## Assessment System

### Official Notice of a Special Assessment.

Notice is hereby officially given to each and every member of the Catholic Mutual Benefit Association of Canada, that in addition to the regular No. 2 assessment for the Month of February, a special assessment is also required to be paid at the same time and in the same manner and of the same amount as said No. 2 assessment. This, in connection with the statement on page 4 of this issue, will be the only notice of such special assessment to our members, and is given in compliance with Sections 7 and 8 of the C. M. B. A. constitution.

Sam. R. Brown,  
Secretary.

London, Ont., 1st February, 1896.

## NOTES.

Officers of Branches are requested to be as prompt as possible in remitting the amount of the two assessments above referred to for the month of February. Make out the February "Monthly Assessment Report" for two assessments, viz., No. 2 and special, and forward it with the remittance before the 10th day of March. Now, Brothers, do not neglect this as it is very important.

We regret very much that on account of an accident which happened as we were going to press, we will not be able, in this issue, to print the portrait of our Grand President. It will appear in next month's CANADIAN.

Join the C. M. B. A. of Canada.

It is the leading Catholic Benefit Association in the Dominion.

It is founded on sound business principles and practical Catholicity.

It is the most wisely conducted and the most economically administered Benefit society of any kind in Canada or out of it. See last report of Dominion Secretary of Assessments.

It has 270 branches with a membership of about 11,000, of the best citizens. It has paid out to the Canadian widows and orphans since its establishment over \$900,000.00.

It has a Reserve Fund at present of a little over \$50,000.00.

It gives insurance at cost and innumerable social advantages.

Any sober man of good health and character and under fifty years of age, no matter what his nationality or color, may become a member, if he is a practical Catholic.

The cost per day is about that of a car ticket.

Are you a member? If not, why not?

The following shows where the Reserve Fund of the C. M. B. A. of Canada is invested:

Merchants Bank \$11,571.  
Bank of Toronto 10,423.51.  
Canadian Bank of Commerce 10,282.91.  
Bank of British North America 8,511.4.  
Bank of Montreal 6,000.  
Loan 1,000.

From the above it will be seen that we have on 1st Jan 1896, in the Reserve Fund \$50,105.67, no portion of which can be withdrawn except on the joint cheques of the under mentioned members of the Executive.

O. K. Fraser, Brockville, Ont.  
Rev. M. J. Tierney, London, Ont.  
P. J. O'Keeffe, St. John, N. B.  
J. J. Behan, Kingston, Ont.  
W. P. Killackey, Chatham, Ont.  
P. J. Rooney, Toronto, Ont.  
Sam. R. Brown, London, Ont.

The amount of cash paid for death losses by the C. M. B. A. of Canada during 1895 was \$148,307.57.

There were 1,463 new policies taken in our C. M. B. A. during 1895, amounting to \$1,971,500.00.

The net amount of policies in force in the C. M. B. A. of Canada on 31st Dec. 1895 was \$16,166,500.00.

Branch No. 194 St. John N. B. opened the New Year with a reunion of its members and those of Branch 186 and 184. The audience was

large. President Tole delivered an address of welcome, after which a first class musical and literary programme was enjoyed by those present.

Brother Joseph Baile of Branch 21, was elected reeve of Thorold for 1896.

We are pleased to see that Brother Hon. J. E. P. Prendergast has been elected to represent the county of St. Boniface in the Manitoba Legislature.

## C. M. B. A. BANQUET.

The C. M. B. A. banquet in Bothwell's Hall, Allandale, on Tuesday night was a very successful and enjoyable one. The hall was well filled by the retiring president, Mr. M. Shanacy, and the vice chair by Very Rev. Dean Egan. The menu was choice and the tables finely and tastily arranged to the satisfaction of the most fastidious epicure. About ninety sat down to the tempting tables.

Upon the removal of the cloth, toast, sentiment, song and speech filled up the passing hour. "The Queen and the Royal Family" was responded to by the national anthem sung with special heartiness by the company.

"Canada Our Country." Response by Rev. Father Labereau, Petotangutshen. Song, "Maple Leaf," by Mr. Thos. Pearce.

"Our Educational Institutions." Response by Very Rev. Dean Egan in his own peculiar witty style.

"Officers of Grand Council C. M. B. A. Song." "For They are Jolly Good Fellows." Response by Messrs. Thos Kennedy and John Coffey.

"Legislative Assemblies, Dominion, Local and Municipal." Response by Mr. Haughton Lennox. Song, "Red, White and Blue," by Mr. John Clayton.

"Sister Societies." Song by Mr. E. S. Meeking. Response by Mr. William Loan, and Mr. A. C. Gordon.

"The Professions." Response by Drs. Wallwin and Palling, and Mr. Haughton Lennox.

This was the first public banquet ever held in Allandale by the C. M. B. A. and it proved to be a most decided success, which reflects much credit on the officers in charge. Mr. McAvoy proved himself a splendid caterer. A special train left Barrie at 8:30 and returned at 1:30. Instrumental music was supplied by Messrs. Shanacy and Hamlin as violinists with Dr. Arnall as the piano.—The Northern Advance.

## Branch No. 194 Held an Enjoyable Open Meeting.

Frances M. Tole, M. A. opened the social meeting in the hall at 8:30 and the street lanterns were turned on. Father G. A. H. delivered a short interesting lecture on Friday night, which he had lectured at all the different cities of the world. He is a man of great knowledge and is the author of several books on the history of education. He drew attention to the association of the Catholic school children of Canada who did not attend their classes. In which he deplored all the culture. A vote of thanks was tendered to the speaker and his views were endorsed by Mr. F. M. Tole and Mr. G. A. H.

The following gentlemen took part in the entertainment. W. T. Shanacy, Dr. Sheehan, comic songs, and J. J. Rowan who was repeatedly cheered. Chancellor J. J. Finn explained in a usual clear and able way the beginning and growth of the organization known as the C. M. B. A. He traced its progress, and showed the advantages of belonging to such an organization. He showed the wisdom of separating the financial responsibility of the Grand Council of Canada from that of the United States, as during the time of their connection with the United States, the number of assessments reached nearly twenty five thousand in the respective states.

Chancellor T. P. Tansey, in a series of songs, paid a high tribute to the work done. Finn hiddeon for the association. Dr. MacEachern endorsed all Mr. Tansey had said and offered to examine fifty applicants between now and May next free of charge. The practical expression of interest was gratefully accepted.—M. MacEachern Feb. 1.

## GRAND PRESIDENT FRASER.

We publish this month an excellent portrait of Brother O. K. Fraser, who has had the chief executive office in the gift of this association during the past term. Brother Fraser is yet but a comparatively young man having just turned his thirty-eighth year. He was born and has spent all his life in that delightful town at the foot of the Thousand Islands, Brockville, and has at all times since attaining his majority taken an active and prominent part in its affairs. While proud of the Highland Scotch and Connaught Irish blood transmitted to him by his parents, he is at all times emphatically Canadian. Entering the

C. M. B. A. as a charter member of the Brockville branch he has at all times filled the important offices of Recording Secretary, Financial Secretary, Trustee and President, he made his debut in the Grand Council as first delegate from Brockville Branch at the Stratford Convention in 1884, and has been at all Grand Council Conventions since that time.

From the outset he took a prominent part in the affairs of the association and was first appointed a member of the committee on laws which reported at the Toronto convention. This was followed by his election successively to the positions of Grand First Vice-President and Grand Trustee, which latter position he resigned at Hamilton convention to be a candidate for the Grand Presidency. He was elected to the latter position and has since performed the duties of that office creditably to himself and with every satisfaction to the association. It was during the first months of his regime as Grand President that the much vexed question of separate beneficiary was settled, and although he had been one of the strongest opponents of separation in any form from the United States, he did not forget that the wishes of the association were paramount to his personal views, and the Grand Council never had reason to regret that the final settlement of so important a question was committed to him. Brother Fraser has expended a vast amount of time and

labor in the work of the Association, in which he seems to take the keenest satisfaction and pride, and he will have the satisfaction of knowing that the years during which he has been at its head have been, taking everything into consideration, its most successful ones.

Grand President Fraser is a brother of the late Hon C. F. Fraser, ex-commissioner of Public Works for Ontario, whose sudden death a little over a year ago has been so deeply deplored by the Catholic people not only of this Province but of Canada throughout, in whose hearts his name and deed shall ever be enshrined.

## The Rise of Guilds and Mutual Benefit Associations.

By GRAND CHANCELLOR MACCAE.

## V.

The Social Guilds are a type of our modern mutual benefit associations. These Social Guilds were distinguished from the purely religious, or largely religious, guilds on the one hand and from merchant and trade or craft guilds on the other. They were devoted "to objects of good-fellowship, to purposes of benevolence, and to the formation of provident habits." While religious observances were always associated with these guilds, and each had its chaplain or spiritual director, they were lay bodies, existing for lay purposes, and the better to enable those who belonged to them to rightly understand and fulfil their neighborly duties to one another.

These Social Guilds sprang up all over Europe in every village, town and city, at different times as the need arose, or for good neighborhood's sake. Their objects included: "Not only devotions and orisons, but also every exercise of Christian charity, and, therefore, above all things, mutual assistance of the Guild brothers in every exigency, especially in old age, in sickness, in case of impoverishment—if not brought on by their own folly, but by wrongful imprisonment—in losses by fire, water, shipwreck, and by loans, provision of work, and lastly, the burial of the dead. It included, further, the assistance of the poor and sick and the visitation and comfort of prisoners not belonging to the Guild." These societies were composed of men and women of all ranks; and when, as in some instances, they grew into wealth and popularity, kings and princes did not disdain to become guild-brothers. There appears to have been, usually, no limit to the number of members of which a guild of this class might be composed. The Guild of Corpus Christi, of York, England, had on its rolls the names of some 14,000 members. This, however, was exceptional, and the ordinary guilds consisted of a much smaller number of persons—very much after the manner of local friendly societies of the present day. It has been said that the Social Guilds were composed of persons of all ranks; but we find a record of one guild, whose members said they were "of the rank of common and middling folks," and would not admit even a mayor or a bailiff.

Each member paid an admission fee and a yearly contribution; they held regular business meetings; and had an annual guild day. Every guild had its livery, which the members were expected to wear at feasts, funer-

als, etc., and they had strict rules for good life and conduct. The parish guilds met in a room engaged for the purpose, or in a member's house. But if the guild was rich enough it had a hall or "guild-hou-e"; legacies and gifts were made to them, they lent out their stock to poor members, or devoted it to some public or charitable objects. Schools and churches were founded or helped by these guilds. Bridges, and town walls were repaired both in England and in France. The performance of miracle and other plays, the setting out of pageants, and the providing of minstrels were undertaken by many of these guilds, and in many towns helped the craft guilds in municipal proceedings. The Lord Mayor's show of London, England, owes its origin to this custom.

At the time of the "Reformation," these guilds were abolished in Protestant countries, under pretence that they were superstitious foundations. In England the property was seized by the king and his courtiers; the guild halls became poor houses; and the pageants were laid aside.

## Allowed his Policies to Lapse.

A very affecting story, drawn from the lessons of life insurance, has recently come to our notice. It relates the sad fact that one of the most brilliant, successful and popular physicians in the section of the country in which he resided, was accidentally thrown from his bicycle and killed. The physician is said to have been a man of national reputation among physicians and one of the kind of men whose personality impresses itself on whole communities. He made a large income by his profession, and while immersed in his professional practice had yet time to give to public movements and to social culture, and was a noble, high spirited and kindly benefactor of his race. He had been for many years a busy examining physician for some of the large life insurance companies, and examined thousands of applicants. He believed in life insurance as he believed in his life, and aided it in every way he could: he lectured before his college class in medicine on life insurance examinations, and urged the students to first insure their own lives and they would then know better how to examine others who wanted life insurance. His rule was to carry \$10,000 to \$60,000 life insurance, and \$25,000 of accident insurance, and when death came to him so suddenly and so shockingly, his friends felt relief that he had provided so well for the family he had left.

But alas for vigilance relaxed—for the good advice so earnestly given, so long followed by himself. In the past two years this noted physician, that ardent advocate of the benefits of life insurance, had allowed nearly all of his insurance to lapse, because he was anxious to pay for his home and to educate his sons. He thought he might relax his vigilance for a year, though he expressed his intention of taking more life insurance next fall when the calls on his purse from the payments on his home and for educating his sons would be greatly lightened.—Insurance World.

## ABOUT REINSTATEMENTS.

To the Editor: Dear Sir and Bro.—Would it not be well to make the section of the Constitution relating to re-

instatement more stringent? Sec. 9 reads as follows:

"Any member suspended for non-payment of Assessments and remaining suspended during the period of three months or less, shall require a majority vote of the members present at a regular meeting of his branch to reinstate him, and shall pay all assessments due at the time of his suspension to the date of his reinstatement."

Should a member become seriously ill while under suspension, a branch could not be expected to reinstate him; such member may, however, be reinstated if the illness is unknown to the officers of the branch or if such information is intentionally withheld from them. Therefore, when a member seeks to be reinstated in all the privileges of the Association, he should be compelled to produce a medical certificate setting forth that he is in good health. A reinstatement is practically a readmission to the ranks of the Association, and as only members in good health can be admitted, the same rule ought to apply to reinstatements. The suspended member should also be compelled to make a formal application for reinstatement on a form suitable for the purpose. This application could be dealt with at the first meeting of the branch and the member reinstated forthwith if everything is satisfactory to the branch.

Under the present order of things a suspended member may attend a meeting, pay all arrears, obtain the vote sufficient to reinstate him, and that is all the trouble he is put to. This, however, is not the course followed by the majority of suspended members. One of the latter class will ask a brother to pay his dues and see that he may be reinstated. He may not be so particular sometimes, for he will send his dues to the Financial Secretary by a small boy or other messenger, with a verbal request that he be reinstated. In the last two cases where is the guarantee that such a member is in good health?

The too great facility with which a reinstatement may be obtained is one of the weak points in our Constitution. It causes trouble to the officers of the Grand Council and those of the branches, increases their work and requires their closest attention. It is an inducement to members not to fulfil their obligations at the proper time. It is exposing the family of a member to want and misery by the possible loss of beneficiary.

In order to lesson these evils I would suggest the following:

1. That application for reinstatement should be made on a form to be supplied by the Grand Council.
2. That a medical certificate be attached to such application.

3. That a suspended member be required to tender his dues personally in open branch meeting.

4. That upon being reinstated or making application for reinstatement a suspended member should be made to pay a reinstatement fee, to be determined by the Constitution.

All these restrictions may appear cumbersome to those who have not given any thought to this question or to those who have not served in an official capacity in their branches. Let us consider who are those members allowing themselves to come under suspension. They are recruited from that class who look upon the C. M. B. A. as only an insurance company, but do not trouble their heads about paying premiums when they become due. They are taken from the ranks of those who never attend meetings, as

well as from those who think it forms part of the duty of the Financial Secretary to run after each member to collect dues. These individuals represent fully ninety per cent., if not more, of the suspended members.

I submit these remarks for the consideration of our membership at large, and principally for that of the Financial Secretary of each branch. It is a matter which concerns them more particularly, for all the extra work is entailed upon them. A word from them to their representative to the next Grand Council may produce a change for the better.

Yours fraternally,  
J. A. Doyon, District Deputy.  
Ottawa, 27th Jan., 1896.

## QUERY COLUMN.

1. What is the general usage in the matter of installations? Section 98 says "It shall be the duty of the District Deputy to install every branch within his district, etc." The duties of the Grand Deputies seem to imply as much also. On the contrary Sec. 171 says "Any Chancellor may in the absence of the Grand President or his deputy install the officers elect." There appears to be a conflict between those two sections as well, I regret to say, as between many others of our constitution, much debate and expense as it has cost us.

2. Does *shall* in the first line of Sec. 164 of the constitution mean *must*?

## ANSWERS.

1. The spirit of the constitution is evident, and the letter too sufficiently clear. The function of installation is clearly the Grand President's. As it is impossible for him to be everywhere to perform the important work, he has delegated his powers, first to his Grand Deputies, secondly to his District Deputies, and thirdly to his special deputies. The Grand Deputy must have an eye to, and provide for, the proper working of the association and see that either he himself or the deputies under him properly provide for the working of the association. In case he or the District Deputies are unable to attend because of other meetings or installations, the installation meeting of a particular branch within his jurisdiction, he may as he sees fit ask the chancellor to install for him, and attend as soon after as possible to assure himself that all has been done right. In case of widely removed branches the grand president, advised by his deputy, can make arrangements so that the chancellor will, for installation purposes be clothed with the authority of a deputy. In general as a proper and solemn installation is of the utmost importance, and will not be too well done with the proper officers present, it will be seen how necessary it is to await the Deputy provided he has signified his desire in the matter. Deputies visiting Branches in the discharge of their duties as representing the Grand President, it is unnecessary to say, should be received with all the honors. Branches accord to our first officer himself, and as is usual generally, the meetings they attend should be of the largest and most enthusiastic.

2. *Shall* and *must* are not synonymous terms. If there be other chancellors the retiring president may be elected to any office from the guardianship to the presidency. It is often customary as an example of the hearty good will and interests in Association matters of the retiring President and

to prevent the impression that the Guard or Marshall are inferior officers for retiring presidents to fill any of these places and by their exactitude in performing their duties make them desirable posts in the eyes of all. This spirit is warmly commended.

## INTERESTING LETTER.

Manila, Philippine Islands.  
Dec 8, 1895

S. R. Brown, Editor.

Dear Sir and Bro. — Being a member of the C. M. B. A. Carlton Branch, St. John, N. B., and now one year from home and brothers, I consider it my duty to report to you how I found Catholics progressing in these distant lands. I arrived in Rio de Janeiro, Brazil, on the 23rd of March from Cardiff, England, attended service in the Cathedral on Easter Sunday morning and listened to a grand sermon on the resurrection of our Saviour. The Church is one of the best and most costly buildings I have ever entered. The music during service consisted of brass instruments and violins and a very massive organ, which was most striking and not to be soon forgotten. I found most of the natives Catholics; in fact it is a Catholic country, with the exception of some English and American merchants and bankers. The country is full of rich mineral mines; the only drawback is the sickness which all white people dread, viz., yellow fever; however, thank God, I brought all of my crew out of it all right, and sailed for Newcastle, N. S. W., Australia, on the 10th of May, a distance of nearly ten thousand miles. Nothing of note happened on the passage except a hurricane I experienced on the 5th of June in the Indian Ocean. I arrived at Newcastle on the 12th of July, and need I say how pleased I was to find, after my first day in that port, that there were two nice Catholic churches, one at Newcastle and one on the other side of the Hunter river at Stockton. I found four Irish priests; two had only been there one year. They soon found out who and what I was; and that warm feeling characteristic of the Catholic faith was more than extended to me during my stay at that port. All the Catholic families did everything in their power to make my stay a pleasant one. I have never, during my twenty years of constant travel, received such kindness and attention as that shown me by the Catholic population of Newcastle; and I may here remark, a community of no mean order. It is wonderful how fast school houses have been erected, and the young people are most intelligent and very attentive to their church and duty. This I also have from the clergy. Newcastle is only a young port, so to speak, as it is not yet finished; and to my idea will be the largest shipping port in Australia, as the coal fields are inexhaustible. The nature of the country is good. Climate mild. They grow two crops of oranges each season, which will give the reader an idea of what the country and climate are like. I made many friends at Newcastle, and hope soon to have the pleasure of seeing them again. I sailed from Newcastle on the 1st of August for this port, and arrived, all well, on the 14th of October. The first of the Philippine group, the Island of Cebu, was discovered by Magellan in the year 1521, when he received wounds from poisoned arrows, which caused his death. Other ships were fitted for the expedition by the Castile Crown under the charge of Legaspi and his grand son Captain

Juan Salcedo, who pushed their way to this port, Manila Bay.

Manila Bay, an expansive sheet of water twenty five miles square, with water deep enough for the largest ships, is situated at the E. part of the Island of Luzon, principal land of the Philippine group, on the 14th parallel of north latitude and 121° east of the meridian of Greenwich. The City Manila fronting the northern portion of the bay is low and covered with brush wood, and where cleared, cocoa nut trees can be seen, also hemp trees. It was founded in the year 1571 and the city council constituted by Legaspi and his grand son Captain Juan Salcedo as before stated. After taking possession of this portion of the Island, and annexing it to the Castile crown, they landed five priests of the Augustine order under charge of Father Loraneta, one of the same order. Legaspi had a large house built for himself and party, one built for the priests, and a church which were surrounded by a thick wall 21 to 30 feet through. This wall served as a fortress against the attacks of the Indian natives then true savages. This wall is still in good preservation and the additions since that time enclose now quite a portion of the town. The wall is surmounted with cannons. The clergy began their labour Christianizing the natives, and building churches which are now to be seen everywhere. It may be stated that the Catholic Church and faith is the only one on the Island; the few Scotch, English and American merchants and bankers have no church. The Jesuit order of priests has a fine observatory where a staff of the order is constantly at work. They do much good to the people of the adjacent islands by forwarding them news of approaching Typhoons which are so much dreaded and destructive to property and shipping. They rate and adjust all nautical instruments belonging to ships which visit this port, free of charge, and are most courteous and ready at all times to give the commanders of ships any information they may require. The observatory is a spacious building, the underneath part of which is used for a college where they teach English and French. When speaking to one of the Fathers a few days ago, he informed me that three of them were to the Chicago Exposition and took part in the astronomical work there, representing the East. This is one of the finest observatories on this side of the globe. Their instruments are of the most modern and improved kind. The population of Manila is estimated at 270,000 of which about 250 are Scotch, English and American merchants and bankers. The climate is warm, the barometer registering about 49 degrees in Winter; rain is plentiful during the months of May, August, September and October when the S. W. monsoon blows; and bad weather is generally experienced at the change of those monsoons. The products of the country, hemp, sugar, spices, fruit are in abundance, and forests of valuable hard woods are found throughout the Island. The native Poney, is somewhat smaller than the Sable Island pony and are only used for driving or riding purposes. The water buffalo (carabao) is amphibious and spends about one third of its life in the water. They are used for hauling purposes and considered not to be fit to yoke until six years old; and they cannot be worked longer than six hours at a time, when they must be let go into the water or

rivers to refresh themselves. A small black bird called by the natives the buffalo bird, is to be seen watching the animal, and when its head comes above water, these birds alight on and feed from the insects which come upon the animals head and body. It is amusing to see these little creatures of the winged creation picking for dear life, and in no way disturbing the buffalo. It appears to me this bird is necessary to keep the animal clean. Other birds of various hues, some very beautiful, are to be seen everywhere. Volcanic mountains are numerous and several of them active. Gold and silver mines are being worked. Telegraphic communication extends through the principal islands and to Europe by way of Hong Kong. China steamers ply between the different islands; and once a week Hong Kong. The mails are brought to Hong Kong by the P. and O. company steamers, from England, and from the West coasts of America by American steamers, and they are forwarded on here by the coasting steamers. European and American Mails arrive about every thirty five days. There is also a mail direct to here from Barcelona, Spain, every month. Should you think any of the foregoing to be of interest to the members of the C. M. B. A. or worthy of space in your valuable paper, The Canadian, with pleasure I submit the same for your approval.

Yours Fraternally,

A. J. Mulcahy  
Master of the Ship Kingport, of St. John N. B.

## Installation in the P. E. Island Jurisdiction.

The Island papers report enthusing installation meetings in all the branches in that province, together with the lists of the new officers. The new Grand Deputy, the Rev. Father Burke, has made it a point to see all the branches start out for the New Year under the most favorable auspices, being present to install the officers, receive the reports, instruct the membership in their duties and encourage the good work by word and deed. As an instance of the way he inspires confidence and infuses vigor into the association we take the report of the installation meeting at Summerside from the Agriculturist of the 1st January:

On Tuesday evening last, Rev. A. E. Burke, Grand Deputy of the C. M. B. A. for Prince Edward Island, officially visited Branch 21<sup>st</sup>, Summerside. The Grand Deputy occupied the chair and put the business through in good shape. There was one initiation and a good deal of routine business, including the annual reports of the retiring officers, which showed the branch to be in a flourishing condition. At the close of the regular business the Grand Deputy gave a short but vigorous and practical address on C. M. B. A. work, after which he installed the officers elect, who are as follows:

Spiritual Director — Rev. D. J. G. Macdonald.  
Chancellor — Dr. J. H. MacLellan.  
President — S. M. Bent.  
First Vice do. — John F. Delaney.  
Second do. — S. J. Cameron.  
Recording Secretary — John T. Macnally.  
Assistant do. — Jos McCullough.  
Financial Secretary — J. B. Strong.  
Treasurer — C. Kano (re-elected).  
Marshal — O. A. Steele.  
Guard — J. R. Noonan (re-elected).  
Trustee — Jas. R. Keany.

## THE CANADIAN.

Representative to Convention - Dr Macmillan.

Before the session was brought to a close, a hearty vote of thanks was tendered of the Grand Deputy, to which he made a suitable reply.

At Charlottetown, the capital, His Lordship Bishop M. D. had attended the first January meeting and was presented with a branch address expressive of the Grand Deputy's appreciation of his efforts on behalf of the C. M. B. A. and that of the entire organization which he represented. The Bishop made a lengthy reply, testifying to the good the association was doing, expressing his desire to see it in all the parishes of the diocese and regretting that he himself was precluded by reason of his age from becoming a member. He promised to use all his influence to spread the work. The association, out of courtesy, was then put under his patronage within the diocese of Charlottetown. The Grand Deputy then, after delivering an address on the duties and responsibilities of membership installed the others and approved the reports for the year. At Kensington Branch, No. 251 enjoyed the presence of Mgr. Gillis, who accompanied the Grand Deputy. Prince Edward Island, although late in the field, has caught the true C. M. B. A. spirit, and our splendid organization will flourish thenceforth as the result, under the management of the able and energetic Grand Deputy.

#### Installation and Banquet of Branch No. 101, Three-Rivers, Que.

At the regular meeting of Branch No. 101, Three-Rivers, Que., held on January 3rd 1896, the installation of the officers was made by Grand Deputy Chas. Dupont Hebert, also president of the branch.

The following are the officers for 1896:

Spiritual adviser, Rev. J. N. Cloutier, Chancellor, pro tempore E. Bellefeuille, President, Chas. Dupont Hebert. First Vice-Pres. J. A. Gelinas. Second Vice-Pres. J. E. Morrissette. Rec. Secretary, J. O. Desllets. Asst. Rec. Sec. J. I. Pellerin. Fin. Secretary, C. Z. Duplessis. Treasurer, Narcisse Rivard. Marshall, Gen. L. Pothier. Guard, Z. Gelinas.

Trustees F. X. Poitier, F. A. Verette, C. P. Céline, C. J. N. Teasdale, Phil. E. Panneton.

Representative to Grand Council, Dr. L. P. Normand. Alternate, Chas. P. Gelineas.

After the installation the following resolutions were passed:

Moved by Brother P. E. Panneton, seconded by Brother Arthur Brunelle, that the members of this branch offer the expression of their gratitude to the retiring officers, for the zeal they have displayed and the services they have rendered in discharging their duties.

Moved by Brother Antoine St. Pierre, seconded by Brother N. Mercier, that the members of Branch No. 101, offer to Rev. J. N. Cloutier, their spiritual adviser, to Brother Chas. Dupont Hebert, Esq. Grand Deputy for the Province of Quebec, and president of this branch, and also to all the officers of the Association, their most sincere wishes of health, prosperity and happiness for the ensuing year.

The Grand Deputy, in addressing the members, thanked, in eloquent words, the C. M. B. A. brothers of the old city of Lavaltrie, for their kind wishes to

his address and that of all the dignitaries of the Association. He congratulated them on the good harmony which did not cease to exist among them, then the institution of their fine and flourishing branch. He thanked them, in his name, as well as in the name of the other officers they had elected by acclamation for 1896, as being the greatest proof of esteem and confidence they could give them. Of your past, he said, "I augur well for the future, continue your work of protection for the widows and orphans, be always united by the bonds of Christian fraternity, and God will bless your families. And when you shall have to bid a last farewell to those you loved so much here below, your wives and children, a supreme consolation will be reserved for you; it will be known to assure their welfare, after the Almighty will have called you to Him."

The Grand Deputy then invited all his C. M. B. A. brothers to partake of a magnificent banquet which he had prepared for them. The invitation coming from so generous and devoted heart, was accepted with enthusiasm, and when the hour for separation came, the worthy founder of Three Rivers branch, had gained, once more, the assurance that he is entitled to be proud of his work and of the Three Rivers members of whom he is the leader; for during all the time that this little intimate feast lasted, the most sincere cordiality, as always, did not cease, all rivalling in good words and delicate manners one towards the other.

The Three-Rivers members will always look back on this evening's entertainment as one of their most cherished souvenirs.

#### Presentation and Address.

Tuesday evening, the 14th January being the regular meeting night of Branch No. 1, Smith's Falls, Ont., was made the occasion of a very pleasant and interesting event in the presentation of a beautiful arm chair to the retiring Financial Secretary, Mr. Thos. Cushing, accompanied by the following address, which was read by Mr. William Edgworth:

This being the occasion of your vacating the office of Financial Secretary, and being installed as President of this branch, we can not allow it to pass without showing you, in some manner, how your services have been and are appreciated by this branch.

We believe the healthy condition of the finances of this branch at the present time is largely due to your careful attention. Your regularity in attending meetings has also been noticed.

Now, as you are about to be installed as President, we ask you to accept this chair as a small recognition of your valuable services in the past, and also as a token of the esteem in which you are held by the members of this branch. That you may long be spared to enjoy it, and be blessed with the presence of your wife and family, is the heartfelt wish of the members of Branch No. 1, C. M. B. A.

Signed on behalf of the branch, Wm. Edgworth, John Meagher, John Malley, Committee.

Mr. Cushing, though taken somewhat by surprise, replied in a pretty and able speech, covering the different features of the address and also giving a resume of the work done during the past year, thanking the members sincerely for their beautiful present and well wishes towards himself and family.

Branches Nos. 259 and 260 have been organized since last month. List of officers will appear in next issue.

## HONOR ROLL.

Branch No. 13, Stratford, Ont., heads the honor roll for the greatest number of initiations in the month of December, 1895, having initiated eleven members.

Branch No. 160, Halifax, N. S. comes next in order having initiated five members.

Branches No. 3, Amherstburg, Ont., and 183, Snyder, Ont., initiated four members each.

## C. M. B. A. CONCERT.

## An Excellent Programme before a crowded House.

It is rarely that an entertainment, fully deserving generous patronage, gets it, by the one given last night in the Instituto Canadien, under the auspices of the C. M. B. A., proved an exception, for the hall was filled to overflowing, even standing room being at a premium. Such was the crush that many were unable to gain admittance and were compelled to go away disappointed. They were unfortunate, indeed, for the concert proved a great success. Many of the city clergy were present. The chair was taken shortly after eight o'clock by Mr. F. R. Latchford, chairman of the advisory board of the local branches of the association. The programme presented was one of rare excellence, and displayed, to very good advantage, the vocal, elocutionary and instrumental abilities of some of the city's most prominent amateurs.

It is impossible to describe the concert in detail, but sufficient praise will be given when it is said that the great audience, by the enthusiastic applause showered upon each and every performer, showed that it was more than delighted with the singing of Miss Tremblay, Madame Arcand, Baby Gravelle, the little Misses Gravelle, Messrs. John Clark, Alderman Gauthier, E. T. Smith and E. A. Mara, the declaiming of Miss Morris, Madame Lacerte and Mr. Lahaise, the playing of Miss Robitaille on the piano, Miss Ryan on the violin, and Prof. Hayendall on the ocarina, and the chorus singing of the Hull choir. Each one acquitted him or herself in a most admirable fashion, and secured immediate entrance to the sympathies of the spectators.

Upon the conclusion of the first part, Mr. Latchford delivered a short address in which he returned thanks to the audience, to the performers, and to the members of the committee having charge of the arrangements, for what they had done in making the concert a success. He expressed the hope that the encouragement given last night by the public would be continued in the future. He further spoke of the convention of the C. M. B. A. which is to be held in this city next summer. After speaking in English, Mr. Latchford treated the audience to a bright little speech in French.

Prof. Herr Kochler acted as accompanist in a most acceptable manner. Orchestral music is also furnished.

The committee in charge of the entertainment were Messrs. T. Smith, chairman; M. O'Farrell, A. Belliveau, F. R. Latchford, E. Parent and R. Devlin. — From Ottawa Free Press Jan. 17, 1896.

## AN APPEAL.

To the Members of the Catholic Mutual Benefit Association of Canada.

Grand Falls, N. B., Dec. 15, 1895.

Brothers:—Branch 210 of the C. M. B. A. located at Grand Falls, N. B., deems it an urgent duty to appeal to the branches of the Association on behalf of Brother Michael Harley, who for the past year has been suffering from spinal disease, and his large and helpless family has thus been deprived of its only support. Brother Harley is one of the chartered members of our branch, and has always been a

true and faithful member of the C. M. B. A.

Not having a branch of the Relief Association here and our membership being very small, we are unable by ourselves to do much for Brother Harley. We were in hopes all along that Bro. Harley would recover and be able to resume his work, but God in His all wise Providence permits him to be deprived of that inestimable blessing of good health. After many months of sickness he is obliged to ask the brothers of the C. M. B. A. to help him.

The object of our Association being mutual help, we hope that the brothers of the C. M. B. A. will prove by this occasion to help a brother in distress and thus draw down the blessing of God on themselves and our association.

A small offering from each branch will help Brother Harley to provide for his little ones during the long months of our severe winter.

Hoping then, brothers, that you will charitably lend Brother Harley a helping hand.

We remain, yours fraternally,

P. A. McClusky, President.

Geo. D. McClusky, Rec. Sec.

J. J. Kelly, Fin. Secretary.

All contributions to be sent to Geo. D. McClusky, Rec. Sec. Br. 210.

I the undersigned Spiritual adviser of Branch 210 of the C. M. B. A., certify that Bro. Michael Harley is a member of our branch, in good standing and worthy in every respect of the sympathy and help of the association.

M. A. O'Keefe, Spiritual Adviser.

## C. M. B. A. in Chatham, N. B.

After the installation of the officers for the coming year in the C. M. B. A. Thursday evening, the branch, assisted by lady friends, gave a highly interesting impromptu musical entertainment in St. Patrick's hall to a large number of invited guests. The hall and stage were prettily arranged for the occasion.

Mr. W. T. CONNORS.

Chancellor and retiring president of the branch delivered an address of welcome to the visitors. He referred to the musical treat, under the competent direction of Prof. Harrington that was in store for the audience and spoke at some length of the objects and aims of the C. M. B. A., giving some interesting figures concerning its growth in Chatham and elsewhere. Two years ago Chatham Branch 21 was organized with a membership of 11, and to night it had 21 members—a very good record.

In 1851 the first branch formed in Canada was organized at Windsor, Ont., with a membership of 15; to-night the order has over 15,000 in Canada and about 10,000 in America. Other \$100 had been paid out to widows and orphans by the order already. He concluded a very interesting address by inviting all who were eligible for membership to make application at once and become members, but reminded them that they must be practical Roman Catholics.

The entertainment throughout was of a very pleasing character. It was rich in music, song and oration. Mrs. Robt. Allan's song, "He's with the Angels Now," brought down the house. The piano solo of Mrs. W. T. Connor and the duet by Misses Sinnott and Blake were among the best features of the entertainment. The orchestra, under the direction of Prof. Harrington, and composed of Misses Hilliard, Flanagan, and Harrington and Messrs. Jas. P. Woodley and Richard Walsh, was also a strong feature.—(Chatham, N. B., World, Jan. 2.)

## Banquet and Presentation of Address to Bishop Lefebvre.

At the last regular meeting of Branch No. 210, M. B. A., Banquet held on January 1, the new officers for the year were installed by Chancellor J. J. Lefebvre. His Honorable Right Rev. M. A. La Tuhipo and Rev. J. J. Devine were present at the meeting. The following are the officers for the present year:

President P. J. Ryan, First Vice Pres. N. J. Stearns, Second Vice Pres. P. Chapman, Sec. M. Howe, Treasurer J. J. Devlin, Rec. Sec. P. McHugh, Ass't Sec. T. J. German, Mar. A. J. J. Devine, Guard P. Delaney, Rep. to Grand Council A. J. Fortier, Ass't M. J. MacLean, Trustee J. J. Payette, Ass't D. Desjardins, Andrew MacLean, P. H. Hoban and S. Laurin, etc.

The retiring President, Rev. Ed. Lefebvre will occupy the Chancellor's chair.

After the installation the President elect made a very appropriate address of welcome to His Lordship who responded in a very happy and appropriate manner. After the meeting the President banquetted the members at the Banquet House. Mr. Lefebvre had a fine display and a good and joyful time was spent.

The following is a copy of the address presented to His Lordship:

To the Right Rev. N. A. Lorraine, V. A. of Pon

Your Lordship—It is needless we presume to inform you that we are all glad to see you again. And while I do so on this your first visit to our branch. We have for a long time hoped that the opportunity might be afforded you of conferring upon us this honor, and it was only because we were fully aware of the numerous calls upon your time and the divers matters requiring your attention in the performance of the duties of your holy office, that we have been constrained to excuse that which we know could not be avoided. We have felt that, however much we might wish for the gratification of our own desires and ambitions, it would be unjust in us to expect that you would neglect other and more pressing duties for our sake. While it was not our pleasure heretofore to have you in person in our midst, believe us you were ever present in spirit, at our meetings; teaching us practical Catholicism and righteously and their application in our dealings with the world and with each other by the wisdom of your own administrative acts and your amiable and kindly disposition.

You know our work, and therefore we feel that it is unnecessary to give you any detailed explanation. We know that you are ever ready to command any action leading to righteousness and unity in brotherly love and consequently that you will be troubled with no qualm of conscience in commanding the work of the Catholic Mutual Benefit Association.

Again bidding you a hearty welcome and earnestly trusting that in the future you may have opportunities of calling upon us more frequently than in the past; assuring you that you shall at all times be welcome to our meetings; that you have our best good-wishes for your health and happiness and our prayers for the success of the good work in which you are engaged and conveying you those assurances we knew for Your Lordship's blessing, which we know in the goodness of your heart you will not deny us.

Signed on behalf of the members of Branch 210 of the Catholic Mutual Benefit Association.

## Smoking Concert.

The C. M. B. A. smoking concert last evening was the most successful ever held by that association. There were nearly three hundred present. Ald. W. J. Butler was the chairman of the evening, and in his opening remarks he gave a short history of the association, pointing out the great benefits derived from belonging to the C. M. B. A. He announced that the next entertainment to be given in the rooms will be a smoke for members and lady friends. The following programme, which was arranged by the committee, was well rendered.

Vigil ..... Mr. Putman  
Song ..... Mr. Woodley  
Recitation ..... Mr. J. Vaughan  
Song ..... Mr. Clements  
Recitation ..... Mr. F. Fultz  
Song ..... Mr. Mullane

Mr. Greenwood delighted the audience with "Let Me Like a Soldier Fall," and Mr. Woodley gave both sentimental and comic songs. Misses Buckley, Vaughan and McGinn proved themselves to be good reciters, while Dr. Walsh read "King Robert of Sicily" in fine style. Of the instrumental pieces Mr. Kearney's flute solo was the gem of the evening, and his duet with Mr. Morrissey was also well rendered. Mr. Fultz played well and Mr. Putman played Clayton's Grand March, also the accompaniment for those performing. The committee are to be congratulated on the success of their concert.—Halifax Daily Echo, Jan. 22.

### Système de Cotisation.

#### Avis officiel d'une Cotisation Spéciale.

Avis est par le présent officiellement donné à chacun des membres de l'Association Catholique de Bienfaisance Mutuelle du Canada, que, en plus de la Cotisation régulière No. 2 pour le mois de Février, une cotisation spéciale est aussi requise, à payer en même temps et de la même manière et du même montant que la dite cotisation No. 2. Ceci, en connexion avec l'Etat à la page 1 de ce numéro, sera le seul avis à nos membres de cette cotisation spéciale et il est donné en conformité des clauses 7eme et 8eme de la Constitution de l'A. C. B. M.

S. R. BROWN,  
Grand Secrétaire.  
London Ont. 1er Février 1896.

#### GRAND PRESIDENT FRASER.

Nous publions ce mois-ci un excellent portrait de Frère O. K. Fraser, qui a occupé la charge de Chef de l'Exécutif de cette Association pendant le dernier terme et le présent. Frère Fraser est encore comparativement un jeune homme, venant justement d'atteindre sa trente septième année. Il est né et a dépensé toute sa vie dans cette charmante ville située au pied des Milles Iles, Brockville, et il a en tout temps, depuis sa majorité, pris une part active et prééminente dans ses affaires. Tout en étant fier du sang Ecossais et Irlandais quo lui ont transmis ses parents, il est avant tout Canadien. Entré dans l'A. C. B. M., comme l'un des membres fondateurs de la Succursale No. 13, dans laquelle il a en différents temps rempli les importantes charges de Secrétaire Archiviste, Secrétaire Financier, Syndic et Président, il fit ses débuts dans le Grand Conseil comme premier délégué de la Succursale de Brockville à la Convention de Stratford en 1896, et depuis cette époque a été présent à toutes les Conventions du Grand Conseil.

Dès son début il prit une part prééminente dans les affaires de l'Association, et fut d'abord nommé membre du Comité des Lois qui fit rapport à la Convention de Toronto. Ceci fut suivi par son élection aux charges de Grand Conseiller, Vice-Président et Grand Syndic. Il résigna cette dernière charge à la Convention de Hamilton pour être candidat à la Grande Présidence.

Il fut élu à cette dernière position, et depuis a rempli les devoirs de cette charge à son crédit et de manière à donner entière satisfaction à l'Association. Ce fut pendant les premiers mois de son régime que la vexante question de Séparation Bénéficiaire fut réglée; et bien qu'il fut l'un des plus forts opposants de la séparation sous aucune forme d'avec les Etats Unis, il n'oublia pas que les désirs de l'association primaient ses vues personnelles, et le Grand Conseil n'eut jamais raison de regretter que le règlement final d'une question aussi importante lui fut confié. Frère Fraser a dépensé beaucoup de temps et de labeurs à l'œuvre de l'association, dans laquelle il semble prendre une satisfaction et un orgueil légitimes, et il aura la satisfaction de savoir que les années, pendant lesquelles il a été à sa tête, ont été, toutes choses prises en considération, celles qui ont été le plus remplies de succès.

Le Grand Président Fraser est le frère de feu l'honorable C. F. Fraser, ex commissaire des Travaux Publics pour Ontario, dont la mort soudaine, il y a un peu plus d'un an, a été déplorée si profondément par les Catholiques non seulement de cette province mais de tout le Canada, et dans le cœur des quelques son non et ses œuvres seront à jamais enchaînés.

#### INTERESSANTE LETTRE.

Manille, îles Philippines,  
le 8 Décembre, 1895.

S. R. Brown, Éditeur :

Cher Monsieur et Frère — Étant membre de l'A. C. B. M. succursale de St. Jean, N. B., et depuis un an éloigné du foyer et des Frères, je considère de mon devoir de vous rapporter le progrès des Catholiques dans cette contrée lointaine. Je suis arrivé à Rio de Janeiro, Brésil, le 23 de mars, de Cardiff, Angleterre; j'ai assisté au service Divin dans la Cathédrale le jour de Pâques au matin et j'ai entendu un grand sermon sur la résurrection du Sauveur. L'église est une des plus belles et des plus dispendieuses que j'ai encore vues. La musique pendant le service comprenait des instruments de cuivre et des violons, accompagnés par un orgue très puissant. J'ai trouvé la plupart des indigènes, Catholiques; de fait c'est une contrée Catholique à l'exception de quelques marchands et banquiers Anglais et Américains. Le pays est rempli de richesses minérales; la seule difficulté est la maladie que tous les blancs redoutent, savoir la Fièvre Jaune; cependant, grâce à Dieu, j'en ai ramené tout mon équipage en bon état, et j'ai fait voile pour Newcastle, Australie, le 10 de mai, une distance d'environ dix mille milles. Rien d'important ne survint dans le cours du voyage, à part un ouragan que j'ai éprouvé le 5 de juin, sur l'Océan Indien. Je suis arrivé à Newcastle le 12 de Juillet, et je n'ai pas besoin de vous dire comme il m'a fait plaisir d'apprendre, après mon premier jour dans ce port, qu'il y avait deux jolies églises Catholiques; une à Newcastle et l'autre sur l'autre côté de la rivière Hunter à Stockton. J'y ai rencontré quatre prêtres Irlandais, dont deux ne sont là que depuis un an. Ils eurent vite découvert qui j'étais; et ils firent plus que moi prodiguer pendant mon séjour dans ce port, cette marque de fraternité, caractéristique de la Foi Catholique. Toutes les familles catholiques firent tout ce leur

pouvoir pour rendre mon séjour agréable. Je n'ai jamais, depuis vingt ans que je voyage continuellement, été l'objet de bontés et d'attentions comme celles que j'ai reçues de la population catholique de Newcastle. Il est étonnant de voir avec quelle rapidité les maisons d'écoles ont été construites, et les jeunes gens sont des plus intelligents et très attentifs à la religion et à leurs devoirs. Ceci je le tiens aussi du clergé. Newcastle est un port de dato récente, pour ainsi dire, car il n'est pas encore terminé; et à mon idée il deviendra le plus grand port d'embarquement de l'Australie, car les mines de charbon sont impénitables. La nature du pays est hâme. Le climat est doux. Il y a de oranges deux fois chaque saison, ceci donnera au lecteur une idée de ce qu'est cette contrée et le climat. J'ai fait beaucoup d'amis à Newcastle et espère avoir le plaisir de les revoir bientôt. J'ai fait voile de Newcastle pour ce port le 1er d'Avril, et suis arrivé ici, le 11 d'Octobre. La première du groupe des Philippines, l'île de Cebu fut découverte par Magellan en 1521, alors qu'il fut blessé par des flèches empoisonnées qui causeront sa mort. D'autres vaisseaux furent équipés pour l'expédition par la couronne de Castille sous le commandement de Legaspi et de son petit fils le capitaine Juan Salcedo qui poussèrent jusqu'à ce port, la Baie de Manille.

La baie de Manille, une nappe d'eau de vingt-cinq milles carrés, assez profonde pour les plus grands vaisseaux, est située au Sud-Est de l'île de Luzon, la plus considérable du groupe des Philippines, sur le 14<sup>e</sup> Parallèle de Latitude Nord et le 121<sup>e</sup> Est du Méridien de Greenwich. La cité de Manille ayant front sur la partie nord de la baie est basse et couverte de broussailles, et là où elles sont éclaircies, on peut voir les arbres de cacao et aussi de chavire. Elle fut fondée en 1571 et le conseil de ville constitué par Legaspi et son petit fils le capitaine Juan Salcedo comme je l'ai déjà mentionné. Après avoir pris possession de cette partie de l'île et l'avoir annexée à la couronne de Castille, ils débarquèrent cinq prêtres de l'ordre de Saint Augustin sous la charge du Rvd. Père Urdaneta du même ordre. Legaspi se fit construire une grande maison pour lui-même et ses compagnons, une pour les prêtres, et une gîte qui furent entourées d'un mur épais de 21 à 30 pieds; ce mur servait de fortresse contre les attaques des nantis indiens alors de vrais sauvages. Ce mur est encore en bon état de préservation et les additions depuis ce temps entourent maintenant une bonne partie de la ville. Le mur est surmonté de canons. Le clergé commence à christianiser les indigènes et à bâtir des églises que l'on voit maintenant partout. On peut dire que la Foi Catholique est la seule sur l'île; les quelques marchands et banquiers Ecossais, Anglais et Américains n'ont pas d'église. Les Jésuites y ont un magnifique observatoire ou une équipe de leur ordre est constamment occupée. Ils font beaucoup de bien aux gens des îles adjacentes en leur envoyant la nouvelle de l'approche du Typhon qui est si redoutable et détruit la propriété et les vaisseaux. Ils évaluent et ajustent gratis tous les instruments nautiques des vaisseaux qui visitent ce port; et ils sont des plus courtois et prêts en tout temps à donner aux commandants de vaisseaux toutes les informations dont ceux-ci peuvent avoir besoin. L'observatoire est une batisse spacieuse, dont la partie intérieure est

employée pour un collège où ils enseignent l'Anglais et le Français. En conversant avec un des Pères il y a quelques jours, il m'informa qu'trois d'entre eux étaient à l'exposition de Chicago où ils pâtirent dans au travail d'astronomie, comme représentants du Canada. Cet observatoire est l'un des plus beaux de ce côté du Globe. Les instruments sont des plus modernes. La population de Manille est estimée à 270,000 dont environ 250 sont des marchands et banquiers Ecossais, Anglais et Américains. Le climat est chaud, le baromètre marquant dans les 80 degrés en hiver; la pluie est abondante pendant les mois de Mai, Août, Septembre et Octobre, alors que la mousson souffle du S. O.; et on éprouve généralement du mauvais temps à l'époque du changement de ces moussons. Les produits du pays, le chanvre, le sucre, les épices, les fruits, sont en abondance, et on trouve des forêts de bois dur partout. Le pony indigène, est quelque peu plus petit que le pony de l'île au Sable et n'est employé que pour la promenade. Le buffalo d'eau ou Carabao est amphibie, et passe environ le tiers de sa vie dans l'eau. On l'emploie à tirer les charges et il n'est pas considéré propre au jeu avant l'âge de six ans; et il ne peut travailler plus de six heures après quoi il faut le laisser aller à la rivière pour qu'il se rafraîchisse. On y voit un oiseau noir que les indigènes appellent aussi le Buffalo; il guette l'animal, et lorsque celui-ci a la tête hors de l'eau, cet oiseau se jette dessus et se nourrit des insectes qui viennent sur la tête et le corps du Buffalo. Il est amusant de voir ces petites créatures de la gente ailée piocher pour leur vie et ne troubler en aucun cas le Buffalo. Il me paraît que cet oiseau est nécessaire à la propreté de l'animal. On voit encore partout d'autres oiseaux de différentes couleurs, quelques uns très beaux. Il y a des montagnes volcaniques en grand nombre et plusieurs sont actives. Des mines d'or et d'argent sont en opération. Les communications télégraphiques s'étendent à travers les îles principales, et jusqu'en Europe par voie de Hong Kong. Des steamers de la Chine font escale entre les principales îles; et une fois là la main à Hong Kong. Les malles sont apportées d'Angleterre à Hong Kong par la compagnie de Steamers P. & O. et des côtes Ouest de l'Amérique par des steamers Américains, et ici par les steamers faisant le cabotage. Les malles Européennes et Américaines arrivent environ tous les trente cinq jours: il y a aussi une malle espagnole directe de Barcelone tous les mois.

Si vous jugez que ce qui précède peut intéresser les membres de l'A. C. B. M. ou mérite un espace dans votre précieux journal, Le Canadian, avec plaisir je le soumets à votre approbation.

Votre,  
A. J. Mulcahy.

Maitre du Vaisseau Kingsport, de St. Jean N. B.

#### Installation et Banquet de la Succursale No. 101, Trois-Rivières, P. Q.

A l'assemblée régulière de la succursale St. Joseph, No. 101, de la Cité des Trois-Rivières, tenue le 3 de Janvier 1896, eut lieu l'installation de ses Officiers, par Mr. le Grand Député C. D. Dibert, Président de cette succursale. Les Officiers élus pour 1896 sont les suivants:

Délégué Spirituel, Rvd. F. X. Cloutier, Chanoine et Curé.  
Chancelier protonotary, Epvre Bellefeuille.

Président, C. D. Dibert.  
1er Vice-Président, J. A. Landry, Jules.  
2<sup>e</sup> Vice-Président, M. J. J. Martineau.  
Secrétaire Archiviste, L. J. Deslauriers.  
Ass. Sec. Archiviste, J. J. Pellerin.  
Secrétaire Financier, C. Z. Dupuis.  
Trésorier, Narcisse Rioux.  
Commissaire Ordonnateur, Geo. Legendre.  
Sous-maitre, Adolphe, Jules.

Synthetic, J. N. Pellerin, L. A. Verreault,  
Ch. P. G. Lucas, C. J. Tardieu, Philibert  
E. Panneton.  
Délégué au Grand Conseil, Dr. L. J. Noël.  
Membre, Substitut du Délégué au Grand Conseil  
Ch. P. G. Lucas.

Après la cérémonie d'installation, les résolutions suivantes furent adoptées:

Proposé par le Frère Philibert Patineau, secondé par le Frère Arthur B. Muller, alors que les membres de cette succursale offrent aux officiers sortant de charge l'expression de leur gratitude, pour le zèle qu'ils ont déployé, et les services qu'ils ont rendus dans le exercice de leurs fonctions.

Proposé par le Frère Antoine St Pierre, secondé par le Frère Navageas Mailhiot.

Que les membres de la succursale St. Joseph No. 101, de la Cité des Trois-Rivières, offrent au Rvd. Messire F. X. Cloutier, leur Auteur Spirituel, Charles Dupont Hébert, Esq., Grand Député de la Province de Québec, et Président de cette succursale ainsi qu'à tous les officiers de l'association, leurs vœux les plus sincères de santé, de prospérité et de bonheur, pour l'an néo qui vient de commencer.

Mr. le Grand Député, prenant la parole, remercia, en termes éloquents, les Frères C. M. B. A., de la vieille Cité de Lavolette, pour leurs bons souhaits à son adresse et à celle de tous les dignitaires de l'association. Il les félicita sur la bonne harmonie qui n'a cessé d'exister entre eux, depuis la fondation de leur belle et florissante succursale. Il les remercia, taut en son nom qu'en celui des autres officiers qu'ils ont unanimement continués dans leurs charges, pour l'année 1896, comme la plus grande marque d'estime et de confiance qu'ils pouvaient leur accorder. « Votre passe », dit-il, « j'augure bien pour l'avenir, continuez votre œuvre de protection pour les veuves et les orphelins, soyez toujours unis par les liens de la Fraternité Chrétienne, et Dieu bénira vos familles. Et lorsque, enfin, il vous faudra dire un dernier adieu à ceux que vous aimez tant ici-bas, vos épouses et vos enfants, une suprême consolation vous sera réservée, ce sera d'avoir su assurer leur bien-être, lorsque Le Tout Puissant vous aura rappelé à Lui. »

Mr. le Grand Député C. D. Dibert invita, ensuite tous ses Frères C. M. B. A. à vouloir bien accepter un magnifique réveillon qu'il avait fait préparer à leur intention. L'offre, partant d'un cœur aussi généreux et aussi dévoué, fut agréée avec enthousiasme, et lorsque l'heure de la séparation sonna, le digne fondateur de la succursale C. M. B. A. des Trois-Rivières, avait acquis, une fois de plus, la certitude qu'il a droit d'être fier de son œuvre et des membres Trifluviens dont il est le Chef, car pendant tout le temps que dura cette petite réunion intime, la plus franche cordialité, comme toujours, n'a cessé de régner, tous rivalisant en bons mots et en agréables procédés les uns envers les autres.

Les C. M. B. A. Trifluviens conservent un heureux souvenir de cette soirée.

#### Concert à Ottawa.

Il est rare qu'un entretien tout-à-fait digne d'être patronisé gentrement, le soit; mais celui donné hier soir à

l'Institut CANADIEN, sous les auspices de l'A. C. B. M., a été une exception, car la salle était bondée, et l'auditoire immobile à propos. Il a été fait à grande que plusieurs ne purent être admis et durent se retourner d'appréhension. Plusieurs membres du clergé de la ville étaient présents. Peu après huit heures Mr. E. R. Latchford, président du bureau aviseur des succursales locales de l'association, prit la parole. Le programme était d'une excellente rareté.

Il est impossible de décrire la concert en détail, mais ce sera un éloge suffisant de dire que le nombreux auditoire a montré, par ses applaudissements enthousiastes devenus à chaque des exécutants, qu'il ait plus que contenté du chant de Mlle Tremblay, de Mlle Arcand, de Béatrice Gravelle, des autres demoiselles Gravelle, de Messieurs John Clark, l'echevin Gauthier, E. T. Smith et E. A. Mara, de la déclamation de Mlle Norris, de Mlle Lacerte et de Mr. Labatut, de l'exécution de Mlle Robitaille sur le piano, de Mlle Ryan sur le violon et du professeur Hayeud sur l'ocarina, et du chorus du chœur de Huil. Tous se sont acquittés de leur partie d'une façon admirable, et s'acquittent d'embâle les sympathies des spectateurs.

À la fin de la première partie, Mr. Latchford fit un court discours dans lequel il remercia l'audience, les exécutants et les membres du comité en charge des arrangements, de leur concours faisant du concert un succès. Il exprima l'espoir que le public continuerait à l'aventur l'encouragement donné hier soir. Il parla aussi de la convention de l'A. C. B. M. qui doit être tenue en cette ville l'été prochain. Après avoir parlé en Anglais, Mr. Latchford régala l'audience d'un brillant petit discours en Français.

Le professeur Herr Kochler agissait comme accompagnateur et acquitta de sa charge de la manière la plus satisfaisante. Il y avait aussi un orchestre.

Le comité en charge de l'entretien était composé de Messieurs T. Smith, président, M. J. Farrell, A. Belliveau, F. R. Latchford, E. Parent et R. Davy. — Ottawa Free Press, 1er Janvier, 1896.

#### Adresse à Frère P. J. Montreuil par la Succursale No. 246.

P. J. Montreuil, Esq., Grand Député.

Cher Monsieur et Frère. — Les frères de la succursale No. 246, du Cap St. Ignace, ne veulent pas laisser passer votre première visite parmi eux sans vous solliciter de votre nomination comme Grand Député pour ce district. Les officiers supérieurs ont trouvé en vous l'homme d'ordre et toujours prêt à travailler pour le bien de l'association. Vous autres, vos amis et associés, tout prouvez en vous que vous êtes l'ame à la place et il doit être. Acceptez nos plus sincères félicitations et nous vous souhaitons tout le succès possible. Soyez certain que vous trouverez dans la succursale No. 246, des amis et des frères toujours prêts à vous supporter et à vous encourager.

Veuillez, cher Monsieur et frère, nous croire fraternellement à vous.

Elzéar Ménard, Président, L. J. A. Gamache, Sec. Arch. pour la Succursale No. 246.

A cette adresse Frère Montreuil a répondu dans les termes suivants:

Monsieur le Président et Messieurs : La magnifique adresse que vous venez de me présenter ne me surprise

pas, parceque j'ai déjà eu l'avantage d'apprécier les belles qualités qui vous honorent comme citoyens et comme sociétaires.

Vous n'attendez pas, j'espère, que j'apprécie à leur juste valeur ces qualités ; mes capacités sont trop restreintes pour la faire dignement. Je vous permets mal de vous répéter ce que le Grand Secrétaire de notre belle association me disait l'automne dernier à London, car ses paroles sont à votre louange. "Je constate, disait-il, que les succursales que vous avez instituées donnent entière satisfaction sous tous les rapports, et au moins plus que plusieurs succursales plus anciennes." Si cet officier, qui s'y connaît, a cru devoir me faire cette remarque, c'est que vous avez tous réussis de zèle pour bien remplir vos devoirs de sociétaires. Ainsi donc, honneur à votre président et à vos ouïeux pour avoir rempli leurs obligations fidèlement et de manière à mériter une seconde appréciation.

J'avoue franchement que je ne mérite pas toutes les louanges et les félicitations que vous m'adressez. J'ai fait peu pour l'association et en particulier pour votre succursale dont la prospérité et l'harmonie me récompensent largement du trouble que j'ai pu me donner, et soyez assurés que je serai toujours prêt à faire mon possible pour me rendre digne de la confiance que vous me témoignez et qui m'honore beaucoup. Merci messieurs : je conserverai votre adresse comme un des plus beaux souvenirs de ma vie de sociétaire, la première que je reçois, en dehors de ma succursale, comme Grand Député pour cette partie de la Province de Québec.

#### UN APPEL.

Aux Membres de l'Association Catholique de Bienfaisance Mutuelle du Canada.

Grand Falls, N. B., le 1<sup>er</sup> Déc., 1895.

Frères : — La succursale No. 210, de l'A. C. B. M. établie à Grand Falls, N. B., croit que c'est un devoir urgent de faire appel aux succursales de l'association en faveur de Frère Michael Harley qui depuis un an passe souffre d'une maladie spinale et dont la nombreuse famille est ainsi privée de son seul soutien. Frère Harley est l'un des membres fondateurs de notre succursale, et a toujours été un membre dévoué de l'A. C. B. M.

N'ayant pas de succursale de l'Association de Secours ici, et nos membres n'étant pas nombreux, nous sommes incapables par nous-mêmes de faire beaucoup pour Frère Harley. Nous espérons toujours qu'il prendrait du mieux et serait capable de reprendre son travail, mais Dieu dans sa Providence permet qu'il soit privé de cette bénédiction insensable, une bonne santé. Après plusieurs mois de maladie il est obligé de demander aux frères de l'A. C. B. M. de lui venir en aide.

Le but de notre association étant de aider mutuellement, nous espérons que les frères de l'A. C. B. M. profiteront de cette occasion de venir en aide à un frère en détresse et d'assurer ainsi les bénédictions de Dieu sur eux et notre association.

Une petite offrande de chaque succursale aidera Frère Harley à pourvoir

pour ses petits enfants pendant les longs mois de notre dur hiver.

Esperant donc, frères, que vous tendrez charitablement une main secourable à Frère Harley,

Nous démeurons fraternellement à vous P. A. McCluskey, Prés., Geo. D. McCluskey, Sec. Arch., J. J. Kelly, Sec. Fin.

Toutes contributions devront être envoyées à Geo. D. McCluskey, Sec. Arch. Succursale No. 210.

Je, souligné, Aviseur Spirituel de la Succursale No. 210 de l'A. C. B. M. certifie que Frère Michael Harley est membre en règle de notre succursale et digne sous tous les rapports de la sympathie et de l'aide de l'association.

M. A. O'Keefe, Aviseur Spirituel London, Ont., le 1<sup>er</sup> Nov. 1895.  
Geo. D. McCluskey, Fr.

Sec. Arch. Soc. No. 210, A. C. B. M.  
Cher Monsieur et Frère — Le Grand President et le Bureau des Syndics à leur assemblée tenue le 11 du courant ont décidé de permettre l'appel de votre succursale.

Fraternellement à vous  
S. R. Brown, Grand Secrétaire

#### NOTES.

Les officiers des succursales sont priés d'être aussi prépits que possible à faire remise du montant des deux cotisations pour le mois de Février, auxquelles il est fait allusion à la page 6. Faites le "Rapport de la cotisation Mensuelle" pour deux cotisations, savoir No. 1 et Spéciale, et envoyez le avec la somme avant le 10ème jour de Mars. Maintenant, frères, ne négligez pas cela vu que c'est très important.

Devenez membre de l'A. C. B. M. du Canada.

C'est l'association Catholique de Bienfaisance par excellence au Canada.

Elle est fondée d'après les meilleurs principes d'affaires et repose sur la pratique de la foi Catholique.

C'est de toutes les sociétés de Bienfaisance, établies au Canada ou ailleurs, la plus sagement conduite et celle qui est le plus économiquement administrée. Voici le dernier rapport de l'inspecteur des assurances pour la Puissance.

Elle compte 250 succursales comprenant environ 11,000 des meilleurs citoyens. Elle a payé aux veuves et orphelins au Canada, depuis son établissement, audela de \$900 000.00.

Elle a un fonds de réserve présentement d'un peu plus de \$50 000.00. Elle donne l'assurance au prix courant, et procure des avantages sociaux innombrables.

Tout homme sobre, en santé, jouissant d'une bonne réputation morale, et de moins de 50 ans, peut en devenir membre, quelque soit sa nationalité ou sa couleur, s'il est Catholique pratiquant.

Le coût par jour est d'environ celui d'un billet de tramway.

Etes-vous membre ? Si non, pourquoi pas ?

Voici comment est investi le Fonds Réserve de l'A. C. B. M. du Canada :  
Merchants Bank of Canada ..... \$14,150.31  
Bank of Toronto ..... 10,121.39  
Canadian Bank of Commerce ..... 8,908.29  
Bank of British North America ..... 8,351.01  
Bank of Montreal ..... 6,229.82  
Pré ..... 2,000.00

L'état ci-dessus démontre que nous avons, en date du 1<sup>er</sup> Janvier 1895, dans le Fonds de Réserve, \$50,198.07, dont aucun somme ne peut être retiré que sur chèques conjoints des membres de l'Exécutif ci-dessous mentionnés :

O. K. Fraser, Brockville, Ont.  
Révd. M. J. Tierney, London, Ont.  
P. J. O'Keefe, St. John, N. B.  
J. J. Behan, Kingston, Ont.  
W. P. Killackey, Chatham, Ont.  
P. J. Rooney, Toronto, Ont.  
Sam. R. Brown, London, Ont.

La somme payée pour les décès par l'A. C. B. M. du Canada pendant 1895 a été de \$148,367.57.

Il a été pris 1,463 nouvelles polices dans notre A. C. B. M. pendant 1895, se montant à \$1,971,500.00.

Le montant net des polices en force dans l'A. C. B. M. du Canada au 31 Décembre 1895 était de \$16,166,500.00.

La Succursale No. 134, de St. Jean, N. B., a ouvert la nouvelle année par une réunion de ses membres et de ceux des succursales Nos. 133 et 184. L'assistance était nombreuse. Le président Tole prononça une adresse de bienvenue, après laquelle ceux qui étaient présents jouirent d'un programme musical et littéraire de premier ordre.

Frère Joseph Battle de la Succursale No. 21 a été élu maire de Thorold pour 1896.

Il nous fait plaisir de voir que Frère l'Hon. J. E. P. Prendergast, a été élu pour représenter le comté de St. Boniface à la Législature de Manitoba.

A la session mensuelle du conseil municipal de Marieville, P. Q., tenue le trois de Février courant, les contribuables de ce village ont réélu pour Maire Frère Henri Eugène Poulin de la Succursale No. 135, de St. Hyacinthe.

Frère John Phelan, maintenant de la Succursale No. 26, mais auparavant de la Succursale No. 7, de Sarnia, Ont., a la sympathie de ses frères-membres et de ses nombreux amis dans la triste perte qu'il vient de subir par la mort de l'aînée de ses filles, Mary Phelan, arrivée à Montréal le 26 Novembre. La défunte était aussi la belle-sœur de frère R. J. Neagle, autrefois de London.

Parmi les actives succursales de notre association nous remarquons avec plaisir la succursale No. 49, établie à Toronto. Elle compte environ quatre-vingt membres. Sa posi-

sion financière est excellente, et ses officiers depuis le Président jusqu'à la sentinelle prennent le plus grand intérêt à son opération et à son avancement. L'une des visées de la succursale consiste à promouvoir le bien-être intellectuel de ses membres en outre de la bienveillance. L'ordre du jour, "Bien de l'association" est d'ordinaire marqué d'une leçon instructive donnée par un des membres présents. Dernièrement, frère E. J. Hearn a donné une intéressante description narrative de ses voyages à travers les Etats-Unis, l'Angleterre, l'Ecosse, l'Irlande, la France, etc., etc., traitant de sujets particuliers à chaque pays, tel que le paysage, l'architecture, les moeurs et autres sujets qui naturellement se présentent à l'observation d'un voyageur. Le digne frère a l'intention de donner bientôt ses impressions de voyage sur les îles Killarney. A la dernière assemblée, 27 Déc., de la succursale, le frère Secrétaire-Archiviste W. J. Smith a lu un essai sur "l'histoire du commencement de l'électricité." C'est ainsi, il semble, que les succursales peuvent faire beaucoup pour leurs membres au point de vue intellectuel. Ce mani're est aussi en harmonie avec la constitution de l'A. C. B. M. Nous exprimons l'espoir que d'autres succursales feront des efforts pour instruire leurs membres dans le sens indiqué plus haut.

#### Rôle d'Honneur.

La Succursale No. 19, Stratford, Ont., tient le premier rang sur le rôle d'honneur pour le plus grand nombre d'initiations pendant le mois de Décembre, 1895, ayant initié onze membres.

La Succursale No. 160, Halifax, N. E., vient en second lieu, ayant initié cinq membres.

Les succursales Nos. 3, Amherstburg, Ont.; et 189, Snyder, Ont., ont initié chacune quatre membres.

#### NOUVELLES SUCCURSALES.

La Succursale No. 259 a été instituée le 7 Janvier, 1896, à Courtright, Ont., par le Député d'arrondissement James O'Farley. Ceux dont les noms suivent, on sont les officiers :
