FREDERICTON.

Heirs to \$1,500,000—Bishop King-
don Arrives Home.

(Special to the Star.)
FREDERICTON, June 28.—George
Foss of Oromocto claims to have a for-
tune awaiting him in South Africa.
Mr. Foss states he has a letter from
Sir Alfred Milner from Cape Town, in-
forming him that by the death of
Leonard Foss, an uncle, an estate of
one and a half millions is left to heirs
of the deceased. Leonard Foss of Oro-
mocto went from here forty years ago.
He was not heard from for a long
time, and a few years ago it was learned
he was in South Africa interested
in diamond mines and also had a farm.
Soon after the outbreak of war he was
killed by the Boers at his farmhouse.
He was never married, and left a will

bequeathing his property to the two
surviving sons of his only brother,
those sons being John and Henry Foss
of Oromocto, Sunbury county.
Bishop Kingdon arrived this after-
noon from his European trip.

THE TRIPLE ALLIANCE.

BERLIN, June 28.—The treaty pro-
viding for the prolongation of the al-
liance between Germany, Austria-Hun-
gary and Italy (The Dreibund) was
signed in Berlin this morning by the
imperial chancellor, Count Von Bue-
low, the Austrian ambassador, M. Von
Sokyrny-varich, and the Italian am-
bassador, Count Lanza Di Busca. The
alliance was renewed in its original
form.

Wild canaries were not yellow origi-
nally, but green or gray in color.

IMMEDIATE DANGER PASSED.

Cheering News From the King's
Bedside This Morning.

He Saw Several Members of the Royal Family This Morning
and Is Now Able to Move Himself a Little.

LONDON, June 28.—4.50 p. m.—The King was re-
moved from his bed to a couch this afternoon, earlier
than expected, and was placed in a sitting posture. He
was feeling decidedly better.

LONDON, June 28, 9.45 a. m.—The
Duke of Connaught drove to Bucking-
ham palace at half past nine this
morning, and after a short visit, repeat-
ed the gratifying report "The King has
had natural sleep. He is comfortable,
and his condition is satisfactory."
LONDON, June 28, 10.52 a. m.—At
10.45 o'clock this morning the following
official bulletin was issued from Buck-
ingham palace on the condition of King
Edward. "The King had a good night
and his improvement is maintained.
We are happy that we are able to state
that we consider his Majesty to be now
out of immediate danger, and the gen-
eral condition is satisfactory. The
operation wound, however, still needs
constant attention and such concern as
attaches to his Majesty's condition is
connected with the wound. Under the
most favorable conditions his Majesty's
recovery must of necessity be protract-
ed. The two p. m. bulletin will be dis-
continued."

LISTER,
TREVES,
BARLOW,
SMITH,
LAKING.

LONDON, June 28.—"The King is now
out of immediate danger." This an-
nouncement spread quickly through the
metropolis and caused great rejoicing.
The verdict upon which the nation had
so anxiously waited, caused a longer
consultation than usual. Lord Lister,
Sir Frederick Treves and the other doc-
tors discussed the patient's condition
for nearly an hour before they commit-
ted themselves to the important pro-
nouncement.

It was read at Buckingham Palace
by only a small crowd, the public be-
ing practically assured by yesterday
evening's reports that everything was
going well. Yet, to use the words of the
Westminster Gazette, the bulletin was
"full of intense relief." The underly-
ing suspicion that the doctors might
fear more than they wrote, the sensa-

tional rumors of his majesty's death
which continued even so late as yester-
day, and the lack of definite unofficial
news, all combined to create intense
nervousness. Such hopeful statements
as the Associated Press had been able
to make were not available to the
British public, who, however, were
spared the sensational reports, now so
palpably absurd, which were cabled to
America.

The reference to the wound, in this
morning's bulletin, it is authoritatively
set forth, can be regarded without any
disquietude. By June 30 the doctors
are expected to announce that all danger
of any complications has passed.

The King was very cheerful this
morning, after four or five hours' sleep,
and his temperature was normal. On
Sunday his majesty will probably be
transferred from his bed to a couch,
where he will be able to recline. He
is already able to slightly raise him-
self by the aid of a pulley. When he
first made an attempt to do so, the
queen adjusted the pillows so as to
form a back rest, and with a sigh of
intense relief the king exclaimed: "Ah,
that is better."

The Lancet, in its comment today,
says:—"No immediate septic absorp-
tion has taken place, as shown by the
complete absence of disquieting symp-
toms. We hope that rumor is ceasing
to be busy with the origin and patho-
geny of his majesty's illness, since the
very plain statement of facts in the
case which we were able to publish
June 26, and since the absolute accu-
racy of the bulletins has been justified."
"In view of the king's rapid recovery,
it is small wonder that the group of
members of the royal family which
gathered at Victoria station this morn-
ing were happy and cheerful."

LONDON, June 28.—Admiral Prince
Henry of Prussia and his suite left
London this morning to join the Ger-
man flag ship at Portsmouth. The
Prince of Wales bade farewell to his
cousin at the station. A large crowd
of people gave Prince Henry a hearty
send-off.

LONDON, June 28.—At 2.30 p. m. it
was officially stated at Buckingham
palace that the king's progress was
fully maintained, that his majesty was
quite comfortable and that he had seen
several members of the royal family
during the day.

CANADA'S OPPORTUNITY

To Push Trade in Lumber, Grain
and Implements.

NEW YORK, June 28.—Actual and
prospective trade with South Africa has
assumed such proportions since the
termination of the war that two steam-
ship companies have inaugurated lines
to South African ports. It is the inten-
tion to maintain a bi-weekly service.
For the last few years the carrying
trade between this port and South Af-
rica has been in the hands of a combi-
nation consisting of three lines. The
new service has already reduced the
rates.
"The demand," said an official of one
of the new lines, "is mainly for lum-
ber and building materials, and also
largely for supplies of grain. The de-
mand for agricultural implements of
all kinds is very large and is rapidly
increasing."

CANADIAN CONTINGENT

Will Wait to See Kitchener—Prince
of Wales Will Review
the Troops.

(Special to the Star.)

TORONTO, June 28.—The Telegram's
London cable says:—"The Canadian
Troops were to have embarked at Liv-
erpool for home on Thursday next,
sailing on the Allan liner Tunisian, but
now probably they will remain in En-
gland until the arrival of Viscount Kit-
chener, whose return to England is ex-
pected shortly."

"H. R. H. the Prince of Wales will
inspect the colonial contingents on
Tuesday in Hyde Park."

THE DEATH ROLL.

NEW YORK, June 28.—William H.
Koons, one of the best known news-
paper men in New Jersey, died early
today at Trenton. He was president
of the Trenton Press Club, a trustee of
the Legislative Correspondents' Club
and had a wide circle of acquaintances
among public men.

THE BARBER WINS.

CHICAGO, June 28.—Armed with two
revolvers, Charles W. Gale, an insur-
ance and real estate dealer, made two
ineffectual attempts to kill Albert Mc-
Mullen, a barber, last night. Then he
locked himself in his office and used
one of the revolvers on himself. He fell
dead as the police battered their way
through the barred entrance and reach-
ed his side. A quarrel about a woman
was responsible for the tragedy, it is
said.

PERSONS WHO WANT SUM-
MER SUITS READY TO PUT
ON, can find a large assortment
in the Shirt Waist Suits at Dyke-
man's.

A STRIKE THAT FAILED.

CHICAGO, June 28.—The strike of 550
cleaners, employed by the Pullman
company, which began on June 19, was
declared off last night. A number
of the men had already returned to work
and were said to be receiving more
money than they did prior to the strike.
Representatives of the company, it is
said, have informed members of the
union that any of the former employees
who applied would be given work, but
there would be no recognition of a body
of men.

HERE'S A PRETTY FIGHT.

(Special to the Star.)

MONTREAL, June 28.—The Quebec
government has made a demand on the
city for half a million dollars as its
share of fines collected in the Record-
er's court for a number of years.

The city will make a counter claim
of a million for police protection, which
it is claimed should be performed at
the expense of the government. The
dispute is an old one, and has been
hanging fire for some time.

TURFMAN DYING.

LOUISVILLE, Ky., June 28.—Sam
Bryant, the noted turfman, who has
been ill of dropsy for some time past,
lapsed into unconsciousness yesterday
afternoon, and his physicians say he
will not survive another day. He at-
tended the American Derby in Chicago
last Saturday.

IMPERIAL CONFERENCE.

Next to King's Health It Attracts
Most Attention.

NEW YORK, June 28.—While King
Edward's health remains the para-
mount subject of consideration, the
imperial conference is looming up as a
remnant of the coronation fetes, cables
the London correspondent of the Tri-
bune. The colonial statesmen are dis-
cussing among themselves the work
of the conference, and are not disposed
to commit themselves to any prema-
ture statements of policy. Neither
Premier Laurier nor Mr. Patterson, nor
Mr. Ross, nor any other influential
Canadian minister will allow himself
to be drawn into an interview. They
assert that they are looking over the
ground and are unprepared to discuss
the probable results of the conference.
An impression prevails that the col-
onial statesmen will avoid putting them-
selves in an attitude of coming before
the United Kingdom and asking for
privileges at the expense of British
taxpayers. They, it is argued, will
consider it unworthy the dignity of
self-governing commonwealths to ap-
peal for tariff preferences when the
British government, in order to com-
ply with their demands will be com-
pelled to raise the cost of living in the
United Kingdom. What is more like-
ly is a general agreement among the
Canadian, Australian, New Zealand
and South African statesmen attend-
ing the conference to confine their tar-
iff discussion to existing fiscal arrange-
ments, with a view to relaxation of
the present system. As long as Sir
Michael Hicks-Beach is chancellor of
the exchequer an imperial solvency
is believed to be impracticable, and
there is no evidence that any influen-
tial representative of Canada or Aus-
tralia favors it.

THE COAL STRIKE.

President Roosevelt Asks Knox For
An Opinion.

NEW YORK, June 28.—President
Roosevelt has requested Attorney Gen-
eral Knox to submit an opinion, says
a Washington despatch to the World,
as to whether the combination con-
stituted a trust within the meaning of
the Sherman anti-trust act and the de-
cision of the United States court there-
on. In making his request the presi-
dent gave Attorney General Knox the
report recently prepared by Carrol D.
Wright, commissioner of labor, after
a careful investigation of the differ-
ences existing between the coal opera-
tors and the miners, the facts forward-
ed by President Mitchell of the United
Mine Workers' Association, and all
other data in his possession bearing on
the subject.

It will be the duty of Attorney Gen-
eral Knox to formulate an opinion for
the president, making a definite declar-
ation that the anthracite combination
does or does not constitute a trust.
The present instructions do not require
him to go further and express an op-
inion as to the probability of prosecu-
tion under the Sherman anti-trust act.
The president it is believed deter-
mines upon his subsequent line of ac-
tion after Attorney General Knox has
rendered his opinion.

MORE TROUBLE.

PANAMA, June 27.—It has been
learned on the authority of govern-
ment officials in Panama that General
Zelaya, president of Nicaragua, has
despatched a sailing vessel loaded with
coal to the revolutionary gunboat Pa-
dilla, and that the Nicaraguan warship
Montombo was to have left Coronto,
Nicaragua, this week, with a big con-
signment of munitions of war for the
use of General Herrera, the leader of
the Colombian revolution on the Isth-
mus. It is believed that President
Zelaya's action in sending coal to the
Padilla renders a rupture between Co-
lombia and Nicaragua imminent.

THE IRISH LEAGUE.

DUBLIN, June 27.—A meeting of the
directors of the United Irish League
was held here this afternoon. John
Redmond, chairman of the league; John
Dillon and Michael Davitt were
nominated to represent the home or-
ganizations at the convention of the
American branches of the league to be
held in Boston next October.

An address was adopted denouncing
the land bill and urging upon defiance
of the coercion courts.

SALTED MEN'S HEADS.

LISBON, June 27.—It has been offi-
cially announced that Portuguese
troops have gained a decisive victory
over the rebels in the upper Zambesi
region of Portuguese East Africa. The
rebellious chiefs were captured and
decapitated, and their heads were salt-
ed and conveyed to the capital of the
colony.

SOUTH AFRICA.

DURBAN, Natal, June 27.—About
1,500 troops sailed from here for home
today.

Two thousand additional Canadians
will start for home July 2.

ISLAND OF ST. HELENA, June 27.—
The first consignment of Boer pris-
oners, numbering 476 men, sailed from
here yesterday for South Africa. After
taking the oath of allegiance to Great
Britain the prisoners marched to the
boats singing the national anthem.

English Cakes.

The following samples of English cakes and sweetcake will be of interest, as cakes are a feature of English cookery. The sweet tooth is always kept well supplied, and these are some of the popular ways of meeting the demand. They are not expensive and are worthy of a trial.

Derby, or Short Cakes.

Rub one pound of butter into two pounds of flour, add one pound of currants, one pound of good molasses sugar and two beaten eggs mixed with half pint of milk; work the whole into a paste, roll it out thinly, cut it into cakes, and bake them about five minutes in a moderate oven.

Shrewsbury Cake.

Make a stiff paste of one and a half pounds of flour, three-quarters of a pound of sifted loaf sugar, a teaspoonful of pounded cinnamon, half a pound of warmed butter, and one egg with a little milk, roll it out thin, cut round and bake on a tin, in a slack oven.

Small Plum Cakes.

Mix six ounces of powdered loaf sugar with one pound of flour, to which add six ounces of butter beaten to a cream, three well beaten eggs, and one-half pound of currants; beat all to a stiff paste, which drop on floured tin plates, and bake in a brisk oven.

Plain Plum Cakes.

Beat six ounces of butter to a cream, to which add six well beaten eggs; work in one pound of flour and half pound of sifted loaf sugar, half a pound of currants, and two ounces of candied peel; mix well together, put it into buttered tin, and bake in a quick oven.

Family Pound Cake.

Beat to a cream half a pound of butter, add one pound of dried flour, half a pound of powdered loaf sugar, half a pound of dried currants, four well beaten eggs and half a pint of milk; beat well together and bake with care.

ST. JOHN STAR.

ST. JOHN, N. B., JUNE 28, 1902.

THE KING'S HEALTH.

The statement in this morning's bulletin from London, that the "immediate" danger in the king's case is past, while it is cheering news, implies that his condition is still somewhat critical. If the improvement continues until Monday his chances for recovery would seem to be excellent. The feeling of confidence which the uniformly reassuring bulletins have inspired is indicated by last night's cables, which told of the revival of projects for the festivities which were so painfully interrupted. It is very gratifying to all citizens of the empire to observe the expressions of sympathy and tributes of personal regard for the king which come from every part of the world. His majesty has not only inspired his own people with feelings of the warmest regard, but has won the respect and good will of all nations. Tomorrow will be a day of anxiety, but the strength and courage with which he has thus far borne the trial, and the splendid way in which his constitution has rallied from the shock of the disease and the operation, are hopeful auguries, and it may be that the crisis is already past.

PRISON REFORM.

One of the subjects to be considered by the Women's Council when they meet in this city next week will be Prison Reform. The time and place are opportune. The ladies from other parts of Canada will be able to visit the St. John jail, and carry away enough impressions—if nothing more tangible—to last them for a considerable period. They will learn that it takes over a year to complete the small job of enlarging the jail accommodation, and that it is not wrong in St. John to crowd prisoners into cells far beyond the health limit, to say nothing of other considerations. There is no doubt about it, this city is an excellent place for an intelligent and comprehensive study of prison reform. It is once more stated that work is to be provided for the prisoners. The sooner it is done the better for the prisoners themselves and for the municipality which now supports them in idleness.

A Washington despatch says: "Consular reports received at the state department indicate that a big struggle is on for control of the markets of South Africa. Millions of dollars are to be expended in mining machinery, agricultural implements and railway material, and competition for the sales is very keen. Much of this material will be bought in America, the DeBeers Mining Company favoring American made machinery, as well as several other big mining corporations. Germany is working hard to capture the contracts and is a sharp rival of the Americans. A demand is certain to arise for a preference for British traders in the new British dominions, and it is understood that the government contracts are to go exclusively to the British."

The New York Commercial pays this tribute to Canadian forests: "Canada is the great preserve of the whole world for future supplies of pulp wood. Her spruce resources have scarcely been touched, though her southern forests have been badly depleted. The country has a magnificent belt of spruce extending from the southeast in Quebec far northwest to the Mackenzie river. Not a bit of this spruce has yet been utilized and will not be till railroads are extended to it; but the railroad projects now under way will before very long tap this greatest of all resources of pulp supply."

Representative Joseph H. Manley of Maine, speaking of King Edward, made the following statement to a reporter in Washington: "I believe there is no man in Europe who knows the United States as well as the King of England; in fact, there are few Americans who so thoroughly understand our people, our customs and our laws. King Edward has always expressed his friendly feeling for the United States. He admires our women and respects our men, and the sympathy that he expressed when President McKinley was so foully murdered came from his heart. Prayers for his recovery will go up wherever the English language is spoken."

Several names have been mentioned in connection with the office of dominion archivist, and in connection with some of them the objection is raised that the persons have not a sufficient knowledge of the French language. The Star begs to place in nomination any member of the St. John city council who may be open for the job.

It is unkindly suggested, that the city council decided to take the ladies of the Women's Council on an excursion

along the river in order to distract their attention from the condition of the city streets.

The Telegraph this morning observes that newspapers make funny mistakes. This is very true. The Telegraph itself this morning tells of the arrival at Seattle of \$100,000 in gold dust from Nome and calls it Klondike gold.

The Hamilton, Ont., board of works has declined to advance the pay of city laborers to 20 cents per hour. They now get 18 cents per hour. This is more than is paid in St. John.

TEACHERS' INSTITUTE.

Largest Gathering of Teachers Ever Held in Fredericton.

FREDERICTON, June 27.

This afternoon the executive committee reported they had considered the resolution proposed by the educational council of women and approved the principle of the dominion registration of teachers, insofar as it is practicable and without detriment to the schools of the province. As this subject had been taken up by the Dominion Association, the committee did not think it advisable for the Institute to take action. The resolution was adopted.

A paper was read by Mary Knowlton of St. John on Methods of Teaching Literature. It was appreciatively discussed by Dr. Crockett, C. J. Mercereau of Bathurst Village, and Principal Tuttle of Bathurst.

W. M. McLean of St. John moved that the Institute appoint a standing committee on text books and course of study, and that the board of education be asked to consult with this committee before making changes in prescribed text books or course of instruction. This was discussed at some considerable length and adopted. Dr. Inch supported the resolution.

It was moved by James Barry of St. John, that the Institute empower the chief superintendent of education to appoint a committee to investigate regarding the relative advantages of parish and district schools boards, the Institute to pay the committee's expenses, and the committee to report at the next meeting of the Institute.

Wm. Brodie of Sussex was unanimously elected to represent the Institute on the Senate University. Inspector Mercereau was the representative the past two years.

A. C. M. Dawson of Chipman moved, seconded by Principal Tuttle, a resolution in favor of giving school boards power to establish schools savings banks. The mover and seconder supported the resolution in forceful addresses. The motion was vigorously opposed by Principal Foster of Fredericton, Dr. Bridges of St. John, Miss Fullerton of St. John, and C. J. Mercereau of Bathurst. The resolution was voted down.

This evening the Institute was entertained at the University by the Teachers' Association of Fredericton, and Chancellor and Mrs. Harrison. A reception was held from 7.30 to 9 o'clock in the college building, the adjacent building and the museum being thrown open for inspection. An orchestra played meantime in the main hall. Despite the unfavorable weather there was a very large attendance. At 9 o'clock addresses were given in the library, the principal one being that of Chancellor Harrison on the World of Education of a University. Refreshments were afterwards served. It was arranged to have the observatory open and the big telescope focused on the double star, but the sky was overcast.

The closing session of the Institute will be held on Saturday morning. Four hundred and fifty teachers have enrolled.

At the afternoon session reference was made to the recent death of Rev. G. T. Hartley, one of the founders of the denomination, and Rev. G. W. Macdonald, Rev. J. H. Coy and B. N. Goodspeed were appointed to prepare a memorial.

Standing committees were appointed as follows:—

Tabernacle and grounds—Revs. G. B. Trafton, J. H. Coy, S. Greenlaw, Rooms—Revs. H. C. Archer, A. L. Bubar and Edw. Jewett.

Hotel—C. K. Short, Geo. Shaw and Clarence N. Goodspeed.

Mrs. A. L. Bubar was appointed Sunday school agent.

The needs of the district at Young's Cove, N. S., were referred to the Home Mission Board, a communication having been received from the pastor, Rev. C. S. Hilliard, who was unable to be present.

Revs. E. A. Allaby and Z. B. Grass were appointed to co-operate with Rev. G. W. Macdonald in the preparation of temperance resolutions.

The prices advertised for rooms and board were confirmed by vote of the alliance.

A social service was held in the evening.

YACHTING.

A Valuable Silver Cup for Loch Lomond Races.

Commodore Wright of the Loch Lomond fleet will give a valuable silver cup for the races on Dominion and Labor days. On the strength of this the Loch Lomond Club will enter two yachts, the Sylvan Dell and the Log Cabin.

Yesterday's Yacht Race.

The Sydney yacht Cibou won the second race in the series yesterday afternoon and by so doing carries off the cup offered by Commodore Thomson. Only four boats started yesterday, the Wabewawa having been withdrawn, and they got away in the following order:

Cibou.....	2h. 0m. 4s.
Wingene.....	2h. 0m. 38s.
Grace M.....	2h. 0m. 21s.
Canada.....	2h. 0m. 35s.

At the turning of the first buoy the Canada had moved up to second place and the boats rounded as follows:

Cibou.....	2h. 30m. 10s.
Canada.....	2h. 33m. 10s.
Wingene.....	2h. 37m. 06s.
Grace M.....	2h. 37m. 45s.

On the reach to the second buoy the Canada gained somewhat on the Sydney boat for a time, but the rounding of the buoy showed that the Cibou had on the whole increased her lead. The time was:

Cibou.....	2h. 55m. 06s.
Canada.....	2h. 58m. 40s.
Wingene.....	2h. 58m. 10s.
Grace M.....	2h. 58m. 55s.

On the home stretch additional sails were set and as on Thursday the Canada met with some difficulty in handling them. The yacht ran past the flag as follows:

Cibou.....	2h. 19m. 57s.
Canada.....	2h. 24m. 06s.
Wingene.....	2h. 38m. 30s.
Grace M.....	2h. 38m. 06s.

Following is the elapsed time for each yacht:

Cibou.....	1h. 19m. 57s.
Canada.....	1h. 24m. 06s.
Wingene.....	1h. 38m. 30s.
Grace M.....	1h. 38m. 06s.

After the Cibou had come to anchor Capt. Davidson and his crew called on the commodore and were congratulated on their victory.

LOCAL NEWS.

At Welsford Station, Thursday, Mrs. Eliza Ferguson passed away at the age of 81 years.

The water in the river is reported to have fallen six inches during the last twenty-four hours.

The steamer Maggie Miller will make special trips on the Millidgeville route on Dominion Day. See advt.

Tuesday next, Dominion Day, being a public holiday, the market will be closed and will remain open Monday night till ten o'clock.

A special business meeting of the 22nd band is called for tonight at the band hall at 8 o'clock. Every member is requested to attend.

The piano pupils of Miss Alice Hea this morning held a recital at the home of their teacher, which was much enjoyed by those present.

The steamer Springfield will make her regular trip in the evening of Dominion Day, after returning with a picnic party.

The death occurred at Welsford this morning of Marjorie, youngest daughter of W. A. Emery, of the steamer Cumberland. Burial tomorrow.

The Brussels street Baptist church will hold its annual picnic on Dominion Day at Greenhead. Water and field sports will be features of the outing.

Fourteen cases of scarlet fever have been reported in the city since the first of the month. Eight of these are in Carleton.

Registrar Jones reports that during the past week fifteen marriages were recorded. There were thirty-three births, twelve of them being males.

Secretary Thomas of the hospital commission today received tenders for supplies and coal for the hospital during the ensuing year. The contracts will be given on Monday.

The sale of a property of 100 acres owned by Henry Baxter at Norton, was taken place at the court house, Hampton, today, was postponed for a week.

Rev. Mr. Coffin and his 7-year-old son will sing a duet at St. Philip's church at tomorrow evening's service. The accompaniment will be played by Mrs. Coffin, who has lately arrived from the United States.

Some of the lost dogs of St. John may have gone to P. E. Island. The Charlottetown Examiner says: "About sixty sheep and lambs have been killed in the western part of the island by dogs during the past few days."

An error in yesterday's Star made J. N. Harvey, the Union street clothier, offer boys' suits, reduced from \$4.50 and \$4.75 to \$3. Mr. Harvey observes that much as he might like this sort of reduction, what he really has done is to reduce from \$5.50 and \$5.75 to \$5.

CIRCUIT COURT.

In the circuit court yesterday afternoon the case of the King v. Albert T. Holm, for cutting and stabbing Officer Charles Rankine was taken up. The testimony of Officer Rankine, Sergt. Baxter, Mrs. Holm and the prisoner was taken. The jury was out but a short time and returned a verdict of guilty.

The case of the King v. Albert Holm, William Holm, and John Tobin, charged with breaking and entering, was commenced last night and continued this morning. The witnesses for the prosecution, which was concluded this morning, were Officers White and Rankine and Sergt. Baxter. For the defence Albert Holm went on the stand and testified that he met a man, whom he knew as Shorty, at McAdam. He endeavored to obtain Holm's assistance in breaking into Cullinan's store, but Holm refused. He, however, stood outside while Shorty was inside. Mrs. Margaret Holm, Mrs. Ida McColgan, sister of John Tobin, and William McColgan, testified in regard to the good character of the prisoners and, H. W. Goss, bookkeeper at Haley's factory, testified that Tobin worked at that place. The court adjourned until 2.15 this afternoon. Hon. H. A. McKeown, K. C., for the crown; H. H. Pickett, for the Holms; and R. G. Murray, for Tobin.

YACHTING NOTES.

The R. K. Y. Club cruise up river on Tuesday next will not take the form of a regularly organized club cruise, but it is probable that many of the boats will participate in it. Originally it was intended to make a general cruise, but when the invitation from Digby to attend the races there on Dominion Day was received, and a number of yacht owners signified their intention of going across, the first of July cruise was somewhat neglected. Now, however, it has been decided that only a few boats, if any, will go to Digby, and efforts are being made to boom Tuesday's event.

The latest word from Rev. Lindsay Parker of New York is to the effect that on account of changed conditions he will probably be able to spend a portion of the summer on the river and will occupy his summer house at Gondola Point. His yacht, the Ormoriel, will not be launched.

POLICE COURT.**A Family Affair That Waked the Echoes This Morning.**

Two forlorn specimens sat on the bench this morning awaiting their doom. Stamped upon their countenances were expressions of dread lest the order in regard to working in the park should come into effect before they got clear, and mingled with these expressions were others of determination to do as little as possible.

First, simple, harmless Pat McQuillan, who can never refuse a drink and who always gets drunk when he has the chance, was picked up on Union street. He wanted to go to the alms house because he was sick and had no other place to go. But in spite of his pleadings, Patrick was sent to jail for two months.

James Doyle hails from Halifax and is here on a vacation. Instead of spending his time in the country, Doyle has remained about town getting into various kinds of trouble. He evidently believes with Billy Baxter that ten square feet of asphalt pavement in front of a barroom door has the green fields beaten from start to finish. Doyle was drunk in the north end last evening and used some vile language. He was sentenced to thirty days for the drunkenness and two months for using the bad language.

Antonio Vendetta sharpened knives and scissors without securing the necessary license. He had no intention of using them for any wrong purpose, for in spite of his name Tony is peaceable. Nor did he wish to take out a license. He wants to become a citizen of St. John, and asked that he be assessed on income. He was sent to City hall.

A grievance between Mrs. Secord and Mrs. Fish, who live on Brussels street, furnished some amusement for the court.

Secord was the original complainant, but Mrs. Fish wanted warrants for the arrest of the whole Secord family on charges of assault, abusive language and numerous other things which she did not fail to mention. Mrs. Secord took the stand, but before she had a chance to say a word the defendant denied everything and volubly explained how it all happened. Then Mrs. Secord started and the two poured forth a torrent of such unavailing language that the listeners leaned back and held their sides. Amid the uproar one of the women was heard to state that "Mr. Baxter said he never heard such a tongue as Mrs. Fish has."

This brought forth the remark from the magistrate that Baxter was no judge, and a listener added, "No—no, policeman."

Then someone suggested that the turmoil be ended and the women quieted, but the magistrate thought any person who could do that would be a public benefactor and might find work in other places than the courtroom. Just about here the husband of one woman and the young son of the other were brought forward to assist, and the volume of sound was doubled. All talked at once, and above the din could be heard the voice of the boy screaming, "He guzzled me!"

It was all due to the fact that one woman had emptied a bucket of water over the other and then used a broomstick on her. She had also beaten the latter's husband, but these acts were said to have been committed in defence of her offspring, who was being beaten by the husband. The case was allowed to stand over for one week, in order that Mrs. Fish might be given an opportunity to find another house, and the women parted with many uncomplimentary remarks concerning each other.

BURIED TODAY.

The funeral of the late Mrs. Isabella Bowes took place at half past two o'clock this afternoon from her late residence on Canterbury street. The body was taken to St. David's church, where the burial service was conducted by Rev. Dr. Morrison. Interment was in Fernhill.

This afternoon at four o'clock the funeral of the late Mrs. Mary Murray was held from her late home 421-2 Brussels street. Services were conducted by Rev. John de Soyres, and the body interred in the Church of England burying ground.

ORANGE PICNIC.

Gideon L. O. L. will hold a picnic at Watters' landing on Dominion Day. The steamer May Queen has been chartered and will make two trips at 9.30 in the morning and at one in the afternoon. A band has been secured and every thing possible has been done to make the outing a success.

TEACHERS' INSTITUTE.

(Special to the Star.)
FREDERICTON, N. B., June 28.—The closing session of the Teachers' Institute was held this morning. The special committee appointed to confer with the board of education about proposed changes in the text books and the courses of study are Dr. H. S. Bridges, St. John; B. C. Foster, Miss Annie Harvey, Fredericton; P. O. Sullivan, St. Stephen, and S. W. Irons, Moncton. The result of the election for members of the executive committee was announced as follows: B. C. Foster, Miss Ella Thorn, Fredericton; Frank Good, Woodstock; C. H. Acheson, Moncton; P. O. Sullivan, St. Stephen; C. J. Mersereau, Bathurst; E. W. Lewis, Campbellton; Miss Kate Bartlett, St. John; G. J. Oulton, Moncton, and R. D. Hanson, Pictou.

Crockett briefly addressed the institute. The special committee to which was referred the matter of correct pronunciation of Latin reported through Dr. Bridges that the committee after conference had adopted the following resolution:—

"That a committee of teachers be appointed in regard to the best method of pronouncing Latin, to confer with the teachers of Latin in this province, and with professors of Latin in the dominion, United States and England, in order to assist them in reaching a decision."

The report was adopted and Dr. Bridges, William Brodie, of Sussex; and Principal Tuttle, of Bathurst, were appointed the committee.

AN X RAY PHOTO.

The first to be taken in this city is now being developed.

The first photograph to be made in St. John by the Roentgen ray apparatus will be finished on Monday. This morning the negative was developed by Roche & Davidson and is very satisfactory.

The X Ray apparatus was purchased for use in the General Public Hospital last fall, before the outbreak of smallpox, but during the period of quarantine it could not be tested. During the past few weeks experiments have been made and last evening Dr. Will Ellis took a photograph of his own hand. The plate used was an ordinary 50 sensimeter stanley, similar to those sold for everyday photography, and was placed in a pasteboard box. Dr. Ellis laid his hand on the outside of the box, between the tube and the plate, and allowed twenty seconds exposure.

This morning it was found that the plate was normal, the development being just as satisfactory as in an ordinary photograph and the details of the hand showing clearly. The experiment is considered as being most successful, and opens up a wide range of usefulness for the appliance in the hospital.

A WALL OF WOE.

A writer in this week's Freeman vigorously denounces the manner in which patronage is bestowed in this city and gives the following instance: "A Catholic liberal lately applied to the conservative head of a department seeking work as a digger. He brought with him a letter from the Catholic chairman of his ward recommending that work be given him, and stating that Col. Tucker had written the chairman authorizing him to engage some men for this purpose. He was told that no matter who recommended him he simply could not get work without George McAvity's endorsement."

The writer protests against a policy that "enriches a certain liberal firm," and calls upon Catholics "to come to their senses" and say things to Mr. Blair.

WOOD AS WELL AS COAL.

J. S. Frost has purchased from J. A. Mann his electric wood cutting plant on Lloyd's wharf, and will carry a stock of hard and soft wood, kindling, etc., in connection with his coal business.

Situated on a wharf, it is particularly fitted for this business; as wood can be delivered alongside at cheapest rates by woodboat or schooner; and in close connection with his office he can give it his special attention. He has arranged for, and expects in a few days, a full supply of different kinds of wood which he is prepared to deliver promptly in any quantities at lowest cash prices.

A GREAT EXCURSION.

The Canadian Pacific railway has issued a circular to school teachers, advising them of special round trip excursions from this province to Manitoba and the Northwest, on July 16th, at rates ranging from \$28 to \$40, according to destination. Rough stowaway privileges and tickets good to return till Sept. 16th. The Winnipeg exhibition will be held from July 21st to 25th, and that at Brandon, July 29th to Aug. 1st. For full particulars apply to C. P. R. ticket agents.

MEN'S REAL LISLE THREAD HALF HOSE 25c. per pair at Dykeman's.**CORONATION CONTINGENT.**

Letters were received yesterday from members of the coronation contingent. It was stated that the only St. John men who were not sick on the voyage across were Robertson and Anderson, and these two missed several meals by judiciously remaining on deck instead of going below. Rough weather was encountered off Newfoundland and again near Ireland, but on the whole the voyage was very enjoyable. The men expect to leave England on the Tunisian on July 3rd.

THAT NURSES' FUND.

The subscribers to the testimonial for the nurses have had their money returned to them, accompanied by a short note in which it was stated that the nurses had declined to accept the money from the Telegraph. In a number of cases the subscribers have sent their contributions to the matron at the hospital, asking that the money be either handed to the nurses with their compliments or else used in any way the recipients wish.

PERSONAL.

Ora P. King, M. P. P., is in the city today.

C. A. Steeves, barrister, of Moncton, arrived in the city by today's noon express.

Dr. Charles H. Patton, son of the late Daniel Patton, returned last night from Harvard, where he has just completed a medical course. In company with F. P. Regan, he went today for a few days' fishing at Ball's lake.

BEAUTIFUL BERRIES.

The finest strawberries that have reached the local market this year are those shipped by refrigerator cars from upper Canada to J. F. Estabrook & Son. These berries reach the city as fresh as when picked and with the dew and bloom still on them. Messrs Estabrook will have another shipment of one hundred cases Monday, which will be put on the market in the afternoon.

A WEEK'S DEATHS.

Thirteen burial certificates were issued this week. Death was due to the following causes: Old age, 4; consumption, 2; Pneumonia, 1; convulsions, 1; heart disease, 1; premature birth, 1; chronic bronchitis, 1; broncho-pneumonia, 1; intestinal obstruction, 1; total, 13.
