The Sailor Boy's Farewell-Farewell to father-blessed hulk In spite of metal, spite of bulk,

His cable soon may slip;

Yet while the parting tear is moist

The flag of gratitude I'll hoist In duty to the ship. Farewell to mother—first class she
Who launched me on life's stormy sea
And rigged me fore and aft;
May providence her timbers spare
And keep her hulk in good repair,
To tow the smaller craft.

Farewell to sister—lovely yacht
But whether she'll be manned or not
I cannot now foresee;
May some good ship a tender prove,
Well found in stores fruth and love.
And take her under lee.

Farewell to George—the jolly boat, And all the little crafts afloat In home's delightful bay, When they arrive at sailing age,
May wisdom prove the weather gauge
And guide them on their way. Farewell to all on life's rude main

And though we neer may meet again
Through stress of stormy weathe
Yet summoned by the board of love
We'll anchor in the port above,
And all be moored together.

Chatham, April 12, 1874. 13

The sum of numan misery. How quickly is the feeling of pity in our breast stirred by those few words in Scripture history "The dogs came and licked his sores." What more deplorable condition can a human being be in than this, and yet we may judge from the rest of the narrative "it came to pass tha Lazarus died;" that it was in process of time and not directly from his sores that Lazarus death came. Skin diseases, for their name is legion, all spring from impurity of th blood. The skin is the safety valve, throug. blood. The skin is the safety valve, throug-which these impurities pass out, when the natural emunctories are so clogged, as no, to perform their office properly of elimina-ng the "materies morbl" from the bleod. By recognizing this fact, we see how it is that WILSON'S TONIC SARSAPARILLIAN FLIVER PROVENTS. THESE CHARGES CARE FOR THE ELIXIR prevents these diseases from forming or cures them when formed.

By cleansing out the internal emunctories, stimulating the healthy process, by which they drain these impurities from the blood, the Elixir prevents these diseases because it leaves No Poison in the Blood for the skin to throw off, and where the decase is already formed it cures by cutting off the internal supplies.
