ELEVEN GERMAN WARSHIPS SUNK Dreadnought Von Moltke, Three Cruisers and Seven Torpedo Boats BY RUSSIANS IN GULF OF RIGA

ITALY BY DECLARING WAR AGAINST TURKEY IS LIKELY TO END BALKAN DEADLOCK

Porte's Support of Revolt in Libya and Detention of Italian Residents in Asia Minor Reasons For Step-Roumania's Decision Imminent.

LONDON, Aug. 22.—Marquis di Geronzi, Italian ambassador to Turkey, last night handed to the Porte a note declaring Italy considered herself in a state of war with Turkey and demanded his passport, according to an official telegram from Constantinople, received at Amsterdam and transmitted to the Central News.

The reasons given in the note for Italy's declaration of war were the support given by Turkey to the revolt in Libya and the prevention of the departure of Italian residents from Syria.

Italy's Reasons.
The Italian Government says a despatch from Rome has been sent to all its representatives abroad, a circular setting forth the questions at issue between Italy and Turkey. The despatch closes with these words: "In view of these obvious infractions of categorical promises made by the Ottoman Government and following up on our ultimatum of Aug. 3, provoked by evasions of the Ottoman Government particularly with regard to the free departure of Italian subjects from Asia Minor, the Italian Government has sent instructions to its ambassador at Constantinople to declare war upon Turkey."

Ambassadors Leave.
A despatch says the Italian ambassador and the embassy staff left Constantinople at noon yesterday, according to a telegram from the Turkish capital. The U. S. consulate is being entrusted with the task of protecting Italians in Turkey. The secretary and two dragomans remained at the Italian embassy.

Roumania to Follow.
Italy's declaration of war against Turkey is expected to have a most marked effect on the Balkan states, which are still debating which side they will take in the conflict. The relations between Italy and Roumania for years have been very intimate and the opinion is expressed here that it is probable, especially in view of the threatening attitude of the German powers toward Roumania, because of Italy's allowing ammunition to pass thru her territory, that now Italy has broken relations with Turkey, Roumania will join the rupture.

Time Now Ripe.
Bulgaria is still waiting for the reply of Serbia to the suggestion of the Entente ministers that Serbia cede Macedonia to Bulgaria, while Greece is likely to declare her future policy when the chamber meets this week. The opinion is expressed in diplomatic circles that it is significant that M. Venizelos, who always has been friendly to the entente, has decided to take charge, in addition to the Grecian premiership, of the office of minister of foreign affairs.

ULTIMATUM BY KAISER TO ROUMANIA REPORTED

Roumanian Cabinet Resolved Not To Grant Germany Right Demanded To Transport War Munitions Thru to Turkey.

LONDON, Aug. 22.—A Reuter despatch from Sofia, Bulgaria, says: "Private advices from Bucharest state it is feared there that Germany has sent an ultimatum to Roumania regarding the right to transport munitions of war for Turkey thru Roumanian territory. The Roumanian cabinet is firmly resolved not to grant this permission. A large number of cars laden with war material has been held up at present, at a village near the Tomos Pass, where it is reported Roumanian troops are concentrating. Troops also are massing at Jassy, about 200 miles northwest of Bucharest, and the petroleum regions have been heavily garrisoned."

GERMAN DRIVE TOWARDS VILNA HELD IN CHECK

Russians Are Also Fighting Stubbornly to Save Brest-Litovsk.

BERLIN CLAIMS GAINS Further Progress East and South of Kovno is Reported.

LONDON, Aug. 22.—The Russians are offering stout resistance to the German advance upon Vilna, according to tonight's despatches from Petrograd. "Advices to Reuter's Telegram Company, are that the Russians are engaged with the enemy along the Kovno-Vilna railway. Another Reuter cable says: "The whole line of the Grodno-Bialystok-Brest-Litovsk railway remains in the possession of the Russians, but Brest-Litovsk is almost within the zone of gunfire and frequently is visited by bomb-dropping aeroplanes. "The Bourse Gazette says German advance guards who appeared near Novosvetyany, on the Vilna-Petrograd railway, were driven back by the Russians."

Remarkable Progress.
"Remarkable progress was made yesterday in Conca di Pizzo, where our troops, thanks to an energetic offensive, won the front from Plazze to Casacca. Enemy artillery, not succeeding in checking the rush of our troops, directed its fire against inhabited places, inflicting considerable damage and causing some fires. "In the Monte Nero sector, after a hard fight, a strong section of enemy trenches on the northern slopes of the Urso Mountains fell into our possession. All enemy attempts to retake the positions were repulsed. The same day was reserved for other enemy counter-attacks against our positions at Santa Lucia, where we made several prisoners, including one officer. "Further slight gains in the Monte Maggiore zone, northwest of Arsler, in the upper Balte at the head of the Travenas Valley, and in the region of Cresta Bianca are also reported."

RECEIVED BY KING.
PARIS, Aug. 22.—M. Venizelos was received this morning by King Constantine and accepted the task of forming a cabinet says a Havas despatch from Athens. The list of ministers will be presented to the king this afternoon and they will be sworn in tomorrow.

ITALIANS MAKE BIG GAINS THRU AUSTRIAN LINES

Important Redoubt Taken and Remarkable Progress Made at Other Points.

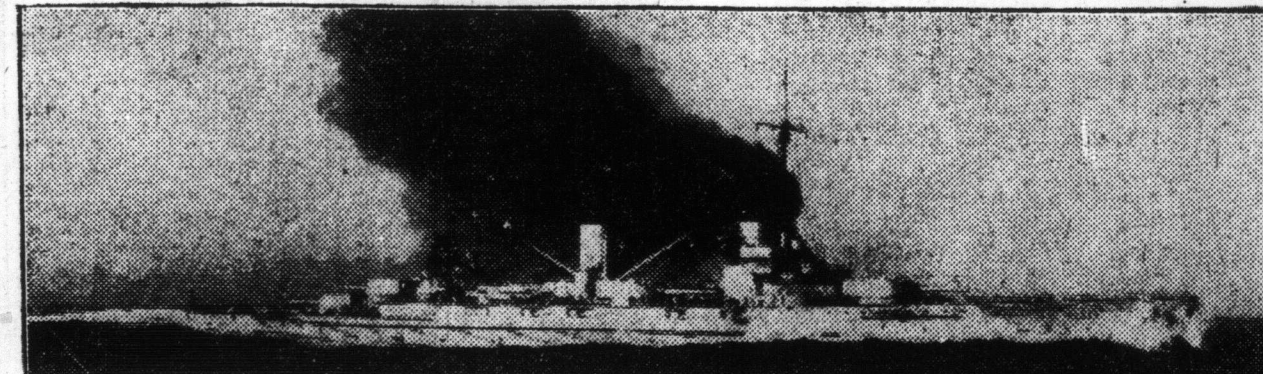

AUSTRIANS VENT FURY BY DIRECTING FIRE AGAINST INHABITED PLACES.

ROME, Aug. 21, via Paris, Aug. 22.—Important successes for Italian arms, including the capture of a formidable Austrian redoubt in the Forlido region, and material gains in the Genoa di Pizzo and Monte Nero sectors, are announced officially. The charge is made that Austrian artillery deliberately fired upon a civil hospital, greatly damaging it.

Remarkable Progress.
"Remarkable progress was made yesterday in Conca di Pizzo, where our troops, thanks to an energetic offensive, won the front from Plazze to Casacca. Enemy artillery, not succeeding in checking the rush of our troops, directed its fire against inhabited places, inflicting considerable damage and causing some fires. "In the Monte Nero sector, after a hard fight, a strong section of enemy trenches on the northern slopes of the Urso Mountains fell into our possession. All enemy attempts to retake the positions were repulsed. The same day was reserved for other enemy counter-attacks against our positions at Santa Lucia, where we made several prisoners, including one officer. "Further slight gains in the Monte Maggiore zone, northwest of Arsler, in the upper Balte at the head of the Travenas Valley, and in the region of Cresta Bianca are also reported."

GERMAN FLEET BADLY BEATEN AT RIGA WITH HEAVY LOSSES

GERMAN DREADNOUGHT SUNK BY RUSSIANS

The German battle cruiser Moltke was a vessel of 23,000 tons, and carried in ordinary times a complement of 1107 men. She was a sister ship of the famous Goeben, which became a part of the Turkish navy after the commencement of the war and was rechristened Sultan Selim. The Moltke was 590 feet long, and was armed with ten 11-inch and twelve 6-inch guns and twelve 24-pounders. In addition, her armament included four 20-inch torpedo tubes. She was built in 1911 and had a speed of about 23 knots. The Moltke was in the battle with the British fleet in the North Sea last January, when the German armored cruiser Bluecher was sunk. The cost of the Moltke was about \$12,000,000.

One Super-Dreadnought, the Moltke, Was Sunk, With Ten Other Smaller Warships, While the Russians Lost Only One Torpedo Boat and Two Small Gunboats.

British Submarine Successfully Torpedoed a German Cruiser While the Riga Battle Was in Progress.

DISABLED BRITISH SUBMARINE WAS FIRED UPON BY GERMANS

E-13 Attacked By Two Enemy Torpedo Boats While Grounded and Unable to Offer Any Resistance, and Crew Fired On While in Boats.

LONDON, Aug. 22.—The story of the sinking of the British submarine E-13 was told in an announcement from the admiralty Friday as follows: "A report has been received from Lieut. Commander Layton, commanding the E-13, whose grounding on the Danish Island of Saltholm was published yesterday. The lieutenant commander reports that the submarine grounded in the early morning of August 19. At 5 o'clock a Danish torpedo boat appeared on the scene, and informed the E-13 that she would be allowed 24 hours to get off. At the same time a German torpedo boat arrived and remained close to the submarine until two more Danish torpedo boats came up, when she withdrew. "At 9 o'clock while the three Danish torpedo boats were anchored close to the submarine, two German torpedo boats approached from the south. "When about a half a mile away one of these hoisted a commercial flag-signal, but before the commanding officer of the E-13 had time to read it the German destroyer fired a torpedo at her from a distance of about 200 yards. The torpedo exploded on hitting the bottom close to her. "At the same moment the German destroyer fired with all her guns and Lieut. Commander Layton seeing that his submarine was on fire and aft and was unable to defend herself (owing to her being aground), gave orders for the crew to abandon her. While the men were in the water they were fired upon by machine guns and with shells. "One of the Danish torpedo boats immediately lowered her boat and steamed between the submarine and the German destroyers, who therefore had to cease fire and withdraw."

Enemy Repulsed by Russian Troops in Attempt to Make a Descent on East Shore of Gulf and All His Barges Destroyed.

LONDON, Aug. 22.—A despatch to the Central News from Petrograd says: "The president of the douma has announced that the Germans lost the battleship Moltke, three cruisers and seven torpedo boats in the Riga battle." "The announcement of the president of the douma, as sent by the correspondent, follows: "In the Riga battle the Germans lost one super-dreadnought, the Moltke, three cruisers and seven torpedo boats. "The German fleet has withdrawn from Riga Bay. "The Germans tried to make a descent near Pernpin (Pernigel on the east shore of the Gulf of Riga, some 35 miles north of Riga?). Four barges crammed with soldiers took part in the descent. They were repulsed by the Russian troops without the co-operation of artillery, the Germans being exterminated and the barges captured."

CONGRATULATES THE NAVY.
Confirmation of the naval victory in the Gulf of Riga was conveyed to the douma committees today by M. Rodzianko, president of the douma. The members of the committees requested M. Rodzianko to congratulate the navy on its splendid achievement, and to convey to the minister of war their compliments on the defeat of the German invaders at Pernau by local levies.

GERMAN LOSSES WERE HEAVY.
Petrograd indulged in pardonable rejoicings this afternoon. The desperate efforts of the Germans to upset our military plans by creating a diversion on Esthonian coast had signally failed. According to the news received today, they sustained heavy losses during the operations connected with the forcing of the Gulf of Riga. Aided by British submarines, we were able from the shelter of the great and little towns to harass and cripple and finally to drive the enemy out of the gulf. The losses of the gallant Baltic fleet were extremely small, in no way impairing its efficiency, and so long as this is preserved no serious danger can immediately threaten Petrograd.

BRITISH SUBMARINE SINKS CRUISER.
PETROGRAD, Aug. 21.—(Via London, 11.35 p.m.)—A British submarine has torpedoed a German cruiser in the Baltic Sea. This announcement is made in an official statement. The statement follows: "During the fighting in the Gulf of Riga Wednesday, Thursday and Friday, the enemy's losses were not less than two torpedo boats. "A British submarine successfully torpedoed a German cruiser in the Baltic Sea."

HUNDRED TURKISH BOATS SUNK.
An official communication issued today says: "The German fleet has left the Gulf of Riga. "Our destroyers in the Black Sea have sunk over a hundred Turkish boats."

GERMAN STORY OF THE BATTLE.
BERLIN, Aug. 22.—A statement from the German admiralty concerning the naval engagement in the Gulf of Riga reads as follows: "Our Baltic naval forces penetrated the Gulf of Riga after mine sweepers had swept the minefield clear of obstructions. In the outmost engagements which developed a Russian torpedo boat of the Emir Pucharski class was destroyed and other torpedo boats, among them the Novik, and one large vessel were severely damaged while retreating. "On the evening of the 19th, in Moon Sound, the Russian gunboats Sivutich and Koreets were sunk by artillery fire and torpedo boats, after brave resistance. Forty members of the crew, including two officers, some severely wounded, were rescued by our torpedo boats. "Three of our torpedo boats were damaged by mines. One sank, was run ashore and one was escorted to port. "Our loss of life was small."

DARKEST HOUR HAS PASSED AND RUSSIA IS CONFIDENT

News of Naval Victory Regarded by the People as the Turning of the Tide in Favor of Russia—Unbounded Enthusiasm and Touching Scenes in Petrograd.

PETROGRAD, Aug. 22.—(Via London, Aug. 22, 3.33 a.m.)—The statement made in the douma tonight by the president of the chamber, M. Rodzianko, that the German fleet had been defeated at Riga with the loss of the battle cruiser Moltke and three other cruisers and seven torpedo boats, elicited unbounded enthusiasm, and was accompanied by touching scenes. The deputies of all factions mutually congratulated one another.

The news spread thru the city, and the people gathered at the newspaper offices awaiting the hanging out of the official bulletin concerning the battle. The people regard the reported victory as the turning of the tide in favor of Russia. "Clouds are Disappearing."
The effect of the destruction of a German vessel of the dreadnought class by a British submarine will, it is expected here, have a beneficial political result and tend to dissipate largely the cloud of discontent over the apparent inaction of the western allies. While the Russian Government and the military and naval authorities have a complete understanding with those in authority in the allied countries, it has been—and

COMING BACK

THERE isn't a store in existence that can keep its customers from roaming around and trying other houses just to test out values for themselves. In fact, it is a good thing sometimes for a man to do so, because it's the only way to prove the worth and integrity of any store. With the introduction of low priced made-to-measure garments in Toronto, we noticed that quite a number of our gentlemen friends slipped away to try their luck in other stores, but now they are *Coming Back*, and after all, isn't that the very best tribute they could pay us? We think so, because it proves that our clothing will stand and has stood the test. Our New Fall lines and models are coming in daily now, and we make a strong show from \$10.00 to \$25.00.

"You owe it to yourself to know what we have on display."

POLICE CAME IN WHILE HE SLEPT

John Wilson, Fifteen, Caught in Store With Bundle of Goods.

BURGLARY IS CHARGED

Stanley Torcia Placed Under Arrest After Room Was Searched.

Fifteen year old John Wilson, 25 Walpole street, entered the premises of D. Pike Co., East King street, thru a rear window Saturday evening, and after bundling together three revolvers, some ammunition, a couple of flashlights and some pocket knives, decided to lie down and have a sleep before making a getaway.

He was rudely awakened at 1 o'clock Sunday afternoon by Officer 528, who took him and his booty to No. 1 Police Station and locked him up on a charge of shopbreaking. E. Mackenzie, a clerk of Pike's, found the lad asleep in the cellar when he came down to the office in the afternoon and called

EXHIBITION OFFICES NOW AT THE GROUNDS

Word has been received at the city hall that the Dominion Railway Commission has given the city, the street railway and the city street car lines, the right to use the exhibition grounds for the purpose of holding the exhibition. The exhibition is to be held at the grounds from the first of October to the first of November. The exhibition is to be held on the grounds from the first of October to the first of November. The exhibition is to be held on the grounds from the first of October to the first of November.

THREE MORE VESSELS SUNK BY SUBMARINES

Victims All British Steamers—Five Lives Reported Lost.

LONDON, Aug. 22.—The British steamers Windsor and William Dawson have met with disaster. The Windsor, a vessel of 6055 tons, was according to a report issued here, sunk, while the William Dawson, an old steamer of 281 tons, has been blown up. The crew of the Windsor were saved, but five men of the Dawson's crew were lost.

YOUNG OFFICERS WILL LEAD JOFFRE'S ARMY

Six More Generals Transferred From Active to Reserve List.

PARIS, Aug. 22, 11.25 p.m.—Six more generals, it is officially announced, have been transferred from the active to the reserve list. This is in pursuance of the policy of Gen. Joffre, commander-in-chief of the French army, in placing only young and active men in responsible commands. Since the outbreak of the war this policy has resulted in reducing the average age of French generals from 61 to 51.

MRS. E. W. COX DIED FROM HEMORRHAGE

Known to Be Seriously Ill, But End Came Suddenly.

TO BE BURIED TODAY

Funeral Takes Place This Afternoon to Mount Pleasant Cemetery.

After an illness of less than a week, Mrs. Hattie Cox, widow of the late E. W. Cox, died Saturday afternoon, at her residence, 162 Isabella street. Mrs. Cox was suffering from hemorrhage of the stomach, and although she was known to be seriously ill, the end came quite unexpectedly. On Saturday her condition became worse, and she was seized with violent hemorrhages at about 10 o'clock in the morning. She rallied again, but failed later and died at 2.20 in the afternoon.

Tendency is to "Consider the Question Without Excitement." BERLIN, Aug. 21, via London, Aug. 22.—No statement is obtainable in official quarters regarding the sinking of the steamer Arabic. The tendency, however, seems to be to consider the question without excitement.

LAPLAND ARRIVED AT LIVERPOOL YESTERDAY

New York Office of White Star Line Made the Announcement. NEW YORK, Aug. 22.—The White Star Line announced here today that the steamship Lapland had arrived at Liverpool at 9 a.m. today.

BRITISH MAIL CLOSES

British and foreign mails will close at the general postoffice as follows: Regular mail, 3 p.m. Thursday, Aug. 26; 5 a.m. Friday, Aug. 27; supplementary, 10.30 a.m., Fri-day, Aug. 27.

BARRIEFIELD SOLDIERS WILL BE COMFORTABLE

Roomy Buildings to Be Heated and Lighted by Electricity. Special to The Toronto World. KINGSTON, Ont., Aug. 22.—It seems quite probable that comfortable buildings will be erected at Barriefield camp for winter occupation, much on the same plan as at Sallisbury Plain and Shorncliffe. The buildings for the men will shelter 160 each and will be heated and lighted with electricity.

GALT RESIDENT ENDED LIFE

Special to The Toronto World. GALT, Ont., Aug. 21.—Despondent as the result of a lingering illness, Frederick Levitt, aged 72, of 49 Naughton street, this morning took his life by drowning in three feet of water in the bathing pool at Jackson Park. His body was discovered by his daughter and daughter-in-law.

LEAFS BEAT SKEETERS ON SUNDAY IN BOTH ENDS OF DOUBLE-HEADER

McTigue Invincible With Fast Ball in First Game—Manning Kept Twelve Hits Phenomenally Scattered in the Second.

JERSEY CITY, Aug. 22.—Toronto made a winning start in their farewell series at this end of the circuit this afternoon by getting away with the long end in both contests of the double bill which featured today's line-up between Jersey City and Clymer's band at West Side Park. The scores were 4 to 0 and 2 to 1.

Joe Yeager's Skeeters were doubly unfortunate this afternoon, for in addition to being trimmed in both ends with the Maple Leafs, they lost, thru injuries, the services of Second Baseman Frank Truesdale, Walter Fielder Ray Demmitt and Catcher Walter Truesdale, all of whom will be out of the game the rest of the season.

Truesdale and Demmitt collided with unusual force in running for Koche's short fly in right field in the seventh inning of the first game, and Demmitt received a fracture of the right shoulder, while Truesdale ruptured a blood vessel in his head, and both men were removed to the city hospital.

In the second game Truesdale had his finger split badly by a foul tip from Gilbert's bat.

McTigue had the Skeeters at his mercy with three hits, while Crutcher was stung by Toronto for nine.

OVERSEAS, WYCHWOOD KEEP UP WINNING GAIT

Saturday's Soccer in the T. and D.—The Records to Date—Saturday Referees.

In a fast, red hot contest, Wychwood defeated Devonians 2-0 at Eaton's field Saturday afternoon. It was a nip and tuck affair until the last five minutes when Devonians' defence broke and Wychwood showed thru two goals.

The committee and players of the Overseas F.C. are requested to be in attendance at Occident Hall tonight at 9.15. A full attendance is requested as business is important.

Overseas played right up to their standard, defeating Caledonians 1 to 0, and staying in position with Wychwood at the top of the league.

Cedarvale defaulted their third division T. and D. fixture, which was to be played with Dunlops on Saturday afternoon at Eaton's Field.

If ever a football committee deserved praise, that committee is Manchester U. They have struggled against great odds all season and are still as enthusiastic as ever.

In the first division of the T. and D. League Queen's Park and Old Country met at Dunlops ground on Saturday afternoon.

The teams lined-up as follows: Queen's Park (1): Galbraith, Maxwell, Lewis, Cairns, Thompson, Smith, Barclay, Brown and McIntosh.

Old Country (1): Herdman, Salt, Colquhoun, Smith, Scott, Taylor, Wulfin, Winch, Long, Riddy and Johnston.

Uster United defeated Hearts 4 to 1 in a second division T. and D. game at Eaton's Field Saturday afternoon.

The teams lined-up as follows: Dunlops (10): Coombes, Yeates, Shivers, Lowe, Cowper, Lavery, Barron, Hewson, Sharp, Wood and McLean.

Davenport and Thistles were scheduled to play their division league game at Sunderland Field, but Davenport could only muster five men, the unpromising weather evidently having the effect of keeping the remainder at home.

MONDAY MORNING, AUGUST 23.

A Head for the Fire Department

Today's council has once more the important task before it of appointing a head to the fire department. To judge by various official utterances, the desire of the present city hall administration is not so much to reorganize the department as to reconstruct it on the old lines of party machinery, so that it might become a refuge for all who claimed party recognition.

If the party officially adopted such a policy, and became responsible for what was done under such conditions, there would be a degree less objection, because the party in self-defence would have to nominate competent officials. But the present idea is merely to get such parties appointed as will cater to party interests, and the value of their services to the city and their actual skill as officers take second place.

Merit, and merit alone, should be the criterion by which candidates for the office should be judged. The party is quite strong enough to take care of itself without debasing the fire department to the position of a fifth wheel of a political machine. Many of the council seem to be well grounded in this principle, but it is by no means clear whether the opposition to various candidates is not more the result of faction than of principle.

The cry for promotion is by no means a bona fide one, and the plan of promotion does not work out satisfactorily. It is generally promotion by survival that occurs, and longevity is no true test of merit.

The council ought to choose a man of independent and experienced business habits, who will regard the expenditure of the taxpayers' money and the safety of the taxpayers' property as the first consideration, above and beyond any mere party or political ends.

Peace Hath Her Victories

If the Cornell professor has really discovered a serum for cancer he has rendered a great service to his fellow-men. Not only has he served his own generation, but he has lifted from generations yet unborn a shadow that for centuries has depressed humanity. Yet there is something almost satirical in the idea of man laboring to conserve human life while millions and millions of people are exerting their energies in killing one another. Probably more men will be killed in this war than in three centuries that would have died by cancer in a century.

When, however, the world returns to peace the energy now employed in destroying property and life will be turned to their conservation. Then the man who is doing something to save his fellow-men from suffering and death will be appreciated.

The Test of Democracy

In France the problem of national organization has been met more easily than in Britain. Under the form of democracy France has retained largely bureaucratic methods and Frenchmen have greater genius for spontaneous organization. "Great conflicts," says the editor of The British Review, in the August number, "bring about a reversion to type." Both France and Germany are living at this moment more intimately in touch with their national instincts than ever before, since both have been forced to throw their last and most precious stake upon the game. Each of them has summoned up the utmost reserves of strength and organized them to serve the issues of defence and attack. But in their methods of applying that strength the two races produce the profound difference that, while the organization of Germany is mechanical, the organization of France is in the main spontaneous.

The British people have concerned themselves more with developing individual freedom and free self-government than with the construction of a stable social fabric. Equality and fraternity have been proclaimed and freedom in the mind is to be the revolution. They have meant much less to the British mind. Its intense individualism and the survival of social distinctions and class feeling

have limited the sense of real national unity, while the constant friction between capital and labor has bred distrust and antagonism. What that means in the greatest crisis the British race has ever been called on to face is very visible in the situation which Mr. Lloyd George has had to meet. At supreme moments, when every minute of time and every ounce of energy were of vital importance, strikes have drawn the workers from the mine and the factory. As Mr. H.C. O'Neill says in another article in the same magazine: "Capital seeking to profit by the crisis, labor seeking not to be victimized, these are both the evidence of self-seeking."

Democracy is on trial in this war—Germans have been educated and trained to hold themselves at the absolute disposal of the state, which to us is something apart and distinct from the people of which it is composed. The Kaiser, ruler by right divine; the army and navy sworn to personal fealty; the whole body of civil officials and educators exist for no other end than to carry out a predetermined purpose—nothing less, indeed, than the enthronement of the German race as dominators and rulers of the world. The men responsible for that purpose have pursued it with unflinching patience, tenacity and ingenuity, and with results which were unbelievable had they not become visible. Can the democracy of Britain rise to the crisis and demonstrate

efficiency? That is the question which holds the eyes of neutral nations, and it only began to be answered when the coalition government was formed. That was the first step toward a keener consciousness of national unity—it was a call to all ranks and classes to do likewise. If the cause of the allies is to prevail, all national forces must be mobilized, organized and directed. And there must be harmonious co-ordination and co-operation.

Trade Returns

Whether the government officials or the newspaper correspondents are to blame, the fact remains that our trade returns as printed in the newspapers from month to month are not standardized like the bank statements so as to facilitate their comparison with similar periods in former years. Sometimes coin and bullion are included and sometimes they are not. The goods imported for consumption in Canada are not always distinguished from goods imported in bond for export to other countries. Until we get the trade returns in blue book form they are apt to be not inaccurate, but misleading.

Take for example gold, which should not figure in trade returns at all. To include the \$70,000,000 transferred from New York to Ottawa by the Bank of England as an import and its retransfer from Ottawa to New York as an export justifies the argument that we redress the balance of trade against us to the extent of \$140,000,000, but the argument is not tenable.

We have increased our exports undoubtedly during the past year, and no doubt our imports have decreased. We should endeavor therefore to get the real figures and a method should be devised by which the memorandum each month would so represent imports and exports that a comparison with another month could be made just as the bank statement can be compared at a glance one month with another.

Imperial Year Book for Canada

When the first edition of the Imperial Year Book for Canada appeared a year ago, public approval was at once extended to the new publication. Its editor, Mr. A. E. Southwell, planned to fill a gap among Canadian writers by giving statistics of the empire and to show the relations between them. This object was achieved with marked success, and it again governs the second edition just issued in Montreal. As was naturally to be expected the great war in which the empire is now engaged has rendered the imperial side of Canadian affairs far more than ordinarily important. The subjects of the book are therefore increased and additions for the purpose of showing how Canada and especially Canadian trade has been affected.

The new edition extends to 650 pages, mostly of statistics, but also contains historical, geographical, and other descriptions, terse and clear analysis and much other valuable information bearing on the subjects mentioned. The opportunity has been taken to rearrange the matter, which is now grouped under general headings, instead of being divided up according to the governmental departments. This is a distinct improvement, as is the change in the table of contents. Another valuable feature is the war section, with its list of contributions in money and kind made through the empire. The year book is a notable addition to Canadian books of reference, and the editor and his assistant, Mr. C. H. Moody, deserve congratulation for their excellent work.

HALL MARK OF DISTINCTION.

Even in this war time and with all the call for economy, every man who respects himself wants to be in the good dressed class. Fortunately there are opportunities today to be both well and smartly dressed without incurring the charge of extravagance. Hickey's 37 Yonge street, is prepared to put every man in the class he naturally desires to be in at the straight price of \$15. These suits have the hall mark of distinction that is Hickey's characteristic, for what he undertakes to supply he does supply.

ANOTHER MACHINE GUN.

Special to The Toronto World. ST. CATHARINES, Aug. 22.—H. E. Larkin, a St. Catharines contractor, now at Seneca Falls, has sent a cheque for \$1,000 for a machine gun. Seven guns have been subscribed from this city.

ENOUGH IN A WEEK TO FORM BATTALION

Toronto Recruiting Figures Show Satisfactory State of Affairs.

HONOR CERTIFICATES
Volunteers Who Failed to Pass Received Suitable Recognition.

Enough men offered themselves in Toronto last week to have formed a whole battalion and a half for overseas service, and of these over a thousand, 1010, passed the final tests and were sworn in and accepted. This was a fine showing for the first week under the newly-organized and centralized recruiting depot at Toronto, and exceeded expectations. Those who failed to secure the final attestation and for the first time received the honor certificates, while evidently appreciating this tribute to their patriotism in volunteering, appeared in many cases both cheerful and disappointed to find that a slight lack of physical efficiency, such as weak sight of one eye, debarred them from serving their country.

The average of recruits passed and sworn in during the first week's work of the Toronto recruiting depot at the armories figures out at 170 per day. The number attested each day was as follows: Monday, 143; Tuesday, 134; Wednesday, 160; Thursday, 168; Friday, 151; Saturday, 166; total for week, 1010.

The names of expert mechanics who enlist to fight, unless enlisted to be employed as mechanics, are to be forwarded for reference to military headquarters at Ottawa. This indicates that from now on skilled mechanics may be used by the government to help in increasing the output of Canada's munition factories.

A leaflet entitled, "Regulations Regarding Illness" is being handed to every overseas recruit by the Toronto Recruiting Depot. It states that the militia department is in no way responsible on account of disability from illness, accident, or operation, prior to being sworn in. Pay will be stopped of men ill from the effects of alcohol.

Soldiers who are ill should, when possible, report at the depot and arrangements will be made for their treatment. If treated in hospital, they will draw pay of their rank without allowances. Attested soldiers who are ill and remain home will be paid of their rank, and their allowances, but must arrange privately for their treatment.

Open on Sunday.
The recruiting tent opened on University avenue by the 38th Peel Regiment was the only one open on Sunday. Pte. Robt. Codd, who was in charge, obtained 35 men for overseas service during the morning and afternoon. It was a very satisfactory result.

The 10th Royal Grenadiers have been asked to supply 50 men to every Battalion of the Niagara Camp. The 59 will be selected from the "Greys" surplus of overseas men. The 59 overseas men were rejected by the recruiting depot doctors, also passed by the regimental doctors as up to the standard.

Official returns issued on Saturday evening gave the number of overseas men in training in Toronto at the week-end as 1410. The recruits are being sent as follows among the city regiments: G.B.C. 43; 8th M.G. 149; Queen's Own, 93; 10th R.G. 185; 12th Yorks, 137; 36th Peel, 166; 45th Wards, 101; Highlanders, 648; 10th Regiment, 9; 9th Battalion, C.F.A., 35.

A fast pace in recruiting work is being set by the Queen's Own Rifles. Since the 38th Overseas Battalion left for Niagara, the Q.O.R. has brought its total of overseas recruits up to nearly one hundred, and in addition has practically all of them in uniform. The men the Queen's Own took up on the recruiting depot at 10 o'clock Saturday morning were in khaki uniforms on Saturday afternoon. Lieut. G. A. Sampson is regimental recruiting officer of the Q.O.R.

AMERICAN RAILWAYMEN VISIT CANADA.

The American Association of Traveling Passenger Agents hold their 49th annual convention at Boston, Mass., Oct. 4-5, 1915. The New York Central lines will operate special trains from Chicago, St. Louis and Cincinnati to Niagara Falls. The contingent from Chicago and the west will leave Chicago via Michigan Central Railroad at 6 p.m. Saturday, Oct. 2, passing through Canada and spending Sunday at Niagara Falls, arriving at Boston Monday, Oct. 5. From there they visit the White Mountains. The guests of the Canadian Pacific and Grand Trunk Railways. From Quebec to Montreal they will have a special train over the Canadian Pacific, or if that company has a boat available at that time, they will enjoy the unique privilege of traveling on an ocean liner from Quebec to Montreal, arriving in the morning, and will leave at noon the same day by special train over the Grand Trunk to visit the capital. From Ottawa they will have a special train over the Canadian Pacific Railway to Toronto, where the party will disembark and travel individually to their homes, but in all probability there will be sufficient to justify a special train Toronto to Chicago.

ENEMY GUETTED IN BIG SURPRISE AT SULLVA BAY

British Advanced Six Miles Inland Before Turks Made Appearance.

SANGUINARY STRUGGLE
Enemy Lost at Least Twenty-Seven Thousand Men Killed.

Special Cable to The Toronto World. ATHENS, Aug. 22.—Details which I have been able to obtain here show that in the later operations on the Gallipoli peninsula, the landing at Sullva Bay was one of the most brilliant pieces of work yet carried thru during the war. The attack which followed the successful disembarkation of troops was one of the most stubborn and sanguinary battles yet fought for the possession of Hellespont and Constantinople.

The chief point about the latest achievement of the British was complete and staggering surprise. The Turks had anticipated a new attack on the Asiatic side, and they had been feverishly fortifying the coast line as far south as Point Baba. Demonstrations of their own had strengthened their belief in our intention to attack on that side.

Turks Hoodwinked.
Never before in military operations has any enemy been so completely hoodwinked. The utmost secrecy was maintained on the part of the various units comprising the landing force departing from their several bases each unknown to the other. That Turkish force which was sent to the better imagined than described. Every description of ship was there, but no soldiers were threatened. The only other road to the east is an inferior artery of supply, and even this is now under fire of the artillery and the mortar batteries of the Boksak and Gereva valleys, stretching away east and south from the middle of the peninsula inland from Sullva and Anzacs to the Dardanelles near Nagara and the Narrows.

Turks' Huge Losses.
The Turks, who fought with the utmost gallantry, lost at least 27,000 men dead, four times as many as our own losses. The way in which the Turkish forces were rushed to the spot, and the nature of the mountainous country in front of our position augurs further stiff fighting before we can bring into being a 12-mile continuous battle line.

Turks' Huge Losses.
The Turkish line, which was swept by the utmost gallantry, lost at least 27,000 men dead, four times as many as our own losses. The way in which the Turkish forces were rushed to the spot, and the nature of the mountainous country in front of our position augurs further stiff fighting before we can bring into being a 12-mile continuous battle line.

BRITISH AVIATOR SANK TRANSPORT

Lieut. Edmunds Credited With Remarkable Exploit in Dardanelles.

BOMB CAUSED HAVOC
All Turk Troops on Transport Believed to Have Perished.

By GEORGE RENNICK.
Special Cable to The Toronto World. MITYLENE, Aug. 22.—An exploit comparable in importance of its result if not in the daring of its execution with that of the flight of Sub-Lieutenant Warneford, V.C., was, I learn, performed on Aug. 12 by the flight of Lieutenant Edmunds in the Dardanelles.

While flying over the straits in a seaplane, he sighted a Turkish transport carrying troops. Making straight for his quarry he descended low enough to be able to drop a heavy bomb on the deck of the vessel so that the resulting explosion split up the transport, which sank, with it believed, all the troops on board.

morning of Sunday saw the British line unbroke and strengthened. All the men were weary, but ready and alert for more work. This consisted of a heavy attack on the enemy's left flank, by which they were routed in disorder, and with exceptionally severe losses.

Junction Effected.
Meanwhile, during the whole course of these operations the Australians and New Zealanders, to the south, had been heavily engaged, and the attack on the Anzacs forces on the left were so successful that a junction was effected, bringing into being a 12-mile continuous battle line.

Thru this line passes one of the main routes for the supply of the Turkish forces now waging the allied forces in the south of the peninsula. The communication of the Turks, therefore, is seriously threatened. The only other road to the east is an inferior artery of supply, and even this is now under fire of the artillery and the mortar batteries of the Boksak and Gereva valleys, stretching away east and south from the middle of the peninsula inland from Sullva and Anzacs to the Dardanelles near Nagara and the Narrows.

All Turk Troops on Transport Believed to Have Perished.

By GEORGE RENNICK.
Special Cable to The Toronto World. MITYLENE, Aug. 22.—An exploit comparable in importance of its result if not in the daring of its execution with that of the flight of Sub-Lieutenant Warneford, V.C., was, I learn, performed on Aug. 12 by the flight of Lieutenant Edmunds in the Dardanelles.

While flying over the straits in a seaplane, he sighted a Turkish transport carrying troops. Making straight for his quarry he descended low enough to be able to drop a heavy bomb on the deck of the vessel so that the resulting explosion split up the transport, which sank, with it believed, all the troops on board.

morning of Sunday saw the British line unbroke and strengthened. All the men were weary, but ready and alert for more work. This consisted of a heavy attack on the enemy's left flank, by which they were routed in disorder, and with exceptionally severe losses.

Junction Effected.
Meanwhile, during the whole course of these operations the Australians and New Zealanders, to the south, had been heavily engaged, and the attack on the Anzacs forces on the left were so successful that a junction was effected, bringing into being a 12-mile continuous battle line.

Thru this line passes one of the main routes for the supply of the Turkish forces now waging the allied forces in the south of the peninsula. The communication of the Turks, therefore, is seriously threatened. The only other road to the east is an inferior artery of supply, and even this is now under fire of the artillery and the mortar batteries of the Boksak and Gereva valleys, stretching away east and south from the middle of the peninsula inland from Sullva and Anzacs to the Dardanelles near Nagara and the Narrows.

SUBMARINE HIDDEN BEHIND DUNSLEY

Lay in Wait for Arabic Under Unsunken Vessel's Hull.

LIVERPOOL, Aug. 22.—According to survivors of the steamer Dunsley, torpedoed by a German submarine just before the White Star liner Arabic was sunk, the underwater craft hid behind the Dunsley's unsuspected hull to lie in wait for the larger vessel. The survivors declare they had been ordered off their ship and were in the lifeboats when the submarine concealed herself from the approaching Arabic.

It is stated that when the liner came close enough to make an attack possible the submarine submerged, went around the Dunsley's stern and launched the fatal torpedo. Survivors say that the German boat, which came up alongside the Dunsley, bore no number.

No previous definite statement as to the fate of the Dunsley has come thru from London. It was announced that she had been torpedoed, but it had not been known whether or not she succeeded in reaching port with her passengers.

CRANE SOLD TO PHILADELPHIA.
PHILADELPHIA, Aug. 22.—The Philadelphia Americans have purchased Short-stop Crane from the Richmond International League team. It was announced here tonight. Crane will join the Athletics tomorrow.

TWO WORKMEN DROWNED.
CALGARY, Alta., Aug. 21.—John Levi Evans, bridge foreman, and Emil T. Lita, laborer in the employ of the Canadian Pacific Railway, fell from a bridge over Nose Creek yesterday and were drowned.

Making Money From the Soil

Is a Book That Should Be in the Possession of Every Farmer in Canada as it contains information that, if followed, will make you prosper and grow rich. It can be obtained on the Popular Coupon Plan through The Toronto World. Clip the Certificate from another page of this paper, and send for this book, "MAKING MONEY FROM THE SOIL," today.

DONALD HENDERSON DEAD.

The death occurred Saturday afternoon of Donald Henderson, 598 College street. The late Mr. Henderson had conducted a stationery and cigar business at the above address and had gathered a host of friends. He leaves a wife and two children. He was connected with Ashlar lodge, 247, A.F. and A.M., and a member of the Knights of Pythias. The funeral will take place Tuesday at 2.30 o'clock.

A matter of importance to the public and the railways has been settled by the government. A nice point has been raised as to the possibility of refund of the war tax in case a person should change his or her mind in regard to the contemplated trip by train or boat, if the railways insisted upon the tax in such cases of changed intention. It was altogether likely that the public would set them down as extortioners.

Accordingly the railways submitted the question to the government—What should be done in case of unused tickets presented for refund to agent before the train starts; to agent or general at the above address and had gathered a host of friends. He leaves a wife and two children. He was connected with Ashlar lodge, 247, A.F. and A.M., and a member of the Knights of Pythias. The funeral will take place Tuesday at 2.30 o'clock.

HAD NARROW ESCAPE WHEN FIRE BROKE OUT

Residence of Frank Webber, Highland Creek, Totally Destroyed.
A fire which broke out about 3 o'clock Sunday morning, in the house occupied by Frank Webber, in the village of Highland Creek, utterly destroyed the building. Mrs. Webber and her young child escaped in their night clothes. The fire was first discovered by a neighbor, who gave the alarm, but the flames had obtained such headway that it was only with the greatest difficulty that the family were saved, while nothing could be done to save the house or contents. Mr. Webber, who is employed in the city, was absent at the time. The cause of the fire is unknown, and both the building and contents are partly covered by insurance.

BOSTON RED SOX WIN TWO GAMES SUNDAY

Thus Drawing Away From Tigers, Who Split Double-Header With Washington.

At St. Louis (American)—Foster and Leonard were too much for St. Louis on Sunday, and Boston won both games, the first 6 to 1 and the second 5 to 3.

Second Game—R. H. E. Boston 0 0 0 0 0 0 0 0 0 0 1 0 10 0 St. Louis 1 3 0 0 0 0 1 0 1 0 1 0 7 10 0 Batteries—Kob, Hamilton and Agnew; Foster and Cady.

At Chicago—Both games of the double-header with New York went to Chicago by scores of 5 to 2 and 5 to 0. In the first contest the locals played an uphill battle until the fourth inning, when the infield wavered. The locals then inserted a pinch-hitter, and the locals got the win which tied the score.

In the second game, Fisher had an easy time against his opponent, and was given great support by J. Collins. Weaver and E. Collins, the locals got the jump on Brown before he had time to settle himself in the first innings and scored three runs on four hits, two of which were doubles and one a triple. This lead proved enough to win a game.

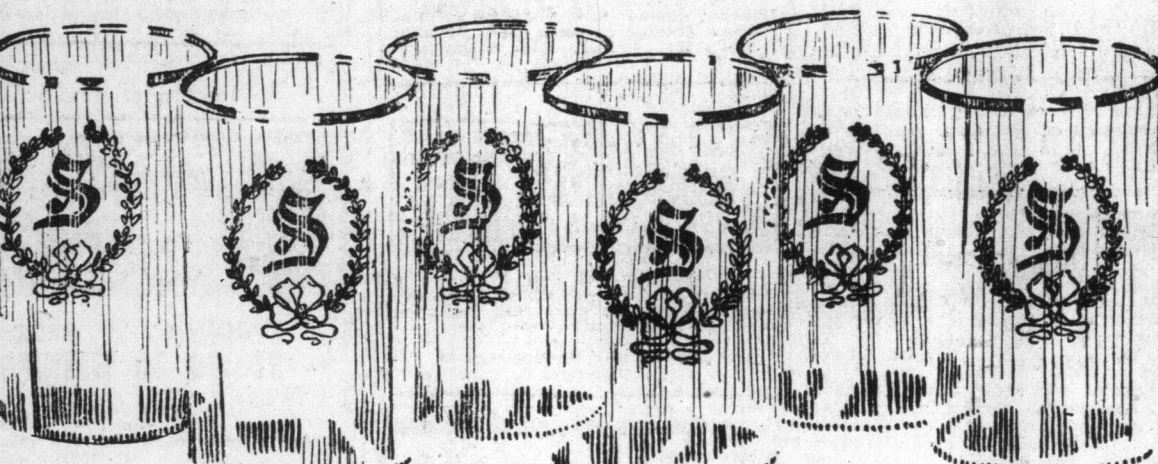

First Game—R. H. E. Boston 0 0 0 0 0 0 0 0 0 0 1 0 10 0 St. Louis 1 3 0 0 0 0 1 0 1 0 1 0 7 10 0 Batteries—Johnson and Williams; Daus and Standen, Holand and Standen.

Y. M. C. A. Baseball Final League Statistics

Table with columns: Team, Won, Lost, Pct. Lists statistics for various Y.M.C.A. baseball teams, including Broadview, East Toronto, and others.

Next Distribution of Tumbler Sets Postponed Until WEDNESDAY, AUGUST 25th SNOWED UNDER

was the reply of the manufacturer of the Silver-Decorated Tumbler Sets, in answer to our "hurry-up" request for a supply for distribution on Saturday.

We regret the disappointment to our readers who are anxious to obtain one of these very handsome sets, but trust they will bear with us, as the failure to make delivery is with the factory.

The demand for these thin-blown sterling silver decorated glasses has reached enormous proportions. Every woman of taste who desires something chaste and superior will want to own them.

Those of our readers who have sent in mail orders and have not yet received their set, are assured that they will be shipped from the first supply received. Save the coupon, which appears on another page of this paper, and present at The World Office, 40 West Richmond Street, Toronto, or 15 East Main Street, Hamilton.

City Playgrounds Sports and Pastimes
