BAPTISTS AT EAST FLORENCEVILLE

Annual Meeting United Baptist District No. 2

Delegates from the churches of District No. 2 held their annual meeting with the East Florenceville church from Friday night, Sept. 22 to Sunday, Sept. 24. All the pastors from the churches were present in addition to many other delegates.

Rev. E. A. Trites, who has been president of the district for the past four years was in the chair and called the meeting to order at 7.30 and after a song and prayer service, introduced Rev. W. D. Wilson, secretary of the Alliance of N. B. Mr. Wilson claimed that the Prohibition Law was capable of enforcement and urged all present to assist. He also made a strong protest against the change in the law which makes the Government a financial partner in the greatest menace of our nation. Later in the convention a resolution was passed requesting the Federal Government to amend its law so as to prevent the importation and exportation of liquor to and from New Brunswick. Following Mr. Wilson's address, Rev. Lew Wallace, son of one of our pioneer home missionaries of the Maritime Provinces, who holds the position of Pastor at Large under the Home Mission preached an eloquent sermon on Individual Responsibility. On Saturday morning at 9.30 the meeting was opened with a Devotional Conference led by Rev. C. N. Barton, who brought a message of great inspiration. After this the roll of churches was called and the delegates told of the present condition of the church and progress made during the year. Most of the reports showed a very inspiring character and showed successful success.

In the afternoon session the following officers were elected: President, Rev. C. N. Barton, Victoria; vice-president, Geo. Boyer, Bristol; clerk, Rev. L. E. Ackland, Woodstock; treasurer, B. E. Smith, E. Florenceville; Rev. Bell, Florenceville, and Trites were added to make up the executive committee. A finance committee was elected under the presidency of F. L. Atherton and a Home Mission committee under the chairmanship of Rev. M. A. Trites.

Frank Atherton presented the annual report, which showed a falling off in contributions during the year, leaving the district delinquent in its contribution to Denominational Work to the amount of \$348; \$2780 had been paid and only 12 churches out of the 35 had paid their full allotment. A strong effort is to be made this year to bring every church up to the Honor Roll.

After the business R. B. Wallace, chairman of the Home Mission Board of the denomination, gave an address on the work of the Board. Mr. Wallace spoke of the great lack of interest for the ministry, leaving over 100 churches in the convention without a minister. He called for a spirit of greater denominational loyalty. He was followed by Rev. Lew Wallace who again delighted the audience with his challenge to build up the waste and broken places. Rev. L. E. Ackland gave a most helpful address at this session on the need for a greater understanding of the wisdom and knowledge of God.

Saturday evening Rev. C. N. Barton preached an evangelistic sermon on the leadership and work of the Holy Spirit in the church and individual. A most interesting testimony meeting was held in which a large number of delegates took part. On Sunday morning Frank Slat of Centreville conducted the Devotional meeting at 9.30. After his helpful address on the condition of a revival there was held a very enthusiastic testimony service in which nearly all present took part. At 10.30 the congregation gathered, filling the church, to hear the annual sermon preached by Rev. L. E. Ackland. This was the high water mark of the whole meeting. The subject was "Noah—a preacher at righteousness." Mr. Ackland showed the apparent failure of Noah's preaching and work and suggested some reasons for the condition. The sermon made a profound impression upon the audience and closed a convocation which was most inspiring and helpful.

The choir rendered special music at all evening sessions.

J. W. DOUCETT DIES SUDDENLY

The community was profoundly shocked to learn of the sudden death of J. Walter Doucette, a man who has been a familiar figure in the town and county for more than sixty years. Mr. Doucette was engaged to pick up potatoes for W. N. Raymond at Middle Simonds. In the early morning he complained of a slight indisposition but went to the field to work. When he did not return for dinner search was made and he was found sitting under a tree dead. Death was likely due to heart failure. He was 77 years old and was born at Deer Island. He came here with his parents when a small boy and has lived in this vicinity the greater part of his life. While he was a man of peculiarly eccentric nature he always had the respect and good will of those who knew him. He had all his life time been a hard and willing worker at whatever his hand found to do. For many years he acted as a salesman in the local stores and in his prime there was none better. His wonderfully generous and open-hearted nature was an outstanding characteristic and always he would cheerfully share his last dollar with any person whom he felt needed it as much as he. Walter Doucette leaves many friends in Hartland who will remember him with respect and kindness.

About 30 years ago Mr. Doucette married Miss Mary Hobbs of Knowlesville, who died about two years ago.

He is survived by one sister, Mrs. C. A. Lewin of Benton. The late Henry Doucette, Leonard Doucette and Mrs. C. T. Phillips were brothers and sister.

The funeral was held at Hartland at the United Baptist church and was largely attended. Rev. E. A. Trites preached the sermon. The remains were laid to rest at Knowlesville where his parents, brother and wife were buried.

CALDWELL IS MAKING SHOWING

Effort to Secure a Market for Our Farmers is Likely to be Successful

Ottawa, Sept. 24.—T. W. Caldwell, M. P., who is in the capital in connection with his scheme to assist in marketing the potato crop of New Brunswick, called on the deputy minister of trade and commerce this morning to ask the assistance of that department to ascertain the possibilities of developing trade with Florida and other southern coast states with the result that the deputy minister dispatched the following message before Mr. Caldwell left his office:

"The Hon. the Canadian Trade Commissioner, 44 Whitehall Street, New York: Important: please arrange yourself or send Palmer to Woodstock, N. B. to meet shippers of potatoes and have on Tuesday, Sept. 26, in order to obtain full information with regard to export business, and thereafter proceed to southern state ports to investigate possibilities of extending trade there. Matter urgent. Report to O. R. Batey, Woodstock, N. B. Please wire confirmation."

(Sgd.) F. C. T. O'HARA, Deputy Minister Trade and Commerce.

The department of public works also approved of Mr. Caldwell's request for a frost-proof warehouse at West St. John today and issued an order to have work on same, commenced at once with a view to having it completed by Mr. Caldwell.

Mr. Caldwell has also been in conference with C. P. R. officials with a request that they should absorb the terminal charge at St. John of three cents per hundred pounds on the potatoes for export and is in receipt of the following telegram:

Montreal, Sept. 23, '22. T. W. Caldwell, 97 Metcalfe Street, Ottawa:

We are agreeable absorb cost of unloading.

(Sgd.) E. N. TODD, For C. P. R.

Mr. Caldwell is to have a further conference with the officials of the Canadian Government Merchant Marine in Montreal on Monday with regard to putting some of their vessels on between St. John and southern ports to handle shipments of potatoes and hay and hopes to get satisfactory arrangements made.

Mr. Caldwell deserves commendation for his energy and perseverance in the above matter and is to be congratulated on the success that has attended his efforts to relieve the very serious condition of the potato market.

SCHOOL FAIR WAS A BIG SUCCESS

The annual School Fair held on Monday afternoon was attended by a large number of parents and other interested people, and without exception the exhibits were most creditable. Mr. McDougall of the Department of Agriculture was assisted in judging by local people and not only were there the usual number of prizes but some exhibits were so worthy and unusual that a number of special prizes were awarded. The work of the very finest pupils was most pleasing, the cooking, preserving, fancy work and various forms of handicraft being well up to the older ones. The prize list is so long that The Observer will be able to give only the winners of the first prizes, and that is most unfortunately forced to stand over until next week on account of the pressure of space.

WINTER TIME TABLE IN EFFECT OCT. 1

R. will go into effect on Sunday next, and commencing on Monday trains will depart from Hartland at about the following times by the town clock: Northbound express, 2.20; southbound express, 3.35. The mixed train to and from Woodstock will run practically the same as at present.

His Lordship Bishop Richardson will be the preacher at Holy Trinity at 11 a.m. and 7.30 p.m. on Sunday, Oct. 1. There will undoubtedly be a large congregation to hear this most eloquent speaker and a most cordial invitation is extended to all to come and hear him. His Lordship will also hold a confirmation service at Glassville at 8 p.m., when a large class will be presented.

Today dealers are paying 75 cents for potatoes, 35 cents for turnips, 35 cents for oats, \$10 for hay, 27 cents for butter, 30 cents for eggs.

REDEDICATION AT GREENFIELD

Large Crowd Gathered on Sunday—Church Dormant for Years Now Open

A vast congregation which would have filled the church twice, gathered at Greenfield for the reopening and rededication of the Greenfield United Baptist church. It is more than 20 years since regular services have been held in this church which was founded in 1854. The present building was erected in 1873. Owing to lack of care because of the death and removal of the trustees and members of the congregation, the building had fallen into a very dilapidated condition, but by the help of friends it has been renovated and made habitable again. One side of the roof has been entirely reshingled. The ceiling plaster has been patched and chimney made firm. The ladies of the locality cleaned the church thoroughly and on opening day it presented a very neat and attractive appearance. A few further repairs are necessary and these will be completed as soon as possible. Extra seats were improvised for the opening service but scores of visitors were unable to get into the building and gathered around the door and windows.

Rev. I. W. Williamson was in charge of the service and the East Florenceville choir, supplied the special music. Rev. L. E. Ackland offered the Dedication Prayer and this was followed by a sermon by Rev. E. A. Trites. The sermon was a splendid appeal to all the people to know their spiritual pedigree and take their proper place in the Kingdom of God and enroll under the banner of the Lord Jesus Christ. In the evening the church was again crowded notwithstanding the storm to hear Rev. H. R. Bell. Mr. Williamson again presided conducting a hearty song and testimony meeting. He told of the work leading up to the opening of the church again and thanked all those who in any way had contributed to the success of the work, especially mentioning Mrs. Blanche Kinney, John Briggs and Riley Trafford. It is the purpose to make the church a regular part of the Florenceville field and Mr. Williamson will preach there every Sunday afternoon at 4 o'clock for the present. Special evangelistic services will be carried on each night for two weeks.

Rev. H. R. Bell took as his subject "The Second Coming of Christ" and after explaining the different theories of the Second Advent declared himself to be a most ardent pre-millennialist. He presented a great array of scripture truths and said that for every one promise of the first advent of Christ there were many of the second. Mr. Bell believes that the Advent is imminent and urged all believers to keep themselves unspotted from the world and to be ready to be caught up to meet Christ in the air when He shall come. No man knows the time but many of the signs predicted as preceding it are apparent to all who are paying attention to them.

DEATH OF MRS. STEPHEN MACMULLIN

The death occurred of Ruth, widow of Stephen MacMullin at the MacMullin homestead early yesterday morning. Mrs. MacMullin was the oldest resident of the town, having passed her 84th birthday. She had been confined to her bed the whole of this year from the debilities arising from her great age. Her husband died a few years ago and she is survived by one son, W. Pennington, and one daughter, Mrs. Jane Boyer. There are also two grandsons and five granddaughters. Allen, Henry and Frank Bradley are brothers and there are a large number of more distant relatives.

Mrs. MacMullin was born near the old MacMullin homestead which she entered as a bride 70 years ago and where she ever since resided. In the prime of her life she was noted for her hospitality and kindness, not only to her immediate kin, but there are many of no blood relation who will always remember her kindness and generosity in giving food and shelter and a mother's care. She attended well to the ways of her household and all who knew her will remember her with the deepest respect and veneration.

The funeral will be held from the home this afternoon, Rev. E. A. Trites conducting the services at the home and at the grave.

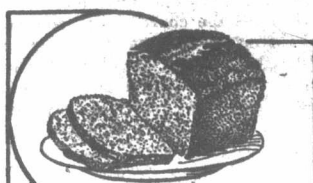

It is rather remarkable, and it seems quite proper that Mrs. MacMullin's body should be the first to be interred in Greenwood Cemetery after its dedication. For years the original plot was known as "the MacMullin burying ground," the first land having been given by the late Charles MacMullin, and wherein all the MacMullin posterity that has gone before are lying. It is said that she should be the first seems quite proper through the fact that "the old must die" and at her great age, after her long-enduring life of great activity, it is only blessed that at last the tired body takes its rest.

IROQUOIS BRIDGE

A good deal of notice locally was paid to the International Opening of the bridge across the St. John River, but we have seen nothing in regard to the official opening of the Iroquois Bridge on the highway near the Indian reservation, not a great distance from town. This bridge, which has just been completed, was opened on the day following the opening of the International bridge, Sept. 5. The participants were some of our well known young men around town, and they copied the formal opening ceremonies much after the style of the bridge celebration of the day before.

A silken rope was stretched across the middle of the bridge, and all traffic over the structure was stopped by stalwart guards posted at each end. Martin Theriault, being an American citizen, and it being the wish of the opening committee that a distinguished citizen of the Republic to the south officiate, acted for that country. He had as his attaché Bert Label. The Canadian side was represented by Miles Burpee and Lloyd Sinclair. Messrs. Theriault and Burpee sedately and with dignified step marched to the centre of the bridge, where the rope was stretched, to the music of their respective countries, the American air being "Sweet Adeline", and the Canadian tune being "The Old Oaken Bucket", and when the two gentlemen clasped hands across the barricade, the whole of the spectators joined with the participating gentlemen in the touching ballad "How Dry I Am". Just where the appropriateness of the latter song came in we are unable to learn. It may have been owing to the dryness of the atmosphere, or the dryness of the proceedings, or the speeches which were in store for some of the audience. However, we hear that the voices were perfect and that the song was sung to the last verse. The chorus which led the music item aforesaid was made up as follows: Messrs. Label and Sinclair, soprano; Earle McCoshan, tenor; Bruce Pincombe, baritone. Miles Burpee and Martin Theriault also sang.

The respective flags of each country were held aloft during the ceremonies. After traffic was resumed the spectators and officials adjourned to an improvised stage set up at one end of the bridge and indulged in speeches. Words of wisdom, so we are credibly informed, fell from the lips of some of the gentlemen officiating like a torrent, words with golden wings, apt phrase with touching allusion, illustrative incidents in connection with the building of bridges in general and of the Iroquois Bridge in particular, was deeply affecting to the people fortunate enough to be present. Lincoln's Gettysburg speech, Patrick Henry's impassioned address when he asked for "Liberty or Death", or Disraeli or Gladstone in their prime, was nothing to the oratory of that September day unique in the history of the annals of the Highways of New Brunswick. Unfortunately however, like the Ku Klux Klan affairs, only a few knew of this event, no stenographer or reporter was present, and a verbal report of the affair is lost to posterity. We are told that Police Chief Savage was invited but owing to other engagements was unable to be present.

Among those taking part were Martin Theriault, Bruce Pincombe, Lloyd Sinclair, Miles Burpee, E. E. Miller, Earle McCoshan and Bert Label. Any of these gentlemen will be delighted to give fuller particulars on application to them.

AS OTHERS SEE US

The following editorial is clipped from the Fredericton Mail of a recent issue:

Edmundston made the most rapid growth of any town in New Brunswick during the past decade and its white swine citizens have no notion of allowing it to stand still during the next ten years. They believe in well directed publicity and they have secured a lot of it during the present year. In June the old New Brunswick Tourist Association and the Weekly Newspaper men of the province met at Edmundston and last month the membership of the New Brunswick Union of Municipalities enjoyed the hospitable hospitality of the town. The formal opening of the International bridge was made the occasion of a never-to-be-forgotten celebration in which the people of northern Acroswick joined heartily. The affair was a grand success in every way and those who planned and carried out the arrangements are deserving of the heartiest congratulations.

A GOOD INVESTMENT

Every man has saved ten times the price of his subscription to the Family Herald and Weekly Star at

Montreal by using advice or recipes given through its columns. If one buys the paper for its stories only, he saves from eight to twenty dollars a year, which the serials and other tales would cost him if bought in book form. As an investment nothing which yields a better return is on the market. One huge subscription list, with names on it which have been there for fifteen, twenty, thirty, forty, even fifty years, is one proof of that. The subscription price of The Family Herald and Weekly Star is \$2.00 per year.

MEDITATIONS

Lynn C. Doyle

A great Chinese philosopher once remarked that good manners consisted chiefly in making the other fellow feel at home.

Queen Victoria had this particular knack. It is said that during her reign it so happened that she called one of her prominent colonists to discuss important matters of state. This gentleman, although very prominent, wealthy and well known, was just a little bit lacking in matters of table etiquette. While dining with the Queen he committed the much frowned upon indiscretion of eating with his knife. The Queen noticed his embarrassment and wishing to make things easy for the old chap, immediately began to ply the knife in the most approved manner. It is little wonder that Queen Victoria was so greatly beloved by her subjects.

It is a mighty good thing, however, that this eminent colonist did not indulge in the gentle art of inhaling tea from a saucer. This in-door sport consists in spilling a considerable quantity of tea in the saucer, not to mention just a little bit on the table cloth, and then elevating the chinaware to a height level with the facial aperture, and with both elbows resting upon the table, amazing length of lip is then applied followed by a deep intake of breath. The result is very satisfactory all around, judging by the deep exhalation of gusto given out by those indulging in that sort of thing.

Had the Queen Victoria attempted to do this feat we are inclined to believe that after one good drag at the saucer she would have been forced to lay it aside and devote the next fifteen minutes exclusively to the coughing up of tea all over the place.

Although the use of the saucer is still exercised in certain quarters, the harpooning of soft boiled eggs seems to have fallen into disrepute. It seems that on a certain occasion a gentleman indulged himself to the extent of spearing an egg with a fork. Much to the consternation of all present a young chick emitted a piercing shriek, whereupon the gentleman hastily retracting his form struck from the "Melee". The young chick transfixed adrift after casting a reproachful glance around the table, yapped feebly once or twice, and expired. From this time on, the practice has not been carried on to any great extent in the better circles.

All of which reminds me of the time that I attempted to spear some ginger-snaps out of a little plate. Company was present of course. While the next spasm was being brought on the table, it behove that I should be seized by an uncontrollable desire for one of those ginger-snaps. Not wishing to disturb any one, I manoeuvred around and getting a footing on the chair rung, I made a dive at the plate—with a fork. Of course, much to my consternation those ginger-snaps wouldn't spear. I made one or two extra jabs and succeeded only in completely emptying the plate and scattering crumbs all around in general. This was a state of affair that should be attended to, it needed investigating. I was about to go further in the matter, when I received a scathing look from the foot of the table that stifled then and there any inclination on my part to pursue the matter further.

In later years, however, I developed tendency to eat ice cream with the bouillon spoon; a feat in which I have up to the present, achieved considerable success.

EDMUNDSTON FIRE LOSS EXAGGERATED

We are at a total loss to understand how it is that matters in connection with the fire protection in Edmundston are twisted, and published as facts. Edmundston has grown within the past few years in such a way as to make a like growth in the fire department almost impossible. We do not say that the fire fighting appliances of Edmundston are adequate, but we do say advisedly that the men connected with the Edmundston Fire Department are second to none in fighting fire, in promptness when called upon, in efficiency in regard to their work with the appliances at hand. We have before us the quarterly bulletin issued by the New Brunswick Fire Prevention Board covering statistics for the months of April, May and June, and comparing our losses with other towns of like size we find we are in an enviable position. As for instance Woodstock's losses for those three months are \$16,154. Hampton, a much smaller place than Edmundston \$5,578. Campbellton \$4,716. St. Martins \$5,492. Bathurst \$57,524. and Edmundston \$4,805.

In a recent St. John paper Edmundston was reported as having fire losses amounting to \$126,896, and what is still extraordinary in Le Madawaska two weeks ago the same error is made. The mistake made was to charge up all the fires in Madawaska county to Edmundston, and that figure includes the disastrous fire of the Fraser Companies Mill at Baker Brook some months ago.

The unfortunate part about the whole thing is that these erroneous statements make it exceedingly hard upon the people with insurable property. It is far harder to get a contradiction in a paper than it is to get a startling statement. Le Madawaska prides itself on its accuracy, and on its devotion to the interests of the citizens of the town. It is hoped that they will do their part in correcting the erroneous impression they have made in as far as they can. Edmundston will have in good time a modern fire fighting plant, but in meantime we can depend upon our firemen to keep fire losses at a minimum by heroic effort, promptness in responding to calls, and by a devotion to volunteer duty that any town may be proud of. And if our newspapers, French and English, and our correspondents for the city papers will only learn to hoist instead of to knock, and to see the best side instead of the worst, we shall get our fire fighting apparatus up to date just as quickly, and what is more—we will not be penalized by having to pay extra premiums caused through the reports, true or false, sensational or otherwise, which find their way in the local and city papers.

WAR CLOUDS

We hope that there will not be war with Turkey. But if there is there will be no lack of volunteers from Edmundston. The local military officers here have received a great many applications from returned men to be put on the list in case there is a call for men. The great majority of our citizens are loyal to Great Britain to the core, but that does not say that there are no unthinking men who say very foolish things. We heard the remark of an employee of the Canadian Government Road here, who is making a very good living from the Government, a remark made in a public place to the effect that the English were too lazy to fight their own battles. Remarks like that are not only foolish, but reflect more or less upon the local staff of the road. The world is in too far a chaotic state for the Empire not to be a solid unit these days. If war comes, it looks as if it would be a line up of the Christian Nations against the Asiatic races. Civilization itself would be in danger. It would not be a question of Empire, but one of Christ against Islam.

HARTLAND, N. B., SEPT. 28, 1922

CARLETON BOY IS
PRES. OF ACADIA

(Exchange)
Rev. Frank W. Patterson, D. D., of Winnipeg, has been elected to the presidency of Acadia University, at Wolfville. Such is the information conveyed by a Canadian Press despatch to the constituency of United Baptists in the maritime provinces.

Dr. Patterson is a New Brunswicker and a native of Jacksonville, and is well known in the east. The major part of his life work has been given to the upbuilding of Baptist work in the Canadian west. Dr. Patterson was converted under the ministry of Rev. A. F. Baker in Woodstock and united with the Albert street Baptist church. This was prior to the days of Baptist union. It will be remembered that this church was merged into the Free Baptist church of Woodstock. The writer of these lines remembers distinctly the days when the Pattersons were connected with the Jacksonville church, and when this promising boy, now the distinguished man that he is, was connected with the Sunday school, and a regular member of the congregation when he was pastor in that rich agricultural region. Acadia's board of governors have been directed, we believe, to make choice of one of the greatest Baptist leaders in Canada today, a man of great platform powers, and one capable of taking the initiative in matters vital. We believe President Patterson will under God achieve great things for this truly great school of learning.

NEW REGULATIONS
ON BALING HAY

By a Dominion law which went into effect on April 1 regulating the handling of baled hay, each bale of hay must now bear a tag stating the weight of the bale, in addition to the name and address of the baler, penalty being provided to the extent of \$5 for each bale which is not so labelled. As regards the penalties attaching to those putting foreign matter into any bale intended for sale, the law provides: "Any person who puts any foreign matter into any bale of hay intended for sale, which improperly increases its weight, or which prejudicially affects the quality of the bale, shall, on summary conviction, be liable to a fine not exceeding \$40 for the first offence, and for each subsequent offence to a fine not exceeding \$100."

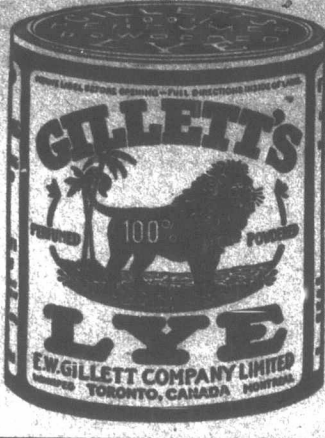

The Observer can supply tags for the above purposes, printed with the presser's name and address and a blank for the weight, in lots of 5000 or more for \$1.35 per 1000. These are 2½x4 inches in size and slip under the baling wire.

DR. BELVEA TO MONTREAL

Dr. G. N. Belvea has received an appointment to the staff of the Royal Victoria Hospital at Montreal and will report for duty there the first of November. Dr. Belvea, a son of A. A. Belvea of Coldstream, has had a rather remarkably successful career. After passing the Normal school he attended the U. N. B., taking the arts course, and for several years taught school in this province and the west. He took high honors at McGill Medi-

cal College and had a year in surgery at both the Montreal General and Royal Victoria Hospitals and came to Hartland to practice a little over two years ago. The success he has met with here is well known, and while all his friends will congratulate him on his new appointment, it is with a sense of loss to the community that he is bidden farewell. There is, he says, such a chance that he may return after a few months that he will retain his house here.

In fact the children, now 18 months old, received the first prize for twins and for "best babies." The prize was a Rogers silver set of fork and spoon.

Mr. and Mrs. Sidney Hagerman and Miss Ada Hagerman motored to Bear Island last week, being taken down by Burnham Nevers. This is Mr. Hagerman's first visit to his boyhood home in more than forty years. He found only two of his old neighbors living—one of them being 87 and the other 77 years of age.

Cook Dickinson called at The Observer office yesterday to say that we must take out his ad of pigs for sale as he is literally deluged with applications and all his pigs went the day after the ad first appeared. Mr. Dickinson has the right idea of advertising for he said "If you have got the goods the people want and advertise them well the people will make a beaten path to your door." Here is a word of wisdom for merchants with the blues.

Only by getting all the local printing and advertising, only by the wholehearted support of Hartland business men and citizens in general, and a fair share of the trade from the other towns of the Upper St. John Valley, is it possible for The Observer to continue through the hard times which it most certainly feels. It is rather unjust to this enterprise that orders for printing should be sent out of town when every other local enterprise receives The Observer's hearty support.

EVERY JOINT IN HIS BODY SORE AND STIFF

"When I started taking Tanlac I had been laid up with rheumatism for three months, and was so bad for a month that I couldn't even walk. I had had it for a year and spent nearly a hundred dollars, but kept getting worse instead of better," is the statement made, recently, by Wallace Correy Lowe, a prosperous farmer, living at Head of Amherst, Nova Scotia.

"Every joint in my body was stiff and swollen and I suffered terrible pain all over. My legs and arms were swollen to twice their natural size and it would take me an hour to get out of bed on my feet in the mornings. I hadn't the strength of an infant, couldn't lift a pound weight and was in pain day and night.

"I had dropped down from one hundred and fifty-six pounds to one hundred and twenty-one. My stomach was all knocked out by the strong rheumatism medicines so that nothing agreed with me. In a few weeks after I began taking Tanlac I was back to my normal weight and feeling as fine as I ever did in my life. It certainly is astonishing what Tanlac will do."

Tanlac is sold by all good druggists.

IN THE POLICE COURT BEFORE POLICE MAG. J. B. MICHAUD

On Sept. 11, Tremblay Pelletier versus Germaine Ringette. Ringette was convicted on the charge of assault and battery. The plaintiff was discovered on the road unconscious on July 28 and the action arose out of the events of the day. This case aroused considerable interest, and was adjourned several times before it was finally disposed of. Defendant was fined \$20 and costs. There were several witnesses for the Crown and for the defence. Mr. Cormier for the plaintiff. In connection with the above case we understand that it has been appealed, and will come up before Judge Carleton on Nov. 7. It is interesting to learn that this is the first case to be appealed since Mr. Michaud took office as Police Court Magistrate.

On Sept. 15, Abel Levesque and Le-wite Clavette were charged with having used explosive material to kill fish on August 14. There were two charges against both men. Levesque was found guilty and was fined \$100 and costs on the first charge, or three months in jail. Not being able to pay the fine he is serving sentence. On the second charge he was fined \$100 and costs, but the fine was allowed to stand. Clavette was fined \$100 on both charges, but the fine was allowed to stand on the payment of costs.

On Sept. 6, for being drunk on Sept. 5, Alyre Godet was assessed \$5 and costs.

On Sept. 6, for being drunk on Sept. 5, Denis Corriveau was likewise privileged to pay \$5 and costs.

A case which will be watched with interest and which was adjourned from September 15 until Oct. 6, is that of the charge against The Fraser Companies Ltd., of letting sawdust go into Baker Brook, a stream frequented by fish.

September 9, Camille Rossignol for speeding within the limits of the town of Edmundston, \$10 and costs. It costs less to go slow.

Information has been laid before the magistrate in the following cases: Against Magliore Soucy for assault and battery, information laid by Denis Martin. Both parties live at St. Basil. Information laid by Honore Pelletier of St. Basil against Louis Roy for assault and battery. Warrant issued but has not yet been served as Roy has evaded arrest.

ADMITS BURGLARY IN GRAND FALLS

Youth of Twenty, Who Has Already Served Two Years in Dorchester, Pleads Guilty—Good Work of C. P. R. Detective

Grand Falls, Sept. 24.—Alfred Mignault was arrested Friday by Gordon F. Costello, of the C. P. R. investigation department, St. John, on a charge of breaking and entering the C. P. R. station at Grand Falls on the night of Sept. 15, and also the stores of James Burgess & Sons, Ltd., Thomas Corey and Thomas Mulherin, and the garage of Felix Charette.

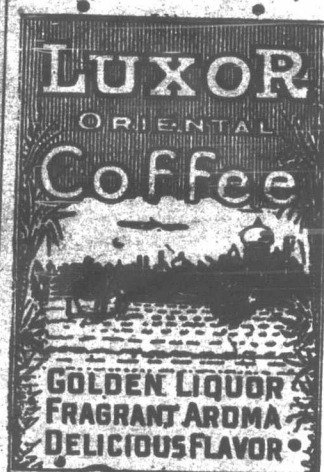

Mignault had in his possession when arrested at the home of his grandfather, Fred des Chene, a few miles from here, one suit of clothes and one sweater taken from the store of James Burgess & Sons, Ltd.; one suit of clothes, two suits of underwear, three shirts and one pair of shoes taken from the store of T. Corey, and one storage battery taken from Charette's garage.

He was arraigned before Police Magistrate James P. Kelly, pleaded guilty to the charges, and was remanded for sentence until Tuesday, Sept. 26. Mignault is twenty years of age and has served two years in Dorchester penitentiary for similar offences. He has two brothers now serving terms for similar offences.

The town is greatly indebted to Felix Charette, whose time and automobile were at the service of the C. P. R. investigator, Gordon F. Costello, and the inspector is congratulated by the citizens on the able manner in which he conducted the case. Working without the slightest clue or any facts, he was able to bring to an end the burglaries of the last few weeks in Grand Falls.

CONDITIONS IN AROOSTOOK CO.

The potato situation in Aroostook presents almost any side but a bright one. The yield is small, very small, some fields yielding twenty barrels per acre, others thirty and forty, while some are getting fifty and sixty, and occasionally a yield of 100 barrels is reported, the latter being almost as unusual as a white blackbird, however, this small yield, coupled with the small price, which is under \$1.00 per barrel, reinforced by the accumulation of three years' bills due to reverses, makes a rather serious condition—not a fanciful theory but a stern reality. A large number of farmers will not realize enough from their crop to pay fertilizer bills to say nothing of other expenses. And when we link this lamentable condition with the fact that we, as a county, have already had two years of financial famine, the prospects are certainly discouraging, if not disheartening. The outcome is problematical—no one is able to foretell just what will happen in a financial way. Some have already borrowed their limit, and with impaired credit, one will have to search with a very strong magnifying glass to discover the silver lining within every dark cloud. Like a shipwrecked mariner, hoping against hope that some sail will

MOTHER SAVES DAUGHTER'S HEALTH

Lydia E. Pinkham's Vegetable Compound Helped Both Mother and Daughter

Lumsden, Saskatchewan.—"My mother had taken Lydia E. Pinkham's Vegetable Compound and I needed something for my periods. I took it and got good results. I recommend it to women with any female troubles and I know other women who have been helped by it and do the same."—Mrs. MAX REITZ, Lumsden, Saskatchewan.

Many cases like this come to our notice. Lydia E. Pinkham's Vegetable Compound is often recommended by the mother and the grandmother too, for bear in mind, it has been helping women for nearly fifty years.

Women Tell Each Other
In your own neighborhood are women who know the value of this wonderful medicine and they talk to one another about it. So if you are troubled with pains and irregularities, a tired feeling, nervous and sleepless spells, or have other annoying symptoms caused by some female trouble, you have only to ask some neighbor what she thinks of your taking Lydia E. Pinkham's Vegetable Compound.

appear on the horizon, Aroostook's citizenry is hoping, hoping, that the Government forecast for October will very materially reduce the size of the yield in the country at large. And some grounds for hoping the estimate for next month will be lessened are found in the Washington dispatch of September 6, which says:

"Excessively dry, hot weather in nearly all sections of the country has caused deterioration in the conditions of many crops, according to the semi-monthly report of the department of agriculture, issued today."

As a drowning man grasps at a straw, so some point to the forecast of the Government giving Maine 22,000,000 bushels; for it does not seem within the realms of possibility those figures, when Aroostook, the real producing section, will have less than 14,000,000—Republican.

MARITIME WEEKLY JOURNALS ORGANIZE

Twenty Publishers Form Association at Truro Meeting—New Brunswick men Elected to Office

Truro, N. S., Sept. 19.—The Maritime Weekly Press Association was formed at a meeting here today of twenty publishers, drawn from the three provinces. Officers were elected as follows: President, Don Fraser, Eastern Chronicle, New Glasgow; vice president for Nova Scotia, Mrs. P. M. Fielding, Tribune, Windsor; vice-president for New Brunswick, C. C. Aard, Tribune, Sackville; vice-president for P. E. Island, Lewis Taylor, Tribune, Summerside; secretary-treasurer, H. B. Anslow, Graphic, Campbellton, N. B.; executive committee, the above officers and Mr. Lawson, Jr., Herald, Yarmouth; S. L. Lynott, Carleton Sentinel, Woodstock; H. S. Anslow, Journal, Windsor; George McWilliams, Leader, Newcastle; and H. R. Arenburg, Progress Enterprise, Lunenburg.

E. Roy Sayles, of Toronto, manager of the Canadian Weekly Press Association, who has been touring the maritime provinces with A. R. Brennan, of Summerside, president of the association, addressed the meeting at some length, dwelling on the benefits of organization.

The evening session was devoted largely to plans in connection with the annual meeting of the national association, which it is expected will be held next year at Halifax.

Two Canadian National Railway officials were present—F. W. Robertson, general passenger agent, Moncton, and Mr. McFarlane, district passenger agent, Halifax. It was said that there would probably be 400 or more in the party and that two special trains would be required.

President Brennan said that a visit was planned to Cape Breton and that D. H. McDougall, general manager of the British Empire Steel Corporation,

Indoor Life

Spending more time indoors makes women far more subject to constipation than men.

The liver becomes sluggish and torpid, the bowels constipated and the system poisoned by impurities.

If you would get away from the myriads of ills which result from constipation, it is only necessary to use Dr. Chase's Kidney-Liver Pills.

The benefits from their use are as lasting as they are prompt and certain.

Mrs. John Barry, 18 St. Amable Street, Quebec, Que., writes:

"This is to certify that I was troubled for years with constipation and tried all kinds of medicines without relief. At last my husband suggested that I try Dr. Chase's Kidney-Liver Pills. I did so, and must say that they have given me more relief than all the medicine I have taken during the last fifteen years. I may also add that I have used Dr. Chase's Ointment for piles with excellent results."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers or Edmondson, Bates & Co., Ltd., Toronto.

had assured him that that company would be glad to co-operate toward making the visit to Cape Breton a pleasant one.

President Fraser said that a visit surance had been received from prominent men in Halifax that the press party would be well entertained there. The executive committee was appointed to map out the itinerary in the maritime provinces in collaboration with railway officials.

Manager Sayles, of the national association, spoke of plans for the 1924 trip. An invitation, he said, had been received from the British Press Union and the British Newspaper Association for a visit to Europe including the battlefields. The idea seemed to appeal to the meeting, for fourteen of the twenty publishers expressed a willingness to go.

DOES NOT EXPECT TO RE-ENTER POLITICS

Hon. J. K. Fleming Carrying on Big Lumber Business at Juniper

"The last thing in the world I expect to do is to return to politics again," so said Hon. J. K. Fleming, in the course of an interview with The Gleaner.

Hon. Mr. Fleming, who arrived here yesterday by automobile on a business trip, had expected to return home last evening, but found it necessary to remain over because the person he came here to meet had been delayed in reaching the city. He will therefore not leave until this evening when he will go direct by C. N. R. to Juniper, where he is carrying on extensive lumbering operations.

The former Premier appears to be in the best of health once more and said that during the past eighteen months he had been continually improving until now he felt about as fit as ever. He has aged somewhat and few of the hairs in his head are not gray now, but he looked just as active as ever. "I cannot see what a return to political life holds for me," he said when asked if he had any intention of returning to politics. "I have been over the route and my business affairs are taking all my time and require my attention. I haven't any doubt from what my friends tell me that everything would be all right so far as Carleton-Victoria is concerned if I should desire to return to political life again, but that is the last thing I expect to do."

Hon. Mr. Fleming, who has his sons associated with him, is carrying on an extensive lumbering business with headquarters at Juniper. He operates four mills and employs at times between six and seven hundred men at the mills and in the woods. He manufactured between ten and twelve million feet of lumber during the present year, his operations going on when most of the lumber companies in this province were closed down, and said today that he expected his cut for the coming season would be about twelve million feet.

McCLUSKEY-LONG

A wedding of interest to many took place at the Church of the Assumption at Grand Falls on Wednesday evening of last week, when Miss Mary Ella Long, second daughter of Mr. and Mrs. Edward Long, was united in marriage to Lawrence Francis McCluskey, son of Mr. and Mrs. W. M. McCluskey.

The ceremony was performed by Rev. Father Albert in the presence of a large number of relatives and friends of the bride and groom. The bride looked very sweet in a tailored navy blue suit, with blue hat and ermine tie, and carried a bouquet of American Beauty roses. She was attended by her sister, Miss Dolores Long, who wore a brown suit with hat to match and carried pink roses. Walter Stafford supported the groom.

After the ceremony, supper was served at the home of the bride's parents, Mr. and Mrs. McCluskey left by C. N. R. for a trip to the Pacific coast.

Send in the news of your visitors and particulars of weddings and births to the Observer. We want to pass the news along. The Edmundston Observer belongs to the people. Use it. No charge is ever made for local items of interest.

A HOSPITAL

In the discussion of the needs of a Hospital, or rather the arguments against it, Le Madawaska says the same thing over and over again. It talks about the Hotel Dieu at St. Basil and tries to get The Observer off the main argument. The merits of the St. Basil are unquestioned; the self sacrifice and efficiency of the good sisters there are unquestioned. Its location for the people of St. Basil is unquestioned. The freedom and liberality of its ministrations for Protestants as well as Catholics is unquestioned. Its quiet, and reposeful atmosphere is unquestioned. The good work, nay, the indispensable work for the people of this district in years past cannot be gainsaid. No one dares to say a word in disparagement of its God-like services, but the institution at St. Basil does not enter into the question one little bit. Edmundston today and ten years ago are vastly different places. Industrial plants, railroad shops, a constantly growing population. Three railroads converging in the town. A great and goodly number of growing children, a corps of splendid doctors and dental surgeons make a hospital here, indispensable. The men, women, and especially the children, need the services of the doctors, where they can render the best possible assistance, under the best possible circumstances. Le Madawaska says let us have a public meeting to discuss it. That would be a good idea—but if a public meeting was held and the people said they did not want a hospital here—which Le

Madawaska thinks would be the result, but which The Observer thinks different upon—it would not alter the fact, and The Observer would still continue to advocate the building on acquiring of a building for use as a hospital, for the town of Edmundston, to minister to the people of Edmundston, its upkeep a charge in part upon the people. Someday, and somehow, and that day not far distant, and that somehow settled by the far visioned people of our town, Edmundston will have a Hospital.

By the way, Le Madawaska signed its articles for a week or two in connection with a hospital, but it is back again to the unsigned compositions. John Hardwick.

EDMUNDSTON SCHOOL WINS PROVINCIAL PRIZE

It is a matter of keen satisfaction to the people of Edmundston in general, and to the school trustees and vocational committee, that at the exhibition in St. John this fall the diploma given for the work in the Home-makers' division was awarded to the Edmundston school. This work was on exhibition here last spring, but did not receive half the local attention it deserved. When we consider that the whole province of New Brunswick was able to compete, and that Edmundston won the diploma, we have reason to be proud. Proud of our pupils in the evening classes of vocational work, proud of the instructor who taught them, and proud of our trustees who made the classes possible. The diploma will be framed and placed on the walls of the new school when the school is completed. Well done Edmundston.

The vocational classes for next winter should receive an incentive from the splendid start of last year, and the trustees should feel that they have received the very best kind of encouragement. Moreover the editor knows of a splendid instructor for a manual training class, if such is started. And if a French class is instituted he is going to join, so that our contemporary will not be able to say with its delightful courtesy, "what does this newcomer who does not know our language care about our institutions?"

THE OBSERVER GAINING RECOGNITION

The Observer grows in power and influence. Not only does the local subscription list grow bigger each week, but it is looked upon as a reliable medium of news. We are glad this week to accede to the request of the Hon. Pius Michaud, who so ably represented the Dominion at the International Bridge opening, for extra copies of the issue containing the account of the bridge opening to be sent to members of the cabinet in Ottawa. Next day we were asked if we could procure copies of the Observer from the time it was first published, and still another request for copies containing "History of Lumbering on the St. John River". All of these requests are being filled with the compliments of the Observer Newspapers Ltd.

As an advertising medium the Observer cannot be beaten, and the merchant who neglects to use its columns is doing himself an injustice. Its impartiality in regard to news has been unquestioned and the appreciation of its readers is shown from time to time. To show how widely read it is it is worth noting that the Police Magistrate J. B. Michaud received a letter from the United States an enquiry concerning an item appearing in a recent issue.

THREE WEDDINGS

The wedding bells rang merrily on Tuesday of last week when three marriages were solemnized in the Church of the Immaculate Conception in Edmundston.

At 7.30 Rev. Father Lynch united in marriage Henry Lagasse, son of Mr. and Mrs. William Lagasse of St. David's, Maine, to Miss Odile Raymond, daughter of Mr. and Mrs. Pierre Raymond of Edmundston.

At 9 a.m. Rev. Father Conway officiated at the marriage of Levita Morneau, son of Mr. and Mrs. Philias Morneau, and Miss Emily Cote, daughter of Mr. and Mrs. Paul Cote. Both the contracting parties are residents of Edmundston.

The same morning Rev. Monsignor Dugal of St. Basil was the officiating priest at the marriage of James Hennessey of St. John to Miss Catherine Dupuis of Edmundston.

EXHIBITION NEXT WEEK

Hall; secretary, J. G. Boucher; treasurer, J. A. Bernier. The honorary president of the Association is the Hon. D. W. Mersereau, Minister of Agriculture for the Province, and two of the vice-presidents are Pius Michaud, M. P., and Hon. J. E. Michaud, M. P. P.

LOCAL AND PERSONAL ITEMS

Centreville's big event for 1922 was
pulled off without a hitch in the
program. On Tuesday, which really was
only a day of preparation, a fair
crowd was in attendance. Wednesday
opened inauspiciously with lowering
skies, threatening rain at any moment.

Through the incantations of the
medicine men, however, at noon time
the weather cleared and gave a nice
afternoon, resulting in a large attend-
ance. The uncertainty of weather con-
ditions in the morning of course pre-
cluded people from any great dis-
tances from making a start and min-
imised the attendance to that extent.
The several displays were well worth
coming far to see. The live stock
and poultry exhibits were of excellent
quality, and the show ring was a joy
to lovers of good horses. The pulling
match was a bit short of zest, through
lack of competition, the size of the
load being very conducive to cold
feet. The prizes went to Ernest Mc-
Lean and Cyril Brown. In the build-
ing the vegetable and grain display
was all of prize quality. None of the
big fairs this fall could touch the dis-
play of needle and fancy work on the
second floor and the potted plants and
cut flowers exhibited had a delightful
touch of fairyland. Three musical
booths lent interest to the interior.
Booths were all about for the dis-
pensing of everything from the suc-
ulent hot dog to the cooling ice cream
sandwich delicacy. B. E. Cliff had a
show room arranged for the display
of 1922 models of the McLaughlin
Buicks. The Experimental Farm had
their usual fine educational display of
cause and effect, as related to the dif-
ferent parasite fungi on the various
seeds and tubers.

The management opened their
doors to midway attractions and
games of chance, which all helped to
make the day sippy. Wild creatures
were there from the heart of the Ne-
braskan timber lands, Cannibalistic
ladies from the Antipodes, African
ladies fat and frisky, muscle dancers
direct from Kemal Pasha's Turkish
Harem and barkers with exaggerated
stories that proclaimed them the big-
gest and best of liars since the days
of Baron Munchausen. Everybody
was happy. The committee must have
noticed however that in order to make
it bigger and better, it must make
this show an annual affair, and have
people on the tip of expectancy. A
lapse of one or two intervening years
tends to deterioration, and keeps the
Centreville exhibition from occupy-
ing its proper place in the scheme of
things.

Look over your office supplies and
see if you will soon need new letter-
heads, envelopes, statements, invoices,
printing of any kind, typewriter pa-
pers and carbon sheets, or any other
requisite. All orders filled promptly
at The Observer Office, and every or-
der is given that care and attention
that lifts it out of the ordinary. "Ob-
server Quality" printing is in a class
by itself.

Miss Marion White arrived home on
Friday evening after an absence of a
year spent in one of the American
hospitals in Chile.

Miss Annie Love of Fredericton
spent part of last week with Miss
Hazel Margison.

Burpee & Tedlie met with well-
earned success, when they played to
capacity houses on Tuesday and Wed-
nesday evenings, when standing room
was at a premium. These two gentle-
men have treated their patrons strict-
ly on the square and are beginning to
reap the reward of fair dealing. On
Tuesday evening they presented Tom
Mix in a picture full of pep "Hands
Off" and Mutt and Jeff in "The
Knockout." On Wednesday evening
they had procured a picture of very
recent release "At the sign of the
Jack-O-Lantern", a picture most
unique and enjoyable, the action cen-
tering about an eccentric dead uncle
and the queer bequests he made in
the disposing of his funny relatives.
Charlie Chaplin in "Shanghaied"
proved a button-buster, and rounded
out a good program. A trap-drummer
from Hartland, who accompanied the
regular pianist on each occasion, made
a nice two-piece orchestra. Begin-
ning Wednesday evening, Sept. 27,
when they will present Antonio Mor-
eno of Serial Fame, in "Three Sevens",
the pictures will begin at 8 p.m. sharp
instead of 8.30 p.m. Patrons should
remember this and avoid the disap-
pointment of missing a couple of reels.
On Saturday we will have Vivian Mar-
tin in "Pardon my French". Each
evening one of Larry Semon's com-
edies will be added to the score.

On Sunday Rev. C. R. Canham
preached at Knoxford in the afternoon
and Rev. H. R. Bell at Greenfield in
the evening.

H. D. Stevens, H. T. Stevens, H. S.
Burt and E. R. Burt of Woodstock
spent the Fair Days in town.

Wm. Strahan who has spent the
summer in St. John arrived home on
Saturday.

F. O. Creighton, H. S. Savage, R. W.
Sprague, G. Adney, B. Jones, C. T.
Black and L. H. London, all of Wood-
stock, were here during the Fair.

Sherman Crouse of Washburn, Me.,
spent last week with his brother, Em-
merson Crouse.

Miss Frances E. W. Simonson of
Boston visited her brother, Harry
Simonson, on Wednesday and Thurs-
day last.

Mrs. Emmeline Webb is ill at the
home of her son, W. B. Webb.

Rev. C. R. Canham will preach on
Sunday, October 1, at Florenceville at
11 a.m.; Greenfield, 3 p.m.; Centre-
ville 7 p.m. Everybody welcome to
attend. On Thursday at 7.45 there
will be a meeting of all the church
members at the church in Florence-
ville. Business matters of importance
to the parish is to be considered. Ev-
ery member be present, please.

On Sept. 20, at the Methodist par-
sonage, Edward Nichols of Bridge-
water and Fannie C. Jewett of Car-
vell were united in marriage by Rev.
Hugh Miller.

Rev. H. R. Bell will preach as fol-
lows on Oct. 1: Centreville, 11 a.m.
and 7.30 p.m. Carvell at 3 p.m. Miss
Hilda Page will sing at the evening
service. All are invited.

F. Joe Estabrook and bride arrived
on the "Valley" on Thursday even-
ing, and were treated to an old-time
jazz-charivari by their young friends.
Fraser Burt of Jacksonville was in
town on Friday to see his sister, Mrs.
