Fair Crop in West— Weather and Weeds Too Big Handicap

Manitoba Miller Says That Wheat Probabilities Should Not Be Over-Rated—High Prices Will Even Up.

Donald McKeown of Winnipeg, an extensive wheat-grower and president of the Western Millers' Association, is at the Queen's. He was seen by a World man last evening and gave an interesting talk on wheat conditions in the great west.

"So many interviews have been given on this subject by distinguished men that I feel somewhat diffident about talking," he declared. "Most of them have prophesied a bumper crop for the west, but I fancy that that is saying a little too much.

"It must be borne in mind that the wheat is from two to three weeks late. Sometimes that is forgotten, but that is a great fact. You know I must be careful.

"I am a wheat grower and interested in the milling business, and some will say I am trying to bull the market. That is not my idea at all. Well, as I said, the crop is late. You know wheat must be ripened before Aug. 20 or 25 to escape the frost. I am afraid a large percentage of it will not be ready by that time.

"At this time, say from between July 8 and 12, wheat is beginning to head out. At present the weather is such that it will be July 31 before it heads out. These conditions are general, not local. It will take a long time to ripen, and now on to get most of it ripened.

"I must say that the weather has not been ideal. There has been some frost, but it did not do any harm. Some parts of Manitoba have had no rain for some time. In parts of Alberta and Saskatchewan plenty of rain has fallen, and the crops are doing well. If the weather had been good, and had there been plenty of rain there might have been less danger of a poor crop.

"Weeds are bad. There is another reason. It is a bad year because of weeds. The spring has been favorable for the growth of weeds—not noxious weeds, but weeds that are a great handicap. If the wheat got a good start it would outgrow the weeds, but this year it did not. I think it is somewhat like this in 1906. We thought we had a bumper crop, but when we got it, it was not so good. It was full of weeds, and it was not so good. A weedy crop is a light crop, and it looks like a weedy crop.

"My opinion is that we will have a fair crop, but no big crop. The straw will be short. There are many things to consider when talking about wheat crops, and it is not so simple as it seems. It is a weedy crop, and it is not so good. It is a light crop, and it looks like a weedy crop.

"The west is all right, then?" was ventured.

"It is a great country, but the truth should always be told aloud. It can grow the wheat, and will grow it for years to come, but let the truth be told about conditions there, and it will be a good thing. The best way is to tell conditions as they are."

What Report of the Northwest still continue in the main quite favorable. Rain has fallen generally throughout Alberta and Saskatchewan, but in the west of Saskatchewan has been especially favored by copious showers, and the grain is growing rapidly. The one fault, however, has been the heavy rain, which has been general, but rather spasmodic, with the result that while the grain is in some quarters quite high, in others it is not so good. The conditions in every condition is favorable, and the only fear now is the early frost. At Regina and other quarters conditions are favorable.

Alberta reports considerable rain. The crop is late, of course, but is growing. Winter wheat is in good condition, and in some cases is beginning to head. At Claresholm the winter wheat is 18 inches high, and spring wheat is 18 inches high. Conditions are not so favorable in Manitoba. There is a considerable delay in the start of the crop. In the west of Manitoba, however, rain has done some damage also. Rain has been rather uncertain, and has not been heavy. The height of the crop is from 12 to 15 inches. It is showing the shot blade in some localities.

HAY CROP IN ONTARIO ISN'T UP TO AVERAGE

Recent Weather Has Improved It Somewhat—Reports on Farmers' Prospects.

The World has secured the following advice as to the condition of the crops in the province. The hay crop in Eastern Ontario appears to be light; in Western Ontario about 75 per cent of an average crop, and to the north, good in the new meadows, but light in the old.

The crop outlook for the district round Barrie is very different from what it was a month ago. The conditions round Barrie have been made in the liberal warmth and moisture of the last thirty days, and the spring crops are better, if any, behind this time last year. Clover came thru the winter in poor shape, and a good deal was blown up. It will crop 25 to 40 per cent short of an average. Fully two-thirds of the hay is in old meadows, the rest will be very light. Favorable weather for the next ten days may improve matters, as the hay is thickening up at the bottom, but it does not look as if the old meadows would average more than 100 pounds per acre in new meadows 2500 pounds per acre.

There are some splendid fields of fall wheat but these are rare, and the poor fields largely predominate. This crop will run from 50 to 60 per cent. In many thin fields barley sown in the wheat, and good results of feed grain may be expected. Spring crops promise bountiful yields.

Continued on Page 7.

THE DAY AFTER.

CHICAGO, July 5.—The Tribune to-day says 37 men, women and children are dead, 2153 are maimed, incalculable property destroyed as a result of yesterday's excess of patriotism in the United States. The roster of the dead is four more than last year's mortality.

New York leads in the number of injured, with Pittsburgh a close second with 15 dead. The total number of injured is under last year's figures, which were 278.

Most of the casualties were due to carelessness in handling firecrackers.

CITY AND CAR CO. BOTH GET RELIEF

Railway Board Judgment—Cars to Be Heated By Stoves.

The Ontario railway and municipal board has issued their judgments in the cases between the corporation of the City of Hamilton and the Hamilton Street Railway Company. In the city's case the board finds that section 7, which directed that the tracks, motors and brakes of the cars should be put in a good and sufficient state of repair and the trucks repainted, is being complied with as much expedition as the facilities at the command of the company will permit.

In reference to section 8, which provided that the bodies of the cars should be properly overhauled, repaired, upholstered, repainted and varnished, etc., the board find that this is being done as rapidly as the company's shop equipment enables them to do so. The board thinks it reasonable to extend the time for an additional three months.

The city had further complained that the work of repair and construction mentioned in paragraphs 1, 2, 3 and 4 of the order, was not being proceeded with, so as to enable the company to complete the work of repair within the time limited. To obviate such a contingency, the board now directs that the work of repair and construction be completed with all possible expedition, so that the same may be completed and the first of October.

Replacing Ties.

The most serious complaint was against paragraph 14 of the January order, which directed that all ties cut off by the servants or workmen of the city should be replaced by the corporation. When the complaint against the company was being tried the company's case, upon that subject, was uncontradicted. The evidence adduced by the city on the hearing of the application on the 29th ult., put an entirely different aspect upon the case. The city's evidence was not contradicted, but, in fact, was acquiesced in by the company. When the cutting was done by the workmen of the city or by contractors, it was done with the knowledge, consent and acquiescence of the company, and was done to save the company the trouble and expense of removing their tracks where the severers were being put in.

The board feel that the city should be relieved from section 14 and that such order should be rescinded. The board have also come to the conclusion that the tracks on James-street, opposite and in the neighborhood of The Spectator Office, for about 100 yards, more or less, should be repaired at once, the city furnishing the material.

Relaying the Tracks.

In reference to the tracks on Herkimer-street, between Queen and Locke-streets, the board have concluded that the rails should be removed and the track relaid at once.

The board reserves further order and direction and makes no order as to cost.

In an application of the street railway, the company complained that it was impracticable to repair the joints of the rails, as directed by the January order. At the trial of this matter the

McBRIDE DENIES IT.

Says He Will Not Enter Federal Politics—Gained Point in England.

MONTREAL, July 5.—(Special).—Mr. McBride reached here to-day on route for British Columbia. The premier denies most emphatically that he intends leaving the local field for federal politics.

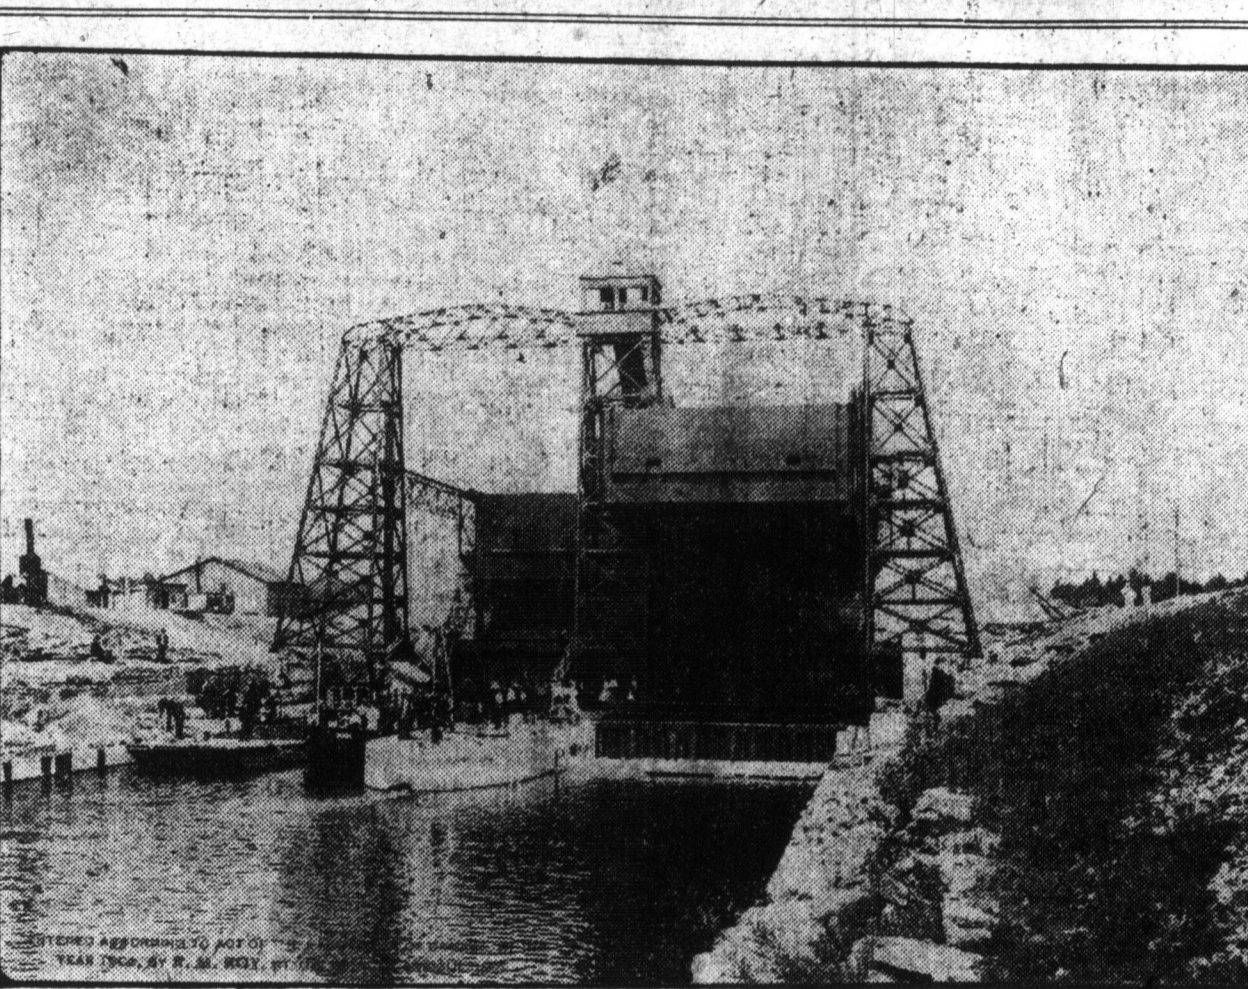

He also claims to have gained his point in England, declaring that Lord Egin and Winston Churchill received him well and that the objectionable wording of the bill has been struck out, so that British Columbia can come back at any future time.

A Small Box of Cigars.

Going away to-day? A few cigars will go a long way to make your trip enjoyable. We have a large assortment of choice Havanas packed, 25 in a box; just the thing for week-end trips. Stock up at A. Clubb & Sons', 5 King West.

W. P. Godson & Company, Chartered Accountants, City Hall Building, 4th Floor, 4th Street, Phone Main 4881.

The New Lift Lock at Kirkfield

To-day, at Kirkfield, will take place the opening of the big lift-lock on the Trent Valley Canal—an event of great importance to a large section of country.

By it, a waterway 8 feet in depth is afforded, which will connect the towns of Orillia and Barrie with Lindsay, Peterboro and other communities along the Trent Valley basin, or the making of a one thousand-mile route for steamers thru a populous part of the province.

When, at the one end, some score of miles of the Trent River is deepened and improved, and at the other

a short stretch of the Severn River, a thru waterway will have been effected, the advantages of which can be easily reckoned.

As befitting the importance of the occasion, the ceremonies to-day will be of a rather elaborate character. Hon. Rodolphe Lemieux, M. J. Butler, deputy-minister of railways and canals; J. H. McClellan, superintendent of the Trent Canal, and a number of other prominent men will attend.

The illustration shows the pontoon down, with a boat in the lower reach waiting to be passed along.

SITUATION IN INDIA GROWING VERY SERIOUS

"National Volunteers" Preaching Revolt and Going in for Military Training.

NEW YORK, July 5.—A London despatch to The Sun says that Indian despatches represent the trouble in India as increasing.

A correspondent who has returned to Calcutta from three tours of the most disaffected districts in Bengal telegraphs that the seriousness of the situation is hardly realized by the Europeans in India or at home. The discontent has spread among the land holders and the Bengal aristocracy, as well as among the peasants and coolies.

An active organization known as national volunteers, which has branches in almost every town and village, is being trained in archery and sword exercise by well paid instructors. They preach everywhere the doctrine of non-cooperation with the British and actively push the boycott of British goods.

Men who cannot be threatened and who still maintain relations with English officials are punished by a social boycott, the deadliest weapon that can be employed against a Hindu.

Hundreds of tales of lawlessness and oppression by the national volunteers come from every district. The rural police are too weak or too disaffected to take action. The people are gradually losing respect for order and authority. Several land owners have introduced executive magistrates and powers by imprisoning tenants.

In the Barisal district committees of public safety have been formed. These committees hold judicial enquiries, summon witnesses and punish offenders. The government has exhausted its resources of police, and has borrowed companies of Gurkhas from Assam and military police from other provinces. These are posted in small batches about the country, but are unable to prevent the persecution of loyalists. The worst feature of the situation is the growing number of assaults on Europeans. Europeans go about armed with revolvers. European passengers carry shotguns in trains. Ladies are afraid to travel on the Assam-Bengal Railway. A traffic official said there was danger of certain sections of the line being closed owing to the reluctance of guards and drivers to take trains out.

The impression is gaining strength that firearms are filtering into Eastern Bengal. All over Bengal national schools, financed entirely by Bengalees and disclaiming all connection with the government are springing up. The students in the government aided colleges in Calcutta are openly defying the recent government circular prohibiting students from attending political meetings. The students not only address the meetings, but implore reporters to mention their names in the newspapers.

An Unquestionable Recommendation.

A fidelity bond is the best form of recommendation a trusted official or clerk can produce as proof of his ability and integrity. We guarantee good men in every department of business, also issue guarantees for legal purposes, and such guarantees as the executive department demands from license holders. The London Guarantee & Accident Company, Limited. Phone Main 1542. Confederation Life Building, 1542, corner Yonge and Richmond-streets.

DEPUTATION OF KOREANS CAUSES ALARM IN JAPAN

Marquis Ito Says It Will Take Ten Years to Produce Modern Government in Korea.

SEOUL, July 5.—Marquis Ito, at the palace here, interrogated the emperor regarding the presence at The Hague of a deputation seeking recognition in such intrigues constitutes a hostile action against the British and actively push the boycott of British goods.

Men who cannot be threatened and who still maintain relations with English officials are punished by a social boycott, the deadliest weapon that can be employed against a Hindu.

Hundreds of tales of lawlessness and oppression by the national volunteers come from every district. The rural police are too weak or too disaffected to take action. A Wonder of the Laurentides.

Man people who sail down the St. Lawrence River and enjoy the grand scenery of the Laurentian Mountains, the oldest rocks in the world, are not aware that it is from this uncontaminated source that radiator water gushes forth, pure, sparkling, invigorating and undoubtedly the very best mixer with Canadian whisky. Scotch, wines or milk.

SOCIALIST SLIPS IN DUE TO IRISH TRICK

Nationalists Had a Candidate Who Robbed Liberal of Support.

JARROW, Eng., July 5.—Peter Curran, a Socialist and trades union official, was elected yesterday to represent Jarrow in the house of commons, in succession to the late Sir Charles Palmer, the shipbuilder, who had represented this constituency since 1888.

Mr. Curran had a majority of 788 over Patrick Ross-Innes, Unionist, a lawyer and tariff reformer, his closest competitor.

S. L. Hughes, Liberal, was next, 456 votes behind Mr. Ross-Innes; Aid. John O'Hanlon, Irish Nationalist, received the lowest vote.

The election of the Socialist candidate, Mr. Curran, is the result of the policy of the Irish Nationalist party, following the rejection of the Irish bill by the Dublin convention to oppose both the English parties, the Liberals and the Unionists, and is a new departure in the home rule campaign.

Instead of supporting the Liberal candidate at Jarrow, the Irish leaders put forward a candidate of their own, Aid. O'Hanlon, who received enough votes to ensure the defeat of Mr. Hughes (Liberal) and the election of Mr. Curran. A victory for the Unionist candidate, who is a tariff reformer, was regarded as assured.

All things considered, it was the most exciting by-election witnessed in England in many years.

GRAND TRUNK CHANGES.

Mr. Hobson Drops Down From Position of Chief Engineer.

MONTREAL, July 5.—Several important changes in the Grand Trunk management staff were announced to-day.

William Wainwright becomes fourth vice-president, and his present office of controller is abolished. Joseph Hobson becomes consulting engineer.

His present position of chief engineer is filled by Mr. Howard G. Kelley, now chief engineer of the Minneapolis & St. Paul.

William McNab becomes principal assistant engineer.

The most significant change is the virtual retirement of Joseph Hobson, for years chief engineer of the G.T.R. Mr. Hobson attained international fame in the construction of the tunnel under the Detroit River, connecting Sarnia and Port Huron.

SOVEREIGN BANK DIVIDEND.

OTTAWA, July 5.—(Special).—It is followingly declared that the Sovereign Bank will pay a dividend of 1-1/2 per cent. for the current quarter, which is at the rate of 6 per cent. per annum on the capital stock, which is to be reduced to three million dollars.

THE SUNDAY WORLD.

Look for The Toronto Sunday World. It contains many features that will interest you. Here are some of them:

Illustrations showing how people of Toronto spent Dominion Day.

Portraits of famous Henley strokes caught as they were out walking.

Article, with portraits, dealing with big convention next week of Grand Lodge, Knights of Pythias.

Pictures of Sunnyside crossing (one of the death traps of Toronto), championship baseball and basketball teams, opening of new bowling club, and big Salvation Army encampment, Dufferin Grove.

Several articles ably dealing with topics and events of the day.

PATERSON IS TO RETIRE AFTER ANOTHER SESSION

Minister of Customs Bows to the Advance of Age, It is Announced.

BRANTFORD, July 5.—(Special).—It is announced that Hon. William Paterson, minister of customs, will retire from public life at the end of the next session on account of his advancing age.

John Bain will probably be tendered the nomination for Brant.

Hon. William Paterson is one of the truly "old guards" of the Liberal party. He represented South Brant in the commons from 1872, when he defeated Sir Francis Hincks, then minister of finance, until 1896, when, although his party triumphed in the Dominion, he was defeated by ninety-one votes in the general election. He, however, entered the Laurier administration as controller of customs, and in a by-election in North Grey successfully sought election. In 1897 he became minister of customs, the post of controller being abolished in 1900, he was elected both in Wentworth and South Brant. In 1904 he was elected for the new constituency of South Brant. He was one of the Canadian delegates to the colonial conference in London in 1902.

Hon. Mr. Paterson is a Hamiltonian, and is in his 65th year.

BANDIT DEGRADES SOLDIER CAPTIVE

Forced General Maclean to Ride a Mule and Remove His Turban.

TANGIER, July 5.—The British legation here has no news of Kaid Gen. MacLean, the commander of the Sultan's bodyguard, and is making representations direct to the authorities at Fez.

When Gen. MacLean was captured Raisuli ordered him to dismount from his horse and mount a mule, in order to show his inferior station, and also directed him to remove his turban, declaring that such a headdress was reserved for the Mussulman.

POSSE AFTER JOE WYNN.

Escaped Criminal is in Woods and Well Armed.

GRANDVIEW, Man., July 5.—(Special).—A posse of thirty men are pursuing Joseph Wynn, charged with shooting Joseph Story, who broke jail at Grandview last week. Wynn has been seen a couple of times, but the posse are reluctant about approaching him, as his record shows him to be a dangerous man. He is known to have a pistol and rifle and a quantity of ammunition, which he will use rather than stand for rearrest.

The escaped man knows every foot of the country over which he is being pursued, and has the advantage of the country itself also favors him owing to its rough character, which makes pursuit slow.

Charged With Theft.

Sarah Chapman, 242 West Adelaide-street, was arrested yesterday on a warrant charging her with theft of \$30 from Herbert Mainwaring, 99 Boni-street.

A NIGHT SESSION.

Because there are so many people to be conveniently accommodated and because it is a mercantile business to accommodate his patrons, Dineen's, the famous hatters at Yonge and Temperance-streets, will keep their store open to-night and will show the finest variety of hats on the Continent of America at the most reasonable prices considering that goods are guaranteed.

NO. 73, Not Good After 12 o'Clock Midnight July 22, 1907

Trip to London Ballot

THIS BALLOT GOOD FOR 1 VOTE

For District No. Address County City

When fully filled out and received at The World Office by mail or otherwise on or before expiration of date shown above. Not good after that date. Void if name voted for has not been properly nominated. No ballot will be altered in any way, or transferred, after being received by The World.

AFTERMATH OF FIGHT AT COLMA

How Money Was Divided—Referee Jeffries Says Squires Showed Some Form, But Burns Didn't Give Him Chance.

The gross receipts of Thursday's fight at Colma, Cal., were \$25,250. Of this amount Burns' share was \$9,000, which he was to receive win or lose, as he refused to accept percentage. Squires' share as loser was \$4,000.50, and Jeffries received \$1,000 as referee. Tom Coakley, who handed the pool room at Colma, estimated that \$72,000 changed hands on the fight.

Barney Reynolds, Squires' manager, announced that the Australian lost \$15,000. "Well, we lost our money and have said much to take back to Australia," said Reynolds. "I have done with fighting and fighters. I guess we must have a pretty poor lot of fighters in Australia because Squires was the best we have."

Jeffries has announced that since the title remains in America he will not re-enter the ring. Had Squires been the victor, declared the undefeated champion, he would have defended the title once more.

"As long as I am able to fight the title will remain in this country," said Jeffries. Bill Naughton's story of the battle: Squires' success in the past has been due to the fact that he dealt harder blows than he received. He made no pretence of blocking anything that came his way, but seemed to be just waiting to trade punch for punch. He had no more defence, in fact, than the punching bag which dangles in his gymnasium in Shannon's.

Nor was there anything in the affair to show that he can stand a fair fight, which, up till fight day, he fondly believed himself possessed of. True, the first crack Burns staged him as a well-placed stunning delivery, but it was not on a particularly vulnerable spot. It caught the Squires' eye and ear on the left side of the face and raised a welt. It sent him to the mat and rattled him. The punches which followed were a little lower, and the finishing touch was a right chop, which took Squires on the tip of the chin.

When the opening gong clang and Referee Jim Jeffries motioned the men together it could be seen at a glance that Squires had a height advantage of five inches, and was also several pounds heavier than his opponent. Burns looked drained to perfection, and his leading arm and legs were as limp as a sparrow. He backed around the ring, and Squires followed, stalking along like the arms of his machine, and working his arms vigorously. He made a couple of lunges at the cobby little fellow, who was dancing away from him, and then tried to dip him and clinched and laughed as he leaned his chin on Squires' shoulder. Their arms were interlocked for a few seconds, and neither of them could pull back a yelle to send in a blow.

"Break!" yelled Jeffries, hoarsely and abruptly. As they dropped their arms Burns bounded lightly to mid-ring. Squires was very eager to crowd his man. Burns allowed him to get within striking distance and didn't even wait for Squires to lunge before he sent in a right hander which sounded like a whiplash, and Squires went to the floor and rolled over. He was blinking as he arose and lumbered toward the retreating Canadian. On the side of his eye was a lump the size of a pigeon's egg.

WILL LOWE AND HESS PLAY WITH TORONTO

Reported That Murphy Will Use These Two Cracks To-Day—Lacrosse Gossip.

The result of to-day game at Rosedale between Toronto and Tecumseh, will have a decided bearing on the N.L.U. championship. If Tecumseh win and Shamrocks lose to Caps, the Indians will have a clear lead, while, on the other hand, if Toronto win, they will be decidedly in the running. The game will be called at 2.30, with Pettigrew and Taylor officials.

It was reported last night that Toronto had induced Charley Lowe, the crack home player, to get into the game and that Cory Hess, the crack keeper, along with Bill Elliott of St. Kitts, will also be on the team. If they are, watch out.

The teams will line-up as follows: Tecumseh—Goal, Clark; point, Griffith; cover, Stewart; defence field, Pickering, Davidson, Rountree; centre, Felker; home field, Quenne, Murton, Durkin or Whitehead; outside, Graydon; inside, Adamson, Toronto—Goal, Regan or Hess; point, Francis; cover, Meany; defence field, Jardine, Elliott, Taylor, Barnett, Cameron; home field, Weatherston, F. Turp, S. F. Chamberlain, F. W. Maroney, A. H. Hacking and J. McCaffrey.

At Durham yesterday, in a championship game in district No. 4, Intermediate C.L.A., the home team defeated Chesley by 13 to 2. The game was the second of a series of three, the first being penalized on either side on a Washorne game perfect satisfaction to both teams. The following were the teams and officials: Toronto—Goal, Chesley (2)—Goal, Ellis; point, McCoy; cover, Johnson; first defence, Elder; second defence, Johnson; third defence, Ward; centre, Bearman; first home, Graham; second home, Lamont; first home, McEwery; outside, Westlaifer; inside, Shannon; captain, Cabell. Durham (2)—Goal, C. Cavell; point, Matthewson; cover, Calbeck; first defence, McDonald; second defence, Jamieson; third defence, McMillan; centre, McGiffin; third home, Cowan; second home, Lavelle; first home, McIntyre; outside, Wolfe; inside, McCartney; captain, J. R. Darling.

The Intermediate C.L.A. lacrosse match played at Kinross yesterday between Southampton and Kinross resulted in a victory for the home boys by a score of 10 to 1. The game was fast and almost free from fouls, there being only a few men penalized.

The Young Torontos will practice after the Tecumseh-Toronto match this afternoon. In junior district No. 10, C.L.A., Shelburne had a walk-over yesterday, defeating Markdale by the score of 15 to 2 in Shelburne. Markdale were outclassed in the very start of the game, their playing being a disgrace to a C.L.A. team.

There is certainly conflicting reports as to the nature of the 4th district C. C. Catharines game in St. Kitts last Monday. The Brantford people claim that some of their players were used by the strong arm players of St. Kitts, while the St. Kitts people deny the charge.

Peter McMillan of Beaverton, an ex-president of the C.L.A., was referee, and that is a sure indication that the game was not free from roughness, as Peter was never known to have been presented with medals for his good work at the job, even in the good old days of years ago. The trouble with him always was that he was too lenient, and a lenient referee will be picked from the top of the list.

Donald Hall of Oshawa will likely referee the game in St. Kitts to-day, when the rejuvenated Hamilton team plays there. He is new on the job, but his knowledge of the game and his unquestionable fairness will make him fit for the position. If he survives the day he will undoubtedly be a fixture on President Harry Cameron's staff of referees.

The Woodgreen lacrosse team to play the Vectors on the Don Flats, east side of Riverdale Park, will be picked from the following players: McLean, Walton, Morrison, Hogg, Paterson, McLean, Stinson, Westman, Glass, Boehm, Wilton, Tackaberry, Oak, Matthews, Johnston.

St. Simon's II. team to play Norway at 2 o'clock on the east side of Riverdale Park on Saturday will be picked from the following, and are requested to be on hand sharp on time: Price, Johnston, Leavis, Wheeler, Shannon, O'Connell, Deschamps, Labbett, Oak, Matthews, Ireland, Marks, Thompson, Chandler, Daly and Byrne.

Bill Elliott of St. Catharines will strengthen the Toronto defence to-day against Tecumseh's.

The Briton's meet the Delaware's in a Junior City Lacrosse League game to-day on Cottlem-squre. All members of the Briton Lacrosse Club are requested to meet in Jesse Ketchum Park at 2.30 sharp.

The Norway A. C. play St. Simon's II. an Inter-association League game this afternoon on the Don Flats, east side of Riverdale Park. The following players are requested to be on hand for Norway not later than 2.15: T. Burns, G. Brockle, T. Porter, W. Brown, Joe Dunn, B. Spurrer, R. L. Henquet, John Dunn, G. Staples, H. Humphries, R. Tilley, W. Rolles, A. Powell, L. Dickson and C. Porter.

A record crowd should witness the Tecumseh-Toronto game at Rosedale to-day. Lovers of amateur lacrosse who visit Riverdale Park this afternoon will see

U. OF P. CRICKETERS AHEAD.

Score 183 to Cheltenham's 160—Local Games To-Day.

In the cricket match yesterday between Cheltenham School and the U. of P. of the University of Pennsylvania, the former scored 180 runs and the latter 163.

The Deer Park team to meet the St. Cyprian's at 2.30 p.m. to-day at U.C.C. is: Deane, York, Kesteven, H. H. Croker, Swain, Wilmore, Morphy, Sinclair, Smith.

St. Cyprian's II to play against Deer Park at 2.30 this afternoon will be: Clark, Wis, Stokes, Cox, Lewis, Colborne, Davis, Reed, F. Eads and Jones, with Wool and Ferguson for reserves.

St. Simon's C. C. play Rosedale C. C. in the former's grounds in a league match at 2.30. The following will represent St. Simon's C. C.: W. McCaffrey, G. S. Astley, E. G. Hull, G. M. Baine, C. E. Gansden, J. H. Weatherston, F. Turp, S. F. Chamberlain, F. W. Maroney, A. H. Hacking and J. McCaffrey.

St. Albans in a City League game at St. Anban's grounds, beginning sharp at 2.30: Dr. C. B. Smith, Hopkins, Paris, Black, Carter, Steer, D. Leon, Phil Leon, Macallum, Millward, Kirchman, Grace Church v. Toronto Junction in University lawn tennis at 2.30: Capebread, Shott, Nutt, Attwood, Yelman, Brown, Campbell, W. Rawson, Bramhall, McChie, Cordner; reserve, L. Rawlinson, A. Smith.

Yorkshire Society C. C. play to-day against St. Clement's at Park Park. Yorkshire's team: A. Todd, A. Peel, W. H. Norman, G. Parker, J. Pearson, S. Haley, R. Sugden, A. Stevenson, T. Morse, G. Morgan, D. Cotton.

Association Football. A team representing the Toronto Scots will play in Brussels on Saturday against the crack team of that place, who have made a name for themselves by having scored 13 goals to their opponents' one. They are now in the finals of the W.F.A. cup, and will have to keep the best visitors from scoring. The Scots team is composed of the best Canadian players in Toronto.

The goal will be defended by Fred Rush, leader of Wingham, who can keep the best of them busy to pass him. The back are Russ Wheeler and Fred Gilling, who represented the back division in the Toronto team.

All Saints' Football Club. All Saints A and B inter-city football will play off the city intermediate championship on Broadway Athletic Field next Saturday at 4.30. The teams are: All Saints, who will play centre, supported on the left by George Gilling, the best shot playing football in Toronto to-day, while Stewart Thoms, his partner for some seasons back, will represent the right half.

The Scots will leave for Brussels at 7.30 Saturday morning with the Huron Old Boys excursion.

Dundas Wins Round. SEAFORTH, July 5.—To-day, Dundas played a tie football game, 1 to 1 here to-night in the final game of Senior W.F.A. championship. Dundas wins on the round by 4 to 1.

Amateur Baseball. In a game of baseball at Bayville Park last evening H. & A. Saunders defeated Copp. Clark Co. Score 8 to 2.

The Woodgreen lacrosse team to play the Vectors on the Don Flats, east side of Riverdale Park, will be picked from the following players: McLean, Walton, Morrison, Hogg, Paterson, McLean, Stinson, Westman, Glass, Boehm, Wilton, Tackaberry, Oak, Matthews, Johnston.

St. Simon's II. team to play Norway at 2 o'clock on the east side of Riverdale Park on Saturday will be picked from the following, and are requested to be on hand sharp on time: Price, Johnston, Leavis, Wheeler, Shannon, O'Connell, Deschamps, Labbett, Oak, Matthews, Ireland, Marks, Thompson, Chandler, Daly and Byrne.

Bill Elliott of St. Catharines will strengthen the Toronto defence to-day against Tecumseh's.

The Briton's meet the Delaware's in a Junior City Lacrosse League game to-day on Cottlem-squre. All members of the Briton Lacrosse Club are requested to meet in Jesse Ketchum Park at 2.30 sharp.

a battle royal between St. Simon's seniors and the Elks, as neither team has yet been defeated this season, and both are hot after the championship. Prior to the senior match which commences at 4 p.m., there will be two intermediate championship matches, one between St. Simon's II. and Norway, and the other between Chodogreen and Victoria. The Riverdale Park lacrosse grounds are on the east side of the Don.

All Saints lacrosse team will play Weston on Saturday on Queen Alexandra School grounds, east side of Broadway-avenue, between Gerrard and Queen-streets.

In the cricket match yesterday between Cheltenham School and the U. of P. of the University of Pennsylvania, the former scored 180 runs and the latter 163.

The Deer Park team to meet the St. Cyprian's at 2.30 p.m. to-day at U.C.C. is: Deane, York, Kesteven, H. H. Croker, Swain, Wilmore, Morphy, Sinclair, Smith.

St. Cyprian's II to play against Deer Park at 2.30 this afternoon will be: Clark, Wis, Stokes, Cox, Lewis, Colborne, Davis, Reed, F. Eads and Jones, with Wool and Ferguson for reserves.

St. Simon's C. C. play Rosedale C. C. in the former's grounds in a league match at 2.30. The following will represent St. Simon's C. C.: W. McCaffrey, G. S. Astley, E. G. Hull, G. M. Baine, C. E. Gansden, J. H. Weatherston, F. Turp, S. F. Chamberlain, F. W. Maroney, A. H. Hacking and J. McCaffrey.

St. Albans in a City League game at St. Anban's grounds, beginning sharp at 2.30: Dr. C. B. Smith, Hopkins, Paris, Black, Carter, Steer, D. Leon, Phil Leon, Macallum, Millward, Kirchman, Grace Church v. Toronto Junction in University lawn tennis at 2.30: Capebread, Shott, Nutt, Attwood, Yelman, Brown, Campbell, W. Rawson, Bramhall, McChie, Cordner; reserve, L. Rawlinson, A. Smith.

Yorkshire Society C. C. play to-day against St. Clement's at Park Park. Yorkshire's team: A. Todd, A. Peel, W. H. Norman, G. Parker, J. Pearson, S. Haley, R. Sugden, A. Stevenson, T. Morse, G. Morgan, D. Cotton.

Association Football. A team representing the Toronto Scots will play in Brussels on Saturday against the crack team of that place, who have made a name for themselves by having scored 13 goals to their opponents' one. They are now in the finals of the W.F.A. cup, and will have to keep the best visitors from scoring. The Scots team is composed of the best Canadian players in Toronto.

The goal will be defended by Fred Rush, leader of Wingham, who can keep the best of them busy to pass him. The back are Russ Wheeler and Fred Gilling, who represented the back division in the Toronto team.

All Saints' Football Club. All Saints A and B inter-city football will play off the city intermediate championship on Broadway Athletic Field next Saturday at 4.30. The teams are: All Saints, who will play centre, supported on the left by George Gilling, the best shot playing football in Toronto to-day, while Stewart Thoms, his partner for some seasons back, will represent the right half.

The Scots will leave for Brussels at 7.30 Saturday morning with the Huron Old Boys excursion.

Dundas Wins Round. SEAFORTH, July 5.—To-day, Dundas played a tie football game, 1 to 1 here to-night in the final game of Senior W.F.A. championship. Dundas wins on the round by 4 to 1.

Amateur Baseball. In a game of baseball at Bayville Park last evening H. & A. Saunders defeated Copp. Clark Co. Score 8 to 2.

The Woodgreen lacrosse team to play the Vectors on the Don Flats, east side of Riverdale Park, will be picked from the following players: McLean, Walton, Morrison, Hogg, Paterson, McLean, Stinson, Westman, Glass, Boehm, Wilton, Tackaberry, Oak, Matthews, Johnston.

St. Simon's II. team to play Norway at 2 o'clock on the east side of Riverdale Park on Saturday will be picked from the following, and are requested to be on hand sharp on time: Price, Johnston, Leavis, Wheeler, Shannon, O'Connell, Deschamps, Labbett, Oak, Matthews, Ireland, Marks, Thompson, Chandler, Daly and Byrne.

Bill Elliott of St. Catharines will strengthen the Toronto defence to-day against Tecumseh's.

The Light Beer in The Light Bottle The Ideal Beer for the Home.

O'KEEFE'S "PILSENER" is brewed especially for the people who drink their beer at home. Only the finest hops and malt—and purest filtered water—are used in brewing it. The beer is filtered again before bottling and pasteurized. The Lager comes to you only after science, skill and the test of time prove it to be absolutely faultless. If you enjoy a bottle of beer with meals, in the evening, or at bed-time—make the enjoyment complete, by drinking O'KEEFE'S "PILSENER" LAGER.

TORONTO TENNIS TOURNAY.

Interested Matches Decided on Friday Ladies' Handicap Final. Play was continued in the Toronto tennis tournament yesterday, when several interesting matches were played. The semi-finals in the ladies' handicap brought out some very clever play, Miss Moyes beating Miss Sheppard and Mrs. Burgess defeating Mrs. Cox, after most exciting contests. This will bring Mrs. Burgess and Miss Moyes together in the final this afternoon, when some excellent tennis should result. It is the desire of the committee that intending competitors in the mixed doubles come prepared to play this afternoon, when the draw will be made. The ladies' singles play, Miss Moyes beat Miss Sheppard, 6-3, 6-4. Mrs. Burgess beat Mrs. Cox, 7-5, 6-3. Breckenridge beat Sheppard, 7-5, 3-2, 6-3. Locke beat McDowell, 6-4, 6-2. Baird and Mitchell beat Brown and Plummer, by default. Dwyer and Burns beat Meldrum and Schmidt, 7-5, 3-6, 6-3. Martin and Lyall beat Kieley and Dockrill, 7-5, 6-3.

Miss Sutton Champion.

LONDON, July 5.—In the all-England tennis championship ladies' singles at Wimbledon this afternoon Miss Sutton of California defeated Mrs. Chambers in the championship round. Miss Sutton won back the title of British champion, of which she was deprived last year by Mrs. Chambers, then Miss Douglas, the American, won easily by 2-0. The score was 6-1, 6-4. Miss Sutton received a remarkable ovation from the crowds in the stands. The hand struck up "See, the Conquering Hero Comes," the committee presented her with a huge bouquet of flowers and there were loud calls for a speech. But Miss Sutton was evidently overcome by the warmth with which her victory was greeted, and she was only able to say: "I have won twice, and I am going to try to win a third time." In the doubles championship round Norman and Brooks were defeated by Wright and Karl H. Behr by 3-0. The score was 6-4, 6-4, 6-2. Beals C. Wright and Miss Sutton beat A. D. Prebble and Miss Boothby in the fifth round of the mixed doubles by 2-0. The score was 6-1, 6-3.

Record Relay Race.

TROY, N.Y., July 5.—The world record for the 300-yard relay race was broken yesterday at the athletic meet held in connection with the Independence Day celebration in Troy. The teams of the Irish-American, New York and Pastime athletic clubs took part in the race, the former winning the event, the Pastimes being second and the New York Athletic Club third. The time was 5 minutes 4 3/5 seconds, which lowers the world's record by seven seconds. Melville Sheppard ran the final relay for the Irish-Americans. Paul Pilgrim for the New York A.C., and E. J. Sweeney for the Pastimes.

New Swimming Club House.

The new swimming club house built by a new club, the Hamilton Point at the northwest corner of the promenade, will be ready to receive the public accommodation for 100 additional members. The building will cost \$500 and be ready in two or three weeks.

KEEP CANADIAN CAPITAL IN CANADA.

To the current number of Munsey's Magazine, Herbert N. Casson contributes an interesting article on "Quebec—A Land Without Trust."

He finds it a matter of surprise that at this time of day in the western continent, a land so rich in natural wealth as Quebec should still be the "idle home of the small farm and the small factory"

and remain "one of the least developed regions of the world." This is the middle of which, towards the close of his article, he offers a partial solution in the following paragraphs.

The statements he makes have a wider bearing than they touch very closely one of the instrumental causes of the present financial stringency so far as it affects Canada.

"Montreal," says Mr. Casson, "has capital—hundreds of millions. She has millionaires—forty-two of them all told. It is said, she has millions and millions—nearly a hundred of all sizes. But the vast bulk of her wealth is invested in enterprises that lie outside of the Province of Quebec."

Her capitalists are at present building a railway in Cuba. They hold two million dollars' worth of United States Steel stock; and they have placed large amounts at the service of the Wall-street banks. They are the principal pioneers in the development of electric power in Mexico. They control the steel companies in Detroit, Toledo, Cleveland, Akron, St. Paul, Minneapolis, Havana, Trinidad, Jamaica and Rio de Janeiro."

Mr. Casson also notes that four notable Montrealers hold a \$30,000,000 interest in James J. Hill's railways, and adds that it is understood the late John W. Mackay was strongly supported in his cable enterprise by these same financiers.

All this, he admits, brings money to Canada, but it does not develop the resources of Quebec—he might have made it the resources of Canada. As regards Montreal he points out that her total manufacturing capital is only \$75,000,000, and that the almost unlimited possibilities of her water power might make her a manufacturing centre with a world-wide commerce; yet not more than one-twentieth of the power is now being utilized.

Very much the same thing might be said of the position in Ontario. Capital that would have been invaluable at this period of the nation's growth has been sent out of Canada to assist in building up and developing the cities and industries of foreign countries. It is all very well to boast that Canada is now among the nations that seek an outlet for their wealth, but it is a dear boast when it simply means that because of the lack of that withdrawn capital, Canadian industrial growth is retarded and her unexploited natural resources remain unused. What Canada needs to-day is capitalists and financial institutions that will set themselves to the task of making the boundless possibilities of the Dominion actualities. And it must be done along straight business lines that recognize

DANISH AGRICULTURE AND CO-OPERATION.

Denmark, with an acreage of 2,375,000, and a population of about 2,500,000, is one of Canada's most formidable competitors in the British market so far as agricultural produce is concerned.

Of its exports to the United Kingdom, butter accounts for a value of \$50,000,000, bacon \$25,000,000, and eggs \$7,500,000. Recently a party of British journalists toured Denmark, one of whom invited a number of leading Danish exporters to express an opinion regarding the effect of Mr. Chamberlain's proposals on their trade.

To his surprise they were by no means alarmed at the prospect of a small English import duty. Their views were thus expressed: "All depends, of course, on how high the duties are. If a high duty is imposed, some damage may be done to our trade. For instance, if you put a duty of ten per cent. on butter, as the Germans have done, you will cause us considerable trouble, and, I suppose, give the advantage to the English farmers. But we are not afraid of a small preference to your colonies. At present Denmark is the only country from which you get a large and uniform supply of butter, while Australia has occasional droughts and Canada is not yet sufficiently developed to be a dangerous rival. Moreover, our products can reach you fresh, while theirs, whatever precautions are taken, cannot arrive in England in a really fresh condition. Of course, if you put on a high duty we shall have to drop our present rate and take up something else. But that we see no reason for expecting."

The remarkable prosperity of the agricultural industry in Denmark during the last twenty years is attributed by the people chiefly to the policy of discouraging large estates in land, while assisting the peasantry to purchase the land they cultivate, and to the development of the system of co-operative manufacturers and distributors. Only one-fifteenth of the agricultural population are not yet freeholders, and the prevalence of thoroughly scientific methods, thru the training given in the high schools, has aided considerably the general contentment which prevails among the farming population. Denmark now possesses 75,320 farms, ranging from 20 to 150 acres, and 68,000 small holdings, most of which contain from three to seven acres. According to the special correspondent of The London, England, Morning Post, it is the farm holders who have shown the greatest enterprise and have benefited most by the high schools—known as "the poor man's university." On farms of 80 acres, the usual average, there are generally 20 cows, yielding annually milk valued at \$1500, and from 60 to 70 pigs, which can be sold to the Co-operative Bacon Factory for \$1100. The general yield of the land is from 1800 to 2000 bushels of grain, valued at from \$1350 to \$1500, and 12,000 bushels of roots valued at about \$700.

Of special interest to Canadian farmers are the details given regarding the co-operative institutions of which there are about 1200 in the country. Although it is most in evidence in the towns, in Denmark it is confined almost exclusively to agriculture, and its success there is attributed to the number of small freeholders. An idea of the popularity of the co-operative dairies can be gained from the fact that there are 1085 of them, as against only 188 private dairies. They vary much in size, as opinion differs as to the area that can be economically served—the question being how far cheaper working can compensate for cost of transport. The co-operative dairies are equipped with the most modern machinery, are kept scrupulously clean and very stringent regulations are in force for the inspection of milk sent in and of the butter and cheese produced. What is claimed to be the largest dairy in the world is situated near Haslev, on the island of Zealand, and was built by the large farmers, after they had seen the success of co-operation in the case of the small freeholders. It is capitalized at \$275,000, has 85 members, who possess together 12,000 cows, and are bound by agreement to support the dairy until the year 1919. The dairy handles several million gallons of milk annually, the value of the cheese produced being \$1,040,000, and of the butter \$885,000. There are over 400 inspecting bodies, "whose duty it is to keep a record not only of the whole stock of the country, but even of the capacity and fitness of every cow." Similar societies control the sale and export of bacon and eggs.

Discussing the principle of co-operation as applied to agriculture, with The Morning Post correspondent, M. Hoggard, the Danish minister of public works, said: "Co-operation in Denmark is almost entirely based on the equal and unlimited responsibility of the members of such societies in England you have only limited responsibility. That shows that we have greater confidence in one another than you have. Millions of pounds have been produced by this unlimited responsibility, and nothing has occurred to make us regret its existence. Moreover, we manage our affairs on really democratic lines. The upper classes are becoming

No lumpiness in WINDSOR TABLE SALT. Each pure, rich salt-grain keeps separate, retaining all its natural strength.

Do Not Hesitate. If you are undecided as to where you will spend your vacation on Mr. C. E. Horning, Agent of the "Poplar Route" and ask for illustrated booklet "Vacation Trips." It will help you. Grand Trunk City office, northwest corner King and Yonge-streets.

Should a woman propose marriage? An interesting discussion on this subject is now in progress.

Why not? Is the question asked by a prominent western journal. It argues that if women made the marriage proposals there would be fewer unhappy lives. Instances are quoted of cases where the "woman" proposed with the happiest results. It is becoming quite customary and fashionable now for young ladies in Toronto and other Canadian cities to "propose" and usually with the most happy and satisfactory results.

Not always, of course, marriage proposals, tho' the good sense displayed sometimes leads the lady to propose, she, invariably proposes "Cola-Claret," the popular, delicious and satisfying summer drink that everybody is talking about. This, of course, settles the "drink" question for the time being. It also sometimes settles the marriage question. An instance is quoted where a few evenings ago a young society lady was so delighted with his young lady's good taste and judgment in selecting for her favored drink and recommending it to him "Cola-Claret" that she immediately "proposed," and she, after due consideration, accepted. At all the best fortunes and in bottles, five cents. This young couple, when they set up housekeeping, intend as many now do, keeping "Cola-Claret" in the house all the time. It's a good home drink.

Two camps in battle for right of way. Guggenheim Workmen Are Fired on When Attempting to Lay Track.

SEATTLE, Wash., July 5.—A despatch to The Post-Intelligencer from Valdez, Alaska, says one man is dead, another is fatally injured and nine are seriously wounded as the result of a first conflict between the Guggenheim interests and the miners at Katalla on Wednesday. The fight is over the right of way, which the Bruner interests are making every endeavor to have Governor Hoggart order troops to the scene of hostilities.

Will not grant demands. Counterfeit bills. Manager of the Traders' Bank issues a warning.

OTTAWA, July 5.—M. J. Butler, deputy minister of railways, stated this morning that the department would not grant the demands of the striking intercolonial freight handlers at Halifax for an increase of wages before returning to work.

Set fire to powder. Little boy will lose sight of eye as result.

Kingston, July 5.—Willie Davy, 6 years old, got hold of a bottle containing gunpowder, and, childlike, lighted a match and applied it to the powder, with the result that the powder exploded, bursting the bottle into fragments and burning the lad's face and arms terribly.

It is becoming quite customary and fashionable now for young ladies in Toronto and other Canadian cities to "propose" and usually with the most happy and satisfactory results.

SHOULD A WOMAN PROPOSE MARRIAGE?

Why not? Is the question asked by a prominent western journal. It argues that if women made the marriage proposals there would be fewer unhappy lives. Instances are quoted of cases where the "woman" proposed with the happiest results. It is becoming quite customary and fashionable now for young ladies in Toronto and other Canadian cities to "propose" and usually with the most happy and satisfactory results.

Not always, of course, marriage proposals, tho' the good sense displayed sometimes leads the lady to propose, she, invariably proposes "Cola-Claret," the popular, delicious and satisfying summer drink that everybody is talking about. This, of course, settles the "drink" question for the time being. It also sometimes settles the marriage question. An instance is quoted where a few evenings ago a young society lady was so delighted with his young lady's good taste and judgment in selecting for her favored drink and recommending it to him "Cola-Claret" that she immediately "proposed," and she, after due consideration, accepted. At all the best fortunes and in bottles, five cents. This young couple, when they set up housekeeping, intend as many now do, keeping "Cola-Claret" in the house all the time. It's a good home drink.

SHOULD A WOMAN PROPOSE M

THE WORLD'S HOME MAGAZINE FOR WOMEN

Edited by Miss L. E. McCULLY.

The Perfect Poet.

Not his the dream of hope that o'er the child;

Its prophet mantle throws, And leads the tender feet thru passages mild.

And bright along the pathway glows As forward e'er tirelessly he goes.

Not his the hand that laid along the lyre, Whose melody alone, and all too facile fire

Strikes faultlessly the reader tone, Showing no master touch of joy or moan.

Not his the laurel wreath, the flash of fame, Or glimmer of renown As o'er the altar he but breathes a name

And lo! the fire from heaven leaps down To glorify his yet unwithered crown.

But where with myriad wheels the busy loom Weaves day and night, A shadow 'mid the shadows, in the gloom

Of life he stands, and lacking light Dreams of a dawn more sure, a day more bright.

Not his he thinks to sing the perfect song, Who only knows The rhythm that the wheels beat all day long

Till from the full heart turgid flows In passionate words the tide of human woes.

And to the poet comes at last the day, Undreamed, but destined long When the great truth has vitalized the clay.

And fronts the ages, calm and strong And his heart tells him, "Thine the perfect song."

—Laura E. McCully.

Something About the Hair.

If you want your hair to grow longer, let it down for at least an hour a day.

If you want it to grow richer and brighter in color, then go out in the sun without a hat, and, incidentally, get a coat of tan.

Pure castor oil is the best for the hair. If your hair is very oily it is safe to powder it occasionally with talc, or some other harmless powder.

In dressing your hair try to use taste and discrimination. A head which looks as if the marble vase, the careful puff and shining knob were done in something hard, colder and more metallic than the human hair is mistaken dressed.

We long to see the net removed and a few stray locks at least partially disarranged.

Women as Physicians.

LONDON, July 5.—(C.A.P.)—Dr. Osler told the students of the London School of Medicine for Women that the profession of medicine in England was one of its difficulties and trials, was a satisfactory one for women if they realized that it was not all roses and cream.

WHAT TO WEAR

The recent fashion for umbrellas and parasols with handles representing dogs' heads, black cats and all sorts of "grotesqueries" has completely changed.

In London only those are carried now which have slender sticks for handles, inlaid in pearl, and finished with silver.

The end has no knob at all, and the swivel is attached to the wrist with ring and chain.

The lingerie hat still obtains. Some of the more recent modifications are simply exquisite.

A beautiful hat of alternate insertion and frilled embroidery, is trimmed with white lace. The feathery and delicate effect is very charming.

White hats, owing to it being the special season for weddings, are to be much worn.

T. Eaton & Co. show some exquisitely beautiful specimens. The size is moderate, the crown tending to be lower and flatter than in the early spring, and the brim in mushroom shape, without curves or dips to any great extent.

The simplicity of these hats is their charm. The tan shoe has been so much taken up on the other side that we feel the influence here, and it threatens to become "the shoe."

It is to be regretted, because it means that the beautiful greys so popular this season will have to go to be replaced by much more doubtful browns and blues.

Scarves are out now, but veils of richer and flowing shape and style than usual supply their place.

If you are choosing be very careful of the position of the dot, and its frequency. You can ruin your eyesight with injudicious veils.

The prevalence of cottons, muslins and even handsome prints for street wear is practically doing away with the old, unmodified shirtwaist.

You must at least have a jumper of the material of your skirt if you wish to be in fashion, and skirts and waists that do not agree, at least approximately, in color, are not to be worn.

It is a good thing that the great majority of women are too small for a skirt and waist that do not match. The effect is patchy, as, indeed, the effect of most of our modern clothing is.

The coin dots are very popular now, and will be worn in all materials. The most not handsome, but too many fabrics, and will soon go out again.

But I should think a heavier linen or cotton poplin would be very pretty with a green or tan dot, not too large, on a white ground.

If you want a pretty handkerchief for the pocket of an outing suit, why not bind the hemmed edge of a plain linen one with colored linen lawn to match your frock?

The tints should be delicate and inconspicuous. If you want to have a means of making your evening gown, whatever it is, look genteel until it is absolutely late, keep it ready to be put on for special occasions.

Royal Assent Means Money. Hon. A. J. Matheson, in connection with the delayed payment of the provincial debt, says that the royal assent of the act providing for the increase in the amount to be paid by the Dominion requires the payment from July 1.

World Pattern Department

1940—Ladies' Tucked Shirt Waists. With Three-Quarter Length Sleeves. Paris Pattern No. 1940. All Seams Allowed.

The young woman who cherishes a neat and dainty appearance in all the factors of her apparel will find in this dainty model an entirely satisfactory style.

Developed in handkerchief linen with motifs of Swiss embroidery, applied between groups of tucks, the effect is most attractive.

The pattern is in 7 sizes—32 to 44 inches, bust measure. For 36 bust the waist needs 2 3/4 yards of material, 20 inches wide, or 2 5/8 yards 27 inches wide, or 2 yards 36 inches wide, or 1 3/4 yards 42 inches wide. Price of pattern, 15 cents.

PERSONAL.

Mrs. Krell entertained Sir Wilfrid and Lady Laurier at dinner at Carlton Thursday night.

Sir Wilfrid and Lady Laurier left London yesterday for Scotland to visit Lord Aberdeen. They return to London on Tuesday.

The marriage of Miss Audrey Irene Smith, youngest daughter of the late Mrs. Larrat Smith, to Mr. Robert B. Henderson, eldest son of J. Dr. Henderson of Montreal, took place yesterday afternoon very quietly at Christ Church, Deer Park.

Mr. E. E. Horton with his daughter Olive has left for Europe.

Mr. and Mrs. Palmer of Deer Park and Mrs. Barclay, their niece, are going to England, and will motor thru the country.

On Wednesday afternoon Miss Birdie Bee, daughter of Mr. and Mrs. Robert Roden, son of Mr. Thomas Roden, were married.

The Rev. C. O. Johnson, pastor of Wesley Methodist Church, officiated. The bride wore Brussels net with lace applique over chiffon and banks of Detroit, wore white balltulle reception followed the ceremony, and the couple left for Muskoka. They will reside at 176 Garden-avenue on their return.

Mrs. J. F. Ross and Master Douglas Ross left yesterday for Narragansett Pier, where Dr. Ross will join them.

Mr. and Mrs. Phillips and Miss Phillips are at Westview, their place in Lake St. Joseph, Muskoka. Miss Lottie Phillips has been in town with her brother Heber.

Miss Sidney Nichol is leaving for Brantford to visit friends there.

Miss Lillian Lee leaves for Boston today to visit Mrs. Hird (nee Goodrich).

Mrs. Frank Morgan will spend August on the Georgian Bay.

The Misses Curzon, the Flying Butterflies, Who Made Their Final Appearance at Scarborough Beach To-day.

Woman and the Street Car Service.

It is something of a vexed question, and should be approached with tolerance. Yet, it certainly does seem a perfect abode that women should be crowded and overpowered by street car conductors and regarded as necessary nuisances whenever they halt a street car.

How many conductors realize, I wonder, that women cannot leap from the sidewalks, ignoring the boulevard, and land neatly on the precarious step of an open car, for one good reason at least—namely, that they wear skirts? The other day an amusing incident took place in a King-street car.

The car had just stopped on a crowded corner, and a young woman hurried to catch it just as the conductor was prepared to start. He rang the bell, however, and stopped the car, and she, in a vain effort to get off before the car was absolutely motionless, and the same conductor abused her roundly for recklessness.

Are street car conductors a little less rational than the rest of the world? How agreeable is the patronizing smile which one receives from a conductor passing a street at which he is not supposed to stop? His urbane features relax into the mischievous expression of a badly brought-up small boy, and he puts on extra speed in order to make the poor lone woman waving her frantic umbrella feel more foolish than ever.

Yet there is nothing on Spadina-avenue, for instance, to indicate just which street a conductor is obliged to stop at, and it is a matter of common observation that the street depends on the conductor.

He indignantly prefers one where there are no people waiting; it saves his valuable time.

For Woman Physicians.

A deputation of women went to meet the board of trustees of the hospital Thursday. They were pleading on behalf of the General Council of Women, that a woman physician should be appointed in the hospital.

Mr. Flavell expressed the opinion that a woman must be chosen on the same ground as a man—for merit.

Mr. Cotworth supported Mr. Flavell's view, and said that he hoped that women might be appointed in the near future.

They declared that their own sex should support women doctors more than at present.

Dr. (Mrs.) Gillen spoke first, and was followed by Dr. MacMurchy. Later on several other ladies spoke very impressively on this question, and their remarks were promised the strictest attention by the board.

TOOK CHARGE OF LITTLE GIRL

Automobilists Did Not Run Away as Was Reported. Gordon Mills, who drove automobile No. 1419 last night and slightly injured a little girl at Yonge and Shuter-sts., informs The World that he stopped his machine as soon as the accident took place.

Only one wheel went over the little child and he took her to St. Michael's Hospital and was soliciting for her care until midnight. He thinks the little girl is not badly hurt and will soon be out and around, but he is very much grieved to think that the impression got abroad that he ran away and left the little girl to her suffering after the accident.

IMPROVING HALTON'S ROADS

\$200,000 Will Be Expended on the Highways. Warden J. C. Fore, Oakville, and County Councillor Wilson, chairman of the finance committee, Halton County, were at the public works department yesterday and submitted a plan to Deputy Minister Campbell for a new county road system. It will comprise about 200 miles of the Halton roads, including the "lower middle road" and the Dundas-road, as well as the Shore-road and three leading roads running north and south. As Peel County has a view of the completion of its section of the Shore-road and Etobicoke is preparing to finish its portion, the highway to Hamilton will be in first-class condition.

KILLED BY BLOOD POISONING.

Use of an old razor for paring his corns, a man's Corn Extractor will cure all the corns in your family in 24 hours. Safe, because purely vegetable. Use only Putnam's.

Scheme New

Close Community Business Build in Excelsior Neighborhood—Naturesque Idea

The most unique fanned in Canada, exclusive and fashionable district is being planned out of the corporation district for speculative purposes. The lots will be sold to members of the syndicate and an exclusive private community. Love or money? Within an enchanted spot, a purchaser's approval, or be invited to join the corporation or the w. To guard against foot restrictive zoning, operations have a ward improving a plot and it is expected two magnificent dwellings of the course of construction. In the first place, established such a structure, necessitate the erecting of a few exclusive houses, which will be filled in, in order to avoid such a situation, the houses will be built in a pretence as regular.

NOT SO MANY VACATED FOR

Chilly Weather Has Home Instead to Reso

This season there demand for furnish the large growth of taken into consideration of course the price of summer. People who have here early in the summer their houses hot home now, a crisp summer season. Nevertheless there furnished houses who hardly think it worth renting them for a and would sooner be ready to the nearest have the men on the watchful eye. Many of the people who have been used for a summer stay, boared even at the be. The summer resorts will boom for a will be almost overfurnished house provided a hard knock logical office.

MUST DELIVER THE OR-CAN'T RAISE

Although things have of siderably in the real which have been used for a summer stay, boared even at the be. The summer resorts will boom for a will be almost overfurnished house provided a hard knock logical office.

FIGHTING IN MOROCCO.

MADRID, July 5.—A special dispatch from Melilla, the Spanish seaport on the north coast of Morocco, says that a heavy but indecisive engagement between Moroccan rebels and imperial troops took place yesterday, ending at 6 o'clock in the evening. Among the killed was the rebel chief, Schady.

The Toronto World CHILDREN'S HUMANE LEAGUE

The first meeting of The Toronto World Humane League was held at 13 St. Andrew's-street on Thursday afternoon last.

Eight little ladies were present and drew up a constitution which is printed below. Elections were then held (with results as printed beneath), and the meeting was proceeding with great gravity and solemnity to its further business, when an interruption occurred. The youngest member (being a lady she does not wish her age specified) had absconded, and presently reappeared with a bundle of gray fluff in her arms. It turned out on inspection, carried on not without some resistance on its own part, to be the mistress of the house. The sound of the house bears the sounding name of Topsy, and she is indeed "lord of all she surveys." But on this occasion the curls of the youngest member must have startled her. She has never seen them before, because there are no young members in this family, and no curls, except the soft, white ones that grow out of the ears of the mistress of the house herself. She is a really, truly parafish cat, and she knows, when she perches the back fence with her colors flying as it were, and her great tail one big glorious feather duster, that for aristocratic connections no other lady cat in the lane can touch her. Just as I was saying the curls frightened Madame Toppet, as she is familiarly known, and she rolled herself up into a silk ball of disgruntled pride and egotism, and the fact that she had a court at once failed to appease her.

The members were counselled to go on with the constitution, which they did. After that they had tea and played "dominoes" until Watson's and danced "Sir Roger," finally separating with the hope "that we will have another meeting soon."

A meeting of the Parkdale Chapter takes place on Wednesday afternoon, July 10, at 13 St. Andrew's-street. All who belong to this chapter are cordially invited.

Constitution of the League. We, the undersigned, have banded ourselves together to form a society for the preservation of birds, animals and plants in and about Toronto, wherever else we may be. We also desire to encourage a humane spirit in others. We adopt by common consent the following rules:

(1) That this society be called The Toronto World Humane League. (2) That the names of new members must be submitted to the executive committee. (3) That the executive committee shall consist of president, vice-president, secretary and treasurer, who shall be elected every year. (4) That a "quorum" consists of one-third our number. (5) That we hold regular meetings for the purpose above named. (6) That chapters may be formed by mail in other cities, towns or villages. Each chapter must consist of at least five members.

The Centre Chapter—Honorary president, Miss L. E. McCully; president, Miss Helen Bennett; vice-president, Miss Marjorie Rook; secretary, Miss Irene Heron; treasurer, Miss Alice Bilton. New members—Miss Elvira Burns, Miss Rita Curry, Miss Olive Curless.

The competition for the best letter on the subject, "Why We Should Love and Protect Our Birds," closes to-day. For next week we announce the sub-judice "Canadian Squirrels in Park or Wood." Contributions need not consist of more than two hundred words, and may be written on one side of the paper, and signed with name and address of writer. A prize of \$1.00 will be given to the member who writes the best letter. All who are not already a member, fill out the blank below and send it with your letter.

I wish to become a member of The Toronto World Humane League.

TORONTO REAL ESTATE

Scheme for Establishing New Residential Paradise

Close Community of Wealthy Business Men Will Build in Exclusive Neighborhood—New and Picturesque Idea.

The most unique scheme ever attempted in Canada of establishing an exclusive and fashionable residential district is being promulgated by the syndicate of prominent business men who so quietly stepped in and bought up 15 acres of property known as Wychwood Park last May.

Contrary to the general impression, the corporation did not secure the land for speculative purposes. Very few of the lots will be sold outside of members of the syndicate, who have picked out the pretty spot for their own private community.

Love of money couldn't buy a lot within the enclosed circle. The prospective purchaser must meet the approval of, or be invited by, the limited corporation or he won't get a look in. To guard against intrusion, a one-foot restrictive zone has been established around the territory.

Operations have already begun toward improving and developing the plot and it is expected that by fast two magnificent dwellings will be in the course of construction.

In the first place, the promoters have established such stringent rules as will necessitate the erection of nothing but fairly elaborate houses, so as to secure an exclusive and high-class residential neighborhood.

The plot lies on top of the hill a hundred yards or so west of Bathurst street, and south of Alcona-avenue, and takes in the pretty spot originally known as Wychwood Park, which is cut up by shallow winding ravines and dotted with natural springs of sparkling fresh water.

The corporation, with few exceptions, will not mar nor alter the natural design of the grove. In rare instances logs will be filled in, but the general idea is to avoid such alterations and to have the houses face, without any pretence at regularity, on these tor-

tuous gullies around which gravel boulevards and drives are to be made. Numerous culverts are included in the design to admit of continuous wind-drives.

The trees are not to be sacrificed except where absolutely necessary to make room for the erection of a house, and that the place will retain its rural and park-like aspect and the little labyrinthine village will nestle from the very beginning, like it had been planted at the time of the creation.

Sentiment seems to have been the only guide which the corporation has followed. No outhouses, except stables and rustic arbors, will be tolerated, and these must first be approved. No terraces, flower garden or alteration of any kind will be permitted except upon being sanctioned by the executive. The general board in preparing the place will look to all the beautifications. The springs are to be cleared out and stoned up and sheltered with canopies.

Some day the large pond which was registered in the Matthews estate may undergo some changes. It cannot be legally disturbed for a number of years.

The restrictive zone positively prevents any intrusion from the north by way of Alcona-avenue, the intention being to enter from the south via Dovercourt-road, where a large stone gateway will be erected. The roadway up the hill will be graded and possibly hedged.

For water, sewage and lighting facilities, the company is not worrying. Already a gas main has been projected from the junction line. The springs will supply water in plenty and pressure will be obtained by the installation of large windmills and tanks. Provisions can be made for drainage into the city sewers.

A prominent member of the corporation predicts that the whole district on top of the hill from Avenue-road will be the most fashionable residential section in Toronto. He has been a close eye on the way land has been turned over in that locality and says there is a great significance in the fact that such large estates as Sir Henry Fellitt's, Nordheimer's, Wells', W. Gage's, Sweeney's and Turner's, which are all in a line below St. Clair-avenue, are being held in complete parcels.

RICE, KIDNEY & CO.

OFFER BUSINESS MEN AND INVESTORS

Some Extra Values, as Follows:

- \$32,750** for an up-to-date Building, suitable for warehouse or factory, right in the centre of Toronto.
- \$45,000** will secure a corner on King west, having a frontage of 104 feet and very central. The land is worth the money we ask, so you get the buildings for nothing.
- \$38,000** takes a large building with over 100 feet vacant land attached, railway siding to property. This could be converted into a large manufacturing place.

FACTORY AND WAREHOUSE SITES

- BAY STREET**, a choice location, having nearly 100 feet frontage.
- KING WEST**, near Simcoe, a property that is hard to beat. Special price on application.
- QUEEN WEST**, a corner lot worth fifty per cent. more than we offer it at.
- EASTERN AV.**, a factory site that we are almost giving away.
- QUEEN EAST**, another factory or warehouse site with railway siding at a price that will surprise.

Parliament Street School Replaced by Big Factory

New Five-Storey Warehouse Which Forms One of a Series to Be Built by American Firm.

Within four or five weeks work will begin on the construction of the new five-storey brick warehouse of the Aluminum Crown and Stopper Co., which is to replace the old Parliament Street School. The building itself will cost \$20,000 and occupy a space 50 x 135 feet. It will be erected at the rear of the big lot, with the office end fronting on Parliament street. This is done to allow for expansion and the firm contemplates putting up a series of

ELEVATION ON PARLIAMENT ST. H. SIMPSON, Architect.

large structures in the near future. The building will be of the slow burning mill construction type, with metal window frames and sashes, and woven wire glass. The staircases and elevator shaft are to be enclosed with brick walls, the openings of which will be protected by heavy fireproof doors, which close automatically in case of a blaze. A sprinkler system for fire protection is also included in the plans. The structure will be faced on all sides with red brick, surmounting a foundation of concrete.

The top is regular in outline except for high gables on either end. All the parapets are to be faced with stone coping. Stone trimmings will also adorn the main entrance. The brick enclosure of the elevator shaft is to be carried up 20 feet above the roof and will form a support for a 15,000 gallon sprinkler tank.

Electricity will drive the machinery, but a boiler will be installed for steam heating purposes.

This building will almost treble the present capacity of the local plant, which has its headquarter at Brooklyn, N.Y.

The Johnston property, comprising 50 feet on the north side of Wallace-avenue, near Dufferin-street, has also been recently sold for building purposes.

NOT SO MANY HOUSES VACATED FOR SUMMER

Chilly Weather Has Kept Folks at Home Instead of Going to Resorts.

This season there is not the usual demand for furnished houses when the large growth of the population is taken into consideration.

Of course the preliminary cold weather which characterized the owners of summer has a lot to do with it. People who have heretofore gone away for the summer and have rented their houses hitherto are staying at home now, anticipating only a short summer season.

Nevertheless there is a demand for furnished houses while the owners hardly think it worth the trouble of renting them for a couple of months and would sooner be the doors and notify the nearest police station to have the men on the beat keep on the watchful eye.

Many of the people from the south who have been used to coming here for a summer stay became weather-beaten even at the beginning of June. The summer resorts relying on transients will boom for a month or so and will be almost overcrowded, but the furnished house proposition has received a hard knock thru the meteorological office.

MUST DELIVER THE GOODS OR CAN'T RAISE MORTGAGES

Although things have quieted down considerably in the real estate business within the past two weeks, the brokers consider the season fairly brisk for this time of the year.

A calm is usually looked for in June, July and August on account, it is said, of so many people being away from home for the summer months.

A prominent real estate man says that loan companies and mortgagors have almost positively shut down on second mortgages and that small purchasers are finding it difficult even to secure a first mortgage unless velvet securities are offered.

BUILDING PERMITS.

The following is a list of the more important building permits issued at city architect's office during the past week:

D. Spence, semi-detached brick dwelling, 107 Scollard-street, \$5,000.

James Sullivan, one pair semi-detached brick dwellings, Wallace-avenue, \$4,000.

F. Longworth and B. Johnston, roughcast house, Van Horne-street, \$1,500.

Alexander McKay, one pair semi-detached brick houses, Ossington-avenue, near Hepburn-street, \$5,000.

Mrs. S. Derrett, brick dwelling on Fern-street, near Hallam-street, \$2,500.

G. H. Webb, pair semi-detached houses, 48 and 50 Lynd-avenue, \$4,000.

Royal Bank, 6-story office building, 64-62 King east, \$200,000.

Joseph Greenwood, one pair semi-detached dwellings, 371 and 373 Brock-avenue, \$6,000.

W. Hiltz, pair semi-detached houses, 10 and 12 Hogarth-street, \$2,000.

W. H. Thompson, pair semi-detached houses, 113 Marlborough-avenue, \$2,000.

Toronto Carpet Co., one-story brick

- C. Humdahl, brick dwelling and garage, Admiral-road, \$5,000.
- James Glenville, brick dwelling, 31 Isabella-st., \$3,500.
- Grip, Limited, alteration to warehouse, 47 Temperance-street, \$3,000.
- Chat, Jolliffe, pair semi-detached brick houses, 175 Hazelock-st., \$6,000.
- J. Lancaster, pair veneered and roughcast houses, 188 Emerson-avenue, \$2,500.
- Scott and Strickland, pair semi-detached brick houses, St. Helena-avenue, \$2,500.
- W. J. C. McCrew and R. Armstrong, pair veneered and roughcast dwellings, 123 Simpson-avenue, \$3,000.
- Daniel Ryan, pair semi-detached brick houses, Ossington-avenue, \$3,500.
- T. P. Whittam & Son, veneered and roughcast dwelling, Booth-avenue, \$2,400.
- S. A. Weisler, two pair semi-detached brick dwellings, Marguerite-st., near Bloor, \$10,000.
- W. J. White, 3 attached brick dwellings, 166 Garden-avenue, \$7,000.
- Wilkins & Co., pair semi-detached brick dwellings, Dupont-st., near Spadina, \$5,000.
- N. J. Cannon, brick dwelling, 383 Marguerite-st., \$3,500.
- Allan W. Pike, brick dwelling, Hepburn-street, near Dovercourt, \$3,500.
- T. P. Whittam & Son, brick veneered front and roughcast house, 129 Sumach, \$2,000.
- Thomas B. Hughes, pair semi-detached brick houses, 273 Beatrice-st., \$6,000.
- Wilkins & Co., pair semi-detached brick houses, Dupont-st., near Spadina, \$10,000.
- H. G. Langley, brick dwelling, Markham-st., near Lennox, \$4,000.
- S. S. Hallman, pair semi-detached, veneered and roughcast, Westmoreland, near Van Horne-st., \$2,000.
- J. McGinnis, veneered and roughcast dwelling, Dupont-st., near Chester, \$1,750.

E. & J. Flanagan report the following real estate sales during the past week:

Seven brick houses in one block on Vivian-street, to M. Riman, for \$10,000; three-story brick store, No. 139 West Queen-street, to James Douglas, for \$11,200; three stores, Nos. 144-46-48 1-2 York-street, with frontage of 37 feet, to Joseph Donnerfeld, for \$95,000; brick house, 106 Claremont-street, to R. Raffaele, \$2,300; roughcast house, No. 12 Kensington-place, to L. Feldman, \$1,300; No. 14 Kensington-place, to E. Karpman, \$1,300; No. 30 Kensington-place, to J. Hackspek, No. 13 Lynd-avenue, new solid brick house, to W. K. Tompkins, at \$2,600.

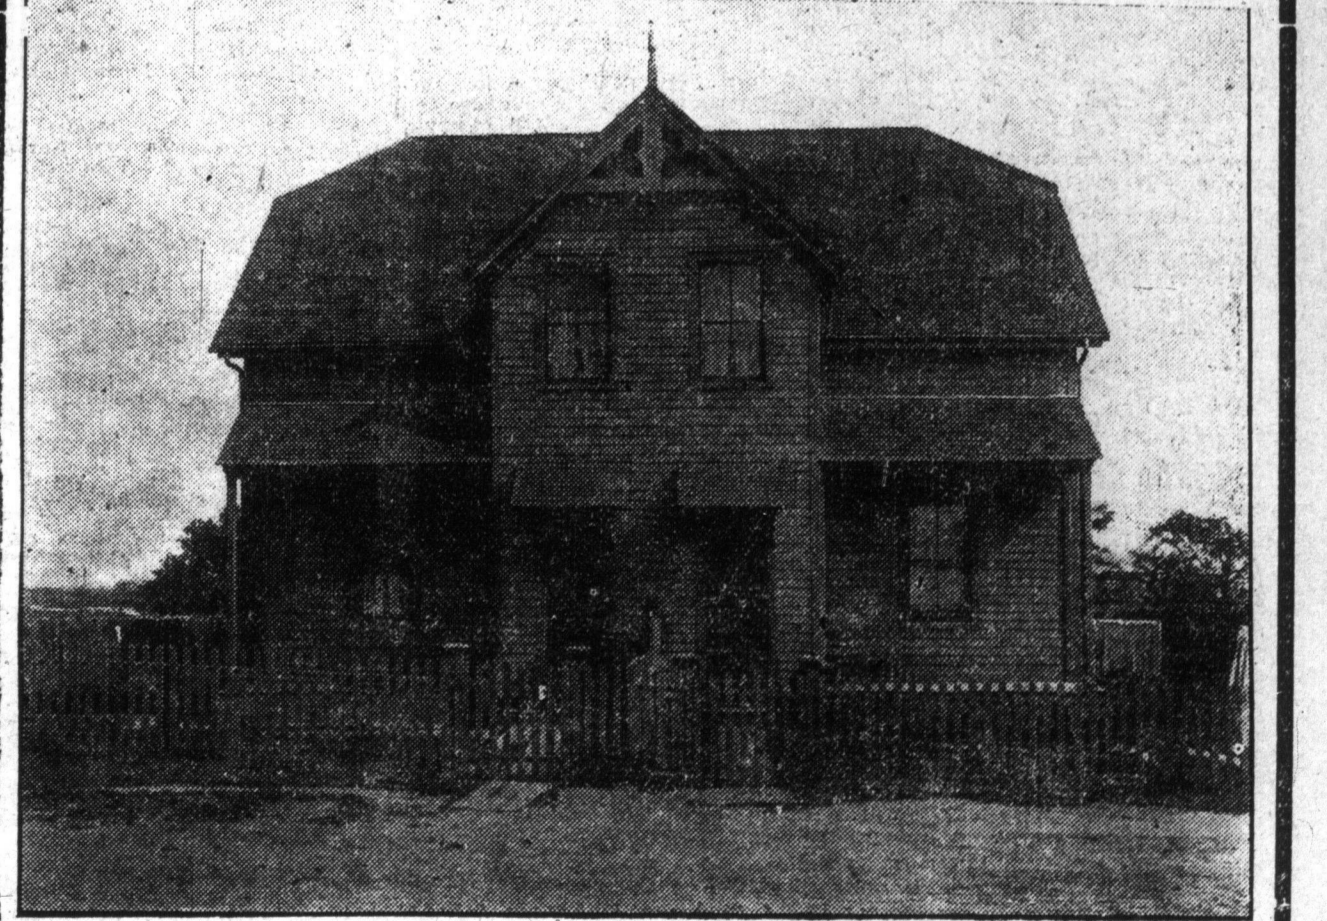

Changes Time Has Made In the City Districts

Toronto, with its steadily increasing population, is rapidly assuming metropolitan characteristics. Not only is this noticeable in the west and Rosedale in the east is now followed by the present desire of the ultra-fashionable and moneyed people to expansion over the hill. The old and more southerly section of the city is rapidly being transformed into factory and business houses, while what were once considered palatial residences, located near the Allan Gardens and the Queen's Park, are now boarding houses or so-called apartments or flats. Especially much for this section of the city, but while the land will retain its value the present generation will not live to see the transformation effected.

While this transition and evolution has been going on in Toronto's streets, a far greater transformation has been going on in the manner and methods of doing business. The advent of the departmental store, the telephone and rapid transit to outlying sections has widely revolutionized matters. Instead of the oldtime credit transactions are getting on a cash basis and it is only in a few of our retail houses and then only to well-known customers, that time is given. Even the wholesalers are getting on a cash basis and the tendency towards the adoption by both wholesalers and retailers of the American spot cash basis for business transactions is gradually being enforced. Disguise it how we may, our business life is now largely modeled upon the American plan, the old style English methods not being applicable to conditions that exist in a country as rapidly expanding as laid under tribute to the onward march of business. Bay and Victoria streets, south of Queen, have been transformed from residence to business, but York and Church are still in a transition state. Lombard-street, once a notorious street, has been completely revolutionized from a string of hovels to brick warehouses and factories. East Richmond to Church is changing, and West Richmond is a business section to York-street. Business is also reaching out along West Adelaide-street to the oldtimers. Business has already marked Spadina-avenue, north of Queen Patrick-street, with "The Ward" wedged between. Then in the 80's and 90's the smart set occurred and the section became the northern boundary. The opening up of the area next district in the west and Rosedale in the east is now followed by the present desire of the ultra-fashionable and moneyed people to expansion over the hill. The old and more southerly section of the city is rapidly being transformed into factory and business houses, while what were once considered palatial residences, located near the Allan Gardens and the Queen's Park, are now boarding houses or so-called apartments or flats. Especially much for this section of the city, but while the land will retain its value the present generation will not live to see the transformation effected.

ORGANIZATIONS ASKED TO HELP TORONTO GROW

Those Who Will Be Officially Invited to Express Opinions on Program.

A copy of the resolution of Aid. Church re the Greater Toronto, adopted by the city council, and the following suggestions of Aid. Church, handed in to the special committee, was ordered yesterday to be sent by Controller Harrison, the chairman of the special committee, to the following organizations and persons, who are asked to forward their opinions of the same within a week, together with any views or resolutions of their own. The list includes: The Trades and Labor Council, the board of trade, the Canadian Manufacturers' Association, the Association of Retail Merchants, the Guild of Civic Art, the Retail Merchants' Association, the Riverdale Business Men's Association, harbor commissioners, Toronto Improvement Association, Employers' Association, various ratepayers' associations, Industrial Exhibition Association, board of education, public library board, and the following municipalities: R. & O., Hamilton Steamboat Co., Turbina Steamship Co., Montreal and Lake Erie Navigation Co., Toronto Ferry Co., Canadian Ship Building Co., Polson Iron Works, C. I. T. Co., and J. T. Mathews and Harbor Master Postlewait.

WOODS' KIDNEY PILLS

FOR ALL KINDS OF KIDNEY DISEASE

NO CAUSE TO COMPLAIN.

Those Immigrants Were Not So Badly Treated After All.

W. W. Carter of Fesserton, Ont., called on The World yesterday morning and gave a different explanation of the treatment of nine families sent from Toronto to Fesserton on July 1 from that contained in a letter which appeared in The World of July 4 and was signed by E. A. Wryghte, George Lee, and Aid. Carter. Mr. Carter is one of the largest business men in Simcoe County, and his word among all who know him is considered as good as his bond. He says that these nine English families, numbering about 50 all told, arrived in Fesserton on the night of July 1 at 11.30, having left Toronto about 5 o'clock, the train being late. The agent in Toronto had sent a telegram to Mr. Carter, but the telegram did not reach him, because the telegraph offices within striking distance of Fesserton were closed on July 1, hence no one was at the station to meet these nine families, because no word had come to Mr. Carter or his foreman regarding their arrival. In spite of this, however, the foreman of Mr. Carter's mill, soon after the arrival of the train, met all the workmen and did everything in his power to make them comfortable for the night. The workmen's house was full, and so others were hunted up and the immigrants given blankets and made comfortable. Next morning they were taken care of by Mr. Carter, who saw that they were supplied with food, and other houses were hunted up and every effort made to accommodate them.

Perfect Manhood

Our "Restorine" CURES are The TEST.

Health of body, strength of mind, steadiness of nerves are the best and most precious gifts man can lay upon the altar of his conjugal love. Restorine operates on the nerves which control the sexual system, and infuse into it, power and vigor. No such thing as failure in life, is possible in perfect manhood; it is the lack of vital force, and the depletion of sexual energies that makes failure of men. Restorine awakens a man to a sense of restored vitality and power. Why be weak when you can so easily become strong? Profits are the test. Sworn testimonials sent to any one on receipt of name. Five-Day Trial Treatment sent absolutely free. Write To-Day. (11)

EVENING LECTURES.
Course at University Will be Opened by President Falconer.

The University of Toronto has arranged the following evening lectures in connection with the summer session. The lectures are to be held in the main building of the university at 8 p.m.

Monday, July 8—President Falconer will give a short address and Prof. Pelham Edgar will lecture on "English Poetry Since Tennyson."

Tuesday, July 16—Prof. F. E. Sykes of Columbia University will lecture on "Robert Louis Stevenson."

Monday, July 22—Prof. B. E. Fernow, dean of the faculty of forestry of the University of Toronto, will give an illustrated lecture on "The Battle of the Forest."

The public is invited to all of these lectures.

Tax Collector's Error.
KINGSTON, July 5.—The city solicitor has issued a writ against George Thompson, ex-tax collector, for \$235 shortages in his collections between 1900 and 1903. The city wants a judgment. Thompson, the honest enough, kept his books in a very loose way.

Rode in Street Cars; May Die.
SAN FRANCISCO, July 5.—With his skull fractured and face terribly beaten up, George McGuire, a local manager of Bradstreet's, was found in a dying condition early to-day at Jackson and Fillmore-streets. Three men assaulted him for riding on the "non-union" cars.

He's a Poet Laureate.
BOSTON, July 5.—Richard Braintree of Cairo, N.Y., to-day was awarded the poet laureateship and the essay laureateship by the National Amateur Press Association.

Llama at Zoo.
A white llama from South America has been added to Riverside Zoo.

WILL TRY BARTENDER.

Held in \$6000 Bail on Charge of Aggravated Assault.

HAILEYBURY, July 5.—Gardner Hunter, bartender, was arraigned before their Worshipships Cobbold and Driedger on a charge of aggravated assault.

Witnesses for the crown were sworn showing the seriousness of the assault committed.

The defence offered two character witnesses. The defendant is held for trial at North Bay and released on \$6000 bond.

LORD MAYOR A PATRON.
Sir Wm. Treloar Honors the Cornishmen's Association of Toronto.

Sir William Treloar, lord mayor of London, has become a patron of the local Cornishmen's Association, the following letter having yesterday been received from his secretary:

"The lord mayor is greatly obliged by your kind and friendly letter and will be happy to be a patron of the Cornishmen's association in Toronto, to which he wishes all success."

The association will hold its excursion to Barrie on July 20.

Summer Excursions.
The united Sunday schools of Shelburne and Harrison came in by C.P.R. special yesterday morning and took the Niagara Navigation Company's boat for Lewiston, going to the Falls by the Gorge route. About 1500 persons took part in the outing.

The Chippewa brought 400 Knights Templar from Lewiston yesterday afternoon. They connected with the R. & O. boat, which had been held half an hour, and went on to Saratoga, via Montreal, to attend their triennial convocation, which opens at Saratoga Springs on Monday.

Body Recovered.
The body of Thomas Gilbert of Montreal, who was drowned in the lake on Monday, was found yesterday by H. and W. Ramsden, who have been dragging for it.

New License Inspector.
P. J. Jennings has been appointed license inspector, filling the vacancy caused months ago by the resignation of M. J. Spencer.

Stand a bottle of Port Hope Ale on its head and no sediment clouds its clear perfection. That's how it really is good ale —this!

Made of Highland Spring water, rich Canada malt and Kentish hops—honest, old-time good ale, this.

Port Hope Pale Ale

Ripened ale, too—two't make you bilious. Women like it. It builds the body. Your dealer ought to have it in quarts and pints—be sure about the name. 101 THE PORT HOPE BREWING AND MALTING CO., Port Hope, Canada

Family trade supplied on receipt of telephone order to John Mathers, main 675, 132 King Street East; J. C. Mow, main 625, 435 Yonge Street; H. J. Shaw, main 1191, 208 Church Street; J. H. Simpson, main 1191, 208 Church Street; C. Squire, main 2687, 115 Elm Street.

WILSON'S INVALIDS' PORT

is prescribed by the leading physicians throughout the country in all cases of General Debility and Convalescence.

ALL DRUGGISTS.

DID MONTREALERS UP.

Fakir Had Scheme to Make Illicit Whiskey.

MONTREAL, July 6.—One of the slickest confidence men Montreal has ever had to deal with has just disappeared after cleaning up about \$15,000.

His scheme was the illicit manufacture of liquor, and almost every man he tackled said "Fine," and by thinking that there was a mint of money in it, but the old story—they were disappointed. There is not much danger of the fakir being prosecuted, because the ones whose money he got so badly mixed up in the conspiracy to make illicit liquor that they are afraid to act.

His proposal to each individual, supposed to be absolutely confidential, and only made to that person, was to become partners with him in making the illicit stuff.

He had all the plans arranged, he claimed, to make thousands of gallons a week. The manufacture of whiskey was to be carried on under the cloak of a Canadian wine factory. The whiskey was to be made from sour wine, which, experts say, furnishes a whiskey of sixty overproof.

In letting his accomplices have a look at the machine that was to turn out their thousand gallons of whiskey a week, which was to be sold for three thousand dollars, he told them that he would have a small, inexpensive still on the premises for the referees men to find in case they should be warned in some way or other of what was going on.

He had a subterranean chamber and passage dug in an old warehouse at the rear of the Dominion Button Works on Visitation-street, and there the thousand gallon still, which cost seven hundred dollars, he told them, saw it say it was a beauty, was installed.

That night while the arch-schemer was buying champagne for some of his victims, the big still was quietly taken apart and shipped away to no one knows where.

Later the gentleman himself also went away.

AGRICULTURAL JUDGES.

Gentlemen Who Will Act at the Canadian National Exhibition.

The judges chosen for the agricultural section at the Canadian National Exhibition are as follows:

Cattle—Shorthorns, A. T. Gordon, Scot. land; Herefords, R. J. Mackie, Oshawa; Guelph; grade and fat cattle, W. C. Pettit, Freeman, and Jesse Dunn, Toronto; Ayrshires, C. E. Graves, Matamoras; Jerseys, C. E. Cairns, Byron, Ont.; Holsteins, H. A. Moyer, Stratford, Ont.; grade, W. W. Ballantyne, Stratford, Ont.

Sheep—Cotswolds, T. Hardy Shore, Glanworth, Ont.; Leicesters, Robert Garbutt, Belleville, Ont.; Shropshires, and Oxford Down, yet to be appointed; Southdowns, J. C. Duncan, Lewiston, N.Y.; Dorset Horns, John Campbell, Woodville, Ont.; Lincolns, John Garthouse, Highfield, Ont.

Pigs—Berkshires, H. J. Lyon, Norval, Ont.; Yorkshires, R. J. Garbutt, Belleville, Tamworth, J. E. Nichol, Hubrey, Ont.; O. D. B., R. J. Garbutt; bacon hogs, yet to be appointed.

Archaeological industries—Field grains, H. Shaw, Toronto; small field grain, E. T. Crossland, Toronto; field roots, Prof. Zavitz, Guelph; honey, J. W. Sparling, Kewmarket, Ontario; plums, J. G. Mitchell, Clarksburg; peaches, J. L. Hillborn, Leamington; grapes, M. Pettit, Winona.

BALLPLAYER GOES INSANE.

Makes Safe Hit, Then Retires to Bench, Saying He Need Not Run.

TRENTON, N. J., July 6.—Quate Bateman, a Milwaukee baseball player, who recently signed with the Altoona (Penn.) team, became insane during a game here Monday.

After making a safe hit he retired to the bench, saying the hit was safe and that he need not run. He threatened violence, but was quieted, and finally consented to go to bed in a hotel.

During the night he escaped by means of a fire escape. Bateman was found to-night sitting on a doorstep in an outlying section of the city. He is being cared for by his friends on the Altoona team, and will probably be sent to a sanitarium.

Saved the Dog's Life.

David Foden was fined \$10, without costs, in the police court yesterday for maintaining a vicious dog, which had bitten the nine-year-old son of Mrs. Maria Haskett.

The magistrate first ordered that the dog be destroyed, but Foden would not hear of it and volunteered to pay \$100 sooner than destroy the dog.

A Fine Day for a Trip.

Those who intend taking advantage of the fine weather to spend their Saturday outings on the water will be interested in the fact that the steamers Macassa and Modjeska of the Hamilton Line will make five trips between Toronto and Hamilton to-day and every Wednesday and Saturday thereafter. The sailings are: Leaving Toronto, 12:30 a.m., 2:15 and 8:15 p.m.; leaving Hamilton, 7:45 and 10:45 a.m., 2:15 and 8:15 p.m. The company has a 50-cent fare in force, tickets being good on all trips.

The Toronto & York Radial Railway, in addition to the regular service, will run a special car to Jackson's Point Saturday afternoon, leaving North Toronto (C.P.R. crossing) at 2:00 o'clock.

FREE TO MEN

Until Robust Health, Strength and Vigor Is Regained.

Perfect Manhood. The man of nerves, good health, self-confidence and undaunted energy. The one who every walk of life, respected and esteemed by all. Such is the manly man of forty years. I have been making strong, vigorous men for the past twenty years. A man comes to me weak, nervous, despondent and discouraged; with Drains, Losses, Impotence, Varicocele, Rheumatism, Lame back, Kidney or Stomach Troubles. I give him my world-famed Dr. Sanden Electric Belt, with suspensory, absolutely free, to use for two months. Mind you, not one penny in advance or on deposit. A few nights use convinces him that he has found the right remedy. It fills him with new life, joy, vigor, and strength, and at the end of the time he is only too glad to pay me for the Belt and to recommend it to his friends.

This is the way I cure men. This is the way thousands every year regain their lost strength, without cost, the slightest risk to themselves, for I fall if I come to nothing what ever. You pay me only when cured, and in many cases the cost is only \$5.00; or, if you want to pay cash, full wholesale discount.

My great success has brought forth many imitations of my Belt, but my great knowledge, gained by forty years' experience, to guide and advise my patients, is mine alone, and is given freely with the Belt. Be sure you get the genuine. Call to-day and take a Belt along. Or send for one and my two books on Electricity and its medical uses, which I send free, sealed, by mail.

DR. A. B. SANDEN,
146 Yonge Street, Toronto, Ont.

Office hours, 9 to 6; Saturdays until 9 p.m.

DINEEN BUILDING, ENTRANCE 6 TEMERANCE STREET.

PICKET FINED FOR ASSAULT.

Slapped the Face of Employe of the Scale Works.

During some labor trouble at the Wilson Scale Works, Louis Boese and John Allen were posted as pickets to keep tab on actions of employes. John Rowland went down to work there, was accosted, and had an argument with the pickets. Boese slapped him. In the afternoon police court he pleaded guilty to a charge of assault, and was fined \$1 and costs. Allen was allowed to go.

DROWN IN ESCAPING FLAMES.

Three Men Victims of Forest Fire in Quebec Province.

QUEBEC, July 5.—A fierce forest fire is raging near Reed Station, 60 miles from here, and has caused the death of three men.

They were trying to escape from the fire and rushed into a lake and were drowned. Only one of the victims has been identified. He is an Englishman named W. T. Macdonald.

The meeting on the 17th will be confined to meat packers and transportation companies. Later there will be a general meeting of farmers, fruit, vegetables and fish and other articles affected by the act.

Rutherford, who is now busy organizing the inspection, hopes that there will be a very large attendance of parties interested in meat packing.

GIVEN UP THE GHOST.

Defence in Crockett Case Says the Crown Has Quit.

FREDERICTON, N.B., July 5.—Premier Robinson, acting attorney-general, when asked to-day what action the crown would take in the Emmerston case, at first said nothing and then said:

"He afterwards said, however: 'I think that the point of law appeals to me as one that is very important. It will be argued before the supreme court at its sitting in November next, so that the matter may be definitely settled.'

"At any rate," said a gentleman interested in the defence of the case when informed of the statement made by the acting attorney-general, "even if the law point is argued, that will be the last of it. The decision of the supreme court is obvious. It looks as if Mr. Robinson, like the rest of them, had given up the ghost, and I guess there will be no trouble in telling who 'the ghost' is."

British Journalists Coming to Canada.

A party of British journalists will leave England on the S.S. Virginian, sailing from Liverpool on July 19 for tour through Canada. The party will be composed of ten representatives of Newcastle, Glasgow, Dundee and Belfast. These journalists will be the guests of the Canadian government, and on arrival at Montreal the Grand Trunk Railway System has extended to them the courtesy of their line, and the party will travel through Eastern Canada over this great double-tracked system, including visits to Brockville, Kingston, Napanee, Toronto, Hamilton, Niagara Falls, a visit to the fruit farms in the Niagara Peninsula, Brantford, London and through the rich country between London and Windsor, returning over the line of the Grand Trunk from Sarnia to Toronto, stopping at Stratford, Berlin and Guelph, inspecting at the latter place the experimental farm, then proceeding through the "Highlands of Ontario," where they will spend one day in one of the charming districts of that region. They will then proceed to North Bay, en route to the Pacific Coast.

The tour is intended to give these gentlemen an opportunity of seeing for themselves the development of Canada, and to show them the valuable resources that Canada can boast of.

New Minister Without Portfolio.

FREDERICTON, July 5.—James Barnes, M.L.A. for Kent, was sworn in a member of the local government at noon to-day, without portfolio. An appointment has yet been made to the vacant portfolio of the attorney-general.

Barnes is a native of Ontario, and is 65 years of age, and has represented Kent since 1885.

He is a lumberman and railroad contractor.

An Honorary Degree.

CAMBRIDGE, Eng., July 5.—The honorary degree of doctor of laws was to-day conferred on Dr. Nicholas Murray Butler, president of Columbia University, New York, by Cambridge University.

DEATHS IN THE CITY.

Deaths registered at the city hall yesterday:

—Mary Hunter, 92 years, old age.

—Sadie Gilchrist, 24 years, pulmonary tuberculosis.

—Thompson, 1 day, imperfect development of heart.

—Pegler, premature birth.

—Eve Porter, 4 years, diabetes.

—Platus, 7 weeks, consumption of brain.

KEIR HARDIE WARNS.

Canadian Associated Press Cable, LONDON, July 5.—Keir Hardie, M.P., publishes a warning to colliers against invitations to emigrate to Nova Scotia. Mr. Hardie sails for Canada next Friday.

B. C. SURPLUS.

VANCOUVER, B.C., July 5.—Upon the deficits of previous governments British Columbia has piled up what, at the end of the year, will be a surplus of \$100,000, the greatest in the history of the province.

LORD MAYOR A PATRON.

Sir Wm. Treloar Honors the Cornishmen's Association of Toronto.

Sir William Treloar, lord mayor of London, has become a patron of the local Cornishmen's Association, the following letter having yesterday been received from his secretary:

"The lord mayor is greatly obliged by your kind and friendly letter and will be happy to be a patron of the Cornishmen's association in Toronto, to which he wishes all success."

The association will hold its excursion to Barrie on July 20.

Summer Excursions.

The united Sunday schools of Shelburne and Harrison came in by C.P.R. special yesterday morning and took the Niagara Navigation Company's boat for Lewiston, going to the Falls by the Gorge route. About 1500 persons took part in the outing.

The Chippewa brought 400 Knights Templar from Lewiston yesterday afternoon. They connected with the R. & O. boat, which had been held half an hour, and went on to Saratoga, via Montreal, to attend their triennial convocation, which opens at Saratoga Springs on Monday.

Body Recovered.

The body of Thomas Gilbert of Montreal, who was drowned in the lake on Monday, was found yesterday by H. and W. Ramsden, who have been dragging for it.

New License Inspector.

P. J. Jennings has been appointed license inspector, filling the vacancy caused months ago by the resignation of M. J. Spencer.

Tax Collector's Error.

KINGSTON, July 5.—The city solicitor has issued a writ against George Thompson, ex-tax collector, for \$235 shortages in his collections between 1900 and 1903. The city wants a judgment. Thompson, the honest enough, kept his books in a very loose way.

Rode in Street Cars; May Die.

SAN FRANCISCO, July 5.—With his skull fractured and face terribly beaten up, George McGuire, a local manager of Bradstreet's, was found in a dying condition early to-day at Jackson and Fillmore-streets. Three men assaulted him for riding on the "non-union" cars.

He's a Poet Laureate.

BOSTON, July 5.—Richard Braintree of Cairo, N.Y., to-day was awarded the poet laureateship and the essay laureateship by the National Amateur Press Association.

Llama at Zoo.

A white llama from South America has been added to Riverside Zoo.

A WONDERFUL DISCOVERY.

This is the age of research and experiment, when all nature, so to speak, is ransacked by the scientific for the comfort and happiness of man. Science has indeed made giant strides during the past century, and among these—no means least important—discoveries in medicine comes that of

THERAPION.

This preparation is unquestionably one of the most genuine and reliable of the medicines ever introduced, and has, we understand, been used in the Continental Hospitals by Ricord, Rogea, Jobert, Cazeau, Maitouret, the well-known Chassaignac, and indeed by all who are regarded as authorities in such matters, including the celebrated Lallemand and Roux, by whom it was some time ago used to cure a case of gonorrhoea, the attention of those who require such a remedy we think there is no doubt. From the time of Aristotle downwards, it has been agreed in the removal of these diseases has like the famed phlogophr's stone been the object of search of some hopeful and generous minds; and far beyond the mere pulverizing of such could ever have been discovered—of transmuting the base metals into gold is surely the discovery of a remedy so potent as to replenish the failing energies of the confined road in the ureters, and in the other so effectually, speedily and safely to expel from the system without the aid, or even the knowledge, of a second party, the poisons of acquired or inherited disease in all their potent forms, so to leave no stain or trace behind.

THE NEW FRENCH REMEDY THERAPION

which may certainly rank with it, if not take precedence of any of the discoveries of our day, which, with little ostentation and noise have been made, and the extensive and ever-increasing use to which it has been put, and the fact that wherever introduced appears to prove that it is destined to cast into oblivion all those remediable remedies that were formerly the sole reliance of medical men. Therapion may be obtained of the principal chemists throughout the world.—*Diamond-Well-Advertiser, Kimberley.*

HOFBRAU

Liquid Extract of Malt.

IMPORTANT TO INVESTORS.

POSITIVELY THE LAST DAY

On account of the continued results from the recent developments on the properties, and on the advice of our engineers, the shares of the LUCKY BOYS GOLD MINES, LIMITED, now selling at 6c per share, and the shares of the BLUE BELL GOLD MINES, LIMITED, now selling at 50c per share, will each be

ADVANCED TO \$1 PER SHARE AFTER SATURDAY, JULY 6

We wish to inform our clients and investors that present indications point to a further and rapid increase in the value of these shares. Work is being vigorously prosecuted on all the properties of the above Companies under the supervision of the most practical and capable mining men in the world.

The progress made on these properties has been remarkable, and the developments have enthused all the miners and prospectors in the Larder Lake District. We believe they are richest in the Larder Lake District.

We have been expecting this raise, and have been constantly advising our clients and investors that immediate action was necessary if they wished to secure these shares at the present prices.

At the close of business TO-DAY, JULY 6TH, LUCKY BOYS AND BLUE BELL SHARES WILL JUMP TO \$1.00 PER SHARE, and not a share can be had after that date for less than this price.

We have only a limited amount of shares of both BLUE BELL and LUCKY BOYS for disposal, and applications will be filed in the order that they are received.

York County and Suburbs

WEST YORK PIONEER HAS PASSED AWAY

Fraternal Feeling Among Richmond Hill Churches—Many County Fetes—Notes.

TORONTO JUNCTION, July 5.—The employees of the Dodge Manufacturing Company are making arrangements for their annual picnic to Lorne Park on Saturday, July 27. A first-class program of games and other sports will be one of the chief attractions.

The annual church service of Loyal Orange Lodges Nos. 602 and 800, and Wallace Black, Precinctory No. 673, will be held at Victoria Presbyterian Church on Sunday, July 7, at 3.30 p.m. The sermon will be preached by Rev. Dr. Pidgeon.

In police court this morning James McDowell was fined \$2, without costs, for driving over the sidewalk at South Keele-street.

In the case against the boys who broke into the C.P.R. freight cars, some of the evidence was taken up this morning, and the case was adjourned till Monday afternoon.

That against J. W. Heard, for keeping his house in Pelham-avenue in an unsanitary condition, was adjourned. Paddy Conners, who was arrested last Saturday for assaulting Mrs. Evans, proprietor of his boarding-house, was this morning fined \$2 and costs.

Rev. Dr. Pidgeon of the Victoria Presbyterian Church and Rev. Dr. Hazelwood of the Annet-street Methodist Church will exchange pulpits on Sunday evening next.

Nineteen letter boxes have been placed at different parts of the town during the past week, and two parcel boxes, one opposite the Daventry postoffice, and the other opposite Carlton P.O.

The remains of Thomas Gilbert, aged 81, who was drowned in Toronto Bay on Monday last, were brought to Speers' undertaking parlors to-day and shipped to Montreal this evening for interment.

A petition is being circulated, asking the mayor to proclaim July 24 as the town's Civic Holiday, as that is the day on which the merchants will hold their picnic to Berlin.

A meeting of the members of St. John's congregation was held to-night, at the parsonage, to arrange for a garden party next week, on the lawn of the old Keele homestead on South Keele-street.

On Glenora-avenue and cost the owner, Alex Bryce, \$11.00. On Sunday morning Rev. Mr. Leece, who is supplying Davisville Church, will preach in Eglinton Methodist Church, and the pastor, Rev. N. Wellwood, will conduct the evening service.

The local Orange Lodge will hold a church parade to the Davisville Methodist Church on Sunday morning. Rev. N. Wellwood of Eglinton will preach. George Cook of Davisville-avenue is on a fishing expedition to Sparrow Lake.

Peter McCall of Spokane, Wash., has arrived at his father's home. Keep your house free from insects by using insect powder, fly poison, poison pads, etc., at Twiddy's Drug Store, Yonge-street and Eglinton-avenue.

EASTBOURNE. Big Influx of Visitors—Lightning Burns Out Motors. **EASTBOURNE, July 5.**—Dr. and Mrs. Cecil Trotter and family have taken up their residence in their new cottage here for the summer.

Mr. and Mrs. Thomas Bradshaw and Mr. and Mrs. J. K. Pickett spent Thursday here. Mr. and Mrs. James Wood and family of North Sherbourne-street have taken the homestead apartment for the summer. They moved in on Wednesday.

Mr. and Mrs. George A. Kingston and family are moving into their new cottage this week. Mr. and Mrs. A. T. Smith and the Misses Smith were visitors at Eastbourne on Sunday last.

Mr. Millard of Sutton has completed his contract for laying out the new road connecting Eastbourne station on the York Radial with the waterfront, making the situation very convenient of access for summer residents at this attractive spot.

A very severe storm passed over the bay here during the week. The lightning burned out one of the motors in the power-house at Keswick, partially crippling the railway service for the afternoon.

A large number of the people from this neighborhood spent the holiday at Jackson's Point.

BALMY BEACH. Baptists Will Tender Pastor Reception—Park Under New Auspices. **BALMY BEACH, July 5.**—The Balmy Beach senior baseball team play Lyman Bros. & Co.'s team on the home grounds, at the head of Beech-avenue, to-morrow afternoon, at 3 o'clock sharp.

The candidates for the canoe race, which takes place on Toronto Bay on July 27, are practicing hard every night, and there will be no let-up until the "blue shield," the much-coveted trophy, becomes the property of the Beach Club. All members are urged to meet regularly.

The Balmy Beach Club officers, five in number, have officially taken over the charge of the park, and will be responsible to the park commission for its management. One of the first steps has been to reduce the fees for the use of the Assembly Hall to \$3 for residents and \$6 for outsiders.

The committee will give an entertainment every Friday evening during the year, and in every way will seek to render the clubhouse a most desirable institution. The membership already shows a gratifying increase.

A public reception will be tendered Rev. E. R. Fitch, B.A., B.Th., the incoming pastor of Kenilworth Baptist Church, on Monday evening, July 8, at 8 o'clock.

FAIRBANK. West York Pioneer Passes Away—Same Farm for 60 Years. **FAIRBANK, July 5.**—(Special.)—The death of James Anderson, one of the pioneers of West York, took place here to-day, at the advanced age of 84. Mr. Anderson came here from Ireland 63 years ago, and has resided continuously on the same farm, on the outskirts of the village, ever since. He was identified with the Methodist Church, and for many years was prominent in Orange circles. He is survived by a widow, four sons and six daughters. The sons are John, Thomas, George and James, all of whom are engaged in farming in West York.

WESTON. Big Milling Co. Looking for Site—Other Firms May Come. **WESTON, July 5.**—The Watts Milling Company is negotiating for a site on which to build a large flour and feed mill in this vicinity, the location desired being on the east side of the Weston-road, near the Grand Trunk Railway tracks. In addition to this, the company intend to build and operate a planing mill adjoining the flour mill.

The Evans Rotary Engine Company is also seeking a location for a plant in this neighborhood, on the west side of the Weston-road near the G.T.R. tracks. A meeting of the ex-pupils of the Weston High School was held last night. G. M. Lyons was elected president and J. R. Dennis secretary. It was decided to hold the fiftieth anniversary of the opening of the school on Aug. 29. Committees were appointed to make the necessary arrangements.

MIMICO. County Officers Are on the Alert for Evidence. **MIMICO, July 5.**—County Constables Burns and Simpson spent the day around the Grand Trunk yards at Mimico, securing evidence for the action against the G.T.R. for violation of the Lord's Day Act. The trial will be taken up and finished, if possible, on Tuesday next, before Police Magistrate Ellis at East Toronto.

HUMBER BAY. Architect Will at Once Prepare Plans for New Hotel. **HUMBER BAY, July 5.**—Charles Nurse, the late proprietor of Nurse's Hotel, which has been opened as a restaurant, by Mrs. V. P. Myers, is instructed an architect to prepare plans for an up-to-date road house, which will be built on the lot at the west side of the present hotel. On Tuesday last the outside effects of Nurse's Hotel were sold at auction, among which

FOR TO-DAY'S SELLING 50 TWO-PIECE SUITS At \$10 a Suit WE fit the man of moderate means with the correct, cool, light-weight TWO-PIECE SUITS, in the same style, character, tailoring and fit, as we show in our higher-priced clothing. was a 35-foot launch, worth about \$750, which was sold for \$186.

NEWMARKET. Conference Favors Newmarket as Site for New College. **NEWMARKET, July 5.**—Rev. Dr. Mills of Toronto will occupy the pulpit of the Friends' Church, morning and evening.

Fred Underhill, W. C. Widdifield, J. D. McKay and Major Allan spent Wednesday afternoon fishing at the trout preserve at Pine Orchard. The ones that got away are reported as being exceptionally large.

Newmarket Presbyterian Church will hold their annual picnic at Morison's Grove on Tuesday, July 9. Ca. leave Newmarket at 11 a.m.

The yearly meeting of the Friends' Church, which closed here during the week, was practically unanimous in support of Newmarket as the site on which to rebuild the college lately destroyed at Pickering. While a large sum has been secured, some \$20,000 is still required, and no step will be taken until this amount is assured.

The amount of customs duties collected at Newmarket and Aurora in 1906 shows an increase over the year preceding of \$4834.44. The figures are: 1905, \$14,355.34; 1906, \$19,190.22.

At the last meeting of the town council the Toronto and York Railway was ordered to take up their discarded line on Main-street at once. The Christian Church will hold a grove meeting in William Ramsden's grove on the 6th concession of King on Sunday. There will be three services, morning, afternoon and evening.

ON THE KINGSTON ROAD. Motoring on the Kingston-road, even for casual drivers, is not a joy and delight in the neighborhood of East

Auto Accidents are unpleasantly numerous. In many cases they can be traced to the licensed bar-rooms, with their sloppy beer and bad whiskey. Local option will clean out the bestial bar-rooms and safeguard body and soul. There are thirteen unlucky, crime-breeding bars in York Township. To protect life we must have Local Option

Toronto and the Woodbine which it is further east. The whole state of the road on this stretch is due to the heavy traffic from gravel and sandpits in the locality, nearly altogether in the interests of city contractors. A mile of the road is in York Township and the rest in East Toronto.

The stretch that East Toronto is not in the county for county road purposes, and is therefore responsible for the state of the pavement, and the road is of course quite outside the jurisdiction of the provincial government.

While the situation presents another argument for annexation of the city through the near-by gravel and sandpits, the matter stands for the citizens being chiefly responsible for the wear and tear, and the citizens are being the sufferers from the road, being the outflowing from the matter along highway, nothing but moral suasion can be brought to bear upon the responsible parties.

To the west, the Lake Shore-road presents a similar but contrasting condition. This road is in very poor shape, but the manufacturers and people living out that way got together and subscribed \$2500, and the Etobicoke Council agreed to give \$2 for every \$1 collected for the road improvement. With this result they are going to apply to the provincial government to supplement the amount. A special report for extending assistance has been discovered in the fact that the road leads to the provincial institution at Mimico and it is hoped that one-third of the sum raised may be obtained in addition from the government on this account.

Should any special piece be discovered and the contractors and builders and others interested in the east raise a fund for the improvement of the Kingston-road, the government might be approached for assistance, but as the matter stands they have no authority.

Should the town and county fail to respond to the public need only private enterprise can be relied upon to better the road, unless annexation be resorted to.

EAST TORONTO. East End is Making Great Progress—Will Extend Gerrard Street. **EAST TORONTO, July 5.**—At the council meeting on Monday night, it is said that strong opposition will develop regarding the proposal to allow the Toronto Electric Light Company to string wire thru the town to the residence of D. D. Mann, outside the limits. A majority of the council have, however, expressed their approval of the action of Mayor Ross and councilor Berry, chairman of the fire and light committee, in the matter.

The making of the most substantial progress in the line of building. On every hand the greatest activity prevails. In the Kew and Balmy Beach districts, along some seventy-five new houses and stores are under construction.

The vital statistics of the town for the month of June were: Births, 9; marriages, 2, and deaths, 5. The fine fire arm bank of Coronation L.O.L., No. 215, are practicing hard for their trip to Barrie, on July 12, in company with the local brethren. John Hartnett has the contract for grading Gerrard-street, easterly from Greenwood-avenue, and is vigorously prosecuting the work. The Salvation Army barracks, on Gerrard-street, will be formally dedi-

ated on Sunday. A number of services will be held. St. Saviour's Willing Workers met in the vestry yesterday. Rev. Mr. Ratcliffe will, on its completion, occupy the new house being erected by Mrs. Trench. McMillan & Co. of this town are just completing the building of a cement bridge having two spans of 80 feet, and two of 40 feet each.

RICHMOND HILL. Village Property Sold—Re-Opening Services on Sunday. **RICHMOND HILL, July 5.**—Principal R. Shaw is presiding at the departmental examinations at Aurora. Rev. Mr. Anderson will leave on July 11 for a trip to the cold country.

Mr. Reeve and Mrs. Savage are visiting in Cleveland. Miss French is the representative of the local church at the missionary convention now in progress in Whitby. "Dufferin Grove," the property owned by James Faulin and comprising some 40 acres, lying west of the C.N.O. track, has been sold. In view of the re-opening services in the Methodist Church on Sunday, no service will be held in the Presbyterian Church during the day.

A full and hearty support will go down to the Centre York nomination in the city to-morrow. Rev. E. Harold Toye, lately appointed to the Methodist Church in this place, has taken up his residence here.

GERMAN MILLS. Historic Old Hamlet Has Most Successful Picnic. **GERMAN MILLS, July 5.**—(Special.)—The picnic held on the grounds of the German Mills Public School, a few days ago was, notwithstanding unfavorable weather, a great success. The grounds were gallantly decorated with flags and bunting.

A feature of the picnic was the football match between the German Mills and Newtonbrook teams, resulting in a victory for the German Mills players. After tea had been served a fine program of sports was given off.

Howard and Miss Laura Cherry were in charge of an ice cream and candy booth, which did a thriving business. The business is a lucrative one, and was an excellent summer business in men's and women's ready-made clothing. The demand for these lines is a good one. Sugars and teas hold firm. Advances in the price of the latter have led the Dominion Government to regulations against adulterated tea. All teas consigned for consumption must be tested by the customs before being released. There has recently been considerable increase in the export trade in both lines. Exports of cheese so far this season are still 100,000 boxes less than last year. Collections are generally fair to good.

Toronto trade reports say: There is now a little complaint regarding the way in which general business is moving here. Wholesale houses report a satisfactory movement in their lines. The dry goods trade is fairly brisk. An excellent demand is reported for all summer lines. The eastern trade is reported particularly good, following improvement in the fishery industries. The grocery trade is showing a good tone. Sugars and teas hold firm. Advances in the price of the latter have led the Dominion Government to regulations against adulterated tea. All teas consigned for consumption must be tested by the customs before being released. There has recently been considerable increase in the export trade in both lines. Exports of cheese so far this season are still 100,000 boxes less than last year. Collections are generally fair to good.

BRADSTREET'S TRADE REVIEW. Montreal trade reports to Bradstreet's say: The dry goods trade now reports a revival and all lines are moving briskly. Values generally are firm. The Canadian Colored Cotton Mills have issued new lines of goods, which are a lucrative and growing one. All health the reason for selling. John Strader, Davisville.

Contents and good-will of the large boarding-house, formerly the Davisville Hotel. The business is a lucrative and growing one. All health the reason for selling. John Strader, Davisville.
