and refraining from the appointment of Governors for the College. The resolution was moved by Rev. J. H. Holmes and seconded by Rev. T. Parker, both graduates of King's College.

The whole debate hinged about the proposed campaign for the \$400,000 required by King's in order to meet the terms of the federation agreement, and to prevent King's endowment from being swallowed up by Dalhousie through failure to provide the necessary building at Halifax.

The debate became intense at various stages particularly when the federation agreement was termed as "unlucky" and "distasteful" and the opinion was expressed that the death of King's was to be preferred to dishonor in this connection. Greater freedom of expression was introduced in connection with the transfer of the control of instruction to Dalhousie, and the subsequent loss of assurance that education would meet with the full approval of the church.

The establishment of a divinity school within the diocese and affiliation with the University of New Brunswick with a good deal of approval. General reluctance was evident to sever the association of the past with the future of King's appeared to be extremely doubtful and distasteful.

The subject was introduced in connection with the report of the board of governors. There were a few slight clashes of opinion during the debate.

There was some discussion regarding King's College during the presentation of the report of the committee on the Bishop's charge by Rev. C. Daniel at yesterday afternoon's session. The report drew attention to the fact that the diocese had never recognized any official responsibility to King's College other than as a theological school. His Lordship maintaining that the Canon in this respect had been carefully adopted by the synod.

The intention was supported by Venerable Archbishop Newham who said he had been present at the time of the adoption of the canon.

Father Young, in the course of the discussion upon the nature of the publications of the G. B. R. E. developed a controversy which was concluded only by a motion to adjourn. Rev. Father Young, St. John's, took the ground that sufficient teaching of the real nature of the Church of England was not given, and that many of its members could not tell in what it differed from the Baptist Society, for instance. He believed in teaching that it was the church. He considered himself not a Protestant, and nothing could make him one. He was a Catholic. The Church of England was the English speaking branch of the Catholic Church. History showed that.

Rev. A. L. Fleming took objection to the statement that the Church of England was not Protestant. Cramer and Ridley had been burned because they were Protestants. Members of the Roman Catholic Church would say that. If Rev. Dr. Hiltz wanted to know in what objection to the G. B. R. E. publications lay, let him keep his ears open. He would hear.

A motion to adjourn was made. Bishop Richardson said that controversial matters should be avoided in the Provincial Synod which will meet there in June, and to the General Synod which will meet at London, Ont., in September, were made.

Twelve clergy and an equal number of laymen were elected from the list of nominations as delegates to the Provincial Synod, while six clergy and an equal number from the laity were chosen to attend the General Synod. Before proceeding with the morning session, Bishop Richardson made a special reference to the presence of Rev. R. P. McKim, rector of St. Luke's church, St. John, who has recently recovered from a stroke.

They Came Down Winners!

This is the end of the National Balloon Elimination Race. And these are the winners—Pilot W. T. Van Orman (right) and his aide, C. K. Wollam, of the Goodyear 111 of Akron, O. They came down near Rochester, Minn., following an 1100-mile flight from Kelly Field, San Antonio, Tex. Van Orman and Wollam now have the right to compete in the International balloon races at Brussels, June 15.

Locked in Huge Cage, 138 Face Trial For Murder and Robbery

(UNITED PRESS.) Florence, Italy, May 8.—Locked in a huge iron cage in the courtroom, 138 Anarchists and Communists, including three women, went on trial today for the murder and robbery of nine Italian marines and carabinieri on March 3, 1921, during the general rail strike.

The prisoners, a motley crowd, stared at the jurors through heavy iron bars. Each sat upon a numbered stool and each juror had a 300-page guide-book containing the photograph and record of each prisoner to enable them to identify the defendants following the trial.

In number the defendants exceeded those of the famous Camorra trial at Viterbo. They are charged with deliberately killing the soldiers and injuring a score of others near Naples when the marines and carabinieri were on their way to Florence from Leghorn to help restore railway service.

Wonder About Chicago Letters

Recipients in Two Places in St. John Get Identical Missives.

At least two people in the city have received letter from a Chicago firm in which an effort is being made to locate former residents of the addresses in question. The letters are identical, with the exception of the names of the persons asked about, and both refer to a mail box at 98 Winter street some of the people sought.

The letters were addressed respectively to the owner or tenant at 98 Winter street and 76 Prince Edward street. That sent to the Winter street address asked regarding the whereabouts of Lawrence Pemberton or his heirs, and that addressed to Prince Edward street sought tidings of Mrs. Duchamp. The former was received by Mrs. E. Weeds, the present occupant of 98 Winter street, and the latter by Mrs. Samuel Parsons, who is living at 76 Prince Edward street.

Both referred the matter to the Times. The wording of both letters is similar. They are sent out by the Electro Surgical Application Co., 407 South Dearborn street, Chicago, and are signed by W. E. Tongue, manager. Mrs. Weeds has already made enquiries amongst her neighbors and this morning had a call from Joseph Pemberton who said that he had a brother Lawrence and that the family had lived in the rear of 98 Winter street some eight years ago. He had not idea what the "financial interest" might be. It is understood that his brother is now in St. Stephen.

MINERS HIT BACK AFTER THE LOCKOUT

Work Down Throughout the Whole Industrial Basin Today. WORKERS UGLY Russian Influence Suspected—Sympathy Strikes Elsewhere are Feared.

(British United Press.) Berlin, May 8.—The strike and lockout in the Ruhr was effective practically throughout the entire industrial basin, according to reports here today, and threatened to endanger the prospects of a reparations settlement if it continued. Practically all mines were idle today, despatches said.

Although the initiative was taken by the operators, who locked out thousands of men who declined to accept an eight hour day for underground, Communist miners immediately countered by declaring a general strike in the Ruhr.

Their funds are short and their resistance to pressure by the industrialists weakened accordingly. Russian Influence. Some Germans profess to see Russian influence in the Communist strike, harking back to the incident at the trade delegation headquarters in Berlin, where a Russian prisoner was taken by police.

There are also reports that many miners are becoming ugly. Miners in Silesia and Saxony are reported considering sympathy strikes.

LAUDS C. N. R. AS A MONEY MAKER

Kyte, Liberal Whip, Says Minister Will Show \$21,187,462 Surplus.

Toronto, May 8.—G. W. Kyte, M. P., Cape Breton south and Richmond, chief government whip in the House of Commons, addressed the Ontario Liberal Women's Association at a banquet here last night.

Summarizing what the Liberal government had accomplished since coming into power in 1921, Mr. Kyte referred to the Canadian National Railways as having succeeded beyond the cost of operation had been \$31,187,462 with the deficit, after deducting the fixed charges, very materially reduced. Instead of being a burden on the National Railways, he said, had become a revenue producer to the country.

Mr. Kyte referred to the budget speech of Hon. James Robb, acting Minister of Finance in which Mr. Robb had shown that there was a total surplus of \$30,409,109 and that the public debt had been reduced by this amount.

WONDER ABOUT CHICAGO LETTERS

He had not idea what the "financial interest" might be. It is understood that his brother is now in St. Stephen.

Mrs. Parsons so far has been unable to get any trace of the Mrs. Duchamp referred to in the letter received by her. The file number of the letter received by Mrs. Weeds was 27618-4, and that that received by Mrs. Parsons, 27618-2.

SAYS GERMANS WILL TAKE UP HUDSON BAY PROJECT

Saskatoon, Sask., May 8.—German capitalists are ready to go ahead with the Hudson Bay Railway scheme and develop mineral oil and other resources adjacent to the Hudson Bay. This announcement was made by Col. R. H. Webb, member of the working committee of the On-to-the-Bay Association here last night.

Before proceeding with the morning session, Bishop Richardson made a special reference to the presence of Rev. R. P. McKim, rector of St. Luke's church, St. John, who has recently recovered from a stroke.

Weather Report

Toronto, May 8.—Pressure has continued over north Canada, while the depression over the middle states has developed and stormy conditions are indicated for the Great Lakes. The weather continues fair in both eastern and western Canada.

Forecast: Gulf and North Shore—Strong northwest winds fair and cooler tonight and on Friday. Maritimes—Moderate winds, fair, Friday, fresh easterly winds, mostly cloudy. Northern New England—Rain tonight and Friday. Moderate temperature. Increasing easterly winds. Toronto, May 8.—Temperatures:

Table with 2 columns: Location and Temperature. Locations include Victoria, Kamloops, Calgary, Edmonton, Winnipeg, Montreal, St. John, Halifax, and New York. Temperatures range from 44 to 64 degrees.

YOUR SHARE

A five, energetic, loyal citizenship man. "Great" in talking about St. John, at home or elsewhere, speak of its advantages, its record of accomplishment, its possibilities. It is your city.

WILL ASK TENDERS FOR SEWER CLEANER

Matter Before Council Today—Cranston Ave. and Brunswick Place.

The question of purchasing a motor apparatus for the purpose of cleaning catch-basins, which would be cut from 12 to two the force of men required for this work, was discussed at a committee meeting of the common council this morning.

Commissioner Bullock introduced J. S. Giles, representative of Municipal Review, published in Montreal, which was producing a book for the British Empire Exhibition called "Municipal Canada."

Commissioner Bullock favored this in the country would go a long way towards making the city and port known. He moved that the matter be referred to the Mayor.

Commissioner Harding moved in amendment that the matter be delayed until a programme of advertising was outlined.

The Mayor opposed spending the \$200 in this way. The motion to refer the question to him was carried.

Aber Secord complained against the drying of bags on the Lewis Boulevard. The Mayor and Commissioner Frink promised to look into the matter.

Commissioner Bullock re-opened the matter of lease of property in Crown street to Leason, Ltd., for which the city asked increased rental.

The original lease, read by the Common Clerk, was first granted to the Macadamite Metal Co. for a foundry in 1908, and provided for forfeiture in case the place was used for anything but a foundry or for metal manufacturing.

The Mayor felt that the Simmons people had violated the contract with the city and that therefore the city could not be compelled to take over the lease of Crown Street Land.

Commissioner Frink reported on the matter of incorporating Cranston Avenue. He read a letter from L. D. Millidge to the effect that the Millidge estate would deed the property for the extension of the street to the city.

On his motion it was decided to refer the matter to the commissioner of public works, the city engineer and road engineer for report, survey and contour plan of the land to be acquired.

Improvements. He said that the entry of the Simmons people had caused a local industry to be lost to the city, and he was therefore not in favor of giving them any concessions.

Commissioner Frink favored the appointment of valuers to appraise the improvements. He said the building was practically in the middle of the proposed extension of Crown street, and stood in the way of extension.

The Mayor thought the lease should be renewed, and if the lessees did not carry out the covenants to let them take their building off the property.

Commissioner Wigmore favored the valuation by appraisors and taking over of the improvements by the city. The motion to appoint Edward Bates as appraiser carried.

Question of Loyalty. Commissioner Harding referred to headlines "The King is Dead; Long Live the King" which appeared in a local paper, and he felt that this should not be used except in case where the King of the British Empire had died and another succeeded him.

He thought it might be taken as a slur on royalty. The Mayor agreed with him, but Commissioner Frink thought the expression could not be confined to the British King.

Sewer-Cleaning Apparatus. Commissioner Wigmore brought up the matter of acquiring a modern catch-basin cleaner. At the present time 19 men were employed, but the new apparatus would require only two.

He said it would pay for itself in a couple of years. At the present time two trucks were required, one on each side of the harbor. One of the new pieces of apparatus would do for both sides of the harbor. Two new motor trucks were required in any event, and the cost would be about as great.

He moved that he be authorized to call for tenders. He said the trucks could be used for other purposes in the winter time. There were about 5,000 catch basins in the city. He proposed paying for the machine by bond issue from sewer bonds.

The Mayor was of the opinion that if possible the cost of any equipment should not be paid for by bond issue. Commissioner Wigmore said that water revenue would hardly take care of the expenditure as the fees from the steamers were \$2,000 less.

The motion to call for tenders was referred to the council. Cranston Avenue Matter. Commissioner Frink reported on the matter of incorporating Cranston Avenue. He read a letter from L. D. Millidge to the effect that the Millidge estate would deed the property for the extension of the street to the city.

On his motion it was decided to refer the matter to the commissioner of public works, the city engineer and road engineer for report, survey and contour plan of the land to be acquired.

Commissioner Wigmore reported that he had applications from several for water and sewerage in this district. James Carleton asked that a new retaining wall be built at the corner of Market and Guilford streets.

The matter was referred to Commissioner Frink for a report. Brunswick Place. A letter from L. P. D. Tilley of the Brunswick Realty Co., offering a deed of the street to the city, was read by Commissioner Frink.

Ads Bring Throngs To the Magee Sale

The photograph illustrates the power of advertising, showing part of the great crowd assembled at the opening of the sale of D. Magee's Sons.

Maxwell, chairman of social committee, Miss Gertrude Selja, chairman of sick and visiting committee, Mrs. William Ring, chairman of flower committee, Miss Nora Cameron, assistant chairman of flower committee, Miss Carol Secley.

DEGREE CONFERRED. Dominion Lodge, L. O. B. A., No. 18, met last evening in their hall in Simonds street. Mrs. Albert Evans, worthy mistress, was in the chair.

THE LATE F. R. WHIPPLE. In addition to relatives elsewhere announced of Frederick R. Whipple, whose death occurred at his home in West St. John last evening, he is survived by two brothers—James A. of West St. John and William of Portland, Me., also one sister, Mrs. Annie Ellis of Vancouver.

THE GOVERNMENT. Following the appointment of Hon. C. W. Robinson to the Senate, it is understood the duties of the Minister to Department of Lands and Mines in the N. B. Government will be carried on by another member of the Government, probably Premier Veniot.

BANK CLEARINGS HIGHER. St. John bank clearings for the week, as announced today by the St. John Clearing House Association, totaled \$2,684,274, as compared with \$2,686,861 for the same week last year and \$2,894,597 in 1922. Halifax clearings this week were \$3,104,061.

L. O. B. A. MEETING. Baxter Lodge, L. O. B. A., met last evening in their hall in Church avenue, Fairville. Mrs. Edward Duff, the worthy mistress, presided. There was one initiation, and two former members were reinstated. Mrs. Haper Fairville, Mrs. Edward Duff, the worthy mistress, presided. There was one initiation, and two former members were reinstated.

INSPECT PULP MILLS. Hugh Chisholm and C. A. Gordon, president and vice-president respectively of the Nashwaak Pulp and Paper Company, Ltd., arrived in the city today at noon from New York. This afternoon they conducted an inspection tour of the local plant. It is understood that they will leave again this evening enroute to New York. On the way they will make an inspection of the Oxford Paper Company at Rumford, Me., of which Mr. Chisholm is president and Mr. Gordon vice-president.

PRESENTATION. The home of Mr. and Mrs. George A. Rose, Harding street, Fairville, was the scene of a gala evening when a large circle of friends under the co-sponsorship of Mrs. William Oliver, Mrs. Rose's daughter, extended birthday greetings to Mrs. Rose. Mrs. Oliver officiated at presentation of a handsome upholstered chair, and several articles of silver to Mrs. Rose. She thanked her friends for their gifts and good wishes. The evening was pleasantly spent in games, music and dancing, and delicious refreshments were served.

OFFICERS ELECTED. The Sunshine Class of the Charlotte Baptist church, Fairville, elected Teacher, Miss Jessie A. Hart; president, Miss Stella Nice; vice-president, Miss Evelyn Demming; secretary-treasurer, Miss Nora Cameron; assistant secretary-treasurer, Miss Hazel

Indignant In The Synod Over King's

(Continued from page 1.) from a serious illness. Rev. Mr. McTear replied feelingly, and thanked the Synod for the expression of fellowship and good-will extended to him during his illness. The Nominations. Nominations were then made for the Provincial and General Synod, as follows:—

Provincial Synod—Rev. A. F. Bate, Very Rev. Dean Neales, Venerable Archdeacon Newblum, Ven. Archdeacon Forsythe, Rev. Canon Daniel, Rev. Thomas Parker, Rev. J. H. A. Holmes, Rev. A. L. Fleming, Rev. Canon Shewen, Rev. James Hooper, Rev. C. S. Wainford, Rev. S. C. Gray, Rev. W. P. Canham, Rev. F. J. Leroy, Rev. Canon Sison, Rev. W. P. Dunham, H. B. Schofield, Col. H. Montgomery Campbell, Ernest Coy, L. P. D. Tilley, W. L. Harding, Col. E. T. Sturdee, G. P. Burchill, H. Usher Miller, J. H. A. L. Fairweather, Chancellor, G. P. Burchill, F. H. Carter, G. W. Coster, G. W. Ellis, George Raymond, William Quinn, W. H. Teal, H. F. Puddington, R. W. Hewson, B. Boyd, W. A. Harrison, P. H. Everett, F. deL. Clements, R. J. Dibbles, and F. T. Short.

General Synod—Rev. Dr. W. R. Hibbard, Rev. A. L. Fleming, Venerable Archdeacon Crowfoot, Very Rev. Dean Neales, Rev. T. M. McKim, Rev. J. H. A. Holmes, Ven. Archdeacon Newblum, Rev. C. S. Wainford, Rev. S. C. Gray, Rev. W. P. Canham, Rev. F. J. Leroy, Rev. Canon Sison, Rev. W. P. Dunham, Archdeacon Forsythe, Rev. Canon Smithers, Rev. Canon Hooper, Thomas Parker, Rev. G. W. Nicholls, Rev. W. H. Sampson, Rev. S. C. Gray, Rev. Canon Sison, Rev. J. Rees-Jones, Chancellor M. G. Teal, Col. W. H. Harrison, H. Usher Miller, Col. H. Montgomery Campbell, Charles Coster, Roland Frith, J. H. A. L. Fairweather, Dr. W. S. Carter, W. L. Harding, L. P. D. Tilley, H. B. Schofield, H. A. Porter, R. J. Dibbles, and G. P. Burchill.

Against Changing Methods. The report of the special committee appointed for the purpose of inquiring as to the methods of conducting Synod business, caused considerable discussion. A recommendation to do away with the Synod roll call, substituting therefor a ballot, and nominations be made in open Synod instead of being brought in by a nominating committee, moved by Rev. A. L. Fleming, who presented the report, was defeated.

The report also recommended balloting at a definite hour, and this recommendation was adopted. Religious Education. Consideration of the publications and policy of the General Board of Religious Education was one of the chief items of business. The discussion on this subject arose with the presentation of the annual report of the Diocesan Board of Religious Education by Rev. E. P. Wright. This report was taken up in order to permit Rev. R. A. Hill, general secretary of the G. B. R. E., to discuss the board's general policy. Dr. Hill outlined the work of the board in this respect, dealing particularly with the publications and lesson helps used in the Sunday schools.

During the discussion a number of members spoke with reference to the difficulties of the lessons, while others expressed entire satisfaction with the lesson helps. Among the lay delegates who have arrived in the city since the Synod opened are: H. F. Puddington, Rothesay; Col. W. H. Harrison, J. Roy Campbell, J. F. H. Teed, W. H. Campbell, Co. A. McMillan, D. S. O., L. P. D. Tilley and E. T. Sturdee of St. John.

PERSONALS. T. E. Dunlop, of this city, left Tuesday for Detroit, Mich., where he will in future reside. Rev. Canon R. A. Armstrong and Rev. Cecil Markham returned to the city last evening from Fredericton where they attended the Anglican synod. W. R. Scott has returned after a business trip to Los Angeles. Mrs. A. Porter arrived home at noon today from Montreal, where she had been visiting her son, Lt.-Col. C. G. Porter, a holder of the Victoria Cross. Rev. Craig Nichols was a passenger on the incoming Boston train at noon today from Fredericton, where he has been attending sessions of the Anglican synod.

Use the Want Ad. Way. The ex-kaiser in a new book renews his plea that he might have rushed forward and fallen in battle, instead of escaping into Holland, but decided it would be morally wrong to end his life. This delicacy of perception as to what would be morally wrong where his own life was concerned had been quite absent when only the lives of others were concerned. The biological necessity of reducing the population of Europe had sounded all right to him from the lips of a political professor, and he did not see the moral wrong of it—but his own life, his very own head and hide, impressed intelligence as being worth saving.

HOWEVER, HE LIVED ON. (Toronto Star) The ex-kaiser in a new book renews his plea that he might have rushed forward and fallen in battle, instead of escaping into Holland, but decided it would be morally wrong to end his life. This delicacy of perception as to what would be morally wrong where his own life was concerned had been quite absent when only the lives of others were concerned. The biological necessity of reducing the population of Europe had sounded all right to him from the lips of a political professor, and he did not see the moral wrong of it—but his own life, his very own head and hide, impressed intelligence as being worth saving.

AMLAND BROS. Limited 19 Waterloo St.

THORNTON SENT TO STAND ON THE RAIL COMMITTEE ORDER

Ottawa, May 7.—Sir Henry Thornton, President of the Canadian National Railways, again appeared before the railway committee of the House this morning on the Canadian National branch lines bills. He was questioned on the proposed branch line from Sunny Brae to Guysboro, N. S. This line is to be 67 miles in length. Its estimated cost is \$3,500,000. No construction is proposed this year, although final surveys are to be made. It is proposed to do the grading next year and to complete the line in 1926. The idea, said Sir Henry, was to open up a district for the lumbering industry and for agricultural products. The line was merely carrying out a plan originating some years ago.

Products of Districts. As Sir Henry Thornton was being questioned by Sir Henry Drayton on the products of the district the new line would serve, Hon. E. M. MacDonald observed that there were large quantities of gold in the district. As information on the lines was being sought by different members of the committee, Hon. G. P. Graham, Minister of Railways, appeared that the Government railways should be given the same chance given to private railways. He claimed that the bills, being Government measures, did not need to be submitted to the railway committee at all. No bills for Government lines had been submitted to the railway committee before.

Sir Henry Drayton—"The history of the past gives us every justification for doing everything different in the future." A lively clash between Sir Henry Drayton and Mr. Graham ensued. Sir Henry claimed that when he had asked questions last week the Government had declined to supply the information although it was available. Had No Information. Hon. Mr. Graham warmly protested that he did not have the information at the time it was asked for, that he had wired for it and that it was in the hands of Sir Henry Drayton within six hours of its receipt by the Government. The incident ended with the calling of Col. Cantley, formerly a director of the Canadian National Railways, on conditions in the district the Sunny Brae to Guysborough line is to serve.

Col. Cantley gave the history of the project and emphasized the urgent need of railway development in the district for lumbering and the fish industry. Col. Cantley said he was sorry the Canadian National was not proposing to build the line on the grades provided in the scheme of the old board. Sir Henry Thornton apparently thought the lower grades of the original scheme would be too expensive but Col. Cantley preferred to see the line built with the grades now proposed rather than not at all. "There are no politics in the line," added Col. Cantley. "Both parties are committed to it. Both parties agreed to it, but it has not been done."

Col. Cantley then took up the bill for a branch line between Lockport Station and the town of Lockport, also in Nova Scotia. "Railway development in Nova Scotia in proportion to area is infinitesimal as compared with the other provinces." The bill for the Sunny Brae to Guysborough line passed the committee.

Maybe they will call it the "let wing" bob; or it may be named the "Soviet shingle." Anyway, it's the haircut of Miss Ostronovova, secretary to the Soviet delegation that has been meeting with the British premier. Like Bolshevik it will be said by many to be a bit extreme.

Both parties are committed to it. Both parties agreed to it, but it has not been done."

Both parties are committed to it. Both parties agreed to it, but it has not been done."

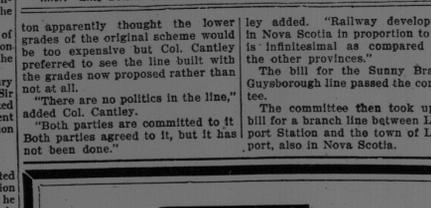

Both parties are committed to it. Both parties agreed to it, but it has not been done."

Both parties are committed to it. Both parties agreed to it, but it has not been done."

WARNING.

What are you getting when you buy silk hose from house to house canvassers? Here is what F. A. Dykeman & Co. got. They had one of their friends purchase two pairs of these pure silk hose for which she paid \$2 per pair. They have these stockings in their hosiery department now, and have compared them minutely with those that they have on hand, weighing them on most delicate scales, and they find them the same quality, and the same weight, as they are selling for \$1.60 per pair. These stockings are on display in their hosiery department for anyone who wishes to convince themselves that their statement is correct. Furthermore, these house to house stockings are made in the United States, giving employment to foreigners, while others are made in Canada, giving employment to Canadians. After reading these facts are you going to buy goods from house to house canvassers? The silk stockings referred to above can be had in the season's newest shades, including log cabin, air-ale, peach, rose beige, brown, grey, and black—\$1.60 PER PAIR.
F. A. Dykeman & Co. can give you a far better stocking at \$2.00 with a pointed heel, made by a concern which stands back of every pair sold, and this stocking will not have the appearance of being second.

A Message To Pie Eaters

Oftentimes a young man or woman who lives at an ordinary boarding house or is forced to eat at cheap restaurants—will conjure up visions of "the pie which mother used to make."

Mental visions of that flaky crust, reminiscences of its toothsome deliciousness, haunt the memory and magnify one's homesickness.

Good pie is a serious proposition—especially when you cannot get it. Only a genuine pie eater can know the real inward sorrow and disappointment to be found in a poor, run-of-mine commercial pie.

What ought such young person to do? Why—find the right kind of a boarding house where good pie abounds!

Ah, but where can one find such a place, you ask? Not simply by wishing for one—that would be futile. Not by ringing doorbells and inquiring for good pie from house to house. That plan might take years.

The simple direct way would be to advertise in the want ad. columns of The Times-Star.

WANTED—Good pie. I am a regular pie eater. I want to live in a good boarding house where the food is inviting and where real home made pie is frequently on the menu. Address your prospective boarder at Box, care of The Times-Star.

There—something like that, young people! Make your advertisement say exactly what you mean. If you are banking for home-made pie or fried chicken—or if you want a more comfortable or better located room, just advertise for what you want.

ST. JOHN, N. B., MAY 8, 1924

THE PORT COMMITTEE

President Barbour of the Board of Trade has appointed a strong committee of seven members, following the recent meeting at which he was authorized to select a group of representative citizens to forward the interests of the port of St. John. As the committee to whom this work of immense importance is entrusted consists of Mayor Commissioner Bullock, Hon. Dr. W. E. Foster, Mr. A. P. Paterson, Mr. Frank M. Ross, general manager of the Dry Dock Company, Mr. George L. Warwick, and Mr. L. V. Lingley. Here are men representing leading interests, civic and commercial, all practical and active in our affairs, and well fitted to develop the best lines of advance in dealing with the whole question of port expansion.

They will not, we must suppose, be confined wholly to the suggestion already made, but these no doubt will first have their considerations (1) the use of Canadian ports by Canadian railways, and the shipment of Canadian goods through Canadian channels; (2) the appointment of a representative to canvass for traffic for the port, to investigate freight rates, and to "sell" the port to shippers able to control the routing of traffic; and (3) the planning of a publicity campaign designed to promote trade through Canadian channels, particularly through this port.

The committee should be given support worthy of the size of the job. It should not lack money. It will necessarily have to carry on an extensive inquiry in order to decide what methods are best, and what are the points upon which to concentrate our efforts. The citizens will be eager to back up any promising line of action the committee may devise, recognizing, as they do, how much the right solution of the port problem must influence the future of St. John. What is worth doing is worth doing well—and time presses.

MR. GARVIN'S NIGHTMARE

"We admit that great wars may come in Europe. We must all admit that greater wars may arise in Asia. If they do, the United States and Britain will have to stand together at any cost. By no possibility could it be avoided. But every naval expert knows that the United States could not move efficiently across the Pacific. The American navy would have to come through on the European side. If Singapore fell swiftly into hostile hands, Japan would have an excellent opportunity of defeating both Britain and America—in this sense, that her outer guard in the Malay Peninsula and islands could not be broken until her sovereignty over China and its 400,000,000, and over all the East Indies, had been unshakably established. After that the British Raj would vanish from India if it had not been expelled before, and it would be extremely improbable that Australia would remain a white continent."

Thus writes Mr. J. L. Garvin, the famous English publicist, in the London Observer. When Mr. Garvin goes borrowing trouble he does not do it by halves; but even though he may be conjuring up spectres his article helps us on this side of the world to better understand the uneasiness of Australia and New Zealand over the growth of Japan's power, and the importance attached to Singapore both in Britain and the Antipodes. Mr. Garvin wants substantial progress toward world disarmament within a year—which is unlikely—or he wants Singapore developed with all speed. The latter is unlikely, too, so the Empire, if he is not unduly alarmist, may be left facing some consequences he foresees. We must comfort ourselves meantime with the assumption that his fears are groundless or that, if there is some excuse for them, his timetable of catastrophe is wrong. He prays for peace while demanding war insurance. "We, and all sane men," he says, "breathe no more earnest, no more profound prayer, than that fatal trouble may never come between Japan and the white races. But while that remains, as it does, one of the big ifs of fate against which armaments are an insurance, it is absolutely vital that Britain should hold Singapore as that the United States should hold Panama."

But why this sense of impending struggle? Mr. Garvin answers that and at the time he was writing the United States had not decided upon Japanese exclusion. Had he foreseen that action he would have been even more positive and more gloomy. Japan, he argues, denied racial equality on four continents has as its first aim: "Asia for the Asiatics and chiefly for the Japanese." In half a dozen years the Japanese will have 4,000,000 trained men. "For defensive purposes their position is impregnable." Give Mr. Garvin a properly fortified Singapore and he would hope to prevent Japan from overrunning and drilling China, from hustling the British out of India, and from seizing Australia. Otherwise we see little hope unless "the white

Press Comment

IT'S DIFFERENT THERE

(Victoria Columnist.) The plea of "irresistible impulse" in crime is frequently raised in courts, particularly in the courts of the United States. Of it Lord Darling says: "Should the doctrine of 'irresistible impulse' be allowed by the law of England, many impulsive sinners may regret in an asylum the days of prison or a fine."

THE "MOUNTIES" ON THE SCREEN

(Edmonton Journal.) A historical pageant is to be held in connection with the fiftieth anniversary of the establishment of Fort Macleod which is to be celebrated this summer. Arrangements are being made to have it filmed. It ought to be of much greater value than most such pictorializations of the past for the reason that those of the people who participated in the events portrayed will be present to see it. The representation is an accurate one. Most of the film scenario is to be founded on the book, "The Birth of Western Canada," which Sir Cecil Denny of Edmonton, one of the original mounties, has written. The arrival of the police, the surrender of Fort Whoopup, the treaty with the Blackfeet, the bringing in of the first cattle, and much else will be thrown on the screen.

SHORT SHRIFT

During the French Revolution the execution of those suspected but not proved guilty of all sorts of offences was common enough, and the present Russian authorities are no whit behind the French revolutionary leaders in finding pretexts for killing off those who do not think as they do. Any pretext suffices. Not to answer a question is fatal. To reply to almost any of the questions asked is equally dangerous. Of those placed on trial most are condemned in advance. The prosecutions in these days are launched against the intellectuals not so much because of what they do as because of what they think, or are supposed to think of the Soviet authorities.

An example of the methods pursued is found in the recent trials at Kieff where prisoners were asked what they thought of the future of the Soviet government, whether they thought this form of "administration" a permanent one or likely to be of short life. One prisoner, a man of some standing, was asked: "What sort of government do you advocate?" He replied: "I am for a people's government. The majority should govern Russia—the majority of the workmen and peasants. I am for a workmen's and peasants' government." The prosecutor sentenced treason. "But," he said, "we now have a workmen's and peasants' government." The accused had the choice of agreeing to what he knew to be untrue or giving his real opinion. "We have now," he said, "a dictatorship of party." That mild and accurate description of the existing regime was quite enough for the tribunal. He was condemned to die. Thus liberty and free speech flourish in the new Russia.

London had in April a revival of the Gilbert and Sullivan operas, which commanded an extraordinary patronage. The house was sold out long in advance, tickets were unobtainable, and there were advertisements in the Times asking if anyone who had seats would sell them at a premium. The old favorites were never more popular in London than now.

MINES FOUND IN THE BALTIC SEA

Lubeck, Germany, May 7.—Mine fields covering 280 square miles have been discovered in the eastern Baltic off Finland. The mines are said to be of Russian origin, dating from the World War. This is taken here as confirming the findings of the Stettin marine office that the recent sinking of German ship in the Baltic was due to explosion of a mine.

SENDS BOOKS TO EMPIRE FAIR

The Dominion Government has purchased the surplus of 500 copies of the Dominion Leaf, the official news medium of the Associated Canadian Clubs, and has forwarded them to the British Empire Exhibition for display there. Arrangements have been made whereby the Government will take a like number of copies of the magazine each month until October. The May issue of the Leaf is devoted to St. John. The editor is Stanley Smith, at one time city editor of The Daily Telegraph. London will have the largest dock in the world when work now under way is completed. It is predicted that New York City will have a population of 29,000,000 by the year 2,000.

CUT KNIFE HILL

May 2, 1885.

Is it so many years since the breaking of that fate-hidden morning of May? For the green of the Spring's warm awaking, And the sky, and the trail we were taking, Are as fresh as the face of today? Slim and pale in the soft aureole of us, Hung the moon, like a lingering lamp, But, was, was scarce a league straight before us— How the light on the instant uprose us— By the sunrise the enemy's camp!

We have passed through the brush and the brule, We have skirted the rock and ravine, Is it ambush of creek or of coulee, Have we reckoned our forces unduly, Is it Stony or Cree who has seen?

And we see on the hillside the cattle; And we hear on the air, sweet and still, The word of command, and the rattle of rifles, and the challenge to battle, From the foe on the crest of the hill! And twain, with their uniforms round them, In half-giving Beechwood we laid, In Youth's manhood Death followed and found them; But more close in my memory we bound With remembrance that never shall fade!

And wherever Life's storms may have blown you, And whatever your fortunes may be; On whatever far shore Fate has thrown you, Old Comrades! I know, who have known you, You are back in that Maytime with me!

So I stand once again at the wicket Of that fate-hidden morning of May; And the light at the ford, and the flicker of the fire on the bank, And the fire of the foe in the thicket, Are as fresh as the face of today! —Gordon Rogers in Ottawa Citizen.

His Modest Wish

Wife—"I suppose you wish you were a woman?" "Hubbly—No—just free."—Cassell's Saturday Journal (London).

That Kind of Face

"Is this a portrait of your fiancée?" "Yes." "I suppose she must be very wealthy." "The Passing Show (London).

Her Excuse

He—"I'm surprised that you would go to the opera during Lent." She—"It was a box party and we only talked; we didn't really pay any attention to the opera."—Boston Transcript.

Safety First

Teacher—"Children, can any of you tell me what is the most dangerous part of an automobile?" Tommy—"Yes, miss, I can! It's the driver!"—Yorkshire Post.

Wasted Energy

The farmer took the man out to a field and started him at plowing behind two horses. Two hours later the new farmhand returned to the house utterly exhausted. The farmer asked him how he was getting along.

"Not bettin' 'along at all," snapped the new man sagaciously; "how do you expect me to hold a plow with two big, strong horses trying to pull it away from me all the time!"

THE TEACHERS' TRIP TO VICTORIA

Arrangements for the itinerary of the projected trip to the West have been completed, with the exception of the details of the forms of entertainment to be extended to the teachers at some of the various stopping places. A very attractive programme has been provided. This, together with the opportunity of seeing Western Canada in comfort and at moderate expense, to say nothing of that of enjoying for a considerable period the society of those engaged in the same work in other provinces, should make this trip of interest to all teachers. The teachers' special will leave Toronto Aug. 4, and will take the Canadian Pacific direct line to the Coast; the journey will be broken at Port Arthur and Port William, Winnipeg, Regina, Moose Jaw, and Calgary. At all these places the Federation is making arrangements, through the local teachers' and other organizations, for the maximum amount of sightseeing in the time allowed. The special arrives at Banff Aug. 8, in the early evening, and will remain at that place until the early morning of the 10th. Teachers will sleep on the train, but the meals will be provided at the Banff Springs Hotel. The morning and evening of Aug. 9 will be free for individual activities; the afternoon will be devoted to a sightseeing drive to Tunnel Mountain, Buffalo Park, Cave and Basin. At Lake Louise the journey will be broken from 7 a. m.

MANAGER RESIGNS FROM TRUST CO.

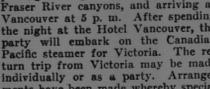

Halifax, May 7.—The resignation of Colonel B. A. Weston, general manager of the Eastern Trust Company, the same to become effective July 1, was accepted at a meeting of the directors of that corporation held here today. Colonel Weston, who organized the company in 1893 and has ever since been its general manager, will remain on the directorate and continue to serve in an advisory capacity.

ASSERTS BELIEF IN RESURRECTION

Railway, N. J., May 7.—A resolution asserting "without reservation or equivocation its belief in the Virgin Birth and the bodily Resurrection of Our Lord" was unanimously adopted by the 153rd annual convention of the New Jersey Diocese of the Episcopal Church today.

"Nerves in Bad State Could Not Sleep"

Mrs. H. N. Tardell, Harrowsmith, Ont., writes: "My nerves were in a very bad state, and for nearly six months I did not know what it was to have a good night's rest. I could not eat, and never felt well. I heard about Dr. Chase's Nerve Food, and thought I would try it. After taking it for a few days I began to feel better, and soon was able to sleep well at night. My appetite also returned, and I felt stronger and better, and after taking three boxes of Dr. Chase's Nerve Food I was quite well. I have also given the Nerve Food to my little girl, with good results."

Withstands punishment

RAILWAY crossings, stony roads, curb bumps, sudden braking and steep down-grade are typical of the numberless punishments that cause internal heat so destructive to both rubber and cords.

In Dominion Cord Tires you have always had the greatest dependability—but now, by our exclusive new Web Cord process, internal friction and heat caused by cross threads are eliminated.

Our new Sprayed Rubber process increases the elasticity and strength of the treads and side walls, because Sprayed Rubber is the purest rubber in the world. It is used exclusively in Dominion Royal Cord and U-cord Tires in Canada.

The extra mileage and dependability of these new features in Dominion Cord Tires are thoroughly proven by years of actual road tests. They mean no increase in the price of Dominion Cord Tires.

STREET ADDRESS IS IMPORTANT ITEM

Lack of It Causes a Great Many Delays in Post Delivery.

In all of the large cities of Canada thousands of replies to letters are delayed two to 10 hours in delivery because of the lack of street name and number on the envelope.

In writing the original letter the writer did not give the street name and number, and has only himself or herself to blame for the delay in the coming of the reply.

This fact was spoken of by the members of the post office staff yesterday. The public was urged in having an address printed on letterheads or envelopes or in writing an address at the head of a letter, to give full and complete details.

GIVEN NOVELTY SHOWER.

Miss Minnie McAllister, who has been with Manchester Robertson Allison, Ltd., for several years and who is to be married in June, was made the recipient of a novelty shower last evening by more than 40 of her associates in the store, when Mr. and Mrs. Ernest E. Thomas, Paddock street, entertained in her honor.

NEW ISLAND APPEARS.

Some rough granite slabs have been placed around the fountain nozzle in King square, making a miniature rocky island. The island makes a decided improvement in the appearance of the fountain.

SOME TRAVELER!

Ten-year-old Alice Northcott of New Westminster, B. C., ought to be a strong contender for the juvenile traveling championship. She has just completed her ninth trip between the Pacific coast and Hull, England, her birthplace.

NURSES' EXECUTIVE MEETS.

The meeting of the executive of the New Brunswick graduated nurses was held in the Nurses' Home last evening with Miss Margaret Murdoch, president, in the chair.

WEDDINGS

Breaux-Harding.

Chatham, May 7.—A wedding was solemnized at St. Michael's cathedral this morning when Miss Alice Harding, daughter of Mr. and Mrs. C. Harding became the bride of B. Breaux. Nuptial mass was celebrated by Rt. Rev. Mr. M. A. O'Keefe.

DEATHS

Mrs. William Coleman.

After a few days' illness, death came suddenly to Mrs. William Coleman, a well known and highly respected resident of Kingsville, N. B.

Kingsville, and Mrs. Charles McEwaine of this city, and four brothers, Thomas Lunny of Swift Point, N. B.; Jeremiah Lunny of Kingsville, and Daniel and James Lunny, of this city.

Frederick Ralph Whipple.

The death occurred last evening of Frederick Ralph Whipple, of 29 Whipple street, West St. John, after an illness of eight weeks, at his residence. Besides his wife, he leaves four sons and five daughters.

BAPTIST W. M. S. MEETS.

The regular meeting of the Germain street Baptist W. M. S. was held yesterday afternoon, with an excellent attendance. In the absence of Mrs. S. S. Poole, president, owing to temporary illness, Mrs. George W. Parker presided.

The Bible contains no words of more than six syllables.

Stores open 8:30 a. m.; Close 6 p. m.; Saturday 10 p. m.

Friday Will Be Children's Day

And our children's shop will be gay with all the new wearables considered fashionable for "tot to teen" ages this season. Mothers who still have daughters wardrobes to complete for spring and summer will take great pleasure in selecting stylish small garments from among our newest stocks.

Here are some of the pretty new things to be seen on Children's Day:

Summery Wash Dresses

They're here in all the dainty fabrics you would select yourself—Ginghams, percales, raines, pongettes, voiles and organdies in colors and styles to suit every taste. Never wear dresses daintier. Among them, too, are plenty of lovely white voile and organdie frocks suitable for the confirmation or school closing. Prices are very moderate.

New Khaki Drill Hiking Costumes consisting of Middy and Breeches. Every girl should have such a suit for vacation wear.

Serge Reefers with brass buttons and emblems on sleeve. We have all sizes from 2 to 14 yrs. . . . \$5.25 and \$7.50

Summer Coats in velour, polo cloth, plaids and stripes. Styles are much like those for grown-ups and are exceedingly smart.

Baby Coats in white cashmere or corduroy \$4.50 to \$7.00

For That "Dearest Baby" You'll Find

- Baby Robes, Slips and Dresses; Basinetts with and without stands; Soft Soled Shoes, Moccasins and Slippers; Woolen Shawls, Jackets and Booties; Quilted Silk Crib Puffs and Jackets; Sheets and Pillow Cases; Slumber Dolls, Rubber Toys; Hand Decorated Rattles, Carriages straps, Napkin Rings; Baby Records, Brush and Comb sets; and any more of the daintiest things you'll thoroughly enjoy looking over. (Children's Shop—2nd floor)

Separate Middy Skirts

Separate Middy Skirts of serge for ages 6 to 14 yrs. Fine value at . . . \$2 White Drill Middy Skirts \$1.15 and \$1.50

Pretty Sweaters in fine wool also silk and wool mixtures. Coat and Pull-Over in newest colors \$1.75 to \$6.25

Rompers and Creepers in gingham and percales; also in white fabrics. Some are beautifully hand smocked \$1.25 to \$4.50

Serge Bloomers to wear with dresses \$1.95

Extra full Gym. Bloomers \$3.40 Gingham Bloomers in checks and plain colors 65c and 95c

Night Gowns and Princess Slips of fine nainsooks and cambrics, lace and embroidery trimmed. For ages 1 to 18 yrs. 75c to \$1.75 and up.

Bloomers and Drawers in various materials and styles in a range of different qualities.

Schofield, Miss Kathleen Sturdee, Mrs. Gerald F. Furlong, Mrs. Percy D. McAvity, Mrs. J. D. P. Lewin, Mrs. Julian T. Cornell, Mrs. Fred M. Keator, Mrs. Rowland Frith, Mrs. J. H. A. Hegan, Mrs. Frederick A. Foster, Mrs. Peniston Johnston, Miss Bessie Dawson, Mrs. R. A. Armstrong and Mrs. Reginald P. Wright.

In honor of Mrs. W. F. Todd, wife of the Lieutenant-Governor of the province, a luncheon will be given next Thursday at the Royal Hotel, accommodation being provided for 100 guests. The function is to be under the auspices of the Women's Canadian Club. Mrs. Allan G. McAvity, acting president, in the absence of Mrs. E. Atherton Smith, will preside. Mrs. Todd, who won golden opinions at the annual meeting of the Provincial I. O. D. E. in Fredericton recently, in her charming address before the convention, will address the Women's Canadian Club on this occasion.

Mrs. George Ernest Barbour and her sister, Mrs. J. Lee Day, were joint hostesses yesterday afternoon at an evening

joyable bridge of six tables at the residence of Mrs. Barbour, Carleton street. Spring flowers were prettily arranged in the cosy rooms. Several guests came in for the tea hour. Mrs. R. A. Armstrong and Mrs. J. M. Robinson, Jr. were assisted in serving by Miss Ruth Robinson, Miss Eleanor Day, Miss Margaret Day and Mrs. Dodge Rankine. The prize winners for the bridge were Mrs. Sherwood Skinner, Mrs. F. Caverhill Jones, Miss Anne Puddington and Mrs. J. U. Thomas. Mrs. Barbour and Mrs. Day will entertain again today.

Mr. and Mrs. Alexander L. Fowler and family will leave today for Portland, Me., where they will reside. Mrs. Fowler has been the occasion for several delightful small parties prior to her departure. Mrs. John C. Belyea, of Rothesay, entertained informally last evening for Mrs. Fowler.

Among the guests at a reception given recently by the Princess Mary, Viscountess Lascelles, and Viscount Lascelles, in London, were Mr. and Mrs. W. Shives Fisher, of this city, and Mr. and Mrs. A. W. Tomlin and Mr. and Mrs. J. O. Turcotte, of Montreal.

Miss Alice Tilley, daughter of Mr. and Mrs. L. P. D. Tilley, returned home yesterday after visiting in Hamilton, Toronto and other Ontario cities. She was the guest of Miss Kathleen Defries, of Toronto.

Miss Olivia Gregory, daughter of Mr. and Mrs. J. Fraser Gregory, Douglas avenue, is steadily improving in health after an operation for appendicitis several weeks ago. Her many friends are pleased to know of her returning strength.

Mrs. Walter Odell Langford, of St. John, N. B., is the guest of her parents, Mr. and Mrs. W. F. H. Ellis, at "Ellwood," Ottawa.

OLD-FASHIONED WINTER MEALS

Times change, and customs with them. Forty years ago, says the Chicago Journal of Commerce, a man whose breakfast now is half grapefruit or orange, with toast, egg and coffee, sat down to breakfast in pork sausage fried brown in fat cakes, with buckwheat cakes as big as the plate would hold, and dressed sorghum or sauerkraut and three big buckwheats was the usual allowance of a stomach that carried them without protest.

The noon meal was quite as hearty, with pork spare ribs, boiled or baked potato liberally dosed with home-made tomato catsup, bread and butter and apple butter, a pickle or two, and a quarter section of hot mince, pumpkin or dried apple pie, with coffee. Now the man takes at noon a thin soup, a boiled potato and a lettuce or fruit salad.

Supper was a heavy meal, with fried ham, fried potatoes, lightbread biscuits, brown in butter with peach butter on top, and doughnuts, cookies or cake with the coffee. Three square meals every day that would make modern dietitians raise their hands in stern disapproval, and absolute ignorance of proteins or vitamins. Good digestion was loyal to appetite in village kitchens, with only a "bilious attack" about once every ninety days. Happy, gorging, gormandering years!

ST. DAVID'S W. M. S. ELECTS.

Life memberships were conferred on Mrs. Hugh Miller and Mrs. Andrew Malcolm at the annual meeting of the Women's Missionary Society of St. David's church yesterday afternoon. Mrs. P. C. Johnson, the retiring president was in the chair, and there was a large attendance of members. The reports were gratifying. Mrs. Johnson led the opening devotions. During the year the society gained in membership, had increased in givings in both home and foreign missions, and had a higher average of attendance at meetings. From the home mission fund \$100 was voted to the bursary fund of Pine Hill College, Halifax, and \$15 to the Inter-provincial Home for Women at Moncton.

The two life memberships fees were designated to the hospital in Korea, which was established by the late Dr. Kate McMillan. The remaining \$816 for foreign missions was not allocated to any special fund.

The election of officers resulted as follows: President, Mrs. George Younger; vice-presidents, first, Mrs. F. J. MacGowan; second, Mrs. Robert Mayes; recording secretary, Mrs.

Special Reductions in Beautiful Wool Crepe Dresses TOMORROW

ONLY \$12.50

Values to \$20.00

The material in these frocks is a lovely French Wool Crepe, very distinctive in appearance. The dresses are products of D'Allaird workrooms, and are unsurpassed for style and value.

Do not miss this chance to choose from our complete offering at this extremely low price—tomorrow!

D'Allaird

81 King Street

The outstanding features of this offering are Quality, Variety, Correct Style, Timeliness and Value. It is impossible here to describe all the charming styles, the trimmings and novel variations of the Mode. You must see for yourself.

You will be convinced of D'Allaird's ability to achieve perfection in the tailoring of frocks when you view the originality and character of these fine garments.

The dinner that failed

PERHAPS you, too, have realized, in thinking about last evening's dinner, that things did not "go smoothly" because you lacked silverware essentials. It is quite unnecessary thus to be annoyed, for in 1847 Rogers Bros. Silverplate you can provide easily and reasonably the half-dozen of pieces you lack. Notice, particularly, the niceties of the table setting—bouillon spoons, salad forks, ice cream forks, serving pieces. They make every dinner more pleasant. Their beauty and durability are unsurpassed.

Dealers throughout the Dominion carry "1847 Rogers Bros."

May we send you a copy of our booklet, "Etiquette, Entertaining and Good Sense"? Its illustrations of table settings are authoritative to the last degree. You will find it full of suggestions for successful entertaining. Write for it to-day. Meriden Britannia Co., Limited, Hamilton, Ontario.

PLANT SOMETHING!

(Bangor News.)
Spring, bringing new life to the world, brings to human beings fresh energy and a new chance. It is a chance to get out of ruts, to stop following, to start something new, to get into touch again with the vital forces that press and surge all around. It is a time to begin new ventures as Nature herself does. A time for new business plans, new schemes for self-development, new adventures in recreation. Get into the game! Plant some-

thing, literally or figuratively, and tend it and watch it grow.

If there is any space of earth available, plant a garden. The raising of flowers and vegetables and fruit is in itself recompense enough to anyone with a feeling for natural things. Cooperation with Mother Earth pays in the pleasure of creation, without counting the crops. And it also awakens minds that have not gone altogether dead from artificial living. Life itself is a garden. The health and inspiration drawn from spring gardening counteract the dulling effect

of mechanical city existence, renewing ambition and creative purpose. That little garden plot, flower bed or potato patch or orchard is full of ideas for growth and progress.

"GOOD LORD, DELIVER US!"
(Albany Journal.)
Somebody says that "the perfect tax law will be written only in heaven." Shall we have taxes even there?

Cleaning Water Spots.
Clean water spots on waxed floors by rubbing in circles with turpentine and a flannel cloth.

WOMAN'S ENEMY—TIME

(London Daily News.)

Time is woman's only enemy. It is the years and the changes they bring to face and figure that she fights desperately, even unto the last transformation and the ultimate cosmetic. Man, a more natural creature, less vain of his appearance, allows time to line and change him as it will, and is no believer in the power of little pots. He casts an approving, but not necessarily a deceived eye, upon woman as she comes into his vision sometimes rather like a sunset,

rejuvenated by the aids of art. Upon him must be laid the blame for woman's desire to repair the ravages of time, for he will not worship wrinkles. It is supposed to be one of a woman's duties to keep a man young, and to do this successfully she must remain young herself. Man does not say to her with Browning, "Grow old along with me," but "Remain young or I shall grow indifferent." This is a form of tyranny to which women have not only been willing, but desperately anxious to submit, to the abiding amazement of men. In

using the appliances of art they believe they retain that "mystery" in which their power is supposed to lie. But all the time they know and men know that there is no more "mystery" about them than there is about window panes.

Hot Meats.
Ham, tongue, corned beef and meats that are not to be served hot are improved by partially cooling in the water in which they were boiled.

Truce Reached Over Fantastic Argentine No-work Law

STRIKE AND LOCKOUT ARE ENDED

Police Agree to Release All Arrested in Cessation of Labor Protest.

UNCERTAINTY

Government Sees Months Must Pass Before Enforcement Possible.

By BRYANT POWERS. (United Press Staff Correspondent.) Buenos Aires, May 8.—Work was resumed throughout the Argentine Republic today following a week's general strike against the national pension law which would pension all workers who have labored continuously in the country for 25 years.

The strike was called off in all cities by the national syndicate union after police had acceded to the union's demands to release all persons arrested in connection with the cessation of labor.

Employers also generally called off their lockout and the entire nation is returning to normal. President Alvear has virtually promised the labor and employers' organizations that the law will be modified to meet their approval.

Fate of Law Uncertain. The law, said to be the most ambitious project of his kind ever undertaken, was unclear.

Both labor and employers' organizations made it clear to the government that the strike will be resumed if the law is not changed drastically.

There is every indication, however, that the government realizes it will be months, if not a year or more before necessary machinery for enforcement of the measure can be built up.

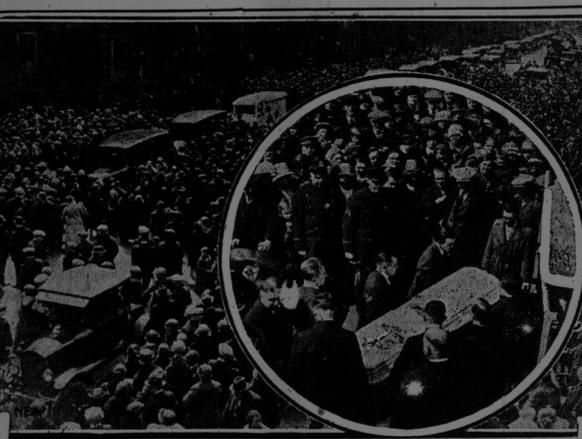

The measure provides that all persons, either natives or foreigners, who have worked in the Argentine for 25 years, may retire, drawing their living from a national fund created by a tax on wages and earnings.

There is every indication, however, that the government realizes it will be months, if not a year or more before necessary machinery for enforcement of the measure can be built up.

The measure provides that all persons, either natives or foreigners, who have worked in the Argentine for 25 years, may retire, drawing their living from a national fund created by a tax on wages and earnings.

There is every indication, however, that the government realizes it will be months, if not a year or more before necessary machinery for enforcement of the measure can be built up.

CHICAGO'S FAREWELL TO WANDA STOPA!

Ten thousand morbidly curious men, women and children crowded into Chicago's "Little Poland" for the funeral of Wanda Stopa. Five thousand more waited there, four, even five hours at the cemetery just to catch a glimpse of the casket.

BEATTY COMPLAINS OF DISCRIMINATION

President of C. P. R. Critical of C. N. R.'s Branch-Building Powers

Montreal, May 7.—There were two phases in the general railway situation of Canada which involved objectionable and discriminatory features not in the interests of the transportation companies themselves or, in his opinion, in the interests of the people of the Dominion, E. W. Beatty said in the course of his presidential address at the annual meeting of the shareholders of the Canadian Pacific Railway today.

One of the special powers vested in the Canadian National System by virtue of the statute passed in 1919 under which that company might construct branch lines without approval as to location and other details by the Railway Commission.

When the statute was passed, Mr. Beatty said, the Canadian Pacific strongly urged upon the Government the unfairness of such provisions and asked that all companies should be put in the same position.

Mr. Beatty maintained that the bill invaded provincial rights in regard to education and property and civil rights. Further Mr. Lafleur declared that his clients did not oppose "Church Union in itself," but were opposing "the destruction of the Presbyterian Church and the erection of another on its ruins."

Mr. Lafleur was asked his opinion of the effect on taking another vote. He replied that another vote was large enough to administer the trusts of the church. Has no Power.

Parliament, claimed Mr. Lafleur had no power to pass this bill. Parliament had no power to merge and incorporate people who did not want to be incorporated. The bill proposed to merge bodies with provincial jurisdiction as the church of St. Andrew and St. Paul and the First Presbyterian Church in Montreal.

Mr. Beatty, discussing the recent sale of \$12,000,000 five per cent. collateral trust bonds, reminded his audience that these securities had been marketed in Canada and the issue had given people of the Dominion an opportunity to show confidence in the company's financial standing in a very complete and gratifying manner.

LETTERS TO THE EDITOR

HE WANTS NEW INDUSTRIES. To the Editor of The Times: Sir,—The writer does not advocate living in the past, but in these days when the city is keenly interested in its industrial welfare I feel it may be of interest by way of comparison to quote from The Board of Trade Edition, September, 1888, a list of the diversified industries of that time.

- Fishing:—About 1,000 men are engaged in the harbor fisheries of St. John alone. Lumbering:—There are about 50 saw mills within a radius of five miles of St. John, giving employment to at least 6,000 people. Bheulits:—Two factories, one of which employs 40 hands. Bakeries:—Seventeen bakeries, employing 150 hands. Textile:—Two wholesale clothing manufacturing, employing 300. Miscellaneous iron workers: One of which gives employment to 40. One plant making nails and spikes, one horse shoe nails and one making tacks, the three employing 183. Three firms engaged in the manufacture of axes, edge tools, springs and axles. Two boiler-making plants, employing 40. Bolts, nuts and screws:—One factory, 40. Soap and candle factories:—Three soap factories. There are 35 blacksmiths' shops, some of which employ as many as 15, the average number being about five. Miscellaneous iron workers: Two concerns manufacturing anchors, and another augers, one galvanized iron, and a small wire factory. Furniture:—Twelve establishments, large and small, employing about 180. One firm, with a staff of 20, manufacturing spring beds, mattresses and bedding. Carriages and sleighs:—Six firms, employing 100. Shipbuilding:—Ten firms building ships, two building ships' cabins, eight shipmasts, one ship wheel maker, three iron knee factories, one spar maker, three black and pump makers, four sail-makers, six riggers, seven boat builders, and one cordage and oakum factory. Sash, door and blind factories:—Four large plants. Two planing mills and one turning shop. Two brush and broom factories. Six soap and candle factories. Three dye houses. Ten confectionery plants. Soda water, etc.:—Two establishments. One coffee and spice mill. Nine harness-makers, two electroplaters, and five trunk factories. Two tanneries. Printing:—Nine job offices. Planos and organs:—Two firms. One vinegar factory, seven brass foundries, 14 plumbing and gasfitting establishments, 23 tin and copper-smiths. One brewery, five cigar-makers, one oil clothing maker, six coopers, three engravers, seven fishing tackle manufacturers, one gunsmith, six hatters, six jewelry manufacturers, eight marble and stone-cutters, one match factory, five saw-planters and setters, two taxidermists. Tailors:—Forty-eight establishments employing 800 people. Two cotton factories, 530 employees. Boots and shoes:—Five firms, employing 295. Sixty-three concerns assist the wholesale manufacturers in supplying the pedal wants of the citizens and employ 300 people. One concern producing boot trees and lasts. One plant manufacturing boot heel stiffeners. Foundries and Machine Shops:—The first foundry in New Brunswick was founded in Portland, N. B., in 1831 by Messrs. Harris and Allan. They made the first importation of pig iron and cast the first "Franklin" made in the province. There are 12 iron foundries and machine shops, 3 machine shops, 6 iron railing and door makers. One concern turned out last year 271 coal 160 platform, 119 box and 6 passenger cars complete, ready for running; 4,611 chilled car wheels, besides those required for the cars, a large number of steel tyre wheels, castings of all descriptions, machinery, etc. In addition they have a rolling mill with a capacity

SNAPPY POSTERS MARK CAMPAIGN

France Goes to Billboards in Fighting Its Election Contest.

Paris, May 8.—The brush and paste pot, the principal arms used in an electoral battle in France, have been featured in the campaign of 1924, to wit Sunday's election. Special billboards provided by the communes and municipalities have been set up, but the electoral bill poster respects nothing, not even the "post no bills signs" on private and public edifices. Churches, school houses, dwellings and fences are plastered with multicolored appeals to "Vote for Durand" or "Beware of Dupont" or "Recompense the Virtues of Monsieur Lenior" or "Chastise the Hypocrisy of Monsieur Lebrun."

The candidates' professions of faith are the first to appear in this bill posting competition, to be followed by the replies of the different candidates to the first attacks. Then the tone of the posters changes rapidly, becoming sarcastic, then acrimonious and almost vicious toward the end. At this stage of the campaign the deadfalls and billboards flare out to the passer-by such announcements as these: "A Lie Nailed," "The Lie Pilloried," "The Turncoat Exposed," "The Renegade Corncrad."

The poster that is being used freely all over France is headed, "This is How the German Pays," and reproduces an extract from the German Socialist paper, Vorwaerts, calling upon German Socialists to subscribe to a fund for the promotion of Socialism in France as well as in Germany, and particularly to contribute to the downfall of Poincaré.

The poster is really the only means by which the candidate is certain to reach the people who are not of his party and do not read his party organs.

Another firm, besides their general engineering and machine business, manufactures steam engines, locomotives, boilers, etc. They made the first complete engine and boiler constructed in these parts, it was in 1836. The parties engaged in the article reads thus: "United, determined and persistent action of the merchants and citizens of St. John is all that is needed to make St. John the Manchester of America."

This action is needed more today than in the days of 1838. St. John needs shipments and ships, but she needs industries as well. These plants thrived in 1833. Can not other industries progress here now and in the future?

Let us have faith in ourselves. Boost the old town. Keep the people employed and incidentally keep our native-born population in the province. Our sons and daughters do not in the majority of cases seek faraway fields through choice but through necessity. They cannot find employment here and must go elsewhere.

Go afield and talk with these provincial people; get beyond the spirit of commercialism. Discuss those things that make living worth while. Mention the "old river" and "happy days." Mention our pastimes, fishing, the hunting season, our summer resorts, and beneath all the glamor you will discover that their heart is "way down east."

If we could find adequate employment for these people—well, the railways would have to run special trains to accommodate the folks returning to these provinces by the sea.

Yours, PROGRESS. St. John, May 7

FALLS TO DEATH AS HOUSE BURNS

Man Clings Five Minutes to a High Window in New York.

New York, May 8.—One man was killed and two women injured when they jumped from windows of the five-story brick apartment house 314 West 123d street to escape a fire that, starting in the lower hallways and the basement, cut off their escape by way of the stairs and the fire escapes.

The fire was discovered by Edward Waller of 2333 Eighth avenue, who ran into the building and shouted and then turned in an alarm which brought Chief Kenlon and Battalion Chief Weber.

Mckenzie was in bed in the Canis apartment when Mrs. De Silvia, also a boarder there, called to him and asked him if he smelled smoke. He went into the hallway and there he could not get down by the stairs or fire escapes.

By this time, Miss De Silvia and Mrs. Canis had noticed the flames. They became panic stricken and tried to run through other apartments to the front of the building, but Mckenzie took them to the rear. There he lowered Mrs. De Silvia until she almost touched the roof of the extension; then she jumped. Then Mrs. Canis jumped, and after her Mckenzie had found it necessary to pull the trigger twice.

De Zaldo did not go to the hotel or return to his father's apartments, but is said to have called several times at Bellevue Hospital to inquire about the young woman's condition, although it was said at his office, with the firm of Hann & Seymour, 102 Wall street, that he had left the city.

Family Influential in Cuba. De Zaldo comes from a family which for years had been one of the most influential in Cuba. His sister, Marie, married Ricardo de Acosta, brother of Mrs. Philip M. Lydig, in 1910, and his uncle, Carlos, was a noted Cuban patriot and Cuban Secretary of State.

Mr. Moore said that he was a student at Princeton University and for four years their marriage was a secret. They separated about ten years ago, according to De Zaldo's father. He and his two brothers, Carlos and Guillermo, are partners in the sugar machinery firm of De Zaldo & Co., of 7 Wall street.

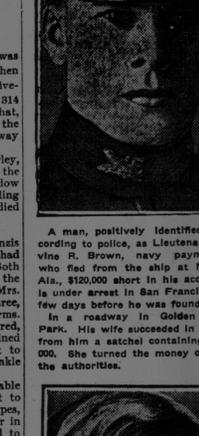

To GIVE LIBRARY TO ROTHESAY SCHOOL. The Duke of Rothesay I. O. D. E. met yesterday at the home of Mrs. deB. Carrite, wife of Mr. J. E. McIntryre, regent, presiding. Reports were read by Mrs. Hugh Cannon, educational secretary reported showing Canadian Government slides the National Parks, the Consolidated and the Rothesay Collegiate schools.

12 MEN DANGLE FROM AIRSHIP; 3 KILLED. Rome, May 3.—Twelve men clinging to the straggling airship were seen at the Glampino aerodrome the other morning. Nine men let go their hold in the nick of time, but two soldiers and a mechanic were carried 300 feet in the air, and losing their grip, dropped to death before the eyes of a horrified crowd.

STOLEN CAR CASE SOON ADJOURNED. Springfield, N. S., May 7.—The preliminary hearing of Henry White of this town, charged with having in his possession a large motor car stolen in Albany, N. Y., was begun today and adjourned until Thursday after a brief session, in which it was brought out that the serial number of the car, and other cars that were being sold by White, had been tampered with.

APPREHENDED!

Former Nurse Denounces Him in Note as a Deserter.

New York, May 8.—A young woman known at the Hotel Woodward, Broadway and Fifty-fifth street, as Claudia Field De Zaldo, wife of John De Zaldo, is near death in Bellevue Hospital from a bullet she fired into her head in her room at the hotel.

John De Zaldo is a wealthy Cuban sugar broker. A few weeks ago he left the woman known as Mrs. De Zaldo at the hotel and returned to his father's apartment at 410 Park avenue. For ten years he has been separated from his wife, Helen De Zaldo who after their separation, sued his father for alienation of her husband's affection.

Father Denies Marriage. The elder De Zaldo declared that he did not know of any marriage between his son and the young woman at the Hotel Woodward who, he said, was a trained nurse from Philadelphia, although hotel employees had regarded her for several months as John De Zaldo's wife.

In a note addressed to De Zaldo, which was found in her room, the young woman upbraided him, saying she had saved his life by her nursing skill and that he had left her broken in health and penniless. "I am a fool," she wrote.

After De Zaldo had seen the young man, little was seen of the young woman, as she kept to her room. Dr. Alexander Lambert had been treating her for some time for a nervous breakdown.

Woman Found Unconscious. When the doctor called there was no reply to his knock. He sent for L. A. Bingham, manager of the hotel, who opened the door with a pass key. The young woman was in bed, unconscious from the wound in her temple.

On the covert lay a revolver from which one bullet had been fired. Another cartridge in the cylinder bore the imprint of the hammer, but had not been discharged. The doctor had found it necessary to pull the trigger twice.

Little 3-year-old Ervine Brown, Jr., son of Lieutenant Brown, the navy paymaster who fled his ship, \$120,000 short in his accounts, is crying for his daddy to come back. Ervine Jr. and his two sisters are living with their grandmother at Asua, Calif.

MOORE DENIES HE FAVORED CHINESE. Complaint Made That President of Trades Council Slack in Efforts. Ottawa, May 7.—Premier Mackenzie King has received an emphatic protest from Tom Moore, president of the Trades and Labor Congress, as to the displacement of Canadian seamen by Chinese on boats of the British Empire Steam Corporation in the coastal trade.

LEF BY RICH MAN; SHOOTS SELF

Former Nurse Denounces Him in Note as a Deserter.

New York, May 8.—A young woman known at the Hotel Woodward, Broadway and Fifty-fifth street, as Claudia Field De Zaldo, wife of John De Zaldo, is near death in Bellevue Hospital from a bullet she fired into her head in her room at the hotel.

John De Zaldo is a wealthy Cuban sugar broker. A few weeks ago he left the woman known as Mrs. De Zaldo at the hotel and returned to his father's apartment at 410 Park avenue. For ten years he has been separated from his wife, Helen De Zaldo who after their separation, sued his father for alienation of her husband's affection.

IRISH MAKE CHOICE FOR POST IN U. S.

Professor Smiddy Named as Free State Minister at Washington.

London, May 8.—The consent of Great Britain to the appointment of Prof. Timothy A. Smiddy as the first Irish Free State Minister to Washington, has not been given according to competent officials here and the appointment is still under consideration. As the same time it is admitted that the appointment of Professor Smiddy is probable. It is pointed out that as Great Britain has not raised objections respecting the appointment of a Canadian Minister to Washington she is not likely to object to the appointment of an Irish Minister.

Dublin, May 8.—Prof. Timothy A. Smiddy, whose appointment as Minister to represent the Irish Free State Government in Washington is considered pretty certain is already in Washington. Necessary diplomatic formalities in connection with such an appointment takes time. He had been mentioned prominently for some time for this post.

Professor Smiddy was head of the economy department at University College, Cork, and was one of the government's experts on the commission on trade policy which reported against protection. His activities in Washington will be mainly concerned with trade.

GLAD TO GET CASH TO GET HOME AGAIN

Sight-seeing Vermont Lad Who Traveled to Halifax Gets Money From Home. Halifax, May 7.—Obsessed with a desire to see the world, free from parental influence, P. H. O'Neil, 16-year-old Burlington, Vt., boy, left his home in that city recently without announcing his departure, and after various adventures, arrived in Halifax.

Being in possession of a considerable sum of money forwarded him by his brother, he was able to put up at a local hotel for the greater part of his stay here, but when his funds ran low he was forced to vacate these quarters and seek cheaper lodgings.

He was traced to Halifax by his parents, who forwarded a considerable sum of money to the police here. When the lad was informed by the police that they had a check representing a sum of money sufficient for him to return home with, he was only too glad to accept the offer and was accordingly sent to his home this morning.

ARMED WOMEN FREE PRISONER

Hold Up Jailer; Rescue Relative Charged With Murder. Rochester, N. Y., May 8.—Howard M. Keavin, scheduled to go on trial on May 19 for the murder of Aeneas McDonnell, Geneva policeman, on Feb. 19, escaped from the Ontario county jail at Canadigua, when the accused slayer's wife and sister held up a lone jailer, and his wife escaped with him in an automobile.

Keavin's wife and sister called at the jail and asked to see him, according to Deputy Smith, who brought Keavin from his cell into the office where the women were waiting. When Keavin and the jailer entered the door, Keavin's wife drew two revolvers, according to Smith, and ordered the jailer not to move or she would kill him. The sister passed another gun to Keavin.

Keavin and his wife dashed from the jail to a waiting machine driven by an unidentified man. In the excitement the sister stepped behind the barred door leading to the cellroom and Smith slammed the door shut. Keavin and his wife fired two shots at the pursuing jailer as the car got under way, Smith said. The machine was last seen about ten miles outside of Canadigua, headed for Rochester.

Keavin is accused of having shot the policeman who was arresting him for the robbery of the New York Central station in Geneva two hours after the crime. The officer was shot twice through the body and died within a few hours.

New Capes. Many of the newest capes that form a part of the three-piece costume are so small they can be seen only in the back and they look more like a very large collar than a cape.

W. S. FISHER WRITES HOME FROM PARIS

Local Business Man Tells of Britshers' Visit to the French Capital

W. Shires Fisher, who is at present on a cruise of the Mediterranean, spent the Easter holidays in Paris, according to word received here from him this week. On Good Friday a large number of boys and girls from the English schools arrived in Paris and under the chaperonage of teachers and guides proceeded to learn as much of the history of Paris as they possibly could in the short time at their disposal. As they visited each of the places famous in history, they were told the story which would stick more firmly in their heads because of the facts of their having been on the spot where the events referred to took place.

RUN-OFF RETARDS COAL DISCHARGING

One of a string of gondolas carrying coal from the steamer Vesuvio, discharging at McLeod's wharf, to the Atlantic Sugar Refineries, Ltd., ran off the track in front of the Eastern Steamship office at the foot of Prince William street yesterday afternoon. The whole trainload was held up, the coal handlers sent home and the work interrupted until the car was gotten back on the track again about 8 o'clock.

ROWDYISM REPORTED

The police have received several complaints regarding rowdyism of boys. One concerning the breaking of windows in the home of Margaret Haley at 39 St. James street, West St. John when youngsters threw stones through the glass. There are also reports about boys causing disturbance about certain corners in different sections of the city. It is understood that police constables have been given orders to take the names of these persons and have them appear before the police magistrate.

Relishes. Relishes have a definite place in the menu as they give character and interest to cold meats that is quite lacking if they are served without.

HE'S 107 NOW, BUT STILL SAWS WOOD

Canada's Oldest Lumberjack Has a Lively Birthday—Simple Life.

(Special to the Ottawa Citizen.) Tancredia, Calumet Island, Quec., May 8—Work hard. Keep regular hours. Eat substantial, wholesome food. Don't worry. In general, lead the simple life. With luck, you may far exceed the allotted span of three-score and ten—and even reach the age of 107 in full possession of your faculties. You may even be able to attack the woodpile vigorously, and dig for a while in your garden as events of your birthday celebration.

At any event, this formula has been conspicuously successful in the case of Joseph Beland, veteran French-Canadian lumberjack and pioneer settler. On Saturday he celebrated the anniversary of his birth of May 8th, 1817. Just how long ago that actually was is illustrated by the fact that George III was on the throne of England, Plus VII was Pope of Rome, Napoleon was ending his days in exile on St. Helena, and here at home the Bank of Montreal was just in process of organization, its first note being issued in October of the year Joseph Beland was born.

Self-Leveling Enamel

Master painters who use Luxberry Enamel once invariably prefer it thereafter.

This is because it "handles" easier than ordinary enamels... flows better, has greater "hiding" qualities, levels up more perfectly and doesn't show brush marks.

Good results are easily obtained by anyone. Try it—you'll like it.

BERRY BROTHERS Varnishes Enamels Stains - Walkerville, Ont.

You may get equal beauty—alone. You may get equal durability. But you can get both—combined in no other hosiery!

MANUFACTURERS DISCUSS TARIFF

Resolution Says Reduction is Alarming—Officers are Elected.

Moncton, May 7—The annual meeting of the Maritime Division of the Canadian Manufacturers' Association in session here today unanimously passed the following resolution: "Whereas we view with alarm the serious reduction in tariff as announced in the recent budget and whereas the result will be increased unemployment and consequent emigration to the United States and whereas such conditions affect not only manufacturers and their employees, but also farmers, bankers and all other citizens, therefore, be it resolved that the Maritime Division of the Canadian Manufacturers' Association in annual meeting assembled in Moncton on May 7, 1924, strongly protest against this policy of tariff instability and recommend the creation of a permanent board to deal with all questions relative to the tariff."

"Further resolved that this resolution be sent to the central organization of this association urging it to take the necessary steps to bring about the recommended policy." A resolution pertaining to the patronage of home industries, giving first preference to Maritime products, second to Canadian products and third to goods of British origin was adopted. A resolution endorsing the aims and objects of the recently organized Maritime Development Association was also passed, a policy which includes developing our natural resources, stimulating industrial and commercial activity and arriving at problems to stop the exodus of Canadians to the United States. Col. R. Innes, of Ottawa, acting secretary of the Development Association, was present and addressed the convention.

FAIRVILLE W. M. S. MEETS.

The annual meeting of the Fairville Methodist W. M. S. was held yesterday afternoon, with a good attendance, at the home of Mrs. O. D. Hanson, Main street, Fairville. Mrs. J. M. Rice, president, was in the chair. The annual report showed an increase in all departments, in membership and finances, as given by Mrs. W. J. Linton, recording secretary. Mrs. Stephen Shaw, the treasurer, stated that \$129.46 had been raised during the year for the general fund. Mrs. Dane Crosby, corresponding secretary, told of communications received through the year. Mrs. Arthur Long reported of having made with her assistants, 175 visits to the hospitals,

88 to homes of strangers in Fairville and 940 church calls, 10 letters had been sent to former members now absent in other cities, 60 birthday cards had been sent to missionaries in the various fields and 29 cards of greeting to shut-ins and aged members of the congregation. The officers were all re-elected with the addition of two assistants to aid the mite box superintendent, Mrs. S. T. Cogle. They were Mrs. A. McColgan and Mrs. J. Johnson. Mrs. Edward Kirkpatrick was appointed superintendent of the department of Christian stewardship.

Canada spent more than \$2,000,000 in the World War.

Westclox The kitchen clock. YOU depend on the kitchen clock to time your household activities. It rounds the household—it times the meals—it gets the children off to school—you depend on it a hundred times a day. Put a Westclox on your kitchen shelf. You can always depend on a Westclox.

For every wash-day method

RINSO is ideal for any wash-day method you use. You do not have to change any of your usual steps—just use Rinso where you used to use ordinary soap. If you like to boil your white cottons, Rinso will give you just the safe cleansing suds you need in the boiler. If you use a washing machine, follow the advice of the big washing machine manufacturers—use Rinso. Just soaking with this new kind of soap loosens all the dirt until a single rinsing leaves the clothes clean and spotless. However you do your wash, make it easy by using Rinso.

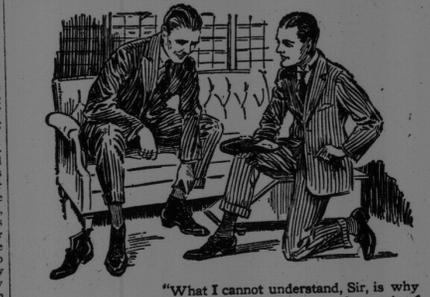

Of course, it's Horrockses for Underwear

Horrockses for Underwear. For sheer and frilly intimate things, the woman who knows always chooses HORROCKSES' fine Cottons—Cambrics, Nainsooks, Lawns and "Diaphanene," that are so dainty, so completely feminine and yet wear so well. These HORROCKSES' Cottons are the perfect combination of good taste, comfort and service. And you are sure of Quality for HORROCKSES' Cottons are to-day the standard of the world, just as they have been for 132 years. Whenever and wherever you buy, make sure that the name HORROCKSES is on the selvage of the goods.

"I Got It For Passing My Exams"

"GEE, George, I bet my dad will get me a C.C.M., too, I studied hard all year, and I passed my exams. well. I think I deserve a bike, don't you?" "I hope you get it, Eddie. Then you can join the rest of us fellows in our runs out into the country and our picnics. "I'm taking mine away on my vacation, too. There are lots of country roads to ride along and dandy streams to explore, some streams to fish in and other things to see, all within easy riding distance. "Mother says it will be so handy to have a bike around. There's always the mail to go for and other errands to run." "Well, George, I'm going to get my dad to go with me to the C.C.M. dealer, and see the new models—especially that dandy Curved Bar Sport Model and the other one a boy won't outgrow." "Don't forget to tell him, Eddie, that C.C.M. Bicycles are away down in price. \$15 to \$20 less than the war prices. Also that they're made of English Seamless Tubing and equipped with the C.C.M. Triplex Hanger, Gibson Pedals and the Hercules Coaster Brake without extra charge. "If he says he's short of cash, Eddie, tell him he only needs to pay a few dollars down, and the rest in small weekly or monthly payments." "And I'll offer to help pay the balance, George. There are lots of jobs for a boy with a bicycle during the summer holidays, delivering small parcels, running messages, and doing other things. It will be good experience and heaps of fun, too." "Well, 'so long,' Eddie. Go to it and get that C.C.M. Bicycle."

C.C.M. Bicycles. RED BIRD—MASSEY—PERFECT CLEVELAND—COLUMBIA. "The Bicycles with the C.C.M. Triplex Hanger" Canada Cycle & Motor Company, Limited Montreal, Toronto, WESTON, ONT., Winnipeg, Vancouver

"What I cannot understand, Sir, is why people will pay a good price for a pair of shoes only to ruin them with neglect. Now that pair you have just bought will give you a year's good service if you use only 'NUGGET,' and what's more they'll not only last well, but they'll look well too."

"NUGGET" Shoe Polish

Chevrolet Can be Bought on Easy Terms

At a remarkably low price, Chevrolet is constantly bringing the great utility, comfort and convenience of a fully-equipped automobile within reach of still larger numbers of Canadians. And, Chevrolet price—though it is the lowest of any quality car in the world—is the full and complete cost of the car. There are no extras to buy. Everything necessary for easy, comfortable and safe motoring is standard equipment on Chevrolet.

Chevrolet offers you everything in appearance, dependability and riding ease that discriminating motorists demand, and with all these combines the most economical car performance known in the world. Easy payment terms also have been arranged. General Motors Acceptance Corporation, a subsidiary of General Motors' provides a deferred payment plan which makes the purchase of Chevrolet so easy that few, if any, can afford to be without this fine modern car. See Chevrolet at your dealers'. Examine it closely. Observe the quality. Ask him to explain the easy payment plan.

38TH SHIP AWAY WITH POTATO CARGO

Co-operative Marketing Scheme in Maine is Reported Successful

The steamer Ada Gorthnor left No. 14 berth, Sand Point, Tuesday evening about 6.30 o'clock on a voyage to Havana, Cuba, with a cargo of potatoes. This sailing is worthy of special mention, as the Gorthnor's makes the 38th sailing from the port of St. John since last fall of steamships loaded with potatoes. It is reported that there are still four or five steamships chartered to come to St. John to carry like cargoes before the season comes to a close in the course of a few weeks.

The export of potatoes has been rather large for several years past, but this season has surpassed all others. The new addition to No. 14 warehouse at West St. John has greatly assisted the exporters, as previously the accommodation was much too small.

The potato business between New Brunswick and Cuba is growing, and it is understood that the market price for the famous provincial "spuds" is keeping up and proving profitable to the exporters.

The number of arrivals and sailings of ocean liners from the port of St. John, from the opening of the winter port season last fall until the close, which was the latter part of April, proved to be 39 less than during the season of 1922-23. When it is taken into consideration that ships carrying potatoes from St. John to Cuba, are counted in last season's number, it can be readily understood that this greatly increased traffic has had a lot to do with keeping up a good record for last season.

Some Come From Maine.

"Of course," said a local shipping broker, "the great amount of potatoes shipped from St. John to Cuba does not all come from New Brunswick farms, as a large part of the consignment comes from Maine, and is handled by New Brunswick exporters."

A man well up in the potato export business, who was in the city a few days ago, and whose activities are mostly in Maine, remarked that the co-operative selling of potatoes in Maine had attracted widespread attention. This is carried out by the Maine Potato Growers' Exchange. The ease with which 3,100 potato growers have adopted themselves to this new method of selling their products was very significant and indicative of still greater developments in the marketing of Maine potatoes co-operatively, he said.

Co-operate Well, he Says.

The members co-operated loyally in supporting all policies formulated by the executive of their exchange, and this loyal co-operation has made possible the execution of the policies outlined.

The exchange was incorporated April 30, 1923. The immediate problem confronting them was the development of an organization which in three months time, or on September 1, would be prepared to commence storing, shipping, grading and selling 3,000,000 barrels of potatoes. The rules and regulations were drastic, but up to date had been observed and the results were reported as being good.

The problem of securing warehouses and equipment was only one situation confronting the warehousing department. Warehouses were absolutely essential, yet they would be of little use without labor. Sacks also are a necessary adjunct in shipping potatoes. Cars are of little service during cold winter months without proper linings. Six hundred men were employed during the height of the shipping season, in order to facilitate a regular movement of the crop. The total cost of sacks from Sept. 1 to April 7, amounted to \$21,850. Six hundred and fifteen lined cars were required to move the crop during the busy portion of the season. The investment in car-

linings and bulk heads amounted to \$25,630. All of these cost were financed from sales.

The 1923-24 season of shipments of potatoes from St. John to Cuba means sailing of about 45 steamships.

DO WELL IN RECITAL AT MOUNT ALLISON

The graduating recital of Miss Helen Lillian Clarke, piano student, daughter of Mrs. Albrighton Clarke of this city, and Miss Isobel Alberta Trueman, oratory student, was a great success when the young ladies performed at Beethoven Hall, Mount Allison Conservatory of Music last week. They were assisted by Miss Olive Rankine, also a St. John girl, who is a vocal student. She was accompanied by Miss Leonora Martin, a piano student at the Conservatory.

Miss Trueman opened the programme and gave a great variety of readings with equal skill. Miss Clarke played with clarity and confidence. She displayed a brilliant technique and quality of tone. She played the Weber Concerto in C major with Professor Brunton at the second piano, showing facility in technique, as her fingers flew over the keys for the fast tempo that the selection demanded.

Miss Alice Hea, of this city, was a special guest at the recital. Miss Clarke gained her fundamental knowledge of music from Miss Hea. Mrs. Clarke, mother of Miss Clarke, was also at the recital, a guest of Principal and Mrs. Hamilton A. Wigie.

There is in a Holland university an old book which is as tall as a man.

GRAND CHANCELLOR VISITS K. P. LODGES

Degree of Esquire Exemplified for Roy L. Mills, of Moncton

Roy L. Mills, Moncton, Grand Chancellor of the Knights of Pythias, paid an official visit to New Brunswick Lodge No. 1 and Union Lodge No. 2, jointly at the Pythian Castle No. 2, last evening. He was attended during the evening by a guard of honor consisting of Byard Stillwell, grand vice-chancellor; J. A. Mowry, grand prelate; F. A. Kinnear, John M. Jenkins and Fred Doig, deputy grand chancellors, and LeBaron Wilson and H. H. McLellan, past grand chancellors. The degree of Esquire was exemplified for Mr. Mills' benefit.

Mr. Mills delivered an address on Practical Pythianism. Short addresses were also delivered by each member forming the guard of honor.

At the conclusion of the formal evening an informal entertainment was enjoyed followed by refreshments.

He's Helping Others Now! - - -

"... and as we walked across a field leading to the Institution, he ran toward us and told us what had happened."

The Officer was referring to a man whose name is well known in certain police circles. He had been arrested, found guilty and sentenced.

He attended our meetings and was uninterested until he heard that at Christmas The Army saw that his family was well provided for.

That touched him. His interest in religion became pronounced. He professed conversion, and on his release.

It is enough to say that he now spends his evenings trying to win others, and his meeting with success, too!

Not an isolated case. Just one of many. Will you help us "to help others" during the next twelve months?

MAKE IT SAY WHAT YOU MEAN
A clear statement in the absence of good selling. When the salesman tells the buyer all he ought to know—clearly, truthfully and convincingly—he makes a sale, just as he fails to sell when he presumes to understate.

In the Financial World PRICES LOWER, BUT IRREGULAR

Standard Industrials Showed Fractional Reactions on Initial Sales of Day.

New York, May 8.—Stock prices moved irregularly lower at the opening of day's stock market with most of the standard industrials recording fractional reactions on initial sales.

Montreal, May 8.—(Stock Exchange closing)—The activity and strength of Montreal Power featured the first hour's trading on the Montreal Stock Exchange this morning.

Chicago, May 8.—Wheat—May, 103 1/2; July, 104 1/2; Corn—May, 75 1/2; July, 77 1/2.

NEW YORK MARKET Stocks to 12 noon.

Table with columns: Stock Name, Open, High, Low, Close. Includes Atchafalca, Allied Chem, Am Can, etc.

Brokers' Opinions

New York, May 8.—Houseman & Co. in the buying of public utilities group where gains and the continuance thereof are strongly in evidence.

THE DOLLAR TODAY

New York, May 8 (noon)—Sterling exchange weak, demand rates (in cents) Great Britain, 4.36 1/2; France, 5.35; Italy, 4.44; Germany, 1.07 1/2; Canadian dollars, 1.23-25 cent discount.

SAYS RUSS HAS WON U. S. GRAIN MARKET

American Product Being Driven Out of Scandinavia and Germany

Berlin, April 30.—(A.P. by mail)—American grain has been virtually driven out of the Baltic states and Finland through Russian competition.

SHIPPING

PORT OF ST. JOHN Arrived Thursday, May 8.

Our list of offerings for May is now ready. Every investor should secure a copy before buying.

EASTERN SECURITIES, CO. LIMITED 92 Prince William St. St. John, N. B.

FRANCS TUMBLE IN NEW YORK MARKET

Break 38 Points in Early Dealing—Sterling Down Also.

New York, N. Y., May 8.—(United Press)—Under heavy selling orders from abroad, in which the fine hand of central European speculators may be seen, franc broke 88 points in the early dealings to a shade above six cents.

N. Y. Morning Stock Letter

New York, May 8.—On a very dull trading again yesterday, stock continued well. A drive against the petroleum shares was without serious effect on rest of the market.

MARKING NOVA SCOTIA'S LOST CITY

Nova Scotia's "Lost City" is being marked. It is scarcely credible to those who have not heard of it that a city of 12,000 was established by the Loyalists at Shelburne, and after few years' existence faded away to almost nothing.

Current Events

New York, May 8.—Standard Oil Co. budget for 1924, which has been approved by the board of directors.

Portland, Me., May 8.—Physicians who have examined William Thomas West, who was wounded at Chateau Thierry while serving with the 103rd United States Infantry.

When asked why he wanted to reach "West," he was a little confused. It was his impression that "West" was a World War veteran who had disappeared and that it was his duty as well as that of others, to hunt for him.

NEWS NOTES GATHERED FROM WORLD OF STAGE AND SCREEN

KATE CLAXTON, ACTRESS, DEAD

Player Famed in Two Orphans—Found Alone in Home.

New York, May 8.—Kate Claxton, noted all over the country fifty years ago for her performance of Louise, the blind girl, in "The Two Orphans," died suddenly and alone at her home, 305 West Forty-fifth street, on Tuesday.

Miss Claxton's physician, Dr. Margaret Brewster, said that the actress, who was seventy-three years old, had died from cerebral hemorrhage. Miss Claxton had been in poor health since Christmas, though able to go out. On Saturday she visited Miss Cone in the country and seemed much refreshed.

ST. JOHN CHORAL SOCIETY RECITAL

The St. John Choral Society held a rehearsal in the Church of England last evening under the direction of James S. Ford, who has been welding the baton over this worthy organization for several years.

to "Nanook of the North." Here is a picture that is both entertaining and instructive and in a few places amusing. It is one of three pictures of a similar kind that I have seen that can be called wonderful.

In viewing it one must take into consideration the conditions under which it was produced, for the scenes are laid in the far north, where the temperatures make our worst winters feel like the tropics. Then again one must consider that the camera man and the director were living under conditions such as white men are not called on to live and I think few would care to live under like conditions.

ST. JOHN, N. B.

ST. JOHN MAN IS
GOING TO BISLEY

Lieut. Colonel C. D. Spittal Chosen as One of the Marksmen.

Lt. Col. C. D. Spittal, of St. John, has been selected as a member of the Canadian Bisley team, which will sail from Quebec on the S. S. Caronia on June 12. Colonel Spittal, who was one of Canada's outstanding hockey players several years ago, being a member of Ottawa's famous "Silver Seven," world's champions, expects to join the team at Quebec. This is not the first time he has been honored in this manner, being a member of the Bisley teams on other occasions. The team is as follows: Major J. L. Straight, M. C. Islington, Ont. (commandant); Capt. Geo. Crigston, Toronto (adjutant); Sgt. A. J. Bowen, Edmonton; Sgt. Major W. Jeffrey, Toronto; Pte. H. J. White, Toronto; Lt. H. W. Bishop, Ottawa; Lt. Alex. Martin, Calgary; Gr. P. H. Lem, Calgary; Sgt. R. Storer, Toronto; Sgt. J. Binnie, Hamilton; Pte. D. Burke, Ottawa; Pte. B. Dupont, Victoria; R. Sgt. Maj. F. J. Jodhouse, Ottawa; Major J. Jeffrey, Toronto; Maj. R. S. Cross, Ottawa; Sgt. A. F. B. Wilson, Ottawa; Major Fred Richardson, Victoria; Co. Sgt. Maj. W. A. Hawkins (G.M.), Toronto; Lt. Col. C. D. Spittal, R. O., St. John; and Sgt. D. Stewart, C. M. S. C., Ottawa. The waiting men are: Lieut. F. W. Huggins, Toronto; C. Q. M. Sgt. A. Parnell, Montreal; Lt. J. Foreman, Hamilton, and Pte. W. J. Irvine, Ottawa.

HON. W. E. FOSTER
ON ADVISORY BOARD

Joins Premier King's Committee to Advise on St. Lawrence.

A Canadian Press Ottawa despatch says that Canada's national advisory committee on the St. Lawrence waterways project and the Canadian representatives on the joint engineering board, which will consist of three engineers from the U. S. and a like number from Canada, have been announced by Premier Mackenzie King. Hon. G. P. Graham, Minister of Railways and Canals, is chairman. The other members are: Thomas A. Hearn, Ottawa; Hon. W. E. Foster, St. John; N. B.; Beaudrey Leman, Montreal; Edward D. Martin, Winnipeg; Dr. W. L. MacDougall, Montreal; Hon. Sir Clifford Sifton, K. C., Toronto; Major Gen. John W. Stewart, Vancouver; Hon. Adlard Turgon, Quebec. On the joint engineering board Canada will be represented by D. W. McLachlan, of the Department of Railways; O. O. Lefebvre, chief engineer of the Quebec Steam Commission (Montreal), and Brig. Gen. C. H. Mitchell, Ottawa. The last two will act as technical officers on the commission.

BOY IN TROUBLE IN
BICYCLE CASE

A boy 15 years of age appeared before Magistrate Henderson in Police Court this morning charged with stealing a bicycle, the property of Dr. C. M. Curran; also a bicycle of the property of the Stables Wesley. The total value of the stolen property was placed at \$50. Magistrate Henderson said he was disposed to send the boy to the Industrial Home in East St. John for a term, explaining that he could hardly overlook the fact that three separate charges were against him. He said that his object in sending the boy to the home was not as a punishment but as a place of safety, and he considered it in their best interests. However, he said, in view of a plea made by Detective Hearn, combs and relatives of the juvenile, he would allow him to go on suspended sentence, but if he appears again on any charge he will have to go to the home.

PURCHASE OF
WESTERN UNION
STORY REVIVED

Reports that the Canadian National Railways will take over the Maritime Province section of the Western Union Telegraph Co., Ltd. are revived. It was said today on fairly good authority that the C. N. R. had an option at present and the proposals to buy at present are being considered by the railway authorities. There were rumors that that deal would be completed at once and the transfer effected by June 1. It was said today that it would more likely be on July 1. But there is nothing definite in the matter.

PART OF ROAD IS
NOT YET OPEN

Despite a previous announcement regarding the opening of the highway from St. John to Moncton for motor traffic, it has been found necessary to close the portion between Penobscot and Moncton. This announcement was made this morning by B. M. Hill, provincial road engineer. Mr. Hill said that on account of frost holes in the road beyond Penobscot and Salisbury, and between Boundary Creek and Moncton, motorists found they could not get through, and he therefore requests that no cars go farther from this end than to Penobscot until further notice is given.

TO MEET ON MONDAY.
At a conference between ex-Mayor Fisher and George E. Harbour, president of the Board of Trade yesterday, arrangements were made to hold on next Monday afternoon the first meeting of the committee of seven appointed to go into the matter of boosting the use of Canadian ports, and particularly that of St. John.

ALMANAC FOR ST. JOHN, MAY 8.

Table with tide and sunrise/sunset information for St. John, N.B. on May 8, 1924.

LOCAL NEWS

HIS BIRTHDAY.
About 25 little friends of Roy McDonald, aged two, son of Mr. and Mrs. J. J. McDonald, 15 Delhi street, attended a birthday party yesterday in his honor when a pleasant time was had by all.

ON DRUNKENNESS CHARGE.
One man arrested last night as a result of having consumed too large a quantity of spirits was brought into the police court this morning where he was instructed to pay a fine of \$8 or go to jail for two months.

SOLDIER IS POSTMASTER.
Arthur J. McIntyre, of Campbellton, has been appointed postmaster there, succeeding the late A. D. McKendrick. It was announced this morning by H. M. Woods, district superintendent of Postal Service, that Mr. McIntyre, who returned soldier, will take over his new duties in the near future.

BASEBALL.
The members of the Portland baseball team are to meet in their rooms tomorrow evening to make final arrangements for the season. They have entered the City Amateur League and at the meeting will decide on uniforms and other details which must be arranged before the official opening on May 24.

HOME FROM NEW YORK.
A. E. Jones, director of the Imperial orchestra, returned at noon today from a ten-day trip to Boston and New York. While in New York he was guest of his sister, Mrs. Charles H. Henderson, whose husband, a former St. John man, is star in the motion picture "Big Brother," recently adopted by the Rotary Clubs.

ON THE RIVER.
The steamer Majestic of the Crystal Stream Steamship Company returned from Fredericton late last night, thus completing her first daily round trip to the capital this season. She took away a large general cargo, but the down river freight was light. Owing to the freshet and the difficulty experienced in landing freight she was delayed and was late arriving at Inlandtown.

GOES TO MONCTON.
Rev. Alphonsus Harris, son of Mr. and Mrs. Robert Harris of this city, who was ordained priest some weeks ago in the Cathedral, left today at noon for Moncton where he will take over his duties as curate to Rev. E. Savage, rector of St. Bernard's church. Rev. Charles Carroll also of this city is curate at the same church. Rev. Charles Boyd, son of Mrs. Mary C. Boyd, Fredericton, is expected in the city on Saturday. He will be stationed at the Cathedral.

MARRIED IN MONTREAL.
The wedding of Miss Mary Alberta Lewis, daughter of Mr. and Mrs. Robert Kerwin, of Charlottetown, P. E. I., and Frederick M. Shannon, of this city, was celebrated in St. George's church, Montreal, at 6:30 p.m. on May 5 by Rev. William Stephenson Major. The bridegroom is a popular official of the Postoffice and telegraph, being senior postal clerk Mr. and Mrs. Shannon will reside in St. John.

THEN AND NOW.
A prominent stove dealer this morning was engaged repairing a stove that was manufactured in 1876. Despite its long years of service it was in pretty good condition. He said that the workmen of those days. The dealer said that make of stove was sold years ago for \$28 and a complete set of pots and pans was "thrown in." He said that kitchen ranges today ran from \$50 to \$100 and in some instances even higher. He said business had been dull during the winter, but it is now in daily picking up and he considers this an indication of better times.

WANT THESE BOXERS TO GO.
A. W. Covey is in receipt of a letter from A. D. Campbell of Sydney, N. S., asking for details regarding the arrangements for the Olympic try-outs. The writer explained that they have two promising amateur boxers there, Nolan and McLean, who are marshall champions in their classes and that the members of the Sydney fire department are handling Nolan and are very anxious to have him go to Montreal. The writer said that they are confident that with two weeks training their representatives would be world contenders. The firemen have expressed a willingness to contribute a sum of money to the Olympic committee towards his expenses.

SHE HAD AN ADVENTURE.
The kindness of the C. N. R. station agent at Quispamsis was instrumental yesterday in straightening out the difficulties of a little suburban girl who missed getting off the train at her home station while on the way from school in the city. The little lady resides at Fair Vale and got on the Sussex train at the Union Depot at 5:15. So busily engaged was she that when the train stopped at Fair Vale, she did not realize that the train was moving again before she realized her mistake. Alighting at Quispamsis, however, she reported her difficulty to the station agent and he looked after her until the arrival of the next train bound cityward. He saw her aboard and she reached home none the worse for her experience.

STREET LIGHTING MATTER.
It was reported at the office of the New Brunswick Power Company this morning that its employees had located the cause of the trouble which threw a section of the North End into darkness on Tuesday evening. The failure of the lights in Douglas avenue, it was said, was due to the fact that a service wire of the Civic Hydro Commission had sagged and come in contact with the street lighting circuit of the Power Company and caused a short circuit. The Power Company remedied the trouble by temporarily moving their wire, and were reporting the matter to the Civic Commission. At the office of the Civic Commission today it was said that the report from the Power Company had not been received. One of the city men, it was said, had gone over the lines on the night of the trouble and had found no interference.

UNTIDINESS IS
COSTLY FOR CITY

Bills for Picking Up Paper in the Streets \$3,400 in Year.

While discussing the matter of catch-basin and street cleaning at this morning's committee meeting of the Common Council, Commissioner Frink reported that the cost of picking up paper from the streets alone last year amounted to \$3,400. He commented on the fact that in four years and a half not a person had been brought before the police magistrate for violation of the by-law which covered the offence of throwing refuse in the streets. He said that the magistrate had informed him that he would be pleased to mete out the punishment prescribed by law to any such offenders brought before him. Commissioner Frink said he was sure that the Commissioner of Safety would make a note of the matter and endeavor to effect an improvement.

DESIGN OF SAINT
JOHN MAN CHOSEN

New Medal to be Given in Amateur Athletic Events.

The executive of the Maritime branch of the A. A. U. of C. are considering a new medal to cover all lines of athletics. The one they now present to winners in championship competition is suitable only for track meets, and it was felt that a standard medal should be secured which would be suitable for all athletic events. As a result some artists in the Maritime Provinces have contributed designs, and the one chosen was that presented by Charles A. Bennett of 105 Metcalf street. It represents the Goddess of Victory holding out a laurel wreath. It is embossed with maple leaves and arranged in an attractive manner. A. W. Covey, president of the Maritime branch of the A. A. U. of C., speaking about the new medal, said that the design presented by Mr. Bennett was just what they desired. He said that the former design showed an athlete running. Mr. Bennett has become quite prominent as a result of his work in water colors.

SURE NOW OF
MAN'S IDENTITY

Confirmation of Name of Second Man on Lost Sch. Champion.

Further evidence that the man who went to a watery grave with Captain Andrew Baxter of Lower Granville, N. S., in the small two-masted schooner Champion off Spencer's Island several weeks ago is T. W. Bungay, of Port-Piquette, N. S., is given by Ralph Teed, son of Captain C. R. Teed, of the schooner Jennie T., now in port at the Market Slip. When the Champion was loading fertilizer at Shed 16, the Jennie T. lay alongside for several days and members of both crews often chatted together. Ralph Teed, who is with his father on the Jennie T., said this morning that the man told him name was Bungay and that he came from Port-Piquette. "He said he was about 62 years old," says Mr. Teed, "and that he formerly came from Berge, Newfoundland. He told me he had a wife living in Port-Piquette and that three of his daughters were married." Both Captain Teed and his son are positive that it was Bungay who went down with Captain Baxter. When loading, Captain Teed says he remarked to Baxter that he was carrying too heavy a load. A member of the crew of the coastwise steamer Granville III, now in port, said he comes from Lower Granville and was there recently. He reports that Mrs. Baxter, mother of Captain Baxter, has given up all hope for her son and is assured now that it was the Champion that went down.

AS HIRAM SEES IT

"Did you read," said Mr. Hiram Hornbeam, "about them there Germans crowdin' the hotels in Italy an' spendin' money like water?" "I did," said the reporter. "Well, sir," said Hiram, "they do beat all. You'd think they'd want to stay home an' spend the money on the women an' children that suffered from the 'secut'—that's what started the trouble. Me an' Hanner was talkin' about it last night. He says she don't blame the French fer bein' 'spicious an' wantin' somethin' more'n a promise to be good. If I was travelin'—an' run up agin them braggin' an' spendin' Germans—it 'ud spile the hull trip—an' I'd want to get home agin. They make me mad every time I think of 'em. They got rich by profitin'—an' now they're tellin' the world to get out o' their way an' watch their smoke. They orto be made to pay the last cent an' then some—By Heav'!"
