PREFACE.

ON presenting the third volume of the QUEBEC DIRECTORY to the public, after an interval of two years since the last edition was published, the editor has great satisfaction in being able to state that it will be found much more full and comprehensive than any of its predecessors.

The difficulty, on former occasions, of procuring the names and business of the French Canadian householders in the suburbs, was generally great, and in many cases insurmountable, but this, it is believed, has been almost or quite obviated in the present instance, by the employment of two active and intelligent French Canadian gentlemen, Messrs. Cherrier and Hervieux, who assisted the editor, (particularly in the St. Roch's and St. John's Suburbs) in procuring the information which appears in the following pages.

The number of names in the ALPHABETICAL DIRECTORY, which extends to the 182nd page, is consequently about SEVEN THOUSAND, (or, one in six of the entire population, a proportion seldom equalled in a Directory) being OVER TWO THOUSAND FIVE HUNDRED MORE than appeared in the first edition of the work, while, at the same time, great care has been taken to render the *miscellaneous information* in every respect equal to any thing of that nature which is to be found in the best City Directories of Europe or America.

As the editor did not meet personally with many of the gentlemen who supported the former editions of

this work, and also his "DIRECTORY OF CANADA," he has, contrary to the rule in this case, continued their names in "THE CLASSIFIED BUSINESS DIRECTORY," and he trusts that in consideration of the utility and completeness of the present volume, and also of the very considerable additional outlay which it has cost over that of any former one, they will continue to sustain his endeavors to keep Quebec supplied with what no city of its importance should be without, *i. e.*, a well arranged and reliable Directory.

Quebec, September, 1852.

QUEBEC.

The CITY OF QUEBEC, the second city in British North America, and now the Seat of Government for United Canada, is situated at the junction of the River St. Charles with the River St. Lawrence in latitude 46-9 N., and longitude 75-15 W. from Greenwich. The City is most picturesquely situated, and is naturally, as well as artificially, divided into two parts, known respectively as the Upper and Lower Towns, the former of which is strongly fortified and is also defended by the Citadel, which is probably the strongest and most complete fortification upon the American continent. Quebec is an electoral district, returning two members to the Provincial Parliament, and the courts of law for the district are held here—distant from Montreal, 180 miles—usual steamboat fare, 7s. 6d. to 15s.—usual stage fare, 40s. to 50s.,—distant from Kingston, 392 miles—usual steamboat fare, 32s. 6d.—usual stage fare, 85s.—distant from Toronto, 569 miles—usual steamboat fare, 52s. 6d.—usual stage fare. 125s. Population, including the troops usually in garrison, about 45,000.

CANADA LIFE ASSURANCE COMP'Y,

INCORPORATED BY ACT OF PARLIAMENT.

Offices: 38 King Street, Hamilton; 2 St. James Street, l. t.

QUEBEC.

HAMILTON.—Hugh C. Baker, Esq., President; John Young, Esq., Vice-President; Thomas M. Simons, Esq., Secretary.

MONTREAL BOARD.—Hon. Joseph Bourret, Chairman; J. G. M'Kenzie, Esq., Vice-Chairman; W. Workman, Esq., George E. Cartier, Esq., M. P. P., H. Ramsay, Esq., Manager; Solicitor—L. T. Drummond, M. P. P., Solicitor-General; Medical Adviser—A. Hall, Esq., M. D.; Secretary—T. Ramsay, Esq.

This Company was organized in August, 1847, and so successful has been its operations, and economical its management, that it has been enabled to declare, at each of its Annual Meetings, Bonuses to the assured of sums equal to 18 and 25 per cent. of the amount of Premiums paid up.

This being the only native Institution for Life Assurance originated in the Province, and now carried into prosperous activity, it may safely lay claim to a large share of Colonial patronage.

The following is an example of the rates of Premium demanded by this Company for the Assurance of £100 upon a single life, the assured being entitled to participate in the profits realized.

Age next birth day.	Annual Premium.			Semi-Annual Premium.			Quarterly Premium.		
20	1	12	8	0	16	8	0	8	8
25	1	17	10	0	19	6	0	10	0
30	2	4	4	1	2	10	0	11	8
35	2	11	4	1	6	4	0	13	6
40	3	1	0	1	11	2	0	16	0
45	3	11	8	1	16	8	0	18	8
50	4	5	2	2	3	6	1	2	2

Thus a party aged 25 years next birth-day, may secure to his representatives £1,000 at his death, by the annual payment of £18 18s. 4d., should he prefer to make payment by semi-annual or quarterly instalments, the former would be £9 15s. 0d., and the latter £5.

Prospectuses and Tables of Rates, together with every other information on the subject of Life Assurance, may be obtained at the Company's Office here, or from any of the following Agents for Canada East.

TRADE WITH THE LOWER PROVINCES,

That is, Nova Scotia, New Brunswick, Newfoundland, Cape Breton, Prince Edward Island, and Labrador.

It will be seen by the following statement, that the amount of tonnage employed in the trade between these provinces and Quebec, has more than doubled within six years past.

Total number of clearances at this port for the Lower Provinces, from 1845 to 1850, inclusive :

1845.....	73 Vessels.	4056 Tons.
1846.....	121 "	6558 "
1847.....	137 "	7881 "
1848.....	138 "	7558 "
1849.....	153 "	8728 "
1850.....	155 "	10,119 "

There is also a good number of small craft employed in the transport of supplies—chiefly flour—to the Gaspé fisheries and the lumber establishments in the Baie-des-Chaleurs. A considerable quantity of the fish taken at these fisheries comes to Quebec ; but it is chiefly the fish that is taken in the latter part of the season, when it is too late to dry them for a foreign market—they are then barrelled and brought to Quebec.

Total number of clearances for the Lower Provinces in 1851—169 vessels, 12,683 tons.

INLAND NAVIGATION.

There has been a great increase in this trade. Of two articles alone—railway and pig iron—over fifty thousand tons were imported into the Western States, in 1851, by the St. Lawrence—nearly the whole of which was shipped from here to Kingston, and there transhipped—mostly into American vessels—thus increasing the freight of these heavy goods by the serious charge of transhipment. The truth is, that this trade is of such recent date, and has sprung up so rapidly, that we have not, as yet, a sufficient number of suitable vessels to perform the work ; and by an extraordinary interpretation of the Navigation Laws, American vessels are prohibited from coming to Quebec, while they are permitted to come to Montreal—thus, in our opinion, by an unjust restriction, Quebec is deprived of an immediate means of forwarding these heavy articles direct to their destination, until a suitable class of vessels could be built to compete with our American neighbors, which would tend to reduce the freight to the lowest minimum, and thereby secure to us a carrying trade that must be of importance to the shipping interests of this port ; but unless it can be done at a very low figure, the chances are that it will be diverted into another channel.
