"DEATH FOR McNAMARAS" IS THE CRY FROM RANKS OF OUTRAGED LABOR

Central Labor Union of Spokane Starts National Movement Calling for Deluge of Telegrams Demanding Execution of Dynamitards—Wave of Execration Sweeps From Coast to Coast.

Revelations Just Beginning.

The revelations at Los Angeles as to the dynamite outrages in the United States in connection with labor disputes are shaking the American nation to its very foundations. Organized labor is involved, and is likely to be still further involved. The revelations are only beginning. There are many more culprits than the McNamaras, and some of them are higher up. Outrage after outrage has occurred, and the men mixed up with them are likely to be unearthed. The money for the outrages came from somewhere. Where? The American people are determined to know. The federal government is already investigating the Indianapolis outrages, and they will investigate the others with increased energy after the confessions at Los Angeles. The manufacturers are severe in their criticism of Samuel Gompers, the head of organized labor. Altogether a most astounding state of affairs is about to be revealed.

SPOKANE, Wash., Dec. 2.—(Can. Press)—The Central Labor Union of Spokane, representing 4500 union men, is shaping plans for a country-wide movement to obtain the maximum penalty for the Los Angeles dynamiters. The program is to have every labor union organization in the United States telegraph to the California authorities before next Tuesday morning, urging that the limit sentence allowed by the laws of the state be imposed upon the McNamara brothers for the crimes they have confessed.

INDIANAPOLIS, Dec. 2.—That the McNamara brothers should be hanged, not imprisoned, was the conviction expressed to-day in statements by officials of three national labor organizations that have headquarters in this city. "The McNamaras took human life, and just as in any other case, the penalty should be life for life," declared Frank Duffy, national secretary of the Carpenters and Joiners' Union. "They deluded us, and we went down in our pockets for them. We don't want such men in organized labor."

"It is awful," said J. W. Dougherty, international secretary of the Bookbinders' Union. "As far as I am concerned, they cannot hang them up too high to suit me." Brand of Anarchists, W. J. Spieres, secretary to Jas. M. Lynch, president of the International Typographical Union, who is out of the city, said he would speak for Mr. Lynch when he said that "Hanging was none too good for anarchists, such as the McNamaras are." He added: "It is a crime against unionism, as well as against humanity. They deserve the extreme penalty."

Burns to Roosevelt
CHICAGO, Dec. 2.—Detective W. J. Burns answered the congratulating telegram he received from Theodore Roosevelt by the following message: "Please accept my sincere thanks. It is the words of encouragement from men of your sterling character that urge us in the faithful and vigorous performance of our plain duty." Mr. Burns said he would leave Sunday or Monday for New York, return here in three or four days and go immediately to Los Angeles. The future of the dynamiting cases, he said, hung on the desire of District Attorney Fredericks.

LOS ANGELES, Dec. 3.—(Can. Press)—The Los Angeles typographical union, a local of the international body to which James B. McNamara belongs, repudiated him and his brother John J. McNamara, secretary of the International Association of Bridge & Structural Iron Workers, in resolutions adopted here to-day. The resolutions instruct the officials of the union to make a statement, the text of which is included in the resolutions themselves. The resolutions say: "Now that they have confessed their guilt, having duped, deceived and be-

truded the McNamaras are." He added: "It is a crime against unionism, as well as against humanity. They deserve the extreme penalty." "Union labor has learned a lesson," said W. D. Huber, president of the Carpenters' and Joiners' Union. "In the future we will look into cases like this a little deeper before we dig down into our pockets."

ALFONSO'S AUNT WROTE BOOK AND THEREBY MADE TROUBLE

Infanta Eulalie Published Work Without the King's Authorization and Was Reprimanded—Authoress Sent Curt Reply and Intends to Pursue Life of Letters.

PARIS, Dec. 3.—(Can. Press)—The Temps prints the particulars of a right royal row between King Alfonso of Spain and his aunt, Infanta Eulalie, a princess with bold and unconventional views. The infanta, who resides in Paris, to-day received the following telegram from King Alfonso, dated from the palace at Madrid, Dec. 2: "I am astonished to learn from the newspapers that you have published a book under the name of Countess Avila. I suppose this will cause a great sensation. I order you to suspend publication until I have taken cognizance of the contents, and give my permission to publish." To this telegram Infanta Eulalie replied as follows: "I am greatly astonished that my book should be judged without being read. It is a thing that could only happen in Spain. Never having a liking for court life, from which I have always held myself aloof, I take this opportunity to send you my adieux. For, after this proceeding, which is

worthy of the Inquisition, I consider myself, so far as my private life is concerned, free to act as I deem fit." To Life of Seclusion. In communicating the telegrams to the Temps the infanta declared vehemently that, after the treatment of her son, who had shown great patriotic devotion in fighting in Morocco without the slightest recognition, this was the last straw, and she had given orders for the sale of all her estates in Spain and would henceforth live in the strictest privacy. "I shall be much happier so," said the princess, "for I can keep my personality."

While the book, to which King Alfonso takes exception, and which bears the title, "The Thread of Life," has the name of Countess Avila on the title page, the preface, in which the author takes the responsibility for the views expressed, is signed "Eulalie, infanta of Spain." The work is written in French. It is a sort of discursive independent treatise on morality. The chapter headings include such subjects as: "The Principal Causes of Happiness"; "The Development of Will Power"; "Complete Independence of Women," for the princess is a radical feminist; "Equality of Classes by Education, Religion and Marriage." The royal moralist makes a determined onslaught on the traditionalists. She is in favor of divorce, but thinks that it should be a "law based on justice, not, as often happens, on tacit agreement concerning just."

LEADER OPPOSES DEATH PENALTY

Samuel Gompers Thinks Spokane Movement Altogether Unwise—Won't Discuss A. F. of L.'s Attitude.

NEW YORK, Dec. 2.—(Can. Press)—"I am not a hound, I am not a bound. I do not seek human life in punishment for any crime." This was the angry exclamation of Samuel Gompers to-night on his return from Troy, when shown a despatch from Spokane stating that the Central Labor Council of that city is planning a country-wide movement to obtain the maximum punishment for the Los Angeles dynamiters. Mr. Gompers made an impatient gesture as he finished reading the despatch and vigorously shook his head. "I do not believe in capital punishment under any circumstances," he continued. "I do not believe that the state has a right to take human life. This is a very unwise movement. I am against it. It is like the populace in the Roman arena demanding with its thumbs down that the victorious gladiator plunge the sword into his victim. I do not believe in thumbs down for these or any other men." "What punishment do you think should be meted out to them?" the labor leader was asked. "Suppose we let the judge decide that. I am content to leave it with him," was the reply.

A Misdirected Effort.
"Has the American Federation of Labor any authority over the Central Labor Council of Spokane?" "They are affiliated with us, but we have no authority over them. They have a right to do as they please as long as they obey the law. I can only say that this is a very unwise movement, a misdirected effort and I am not in sympathy with it."

Mr. Gompers was also shown the despatches stating that the federal investigation at Indianapolis into dynamiting cases would proceed in spite of the fact that the McNamaras had pleaded guilty, and was asked if he thought there was any possibility of officials of the American Federation of Labor being involved. "Let them go ahead. Let them go as high as they like," he exclaimed. "If there are other men above or below in this case, the federal investigation ought to disclose them. Let the federal investigation go on. If there was anybody behind these men, their identity ought to be known. Personally I cannot conceive of where they got their money to perpetrate their outrages. I cannot dream of who was behind them."

No Formal Statement.
Mr. Gompers was found at a Broadway hotel, where he will make his headquarters until he leaves for Washington, probably Monday night, and plainly showed the effects of the strain. "I had had little sleep and practically nothing to eat all day," he said. "In due time, when I have the facilities and the opportunity I may make a written statement, but I don't want to discuss the matter any more."

"It has been said that the McNamaras pleaded guilty to protect other persons," Mr. Gompers was told. "I don't know anything about that. I have received no communication from Los Angeles since the joint telegram from the McNamaras thanking me for the support of the American Federation of Labor. If there is anybody that needs to be protected, I don't know of it."

Men's Fur and Fur-lined Coats.
We had a little touch of winter yesterday but it was very mild. There's more to come, however, and a fur-lined or all fur coat would feel more comfortable. The Dineen Company is showing some excellent lines in fur-lined coats of muskrat and mink, and of all fur coats in coonskin, Australian oosum, wombat and black dog. Also, there is an unusually excellent display of sleigh and auto robes, coachmen's fur sets, gauntlets and adjustable fur collars.

IN THE TRENCHES WITH THE ITALIANS

From a street photographic enlargement, Nov. 4, 1911. "QUIET THERE"—BERSAGLIERI DETACHMENT COMING ALONG A SAND TRENCH UNDER FIRE. A Tripoli telegram sent off on the 10th inst. stated that the usual ineffective artillery attack was delivered by the Turks on the northern front of the Italian line on the day before. The eastern front was frequently attacked by small bodies of Arabs. The engagement finished by nightfall. On the 10th the oasis was again to be cleared of rebels, who had evidently been recruited from the town of Tripoli. The Italian warships were watching the coast at the Tunis frontier. The various services to prevent the spread of cholera in Tripoli are being well organized. A concentration camp has been formed in the gardens outside the town.

United States Government Probing Huge Conspiracy

Prominent Labor Leaders, Alleged to Have Been Involved in Times' Explosion, Under Surveillance—Aid of President Taft and Attorney-General Wickersham May Be Invoked.

LOS ANGELES, Dec. 3.—(Can. Press)—The United States Government and California are co-operating to uncover one of the most gigantic conspiracies ever conceived in the history of this country. This was the declaration to-day of Assistant District Attorney W. Joseph Ford, second in command to District Attorney Fredericks, and the man who was arrested in Indianapolis for the alleged illegal extradition of John J. McNamara. "It is only a question now of whether the federal government or the state authorities can reach certain persons and bring them to justice more effectually," continued Mr. Ford. The latter has been in charge of the gathering of evidence for the prosecution and while his chief, District Attorney Fredericks was resting on a ranch near here to-day, Ford occupied himself with the details of the McNamara case. He admitted that the prosecution had under surveillance in other parts of the country some prominent labor leaders alleged to have been involved in the Times explosion, but said that arrests might first be made by the federal government in connection with its investigation.

"The federal government has shown every disposition to assist us, and we are helping them as much as possible," he said. **Probe Will Be Deep.** The vigor with which the federal government is pressing its investigation into the conspiracy, which is alleged to extend over the entire country, has been increased within the last fortnight, according to well informed persons here and in proof of this, it is shown that U. S. District Attorney McCormick now is in Washington, and U. S. District Attorney Miller of Indianapolis, and District Attorney Fredericks are in close communication. Evidence desired by the federal grand jury in Indianapolis from this place will go forward as quickly as it is asked for, Ford said. This question has been raised repeatedly, and local authorities have not stated their position until to-day. "The ramifications of the matter are said to be so extensive that it would cause no surprise here if the subject had been brought to the attention, not only of President Taft, but of Attorney-General Wickersham."

To Empower Grand Jury. To give the prosecution here more Continued on Page 7, Column 5.

DARROW REPLIES TO CRITICISM OF SURRENDER

Only Motive, He Declares, Was to Save Lives of McNamaras—Los Angeles Business Men Helped Negotiations—Darrow Resents Comments of Labor Men.

LOS ANGELES, Dec. 2.—(Can. Press)—All known angles in the unexpected termination of the McNamara murder case were summed up to-night by Clarence S. Darrow, chief counsel for the defense, in a statement dictated to the Canadian Press. Mr. Darrow's statement is as follows: "No motive of any sort entered into the disposition of the McNamara case, except the welfare of the men accused of murder. "Believing as I did that the action taken would save the lives of the accused men, I had no more right to refuse it than a doctor would have to forebear an operation on a patient to save his life. "A committee of Los Angeles people, beginning work Nov. 30, made it possible to accomplish the result. Their suggestions were brought to me first by Mr. Steffens on that day and every day thereafter as matters proceeded until the final determination. "How much their efforts had to do Continued on Page 7, Column 7.

PERSIANS APPEAL TO AMERICAN LEGATION

Procession of 10,000 Makes Call on "Principles of Fair Play"—English Community Charge Sir Edward Grey With Ruining Prestige of Britain.

TEHERAN, Dec. 2.—(Can. Press)—Ten thousand persons carrying banners with the inscription: "Death or Independence," marched to the American legation to-day and appealed to the minister to urge the government to support the American principles of fair play and love of justice. The English community here is aroused against Sir Edward Grey, the British foreign secretary, and think that Mr. Shuster, the treasurer-general of Persia, outplayed him by revoking the appointments of Englishmen, to which Sir Edward objected. The British correspondents here are making it very plain in their despatches that they believe that the British foreign minister is ruining the prestige of his own countrymen, which might be regarded as "laughable, if it was not tragic." Two thousand additional Russian troops have arrived thirty miles south of Resht.

The cabinet has resigned. A small body of Cossacks has arrived here to protect the Russian legation. Two hundred Russian troops at Resht have disarmed the local Persian militia and occupied the telegraph office. They are acting as the war had been declared.

STRUCK BY CAR—DIED ON WAY TO HOSPITAL

William Gaffney, Aged 75, Walked Unknowingly Into Danger on Gullage Street.

William Gaffney, a man of 75 years of age, living at 14 Russell-street, was knocked down and killed by a street car at the corner of St. George and College-streets on Saturday afternoon about 4:30. Gaffney had been at a barber shop on Queen-street and was returning home. He stepped from the sidewalk near Beverley-street and carefully watched a Carlton car coming from the east, but failed to notice one coming in the opposite direction. The car-fender struck his legs and threw him against the vestibule, and from there to the ground. A passing motor-car conveyed him to Grace Hospital, but he died on the way. It is thought that he sustained a fractured skull. The car was in charge of Motorman Joseph May, 2168 East Gerrard-street, who says that he saw the man step from the sidewalk, but did not for a moment think that he would walk right in front of his car. May states that he was not traveling at a fast rate of speed, having stopped at Huron-street. Gaffney was rather deaf and evidently did not hear the car approaching. Dr. Sargent will open an inquest at the morgue this afternoon at 4 o'clock.

SIR WILFRID FOR LONDON TO SUCCEED STRATHCONA?

Report is Revived That Ex-Premier is to Be New High Commissioner—Strong Pressure is Said to Have Been Applied

Special Cable to New York American. LONDON, Dec. 2.—The American is reliably informed from a high and confidential source that Sir Wilfrid Laurier will soon succeed Lord Strathcona in London as the Canadian high commissioner. After the recent sensational Canadian elections, Lord Strathcona made one of his many flying visits to the Dominion, in order, as he told his friends, "to shake my friend Borden by the hand." During that visit the question of a successor to the increasingly important post of high commissioner was discussed. Sir Wilfrid Laurier expressed the opinion that if he took the London post immediately it would look as if he were shirking his duty, which is to lead the opposition. The force of circumstances has, however, prevailed, and Lord Strathcona's growing feebleness makes it imperative that his post be filled. Sir Wilfrid Laurier has always made a great impression during his visits to London and his appointment would give the greatest satisfaction. Lord Strathcona still makes a brave attempt to go about work at all hours, as if he were a young man, and his physicians have long since despaired of offering him advice, but during the past few weeks he has suffered greatly from violent pains in the neck and his eyes have given him much trouble.

Went Over Falls Fulfilling Vow

Farmhand, From Near St. Catharines, Took Plunge Despite Rescuers' Efforts.

NIAGARA FALLS, N.Y., Dec. 2.—(Special)—The police believe the man who committed suicide by going over the American falls last night was Hugh J. Adams, 50 years old, a farm hand who had been working near St. Catharines. The description of the suicide tallies with that of Adams in all but one particular. Adams had a mustache when he left St. Catharines for the falls yesterday, but the suicide was clean shaven. About 7 o'clock last night, Reservation Officers John Wilson and Arthur Alexander saw a man standing in the glare of the park electric lights on the river bank a short distance above the falls, just outside the iron railing that guards the river. They shouted to him to come back, but he paid no attention. The man calmly waded into the rapids above the falls, and while the officers made futile efforts to rescue him, he was carried over the falls. All efforts to locate the body have been unsuccessful. Chief Thomas Lyons this afternoon received a telephone message from Chief Greene, St. Catharines, to the effect that Adams had left St. Catharines yesterday with the avowed intention of going over the falls.

JOHN DREW "A SINGLE MAN"

Reservations were made at the King Edward last night for Mrs. John Drew and her daughter, Louise Drew, though Mr. Drew is to appear at the Princess next week as "A Single Man."

UHLAN GOES TO RUSSIA.

Early in January the champion trotter, Uhan (1894), will be shipped from Cleveland, where he has been quarantined at the North Randall track since the close of his campaign, to Brunswick, Ga., there to be made ready for a trip to Russia in the early summer.

The journey abroad is being made in fulfillment of a promise made by G. G. Billings, owner of Uhan, to Russian breeders, when he was there two years ago with Len Dillon. The chestnut mare, after being off the turf several years, and foaling two colts, had as much speed for a brush as exhibition horses, and was a revelation to the foreigners. Uhan is to be driven to wazon by Mr. Billings during this trip, and it is the intention to have him up to a mile faster than any trotter has shown outside of the States, after which he will be returned to New York and pointed for an effort against his own best mark.

Uhan has a winter place near Brunswick, and during previous winters has logged the gelding on the roads thru the pine forest. It is not known whether any horses other than Uhan will make the trip to Russia, but the other countries will be visited. When Lou Dillon went abroad she was accompanied by several other members of the Billings stable, one of them, the stallion Fleming Boy, was presented by Mr. Billings to the Austrian Jockey Club, and now is being used in the stud.

Canadian Snowshoe Union.

QUEBEC, Dec. 2.—The semi-annual meeting of the Canadian Snowshoe Union was held at the city hall on Saturday evening, there being a fine attendance of delegates from all the clubs in the union. The meeting was presided over by Mr. A. Courcier, president of the M.A.A.A., Mr. Lamauie of the Champeleux, Montreal, and Mr. Cabana of the Turque Rouge, Sherbrooke. The local clubs also were all represented.

There was quite a discussion over the question of a clash between clubs in regard to colors and uniforms, and action was taken in regard to a settlement of the matter. Arthur Lamauie, who was spoken of as the "father of the snowshoe," elected a life member of the executive.

Mr. McDonald of the M.A.A.A. gave notice of motion that delegates to the next meeting of the union should represent more than two clubs.

A question as to the towns in which unions should be held, and the telegram read by Mr. Nap. Belleau in regard to a recent meeting held in Montreal, was explained by Mr. Lamauie to refer only to the Montreal clubs, and not the union.

Mr. McDonald stated that the Montreal clubs, he thought, would have no objection to meet in whatever town the president of the union was located.

Mr. Cabana spoke of the progress which the Sherbrooke clubs were making, and might expect a large representation from the Eastern Township clubs at the annual meeting and carnival in Quebec in February. The Turque Rouge had just organized a bugle band, forty strong.

Methodists Play Soccer Semi-Final Varsity Campus.

Methodists Play Soccer Semi-Final Varsity Campus. Dec. 2.—(Staff Correspondence.)—The semi-final M. Y. M. A. Association football match between Woodgreen Methodists and Centennial Methodists was played Saturday afternoon at Varsity campus before a fair-sized crowd of spectators from both teams. There was a southwest wind across the field, which made the kicking difficult.

The line-up: Centennial—Goal, Crawford; backs, Forsyth, Rozanac; halves, Lawrence, Bramhall, Green; forwards, Sutherland, Smith, Johnson, Taggart, Baynton. Woodgreen—Goal, Edgar; backs, Oviatt, Miller; halves, Leroy, C. Vaughan, Booth; forwards, Warrington, L. Vaughan, MacDermott, Finn, Filer. Referee—Murphy.

The ball was kicked off at 3.35 and immediately Centennial began to do things, starting off by scoring. Taggart, forward for Centennial, after rushing the ball up from centre field, kicked from right field and scored.

The aggressive work of Centennial stood out in the first half, although Woodgreen played a fine defensive game. The slippery field prevented any fast work by either team.

Half-time score, 1-0 in favor of Centennial. Second Half.—Both teams played with a vim from the beginning, but Centennial had a better forward line and again scored. Edgar, inside right for Centennial, scored five minutes after the ball was kicked off. Play surged up and down, both teams being unable to score.

Final score, Centennial 2, Woodgreen 0. The Doherty Manufacturing Company defeated the A. T. Reid Company at soccer on Saturday afternoon by 4 to 1. As neither team had been beaten before, considerable interest was taken in the result.

JUDEAN CLUB CHAMPIONS

Defeated the Capitals by 9-5 in Great Game—Landy and Bickie Stars.

The Judean A. C. defeated the Capitals in what proved to be the final game in the City Intermediate Rugby League, at Scarborough Beach Athletic Grounds Saturday afternoon, before a good crowd, considering the distance each team had to get to the grounds. Both managers naturally were confident as to the result of the game. The line-up:

Judean A. C.—Backs, D. Pearman; halves, Temesh, Landy (captain), Swartz; quarters, Finkle, Scrimmage, S. Pearman; fullbacks, Samuels; wings, Spered, Currie, Ross, Dolgoff, Freeman, Turrofsky. Capitals—Backs, Jones; halves, Cunningham, Bickie, Stone; quarters, Karm, Scrimmage, Kitchen, Whale, Hughes; wings, Cleighton, Newell, Sanderson, Johnson, Agrest, Merrick. Referee—W. Gladish. Umpire—Len Smith.

The Caps won the toss, giving the Judeans the kick-off. Landy kicked the ball to the Caps' ten-yard line, where the Judeans secured the gain yards against the Capitals' fine line holding. The play hovered around centre, hardly ever leaving the Judean line holding, and hands for any length of time. In this quarter the excellent line holding of the Judeans shone in its great strength, and a muff being made by the "Jacs," the Judeans won the score 6-0 in the first quarter.

The second quarter started with all the nervousness away, and the teams were still putting up a great article of football. The Capitals' backs were a little untidy, but the Judeans were taking advantage of it. Landy secured the ball on his own thirty-yard line and made a brilliant run of twenty yards, evading four or five Capital tackles. The Judeans tried to kick, but the Judean backs were not taking no chances, and were beginning to kick very frequently, with the result that the Judean backs showed their prowess, gaining four or five yards on every punt. With the ball on the Capital ten-yard line, a Judean player secured and went thru centre scrimmage for a touch, which was brilliantly converted by Landy. The excitement was intense among the Judean followers, and as a result several free-for-all fights broke out among the players in the grand stand. But the Judeans were not denied, and Karn, after a beautiful cross-kick, put the ball on the Capital ten-yard line, which was not touched down, which was easily the feature of the game.

Landy secured the ball after the kick-off and booted it to the Capitals' five-yard line, where a fumble by a Cap man nearly put the Judeans into a beautiful kick, where Pearman was downed for a rouse. The play was in the Judeans' favor in this quarter, and the Capitals were lucky to hold the score down as they did. The quarter ended 7-4.

The last quarter started with the ball in the Caps' hands, when they lost it thru their repeatedly muffing. Temesh made a beautiful punt onto the Capital line, where Dolgoff scored 6-6 for a rouse, making the score 8-4, with six minutes to play. The scrimmage and wings continued, and the Judeans were holding the Capital line in a standard throughout this quarter, and were very much in the play. Manager Landy here made an elegant run for fifty yards, putting the ball on the Caps' 20-yard line, where Swartz secured after another one of those Cap fumbles, and kicked over the line, where Dolgoff again downed the Capital man for a rouse, making the score 8-8. There was no further scoring in the game, and the Judeans held it safe until the end, amidst wild celebration by the Judean Athletic Club members, who appeared in the Capital town, after leaving the cars at the corner of Sherbourne street, where they were waiting for the bus.

Scottish Curlers for Minneapolis. MINNEAPOLIS, Minn., Dec. 2.—Active preparations have been made at the Minneapolis Curling Club building for the beginning of the curling season. Everything is in readiness and only the ice is lacking. If the present weather prevails the season will probably open the latter part of this or the first of next week.

The club is in a prosperous condition and has 65 members and a list of waiting applicants for enrolment. One of the best seasons in its history is expected. One of the feature events of the season will be a series of games on Feb. 7, with the 24 Scottish curlers, who will pass thru Minneapolis on their way to the big Winnipeg curling.

In the final game of the interfacery soccer matches at McDermott, the Scottish curlers would be the guests of the St. Paul curling fraternity upon Feb. 7. The visit promises to be a marvellous one, as curling circles, the Scottish team consists of 24 players or six rinks, of the best curlers in Scotland. They will arrive about Jan. 1 at Halifax, and from there will tour the different Canadian provinces, coming on to St. Paul way of Chicago.

The Winnipeg Bonsel will start upon Feb. 8 and it is planned to have the St. Paul curlers escort the Scottish curlers from here to Winnipeg, leaving upon the evening of Feb. 7. An entertainment committee will be appointed by the Capital City and Nuskas clubs to entertain those visiting curlers while in St. Paul. They will be entertained at breakfast and luncheon, with a drive thru the city, and in the afternoon an exhibition curling match will take place, when the Scottish curlers will meet picked rinks from St. Paul, Minneapolis and Duluth.

It will be arranged to have the Rev. Mr. Ford, who is considered one of the best curlers in Scotland, as the opponent of R. H. Dumber, the greatest curler in America.

KICKS FOOTBALL 30 MILES. Student Dribles From Harvard to Ipswich on Wager.

BOSTON, Dec. 2.—On a wager of \$100 Daniel Sargent, a Harvard junior, started at 3 a.m. from Harvard Square for Ipswich, about 30 miles, kicking an Association football as he went. He reached Ipswich, about 30 miles from Cambridge, in an automobile, and returned to Cambridge in an automobile in which several students had accompanied him. He says that he found no difficulty in kicking the ball along except that once or twice at a stream, and the water was forbidden by the terms of the wager to touch it with his hands and had some difficulty in getting it out.

Sargent is one of the editors of the Boston Globe and a member of the Sphinx Club. He is from Wellesley and has quarters in Beck Hall. It appears that Sargent and his followers talked late into the morning about kicking as a requirement of football. Sargent is quoted as declaring that he could kick a soccer football—a ball that is round—any distance and never "Ah, you couldn't kick it across the street," said one of his companions. "Set 'em up," replied Sargent. "I'll put up \$100 that I can kick it from here to Ipswich."

Sargent made his wager with Gordon Grant, who won a wager by running from Cambridge to Ipswich one day last week in 8 hours and 24 minutes, having bet that he could make the distance inside of seven hours.

Sargent didn't consider that much of a trick, and that's how he got started. Beta counting to more than \$1000 were made by students on the result.

DARROW REPLIES TO CRITICISM OF SURRENDER

with the state's attorney I cannot talk, but it was at their intercession that negotiations were begun by attorneys for the defence. I expected the final action every day after this movement was commenced, and it was taken the first minute that an understanding was reached. It was impossible to delay action beyond the time an understanding was reached, on account of the imminent danger we were in for two weeks of having the matter become public property, and thus making the end difficult to achieve.
