The copy filmed here has been reproduced thanks to the generosity of:

Seminary of Quebec  
Library

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Séminaire de Québec  
Bibliothèque

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

FIRST PRIZE AT THE  
Provincial Exhibition  
of 1875, Ottawa.

First Prize, Bronze Medal and Diploma, Provincial Exhibition, Quebec, 1877.

The Safes I manufacture, justly considered at present as the best ever offered to the public, combine all the qualities required as to strength and safety. In order to avoid moisture in the interior of the Safe, and offer the greatest possible resistance in case of fire, an air space has been secured between the iron sheets which form the envelope or frame of the Safe.

The hinges are not of Cast, but Wrought Iron, resting on a solid base of Steel, with apertures, in order to remove the doors in case they should in time require any repairs. This improvement gives an undoubted superiority over all other Safes.

These Safes are all they are represented to be, and a visit to my Factory will convince every thinking man of the truth of what I affirm.

I ALSO MANUFACTURE TO ORDER,

Iron Vault Linings, Burglar-Proof Vault Doors, Fire-Proof Doors.

Iron Shutters, Iron Doors for Public Buildings, Messengers' Chests and Deed Boxes, Cell Doors and Gratings, Jail, Safe, Bank and Store-Door Locks, Iron Girders and Iron Bridges, &c.

A large number of Second-hand Safes of different makes always on hand, which will be sold cheap.

## PREFACE.

---

THE PUBLISHERS have much pleasure in submitting herewith the MONTREAL DIRECTORY for 1880-81, and trust it will meet the approval of subscribers and advertisers. The difficulty of securing thoroughly reliable agents necessitates the revision of their work from door to door. To some this repetition may have proved somewhat annoying, but by no other means could correctness be secured.

The Publishers have to thank Subscribers and Advertisers for their continued generous support, and beg also to acknowledge the courtesy of those to whom they are indebted for the large volume of Miscellaneous information contained in the Directory.

MONTREAL, June 11, 1880.

MERCHANTS and MANUFACTURERS will please note that this Company issues the only FIRE POLICY in Canada granting permission to keep UNLIMITED quantities of Oils or hazardous goods incidental to their trade without Endorsement.

SPECIAL features of LIFE BRANCH are gaining for it a preference over all other Companies. This is the only Canadian Company dividing its surplus *annually* among Life Policy Holders in reduction of next premiums. Send for a table of rates. Life Branch entirely distinct in Funds and Management from other Branches.

THE "CITIZENS" is the oldest Guarantee Company in America, and offers unquestionably TEN-FOLD THE SECURITY of any other Company. All Railways and Public Companies, Banks, Building Societies, Government and Municipal Officers, etc., in Canada and the United States should hold the indisputable bonds of this Company in preference to all others, as they have had a long trial, and not found wanting. No other form of security is half so satisfactory. Special rates to large Companies.

ACCIDENT POLICIES covering indemnity until cured, and all other popular modes issued at very moderate rates.
